PRISONERS CAPTURED BY FRENCH

By Associated Press
LONDON, June 13.—(British Admiralty per Wireless Press.)—The military correspondent of the British wireless service writes from the front that yesterday was a day of success for the Allies. In the actual battle area the French by a counter attack between Meuse and Antheuil drove the enemy back nearly two miles on a front of five miles, causing the further severe losses and capturing 1,000 prisoners.

Immediately south of Noyon the French evacuated the salient around Carlepont in order that they might move on their own accord to rectify their line. They administered a resounding blow to the enemy, who advanced and drove him back to the high ground near the Oise river.

Further north, in the Amiens sector between the Somme and the Ancre rivers, the Australians once more advanced their lines at Morlan-court.

South of the Oureq river and northwest of Chateau Thierry the American troops have carried out a successful operation, taking Bellau wood with over 300 prisoners.

CHARGE BRITISH SUNK GERMAN HOSPITAL SHIP

By Associated Press
AMSTERDAM, June 13.—An apparently inspired official statement is published in Wednesday's edition of the Cologne Gazette, a copy of which has been received here, which seeks to make Great Britain responsible for the sinking of the hospital ship, Konigen Regentes. It cites a report that British naval forces, including a monitor with a captive balloon cruised around hospital ships in the vicinity of the disaster.

LONDON, June 12.—With reference to the statement in the Cologne Gazette concerning the Konigen Regentes, the secretary of the British navy states that no British naval forces of any description were in the neighborhood of the Konigen Regentes when she sunk or at any time during the passage of the hospital ship.

LOYALTY PLEDGE WILL BE ASKED OF TEACHERS

By Associated Press
AUSTIN, TEX., June 13.—Trustees of the various schools throughout the state will be asked by the state board of education to have all teachers sign a "loyalty pledge" before beginning their duties next fall. The state board at a meeting today adopted a resolution to that effect.

The board also purchased \$50,700 five per cent common school district bonds for the benefit of the permanent school fund.

RAILROAD TRESTLE AT BEAUMONT BURNS

By Associated Press
BEAUMONT, June 13.—A 750 foot section of the Kansas City Southern railroad trestle, extending from the edge of the Neches River eastward, was destroyed by fire last night. There is no evidence of the origin of the conflagration, but agents of the federal department of justice are working on the case, on the theory that it was the work of an incendiary. All Kansas City Southern and Gulf Coast Line trains are detouring over the Southern Pacific to Lake Charles.

LEVEE BREAKS NEAR QUINCY, ILLINOIS

By Associated Press
QUINCY, ILL., June 13.—Loss of half a million in crops, damage to levees and to a ne wumping station resulted when the Indian Grove Levee broke three miles north of Quincy at 8 o'clock this morning. There was no loss of life or live stock. Eight thousand acres are inundated. There are 20,000 acres in the district not divided by a cross levee which is still holding.

DRAFT OFFICIAL ARRESTED AT LONGVIEW

By Associated Press
LONGVIEW, TEX., June 13.—J. C. Howard, chairman of the local draft board and former sheriff of this county, was arrested yesterday by federal authorities charged with accepting a bribe. Government detectives set a trap using relations of the registrant in order to catch Howard, who it is said had been under suspicion.

150 STOCK YARDS EMPLOYEES STRIKE AT FORT WORTH

By Associated Press
FORT WORTH, TEX., June 13.—One hundred and fifty livestock handlers and mechanics, employed here on the stockyards, walked out at noon today. They seek an eight hour day and a flat wage increase of \$1 per day. The department of labor has ordered a mediator here, Joseph Myers, to settle the strike. Only one worker is at work this afternoon on the yards.

Officials of the stockyards company said this afternoon that the strikers placed would be filled by morning and that the business of the packing plants would not be interrupted. They said the men had been on duty twelve hours a day but that only five or six hours of that time had been spent in work.

POINCARÉ SENDS WILSON MESSAGE PRAISING TROOPS

By Associated Press
PARIS, June 13.—On the anniversary of the arrival in France of the first American troops President Poincaré has telegraphed to President Wilson an expression of the admiration and gratitude for the magnificent efforts put forth by America and her allies for the conduct of the troops who are battling to give on the field of battle examples of their gallantry and bravery.

In his message President Poincaré said:

"The Allies, owing to the Russian capitulation, are living through the most difficult hours of the war but the rapid formation of new American units and the uninterrupted increase in overseas transportation are leading us with certainty towards the day when the equilibrium is restored."

President Poincaré sent a message to General Pershing, heartily praising "the gallant troops of your command which behaved so magnificently in the recent battles."

The president expresses the firmest hope in the continuation of the American successes.

WAR WILL END WITHIN THREE YEARS, SAYS TAFT

By Associated Press
ROCK ISLAND, ILL., June 13.—Former President William H. Taft said here today the war would be over and won by the time the United States had been in the conflict three years.

"It will take possibly one or two years for the United States to get started right in this conflict," Mr. Taft said. "And then probably a year or so to win and end it, that is, providing no other country hinders, in losing Russia, it hurt. The Russian situation is considered serious. If Russia turns over her resources to the enemy, it will take a little longer for us to win," he confided.

He is to speak here tonight under the auspices of the National Security League.

BOLSHEVIK MINISTER MAY COME TO AMERICA

By Associated Press
COPENHAGEN, June 13.—It is reported in Copenhagen, says a Daily Mail dispatch from that city, that M. Borovskiy-Odovsky, the bolshevik minister to Sweden, is to go to Washington as bolshevik ambassador to the United States. The minister is now in Berlin.

"I saw the man," he said, "and he is a very capable man. He is now in Berlin. He is to speak here tonight under the auspices of the National Security League."

