U.S. PLANS ARMY 5,000,000 MEN TO BE RAISED SOON AS POSSIBLE

ALLIED FORCES DEFEAT GERMANS ON NORTH BANK OF THE VESLE RIVER

(By Associated Press.)
ON THE FRENCH FRONT IN FRANCE, Aug. 7.—Franco-American forces were thrown across the Vesle River last evening and forced the enemy back. The crossing was effected to the east of Braisne. The enemy attacked there and 100 prisoners taken. Shortly afterwards the Germans launched a counter attack with a heavy artillery barrage but could not dislodge the Allies, who stuck to the positions they had won. The enemy appears to have strong forces in this neighborhood. On the remainder of the front there was comparatively calm, except for artillery fire.

RENEWAL OF FIGHT WILL MARK NEW PHASE OF CAMPAIGN

Artillery duels and patrol actions continue along the Vesle front where the Allies are preparing to make ready for future operations. Indications are that the German crown prince will attempt a definite stand between the Vesle and the Aisne is not yet clear but it appears apparent he is preparing for further efforts to check the Allied advance. His medium caliber guns are bombarding the Allied positions south of the Vesle intensely and he has been making strong efforts to dislodge the French and American troops holding bridgeheads on the north bank. All his attempts, however, have met with failure. It was to be expected that several days would elapse before the Allies could be in shape to renew their offensive across the Vesle. The bad weather has hampered the movement of guns and reinforcements as well as aerial scout work. Rain is reported to have fallen again on the battle front Tuesday afternoon. When fighting does re-open in force it probably will mark a new phase in the year's campaign. The Marne pocket has been cleared of the enemy and the crown prince defeated. Premier Clemenceau announces that the German losses included 35,000 prisoners and 700 guns.

Increasing resistance is expected as we approach the enemy's main line of defenses. Meanwhile the Americans are dealing with enemy machine gunners left behind in the fields of waving corn.

Southwest of Moulancourt the Germans attacked yesterday and took some of the ground recently won by Australians during the Bray-Corbier road. This morning the British counter-attack and won back the positions. Some of the enemy troops were taken captive. London claims that all the objectives fixed for the counter-attack have been secured.

British troops at the apex of the German salient in Flanders have pushed forward their outposts still farther on a front of 2,000 yards in the Pacaut wood. Prisoners were captured by the British.

American troops in the Woeyere have repulsed two German raids. On the remainder of the western front there has been no activity. Heavy artillery duels are in progress on the Italian mountain front and in Macedonia.

France has honored the Allied commander and victor in the present offensive by making him a marshal of France. General Foch is the second to gain this distinction in this war, Marshal Joffre having received it for his victory in the battle of the Marne. General Foch, the French commander, has been given the military medal by his government.

AMERICAN PATROLS CROSSED THE VESLE UNDER HEAVY FIRE

Paris, Aug. 7.—How American patrols crossed the Vesle after the occupation of Fismes, is told in a dispatch from a correspondent of the Daily Mail on the American front, dated Monday.
The Germans have fortified a number of positions north of the Vesle and close to Fismes, he says. Two of their divisions are in the line here and one of them is believed to be a strong one from the reserves of Crown Prince Rupprecht of Bavaria.
Early this morning parties waded the Vesle west of Fismes where it flows at a good pace. They were under machine gun fire from the low slopes along the river and artillery fire from heights more to the rear. From the north side the artillery of the German positions intensely shelled the American positions. Intense machine gun fire was directed against patrols crossed the river today.
At the taking of Fismes yesterday the Germans fought desperately in the streets for some time, but finally broke and ran. American machine gunners punishing them severely as they fled down the slopes to the Vesle. German snipers and machine gunners are still in houses in Fismes although the Americans have been there for 24 hours.

TERESTCHENKO REPORTED ASSASSINATED AT POLTAVA

Paris, Aug. 7. (Havas Agency.)—Terestchenko, minister for foreign affairs in the cabinet of Premier Kerensky, has been assassinated at Poltava, according to the Hamburg Fremblatt. The identity of his assassins, it is declared, is not known.
A report July 6 said Terestchenko had arrived at Bergen, Norway, and would go to Paris. Since then there have been no reports concerning his whereabouts. Poltava is in eastern Ukraine. Terestchenko, a wealthy young man of good family, joined the Kerensky cabinet in 1917 and was foreign minister from May until November. On the overthrow of Kerensky he was imprisoned by the bolsheviks, being released in March of this year.

FOLK NOMINATED FOR SENATOR IN MISSOURI TUESDAY

ST. LOUIS, MO., Aug. 7.—Former Governor Joseph W. Folk yesterday defeated Senator Xenophon P. Willey for the democratic nomination for United States senator by a plurality of 25,000 votes, incomplete returns from the state indicate. Spence of St. Louis defeated Jay L. Terry of Fayetteville by more than 20,000 votes on the republican side, according to unofficial returns received here.
Complete returns from 48 of the 50 city precincts gave Willey an even 5,000 majority over Folk and Spence a 7,215 plurality over Torrey.
According to unofficial returns all congressional seats renominated with the exception of Dorsey W. Shackelford in the eighth district who was defeated by William L. Nelson of Columbia and Congressman Portland of the fifth district who was defeated by Bland.

LOUISIANA POINTS ALONG GULF COAST ARE HARD HIT

Gerstner Field at Lake Charles Damaged, Cadet De Heron Rescued, Work, Reports Says.
Since August 1914 Britain Has Passed Army of 6,250,000, Mostly Volunteers.

