## Huns Continue to Make Gains at Center Of Line in Face of Tremendous Losses

### WILSON'S ADDRESS MEXICAN EDITORS IS MADE PUBLIC

ONE OF MOST IMPORTANT WAR  
UTTERANCES OF PRESIDENT  
IS REVEALED.

### TALKS WITH CANDOR

Says Trust and Confidence Are Es-  
sential Conditions For  
Peace.

By Associated Press  
WASHINGTON, June 11.—President Wilson's address here last Friday to a party of Mexican newspaper editors, which was given out here today for publication in the United States, is expected to be recognized as one of his most important war utterances. It dealt almost wholly with Pan-Americanism by agreement among pan-Americans and it was obvious the President took the opportunity to send back to the Mexican people through ninety or more representative newspaper editors a personal message to emphasize the disinterestedness of the United States in all its part of the fight for world democracy.

### AMERICAN TROOPS DOMINATE THEIR ADVERSARIES

By Associated Press  
PARIS, June 10.—The French government tonight issued the following statement regarding the American troops:

"With strong will and irresistible activity the American troops continue absolutely to dominate the adversaries they oppose. Details of frequent operations northwest of Chateau Thierry have an importance which, thanks to the liaison existing between the two armies is of the highest degree and the results of which have already been felt."

### FALL DECLARES WILSON REFUSES TAKE CONGRESS INTO HIS CONFIDENCE

By Associated Press  
WASHINGTON, June 11.—Supporting in the Senate today the appeal of Senator Borah for public discussion of treaties, Senator Fall, republican, called attention to a newspaper report that Justice Brandeis of the supreme court and Colonel Edward M. House were advising the President as to a war declaration against Turkey and Bulgaria and declared if true it indicated irregularities in the conduct of the government's diplomatic affairs. The report he said, had not been denied.

### BATTLE WILL BE DECISIVE ONE OF YEAR

By Associated Press  
FRENCH HEADQUARTERS IN FRANCE, June 11, (via Ottawa).—The enemy succeeded at an immense cost in pushing his advance from a mile to three miles deeper into the Allied front yesterday. At Marquise, the southernmost point of the salient, he was about seven miles from his starting point.

### IRVING DARLING AMBUSHED—TWO ARE UNDER ARREST

By Associated Press  
FORT WORTH, TEX. June 11.—At 2:30 this morning, Irvin Darling, twenty-year-old son of Lee Darling, was shot from ambush near his home eight miles west of Bowie, Irvin Darling and Fred Darling were returning home from Bowie in an automobile, when near home a shot came from the roadside, taking effect in Darling's left shoulder blade, killing him instantly. Porter Wilson and Eugene Vrey are in jail at Montague.

By Associated Press  
PARIS, Monday, June 10.—Praise is given the marines and other American troops who took part in the fighting last week northwest of Chateau Thierry. In an official statement issued tonight giving a summary of the operations there, it is declared that with "strong will and irresistible activity" the Americans continue absolutely to dominate the adversaries they oppose.

### BERLIN CLAIMS AMERICAN LOSSES WERE VERY HEAVY

By Associated Press  
AMSTERDAM, June 11.—The semi-official Wolff Bureau of Berlin comments, in a message dated Monday, upon American operations along the northern coast of the Marne and the Oise, claiming the defeat of the Americans in sanguinary fighting. A conspicuous part is attributed to an American "naval brigade" and it is claimed that successive waves of Americans attempting to carry Bellau wood were virtually wiped out by the German machine gun and artillery fire which was withheld until the American troops were close at hand. The dispatch reads:

### SAMMY IS BEST FED FIGHTING MAN OF WHOLE WORLD

By Associated Press  
CHICAGO, June 11.—America's soldiers are the best fed fighting men in the world, the convention of the American Medical Association was told by Dr. John R. Murlin, advisor to the war department on matters of diet. Dr. Murlin's statement was based on scientific analysis of the foods served to the Americans.