EXPLOIT EQUIVALENT TO NAVAL BATTLE WON

By Associated Press
ROME, Wednesday, June 12.—"The splendid exploit on the Delmatian coast is equivalent to a great naval battle," says the Idea Nazionale, commenting on the achievement of Commander Rizzo.

Commander Rizzo is the same officer who entered the port of Trieste and torpedoed the Austro-Hungarian battleship Wien on December 9, 1917.

CHRISTIAN ENDEAVOR CONVENTION OPENS

By Associated Press
FORT WORTH, TEX., June 13.—Twelve hundred delegates have registered for the Texas Christian Endeavor convention which began here today.

Daniel Poling, who was to have been the chief of state speaker at the convention, will be unable to get here on account of suffering from gasping sustained while at the front in France.

San Antonio is making an active fight for the next convention.

WILL ASK APPROPRIATION OF 500,000,000 POUNDS

By Associated Press
LONDON, June 13.—In the House of Commons on Tuesday Andrew Bonar Law, the chancellor of the exchequer, is expected to move a war appropriation of 500,000,000 pounds, making the total appropriations since the beginning of war 7,342,000,000 pounds.

GERMANS PUSH DOWN MATZ VALLEY AT SEVERE COST

By Associated Press
LONDON, June 13.—The Germans at severe cost continue to push down the Matz valley where an abundance of small woods afforded maximum protection for French machine guns and artillery, says Reuters' correspondent at French headquarters, telegraphing Wednesday. Further west the French have pursued their progress on the Mery plateau and have pushed the enemy off the eastern slope into the valley.

This position, the correspondent adds, is of great importance to the enemy's advance on the center as it overlooks the Matz valley and commands the junction of the main roads between Montdidier and Beauvais, through which the enemy troops and supplies for the front in the river valley must pass.

MORALE OF GERMAN TROOPS IS SUFFERING

By Associated Press
PARIS, June 13.—The attack southwest of Soissons, on the front between the Aisne and the Marne has been broken by the violent resistance of the French says a Havas correspondent telegraphing from the front. The enemy, he says, has made progress which is absolutely insignificant at a price of heavy losses. In addition, he points out the German advance has been held up for several days and the morale of the German troops is suffering in consequence.

CLOTURE RULE FAILS TO CARRY VOTE 41 TO 34

By Associated Press
WASHINGTON, June 13.—The Senate today voted to curtail its debate during the war. By a vote of 41 to 34 a rule proposed by Senator Underwood of Alabama to limit senators to one hour and a half on a resolution or amendment, and twenty minutes on amendments except by unanimous consent was defeated.

Although the resolution's supporters had been confident it would be adopted during the spirited debate of the last few days, when the vote was taken late today a dozen democratic senators unexpectedly joined the majority of republicans opposing the rule.

ATTACKED ENEMY SQUADRON AND SIDE BATTLESHIP SUNK ANOTHER BADLY DAMAGED.

By Associated Press
VENICE, Wednesday, June 12.—Commander Rizzo tells a telegraph story of the encounter in which he sank an Austrian battleship and another Austrian battleship was either badly damaged or destroyed by a motor boat in charge of Commander Milazzo. It is possible that 2,000 sailors were lost.

"I was on patrol scout duty as usual off the Dalmatian coast near Pass Selve, between the islands of Asinello and Premuda, we said. I had just finished my patrol, and as it would soon be daylight, had turned for my base when about ten miles away I saw a great enveloping cloud of smoke. I thought at first it was some boat which had discovered me and was giving chase. I determined that the safest course was to turn back and get before it got me. After turning back I said to my two crews of ten men to each boat:

"Risk All For Glory."

"Follows, the Italian scout boats have been sailing for two years and the whole Italian navy has been trying to destroy Austrian ships for three years. Are you willing to risk all on a chance of obtaining glory and the country's gratitude?"

"To a man they answered 'Yes.'"

"We were speeding back with our motors muffled when to my amazement I discovered two battleships surrounded by a number of destroyers which later I counted as ten. I assigned the second battleship to the other motor boat while I took the first. I slipped the anchor and the destroyers between the third and fourth of these craft. I was not noticed in the light fog. The water was smooth with 500 pound charges struck first with a 500 pound charge struck first, while the second struck her just aft the second funnel. As the torpedoes exploded I saw the mighty ship tremble, two great fountains of water rose high in the air and black smoke well up from the rents in her side.

"Then I ran for 'escape' between the second and third destroyers in the line. I was discovered by the fourth destroyer, which gave chase at 15 knots and fired on me. I was too close, however to be hit. Then I dropped a depth charge bomb sack as is generally used against submarines. Fortunately I saw the flash of the destroyer. I saw her leap into the air, turn sharply and then stop, giving up the chase and permitting us to escape. I saw the various seaports and in cotton yards, due to the lack of ships and the inability of the railroads to haul cotton to eastern markets.

It is likely a conference of bankers in the cotton growing states and the cotton growers will be called for New Orleans within a month. A committee composed of Howell E. Smith, W. W. Woodson and L. H. Kempner was appointed today to arrange the conference.

SUIT TO BE FILED AGAINST CERTAIN COUNTY OFFICERS

CASE TO DETERMINE WHETHER WICHITA COUNTY UNDER FEE AND SALARY LAW.

ATTORNEY EMPLOYED

County Attorney Will Be Assisted by J. T. Montgomery in Action To Recover.

Acting upon the suggestion of E. P. Walsh, county auditor, the county commissioners in their session this week authorized the county attorney to bring suit against anyone of the county officers alleged by the county to be due the county excess fees.