By Associated Press.
LONDON, Aug. 7.—Seven lives are known to have been killed and property loss was rolled up in the tropical hurricane of Tuesday afternoon and evening which swept up from the Louisiana coast over a sixty mile strip between Lake Charles, Kinder, DeQuincy, Sulphur, Egerly and various other points. All points in this district on the southern Pacific Gulf Coast and Kansas City Southern lines were either wiped out or badly damaged. The known deaths are at DeQuincy, where three dead are reported; Plaquemine, where one died; and Nelson, where one was killed. Lake Charles reported no casualties. The only identified dead are Fred Nelson and his 9-year-old son, Freddie, who were killed at DeQuincy when they fled from Nelson's failing restaurant and attempted to find refuge in a brick garage across the street. The garage walls collapsed, burying them under piles of brick.
Telegraph and telephone wires are generally down east of the Texas border.
The storm swept inland over Lake Charles shortly after 2 o'clock Tuesday afternoon. At 2:45, it struck DeQuincy. Estimates on the wind velocity were anywhere from 90 to 120 miles an hour.
The damage at Lake Charles is estimated as high as a million dollars. The railroads have suffered heavy losses. Gerstner Field, the aviation training camp at Lake Charles, was also hard hit from wind and rain. Passengers from Lake Charles said the German cadets turned out and did heroic rescue work.

ONE HUNDRED BUILDINGS DE- MOLISHED AT LAKE CHARLES

LA FAYETTE, LA., Aug. 7.—The tropical storm which hit the Louisiana coast yesterday afternoon wrought great havoc in Lake Charles and vicinity according to stories told by persons arriving here from that place early today. Ten persons are reported to have been killed and property damage of more than a million dollars is believed to have been done. Hardly a building in Lake Charles escaped damage, more than a hundred being demolished. Electric light, telephone and telegraph wires were down and the city was in darkness last night. Mayor Trotter of Lake Charles called a mass meeting of citizens Tuesday afternoon to devise means for protecting the city during the night. Lieutenant Fowler of Gerstner Field was placed in charge of volunteer police. The city was divided into districts and military law was proclaimed.
The storm lasted about two hours striking the city at 2 o'clock. It blew with full force until four p. m., at times reaching a velocity estimated at 120 miles an hour. Ryan street, the principal business thoroughfare, was the scene of great damage.
Many fires broke out during the storm. The building of the Lanier Chemical Company was destroyed with (Continued on page 3.)

HUGE ARMY AGREED UPON AT INTER- ALLIED CONFERENCE

(By Associated Press.)
WASHINGTON, Aug. 7.—In urging enactment of the administration plan for extending draft ages to men from 18 to 45 years, General March told the Senate Military committee today that the war department plans an army of approximately 5,000,000 men to be raised as soon as possible.
While realizing the importance of the measure, General March said he did not believe it necessary to recall congress before the present recess plan expires on August 21, providing the bill could be reported at that time.
About July 30, General March said, the United States reached a decision to enlarge its military program to carry out the policies agreed upon at the recent inter-Allied conference at Paris to speed up prosecution of the war and bring it to an early conclusion.
General March said the shipment of men overseas would be continued according to the progress now in effect for the present.

RUMORS OF REVOLT AMONG CREWS OF GERMAN SUBMARINES

LONDON, Aug. 7.—Rumors of a revolt by German sailors at Wilhelmshaven in protest against continuation of the submarine war are in circulation, according to a dispatch to the Express, from Amsterdam. It is reported that a propaganda among the men incited sailors about to leave on submarine cruises to attack their officers and surrender their ships or seek an opportunity to sink them, and get themselves interned in neutral harbors. More than fifty submarines are said to have disappeared.
The chief of staff entered into a general discussion of the entire subject and necessity for amending the present law. His statement was given to the committee behind closed doors.
Questioned by senators regarding the apparent "change of front" of the war department in its war program, General March told of the government's decision in accord with the Paris conference.
For the new program, Secretary Baker and other officials concluded that there must be an extension of the draft ages. While about three million men are now under arms, army officials think there should be approximately 5,000,000 men at home and in France. In order not to disturb the present draft system and to avoid calling men who had been given exemption, extension of the draft ages is necessary.
From General March's testimony and other information received, the committee has gained the impression that while all men between the ages of 18 and 45 would be subject to military duty under the new law it is proposed that those between 18 and 20 years of age shall be kept in this country until the last.

GERMAN GENERAL MAY STRIKE BLOW TO SUSTAIN MORALE

PARIS, Aug. 7.—Field Marshal Von Hindenburg and General Ludendorff in order to maintain their prestige and stimulate the depressed morale of home front soldiers, intend to strike a blow against the British front in cooperation with the German fleet. The submarine force of the German admiralty staff, Admiral Scherer, is said to express the wish of the fleet to attack the British coast.
Meanwhile the hull on the Italian front continues. The Germans it is believed have been putting their heavy artillery in place and using themselves in some attention on defending the positions between the Vesle and the Aisne as long as possible.

DIAMOND SHOALS LIGHTSHIP SUNK BY SUBMARINE

WASHINGTON, Aug. 7.—The Diamond Shoals lightship off Cape Hatteras, N. C., was shot and sunk by an enemy submarine late yesterday, the navy department was today informed. The crew, who took to their boats, have reached shore safely.
The submarine came within a half mile of shore according to a half report which reached the navy department.

ROBERTSON WINS NOMINATION IN OKLAHOMA CONTEST

By Associated Press.
OKLAHOMA CITY, OKLA., Aug. 7.—With reports coming in slowly today from scattering precincts in the state, the nomination of J. B. A. Robertson, democratic candidate for governor, seems assured. Robertson's margin of victory over W. L. Alexander in Tuesday's primary is not yet recorded in official figures, but probably will exceed Alexander's total by better than two to one; it was estimated today. Returns from precincts of thirty-four counties, representing every section of the state, gave Robertson approximately a two to one lead over Alexander. Reports from 498 of the state's 2,500 precincts give Robertson 14,621; Alexander 7,247 and Murray 7,233.
In other sections of the state which have been heard from and where the count is nearing completion, Robertson is maintaining his safe lead, while Murray and Alexander are breaking even and alternating in trailing the leader.
Robert L. Owen was renominated for United States Senator over Robert Galbreath of Tulsa, by approximately four to one. Extremely meagre returns so far indicate the contest for republican gubernatorial nomination is between T. John Goble and H. G. McKeever. McKeever carried his home county of Garfield, the important part which those Texas young men probably played in the great battle will be a source of the deepest pride on the part of the people of this State. All of these young officers, it is stated, were detailed to infantry regiments. After spending three months at Camp Mills, L. I., they were in the early part of November sent across with the Rainbow Division to France. Their first service in the trenches began last February in the Lorraine sector. They remained there until the early part of July, when they were sent to the Campaign sector between Soissons and Chateau Thierry. On July 24 they were removed to the lower eastern side of the salient where they shortly thereafter came into contact with the Prussian Guards, inflicting a terrible defeat on that crack military organization of Germans.

