AMERICAN TROOPS HOLDING THE OUTSKIRTS OF FISMES

NEW DRAFT MEASURE PLACES MINIMUM 18 AND MAXIMUM AT 45

By Associated Press.
WASHINGTON, Aug. 3.—Draft agents today, Secretary Baker said, are recommending to congress the bill embodying the war department's new man power program which will be introduced in both houses of congress Monday and expedited by committees with a view to prompt consideration when regular sessions of the Senate and House are resumed late this month.

In recommending this extension of the age limits, Mr. Baker continued, the department had it in mind simply to get for the army the number of men which it believed necessary to defeat Germany. The secretary was not prepared to say how many that would be nor to give any estimate as to the proportion of males between the ages of 18 and 45, inclusive, which would be found eligible. In making up the list and classes, the same rules would be followed as had governed in the first draft, with the same exceptions from the first call of married men with dependents and those engaged in essential industries. Mr. Baker gave it as his opinion that so far about 1,600,000 had been drafted out of class one from the existing list.

RECAPTURE GROUND HELD BY GERMANS

By Associated Press.
LONDON, Aug. 3.—The British in the Albert sector have recaptured most of the ground previously held by the Germans west of the Aisne, according to Field Marshal Haig's report from British headquarters to-night. Numerous German attacks have been repulsed.

The statement says:

"The progress made by our patrols in the Albert sector has been continued and the greater part of the ground previously held by the enemy west of the Aisne river now is in our possession. Our troops followed closely upon the enemy in his withdrawal, and positions which had previously been observed, and a number of his dead have been found in his abandoned trenches.

"Early this morning strong hostile raiding parties, after an artillery and trench mortar bombardment, attacked our line southeast of Hebuterne, where they were completely repulsed. Another hostile raiding party was dispersed by machine gun fire this morning east of Robecq.

"The hostile artillery has shown increased activity in the Gemmel sector."

ATTRIBUTE SUCCESS TO VON BOEHM'S VICTORY

By Associated Press.
BERLIN, Aug. 3.—The success of the retrograde movements carried out Friday by the German troops on the Aisne-Marne front are attributed by the German war office to the victory of general Von Boehm's August 1 Allied infantry and cavalry are following the retreating Germans "hesitatingly and cautiously" the statement adds.

The text of the statement reads:

"Southwest of the Ypres we beat off a strong partial attack yesterday morning.

"The great successes of the army of General Von Boehm in the battle August 1, contributed to the complete success of the movements carried out yesterday.

"The enemy's artillery fire was directed on our old fighting positions till early morning, and at isolated points even up to 11 in the morning. Our cavalry detachments only followed hesitatingly and cautiously our forward troops, who were slowly withdrawing.

"We inflicted considerable losses on the enemy in minor engagements.

"In Champagne we captured about 100 prisoners in successful combats northwest of Soulain."

HOLD OUTSKIRTS OF GREAT GERMAN BASE

By Associated Press.
PARIS, Aug. 3.—American troops held the outskirts of Fismes, the great German base in the center of the Aisne-Marne salient, according to the war office announcement tonight.

The Allies continued their successful advance today along a front of about thirty miles, toward the Vesle. They have approached the southern banks of the Aisne and Vesle, the line extending from Soissons to Fismes.

French cavalry patrols now are operating along the railroad between Soissons and Rheims.

The text of the statement reads:

"During the course of the day our troops, driving back the enemy rear guards, continued their victorious march on a front of about fifty kilometers in the direction of the Vesle River.

"On our left our line extends along the southern bank of the Aisne and the Vesle, from Soissons as far as Fismes, the outskirts of which the Americans hold.

"East of Fismes we have reached a general line north of Courville, Brancourt, Courcelles and Champigny.

"Our cavalry patrols are operating along the railroad between Soissons and Rheims.

"Our progress at certain points since yesterday exceeds ten kilometers. More than fifty villages have been delivered on this day alone."

EXPLANATION MADE OF ATTITUDE OF JAPAN

By Associated Press.
LONDON, Aug. 3.—The official Gazette in Tokyo last evening published a declaration announcing the impending dispatch of troops to Vladivostok, according to a cablegram received here today.

The declaration follows:

"The Japanese government, actuated by sentiments of sincere friendship toward the Russian people, have always entertained much sanguine hope of speedy re-establishment of order in Russia, and of the healthy, unhampered development of her national life.

"Abundant proof, however, now is afforded that the central European empires, taking advantage of the deplorable and chaotic condition in which Russia has momentarily been placed, are consolidating their hold on that country and are steadily extending their activities to Russia's eastern possessions. They have persistently interfered with the passage of Czechoslovak troops through Siberia. In the forces now opposing these valiant troops, German and Austria-Hungarian prisoners are freely enlisted, and they practically assume a position of command.

"The Czechoslovak troops, aspiring to secure a free and independent existence for their race, and loyally espousing the common cause of the Allies, justly command every sympathy and consideration from the cobelligerents to whom their destiny is a matter of deep and abiding concern.

"In the presence of the danger to which the Czechoslovak troops actually are exposed in Siberia at the hands of the Germans and Austrians, the Allies have naturally felt themselves unable to view with indifference the untoward course of events, and a certain number of their troops already have been ordered to proceed to Vladivostok.

"The government of the United States, equally sensible of the gravity of the situation, recently approached the Japanese government with proposals for the early dispatch of troops to relieve the pressure weighing upon the Czechoslovak forces. The Japanese government, being anxious to fall in with the desire of the American government, has decided to proceed at once to make disposition of suitable forces for the proposed mission, and a certain number of these troops will be sent forthwith to Vladivostok.

"In adopting this course, the Japanese government remains constant

Revolution Against Bolsheviki and In Favor of the Allies

By Associated Press.
KANDALASKA, RUSSIAN LAPLAND, Aug. 3.—A revolution against the bolsheviki and in favor of the Allies has occurred at Archangel. The soviet troops have fled from the city. After the revolution had been brought about, an Allied detachment was landed at Archangel, occupying the railway station and the telegraph office with insignificant resistance. Apparently there were no losses to the Allied forces in their movement.

INDICATIONS OF MILK SHORTAGE DURING WINTER

SOME DAIRYMEN SELLING OFF HERDS ACCOUNT PRICE OF FEEDS.

DROUGHT ADDS TO BURDEN

Some of Problems Are Referred to by Mrs. T. B. Smock in Her Monthly Report.

Something of the problems which dairy owners have to cope with as a result of the long continued drought are enumerated by Mrs. T. B. Smock, the food and dairy inspector...

"All the dairies, both retail and wholesale milk producers were scored the scores running from 44 to 85. Those scoring low have done so because they do not yet realize the importance of observing the few essentials to the production of pure milk, such as the use of a clean strainer, sterilization of all utensils, milk cooled immediately after milking to 50 degrees and delivered at temperature of 50 degrees, the use of a clean strainer cloth, and T. B. tested herd."

"One or two milk men leave the milk in the barn during the period of milking which is from one to three hours, leaving the strainer uncovered and exposed to flies and dust so that much unnecessary filth is washed into the milk as each bucketful of milk is poured into the can. A few dairymen are not yet cooling the milk before bottling it—one of the most important essentials in keeping down the growth of bacteria and keeping the milk sweet. Very few are properly sterilizing bottles and other utensils as washing and rinsing is not sterilization."

"Some of the dairymen are now washing and drying udders before milking and are convinced that less sediment goes into the milk and that it makes milking easier, therefore they would not do otherwise now. A few have refused to wash udders—reason not given—but the conclusion can be easily drawn. Straining the milk does not take out all of the dirt, some of it goes into solution. A glimpse of the bath water after the udders have been washed would convince any one of the necessity of this method, and the impossibility of drinking it even though it had been strained."

"Ask your dairymen if he is doing these important things that have been named or telephone this department for scores and information."

"Five hundred and twenty-seven cows have been tested to date, with seven tubercular cows found and removed. The price of milk in Wichita Falls is not high. Milk is one of the cheapest of foods at present, even at 15 and 20 cents a quart. The Department of Agriculture has prepared a table that shows that milk at 15 cents a quart is as cheap as eggs would be at 19.8 cents a dozen and sirloin steak at 21.3 cents a pound. Eggs and sirloin are both much higher than these prices, and rise continually, while milk is but little increased in price. Milk is both an energy and protein giving food and as such is valuable. We could not do without our dairies, but it seems as if we will soon be forced to do without them, for many of the dairies are finding it a hard problem to continue in business."

