NUMBER 29

## AUSTRIANS BEGIN HEAVY OFFENSIVE AGAINST ITALIANS 800,000 AMERICAN SOLDIERS IN FRANCE NOW; 1,000,000 EARLY IN JULY

### CZECHO-SLOVAK TROOPS ADVANCE AGAINST SOVIETS

HAVE CUT OFF PETROGRAD AND MOSCOW FROM SIBERIAN GRAIN STORES.

### HOPE MAY HAVE COME

Allied Governments Hopeful Movement Will Prevent Russia from Aiding Germans.

By Associated Press  
LONDON, June 15.—The Czechoslovak troops operating against the Russian soviet government in Siberia and the Ural region continued their success, according to an exchange telegraph dispatch from Moscow dated June 11. During the ninth and tenth of June, having occupied Samara, they advanced rapidly toward Oufa.

The dispatch says: "On the Siberian railroad from Tcheliabinsk to Tomsk (a distance of 1,250 miles) all the towns are in the hands of the Czechoslovaks. Omsk was occupied on June 8 by a united force of Slavs and Cossack peasants under command of Colonel Ivanoff, the soviet forces having retired from Omsk and Tunen.

### ALLIES MAY TAKE STRONG MEASURES

WASHINGTON, June 15.—Unexpected developments in central Siberia, where Czechoslovak regiments are gaining apparently marked success against soviet troops, have been reported here today as possibly marking the advent of conditions in Russia which the Entente Allies have been awaiting as preliminary to the adoption of strong measures to prevent the further extension of German control over Russia.

Officials have long held the belief that the continued German control would terminate in the actual use of Russian soldiers in the German army and for that reason means have been sought for the beginning of a campaign to restrict the German army in active opposition to Germany.

Already, whether under compulsion or because of secret affiliation with Germany, the bolshevik government is being forced to furnish the German army with food and other necessities and unconfirmed reports have reached Washington that Russians in considerable numbers already are in the German military service. Private advices even go so far as to state that by the beginning of next year whatever remains of the Russian army will be under the German flag, if effective steps are not taken at once.

How Army Grew.  
When the Brest-Litovsk treaty was signed these Czechoslovaks were left in a perilous position. If they turned to Austria, they would be shot as traitors; yet they could not remain in Russia because of their sympathy with the maximalist idea of the soviet, who nevertheless did not want them. They decided to join the Entente Allies and continue the war against the German powers. But this was not easy of accomplishment, because the German army lay between Russia and the Entente armies in the west of Europe. Several thousands of the Czechoslovaks started eastward along the line of the Siberian railroad, heading for Vladivostok, where they hoped to find ships to take them to western Europe.

The Germans soon learned of the eastward movement of the Czechoslovak regiments and upon their demand, the bolshevik government sought to disarm them. The bolshevik opposition, quick as resentment, as these Czechoslovaks were for the most part veteran soldiers, they speedily overcame the half organized and weakened spirited bolshevik Reds who stood in their way.

Receiving accosts they progressed eastward along the Siberian railroad, they are now understood to be in possession of at least that great artery of communication and it was learned officially today that they probably were in a position to dictate terms to the bolshevik government through the control which they exercised over the food supplies in Siberia upon which northern Russia is entirely dependent.

Several thousand of the Czechoslovaks are now at Vladivostok but as ships for the completion of the journey to western Europe are not available, these soldiers may become an important factor in any international campaign which the Entente Allies may decide to make into Siberia.

### Channel Ports Main Objective of Germans, Gen. March Declares

### EXTENSION OF DRAFT LIMITS MAY BE NECESSARY

GEN. CROWDER SAYS CLASS ONE WILL BE EXHAUSTED BY JANUARY 1.

### 3,000,000 AUGUST FIRST

That Number Will Be Under Arms—Expects Heavy Calls Early in 1919.

By Associated Press  
WASHINGTON, June 15.—Three million Americans will be under arms by next August 1, the Senate military committee was today told by Provost Marshal General Crowder.

Extension of the age limits in the army draft will be necessary, General Crowder said, if the present rate of draft calls is continued. He estimated that all the men in class one would be exhausted soon after January 1.

1,347,000 Called.  
General Crowder said that 1,347,000 of the 2,428,000 men placed in class one already have been called to the colors. He estimated that some 400,000 additional men for the first class will be secured from the men who registered last June 5 and that another 200,000 will be added by the re-classification of men in the re-examination of the question of age being made.

Requisitions from the draft to complete the 3,000,000 total by August 1, General Crowder said, have been made. Of these 2,000,000 will be drafted from other classes, occupied by volunteers and national guardsmen.

"Everybody thinks there will be heavy calls during the first six months of 1919," was a significant remark made by General Crowder. General Crowder approved the general principle of the bill introduced by Senator France of Maryland, extending the registration ages from 18 to 45 years, thereby providing additional men for military and industrial service. He did not, however, approve the age limits fixed in the bill.

After outlining the plans of the war department for additional calls, General Crowder said that at the present rate class one would be exhausted by the end of the present year and that unless the age limits are extended and another registration held it will be necessary early next year to call men in class two, and probably soon thereafter in class three.

Final figures of classification of the first registration totalling 8,689,447 were given. The registrants were shown to have been divided as follows: 2,428,729; class two, 509,666; class three, 427,870; class four, 3,483,226; class five, 1,839,856.

General Crowder submitted figures showing the progress of the draft this year. A total of 1,347,512 men, all from class one, will have been called by the end of July, divided by months as follows: January, 23,284; February, 83,774; March, 132,484; April, 174,377; May, 260,230; June, 332,354; July, 290,900.

### PITCHER COUMBE HAS BEEN REINSTATED

By Associated Press  
CLEVELAND, June 15.—Pitcher Fred C. Coumbe of the Cleveland American league, who was suspended for delaying the game by not leaving the grounds when ordered to do so by Umpire Owens Monday, has been reinstated, effective today.

### ATTACK IS DECISIVELY REPULSED

By Associated Press  
ITALIAN ARMY HEADQUARTERS Friday, June 14.—The attempted surprise attack by the Austrians in the Tonale region today was decisively repulsed by the Italians with artillery and machine gun fire and bayonet charges. The frequent encounters were spirited, notwithstanding the cold and the blinding darkness of the night. This action was an aftermath of the one three weeks ago when the Italians took the Paradiso Pass for the purpose of protection of Val Camonica and the Oglio river and the westernmost entrance to the Italian plains.

### RAID ON AMERICANS DISASTROUS TO GERMANS

By Associated Press  
WITH AMERICAN ARMY IN France, June 15.—A German raiding party of 150 men and three officers attacked the American line south of Triaucourt at 2 o'clock this morning. As a result the enemy lost at least twenty killed, of whom one officer and four men died in the American trenches. The American casualties were light and they took one wounded prisoner.

### AMERICAN PLANES ALL RETURN FROM BOMBING TRIP

By Associated Press  
WASHINGTON, June 15.—The successful bombing by American aviators of a station and railroad tracks in a town behind the German lines was reported in General Pershing's communique today. A number of direct hits were made and all the American machines returned.

### TWO ENEMY MACHINES DOWNED BY AMERICANS

WASHINGTON, June 15.—In an addition to last night's communique, General Pershing officially reported today the downing of two enemy machines yesterday by American aviators. Aside from heavy shelling by both sides northwest of Chateau Thierry, the dispatch said, there was nothing else to report.

The communique follows: "Section A—Northwest of Chateau Thierry the day was marked by heavy shelling executed by the batteries at both sides and including the use of gas. There is nothing to report from other points, occupied by our troops. Yesterday our aviators shot down two hostile machines.

"Section B—In the woods on the night of June 11 to June 12 a German patrol captured an American sentry as a listening post. The sentry had two grenades, from one of which he managed to remove the cap while he was being taken away. By striking the grenades the other threw them dropping them and making a sudden dash he succeeded in escaping.

### THREE OIL WORKERS FATALY BURNED AT RANGER SATURDAY

By Associated Press  
FORT WORTH, TEX., June 15.—Three men were burned to death and several thousand barrels of oil destroyed this morning when storage tanks around the Brewer well at Ranger, sixty miles west of Fort Worth, were ignited. The dead are Ike Hand, pumper; James Sherman, guager; Pleas Madewell, watchman. The original cause of the fire is believed to have been a gas leak. Madewell, the watchman who lived five hours after being burned, said an explosion preceded the fire. The well itself was not damaged.

### CHANGE IMPENDING IN AUSTRIAN GOVERNMENT

By Associated Press  
AMSTERDAM, June 15.—The Berlin Tagblatt prints the following dispatch from its Vienna correspondent: "The death sentence has been passed on the government and it remains to be seen what course the government will take if the crown declines to accept the coming resignations. This is a state crisis and Austria is in a most delicate position. Premier Von Seydler declines to recognize this and the danger of the situation. Perlmust realize that the old signatory alliance no longer exists and no power on earth not even Germany's protection, can revive it.

### PRAIRIE DECLARES FIVE DOLLAR DIVIDEND

By Associated Press  
INDEPENDENCE, KANS., June 15.—The Prairie Pipe Line Company today declared a quarterly dividend of five dollars payable July 31 to stockholders on record June 29.

### RESERVE GREATLY IN EXCESS OF LEGAL REQUIREMENTS

By Associated Press  
NEW YORK, June 15.—The actual condition of clearing house banks and trust companies for the week shows that they hold \$69,596,530 in reserve in excess of legal requirements. This is an increase of \$25,478,320 from last week.

### AMERICANS POUR INTO FRANCE IN STEADY STREAM

GENERAL MARCH DISCUSSES GERMAN OBJECTS IN THEIR RECENT ATTACKS.

By Associated Press  
WASHINGTON, June 15.—To give the Allies a mastering superiority of numbers over the German invaders, American troops are being rushed to France as rapidly as transport tonnage will permit. When the purpose will be realized cannot be foretold, but more than 800,000 men have been sent overseas and this number will be increased to 1,000,000 early in July.

These facts were announced today by General Peyton C. March, chief of staff, in inaugurating the government's new policy of giving newspaper men a weekly summary of battle conditions.

The numbers of American troops now in France and soon to go were disclosed by the general in discussing the situation in France.

General March summarized the battle situation as it stands today with four distinct phases of the great German offensive halted but with its final battles still to come. To meet the emergency, he added, only lack of shipping facilities is limiting the rush of American troops to the fighting front. Their prompt engagement in the struggle, he said, is a paramount necessity.

The newspaper conference was held in the rooms of the war council. On the walls were great maps showing the battle fronts and as General March talked he pointed to the rows of colored pins that marked each phase of the fighting.

He said that all forms of the German drives thus far have had a common object and have been only developing phases of the German purpose to drive their way to the channel ports, Paris, and secondarily to capture Paris.

The fighting of the last week, in the Oise-Aisne salient he demonstrated, was designed to stretch the German battle front rather than a blow at a direct objective like Paris. Further operations of this nature, he indicated, are anticipated before the drive toward the channel can be resumed.

Up to the present time the bulge the Germans have made in the allied line has added sixty six miles to the Allied lines from Rheims to the sea and large numbers of additional allied forces have been absorbed into the work. This makes it urgent, General March said, that

### PREMIER ORLANDO SAYS AUSTRIAN ATTACK FAILS

By Associated Press  
ROME, June 15.—The Austrians began a great offensive at seven this morning on the front of the Asiago plateau. The attack was announced in a message made in the chamber of deputies today by Premier Orlando, who added:

"Our troops everywhere are resisting magnificently. There are many questions which will arise out of this war in which we are of necessity vitally interested. In order to be in a position to assert our rights as a people and to insist upon the adoption of the peace conference of the principle for which we are fighting, it is essential that we have the men to man these ships and the officers of all grades sufficient to insure the efficiency of the whole. We have not the required number of them at the present time, nor have we the officers."

### FEDERAL RESERVE BOARDS WEEKLY STATEMENT

WASHINGTON, June 15.—Despite huge income and excess profits tax payments due today, bills discounted by federal reserve banks during the past week increased only \$32,000,000 indicating a fairly stable condition under unusual financial pressure.

### 40,000 MEN ARE NEEDED TO MANN NAVY'S NEW SHIPS

WARSHIPS BEING TURNED OUT FASTER THAN MEN CAN BE TRAINED.

### ADMIRALS NEEDED

Navy Also Short of Officers of Higher Rank—Appropriation Bill Up.

By Associated Press  
WASHINGTON, June 15.—Upward of 40,000 men will be needed for the great fleet of warships which the United States will turn out during the next fiscal year, the House naval committee was advised today by Secretary Daniels, in asking the House to concur in the Senate amendment to the naval appropriations bill increasing the navy's enlisted personnel from 47,000 to 131,485 men. Mr. Daniels transmitted letters from Admiral Benson, chief of naval operations, and Rear Admiral Palmer, chief of the bureau of navigation, showing in detail why this increase is necessary.

The correspondence reveals that new warships are being turned out faster than they can be manned with the present limited personnel and that should there be a change in naval tactics and the nation be forced to a defensive instead of an offensive fight the navy would be seriously handicapped in handling the fleet against an enemy.

Admiral Palmer said in his letter that a shortage of officers of higher grade should be made up, pointing out that American destroyers now are operating in the war zone without a despatch commander other than the British officer, Admiral Haggley. The submarine chaser force in foreign waters is commanded by a captain, the admiral said, whereas there should be at least one admiral and preferably two for this force.

The two American divisions of armored cruisers also are without a flag officer and there is no flag officer for the division of submersibles which will be added to the navy within a year. Admiral Palmer also pointed out that the command of American fleet should have rear admirals as chiefs of staff.

"Merely to man our fleet properly and to make our war organization of the navy afloat, we need 27 additional rear admirals, and by July 1, 1919, six more in addition to those we have now."

Admiral Palmer said that specific 42,146 men will be needed to man the war ships which will be turned out during the next fiscal year ending July 1, 1919. This force he divided as follows: 10,000; submarine and tender, 5,037.

For battleship, 4,400; destroyers 29,992; patrol boats 5,409; seagoing tugs 2,795; submarines 1,926; flat-topped ships 1,070; gunboats, amphibious, 1,000.

On last April 1, he wrote 33,475 men were required for the permanent navy as follows: 33,486; cruisers and monitors 18,000; gunboats 3,228; supply vessels, 5,394; naval transports and hospital ships, 2,696; tugs 1,000; yard, station, hospital, radio, and other ships, 1,000; submarine and tenders, 5,037.

With a force of 131,485 men he estimated that there might be a surplus of 10,000 men actually on duty of 8,640 to replace men wounded, on sick or regular leave.

Admiral Palmer discussed interesting figures as to the number of American destroyers operating in the war zone and those to be built during the next year, together with the number of submarine chasers now overseas or soon to go, but some hours after the correspondence had been made public by the House naval committee, Chairman Padgett, through the committee on public information, asked the newspapers not to publish these details.

In his letter pointing out the necessity for the increased personnel Admiral Benson said the navy was handicapped by a lack of sufficient officers and that it could not operate successfully with less than 131,485 enlisted personnel requested of congress.

"Regardless of when the war ends, Admiral Benson's letter said, it would be going to be a perturbed state for years to come. There are many questions which will arise out of this war in which we are of necessity vitally interested. In order to be in a position to assert our rights as a people and to insist upon the adoption of the peace conference of the principle for which we are fighting, it is essential that we have the men to man these ships and the officers of all grades sufficient to insure the efficiency of the whole. We have not the required number of them at the present time, nor have we the officers."

### ITALIANS ATTACKED ON FRONT 75 TO 100 MILES; RESIST MAGNIFICENTLY

The Associated Press war summary last night said:

The long awaited Austrian offensive against the Italians has begun. On the Italian front, for a distance of from 75 to 100 miles, Austrian troops and heavy artillery are endeavoring to break down the resistance of the Italians, who are aided by French and British forces. The Italian premier Vittorio Orlando, announced in the chamber of deputies that the Italian troops were everywhere "resisting magnificently."

The last great Austro-German offensive, begun in October, 1917, rolled back General Cadorna's line from the Isonzo front and along the Venetian plain. More than a million enemy troops participated in this operation, and it was not for many weeks that the Italians were able to stay the advance. About the middle of November the Piave battle begun along a ninety mile front in northern Italy, and French and British troops were hurried to reinforce the shaken Italian army. The crisis was passed about the first of December, and since that time there has been heavy fighting, in which the Italians and their Allies carried out many successful counter attacks.

There have been insistent cries from Germany for Austrian action along the Italian front, to coordinate with the German offensive in the western zone, and for months past the Italians have been preparing for just such a blow as apparently is now being struck. The Italian army has been re-equipped and General Diaz has succeeded General Cadorna as the commander in chief. The present battle line extends from Asiago to the sea.

Rioting in Vienna.  
Grave events are reported to be impending in Austria, according to unconfirmed advices from Spain and Holland. It is reported that there has been going on in Vienna and matters have come to a critical stage.

How serious the situation has become is not as yet known. There have been outbreaks in various parts of the country, notably in Bohemia and Moravia and the political tension between Austria and Hungary has been one of the features of the news emanating from the dual monarchy for some time.

Checked in their plunge against the French positions from Montdidier to the Oise, the Germans have not resumed their offensive on the western front. There have been patrol encounters at various points, with the Allies improving their positions, notably in the Valieres-Cottetres region, southwest of Soissons.