WALKER LEADING FOR CORPORATION COMMISSIONER
By Associated Press.
TULSA, OKLA., Aug. 7.—J. B. A. Robertson is far in the lead over the eastern part of the state for the gubernatorial nomination, with Alexander second, and Murray third as shown by returns received at headquarters here late last night and early this morning. Robertson's vote in Tulsa is equal to that of all his opponents together.
E. B. Howard claims the congressional nomination, and it appears now that he has been given 85 per cent of the vote over Davenport and Moore. Owen leads for judge of the Tulsa

CAPPER NOMINATED BY KANSAS REPUBLICANS
By Associated Press.
TOPEKA, KANS., Aug. 7.—With Governor Arthur Capper and Henry J. Allen far in the lead for the republican nomination for United States Senator over the democrat in yesterday's primary election centered today upon the outcome of the contests for the democratic nomination for governor and for representatives in congress.
Later returns indicated W. C. Lansdon had defeated Harry Gray for the democratic nomination for governor, but Gray's supporters have not conceded defeat and insist final figures will change the situation.
United States Senator William Howard Thompson apparently has been renominated by the democrats over George Marble.
Interest in the congressional races was confined largely to the republican side.

MANY TEXAS OFFICERS IN RAINBOW DIVISION
AUSTIN, TEX., Aug. 7.—Shortly after the close of the first Officers' Training Camp at Leon Springs forty of the young men who had just received their commissions were assigned as officers in the Rainbow Division. Many of these men are graduates of the University of Texas. This detail was confined chiefly to first and second lieutenants. In view of the fact that the Rainbow Division recently won the distinction of defeating the famous Prussian Guards on the Soissons-Rheims salient, the important part which those Texas young men probably played in the great battle will be a source of the deepest pride on the part of the people of this State. All of these young officers, it is stated, were detailed to infantry regiments. After spending three months at Camp Mills, L. I., they were in the early part of November sent across with the Rainbow Division to France. Their first service in the trenches began last February in the Lorraine sector. They remained there until the early part of July, when they were sent to the Campaign sector between Soissons and Chateau Thierry. FORT WORTH GIRL WANTS TO GET INTO ACTIVE SERVICE
FORT WORTH, TEX., Aug. 7.—"I am afraid the war will be over before I can get there," said a young woman here recently in making inquiries relative to getting active service in the army.
"I want to be where the shot and shell are flying and if they won't let me fight, they can at least let me drive an ambulance," she said.
Her fiancée was killed in the service and she says she will have revenge on the Germans, and wants to get to France immediately.
"If there is a soldier in the United States who would escape service, I will take his place."
Because her efforts to get active service have failed she will join the Red Cross as a nurse.

SOLDIERS INJURED IN EXPLOSION OF HAND GRENADE
By Associated Press.
ALEXANDRIA, LA., Aug. 7.—Lieutenant Joseph W. Anderson of Shreveport, La., was among those slightly injured in the premature explosion of a hand grenade at Camp Beauregard yesterday. Sergeant Caster Crull of Alexandria, La., and Privates L. S. Baldwin, New Orleans, and Nora Stealy, Abbeville, La., also were injured but not seriously.
A military inquiry was started last night.

GENERAL GRAVES COMMAND FORCES TO GO TO SIBERIA

By Associated Press. WASHINGTON, Aug. 7.—Major General William S. Graves, commanding the Eighth division at Camp Fremont, California, has been assigned to command American troops ordered to Siberia, General March, chief of staff, announced today.

The nucleus of the American forces sent to Siberia, General March said, would be the 27th and 31st regular regiments on duty in the Philippine Islands which would be supplemented later by troops from the United States.

The object of the expedition is confined strictly to the agreement made recently by President Wilson through the state department, General March added and is not for the purpose of establishing an eastern front.

No command for the joint Allied forces in Siberia has yet been selected, General March said, nor the necessary agreement for the appointment of such a commander formulated.

No announcement as to the sailing of the expedition of General Graves will be made but news of the arrival of the forces will be made public promptly when received.

BRITISH TROOPS LAND AT VLADIVOSTOK

By Associated Press. SHANGHAI, Saturday, Aug. 3.—British troops landed at Vladivostok at dawn today, says a dispatch from that city. They received a friendly reception.

RUSSIAN SOCIALISTS SEEKING CONFERENCE

By Associated Press. LONDON, Aug. 6.—The Russian social revolutionary party, which is opposing the bolshevik government, has sent a direct appeal to the British labor party urging that efforts be made to convene an international socialist conference. The appeal declares that the Russian revolutionary party is ready to work in unison with the European socialists to reestablish the national power of Russia and to abrogate the "shameful Brest-Litovsk treaty."

FURTHER SUCCESS FOR CZECHO-SLOVAKS ANNOUNCED

By Associated Press. LONDON, Aug. 7.—Announcement of the landing of Allied troops at Archangel and of further successes for the Czecho-Slovaks was made in a Russian government wireless message received here. Describing the situation in the north and east it says: "At Archangel British and French have landed. They are advancing along the railway. Our staff is at Odozerska, (100 miles south of Archangel)."

"On the Cascho Slovak front after the fall of Samara and Ufa the Czechs have captured Novo Nikolai- vsk, Ekaterinburg and Simbirsk. On the Don we have retreated to Proverino. We are sending reinforcements toward Kazan and Simbirsk to delay the Czecho-Slovaks shelling Kazan."