The Power of Thought The basic principal of all education should be "the power of thought" and should result in training the young mind to think accurately and quickly. Our aim is not "how easy" but "how vital." We teach the child to think, to concentrate, to use his own God-given power—not to smother him with elaborate examples and illustrations that are not assimilated, but are forgotten as soon as heard. The ability to plan and do can only be attained by actual personal labor. Systematic study becomes second nature when once the student is aroused to the rightful use of his own mental powers. Concentration, right thinking, quick action, these are the things every child should be taught first, last and all the time. The School For Your Child. The Body Depends on the Brain For Health Health as well as its opposite, dis-ease, is a force contained within the body itself. The nerves controlling its functions will keep perfect balance if not interfered with. The presence of this force has been recognized and reckoned with by most authorities since the earliest dawn of the healing art. The science of Chiropractic is based fundamentally on the principle that natural action of every organ, tissue and part of the body results from a normal quantity of energy from the brain dispatched to every part through the nerves that reach and supply them. Chiropractic Removes the Cause of Disease There are 31 pairs of nerves leading from the spine to the different organs. Ninety-five per cent of the diseases are caused primarily by a pinched condition of a nerve as it leaves the spine, and this condition results in a deadened or dis-eased condition of the organ. In other words, an insufficient supply of life force is supplied to the organ, without which the organ can not be healthy. Chiropractic is the science of adjusting the spine and thereby removing the cause of the trouble. It is really a simple adjustment, made with the hands, and without the use of instrument or medicine. It is painless, yet its results are so marvelous as to be almost unbelievable unless one has experienced its triumph. Ninety-five Per Cent of Diseases Can Be Aided by Chiropractic Many people wonder how various diseases will respond to treatment of the spine. Nevertheless most diseases of the stomach, kidneys, lungs, throat, liver and other organs respond readily to spinal adjustments, and no case, no matter of how long standing but what can be benefitted by having the spine properly aligned. The very large increase in the demand for Chiropractic adjustments has made necessary the service of an additional Chiropractor, and to supply this demand Dr. C. W. Harper, of El Campo, Texas, has become associated with us. Dr. Harper is a graduate of medicine and a licensed practicing physician with a number of years experience. Later he took up Chiropractic, since which time he has been giving Chiropractic adjustments exclusively. His services will be of much value in diagnosis and examination, and will be free to all who desire such examination. The wonderful results obtained by Chiropractic justifies us in the determination to continue the practice of this science exclusively. If you are suffering in any form from any physical ailment we invite you to come to us for examination and to try out for yourself the aid that Chiropractic can give. F. A. BLACK, Chiropractor G. W. "With such objectives in view, the government of the United States is now co-operating with the governments of France and Great Britain in the neighborhood of Murmansk and Archangel. The United States and Japan are the only powers which are just now in a position to act in Siberia with sufficient forces to accept such moderate objectives as those which have been outlined. The government of the United States is proposing to the government of Japan that the object of the two governments is to send a force of a few thousand men to Vladivostok and the coast of the occupation of Vladivostok and in safeguarding so far as it may, the country to the west of the western moving Czecho-Slovaks and the Japanese government has consented.

No interference contemplated.

In taking this action the government of the United States wishes to announce to the people of Russia in the most public and solemn manner that it contemplates no interference with the political sovereignty of Russia, no intervention in her internal affairs, not even in the local affairs of the limited areas which her military force may be obliged to occupy, and no impairment of her territorial integrity either now or hereafter; but that what we are about to do has as its single and only object the rendering of such aid as shall be acceptable to the Russian people themselves in their endeavors to regain control of their affairs, their own territory and their own destiny. The Japanese government, it is understood, will issue a similar assurance.

These plans and purposes of the government of the United States have been communicated to the governments of Great Britain, France and Italy, and those governments have advised the United States that they assent to them in principle. No conclusion that the government of the United States has arrived at in this important matter is intended, however, as an effort to restrict the actions or interfere with the independent judgment of the governments with which we are now associated, in the war.

To Help Siberia.

It is also the hope and purpose of the government of the United States to take advantage of the earliest opportunity to send to Serbia a commission of merchants, agricultural experts, labor advisers, Red Cross representatives, and agents of the Young Men's Christian Association accustomed to organizing the best methods of spreading useful information and rendering educational help of a most kind, in order in some systematic way to relieve the immediate economic necessities of the people there in every way for which an opportunity may open. The execution of this plan will follow and will not be permitted to embarrass the military assistance rendered to the Czecho-Slovaks.

It is the hope and expectation of the government of the United States that the governments with which it is associated will, wherever necessary, or possible, lend their active aid in the execution of these military and economic plans."

EXPLANATION MADE OF ATTITUDE OF JAPAN

By Associated Press.
LONDON, Aug. 3.—The official Gazette in Tokyo last evening published a declaration announcing the impending dispatch of troops to Vladivostok, according to cablegram received here today.

The declaration follows:
 "The Japanese government, actuated by sentiments of sincere friendship toward the Russian people, have always entertained much sanguine hope of speedy re-establishment of order in Russia, and of the healthy, untrammelled development of her national life.

"Abundant proof, however, now is afforded that the central European empires, taking advantage of the defenseless and chaotic condition in which Russia has momentarily been placed, are consolidating their hold on that country and are steadily extending their activities to Russia's eastern possessions. They have persistently interfered with the passage of Czecho-Slovak troops through Siberia. In the forces now opposing these valiant troops, German and Austria-Hungarian prisoners are freely enlisted, and they practically assume a position of command.

"The Czecho-Slovak troops, aspiring to secure a free and independent existence for their race, and loyally espousing the common cause of the Allies, justly command every sympathy and consideration from the cobelligerents to whom their destiny is a matter of deep and abiding concern.

"In the presence of the danger to which the Czecho-Slovak troops actually are exposed in Siberia at the hands of the Germans and Austria-Hungarians, the Allies have naturally felt themselves unable to view with indifference the untoward course of events, and a certain number of their troops already have been ordered to proceed to Vladivostok.

"The government of the United States, equally sensible of the gravity of the situation, recently approached the Japanese government with proposals for the early dispatch of troops to relieve the pressure weighing upon the Czecho-Slovak forces. The Japanese government, being anxious to fall in with the desire of the American government, has decided to proceed at once to make disposition of suitable forces for the proposed mission, and a certain number of these troops will be sent forthwith to Vladivostok.

"In adopting this course, the Japanese government remains constant

BRITISH VESSEL SUNK BY U-BOAT OFF MAINE COAST

By Associated Press.

WASHINGTON, Aug. 3.—Viscount Ishii, the Japanese ambassador, had half an hour's conference with Acting Secretary Polk today at the state department at which it was assumed that the acceptance by Japan of the American proposal for joint action between Japan, the British powers and the United States in Siberia was discussed.

CHARGE OFFICERS WESTERN UNION WITH COERCION

By Associated Press.

DENVER, COLO., Aug. 3.—C. H. Finley and Bristol Myers, local officials of the Western Union Telegraph Company, are at liberty under \$500 bond each here pending their appearance at the fall term of the state district court to answer a charge of violation of the anti-coercion act. In the complaint filed Wednesday by William Morrissey, deputy state labor commissioner, it is charged that the telegraph company officials violated the state law by discharging F. A. Holson, an operator for joining the Commercial Telegraphers' Union of America.

New York Company Must Pay \$10,000 For Holding Sugar

By Associated Press.

WASHINGTON, Aug. 3.—The Greeley Square Hotel Company of New York, operating the McAlpin and Claridge Hotels here, and two others, has been fined \$10,000 by the food administration for holding sugar in excess of requirements. The money will be divided between the Red Cross and the Y. M. C. A. and the concern's confectionery business will be closed down for three months.

Urgent Call For Thousand Nurses To Enroll Weekly

By Associated Press.

WASHINGTON, Aug. 3.—An urgent call to the American Red Cross to enroll 1,900 nurses a week for the next two months for immediate duty with the army nurse corps, was issued today by Surgeon General Gorgas. With the American armies overseas entering more and more in the fighting, the surgeon general said, the need for additional nurses becomes imperative.

ATHLETIC MEET AT GREAT LAKES STATION

By Associated Press.

CHICAGO, Aug. 3.—The 1918 National A. A. U. outdoor track and field meet, originally awarded to the Meadow Brook club of Philadelphia, will be staged at the Great Lakes naval training station on September 20, 21 and 22, it was announced tonight.

With most of the national champions in the service of the nation, efforts will be made to obtain enough for them for the period of the games.

Revolution Against Bolsheviki and In Favor of the Allies

By Associated Press.

KANDALASKA, RUSSIAN LAPLAND, Aug. 3.—A revolution against the bolsheviki and in favor of the Allies has occurred at Archangel. The soviet troops have fled from the city.

After the revolution had been brought about, an Allied detachment was landed at Archangel, occupying the railway station and the telegraph office with insignificant resistance. Apparently there were no losses to the Allied forces in their movement.

CREW OF SUBMARINE SETS FIRE TO VESSEL

By Associated Press.

