NUMBER 101

FRENCH CAPTURE TERGNIER

Red Sox Take Third Game of World's Series

By Associated Press.
CHICAGO, Sept. 7.—Boston concentrated its energies in the fourth inning of today's game for the world series and squeezed in two runs which was just enough to annex the 2 to 1 victory, the third of the contests from the Chicago Nationals. The one run margin was in constant danger, however, and it was not until Dick, Chicago second baseman, was caught at the plate for the third out in the last half of the ninth inning that victory perched finally on the Boston dugout.

Chicago's lone tally came in the fifth inning and was largely a fluke, but Mitchell's men never quit trying and in their half of the ninth started a desperate rally which might have tied the score and put the game into extra innings, had not Pick in a frantic effort to cross the plate, thrown the chance away by reckless base running.

Hippo Vaughn elected to come back in an attempt to retrieve the honorable defeat administered to him in the first game of the series. He pitched a good ball game for the fourth, Hooper, the first man to face the big Chicago left hander, gave an intimation of what the final result would be by putting the game into the back of third base, but nothing came of it in that inning.

Mays Submarine Delivery.
Mays throws an old fashioned underhand ball with a windup which doubtless him in such a position that the uninitiated might think him hunting for fish worms. He had a variety of bait for the Chicago batters, slow ones that floated up to the plate and puffed balls in a fog, varied with a fast one with a dart and jump like a patent bass ball and the Cub slingers but freely by all he offered.

In the fatal or lucky fourth, according to which team the fan prefers, Whitman, veteran of many a hard contest and who has figured in the run-getting for Boston in every game of this series, got himself in front of one of Vaughn's hooks and traveled free to first. He carried a double, and when Melnis singled and scored when Schang polished one of Vaughn's offerings safely, Melnis advancing to third, Scott damped a bonder in front of the plate and Vaughn fumbled it long enough so that Melnis dashed across the plate with the winning run and Scott was safe at first, credited with a hit.

Thomas singled to right and it looked like more trouble for the Cubs but Pick made one of his characteristic bullet throws, and Schang trying to score from second, was out at the plate. Mays ended the jubilee by a fly to center.

Pick was the player to profit by the fluke in the Chicago half. His gentle tap went toward Scott, with fair promise to get a runner at short and his master, but at the crucial moment he decided to belt Scott in the leg and went rolling into the outfield for a double. Heal filed out, but Killifer delivered an honest hit to left and Pick scored.

The highly partisan crowd stood close to a man and yelled for a winning rally when Chicago came to bat in the ninth and almost got what they asked for. Paskert and Merkle expiring indignantly on infield plays but Pick slammed a grounder at Schang and beat the throw by a hair. Manager Mitchell sent in Barber to bat for Deal.

Pick stole second and went to third on a passed ball. Schang threw to catch him and Thomas at third for Boston, fumbled the throw. The ball rolled but a few yards away, but Pick arising from his slide and without a look around dashed for the plate. Thomas recovered the ball and his throw caught Pick far off the plate.

Large Crowd of Series.
The largest crowd of the series, 27,054 paid admissions, turned out and enjoyed the pastime.

Whitman, who had started at bat on the path and in the field in this series, cut off what seemed a sure run for Chicago in the fourth inning. With one out Mann hit and reached second, Paskert lifted the sphere clear to the left field fence. It looked like a triple at least but Whitman sped after it and a younger and bumped into the bagger with his right hand in his glove. He was loudly cheered.

Many in the crowd were inclined to

criticize Manager Mitchell for sending Vaughn to the slab with but one day's rest and further for permitting him to remain after leaving his duties, appeared, as there is no scarcity of twirling material in the Cub camp.

FIRST INNING.
Boston, Vaughn's unexpected appearance on the mound brought loud cheers from the home crowd. Hooper dropped a heavy leaguer into the field, Sean fled to Mann, Strunk lined to Hollocher and Hooper was doubled off first, Hollocher to Merkle, No runs, one hit, no errors.