ALLIED TROOPS AND WHITE GUARDS PURSUING BOLSHEVIK

By Associated Press. KANDALASKA, Aug. 5.—Volunteer detachments of white guards are giving aid to the Allied units pursuing the bolshevik forces retreating southward from Archangel.

The new Archangel government has arrested most of the bolshevik leaders who had not fled. The bolshevik commissioner of war, Zenkevich was killed, otherwise the change in government was virtually bloodless.

Before the Allied troops landed at Archangel the local bolshevik issued a proclamation to the troops arguing violence toward Allied citizens.

TROTSKY DENOUNCES THOSE WHO FLEE FROM ALLIES

AMSTERDAM, August 7.—Leon Trotsky, bolshevik war minister, says a Moscow dispatch by way of Berlin, has issued a proclamation denouncing as traitors punishable with death all representatives of the soviet power who desert their posts before having done everything possible for defense. He alludes to the Allied occupation of Archangel and the flight of the soviet. Trotsky orders the immediate arrest of those members of the Archangel soviet who can be regarded as deserters and will put them on trial before a revolutionary tribunal.

MURRAY IN STORY OF TRAGIC DISILLUSION

"The Bride's Awakening," featuring Mae Murray, is erected around a wealthy young woman who is brought to marriage by a young profligate who thinks only of her money. Prior to his courtship he plays fast and loose with the affections of another woman who becomes infatuated with him. Of course, he tells her she is the "one woman on earth" and promises to marry her. He leaves her, as a matter of fact, a few moments before he marries the heiress.

After the marriage the young couple divides his time between his wife, whom he persuades to keep the marriage a secret, and the other woman. Eventually the women meet and the tragedy follows.

Murder, the ministers say, often follows secret weddings. And they also assert that less than 2 per cent of the secret marriages end in happiness of any standing.

THEDA BARA IN HOT-BLOODED SPANISH ROLE

How a beautiful Spanish girl fought for the life of the man she loved is thrillingly shown in the Theda Bara super-production, "Under the Yoke," which will feature the program for two days, beginning Thursday at the Empress.

A hot-blooded romance of the Philippines during the early days of American occupation, the story reveals the passionate courage of a young Spanish heiress when she sees the life of her sweetheart, an American Army officer, in peril. In love with the officer, the girl had scorned the attentions of a Spaniard who in revenge fomented a revolt and makes the girl and the officer prisoners. The American is about to be put to death when, through the quick wit of the girl, he and the heiress are rescued.

"MELTING POT," STORY OF JEWISH LIFE

In "The Melting Pot," featured at the Empress tomorrow, the drama in the life of a Russian Jew is brought out in a striking and convincing way.

A young Jew, David Quixano, a gifted musician and full of that spiritual power which is a heritage of his race, is living with his family in Kishineff when that ill-fated city becomes the theater of fierce and bloody religious persecution of which the Jews are the victims. Waves of bloody violence overwhelm David's home and he is left desolate in the world. He has heard of a new country in the distant West where men are allowed to work out their destinies and where religious bigotry and persecution are unknown. Fate ordains that he should go to the new land. Conditions in the new world are at first strange to him and to keep soul and body together he has to play in concert halls of East side and contend with hardships and struggles. As he absorbs the American spirit, his vivid fancy conceives the idea of writing a symphony called "The Melting Pot" into this symphony he crowds all his rare musical talent, seeking to symbolize in sound the growth and the growth of this new world which now stands at the head of human civilization, David and his co-religionists, while in Russia are befriended by Vera, the daughter of the cruel governor and

persecutor of the Jews. The difficult part of Vera was impersonated with uncommon skill by Miss Valentine Grant, who engaged the sympathy of the audience at her very first appearance upon the screen in this play and whose masterly handling of great emotional scenes contributed in no small degree to the success of this play.

"MEN OF THE DESERT" AT THE GEM TODAY

Jack Gardner and Ruth King are stars of "Men of the Desert," an Esplanade which is showing today at the Gem. Feuds of the far west form the basis of this thrilling picture.

Some of the most sanguinary feuds of America have been fought out, not in the mountains of the South but on the deserts of the great West, where cattlemen and shepherds often dealt death to each other with the aid of their old friends, Winchester and Colt. Such a feud is in progress between the men of the desert when Jack, a nomadic cowboy, wanders into the scene. He is outspoken against the outlawry and the sheriff, in just hands him his badge and asks him if he can do any better. Jack accepts the challenge and arrests one of the most recent slayers. The letter's companions immediately storm the jail and rescue him. In the fight Jack is desperately wounded. May, a girl on the ranch, finds the cowboy half dead on the range and hides him in an isolated hut while she nurses him back to health. The feudists discover Jack's hiding place

Lottie Sealey, With Bernard's Merry Makers, at the Plaza Airdome.

and attack him. He and the girl escape, and while Jack holds a narrow canyon against his pursuers, the girl dashes across the desert in search of aid. Jack's life seems as good as lost when May returns with the opposing feudists who save him. The wedding between Jack and the girl on the battle ground reconciles the feudists and restores order on the desert.

"THE MELTING POT"

Go see this great play and learn why the tyranny of Europe is driving hundreds of thousands of foreigners to the Great Melting Pot of the United States to be Americanized—to become free citizens. To be kings and queens—in their own right.

WHAT THE CRITICS SAY:
"It breathes a spirit of the best Americanism in the traditions of our history."—W. Stephen Bush in the Moving Picture World.
"The vision evoked by the Jewish musician's Symphony is a masterpiece of artistic visioning possible on the screen alone."—Hart in the New York Evening Sun.
"A photodrama of unusual merit. The theme is mighty in conception."—W. R. Andrews in the Motion Picture News.
"Realism is the note struck early in the first reel and its vibration does not cease until after the flying of Old Glory in the concluding scene."—Mabel Condon in Motography.
"No mere stage production of 'The Melting Pot' could drive home the lesson of the evils of race prejudices as did the film."—Parley in the Morning Telegraph.
"It is at once thrilling, gripping and horrifying in its terrorism."—Fred in Variety.
"The mobs are large and well driven, and that is quite realistic."—Fuld in the Dramatic Mirror.

