NUMBER 49

ALLEGED THAT N. Y. MAIL OWNED BY GERMAN GOV'T; PUBLISHER UNDER BOND

INVESTIGATIONS HAVE CONTINUED FOR SEVEN MONTHS

FURTHER ARRESTS ARE EXPECTED, ACCORDING TO ASSISTANT ATTORNEY GENERAL.

VON BERNSTORFF OWNED BY GERMAN

Name of Former German Ambassador Linked With Paper—Also Busch Estate.

WASHINGTON, July 9.—More than seven months work, involving activities of the department of justice and secret service as well as the efforts of New York state authorities, preceded the arrest of Dr. E. A. Rumely of the New York Mail-Publishing Company.

Assistant Attorney General O'Brien said today the inquiry was far from closed and intimated that further arrests were to be expected. He would not discuss any details which might be made in addition to that of perjury now pending against Dr. Rumely.

CARLTON HEARD BEHIND CLOSED DOORS BY SENATORS

WASHINGTON, July 9.—Senators demanding investigation before action of the House resolution authorizing the President to take over telegraph, telephone, cable and radio lines was a partial victory today when the Senate interstate commerce committee heard testimony behind closed doors on the telegraph situation from President Carlton of the Western Union Telegraph Company.

PAPER ON WINDOWS FAILS TO PREVENT SHATTERING

PARIS, July 9.—The idea that paper stuck on glass windows prevented them from being shattered by the explosion of bombs nearby has been exposed as valueless by government scientists who have just completed exhaustive tests.

PLANS FOR ENFORCEMENT VENEZUELA DISEASE LAW

AUSTIN, TEX., July 9.—Plans for working out details of provisions of the new law regulating venereal diseases, were discussed today at a meeting of the state board of health with army officers, mayors and city attorneys of the state.

DANGER OF SUGAR FAMINE AVERTED HOOVER ASSURES

WASHINGTON, July 9.—Definite assurances that there is no danger of a sugar famine were given by the food administration today and the food situation generally was declared to be better than at any time since America undertook the feeding of the Allied world.

FRENCH TROOPS ADVANCE A MILE WEST OF ANTHEUIL

PENETRATE GERMAN LINES EARLY TODAY ON FRONT OF TWO AND HALF MILES.

TAKE PRISONERS MOST CROPS LARGE

German Counter Attack Fails and The French Make Gains at Other Points Nearby.

PARIS, July 9.—French troops early this morning attacked the German lines on a front of about 2-1/2 miles, west of Antheuil, on the front between Montdidier and the Oise, penetrating the enemy positions and realizing an advance of a mile at certain points, the war office announced today.

NEW YORK, July 9.—Assertions that Dr. Edward Rumely, publisher of the Evening Mail, placed all his records at the disposal of the department during personal visits to Washington to bail being fixed at \$35,000 instead of \$50,000 as originally asked by federal counsel, when Dr. Rumely was arraigned today before United States Commissioner Hitchcock on a charge of perjury.

Dr. Rumely was arrested here yesterday after a lengthy investigation arising out of an examination of the records seized in this country from Hugo Schmidt, who was Germany's fiscal agent in America. He had advised a A. Mitchell Palmer, alien property custodian, that the Mail was American owned whereas inquiry by federal and state officials has disclosed, according to the investigation, that German money purchased the newspaper and paid for its publication.

Dr. Rumely brought to the federal building from the Tombs, objected through his counsel, Frederick J. Powell, to the higher amount of bail asked by Harold Harper, federal assistant district attorney. Powell said the defendant was a man of high repute, and had considerable money for the Mail and having pledged his personal finances to the Mail's notes and was a man of high repute.

EXPECT BATTLE WITH ARKANSAS DRAFT RESISTERS

LITTLE ROCK, ARK., July 9.—Arrest last today of five women, alleged harborers of draft resisters in Cleburne county, is expected to precipitate a battle between the resisters and posemen, including state guardsmen and selectives sent out from Heber Springs.

PARIS, July 9.—Captain Drew Webster, an infantry officer, suffered fatal injuries when an automobile he was driving collided with another machine at Villers-Sous-Georges, according to the Matin. Captain Webster died in a hospital at Fontainebleau several hours after the accident. Ten French officers who were in the other car were injured.

WOOL MERCHANTS CHARGED WITH CONSPIRACY TO DEFAUD

BOSTON, July 9.—William A. Emery and John H. O'Brien, members of the firm of English and O'Brien, Boston wool merchants, were arrested today on a federal indictment charging conspiracy to defraud the government on income taxes. The indictment alleged that the shortage through improper accounting amounted to \$250,000. Both pleaded not guilty and were held in bonds of \$25,000 each.

SECRETARY WAR ASKS SETTLEMENT WEAVERS' STRIKE

LAWRENCE, MASS., July 9.—Secretary of War Baker in a message today to William M. Wood, president of the American Woolen Company, said he had asked Henry B. Endicott, executive manager of the state committee on public safety, to try to settle the strike of 1600 weavers in three mills here.

FRENCH TROOPS HIT SMASHING BLOW EARLY TODAY

By Associated Press.