WASHINGTON, Aug. 3.—After removing a quantity of provisions from a lumber laden schooner near the Maine coast yesterday morning, the crew of a German submarine set fire to the vessel, the navy department was informed today by the commandant of the first naval district. The name of the schooner was not given.

DRIVEN INTO THEIR DORY AND THE VESSEL ROBBED AND BURNED

By Associated Press.

EASTPORT, ME., Aug. 3.—The crew of nine men from a lumber laden four masted schooner were landed at Grand Manan, N. B., today. The men reported that their vessel was sunk by a submarine last night while between Briar Island and Grand Manan. Grand Manan Island is eight miles east of the eastern extremity of Maine and Briar Island, N. S., is 25 miles southeast of Grand Manan, on the eastern side of the Bay of Fundy.

The vessel sunk was the British schooner Dornfontein.

A little cloud of smoke rising today from the burning hulk of the British schooner Dornfontein, seven miles south of Grand Manan Island, at the entrance to the bay of Fundy, marked the scene of the most recent German submarine attack on the Atlantic coast.

The schooner, lumber laden from St. John, N. B., for a port south, was overtaken just before noon yesterday by a German submarine, her crew

THESE MEN BELIEVE.

The night brings out the stars. Adversity reveals the man. The time of trouble tests the inward life. Now men are asking themselves, "What do I believe?" Facing the final issue of life all foolishness falls to the ground like an outward garment, and man must stand alone. General Pershing, the commander-in-chief of the A. E. F. wrote this message to be printed on the first page of the Bible put out by The New York Bible Society especially for our soldiers "over there": "Aroused against a nation waging war in violation of all Christian principles, our people are fighting in the cause of liberty. Hardship will be your lot, but trust in God will give you comfort. Temptation will befall you, but the teaching of our Savior will give you strength. Let your valor as a soldier and your conduct as a man be an inspiration to your comrades, and an honor to your country." These words remind us of words memorable in history from Lincoln and Garibaldi. "Principles," "our people," "liberty" and "our country," belong to Lincoln and Washington. "Hardship will be your lot" and "God will give you comfort" belong almost word for word to Garibaldi.

A minister of the gospel in active service "over there" asked General Pershing for a message. "May we not tell our people that America that the moral and religious situation here is eminently high and very satisfactory." The General made answer, "Yes, and you may say, furthermore, that it is going to be kept up at that." In keeping with this declaration is General Pershing's famous general order, "No mixed dancing" for the men under his command in France. Some here at home would prefer themselves truer citizens and prouder Americans if they were to consider themselves under honor to obey this "general order" to the glory of our God and our Country.

During the dark days of the last successful German push when things were going hard with our British Allies, on the Lord's Day of that bitter fighting a famous Scotch Chaplain was conducting the services at General Headquarters. At the close Field Marshal Haig came to the preacher and said, after thanking him for the inspiration of the worship, "We must be pure and humble for this is God's war, not ours, so only can we win."

When Dr. MacFarland, general secretary of the Federal Council of the Churches of Christ in America gave to Marshall Joffre, the greetings sent by this council, the sturdy old fighter said, "I warmly welcome messages from the Christian people of America, because the unity of our two nations must be the unity of MORAL and SPIRITUAL ideas, not only economic and commercial ideas."

Truly the eyes of the world are upon us here at home. The only honorable thing we can do is to go forward and for that we must believe. Killed in action, you yonder ahead of him, in a pocket of his tunic, a colonel gave to all of us a prayer that tells of the coming triumph of the right, "Father of all, Helper of the Free, we pray with anxious hearts for all who fight on sea and land and in the air to guard our homes and liberty. Make clear the vision of our leaders and their counsels wise. Into Thy care our ships and seamen we commend; guard them from chance—own mines and all the dangers of the war at sea; and as of old give them the victory."

To men on watch give vigilance, to those below calm sleep. Make strong our soldier's hearts and brace their nerves against the bursting shrapnel and the unseen fire that lays the next man low. In pity blind them from the sight of fallen comrades left upon the field. Let not our soldiers ever doubt that they shall overcome the forces of that king who seeks to wide through slaying to a throne.

THOUGHT FOR THE WEEK.

"A good name is rather to be chosen than great riches."

Be you in the off game or any other "game" (this proverb holds good.

HYMN FOR THE WEEK.

Who firmly kept the faith; To freedom and to conscience true, In danger and in death; Great names had they; but greater souls, True heroes of the age, Who, like a rock in stormy seas, Defied opposing rage.

For all they suffered, little cared Those earnest men and wise; Their zeal for Christ, their love of truth, Made them the shame despise; Nor should their deeds be e'er forgot, For noble men were they Who struggled hard for sacred rights, And bravely won the day.

As faithful as our fathers were May we their children be; And in our hearts their spirit live That gained our liberty, God help us all to aid and dare Whatever can be done, Till for the good old cause of truth The victory shall be won. —Henry Mayo Gumm, 1817-86

How well do these noble words fit our day amid the carnage of the World's greatest war. Just as our forefathers were tested and tried by the fires of the American Revolution and the War of the States, so we, their children, are going through the fiery furnace of the war of the nations to prove our fitness for the rights of Democracy. Willing or unwilling, it is predestined by an All-Wise Providence, that we morals for progress in perfection must pay the price of suffering. The Good Book tells us that "the author of our salvation was made perfect through suffering," that, "whom the Lord loveth He chasteneth, and scourgeth every son whom He receiveth," and, "if we are without chastisement, wherewith none should be partakers, then are yet bastards, and not sons." May we then endure patiently, work willingly, and smile the while!

OUR TABLOID SERMON

REV. PERCY G. CROSS

"A FULL MAN."

Text, Acts 11:24. "For he was a good man and full of the Holy Spirit and of faith." The proper study for mankind is man. To watch a man among his fellows, cheering and helping, increases one's faith in his kind. A man with a strong hand and a glad hand, backed by a warm heart and a clear head is a man's man. To be a full man, friend of the friendless, helper of the helpless, and brother to the brotherless is to be a Christian among sinners. Such a man was Barnabas. From his big heart streamed the strength of sympathy. When folks were under a doubt cloud he shot it with the beam of his I-believe-in-you. Watch this man in action. He was full of the Holy Spirit. The words tell us he was full of the Holy Spirit. Here gleam forth divine relationships. Well may we look for divine fruits. No life—no fruit. What spirit fills you? The fruit tells. Deeds and words in the kitchen and bedroom, in the upper stories as well as the lower stories of work, worship and pleasure display the spirit that fills you. You may say, "I don't believe in your Bible." So? Well, do you believe in the fruit of the Bible—that counts? The fruit can be summed up in such words as "love, joy, peace, long suffering, watch that you believe in the fruit of the Bible—self-control," and watch the last two words in your life. Where does this find you?

Barnabas was a full man. What kind of a man are you? Some spirit fills you sure. Alas, that so many men are empty men, part full men. With your lips you say, "Aw, I don't believe in your old Book." Your life louder than your lips had already given out this news. Barnabas was full of faith. He believed in God and he believed in man. Infidelity stands a scant chance with such a man. Get this: the more you believe in God—the more your life will believe in man. And the less you believe in God, the less will you believe in man. Infidelity believes in two directions too. Belief in God and belief in man makes us. Lack of belief breaks us. For your best success some one must believe in you. You must believe in yourself and the other fellow too. No man can be a good citizen of this United States and not believe. His life will give the lie to his lips.

For he was a good man. That is the right adjective. A full man must be a good man. A good man must be a full man. They belong together. Try this: He was a bad man; a mean man; a hard man; a sensual

and shut the gate of mercy on mankind.

"O, God of love and pity, have compassion on the wounded; make bearable their pain, or send unconsciousness. To surgeons and doctors give strength that knows no failing and skill that suffers not from desperate haste. To tired men give time to rest.

"Pity the poor victims of service who suffer for man's wrong. For us at home, let not that open shame be ours, that we forget to ease the sufferings of the near and dear brave men in the fighting line. O Thou who makest human hearts the channel of Thy answers to our prayers, let loose a flood of sympathy" and help for children and their mothers who wander desolate and suffering, leaving wrecked homes and fields and gardens trodden under ruthless feet.

"With Thee who sufferest more than all, may we with reverence Thy burden share; for all are Thine and in Thine image made. They too are Thine who caused the wrong.

"O Father, may this war be mankind's last appeal to force. Grant from the stricken earth, sown with Thy dead, an everlasting flower of peace shall spring, and all Thy world become a garden where the flower of Christ shall grow.

"And this we beg for our dear Elder Brother's sake, who gave Himself for those He loved, Jesus Christ, our Lord, Amen."

President Wilson In European Eyes

(By Reciprocal News Service)

The Germans Have Invented Two Amazing New Weapons in This World's Great Struggle. The other is Organized Lying in the Field of Propaganda.

