CHAMBERLAIN CHARGES NO U. S. AIRPLANES HAVE YET REACHED FRANCE

RED CROSS TRAIN IS BOMBARDED BUT NONE IS INJURED

AMERICAN MISSION TO RUMANIA HAS EVENTFUL TRIP ON CONTINENT.

BARELY EVADE GERMAN MISSILES

Leave Odessa Just Thirty-six Hours Before That Town Is Taken Over by Advancing Huns.

By Associated Press London, May 7.—In an eventful flight from Jassy, the Rumanian capital, the American Red Cross mission to Rumania, which now has arrived in London, escaped from Odessa 35 hours before the Germans entered it only to be fired upon by a German battery in the Ukraine 200 miles north of the famous Black Sea port.

The American Red Cross mission left on the third of six trains which carried the Allied missions from Jassy. Each train was provided with food for a month. There were no dining cars and the food was cooked in two military food kitchens abandoned by Russian troops which were on the train. Three other freight cars loaded with rails, ties and railway iron also were carried so that the train could be repaired quickly in case of accident or if the Germans had torn up the line.

The engine dated back to 1876 and burned wood which was picked up along the way. The engine man had to be fed with rations and cognac almost as frequently as the engine required him in a box car next to the engine and whenever meals or other domestic articles were required his attention was turned to the train and "went home" to his box car.

Engineer Strikes. Just outside Odessa the engine became disaffected with the flow of rations and cognac and went on a strike. The French officers tried to reason with him but he was obstinate and separated with the engine and the box car, leaving the remainder of the train to find its way.

Change of Heart. The engine apparently suffered a change of heart soon after he left the train for the next day when the train was a hundred miles or so beyond Odessa he "with" his engine and "home" caught up with the train. He begged the French officers to take him back on their own terms. The French declined to reinstate the old engine and the last seen of him he was taking his engine and box car backward on the return trip to southern Russia.

Reach Moscow. The mission arrived in Moscow on March 15. From there it went to the Mourmansk coast and thence to England without danger of German interference.

HOW TO BEAR HUNGER BY USE OF DRUG IS HUN ADVERTISEMENT

By Associated Press Amsterdam, May 7.—"To bear hunger, without at the same time suffering from headache or other indispositions is very difficult for most people," reads the opening sentence of a significant advertisement inserted in Sunday's Aftelische Rundschau of Berlin by a Berlin chemical firm producing a newly invented drug which, though not forming a substitute for the minimum daily sustenance, is an excellent preparation for stilling premature hunger and enabling one to hold out until the next meal time.

GERMANY'S HORDES REMAIN IN CHECK UPON ALL FRONTS

ASIDE FROM INTENSE ARTILLERY FIRE THERE IS BUT LITTLE ACTIVITY.

AMERICANS ARE SHELLED

Large Part of the Southern Area in the Arras Sector Has Been Taken Over by Canadian Forces.

The war situation of today is summarized by The Associated Press today as follows: Germany's hordes are still in check. Nothing in Flanders nor in Italy nor along the important Arras sector, has the enemy released his attacks in force and he has not reacted against the push made north of the Somme by the Australians, in which more than 200 prisoners were captured.

On both battle fronts, however, the artillery fire has been more intense and the German attack can not be longer delayed if the enemy hopes to take advantage of whatever damage has been done to the Allied positions by the heavy bombardments carried out by his guns. Just the opposite of what must be expected, more than a week ago. The greatest German artillery activity has been on the northern half of the Flanders front and south of the Somme to below the Aisne in Picardy.

American troops in their positions south of the Somme have been subjected to intense artillery fire. The enemy is using more than 15,000 shells, mostly gas in a short period. There have been no signs of a German infantry attack against the Americans who confidently await the first signs of re-activated activity.

Canadians Take Over Line. A large part of the southern part of the important Arras sector has been taken over by Canadian troops who also are being visited by a storm of German shells. French generals believe the Germans will attempt to attack the Canadians, Arras and Amiens fronts in an effort to push the Allies back in one mighty blow.

The Austro-Hungarian blow against the Italian front has not developed. Rome reports only moderate activity in the Adriatic and no infantry activity. The Austrians, however, may be waiting for the most favorable moment, probably the new news of the German drive in France.

Today, May 7, is the third anniversary of the sinking of the Lusitania by a German submarine with the loss of 1,575 lives.

OPPOSES CONFERENCES WITH HUN LABORERS

By Associated Press London, May 7.—George H. Roberts, minister of labor, speaking at Norwich yesterday declared he was still strongly opposed to any conferences with the laboring class of Germany. He mentioned the arrival in England last week of representatives of the British Federation of Labor. These men he said had come to England with very definite instructions to resist every maneuver to bring the mine contact with enemy citizens.

GERMANS ADMIT ZEEBRUGGE BLOW PROVED SUCCESS

By Associated Press London, May 7.—That the recent British attack on the German submarine base at Zeebrugge was successful admitted by the Frankfurter Zeitung in commenting upon the affair. The newspaper urges that the German navy take measures to deal with an antagonist of remarkable boldness. It says: "That the British fleet scored a great success through a fantastically bold stroke in penetrating into one of the most important strongholds over which the German flag floats."

However unpleasant it may be, we must frankly admit that the enemy ships actually entered the port of Zeebrugge. That being so, there is no reason why they should not achieve a similar feat at other times. It therefore behooves our navy command to be alert for we have to deal with an antagonist of remarkable boldness.

RUMANIANS AT PEACE WITH HUNS

Special to The Times Amsterdam, May 7.—The peace treaty between Rumania and the central powers was signed yesterday morning, says an official dispatch from Bucharest today.