SECOND INNING.
Boston, Whitman opened with a single to left. Heavy clouds which had shadowed the grounds started to leak and the pavilion spectators moved to the rear shelter. Melnis bunted a foul for the third strike and was out. Whitman stole second as Schang fanned. Hollocher fumbled Scott's grounder, Whitman taking third and the batter reaching first. Thomas filed to Flack. No runs, one hit, one error.

CHICAGO.
Chicago, with the count three and two, Merkle lined sharply to Hooper. (Continued on page 5.)

CONCENTRATION OF AMERICAN TROOPS WELL UNDER WAY

MORE THAN NINETY PER CENT IN FRANCE NOW UNDER PERSHING.

WASHINGTON, Sept. 7.—Concentration of American troops in France, Sept. 7.—British troops to day advanced to the east of Longuevues and Liermont in the region north east of Peronne. Other forces in the Field Marshal's zone crossed the Seneffe road.

In the Lys salient the British north of Erquinghem are pushing toward the western bank of the River Lys. The British have advanced north of Hill 63 to Le Rossignol.

The British in the southern area have made rapid strides forward and this morning were more than nine miles to the east of the Somme, being some distance to the east of Haincourt. Along the Colonne river, Tincourt has been reached and north of here the British are east of Longuevues and Liermont. There has been rather stiff resistance from enemy rear guards with machine guns in several places, but in every instance this was quickly overcome by the British advance.

Under German Shell Fire.
The German artillery now seems to have reached a place of safety for its guns as the British enter towns which come under German shell fire. There has been hard fighting in places where the Germans did not get out quickly enough and were forced to defend themselves. South of the court wood the British are in Metz which now is being heavily shelled.

East of the canal Du Nord many enemy machine guns have been captured and they are being dealt with by the British artillery.

Further evidence of the drain on German power during the fighting of the last few months is revealed in official dispatches. Numerous German battalions now are composed of three companies instead of the usual four. Reserves were not available to keep four company units up to necessary strength. In this process of consolidation, four German regiments are said to have been wiped out entirely.

It also is stated that the men of the German class of 1919 are rapidly disappearing and those of the 1920 class must be drawn on to fill gaps. The dispatches note that the military efficiency of the class of 1920 is very low as the boys are exhausted by underfeeding. American troops arriving in France each month now are equal to fully one half the German annual recruitment.

BRITISH TROOPS ADVANCE IN THE PERONNE REGION

OTHER FORCES OF FIELD MARSHAL CROSS THE NEUIL FINIS ROAD.

WASHINGTON, Sept. 7.—Examination of the history making revenue bill, which imposes more than eight billions in taxes on the American people and authorizes twice that amount in Liberty bonds for next year, was concluded in the house today by Chairman Kitchen of the ways and means committee. Chairman Kitchen stated, speaking yesterday. His address is the longest ever delivered in the House.

Probable effect of prohibition legislation on the national revenue was frankly discussed by Mr. Kitchen in explaining the beverage section of the war tax measure. He also took up the war and excess profits features as well as those affecting corporations and luxuries. Future upward revision of taxes, Mr. Kitchen stated, must be met after conditions existing after the prohibition law is passed and if it is necessary to find new tax sources several hundred millions can be obtained by increased tariff, gas sales and consumption taxes.

Mr. Kitchen declared corporations are not "hit hard" by the bill, which he asserted, is satisfactory as a whole to Secretary McAdoo.

Flank, he said, must bear the brunt of government financing and for this reason tax on bank checks, discouraging deposits was not recommended.

Tobacco taxes, Mr. Kitchen explained, are doubled by the bill, while the automobile taxes, he thought, were "rather high."

But the automobile owner can pay the tax by adding however, that the proposed system of imposing automobile license taxes by horsepower measurements was unjust in some respects.

In a debate on the bill will open next week, Leaders believe now the liquor taxes because of pending prohibition legislation and debate will prevent a final vote before September 17 or 18.