The inactivity of the infantry, however, has given place to heavy bombardments along the channel front, in which the American forces have had a part. Angered by a gas attack against them by the Germans, the Americans launched thousands of gas shells against the enemy. The Americans on the Marne and Picardy fronts have also given the Germans no rest from patrol incursions.

Expect German Assault.  
It is believed in Paris and London that not many days will elapse before the Germans begin a new assault against the Allies. It is known that the Reichstag in response to the plea in Austro-German affairs, it is believed the tension now has become more critical.

Austrian exchange needed a full point on the house. Friday Vienna exchange was weak again today on the Amsterdam bourse. It is reported that important financial houses in Amsterdam and London are being rid of their holdings of Austrian bills.

Austrian Situation More Acute Daily  
WASHINGTON, June 15.—The internal situation in Austria daily becomes more acute. An official dispatch today from France says a reorganization of the ministry is planned in spite of the threats of the German deputies to go over to the opposition if the present ministry resigns. Several members of the cabinet already have threatened to give up office unless the government concedes the Reichstag in response to the demands of the Czechs.

In reply to accusations of the Germans that they are trying to betray the dual monarchy, for the benefit of the Entente Allies, the Slavs and Poles have announced that they will continue fight for the realization of their national aspirations.

### SAYS NAVY HAS SUNK 28 U-BOATS

(BULLETIN)  
By Associated Press  
PEMBERTON, MASS., June 15.—Since January 1 our navy has sunk 28 German submarines and our sailors should have the credit for it, declared U. S. Senator John W. Weeks, members of the Senate military affairs committee in addressing the Massachusetts Laundry Owners Association here tonight. "I believe when a heroic deed is done it should be made public," he added.

POOR PEASANTS WILL CONFISCATE GRAIN  
By Associated Press  
MOSCOW, Wednesday, June 12.—The central executive committee tonight voted to create committees of poor peasants to take a census of grain and other food necessities, in villages, confiscating all in excess of requirements and distributing food and agricultural machinery among the peasants they decide are needy. To help enforce the measure armed detachments of workmen have been formed in Petrograd and Moscow, 3,000 in each city, and more are to be formed and sent to various villages.

ABOVE NORMAL TEMPERATURES ARE FORECASTED

WASHINGTON, June 15.—Weather predictions for the week beginning Monday, issued by the weather bureau today are: Gulf states fair, temperature somewhat above normal.

GERMAN SOLDIERS FILLED WITH BOLSHIEVICK IDEAS

LONDON, June 15.—German soldiers returning from Russia are imbued with bolshievick ideas and are everywhere circulating revolutionary pamphlets, General Van Idenburg said in the German Reichstag during the Friday sitting, according to a Copenhagen dispatch to the Exchange Telegraph Company. For this reason, he said, strict discipline was necessary in the army.

OFFICIAL

GERMAN. BELLIN, Via London, June 15.—The evening report from general headquarters reads: The number of Army group of Crown Prince Rupprecht: There has been lively reconnoitering activity. We brought in prisoners southwest of Meris. Enemy advances in force on the Ancre were repulsed. In the evening artillery and mine throwing duels revived on both sides of the Somme. Army group of the German Crown Prince: Southwest of Noyon the infantry activity was limited to local engagements. The intensity of the artillery fire decreased. South of the Aisne the increased artillery fire continued. Several attacks which the enemy launched in the forest of Villers Cotterets were repulsed. The number of prisoners captured in recent battles south of the Aisne has increased to 48 officers and more than 2,000 men. Army group of Valsery: Von Elichorn: Russian bands about 2,000 strong coming from Leisk and landing on the north coast of the sea of Azov and advancing to attack Taganrog, were destroyed. Some of the enemy who endeavored to escape in boats and rafts were shot down in the water.

FRENCH. PARIS, June 15.—French troops have re-occupied Coevures-Et-Valsery (southwest of Soissons) an important strategic point from which the Germans have been endeavoring to dislodge their troops. The war office announcement of this aids that ground has also been gained around Montgobert. The text of the statement reads: "South of the Aisne a local operation enable us to drive the enemy out of Coevures-Et-Valsery, which we occupied. We likewise enlarged our ground east of Montgobert. One hundred and thirty prisoners and about ten machine guns remained in our hands. "On the rest of the front there is nothing of importance to report. "Eastern Theatre, June 14.—There were patrol encounters in the Struma Valley and artillery activity between Lake Doiran and Ocrida. Southwest of Lake Ocrida we organized positions gained north and south of the Doyule River."

U. S. EXTENDS NEW AND HUGE WAR CREDITS

WASHINGTON, June 15.—The treasury today extended new credits of \$175,000,000 to Great Britain and \$5,000,000 to Belgium. This brought total credits to the Allies to \$5,954,350,000 including \$3,170,000,000 to Great Britain and \$121,350,000 to Belgium.

MILLIONS PAID SATURDAY IN INCOME TAXES

WASHINGTON, June 15.—This was the biggest tax gathering day in the nation's history. Millions—perhaps more than a billion—of income and excess profits assessments were paid to collectors in the sixty-four districts in such numbers that it will take two weeks to tabulate them. Persons who failed to pay by tonight, as required by law, will receive next week notices of their delinquency with demand that they pay before June 25 in order to avoid penalties.

Yeager's Platform With Reasons for Same

Assuming as a fact, and it is a fact, that like all things terrestrial, county credit has a limit, it follows then that Wichita county, like every other county, is fenced off to itself by this same limit. The principal entrance to said enclosure is the Bond gate; and a peculiar thing about this gate is that it automatically closes when the credit limit is reached; and another peculiarity is that it is controlled by insiders up to that point, when its control shifts to outsiders. The great desideratum in county credit, therefore, is to keep control of this gate. The pendulum of county credit swings from the extremes of its amplitude "No Debt" to "No Credit."

Diamonds Compare our quality of diamonds with any other dealer in precious stones. Compare our prices, too. Then you will understand why Art Jewelry Co. are the leading diamond merchants of Wichita Falls.

### RUSSIAN PEASANTS RESIST ATTEMPTS TO RESTORE LAND

By Associated Press. MOSCOW, Saturday, June 8.—Fierce resistance is being made by the peasants in the provinces of Minsk and Mohiley against German attempts to restore the land to the landlords. Several detachments of Germans have been annihilated by the enraged peasantry. Both provinces have been declared under martial law and a special punitive expedition has been organized by the Germans to punish the slightest resistance to military authority. The landlords have sent a message of thanks to General Falkenheim for suppressing the peasant riots.

### WOMAN CHARGED WITH ACCEPTING A BRIBE

By Associated Press. CHICAGO, June 15.—Mrs. Henrietta Edwards, alias June Cox of Texarkana, Arkansas, was booked today on a charge of attempting a bribe. According to Sheriff James B. Baker of Texarkana, who arrived here last night, Mrs. Edwards was given money through the instrumentality of two negroes and shortly afterward left town where she is wanted as a witness in a burglary case. Meanwhile Sheriff Baker is looking for a man, who prior to the former's arrival, represented himself as Mrs. Edwards' release to him. The imposter was accompanied by a woman who represented herself as a relative of the prisoner. Sheriff Baker later arranged with Mrs. Edwards that she was to make affidavit of her knowledge of the alleged robbery and bootlegging in Texarkana. This done, the sheriff said, he would not extradite her. She promised to tell her story to Assistant States Attorney J. E. Wheeler, who is due here tonight from Texarkana.

### ENGLAND CHARGES HOLLAND SHELTERING GERMAN VESSEL

By Associated Press. LONDON, June 15.—The direct charge that the Dutch government sheltered a German vessel at a Dutch port to save her from being captured by the British is made in a British dispatch which has just been made public. The case was that of the Maria, 4,000 tons which entered the harbor of Tandjong Priok, Java, Dutch East Indies, in May, 1918. She was flying the German mercantile flag but it is believed to have been a German auxiliary cruiser. The correspondence between Great Britain and Holland on the subject contains some very sharp language. The British minister at The Hague in a letter to Jonkheer J. Loudon, the Dutch minister of foreign affairs, wrote: "The situation does stand alone as an instance of the peculiar and sound views adopted or invented by The Netherlands Government during the present war in matters of international law."

Dr. Du Val, Eye, Ear, Nose, Throat. Glasses scientifically fitted. 29-11c

### HITCH IN CONFERENCE U.S. WAR PRISONERS

By Associated Press. LONDON, June 15.—Because the German delegates at the British-German war prisoners conference at the Hague are pressing for the return of all prisoners in Canada and Africa as well as those in Great Britain a hitch has occurred in the negotiations, telegraphs the correspondent of the Dutch capital of the Times. The difficulties of such a course, it is contended by the British delegates, principally in respect of shipping transports, make it impracticable. The negotiations have now reached a most critical stage but the correspondent there has no reason to think they will prove abortive.

### AMERICAN DELUGE GERMAN LINES WITH GAS SHELLS

By Associated Press. WITH THE AMERICAN ARMY IN FRANCE, June 15.—American batteries last night hurled thousands of gas shells into the German lines along the Marne front northwest of Chateau Thierry. The bombardment was in retaliation for a heavy gas attack by the Germans. There was patrol activity along the American front in the Marne region and in Picardy and some artillery fire occurred in addition to the gas bombardment. There was no infantry action. The situation however is tense along the entire line.

### 13,630 REGISTRANTS TO BE CALLED JULY 1

By Associated Press. WASHINGTON, June 15.—A call for 13,630 draft registrants of grammar school education and qualified for general military service was made on the various states today by Provost Marshal General Crowder. The men of whom 2,161 are to be negroes, will be sent to schools and colleges for training. The entrainment dates was set for July 1, but the call will be held open for volunteers until June 21. If on that date enough are not obtained, boards are authorized to draft the remainder needed.

### HOSPITAL SHIPS WILL TEST GERMAN HONOR

By Associated Press. WASHINGTON, June 15.—The first indication of Germany's possible attitude towards the proposed dispatch of the hospital ship Comfort to Europe unarmored reached the state department today in a dispatch quoting the Lokal Anzeiger as suggesting that the vessel will carry airplanes and aviators. The German government has been notified that the Comfort will go unarmed and without convoy. She will be the first American hospital ship to enter the war zone.

Card of Thanks. We wish to thank our neighbors and friends for many deeds of kindness and sympathy during the illness and death of our beloved wife, daughter and sister, and for the many beautiful floral offerings. Sam R. Anderson and Children, K. H. Anderson and Family, Fr. and Mrs. J. K. Myers, Mr. and Mrs. R. L. Anderson, Mr. and Mrs. E. T. Anderson, Mr. and Mrs. Stanley Anderson, Mr. and Mrs. Doc Anderson, Mr. and Mrs. Henry Anderson, Wm. Singleton. 29-11c

### CANADIAN MEN OF 51 BEING CALLED FOR EXAMINATION

By Associated Press. LONDON, June 15. (Via Ottawa).—Men of 40, 50 and 51 have been called up for medical examination for the army. Sir Auckland Geddes, the man power controller, is quoted as saying he was trying to meet the urgent need for men for a year or two longer.

He was aware of the public feeling about calling up older men while younger ones remained; but some of the younger men were essential to the munitions supply and could not be removed to the fighting forces until the older men were able to do their work.

FOR SALE—6 cylinder 7 passenger Buick in fine condition; reason for selling, want smaller car. Call 138 or 1973 after today. 29-11c

### Local News Brevities

The Royal Neighbors will meet in regular session Thursday afternoon at 2:30 o'clock.

The electricians local union, Number 681, today bought \$100 worth of war savings stamps. This is the second purchase they have made, having some time ago bought \$200 worth. They also recently made a contribution of \$25 to the Red Cross.

A jury has been called for the week in the 78th district court, to report Monday morning. Judge Scurry has set two cases for call Monday morning, these being Tollett vs. Cooper and Scruggs vs. the Burkburnett Refining Company.

Chamberlain Metal Weather Strip. The Chamberlain Metal Weather Strip—Saves woman labor by saving carpet cleaning and saves draperies by keeping out the dust; saves their cost many times in fuel through the winter; prevents any rattling of windows. We are here for a few days only.—W. H. Carlisle. For information call Dr. DuVal. 29-2p

## You Can Do Better at the J. C. Penny Co.

—is more significant today than ever before.

From the very beginning of our system, sixteen years ago, the following policies have been faithfully adhered to, and the fact that our government has suggested the same policies for all business concerns is indeed flattering and proof positive that the J. C. PENNEY CO. is the store "for all the people all the time."

We make no deliveries.  
We do no credit business.  
We sell necessities and staples rather than luxuries.  
We pay no interest on expensive fixtures.  
Quick turnovers and small profits.  
Elimination of all unnecessary expense.

THE WICHITA DAILY TIMES

Published every week-day afternoon (except Saturday) and on Sunday mornings. Times Publishing Company, Printers and Publishers. Entered as second-class mail matter. Postoffice at Wichita Falls, Texas, June 16, 1918.

Carries boys are not allowed to collect in factory district and on north side of river. You collector will call on you or you will receive a statement from us.

Talking about slogans and sayings that war is raising a rare crop. Some of them will live so long as men lift and women love. Take a look at this one, "Save and behave." Much of our misbehavior in the past has been because of our lack of the saving habit. The fellow who earns good money with no goal that grips him is ree spender and too often his freedom runs into license! "Save and behave"—there's something to it, isn't it? Here's another one in the same class, "Thrive by thrift." More than one of our great business men of nationwide standing have gone on record saying, "The first one thousand dollars is the hardest to get. I save that much and you are on the road to financial victory." One of the direct causes of the terrible might that France has shown in the war was her national habit of thrift. As a nation France is the most thrifty of all. For our shame we must confess of all nations we have been the one thriftless nation. We Americans have been prodigals of money, men and material. For our greed of pleasure and lust of gain nothing was sacred and nothing has been spared. Today we are combing the nation for spruce for our airplanes, a nation that had forests the equal of Earth now well-nigh denuded of trees because of our thriftless ways of living and doing business. And that is only one and one of the smallest items in our list of national sins. We will come to our senses when we come to these two simple slogans, "Save and behave," and "Thrift by thrift." And put this down where you can get at it—to win this war we must come to our senses, and come with our eyes wide open and our hands tight shut in stern determination to put into life, every day life, what we have committed to memory. It's your move, Bill.

"WHERE DO WE GO FROM HERE?" That's some saying! A few months back the Hun got one of our destroyers at 2 o'clock in the morning. The weather was far from nice and the salt sea was cold plenty, nevertheless our boys had to take a dive in high with anything that could be grabbed to keep from going into Davy Jones locker with the Old Hooker! After the excitement was all over and the Hun had gone from the scene of his dirty work our fellows were kind of getting acquainted with themselves in their salty surroundings one of the boys raising himself out of the water as much as possible began to sing a la robusto, "Where do we go from here?" Old Neptune must have chuckled with delight at such a spirit of "Never die," and surely all the mermaids in that vicinity must have smiled on that sailor-man who could sing with the sky for a roof and the bottom of the ocean for a floor! Well, it's the spirit of Columbia the Gem of the Oceans—we put the song for good luck! It's the spirit of a free and united America that can with a smile make any sacrifice on the altar of democracy in its triumphant war against autocracy. To change the figure, its "The Old Pep" seen on football and baseball field, in business and out all up and down this Little Of United States! The Huns have proven themselves to be great on gas. They are the gasiest gasers of all gas beings. And more than once in their gassing with words they accused us Yankees of being full of gas! Maybe we did some talking and singing words around freely as to who were and what we could do. But, believe us, there's ONE gas the Huns will never invent or get hold of, and that is, "The Old Pep"! Already our Marines have given a bunch of the Hun-ites a shocking sample of this gas. The full dose is on the way, and "Where do we go from here"—to Berlin by God!! Some nifty fellow wrote "Berlin or bust." He meant bust Berlin! or its "No peace this side of the Rhine," and if its peace made in Germany by US! Where do we go from here—to work! to fight! to whip the Hun and make the world safe for Democracy and the DEMOCRACY safe for the world.

"WORK AND EAT." In practice Americans belong to the Epicurean school of philosophy! We do love our "edits"! Many of us have learned this to our painful sorrow. Now comes the war adding "insult to injury" for wheatless and meatless days had us all chewing more thoughtfully than ever before, and on top of this is heard the stern slogan "Work or Fight"! What is shaking up of the dry bones of Democracy all of this is causing. Many are rubbing their mental eyes wondering where this thing will end. No matter how the World wagged mighty few of us ever had any eatless days. Many of us did have and for a little while still have workless days, but the days are numbered. That little innocent looking slogan "work or fight" really mean in pidgeon English, "No work, no eat!" And that is just what Christianity teaches for we find the Apostle Paul wrote, "If any man will not work neither let him eat." The hard, sure facts of solid results support this Apostolic admonition. When a man works hard and well he can eat honestly and sensibly. Whereas you fondle-rols of society who make of life a senseless dream must have their cocktails and condimented dishes to tickle the palate and stimulate the appetite. All hail to the fops and dudes both male and female who join the great army of workers and fighters. The horny handed sons of toil are surely coming into their own these days for its "Work or Fight" to eat right; its shirt sleeves or khaki for every last one of us sons of Uncle Sam and thank God for it. The Hun has started something that he cannot begin to finish. Let's "get the Kaiser" and put him to work! Yep! let's put Kaiser Bill and his kind to work on the roads. Hold on, not so fast: there's a wonderful democracy in the labor of life. Trench-pals and ditch chums, bench partners and gang-mates, give an education of equality and create a feeling of fraternity that your cars and kaisers know no more about that does a sick kitten differential calculus. The truth of the thing is that the Potsdam gang is the most ignorant gang of all Earth for that gang does not know the A B C of Brotherhood, Equality and Liberty and we optine that for such fundamental principles of humanity that work, plain old every day sweaty work is a vital essential. Let's go to work!