It is likely that suit will be brought first against B. M. Sullard, county tax collector, whom Auditor Walsh alleges is due the county several thousands of dollars. The case will be in the nature of a test case. If it is decided in favor of the county, it is probable that suits will be filed against a number of other county officials. J. T. Montgomery will assist the county attorney's office in the case.

The officers affected have contended that Wichita county is not included in the provisions of the fee and salary bill and that they have been entitled to all the fees they have retained. In a written communication Auditor Walsh called the attention of the county commissioners to the matter. His letter follows:

Auditor's Letter. "June 10, 1918. To the Honorable County Commissioners, Wichita County, Tex. Dear Sirs:

"I call your attention to Articles 3881 to 3886 of the Revised Statutes of Texas relating to the maximum fees allowed certain county and other officers.

"The Attorney General of this state has held that the officers of this county are subject to the provisions of these articles, and that the officers named in these articles are not entitled to retain as compensation an amount in excess of the maximum amount named in an article.

"Since I have been auditor it has come to my attention that none of the officers of the county have complied with the provisions of this law, and that there is now due the county considerable sums of money by the county assessor, county tax collector, county clerk and possibly some other officers.

"In view of the ruling of the Attorney General that these Articles apply to officers of this county I think it my duty to specially call your attention to it and to request that the officers to account to the county for the excess fees received by them in their respective offices. I am unable to state the amount, any, that is due the county by the county clerk because so far as I know, he has no set of official records from which I could determine the amount of fees which he has received and the amount he has legally paid out for deputies and the hire of assistants. As to the collector of taxes, I am able to state to you definitely that both of these gentlemen have retained money in excess of the amounts which they are entitled to retain and they are now both due the county a considerable sum of money.

"According to my figures the assessor is due the county \$1300 and the collector is due the county several thousand dollars. I am not willing as auditor to permit this matter to go further without some official investigation and action by your body. I therefore request that you authorize that suit may be brought against one or all of the officers above named for the purpose of testing the question, and recovering the amounts due the county, and for this purpose I request that you employ some competent attorney to institute such proceedings and prosecute the same to a final judgment. I will be glad to have you take some official action upon this communication, as in writing this letter I am simply performing what I believe to be my sworn duty. I wish you to take such action in the premises as you believe is required.

Court's Order. The court adopted the following order: "It is ordered by the court that the county attorney is authorized to enter suit against any one of the county officers alleged by the county auditor to be due the county excess fees. Said suit to be instituted on a contingent fee of 10 percent of what is recovered.

"The county attorney will not file the suit until the county auditor is hereby authorized to employ some competent attorney to file said suit on a contingent fee of 10 percent of what is recovered, said suit to be instituted in accordance with the statutes of Texas.

KERENSKY REPORTED ON WAY TO FRANCE

By Associated Press. A PACIFIC PORT, June 13.—A. Konovloff, former Russian minister of commerce, who has arrived here on his way to Washington, London and Paris, said that the former Premier Alexander Kerensky is on his way to France.

Konovloff served as minister during Kerensky's administration and for a time was vice president of the cabinet. He was once vice president of the Duma during the Romanoff rule. The last I heard from Kerensky was through an indirect source. He said today: "At that time he was in Norway and was trying to reach France."

COUNTY CHAIRMAN HUFF URGES WOMEN WHO ARE DEMOCRATS TO REGISTER AND VOTE IN PRIMARY

Wichita county women who expect to vote in the democratic primary in July are advised to register. The county tax collector's office will be open from June 27th to July 12th for the registration of women voters.

E. Huff, chairman of the democratic county executive committee, has issued a statement addressed to the women of the county urging that they register and participate in the primary. He has, however, made it plain that only women who are democrats are expected to vote in the democratic primary.

His statement follows: To The Democratic Women of Wichita County: By an act of the last Legislature women who believe in the principles of the Democratic party are authorized to vote in the Democratic primary election in July for the nomination of candidates. While this privilege was sought by very few women of the county, yet as the law has conferred on you the right to do so, in my opinion it is the duty of every patriotic woman to exercise that right.

The County Tax Collector from June 27th to July 12th inclusive will have his office open for you to register for the coming election and I earnestly recommend that you register and vote. Women who are not Democrats are neither expected nor allowed to vote in the Democratic primaries. R. E. HUFF, Chairman, Democratic Executive Committee, June 13th, 1918.

WHAT HAPPENS TO SELECT MAN WHEN HE ARRIVES AT TRAINING CAMP

FORT WORTH, TEX., June 13.—A good soldier is made, not born. They used to think the best soldiers were born with the fire of military genius; lacking which it was possible to make him into the best quality of war material. But in Camp Bowie as well as the other government camps where national army men are being received, the work of making soldiers is progressing daily, much more successfully than anyone believed possible.

But before the draft men get to be the perfect fighting machine that the United States needs, he has much to learn and much to unlearn. There are nearly 100 steps necessary before he does the khaki and by the time he is ready to pin the U. S. on his army shirt the army recruit has a right to be bewildered.

The eighteen biggest steps, all having subdivisions, from the time the soldier is ready to register to a useful part of the army, have been outlined by Captain W. B. Pinney, commanding the detention camp here. They are: registration, drawing of number, physical examination, acceptance, notification of service, induction and papers, journey to cantonment, reporting for duty, registration again, acquisition of bedding, assignment to company and tent, preparation of bed sacks, etc. second physical examination, this time by army surgeons, mental tests, personnel and insurance, bureau registration, drill in temporary company, assignment to permanent organization and beginning of squad and company drills.