LONDON, (By Mail).—The following article translated from the Journal de Geneve, the leading pro-Ally paper of Switzerland, is given in full because it is typical of the sympathetic European desire to understand President Wilson's foreign policy, and because the growing influence of American policy in Europe makes it desirable that Americans should know what Europe takes to be the essential features of that policy. The President of the United States is generally regarded by the people of our continent either as the deus ex machina who will bring the war to an end or as the theorist of the League of Nations. In the eyes of Europe, Wilson is a spirit. Very rare are those who picture him as being of flesh and blood, at grips with practical questions of tactics and tactical care and questions of procedure—working in a word, not only on policy but also diplomatically.

Yet outside the technical prosecution of the war with which Wilson is occupied, one knows with what activity and what success, there are at least three international problems which are the constant attention of the President: Russia, Austria and Mexico. The United States entered the war at a moment when Russia, already having all her resources in appearance, a power. Since then the breakdown of the Russian state and the treaties which sealed its fate have fundamentally changed the basis of American participation. The American army, whose intervention it was hoped might be decisive, faces a military situation which has undergone no change. The Russian situation of the question of crowning the edifice of victory: the edifice needs reconstruction. But on the other hand, the Russian situation has taken away from Austria every reason for making war, and offers a providential opportunity for adroit diplomacy to turn the disadvantage of Germany.

On those two problems, so closely connected, the views of President Wilson differ from those of the Allies. That is enough to make our press (meaning probably a part of the French as well as the Swiss press) talk of the President as the "incognito" of Europe. But if a choice has to be made, who would hesitate between the man who from the first has refused to be inspired by the mistakes in Turkey, Bulgaria, Greece, Russia, Poland, and the leader of the United States who has already given many proofs of the clearness and the breadth of his views. The Allies, particularly France, put their hopes in Japanese intervention in Russia. So far President Wilson has refused his approval of such undertakings. Before taking any action Japan demands a general mandate to the effect that Washington, by putting a veto on Japan's action, refuses to accept responsibility for it. It is a complicated question. The attention of President Wilson may have selfish motives bearing on the situation of China; it may be determined simply by American public opinion, to which the president is very sensitive. It may be inspired by the same idealism which makes Mr. Wilson insist on all occasions upon the disinterestedness of the United States, for a Siberian campaign, an undoubted help to Russia, would have the appearance of an invasion. Or it may be that all these motives combine and are supported by Mr. Wilson's own conception of the situation in Russia. The president does not think that it would be possible to regenerate the people of Russia from outside. Only from itself can the Russian people receive help. No doubt that is what Mr. Wilson means when, faithful to his democratic convictions and to his faith in moral power, he declares himself ready to help Russia and resolved not to abandon her.

Some scepticism is permissible regarding the chances of an autonomous situation in Russia, which, at least in the near future, in the south regeneration has indeed commenced, but under German patronage. In the north the Maximalists seem to be solidly established. The south and the north have only one idea in common, the will not to make war. That is not a condition to be affected by Japanese intervention, as President Wilson evidently realizes. With regard to Austria, it is a public secret in both hemispheres that President Wilson disapproved of the publication of the letter of Emperor Charles. The president holds that the war must not be continued a single hour more than is necessary and that it is not indispensable to the glory of the United States to fight Austrian troops on the western front. Where diplomatic methods are applicable he always prefers them to military methods. As in Russia, the president, to whom as a true democrat all foreign intervention is repugnant, hopes for the regeneration of Austria-Hungary by herself. He believed that Charles the First had the will and the power to transform his empire into a confederation of free and equal people. Was he mistaken? We shall never know, for the emperor has had neither time nor opportunity to give proof of these qualities. But politics is a matter of opportunities, the art of evolution. After the imperial letter had been published without his assent—and indeed with that of those primarily interested in it—President Wilson adapted himself to the new circumstances. The resolution of Versailles in favor of the people of Austria-Hungary must be taken in connection with the declaration of the American government. If there are still shades of difference, these are only in method and degree. The policy of the president, founded on a truly statesmanlike conception, is to secure by combination the right of peoples and the equilibrium of Europe. The president demands the existence of a federal tie between the people of Austria-Hungary liberated from German tutelage. No one knows yet how it will be possible to re-weave some day the torn cloth. But President Wilson is the man to attend to that, and many people, also in Allied capitals, count upon him. As to Mexico, President Wilson has just given a striking proof of disinterestedness. Protagonist of the League of Nations, he means to realize that ideal in America, and more rapidly and at less cost than in Europe. But his situation is not the same in both continents. Over here he appears as the symbol itself of European equilibrium. Over there he is the head of the greatest power, the only power by whom American equilibrium could be menaced. That delicate situation imposes upon him special obligations and obliges him to give extraordinary guarantees. Such was the purpose of his speech to the Mexican journalists. Flanked by an anarchical state, master today of immeasurable armed forces which might easily seem disquieting to his neighbor, President Wilson offers to Mexico a treaty of reciprocal guarantees on the basis of complete equality. This is a deed worthy of Franklin and a striking lesson in logic and moral force. Will the German people be able to understand it, and to see that President Wilson, in order to establish the League of Nations on a solid foundation, demands from them only those sacrifices of self-interest of which he himself is capable? —K. The Folks Around the Corner

This is what we call the "peak" of the ice season. It is the season when the consumption of ice is greatest. Now is the time when practically every family in Wichita Falls wants a supply of ice every day.

We are doing our utmost to keep our delivery service at top notch efficiency. We are doing our utmost to serve every customer on time every day. For now not only does everyone want ice but now everyone must have ice. It is a necessity in every household.

Naturally there are more customers now on each of our routes. The fact that there are more customers means necessarily that it takes the wagons longer to make their rounds.

We are not making these statements in answer to any criticism that has been directed to our service. So far as we know, no one has complained of not getting ice promptly.

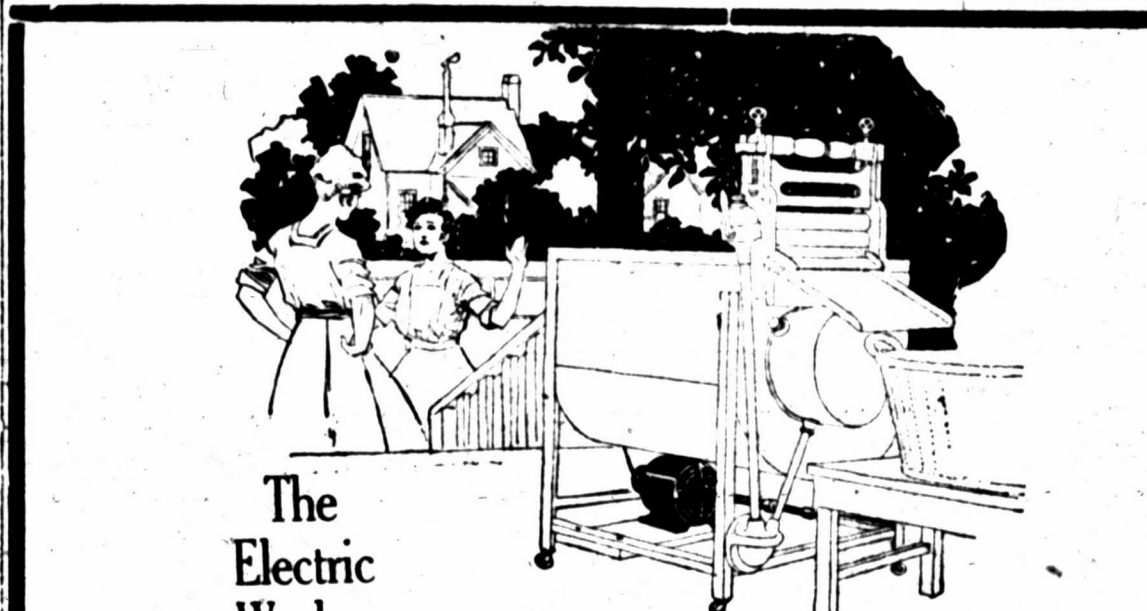

The point is that we want you to help us keep this service up to the mark. Hang out your ice cards early in the morning in a conspicuous place so the driver can easily see it. That will speed up the service. Please have your ice money ready, so that the driver won't have to wait until you can find the small change—or, if you use Coupons, keep the book in a handy place so that unavoidable delay will not be necessary.

Think of the folks around the corner. They want their ice on time—maybe there's a sick child there and delay will mean suffering. We know you will accept this humane suggestion in the same spirit that prompts it.

Another thing, our wagons take out at 5:00 o'clock and should they miss you on their regular round phone us immediately or we will be unable to get the wagon back to you.

The Electric Washer

is the greatest labor-saver for the housewife ever invented—unless it would be the Electric Iron; the two go together. Washing by Electricity does away with the mussiest, most worrisome, depressing part of housework.

