GERMAN PLANS FOR GENERAL OFFENSIVE ARE FAILURE NOW DEVELOPS INTO SERIES OF LOCAL OPERATIONS

Roosevelt's Youngest Son Falls Behind Hun Lines; Believed That He Met Death Goes Down Fighting To the Last Against Overwhelming Odds

By Associated Press.
PARIS, July 17.—Lieutenant Quentin Roosevelt, of the American air service, youngest son of the former president, is missing. His machine was seen to fall within the German lines. It was not in flames when it fell.
Philip Roosevelt, Quentin's cousin, witnessed the air battle in the vicinity of Chateau Thierry, in which Quentin was engaged and saw the machine fall, but did not know until later that the airplane was that of his cousin. Le Journal says today.
BELIEVED TO HAVE BEEN KILLED
PARIS, July 17.—Lieutenant Quentin Roosevelt, youngest son of the former president, has been killed in an air fight, the semi-official Havas News Agency announces. His machine fell into the enemy lines.
Lieutenant Roosevelt was last seen in combat on Sunday morning with two enemy airplanes about ten miles inside the German lines in the Chateau Thierry sector. He started out with a patrol of thirteen American machines. They encountered seven Germans and were chasing them back when two of them turned on Lieutenant Roosevelt.
Reports of the fight state that the Germans appeared to be shooting at the lieutenant from the rear, the three machines being close together. Then one of the machines was seen tumbling through the clouds and a patrol which went in search of Lieutenant Roosevelt returned without trace of him. He appeared to be fighting up to the last moment.

Quentin Roosevelt, in April 1917, joined the Canadian aviation corps to train for service with the American army. He was commissioned last fall and in the present spring began active service with the American air forces on the French front. On July 2 he took part in an aerial battle between American and German machines in the Marne region and a few days later on July 10, it was announced that he had brought down his first German air plane in a fight north of Chateau Thierry.

LONDON HEARS ROOSEVELT'S SON KILLED JULY 14TH
By Associated Press.
LONDON, July 17.—Lieutenant Quentin Roosevelt, Colonel Roosevelt's youngest son, who has been attached to the American line forces on the Marne front, was killed at Chateau Thierry on July 14, says a dispatch from Paris to the Exchange Telegraph Company.
Lieutenant Roosevelt, the dispatch says, was returning from a patrol flight, when he was attacked by a German squadron.
It was seen that Roosevelt suddenly lost control of his machine having probably received a mortal wound.

REPRIEVE REQUESTED FOR TOBE WILLIAMS
By Associated Press.
LONDON, July 17.—Thirty-five Americans, constituting the crew of the former Great Lakes steamer George Elliott have arrived in London. Their steamer foundered at sea in a storm. They got away in the life boats, were rescued some time later by a warship and were brought to London.

CREW OF FOUNDERED STEAMER REACH LONDON
By Associated Press.
LONDON, July 17.—Thirty-five Americans, constituting the crew of the former Great Lakes steamer George Elliott have arrived in London. Their steamer foundered at sea in a storm. They got away in the life boats, were rescued some time later by a warship and were brought to London.

LENINE TO BREAK OFF RELATIONS WITH THE ENTENTE

By Associated Press.
AMSTERDAM, July 17.—(Per Wireless Press.)—Premier Lenin is about to break off diplomatic relations with Great Britain and any other Entente powers connected with the landing of armed forces on the Murman coast, according to news said to have been received from Moscow by Berlin newspapers.

GLAD HIS SON RENDERED SERVICE

By Associated Press.
Oyster Bay, July 17.—"Quentin's mother and I are very glad that he got to the front and had the chance to render some service to his country and to show the stuff there was in him before his fate befell him."
This statement was issued by Colonel Theodore Roosevelt today after press dispatches had furnished confirmation that his son had been killed.

SON'S DEATH WILL NOT CAUSE SPEECH TO BE CANCELLED

By Associated Press.
SARATOGA SPRINGS, N. Y., July 17.—Colonel Theodore Roosevelt will deliver the principal address at the republican state convention tomorrow notwithstanding the death of his son, Lieutenant Quentin Roosevelt, in an aerial combat in France. This word was received this afternoon by Senator Theodore Douglas Robinson, nephew of the colonel, over the telephone from Oyster Bay.

GERMAN FORCES NOW ATTEMPTING TO ASCEND MARNE

By Associated Press.
ON THE FRENCH FRONT in France, July 17.—Forty-eight hours have sufficed for the holding of the German masses launched in the crown prince's great offensive on Monday. The enemy units which were turned back from the direction of Paris are endeavoring to ascend the Marne, are being held in check by the fresh troops.

BURIAN REGARDS WAR AS SENSELESS AND PURPOSELESS

By Associated Press.
AMSTERDAM, July 17.—The Austro-Hungarian government regards the war as "senseless and purposeless, bloodshed" and believes it might be ended at the moment when the Allies again manifest feeling of humanity. Baron Burian, the Austro-Hungarian foreign minister, made this statement in the concluding portion of his address to the Austrian and Hungarian premiers Tuesday according to dispatches from Vienna.

ALLIES STARTED IT

Declares Central Powers Fighting Only Defensive War—Blame All on the Allies.
By Associated Press.
AMSTERDAM, July 17.—The Austro-Hungarian government regards the war as "senseless and purposeless, bloodshed" and believes it might be ended at the moment when the Allies again manifest feeling of humanity.

"It is unnecessary to further characterize this method of fighting. Our races indignantly disavow it. The resolute battle of defense must now be carried on to a good end until it brings us the security necessary for our future peace. The national titles in the dual monarchy, the foreign minister, said.