ABLE BODIED AUSTRALIANS MUST GO TO FRANCE

By Associated Press London, May 7.—The Australian military authorities, says a dispatch from Sydney to the Daily Mail, have decided to stop employing at home service Australians fit for service abroad and as a result of the years of public agitation a rigorous campaign will be under way. Every man who has not been in service is undergoing medical examination and those physically fit will be joined for general service to be sent abroad.

GAS MASKS ORDERED PEOPLE IN ALSACE

By Associated Press Geneva, May 7.—The municipal authorities in Mulhouse, Alsace, have ordered all inhabitants to procure gas masks before May 10 as protection against aerial gas attacks, the Lausanne Gazette says. It learns, however, that the truth of the matter is the newspaper adds, that owing to contrary winds large quantities of poison gas employed by the Germans are now drifting gradually toward towns along the Rhine which already are feeling the effects of the gas.

AMERICAN MERCHANT VESSEL PROBABLY SUNK GERMAN SUBMARINE

By Associated Press Washington, May 7.—A fight between the American steamer Tidewater and a German submarine on March 27, in which the submarine was defeated and perhaps sunk, was reported today by the navy department.

BAPTIST WOMEN MISSION WORKERS CONVENE IN CITY

Spirit of Enthusiasm Prevails at Gathering at Local Church Reports are rendered

Mrs. J. A. Farris, District President, Presides Over Sessions of Body Which Began Today

With more than eighty visitors and delegates from associational societies as well as a large number of local members in attendance the annual convention of the Northern District of the Baptist Women's Mission Workers is in session today at the First Baptist Church. The spirit of enthusiasm and the spirit of religious endeavor, by the announcement of Mrs. A. J. Goodie, the state corresponding secretary, that the Baptist women of Texas had "gone over the top" for missions, characterized the reports from every department of the B. W. M. W. and the meeting was one of the most interesting in the history of the district.

Meeting Called to Order. Mrs. L. A. Farris of this city president of the district called the meeting to order at 9:30 this morning. Mrs. R. C. Partner of Plano led the devotionals and Mrs. E. W. Carter of the local B. W. M. W. extended the welcome of the society to the visitors, which was responded to by Mrs. M. Taylor of Seymour. The reports of the various committees were heard, especially interesting. The auxiliary presidents made five minute reports of the work done by their societies and the executive committee which had met previous to 9:30 made its report, giving recommendations on the work done in the district.

Miss Harrell Talks. Miss Lucy Claire Harrell of the Baptist Bible school at Fort Worth made a talk to the convention on "Bible training work done by the school." Miss Katherine Cook, local singer, contributed a vocal number that was much enjoyed. Mrs. Farris' talk on "Our Work" and prayers by Mrs. Bed-

NICAURAGUA DECLARES WAR ON GERMANY

BULLETIN—San Juan Del

Juan, May 7.—The Nicauraguan congress today declared war on Germany and her allies.

"NELLIE BLY" MISSING SINCE WAR BEGAN

By Associated Press New York, May 7.—Through a suit brought up by the supreme court at Brooklyn, it was learned that not since the United States entered the war has Mrs. "Nellie Bly" been heard from. Her daughter, Mrs. Elizabeth Cochran Seaman, who as "Nellie Bly" circled the globe in less than ninety days for a New York newspaper, Mrs. Seaman went to Austria or did it sustainly on a newspaper mission.

AIRPLANE FALLS INTO GULF BUT AVIATORS NOT HURT

By Associated Press Galveston, Tex., May 7.—An airplane from Ellington Field, which Lieutenant Green was pilot, fell in shallow water on the east beach here yesterday afternoon. Lieutenant Green and his observer escaped without injury. The machine was slightly damaged. Lieutenant Nordeen had just started on the return flight to Ellington Field when the accident occurred, caused by his sleeve catching in a switch and stopping the motor.

NATIONAL GUARD EXAMINATION TO BE ENDED BY FRIDAY

All recruits for the local companies of the National Guard must be examined by Friday, the recruiting officers state, a message from headquarters making it imperative that the roster be made up before the close of this week if possible. All who have signed up for the new Guard that can be asked to report at the Cotton Exchange tonight at 7 o'clock for examination. Those who cannot report tonight will be expected Wednesday, and it is hoped to finish examination by Thursday.

AMERICAN TROOPS ARE CONTINUING TO REACH FRONT SAYS PREMIER

By Associated Press Paris, May 7.—American troops are continuing to arrive on the front in force, Premier Clemenceau told Marcel Rutin, editor of the Echo de Paris, in returning today from a two days visit to the front.

The premier brought back, he said, a feeling of confidence in the invincibility of the Entente forces.

OVER THE WIRE!

"Did You Win the Fight, Highness?"
"Gott, No! You Were Cut to Pieces!"

Senate Committee Is Also to Inquire As To Expenditure of Money

By Associated Press Washington, May 7.—Investigation of the aircraft situation swiftly began taking shape today both in the department of justice and in Congress.

Attorney General Gregory, acting at President Wilson's direction, began planning the investigation, which is to disclose if there has been malfeasance or misuse of the \$610,000,000 appropriation.

At the same time Chairman Chamberlain of the senate military committee announced the committee proposed to have a thorough-going inquiry of its own in which he declared it would attempt to locate the persons responsible. He promised the senate there would be no "whitewashing."

The aircraft subject came up as soon as the senate convened. Stirred by published charges, culminating yesterday in the president's order of the department of justice, senators began demanding congressional inquiry.

Senator Brandegee, republican of Connecticut, was among the first to call for one and Chairman Chamberlain responded with his announcement of the committee's intentions.

How and Where Spent. The investigation, Senator Chamberlain said, would be to determine where the money was spent. The committee proposed to "put the finger on the men responsible." In making his announcement Senator Chamberlain declared that there had been "something radically wrong with the program" he had never seen the program report, he said, but declared the conditions revealed in the Henslow Marshall report were in accord with those of the committee.