In his address today, Mr. Kitchen said the bill should be enacted by both houses of Congress by November 1. If national prohibition is enacted, new tax sources will be found to replace the \$1,250,000,000 tax on alcoholic beverages provided for in the present measure, he said.

BRITISH PROGRESS CONTINUED WITH GREATER RAPIDITY

GERMANS NOW RETIRING MR. KITCHEN EXPLAINS

LONDON, Sept. 7.—Tergnier, three miles west of La Fere has been captured by French troops. The French have advanced on a 20 mile front to an average depth of two miles and at some places to a depth of four miles. They occupied Tergnier without opposition.

The French troops also reached the forest of Coucy and now are on a big stretch of entirely new ground. British progress on practically the whole battle front from Havincourt wood to the river Aisne continued this morning with rather greater rapidity than had been expected.

The British line starting at Havincourt wood of which the British are in possession, through Metz En Couronne and Fins, then by Liermont, Longuevues, Tin court Boucy, Erquinghem and Tergny to Tergny, where the French line joins the old front.

Flatten Out Line.
Marshal Foch's succession of hammer blows along the German lines from Rheims to Aves since July 18 have now well nigh completely flattened out the greatest bulges created by the German offensives of the spring and early summer.

Further still, the well coordinated progress of his attack has brought him to a point where he may well be able to strike still more disastrous blows to the German defensive system in the west.

From Laon to Cambrai the Hindenburg line stood all last year in the way of the Allied armies seeking to drive back the enemy from northern France and Flanders. Little impression was made in that line except temporarily in General Byng's drive to Arras and the most recent success has been penetration in its southern reaches by the French.

May Turn Both Flanks.
It appears that Marshal Foch's plan may prove to involve the turning of the line on both its flanks at Cambrai and Laon. In the north the British are being held for some days in a position to deliver what might be proved a vital stroke on the west side of Cambrai where they held at the canal Du Nord, and made no move to cross it.

The struggle is being made to the American right and has placed them in a position where they are subject to a heavy onslaught, especially by the artillery. Despite desperate resistance they were being their line forward to its junction with the French where the most determined resistance was encountered. More broken country offered better opportunity for detour and the Germans have taken advantage of every hill side and ravine in placing their artillery and machine guns. The Americans were forced to face a deadly barrage, while barriers of gas were raised in every ravine down which they might advance. An equally destructive artillery response was made by the Americans, however, and the men already tried in previous engagements advanced steadily driving out the machine gun nests one after another.

That the Germans will establish themselves on the Chemin-Des-Dames line there is almost no doubt. This conclusion is reached from statements made by prisoners and substantiated by circumstances incident to the operation.

enemy remaining at the point in the angle made by the line swinging out toward the Aisne. The Germans used their artillery late on Friday night and the Americans and the French during last night and early today the Franco-American line was again advanced. The Allied artillery of heavy and small caliber is being used to tear holes in the enemy lines.

The new forces were brought up along the Aisne to the west of Elsmes where the Germans are entrenched along the canal parallel to the river. The big guns behind the Franco-American line were set in play upon Beaumonts' farm to the rear, while all the cross roads were subjected to a punishing.

SUPPLEMENT TO QUESTIONNAIRES ON EXEMPTIONS

By Associated Press. WASHINGTON, Sept. 7.—A supplement to the questionnaire which men between 18 and 45 will be required to fill out after they register next Thursday has been ordered by the provost marshal general to cover information necessary for the granting of occupational exemptions under the broader provisions of the new man power act. The supplement will consist of a single leaf. It will be filled out by each registrant claiming exemption exactly as in the main questionnaire. Regulations governing the application of the law have now been completed. The points chiefly disputed since the extension of draft ages was proposed has borne upon classification of industries, which was urged by a number of the government administration. It was represented that certain individual enterprises and industries ought to be exempted entirely from the draft.