AMERICANS POUR INTO FRANCE IN STEADY STREAM

Americans are forced to rush without delay. General March would make no prediction as to when American aid might give the Allies superiority of number again. The time and size of movement of enemy divisions from the east to the west, he said, could not be estimated, nor could a day be fixed when the Allies would have the "mastering superiority" of numbers which will eventually be theirs. The Italian front situation was not discussed and General March indicated that the Russian problem was still political rather than military and therefore not within his field of review. Gigantic Campaign. General March drew a graphic picture of a single gigantic campaign extending from Rheims to the sea where the Allied lines have been battered back in four successive phases. The great wedge of assault has now increased the Allied lines sixty six miles from Rheims to Ypres. "In a condition of this kind," said General March, with a quick gesture at the map, "where a new line has to be held and where the attacks of the Germans have been made with such large forces as they have, the importance of getting American troops to the front is more and more prominent. "We have now passed the \$60,000 mark in troops shipped overseas." The extent of the American troop movement was particularly striking because Secretary Baker stated less than a week ago, that "more than 700,000" had embarked. The fact that the figure had increased a proportionately 100,000 in less than seven days drew a quick question as to when definite superiority in man power might be attained. "The matter of the number of troops on the western front," General March replied, "is a question that must be considered with reference not only to the enemy divisions which have been known to be there all along, but with the potential increase, which might be attained by bringing divisions from the eastern front. Limited Only by Ships' Capacity. "It is impossible to predict a day a month ahead, or any other definite time—when a mastering superiority will be in the hands of the Allies, but the number of troops we are sending across now is limited only by the capacity of the ships to carry them, and we intend to keep that up." General March made it clear that there is no doubt in his mind or in that of the Allied military leaders that the channel ports are the main objective of the whole German effort. In terse sentences and with quick motions toward the map as he followed out the strategy of the one great battle, he outlined the situation that General Foch is facing. "The four drives," he said, "one beginning March 21, the next April 9, the third May 27, and the present one beginning June 9, are all part of the common scheme of offensive. Looking at this map, we see this red dotted line running down to the Swiss frontier which represents the Allied line when the Germans began their advance on March 21. Considering as a whole the succession of

attacks, the first penetrated this line some 36 miles into Picardy—the second some fifteen miles into Flanders and the third a distance of 38 miles further along the Marne. Under the present drive the line has been penetrated an average distance of from 3 1/2 to 6 miles. "Longer Front to Cover. "One very striking feature in connection with this whole advance is the extension of front which the Allies have had to cover as a result. The total stretching of the lines from Rheims to the sea was 66 miles. "In order to hold that extra line the Allies have had to have more troops than they had at the start. "Obviously the objective of the advance of the objective from a millipore which would make it necessary for England in shipping troops to France to go further out to sea and a longer distance, making the turn-around longer and slowing up the movement, and making it more dangerous, second Paris, which of course is a great strategic objective because of its importance sentimentally to the people of France. All Drives Stopped. "All of these drives have been stopped. The last advance, the advance which we are now considering in the daily press, is more to straighten out the German line than it is an advance considered as a military movement with a definite and important objective—like Paris, for instance. "Taking the general location of the advance along the Oise you will see that between the Picardy and Marne advance we have been holding a re-entrant angle which furnishes the distance from which a dangerous attack could be made on the flank of the Marne advance and the most desirable thing that which Germany could have a stage would be a straightening out of the line. That is apparently what she had in mind in beginning her advance on June 9. She succeeded in that—moving forward a distance of six miles and at the last information which we have indicated that west of Soissons she is still attacking with the idea of straightening out her line along the

general front which I have indicated to you. "The activities of the Germans are toward Paris but as for the importance of the objective from a military standpoint the capture of the channel ports would have a more immediate effect upon the prosecution of the war than a movement on Paris." In connection with the advance toward Paris, however, General March pointed out that the farthest point they had thus far reached this year was 20 1/2 miles farther away from Paris than the point of their nearest approach to that city in 1914. "While General March did not say it was evident that he anticipated further efforts to complete the reduction of the Compiègne salient before the major movement toward the channel is resumed. Final Stage of Battle. Other officers feel that renewal of the assault on the British lines will definitely mark the beginning of the final stage of the battle, but they also believe that the German strategists may not be willing to leave the Allies in possession of strong points like Compiègne and its surrounding forests, which would be in the rear and on the flank of the thrust towards the coast. German Success from Gas. American military experts are agreed, senators said, after the conference that the present German drive has been stopped for the present at least, but its renewal, possibly with its force directed more largely against positions held by the Americans is expected. The enemy's recent successes the senators were told was due largely to new uses of gas. The Allies, it was said, soon will be ready to cope with new forms of gas attack. Gas masks now in use, the senators were told, admittedly are not useful against some forms of German gas, particularly mustard gas. A special "tear" gas for use against artillery, the senators were told, has been duplicated by the Germans. The Allies, officials said, are preparing to match the German efforts in the use of gas and provide for complete defenses of their forces, as far

as possible, before the next attack of the enemy develops. General March took occasion to correct the impression that the German advance has at some points gone beyond the points reached in 1914. He pointed out on the map that at no point during the present offensive had the Germans come closer to Paris than to within 20 1/2 miles of the farthest advance they made in 1914 toward that city. JEREMIAH O'LEARY ARRESTED AT SARA, WASH. By Associated Press NEW YORK, June 15.—Jeremiah O'Leary, a fugitive from justice since the eve of the date set for his trial on a charge of violating the Espionage act by publication of seditious matter in the anti-British periodical "Bull" and later indicted for conspiracy to commit treason, was arrested at Sara, Washington, and is on his way back to New York in the custody of federal agents, it was announced here tonight. O'Leary was found Wednesday in the remote hamlet in Washington which is about 27 miles of Portland, Ore. No details were made public concerning the pursuit. Announcement of his capture marks

another dramatic episode in a case which already has had many sensational developments. His brother, John J. O'Leary, and Arthur L. Lyon, a business associate, were placed on trial in federal court yesterday under an indictment charging them with having aided him to escape from jurisdiction of the court. Mr. and Mrs. J. T. "Specked Apples" When the produce peddler offers you apples that cost less than the other fellows charge, look out for specked apples. They cost you a trifle less than you have been paying your regular tradesman, but lookout they are specked apples. When you try to buy ice at less than fifty cents per hundred pounds, the established price the country over, look out for impure ice. At first you think you have found a neat way to save money, but look close and you will see the evidences of impurity. Look close and you will discover soft, snowy spots. They are caused by two things. They are caused by the presence in the ice of a dangerous foreign substance, a serious menace to health. They are caused by hurried, improper freezing. If the ice had been frozen hard and solid, and if distilled water had been used in its making, those soft, snowy spots would not be there. When you buy ice for less than the price you know it is worth, think of specked apples. Were specked apples ever a real bargain at the price you paid for them? Peoples Ice Co. Phone 81-259

Your Ear Will Decide The Brunswick not only opens up a broader field of music because it plays all records, but— The Brunswick is held in such high esteem by discerning music lovers because of its exquisite renditions. Do not imagine, however, that it takes a delicately trained ear to detect Brunswick superiority. Brunswick tones are instantly self-evident. Chiefly because they lack all nasal and metallic sounds. Hear The Brunswick yourself and you will appreciate the allwood sound chamber. And other features—such as the tone modifier and the accurately timed stopping device. Rare Cabinet Work Speaking of wood—note especially the cabinet work of The Brunswick—the selection of rare woods, the hand-carving and the finish. The House of Brunswick has held first place in the wood-working art in America for 76 years. The cabinet and the tone are truly outward evidences of other perfections and values. The Brunswick has well been called "All Phonographs in One"—for it combines all the chief features of the many. Why have a lesser instrument? The Brunswick costs no more. # HOW AMERICANS GOT FIRST ENEMY PLANES

## SECOND DOWNED WITHIN MINUTE AFTER THE FIRST

By Associated Press.

WASHINGTON, June 15.—How Lieutenants Alan F. Winslow and Douglas Campbell, taking the air together, shot down the first two German airplanes to fall victims to American aviators with General Pershing's expeditionary force is vividly told in the personal diary of Lieutenant Winslow made public today by the war department.

For this feat the officers were decorated by the French government and later proposed for the American Distinguished Service Cross. The account, which disclosed that the two machines were sent down within a minute of each other and almost on top of an American airplane, was not written for publication but the department explained that because of its historical and descriptive value it was decided to make it available to the public.

Lieutenant Winslow, who was the patrol leader, wrote that he and Lieutenant Campbell, since designated as the first American "ace", were on emergency call duty on Sunday morning, April 14, last, when at 4:45 o'clock information that two German planes were about 2,000 meters above a city only a mile from the airbase. The aviators rushed to their machines and were soon off, Campbell in the lead. Winslow, however, was first to his man.

Getting His First Hun. "I had not made a complete half turn," Lieutenant Winslow wrote, "and was at about 250 meters when straight above and ahead of me in the mist of the early morning and not more than a hundred yards away, I saw a plane coming towards me with huge black crosses on its wings and tail. I was so furious to see a Hun directly over our aviation field that I swore out loud, and violently opened fire. At the same time to avoid my bullets, he slipped into a left hand reversal and came down, firing on me. I climbed, however, in a right hand spiral, and slipped off, coming down directly behind him and on his tail. Again, I violently opened fire. I had him at a rare advantage, which was due to the better speed and maneuvering ability of our wonderful machines. I fired twenty to thirty rounds at him and could see my tracers entering his machines. Then, in another moment, his plane went straight down in an uncontrolled nose dive. I had put his engine out of commission.

I followed in a straight dive, firing all the way. At about six hundred feet above the ground he tried to regain control of the machine, but could not and he crashed to earth. I turned down near him, made a sharp turn by the wreck to make sure he was out of commission and made a

down over him and then climbed up to see if 'Doug' needed any help with the other Hun, for I had a glimpse of their combat out of the corner of my eye.

**Doug And His Boche.** "I rose three hundred feet again and found 'Doug' on the tail of his Boche. His tracer bullets were passing throughout the enemy plane, climbed a little higher and was diving down on this second Hun and about to fire when I saw the German plane go up in flames and crash to earth. 'Doug' had sent his Hun plane down one minute after I shot down mine.

"Mind you, the flight took place only three hundred meters up, in full view of all on the ground and in the nearby town and it took place directly above our aviation field. These are remarkable facts, for one of our majors, who with the French army since 1915, has shot down 17 machines, and never had one land in France."

### Newly Arrived Military Police Different Sort

Associated Press Mail Correspondent. WITH THE AMERICAN ARMY, IN France, May 13.—Pity the poor military police. They have fewer friends than any other American "outfit" in France. Partly, this is due to the average soldier's dislike for anything resembling a policeman, on general principles; partly it is due to our military police themselves. For in days not long past each military policeman seemed possessed with the idea that upon his shoulders alone fell the great task of ordering around "ordinary" doughboys and even officers.

There were some whose first response to nearly every question asked was "I'll run you if you get fresh." Many of that class have been relieved now, but some still remain and the army as a body is hoping that additional relief will come quickly. The average American overseas behaves himself and knows it. He is inclined to resent it every time he sees a couple of busy "M. P.'s" swinging lathes, and looking him over "sort of squinty-like," as one young artilleryman explained it. No soldier ever

passes up a chance to shoot a barb in the direction of an "M. P." The other night column after column of Americans were walking toward the trenches through a town about two miles back of the first line. A cross road stood a military policeman watching the columns pass in silence. The marchers were not feeling especially cheerful that night because it was raining. But suddenly from the middle of a passing column a husky voice was heard to shout: "Hey there, military police! Why don't you join the army and fight for your country?"

"That military policeman was maa all over." "Next morning, about an hour before daylight, shells started to arrive in town. The Germans were shelling the same cross road. Finally, after "coming in" with an especially loud scream a six-inch shrapnel shell burst directly over the road junction and about to fire when I saw the German plane go up in flames and crash to earth. 'Doug' had sent his Hun plane down one minute after I shot down mine.

"Mind you, the flight took place only three hundred meters up, in full view of all on the ground and in the nearby town and it took place directly above our aviation field. These are remarkable facts, for one of our majors, who with the French army since 1915, has shot down 17 machines, and never had one land in France."

Correspondents have had their trau- bles with the M. P. too. One of them

was entering the gate to a certain general's house and the M. P. there saluted him. When the correspondent emerged the M. P. happened to notice the green armband and the red C on his arm. "Say," said the M. P., "are you an officer?" "No," replied the correspondent. "Then why did you return my salute?" "Why did you salute me?" asked the correspondent in turn. "Because I thought you were an officer," said the M. P. "I returned it because I thought you were a soldier," remarked the correspondent.

The military police organization that have arrived recently appear to be made up of an entirely different class of men. They are courteous, carry out their orders to the letter, do not meddle in things that do not concern them and for the most part display excellent military qualities. It is said, and undoubtedly with considerable truth, that the discipline and morale of a military organization can be determined by the way its men salute. Some of these new military police of ours are among the snappiest saluters in France; and that is saying a great deal.

### BRITISH FORCES ON ITALIAN FRONT ATTACKED

By Associated Press. LONDON, June 15.—The war office today issued the following statement on British activities on the Italian front: "A heavy bombardment by the Austrian guns opened along the entire

front from the sea to the Adige at 7 o'clock this morning, followed by infantry assaults throughout the day. Four Austrian divisions attacked the British forces.

"On the right the attack failed completely, the enemy losing heavily. On the left the enemy penetrated our front line on a width of 2,500 yards and to a maximum depth of 1,000 yards. He has been firmly held here all day."

## GREAT PROGRAM AT CHAUTAUQUA TODAY, FREE DAY

WOUNDED SOLDIERS FROM THE TRENCHES IN FRANCE WILL PICTURE LIFE THERE.

### LOUGHER TO SPEAK

Lieutenant From Front Will Bring A Message of Cheer And Inspiration.

- CHAUTAUQUA PROGRAMS.
- Today—"Free Day."
  - The Marr Entertainers, "Songs and Stories From The Trenches."
  - Lieutenant Lougher, one who has gone through war's hell.
  - Monday—"Band Day."
  - Cinema and His Band.
  - Madame Caspell, soloist.
  - "Magid and Music," by Eugene Laurant and assisting company.

Splendid success has greeted the Wichita Falls Chautauqua in its opening programs, Friday and Saturday, both afternoon and night, and today promises to be a patriotic rally with the best programs yet offered. The Redpath-Horner entertainers have a program for Sunday in keeping with the day, and one that combines patriotism and idealism, the entertainers being Major Marr and Canadian soldiers and Lieutenant Lougher, returned soldier who brings a message of cheer and inspiration from the front while bringing before the people their duty in this terrible war.

Today's Chautauqua performances are free, but the reserved seats will be held for the holders of season tickets for thirty minutes after the program opens. Those not holding season tickets may obtain reserved seats from the concessions manager. In the afternoon Major Marr's soldiers and Lieutenant Lougher, returned soldier who brings a message of cheer and inspiration from the front while bringing before the people their duty in this terrible war.

Dr. Landrith Speaks. Saturday evening's program was featured by the lecture of Dr. Ira D. Landrith, noted lecturer and preacher and he dealt in a striking and impressive manner with the big issues before the American people at the present time. The other artists on the Saturday program, which made the day a delightful one to the large audiences attending were Eve Anderson and company and Edna Means, the "Joy Girl DeLuxe." Miss Anderson, violinist, assisted by Hilda Brady, singer, supplied a delightful hour of entertainment, while Miss Means' readings were of the quality long to be remembered. The Saturday programs were splendid, according to all those who heard them.

Friday afternoon the Ladies Regimental Orchestra, eight attractive young ladies who were artists in their line, furnished a musical revel, and appeared again at night. Also on the evening's program was John B. Ratto, widely famed impersonator, who features in his repertoire impersonations of famous American and foreign statesmen. This afternoon's program opens at 3:30 and tonight's program at 8:30.

LIEUTENANT LOUGHER.

### IRISH NATIONALISTS TO RETURN TO PARLIAMENT

DUBLIN, June 15.—The members of Irish nationalist party have decided to return to parliament the week after next.

The Irish nationalists temporarily withdrew from attendance in parliament as a protest against the government's proposal to apply conscription to Ireland.

## ALLIED WAR AIMS ARE DISCUSSED BY A. F. OF L. SATURDAY

By Associated Press.

ST. PAUL, June 15.—Discussion of the Allied war aims late today occupied the attention of the committee on foreign relations of the American Federation of Labor, which is holding its annual convention here.

George L. Berry, member of the American labor mission, which recently reported its findings to the convention, urged the war program of the unionists in Allied countries be rejected by the foreign relations committee. The plans of European unionists, it is said, embrace the war aims of President Wilson, and go a step further by providing for a meeting of union representatives and socialists of the central powers. It was said on good authority the Federation's position on refusing to meet representatives of enemy countries would be reaffirmed when the subject is placed before the convention.