It takes away all the drudge—leaves nothing to do but handle the clothes. It saves the clothes from that terrific rubbing on the washboard. It does not tear or wear the most filmy, dainty pieces.

It preserves the original fineness of texture and color. Does the work in a fraction of the time. Takes very little electric current to run it (among the least of all Electrical Appliances).

We can positively show you that the Eden Electric Washer will pay for itself in your home. It will start to save from the very first day you use it—no matter whether you do your own washing or have it done!

We are willing to submit the actual facts and leave the matter of decision entirely up to you.

Market Report

Grain Market

By Associated Press. CHICAGO, Aug. 3.—General selling chiefly to even trades for the week and gave the corn market today a material setback. Opening prices, which varied from 1/4 off to 1/2 advance with August 1.57 1/2 and September 1.59 1/2 to 1.59 3/4, were followed by declines all around to much below yesterday's finish. Liberty offerings of the new crop had depressing effect on oats. Some of the selling was credited to the southwest. After opening unchanged to 1/4 lower with August 58 1/2 to 59, the market continued to recede. Next to no business was done in provisions. Among the principal sellers were commission houses which had been conspicuous yesterday in buying. The market closed nervous 1/4 to 1/2 net lower with August 1.55 1/2 and September 1.57 1/2 to 1.57 3/4.

Subsequently weakness of grain and hogs brought about moderate declines.

Cotton Market

NEW YORK, Aug. 3.—The opening of the cotton market today was the most active in many weeks. The advance of 31 to 33 points, which occurred at the start, in all positions except August, which dropped 20 points under small selling orders, carried new crop positions up into new high ground for the present movement. October sold early at 26.85 and December 26.35 on heavy covering due to bullish weather conditions all over the belt, favorable war news and prospects for increased exports as a result of the decision to permit Lancashire cotton mills to run more hours weekly and to use increased machinery. Later October shot up to 26.97 and December to 26.40, representing 60 to 66 points net advance on these two positions while January at 26.38 was 79 points net higher. Ac-

COTTON ADVANCES FIFTEEN DOLLARS SINCE THURSDAY

tive Liverpool buying emphasized the Lancashire news and there was also buying for southern and other outside accounts.
 The biggest advance of the season came just before the close, following detailed reports of heavy rains in the eastern belt, which shot October up to 27.70 and December to 27.15, equivalent to an advance on these positions of about \$6 to \$7 a bale over last night's close and \$15 a bale advance since the government report was issued. The close was strong at a net advance of 65 to 133 points on all positions.
 Cotton closed strong.

New York Futures.
NEW YORK, Aug. 3.—Cotton futures opened strong, October 26.64 to 26.68; December 25.35 to 25.39; January 26.60; March 26.28.

New Orleans Cotton.
NEW ORLEANS, Aug. 3.—The continued favorable war news caused heavy buying in the cotton market today on which prices rose 47 to 64 points in the first half hour of trading. Buyers found offerings scanty. Bullish sentiment was increased by the absence of rain in the western belt and more rain in the Atlantic states from which sections there have been complaints of excessive moisture.

The market became a runaway affair, constantly spurring to new high levels and reaching its highest point toward the close when the trading months were 148 to 156 points over the final figures of yesterday. While buying for long account was urgent the demand from shorts was urgent and rumor had it that at least one huge line of short contracts was being covered at the advance.
 Cotton closed overleash at an advance of 134 to 138 points.

brokers, stocks were only mildly stimulated at the opening of today's market by the further favorable war news. Speculation made the most noteworthy gains, Texas Company advancing 2 points and tobacco large fractions to one point. U. S. Steel relative issues were nominal. Marine preferred and Inspiration Copper registered slight reactions and rails continued stagnant. Liberty Bonds were easier.

Climax is Reached.
NEW YORK, Aug. 3.—The bull movement in cotton which started immediately after the very low government condition figure was issued on Thursday, reached a climax today in one of the largest advances in some weeks. Active positions sold from 135 to 148 points above last night's close, equal to about \$6 to \$7 a bale, and representing practically \$15 a bale advance since Thursday morning.

The market opened strong and 21 to 29 points higher with the exception of August, which opened 20 points lower, and advanced with little reaction throughout the entire session. Heavy western, Liverpool, southern and spot house buying were features of the upturn, the short interest showing a good deal of alarm over the character of weather reports concerning the very favorable reports concerning the progress of the Allies and a cable stating that Lancashire cotton mills would be permitted to run more hours weekly and to use increased machinery.

New York Stocks

NEW YORK, Aug. 3.—The weak end session of the stock market was altogether superficial on extremely light business. The character of the trading was seen in the movements of such issues as General Motors and Nova Scotia Steel, which gained 6 1/2 to 7 1/2 points respectively. A few equipments, tobaccos and oils made extreme gains of 1 to 2 points, but rails were utterly neglected. The closing was firm. Sales approximately 100,000 shares. Liberty 3 1/2's sold at 99.94 to 99.98, 4's at 99.48 to 99.42 and 4 1/2's 95.26 to 95.40. Because of the slim attendance of

CHANDLER SIX

Famous For Its Marvelous Motor

Thousands Delighted With New Chandler Dispatch

THOUSANDS of men and women throughout America have declared the Chandler Dispatch Car is the most beautiful new model that the motor car industry has produced this year. As many as could get their orders filled have purchased the Chandler Dispatch.

You may see this car now from coast to coast. And you cannot mistake it, for there is no other car of the new four-passenger type with such graceful lines suggestive of speed and service, no other with such beauty of finish.

No illustration can do more than give a hint of the beauty of the Chandler Dispatch. High hood and radiator, low body lines and a striking finish in electric blue, 32-inch wheels and top of special design combine to distinguish, in appearance, this car among all others.

And the famous Chandler motor, now in its sixth year of production without radical changes but with constant refinement throughout that period, distinguishes this and all other Chandler models in a vital mechanical way.

"HIT THE TRAIL HOLLIDAY"

When we tell you that this picture is from the stage success of the same name, which was written by George M. Cohan, and when we also tell you that the author himself appears in the title role, it will hardly be necessary to tell you anything more about the story. The principal character that of Billy Holliday, a celebrated bartender of high heels, who plays the game square and refuses to serve drinks to youths or incompetents, is a stage portrait of Billy Sunday, the evangelist, teaching as it does the value of temperance. The story is yet not a preachy one, but full to the brim with fun and heart appeal and sincerity of purpose.

The new Pathe Weekly will also grace the bill.

Why there are NO GREASE CUPS in the chassis of

The Westcott Six

GREASE is only a crude form of oil with a large body of solid matter. The solids have no lubricating value. They serve merely as a carrier for the oil that is in them. To keep the bearings lubricated the caps on the grease cups must always be screwed down tight enough to force the grease out under pressure. This is a troublesome job and very dirty. To refill these cups is worse.

All automobile engineers recognize these facts. Many of them are gradually substituting oil cups for grease cups in parts of their chassis construction. The increased cost is the only obstacle.

The Westcott Motor Car Company alone substituted wick-fed oil cups for grease cups at all bearings in the chassis of their present series. These distribute soft oil by gravity flow and capillary attraction directly and uniformly wherever lubrication is required. To fill these oil cups with the Westcott pump oiler, takes less time than to screw down the caps on the grease cups of an ordinary motor car. This is done without soiling the hands or the clothing. The lubrication is perfect.

To you, as a motor car owner, this fact alone is of vital importance. Yet it is only one of a score of elements that make the dominant superiority of the Westcott Six. We shall be pleased to acquaint you with all of them.

CAFE IS REINSTATED

Permission Given to Replace Card After Regulations Were Complied With.

Scores for the month of July were announced by the department of food and dairy inspection on Saturday. The list of cafes showing the city and military health card includes the Mecca No. 1 which has complied with all the regulations. The cafe had its card revoked this past week but the owner made haste to correct the conditions which led to the loss of the card, so the food inspector was glad to restore the card permitting soldiers to patronize the place.

RECLASSIFICATION IS ANNOUNCED BY EXEMPTION BOARD

Anticipating heavy August calls which will practically consume all of the Class 1, 1918, and the re-classified, 1917 registrants, the local exemption board Saturday completed the work of going through the Class 2, 1918, registrants and reclassifying as many as possible. The August calls will be fully as heavy as those of July, the board believes, and until the change in the draft area is made and more registrants provided it will take close work to get the needed men from Wichita county, hence this re-classification is made necessary.