French troops hit the German lines a smashing blow early this morning in the area almost directly north of Paris, where the Germans were stopped after five days of fighting in their thrust toward the capital in the last and least successful of all their 1918 offensives, about a month ago.

The attack was delivered along a 21-mile front and at some points General Petain's troops pushed into the enemy positions for the distance of a mile. Two farms were captured and a counter attack which was delivered against one of them was repulsed. Some 450 prisoners were taken.

The area chosen for the blow was just south of the Matz River region northwest of the Compiègne forest, on the front between Montdidier and the Oise. The point of the German wedge projected here in the neighborhood of Antheuil and it was just to the west of this town, astride the Compiègne road that the French drove in, taking valuable high ground on both sides of the highway.

The attacking forces were assisted by tanks in their drive. Apparently all the terrain gained has been maintained intact. The new advance will serve still further to protect the important railway junction of Estres St. Denis, which lies seven miles southwest of Antheuil.

Further to the southeast along the line the French gained additional ground on the Marne front, east of the Retz forest by forcing the Germans back further in the vicinity of the Chavigny farm.

On the British front there were only raiding operations. The Germans, however, apparently contemplating a further effort to regain the positions recently taken by the Australians with American assistance, in the Amiens area south of the Somme. The German guns last night were actively bombarding the British lines in this region.

The French war office reports considerable artillery activity to the west and north of Chateau Thierry on the Marne front. It is in this sector that the Americans on this front are holding several miles of the line.

German Drilling for Attack. For several weeks the Germans have been drilling and instructing special attacking divisions behind the German lines, leaving front positions to be guarded by mediocre troops. German aerial activity has decreased in the past few days and it is probable the air force also are making ready for the next onslaught. The German artillery fire has increased to above normal only on certain sectors.

Entente airmen are keeping up an active bombardment of the area behind the German lines. British flyers again have invaded Germany, dropping bombs on Kaiserlautern, east of Metz and on Luxembourg. In aerial fighting British and French airmen have accounted for 25 German machines.

Patrol activity and local operations are increasing in number on the Italian mountain front. In western Albania, French and Italian troops are withstanding strong counter attacks by the Austrians. All positions have been maintained on the heights of Bolnia and slight progress made elsewhere.

Various reports of happenings in Russia in connection with the murder of German Ambassador Von Mirbach lack official confirmation. Germany, apparently has not yet acted. An advance toward Moscow has not been reported although the Germans have had large forces of troops near Smolensk 250 miles west of Moscow.

AMERICAN FLYERS AND PLANES COMING IN LARGE NUMBERS

PARIS, July 9.—Hopes founded on American aerial aid to the Allies soon will be realized, says Captain Huet, the famous French aviator who has just returned from a visit to the United States, in a statement to the Associated Press. Both American pilots and American machines are coming in large numbers.

BUENOS AIRES TO HAVE LARGEST WIRELESS STATION. BUENOS AIRES, July 8.—The Marconi Company is to erect the largest wireless station in the world near Buenos Aires, Edward J. Nally, vice president and general manager of the company, just closed a contract for the installation. The power of the new station is announced will be 11,000 kilowatts and three towers will be erected, each the size of the Eiffel tower.

WASHINGTON, July 9.—Chairman Hurley after a visit to the White House today announced that the shipping board has let contracts for 50 army transports. After the war the transports will be put into the passenger carrying trade.

AMERICA'S PART IN INTERNATIONAL LABOR MOVEMENT

By Associated Press.
LONDON, Monday, July 8.—Members of the delegation sent to England by the Social Democratic League of America made the following statement to The Associated Press today regarding their conference since their arrival last Tuesday with representatives of British labor and socialist organizations.

"We have found intense interest in America's war activity and especially in the war aims of President Wilson, which form the chief topic of discussion in nearly all socialist bodies. We have found eagerness on the part of all those with whom we have talked to know the position of the American socialists and a realization of the most important, if not decisive part that must be played by American labor in the international labor movement.

"There have been many misunderstandings to clear up and these are by no means wholly on this side of the Atlantic. Wherever we have stated the extent of America's preparations for war and the solidarity of labor's position behind the nation in winning the war it has been a source of great encouragement. In spite of all the publicity on these subjects the mass of the workers seem not to have known of what had really been accomplished.

"Of even greater importance as an element of encouragement to the socialists and laborers of England is the story of progress which America is making toward democracy during the war. The fact that labor is gaining in influence and improving its condition in the midst of the fighting is looked upon everywhere as the greatest security of America's claim to the fighting for democracy.

The committee sent to Europe by the social democratic league of America comprised A. M. Simmons, of Wisconsin and John Spargo, formerly members of the executive committee of the socialist party. Louis Kopplin, editor of the New Appeal, Alexander Howatt of Kansas, president of district 14 of the United Mine Workers of America, Charles Edward Russell, Professor George D. Heron and Frank Bohm.

Mr. and Mrs. Lee Heilehansen of Muskogee, Okla., are visiting Mr. and Mrs. S. D. Harper, 2304 Eighth street, parents of Mrs. Heilehansen.