General Crowder and his staff have held that no general pattern could be adopted and the regulations to be issued shortly provide that exemptions shall be granted only on evidence produced in individual cases. Boards must determine in each case that a registrant is engaged in an occupation or industry necessary to the war and also that the industry involved is necessary to the enterprise.

The ruling leaves shipyards as the one virtually exempted industry.

CONSTERNATION IN THE RANKS OF THE BOLSHEVIKI

VLADIVOSTOK, Sunday, Sept. 1.—On the Usuri front Japanese cavalry has occupied Iman at the junction of the Iman and Usuri rivers. Prisoners report consternation in the ranks of the Bolsheviki forces. The discovery of Kentele Allied troops which they did not suspect until they were in actual contact with them.

On the Manchurian front General Semenov's Cossacks have reached Borgia on the Trans-Siberian railway, 150 miles southeast of Tchita, the capital of Trans-Baikalia. Japanese cavalry covered the right wing, took Ching Yang after a sharp fight and captured 100 prisoners and a baggage train. The enemy is retiring toward the Onon river, 80 miles northeast of Borgia.

The Japanese are issuing gold yen notes in an effort to recuperate the desperate situation in Russian currency.

The Americans have established a Red Cross hospital at Bonhaidon.

BOLSHEVIKI DESTROY TRANS-SIBERIAN ROAD

TIARBIN, MANCHURIA, Saturday, Aug. 31.—Bolshevik forces have destroyed the trans-Siberian railway in the region west of Dauria, a town 20 miles from the point where the railroad crosses the Manchurian border.

There is an unconfirmed report that the Czech-Slovak troops operating in the vicinity of Lake Balkan have fought their way eastward and now control the railway thence north to Tchita. If this report is true, the Czech-Slovak forces here believe they will have no difficulty in joining hands with them.

YOUNG POWELL IS IMPROVING

Reports from the Wichita General Hospital last night were to the effect that J. L. Powell Jr., who was shot at Burk Burnett late Thursday evening, was getting along as well as could be expected and would recover unless complications should develop from the wounds.

In an account of the difficulty, which was reported in the Times Friday afternoon, the Burk Burnett Star has the following report of the shooting:

It seems that Brown and Powell had quarreled and Powell struck Brown with a scuffling and was attempting to shoot Brown when they locked arms with Brown trying to ward off the shot when Mrs. Brown handed a pistol to Mr. Brown who immediately shot Powell in three different places. The combatants were separated at this time and no more deaths were likely averted.

The fight occurred just before the evening train arrived and hundreds of people were on the depot platform within a short distance from the scene of the shooting. In the crowd was Sheriff Hawkins who was soon on the scene with local officers who placed the combatants under arrest. Brown gave bond in the sum of \$2500 and Powell was carried to a hospital in Wichita Falls for treatment. Latest reports indicate that he will recover, though some of the wounds are very dangerous.

"Mrs. Brown was slightly injured by being thrown against the wall of the house when attempting to hand the pistol to Mr. Brown."

HAYWOOD AND 92 OF HIS ASSOCIATES TO PENITENTIARY

By Associated Press. LEAVENWORTH, KAN., Sept. 7.—William D. Haywood, secretary of the Industrial Workers of the World and 92 other members of the organization, convicted in Chicago on charges of violating the espionage act, were received into the federal penitentiary here this afternoon.

The trip, which was made by special train from Chicago was without incident and upon their arrival in prison yard, the 92 prisoners quietly left the coaches, formed a line and marched to the main prison building. After the regular formality of being received into the custody of the warden the prisoners were assigned to cells.

Haywood, chewing gum and apparently at the center of the long line, declared the recent bombing explosion in Chicago was very unfortunate and inopportune and that because of the occurrence it had caused them to be hurried to the prison here, interfering with their efforts to obtain bail.

In a final statement to newspapermen, Haywood reasserted his innocence and that of his associates, in any effort to hamper the United States in its war program.

It was opposed to war before the United States got into it, he said, "but since then I have never done anything to hinder it. The Industrial Workers of the World believe fully that Prussian Junkerism must go."