By Associated Press  
PARIS, June 11.—All the advices from the battle front show that the enemy is putting forth every possible effort in his design to push toward Paris through division after division into the melting pot. So far he has succeeded, in two days of fighting, in carrying forward his line at the maximum point of advance, six miles, a distance of six miles. In this he has been materially aided by a considerable number of tanks which the French artillery was at first unable to demolish.

### RUSSIAN CADETS APPEAL TO U.S. FOR MILITARY AID

By Associated Press  
WASHINGTON, June 11.—An appeal to the United States and the Allies to send an expeditionary force to Russia to repel the German invaders, forwarded by the central committee of the cadet party in Russia, was transmitted to the state department today by the Russian embassy. It is asked that the expedition if sent be under international control to guarantee the rights of Russia.

By Associated Press  
PARIS, June 10.—The French government tonight issued the following statement regarding the American troops:

### BATTLE HAS ENTERED MOST CRITICAL STAGE WITH ALLIES UNBEATEN

The Associated Press war summary today says: Moving with steadiness, despite frightful losses, the Germans, in their plunge southward on the line from Noyon to Montdidier, continue to gain here and there in the center of the line, where their greatest effort has been exerted and where the French resistance might have been expected to be most stubborn. The enemy's greatest advance is at Vignemont, six miles from the line as it stood last Saturday.

The French have counter attacked on the left of their line, which may be an indication that they have reached the front where they will stand. This line seems to be along the Aronde River, a small stream flowing west and northwest from the Oise, and roughly paralleling the line of the advance. The Germans, according to the official statement issued by the French war office, reached the "vicinity" of this stream. The French immediately attacked and drove the enemy back to the line passing through Belloy, south of St. Maur, south of Marquise and Vandeleucourt. The village of Mery, west of Belloy, was retaken by the French Monday night.

This part of the battle front, however apparently is not the most menacing to the French. It is further east that the Germans seem to be making their most telling gains. Here, along the right bank of the Oise, they have reached Antoval, a village which lies on the crest of the hills above the important town of Ribecourt, lying on low flat lands west of the Oise. The French admit that their line of resistance to the west and south of Ribecourt has been withdrawn in consequence.

The withdrawal has not resulted as yet, according to reports, in the Ourscamp and Carlepont forests, strong positions from which the French defended their positions in the earlier attempts of the Germans to cross the Oise south of Sempiigny.

On the western wing the French line holds steadfast and heavy and continuous attacks have no impression on it. On the east the Germans have advanced from several hundred yards to a mile, the greatest gain being on the right center in Thiescourt wood from which they are reported to have debouched.

Added to the fierceness of the fighting is the fact that artillery is being used in great numbers by both contending armies. The French gunners, reports agree, have reaped a heavy harvest from the advancing enemy columns. Villages changed hands repeatedly and the French war office says the French troops fulfilled with tenacity their mission of resistance.

On the British front there have been only raids and normal artillery activity. On the American sector north-west of Toul the artillery fire has increased somewhat but no infantry activity has yet developed.

The principal German effort was directed against the center. Attacking with heavy forces, the enemy drove back the French as far as the region of the Aronde River, but by a brilliant counter attack the French hurled back the enemy all along this front and re-established their line south of Belloy at St. Maur, south of Marquise and at Vandeleucourt.

"Last night another minor operation was undertaken with complete success by Australian troops in the

### OFFICIAL BULLETINS Tell Battle's Progress

AMERICAN  
By Associated Press  
WASHINGTON, June 11.—General Pershing's communique for yesterday reads:

FRENCH  
By Associated Press  
PARIS, June 11.—The German drive between Montdidier and Noyon continued unrelentingly last night, says today's official report. On their left the French offered effective resistance. They re-captured the village of Mery.

# MORE THAN 700,000 AMERICAN TROOPS ARE NOW IN FRANCE

By Associated Press  
WASHINGTON, June 10.—More than seven hundred thousand soldiers have gone overseas to carry to France the encouragement and assistance which Lafayette and Rochambeau brought to America. Secretary Baker told the French Alpine Chasseurs in bidding them farewell here today at the Base of the Washington Monument.