Men originally put in Class 2, who are now transferred to Class 1, include: Isaac H. Dicken, Jess Loudermilk, Ira Thornton, Arthur B. Young, Leslie John Garber, R. T. Steward, Guy Belton, Simmons, Frank Ellsworth, Lord, Elba A. Dale, Charley Fred Kasper, Thomas Milton Sanders, Oba Conway, James E. Preston, Warren Gerald Miller, Thomas Riley Hickman, Leo Thomas Holden, Andy Virgil Vincent, Ralph Amos Maricle, Ralph Kenneth Pond, James Y. Swinney, Louis H. Carrington, W. L. Bailey, Russell Newman, James Allen Barwise, Houston David Cowden, Jeddle D. Harrison, Percy Walter Kent, Bernard B. Birkhead, Joe Webb, Clay Rex Cottrell and John Crofford Childers.

ANOTHER BIG WELL BROUGHT IN S. W. OF BURKBURNETT

Another big well has been drilled into the sand south-west of Burkburnett. Saturday afternoon Fisher, Gates, Nutt and Gilliland's C. Birk No. 1 drilled into the sand at 1600 feet and the flow of oil came up through the mud and water cleaning out the hole and flowing with a strong head. With the hole drilled six feet into the sand the well is flowing at the rate of about 500 barrels.

The well is near the same company's C. Birk No. 2, drilled in several weeks ago three miles southwest of Burkburnett.

The new well will again direct attention to a territory that has some of the best producers in the Burkburnett district.

SOUTHWESTERN STUDENTS HOLD REUNION HERE

With something of the old time enthusiasm about 29 local ex-students of Southwestern University at Georgetown, gathered at a banquet at the St. James last night and for a few hours again lived over their college days, each giving some of their experiences and all making merry without, apparently, a care or worry to mar the spirit of the occasion. The honor guest, Dr. A. S. Pegues, who is and for a long time has been, in charge of the department of English at the University, and the fact that he had been the teacher of most of those present, gave the occasion a personal touch that rarely appears at a social function. The address of Dr. Pegues was enthusiastically received and rekindled the fires in the hearts and minds of those present, not only for Dr. Pegues, but for their Alma Mater as well. Another guest of the evening was Dr. J. F. Session, who has recently joined the forces of Southwestern and is devoting his time to her material interests. It is the desire of those in authority to have a number of local organizations in different portions of the State, and inasmuch as there are a great number of ex-students here and in the surrounding country, a permanent organization was perfected with Overton Meadows as president, Mrs. Asheam as vice president and Merle Waggoner as secretary and treasurer and also a committee of the following: Rev. Louis Crutchfield of Electra, Mrs. E. J. Pope, Mrs. S. A. Barnes on publicity and entertainment.

The names of those present were as follows: J. W. Akin, Mrs. J. W. Akin, E. C. Huchabee, Mrs. E. C. Huchabee, F. A. Crutchfield, Mrs. F. A. Crutchfield, Mr. Basha, Mrs. Basha, Sanders Walker, Mrs. Sanders Walker, Mrs. A. S. Barnes, E. J. Pope, Mrs. E. J. Pope, Sam Harcus, Mrs. Sam Harcus, M. T. Waggoner, W. B. Chauncey, Mrs. W. B. Chauncey, H. A. Allen, Mrs. H. A. Allen, Mrs. J. L. Lee, M. O. Mcbowell, Mrs. M. O. Mcbowell, Walter Nelson, P. S. Richardson, Mrs. P. S. Richardson, A. S. Pegues, A. V. Sessions.

Miss Ora L. Carlton leaves today for the market to study millinery styles and will also visit on her return in Fort Worth.

Poor Woman Makes Sacrifice.

"For years I have doctored for indigestion and severe bloating with gas, all my money had gone for doctors and medicine which did me no good. I had lost all faith in medicines and as I have to work hard for the few dollars I earn, was afraid to risk any more money. A year ago my neighbor told me to try Dr. Williams' Wonderful Kidney. I have found it to be the best medicine in the world and am glad I made the sacrifice." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by Mack Taylor and druggists everywhere. Adv.

TIMES SUBSCRIPTION RATES

Owing to the increased cost of production, a slight advance is necessary in the subscription rates of the Wichita Daily Times. Heretofore a discount of 25 cents has been allowed on all subscriptions paid for three months in advance. This discount is discontinued and the cash rates will be as follows:

One month by carrier	50c
Three months by carrier	\$1.50
One year by carrier	6.00
One month by mail in first and second postal zones	50c
One year by mail in first and second postal zones	4.00
One month by mail outside second postal zone	50c
One year by mail outside second postal zone	6.00

While this change is in the nature of an advance to those who have been taking advantage of the discount, it makes the paper cost just the same to those who have been paying their subscription each month. The postal authorities also make it compulsory on newspapers to keep their mailing lists on a strictly paid basis.

DEPTH BOMBS STRIKE TERROR TO U-BOAT CREWS

BRITISH CAPTAIN, PRISONER ON BOARD SUBMARINE, TELLS OF AN ATTACK.

BLANCHED WITH FEAR

German Speechless and Motionless With Terror When They Feel Shock of Explosion.

Associated Press Mail Correspondent. LONDON, July 2.—Sensations experienced in a German submarine while depth bombs were being charged overhead were described recently by a British merchant ship captain who was a prisoner for fifteen days aboard a U-boat.

On the third day after I had been taken prisoner, I was allowed to carry out a message on a conveyance which had been sighted. The U-boat approached submerged for some distance and torpedoed a large steamer.

For some moments we waited, engines were stopped and all messages were taken to prevent giving indication of our position. Minutes seemed like hours in such a situation.

Another experience. A few days later we had another experience with depth charges. A "waxer" bomb as the German sailors call them, a sailing vessel had just been sunk by shell fire when two allied destroyers were sighted, and down we went.

Although we were very much surprised to find that the British captain was not to suffer various indignities, he said.

We were compelled to harness ourselves to carts which we had to draw through the streets to the station or postoffice in order to fetch our parcels and any commodities to camp.

The British captain finally arrived in Heligoland, and afterward was transferred to Brandenburgh. Eventually he was taken to Switzerland and released reaching England on June 19.

CALL FIELD HAS LOWEST SICK RATE OF ALL FIELDS

RECORD HERE, 62 PER THOUSAND, SAID TO BE BEST EVER RECORDED.

INSPECTION IS MADE

Colonel Lewis Compliments Officers and Men on Remarkable Health Record.

Call Field has the lowest sick rate of any camp or flying school in the United States and the lowest ever recorded, according to the report made on sanitary and health conditions at the camp by Colonel Lewis, of the surgeon general's office at Washington.

Colonel Lewis' report was very complimentary to the camp, the commanding officer, the medical officer, Major Atkinson, and to every man on the post for the unflinching co-operation which made the high standard of sanitation and splendid health conditions possible.

Conditions at the post exchange were unusually good, Colonel Lewis reported, and he commended the sanitary conditions with things he had found in a recent inspection at an Oklahoma camp, where flies came bottled in soda pop and ice cream.

Mess kitchens, the commissary, bakery and the water supply came under inspection. Colonel Lewis and everything passed the test with colors flying. The camp officials are still feeling good over the report.

The program consisted of a stew made with stringy meat, probably horseflesh, supplemented by small portions of sausage with black bread. As the voyage progressed this bread became mildewed and unpalatable, and then some bread of lighter color, which had been kept in hermetically sealed receptacles, was served, but was even more unpalatable than the black bread.

One night there was more than the usual amount of coughing and sneezing, and the lower ratings, but were able to supplement their allowances with tinned ham and other canned food.

The submarine was forced to keep below the water's surface a great deal of the time while aboard the submarine was anything but pleasant.

By this time the submarine evidently had reached the extreme outward point of her voyage, and we started on our return trip to Heligoland. Three Norwegian ships were stopped for the purpose of obtaining fresh food. Soon after this there was much excitement when it was ascertained that there was a British submarine in our vicinity.

The British captain finally arrived in Heligoland, and afterward was transferred to Brandenburgh. Eventually he was taken to Switzerland and released reaching England on June 19.

SPURTH LEAGUE HAS INTERESTING PROGRAM

Especially unique and attractive was the feature of Friday evening's entertainment given by the Spurth League of the First Methodist Church at the church. The entertainment was in honor of the men at Call Field and elaborate preparations had been made to carry out the central idea of "Camp Camouflage" in the evening's program.

Guests were registered as they entered the room, then were informed that the Germans were coming. All lights were extinguished and the "bombardment" with cotton balls from the gallery, accompanied by the music of the band, began. Appropriate games, including "over the top" and "sniping," with the "army" and "navy" contesting for honors, a few minutes of military drill and several competitive games between the two divisions of national defenders which gave the prize to the army were enjoyed. In order to be strictly consistent, the entertainers served no refreshments.

Next week an attractive musical comedy sketch is the feature of the entertainment.