"Thus and not otherwise should the willingness of the central powers for peace be conceived. It will not be the momentous hammer the invincible defense, but after victorious battles, just as during pauses in a battle, it will, even without new peace offers, always be intent in reaching that regard this war as senseless and purposeless bloodshed which might at any moment be ended by the re-emergence of feelings of humanity in our enemies.

"In so far as they are not aiming at the acquisition of territory they are fighting against a windmill. They are exhausting their strength and ours in order to build on the ruins of civilization a new arrangement of the world, whereas the ideas underlying such an arrangement, which are capable of realization and which also are warmly approved by us, might be realized much more easily and much more completely by the peaceable cooperation of all peoples."

GERMAN AIRMEN KILL 94 GERMANS IN PRISON CAMP

By Associated Press.
PARIS, July 17.—(Havas Agency.)—Forty-eight hours have sufficed for the holding of the German masses launched in the crown prince's great offensive on Monday. The enemy units which were turned back from the direction of Paris are endeavoring to ascend the Marne, are being held in check by the fresh troops.

GERMANS THROW NEW FORCES INTO BATTLE FRONT

SUCCEEDED IN PENETRATING INTO BOURDONNERIE WHERE FIGHTING CONTINUES.

By Associated Press.
PARIS, July 17.—The Germans last night threw new forces into the battle on the front south of the Marne and attacked the Allied line north of St. Agnan, the war office announced today. The enemy succeeded in penetrating into Bourdonnerie. The battle is continuing in the woods immediately to the south of this point.

On the front further to the east the French held the enemy in the southern outskirts of the Bouquigny wood and at the village of Nesles. A powerful attack likewise was made by the Germans in the direction of Monvoisin but they were driven from this locality by a French counter attack.

Along the line to the east of Rheims the Germans delivered local attacks, notably in the Vrigny region. These efforts by the enemy were fruitless. In renewed assaults upon Beaumont the enemy suffered a sanguinary repulse.

DALLAS MOB FAILS TO GET POSSESSION OF NEGRO

DEPUTY SHERIFFS ARMED WITH SHOT GUNS HOLD OFF MOB.

By Associated Press.
DALLAS, Tex., July 17.—A mob today attempted to batter down the doors of the county jail and capture Will Jones, a negro who last night attacked and killed Mrs. J. E. Wolford of Rose Hill, a village near here. Several hundred farmers, neighbors of Mrs. Wolford led the mob which was held off by deputy sheriffs armed with shot guns. The negro has made a confession of his guilt.

Health Officer Sam Mimms, who was with the deputy sheriffs attempting to disperse the crowd was severely stabbed. Five men have been arrested.

The mob desisted from its attacks after the officers had announced that the grand jury already had considered the negro's case and returned two indictments. Several hundred, however, remained in the vicinity of the jail and it was feared further violence might be undertaken.

GERMAN FORCES SHOT TO PIECES AS THEY CAME ON

FRENCH GENERAL HELD FIRST LINES LIGHTLY CONCENTRATING MAIN FORCES IN REAR.

By Associated Press.
PARIS, July 17.—The German "offensive" is now being described as the latest effort of General Ludendorff, and the advances from the front seem to justify this paradox. If the fighting has not resulted in a French victory, it is held here, it has at least been a serious failure for the Germans.

The objective of the enemy was a converging attack from the north by way of Souvigny and from the north-west by way of the Prunay sector. The action on his right was more or less secondary in character while the center marked time, awaiting the success on the two wings.

General H. J. E. Gouraud is believed to be the general who has been mentioned for his magnificent generalship in the operations in the Champagne region. In 1915 he was in command of the French expeditionary forces to the Gallipoli peninsula, where he lost an arm and was seriously wounded in the right thigh. He was succeeded by General Serrail and returned to France where an official statement had been assigned to the command of one of the armies at the front.

5 GERMAN PLANES DESTROYED BY AMERICAN FLYERS

WITH THE AMERICAN ARMY IN FRANCE, JULY 17.—Five German planes and one balloon were destroyed by American aviators in the fighting over Dormans, on the river Marne.

GENERAL PERSHING AWARDED CROSS OF ORDER OF BATH

By Associated Press.
LONDON, July 17.—General John Pershing has been awarded the Grand Cross of the Order of the Bath and General Tasker H. Bliss, American representative at the supreme war council, has been given the Grand Cross of the Order of St. Michael and St. George. This was officially announced today.

OFFENSE IS NOW EFFORT TO WIN RHEIMS SALIENT

By Associated Press.
The German offensive is in its third day and, according to the views of Entente observers, it has no longer the character of a general attack. It already, they declare, has worked itself into a series of comparatively local operations.
The offensive apparently encountered a defense sufficiently stubborn to prevent the immediate achievement of more important objectives, and the Germans have pursued their usual tactic of making the most of local successes at various points along the front.
Thus the offensive now appears largely to take on the aspect of a turning movement against the Rheims salient.

Reports from the battle field show that the Germans during the night made progress in two sectors of the front. South of the Marne they attacked the positions on the heights commanding the river crossings taken by the French in their counter offensive on Tuesday. The French reached the Bourdonnerie and Cle Milon farms north of St. Agnan and La Chapelle-Monthodon but there they encountered fresh enemy troops who appear to have again forced them back. The battle is continuing on the slope and in the woods south of the heights.

Further east the Germans seem to have made little or no progress in their attempt to debouch from the Bouquigny wood and through the village of Nesles.
Near the Marne the Germans apparently took some ground southwest of Venteuil near Monvoisin but a counter attack by the French ejected them.
Today's report tells of violent fighting in the Courton wood. The precise point of the combat is not known but, conceding the enemy has reached the middle of this wood, he has advanced about four and one half miles from Fere En Tardenois, approximately the location of the line unday. Here and further west in Rodemat wood the Germans are making the steady and most threatening gains, pushing southeast toward Epernay, south of Rheims.

