PRUSSIAN GUARD FAILS TO DISLODGE AMERICAN TROOPS

(By Associated Press.)
WITH THE AMERICAN ARMY ON AISNE MARNE FRONT, July 30.—(1 p. m.)—Under a fire from the enemy scarcely less than that of yesterday the Americans on the front north of the Ourcq held on to their positions this forenoon and even advanced a little toward the road from Serigny to Serzy. Repeated efforts by the enemy to dislodge the Americans were futile. On the Americans' left the French are moving forward. To the right the lines are holding steadily. The guards that were brought in by the Germans to attack the Americans yesterday appeared today to have been withdrawn by the German command. The fighting is the heaviest the Americans have experienced. Their conduct is winning the praise of the French observers.

AMERICANS FIGHT ALONG WHOLE FRONT 24 HOURS WITHOUT CESSATION

BULLETIN.
(By Associated Press.)
LONDON, July 30.—American troops in the Soissons-Rheims sector have been fighting virtually without cessation along their whole line for the last 24 hours. The German defense had stiffened and the Americans had made very little fresh progress up to noon today, according to dispatches this afternoon. The same was true about all the Allied armies from Soissons to Rheims. The situation in the American sector, the latest advice indicate, is that the Germans have retained the town of Cierges but that the Americans are holding Serzy very determinedly and are inflicting very heavy losses on the enemy in his hastily organized counter attacks.

AUSTRIA READY TO AN HONORABLE PEACE SAYS PREMIER

By Associated Press.
AMSTERDAM, July 30.—"We are ready to conclude an honorable peace as soon as our opponents renounce their hostile plans aiming at our destruction or regression," said Baron von Hugel, Austrian premier, in presenting his cabinet to the upper house of the Austrian parliament, according to Vienna advices. "So long as our opponents take the standpoint of one-sided dictation," he continued, "there is nothing for us but to continue the war and carry it on so vigorously that it will be shortened."

TEXAN FORCED TO LAND BEHIND GERMAN LINE, ESCAPES

By Associated Press.
PARIS, July 30.—Rumors of the disappearance of Lieutenant William W. Ponder, an aviator, have proved groundless. Ponder was forced to land during a reconnaissance over the German lines because of engine trouble and for a time was unable to rejoin the French flying section to which he was attached temporarily. He turned up two days ago, however, none the worse for his experience.

BRITISH GOV'T. TO ASK CREDIT OF 700,000,000 LBS.

By Associated Press.
LONDON, July 30.—The largest appropriation demanded since the beginning of the war will be submitted to the House of Commons Thursday, says the Daily Telegraph. The vote of credit to be asked will be for 700,000,000 pounds. The previous highest was 650,000,000 pounds voted a year ago. The new appropriation is required to finance the war until the end of October.

NON-COMS TO WEAR CHEVRONS ON RIGHT ARM

By Associated Press.
PARIS, July 30.—American "non-coms" are no longer to wear their corporal and sergeant chevrons on both arms as heretofore, but will sport them on the right sleeve only. There is some discussion as to the precise reason for the new order, whether a saving of chevrons is intended, or whether it is to prevent the "non-coms" from being gradually covered with stripes altogether. Service stripes, such as are unfortunately apt to come, and kindred marks of honor will eventually leave little room for double chevrons.

INCREASE IN SUGAR PRICES INDICATED

By Associated Press.
NEW YORK, July 30.—An increase in the price of sugar is indicated in a statement issued here today by George M. Rolph, chairman of the international sugar committee, after a conference with representatives of the Cuban government. Sugar authorities of the Cuban and United States governments will meet in Washington next week to decide on the 1919 price.

GERMANY GOT NOTHING FOR VAST SUM FOR PROPAGANDA

By Associated Press.
NEW YORK, July 30.—That the German government spent \$30,000,000 for \$5,000,000 for propaganda in this country, "and got nothing for it," was a declaration by George Sylvester Viereck, alleged German publicist in testimony given at the inquiry into Teuton activities in the United States. Viereck, who as editor of the former "Fatherland," at one time conferred with German officials and propaganda representatives in this city before purchase of important newspapers in all large American cities, testified that American agents never learned that a string of influential newspapers had been bought with German money as could have arranged that American agents never had entered the war. He asserted that he had favored acquisition and conduct of a group of papers "along the lines of the German side of the war to American readers."