MANY ARRESTS MADE IN MOSCOW RECENTLY

By Associated Press. AMSTERDAM, Sept. 7.—A large number of arrests have been made in Moscow under a decree dated September 5 ordering the taking into custody of all of the social revolutionists of the right and the taking of hostages from the bourgeois parties and groups of former officials as a precaution in case of new conspiracies. Moscow dispatches state, the persons arrested were chiefly social revolutionists and high ecclesiastics.

The Nervous System

Herewith we show a picture of the human body, outlining the system of nerves as they come from the spine and reach into every organ and tissue of the body.

A little study of it will convince you of the logic of Chiropractic. It will show you why the Chiropractor adjusts the spine to remove the cause of disease. It will show you how impingements of the spine can be and are the causes of nearly ninety-five per cent of the so-called diseases.

As an illustration, take the nerve that controls the life of the kidneys. A hundred different causes can make for the impingement of this nerve as it comes out of the spine. A contraction of the muscles due to a cold, the wrenching of the back due to lifting or a sudden jar, a twisting of the back in any unusual effort—any of these may cause a subluxation of the spine and a pinched condition of the nerve, and a consequent decrease in the amount of life force going into the organ.

THEN YOU HAVE THE DANGEROUS KIDNEY TROUBLES

Cut off the life force to the kidneys and you will have dead kidneys. Reduce the amount of the life force and you will have diseased kidneys.

A dentist to stop a toothache kills the nerve. When he kills the nerve he has to put in a false tooth, because the natural tooth will not live without the nerve. The same is true of every other organ—every ache or pain of every organ is due to a diseased condition of the nerve that feeds it. Local applications to an organ will not cure the cause of insufficient nerve force any more permanently or surely than a dose of dope will permanently stop a toothache. It may lull it to sleep for a time, but it will not cure it.

CHIROPRACTIC WILL REMOVE THE CAUSE.

It smooths out the cranky, crooked, pinched condition of the spine at the point where the nerve leaves the spinal cord, thus permitting a natural and sufficient and regular supply of life force.

You may have any one of the innumerable diseases which medical science has discovered and named—diseases of the stomach, kidneys, heart, lungs, nose, throat, skin—many of them of long standing and pronounced incurable. In about ninety-five per cent of the cases it has been shown that they are due to a pinched condition of the spine, and by putting the spine in proper adjustment the troubles may be remedied.

IS IT NOT WORTH WHILE TO INVESTIGATE?

Our examinations are free, and you are under no obligation in coming to investigate. Chiropractic welcomes the most searching investigation and critical opinion of those who will take the time to study it.

HALL CAINE'S Greatest Dramatic Story "THE DEEMSTER" 2-REELS-2

Starring DERWENT HALL CAINE Son of the Author —AND— MARIAN SWAYNE

One of the greatest dramatic stories ever written. A story which has lived in the hearts of the American people and has been translated into twelve different languages. There are three unusual elements in this picture:

First, one of the greatest romances of love, life and death ever written used as the basis for the picture version.

Second, the author's written statement that he found the scenic arrangement true and charming.

Third, the heir and inheritor of that author's theatrical ability impersonating the father's main ideals.

With such components, but one result is inevitable. The Deemster, is not only a massive photoplay, it is one of the most generally absorbing and personally powerful dramas ever seen.

ALLIED TROOPS STILL KEEP THE ENEMY RUNNING

HAVE PUSHED GERMANS BACK ALMOST TO POSITIONS OCCUPIED MARCH 21.

FRENCH PROGRESS RAPID

Huns Obligated to Hasten Their Retreat on Somme Between Ham and Peronne.

By Associated Press. PARIS, Sept. 7.—The Allied troops are continuing to keep the Germans on the run and as a result of yesterday's operations have pushed them nearly back to the positions they occupied March 21 when the first big enemy offensive of the year was launched. The Germans still enjoy a little leeway in the Canal du Nord and before St. Quentin but elsewhere they are extremely close to, if not actually in their old lines.

