LIBERTY LOAN RECORDS ARE BROKEN ON NUMBER OF SUBSCRIPTIONS MADE

By Associated Press. Washington, May 1.—All records of subscribers to Liberty Bonds, he highest to a \$25 bond on the installment plan, in accordance with the standard suggestion of the "Buy another" solicitors. Since this is sounded particularly by four minute speakers at the theaters, the president said he would make this suggestion formally some evening this week when he attends a theater. He added that he hopes a million more Americans would "buy another bond."

GERMAN AIRPLANE IS BROUGHT DOWN BY U. S. BIRD

By Associated Press. Washington, May 1.—Secretary Baker will appear before the house military committee tomorrow morning to present the administration program, or increasing the army to meet the German drive. The exact form of his recommendation is not known, but there are indications that he will not confine himself to specific figures, asking for blanket authority to raise the troops if it is found possible to do so, to equip and ship to France. The whole question of equipment and transportation was gone over again at the war department today by the war council. It is known that war department officials, through the survey of ships and supplies recently completed, are convinced that it will be possible to handle at least 3,000,000 men this year and that number could be considerably increased by straining the resources. Baker will indicate to the committee tomorrow that an additional million men will be mobilized. The bulk of the additional force would be organized as fighting units, it is assumed, as the forces already assembled have provided the major part of the non-combatant troops necessary for a largely increased army. There is nothing to indicate that the war department sees at this time any necessity for extending the draft. There is every reason to believe that there are enough men in class 1 of the draft, rated as fighting material, to fill any demand that possibly may be made upon the selective service for a year or more, in addition, the extension of the draft to men who have reached the minimum age since the war was passed will add another three quarters of a million to the list of available men. None of the officials present at today's meeting, however, what figures have been discussed. It is known, however, that Chairman Hurley was asked for estimates of the maximum shipping that could be obtained from the United States to accelerate troop movements.

CADET FLYER KILLED AT SCHOOL

By Associated Press. Dayton, Ohio, May 1.—A cadet flyer at the Willoughby field, near Dayton, Ohio, was killed when his airplane crashed into one of the buildings on the grounds of the school today.

Killed Man in American Plane Promptly

By Associated Press. Honolulu, T. P., May 1.—After deliberating six days, the court today sentenced to death by court martial in France, for violation of the articles of war, two of the men, who were sentenced for sleeping at their posts and the others for disobedience of drill orders. It has been strongly urged that clemency be shown the soldiers.

Germans Stunned By Allied Blows

BETWEEN THE DEVIL AND THE DEEP SEA

—N. Y. Herald

Holding Kimmel Hill Has Proven of Small Advantage to Enemy

Allied Commanders Are Apparently Content To Sit Still and Let Germans Gather For Further Exhausting Attacks.

By Associated Press. With the British Army in Flanders, May 1.—General Von Arnim made no further move along the Flanders battle front last night nor had an attack been expected. The heavy defeat which the Germans suffered Monday forced them to pause and bring up fresh troops before continuing their drive for the hill positions in the Kimmel region. The seriousness of the German intentions has been evinced in numerous ways. On Monday they pushed at least one field gun forward to within seven hundred yards of the battle line and other guns were brought close up.

POPE BENEDICT PLANS TO MAKE PEACE PROPOSAL

By Associated Press. The Hague, May 1.—(British Admiralty Per Wireless Press.)—Pope Benedict intends to issue a new peace offer on Whitsunday (May 19), Cologne newspaper announce. The document, it is said will be of more pressing nature than formerly and will contain concrete offers of mediation by the pope with the possible cooperation of neutral sovereigns. This is not the first report emanating from Germany recently that the Pope is about to make another peace move. The Deutsche Nachrichten of Munich, Bavaria, according to a London dispatch of April 23, said that the pope would make a peace offer as soon as the western offensive had assumed a new phase. The Bavarian newspaper declared the move would take the form of "a word of warning addressed to the universal conscience of mankind."

ORDER IN COUNCIL PUTS OFF DAY FOR ENFORCING DRAFT LAW IN IRELAND

By Associated Press. London, May 1.—An order in council has been issued further postponing the operation of the national service act or conscription as respects Ireland beyond May 1 to which it had been postponed previously. Some of the morning newspapers say the postponement is due to the government's wish to introduce a home rule bill to see what measure of success it gets before proceeding to enforce conscription in Ireland which it is said in some quarters is not likely to be attempted in the next few weeks. Opinion in the lobby of parliament is that a home rule bill will be presented in the house of commons next week but the difficulties of drafting it have not been overcome entirely.

TELEGRAPHERS NOT TO BE DISCHARGED RESULT UNIONISM

By Associated Press. Washington, May 1.—The Western Union and Postal Telegraph companies were asked today by the national war labor board not to discharge any employees on account of membership in telegrapher's union, pending a decision by the board on complaints that employees were being discharged because they were members of unions and attended organization meetings. The request was made in letters to Newcomb Carlton, president of the Western Union and Vice-President Reynolds of the Postal who were asked to come here to meet with the board to discuss the controversy. S. J. Kenekamp, president of the Commercial Telegraphers Union, told the labor board today that his hundred telegraphers had been discharged since Sunday. The situation is particularly critical on the Pacific coast, he said, where the service is badly crippled. In Seattle, he said, 206 telegraphers have been discharged.