The War Secretary's last announcement some weeks ago concerning the size of the American forces abroad said that five hundred thousand had sailed for the battle front.

The Alpine Chasseurs, better known as the "Blue Devils of France," came to America to assist in the Third Liberty Loan campaign and since have toured the south and middle west. They were reviewed and received by the Secretary of War today before leaving for Baltimore, New York, and Boston en route back to their native land.

"You soldiers of France," said Mr. Baker in addressing the Chasseurs, "came to this country in order that the people of America might see with their own eyes in your presence the kind of men who have written a new page in the record of human heroism and success. You were welcomed in this country from one end of it to the other. The hearts of our people went out to you and to your people. As the embodiment of the determination, the courage and the heroism of France, you have been accepted and received. Nearly all of you, I am told, are battle-scarred veterans. You are the embodiment of an army which has never known defeat and you are representatives of a people who would rather die than not be free."

"You are going back to your own country—still, thank God, your own—and when you get there you will find the small beginning of our American forces which you left there has grown into a mighty manifestation. When you left France the American Army was there in small representation, but now more than 700,000 Americans have sailed from their shores to carry back to your army and your people the encouragement and the assistance which Lafayette and Rochambeau brought to America in the early and struggling days of American Freedom."

"They are trying to learn from you, emulating the virtues which you have exemplified, learn the art of war as you have learned it, in the hard school of strenuous achievements. They and you are about to accomplish the great wonder in the world of winning a victory which will forever set the stamp of mankind's approval upon the true theory of civilization."

"Instead of believing in mere physical force, hereafter we are going to believe in the strength of moral force instead of diversing the things of a moral character. I trust you will have a safe and pleasant journey home. I know where your hearts are. They are in the trenches where danger lies and no doubt many of you will return to these exhilarating and ennobling experiences which soldiers have. I trust that when this great war ends each of you will be alive and well to share the glory of your success and to bid a kindly farewell to the American soldiers who leave your country to return home."

# AMERICAN WOMEN HEROINES OF MARNE DRIVE

American women worked twenty-four hours a day, and saved untold lives of American soldiers fighting on the Marne. The names of these heroic women are—Mrs. Herbert G. Squiers, Miss Hoyt Wilberg, Susan Willis, Mary Withers, May Hammond, Miss Taylor and Miss Meunier, the two latter from Miss Ann Morgan's unit. "Oh, if America only knew what we know, she would rise in her full strength and kill every German in the world!" said Mrs. Squiers. "We know the Hun and what they are." Mrs. Squiers says that nurses and physicians are started at the rapid development of gangrene in the patients. It develops within a few hours and when sequent before three days. They think a new German gas induces this condition. A physician said to me:—"It is just another piece of German fiendishness."

In order that as you speed the parting guests you may emphasize the emotion which I have tried to express.

# STEAMER NEW SWEDEN SUNK BY SUBMARINE

By Associated Press  
AN ATLANTIC PORT, June 11.—The Swedish steamship New Sweden, a passenger and freight vessel of 3,319 tons gross register, owned by the Swedish-American Lines, was sunk by a submarine May 29 in Mediterranean waters. It was learned here today from twelve members of the crew who arrived as passengers on a French vessel. The New Sweden was built in 1912 as part of a fleet designed to run between Gothenburg, Vera Cruz, Galveston and New York. Prior to the war she made several trips in the service but was afterward withdrawn and entered into the Swedish East Asiatic trade.

# ACCIDENTS CAN NOT BE AVOIDED AVIATORS SAY

Associated Press—Mail Correspondent.  
AN AVIATION CAMP IN FRANCE, May 4.—Criticism in one American newspaper of the American Air Service on the ground that there has been an unnecessarily large number of accidents has evoked a retort from the aviators in training here. Records show, says the aviators' organ that about sixty men "made the supreme sacrifice" last year while in training. One American newspaper, it asserts, has endeavored to account for these fatalities as having been caused by "cramped space" which the men have to fly in and has asked whether the supervision of our aviation camps is in the hands of officers who know their business.