ENGLISH FAIL TO REALIZE HOW CLOSE TO DISASTER

By Associated Press.
LONDON, July 8.—The great folly of the English nation fails to realize how near England came to irretrievable disaster because of the German U-boats, said Frederick George Kellaway, secretary to the minister of munitions, speaking at Midland today, in discussing the submarine peril Mr. Kellaway said:
 "The U-boat is still one of the greatest perils against which the Allies have to fight. Those who suppose we shall ever be able to abolish these risks are living in a fool's paradise. But, thanks to the navy our losses are being brought to within limits which the Allies can bear without flinching. Recent returns show the loss of munitions ships from submarine warfare are only about a quarter of what they were when the U-boat campaign was at its height. There have been weeks recently when the Germans failed to sink a ton of munitions."

NEED FOR NURSES DESCRIBED AS BEING DESPERATE

Young women, twenty five years of age and over, with training in Elementary Hygiene, are needed immediately as nurses aids, and Lydia W. Anderson, director Nursing Service of the American Red Cross, has asked the chapters throughout the district to submit the names of all possible eligibles at once. The need for the aid is described as "desperate." The following communication has been received at the local Red Cross headquarters: "You have already received several communications from us asking for the names of desirable young women to serve as nurses aids in France. "The need for these young women is desperate. We are being appealed repeatedly by telegram from headquarters at Washington to communicate with all chapters in this division and secure applications of as many of these aids as possible immediately. If you have any young women whom you can recommend will you send us their names as soon as possible? "For this service we can consider the applications of any young women who have had the course in Elementary Hygiene and home care for the sick, if they are well recommended. They must be at least twenty five years of age and have no immediate relatives in the armed forces of the United States or the Allies. If any of these applicants can not pay their own expenses these will be assumed by the association and a small salary will be paid, if necessary.

40,000 TRAINED NURSES NEEDED BY RED CROSS

"The fact that the American Red Cross must have 40,000 trained nurses, or 400 nurses for every 25,000 men, by the first of January means that every woman in America with necessary training and ability must volunteer her services and every mother in America must not only consent but must encourage her daughter to enter nursing training schools in order that trained nurses may be released for military use and the civilian population still be cared for." Miss Willa May Kell, president of the Wichita County Red Cross, said this morning in discussing the urgent need for nurses and in urging the nurses and young women and girls in the county to answer the call of the Red Cross. Continuing, Miss Kell stated that the United States starts out in this war with only 6000 nurses enrolled with the Red Cross, with 5,000 additional for emergencies; from this number some have married, some have died and the force had been diminished in many ways; that now the Red Cross is calling for 40,000 nurses, and the Red Cross in Europe calling for 400,000 hospital beds and that in America there were only 250,000 such beds.

Miss Kell said that for every woman who failed to do her duty in not answering this call in any way possible for her to do so, 500 soldiers in the American army are deprived of the proper care, adding that it was the glorious privilege of nurses only, of all the women of the world, to fight shoulder to shoulder with the American army.

SALVATION ARMY TRANSMITS MONEY FOR THE SOLDIERS

Concrete evidence that American soldiers in France are not spend-thrifts and are constantly thinking of the folks at home was shown yesterday in a cablegram from Salvation Army hutment headquarters in Paris ordering territorial headquarters in Chicago to pay out to relatives of boys "over there" a total of \$7,012.00. The Ensign says this big sum represented only one day's deposits of savings by soldiers of this district with Salvation Army lassies at hutments in the advanced battle zones for transmission to the folks at home. It is what the boys have saved after they have made allotments from pay for dependent relatives, for Liberty Bonds and for other activities. The money deposited with the Salvation Army is transmitted by cable order and without cost to the soldier boy sending it, or to the relatives in this country. There is no risk attached and careful check is made to ascertain that it reaches the proper person at home. "Yesterday's list was a long one," said Ensign Robb, "the usual amounts ranging from \$25.00 to \$100.00 and the senders ranging in military title from sergeant sent \$1,000, destined to a lady in Anna, Illinois. A boy in the division service train was next with \$400.00 for his mother living at Kennett, Mo. The amount being sent to this district now approximates \$10,000 a week.

"Much of this money is deposited by the soldier boy with the hutment workers right up close to the firing trenches just before he goes into them," Ensign Robb says. "The soldier gives the Salvationist worker his money, gets a receipt for it. She immediately transmits Paris headquarters, and in less than 48 hours we have been ordered to pay the money to the mother, wife or other relatives to whom it is destined. This receipt transfer is proving exceptionally popular and indicates the esteem in which our workers are held over there. "Lieutenant Dart, Western Financial Secretary, is receiving scores of letters from relatives of boys who have received money via The Salvation Army Hutments. One received yesterday from Mrs. S. Colman enclosed an extract from a missive sent her by her son Corporal Harry E. Colman and which read: "Dear Mother: There is \$25.00 on the road in the hands of The Salvation Army, and as soon as we get paid again I will send my money right away. The Salvation Army is reliable, mother, and they are doing lots for us fellows. I told Mrs. Hickey (hutment worker in the advanced battle zones in France) last night that you were receiving my money O. K., and she said she was awfully glad. "Lester is coming over in just a short time. He goes on guard to night so has gone down to The Salvation Army hut to get himself a can-teen full of hot coffee. It does not cost those on guard anything."