ENEMY REPULSED AT VRIGNY
Nearer Rheims the Germans have been repulsed at Vrigny and no fighting is reported in the district immediately surrounding Rheims.
East of Rheims the Germans have attacked French position on the south side of the Vesle to which the French retired on Tuesday. The French official statement reports the attack failed. From the point eastward there is no report of fighting.
The French official statement says their lines have been maintained intact throughout the region east of Rheims.

Apparently the Allied resistance Monday was greater than the German command had anticipated. The enemy has changed his tactics to strong local attacks at vital points instead of continuing a general assault along the front from Chateau Thierry to near the Argonne.
In the region of Dormans and eastward along the Marne the Germans have penetrated about five miles and now hold both banks of the river for a stretch of about 14 miles. Strong and repeated attempts to enlarge their gains north and south of the river have been repulsed. Unless they can enlarge their hold on the river the troops along the Marne are in a dangerous situation should an allied counter attack begin.
To Outflank Mountain.
Evidently the German purpose in striving to press forward astride the river to Epernay is to outflank the strong natural obstacle of the mountain Rheims. Attacks against this height from the west have stopped for the moment and no effort has been made to attack Rheims frontally.
Formidable attempts by the Germans to break the main French line at Prunay, about 8 miles east of Rheims have been broken up by the stubborn resistance of the French who hold a line along the Vesle River in the region of Tabours and Cournein in the hilly country west of the Argonne forest the Germans have been unable to advance further than the first advanced line. Repeated attacks there have been repulsed with heavy losses by the French.

GERMANS TORPEDO VESSEL CARRYING SPANISH MINISTER

By Associated Press.
ATHENS, GREECE, July 17.—It is announced from a Spanish source that a Spanish steamship on which Minister Lopez de Vega was returning to Spain has been torpedoed by a German submarine. The ship flew the minister's flag. The diplomat and his family have been rescued.

ROBBERS GET \$3000 IN HOLD UP STATE BANK WATT, OKLA.

MUSKOGEE, OKLA., July 17.—Two masked bandits held up the cashier of the State Bank at Watts, Okla., sixty miles east of Muskogee, at 11:30 o'clock this morning and secured \$3,000 in cash, according to long distance telephone reports. They escaped on horseback and rode rapidly toward the hills. According to the descriptions the bandits evidently were the same two who eighteen months ago held up the State bank and made off with \$2,500. A posse is in pursuit.

AMERICAN TROOPS AGAIN ATTACKED BY ENEMY TODAY

WITH THE AMERICAN ARMY IN FRANCE, July 17.—The American troops co-operating with the French at a point where counter attacks were carried out yesterday, were attacked again this morning by the enemy who by reason of the nature of the ground was able to make slight gains at some places while at others the Americans again pushed their way back. The lines here have been warring back and forth for the past 24 hours and the result of the entire operation is indefinite. In the region of Vaux, west of Chateau Thierry, conditions today were normal. The Germans there were laying low after the two minor but nevertheless important defeats they had suffered there in two days.

HEAVY ARTILLERY FIRE BY ENEMY ON MARNE FRONT

WITH THE AMERICAN ARMY IN FRANCE, July 17.—(2:00 P. M.)—Extraordinary heavy artillery fire has been in progress today on both sides along the Marne front between Chateau Thierry and Perennes. In some localities periods of quietness prevailed but there appear to be signs of further activity.

GERMANY RESORTING TO LOCAL ATTACKS

WITH THE FRENCH ARMY IN FRANCE, Tuesday, July 16.—(Night).—The stoppage of the general German attack appears to have been the feature of today's fighting. The enemy is resorting momentarily at least to local actions supported by strong artillery. South of the Marne the Germans were turned out of St. Agnan and Chapelle-Mouton by a counter attack which enabled the French and Americans to regain heights overlooking a portion of the course of the Marne.

Christine and Bruster Hursh left for Los Vegas, New Mexico, where they will visit their aunt for a few weeks.

LOCAL ATTACKS OF FIERCE CHARACTER THIS MORNING

ON THE FRENCH FRONT IN FRANCE, July 17. (Noon).—This morning's fighting on the active front of the German drive was marked by preliminary local attacks which, however were very fierce in character. The Germans had sent a heavy column against the fourteenth army in the vicinity of St. Agnan, which had been recaptured by Franco-American forces yesterday and succeeded in recapturing it after a furious battle. This is still continuing at this hour. Further eastward along the southern bank of the Marne the Germans attacked and temporarily occupied Montvotson until the French came back and ejected them. Comparatively slight progress has been made by the enemy on the west of Chateau Thierry but his hope of effecting a breach in the lines was not realized. The Allied method of defense proved wonderfully efficacious everywhere, resulting in maintaining the line intact.

FRENCH RESERVES PROBABLY HAVE ENTERED ACTION

PARIS, July 17.—All the Paris military critics are in agreement today in the view that yesterday's German offensive, the Havas agency notes in today's review of the trend of the combat, was a "prelude to victory." "It is perhaps too early to speak of victory," says the Echo de Paris, "but we may say that the enemy has suffered a gigantic failure which will cause a sensation throughout Germany." "On the Marne front our troops of the second line and perhaps our general reserves already are entering the action," says the Temps today in reviewing the progress of the enemy offensive. "Where our troops have assumed the offensive to the north of La Chapelle-Mouton, we have regained ground."

Dr. James A. Stevens, dental surgeon, has opened offices in the first National Bank Building, room 218. Dr. Stevens is a graduate of the school formerly known as the State Dental College, now the Dental Branch of Baylor Medical College at Dallas, Texas.