The rupture of the right hand hinge of the German line at Peronne was an awkward blow for the enemy but as long as the left hand hinge held on the Soissons plateau he could play for time by pivoting around it and clinging to a temporary line on the heights between the Oise and the Somme. The moment that General Mangin knocked down the defense of the Ailette, however, that makeshift combination became impossible for the long range of hills on the Oise-Somme front was turned on the side of Chauncy and Terquier.

Then the enemy was obliged to turn immediately to the solution of a similar problem adopted by Von Hindenburg in the winter of 1917—a retirement to the half front of Cambrai and the line of the Canal du Nord and he lost no time in executing his plan.

French Progress is Rapid. The French progress yesterday following up the enemy was rapid, as may be seen from the fact that the troops engaged on the Oise at Ailly, more than six miles east of the Canal, moved northeastward to Vieux-Nourenh, the extreme point reached on the Oise yesterday by the Allies, which accounts for the advance of five kilometers mentioned in last night's French communique.

The enemy also was obliged to hasten his retreat in the sector of the Somme between Ham and Peronne. The British pontoon bridge along the Peronne-Ham road toward Athies. At the same time General Debeney's troops, which had crossed the river at Epernay, captured a footing on the highway and finally captured the heights of Vesvins and Ofroy, breaking the line. A general retreat in the direction of Vermand and St. Quentin became inevitable for the enemy as did the abandonment of Ham which was outflanked on the north and south. The late day General Humbert's advance north of the Oise.

FORCE HUNS TO RETIRE ON 17 MILE FRONT

LONDON, Sept. 7.—Field Marshal Haig's troops have forced the Germans to retire a considerable distance along a front of about 17 miles extending from Havrincourt wood to Beauvois, according to the war office announcement tonight. They have also taken a strategic point around which there has been much fighting on the west bank of the canal Du Nord on the way to Cambrai. The statement follows: "On the whole front south of Havrincourt the German retreat continues under close and constant pressure. We have reached the line of Beauvois, Belsel and Havrincourt wood. "In frequent encounters with the German rear guards our advanced detachments are taking prisoners and inflicting numerous casualties on the enemy."

"North of Havrincourt our troops have captured a strong post known as the Spoil Heap on the west bank of the Canal Du Nord, opposite Hermes, taking a number of prisoners and machine guns. "The stocks of coal and road metal which has fallen into our possession together with large quantities of other war material prove that it was the enemy's intention to remain in occupation of the Somme battle field during the winter months, and also the hurried nature of the retreat that has been forced upon him."

FRENCH MAKE ADVANCE ON THE SOMME FRONT

By Associated Press. PARIS, Sept. 7.—French troops today penetrated from four to five miles on the Somme front, according to the war office announcement tonight. They crossed the St. Quentin canal at Tugny bridge and station capturing both places. Progress to the north of Vauxillon was made and Celles-Sur-Aisne was captured. The text of the statement reads: "During the course of the day the advance of our troops reached a point of from seven to eight kilometers on the Somme front. The enemy, whose resistance had greatly increased, was not able to oppose our passage of the St. Quentin canal, which our troops crossed at Pont de Tugny and St. Simon after a violent engagement. Both these places are in our possession."

"To the north and south we hold the general line from the western outskirts of Vaux, Pluquieres, Happen-

OFFICIAL RULES OF REGISTRATION SEPTEMBER 12TH

HOW RECORDING OF MEN FOR OVERSEAS SERVICE WILL BE CONDUCTED.

PENALTY FOR FAILURE

One Year in Prison for Those Who Do or Respond on Date Designated.

WASHINGTON, D. C. Sept. 7.—Ruling issued by the Provost Marshal General as to persons who are required to register September 12 are as follows:

All male persons who have attained their 18th birthday and shall not have attained their 46th birthday on or before the day set for registration by the President must register. The only exceptions are:

(a) Persons, who, prior to the day set for registration by the President, have registered under the terms of the act approved May 18, 1917 (which fixed the original age limit at 21 to 30 inclusive) or under the terms of the public resolution of congress approved May 20, 1918, (providing for the registration since June 5, 1917, of those reaching the age of 21 years), whether called for public service or not.