Registration First. The first thing the recruit does on reaching the camp is to go to headquarters for registration. Here there are numerous clerks who take the new man's name and examine his papers. No one attempts to joke with these quiet, hard-working clerks to whom all recruits look alike and who send the arrival with all speed to the outfitting office. If the recruit decides to visit a little with the sergeant in charge and let him know how things are going back in Kansas or Illinois or Michigan or wherever his home may be, he changes his mind promptly when the sergeant cuts him off. The only thing the sergeant cares about is to start the recruit off with his cot, blankets, mess kit, etc., in the shortest possible time.

After disposing of his outfit, the recruit is ready to begin.

physical examination gets him. Here in addition to a new examination his measurements are made and recorded. A giant of an athlete is being examined along side of a little fellow with sunken chest. "They'll throw the little fellow out," an observer hazards, but the surgeon finds the big fellow has a weak heart. "The flat-chested man gets through. "There is nothing we can do for the big fellow," says the surgeon, "but we sure can make the little fellow's chest bulge out after we have had him a month."

After the examination, the new soldier is asked as to his age, religion, occupation, salary with an occasional question interspersed that seems ridiculous to the recruit. If the questions seem foolish to him, he is safe for the physicians are alert to see if he is bright enough to see their absurdity and judge from the answers as to the conditions of the candidates' mind.

A Natural Answer. "How would you like to get married, now?" the examiner asks a bright boy. "Married?" laughed the boy. "Married on \$30 a month. You don't know Nellie like I do."

He was passed as sane and sane. If he had started to argue that he intended to marry just as soon as he could and added other inconsistent remarks, it would have been militated against his record for mental alertness.

Then he goes to the personnel and insurance bureau and here he begins to draw his pay, fills out a score of blanks and winds up by taking a life insurance policy for \$10,000. After that the military part of his training is ready to begin.

EXCELLENT PROGRAM MARKS CLOSING OF SCHOOL YEAR AT THE ACADEMY

The awarding of diplomas to the fifteen graduates and the conferring of honors, in connection with an interesting program by the students and an address by Rev. P. Boniface, G. S. E., at the Wichita theater on Wednesday evening brought the school term at the Academy of Mary Immaculate to a close.

SOCIETY

Wednesday was "Red Cross" day for the members of the Royal Neighbors. One hundred and fifty surgical dressings and ten hospital garments were completed during the day and a large number of hand bags tagged.

Miss Beulah McMillan entertained a number of friends at her home on Wednesday evening. The chief feature of the evening was a delightful "candy break."

A number of the advanced piano students under the instruction of Ernest Katz were presented in recital on Wednesday evening before a large and representative crowd of music lovers.

The usual good record was made by the members of the Red Cross unit of the First Christian church in the work on Wednesday. Five hundred and fifty surgical dressings and six helpess case garments were completed.

of the students of the University of Texas. This action was taken voluntarily by the Students Assembly. It is interesting to note that the rules which the student body has adopted are of a character that precludes the possibility of any display of improprieties or recklessness on their part.

"There shall be a Social Calendar Committee, composed of the President of the Students' Association, the Chairman of the Women's Council, and the Dean of Women of the University (or her representative)."

"No dance, whether given by a student or by a group of students, shall be given until after application has been made to, and permission has been obtained from, the Social Calendar Committee."

"Any affair at which there is dancing shall be considered a dance under the provisions of this act."

"During the period of the war no expensive social affair shall be given by, or under the auspices of, any student or group of students. No affair costing more than fifty dollars shall be given until specific approval of the committee has been first obtained from the Social Calendar Committee."

TEXAS UNIVERSITY HOLDS FIRST PLACE

AUSTIN, TEX., June 13.—Officials of the University of Texas believe that institution has a greater number of men in military service than perhaps any other university in the country. They reached this conclusion, they say, after consulting available data.
 E. J. Mathews, registrar of the university, has just received from Homer L. Heath of the University of Michigan, data which Mr. Heath has collected showing the number of men various universities now have in the service. This data shows the University of Texas leading with 2,450 men. University officials say this number soon will be increased to approximately 4,000.
 Mr. Heath's figures show the University of Michigan has approximately 700 men in the service. Figures for the schools follow: Princeton University, 600; Cornell, 800; Massachusetts Institute of Technology, 1,800; Harvard, 2,195; University of Pittsburgh, 525; Carnegie Institute of Technology, 885; Purdue, 1,200; University of Chicago, 208; University of Minnesota, 1,007; University of Wisconsin, 400; Ohio State, 1,000; University of Virginia, 600; and University of Illinois, 1,600.

DR. LAMBERT ELECTED MEDICAL ASSOCIATION HEAD

(BULLETIN.)
 CHICAGO, June 13.—Dr. Alexander Lambert of New York, was elected president of the American Medical Association here today by a vote of 60 to 57 over Admiral W. C. Braisted, surgeon general of the navy.
 The vote was the closest in the history of the organization. The campaign for Admiral Braisted did not start until after the convention met here Monday.
 Dr. Lambert is medical director of the American Red Cross work in France and president of the New York Medical Association.
 Other officers elected without opposition included first vice president, Dr. W. N. Wainwright, Indianapolis; secretary, Dr. Alexander R. Craig, Chicago; treasurer, Dr. William Allen Puzey, Chicago; chairman of the house of delegates, Dr. Hubert Work, Pueblo, Colo.; vice chairman house of delegates, Dr. Dwight H. Murray, Syracuse, N. Y.