From federal officials it was learned today that the grant which will be paid within a day or two in its investigation of the alleged purchase of the Mail for Germany.

GERMANS DRIVE AMERICANS FROM CIERGES VILLAGE

ENEMY IS COUNTER ATTACKING OVER PRACTICALLY ENTIRE SOISSONS-RHEIMS FRONT.

NO CHANGE EXPECTED

Big Eastern Counties Fail to Give Heavy Though Plurities to Defeat Parrish.

By Associated Press.
LONDON, July 30.—The Germans have been counter attacking very heavily along virtually the entire battle front, according to news that reached London shortly after noon today. Their attack was an especially heavy one in the American sector and resulted in driving the Americans out of the village of Cierges, about 5 1/2 miles southeast of Fere-En-Tardenois. Another German thrust drove the Americans back from Beugneux, near Grand Rozoy, northwest of Fere-En-Tardenois. There has been heavy fighting near Buzancy, five miles south of Soissons, and also in Plesier, west about five miles further south. In this latter locality 45 prisoners were taken belonging to three divisions of the enemy now engaged in the Marne salient. There are 71 such divisions of which ten belong to the northern army of Crown Prince Rupprecht of Bavaria. The enemy's withdrawal is reported still orderly and military opinion in London discounts the possibility of any rounding up of Germans in the salient. Very heavy fighting has been in progress along the whole battle front from Ville-En-Tardenois to Buzancy, according to advices received up to noon today. The Germans are making very little progress for the Allies. Some advance has been effected by the Allies in the Ardre valley, along the eastern side of the front toward the village of Aubilly. A certain amount of ground likewise has been gained near the center in the neighborhood of Plesier. The main advance on the westerly side of the front seems to have been at Grand Rozoy, about five miles west of Plesier. The French here are progressing north on to the crest of the plateau between the Vesle and the Ourcq.

AMERICANS CROSS OURCQ CHEERING AS THEY WADED

WITH THE AMERICAN ARMY ON THE AISNE MARNE FRONT, July 30.—The crossing of the Ourcq was affected by the Americans on Sunday in brilliant style in the face of great difficulties. The Germans having destroyed the bridges and placed their guns in advantageous positions. The Franco-American forces had planned to cross the Ourcq before daybreak. The Germans resumed their heavy artillery held the slopes leading to the river under fire, which continued all night. The Americans steadily started to advance during the night but as often were held back by the fire of the enemy machine guns and heavy pieces. During the night the German man firing Captain Allen Huff worked his men up to the center of a field, the slopes of which led to the Ourcq. The Americans rushed up, only to be held up until daylight. Meanwhile German artillery had been ordered to shell the American positions. Choosing an opportune moment, Huff's men dashed to the river and waded across, cheering as they went. They immediately went after the machine guns on a hill on the north bank of the Ourcq and the Germans raised a white flag. The Americans rushed up, only to be opened upon again by the enemy machine guns as they approached. Then the Americans left loose with the full weight of their fire against the Germans who again raised the white flag.

AMERICANS REFUSE TO GIVE BEFORE GUARD

By Associated Press.
LONDON, July 30.—Describing the attack of the Fourth Guard division on the Americans who are organizing their line after their victory, Reuters correspondent with the American army telegraphing Monday, says the Americans were at a considerable disadvantage in numbers in this fighting. "There was no holding the crack," came down the hill," he continues. "The Americans had to give ground to weight of numbers and fought through the night through Serzy down to the Ourcq. They were very far from done with, however, and before the Germans realized it they had been pushed by step through Serzy down clear through the village. "That was the beginning of a desperate struggle which continued all day."