"Only a small percentage of the fatalities have been caused by collision and other causes were of various nature which were beyond any government control," says Plane News. The majority of instruction centers have outlying fields where men in the various stages in training are confined.

"The officers in charge are as competent as can be had. Many are West Point men of long military training and nearly all have become expert aviators themselves. They know, if anybody ever will, the dangers of flying and the necessary precautions to take. 'Tight places' are bound to confront every pilot in the course of his training and are the finest 'examples' in the world if the aviator is able to navigate the danger with success. For it gives him the needed confidence for similar experiences in the future. Safe flying is largely a matter of intuition, which sense can only be acquired through constant practice of long duration."

"The training of an aviator, from the beginning, assumes practically the same dangers as actual service in the air at the front, which is not the case in the training of any other branch in the service. Therefore it is little wonder that the loss of a few men in training should stir the public to believing that carelessness has had its part in causing the losses."

"The machine a pilot begins on is safer than each succeeding machine he is taught to handle and it is significant to note just what training will do for the flyer. For instance, the casualties for the most part come when the pilot is operating the largest and safest planes. Few casualties are recorded of the lighter and faster types which are exceedingly hard to handle and susceptible to the least wrong move on the part of the pilot.

"Considering that in practice there is practically the same danger element as there is in flying at the front, the percentage of casualties is very low in comparison to the great number of flyers in training. Were the actual figures made known of just what is being accomplished in daily flights, landings, mileage and acrobatics, surprising facts would be revealed as to just how wonderful a progress is being made in American aviation with such little loss."

# LONDON PAPERS WARMLY EULOGIZE WILSON'S ADDRESS

By Associated Press  
LONDON, June 11.—President Wilson's address to Mexican editors in Washington last Friday is commented upon with high appreciation by the newspapers here.

The Daily News says that President Wilson in his speech "revealed himself as the architect of the world's future." It warmly eulogizes the president's sagacity as well as the justice of his policy in making the redemption of Russia a fixed and unalterable purpose of the war.

"The President says the Daily Chronicle has reason for the claim that the United States is setting a memorable example of disinterestedness and that such an attitude takes away ground for suspicion in seeking a mutual understanding among nations. The Daily Telegraph declares that upon such altruism alone can an enduring peace be founded."

"The Times compares the president's speech with the recent statements of Herr Von Payer, the German vice-chancellor and says: 'No contrast could be stronger. The President talks of liberty, justice and law. The vice-chancellor looks forward to a world in which the unified armies of Germany and Austria-Hungary will still impose their orders on a submissive Europe.'

MARINES CARRY BASEBALL HUMOR INTO TRENCHES  
PARIS, June 11.—Marines have carried their baseball humor into the dugouts and trenches of France. "When the German shells burst about us the fellows call out 'strike one' or 'ball one,' and when a shell lands uncomfortably close, they shout 'fair ball.'"

This is disclosed by Private Arthur N. Fauble in a letter to his father, William Fauble, Northfield, Ohio. "For a time the Sea Soldiers had great fun at what they called the 'international world's series' but officers admonished them that their exclamations did not conform to trench etiquette."

PRESIDENT WILSON'S GREAT SERVICE.

The great service which President Wilson has done for the American people is to renew and invigorate their belief in their high standards of public morality, says the World's Work in its leading editorial this month.

His faith has given him a commanding hold on American public opinion. It has also given him a powerful place—not the exclusive and dominating place the cables would lead us to think but none the less a powerful place—in public opinion abroad.

This puts the United States in an advantageous position in a war for democracy and fair dealing. If we wish to set forth high standards of commercial dealing, and of relations to weaker countries, we can set the standard and gain not only the thanks of smaller nations but of every great nation that believes in fair dealing as well.

But if we announce our policy and trust its enforcement to the merits of the policy and our sincerity in making it, no other nation will join us and take up the task of defending our convictions. We have put great trust in the virtues of importance. They have not availed. We have been forced to fight for the existence of civilization.