"Under the Yoke"

A supreme action story of variety, color and dash, of vigor, romance and the thrill of adventure, of the flash and fire of Spanish love—in a vivid Philippine setting is what Miss Bara has been supplied with in her very remarkable super-production, "Under the Yoke." As the heroine of a stirring episode during the period when the United States quelled the turbulent islands, Miss Bara presents a character scarcely equaled before on the screen. She is at once wilful, but adorable; romantic, but capricious; and artful, yet artless. And she triumphs in the portrayal.

IN THE ASCENDING SCALE. "Nothing can better illustrate and emphasize the difference in the standards and ideals of the armies at war than the words addressed to those armies by their respective leaders."

No great fighting force can be expected to rise above the standard set for it by its commanders.

The three following orders issued by the Kaiser, Lord Kitchener and General Pershing shed a bright light upon the kind of conduct that might be expected by the soldiers to whom they were addressed.

On August 19, 1914, the Kaiser issued the following order from his headquarters at Aix La Chapelle:

"It is my royal and imperial command that you concentrate your energies, for the immediate present, upon one single purpose, and that is that you address all the skill and all the valor of my soldiers to exterminate first the treacherous English and walk over General French's contemptible little army."

That for which he called "treachery" and "contemptible" is still before him and has vigorously declined to be "walked over."

Lord Kitchener's order, issued about the same time, is too long to quote in full, but the following extracts will show the splendid standard set before the British soldiers, a standard to which they have scrupulously lived, in most cases.

"You are ordered abroad as a soldier of the King to help our French comrades against the invasion of a common enemy. It will be your duty not only to set an example of discipline and perfect steadiness under fire, but also to maintain the most friendly relations with those whom you are helping in this struggle."

"Be invariably courteous, considerate and kind. Never do anything likely to injure or destroy property, and always look upon looting as a disgraceful act."

"Your duty cannot be done unless your health is sound. So keep constantly on your guard against excess in this new experience you may find temptation both in wine and women. You must entirely resist both temptations, and while treating all women with the perfect courtesy you should avoid any intimacy."

"Do your duty bravely, fear God, honor the King."

"KITCHENER. "FIELD MARCHAL."

Noble and inspiring as are these words from the great leader who has since gone to a watery grave, yet the general order issued by General Pershing transcends it both in loftiness of thought and concise manliness. Indeed, for power of expression, this order of our commanding general in the field seems to us to be a masterpiece of English.

"Listen to this leader speaking to his soldiers:

"Hardship will be your lot, but trust in God will be your comfort, temptation will befall you, but the teachings of our Saviour will give you strength. Let your valor as a soldier and your conduct as a man be an inspiration to your comrades and an honor to your country."

—THE WITNESS.

GREAT DANGER TO WORLD MORALITY.

"The Nation that condones international crime is akin to the criminal, as the individual who condones crime becomes in effect a participant in the immorality of the criminal," says Richard H. Edmonds in the leading editorial in the Manufacturers' Record in discussing the great danger to world morality and to civilization of a peace for Germany without punishment. He says:

"The glorious news which comes from France, telling of how our troops and those of our Allies have beaten back the army of invaders who have cursed every foot of ground over which they have trod, may well give heart to the nation and to all civilization. It would, however, be a serious mistake for us to imagine that this means the ending of the war, for it does not. We are a long way from Berlin, and until the American flag flies over Berlin as a conquered city, and the terms of peace are written there, and the Hohenzollerns, the Hapsburgs and the Kaiser, the world horror have paid with their own lives the penalty for their unspeakable crimes, it would be premature to do much shouting."

"The fight is yet a long and desperate one."

"We may rest assured that before our troops cross the Rhine and break down the barriers ahead of us there will be fearful losses, and we shall have to steel our hearts to a full realization of the magnitude of the task."

"Germany, the blackest criminal in the world's history, will, through every influence which it can exert in this and every other country, seek to secure peace whenever its military leaders find that they are doomed. We shall have peace talk from some

weak-minded ministers of the Gospel, but, thank God! their number is few. We shall have peace talk from many papers—some moved by pro-German influence, some by sickly neurotic sentiment against punishment of crime—and wherever pro-German devilry can carry on its work we may rest assured it will be done, for many men, claiming the lively of Heaven, will be engaged in the work of the devil."

"Many will seek to create an impression that Germany must not be punished and that its people are different from its military leaders, when every intelligent man who has studied the situation now knows that the people and the military leaders are one and the same in the support of this war."

"The unspeakable individual crimes which marked the movement of the German army through Belgium and France, crimes which blacken the pages of human history as they were never blackened in the past; crimes, to repeat which Secretary Lansing recently said would sicken a tiger, were not committed individually by the Kaiser or the military leaders, but by the people themselves in the armies of Germany, encouraged thereto by the military leaders as a part of Germany's Campaign of Rightfulness."

"These people must be made to realize that they must be punished and that their time must be atoned for, or else the blood of the millions of soldiers who have died will have been shed in vain, and the broken-hearted women, who have suffered as no other women in all human history, will go unavenged."

"The great danger which faces this country today is that there will be a persistent effort to bring about a premature peace, a peace without punishment, which, if ever made, would be a deep stain on the honor and the name of Germany."

"The Nation which condones international crime is akin to the criminal, as the individual who condones crime must be made to feel a participant in the immorality of the criminal."

"It behooves every honest-hearted man and woman in this country to make certain that neither in the pulpit nor in the press nor in private conversation shall there be the slightest word said in favor of peace until that peace is written in Berlin, and that the criminals have paid the full measure of penalty for their crimes."

"On to Berlin!" should be the unceasing demand of every honest-hearted man and woman, and he who does not have the view of the situation is false to all honor and false to all civilization, it matters not who he may be, or what his position in life."