The senate committee, he said, was a part of the government's authority and added an outgrowth of what the president approves its course in advance.

New charges of a sensational kind in connection with aviation are being made each day, Senator Chamberlain continued.

These charges are coming to me and other members of the committee in such a way that the committee is determined to do whatever is necessary to help win the war.

Materials Sent Abroad. Senator Vandenberg, democrat of Mississippi, asked how many American planes were sent to France. Chamberlain replied that 700 had been sent there although American materials in large quantities had been shipped for use.

"Our people ought to be informed," the senator proceeded, "of the truth of the situation and they never have been."

Referring to testimony of Major General Spuler, chief of the signal corps before the committee regarding failure to train 1,000 American cadets in France because no airplanes were available, add plan to return them to this country for training, Senator Chamberlain said a large number of the cadets had never received any training at all.

Senator Walsh of Montana, declaring "extraordinary" asked if it was not a "concession of failure" and what explanation had been given. "The extreme optimism of the chief signal officer and those associated with him," Senator Chamberlain replied was "the explanation."

Senator Chamberlain said the committee had more important things to do than to have the planes they train the men.

Information which it was deemed wise to publish and said he had received a letter from one of the cadets who had been in France and had been "sentenced" by a court-martial to receive training.

Authorities, he said, now are arranging to question them regarding the operations of the aircraft board.

Senator Lodge of Massachusetts, republican, commended the committee for deciding to pursue its investigation and said information should be had regarding the expenditure of the \$610,000,000 on the aviation program for such results "as described by the senator."

Senator Thomas of Colorado, democrat, said he understood that \$200,000 had been "actually" expended and that the rest is represented by contracts which have not been completed.

Senator Walsh asked whether the sending of the 1,000 aviators to France for training was a "wild boast" and whether the accident occurred because of a failure because of the wrong assurances given him.

"There is no question regarding General Spuler," replied Senator Chamberlain. "I think he is honestly believed that the planes would be there."

"Then there was no training of the men because the airplanes were not there," demanded Senator Walsh.

All Misrepresented. "The planes were not forthcoming from this country," said Senator Chamberlain, "responded Senator Chamberlain. This whole business has been camouflaged and misrepresented to the American public."

It has only been recently that planes have been supplied in adequate quantities for training purposes," he added.

In response to another question the senator said the Federal aircraft provided for something like from 2,000 to 3,000 fighting planes in France by July 1.

Investigation shows, Senator Chamberlain of North Dakota, republican declared, that such planes can be produced at a "big profit" for \$3,000 apiece.

How have they cost \$3,000 we ought to have had 100,000 planes," Mr. Chamberlain declared. "I think in view of the fact that we have spent nearly one billion dollars and have not got any, we ought to find out what became of the money."

Senator Reed of Missouri, democrat, declared Senator Chamberlain's estimate of the average cost was too low, de-

claring both the British and French governments have been compelled to lay largely in excess of that amount, one particular type machine costing over \$10,000 apiece.

"I don't doubt there has been production of the most colossal character," Senator Reed added. "It has been under the supervision of Mr. Coffin that this failure had come and because Mr. Coffin thought he could standardize airplane engines so they would fit any machine on earth."

Production of Planes. Production of airplanes for \$3,000 apiece, Senator Reed declared, was "a cynical imposition on the people." Mr. Reed, he added, was only adaptable to two or three planes.

Senator McQuinn insisted his estimates were correct, explaining they were based on the production of a standardized machine.

Senator Smoot of Utah, republican, declared that when the \$610,000,000 appropriation was asked for, he said by aviation officials to be "ample" to build 22,000 airplanes.

Remembering his announcement, Senator Chamberlain declared that not only would aviation be investigated by the committee but it also would continue its war inquiry "with reference to every other branch of the service."

And this effort, he said, was to be made to secure the truth are program and serve the enemies of our country will not deter any individual member of the committee from performance of his duty, he added.

He said in conclusion: "My whole desire is to bring the truth to the attention of the people and I have no doubt that those who have served in the war are people faithfully will be brought to task by the people."

Senator Norris of Nebraska, republican, remarked the largest number of Liberty Motors had been ordered by the Allies. Senator Chamberlain said England had ordered a large number but did not deem it advisable to disclose confidential information about it.

"If the senator will come to my office," Senator Chamberlain said, "I will show him what happened to that contract."

Senator Hitchcock of Nebraska, democrat, interjected that the number of Liberty Motors asked by England and what information should be nominal because we have not been able to supply ourselves.

No Liberty Motors now are in operation abroad, the Nebraska senator added.

Senator Brandegee asked to whom Attorney General Gregory would make his report.

"To Congress," he demanded.

"So to Congress," the president, who already has two reports and the Lord only knows if he would make this report public if there is anything bad in it.

"The war," the Connecticut democrat, "won't be won with privacy, secrecy and mystery. If there is any virtue in co-ordination, let's co-ordinate. This war is not going to be won by Colonel House or by any favorite of the President."

"We can't win this war by talking about women's suffrage and prohibition," he continued.

"We can't win the war by sitting around at pink teas and talking about putting pink cabinets on the men and getting down to the women. Let's find out the facts. Let's investigate these irregularities in a non-partisan way and report to the public."

Senator Boixdorfer, republican of Washington, quoting from official reports said the aviation program up to July 1 presents an aggregate of \$1,145,000,000 including appropriations made and now pending.

Not only has the aircraft board wasted money in securing spruce on the Pacific coast for airplanes, Senator Jones of Washington, republican added, but it has "seriously undervalued" the spruce supply by the number of sections of inexperienced men.