HUNGARIAN PREMIER FAVORS WOMAN SUFFRAGE AMSTERDAM, July 8.—Dr. Wekerle, the Hungarian premier, favors woman suffrage for Hungary, according to a Budapest telegram printed by the Dutch newspapers today. The message declares the present makes a public promise to a deputation of women to do all in his power to promote woman suffrage in the Hungarian monarchy.

NEW REGISTRANTS BEING CLASSIFIED BY DRAFT BOARD

Classification of the new registrants has been begun by the local draft board, the questionnaires of all registrants with the exception of thirty-five, having been returned to the board, with the questions answered. The classification cards will be issued as soon as possible after the registrants are classified. In the meantime the board wishes to hear from those whose questionnaires have not been received. Any one knowing the whereabouts of any of the registrants whose names are given below as not having made the proper return of their questionnaires is asked to notify the board, as it is necessary, if trouble is to be avoided that they either turn in their questionnaire or give an explanation. These registrants who have not yet been heard from are:

- Wallace Luke Finley, Box 465, Wichita Falls; William Fred Ernest, Wichita Falls, Texas; Charlie M. W. Groom, 409 Travis, Wichita Falls; John Frank Kessel, Wichita Falls; William Sam Edgerman, Sweetwater, Tex.; Charles Hamilton Campbell, Lindsay, Edgett, Jim L. Chaffin, Pearl, Texas; Herbert Hudgins, 1200 Scott, Wichita Falls; Silas A. Denton, 603 Seventh, Wichita Falls; Harold Bruce Savage, 1206 Marshall, Wichita Falls; Alphonse Vernon Oates, Vernon, Texas; Asa Adam Lohman, Route 3, Seymour, Texas; Charles Thomas Tompkins, Wichita Falls; William Clifton Foster, Slocum, Texas; George W. Page, Big Springs, Texas; Porter Ewing McClure, Burk Burnett, Texas; Andrew Roberts, Wichita Falls, Texas; Walter Billis, 207 Garden, Wichita Falls; Alphons LeBlanc, Wichita Falls; Jim Allen, 316 Mill, Wichita Falls; Charlie Herbert Taylor, 404 Humphrey, Wichita Falls; Edward Rice Vaughn, Waxahatchie, Texas; Walter S. E. Rice, Electra, Texas; Willie E. Low, Chilli-cothe, Tex.; Artie B. Crocker Pounds, Memphis, Texas; Wilhelm Theodor Peterson, Tuler, Minn.; Oscar Peeler McAnally, Campbell, Lindsay, Edgett, Rice Lizar, Electra, Texas; John Homer Lafayette, Pamandale, Texas; Trevor Ghent Markley, Wichita Falls; Holcomb Prentiss Wright, 925 Sixth, Fort Arthur, Texas; John B. Hickey, Childress, Texas; Eunice Howard Richardson, Iowa Park, Texas; Albert Banks, Wichita Falls, Texas.

GOOD PROGRESS IN RECLASSIFICATION 1917 REGISTRANTS

Reclassification of the 1917 registrants is going on at a rapid rate, the local board having sent out notices to a number of former Class 3 and 4 registrants that they have been put in Class 1 and notice given to appear for examination. The heavy calls for men for this month are expected to exhaust the present Class 1 men and to draw heavily on those who can be reclassified, the board states. This morning the members of a vaudeville company playing in a local theater were called before the board but conclusive evidence was given that every member of the company was over the draft age, save one and that one was under the age. This was done merely as a matter of formality, the board stated, as the "work or fight" order makes it necessary for each board to keep account of its district and see that no violation of the order is permitted, even by transients.

AT THE THEATERS PLAZA AIRDOME.

Chicken York and Rose King with their Dixie Dandy Musical Revue opened to a crowded house at the Air-dome last night with the best singing and musical show that has been in Wichita Falls for many a day. The bill, a tabloid of "Forty-Five Minutes From Broadway," was interspersed with many very meritorious singing numbers by the male and the mixed quartette carried by this company. Among the hits of the evening were the numbers sang by pretty little Miss Gladys Eymann, "Mary is a Grand Old Name," "So Long Mary," etc. The bill for tonight will be "The Sweetest Girl of All," with all new songs, specialties, scenery, costumes, etc. This is one of the few good companies now travelling through the southwest, and one which can be said to be clean, refined as well as very enjoyable.

POPULAR OIL MAN TAKES IMPOR-TANT POSITION WITH TEX-AS COMPANY HERE. *J. L. McMahon, one of the first oil men to come to Wichita Falls in the early days of the oil strike in this section, and more recently an independent operator in Tulsa, has been made general superintendent of the producing department of the northwestern Texas division of the Texas Oil Company and is now in Wichita to take up his new duties. Mr. McMahon succeeds William Little, who resigned to enter other business. Several years ago Mr. McMahon was connected with the Producers Oil Company in this district, the business of which has since been taken over by The Texas Company, and his return will be welcomed by all members of the oil fraternity. He has taken the R. L. Taylor here for the summer and Mrs. McMahon and Miss Margaret arrived this afternoon from Tulsa to make their home here.

