Let Us Be Your "Ice"

The business of this firm is not only to manufacture PURE ice but to distribute that pure ice among as many customers as possi-

We want to serve you. And we would like to begin tomorrow morning.

We want to be your "ice" man for a number of reasons. First and foremost because we sell ice that is PURE, and pure ice is the only sort of ice that you can use in safety.

Every block of our ice is free from white, misty places that betoken the presence of an unhygienic, unhealthy substance. Our ice is made from pure, distilled water.

It is made in a big, sanitary factory—a plant that is as spotless as your parlor. A plant that is equipped with the very best and most modern equipment known to ice manu-

We want to serve you for this reason: our ice is frozen hard and solid. It doesn't melt as quickly as ice that is frozen hurriedly in a half hearted manner. It is most economical

Start with us tomorrow. Our wagon passes your door every morning. Prompt, faithful service coupled with our PURE ice is the sort of "ice" man we are. The sort of-ice man we believe you will like. Let us serve