LATTIMORE HERE IN INTEREST OF COURT CANDIDACY

Senator O. S. Lattimore, author of the bill passed by the last legislature to allow women to vote in the primary elections, and candidate for the court of criminal appeals to take the place of the retiring justice, Judge Prendergast, was in Wichita Falls this morning, visiting old friends and acquaintances. Senator Lattimore was much interested in the news from the battle front in France, his oldest son, Lieutenant M. F. Lattimore having been at the front for several months. Senator Lattimore has three other sons in the service, all of whom will be at the front within a short while, he expects. For this reason he is interested in every measure to safeguard the welfare of the men in the service of the country, as is evidenced by the fact that he wrote the ten-mile zone law, which when passed by the legislature removed intoxicating liquors from all cities and towns where there were training camps. Senator Lattimore during his eight years in the Texas Senate was mainly responsible for a number of very beneficial laws and his record is well known. He was floor manager of the compulsory educational bill and for the million dollar rural school appropriation bill. Before going to the Senate he was district attorney in Tarrant county. The senator's candidacy for the court of criminal appeals has been endorsed throughout the state by bar associations, and by women's organizations, the latter being especially interested because of his part in helping them to the ballot.

WAR AND DISTANCE NO OBSTACLE TO CUPID

CHICAGO, July 17.—War and one thousand miles are no obstacles when one is in love, in the opinion of Miss Ruth Shirley Atterbury of Amarillo, Texas. She arrived in Chicago yesterday, hurried to the Great Lakes Naval Training Station, was married to Charles Willard Smith, band musician, kissed him good-bye and last night he started on his way to France.

ICE ECONOMIES DESIRED BY FOOD ADMINISTRATION

There are many ice economies that the householder should practice in the conservation of ice, announces the Federal Food Administration for Texas...

Cracked ice should not be put in glasses to cool drinks and other beverages. A bottle of water kept in the refrigerator or water drawn from the water cooler will furnish a sufficiently cool drink.

The greatest waste in the use of ice, the Food Administration has discovered is among those concerned using the greatest quantity of ice. They have naturally been able to buy at the lowest price and their employees (forgetful of ice value) have generally been most wasteful in their handling of this perishable article.

A reduction in the use of ice by ice cream manufacturers naturally follows from the diminished production brought about by the restrictions on the use of sugar. But a further very considerable saving of ice can be effected by certain economies, which the Food Administration insists upon.

It has been the observation of the Food Administration that ice cream manufacturers generally carry great quantities of crushed ice on their delivery wagons—they sometimes go so far as to mix salt with the ice which increases the melting several fold. This crushed ice and salt is used to repack the cream of their customers.

The ice in the wagon is not protected, is carelessly handled in the distribution and is not conserved by the customer because it costs him nothing. It is some time found that the ice cream wagon on returning to the factory will make no attempt to put the returned ice in a protected place but will allow it to melt in the wagon or be swept into the yard.

These reports are from the extreme cases, but the number of them the Food Administration receives from over Texas indicate that a large quantity of ice can be saved to a community by stopping the abuse of the ice cream trade.

It may be necessary to stop altogether the practice of the ice creamer recing, free of charge, his customer's cabinets or tubs. If the customer is obliged to buy the ice in solid form from the ice cream wagon or from the ice dealer and do his crushing and packing, he will be vastly more conservative in his use of ice for this purpose.

In some neighborhoods there are too many people retailing ice cream and thus an undue amount of ice is required in proportion to the amount of ice cream sold.

It is also a suggestion of the Food Administrator that where a moderate amount of ice cream is sold only one or two flavors should be carried and a corresponding small cabinet be used. Restaurants, hotels and clubs can reduce their ice consumption by cutting down the variety of food they serve and thus reduce the number of refrigerators in service.

Extravagant use of ice is also reported as occurring at many fish markets, where the ice is loosely lay around unprotected. Strict care is insisted upon by the Food Administration in such establishments.

RED CROSS BENEFIT TO BE GIVEN AT DEAN FRIDAY

Preparations, including an order for twenty-five gallons of ice cream, are being made for a big Red Cross benefit to be held at Dean, about twelve miles from Wichita Falls on the Petrolia road, on Friday evening. An ice cream social, calf and pig raffle, pie eating contest, and a dance are features of the entertainment, which will be held on the lawn of the Dean church.

YOUTH GIVEN TWO YEARS FOR THEFT OF AUTOMOBILE

Ernest House was found guilty of theft of an automobile by a jury in the 30th district court, the verdict being returned Tuesday morning and his punishment fixed at 2 years in the penitentiary. It is understood that two indictments on a similar charge will be dismissed in case House accepts sentence.

PERSHING REPORTS CAPTURE 500 PRISONERS

By Associated Press. WASHINGTON, July 17.—General Pershing's communique for Monday, reaching the war department today, reported that five hundred prisoners were taken by the Americans in their counter attack which drove the Germans back to the Marne east of Chateau Thierry.

The dispatch follows: "Section A—East of Chateau Thierry where the enemy succeeded in crossing the Marne on our front and gaining some ground, our troops counter attacked and drove the enemy back to the Marne, taking 500 prisoners. In the Vosges five trench raids attempted by the enemy broke down under our fire."

The communique for Tuesday reports the co-operation of American troops with the French east of Rheims in successfully repulsing enemy attacks at all points.

MOONEY BEING TAKEN TO DEATH ROW AT SAN QUENTIN

By Associated Press. SAN FRANCISCO, July 17.—Accompanied only by Sheriff Thomas Finn and a deputy, Thomas J. Mooney left here today for the "death row" in San Quentin penitentiary where he is sentenced to be hanged on August 23 for murder in connection with a preparedness day bomb explosion here.

Dr. R. E. Huff Jr., Dentist, Graduate Northwestern University, Chicago, 410 First National Bank Building, Telephone 1707.