FERGUSON AND THE ZONE LAW

"They passed the zone law in an effort to deny the poor lonely soldier, who is a thousand miles from home, thinking of an old father and mother back there, a chance to take a drink to relieve his loneliness."—James E. Ferguson in his speech at Paris.

According to Jim's idea the war department didn't know what it was doing, and was merely pulling chestnuts out of the fire for the prohibitionists when it placed the ban on the sale of liquor to men in uniform. Carrying out Jim's idea boys ought to line the streets at the cantonment gates so that the lonesome soldier boys might have the better opportunity for the drinking that would bring visions and action and excitement and all the things that go with drinking. President Wilson and Secretary Baker and all the generals and officers being wrong about this matter of soldiers drinking, the State of Texas ought not to take the steps necessary to make the regulation fully effective, so far as the people of Texas could help make it so, according to his theory.

If the lonesome soldier boy ought to have alcoholic stimulants to relieve his loneliness, then the regulation prohibiting the sale of intoxicants is wrong, the zone law is wrong, statewide prohibition is wrong and the state ought to make haste to put itself in opposition to President Wilson, Secretary Baker and the commandants of the training camps and immediately take steps to repeal all this iniquitous legislation.

PLACE THE BAN ON SHYSTERS

The Texas Bar association at its annual meeting held at Wichita Falls last week, following an address by Major John C. Townes, supervisor of the selective service law in Texas, adopted a resolution condemning in unmeasured terms the acts of lawyers in certain localities for accepting fees and giving aid and advice to registrants on securing deferred classifications, and for attempting to secure the discharge of men already in service.

This action on the part of the bar association was expected, since the organization is composed of attorneys who not only know and appreciate the ethics of the profession, but men who are true to the oaths to which they have subscribed as attorneys and counselors. Nor do we mean to limit the number of honorable practitioners to members of the bar association. There are hundreds and thousands, perhaps, of attorneys, not members of the organization who are just as true to the standards and have equally as high regard for the ethics as those gentlemen whose names appear upon the association roster; and these also will endorse and commend the resolution adopted by their brothers at Wichita Falls.

According to the statement of Major Townes, and he is in position to know, in as many as thirty counties of the State so-called lawyers have accepted employment from men called for registration with the view of service to have them placed in deferred classifications, as well as to secure the discharge of soldiers who have been pressed into service under the selective draft law. The lawyer in every licensed lawyer has taken, such practice constitutes conduct so reprehensible as to afford ample ground for disbarment; and the association properly made provision for such proceedings to be instituted where the facts warranted such action.

There is far more in the practice of law than the mere earning of fees. It is the highest calling to which man or woman may give ear, albeit the practice has oftentimes been prostituted and made to serve base and sordid purposes. The lawyer is sworn to uphold the law, to reverence and respect it, and although he accepts employment at times when it may appear the interest he represents is antagonistic to law and justice, the fact is he is only required to see that justice is done, that his client is given a fair and impartial trial and that the verdict is in accordance with the law and the facts. He is not expected, nor is he permitted, to bring about a miscarriage of justice; and

whom one so offends, he transcends his duty and obligations as a lawyer—an essential limb of the court. Lawyers, so-called, who lend their skill to the evasion of the selective service act, give aid and assistance to the enemy, because every man they keep from the army, the country's strength is weakened to that extent. And the punishment meted out to them should be that provided in the "aiding the enemy act."—DeJouon Herald.

INVESTIGATIONS HAVE CONTINUED FOR SEVEN MONTHS

(Continued from page 1.)

Several attempts are said to have been made to sell the property since the United States declared war against Germany. One of the men whom it was sought to interest in a situation of Waco, Texas.

The complaint against Dr. Rumely charges that in making a report to the alien property custodian regarding the situation of the various banks, his relation with Count Von Bernstorff, German Ambassador to the United States, and Dr. Heinrich von Albert, commercial attaché of the German Embassy.

The Attorney General charged that the German Government paid to Rumely in several transactions connected with the purchase of the Mail \$1,361,000. The payments, it was alleged, were concealed until their details were discovered by investigators of the Department of Justice and the United States Attorney General.

The warrant was issued by Federal Commissioner upon the complaint of Attorney General Lewis, who had been conducting an investigation for some time into the affairs of the Mail.

The Attorney General charged Rumely purchased the stock of the Mail-Express Company in June, 1917, from Henry H. Stoddard, bank manager in doing so he acted on behalf of the Imperial German Government.

"How Money Was Paid. In an announcement tonight of the arrest of Dr. Rumely, Attorney General Lewis declared the money was paid to Rumely from deposits of the German Government standing in the name of Dr. Albert or of Albert and Von Bernstorff jointly in the city. The total so far traced, he added, is \$1,361,000.