RELIEF IS EXPRESSED BY WASHINGTON OFFICIALS

By Associated Press. Washington, May 1.—Though fully anticipated, the announcement from London of the postponement of the application of the conscription act to Ireland, was received with great relief by officials here. Grave concern had been felt over the situation and there have been indications that the Washington administration has let Premier Lloyd George know that in its judgment the application of the Irish conscription act should follow and not precede the passage of the home rule act. With the home bill once enacted, giving Ireland a measure of independence fairly comparable with that enjoyed by Canada and Australia, officials here are convinced the Irish in America not only will urge their kinsmen in Ireland to submit to conscription as they themselves have done in America, but it suggests that the exception of those from Virginia who will be called May 23, they will receive training as auto mechanics and chauffeurs, machinists, blacksmiths, sheet metal workers, general mechanics, carpenters, electricians, radio operators, concrete work and telegraphers. They will be assigned until after the completion of their course.

ANOTHER CALL IS ISSUED FOR MEN; REPORT MAY 16TH

By Associated Press. Washington, May 1.—A call for 8,385 additional draft men was issued today by the provost marshal general. They are to be sent to 22 institutions scattered throughout the country for a two months course of training in various technical studies. The men will be mobilized May 16 with the exception of those from Virginia who will be called May 23. They will receive training as auto mechanics and chauffeurs, machinists, blacksmiths, sheet metal workers, general mechanics, carpenters, electricians, radio operators, concrete work and telegraphers. They will be assigned until after the completion of their course.

ORAL ARGUMENTS AS TO ZONE LAW HEARD AT AUSTIN

By Associated Press. Austin, Texas, May 1.—Oral arguments in the habeas corpus suit of G. H. Hollingsworth, of Fort Worth, charged with violating the ten mile zone law, which attacks the constitutionality of the law, were heard in the court of criminal appeals today. Hollingsworth previously was granted \$2,000 bail by the court. Attorney William McLean of Fort Worth, in opening the argument, attacked the law emphasizing that it conflicted with section 20, article 16, providing for local option elections. Attorney Leonard M. Levy, Fort Worth, also representing Hollingsworth, emphasized the fact that action by congress covered law provisions.

SOLDIER IS ARRESTED CHARGED WITH MURDER

By Associated Press. Fort Worth, May 1.—Sheriff Allen of Hayes county, arrived here today with a warrant charging murder. For Bryan P. Jones, soldier, who is accused of murdering a fellow soldier Ray Jones at Fort Worth, at Dripping Springs, a week ago today, was arrested.

PROFIT IN RAW WOOL FIXED BY GOVERNMENT

By Associated Press. Washington, May 1.—The government will allow dealers in raw wool a commission of three per cent for ungraded wool and 2 1/2 per cent for graded wool. This was made known by the war industries board today when it officially announced its action of last week.

By Associated Press. London, May 1.—(via Ottawa) Twenty-five thousand Belgians are reported to have joined the German army.

Four Soldiers Are Under Death Edict; Wilson Will Decide

By Associated Press. Washington, May 1.—There were indications today that President Wilson would make an early decision in the case of the four American soldiers, sentenced to death by court martial in France, for violation of the articles of war. Two of the men, who were sentenced for sleeping at their posts and the others for disobedience of drill orders. It has been strongly urged that clemency be shown the soldiers.

Spanell Case Will Be Heard Today By Appellate Court

By Associated Press. Austin, Texas, May 1.—Oral argument on a motion for rehearing in the case of Harry J. Spanell is scheduled for hearing in the court of criminal appeals this afternoon. The court recently reversed the Coleman county court in which Spanell was found guilty of murder of lieutenant Colonel Butler, U. S. A. and sentenced to five years in the penitentiary.

SPRECKLES FORBIDDEN BY POLICE OF YONKERS FROM ENTERING PLANT

By Associated Press. Yonkers, N. Y., May 1.—Walter Spreckles of this city, nephew of Claus Spreckles, has been forbidden by the police to enter the sugar factory of which he has been general manager for sixteen years. The plant, that of the Federal Sugar Refining Company is on the Yonkers water front in the enemy alien barred zone. Although he has lived in the United States for more than thirty years Spreckles has not taken out naturalization papers according to the police. He was born in Germany.

Thos. J. Mooney, of San Antonio, Is Now Reported Killed

By Associated Press. San Antonio, Tex., May 1.—A cablegram was received in San Antonio today that Lieutenant Thomas J. Mooney of San Antonio had been killed in an airplane accident in England, Monday, April 22. The cable was sent to Major Frank Gallagher, in San Antonio, who is stationed in aviation headquarters in France. The name of Lieutenant Thomas J. Mooney was carried in the casualty list last Saturday but Monday's dispatches stated this was an error. Lieutenant Mooney was a prominent young business man of San Antonio and his friends here are greatly upset over the conflicting reports and their inability to secure reliable information.