SPENCER WILL RUN IN SECOND PRIMARY

Judge Charles F. Spencer this morning issued the following statement: "There will, of course, be a runoff between Mr. Parrish and myself. I am deeply grateful to the loyal host of friends throughout the district. The principles for which I have fought are important. While I think I am in the lead still if I am not I am conscious of the fact that I have brought home to the people of this district the appalling condition of being poorer or later everything for which I have contended will be written in the law. "During the second campaign I shall ask the help of every man and woman on whose shoulders have so heavily fallen the burdens growing from this war. "I will have another statement later."

CZECHO-SLOVAKS CAPTURE BLACK SEA PORT

By Associated Press.
WASHINGTON, July 30.—Port by Czech-Slovak forces of several cities in the Caucasus and a Black Sea port where two Russian warships were seized and a steamer sunk, is reported in the Austrian semi-official newspaper Reichspost according to information received today by the Czech-Slovak national council here. There has been no confirmation from other neutral sources of the report received through the Czech-Slovak and German have broken relations. There is said to be much excitement against Germany in Constantinople and the British navy has been thrown back with losses. In their advance the Australians captured 143 prisoners and 36 machine guns. Where on the western front the situation is unchanged. (By Associated Press.)
The Germans have thrown nearly a million men into the gigantic battle between Soissons and Rheims and have been viciously counter attacking all around the circular line of this front.

Even this formidable force, however, appears to have made not more than a dent or two in the Allied front in its latest effort while at various points progress for the Allies is reported.

Unofficial advices state that there are 71 Teuton divisions engaged in this struggle. The strength of a German division is normally about 13,500 so that if all the units resisting the Allies north of the Marne have been kept up to standard, there are 958,500 men trying to hold the line until the situation is relieved. Of these divisions ten are drawn from Crown Prince Rupprecht's army in the north. The German crown prince had in the neighborhood of 500,000 men between Rheims and Chateau Thierry when the attack across the Marne began on July 15. The increase in the number of divisions engaged in the battle would appear to indicate that he had since that time drawn heavily on other army groups. It would also seem that this action on his part reflects the importance of this battle in the eyes of the German high command.

Through the German counter blow, the Americans were driven back from Cierges, southeast of Fere-En-Tardenois, while to the northwest of Beugneux, into which they had penetrated after passing through Grand Rozoy.

Buzancy on the west side of the Crise River, about five miles south of Soissons has also been the scene of heavy fighting and the battle appears to have been general along the line south of that point, notably in Plesier wood, near where the front turns abruptly to the east.

On the other end of the battle line reports credit the Allies with an advance at Aubilly, in the Ardre valley, west of Rheims. They have also forged ahead further down toward the bottom of the pocket at Villers-Agron-Aiguizy.

Allied troops maintain their present position against the German line in the Crise river valley, but the French and Americans have made some gains despite increased enemy resistance which may indicate the end of the retreat is near not only in the south but in the east and west. In fact everywhere except in the immediate environs of Soissons and Rheims the French, Americans and British are forcing the Germans to give ground, especially important has been the Allied progress on the banks of the Crise River.

Violent counter attacks with large forces and violent artillery and machine gun fire mark the German efforts to stop the oncoming Allies. But the enemy has been unable to halt the steady advance although holding it up temporarily at several points. The base of the pocket is almost straight except for a jacked salient south of Ville-En-Tardenois.

Flank is Giving Way.
Allied hammering on the flanks is beginning to tell. South of Soissons Scottish troops are pressing forward through Hagueny, in the east, there and the Ourcq French forces have gained appreciably and are now forcing their way on the slopes of Hills 205 and 210. The German line is being dominated the plan between Grand Rozoy and Esmes, the most important German base south of the Aisne. This German base lost 400 prisoners in this region.

On the east, southwest of Rheims the British and French have advanced further west of the Soissons-Rheims road. Around Rhigny and St. Euphrasie, where the German line had stood firm against repeated attacks in the past ten days, the Allies also have it up temporarily at several points.

No man ever had more loyal friends in any fight than have rallied to my assistance. "The result of the election is a tribute to the splendid work of my friends everywhere for their continued support and influence. "Begin the work now and fight until the end. "Sincerely and gratefully yours, "LUCIAN W. PARRISH."