Recommendations that a pan-American federation of labor be established to promote unity of action in labor activities in North America and charges that pro-German papers distorted their statements and inaugurated a vicious propaganda campaign against them were features of a report submitted by the Mexican labor mission.

The report compiled by Chairman James Lord and Santo Ignacio of Porto Rico was unanimously adopted. Members of the mission were cordially received by President Carranza and other Mexican officials, the report stated, but the Mexican diplomats were somewhat skeptical of the possibilities of a pan-American federation because of the lack of funds. After the co-operative features of the federation were explained, President Carranza realized that closer affiliation with other countries would be

of benefit to Mexico's workers, according to the report.

The report described in detail the activities of "German and pro-German newspapers" in Mexico.

"We were charged with attempting to drag Mexico into the war and that the federation had prohibited strikes in America," the report continued. "A few papers in Mexico are pro-Ally but they are fighting for existence."

### Jitneys Still Scattered Weekly In New Orleans

NEW ORLEANS, June 15.—A pushing, scrambling, heaving mass of women, to the stranger unique even in a city of strange scenes and customs. Scores of them, from the old gray-haired black mammy of "beto'd war" days to the young white girl in her teens with evidences of poverty in her bearing and attire. Many have broods of children around them, others carry babies in their arms. Color runs riot, the handanna kerchiefs of the negroes and the vari-colored clothing of all combined to surpass the imagination.

It is the usual Saturday morning distribution of five cent pieces to the poverty stricken, a custom begun in New Orleans many years ago by a lottery company, the old residents say, and still observed weekly as a necessary rite by at least two of the largest business concerns in the city.

In the halcyon days, says tradition, the lottery gave to all comers coins at certain times and on holidays, cheered the hearts of those in financial straits by doubling the amount.

"It is just one of our hobbies," declared the head of one of the concerns when asked why the firm observed the custom. "We have done it for years and are going to keep it up. And this in spite of the fact that we belong to the Charity Organization Society, which discourages individual giving."

Chaos Ensues.

Chaos usually precedes the distribution of the "Jitneys" as the negroes call the coins. The money is given away at 8 a. m. but an hour earlier a crowd already is on hand. By 7:30 o'clock the number has increased and when a small window is thrown open the street is a mass of struggling humanity. The appearance of the cashier electrifies the crowd. With shouts hands are held in the air, the masses surge forward, each woman intent on being among the first to receive her coin. As each is supplied she leaves the crowd, to make her way to one of the many public markets where she usually purchases "seconds" of various vegetables from the

produce dealers, then goes home to prepare dinner.

The doling out of coins finally is concluded, the window slams down, for the sum to be distributed has become exhausted.

Pathos and disappointment were written plainly on the face of an old negro mammy one recent Saturday as she hobbled down the street, assisted by a battered crutch and a cane. A broker who had been watching accosted her:

"What's the matter, Mammy? Were you left out?"

"Jessuh, yessuh. I reckon I ain't young ez I used to be," she replied. "Somehow all dem young 'mans jes beats me to it. I ached dat money to buy sumpin' to eat wid, too." And she resumed her journey.

"Just a minute," called the broker. "Maybe this will make up for it." He took a dollar bill from his pocket. "Thanky, suh! Lord bless you, honey," she said. And as she showed her thanks and blessings upon him he walked into his office.

## Why Your Child Should Study Music

1. Because the peculiar intellectual exercise and mental discipline which music affords is unexcelled.
2. Because it opens the way to one of the most delightful arts.
3. Because it is a modern means to culture demanded by society.
4. Because it affords those who practice it beneficial relaxation from their vocation.
5. Because it contributes to the joy and beauty of home life.
6. Because it develops the aesthetic lobe of the brain and develops appreciation of the finer things of life.
7. Because it improves the mind, leads to better discipline of the body, refines the taste and builds up the character.
8. Because the greatest delight in music comes through the understanding of it.
9. Because the highest in music is not revealed to the pupil until he has earned the right to enjoy it.
10. Because no person's education is complete without it.

From his book "Talks to Parents of Musical Children." Do not rob your child of its birthright. We offer these advantages at their best.

### MRS. J. W. LEE NAMED CHAIRMAN OF WOMEN'S ORGANIZATION FOR HOBBY CAMPAIGN WORK IN WICHITA COUNTY

Mrs. J. W. Lee has been appointed chairman of the woman's work for Hobby in Wichita county by T. J. Taylor, chairman of the county campaign committee, and is planning the organization of a Hobby Club among the women of Wichita Falls this week, having already appointed vice chairmen for the work in Electra, Burkburnett and Iowa Park. Mrs. Lee is expecting to call a mass meeting of the women early in the week. She makes the following statement in regard to the gubernatorial campaign: Women Voters of Wichita County: Mrs. Hortense Ward, one of the leading lawyers of Houston, has rightly said, "The eyes of Texas are upon the women of her State." Enfranchisement has been given us and it is our duty to use it. It carries with it serious responsibilities, especially in this time when we are faced with the knowledge that opposed to the governor who is responsible for our enfranchisement are the combined forces that have fought the political freedom, protection and advancement of women. We know how strong is the organized liquor traffic and its allied interests. We know how bitterly they resent the laws Governor Hobby was instrumental in securing for the protection of our State, the Army and the home of Texas. We know too how industriously they are working against him, seeking to overthrow him and all the good laws he has been instrumental in having enacted. If the women do not respond to their duty and vote, woman's suffrage will be credited with all the resultant harmful legislation. Let us prove worthy our responsibility. Detailed instructions as to registration and voting are found in the following notes offered by Mrs. Lee.

**Who can vote?**  
Any woman who is 21 or over, who is an American citizen, and has resided in Texas one year and the county six months.

**What must she do to qualify for voting?**  
She must go to the tax collector of her county and register in a record prepared for such purpose. She will receive a registration certificate which she presents to the judge of election at the polling booth.

**Does she have to pay a poll tax?**  
No. Not this year.

**When does she register?**  
Between June 26 and July 12, 1918.

This year. There are no fees, charges or costs attached to registration. What is the primary election? Saturday, July 27, 1918. Where does she vote? In the precinct in which she lives. She votes at the same polling place and uses the same booths and places her ballot in the same ballot boxes as the men voters. Does she prepare her own ballot? Yes. The literacy law passed by the last special session of the legislature requires every voter to make out his own ballot without assistance. How is a ballot prepared? By marking out with a black pencil the names of all candidates except the one you wish to vote for. Do not write anything on the ballot or mutilate it. If you do, return it to the election judge and secure a new ballot. A mutilated ballot is not counted. Only American citizens can vote. What women are American citizens? To be an American citizen a woman, if single, must have been born in this country, or her father must have become an American citizen during her minority, or she must have completed her naturalization by obtaining final papers. If married, her husband must be an American citizen. Remember: Go to the office of the tax collector of your county, register, and get a registration certificate from him. Present this to the judge of election on election day. If you lose it you can make affidavit of the loss and vote without it. You make the affidavit at the polling booth on day of election. Blanks for this purpose will be provided there. You register between June 26 and July 12, 1918. You must vote. It is the duty of every woman in Texas to see that good, clean American men are elected to office. The war is taking some of our best men, therefore the good woman must come out and do their work while they are at the front, and nothing is more important for the protection of the boys at the front than the election of the right men to office. Do not fail to register and vote. For the protection of the army, the home and the children, vote! See that every woman you know does register and vote. Make it your business to see that she does. Make America safe. Vote. Note: Go immediately to your tax collector and see that he puts in the registration records. Insist on this at once.

### CAN IN TIN CANS USE THE PRESSURE CANNER SLOGAN

"Can in tin cans and use the pressure canner" is the slogan being carried into all the communities of Wichita county by Miss Sadie Oliver, county demonstrator. This week Miss Oliver visited a number of communities, addressing the women and members of clubs established throughout the county. In Thornberry, the woman's canning club is making an entire success of canning in tin cans and with the pressure canner and Miss Oliver is spreading the use of the modern methods among all the housekeepers. In and around Cashion, Cooper county, Burkburnett, Fairview and Barwise, Miss Oliver found the club members working in the field, ploughing and chopping cotton. The girls and women are using overalls almost all together and are finding them the most useful and convenient style of dress for field work. Work in Electra, County Line and Enterprise is progressing nicely with the women interested especially in canning. Miss Oliver herself canned twenty-four quarts of beans at the home of Mrs. L. C. M. Blakely, 1419 Third, using the pressure canner.

**PIONEER LODGE INITIATES TWO CANDIDATES IN PAGE RANK**  
Pioneer Lodge No. 49, Knights of Pythias, held a very enjoyable session Friday night, initiating two candidates into the mysteries of the rank of Page. Dr. J. G. Kearby, of Mineral Wells, who still holds his membership in the local lodge, was present and delivered an address that was enjoyed very much. J. C. Ward and W. T. Harris were appointed to make necessary arrangements with one of the ministers of

the city to preach a memorial sermon in the near future. This is an annual event, and is for the purpose of engaging in such services and exercises as may be appropriate to the occasion. This lodge has been exceedingly fortunate in that, although 30 or more years old, and with a membership of almost 200, it has lost but one member by death, that one being Virgil G. Skeen, who died last December. Next Friday night the lodge will initiate a class of four in the rank of Empire.

# VACATION DAYS

## From Seashore and Lake, Woods and Mountains Comes the Call!

It is the call to YOU to throw work and worry aside and devote every moment of your time to vigorous or carefree enjoyment. And it isn't so much where you go that assures a good time, but rather what you take with you. To be amply provided with summer clothes assures a greater enjoyment of every hour—every event.

There's a delightful informality about the outing apparel of the new season; fabrics are cool and airy; colors bright and cheerful; and combined in each garment is smart appearance and genuine comfort for every summer holiday. Here are splendid assortments of the most attractive models, priced with a moderation you'll surely appreciate.

### For Vacation Days, You'll Need an Extra Suit—

Here's your opportunity—beautiful models in silk and wool—

- \$24.50 Suits, Sale price ..... **\$19.50**
- \$29.50 Suits, Sale price ..... **\$23.75**
- \$34.50 Suits, Sale price ..... **\$28.75**
- \$39.50 Suits, Sale price ..... **\$33.75**
- \$49.50 Suits, Sale price ..... **\$43.85**
- \$54.50 Suits, Sale price ..... **\$48.75**
- \$59.50 Suits, Sale price ..... **\$53.85**

Included in these are suits made by A. Beller & Co. of New York

### Dresses—Newest Versions

The trend of summer fashions is clearly portrayed in these delightfully cool, crisp dresses. Styles vary from simple to elaborate; materials from silk to gingham; colors from white to brilliant hues. But all have two elements in common—smartness of style and moderateness of price.

### We Feature Many New Dresses For Vacation Days—

- Dresses in Linen and Voile combination, excellent colors, nicely trimmed, also all linen Dresses \$9.85 to **\$22.50**
- Dresses in Taffetas, Charmeuse and models combining Crepe de Chine and Georgette with other lovely fabrics, \$14.85 to **\$75.00**
- Exquisite Evening Dress, pretty assortment of colors and styles, \$19.50 to **\$45.00**

### Cool Blouses

To have plenty of fresh pretty blouses means "preparedness" for any one of the delightfully informed pleasures of vacation time—especially if they are such bewitching affairs as these.

Beautiful indeed are the pretty subdued shades—which we show tomorrow in Georgette, Crepe, Crepe de Chine and Organdies. Don't fail to include a number of these pretty blouses for your vacation days—Priced:

- \$3.95, \$4.95, \$5.95, \$6.95, \$8.50,
- \$10.00, \$12.50 and up to \$34.50

### No Wardrobe Is Complete Without Silk Underwear

Our displays of dainty Silk Undergarments are complete, and you have but to see these beautiful garments to admire them.

### We Feature "KAYSER'S" Italian Silk Underwear

- Kayser's Italian Silk Camisoles, \$1.25 to **\$3.50**
- Kayser's Italian Silk Teddies, \$3.50 to **\$14.85**
- Kayser's Italian Silk Gowns up to **\$13.50**

# FIRST SEA LORD DISCUSSES RAID OF SUBMARINES

## VICE ADMIRAL WEYMSS SAYS PURPOSE OF GERMANY HAS ALREADY FAILED.

# FRIGHTEN AMERICANS

### Points Out That Allied Strategy Is to Combat U-Boats in Narrow Waters.

By Associated Press  
LONDON, June 15.—German submarine activity off the Atlantic coast of the United States should not be taken very seriously as the Germans probably will not attempt a blockade of the American shores. This is the opinion of Vice Admiral Sir Rosslyn Weymss, first sea lord of the British admiralty. The admiral believes that there is only one submarine operating off the American coast and that the purpose of its trip across the Atlantic was to frighten the Americans.

German ruthlessness at sea, the first sea lord declared, must be met by centralized warfare in the North Sea and the Mediterranean.

Admiral Weymss paid tribute to the co-operation of the American naval forces in European waters. He said the American ships not only were stationed in the north but were also operating in the Mediterranean and off Gibraltar.

The appearance of the German submarines off the American coast is an arresting development from whatever point of view it is studied and opportunity was given this week to Archibald S. Hurd, the British naval writer, to obtain from the British first sea lord his opinion upon this new departure on the part of the Germans and its effect upon the naval situation generally. Secrecy is an essential element of success in all warfare, and particularly in naval warfare, but there are times when a chief of staff can speak with necessary reserve without giving information to the enemy. In democratic countries the leaders of the fighting forces must carry public opinion with them. That has been the policy adopted in increasing measure by the present board of admiralty.

The interview.

The first sea lord was bending over a table at work when the interviewer entered the room. He had cast aside his coat and waistcoat owing to the heat of the afternoon. The windows were open and there was about the admiral a fresh air atmosphere.

"This development should not be taken very seriously," he said, in reply to a general inquiry as to whether or not he attaches to the German sinking of shipping off the American coast. "If I were inclined to bet, I should say there has not been more than one submarine off the American coast. I may be wrong but that is the impression I have formed. That conclusion fits with my interpretation of the enemy's object."

"The Germans cannot hope to maintain anything in the character of a blockade. The distance is too great from their base."

Enemy's Object to Frighten.

"The enemy has merely made a demonstration with the hope of causing us to decentralize our efforts to put down the submarine. His object is to frighten the American people in the hope that they may exert their influence on their naval authorities."

"You will remember that Napoleon declared that 'exclusiveness of purpose is the secret of great successes and of great operations.' Now if the Germans could cause a dispersal of naval forces this demonstration off the American coast would achieve its purpose."

"I hold firmly to two principles. As chief of the staff I believe firmly in decentralization in administration but as chief of the staff I also believe as firmly in the centralization of effort against the enemy. I think it was Admiral Mahan who said that the great end of a war fleet is not to chase, nor to fly, but to control the seas."

"Now, with that statement in mind, glance at an ordinary school atlas if you have not got what the Germans call a 'war map' handy. You will observe that the central powers have formed a block in Europe running down from the North Sea to the Atlantic and to the point where the Dardanelles debouches into the Mediterranean. Any submarine to reach the American coast has to pass either to the north or south of the British or along the Mediterranean where Gibraltar stands sentinel over the narrow exit."

"That atlas is illuminating. It indicates sound strategic methods of dealing with the submarine campaign. We must fight the U-boat in the narrow seas. In other words we must centralize, concentrating all our

forces in what is really the decisive area.

German Object Failed.

"The Germans, you may be surprised to hear, have been studying the charts and sending one of their so-called submarine cruisers to the American coast. They thought to raise an outcry in the United States against the policy which is now being pursued of fighting the submarine in the narrow seas."

"Well, I judge both from official information and cable dispatches in the newspapers that they have already failed in their purpose. It looks as though they had merely brought the war home to the American people, reminding them in this dramatic way that the seas are all one and that they have a common interest with us and to the other allies in conquering the power which invested this modern form of piracy. That represents another defeat for Germany."

Discusses Convoys.

"It is reported that American coast bound traffic will be covered, if that be the case the same principle will be adopted as has proved successful during the past year or so but this will be a quite secondary effort. I imagine, however, according to the statements made by the naval secretary in Washington, the American naval authorities are convinced that if the submarine is to be mastered it must be mastered in the narrow seas. American resources are developing rapidly and the two policies, I hope may not prove incompatible, namely co-operating in the main offensive with a measure of protection to local traffic."

The conversation then passed to the manner in which American naval forces have co-operated in the European waters.

"You know of course," the first sea lord said, "that for more than a year past the American men of war have been operating from Queenstown. It has been known for some time that there are American ships in the Mediterranean. I do not think it can be regarded as a secret from Germans that American men of war are also acting against the enemy off Gibraltar."

"The American officers and men are first rate. It is impossible to pay too high tribute to the manner in which they settled down to this work of submarine hunting and the intelligence, resource and courage which they have exhibited."

Will be No Weakening in Main Naval Effort

By Associated Press  
WASHINGTON, June 15.—Benefits derived from united naval strategy by the United States and Great Britain were pointed out here today by navy department officials, who read with interest the views of Vice Admiral Weymss on the operation of German submarines off the American coast.