ASSOCIATION W. U. EMPLOYEES BEING ORGANIZED NOW

Organization of an association of the Western Union employees is in progress at Chicago this week. The association is for mutual benefit and to handle all differences between the employees and the company.

The nine employees here entitled to a vote have designated Mr. Bettinghouse to represent them. Mr. Bettinghouse has cast the ballot of the local here for a man in Dallas who is now in Chicago attending the meeting to organize the Association.

The following telegram was received from Chicago last night: "The convention held a morning session and adjourned until 9:30 a. m. Wednesday when it is expected the constitution will be put to a final vote. The three committee chairmen having charge of different drafts are now in joint session."

"Discussion has been general upon the question of methods to be employed in securing readjustments and improvement of conditions and it appears to be the prevailing sentiment that in the event of a failure on the part of all locals and of arbitration the grand local will be empowered to call a convention to consider other methods."

The following statement was given out this morning by B. E. Black, of St. Louis, chairman of the convention: "The work of the Association of Western Union Employees convention is nearing completion. The delegates have laid the foundations and the subordinate divisional and grand locals will be organized at once. We will then be in position to conduct negotiations with representatives of the company or of the government as the case may be. The time has come for a show down. It is asserted that with government control all restrictions will be removed. Our cards are already on the table. It will remain for outside organizations claiming to represent Western Union employees to make good."

CITY JUDGE AND POLICE CHIEF LECTURE JUVENILES A juvenile lecture class was conducted at the city hall this morning by Police Judge Ogle, City Marshal Fred Smith and others of the police force, the subjects being several small boys who had broken the laws of the city by riding their bicycles on the sidewalks. Following the lecture the boys were warned that the next offense would bring a fine instead of warning words. Outside this there was no police court.

Grocer Up Against It. "I have been up against it for past 3 years suffering from pain in my stomach and side until I was considering giving up my grocery business. Doctors and medicine did not help me. I heard of Mayr's Wonderful Remedy through a friend in Buffalo. The first dose gave me more benefit than all the medicine I had taken before and an new feeling as well as ever in my life. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded."

KEMP LIBRARY TO BE KEPT OPEN FROM 9 AM TO 9 PM

Longer hours for the public to enjoy the reading rooms of the Kemp Public Library were provided for by the Library Board, which met together with members of the city park board at the library building Tuesday night. The library will be opened from nine in the morning until nine at night, the closing for three hours at noon being eliminated and an extra hour being added to the closing time, which has been eight o'clock. In this way persons will be able to get in several hours of reading following the dinner hour at night, and the extra hour is expected to benefit the soldiers who may desire to visit the reading rooms when coming to town at night. Miss Roberts, the librarian, and Mrs. Tiersort, her assistant, will be in attendance as usual.

Arrangements were also made to have the Lamar Park grounds in which the library is situated, lighted throughout. The board also voted to have graveled walks with cement curbs lead to the library building from all sides of the park. At present there are neither lights nor walks in the park. The members of the two boards present were: Mesdames C. W. Shuler, J. A. Kemp, C. R. Hartscock, J. A. Richolt, Tiersort, Messrs. Priddy, Hill, Cline, H. L. Hunter and Dr. J. F. Reed.

FOUR MEN FAIL TO RESPOND TO DRAFT CALLS Four men registered with the Wichita county draft board: John E. Boreas, Roy Bourland, Benjamin T. Meadows and Jakob Chrobak, have failed to respond to calls made upon them to appear before the board and consequently are liable to be classed as deserters and treated accordingly when located. These four men, or anyone who knows their whereabouts, are advised that to avoid trouble, they should report immediately to the local board. Only a few more days of grace accorded them and unless they appear from their names will be posted for desertion and the cases given into the hands of the police and federal authorities.

The board is without any information whatever concerning the whereabouts of the men, and if they are in the service, or are sick, their friends should notify the board.

N.M. CLIFFORD GOES TO CITY NATIONAL AS ASS'T CASHIER

N. M. Clifford, for several years ticket agent at the Wichita Falls Union Station, was last night elected an assistant cashier of the City National Bank, and today has assumed his new duties. At the same time Oral Jones, who has been with the banking institution for a number of years, was also elected an assistant cashier.

The resignation of T. T. Reese as assistant cashier was accepted. Mr. Reese will be with the insurance and real estate firm of Anderson and Patterson but will retain his position on the board of directors.

The vacancy left by Mr. Clifford's resignation in the ticket office is filled by C. O. Simmons, formerly traveling freight and passenger agent for the Fort Worth and Denver at Fort Worth.

WAR COMMUNITY SERVICE REPRESENTATIVE HERE

R. E. Soares, representative of the War Community Service of the Commission on Training Camps activities, is in Wichita Falls for a few days, studying the local situation with regard to the recreation of soldiers at Camp Field. The commission's local representative, E. A. Kinkaid, has been recalled for the time being as it was felt that the situation was being properly cared for by the local organization, it is understood.

HANDSOME MAGAZINE RACK DONATED TO RED CROSS A handsome, hand-made paper and magazine rack, made by V. C. Wasson, 1506 1/2 Broad, has been added to the collection of articles donated to the Red Cross for sale in a general auction to be held in the fall. The rack has two separate compartments and is artistically finished. The Red Cross officials also acknowledge the receipt of a twenty-five dollar donation from O. T. Bacon.

H. P. HODGE RESIGNS AS MANAGER FOR NORTH TEX. GAS CO.

H. P. Hodge has resigned his position as local manager of the North Texas Gas Company and will go to Dallas the first of August where he will be connected with the Magnolia Petroleum company. Mr. Hodge came to Wichita Falls in 1910 from Corsicana and has had charge of the local branch of the North Texas gas company since that time. He will be succeeded by F. M. Kenney of Sherman. Mr. Kenney has many friends in Wichita Falls, having made this city his home for about two years before going to Sherman. He was in the employ of the O. P. Marchman drug company during his former residence here.