BALFOUR DISCUSSES ANGLO-JAPANESE RELATIONS

By Associated Press
 LONDON, Wednesday, June 12.—Via Ottawa.—Speaking at a luncheon today before the Japanese ambassador and delegates attending the international parliamentary and commercial congress at Balfour, secretary for foreign affairs, declared that Great Britain and Japan in the war had no difference of opinion, no divergence of aims and no ulterior designs which either was not willing to confess to the other. This was the basis of true national confidence.
 The Anglo-Japanese alliance which has done so much for peace and the advancement of the world, said the secretary, would be a rich fruit in the future for the higher interests which would be in the East. He was sure that if the allegiance of the conflict required call upon the Allies to make fresh efforts Japan would do as she always had done, live up to her full obligations.
 German methods of trade were part of her policy of world domination, said Mr. Balfour, and this made them more dangerous than mere trade rivalry to which Britain had never objected. Germany was trying to use her manufacturing power virtually to enslave the rest of the world. That was the problem which must be met and solved.

HENRY FORD ENDORSED BY MICHIGAN DEMOCRATS

By Associated Press
 LANSING, MICH., June 12.—Henry Ford, Detroit automobile manufacturer, who has been mentioned as the Republican candidate for United States senator to succeed William A. Alden Smith, whose term expires next year, was endorsed by Michigan democrats in conference here today and urged to become our party candidate, although he is not within our fold. The endorsement of a republican candidate by a democratic conference is unparalleled in Michigan politics.

GERMANS BEGIN NEW MOVEMENT IN UKRAINE

LONDON, June 13.—The Germans in the Ukraine began a new movement eastward June 10, according to a Russian Government wireless. Foreign Minister Tchitcherine has instructed Ambassador Joffe at Berlin, to complain about the movement which is on a width of one hundred verst. It is charged that the movement is in violation of the line of demarcation agreed upon by the government. The Germans are asked to retire to their old positions.

TRANS-Caucasus SIGNS TREATY WITH TURKEY

By Associated Press
 AMSTERDAM, June 13.—A peace treaty has been signed between Turkey and the trans-Caucasus government, says a telegram from Constantinople.
 Previous to the signing of the Brest-Litovsk treaty between Russia and the central powers which ceded the provinces of Kara, Batum and Erivan to Turkey, a separate government had been formed in the trans-Caucasus region with a capital at Tiflis. After the Brest-Litovsk treaty Turkey proposed a separate peace to the Caucasian government and it was announced Turkey would recognize an autonomous government in the Caucasus.

Making Good Service Still Better

If there is any way you can suggest that will improve our ice delivery service, please tell us. We want your suggestions and if it is within our power to put them into immediate use you may be certain that we will do it, and be glad of the opportunity.

Now there is one way that you can help us—if you will.

Some of you good folks forget to put out your ice cards—

We're not calling any names, but some folks do—with the result that the driver doesn't stop to serve them and, naturally, they become disappointed. If the card had been hung up, the driver would have stopped and served them. But the card isn't there, he passes on, the folks don't get their ice on time and the wagon has to come back to make a special delivery.

So please, everybody, get in the habit of hanging out your ice cards early. Then everybody will get their ice promptly on time every morning. Thank you.

TODAY'S MARKETS

Cotton Market

NEW YORK, June 13.—The cotton market opened steady at an advance of 2 points on July but generally eight to eleven points lower on overnight selling orders, and the continued favorable character of the weather news. Liverpool was a seller of over crop deliveries but bought July and there seemed to be a considerable commission house demand on the initial figures which caused rallies after the call. July sold up to 25.65 and October to 23.85, making net advances of about 4 to 7 points.

Rain was reported at Vicksburg and showers at several points in Alabama and Mississippi but it was generally clear in the belt this morning with the east zone forecast for fair weather.

Southern spot interests were buyers of October presumably against sales of new crop deliveries to mills and the advance extended to 24.12 for that delivery while July sold up to 25.88 during the middle of the morning or 27 to 28 points net higher.

NEW ORLEANS, June 13.—After hesitating on the first call today and losing 2 to 4 points on the distant months, cotton steadied up on the rally over night in the belt and went to an advance of 13 to 18 points.

Reports of high temperatures in Texas and of a movement among spinners to buy raw material far ahead in order to alleviate transportation troubles increased the demand. In the trading up to noon the advance was widened to 30 to 32 points. The cotton market closed steady at a net advance of 35 to 48 points.

GROWING OPTIMISM IN ENGLISH PAPERS

LONDON, June 13. (Via Ottawa.)—There is a growing tone of optimism in the English newspapers, today as it becomes more apparent that the Germans have been checked. A favorable feature of the development is the general tendency of the fighting to rivet an increasing proportion of the German resources in the south. There is now no talk of a more formidable German attack in another direction.

Grain Market

By Associated Press. CHICAGO, June 13.—Fine weather and prospects that it would continue during at least the next two days gave an advantage today to the bears in corn. Liberal receipts tended also to weaken prices. The market declined rapidly under general selling by commission houses. Opening prices which ranged from 1/4 to 3/4 lower with July 1.44 1/2 to 1.44 1/2 and August 1.46 were followed by a material further setback.

Shorts covering in the last half of the session brought about a sharp but transient advance. Temperatures of about 100 were reported in the far west. Prices closed heavy 1 to 1 1/2 lower with July 1.43 1/2 to 1.43 1/2 and August 1.45 1/2. Oats dropped with corn. A feature was selling on the part of cash houses, presumably hedging against purchases of oats to arrive. After opening 1/2 to 3/4 off, with July 70% to 71%, the market underwent an additional sag. Provisions sympathized with weakness of grain. Besides liberal receipts of hogs counted as a depressing factor.

Texas Falling Far Behind Quota of Savings Stamps

DALLAS, TEX., June 13.—With more than five months of the War Savings campaign already gone, Texas as up to June 1 had invested but \$13,617,847.50 of its \$91,000,000 quota in United States Government War Savings Stamps. This announcement was made by Louis Lipsitz, state director of the National War Savings Committee, who declared that at the present rate of purchase Texas will have sold its \$91,000,000 allotment by Oct. 1, 1920, or a year and nine months after Dec. 31, 1918, the time limit set by the government for going over the top.