PRINCE SIXTUS SEEKING PEACE WITH ITALIANS?

THIS IS CONSTRUCTION PLACED ON VISIT OF PRINCE SIXTUS TO ALFONSO.

By Associated Press. London, May 1.—Prince Sixtus of Bourbon-Parma, to whom the famous letter written by Emperor Charles offering peace to France was addressed, the Times says, visited King Alfonso of Spain on Monday, according to the Madrid Sol. He was accompanied by his brother, Prince Xavier, and the Spanish newspaper understands that he is going to King Alfonso's explanations on the subject of his correspondence with his Hapsburg relatives. (His sister Zita is Empress of Austria-Hungary.) The prince, it is added, and the fact may be of significance declares the Times, left the Spanish capital for the Belgian front. Simultaneously a report reached St. Kholm that Emperor Charles was making a fresh peace attempt and that he was appealing to Italy to consider it in her own interests. All that can be said about these rumors, the Times adds, is that they are not entirely incredible. The dual monarchy and its ruler are unquestionably in a high critical position, the newspaper continues, and it may well be that the youthful emperor is trying to tempt Italy, possibly also Belgium, as he tried to tempt France. The result of any such efforts, would of course, it is added be the same. They would interest the Allies only as fresh indications that the emperor is conscious of the dangers which menaced him and is seeking for a way of escape. The Times continues: "Have the Hapsburgs the wisdom and courage to face the facts?"

Lloyd-George Says Irish Draft Will Be Acted On Soon

By Associated Press. London, May 1.—Members of the labor deputies who walked upon the premier in the house of commons Monday in regard to Irish conscription, admit, says the Daily Telegraph, that Mr. Lloyd George spoke frankly and firmly and listened patiently to the statement prepared by Arthur Henderson upon representations made by a deputation of Irish trades unionists and to a lengthy explanation of J. P. Thomas, M. P. for Derby, who has been in Ireland on business of the railway men's association. Premier Lloyd George promised that the cabinet would decide fully the representations of the laborists but he held out no hope so far as he was concerned personally for any change in the policy of the government. In speech the premier insisted that equal rights of citizenship involved equality of duty and responsibility and that Ireland did not refuse the gift of old age pensions from an English parliament. Many laborites who oppose conscription in Ireland do so not from principle but because they believe it is not wise in existing circumstances.

Official Reports Will Be Tendered At Connection Today

By Associated Press. Hot Springs, Ark., May 1.—The official reports of the president, Mrs. Josiah Evans Cowles, and of the other officers and committees will be made at today's session of the fourteenth biennial convention of the General Federation of Women's Clubs in session here. The convention which lasts nine days opened last night and was featured by an address by Governor C. H. Brough of Arkansas, who administered the oath of allegiance to the club women of America. Patriotism is the keynote of the meeting which can properly be termed a war service convention. Prominent persons of national reputation are on the program.

Large Number Of Men Will Attend School Of Army At A. and M.

By Associated Press. College Station, Tex., May 1.—Six hundred and fifty additional men have been detailed to the government school at the Texas Agricultural and Mechanical College it was announced today. They will arrive within a few days. Of the new increment, 275 will enter the signal corps service school for radio mechanics and 340 will enter the school for motor mechanics, blacksmiths and machinists. New buildings are being erected to afford additional space for the instruction of the men. With the arrival of these additional men the Texas Agricultural and Mechanical College will rank as the second largest school for radio mechanics in the country.

PRUSSIAN REFORM BILL IS BEING ROUNDLY OPOSED

By Associated Press. Amsterdam, May 1.—In the discussion of the Prussian reform bill in the Prussian lower house Tuesday, Herr von Heydebrand, conservative, declared that if equal suffrage as the government proposed, was introduced the character of the lower house would be changed and it would not be possible to longer maintain the Prussian state as it is. The unrest among the people ought not to last much longer and an agreement was quite possible, said Herr Friedberg, president of the Prussian ministry.

As one of the negroes of the band remarked:—"Dat ain't put on; dat's his nat'ral gait."

VENDERS OF DOPE AT CAMP IN WACO ARE NOW ARRESTED

By Associated Press. Waco, Tex., May 1.—The military police department at Camp MacArthur have uncovered what appears to have been an extensive organization of dope vendors operating at the camp and a number of arrests yesterday and last night followed some brilliant detective work. One of the special officers disguised as a jitney driver caught the first man and four others were arrested soon after. Two soldiers were also arrested for aiding in the distribution of cocaine, morphine and Indian hemp. Developments indicate that similar offenders were expected to be at work in other camps and that they get their supplies from a certain point in Mexico.