SUGAR COATING BITTER PILL FOR GERMAN PEOPLE

By Associated Press. AMSTERDAM, July 29.—In what is considered in Allied circles here an attempt to sweeten the bitter pill of the German people, the Berlin government is circulating a pamphlet dealing with the "shortening of the German front" written by a former German general staff officer. According to a Berlin dispatch received here the officer says in part: "The only principle to be followed in all measures is to inflict the heaviest possible losses on the enemy and keep our own as low as possible. If this result is achieved we shall approach even nearer the final aim of our operation, favorable tactical results must be created. However, this is being attained by the present shortening of our front. It will cause our opponent to continue his attacks by the employment of fresh forces, because only thus can he extract success from the ground in this sector which he has occupied without fighting. If he did not do this he could be an admission of the failure of his strategy. We are in the center there in a much more favorable position and with strengthened troops, improved rear communications and shortened flanks, which make the enemy's flanking movement more difficult. Our opponent's attack again probably will be beaten off. The enemy's losses in frontal attacks will be heavier, while ours will remain nominal. It does not matter whether we carry on the struggle offensively or defensively or stand on this or that section. The shortening of the Marne front extends over such a narrow strip and the withdrawal relates to such a small part of it that it represents a purely tactical movement for the purpose of creating favorable fighting conditions. It has only local significance. The strategic position as a whole is not in the least affected. It has hitherto developed as the German command intended and is being developed further, also according to plan. Our command retains complete freedom of operations and by shortening its front it avoided allowing itself to be pinned down under locally unfavorable conditions, to any definite sector."

JEWISH WORKMEN CONCERNED OVER DISAPPEARANCE MEMBERS

STOCKHOLM, July 30.—A great sensation has been caused among the Jewish workmen in Warsaw by the sudden disappearance of 19 members of the executive committee of the Jewish trades union, according to Jewish newspapers of Warsaw, says the Jewish press bureau here. The men had been working with the Zionist and socialist organizations. Their disappearance, it is added, is apparently due to the mysterious arrests connected with the persecution of Jews now going on throughout Poland, Germany and Austria.

CONFLICT IMPENDS BETWEEN ENTENTE FINNS AND GERMANS

By Associated Press. WASHINGTON, July 30.—A conflict between Entente forces in the Murmansk region and combined Finnish and German troops is imminent near Enaresjoen, according to passengers on the first steamer to arrive at Hardee, Norway, from Archangel since the autumn of 1917, says a Christiania dispatch to the Daily Express. The Germans are reported to be moving toward Petchenga on the coast from Enaresjoen and are using a road made some years ago by the Russo-Finnish governments. It is believed the Entente forces are constructing a road from Petchenga to Salijarevi to meet the foe half way. Fresh home made candy at Shield's Candy Kitchen, 902 Indiana. 65-3c

Swift & Company U.S.A. Profits and Prices Profits may be considered from two angles: 1st—Their effect on prices; 2nd—As a return to investors. When profits are small as compared with sales, they have little effect on prices. Swift & Company's profits are only a fraction of a cent per pound on all products sold, and if eliminated entirely would have practically no effect on prices. Swift & Company paid 10 per cent dividends to over 20,000 stockholders out of its 1917 profits. It also had to build extensions and improvements out of profits; to finance large stocks of goods made necessary by unprecedented requirements of the United States and Allied Governments; and to provide protection against the day of declining markets. Is it fair to call this profiteering? Swift & Company, U. S. A.

STRONG LESSON IN "HIS ROBE OF HONOR"

A less dignified but equally appropriate name for Paralta photoplay, "His Robe of Honor," featured at the Majestic today, would be "The Clean Up."

At the opening of "His Robe of Honor," Julian Randolph, a shyster lawyer, whose specialty is burning phony jurors, is offered a judgeship if he clears the brother of a prominent politician of a murder charge.

NOTABLE IBSEN DRAMA AT EMPRESS

For more than thirty years, the play of Henrik Ibsen has held a dignified place on the stage in this country and abroad. One of the more notable of these dramatic creations of this Norwegian master dramatist was "A Doll's House," which was produced in London in 1889, and which served later in this country as the starting vehicle of the leading exponents of the Ibsen school of dramatic acting and thought.