A Paltry Sum.
"The per capita investment of Texas in War Savings Stamps on June 1 amounted to the paltry sum of \$3.85. On that date," Mr. Lipsitz declared, "the purchase records should have shown that every man, woman and child in Texas owned \$8.33 in War Savings Stamps."

"If Texas keeps poking along at this slow pace, the State's \$91,000,000 War Savings Stamp quota, which the government confidently expects Texas to purchase in twelve months, will not be sold until the campaign has run full thirty-three months, or just three months short of three years."

"If we are to hold up our end of the work assigned by the Federal Government, if we of Texas are not to be listed as slackers, then things must commence to happen. Texans are going to have to wake up to what the government expects of them, or Texans are going to learn that the government thinks little of them," the State Director declared. "If Texas does not invest full \$91,000,000 in War Savings Stamps it will be forever disgraced, and not even its glorious history and past service can remove the taint of slackerism which failure to back up the government in its time of greatest need will mean. If every man, every woman and every child does not save and invest to the limit in these government bonds, he

will have proven deaf to his government's request, and have laid himself liable to the most serious of charges. No less person than President Wilson himself has emphatically declared that the person who does not save and heed the injunction of the government can never hope or expect to be excused or forgiven." Mr. Lipsitz said.

325,000 Soldiers in Texas.
"There are now in Texas no less than 325,000 soldiers in training. Upon each man the government yearly expends \$1,000. This means that in Texas alone the government is spending for its soldiers \$325,000,000 a year, or nearly \$1,000,000 a day. This money is spent in Texas. It goes into Texas' pockets."

"With the best prices in the history of the state, the most prosperous time recorded, with every one getting a war time wage of fat figures, I cannot believe that the people of Texas will fall to lend to the government \$91,000,000 for War Savings Stamps—a sum that is just a little more than the amount the government spends in Texas every ninety-one days in buying provisions, clothing and supplies for the troops training here."

"The men and women of Texas, particularly the men, have had a misconception of the government's war savings campaign. They have not understood its great significance. The realization that it is upon the war savings campaign the government is basing its entire war-time financial program has not commenced to dawn upon us," Mr. Lipsitz declared.

"Many of them have thought the war savings campaign a movement inaugurated for the instruction of children in frugality. They have wholly and completely missed the big idea—that the government is trying to teach the men and women, the grown folks of this country the great lesson which means success of the government economic program. And in speaking of children I want to pay them this compliment: That it is to them that the government is indebted for the larger part of the \$13,617,847.50 which has been invested in Texas in these government securities and they have piled up the greater part of the amount through the purchase of little 25c Thrift Stamps, while the grown-ups have been overlooking the big War Savings Stamps, their duty to the government and a most excellent investment."

Will Be Given Opportunity.
"Now the men and women of Texas, the grown-ups, are going to be given an opportunity to show what they can do. By solemn proclamation President Wilson has called upon the men and women of Texas to make to the government on or before June 28th, National War Savings Day their pledge, showing to the United States Treasury Department the greatest amount they can save and invest in United States Government War Savings Stamps. That the men and women may realize the vital importance of the campaign and exactly what the Federal Government expects of them, President Wilson, through the Treasury Department, has instructed that every adult be called by federal summons to appear without fail at meetings to be held June 28 in every school district and there make his solemn pledge to the government. Children have not been summoned, they are doing their part; they are making a success among themselves of the war savings work. It is the older persons whom the government instructs to be at these meetings."

"I am confident that after the count of pledges is made the night of June 28 it will be possible to notify Secretary William G. McAdoo Texas has gone over the top. I know Texas people. Ninety-five per cent of the citizens of Texas are patriots; loyal to the core. Five per cent may not be, but the others will show the Federal Government how Texas and Texans stand."

"Between now and June 28, I earnestly call upon every Texan who can to buy the limit—\$1,000—in War Savings Stamps. I earnestly call upon every man and woman to give serious thought to their pledges and be able to make them as large as they should be when the Federal Government calls for them on National War Savings Day," said Mr. Lipsitz.

CITY OF DENVER RECEIVES PRAISE FOR ITS WAR WORK

By Associated Press
DENVER, COLO., June 13.—The city of Denver and the State of Colorado have found it pays to lead in war activity and welfare work for soldiers and sailors.

Denver has found its reward from the praise of Major General Leonard A. Wood who has been commander of Camp Funston, Kansas, and other high army officials for its work in training its draft men before they leave for the national cantonment and for raising the morale of the men by paying the government premium on \$1,000 insurance for each man who enters military service.

Many inquiries have been received from other states concerning Colorado war work and plans. Some other states, it is said, already have put into effect plans for which Colorado acted as pioneer in buying Colorado already has more than 20,000 men in government military service. This number is expected to be increased to 40,000 by the end of the year. Approximately one third are from Denver.

Weekly Meeting.
The State Council of Defense holds weekly meeting at which the governing bodies of the State Council also meet weekly.

Most army attention has been called to the training Denver gives all its men who will accept it. In this way Denver men soon after being called in the draft have been made non-commissioned officers. Without the training they would have been compelled to join the "awkward squad." Of all it has made better soldiers, say army officers. The men are drilled at the city auditorium by former army and guard officers paid for the duty.

The Opportunity School, a public institution, also has had a large share in fitting Denver men for special army duty. This school has trained 600 mechanics for the automobile service and almost as many telegraph and radio operators since this country entered the war. Even women who expect to do ambulance duty for the Red Cross in France have learned the secrets of automobile repair work in the school's shops.