R. J. Garrett, Famed As Indian Fighter, Passes Away In Waco

The Waco Times-Herald reports the death at Waco Monday of R. J. Garrett, one of Texas' famed Indian fighters who took part in the capture of Cynthia Ann Parker. Mr. Garrett died in a sanitarium at Waco. His home was at Marlin. He had been in ill health for some time. In part the Times-Herald sketch says: Born in Anderson county, Mr. Garrett was a native Texan. He had been a resident of Falls county for the last 55 years, coming to that county when he was 12 years old. He was with Sgt. Ross' band of Texas rangers when they were ordered to go out on the frontier and capture the Comanches, and he was an active participant in the fight on the Pease river in 1858 30 miles west of Wichita Falls, when Cynthia Ann Parker, mother of Quanah Parker, was taken prisoner. Mr. Garrett had a vivid recollection of that thrilling event, and could recall the most interesting incidents in connection therewith with remarkable clearness. He fought Indians in this section of the state, and could recall when Waco was merely one vast grazing ground, at a time when white people were few and far between. He was a Confederate veteran. "The major portion of Mr. Garrett's life was devoted to cattle raising, he being one of the pioneers in this industry in Texas. At the time of his death he was a retired banker, farmer and cattle dealer. He was president of the First National bank of Kosse when he died, and was a stockholder in a number of other banks."

ANOTHER EARTH TREMOR FELT IN CALIFORNIA

By Associated Press. Los Angeles, Calif., May 1.—A single earth tremor felt throughout the Imperial Valley in southern California and western Arizona at 9:32 p. m. last night caused only slight damage at various points which had reported to today. "The shock appeared to have been most severe at El Centro which is across the San Jacinto mountain range from San Jacinto and Hemet."

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets. These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lazy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

BREAD GOES UP SLIGHTLY HERE, IS STATEMENT

HIGHER COST OF FLOUR NECESSITATES RAISE UPON RETAIL OUTPUT.

A slight raise in bread prices in the near future was forecast at the meeting of the Price Suggestion Committee, held Tuesday afternoon at the Chamber of Commerce office, when T. B. Smock, county food administrator, made a report on the Houston convention of county and district food administrators for Texas. The higher prices on flour and substitutes is responsible for this, according to Mr. Smock, who discussed the situation with Mr. Stude of Houston, the president of the National Bakers Association, and while no change has been announced as yet it is evident that the size of the loaf must be decreased or the price raised slightly. Mr. Stude's figures showed, Mr. Smock stated, that it was costing him 7.8 cents to make a 16 ounce loaf of bread in his modern bakery, which has an output of 100,000 loaves a day, and that it was impossible for a baker who has less modern equipment and a smaller output to clear expenses on the present prices of bread. Others matters brought up at the meeting Tuesday afternoon included the absolute ban put on wheat flour for any other purpose than human consumption. Paper hangers and bill posters are to be notified that they can not use wheat flour for making paste under any conditions. F. W. Gates, wholesale representative on the committee, stated that there is a carload of old potatoes of the very best quality now in town and the committee urges that housekeepers take advantage of this cheap and healthful substitute.

Another Offensive Against Italy Is Being Hinted At

By Associated Press. London, May 1.—It is worthy of note in connection with the official statement from Austro-Hungarian headquarters Tuesday reporting increased activity on the Italian front that German papers recently have been referring to a supposed impending revival of the Austrian offensive against Italy on a grand scale. The comments have read at times as if they were intended to exert pressure on Austria-Hungary to begin an attack for which the Germans are eager as a division on the extreme flank of the Entente front.

MANY WOMEN ARE BEING EMPLOYED BY RAILROAD NOW

(Denison Herald.)
That many women will soon be employed in railroad work is the opinion of local railroad officials. Already the Katy has a number of women working near the tie plant, where they load and unload lumber and other material. A shortage of telegraph operators is now experienced by the railroads, and daily the shortage is growing more severe as the men are being called into service. Many telegraphers are volunteering to join the signal corps, who are over the draft age, while many in the draft age are called. The Katy has a telegraph school for teaching young ladies the art of signaling the lightning and many graduates have been turned out who find work waiting for them immediately. That many women are now being used in railroad work is shown by reports recently made over the United States and foreign countries. The Pennsylvania railroad now has in its service 6513 women, an increase of more than 5000 since May 1, 1917. The number of females in each of several occupations is given as follows: Clerks and stenographers, 3351; telephone operators, 778; track laborers, 233; messengers and assistant messengers, 192; typists 121; machine hands, 29; drafts-women, 20; mechanics' helpers, 4; painters, 4; hammer operators, 5; turntable operators, 2; power operators (electrical) 7; coal inspectors, 1; Total, 5009. The number of women now employed on prominent English roads is given as follows: London and North-western, 8292; Great Western, 6174; Midland, 9000; North-western, 8520; Great Central, 3200; Glasgow & South-western, 1200. The Midland has increased its forces 2700 since last July. Over 1000 of the women of the North-eastern are employed in the shops, making shells.