ANOTHER PARIS NEWSPAPER MAN EXECUTED TODAY

By Associated Press.
 PARIS, July 17.—(Havas Agency.)—M. Duval, director of the German newspaper Bonnet Rouge, was executed today for treasonable actions against the government. The execution was carried out promptly at five o'clock in the forest of Vincennes. The condemned man died almost instantly with the command to fire.
 The execution of M. Duval is the second growing out of the German propaganda of "Bolshevism" or "detraction" in France. The first to face the firing squad being Hoto Pasha, soon after his execution the trial of Duval and six other defendants was begun. The trial of Duval and his associates began April 28 and concluded May 15 with the death sentence being imposed on Duval and the six others being given prison terms ranging from two to ten years. Among the others convicted were M. Marion, assistant manager of the Bonnet Rouge, and Jean Leysmarie, former director of the newspaper. In this newspaper Bonnet Rouge was established with Miguel Almerode as its editor. After the outbreak of the war the newspaper published attacks on the French government and otherwise aided German propaganda. The newspaper was suppressed last summer and its suppression brought about the resignation of Louis B. Nelly, manager of the newspaper. On the resulting wave of political turmoil, Georges Clemenceau came back into power.
 In addition to Malvy, another prominent politician, Joseph Caillaux was mentioned in connection with the Bonnet Rouge case. Malvy on Tuesday was brought before the French senate, sitting as high court to answer a charge of treason. Caillaux is in prison awaiting trial.

THE CZECHOSLOVAKS.
 The war is causing the American people to become better acquainted with the history and characteristics of the foreign races that are settled amongst us. A great many Americans before the war didn't know the difference between a Bohemian and a German and placed all foreigners in pretty much the same class. Now they are becoming better acquainted with these citizens, their history, their characteristics and their aspirations.
 Czechoslovak is a name that is now appearing frequently in the dispatches from Europe. The unequalled bravery and audacity are winning the admiration of the American people. The question is doubtless asked daily everywhere: Who are these Czechoslovaks? The San Antonio Express has answered this question concisely. The Express says:
 "Briefly, it may be said, that this hyphenated combination of consonants is not two peoples, but one. True, there are Czechs and Slovaks, or Slovaks, but they have a common language and a common lineage. The Czechs live, loosely speaking, in the southern part of Hungary, while the Slovaks live in the north. They are circled about by their enemies, the Germans, Austrians, Hungarians, Magyars, singly or in combination, and have hummed them for hundreds of years they have been persecuted by the German and Austrian peoples. They have been crushed time and again by their enemies, but have never lost the feeling of nationality or the desire for freedom.
 "These Czechoslovaks are a survival of that vast tribe of Slavs which populated East Europe, from the Baltic Sea on the north to the Adriatic Sea on the south. The Magyars in the nineteenth century drove in between the Slavs of the north and the Slavs separated by this living wedge of Hungarians, those on the north became known as Slovaks, those on the south as Czechs. It is likely that these two name forms are tracing to a common form. This divided and walled in, these Czechoslovaks, never absorbed, have maintained an undimmed national hope of freedom, and unshaken, a national unity of feeling. They are a Slav tribe in a Hunnish sea.
 "The Czechoslovaks constitute the backbone of Bohemia. From this people sprang John Huss and the Hussites. No nobler band of freedom ever walked the earth. They were pioneers in religious freedom. However, their exalted ideals of religion were but a part of the larger political freedom for which they strove. Their history has been a tragic story of a small and devoted people resisting the rapacity of the Hungarians on all sides. As Prague, their chief city, was ever a candle in the dark ages burning with the light of learning and toleration, so they themselves have ever upheld the torch of freedom.
 "In this war the Czechoslovaks are geographically and politically a part of the central powers, but they know that as they fight in the ranks of the Germanic peoples they are fighting for their enemies. With no love for Austrians or Prussians, they are powerless to help themselves.
 "In some way or other, either by desertion or by capture, a large number of them are now mobilized in Siberia. They are fighting on behalf of the allies. It is really a struggle for their own freedom, which has been the desire of their hearts for over a thousand years. It is a significant thing President Wilson has said, that in the final making of the world safe for democracy, it must be large enough to include the democracy of the Czechoslovaks."

GERMANS THROW NEW FORCES INTO BATTLE FRONT

(Continued from page 1)
 yesterday and last evening the heights north of St. Armand and La Chapelle. The enemy succeeded in penetrating into the Bourdonnieres farm and the battle continued with divisions on the slopes and woods in the immediate south of this point.
 Further east, despite very vigorous attacks, the French held the enemy in the southern outskirts of Bourdonnieres wood and at the village of Neules. The Germans likewise launched a powerful attack in the direction of Mouverson, on the south side of the Marne southwest of Verdun, but were thrown back from this locality by a powerful counter attack by the French.
 Between the Marne and Rheims, a German attack in the region of Virgny broke down completely.
 "East of Rheims German attacks were fruitless, notably in the region of Prunay. A renewed attack by the enemy in the direction of Beaulmont, on the south side of the Vesle, southwest of Prunay, suffered a secondary repulse. The French position throughout has been maintained in fact."

REVOLUTIONISTS IN GERMAN ARMY BURN GERMAN AIRDROME

By Associated Press.
 LONDON, July 17.—The destruction by fire of a new German airdrome with 22 airplanes near Nivelles is attributed to the work of German revolutionists in the army, says an Exchange Telegraph dispatch from Amsterdam today. Nivelles is 17 miles south of Brussels.
 Ten Belgians and two German non-commissioned officers had been arrested. The day before the fire, adds the dispatch, a secret meeting occurred in the canteen at Nivelles where the scheme for the destruction of the airdrome was developed.