MISS GRAY HONORED ON TUESDAY EVENING

Honoring Miss Daisy Gray, who left this week for a visit in Fort Worth before going to Childress, where she will make her home, Miss Hazel Young entertained at the home of Mrs. Thomas Sessions on Tuesday evening. Dancing and a number of interesting games were the features of a delightful evening. A dainty refreshment course was served to Misses Mildred Shields, Clara Frank, Irene and Orveta Montgomery, Clara Givens, Anna Belle Brooks, Lenora Spangle, Mabel Hanley, Norma Carl, Lucy Boone, Grace Albritton, Koenig, Mrs. Curtis Young and Lieutenants Clark and Carson and James Shipley, Edwin Hill, Everett Hughes, G. Wilkie, Bennett, Garrett, Harry McNeil, Madra, Albritton, Eulus Hansard, Carlton Quinn, Henry Vanburg and John Thompson.

INTERESTING PROGRAM FOR LEAGUE MEETING

With Mr. Mayes, from Call Field as leader, an interesting program is planned for this evening's meeting of the Spurth League of the First Methodist church, South. The league is especially pleased with the active part the men from Call Field are taking in the work and in filling the places of many former members of the league now in military service.

MR. AND MRS. J. P. JACKSON ENTERTAIN SUNDAY CLASS

Mr. and Mrs. J. P. Jackson entertained the members of Mrs. Jackson's Sunday school class with a delightful picnic at the Edward Wilson park on Wednesday. The croquet grounds and a number of swings furnished amusement and a luncheon was served picnic style. Iced lemonade and peaches were also enjoyed.

BAPTIST GIRLS' AUXILIARY DO GOOD WORK FOR RED CROSS

Members of the Baptist Girls' Auxiliary are making unusually good records in the weekly Red Cross work at the headquarters, as well as in the Junior Red Cross work at the high school and in the knitting department, the attendance throughout the summer having been kept well up to the standard. The completion of those members who are spending

the season out of town. At the meeting on Monday morning the following members completed fifty-one cotton pads: Misses Georgia Maxwell, Gladys Price, Margaret Hawthorne, Pearl Breeden, Beatrice Parrish, Winnie Crawford, Lora Dunnington, Julia Brookbank, Stella Smith, and Mesdames Miller and Smyre. Mesdames Mary Neelie and Kathleen Lynch were visitors.

B. W. A. WILL DEVOTE TUESDAYS TO RED CROSS

Because of the new ruling, which closes the headquarters work rooms on Thursday during August, members of the Baptist Women's Alliance will concentrate in the Red Cross work on Tuesday and Thursday at the work rooms.

DINNER PARTY CELEBRATING HUSBAND'S BIRTHDAY

In celebration of Mr. Pitchford's birthday, Mrs. D. W. Pitchford entertained a number of her husband's friends at dinner on Wednesday evening. After dinner, the guests enjoyed a delightful evening at the home. Those present were the honoree, Mesdames J. W. Bradley, A. R. Prothro, D. W. Gant, Bernard Martin, J. E. McKinney and Norma Pitchford.

JUNIOR THRIFT SOCIETY NUMBER 10 HOLDS MEETING

Members of the Junior Thrift Stamp Society Number 10 held an unusually splendid meeting on Friday afternoon, the stamps sold amounting to \$13.99 worth. Those present included the president and secretary, Gwendolyn Mudd and Ava Lucille Vernon and Ellena Garcia, Dorothy Dalton, Marjorie Dalton, Mearle Short, Dorothy Herrod, Viola Ross, Pauline Tekeil, Mary Margaret Hines and Mrs. McCurdy.

ROYAL NEIGHBORS DO RED CROSS WORK

The Royal Neighbors in their regular work at the Red Cross on Wednesday morning held a five-rolls, and Mesdames Dillard, West, Lindsay and Parrish each turned in a helmet. The workers included Mesdames Smith, Boone, Lindsay and Dillard.

LEAGUE ENTERTAINMENT IS WELL ATTENDED

A large number of well young people enjoyed the entertainment given by the members of the Epworth League of the First Methodist Church, South, for the men at Call Field at the church Tuesday evening. An informal musical program with guests and members of the league both taking part, and a fortune telling game with Dr. Carrie M. Gibson as the seer, were features of the evening's entertainment. Ice cream and cakes were served by members of the league.

MRS. WILEY WYATT AND DAUGHTERS RETURN

Mrs. Wiley Wyatt and daughters, Mrs. Tardy and Mrs. J. C. McCullum, both brides of a few weeks, returned Thursday night from an extended visit in Dallas and Mineral Wells. Mrs. Tardy is in an officers training camp at Porto Rico and Sergeant McCullum is awaiting overseas orders at an Atlantic port. Mrs. Tardy and Mrs. McCullum will make their home with Mr. and Mrs. Wyatt.

With Mrs. M. M. Gaffney as leader, twenty-four members of the Thursday evening Sewing Dressing class at the Red Cross headquarters completed 196 cotton pads this week.

CHURCH RED CROSS CALENDAR

Monday: First Methodist church, South; First Presbyterian church, (morning); Baptist Girls Auxiliary, Tuesday; Episcopal Guild; First Baptist church.
 Wednesday: First Presbyterian church (morning); First Christian church; Altar Society; Central Presbyterian church.
 Thursday: First Methodist church, South.
 Friday: First Presbyterian church.

First Presbyterian Church. The Red Cross work rooms at the church were closed for the month of August after the work on Wednesday morning, members of the unit deciding to carry on their efforts at the headquarters rooms until the first of September. A gift of \$20.00 was turned into the Red Cross through the Presbyterian unit during the past week. The members of the unit made eight hospital garments and four five-yard rolls during the week. On Monday the workers were Mesdames McCutchen, McElroy, Faulkner, Maxwell, Beavers, Kell, Grafton, Montgomery, and Miss Kate Hines. Mesdames Weaver, McDowell, Naylor, Faulkner, Kell and McCutcheon were the workers on Wednesday.

First Christian Church. Plans for shipping a box of fruit to the Juliette Fowler home were completed during the social meeting of the Ladies Aid of the First Christian church at the home of Mrs. Lee Clark on Monday afternoon, members of Mrs. Sides' division being hostesses. The Wednesday afternoon and any one wishing to add to the gift is asked to

call at the church at that time, five dollars out of the fifty-three dollars contributed at the meeting Monday will go to enlarge the gift. With Mrs. W. J. Bullock presiding in the absence of the entire official board, an interesting meeting opened by devotional services led by Mrs. Gray was enjoyed. After the business session, little Miss Frances Bullock gave a delightful vocal solo and refreshments of ice cream, cakes and fruit were served.

At the Red Cross unit the workers completed fifty-five five-yard rolls and eight bed shirts, and Mrs. H. A. Jones turned in three pairs of socks. Mrs. W. P. Dapforth was instructor, and the workers included Mesdames Tyson, McGrath, Weldman, Christensen, Clark, Tevis, Dickson, Duke, Stewart, Downing, Cave, Patton, Allen, Caskey, Stone, Smith and Misses Josephine Bullock, Ruby, Pearl and Winola Jones, Marie Shields, Louise and Sadie Tevis, Margaret Rodgers, Ella, Huff and Dora Coons.

Central Presbyterian Church. The Ladies Aid and Missionary society was represented at the Red Cross on both Wednesday and Friday afternoons. Mrs. W. M. Fuller turned in four pairs of socks and Mrs. George Fleming, one pair. The society will meet at the church for Bible study at three-thirty Monday afternoon.

Church of the Sacred Heart. The following members of the Altar Society met for regular work at the Red Cross on Wednesday morning: Mesdames Kelly, Hatton, Maxwell, Meert, Moore, Lewis, Hughes, Turner, Fitzgerald and Misses Fall, Delaney and Hatton. Mrs. W. P. Delaney turned in a pair of socks and a sweater. Workers at the Red Cross unit on Monday and Thursday made seventy-five five-yard rolls and fifty-seven bed

**KNIGHTS OF PYTHIAS
TO MEET WEDNESDAY**

Pioneer Lodge No. 49. Knights of
Pythias, at their regular meeting
Friday night, decided to change their
meeting nights from Fridays to Wed-
nesdays, and in the future this lodge
will meet on Wednesday nights. Owing
to the extremely hot weather the
lodge will not meet next week, but
will meet at the usual hour on Wed-
nesday, August 14th.
The "Roll of Honor," containing the
names of 16 members of the local
lodge now serving their country, was
received, and ordered hung in the
hall. Several of these members are
now on the firing line "somewhere
in France," fighting for freedom.
W. L. Robran was elected Master
of Work, and an application for mem-
bership was received. J. C. Ward
was elected treasurer to fill the unex-
pired term of J. T. Butts.
The lodge is in splendid condition
financially, being free of debt, and
having purchased several hundred
dollars worth of Liberty Bonds and
War Saving Stamps, besides increas-
ing steadily in membership.