Military Railways Inductions Will Be Stopped For Present

H. W. Lewis, State Director of the United States Public Service Reserve, for the state of Texas, with headquarters in Smithville, Texas, announces that he has been advised by the War Service Exchange to stop all inductions for the division of Military Railways because the quick response to the call by the men of Texas since the first days for receiving applications for this service, April 3, has filled the divisions will necessarily not be considered in the present division being formed, but these applications will be given consideration as to whether they are needed or should there be any deficiency from the present inductions. New calls for men in other branches of service will no doubt be received within a short time and many of the applicants who have applied for enlistment in the Railways Military Division will qualify and no doubt can be used in the branches of service to be formed.

Joe E. Ward Ordered To Training Camp For Army Officers

Joe E. Ward, son of Mr. and Mrs. J. C. Ward of this city, who has been an instructor at the School of Mechanical Aeronautics at Austin, Texas, since the school was first established, has been removed from the aviation section and has been assigned to the war department to receive special training in the engineer officers reserve corps at Camp Lee, Va., the next to the largest training camp in the United States. Mr. Ward is expected to have a short visit home before reporting at Richmond but his parents this morning received a wire stating that he had to leave Austin last night for Richmond, via New Orleans, his orders being changed, consequently it will be six months before he will have a leave to visit Wichita Falls.

GILBERT'S SENTENCE AFFIRMED BY COURT

By Associated Press.
Austin, Texas, May 1.—In the case of Frank Gilbert from Liberty county given the death penalty on conviction of murder, the court of criminal appeals today over ruled a motion to set aside the appeal. The court previously dismissed the appeal because Gilbert had escaped from jail. He was subsequently captured and asked to have his appeal reinstated. The court today affirmed the case of B. B. Thomas, from Kimball county, who was given two years in the penitentiary on conviction of the theft of twenty-head of goats.

ATTACKS ARE BEING MADE TO ROB PEOPLE OF CLOTHING.

London, April 15.—(Correspondence of The Associated Press.)—So acute is the scarcity of clothing in Germany that men and women are being attacked daily by ruffians in the streets of Berlin and stripped of their garments, according to German newspaper received here. It is said that one insurance office alone in Berlin is notified of more than 300 thefts daily. Threats for mending clothing is said to be virtually unobtainable. Commenting on the thread situation in Germany the newspapers admit that prospect of speedy relief from the Ukraine has been dissolved.

PROHIBITION IN ENGLAND BELIEVED BEST STEP.

From Reciprocal News Service: London, Feb. 28.—Arthur Henderson, leader of the Labor Party, denies that the working classes would rebel against prohibition. Those who said so ought to have the courage to test the opinion of the working classes on sound democratic lines, he said. He believed that had the proposal been made in the first three months of the war it would have been almost unanimously accepted. If we could have whole prohibition during the whole period of war it might have had a wonderful influence in bringing about the shortening of hostilities.

Scalloped Potatoes. Wash, pare and slice potatoes into cold water. In greased dish place a layer of these potatoes, sprinkle with salt, dot over with one half tablespoon fat. Repeat this until the baking dish is nearly filled, then add hot milk and it may be seen through the top layer. Bake one and a quarter hours in a moderate oven or place back of the stove and cook slowly. The milk should not boil. A little grated cheese may be sprinkled over each layer if desired.

THE IDLE MAN.

A federal inspector visited Vernon last week and examined the records of the exemption board. He praised the board for its good work and said it was one of the best in Texas.

The government, he said, wanted no farmer to suffer the loss of his crops, if a furlough for his son would enable him to save them.

The inspector's comment is likely to cause the Wilbarger county exemption board to redouble its efforts to see that the loafer gets a chance to fight for his country.

TRAINING SEAMEN

America's fleet of merchant vessels which is being swiftly constructed to defeat the German submarine campaign is to be manned by competent officers, whether they are American or foreign born.

When these vessels are in the service of the country, as they will be before a great while, another great accomplishment may be credited to the American government.

At the beginning of the conflict, American merchant vessels were strange sights in foreign ports. There were none, or very few, because of lack of adequate laws offering inducements to owners to enter their vessels on the American registry.

But the task of getting the proper men to man these vessels was taken up with the same determined spirit with which the country took up its ship building program.

Foreign Born Men May Be Officers Of Merchant Fleet

Washington, May 1.—The shipping board plans to employ foreign born ship officers if necessary to man the new merchant fleet now building.

The shipping board's training schools have enrolled 762 men studying to be officers. The board expects to establish soon training ships at Newport News, San Francisco and Seattle and probably at New Orleans.

PREMIER CLEMENCEAU IS HOME FROM FRONT

Paris, May 1.—Premier Clemenceau just returned from the front, entered the lobby of the chamber of deputies for a few minutes yesterday and to a crowd of deputies explained the situation. It is understood that he declared he was satisfied fully with the trend of events.

GERMAN ATTACKS IN YPRES SECTOR PROVE FAILURES

ENEMY ON MONDAY IS SAID TO HAVE SUFFERED HEAVIEST CASUALTIES.

London, May 1.—The failure of the German attacks southwest of Ypres on Monday with its immense losses to the enemy, is commented on here in a more hopeful and more confident tone which is in marked contrast with some recent comments on news of the progress of the German advance towards the channel ports.