This is a realistic story of a doll wife who, having no idea of her own, commits a forgery to save her husband's life, and who falls into the toils of an unscrupulous money-lender. When her husband learns of her folly he abandons her, thereby shattering the dreams she had entertained—that in the event of exposure he would gallantly absolve her from, and assume all blame himself.

WESTERN DRAMA AT THE GEM TODAY

Sweeping his hat low to the ground, General Madones, head of a gang of bandits that invaded the New Mexican border and kidnaped Miss Ruth Warner, daughter of Joe Warner, of the Cross J. To the Voters of Wichita County

Words are not adequate to express the deep appreciation that I feel for my friends who so loyally supported me during the campaign. This appreciation is all the more comforting for the reason that for 27 years I have lived among this people who have had opportunity to know my daily work and who with that knowledge attested their confidence by the large vote that I received on election day in the face of the fact that my two opponents were reputable gentlemen.

ICE COMPANIES ARE NOTIFIED TO GIVE FULL WEIGHT

Complaints received from a number of housewives of this city on short weights alleged to have been received in ice, purchased from the delivery wagons of local ice companies, has led the county attorney's office to announce that the ice companies will be notified that they must give the exact weight for which charge is made or they will be prosecuted under the state law governing weights and measures.

Complaints of short weight have been coming in to the city police, the food administrator, the food inspection department and practically every other city department, and the Chamber of Commerce in addition. The matter is one which must be dealt with by the county attorney's office, if it is to be given the full force of the law.

NEW SEAFOODS MARKETS BEING DEVELOPED

WASHINGTON, July 30.—New markets for seafood are being developed by the Bureau of Fisheries of the Department of Commerce, as a means of increasing the supply of fish for human consumption. Whales from the Pacific coast—20,000 pounds of it—recently has been put on the Boston market. The shipment was disposed of in ten days at a retail price of 15 cents a pound and was received with such satisfaction by householders as to like to live both in the city and in the country. Efforts are being made to assure a regular supply. Some of the meat was sold as far north as Portland, Me.

SWIMMING POOL AT GOLF GROUNDS NOW IN SERVICE

The big concrete swimming pool on the golf grounds is now in use, although not yet entirely complete, and has proven one of the most delightful resorts of its kind around Wichita Falls. Work on the club house is progressing rapidly, the showers and dressing rooms having already been completed. The addition of a number of conveniences and the completion of a surrounding wall, together with the advantages of the club house will add much to the attractiveness of the resort.

MAJOR E. W. NAPIER TAKES FIRST RIDE IN AN AIRPLANE

After his first ride in an airplane, taken this morning with Lieutenant Gallagher, an instructor at Call Field, Major E. W. Napier is much delighted with flying, but has decided that for himself he will stick for the present at any rate, to the cavalry. Major Napier went up with the flying officer at seven o'clock this morning and remained up for forty-five minutes. He found flying a delightful sensation but said that when the lieutenant asked him if he didn't want to take the stick for a while he quickly assured him that he thought he was doing beautifully and to keep the stick himself.

Lieutenant Gallagher attempted no stunts with his cavalry officer passenger, with the exception of a "the figure eight," consequently Major Napier came down exactly as he went up. The things that impressed him most, he said, were that there were a lot of dirty back yards in Wichita Falls, and that Lake Wichita looked more insignificant from above than it did on the ground.

RUPTURE BETWEEN TURKS AND HUNS NOT SURPRISING

TURKEYS DISSATISFACTION WITH GERMANY LONG BEEN KNOWN AT WASHINGTON.

ANTI GERMAN ELEMENT

Germany Has Been Promising Assistance And Her Pledges Have Not Been Fulfilled.