SIX LIVES LOST IN STORM IN LOUISIANA.

HOUSTON, TEX., Aug. 7.—Three lives were lost in Tuesday's wind storm at DeQuincy, La., and three others were killed at Hammond, Camp, two miles east of DeQuincy, a relayed telegram to the Gulf Coast Lines reports.

At DeQuincy the storm broke at four o'clock. A restaurant man named Nelson and his son are among the killed.

The message said that at least fifty residences had been destroyed, and that stores and churches were wrecked.

Wires are down east of the Texas border and the Gulf Coast track is littered with debris. The storm followed a narrow path but was very severe.

DeQuincy is 25 miles northeast of Lake Charles, where great damage was done.

DESPONDENCY IN GERMANY OVER ALLIED SUCCESS.

LONDON, Aug. 7.—The despondent tone of the latest German press comments is emphasized daily in special dispatches from Holland. A dispatch to the Daily Mail from The Hague today includes an editorial by the Dutch editor Nieuwkerk, which says that nobody looking into the future can see an end to the war.

"For though it is true that the end might come quickly," it adds, "it could only be an end of terror as in Russia."

The Vorwarts of Berlin says that events of recent days at last have shattered the illusion, created by inspired optimism that Germany is invincible.

EXAMINATIONS FOR COMMISSIONS IN ENGINEERS' CORPS.

WASHINGTON, August 7.—Applications for commissions as first lieutenants in the engineers' reserve corps will be examined in seventeen cities by an examining board of army officers who will begin work in Buffalo, N. Y., August 9, the war department today announced.

Other points where the board will sit and the dates are: St. Louis, August 14 and 15; Kansas City, August 16 and 17; Dallas, Texas, September 13.

Only qualified engineers who have previously filed their applications with the chief of engineers will be considered by the board on their arrival at the various cities where examinations are being held but the office of the engineer chief will continue to receive such applications while the board is at work and will notify candidates by telegraph to report for examination in case their application is satisfactory.

SEVERAL TEXAS POINTS REPORTED GOOD RAIN TODAY

By Associated Press. DALLAS, TEX., Aug. 7.—Rain in Texas due to the proximity of the tropical disturbance in Louisiana, fell last night and today in several sections of the State and will greatly benefit those areas which have been practically burned up on account of the long drought and continued intensely hot weather.

The heaviest precipitation was at Longview where 1.82 inches fell. Texas, Ark., reported a heavy rain and wind storm, Nacogdoches, Galveston, Dallas and Cleburne reported rain. Ranges will be greatly benefited also in the Panhandle where rain appeared to be general according to the United States weather observer here. Rain of from two to four inches fell in many parts of Louisiana.

PLENTY OF PULP WOOD AVAILABLE IN CHILE.

WASHINGTON, Aug. 7.—The shortage of pulp has led to a government investigation of the paper manufacturing possibilities in Chile. Paper manufacturers of the republic have held several conventions to ascertain the capacity of their factories and grades of paper that can be manufactured in the country.

There are now in Chile nine paper factories with a total production of 2,000,000 kilos (4,400,000 lbs.) annually. They are capitalized at 3,500,000 pesos and employ 30,000 men. The newspapers of Chile have been alarmed at the scarcity of print paper due to the shortage in the United States and the lack of vessels to transport what paper could be obtained in this country and elsewhere in the world. It has been developed that the big factories in Chile can make the print paper out of the raw material obtainable in Chile. They have already begun the output. This will be increased as rapidly as possible. In the southern part of the republic, paper mills are being established to produce sufficient pulp wood to supply the needs of the manufacturers for many years.

New York Stocks.

NEW YORK, Aug. 7.—Stocks opened at nonchalant recessions today but soon extended their reversals on renewed pressure against equipments, utilities, metals and tobacco. United States Steel reacted a point while Carnegie Steel, American Telephone and Western Union were lower by larger fractions. A point in General Motors yielded two points and Sumatra and American Tobacco lost 1 and 2 points respectively. Royal Dutch oil was the only issue to record more than a slight gain, advancing 3/4 points.

Some of the more extensive losses were partly recovered during the noon hour. General Motors made up half its decline and American Tobacco rallied two points. Union Pacific was added to the firm rails but prominent issues were largely steady.

Coppers eased slightly in the final hour on retention of prevailing prices by the war board. The closing was irregular.

Final prices on Liberty Bonds were: 3 1/2's, 94 1/2; 4's convertible, 93 1/2; 4's, 94 1/2; first 4's convertible, 94 1/2; second 4's convertible, 92 1/2.

Market Report

Cotton Market Grain Market

NEW YORK, Aug. 7.—There was a very sharp break at the opening of the cotton market today, first prices being weak at a decline of 50 to 80 points under realizing. Early weather reports indicated that the tropical storm had pretty well subsided without causing any damage in the interior, while the lower temperatures in the northwest encouraged hope of showers in the western belt soon.

These features probably led to reselling by some who had bought to cover shorts yesterday and there was also some selling here for southern account. After the initial break to 28.70 for October and 28.00 for January, however, the market was extremely irregular and there were rallies of some 20 to 40 points on expectations of a bullish weekly report.

Offerings increased on the early rally and the market broke very sharply after the publication of the weekly weather report which read more favorably than expected. There were also reports of rain in Texas and for a time there seemed to be very little support with October selling at 28.18 and January at 27.55, or 117 to 125 points lower than the early weather report showed precipitation at only a few stations along the coast or in northeast Texas, however, and the market recovered to 28.00 for October and 27.50 for January.

The rally of some 30 to 40 points from the low level of the late forenoon met increased offerings of cotton. Private reports of rain in Texas and the market later was irregular with October ruling around 28.33 and January 27.81, or about 39 to 101 points higher than during the middle of the afternoon.