The consensus of opinion is that the enemy on Monday suffered the most costly repulse since he began his offensive on March 21 and it is contended that if the terms of victory and defeat are applicable to single phases of such a prolonged battle, then the Allies on Monday won a very substantial victory.

Comparison is made between the present operations and the French defense of Verdun and the opinion is expressed that the German experience on the Verdun front is being repeated in their efforts to capture the group of hills southwest of Ypres. The enemy's failure up to this time to achieve his objective and especially his bloody repulse on Monday are regarded universally as a hopeful augury of the Allied defense.

Nearly all the commentators warn optimism. They remark that although the enemy has been foiled it does not mean necessarily that the enterprise has been abandoned but rather that it has been suspended in favor of an attack at some point where a successful defense seems less assured.

GERMAN DECLARES REFORM BILL IS HIDING JOKER

Stockholm, May 1.—The Prussian franchise reform measure conceals a cunningly devised provision which will render the whole reform illusory even if it should be adopted, according to Heinrich Stroebel, a socialist member of the Prussian diet.

In an article in the Leipzig Volks Zeitung, Heinrich Stroebel assails the government plan to amend the franchise law by the Prussian diet through the rear door and thus render the "equal franchise" utterly worthless.

He illustrates his article with a discussion of the existing districts which had been altered in character by natural processes through the shifting of population cityward during the last half century.

BIG WHEAT CROP IS BEING RAISED IN NORTH MEXICO

El Paso, Texas, May 1.—The biggest wheat crop in twenty years is being harvested in the district around the state of Coahuila, Mexico, according to reports here.

Volunteers for the course of instruction given by the government, it is understood, are still acceptable.

BELLS AND ORGAN PIPES ARE TO BE CONFISCATED.

New York, May 1.—The German government of Belgium has issued a decree calling for a list of all bells weighing more than 20 pounds as well as all organ pipes in Belgium and it is intended to take them away to be manufactured into guns, according to a statement issued here last night by senator Henri La Fontaine, president of the executive committee of the society for gifts for Belgian soldiers.

RIVETING GANG SETS NEW RECORD IS MADE

Quincy, Mass., May 1.—A riveting gang composed of three husky Syrians at the Fore River yard of the Bethlehem Shipbuilding Corporation today claimed to have broken the world's record for riveting. This was based on the performance of riveter Charles Molham, who drove 2,805 three quarter inch oil tight rivets in a nine hour stretch last night.

ENGLISH PRESS NOW CONFIDENT LINE WILL HOLD

London, May 1. (via Ottawa)—As details of Monday's fighting are received confirming the fact that it was the worst day for the Germans since the great offensive began, the English newspapers, hitherto reticent in view of the fluctuations of the battle, now comment in a tone of confidence.

The Times says: "Of all the violent combats witnessed in the last few weeks, we know of none which is a more hopeful augury for the Allies than this ten mile German failure."

Other strokes will undoubtedly come but confidence is felt that wherever the Germans try they will find the Allies ready. The Daily News concludes an editorial with this paragraph: "The new British advance in Mesopotamia threatens the most vulnerable heel of the German system. Things are not going too well in Russia. The fact that Germany wants her prisoners in Russia back on her own terms throws some light on the slats of her man power problem, nor is it clear that Germany's effort to browbeat Holland is working to her advantage. Added to her economic anxieties, Germany has her hands pretty full."

Boy Scouts Asked To Call At Bank To Get Credits

Subscribers to the Third Liberty Loan through the Boy Scouts are asked to call at the bank they designated on their application and make the necessary arrangements for the bonds before Saturday, in order that the Scout salesman may be credited with the sale. A list is being compiled by the scoutmasters of all Scouts who have sold 5 bonds or more and this list will be published. Scouts have to date sold more than \$15,000 worth of bonds of the smaller denominations, according to the reports made by Scoutmasters Spoles and Bachman. They estimate that the week's sales will go close to \$20,000.

Market Report

COTTON MARKET AGAIN IS FIRM UPON OPENING

New York, May 1.—The cotton market showed renewed firmness early today. Business was comparatively quiet, but there was scattered trade buying as well as covering, and after opening at an advance of 12 to 13 points, active months sold fifty to sixty points above last night's close, with July touching 26.40 and October 25.55. The more bullish average of yesterday's spot advices and the unfavorable reports of new crop progress seemed to be the chief factors on the advance while the market also was influenced by firm Liverpool cables, the better war news and Liverpool buying.

The market returned firmer again during the early afternoon with buying encouraged by reports that a further reduction in marine war risk insurance was likely. July contracts sold up to 26.67 and October to 25.82, or 70 to 83 points net higher on covering and re-buying by people who had taken profits on the late forenoon reaction.

The official forecast for frost in Arkansas and Atlantic states served to stimulate the early buying movement but the bullish weekly report had evidently been discontinued. At any rate there was considerable re-acting after publication which caused reaction of 30 or 35 points late in the morning. General business was quiet.