Market Report

Cotton Market

By Associated Press.
 NEW YORK, July 17.—The cotton market was irregular at the opening today. First prices being 35 points higher on July but generally 2 to 8 points lower under realizing in the new crop deliveries. A few July notices were reported, but but shorts showed nervousness and that position sold at 25.50 on the rail. Later months worked about 7 to 12 points lower during the first few minutes, then rallied on the near months strength and unfavorable crop advices from Texas. October sold up from 24.50 to 25.25 and November from 24.25 to 24.50 before the end of the first hour or about 15 to 20 points net higher.
 The weekly report of the weather bureau indicating that absence of rain fall with excessive temperatures in Texas and cool weather in central and eastern portions of the belt had been unfavorable for rapid advancement of the cotton crop, led to more general buying during the middle of the morning. July sold up to 25.75, making a net advance of 38 points while the new crop sold 39 to 41 points net higher over yesterday's final. August and September traded 25.25 and 26.00, respectively.
 Trading was quiet during the early afternoon but the tone was steady and after reactions of 10 or 15 points profits held within a point or two of the high about 2 o'clock. Cotton closed barely steady.

New Orleans Cotton.
 NEW ORLEANS, July 17.—After a rise of 7 to 8 points on the opening today the cotton market fell off to a level 1 to 2 points under yesterday's close, but here no large buying in support of the cotton crop. A few July crop returns from the government. At the end of the first half hour of business prices were 14 to 18 points over yesterday's final. August and September were 24.50 and 25.25, respectively. The weekly crop returns from the weather bureau, were, if anything, more unfavorable than expected and buying, limited which in the trading up to noon net prices 25 to 31 points over yesterday's final.
 The market turned quiet but held firm with values well maintained. At 1 o'clock the market was 10 or 15 points over yesterday's close. Cotton closed steady at an advance of 20 to 25 points.

Liverpool Cotton.
 LIVERPOOL, July 17.—Cotton spot quiet, prices unchanged. Good middling 22.50, middling 22.00, low middling 21.50, good ordinary 20.50; ordinary 19.50. Some 1,000 bales, including 700 American, receipts 3,100, all American. Futures closed steady. New contracts, July 22.10; August 21.50; September 21.00; October 20.50; November 19.75; Old contracts, fixed prices, 21.00.

New York Stocks

By Associated Press.
 NEW YORK, July 17.—Stocks were unsettled at the opening of today's trading, mainly in consequence of another severe decline against Sumatra tobacco, which broke almost six points in the first half hour. U. S. Steel lost a point on a succession of large offerings and some of the other manufacturers, equipments and marine preferred yielded to the same extent. Moderate gains in minor specialties and Atlantic Gulf were soon dissipated. Liberty Bonds were steady. A three point rally in Sumatra, moderate recoveries in steels, equipments and allied specialties and pool activity in low priced mining shares relieved the extreme dullness of the mid-session. Investment issues, including Standard rails were ignored. Further fluctuations in tobaccos and oil operators in military and specialties were the features of the last hour. The closing was heavy. Liberty 3 1/2's sold at 99.50 to 99.62; 4's at 93.90 to 94.00 and 4 1/2's at 95.90 to 96.02.

Grain Market

By Associated Press.
 CHICAGO, July 17.—Temporary declines which took place in the corn market today were more than overcome by a sharp falling off in advices of shipments from the country. Opening prices, which ranged from 2 1/2 to 1 1/2, and September, 1.59 1/2 to 1.60 were followed by a decided rally which carried August well above yesterday's final.
 Oats rose with corn. After opening unchanged to 3/4 off with August 22 1/2 to 22 3/4, the market scored a material gain.
 Higher quotations on hogs ruled provisions.

Crown Prince Trying to Save Something from Wreck.
 LONDON, July 17.—On the second day of the crown prince's great offensive, the fighting degenerated into a disjointed series of local actions, which although fought with the greatest bitterness, are nevertheless limited, says a dispatch from Reuters's correspondent at French headquarters sent from there at 8 o'clock this morning. These local actions, he continues, have been undertaken in the hope of saving what may yet be saved from the wreck of Monday's hopes.

Ice Is Worth More Now, But the Price Is the Same!
 Fruits, berries, vegetables and summer foodstuffs of all kinds are coming in now.
 There will be days when prices will drop and you can make quite a saving by buying in larger quantities than usual.
 Watch for these Thrift opportunities, and watch your refrigerator. See that it is properly loaded with our Pure ice—ready at all times for a big saving job.
 Watch out for spoilage, too. Remember Mr. Hoover says "Save Food—don't waste it." Remember America's debt to the Allies. Remember Thrift is the word of the hour, and that food saving is one of the most practical ways that you can help win the war.
 Ice is the cheapest thing you can buy. And right now one of the most important. It is worth more to you, and the folks at home, now than ever before—but the price is still the same.
 Don't forget to use your Coupon books. If yours has "run out" get another from the driver. It is so much more convenient to pay with coupons than with money, and you get MORE ice.

LIONS ENDORSE DAILY MINUTE OF PRAYER PLAN

Woodrow Wilson, president of the United States, and David Lloyd George, premier of Great Britain, are the two greatest men in the world, according to the judgment of the members of the Lions Club.

Who is the greatest man in the world, and why? was the question propounded members of the Club at their regular weekly luncheon at the St. James today. All but two answers were "Woodrow Wilson," the two exceptions being answered with the name of David Lloyd George. The winning answer was picked by the judges was "Woodrow Wilson saved humanity from Kultur." This answer was made by W. B. Hamilton, who was awarded a book of war savings stamps.

Two proposals were laid before the Club at its luncheon today. One was that the Club get behind a movement to have a minute of prayer daily for the men in France. The Club endorsed the proposal and appointed a committee comprised of W. W. Silk, R. E. Shepherd and G. D. Anderson to ask the co-operation of the Rotary club and to present the matter to the Mayor and city council.