New Orleans Cotton. NEW ORLEANS, Aug. 7.—With the tropical storm dissipated before it could move very far into the belt, the cotton market opened lower today and felt heavy selling during the first half hour of trading. Prices fell 77 to 83 points. The reaction was due in a great measure to liquidation of long contracts and the action of the market considered natural and logical by most traders in view of recent wide advances.

The market turned quiet with less selling pressure. At 1 o'clock prices were 32 to 101 points under the close of yesterday, the reaction continued under telegrams from Texas telling of threatening weather in that state which brought heavy rain and the breaking of the drouth. In the trading up to noon, the decline was widened to 113 to 122 points.

Ice is bought not for what it is, but for what it will do.

Your refrigerator and our Pure Ice have a big job on their hands these long hot days.

When you take less ice than the size of your good ice chest requires, you are paying very dearly for your imagined saving.

In the first place you will not get full service from the ice that you do buy. For not enough ice means that later on in the evening the small piece remaining will not be able to keep the temperature steady; it will rise and the ice will begin to melt very quickly.

When you skimp on ice you cannot enjoy to the fullest the abundance of vegetables, fruits, berries and other summer time dishes. They are not kept thoroughly chilled and hence lose their freshness and fine flavor.

It's cheaper to take too much ice than not enough.

The backbone of the Food Conservation movement is the household ice box. Every woman who takes reasonable care of her good ice chest is helping Mr. Hoover.

It certainly is mistaken economy to skimp on ice.

Be sure and put your ice card out early so that the ice man can take care on his regular rounds. Our wagons only make one delivery a day, and in the event that he should miss you 'phone us at once as all wagons take out at 5:00 o'clock and no deliveries can be made after that time.

More Sewing and Easier

You can do more sewing, better sewing and easier with this Portable Western Electric Sewing machine.

Hardly larger than a fair-sized hat box and as light and easily handled as a typewriter.

You can move it about from place to place—upstairs, downstairs; over where the best daylight is or under the handiest evening lamp.

Occupies so little space that you can put it away anywhere—on a closet shelf, for instance.

Attaches to any lamp socket. No pedaling. Runs by a tiny but powerful electric motor. Under positive control from full stop to full speed by a slight pressure of the foot.

It enables you to do much more and better work—it releases your full attention for planning and guiding the work. Makes sewing a restful pleasure.

If you already own a good machine, this little motor will run it—no matter what make it is. No attaching to do—ready to sew in a second.

We will show you in your own home either of these outfits and convince you that Sewing by Electricity is incomparably better.

As to whether you purchase or not remains entirely with you. All we want is the opportunity to show you.

AMERICAN UNCONCERN SURPRISES FRITZ

Associated Press Staff Correspondent. WITH THE AMERICAN ARMY IN France, July 14.—American unconcern in a close fight not only has surprised the enemy but it has brought a feeling of dismay to picked detachments charged with the duty of driving the fear of the German into the soldiers from overseas.

It appears to be a sort of gospel among the Germans that when they attack for the purpose of spreading terror, after careful plans and preparations that the adversary should lie low and succumb or surrender at the scheduled moment. They are slow to admit that they may be found any where else than under cover when the "frightfulness" comes along. Yet they do find American boys at times coming out into the open, rashly and unnecessarily to meet the worst they have to offer. This fighting spirit of ten amounts to four-hundredths of that which the Germans classify as, although more in distress than in anger. Some of the men from across the Rhine declare that it is not only foolhardy, but it violates the fighting rules since 1914 for a man to face them in the open when it is their attack.

"We could not take the village," because the Americans were where they had no business to be," said a prisoner captured at Nivray, on the front. "They came right out through the barrage and it wasn't right," the German replied naively. "They might have been killed."

Although there is no evidence, it is probable that some unnecessary losses are attributed to this lack of timidity—losses that will diminish as experience tempers zeal.

C. M. MANN, PLUMBER

After years of experience with some of the best plumbing concerns in Wichita Falls, I have engaged in the business for myself and solicit the trade of all who are in the market for plumbing, gas fitting, and plumbing repair work of all kinds. I have been employed with J. L. Moore and B. A. Moore for the past fourteen years, where I believe my work has proved its merit. I will absolutely guarantee every job that I undertake, and will make the most reasonable prices. No job is too large or too small for me to give my personal attention.—C. M. MANN, Phone 1943, 2208 Ninth St. 72-31p

Notice

Owing to the fact that I am called into the military service I have sold my plumbing business to Geo. Dimock, who is now in charge. He can be reached by phone 2088.—B. A. CHILDS. 72-31p

MISS SIMPSON TO TRAIN FOR RED CROSS WORK OVERSEAS

Miss Mabel Simpson, daughter of R. F. Simpson, is so far the only Wichita Falls girl that has answered the plea of the army and the Red Cross for nurses to enter training for service to the army. Miss Simpson will enter her training the first of October at St. Mary's Hospital For Children in New York City, and will commence her course with overseas service as her ultimate goal. Miss Simpson is a talented singer and was a popular member of the society set in those days when there was a society set, before war was declared. Since the organization of the local branch of the Red Cross she has been one of the most faithful workers and is the first to respond to the call for volunteer nurses to enter training.

Miss Simpson will accompany her sister, Miss Ruth, to Lockport, New York, where the latter will enter St. Joseph's hospital part of August and will remain at Lockport until October, when she will go to New York City to enter training.

SOLDIER PERMIT CARD TAKEN FROM RESTAURANT

Major Curtis Atkinson, chief medical officer at Camp Field and military inspector, yesterday ordered the permit card to be revoked on account of failure of the cafe to come up to the standard required. The major also stated that there were several other places in danger of losing their cards for failure to comply with the regulations. The military and city sanitary authorities have had very little trouble with cafes, restaurants and soda fountains in this city, they report, and the conditions here are better than those noted in the average camp city, and it is desired that the standard be kept up. Soldiers are forbidden to go where there is no card shown, and as this card is issued only after stringent sanitary rules are carefully complied with, only the most sanitary places may have the soldier patronage. It has been necessary to issue only a very limited number of cards from cafes and soda fountains in the past, but both Major Atkinson and Mrs. T. B. Shook, the city pure food inspector, state that there are several places which are liable to lose their cards in the near future. If certain careless ways are not corrected, and all regulations complied with.