The city's war activities do not stop with the men at war. The lawyers have established a legal aid bureau for soldiers and their families at which all legal work is done without cost to the soldier or his dependent.

The Optimists' club also sees to it that those "left behind" are taken care of and arranges not only necessities for those needing them, but outings and gifts at Christmas time. Theatrical parties also have been given to the absent soldiers' dependents by the club.

In the downtown section a club room has been fitted up for soldiers and to which they are always welcomed. Here they can find writing material, pool tables, cards and other diversions. Light lunches also may be had for a nominal price.

State Activities.
State activities include: Assistance to farmers through Public Utilities Commission to market crops when transportation facilities were limited and congested. Labor exchanges to meet demands of farmers. Farmers induced to greatly enlarge acreage and own their own storage facilities. Colorado's crop last year was the largest in its history and promises greater this year. Censorship over all solicitation of funds to protect public. Census obtained of all women and men with experience in nursing to be ready for federal call. Third regiment of National Guard organized to be ready for government call. Organization of a State Constabulary Force to guard the state and act as peace officers. It may be said that since the war started not a single dollar's worth of Colorado property has been destroyed through act of an enemy and not one soldier has been asked by the state to guard its property. This is the only state with this record. It is said here.

Startling And Dramatic Events Are Intimated

By Associated Press
LONDON, June 13.—The American army is prepared if necessary to make a greater sacrifice than that involved in the brigading of American troops with the French and British, declares the correspondent of the Daily Mail with the American forces in France.

After recording constantly and deeply expressed regrets among the Americans that they have not been available to assist the French and the willingness of the Americans to sacrifice themselves if need be, the correspondent says: "This is the spirit of the whole army. I have already seen how the President with ever readiness fell in with the Allied desires to brigade American troops with the French and British. This was a great sacrifice, greater perhaps than most people imagine, but I understand that if the events of the next few days and the plans of the Allies should so demand the United States is prepared for an even much greater sacrifice and of a character much more dramatic and startling."

"I cannot give details and the necessity may by good fortune never arise but whatever happens the Allies will always carry a feeling of gratitude for the magnificent spirit with which the United States is playing her part in the war."

SENATE COMMITTEE TAKES UP TREATY DRAFT

By Associated Press
WASHINGTON, June 13.—The senate foreign relations committee at a special meeting today took up the revised British-American draft treaty, which was signed June 3 by Secretary Lansing and Lord Reading, the British ambassador. The treaty as revised is understood to provide that the draft law shall not be applied to citizens of the respective countries who are exempt from the draft in their own countries. Thus Americans in Great Britain only between the ages of 21 and 31 will be subject to draft and in this country only British citizens including Canadians within the limits of British draft between 18 and 45 may be drafted.

PRISONERS TAKEN BY MARINES WANT TO COME TO AMERICA

By Associated Press
WITH THE AMERICAN ARMY IN FRANCE, Wednesday, June 12.—The excellency of the American artillery fire was largely responsible for the capture by American marines of approximately 400 prisoners in the fighting which resulted in the clearing out of the Belleau wood north-west of Chateau Thierry. The Germans who had been told to avoid capture because the Americans would torture them started to run after the American machine gunners had made the wood untenable but the artillery barrage was so perfect that the Germans were cut off from escape.

Among the prisoners are six officers—a major, a captain and four lieutenants. All were poorly clad and some had pieces of bread tied to their uniform with strings. The prisoners said they were glad to be captured and several expressed a desire to go to the United States after the war to live.

All of Germany's plans, they added, calling for ending the war next fall. The prisoners were told, they said, that among the Americans were many who were glad to see the German army is shown by the fact that one of the prisoners, a first sergeant, commanded a company. He said this was a common thing now. All the prisoners expressed admiration for the fighting qualities of the Americans.

The barn in which the prisoners were confined today in the rear of the American lines held more prisoners of war than the United States has had in one building at any time in more than fifty years.

Comparative quiet prevailed along the Marne sector today.

DISTRIBUTION OF ARMY PAPER PLANNED
WASHINGTON, June 13.—To insure distribution of "The Stars and Stripes" the official newspaper of the American expeditionary force in France to every soldier the war department has called upon the National Circulation Managers to furnish the names of 25 former circulation men now with the troops in France. These men when selected will take care of the circulation problems of the newspaper.

WAR SAVINGS BANK IS NOW READY FOR SALE OF STAMPS

Wichita Falls War Savings Bank opened promptly on time this morning with two little girls waiting to purchase stamps, showing its formal dedication and organization on Wednesday evening. Beginning today the bank will be open and ready for business from 10 a. m. until 9 p. m. each week day.

War and thrift stamps to the amount of \$1589.75 were sold Wednesday evening. E. Stampfl buying the maximum amount an individual is allowed to own, \$1000 worth. R. E. Shepherd was elected president of the institution and J. A. Kemp, chairman of the board of directors, at the dedication on Wednesday evening by the stockholders in the bank. Other officers and directors elected were: W. S. Curlee, first vice president; Mrs. J. W. Stone, second vice president; Mrs. J. W. Lee, cashier, and Mrs. W. P. Bolding, R. B. Jones, R. E. Huff, M. A. Bundy, W. J. Heizer and H. E. Bachman, directors.

The dedication program opened with numbers by the city band and a large crowd gathered for Frank Kelly's inspiring address on "War Conditions." Readings by Misses Marjorie Hines and Elizabeth Couper were enjoyed, after which B. F. Johnson read the report of the nominating committee which was adopted by the stockholders.