The transfers of money, Mr. Lewis said, were concealed in this manner: "Albert induced various banks where the German Government has accounts to issue cashier's checks to the order of one Walter Lyon, a member of the former Wall Street firm of Honanoff, Lyon & Co. This firm, in turn, paid the money over to Rumely or the S. S. McClure Newspaper Corporation, which had been organized by Rumely for the purpose of the transaction for the purpose of the transaction."

"Dr. Rumely in his report to the alien property custodian made no disclosure of his relations with Albert or Von Bernstorff or the Imperial German Government. He reported he owed \$100,000 to Herman Sietcken, now deceased.

"Rumely has claimed recently that it was Sietcken who put up the money in the transaction. Previously he had said Mrs. Busch had contributed to the funds. Mrs. Busch, however, denies it, and the Columbia Trust Company, executor of Herman Sietcken, as well as Mr. Sietcken's partners in the firm of Crossman & Sietcken, say so far as they knew Mr. Sietcken had nothing to do with this transaction."

Attorney General Lewis declared Mrs. Lewis referred to in his statement was Mrs. Adolphus Busch, widow of the St. Louis brewer, who was questioned recently by Government officials upon her return from Germany.

Market Report

Cotton Market

By Associated Press. NEW YORK, July 9.—Reports of better source raised the eastern belt and the official announcement of price fixing in cotton goods were considered responsible for a sharp break at the opening of the cotton market today. First prices were barely steady at an advance of four points on July but generally 29 to 50 points lower and July broke to 27.00 after the call, or 71 points net lower. Stop loss orders were unheeded by the decline in new crop months with October selling off from 24.00 to 24.13 and December from 24.00 to 23.77, or 24 points net lower. The market for cotton goods for business up to the beginning of October were said to represent declines of about 20 to 30 per cent but such actions had been quite generally expected and opinion was divided as to whether the break was more largely due to this feature or the favorable crop reports.

There was a moderate demand from trade sources which helped absorb the early offerings, and the market turned firmer during the middle of the morning on the forecast for dry weather in the southwest. Some of the early sellers on the basis of price fixing announcement were buyers on the rally which carried July up to 27.65 or within six points of last night's close while October sold at 24.57 and December at 24.12, or about 35 to 41 points above the early low level. The volume of business then tapered off with later fluctuations irregular.

At a level 57 to 65 points down early sellers were profit takers. The market reacted moderately, standing at noon at a net decline of 36 to 38 points. Cotton closed steady.

New Orleans Cotton. NEW ORLEANS, July 9.—Prices were depressed to the extent of 57 to 62 points in the cotton market today during the first half hour of business by selling encouraged by scattered rums over the belt and a bearish view on the price fixing announced by the war industries board on cotton cloth. No support came from any quarter.

Cotton closed steady at a decline of 5 to 14 points.

Liverpool Cotton. LIVERPOOL, July 9.—Cotton spot quiet, prices easy. Good middling 22 1/2; middling 22 1/4; low middling 21 1/2; good ordinary 20 1/2; ordinary 20 1/4.

Sales 2,000 bales, including 1,500 American. Receipts 3,000, American none.

Futures closed quiet; new contracts: July 21 1/2; August 20 1/4; September 19 1/2; October 19 1/4; November 18 3/4. Old contracts fixed prices: July 20 1/2.

New York Stocks. By Associated Press. NEW YORK, July 9.—Railroad shares were firm to strong at the opening of today's stock market on reports that the government would ratify a satisfactory form of contract with the transportation systems of the country. St. Paul preferred gained three points and the issues of various other roads rose from fractions to 2 1/2 points. The balance of the list was irregular, equipments, ship-pings, tobaccos and specialties reacting variably. Liberty Bonds eased slightly.

Equipments and rails, especially U. S. Steel and coalers contributed to the better tone of the early afternoon. Mexican petroleum, American Can and numerous minor specialties also responded to a moderate demand but Sumatra Tobacco was again under pressure.

Rails eased in the last hour on the unfavorable crop reports. Industrials, ship-pings and specialties also reacted moderately. The closing was steady. Liberty 3 1/2's sold at 99.56 to 99.62; first and second fours at 94.00 to 94.10 and 4 1/2's at 96.00 to 96.10.

Grain Market

CHICAGO, July 9.—To a great extent traders in corn assumed a wait-and-see attitude today and avoided commitments until after the issuance of the government crop report this afternoon. The effect was bearing, as the market tended to sag owing to lack of support. Opening prices which varied from unchanged figures to 1/2 lower, with August, 1.53 1/2 to 1.54 and September 1.44 1/2 to 1.52 were followed by a material setback all around and then a moderate rally. Oats eased down a little with corn. After opening unchanged to 1/2 lower with August 69 1/2 to 70, the market declined slightly further and then recovered somewhat.

Subsequently covering by shorts brought about an advance. The demand appeared to be due to belated evening up for the government report and to damage advice from the northwest where dry weather has prevailed. The close was unsettled at the same as yesterday's finish to 1/4 higher, August 1.55 1/2 to 1.55 3/4 and Sept. 1.55 1/2 to 1.56.

Weakness of grain and hogs turned provisions downgraded.