MR. AND MRS. SUTHERLAND RETURN FROM WEDDING TRIP

Mr. and Mrs. W. C. Sutherland have returned from a week's wedding trip to Dallas, Corsicana, Corpus Christi and other Texas points, and are at home to their friends at the Elmore Hotel. Mrs. Sutherland was formerly Miss Vivian Manley, daughter of Mr. and Mrs. J. J. Manley of this city. The wedding ceremony was held Sunday, July 31, at the home of Rev. J. Sam Barcus, presiding elder of the Wichita Falls district for the Methodist Church, South. Rev. Mr. Barcus read the ring ceremony and the bride and groom were attended by a few of their most intimate friends. Mr. Sutherland is a well known oil man operating in this field, and he and his bride have the best wishes of a large number of friends.

Only one defendant charged with driving with an open muffler, was present at police court this morning, and his case was passed until this afternoon.

B. F. Johnson, secretary of the Chamber of Commerce, has been requested to become a contributor to the Lone Star Oil Journal, a new oil publication which is to soon make its appearance. The request comes from the publishers stated that the importance of the Wichita county oil fields would make the local contribution one of the most important in the state. The first issue of the Journal will contain an account of activities in this field, with the new Burk Burnett find featured.

Leslie Humphrey has been appointed district chairman in the Thirteenth congressional district. Mr. Humphrey expects to issue a call for the district convention in the near future.

M. Wynne Lay, English instructor at the Wichita Falls high school during the 1916-17 term, is now at Houston in training for the Naval Officers Reserve, according to information received by friends here. Mr. Lay last year was English instructor in the Southside Junior High school at Houston.

Miss Jewell Matthews, for some time a nurse at the Wichita General Hospital, left Tuesday for Camp Field, Houston, Texas, to enter the army service as a Red Cross nurse.

Miss Clara Bentley and Miss McMillan returned from a visit in Medicine Park.

SUGAR FOR PRESERVING IN REGULAR CERTIFICATES
Sugar to be sold for preserving purposes will be included in the regular ration certificate issued from the State administration's office at Houston, W. S. Carlow, the county food administrator, stated today. Some grocers have been under the impression that ration certificates would be issued them for sugar sold in 25 pound lots for preserving, but this is not the case. Certificates issued at present are on the basis of the three pounds for 30 meals allowance which has been revoked, which means that only 66 2/3 per cent of the sugar allowed by the certificate can be issued to the grocer. Where the dealer does not have more sugar than he considers necessary to fill his orders, for sugar for household use, he can refuse to sell the larger amount for preserving purposes. The sale of sugar for preserving purposes rests entirely with the merchant.

Notice to Public.
I find on account of the increased demand for city real estate and calls for city loans just at this time, I am unable to handle all the business, and in order to give the service that I wish to, have decided to form a partnership with N. A. Moore and N. G. Blacklock of this city. These men need no introduction as they have lived here for a number of years and are well known, and are men of ability and experience, and with this addition to the firm we will be in position at all times to handle the business on a much larger scale. We earnestly solicit your city listings, and any good conservative city loans at 8 per cent interest. We assure you that you will at all times receive prompt and courteous treatment.—Nanny Moore & Blacklock, Successors to Roy R. Nahn, Friberg Bldg., Phone 653. 72-3tc

OUTWITTING DEVIL SERMON SUBJECT AT TABERNACLE

W. E. Hawkins, who is conducting the revival this week at the Tabernacle at Call Field, spoke last night on "Outwitting the Devil." He said in part: "While the Bible says that the devil is wiser than Daniel, yet we know that Daniel outwitted him. Though the lions stared him in the face, he continued to worship God in Bible reading and daily prayer on his knees. Daniel, great though he was, recognized his own weakness, humbled himself before God and the supreme victory of life was won." At the close of the message, there was a real get-on-the-knee kind of conversion. Rev. Wade Johnson, the resident pastor, says he looks for better things every night this week. Mrs. Clifford is working for a good choir tonight at 8:15. Mr. Hawkins will speak on "When You and I Face God."

GIRLS WHO ESCAPE FROM DETENTION CAMP RECAPTURED

Two girls escaped yesterday from the detention camp at the county farm where a number of girls and women are being treated for social diseases. They were taken into custody within a short time by Leney Humphrey of this city, police force and returned to the detention camp. These same girls were in the party that made their escape several weeks ago and were caught on their way to a public dance.

DOW WILLIAMS LIONS' DELEGATE TO ST. LOUIS MEET

The Lions Club today elected Dow Williams, its secretary, as its delegate to the International Convention of Lions Clubs to be held at St. Louis soon. An appropriation was voted to defray Mr. Williams' expenses in attending the convention. A unique program was carried out today under the leadership of Rev. Percy G. Cross. Under a new arrangement by which members are to alternate in charge of the weekly programs, Rev. Cross had charge of today's program. He asked each member of the club present to tell briefly why he was engaged in the business he was now in. Intimate and interesting accounts were given. The prize offered for the best account was voted to Dow Williams.

Hon. Lucian W. Parrish, candidate for congress, was a guest of the club and in response to an invitation addressed the club briefly.

PARRISH EXPRESSES CONFIDENCE IN OUTCOME OF RUN-OFF

Hon. Lucian W. Parrish, of Henrietta, candidate for congress, was here a few hours today conferring with friends over his campaign in the run-off primary for nomination. Mr. Parrish expresses confidence in the outcome of the second primary and believes that his majority in the run-off will be much larger than his plurality was in the first primary. He expects to be in every county in the district before August 24, the day for the primary.

Mr. Parrish corrected his plurality as published in The Times, thereby reducing it to 256. The error was in the figures for Jack county, those published in The Times Sunday morning giving Mr. Parrish 100 too many votes in that county. The error appears to have occurred in the transmission of the figures.