By Associated Press Paris, May 7.—American troops are continuing to arrive on the front in force, Premier Clemenceau told Marcel Rutin, editor of the Echo de Paris, in returning today from a two days visit to the front.

The premier brought back, he said, a feeling of confidence in the invincibility of the Entente forces.

TABERNACLE MEETING IS WELL ATTENDED MONDAY; HE GIVES NIGHT SUBJECT

Tonight: 8 p. m. "Old Hitches" Post, Mr. Brown.
 Wednesday: 10 a. m. Second lecture on "Spirit Filled Life" 3:30, Mrs. Stover meets High school girls at Presbyterian church, 8 p. m. Mr. Brown.

The hour of assembling for the tabernacle meeting has been set back to eight o'clock last night when some well regulated people wended their way toward the big house at seven thirty the sun was still high in the air, and the evangelist when he took the platform changed the hour to meet conditions.

The chorus was larger than Sunday night and sang with more spirit. The newness in wearing white and getting down a business following the suggestion of the opening night the front of the tabernacle has been boxed in and roof covered with tar paper.

The special services last night were a song by Mrs. Stover, "Have you forgotten God?" and a earnest duet between the director and his wife. "Brother" Brown was peculiarly happy last night. His manner was intimate and had uplift in it. The crowd which came to sit soberly and absorb a serious message, gradually discovered that "Brother" Brown was having the time of his life. As he expressed it "I never enjoyed a sermon more in my life than this one I am hearing tonight." Everybody laughed, and it was a general consensus that when he closed they all had enjoyed it.

Under Juniper Tree
 "Under the juniper tree" will be a byword in Wichita Falls for years as the result of last night's intensive talk, and those who desire a lift out on a real treat. Tonight's subject "The Old Hitches" Post" is a logical sequence to the juniper tree. Probably the post was made of the juniper tree after it was felled.

History is marked by comparative few great men who stand out like the pyramids of Egypt in the great flat plains of human life. Bible history contains the same phenomenon and of all the thousands mentioned, a few stand out who deserve a list out on the main stories to our children around the fireside, and become the life studies of the adult man.

One dominant note colors a cloud in music, and forms the motif for a whole opera.
 One dominant note colors a chard man, a pinnacle from which time, with its dust, no adversity with its storms will ever dislodge him. It is Moses stands supreme with the title of the meekest of men, and at the same time the most determined.

Samson grew long hair, as the sign of his Nazirite vow, and also developed muscles that made him famous, and enabled him to commit suicide in a spectacular way.
 Saul was the tallest of kings, and about the smallest in vision of his opportunities. Saul stands as the worlds monumental failure.

Joshua was the greatest general! Elijah the most perfect man, and is also a synonym of faith and daring.
 Describes a Winner
 No man should be judged by a single act of his life. It is the straight cord that runs through the entire cable of his life that marks him. Also every man has his day on the mountain top and day in the valley; one seems an open heaven and the other an open hell, but the winner is the man who will persist in the face of difficulties, and strike till "the last fowl expires."

A couple of frogs once fell in a pail of cream. One was a Methodist frog and said, "I can't make it, good-bye," and sank under the white tide. The other frog was of Baptist persuasion and said, "I am bound to keep on trying, for 'don't believe in backsliding," so he kicked all night and in the morning was sitting on two pounds of butter.
 Butter awaits the man who refuses to be downed and keeps his head to ward success.

Bluish knew these extremes. One day he stood the most dramatic figure in history, praying on the mountain top alone in opposition to four hundred priests, who were backed by a kingdom. He saw the heavens opened in answer to his prayer, fire descended, and rain fell on a land that had

away when he is there himself. The world is full of folk who tell others, "Don't do as I do, but do as I say." Jesus never adopted that. He showed us the way and said "Follow me." If you get out from under the tree you will grow enthusiasm and nothing is more contagious than enthusiasm. No promoter ever sold a share of stock unless he was saturated with enthusiasm. You will win men for God when you are enthusiastic. David got religion, and Saul got soldiers to arrest him. David held an experience meeting and the soldiers all joined David's church. Saul got wind of it and sent a detachment of officers. David met them with a smile and in a short time they also were converted. Then Saul put on his crown and taking his scepter in hand, went down to put a crimp in David's neck when the king got there, he was not converted. To be sure it was after the Methodist sabb and the old rasical back slid pretty soon. Put any man who had it for a while, which is better than never being acquainted at all.

Paul said: "I take joy in my greatest affliction." I believe Paul meant exactly what he said. He laughed at shipwreck, whipping posts, jails and persecution, and all the time grew bigger until he stands for twenty centuries like a cedar of Lebanon beside a sunflower. He had come to understand that he was working on God's plan and all he had to do was to put in his licks where God put him, and trust God to piece the thing together when it was done.

Don't get things wrong and for most. Wealth or social position with men is the other end of life. Better have a good social standing with God than with the "100" of New York or Washington.
 Boy's Importance
 One boy is of more importance than the setting of the continent. It is not what you do to be seen of men that counts, but what you do in the souls of men.

The man who works beside you is not the one who will judge your work, in its finality, and when you shipwreck, whipping posts, jails and that, keep away from the juniper tree and work on your mountain top job of rain making for a thirsty world, or sin blasting lightning.
 The one meeting I thought was as near a failure as I had ever been in gave me a few years later two missionaries to foreign fields, and even yet it may turn out when I face my completed work to be the greatest campaign of my life.