"Our navy is naturally much gratified at the appreciative words of Admiral Weymss in regard to naval co-operation in European waters," said Acting Secretary Roosevelt. "The keynote of our naval policy from the very beginning has been a united strategy. It would have been easy to fall into the error of assigning separate zones of operation to the various navies but it was evident from the first, as Admiral Weymss points out, that the principal naval forces must be concentrated in the decisive area of the narrow seas around England and France."

"With this in mind the evident German effort to break up this concentration by sending raiding submarines to our own coast has failed utterly in

its purposes. One submarine or possibly two at the present time, or even a continuation of the scattered attacks must and will be met. This side by supplemental naval activity with out in any way weakening main effort of hunting the submarines in the narrow seas off Europe or to convoy troops and supply ships across the ocean."

"That this singleness of power is actually succeeding is proved by the fact that the German naval objective, which has been often announced for over three years, has up to the present entirely failed in its purpose. The British and American naval forces at all points are working not only in complete harmony but with constant interchange of ideas that is improving the efficiency of both services."

### UNION BARBERS EXPLAIN TO THE PATRIOTIC PEOPLE OF WICHITA FALLS.

By way of explanation and in reply to the statement of R. S. Hill in the Times of Friday afternoon, the local union of barbers wishes to call the attention of the public to the fact that the recent increase in the prices charged amounts to less than 25 per cent, whereas the cost of living has advanced more than 50 and in some instances 75 per cent. We felt that the public would be willing to allow us this to overcome in a measure the higher cost of living, especially since the sum involved amounted to so little to each individual, and we are pleased to say that the shops generally report a satisfactory business, with the proper care on all union shops, with the one exception, continuing in harmony with the journeymen barbers. We do not believe that the included citizenship of Wichita Falls will deny us this opportunity to earn a sufficient amount to partly overcome the heavy expense with which we are all confronted.

The union barbers of Wichita Falls have never been unreasonable in their demands or requests and have been behind a vast majority of the cities in asking the increase made necessary by present conditions. Our membership has always come forward when any demand has been made upon this people, and in this connection it may be mentioned, not boastfully but with a spirit of pride, that in each of the Liberty Loan campaigns the membership responded, as it did again in the recent Red Cross drive, and every union shop shows a hundred per cent membership, including the porters.

We do not feel that the public has taken, or will take, the attitude that the increase voted was unjustified, and we respectfully appeal to all those who believe that a workman should receive a reasonable compensation for his services, to continue to favor the union barbers with their patronage.

### Kemp Public Library Formerly Opened

## MR. AND MRS. KEMP PRESENT HANDSOME BUILDING TO CITY

INTERESTING PROGRAM CARRIED OUT WHEN BEAUTIFUL STRUCTURE IS RECEIVED BY WICHITA FALLS.

In the presence of hundreds of interested people gathered Friday evening at the Lamar Park, the Kemp Public Library was formally given to the city of Wichita Falls by J. A. Kemp, the donor, when he handed the keys of the beautiful building just completed to Mayor Marlow, to belong to the people of Wichita Falls wholly and completely from that time forth. As the day was also Flag Day, the occasion had a double significance, the large flag which was bought by the school children of the city for the library being raised to the flag standard in front of the building by little Kemp Maer, grandson of Mr. and Mrs. Kemp. A salute to the flag was fired by a detachment of cadets from Call Field and Dr. J. L. McKee of Kansas City, a former Wichitan, paid a beautiful tribute to the flag. A number of school children, organized into a chorus by Miss Agnew, the public school director of music, sang "The Star Spangled Banner," and recited the well known "Pledge to the Flag." The dedicatory prayer was given by Rev. N. F. Grafton.

The Wichita Falls band furnished music for the evening, playing before and after the dedication took place. Mayor Marlow's acceptance of the library keys was followed by a short tribute to Mr. Kemp and his estimable wife, the library being the gift of both, mentioning their work for the city's betterment and progress in every way. He concluded his remarks with presenting a handsome gold watch to Mr. Kemp as the gift of the city council. Mrs. C. W. Snider, as president of the Library Association and representing the women of Wichita Falls, thanked Mr. and Mrs. Kemp for their gift on behalf of the women and children, expressing gratitude for the broadened opportunity for advancement of education and culture which this splendid gift offers.

The dedicatory services took place in the park, in front of the library building, the speakers appearing on the balcony in front of the building. The balcony was draped in the flags of the allies, with the Stars and Stripes predominating. The speakers were introduced by H. L. Hunter, the secretary and treasurer of the Library Association.

Throughout Friday the library was open for the inspection of the public and a large number of visitors called to be shown through the beautiful structure. Saturday the reading rooms were opened and there were many interested people who came to take advantage of the newly opened institution. Mrs. Adah Tietzert, the assistant librarian is in charge of the library during the absence of Miss Roberts, the librarian.

The Kemp Public Library is a distinct addition to the city from every point, providing as it does another beauty spot and also filling a long existing need for a library. Previously there has been no public library of any sort, nor any facilities provided whereby books might be secured to read, either fiction or reference works. Women who had the intellectual well-being of the city at heart sought for several years to remedy this defect and tried vainly to get a Carnegie institution, but it remained for Mr. and Mrs. A. J. Kemp to make it possible for Wichita Falls to have that most desirable institution, a public library. The library has been long in getting completed, many delays being experienced due to war time conditions, and even now not all of the furniture is installed, but now it is ready for the purposes for which it was built and it can be safely said that there has never been an institution in Wichita Falls which has been of such vital interest to so many people, or which will have such a far reaching effect for good as this public library.

Situated in the center of the Lamar Park, the library is splendidly located. Built of light brick with stone trimmings, the library is architecturally very attractive, and the dignified lines of the exterior are in harmony with the interior finish. Walls are tinted a deep ivory and all the wood work and furnishings are of fumed oak, artistic simplicity being the keynote throughout the building. Entrance to the building is from the front, the main door opening under the balcony in the front of the building. In the entrance a bronze tablet has been placed by the city of Wichita Falls to Mr. Kemp, bearing the following inscription:

"The gift of this Public Library by Joseph Alexander Kemp to the city of Wichita Falls is acknowledged with grateful appreciation."

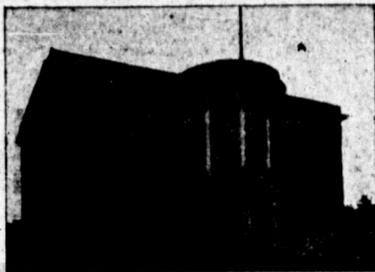

In The Rotunda.

In the rotunda, on which the four reading rooms and the librarian's office opens, the librarian's desk is placed. This desk is circular, in harmony with the general outlines, and is equipped in the most up-to-date manner. On the right of the rotunda, as one enters, the magazine reading room is located, with chairs and tables where visitors can read the latest magazines, which are on the racks. Next to the magazine room is the juvenile reading room. On the left of the rotunda is the fiction and reference reading rooms, all equipped with tables and chairs. There is shelving for 20,000 volumes. So far there are about 4,000 books in the library and there are many more ordered that have not yet come. To the rear of the librarian's desk is the office, with a balcony upstairs. Book wagons and card index boxes and all the other modern library equipment has either been installed or has been ordered.

Down stairs there are three large rooms. A club room, which will be open to all the clubs of the city, is on the right. A museum is just back of the club room, and so far contains only an old piano which has the distinction of being the first piano brought to Wichita Falls. This piano is the gift of Mrs. Kemp. Other contributions to the museum of old or curious articles, particularly articles connected with the growth of Wichita Falls are desired.

On the south side of the building downstairs is the auditorium, with a seating capacity of 150 or more. A spacious stage occupies the west end of the room. A piano has been loaned the library by Mrs. C. W. Snider, and stage fittings will be installed shortly. There is an unpacking room at the rear of the building, where the books are received and made ready for the shelves.

The Library Association committee extends a cordial and hearty invitation to every person in Wichita Falls to make use of the library at all times. The library will be open during the week from 9 to 12 and from 3 to 8. For the coming two weeks, or until Miss Roberts returns, it will not be possible to lend books to be taken to homes, but after that time books may be secured for home reading.

THE J. A. KEMP PUBLIC LIBRARY

J. A. KEMP

### COLLEGE OF MUSIC GIVES CLOSING PROGRAM FRIDAY

With the program rendered at the College of Music on Friday evening, including the presentation of teachers' certificates to the two graduates, Mrs. J. M. Baber and Miss Clem Jones, an address of the president, and several musical numbers, this term of work at the college was brought to a close.

The spirit of day, Flag Day, was brought out in the program which was opened by an impressive prayer by Rev. Harry Draper. The graduates have made excellent records in the work this year and were unusually well received by the large audience in their recital selections. The numbers showed splendid training and close study. The president, T. L. Krebs, in addressing the audience and graduates, pointed out the importance and significance of the occasion and stated that he was each year endeavoring to raise the standard of the college and that he felt splendid progress had been made during the past year which he hoped would continue during the coming season and on through the history of the institution.

The teachers' certificates, presented to the graduates, were wrapped in silk flags and the presentation brought a storm of applause from the audience. The program was brought to a close

by the song, "America," sung by the audience. The program, in full, included the following numbers:  
1. Invocation—Rev. Harry Draper  
2. Overture, "Poet and Peasant"—Suppe—Piano I, Miss Slaten, Mrs. Baber; Piano II, Miss Lynch, Miss Jones.  
3. Kammerof Ostrow—Rubinstein—Miss Lucy Ellen Huggins.  
4. Sonata op. 14, No. 2—Beethoven; Les Sylvaire—Chaminade—Miss Clem Jones.  
5. Sonata op. 27, No. 1—Beethoven; Valse in C sharp minor—Chopin—Mrs. J. M. Baber.  
6. A la Bien Aimee—Schutt—Miss Huggins.  
7. Sonata—op. 13 (Pathetique)—Beethoven—Mrs. Baber.  
8. Overture, "Tancredi"—Rossini—Piano I, Miss Huggins, Miss Walsh; Piano II, Miss Lynch, Miss Slaten.  
9. Presentation of Certificates by Mrs. T. L. Krebs, President and Musical Director of the Wichita Falls College of Music.  
10. Benediction—Rev. Harry Draper.

After the exercises, a delightful social hour was enjoyed, with delicious punch served the guests by a number of students of the college. A well-attended summer school is now being conducted at the college and the president is planning an interesting concert at the end of the term.

## Belle of Wichita FLOUR

### Help to Win the War in the Kitchen

Save the wheat! Use CORN in its place whenever possible. Mix it with wheat flour for ALL baking. On account of its high quality, Belle of Wichita CORN FLOUR gives better than ordinary results, used alone or mixed with wheat flour.

And Belle of Wichita Pearl Meal is another perfect product of the same careful milling methods.  
Wichita Mill & Elevator Co.  
WICHITA FALLS, TEXAS

VERY little was said in the recent announcement of the Nash Six save that it had a perfected valve-in-head Nash motor and embodied throughout the ideals of C. W. Nash and his organization.

But the buying public evidently had a very clear idea of those ideals as evidenced by the reception tendered this car everywhere.

More power was the achievement of Nash engineers when they perfected the valve-in-head principle and evolved the deep breathing Nash Six motor.

### DISTRICT QUOTAS OF WAR STAMPS BEING MADE OUT

Work on distributing the \$290,000 worth of Thrift and War Savings Stamps that remains to be sold in Wichita county this year to the school district of the county will begin this week. R. E. Shepherd, the county campaign manager, announces. The number of adults in each school district is being ascertained and when the quotas are made out cards will be sent to each person, asking him to go to the school house and make his Thrift Stamp pledge on June 28, the pledge day set aside by the president. In Wichita Falls there will be three places where pledges will be made. Mr. Shepherd stated. The city hall, the courthouse and the high school will probably be chosen for this purpose. B. F. Johnson, secretary of the Chamber of Commerce, will be asked by Mr. Shepherd to take charge of the movement in this city. The War Savings Bank has done a flourishing business, sales amounting to about \$2,500 by Saturday. The woman's committee which has charge of the bank report success exceeding their expectations for the first few days of the bank. In addition to these sales four men, G. C. Wood, R. E. Huff, C. W. Bean and V. E. Stampfl have pledged themselves as "limit men" to take \$1,000 worth of War Savings Stamps.

Judge Harris will hold county court this week, non jury cases being set for call. Court convenes at 10 o'clock Monday morning.

# Market Report

## Cotton Market

By Associated Press  
 NEW YORK, June 15.—There was a sharp advance in the cotton today on trade buying and covering for the week end. Weather and crop advices were generally favorable and caused some irregularity but light offerings were rapidly absorbed and the highest prices of the day were reached in the last few minutes with October selling at 24.78, or more than \$2 per bale above today's closing figure. That delivery closed at 24.72 with the general list closing firm at a net advance of 22 to 41 cents.

The market opened steady. Liverpool was a good buyer of July while reports of a more confident tone in the goods market were accompanied by further trade buying of early new crop deliveries.

After showing net advances of about 13 to 30 points the advance was checked by several points from the heat with selling of October by brokers believed to be operating for Japanese interests. These were soon absorbed however, with the market firming up in the late trading and the continued strength of New Orleans, further covering and trade buying. July sold at 26.40 and December 24.46 with the three active months showing net advances of 41 to 46 points late in the morning. The close was only a shade off from the best under realizing.

Week end statistics were considered bearish, slight in the amount of cotton on shipboard, and weekly crop reviews indicated continued favorable progress.

Rather a netter demand was reported in the goods trade for deliveries extending up to the first of January.

## New Orleans Cotton

NEW ORLEANS, June 15.—Wide gains were scored by cotton today, heavy buying making its appearance especially in July, in which month general short covering was indicated by the strength of spots. At the highest levels prices were 47 to 103 points above the level of yesterday's close, July showing the greatest improvement. The close was 41 to 57 points up net.

Much of the buying realized from claims that high grades sold in the spot department after hours yesterday at prices as high as half a cent pound over board quotations. Officially, however, spot prices were unchanged at 31 cents for middling. The advance in contracts carried July to 28.20, thus greatly reducing the discount under spots on that month.

## Livestock

**Fort Worth Livestock.**

## Sales Indicate Auto Business Continues Good

The automobile business continues comparatively brisk with the majority of local agencies distributing a number of cars each week throughout the surrounding territory. Shipments come in with fair regularity but the shortage in new cars is being felt to a varied extent among all the distributors. Sales reported for this week include the following:

Lloyd Weaver Auto Company, R. O. Harvey, Packard.  
 McFall and Orth: Southwestern Petroleum Company, Dodge, touring; T. B. Noble, Dodge touring, and one second hand sale.  
 Valle Motor Company: One second hand sale.  
 Staley Motor Company: W. D. Cline, Marmon; W. E. Petty, Buick; T. J. McGill, Vernon, Buick; four second hand sales.  
 Overland Sales Company: L. J. Cur-tis, Byers, Overland; R. S. Richard-

son, Frederick, one wholesale; Terrell and Whison, Newwaddle, one wholesale; one second hand sale.  
 Motor Supply: Six touring cars; four roadsters; one coupelet.  
 Chenault and Wheat: W. A. Edward, Ranger, Kissell roadster; three second hand sales.  
 Excelsior Motor Company: Two second hand sales.  
 Nash Motor Company: H. C. Hasler, five passenger Nash; one second hand sale.  
**REV. McCANN COMING TO CALL FIELD**  
 Rev. R. W. McCann will arrive in Wichita Falls from San Antonio on the first of July to take up the work of the First Baptist church at Call Field. Rev. McCann has had charge of the work at Kelly Field and comes to Wichita Falls well recommended after being very successful with the work in San Antonio. Rev. Mr. McCann will bring his family with him and will make his home in the city.

## You Can Fool Yourself But Not Your Battery

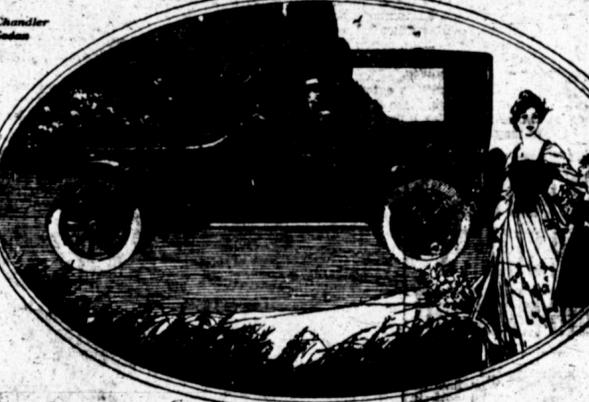

You may think you added enough distilled water, and still be mistaken.  
 You may waste current and never realize it.  
 You may be using the headlights too much and charging the battery too little.  
 But your battery writes the real story as it goes along.  
 That's why you ought to stop today and have a test made—to see whether you have been fooling yourself or not. And ask about the Still Better Willard with Threaded Rubber Insulation.  
 This is the only battery with the "Bone Dry" principle that is your absolute assurance of getting a battery as new as the day it left the factory.

## Now Is the Best Time to Get Your Sedan

THOSE who bought Chandler sedans last Fall, with the Winter in mind, find now that they have a most delightful Summer car. And those who buy now, with the Summer in mind, will find in a few months that they have a most comfortable Winter car.  
 For the handsome Fisher-built convertible sedan body which is mounted on the Chandler chassis is quite as much a Summer car as it is a Winter car. It is an open car when you want it open, and a closed car when you want it closed. All the windows are instantly adjustable and may be either entirely lowered away into the body panels or removed. The car is roomy, splendidly upholstered and seats seven in perfect comfort. The auxiliary seats face forward.  
 There can never be a better time of year than right now to get your sedan.