Cotton futures opened steady. May blank July 26.67; October 25.33; December 25.20; January 25.05. Cotton closed firm.

IMPETUS IS GIVEN DOWNWARD TREND OF CORN MARKET

Chicago, May 1.—Fresh intimations of a peace offer gave impetus today to the downward tendency of the corn market. Opening prices, which varied from unchanged figures to 1 1/4 up with May 1.27 1/2 and July 1.43 1/2 to 1.48 1/2, were followed by a material setback, but then by something of a rally.

Oats, like corn, responded to peace talk and to excellent field conditions. After opening 1/2 off to 1/4 up, with July 71 1/2 to 71 3/4, prices fell sharply, and later recovered.

Provisions hardened on account of May deliveries of hard having passed into strong hands. Moreover, hog packing for the week in the west was reported to be light.

Subsequently assertions that another reduction in marine war risk would be light from now on led to a moderate upturn in values but reports that the east was offering to re-open cash grain acted later as more than an offset. The close was weak at the same as yesterday's finish to 2 1/2 lower with May 1.27 1/2 and July 1.45 1/2 to 1.45 1/2.

Powls alive lower, 39. Increased offerings; later checked the advance.

New York Stocks.

New York, May 1.—Further successes of the Allied forces and the quarterly statement of the U. S. Steel Corporation imparted a strong tone to stocks at the opening of today's stock market. Steel's initial offering consisted of six thousand shares at 95 1/2 to 96, an extreme gain of 1 1/2. Bethlehem Steel, Superior Steel, Republic Iron, American Car, American Can, Central Leather, Distillers and Atlantic Gulf embraced the other industrials and specialties made only slight response. Liberty Bonds were steady.

Aside from the activity in Liberty Bonds, trading was at a standstill during the noon hour. Leaders manifested further irregularity, shipments showing slight improvements. Distillers an American Tobacco lost 1 and 2 1/4 respectively on pressure.

Rails were the conspicuous issue: Reading, New York Central, Pacific and St. Paul preferred gaining 1 to 2 points. The close was strong. Liberty 3 1/2's sold at 99.00 to 99.10, first fours at 96.62 to 96.86 and second fours at 96.65 to 96.84.

Federal Grand Jury Expected To Report Some Time Tomorrow

A report is expected from the Federal grand jury some time tomorrow, though it is not expected that the work of that body will be finished at that time, according to information received at the U. S. district attorney's office. It is possible that pleas of guilty, if there be any, will be received on Friday and Saturday and the court is expected to take up the criminal docket regularly Monday morning. The setting of the more important cases will be announced as soon as the grand jury makes a report.

You Save Bother and Money with Our Coupon Books

You will find it so much more convenient to pay for your ice with coupons.

When the driver brings in the ice all you have to do is tear out a coupon and hand it to him. It saves all the bother, and time, of looking for the right change or of receiving money that is necessarily wet from the driver's hands.

Even if you got less ice with coupons, than with money, a lot of folks would prefer the coupons because they are so much easier. Buying ice with coupons is not only the easiest but it is the most economical way. You get MORE ice for your money. And that should appeal to you in these times when everybody, in a fine spirit of patriotism, is trying to economize.

We want to make our service as pleasant and perfect as is humanly possible so we suggest that you use coupon books, for we know you will like that plan better.

Coupon books may be bought from our drivers. Get one tomorrow.

FLORISTS TO BE ALLOWED FUEL TO HALF OF NORMAL

That the government is going to make every effort to keep industries which are highly esteemed by the public going, although they may not be directly instrumental in winning the war, is the statement made by the Fuel Administration in its announcement that fifty per cent of the total fuel permitted these industries last year will be allowed for the year beginning April 1, 1917.

The statement says in part: The United States Fuel Administration during the last few months has held several conferences with representatives of the commercial florists of the country. The florists have shown full appreciation of the problem involved in providing supplies of fuel to florists at a time when there is a shortage for war industries.

It is the hope of the Fuel Administration that sufficient reduction in fuel consumption of the lesser essential industries can be obtained without demoralizing any of those industries which, like the florists, are highly esteemed by the public. It has been agreed that a 50 per cent curtailment in the use of fuel, which, in general, means a curtailment of both house space, will permit the florists to preserve their most valued stock and keep their business organizations intact during the war.

ROAD BOND ISSUES UPON SOME ROUTES NOT IN DISFAVOR

IF HIGHWAY IS OF ECONOMIC VALUE, GOVERNMENT FAVORABLE ISSUE.

Replying to a letter of inquiry sent by the Club in reference to the attitude of the government toward new bond issues for road construction, the secretary of the Chamber of Commerce of the United States wrote the Lions Club that the attitude of the government was determined in such cases by whether the roads to be improved were of military importance primarily and by their economic importance. The letter suggested that the matter be taken up with the district Federal Reserve Bank at Dallas.

The letter was read at the regular weekly meeting of the Club today and upon a motion the Oil Belt Highway committee of the club was instructed to lay the matter before Mr. Kell, one of the directors of the Federal Reserve Bank.