Samuel, in his old age, called upon to pray for a decaying nation, is a sad picture. He had played all his life and worked for them and went to his grave unsatisfied. He died still on the job.
 Today we know that Samuel was working on the moulding of a nation and the picture stands out in clear-cut style.
 God Never Made Mistake.
 God never made a mistake, but you

Western Lady pays sincere tribute to Nujol

From Arizona comes this cheerful letter telling how Nujol thoroughly relieves constipation, and thus restores health, strength and better spirits:—

NUJOL LABORATORIES
 STANDARD OIL CO. (New Jersey),
 BAYONNE, N. J.
 Regular as Clockwork

Dear Sirs:—
 I am pleased to send you a few words of what Nujol has done for me.
 It has given me new life, strength, hope and comfort. It possesses a wonderfully soothing effect upon the bowels, without any of the hot, burning, weakening sensations that usually result from the use of pills or other purgatives.
 Go on, and preach the propaganda of Nujol. It is all it is claimed to be by its makers, and if more people knew of its efficacy there would be less sickness and suffering in the world.
 Rice, Arizona.
 Dec. 21, 1916.
 Respectfully,
 Mary E. Childs.

READ every word of this letter, and then try Nujol. Nujol gives healing and strengthening relief from constipation—the kind of relief that is best and most desirable. Pills and physics give the wrong kind of relief. They stimulate unnaturally, act and react violently, and leave the bowels seriously weaker after every dose. Free yourself from the harmful laxative drug habit—and from constipation, too.

Take Nujol—the pure, sure and reliable remedy that gently and effectively restores bowel-vitality and normal bowel-habits. It contains no drug; is not absorbed by the system; and does not react. To be "regular as clockwork"—use Nujol.

ABSOLUTELY HARMLESS

There are no substitutes—there is only Nujol

Nujol for constipation

In bottles only, bearing the Nujol trademark—never in bulk. Write for free booklet.

RED CROSS

The Red Cross gratefully acknowledges the following donations: J. H. Grubbs, \$10; Mrs. Frances Jackson, \$2.50; Mrs. W. H. Downing, \$5; Mrs. Langmuir, one helmet.

The list of workers has suffered a decrease within the last few days and the plea for more steady workers is renewed. The demand for increased output remains the same and it is absolutely necessary that the local branch workers keep up their work...

Monday is Red Cross Day at the churches and there were few workers at the Red Cross rooms, though the average was well maintained by the workers at the various church units.

The Altar society worked in the surgical dressing department. Workers Monday afternoon in the hospital garments room: Mesdames J. L. Jackson, W. H. Hoak, J. D. Johnson, M. D. Morgan and W. M. McGreger.

Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Itching begins the moment zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds. The E. W. Ross Co., Cleveland, O.

The "Cactus," the students' annual at the University of Texas, particularly a section of it called the "Coquette Corner" is now a storm center of usual University violence. This corner has been condemned at a mass meeting of co-eds as "obnoxious and offensive." A feature of the "Corner" is the photographs of some beautiful young women who were chosen as the most beautiful in the University. The Times hasn't the courage to make comment on this situation.

"OVER THE TOP"

Wichita county has gone over the top for the Third Liberty Loan, but is lagging far behind her quota in the savings stamp campaign. The county's quota is something over \$400,000 for 1918. One-third of the year has passed, yet Wichita county has bought only a little more than \$50,000 worth of savings stamps, according to the last reports. The purchase of savings stamps is another way to down the kaiser and all that name represents. Every American ought to want to have a part in this. There were many doubtless who could not subscribe for Liberty Bonds. There are few indeed who cannot buy savings stamps.

USE OF FLOUR IN DENTON

Merchants and citizens of Denton county can sell and buy flour if they want to, so far as any attempt by the Denton County Food administration to punish them will be made, but it is safe to predict that the government regulations will be followed pretty closely. F. F. Hill, county food administrator, has called upon the merchants and people of the county to obey the regulations saying that the observation of these regulations will be left to individual conscience. He then burns it upon the individual conscience with these words: "But I want to impress on every person that when he uses flour he is helping Germany and injuring the United States' cause just that much."

LUSITANIA ANNIVERSARY

This is the anniversary of the sinking of the Lusitania, which brought about a definite pronouncement of the attitude of the United States toward German frightfulness three years ago in a note written by President Wilson. It was the sinking of the unarmed, defenseless Lusitania, with loss of hundreds of American lives, including many women and children, which, two years later indirectly brought about America's entry into the war proclaiming, as it did, the inauguration of a policy so foreign to the rules of civilized warfare that it took this and other neutrals almost two years to make sure that even the barbarous Hun could subscribe to such a course. That warning which President Wilson gave in his note to Germany following the sinking of the Lusitania, formed the basis of all negotiations with the Kaiser since that time. There has been no deviation from the course which the President said must be adopted in case Germany saw fit to fly into the face of all civilization. The evidence against Germany since that date has been cumulative, but cumulative also, have been the preparations made by the United States to make this world a safe place for all democratic peoples. The seriousness for Germany of America's participation in the war is just being permitted to percolate through the press to the German people, after years of assurances from the German rulers that America was only bluffing. Truly, those who lost their lives in the Lusitania disaster were national heroes and heroines. Through their deaths the true nature of the German became known to the world in time for the United States to step forward as the decisive factor in the conflict to break the power of the Hohenzollerns before it was too late.

BAPTIST WOMEN MISSION WORKERS CONVENE IN CITY

(Continued from Page 1)

doe, Stanyon and Powers were followed by adjournment for the noon hour. The delegates and visitors repaired to the upstairs parlors at the church and were served a tempting luncheon prepared by the women of the church. The Young Women's auxiliary were responsible for the service. The menu consisted of baked chicken and dressing, bread and butter, potato salad, deviled eggs, fruit salad and lemon meringue pie.