RESTRICTED DISTRICT FLORAL HEIGHTS Is unquestionably the place for most attractive homes. It is a beautiful location, unlike anything else in the city. Expensive homes should have picturesque surroundings and lots of yard room for beautiful lawn, trees, flowers, etc. You will be surprised how cheap some of these lots can be purchased, either in pairs, half or whole block. We make the price. Act now. Telephone as your wants. HUEY & COTTON Office Suite 303—Camp & 2nd Sts. Phone 1478 and 2034

OIL EXCHANGE "INVEST"—MAKE YOUR OWN FORTUNE Wealth is made not by saving but by investing. All great fortunes grew that way. One good investment may earn more than a lifetime of work. One small tract of oil land can make you rich. Even a small investment in a rapidly growing company often becomes the step on the road to fortune. We make a specialty of selling oil stocks and leases. Keeping posted on the oil business in this locality, we are in a position to serve you. Should you wish to buy or sell production, oil stocks, leases, rigs, pipe, casing or anything pertaining to the production of oil you can profit by seeing us. AT THE CHURCHES

St. Paul Evangelical Lutheran Church. (Mo. Synod.) Corner Eleventh and Holiday. There will be Sunday school at 9:30 o'clock in the morning. Divine service in the German language at 10:30. Bible class will meet at 8:00 p. m., not as previously announced on Tuesday evening, but Sunday evening. Everybody cordially invited to worship with us, especially the boys at Cali Field.

Lutheran Trinity Church. Corner 14th and Bluff at. Sunday, June 16. Regular Sunday school at 9:30 before service, which begins at 11 a. m. and will be conducted by Mr. H. F. Bredthauer. The pastor preaches at 11:00. W. UESCH, Pastor.

Church of the Good Shepherd. Episcopal. Corner of Tenth and Burnett. John G. Arsen, Rector. Holy communion 8 a. m. Sunday school 9:45 a. m. Morning prayer and sermon, 11:00 a. m. Evening prayer 8:30 a. m. Strangers and visitors are most cordially invited to come and worship with us.

First Presbyterian Church. There will be a violin duet at the morning service Sunday. The choir has arranged for other special music. The choir is keeping the music up to the standard and church goes may expect something good each Sunday. The subject of the morning sermon is: "Thou Shalt Not Kill." The war has made many people thoughtful regarding this commandment. The sermon will consider that phase of the question of killing. An opportunity will be given for church membership and infant baptism. In view of the fact that Chautauqua is to be opened to the public without admission fee Sunday afternoon and night the churches of the city will have no evening service and go to the tent. N. F. GRAFTON, Pastor.

First Methodist Church, South. Corner 8th and Lamar. Sunday school at 9:30. W. B. Hamilton, supt., will be in charge. Many new recruits have recently been added and you will find a congenial crowd. Preaching at 11 a. m. by the pastor. Subject: "Righteousness Exalteth a Nation." There will be no services at the evening hour. Our people are invited to attend the address at the tent, corner of 8th and Lamar. This will be free for everybody. Epworth League 7:30; leader, Miss Lula Smith. Those who gave their names for membership during the tabernacle meeting will be received into the church at the morning hour. Strangers in the city are especially invited. These services are for you and we will be disappointed if you fail to come. Mr. W. P. McDonald will sing a solo. GUS BARNES, Pastor.

First Christian Church. The Gospel meetings under the leadership of Evangelist C. R. L. Vaw-

ter begin today. Dr. Vawter will preach at both services. Morning services begins at 10:45. Subject, "In Remembrance of Me." Mr. Shepherd will sing. Night service begins at 8:30. Sermon subject, "A Good Confession." The male quartet will sing. Mr. Bradley will lead the song services. The Bible school begins at 9:30. Junior, Intermediate and Senior C. E. meets at 7:15. A hearty invitation is given to all to be present at these meetings.

First Methodist Episcopal Church. Corner 7th and Lamar. 9:55 Sunday school. 11 a. m. Morning worship with sermon, "The Church in Action." Choir with a special duet. 7:30 p. m. Epworth League services led by Mr. C. O. Simmons and Miss Lena Lynskey. Short talks and discussions on the subject "Team Work."

Call Field Tabernacle. Mr. T. L. Krebs, of the Wichita College of Music, will have charge of the music at the Call Field Methodist Tabernacle Sunday morning. The program follows: Opening hymn. Sonata Pathique: Beethoven—Mrs. J. M. Eaber. Congregational hymn. Prayer. Hymn. Berceuse: Godard—Miss Clem Jones. Sermon by Rev. Wade Johnson. Kammenol Ostrow: Rubinstein—Miss Huggins. Hymn by the congregation. Benediction. The public is cordially invited to these services, and to a use of the Tabernacle constantly. The morning service begins at 10:45 a. m. There will be no evening service Sunday. This is on account of lack of lights, climate.

Beginning next Sunday, however, evening services will be held every Sunday. Church of the Nazarene. Corner Fifth and Bluff streets. Sunday school at 9:45 a. m. Preaching by the pastor at 11:00 a. m. Prayer meeting every Thursday night. The children will have a special missionary program in our church at 8:30 p. m., so don't miss the program. A hearty welcome to all. JAS. N. COOPER, Pastor.

First Baptist Church. Sunday school 10 a. m. Church services 11 a. m. Sermon subject, "The Cedars of Lebanon." Evening service at 8:30. Subject of sermon, "The Man With a Heavenly Secret."

75 REGISTRANTS WILL LEAVE ON JUNE 23

Seventy five Wichita county registrants will leave for Camp Travis on June 23, the quota being announced Saturday by the adjutant general's office. The local board is now at work on the list of class 1 eligibles who will go on this call. The names of white men and negroes who will leave on June 19, have already been announced. On the June 23 call Wilbarger county is the only one of the neighboring counties which has as large a quota as Wichita, the number being the same. 75. Baylor county will have to furnish 40, Clay 20, Donley 20, Harde-man 40 and Young county 35.

Red Cross Notes The local chapter of the Red Cross will appreciate the loan of electric fans by Wichitans who are leaving town for the summer. The need for the fans is great and the authorities think the work can be kept up to a much higher standard if a number of fans can be obtained from families spending the summer in a cooler climate.

Facts and Figures Don't Lie! Do you know, that every article of merchandise, from the small paper of pins to the automobile, have advanced in price from ten to three hundred per cent. New typewriters and adding machines are still selling at the same old price. There has been no advance as yet. Second hand machines have advanced approximately thirty-five per cent. It costs on an average of three hundred per cent more to make and market a typewriter or adding machine now than before the war. The price is bound to go up in the next thirty days. We still have a few machines at the old prices.

CALL FIELD CAMOUFLAGE

RICKENBACHER WRITES FRIEND AT CALL FIELD

FORMER RACER, NOW ACE IN FRANCE, TELLS OF EXPERIENCES AT FRONT.

WITH CAPTAIN HALL

Was in Fight in Which Noted American Fighter Was Sent to His Death.

Lieutenant E. V. Rickenbacher, former American racing driver, who entered the service as General Pershing's chauffeur to get a chance to do what he could and was later commissioned and has now won his title of "ace" by bringing down Hun planes...

Rickenbacher says: "Business was darn good a few days ago for our squadron. The story runs as follows: I and another boy were out on early patrol, that means leave the ground before daylight and be up over the lines at an altitude of about 18,000 feet anyway. The Huns saw us naturally, and sent out a couple of their pursuit planes to show us up. Well, Captain Hall was blowing from Germany and clouds were very low. These poor devils got lost and came flying over our camp. The French listening post gave our squadron the alert, so two of our boys left the ground at once and about the same over the field. Well the battle started and both Huns were down in less than two minutes, right on our field. When they came back you can imagine our surprise. Rather a good day's work, don't you think?"

In another letter he says that the allies have a job cut out for them for while they are holding the Huns pretty well men are dying by the thousands daily and the most terrible fighting is going on. This letter was written by the soldiers while being over the lines I saw two Hun planes in Germany, so we started after them. During the fight which lasted nearly five minutes two Huns went down and Captain Hall was blowing going down behind a large wood in Germany. I returned safely but was very much broken up over the loss of one of America's greatest flying men. All we can do is to hope for the best, that he is a prisoner instead of being killed. I am enclosing a few photos taken a few days ago. One shows a little German cross painted on the upper plane. This is a habit we have whenever being hit by German shells. This was my first one. Another shows me with one of the latest French "Peace Pills" which are being dropped into Germany by the thousands. The largest photograph shows that I am advertising the Detroit Automobile Club in Germany most every day.

All squadrons have insignias and what do you think of ours. Dear Old Uncle Sam's hat in the ring, using the red, white and blue. I certainly has made a hit with Frenchmen. Since this letter was written Lieutenant Rickenbacher has brought down additional enemy planes. The Herald clipping tells how he and Captain Hall risked enemy machine firing it while they were within firing distance from the German infantry lines.

His First Victory.

Writing May 8, Rickenbacher says: "Things have been fairly humming with us for the last 30 days. I had my first victory over a Hun the other day, an enclosing a clipping from the Paris edition of the New York Herald, which is self-explanatory. Old pal, to show you how things go over here and how easy it is to lose a friend over night. I was out on an alert with Captain Hall while being over the lines I saw two Hun planes in Germany, so we started after them. During the fight which lasted nearly five minutes two Huns went down and Captain Hall was blowing going down behind a large wood in Germany. I returned safely but was very much broken up over the loss of one of America's greatest flying men. All we can do is to hope for the best, that he is a prisoner instead of being killed. I am enclosing a few photos taken a few days ago. One shows a little German cross painted on the upper plane. This is a habit we have whenever being hit by German shells. This was my first one. The largest photograph shows that I am advertising the Detroit Automobile Club in Germany most every day.

2400 MEN IN TRAINING AT COLLEGE STATION

By Associated Press. COLLEGE STATION, TEX., June 15.—With the arrival here today of 770 Texas drafted men to take a special course in mechanics at A. & M. College, the total number of men in training here for special Army service was increased to 2,400. The new arrivals will receive instruction as machinists, blacksmiths and carpenters.

MRS. MADELINE FOY DIES AT NEW ROCHELLE, N. Y.

By Associated Press. NEW ROCHELLE, N. Y., June 15.—Mrs. Madeline Foy, wife of Eddie Foy, the comedian, died at the New Rochelle hospital last night of pneumonia.

Born in Turin, Italy, 48 years ago, she was a ballet dancer in her youth, and was known on the stage as Madeline Moranda.

She was the mother of eleven children. Seven survive her.

THE 164TH GIVES MINSTREL AT CLARA THURSDAY

Members of the famous 164th from Call Field with a number of local artists netted the Junior Red Cross of Wichita county a little more than eighty dollars in their successful presentation of a miniature minstrel and vaudeville at the school house at Clara, Texas, on Thursday evening.

George Hodgins was promoter-in-chief and Mrs. Joe Bordun, of the Junior Red Cross of Clara, helped in staging the entertainment, which followed the same line as the Red Cross minstrel and vaudeville offered in Wichita Falls a month or two ago and scored an equal success in its second presentation.

Meet Lieutenant Arthur Hays Klein

Meet Lieutenant Arthur Hays Klein, engineer officer of Call Field.

Nothing particularly extraordinary about that, is there? There are lots and lots of engineer officers at Call Field.

But wait a minute. Look at that "smile that won't come off," and ask yourself where you have seen it before, motor enthusiasts and speed fans.

Yes, it's true, Lieutenant Arthur Hays Klein, assistant engineer officer at Call Field is none other than "Art" Klein, famous speed demon, who in the beginning of his career back in 1913 and 1914, was known as the youngest racing driver in the game. The racer's smile is still there, but it doesn't mean that he's going after the big purse, but that he's racing now to help get the Kaiser's scalp, just as in days gone by he has bested Oldfield, Delmas, Dibrow, and many others, high in the racing world, that he's in Wichita Falls working on air plane motors instead of being over there scouting over German lines and bringing down Boche planes is no fault of Klein's, but merely means that he's obeying Uncle Sam and going wherever points the finger of duty.

Sometimes when he gets letters from Eddie Rickenbacher, a fellow racer and intimate friend, telling of the life on the front with Pershing's men, he gets impatient, but he has hopes that soon his orders to go over will come and he will get a chance to show the Germans a little of the speed that has made the name of Art Klein famous all over the United States.

Lieutenant Klein came to Wichita Falls some months ago in civilian clothes, his commission awaiting him. He didn't know much about military etiquette, and his brother officers have some good jokes they tell on the new lieutenant as a result of this early ignorance, but "Art" is a good fellow and doesn't mind the teasing. The soldiers say he is a regular fellow and so does every one who

has chanced to meet him, though it is only by accident that any one finds out that the quiet young officer is the racing driver who has given them thrills in many a race at Dallas during the Texas State Fair, or at Oklahoma City or other nearby cities. Many Wichitans have seen Klein race on tracks and speedways in the east and north, and in California, where Klein mingled auto racing with playing in the movies.

Klein's last speedway race, before he departed the speedway for the dirt track, was run at Uniontown, Penn., and he there defeated Oldfield, Delmas and a score of other such stars of the racing world. He has held all sorts of records, holding the world's 25 mile record on a mile track made at Cincinnati in 1915. His first entrance into speedway fame was in 1914 at Indianapolis when he drove a King car and carried the Wolverine Automobile Club colors through to first place. He has since then placed his Crawford among the leaders in Indianapolis with the W. A. C. colors flying, hangs in the Wolverine club rooms, together with picture of Barney Oldfield, and many other champions of the racing world. He has a right in the Hall of Fame.

Some of His Experiences. Klein has driven some of his most exciting races in California, at Venice, San Diego, San Francisco and other coastal cities. Perhaps the most sensational race he ever finished in, however, was staged at Cincinnati in 1914 at a Labor Day race. After he had placed his Crawford among the leaders he learned that Otto Haibe, driver of a Kleinart had fainted. Klein jumped into the machine and brought it into seventh place, capturing another piece of the coin. This is the only time ever recorded in racing history that the same man has brought two cars in on money positions in the same race. The race was a long distance event. There have been times when the car Klein was driving lost a wheel, a cylinder exploded or something went wrong and the young driver's life was endangered, but he has never failed to come through safely, though he has been burned rather severely at times.

It was in a King that Klein first won fame, but he has driven many other cars, a Crawford, Kleinart, a car of his own construction as the name indicates, Blitzen Benz and Briscoe. It was in a Blitzen Benz that Klein won the world 25-mile record.

Klein is from Youngstown, Ohio, where his name is reverently spoken by high school boys of the hero worshiping type, and many fans of both sexes. It hasn't been so long since he was a high school boy himself, and he has retained in his army work the youthful enthusiasm which has given his racing the pep and dash that nosed the cars right up to the front.

It was in a King that Klein first won fame, but he has driven many other cars, a Crawford, Kleinart, a car of his own construction as the name indicates, Blitzen Benz and Briscoe. It was in a Blitzen Benz that Klein won the world 25-mile record.

FIRST AMERICAN BOMBING RAID WAS SUCCESSFUL

By Associated Press. WITH THE AMERICAN ARMY IN FRANCE, Friday, June 14.—The first raid by an American bombing squadron behind the German lines was accomplished with successful and satisfactory results, American bombers performing like veterans. Some of the observers had been on similar flying missions with French or British pilots and they knew exactly how to gauge accurately the fall of the bombs.

As they made their start for Germany the bombing planes received quite an ovation. French and British aviators and officers and a large number of American flyers cheered them from the flying field as they came racing down the grass, tilted upward and then turned north toward the enemy's lines.

The German anti-aircraft batteries gave them a hot reception as they crossed the front but this shelling was extremely light, compared with what they underwent as they approached Donny-sur-Baroncourt. Two of the American planes, leading the squadron, became the particular targets of the anti-aircraft guns. They were hit under heavy shrapnel fire until they arrived over their objective a railway junction and the surrounding buildings three miles below.

SIX MORE DISTINGUISHED SERVICE CROSSES AWARDED

By Associated Press. WASHINGTON, June 15.—Award of the Distinguished Service Cross to six members of the American forces in France, four of whom are dead, was reported today by General Pershing. Those honored were:

Major Alexander Rasmussen, U. S. Infantry; Sergeant Gray E. Whaley, engineer; Private Oscar Griffith, ambulance company, and Private Frank J. Goldcamp, engineers, all of whom were killed or died of wounds, and Corporal Thomas A. Carroll, infantry, and Private Leslie M. Lane, infantry.

TOILET ARTICLES BEING FURNISHED SAMMIES

By Associated Press. WASHINGTON, June 15.—Furnishing of safety razors, soap, hair brushes, combs, towels and tooth brushes to enlisted men in the American expeditionary forces in France has been put into effect, a war department announcement today said. General Pershing asked the supplying of toilet articles on the ground that personal cleanliness increases the morale of the men.

TABERNACLE AND HOSTESS HOUSE TO OPEN FRIDAY

OFFICERS, MEN AND CIVILIANS WILL PARTICIPATE IN OPENING PROGRAM.