WAR DEPARTMENT TO TRAIN 100,000 MEN AT COLLEGES. By Associated Press. COLLEGE STATION, TEX., June 11.—Three hundred and seventy auto mechanics, blacksmiths and machinists completed two months training at A. & M. The detachment will be replaced by 750 more men.

THIS IS A TIME WHEN KINGS MUST STICK TOGETHER. SO WROTE AUSTRIAN EMPEROR TO KING FERDINAND OF RUMANIA. Associated Press Mail Correspondent. LONDON, May 31.—A private and secret letter written to King Ferdinand of Rumania by Emperor Charles of Austria-Hungary in the latter part of February, marked the turning point in Rumania's participation in the world war and was one of the deciding factors in the long series of intrigues which eventually broke the spirit of the Rumanian king.

Under this outside pressure King Ferdinand changed from an ardent supporter of the war against Germany into a lukewarm and vacillating opportunist and finally into a disingenuous peace advocate. "This is a time when kings must stick together," was the most striking sentence of the letter of Emperor Charles. The letter never has been published and its existence up to this time has been known to only a few persons outside the emperor's court in Rumania.

WILSON'S ADDRESS MEXICAN EDITORS IS MADE PUBLIC

(Continued from page 1.) that everybody who comes into contact with the American people knows that I am speaking their purposes. As a concrete example the President referred to his declaration that he intended to stand by Russia. "We cannot make anything out of Russia," he said. "We cannot make anything out of standing by Russia at this time—the most remote of the European nations so far as we are concerned, the one which we have had the least connections in trade and advantage—and yet the people of the United States rose to that suggestion as to no other that I made in that address. That is the heart of America and we are ready to show you by any act of friendship that you may propose our real feelings toward Mexico."

ACoustical DEFECTS TO BE REMEDIED. The county commissioners' this morning awarded a contract to the Johns-Manville Co. for treatment of the walls and ceiling of the county judges' office, commissioners' court room and county court room for remedying acoustical defects. The contract price was \$1240 to be paid when the work is completed.

Spare the Ice and Spoil the Food

It is mistaken economy to fool your refrigerator with an inadequate supply of ice. It is just as reasonable to expect to keep the house warm in the winter with a skimpy helping of coal in the furnace, as it is to expect that your refrigerator will do its important work with a meager supply of ice. In the hot summer days the whole family life centers about the refrigerator. It is the most important factor in keeping the folks comfortable and healthy.

Spare the ice and spoil the food. Spare the ice and even the perishables that are not spoiled will be rendered unpalatable and unfit for use. Ice costs so little and yet what contributes so much to our comfort and pleasure these hot trying days? Use it freely. The most economical way to run your refrigerator this summer is to take the same amount of ice at the same time each day. In that way the temperature is kept low every hour of the 24 and your ice will last longer.

By the way, if you are not using our Coupon books get one today from the driver. It is the easiest way to buy ice—and you get MORE ice for your money.

Market Report

Cotton Market

By Associated Press NEW YORK, June 11.—Cotton futures opened steady, July 25.73; October 24.30; December 23.90; January 23.75.

The cotton market showed continued irregularity early today. The covering movement inspired by unfavorable crop accounts appeared to have pretty well run its course yesterday and the demand for new crop positions was less active.

The strength of the new positions stimulated demand for new crop months during the middle of the morning. July sold up to 26.05, or 57 points net higher while October sold 24.70, or 27 points net higher.

New Orleans Cotton.

NEW ORLEANS, June 11.—The cotton market opened steady, January 22.91; March 22.88; July 26.60; October 23.47; December 23.30 asked.

Liverpool Cotton.

LIVERPOOL, June 11.—Cotton spot steady; prices unchanged. Good middling 22.56; middling 21.93; low middling 21.41; good ordinary 20.41.

Grain Market

By Associated Press CHICAGO, June 11.—Eastward extension of the warm wave had a bearish influence today on the corn market.