WASHINGTON, July 30.—No official advice regarding the reported break in relations between Turkey and Germany has reached Washington, but the government would not be surprised if Turkey has been driven to an open rupture with Germany as a result of the treatment of the Germans. It has been known for some months that a deep and growing feeling of dissatisfaction has existed in Turkey over the treatment of the Germans. Reports that a Turkish mission recently had been trying in Switzerland to cultivate friendship with some of the Allied governments have been received here. It would be natural, officials said, for the Turkish government to endeavor to find some new friends among the powers before breaking with its old associates. When the present rupture came to the attention of the United States, some very strong anti-German feeling was expressed. It has been a question whether these men were in strong enough position openly to defy the Teutonic powers. Many Turkish officials long have resented the domination of the Germans and have blamed them for the lack of food and other supplies in Turkey, as well as the revolutionary situation in the country. The German promised assistance to the Turks in the Palestine and Mesopotamia campaigns where the British have been consistently defeating the Turks, has never been fulfilled. Strained relations between Turkey and Bulgaria, which recently resulted in armed conflict, according to reports have caused strong anti-German feeling in both countries. Both Turks and Bulgarians feel they did not receive fair treatment in territory when the peace with Romania was signed. Both countries are said to realize that they are being impoverished by the Germans in the effort to provide food for the Teutonic soldiers and civil population.

He served during the Civil War as colonel of the 13th Confederate cavalry. He was 76 years old. His widow and a grandchild, both of whom are in Denver, survive.

COLONEL WILLIAM E. HUGHES DIES AT HOME IN DENVER

AMSTERDAM, July 30.—A resolution demanding that the French government revise its war aims, denounce imperialism, tender its arms and set forth clearly its peace terms on a basis defined by President Wilson, has been adopted by the French socialist party. It was proposed by Jean Longuet, socialist member of the chamber of deputies.

AUSTRALIAN TROOPS ENTER GERMAN TRENCHES

DIRECTORS OF THE CHAMBER OF COMMERCE GRANT SECRETARY LEAVE OF ABSENCE.

DIRECTORS' MEETING

Advertisement Oil Developments, Low Grade Cotton and Other Matters Discussed.

B. F. Johnson, secretary of the Chamber of Commerce, was this morning given a two month's leave of absence by the directors of the organization to assist in a campaign in the New England States for the annual war budget of the War Camp Community Service of the army and navy department.

This morning's session of the board of directors was one of exceptional interest. Much enthusiasm was expressed over the extension of the Burkhardt oil pool in the Fowler well, which was reported to be good for at least 5,000 barrels.

Low Grade Cotton.

With R. O. Harvey as chairman, a committee composed of Messrs. Kell, Curlee and Cokerell, the latter the manager of the Wichita Cotton Oil Company, was appointed to take whatever steps were necessary to obtain a change in the government ruling which forbids the use of any low grade cotton in any articles manufactured by the government or for government use.

Appropriation for Guard.

There were several other matters brought up on which no definite action was taken.

Market Report

Grain Market

By Associated Press. CHICAGO, July 30.—Corn developed weakness today, influenced by better weather and by reports that relations between Turkey and Germany had been severed. Opening prices, which ranged from 1/4 to 1/2 cent lower with August 1.22 and September 1.23, were followed by a further setback and then by a moderate reaction.

Strength of the hog market rallied provisions. Later dealings showed firmness, due in part to better cash demand and liberal shipments.

NEW ORLEANS, July 30.—After a decline of two points on December on the opening call today the cotton market rose strongly on short covering which will insure the shipment of about 100,000 bales to the United Kingdom during August.

LIVERPOOL Cotton. LIVERPOOL, July 30.—Cotton spot quiet, prices easy. Good middling 20.85; middling 20.20; low middling 19.65; good ordinary 18.85; ordinary 18.15. Sales 1,000, including 800 Americans. Receipts 2,000 American.

RAIN FALLS IN PANHANDLE THIS MORNING

Wichita Falls got a sandstorm this afternoon as its share of a rain that was reported in the northwest part of the state. The rainfall was reported heavy from Amarillo to Childress. From Childress to Chillicothe a light rain was reported, while the same report received about one o'clock carried the news that a high sandstorm was headed this way. This report was later found to be entirely correct, the sandstorm hitting only a little while after the report was received.