Friday night, June 21, the opening of the Call Field Tabernacle and Hostess House in its social capacity will take place, the program which marks the opening to be participated in by officers, men from the camp and representatives of various interests among the citizens of Wichita Falls.

Wade Johnson, the camp pastor, will be in charge of the opening and will announce the plans for the building is for them the attendance of civilians must be restricted at this Friday night program. Three representatives from every social or religious unit of the city will be invited, this allowing of nine from each church, divided as follows: three from the official board, three from the women's organizations and three from the young people's societies. The social and civic organizations are asked to have three representatives present.

Officers of Call Field is invited and expected to attend but the official representation will be composed of: Sergeant Church, 73rd Squadron; Sergeant Williamson, 74th Squadron; Sergeant Gordon, 164th Squadron; Sergeant Lundy, 192nd Squadron; Sergeant Steinman, 198th Squadron; Sergeant Patterson, hospital corps; Sergeant Bruce, quartermaster corps; and Sergeant Fagel, the adjutant.

Captain E. H. Oakley, of the personnel department, will open the program and give the formal address of welcome. Talks will be made as follows: Rev. W. A. Barnes, response to Captain Oakley; Rev. J. Sam Barcus, greetings from the Methodist Church of Texas; Rev. N. F. Grafton, from the Episcopal Alliance of the city; Lieutenant J. Wilkie Talbert, from the Lions Club; W. B. Hamilton, from the Chamber of Commerce; Judge Edgar Scully, from the Elks Club; W. D. Cline, field director for the Red Cross; O. E. Life, of the Call Field Y. M. C. A.

A musical program is being prepared by Corporal W. F. Hurley of the 164th Squadron. Refreshments will be served by a committee composed of Mesdames C. W. Snider, W. W. Silk and T. F. Adams, and supported by the M. E. Church, South, is not in any way a sectarian institution. Mr. Johnson, the pastor, announces, and all denominations are warmly welcomed to participate in the activities. As funds permit improvements in the building and equipment will be made to meet the growing needs of the camp and other facilities for amusement within a short time.

Call Field Brevities

Major and Mrs. John Butts and Lieutenants Dorland and Rollins are spending a few days on the beach at Galveston.

Lieutenant Barksdale motored to Fort Sill to spend the week end.

Lieutenant Alexander is visiting in Dallas, during the inactivity in flying at Call Field. Lieutenant Jack Eaton, another of the flying officers, is leaving for San Francisco on leave.

Lieutenant Arthur Klein has just returned from a ten days leave spent in Detroit.

NEW TYPE AUXILIARY SCHOONER IS COMPLETED

By Associated Press. BLOOMING, MISS., June 15.—The first of a new type of auxiliary schooners, the "Elizabeth Ruth," rated by Lloyd's as 100-A-1 and said to be the fastest vessel of that classification thus far constructed on the Gulf coast, was launched here today at the yard of the Mississippi Shipbuilding Corporation. The schooner is of 1,200 tons deadweight capacity and will be driven by two crude oil motors, for which will be carried 10,000 gallons of fuel. Construction of another vessel of this type will begin immediately.

MRS. BUSCH ARRIVES FROM GERMANY

A CUBAN PORT, June 15.—Mrs. Lily Busch, widow of the late Adolph Busch, of St. Louis, was among the arrivals here today. She has been in Germany since the beginning of the war.

STUNTS IN THE AIR

IMMELMAN TURN

Lieutenant Jack Eaton, one of the pioneer Call Field flying men, who has been stationed here since November, 1917, when the camp was first opened, described today's stunt here pictured, the Immelman Turn, for the Camouflage editor, just before leaving for a ten days' vacation, which he will spend in California.

"The Immelman Turn," said Lieutenant Eaton, "was first used, as its name signifies, by Lieutenant Immelman. It is of great value when performed by fast pursuit planes on the battle front. This turn is the quickest turn possible and is very misleading to an enemy plane. To execute the turn the plane is pulled up as in the beginning of a loop and when the ship is at the highest point, on its back, it is allowed over to normal position."

MAGAZINE TO BE PUBLISHED MONTHLY AT CALL FIELD

Tuesday the first printed issue of "The Call Field Engineer" will go on sale for the citizens of Wichita Falls, the magazine, which is a monthly publication, being now in the hands of the printer. "The Call Field Engineer" is primarily a technical publication, to which officers and enlisted men have contributed the articles for the greater part consisting of discussions of problems of the air service and suggestions for changes, but there will be enough light matter, dealing with the personal side of the camp life to make the publication of interest to the civilian population.

Captain E. E. Neville is manager of the "Engineer" and Lieutenant H. E. Williamson is editor. The magazine is illustrated with original sketches of the work of various of the artists of the field. The first issue was gotten out for its last month, and was done on the mimeograph with the covers blue printed, but of course only a limited number of copies were printed. This month's circulation is expected to be greatly increased.

Captain Neville asks that all Wichita Falls merchants who helped make the printing of this magazine possible by taking advertising space be assured that the magazine, which is a monthly publication, is a monthly publication, and that they will be of interest to the civilian population.

Ever ready in charge are hoping that it will be of interest to the civilian as well as military population.

WHEN AN OFFICER ISN'T.

Dear "Bob": Since my last letter great things have happened here. Seventy-five flying officers from other fields have come to learn to fly. We are awful lucky, don't you think, to be flying at this time in our fast, powerful Standards, while they had been satisfied with the Hispania-Suiza, Curtiss and the Canadian stick. They can't be much good as they are, but they are a lot better than the old biplanes they were flying on when they were in the hot end of our barracks and eat at our mess. Most of them have only had about 100 hours flying and their course must have been a awful waste of time, aerial gunnery, night flying, 200 mile cross country trips, nine to eighteen ship formations, and advanced acrobatics. The officers here know these things are necessary, so we don't bother with them.

Take night flying for instance, who wants to fly at night, every one knows that's the time to dance and sleep. The post officers have the most terrible flying course planned for these birds, one whole hour a day (when they get the ships), and three ship formations, and cross country flying, nearly twenty miles long. What's the use of having an 18 ship formation, we never had more than a 3 ship one. I tried to be nice to one of these student officers the other day and he sure did appreciate it. I think he's an awful liar though, as he said that you didn't have to haul a Curtiss out of a bank course must have been that awful waste of time, aerial gunnery, night flying, 200 mile cross country trips, nine to eighteen ship formations, and advanced acrobatics. The officers here know these things are necessary, so we don't bother with them.

CHASTLY GRINS AND GOOEY GORE

We read of flyers from over the sea, fighting for our land of democracy. But for some reasons remote and unknown, we hear not much of the flyers at home.

Fighting the elements day after day. The dashing cadet hasn't time to pray. Many times at night during the quiet hour, His thoughts and dreams are on the "central tower."

Rickard is there, very calm and sedate, Ever ready in charge to check and slate. To take week ends and confine to the post. And have the major as their charming host.

Harris and Gallagher, assistants true. All either needs is a suggestive cue. Down from the tower, in a rage they come. To land on the neck of a "cuckoo bum."

Little Chappie is there, with "snap" and "pep." It matters not whether a plane or "Zep." He chases them all from out the blue sky. His motto must be "to do or to die."

The daring "Kee Wee" come with anxious hearts. And parts, and parts, and parts. "Tail spins," "side slips," "loops," "zooms" and "figure 8's." Learning the game at a marvelous rate. —Another, Kadet.

Sterilized unsweetened evaporated milk, put up by Libby, McNeill & Libby, in cans for 25c at Sanitary Meat Market, 616 7th st. Phone 2527.

FLYING STOPPED AT CALL FIELD FOR THREE WEEKS

STANDARD MACHINES BEING SHIPPED AWAY AND ARRIVAL NEW ONES AWAITED.

All flying has been suspended at Call Field, and it will be at least three weeks before a plane leaves the ground from the local field. This ruling comes from Major Alfonte, the commanding officer, from the department at Washington, orders being to stop flying in the Standard machines, which have been in use at the field since its opening, and to wait until the field has a full supply of new Curtiss machines. Major Alfonte wired for permission to use the Standards, for instruction, but the Curtiss planes were being set up and gotten ready for use, but received orders to use no more Standards for flying at all, and to put the men to work on the ground until the new planes are ready.

All of the student officers have been sent to the Wilbur Wright field to finish their flying course as it was felt that it would be a more advantageous arrangement than to keep the men working on the ground, when their principle need is for flying. The cadets are retained at the field and are working on the ground. There were seventy-five student officers who have gone from the local field.

MANY ARE ON LEAVE

Except with the enlisted men and the engineer officers affairs at the camp are more or less at a standstill. The flying officers have been set up and ready to begin the flying course again. The flying officers are taking advantage of the opportunity offered for leave to their homes or to summer resorts, awaiting the call to return to duty. For the men in the shops where the new planes are being assembled the flying officers do, and it is also quite a task to box up the old planes and ship them off. Class work is going on as usual and the officers are getting their drill. The cadets are being given more time off and the "little-breathing spell" is being enjoyed all around.

The Standard machines will be used for instruction at the ground schools. It is understood, where it will not be necessary for the planes to take the air. The new machines are faster, have better motors and are of a newer and all around more satisfactory type than the old planes, it is stated.

LIEUTENANT TOWER IS TRANSFERRED TO MINEOLA, N. Y.

Lieutenant Roderick Tower, who for a number of months has been assistant to the officer in charge of flying at Call Field, and during the interval between the departure of Major Wash for Souther Field and the arrival of Major Butts, the present commanding officer, in command of flying at the field, has been transferred from the local post to Mineola, New York. Lieutenant Tower was genuinely liked by all who came in contact with him and there is much regret at his orders taking him away. The young lieutenant is a son of the Charlemagne Tower, former ambassador from the United States to Russia.

Lieut. McKnight Has Been Sent To Souther Field

Lieutenant McKnight, M. R. C., has been transferred from the local post hospital to Souther Field, Texas. Ga. Lieutenant McKnight is about the 15th officer to go from Call Field to Souther Field. Major Wash, the commanding officer at that post, has been given a number of his former associates transferred to that post.

WOMEN STENOGRAPHERS TO BE EMPLOYED AT FIELD

The American sister of the "Tommy Waacs," or the Women's Army Auxiliary Corps, will make her appearance at Call Field shortly. Major Alfonte, officer in command, having sent in a requisition for six women to do stenography and clerical work at headquarters. Heretofore the work has been done by enlisted men, but the work has grown so heavy that the decision has been made to get women helpers. The women will be chosen from those who have passed the civil service examination, where it will not be necessary for the planes to take the air. The new machines are faster, have better motors and are of a newer and all around more satisfactory type than the old planes, it is stated.

NEW INSIGNIA FOR AIR SERVICE HAS BEEN ADOPTED

Collar pins bearing the crossed flags of the Signal Corps and the orange and white hat cord of the service are soon to disappear from the streets of Wichita Falls, as a separate and distinct insignia for the air service has been adopted, according to an announcement from Washington on Friday. The collar insignia design consists of a pair of horizontal bronze wings, similar in shape to the wings of a bat, with a silver two-bladed propeller placed vertically on the wings. The insignia will be worn by officers and enlisted men of the military aeronautics service and the bureau of aircraft production. The hat cord selected for the enlisted men is green and black.

Of course, we salute these men, but one feels a sense of pity for them at the same time. Don't get it in your head that we are to be treated this way when we earn our commissions. The reputation of our field is indisputable, very few people know anything about it, and no doubt we will be pitted against the Hun without any further training. So old man, hoping your field turns out better than most, I hope you'll be a Kelly or Guernsey so that you won't have to come up here to learn to fly in the most correct and approved manner, write soon. Your pal, JIM.

# CASUALTIES

## ARMY

By Associated Press  
 WASHINGTON, June 15.—The army casualty list today contained 81 names, divided as follows:  
 Killed in action, 8.  
 Died of wounds, 10.  
 Died of accident, 1.  
 Died of disease, 6.  
 Wounded severely, 52.  
 Wounded, degree undetermined, 4.  
 The list:

**Killed in Action.**  
 Captain Jewett Williams, Athens, Ga.; Sergeant Hasso A. Briese, Rice, Minn.

**Died of Disease.**  
 Sergeant George F. Dickerson, Philadelphia, Pa.; Privates James F. Daley, Old Forge, Pa.; Orval Gerew, New Greina, N. J.; Anton J. Paacnik, Newark, N. J.; Joseph Startz, Liberty, Kans.; Henry Turnage, Wynne, Ark.

**Died of Accident.**  
 Private John Hospodurus, Zurutoiro, Russia.

**Died of Wounds.**  
 Lieutenant Russel A. Warner, Washington, D. C.; Sergeants James J. Finnegan, New York City; Charles Metzger, Brooklyn, N. Y.; Corporals John G. Dierks, St. Louis; James G. Hahoney, Charlestown, Mass.; Clyde G. Sabor, Butler, S. D.; Robert O. Smith, Waycross, Ga.; Sydney S. Stetson, Tarentum, Pa.; Louis P. Junkin, N. Y.; Wagoner Lettie P. Clark, Salina, Okla.; Corporal William Fleming, Cuba, Fla.; Privates Jens C. Anderson, Clear Lake, Iowa; Thomas J. Connolly, New York City; John C. Coy, Clovis, Calif.; Walter W. Figgins, Stockton, Calif.; Stanley Zebrowski, Detroit.

**Severely Wounded.**  
 Captain Amer. Fred Langendorf, Willebrand, Pittsburgh, Pa.; Privates John Belak, South Fork, Pa.; Clyde Gustine Excelsior Springs, Mo.; Thomas G. Lawton, South Medford, Mass.; Frank Moran, Detroit, Mich.; Alois A. Parris, St. Louis; Govan B. Reagan, Bernice, La.; Thomas J. Whalen, Superior, Wyo.; Clyde L. Wilks, Elmira, Mich.; Privates Marce Adams, Chester, Tenn.; Charles Bentzen, Ironwood, Mich.; William C. Brown, Crossville, Tenn.; William Budzynski, South Bend, Ind.; Ken Cook, Dorothy, W. Va.; Joseph J. Covanski, Mount Carmel, Pa.; Kenneth L. Daugherty, Centerville, Iowa; Michael Eder, Elberta, Ala.; Max Feinsod, Newark, N. J.; John V. Fennessy, Rochester, N. Y.; Walter E. Harris, Charlottesville, Va.; Robert G. Hayes, Marietta, S. C.; James Jacobs, Chicago; Clarence P. Judge, Raynham, Center, Mass.; Frank Kohl, Marshfield, Wis.; Hosea Lafleur, Willebrand, La.; Leopold Landreker, San Francisco; Leslie H. Layton, Livingston, Ky.; Charles E. Lewis, Weiser, Idaho; Clarence McEachron, Delano, Minn.; Tonte Markie, Chicago; Elas N. Mayfield, Patti, Ind.; Arthur W. Olson, No. 6 B street, Lawton, Okla.; Harry A. O'Neil, Scituate, Mass.; Albert W. Pool, Butlersville, Ind.; Oliver Prince, Morton, Miss.; Alex Rand, Tacoma, Wash.; Bertie W. Randall, St. Louis; John F. Reddy, Fall River, Mass.; Angelo Righero, Frassano, Italy; Robert Riordan, Oakland, Calif.; Robert R. Robb, Johnstown, Pa.; Joe Robbins, Hughett, Tenn.; Joseph D. Rountree, Kingston, Tenn.; William M. Sorg, Coal Springs, S. D.; Oakley O. Travnog, Flint, Mich.; Adolph E. Trean, Norton, Mass.; Wilbur Ward, Glendale, Mont.; Boyd Westbrook, Ches-

sea, S. C.; George Whetpley, Chicopee Falls, Mont.; Nelson L. Whitman, Alpena, Mich.; Vernon J. Wilshire, Covington, Ky.  
**Wounded, Degree Undetermined.**  
 Lieutenant Elmer E. Silver, Jr., Woburn, Mass.; Sergeant Russell H. Dudley, Lancaster, Pa.; Wagoner Lewis Haggard, Okla.; Private Martin Courtney, Okla. Mich.

## MARINES

By Associated Press  
 WASHINGTON, June 15.—A marine corps casualty list issued today gave 63 names divided as follows:  
 Killed in action, 8.  
 Wounded severely, 55.  
 Officers named were:

**Killed in action.** Captain Donald P. Duncan, St. Joseph, Mo.; Lieutenants Orlando C. Crowther, Canton, Ill.; Caldwell Robinson, Hartford, Conn.; Clarence A. Dennis, Jackson, N. J.  
**Severely wounded in action.** Lieutenants Charles B. Maynard, Spokane, Wash.; Richard W. Murphy, Greensboro, Ala.; Charles I. Murray, Sewickley, Pa.; Julius C. Cogswell, Charleston, S. C.; William A. Worton, Mattapan, Boston; Harold D. Shannon, North Berger, N. J.; Charles D. Roberts, Cleveland; Frederick I. Hicks, Brownsville, Tenn.; Clinton I. Smallman, Wheeling, W. Va.; James McBride, Sellers, Lexington, Mo.; David I. Holliday, Marion, S. C. and John D. Bowling Jr., Upper Marlboro, Md.