The afternoon's program was opened by devotionals by Miss Mossie Hicks, of Joy, and Mrs. C. Y. Cosby of Bowie gave the report of Y. W. A. work, which was followed by a discussion participated in by the Y. W. A. Mrs. R. C. Smith of this city gave the personal service report, which was compiled following the personal service conference held Monday night. Mrs. W. R. Potter of Bowie, gave an address, "Failing to Serve," and Mrs. Beddoe gave an interesting discussion of "The Great Plan." Mrs. O. L. Powers, of this city spoke on "The World Need of Consecrated Women." Special music was given by Mesdames Barron, Young and Collie.

Reports of the various committees and the election of officers will close the program late this afternoon.

Two Ward Teachers Resign Positions From Schools Here

Two ward school teachers in the Wichita Falls public school system have resigned within the week, according to an announcement of Prof. Lee Clark, the city superintendent. Both the vacancies have already been filled. Miss Ida Brown Mitchell resigned her position in the Alamo School and began working in the local post office today. Miss Irma Churchwell of Archer City has been selected to take her place and began teaching today at noon. Volley Martin, who has been teaching at the Austin school, resigned Friday to accept a position with an insurance company. As the Archer City school has closed, Supt. Tyson of that place has agreed to accept for the remainder of the session the position made vacant by Mr. Martin's resignation.

TEXAS OSTEOPATHS CONCLUDE SESSION; DR. SCHARFF HOME

The eighteenth annual meeting of the Texas Osteopathic Association, held in San Antonio on Friday and Saturday of last week was featured by a series of lectures, addresses, clinical demonstrations and business discussions in which a number of the most prominent men of the profession took part, together with several social affairs, and proved one of the most interesting and beneficial meetings of its kind ever held, according to the statements of Dr. A. Q. Scharff who attended the meeting.

A series of lectures and clinics by Dr. G. M. Laughlin, well known osteopath of Kirksville, Mo., was a feature of special interest. On a sight-seeing tour to the interesting places in and around San Antonio, the visitors were taken through the several army camps at that place. A banquet given the visitors by the osteopaths of San Antonio on Friday evening was among the most delightful affairs of the meeting. The new officers elected in the business meeting were: President—Dr. D. W. Davis, Beaumont. Vice Presidents—Dr. A. O. Scharff, Wichita Falls, and Dr. Belle Lowry, of Ennis. Secretary and Treasurer—Dr. J. B. Mason, Temple.

The next meeting of the association will be in Fort Worth in 1919.

TESTS BEING MADE IN ARCHER COUNTY FOLLOWING RAINS

The rains a few weeks ago having provided a water supply, work is starting on several tests in Archer county. The Roxanna Petroleum Co. and Bean and Kohls are spudding in today on the Ingersoll tract about eight miles southwest of Dunce. Drilling is in progress on the Collins well three miles west of Holiday. There are also indications of a revival of activity in the old Miller district in the southeastern part of Archer county. The Panther Oil Co. is shipping a car of oil daily from Holiday and has a large production than a year ago. This company is now paying 30 per cent monthly dividends.

LARGE DELEGATION TO GO TO GRAHAM ON NEXT THURSDAY

PARTY WILL LEAVE CITY HALL AT SIX O'CLOCK IN MORNING.

Efforts are being made to work up a large delegation to the Oil Belt Highway meeting at Graham next Thursday.

The meeting at Graham will be an all-day affair and the business meeting of Graham will provide lunch at noon for the visitors.

A report will be made from the State Highway Commission at this meeting as to how much aid the highway will receive from the state.

At this meeting plans will be formulated for getting the question of bond issues before the voters of the various counties of the territory traversed by the route.

A folder has been issued by the Association which, among other things, directs attention to this "Decision Day."

On June 15 the people of the counties of Archer, Young, Stephens, Comanche and Brown will vote on bond issues for the construction of this great highway through the designated sections of those counties.

Wichita and Eastland counties have already voted their bonds.

In the time this folder was printed indications pointed to an overwhelming vote in favor of the bonds in every affected county and road district.

A bona fide canvass in the DeLeon district of Comanche county among approximately 800 voters showed that the bonds would carry there by at least 29 to 1.

In Brown county estimates lead to the conviction that the bonds will carry by a vote of eight to one.

In Stephens county farmers estimate the issue will carry by an immense majority.

There is no doubt of the success of the bond issue in either Archer or Young county, and it is believed the majorities in both those counties will equal those elsewhere on the highway.

Harrison Theatre Co. Presents Patriotic Play To Large House

In the opening night of a week-end in Wichita Falls the Harrison theatre company last night presented "The Call to the Colors."

The play, dealing with the patriotism of the "people at the cross roads" was well received by the audience.

The strong appeals for loyalty especially calling for applause. A special feature "Slightly Hypocrites and Honest Sinners" is scheduled for Thursday night.

TODAY'S MARKETS

COTTON MARKET SHOWS ADVANCE EARLY IN DAY

By Associated Press. New York, May 7.—The favorable view of new crop progress appeared to be the dominating factor in the cotton market today.

The opening was at an advance of 4 1/2 points on May but generally 11 to 25 points lower and May quickly eased off with the rest of the list.

Street and Live-pool selling was the feature here, with new selling by people with Japanese connections on the break to 24.85 for July and 24.24 for October, or about forty to forty-seven points net lower on the more active positions.

Trading was quiet later in the morning. Halfes of 25 or 20 points were not fully maintained but the tone was steady owing to the bullish average of southern spot advices.

Cotton futures opened steady. May 25.85; July 25.12; October 24.40; December 24.35; January 24.70.

New Orleans Cotton. New Orleans, May 7.—Wet weather in the belt caused selling of cotton here today and in the first selling hour prices lost 29 to 47 points.

The tone was steadied as the decline by reports of the sale of 2,500 bales of hedged cotton, following the opening at the highest basis of the season.

Accounts of general improvement in the spot inquiry in the interior brought the market back to within 4 to 5 points of yesterday's close on the strongest months.