The other proposal was that a movement be undertaken to double the size and facilities at the Wichita General Hospital. This was endorsed and a committee comprised of T. B. Noble, Dr. L. F. Stripling and W. R. Ferguson was named to make an investigation of the matter to confer with the county commissioners and the city council and report back to the club.

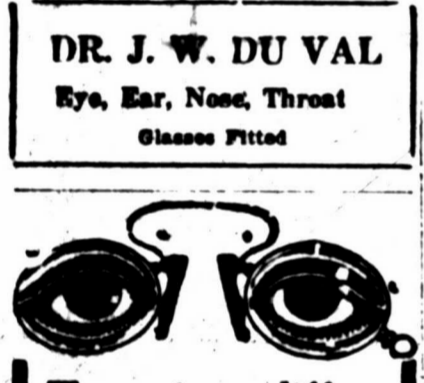

The committee named from the club to solicit subscriptions for the Salvation Army War Fund reported flattering success. The committee appointed to have charge of the entertainment for the men at Call Field reported that the date for the entertainment had been postponed until July 26th.

W. S. Curlee, county food administrator, reported that he had just completed checking reports of grocers of the quantities of sugar and flour sold to families in Wichita Falls. He said he had found a number who had bought more than the regulations permitted and had found some who had bought none at all. He said that those who heard the statement might draw their own inferences about those who had bought nothing at all. He stated that there were still some who did not know that only three pounds of sugar per month was allowed for each member of a family in addition to which 25 pounds might be bought for preserving purposes and that for any additional purchases for preserving purposes a permit from the food administrator was necessary.

WATCH THE BABY

Through the Hot Summer Months!

Few babies can stand the hot, sweltering summer weather unless the right kind of food is chosen and especially see that it is fresh. If baby is not developing normally, we advise that you try a good standard brand of baby food. It's also good for children and grown-up people who find that heavy foods do not agree with their system this hot weather.

Let us provide you with any standard brand of Baby Foods, Nursery Needs, Bottles, Nipples and Baby Medicines. We carry in stock:

Mellon's Food, Horlick's Malted Milk, Nestle's Food, Eskey's Food, Robinson's Patent Barley, Squibbs Sugar of Milk.

APPROVAL GIVEN STOCK INCREASE OF BANK OF COMMERCE

Official approval of the increase of the capital stock of the National Bank of Commerce from \$100,000.00 to \$200,000.00 and the increase of its surplus from \$20,000.00 to \$40,000.00, has just been received by wire from Washington, the increase becoming effective today. With this increase the total resources of the National Bank of Commerce are now considerably over the \$1,000,000.00.

The officers of the bank are: J. J. Lory, chairman of the board; C. W. Reid, president; Fred C. Barron, active vice president; J. L. McMahon, vice president; Dr. L. F. Stripling, vice president; W. M. Grank, cashier.

In the distribution of the increased stock a number of new stockholders were taken into the organization, and at an early date the board of directors of the bank will be materially increased, the new members to be selected from the large list of new stockholders.

CANDIDATES ARE TO SPEAK HERE WEDNESDAY NIGHT

Candidates for county offices have arranged to speak at the court house here tomorrow night. The meeting will be called at 8:15 and all the claimants for county offices are expected to be present and outline their views.

The candidates spoke at Electra Tuesday night, at which time a large crowd was present.

I.O.O.F. ASSOCIATION TO MEET ON LAST SATURDAY OF MONTH

The Odd Fellow and Rebekah Association of Wichita county, will not meet as previously announced this Saturday night at Odd Fellows Hall, but on the last Saturday night of this month, which will be Saturday a week. This was an error on the part of the lodge reported.

It is the plans of the committee in charge that a most enjoyable time be had on this occasion, and a full attendance is expected not only of members and their families residing in this city, but throughout the county.

MEXICO TO DEPORT ARCHBISHOP OROZCO

By Associated Press.
EL PASO, TEX., July 17.—Archbishop Francisco Orozco Jimenez of Guadalupe, Mexico, has been ordered deported from Mexico and is expected to reach Laredo, Texas.

This information was received today by Father Garde of the Sacred Heart church. Archbishop Jimenez was arrested at Lajos, Jalisco, July 5. No reason is known for the deportation order.

W. O. W. TO INITIATE CANDIDATES TONIGHT

The W. O. W. are expecting to initiate candidates at their meeting tonight, and it is the desire of the officers of this lodge that a goodly number of their members be in attendance since matters have been just a little quiet of late, and it is greatly desired that the work be put on in its entirety, and that the candidates thereby be much more impressed.

Although conditions are hardly normal at this time, yet it is claimed for this lodge that it has withstood the ordeal, and has perhaps more members than at any time during its existence.

CONDUCT OF AMERICANS OF MORAL SIGNIFICANCE

By Associated Press.
LONDON, July 17.—Prominence is again given to the fighting of the Americans at Fossoy and Jaugonne on Monday by the newspapers of London. The Telegraph says:

"The feature of the battle upon which the eyes of all the world are fixed and those of the enemy with particular intensity is the conduct of the American troops. The magnificent counter attack in which the American army corps flung back the Germans upon the Marne after they had crossed was much more than an outstanding event of the first day's fighting. It was one of the historical incidents of the whole war in its moral significance."

Deaths Filed For Record:

SMELTZER FOUND NOT GUILTY ON DISLOYALTY CHARGE

John Smeltzer of Electra was declared not guilty of violation of the Texas Loyalty Act, as charged, in an indictment by the grand jury, by a jury in the 30th district court, which brought in its verdict this morning, after having the case under consideration over night. The argument was finished after five o'clock Tuesday.