FOUND GUILTY PROCURING GIRLS TO MEET SOLDIERS

A verdict of guilty was brought in against Will Green by a jury in the 30th district court Monday afternoon and punishment fixed at one year in the penitentiary. Green was charged by indictment with procuring girls to meet soldiers for immoral purposes. Trial of C. V. Willis, charged by indictment with theft of an automobile was taken up this morning. At two o'clock taking of testimony was closed and Judge Bonner was preparing to give his charge to the jury.

LOONEY HOLDS WOMEN MAY REGISTER ON JULY 12

AUSTIN, TEX., July 9.—Replying to T. J. Newton, county attorney of Bexar county with reference to his contention that July 11 should be the last day on which women may register under the law, Attorney General Looney today cites court decisions that "the day of doing an act may be included or excluded in computing time, so as to operate most favorably to the party entitled to the favor." Mr. Looney then concluded that permitting women to register on July 12 would be of benefit to the women and holds that registration on that day does not conflict with the section of the law which says the women shall register "not less than fifteen days before the date of the primary election."

It's Cheaper to Buy Too Much Ice Than Not Enough

In these times it is commendable that every one try to save just as much as possible. Thrift is the basis of all practical patriotism. But there's no economy, either for you or for the government, in not buying enough ice.

It's cheaper to buy too much ice than not enough. Long, hot July days like these naturally require more ice to keep that good refrigerator on the job. And you must keep that ice chest in tune, for nothing in the whole world helps Mr. Hoover so much. It keeps food fresh and palatable. It prevents spoilage and waste. It enables you to take those "left over" dishes and make them over.

That good refrigerator is your best defender, too, against sickness. The baby's milk must be kept fresh. Everything that is eaten, in fact, is made more palatable and wholesome with pure ice.

As stated before in these notices, the most economical way to take ice is to get the same amount at the same time each day. Then your good refrigerator is always at top notch efficiency; the berries and fruits and vegetables in storage can be served with all of their fresh flavor, and the trying summer days will find you "prepared" to safeguard the happiness and health of all the folks at home.

BE PATRIOTIC—BUY WAR SAVING STAMPS

Any time is dancing time wherever there is a Victrola

Whenever you feel like dancing, when a few friends stop in, when soldier and sailor boys are home on furlough, the Victrola is always ready with the music. Music so superb as to take the place of an orchestra, and yet so accessible that you can have an impromptu dance at any time. Everywhere the Victrola and Victor Dance Records are a constant invitation to dance—a source of keen wholesome pleasure. Come in and let us give you a demonstration, and show you how you can have a Victrola at once by our plan of deferred payments.

1300 WOMEN HAD REGISTERED EARLY THIS AFTERNOON

NOW BELIEVED THAT REGISTRATIONS WILL GO NEARLY TO 2000 MARK.

CANVASSING MADE

Many Women Promise to Register and Many Declare They Will Vote For Hobby.

Registration of women voters in Wichita county reached 1300 at 2 o'clock this afternoon, almost 200 women having registered since about 3 o'clock Monday afternoon. It is considered quite likely now that the first estimate of 2,000 will be reached and possibly exceeded by July 12, when registrations will close.

Members of the Women's Hobby Club who made a canvass of the city this morning found that in every district only a comparatively small proportion of the women had registered and in some districts the women questioned showed a lack of interest which in some cases took quite a lot of talking on the part of the canvasser to overcome. The majority of the women interviewed, the committee members working stated, were interested in the subject of voting, and declared their intention of registering and casting their votes. More than one woman informed the visitor that she wasn't going to tell her husband how she voted.

MESSAGE RECEIVED FROM AMBASSADOR FRANCIS

By Associated Press. WASHINGTON, July 9.—Ambassador Francis, in a message dated July 7, bringing the first word received from him by the state department since June 24, has confirmed the report of the assassination of Count Von Mirbach, the German ambassador at Moscow.

The killing occurred at 3 p. m. July 7 and latest reports indicate that the shooting and fighting was progressing in the streets of Moscow. Wireless messages to the Soviet government told of the capture of several prominent bolshevik officials by revolutionists and of the arrest of the revolutionary leaders by bolshevik forces.

Similar information reached the state department from the Associated Press representative at Volodga who said there was street fighting both at Moscow and Jaroslavl.

The messages of both Ambassador Francis and the Associated Press correspondent were sent to the American consul at Archangel and there relayed. They brought relief to officials who had feared the Germans had succeeded in completely cutting off the ambassador's communication with the outside world.

Word reached the state department today from Vladivostok that the city has been quiet since June 29 when the Czech-Slovak forces completed their task of ousting the bolsheviks and suppressing red guards who resisted their control.

Committee Appointed to Work Out Plan For Organization Of Stock Company.

Ratification of the government lease for Call Field, to be continued another year, was one of the principal business matters to come up before the Chamber of Commerce directors at their regular weekly meeting this morning. An expression of satisfaction with every condition in connection with the location of the camp at Wichita Falls and appreciation for the spirit in which the Chamber of Commerce and the citizens have entered was contained in the letter from the war department which accompanied the renewal of the lease.