The fact that receipts continued liberal notwithstanding an expected falling off, operated also as a depressing factor. Opening prices, which varied from the same as yesterday's finish to 3/4 cent lower, with July 1.39 1/2 to 1.39 3/4, and August 1.40 1/2 to 1.40 3/4, were followed by a moderate rally and then a decided downward swing.

Table with columns: CORN, OATS, PORK, LARD. Rows for June, July, August with prices and changes.

Kansas City Cash Grain. KANSAS CITY, June 11.—Corn number 2 mixed 1.61@1.63; number 2 white 1.84@1.86; number 2 yellow 1.60@1.62.

Chicago Produce.

CHICAGO, July 11.—Butter, higher; creamery 34@42. Eggs, unsettled; receipts 33,400 cases; firsts 30 1/2@32 1/2; ordinary firsts 26 1/2@30 1/2.

BLACKARD BROS.

710 9th Street. For your groceries, fresh meats, nice fresh vegetables, fruit, etc. Free delivery to any part of the city.

New York Stocks

NEW YORK, June 11.—Coppers, tobaccos and oils were the outstanding features at the firm opening of today's stock market, equipments and rails also making gains.

The market hardened again in the early afternoon, rails and steels contributing substantially to the general improvement. Shippings also registered noteworthy recoveries and tobaccos were strong.

Livestock

Fort Worth Livestock. FORT WORTH, TEX., June 11.—Cattle, receipts 2,500; slow. Hogs,

\$8.00@16.25; stockers \$7.00@10.00; heifers \$8.00@10.50; cows \$6.00@9.50; bulls \$7.50@9.25; calves \$7.00@13.00.

Kansas City Livestock. KANSAS CITY, MO., June 11.—Hogs, receipts 15,000; 25 lower. Bulk \$14.00@16.60; heavy \$16.50@16.70; light \$16.30@16.55; pigs \$16.00@16.75.

What the Leaders of Our Government Have To Say About "the Chautauqua and the War"

SECRETARY OF WAR BAKER SAYS "I am constantly facing the splendid results of the work done by the Chatauquas in this country in creating and sustaining a sound patriotic public feeling, and in carrying forward the great national enterprises which the Government is necessarily bringing to the attention of our people, and I want you to know that as an officer of the government I not only appreciate the importance of the lecture platform as a means of communication and expansion, but also appreciate the work which you and your associates are doing as a contribution to our national cause."

THE WHITE HOUSE WASHINGTON. My Dear Mr. Flowers: It has been on my mind for some time to thank your organization for the very real help it has given to America in the struggle that is concerned with every fundamental element of national life. Your speakers, going from community to community, meeting people in the friendly spirit engendered by years of intimate and understanding contact, have been effective messengers for the delivery and interpretation of democracy's meaning and imperative needs. The work that the Chautauqua is doing has not lost importance because of war, but rather has gained new opportunities for service. Let me express the hope that you will let no discouragement weaken your activities, and that the people will not fail in the support of a patriotic institution that may be said to be an integral part of the national defense. Cordially and sincerely yours, WOODROW WILSON.

VICE PRESIDENT MARSHALL SAYS "I have great confidence that a large majority of people want to do right and, in their relations to the Government, they will do right whenever put in possession of the facts. There is no place where more good can be done to the Government and to the cause than upon the Chautauqua platform. The people who need information will be there and, more and more as the years go by, persons who can get it are availing themselves of that avenue." W. G. McADOO In a letter to Chautauqua and Lyceum lecturers said: "I am deeply grateful for the effective services you rendered to the country during the first and second Liberty Loan campaigns. Your constant touch with the large and intelligent element of our citizenship which has made the Chautauquas a distinct feature, as well as a potential intellectual factor, in our public life, enables you to speak with great authority and conviction about the important problems arising out of the war and the patriotic duty which every citizen owes to his country in this perilous time. "May I not take advantage of this enviable position you occupy to enlist your continued support and assistance in the patriotic work of the hour, and particularly to have you lend your best efforts toward making the fourthcoming Liberty Loan as successful as the two preceding ones!"