Toward noon there was another sag to a net decline of 20 points.

It was a dull but steady market in the afternoon with prices showing a net loss of 29 points at 1 o'clock.

Cotton opened steady. Opening bid May 25.05 asked, July 24.34; October 23.48; December 23.28; January 24.16.

Liverpool Spot Cotton. Liverpool, May 7.—Cotton spot dull; prices firm; good middling 24.81; middling 24.28; low middling 20.70; good ordinary 19.74; ordinary 19.24.

2,000 including 2,000 American. Receipts 400 all American. Futures closed quiet. New contracts: May 24.16; June 20.72; July 20.21; August 19.62; September 19.16. Old contracts

LIVESTOCK

Fort Worth Livestock. Fort Worth, Texas, May 7.—Cattle receipts 2,000; steady. Steves \$8.50 to \$15.00; stockers \$7.50 to \$12.75; calves \$8.50 to \$13.00; cows \$6.25 to \$11.00; bulls \$8.00 to \$10.00; calves .50 to \$3.50.

Hogs receipts 1,000; 5 to 10 advance. Heavy \$17.00 to \$17.70; light \$17.50 to \$17.80; medium \$17.25 to \$17.50; mixed \$16.75 to \$17.25; common \$15.00 to \$16.75; pigs \$16.00 to \$15.50.

Sheep receipts 500; unchanged. Lambs \$17.00 to \$20.00; yearlings \$15.00 to \$17.00; wethers \$14.50 to \$15.50; ewes \$13.50 to \$14.50; culs \$9.00 to \$11.00; goats \$5.00 to \$10.25.

Kansas City Livestock. Kansas City, May 7.—Hog receipts 9,000. Strong to 4 higher. But \$17.50 to \$17.70; heavy \$17.00 to \$17.20; light \$17.20 to \$17.40; pigs \$14.00 to \$14.50.

Cattle receipts 8,000. Strong. Prime fed steers \$17.00 to \$17.20; dressed beef steers \$14.50 to \$16.75; southern steers \$11.00 to \$12.50; cows \$8.00 to \$14.50; heifer \$16.00 to \$20.75; yearlings \$15.00 to \$17.00; ewes \$9.00 to \$14.75; stockers \$8.50 to \$15.50; calves \$9.00 to \$15.00.

Sheep receipts 8,000. Steady. Lambs wethers \$14.00 to \$16.50; ewes \$11.25 to \$16.00; stockers \$8.50 to \$19.00.

MORTUARY

Infant Dies. The infant son of Mr. and Mrs. Fred Morley, 507 Mississippi, died this morning. Funeral services were held this afternoon. Burial in Riverside.

Wance W. Leath. Wance Wayne, seven months old son of Mr. and Mrs. C. B. Leath, of Charlie, Texas, died this morning at the Wichita General Hospital. Funeral services will be held from the home in Charlie tomorrow afternoon.

HATTIE JO SIMMONS. Hattie Jo Simmons, nine year old daughter of Mr. and Mrs. J. A. Simmonds, 114 S. 4th, died yesterday afternoon at 4 o'clock at the home following a illness with scarlet fever. The body is being held at the HBU undertaking parlors until Mrs. Simmonds, now ill with the same disease, is out of quarantine, when it will be taken to Houston, Texas for burial.

Mr. and Mrs. Simmonds came to Wichita Falls about four years ago. Mr. Simmonds has been in the employ of the Farmers Cotton Oil company during his residence here.

DOWNWARD SWING IS GIVEN CORN; WEATHER GOOD

Chicago, May 7.—Favorable weather gave a downward swing today to the corn market. Liberty receipts for this time of the year tended likewise to weaken prices, and so too did prospects of a record yield of wheat and oats.

Opening prices, which varied from unchanged figures 15 to 20 lower, with May 1.75 and July 1.47 to 1.47 1/2 were followed by a material further setback.

Oats declined under general selling by commission houses. As in corn the dominating influence was the favorable weather. After opening 1/2 to 3/4 off, with July 90 1/2 to 97 1/2, the market underwent a decided additional sag.

In provisions, the weakness of grain more than offset hog market gains. Trade was very light.

Kansas City Cash Grain. Kansas City, May 7. Corn number 2 mixed \$1.43 to 1.45; number 2 white \$1.70 to 1.75; number 2 yellow \$1.60 to 1.67.

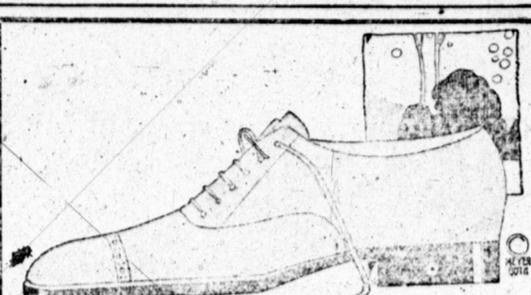

Kansas City Produce. Kansas City, May 7.—Butter and poultry unchanged. Eggs, fresh 31. Potatoes \$1.00 to 1.25.

New York Stocks. New York, May 7.—Further heavy buying of United States Steel at an extreme advance of a large fraction to 100 1/2 was the striking feature of the early dealings on the stock exchange today.

Equipment and metals monopolized the dealings of the mid-session. U. S. Steel, continuing its ascent with 1 1/2 from 97 to 100 1/2, was the latter gaining 1/4 points. Improvements in copper was limited to a point, despite a large turnover.

IRELAND REMAINS QUIET IN SPITE OF DRAFT BILL

By Associated Press
London, May 7.—Ireland remains remarkably quiet, says the Dublin correspondent of the Daily Mail in reporting on conditions there incident to the anti-conscription campaign.