ISLAND OF GUAM DEVASTATED BY TYPHOON

By Associated Press. WASHINGTON, July 9.—The island of Guam was devastated by a typhoon on July 8, according to reports from the island and commandant of the naval station, reported to day to the navy department. He said half the inhabitants are destitute, crops have been destroyed and much material damage done. Steps have been taken to feed the destitute.

BRITISH DROP BOMBS ON GERMAN HARBORS

By Associated Press. LONDON, July 9.—British naval airplanes in the period between July 6 and July 7 dropped six tons of explosives on German works at Ostend, Zeebrugge and Bruges. Direct hits were observed on buildings and vessels. Five German airplanes were destroyed and three others were driven down out of control. All the British machines returned.

CUBAN-MEXICAN STEAMER SERVICE TO BE RESUMED

By Associated Press. HAVANA, July 9.—Spanish steamship service between Cuban and Mexican ports discontinued some months ago because of the inability of the company to obtain bunker coal here, is to be resumed, according to local agents. The Spanish minister at Washington is understood to have reached an agreement with the United States war board regarding the supply of bunker coal to Spanish vessels.

GERMAN EDITOR SAYS TIME RIPE TO DISCUSS PEACE

By Associated Press. COPENHAGEN, July 9.—Writing in the Vossische Zeitung of Berlin, George Bernard, political editor says: "The time is now ripe openly to discuss peace conditions, having regard to ideal peace conditions laid down by President Wilson, unanimity on the matter undoubtedly could easily be reached if a method of discussing the peace terms could only be agreed upon."

LEE'S GRANDSON IS CITED FOR THE CROIX DE GUERRE

By Associated Press. CHICAGO, July 9.—Lieutenant Robert E. Lee, a grandson of the famous Lee of the steamer Columbia disaster, was cited for the Croix de Guerre, according to a letter just received from him by his wife.

GERMANY TERRIBLY AFRAID OF BOLSHIEV DOCTRINE

By Associated Press. NEW YORK, July 9.—German courts martial evidently administer the law with a stern hand in the attempt to prevent the spread in Germany of Bolshev doctrines. Their application of the law was denounced in the Reichstag by the socialist, Dr. Cohn, as a disgrace to German justice, according to the Cologne Gazette.

RESIDENTS OF PEKIN BURYING THEIR DEAD

By Associated Press. PEKIN, H.L.A., July 9.—Residents of Pekin continued today to perform their sad task of burying the victims of the steamer Columbia disaster. Twenty-two funerals were arranged for the day. The first was held at 5 o'clock and until night little corpses wended their way to Lakeside cemetery. At each funeral five automobiles tended by Pekin car owners carried sorrowing relatives, while two Red Cross workers were on hand to lend comfort and aid.

C. F. SPENCER WILL SPEAK IN CITY THURSDAY NIGHT

Hon. Charles F. Spencer, candidate for congress, will speak in Wichita Falls Thursday evening. He will speak from a platform on Eighth street near the War Savings Bank.

He will discuss vital issues in the campaign. The speaking will be under the auspices of the Wichita County Spencer Club.

POLITICAL SPEAKING.

Judge Charles F. Spencer of Montague county, will address the citizens of Wichita county in the interest of his candidacy for Congress from a platform near the War Savings Bank 8th street, at 8:45 p. m. Thursday, July 11th, 1918.

There are some vital issues to be discussed on which the voters should especially be interested on account of the war and Judge Spencer is very desirous of having as many as will not only hear him on said issues, but that they hear his opponents.

Judge Spencer delivers a splendid patriotic address which will entertain and interest the most thoughtful. The ladies of the county are especially invited to be present. Wichita County Spencer Club. 3tc (Political Advertisement.)

They'll Wake Up But Bayonets Not Pleasant Alarms

By Associated Press. WASHINGTON, July 9.—Publication in Swiss papers of the text of Secretary Baker's letter to President Wilson giving the American troop movements by month caused German authorities to permit its publication in Germany, according to a dispatch received from Bern. The Kolnische Zeitung published the letter under the heading "American Bluff" the dispatch says and commented as follows:

"Mr. Baker thinks he will be able to dissuade his opponents exactly to the figures with his recitations. It is, however, the usual American bluff. We know from reliable sources that the figures in question are inordinately exaggerated and in no way correspond with the truth."

LOCAL BREVITIES

Complaints charging obstruction of the alley at the side of the Westland hotel where a large concrete refrigerator has been constructed, were continued after preliminary hearing in the city court this morning. One affray was fined \$5.00 and three speeders passed.

Members and friends of the Central Presbyterian church are invited to attend the social meeting to be held at the home of Mrs. D. B. Road, 1004 Fourteenth, on Thursday evening of this week.

The condition of William Hair, seven-year old boy who was thrown from the saddle by the wild horse he was riding on Sunday, is reported unchanged.

Some People Say We Sell at Cost

Others wonder how we can do this. We don't sell at cost—we make a profit on every article we sell—however we do not try to get rich on one customer. We believe many small profits beat a few large profits in the long run.

We make the price—to see is to believe.