### KELL WILL SPEAK

At Conclusion of Program Bank Will Be Organized by Election of Officers.

The organization and formal opening of the Wichita Falls War Savings Bank will be held at the bank at eight o'clock this evening.

Frank Kell is the speaker of the evening, and will discuss war conditions. The city band will open the program, which includes readings by Misses Marjorie Hines and Elizabeth Couper, and the election of officers and directors of the bank.

### FREIGHT INCREASE TO COST WICHITA COUNTY \$40,000

The twenty-five percent increase in freight rates soon to go into effect will cost Wichita county approximately \$40,000 in added costs in building its million dollar road system, according to the estimate of County Road Engineer Crockett given the commissioners court this morning.

The increased freight rates will make the gravel so costly that the commissioners decided to defer letting any contracts for the gravel at this time and this morning authorized the road engineer to proceed with grading all the roads in the system and in building all the concrete culverts and bridges.

### ASSOCIATION RESOLVES THANKS LIBRARY DONORS

Plans for the formal opening of the new Kemp Library were discussed at the called meeting of the Library Association held at the First Methodist Church, South, on Monday afternoon. The program for the opening will be held at the library at 7:30 Friday evening, June 14, and will include an address, musical numbers by the school children of the city, and a flag raising ceremony.

The report of the executive committee of the association was read and adopted at the meeting Monday and the report of the committee on by-laws and regulations also adopted Monday was the last meeting of the Library Association, is being now dissolved into the executive board. Resolutions thanking Mr. and Mrs. J. A. Kemp for the gift of the library were voted as follows:

Text of Resolution. Whereas Mrs. J. A. Kemp out of the goodness of their hearts, and moved by their love for the city of Wichita Falls, has so graciously loaned to our city the long wished for and needed library; Be it Resolved: First, that we, the Library Association, take this opportunity of expressing our appreciation and gratitude for so generous a gift; second, that we as individuals, feel ourselves obligated to support and carry on this great institution for the betterment and uplift of our citizens; third, that we extend thanks to Mrs. C. W. Snider, chairman of the Library Association, whose untiring efforts have furthered the movement; also to the ex-mayor, Chamber of Commerce, the clubs of the city, and all who have in any manner assisted in the worthy enterprise.

Respectfully submitted, Mrs. C. B. Montgomery, Mrs. J. C. A. Guest, Mrs. D. H. Whitney, Resolution Committee.

### Harrison Tent Show Has Again Postponed Opening

Difficulties experienced in changing the location of the tent have made necessary the postponement of the opening of the Harrison Theater company, announced for this evening, until Wednesday evening. Mr. Harrison states that he found the ground rough and unsuitable and rather than open before the theater is well prepared, has decided to postpone the date another twenty-four hours. Mr. Harrison is promising something out of the ordinary in the tent theater line and invites the public to see what he considers the best in his line.

### LONG BEACH, CALIF. GIVES TRIBUTE TO CAPTAIN FALLON

Following his address, "Fighting Through Hell," delivered during the stay of the Redpath-Horner Chautauque in Long Beach, California, Captain Fallon, wounded in action on the Somme front, now with the chautauque working toward winning the war, received the following tribute from the Liberty loan committee at Long Beach:

Long Beach owes you a debt of gratitude she can never repay. You have endeared yourself to those of us who have had the pleasure of hearing your message. This message has inspired us and has given new impetus to the ever-rising spirit of the community. We are aware, Captain, for you have shown us our duty and our responsibility. We have been slow, perhaps, in coming to the aid of our brothers who have been sacrificing their lives and blood to hold the wild beasts of Germany at bay, but the good God in Heaven whose hand is guiding this conflict of His great army against the army of Hell chose one of His best soldiers as a messenger of America.

Captain Fallon, author, student and soldier, we think God for sending you to Long Beach. Your message has touched the heart of this city as it has never been touched before. For when your work is finished you will come back to us who love you dearly. God bless you, Captain Fallon.