A letter was also read before the club calling attention to the Oil Belt Highway meeting at Graham on May 9. This is to be an all day meeting of delegates from all the counties through which the proposed highway is routed, the letter explained. Present Rodgers called for volunteers to attend the meeting and about eight volunteered. Mr. Dixon reported an interview with Mr. Rogers, the manager of the highway campaign. Brownwood several days ago in which Mr. Dixon told him that the state highway commission had promised that the state would appropriate one-fourth of the cost of the highway.

Major George Smoot and Captain Ed Napier of the Texas National Guard, and Hon. Lucian W. Parrish of Henrietta delivered brief addresses of a patriotic nature that were enthusiastically received. R. E. Sheppard sang a patriotic solo and responded to an encore.

A feature of the luncheon was a story telling contest in which N. H. Martin, W. B. Hamilton, W. W. Hill, J. S. Pitman, R. E. Sheppard, E. E. Trawick, T. E. Durrett and Rev. P. G. Cross were contestants. The judges voted Rev. Cross, who told a story of a cavalry "hoss" and a negro baggage hauler, the winner. Mr. Cross will be measured for a fifteen dollar palm beach suit by Collier and Richardson, the tailors.

The visitors present included C. O. Erwin of Denton, Lucian W. Parrish of Henrietta, Strih Moore of Petrolia and C. J. Shumake, C. W. Snider, Major George Smoot and Captain Ed Napier of this city.

ARCTIC EXPLORER IS NOW AT FORT YUKON.

By Associated Press Fairbanks, Alaska, April 30.—V. Stefansson, Arctic explorer has reached Fort Yukon, Alaska, from Herschel Island where he has been spending the winter, according to word received from Fort Yukon today. A relief party left Fort Yukon April 16 to go to the aid of Stefansson who was said to be extremely ill. Stefansson, still weak from long illness, was able to meet the party at Rampart House in a way station, and returned with them. He expects to return to the United States in July. It was said.

HOLLANDER HELD UNDER LOYALTY ACT OF TEXAS

Hilke DeBoer, Hollander about 45 years of age, arrested in the Sunshine Hill district, will have a hearing before Judge Harvey Harris Thursday morning on complaints charging violation of the Texas loyalty act. DeBoer was apprehended through the county council of defense and the chairman, T. R. T. Orth, and is charged with having talked against the United States government and the war on numerous occasions. He has been engaged in selling literature purporting to be issued by various religious sects, it is understood, and according to his statement, has himself founded a new religious sect, somewhat on the order of the many Eastern cults.

EATING HOUSES TO KEEP BOOKS FOR INSPECTION

Effective today hotel and restaurant owners and boarding housekeepers and any others who serve meals to more than their immediate family in Wichita Falls, as all over the country, must begin a system of bookkeeping, so that at the end of the month they may make a report to the Food Administration on the actual amount of flour, flour substitutes, meat, sugar, and bakers bread used during the month, also the number of meals served. This is obligatory on all serving meals to the public, and if the order is not obeyed supplies will be cut off.

T. B. Smock, the county food administrator, has just received this order and will make a canvass of the various places furnishing meals and accounts them with the order regulations. He will also give whatever assistance he may be able in the compiling of these reports. The first report will be made on June 1 and will cover the month of May.

CASE IS SETTLED OUT OF COURT IS STATEMENT MADE

With the defendants agreeing to pay \$10,000 to the plaintiffs, and the latter to pay the costs of the suit, the Hines-Farquaharson case which has been on trial before Judge E. R. Meek in Federal court this week, was settled out of court this morning.

The case had been ordered continued this morning to allow the attorneys for the plaintiffs to prepare a new plea, after Judge Meek had ruled that the three plaintiffs, J. F. Long, H. B. Hines and Phyl Taylor, could not sue jointly as they had sold the oil leases involved at separate times to the defendant, C. B. Farquaharson. When court opened this morning announcement was made of the settlement reached.

JUDGE TERRELL TAKES OATH AS MARSHAL HERE

Judge John L. Terrell of Fort Worth took the oath of office as United States Marshal for the Northern District of Texas this morning at 9:30 at the opening of the federal court. The oath was administered by Judge Meek and the new marshal's bond was approved.

Three dignitaries were also sworn in at the same time; J. B. Stokes, acting deputy since Colonel McDonald's death until this morning, resumed his position of chief office deputy with headquarters at Dallas, D. A. Campbell, office deputy at Dallas and Robert Goodfellow deputy marshal for the Wichita Falls court, were also sworn in under Judge Terrell.

LOCAL WOMEN TO PRESENT FLAG TO CAVALRY SQUADRON

The honor of presenting the regimental colors and flag to the new Northwest Texas Cavalry will be given the women of Wichita Falls, Major George A. Smoot announcing that he has secured Colonel Miller's consent to the local women's presenting the flag. No definite arrangements for the presentation can be made as yet, as it is not known when the regiment will be mustered in.

Enlistment continues and every day there are a number of new recruits secured. The commissioned officers school was opened Tuesday night and a good beginning reported.