NO ESTIMATE OF TOTAL AMERICAN ARMY CASUALTIES

By Associated Press. WASHINGTON, Aug. 3.—Senators of the military committee who today asked General March, chief of staff, if he had any estimate of the American casualties in the recent fighting were told that the government had absolutely none.

General March told the Senators and also the Washington correspondents in response to questions, substantially what Secretary Baker said in his statement last night: "That General Pershing was under difficulties of gathering the names from many hospitals, some of them French and British over a wide area and that it had as yet been physically impossible to gather the list."

One of the Senators asked what the extent the casualties already reported to the war department already was and General March reported that it was between 12,000 and 14,000. This is the sum total of all casualties announced today by the war department. It is the total as given in the department's weekly published summary.

This statement was made the vehicle of sensational reports sent out from Washington to the effect that General Pershing had reported to the general staff that he estimated at 12,000 the American casualties in the recent fighting.

Senators who attended the conference and war department officials generally denounced the published report as misleading in every way. It was reiterated officially and stated specifically by General March that General Pershing had made no estimate.

Later General March formally denied that he had given any figure or estimate to the members of the Senate military committee or any one else as to the casualties in the present fighting and he asked newspaper correspondents to deny the sensation at report sent out from Washington today that he had placed the casualties in the Alsace-Marne battle at 12,000.

"HUMAN FLY" FROM STANDPIPE AT CALL FIELD

Private Lester Highfill, the "Human Fly," who won fame by climbing the face of the Flatiron Building in New York city several years ago, now an enlisted man at Call Field, is in the hospital, recovering from injuries received a few days ago when he fell from the top of the standpipe at Call Field. Highfill was engaged in painting the tank when the rope of the swinging stand on which he was seated broke. In falling he hit one of the iron supports to the tank and caught it, breaking his fall. His injuries are not serious, it is reported.

Highfill created quite a little bit of excitement early in the spring by twice climbing the front of the seven-story Westland Hotel. The first time he climbed it with his army shoes and uniform on, but the second climb he used a pair of soft soled shoes.

INITIATORY DEGREE IS TO BE CONFERRED

The Odd Fellows will confer the initiatory degree upon a number of new members at the meeting Monday night. Attendance at the lodge has been kept fairly well up to the standard during the summer and members are asked to be with the order in standing up under war conditions, short crops and oil excitement.

No further meetings will be held until later announcement according to the decision of the last meeting of the County Association.

Empress Calendar.
Monday and Tuesday: George M. Cohan in "Hit the Trail Holiday."
Thursday and Friday: Theda Bara in "Under the Yoke."
Saturday: Alice Joyce in "Find the Woman."

MOVIE PROGRAM FOR WEEK IS APPEALING

With the inimitable Mae Marsh starred in "All Woman" at the Empress on Tuesday, and Theda Bara, Clara Kimball Young and Alice Joyce, all on the motion picture program, this week's movie entertainment promises to be of the best.

In addition to the four especially brilliant stars, other well known and liked luminaries including George M. Cohan in "Hit the Trail Holiday" at the Empress Monday and Tuesday, End Bennett at the Majestic Friday and Saturday in "The Vamp," May Murray in a seven reel special, "The Bride's Awakening," at the Majestic Thursday and Bert Lytell opening the week at the Majestic with "No Man's Land" are on.

"Under the Yoke," the story of a Spanish nobleman and his family, is the vehicle for some of Miss Bara's most stirring scenes and is featured at the Empress on Thursday and Friday. Clara Kimball Young is given unusual opportunities in "The Claw" at the Majestic Wednesday and Alice Joyce is decidedly at her best in "Find the Woman" at the Empress on Saturday.

BARA AS DAUGHTER OF SPANISH NOBLEMAN

The hot flame of Spanish love forms the basis for the feature picture to be shown at the Empress Theatre for two days, beginning Thursday. The attraction is a Theda Bara super production, "Under the Yoke."

Playing the part of the beautiful daughter of a wealthy Spanish nobleman who has settled in the Philippines, Miss Bara, it is said, portrays a type which is eminently suited to her ability. The story is laid in the Philippines during the early days of American occupation, and deals with the love of a Spanish girl for an American army officer.

MARY WARREN IN "OLD HARTWELL'S CUB"

Mary Lane, daughter of Reverend David Lane, of Matherville, Illinois, was not a stupid, illiterate girl, yet she fell into the net spread out for her by the unscrupulous Edward Jones in Triangle's photoplay of small-town life, "Old Hartwell's Cub." William Desmond is seen as a brawny blacksmith in this picture at the Gem theatre on Tuesday night, and is supported by Mary Warren, flaxen film flower, and Walt Whitman.

"NO MAN'S LAND" AT THE MAJESTIC MONDAY

Many of the scenes for "No Man's Land," a screen version of the novel of that name by Louis Joseph Vance in which the Metro star, Bert Lytell, will be seen, were taken on the beautiful island of Catalina, California, and the wonderful beauty of the scenery will be noted.

The scenic company, with Mr. Lytell and Anna Q. Nilsson, his leading woman, remained on the island for some weeks while the picture was being made and some splendid results were achieved. It was the wilder portion of the island which was photographed for the Metro play—parts where few people have ventured, and which were needed to show the "island of mystery" in the Pacific which Mr. Vance, in his novel calls "No Man's Land."

This is a thrilling story of love and adventure with an undercurrent of intrigue which will appeal to the adventurous in every one and Mr. Lytell gives a performance which is equal to the novel.

MAE MARSH IN A POWERFUL DRAMA

"The gladdest and the saddest face on the screen," which the inimitable

Mae Marsh is said to possess, comes to delight the admirers of the Goldwyn star in "All Woman," by E. Lloyd Shelton, at the Majestic theatre Tuesday.

In a role replete with great dramatic opportunities, in which the winsome charm of the slim star is afforded wide scope, Mae Marsh promises to give the screen world a sensation. The originality of the play, its gripping human quality and its steady certain development up to the moment to be desired, "All Woman" is not just a photodrama, but a compelling example of what Goldwyn is doing to dignify and strengthen the literature of the silent drama.

As the working girl who inherits neither money nor vast estates, but a mountain hotel, Mae Marsh is said to exhibit the most appealing phase of her undisputed talents. When she discovers that it is not a luxurious hostrery of which she has become owner, but a resort of evil reputation, Miss Marsh portrays all the pangs of girlish disillusionment. From that moment until the last scene in the play the story of "All Woman" gains in steady, cumulative power until the chance is given the girl from the city to reach a moment of glorious self-sacrifice for the man she loves.

The role of Susan Sweeney runs the gamut of the emotions, ranging all the way from timid bewilderment when the girl learns of her inheritance until she throws away reputation, honor and the respect of the man she loves for the sake of this very man. It is confidently expected by Goldwyn that Mae Marsh in "All Woman" will score the most substantial success of her remarkable career.

REVOLUTIONISTS TO CONTINUE FIGHTING AGAINST GERMANS

By Associated Press. LONDON, Aug. 3.—The terrorist campaign against the Germans of the Russian socialist revolutionists of the left includes an explosion at Kiev which resulted in the deaths of 700 German soldiers in addition to the murder of Field Marshal Von Eberhorn, the Copenhagen correspondent of the Daily Mail quotes a leading member of the party as saying: "The total number of anti-German crimes the social revolutionist said was sixty. Munition works at Odessa, Khar'kov and elsewhere have been blown up."

"In the near future still graver events will occur. The social revolutionists are prepared to continue the struggle with Germany to the last man," the correspondent was informed.

Danskoi Ordanzoff, the assassin of Eberhorn was a sailor before the revolution, the member said. He was elected to represent the sailors of Kronstadt and opposed Premier Kerensky. After the Brest-Litovsk treaty which is strongly opposed by the social revolutionists of the left it was decided to combat the Germans by terrorism.

The Copenhagen correspondent of the Exchange Telegraph Company transmits a report that the assassin of Ambassador Von Mirbach has escaped from Russia.

Fort Worth Man Is Injured When Negro Starts Riot

By Associated Press. KANSAS CITY, Aug. 3.—Two persons were slightly injured last night during disorders at the Union station

caused by a motorcycle policeman shoving a negro draft man into line, as a contingent of negroes were en-training for Camp Funston, Kansas.

A crowd of negroes who were at the station to see the men leave, misunderstood the motives of the policeman and immediately attacked him. The negroes surged into the station lobby and caused a small panic among

the travelers and employes. Police reserves finally dispersed the crowd.

B. A. Calkins, 70 years old, of Fort Worth, Texas, and a policeman, were caught in the rush through the lobby and knocked down, both receiving scalp wounds.

Calkins was rendered unconscious but it was announced today that he was not seriously hurt.

Beneath his smile he wondered—
Had the woman he loved betrayed him and the flag for which he would sacrifice her and himself?