The bank building has been attractively finished and well equipped for its work. Electric fan, telephone among its furnishings and a telephone will probably be installed within the next few days. One wall of the building is graced with a large picture of the President. Members of the women's committee will have charge of the building.

First Stamp Purchase. Mr. Harrison of the Harrison-Evening company was the first man to purchase stamps from the bank, having bought twenty dollars worth a day or two ago. Little Marjorie Hines purchased the first thrift stamp and Rodley Lee the first war savings stamp.

In inviting the children of the city to visit the bank Mrs. J. W. Lee, chairman of the women's committee, said she wished the children to feel that the bank belonged to them, that they had a part in the work and were welcome at the bank.

The war savings committees wish to thank the following firms for donations to the building and furnishing of the bank: W. S. Robertson Paint Company; P. S. Tully; Paint Company; Painters Union; Gas Electric Company; Southern Electric Company; Wichita Falls Electric Company; Wichita Falls Sash and Door Company; Maxwell Hardware Company; Hardware Hardware Company; Wichita Hardware Company; Carpenters Union; Moore and Richolt Lumber Company; Alfalfa Lumber Company; Shambarger Lumber Company; C. RESTAURANT MEN MEET TO ORGANIZE

With A. E. Brown of the Mecca No. 2 Cafe acting as temporary chairman, a meeting of the restaurant, cafe and boarding house keepers of Wichita Falls held this afternoon, opening at 2:30. A previous meeting on Wednesday afternoon resulted in Mr. Brown's election as temporary chairman and at that afternoon's session it is hoped to complete an organization of the restaurant, cafe and boarding house managers of the city so that the food administration's rules be uniformly observed. W. S. Curlee, county food demonstrator, is co-operating with the restaurant managers. The association will formulate rules for the use of sugar, wheat and meat, and other products that the food administration may designate as necessary to be conserved and all the members have pledged themselves to co-operate to the fullest extent.

NEW REGULATIONS FOR NATIONAL GUARD

By Associated Press. WASHINGTON, June 13.—National Guard regulations just made public forbid the acceptance of married men or men with dependent relatives unless it is demonstrated that such dependents will be provided for. Inspectors are instructed to see that the rule is followed. To demonstrate his eligibility for enlistment a man with dependents must sign as a part of his enlistment contract papers showing that his dependents have other means of support than his income, that he allots not less than one-half of his pay to such dependent in the event of his unit being called for federal service and that he has agreed not to ask for his discharge from the service at any time for any reason relating to the support of his dependents.

CALL FIELD HOSPITAL AT-TENDANT MARRIES WEDNESDAY

Clarence Wurst, of the Call Field medical corps, and Miss Lela Mae Pelly were united in marriage at the Baptist parsonage Wednesday evening by Rev. O. L. Powers, pastor of the First Baptist church. The bride wore an attractive frock of white organdy and lace and a picture hat of white horsehair braid. The young people are today receiving the congratulations of their many friends, both of the civilian and military population. The groom's home is in Reading, Pennsylvania, while the young lady has her home in Wichita Falls her home for some time.

Why Women Dread Old Age.

Don't worry about old age. Don't worry about being in other people's way when you are getting on in years. Keep your body in good condition and you can be as hale and hearty in your old days as you were when a kid, and every one will be glad to see you. The kidneys' their primary friends, the causes of senile afflictions. Keep them clean and in proper working condition. Drive the poisonous wastes from the system and avoid uric-acid accumulations. Take Gold Medal Haarem Oil Capsules periodically and you will find that the system will always be in perfect working order. Your spirits will be invigorated, your muscles made strong and your face will once more the look of youth and health. There is only one guaranteed brand of Haarem Oil Capsules, Gold Medal. There are many fakes on the market. Be sure you get the original Gold Medal Imported Haarem Oil Capsules. They are the only reliable. For sale by all first class druggists. adv.

HARRISON TENT THEATER. Another twenty four hours postponement due to difficulties in changing the location of the theater and an accident among the workers, the Harrison tent theatre company will open its run in Wichita Falls with the presentation of "The Love of a Thief" at 8:45 this evening. The scenery used for the production is spoken of as being unusually attractive and a strong cast is employed. Doors of the theater are opened at 7:45. Miss Kathleen Stonecipher. Piano lessons. Summer term now open. Studio 1208 Burnett street, Telephone 972. 24-11c

CHAUTAUQUA OPENS FRIDAY AFTERNOON UNDER BIG TENT

Final details of arrangements for the Wichita Falls Chautauqua, which opens tomorrow, Friday, June 14, were being attended to by the Chautauqua Association today. A final ticket drive to place a large number of season tickets in addition to those already sold, is planned for tomorrow and the association announces that school children may receive their tickets free by selling a certain number of tickets, and may receive a cash commission for additional tickets sold. Any children desiring to work for their tickets are asked to call on B. F. Johnson, at the Chamber of Commerce.

The Sunday program is to be free, as it was decided that the Chautauqua could not open on Sunday and charge admission in violation of the state amusement laws, consequently the committee made the decision to open the program free to the public on Sunday.

Tomorrow afternoon's program, which opens the seven day Chautauqua, is made up of numbers by the "Ladies' Regimental Orchestra." Friday night the orchestra will give a musical program and John B. Ratto, impersonator, will make up the other half of the program. Mr. Ratto has in his repertoire of impersonations a number of historical notorities and this part of the program is heralded as a special feature.

Let Nature Be Your Guide!

Some people quit drinking coffee at the approach of hot weather. Did you ever stop to think that nature provides those things where most needed. Quinine is found only in the tropics. It is so with coffee which grows only in the tropics where its use wards off malaria, and relieves debility. You will find a cup of good coffee these hot mornings just the thing to give you the pep and vitality to get through the fatigue of the day.