"Although the country is raising, he adds, an enormous national defense fund which is ostensibly being collected to fight conscription, it apparently does not prefer to accept responsibility for the manner in which the money is spent and control of the fund has passed into the hands of the Sinn Fein.

Irish Episcopale Is Issuing Denial That Vatican Controls It

DUBLIN, May 7.—Denial that the Irish Episcopale is influenced by the Vatican in opposing conscription was made in a speech at Thurles Monday by the Most Rev. John Hart, archbishop of Cashel.

"If they appeal to the Holy See it is not the Irish bishops who will suffer," he said.

Revolt in Austria Is Being Threatened Says Swiss Newspaper

Berne, Switzerland, May 7.—Labor and socialist organizations in Austria threaten revolt against the government action in suspending parliament, Swiss newspapers print a telegram from Vienna quoting the sozial Demokratische Korrespondenz to the effect that a committee of the socialist party and a committee of the German socialist deputies club have decided to issue a manifesto to the working class in regard to the government action in which the following declaration will be made.

"If absolutism is re-established out of regard for jingoism which is prolonging the war, the working class will be forced to fight for their rights."

The manifesto concludes by exhorting the workers to hold themselves ready to fight if necessary.

The socialist Arbeiter Zeitung of Vienna describes as childish and criminal the government's idea that it can soothe the passions of the mob and solve a crisis by simply procuring parliament. It warns Premier Von Seydewitz and those behind him that they are on the brink of a precipice.

SINKING ANNIVERSARY OF LUSITANIA BRINGS MESSAGE FROM RHONDDA

By Associated Press
London, May 7.—In connection with the national war bond campaign, Baron Rhondda the food controller, who with Lady Mackworth, his daughter, was aboard the Lusitania when she was torpedoed three years ago today, has sent the following message to the national war savings committee.

"Today is the third anniversary of the sinking of the Lusitania. Many events and many emotions have come upon us since then. One's memory is laden with incidents that have stirred the surprise and anger of the civilized world. It still will keep in remembrance the tragedy of the Lusitania, a tragedy enacted by an emperor and a people who flung to the winds all restraint of honor and chivalry. The Kaiser will be known in time to come as the Herod of the Twentieth century who caused Rachel to weep for her children.

"Worse even than the sinking of the vessel was the sinister way in which it was planned and the shouts of exultation that afterwards swept through Germany. A medal was struck—a medal in commemoration of a crime. To rejoice in doing evil is surely the depth of degradation.

ANNIVERSARY OF SINKING COMMENTED ON ABROAD

London, May 7.—The Lusitania anniversary is commemorated by the newspapers today with big captions and special articles recalling the crime which the British public is not likely to forget.

The Daily Graphic in an editorial, laments that the public apparently is becoming dulled to the horror of the Lusitania atrocity. It asks why there is not a commemorative procession this year as there was last year. If there is not, it asks, will its absence not be proof of the extent to which Germany's crimes against humanity have deadened the world's sense of tenderness.

"Corn-Less Day" for Feet, Every Day

Use "Gets-It," the Great Corn Discovery! Makes Corns Peel Right Off!

Look at the illustration below. See the two fingers peeling off a corn as though it were a banana peel! And the man is smiling while he's doing it! All about painless joy! The moment "Gets-It" touches a corn or callus the growth is doomed. It takes but two seconds to apply "Gets-It." The corn-pain is eased at once. You can sit at your desk or walk about, dance, think, love and work with absolute ease. You can apply "Gets-It" conveniently almost anywhere where you can take your shoe and stocking off for a moment or two. "Gets-It" dries at once; then put your shoe and stocking on again. There's no further excuse for suffering from corns and corn-pains.

"Gets-It" is sold at all druggists (you need pay no more than 25 cents a bottle), or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Wichita Falls and recommended by Palace Drug Store, Mack Taylor's Drug Store, The Miller Drug Store.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Wichita County (Gre along): YOU ARE HEREBY COMMANDED, to summon May Jackson by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the 30th District Court of Wichita County, to be holden at the Court House thereof, in Wichita Falls, on the 3rd Monday in June A. D. 1918, the same being the 17th day of June A. D. 1918, then and there to answer a petition filed in said Court on the 27th day of April A. D. 1918, in a suit, numbered on the docket of said Court No. 6268, wherein J. H. Jackson is Plaintiff, and May Jackson is Defendant, and said petition alleging, That plaintiff was lawfully married to defendant about August 10, 1913; that she continued to live together as husband and wife for about two years, during which time plaintiff provided for and treated defendant with kindness and forbearance.

That about September 15, 1915, defendant left all love for plaintiff and began living with another man by the name of John Lucas, and soon thereafter she ran away with him, that by reason of defendant living in adultery with said Lucas her further living together as husband and wife has been rendered insupportable. That defendant place of resident is unknown to plaintiff.

Wherefore plaintiff prays that defendant be cited by publication to appear and answer herein; for judgment dissolving the bonds of matrimony now existing between them, for costs of suit, etc.

HEREIN FAIL NOT, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Wichita Falls, this 23rd day of April A. D. 1918.

A. F. KERR, Clerk, District Court, Wichita County. 4-29; 5-14, 21

German's Are Unable To Suppress La Libre Which Ridicules Them

Associated Press Mail Correspondent. Paris, April 26.—The German administration in Belgium have suffered another bitter disappointment in their efforts to rid themselves of the secret newspaper La Libre Belgique, which has stung editors and laughed at them ever since they occupied the territory of the brave little kingdom.

With every evidence of pleasure the Germans announced recently that they had arrested three Belgian priests, and three civilians and that they had behind the bars the editors, publishers, printers and distributors of the secret paper. One of the priests, Denis was condemned to death, according to information received by the Belgian government. The others received prison sentences aggregating many years.