**The list.**  
**Killed in Action.**  
 Captain Donald P. Duncan, St. Joseph, Mo.; Lieutenants Caldwell C. Robinson, Hartford, Conn.; Orlando C. Crowther, Canton, Ill.; Clarence A. Dennis, Jackson, N. ## OIL WELLS NOW ALMOST CIRCLE BURKBURNETT

Special to The Times.  
 BURKBURNETT, TEX., June 15.—Burkburnett is to have oil wells all round the town and that just outside the corporate limits of the town. It seems. Some days ago a location was made and a shallow well begun on the J. G. Hardin tract of land, about one mile south of town.  
 A location has now been made and a standard rig set to drill a deep well just outside of the north line of the incorporation on the S. L. Fowler tract of land. A local company which has been capitalized and styled the Fowler Farm Oil Company, is making the test and it is understood that they will make a thorough test in the hope of finding a good well. The company holds a lease on three hundred acres of land lying just north of town.  
 The Knauth No. 3 has been in the sand for several days and is expected to be drilled in right soon. The showing is for a good well. This is only about one and one half miles west of town.

**Miss Kathleen Stonecipher.**

 Those sugar cured picnic hams at 25c per pound are the cheapest meat you can buy. Sanitary Meat Market, 616 7th. Phone 2527. 28-2tp

**We Are Coming**  
 United 1 Cent to 1 Dollar Stores

**PAPER SUCCESSFULLY MADE FROM SAWDUST**  
 ABERDEEN, SCOTLAND.—The success of an experiment in making paper from sawdust has been practically demonstrated at a large paper mill here. The Aberdeen Evening Express of a recent issue was printed from paper which contained a large percentage of sawdust.  
 Will be open Saturday afternoons. Dr. J. S. Nelson, Dentist. 26-1tc

# The Hupmobile

is wanted all over America, because of its extreme economy and the other qualities which have given it the name of The Comfort Car.

The owner of a Hupmobile is bound to have an increased equity in his car, not because cars are scarce, but because notably good cars are in special demand.

The re-sale value of a Hupmobile, in relation to its original cost, will be even higher from now on, than it always has been.

### PARRISH TO SPEAK AT HOLLIDAY AND DENNY THIS WEEK

L. W. Parrish, candidate for congress, will speak at Denny school house on Tuesday night June 18th and at Holliday on Wednesday June 19th, according to an announcement from Parrish Club headquarters here yesterday. The public is very cordially invited to hear Mr. Parrish.

#### DR. M'KEE AND WIFE DOING SPECIAL WAR WORK

Dr. J. L. McKee, for a number of years pastor of the First Presbyterian church of this city and recently engaged in evangelistic work from Kansas City, has been in the city for a few days visiting with friends. He is preaching in Vernon today. Dr. McKee has given up his evangelistic work for the duration of the war and is turning his attention to war work, having placed himself in the hands of the various war organizations for lecturing purposes. He and Mrs. McKee have been lecturing on conservation, war gardens and Red Cross and other war measures during this spring and are now taking a little rest. Mrs. McKee having returned to her home in Kansas City. The elder son of the family, Alexander McKee, is now in the service, having enlisted in the cavalry, but is expecting a transfer to the air service. Young McKee graduated from Kemper Institute in the spring of 1917.

#### A NEW VIOLIN SCHOOL FOR WICHITA FALLS

Mr. Ramon F. Adams has severed his relations with the College of Music to open a violin school of his own. During his residence in this city he has established an enviable reputation as a successful teacher. He has been a student of Carl Venth, Ovide Musin, and Bernhard Listemann and has been highly recommended by these noted teachers as well as such renowned musicians as von Mickwitz, Renard, Becker, Tovey, Tronitz and others. Having taught successfully in such institutions as the University of Arkansas, the Ostrovsky Institute of Chicago, and years of private teaching he has the ability and experience to make his new school a success. He is the author of several methods, and a number of books upon musical subjects, among them being books upon Pedagogy, Hand Culture, Lectures to Students, and Talks to Parents of Musical Children. Many of his former students are now filling positions in some of the largest Southern universities. His results with his pupils in this city speak eloquently of his ability and thoroughness.

Of his new school Mr. Adams says: "I have founded my new school upon the very highest standard, featuring thoroughness, and monthly letters of co-operation to parents, through which co-operation they receive the highest efficiency. I hope to make the school a credit to the city and well known throughout the state for its thoroughness and artistic merit. "It is my purpose to do everything possible for the encouragement and uplift of music in this community. To this end I am giving free courses in Hand Culture and Tone Production to all students, piano or violin, who desire it. From summer to summer I expect to give my spare time to free courses in Musical History, Biography, Appreciation, Pedagogy, etc., to all ambitious music students of the city. In this way I hope to aid the cause of music, and prove the worth of my school as a community asset. I have enjoyed my teaching in this city and through the confidence and enthusiastic boosting of my many highly pleased patrons I feel well repaid for my honest and sincere efforts."

Dr. R. E. Huff Jr., Dentist, Graduate Northwestern University, Chicago, 410 First National Bank Building, Telephone 1707. 28 t/c

### Evangelist Vawter here—Revival Starts at Christian Church Tonight

Evangelist C. R. L. Vawter arrived from Hammond, Ind., where he has just held a very successful meeting, in fine fettle for another such victory in this city. Already he has made a most favorable impression upon those who have met him and heard him speak. This was to be expected. Although Dr. Vawter's home is at Kansas City, he is a true Kentuckian by birth and training. Coupled with this "real quality" of the old south he has visited and traveled in twenty-three foreign countries, being familiar with every continent except that of South America. This evangelist has made good, not only as a cultured platform speaker of superior ability, but as a musician and writer. He stands well to the front. The last two issues of "The Christian Standard," the largest religious weekly in the United States, contains articles from his gifted pen. The members of the First Christian church are rejoicing over his coming to lead them in a series of meetings. For several months, beginning last fall, efforts were made to secure his leadership. This was the only chance during 1917 to get Mr. Vawter. He will stay at the home of Dr. Tyson, and be entertained by Mrs. Ola Hamlin during his ministry in Wichita Falls. He desires to inform all that there will be no day meetings; that he will preach each night, except Monday, and that the services will begin at 8:30 sharp.

REV. C. R. L. VAWTER.

#### EARLY DAY SCHOOL SUPERINTENDENT IS HERE

W. S. Burks, superintendent of schools in Wichita Falls in the years from 1885 to '89, is spending a few days here in the interest of the West Texas Military Academy at San Antonio. He is meeting many old friends and a number of his old pupils. Prof. Burks says that he would not

have recognized Wichita Falls as the same place as there was not a building here then but that has been changed since he left in 1889, but he is recognizing many old friends, a number of whom have become prosperous and wealthy since he left the struggling little village twenty-five years ago to take charge of a normal school in Mississippi. Prof. Burks now holds the chair of mathematics in the West Texas Military School.

## Groceteria

Care in buying is necessary just now and we offer you the greatest possible value for your money here.

Groceteria prices compared with the Big Cash Store that says 15 cents loads of goods to our one.

Speaking of misrepresenting weights and prices, etc.—will say that "old Newton" who is proprietor of the Groceteria does not represent weights to be 10 lbs. when they are not but 8 lbs. and 10 oz. As the Swift Jewel compound lard is but for Saturday will sell you the so called 10 lbs. lard for \$2.19 Large gal. Crisco, as the Big Cash Store calls it, \$1.79 The Crisco is 6 lbs. net.

Small Carnation Milk ..... 5c  
Large Carnation Milk ..... 12c

Plenty of laundry soap at the old prices—better buy now.

3 bars Ivory Soap ..... 21c  
Eagle Brand Milk ..... 21c  
The Big Cash Store will sell you Lipton's Tea 25c, 40c and 80c. The Groceteria sells it—not on sale—but regular, for 20c, 38c and 75c 8 lb. peanut butter for ..... \$1.75 Pink Salmon 20c or 5 for ..... 95c

I mention a few prices to show you that there is absolutely nothing to buying in 15 cent lots, because you would have to have large warehouses to store these goods in and the goods would become stale and Mr. Hoover would not stand for that. There is another thing that Newton does—and that is recognizing 16 ozs. for 1 pound.

We will have for next week 1000 pounds of Boneless Sugar Cured Hams to offer you at about the dry salt price, only per lb. 31c "Remember we are going to throw in the good old brown gravy with these hams." The reason I make this low price is to sell them all out immediately after the car gets here.

Remember: The date of this ham sale will be next Tuesday. We expect to have amapianation—melons Saturday and another car of Blackberries for canning about the first of next week.

We give you the price net F. O. B. 612 9th Street. Don't forget we are selling Thrift Stamps at the old price, 25c each.

WHY DON'T YOU?

## MRS. A. E. ANDERSON HONORED FRIDAY AFTERNOON

Honoring Mrs. A. E. Anderson, who is leaving soon to spend the summer in Colorado with her daughter, Grace, who is in the hospital there, Mesdames G. E. Friberg, E. V. Friberg and W. B. Marquardt entertained a number of friends at the home of Mrs. Marquardt on Friday afternoon. The affair was a complete surprise to the honoree.

Mrs. E. M. Stripling visiting Mrs. Anderson, ingeniously encouraged a call at the home of the hostess. A delightful afternoon was enjoyed, featured with various amusements and a solo, "Auld Lang Syne," by Miss Stella Bachman, with Mrs. Simmons at the piano.

The dining room was attractively decorated, carrying out a color scheme of pink and green. Buffet luncheon was served. The honoree was presented with a handsome sterling cream ladle as a token of the regard of her friends. The gift was presented with the following jingle, appropriate to the occasion:

We are here together this afternoon, Because you are going to leave us sure You are going to Denver, a wonderful place, And best of all, be with your daughter, Grace, You will have a pleasant home surrounded by trees, You will sit on the porch in the cool mountain breeze, You will ride in your car up the grand mountain side, And will be, and should be, as happy as a bride, But when you have crossed the Colorado line, Left all your Texas friends and neighbors behind, You will think of this crowd gathered here today, And to yourself sometimes will say, "I miss them all, both large and small, I miss them all, both short and tall, I miss them all, both lean and fat, Yes, we believe you will often say that, But it is pleasant to know where you are going, you are wanted and needed, It is pleasant to know where you are leaving you will be missed and God-speeded, So since you're leaving us soon, With the very best wishes we give you this soon, It's intrinsic value is not very high, But the good wishes that go with it, money can't buy, Think of us often, we will you likewise, We bid you just good afternoon, we do not like good-byes.

**MESDAMES CULBERTSON MUNNELL, BENOIT HONORED**

At noon on Friday, the members of the Red Cross unit of the First Presbyterian church honored Mesdames Culbertson, Munnell and Benoit with a delightful farewell lunch in the basement of the church. Mrs. Munnell left Saturday evening for Muskogee where

she will make her home. Mrs. Benoit will go to Mississippi for the summer and Mrs. Culbertson is leaving to spend the summer months in Colorado.

Mesdames Whilney and Fowler and Rev. N. F. Grafton were entertaining after dinner speakers and the affair was much enjoyed.

The Red Cross unit completed three matinee jackets, sixty compresses and one helpless case garment in the regular work on Wednesday afternoon.

Mrs. J. A. Kemp was chairman and Miss Addicks, instructor, on Wednesday and the workers included Mesdames Kell, Vaughn, Roberts, O'Leary, Quinn, Maer and Bauch.

Mesdames Coyne, Heasley and O'Donohoe were instructors on Friday and the workers were Mesdames Smith, Stone, Davenport, Derry, Whitney, Little, Vaughn, McMillan, Lane, Cobb, Quinn, Napier, Beavers, Robertson, W. W. Robertson, Howard, Naylor, Fowler, Kemp, Kell, Roberts, Grafton, Munnell, Faulkner, Culbertson, Benoit, McCutcheon, McJowell and Misses Jolie and Kate Haines, Beavers and Simmons.

The workers completed four hundred and twenty five compresses and seven helpless case garments. Miss Simmons and Miss Fraley each turned in a sweater and Miss Quinn a pair of socks.

Members of Mrs. Ralph Maricle's Sunday school class in the First Baptist church enjoyed a swimming party and supper at the lake on Friday evening. The party motored to the lake, and after a swim spread lunch at the pavilion. The members of the class present included Misses Goldie Maricle, Pearl Maricle, Louise Maricle, Sue Powell, Louise Hines, Nina Stanley, Mary Walker, Leta James, Robin Wilfong, Pearl and Addie Smith, and Mesdames Maricle and Hollington.

The officers at Call Field and a number of local men entertained with a dance at the lake pavilion on Wednesday evening. The dancers enjoyed a delightful evening with the Katz orchestra supplying splendid music.

Mrs. Loren Taylor was hostess to the Wesley Girls in the last meeting of the season on Friday afternoon. During the meeting two sweaters were turned in by Mrs. Mary Burkes and Mrs. E. E. Trawick. Mesdames Faulkner and Samples were guests of the club, the members present including Mesdames Howard, Jones, Trawick, Burkes, Crowel and Baker.

A new member was received into the Floral Heights knitting club in the meeting held at the home of Mrs. Mary Daniels on Wednesday afternoon. Mrs. Daniels is planning to renew the work with more interest and larger membership on Wednesday of this week.

Miss Lillian Finn entertained the members of Mrs. G. Fleming's Sunday school class in the Central Presbyterian church at her home on Wednesday evening. A delightful evening's entertainment with an informal musical program was enjoyed. A delicious refreshment course was served late in the evening to Misses Gladys Wilson, Lucille Webb, Emma McInis, Mr. Watson and Mr. and Mrs. G. Fleming.

**AT THE THEATERS**

**"INNOCENTS PROGRESS" AT THE GEM TUESDAY**

An Arabian Night's dream is the story of Mr. Carey Larned, wealthy clubman, and Tessa Payne, former innocent country girl, who have just been married.

The romance of the two is the result of a most thrilling event which flung the two together.

Several years ago Mr. Larned was alighting from his machine in front of his apartment when a terror stricken little girl clutched his hand and begged him to save her. It was night

The rain, coming down in torrents, had soaked the fugitive. She was a most pitiful little object. As Mr. Larned looked into the large, scared eyes of the queer little creature, she gasped that a man was pursuing her. Mr. Larned took her into his warren apartment, had his friend, Mrs. Madeline Carson, give the girl every care and then learned her story. It was the story of thousands of girls lured to the big city by the silver tongue of faithless man. She was a stavey in a New England village. A dissolute actor played on her innocence and gullibility. She came to him in New York and—Red. Harpies reached out their talons to drag her down into the abyss. In terror she fled before

the horrible things of night, alone, friendless, until—"Innocent's Progress" is the name of this heart-grIPPING, thrilling and masterful Triangle photoplay, which features alike Pauline Stark, the fairy of the screen. She is supported by an able Triangle cast. "Innocent's Progress" will be shown at the

**AT TENT THEATRE.**

The Hawsion Tent Theatre company after the successful opening performances of last week will continue its run in Wichita Falls throughout this week, presenting "The Awakening of John Salter" on Monday evening. The play is considered a special feature. A different production will be put on each night during the week. Tickets may be had at the Stationary Supply Company.

Business meeting of the Alliance at the church at four o'clock on Monday afternoon. Executive board meeting at 3:30 Monday afternoon.

**Central Presbyterian Church.**

The Ladies Aid and Missionary Society will meet at the church in study session at 3:30 Monday afternoon.

**Floral Heights Presbyterian Church.**

The Ladies Aid will meet in regular session for quilting work on Monday afternoon at the church.

**SOCIETY PERSONALS.**

Miss Louise Montgomery has returned to her home in Grapevine, Texas, after a several days visit with her cousin, Miss Elizabeth Webb, Mr. and Mrs. B. P. Hathorn and little daughter, Beatrice, left Saturday for a visit with relatives and friends in Claude and other points on the plains.

Mrs. J. H. Spealmar has returned from a visit in Fort Worth.

**GRAND JURY TO CONVENE MONDAY MORNING**

Unless a killing takes place within a few hours, the grand jury for the June term of the 30th district court will convene Monday morning at 10 o'clock without any murder cases to investigate, the first time such a state of affairs has existed in several years, according to District Attorney Leslie Humphrey. There are about 50 felony cases that will be brought before the grand jury, including automobile thefts, bootlegging and violation of the 10 mile zone law and various forgery complaints. This will be the first time that state authorities have had control over bootlegging cases and some of these cases are expected to prove of interest. On the whole, however, a rather mild term of court is anticipated.

Judge Bonner and Court Stenographer Hankerson are both in town, ready for the opening of court. Their last session of court was concluded in Henrietta about two weeks ago.

Miss Kathleen Stonecipher, piano lessons. Summer term now open. Studio 1208 Burnett street. Telephone 972. 24 ttc

# Now Showing Wooltex-tailored Wooltex-Shrunk Wash Suits

—scores of new, novel weaves in white  
—made to fit and stay by exclusive Wooltex features.

The latest style news from the great fashion centers tells of an ever-growing vogue for wash skirts. But the greatest demand is for styles with quality—so a woman can get war-time service out of her purchase.

To meet just such a demand, we are now showing a fascinating selection of Wooltex-tailored, Wooltex-shrunk wash skirts.

### WHY THESE SKIRTS STAND SUPREME

- They are:
- Styled by master designers.
  - Tailored by expert workmen.
  - Made of pre-shrunk fabrics.
  - fitted with special, boned waistbands.
  - Fastened with nonrusting snaps.
- Compare them with any other wash skirts offered to you at even higher prices.