(b) Officers and enlisted men of the regular army; officers appointed, and men of the federal armed forces, and the officers of the reserve corps and enlisted men in the service of the United States; and (c) Officers and enlisted men of the navy and marine corps and officers and enlisted and enrolled men of the naval reserve force and marine corps reserve while in the service of the United States; and (d) Diplomatic representatives, technical attaches of foreign embassies and legations, consuls general, consuls and consular agents in foreign countries residing in the United States.

Register on Return. Persons not subject to registration solely on account of being in the military or naval service of the United States become subject to registration and are required to register immediately upon leaving such military or naval service.

Citizens of the United States or persons who have declared their intention to become citizens of the United States who do not register on account of absence from the territorial limits of the United States, are required to register within five days after their return to the United States.

The regulations warn registrants and all other persons charged with a knowledge of the regulations, that ignorance of the provisions will not excuse them. These regulations are to have the force and effect of law, and all persons required by these regulations to be registered, and all persons who may claim any right or privilege in respect of any registrant, will be charged with knowledge of the provisions hereof. Failure by any person required to perform any duty prescribed by these regulations is a misdemeanor, punishable by imprisonment for one year, and may result in the loss of valuable rights and privileges and an immediate induction into the military service.

Police to Cooperate. Local police authorities in all parts of the country will cooperate with the government in the enforcement of the provisions of the act. Regulations prescribed and sent to draft officials of the various states contain the following provisions: On the day set for registration all federal marshals, deputy marshals and investigating agents, and all police officers, State, county, township, municipal and town—of whatever grade or rank, shall hold themselves in readiness to render whatever assistance may be necessary in preserving order at places of registration and in assisting in bringing about a complete registration.

All marshals, deputy marshals, investigating agents and police officers shall examine the registration lists and report without delay to the local boards the names of any persons known by them to have failed to register themselves when liable to registration; and shall file the duty of local boards to report to the proper United States District Attorney all cases coming to their attention of persons who have failed to present themselves for registration as required by law.

Must Show Certificate. Police officers may require any person subject to registration to exhibit his registration certificate. In every case in which a duly designated officer or agent refuses or fails to act, the Governor, Adjutant General or member of a local board will proceed at once to name another officer or agent for such duty, and will bring the fact of such refusal or failure, and the circumstances connected therewith, to the attention of the proper United States District Attorney, with a view to the institution of prosecution of such officer or agent, as provided in Section 6 of the act approved May 18, 1917.

It is essential that the people of this State shall accord the fullest measure of co-operation in the carrying out of this order. Ignorance of the law and of regulations issued by proper authority under the law excuses no one. All persons on the border line of registration will be required to give adequate proof that they are outside of the age limit specified. The penalty for failure to register is one year's imprisonment and no man can exonerate himself by the payment of a fine.

RED SOX TAKE THIRD GAME OF WORLD'S SERIES

(Continued from page 1)

Pick popped to Shean. Deal out. Thomas to McInnis. No runs; no hits; no errors.

THIRD INNING. Boston: Mays out, Hollocher to Merkle. Hooper hit to Merkle and Schang out on a grounder. Vaughn, Vaughn knocked down Shean's drive and threw him out at first. No runs; no hits; no errors.

Chicago: Killifer out, Shean to McInnis. Vaughn was given a big hand when he came to bat. He grounded out Shean to McInnis. Flack out to McInnis, unassisted. No runs; no hits; no errors.

FOURTH INNING. Boston: Shean fanned on three pitched balls. Whiteman was hit by a pitched ball. McInnis singled to left. Whiteman going to second. Schang's drive to the left field barrier scoring and McInnis going to third. Scott dumped a grounder in front of the plate and when Vaughn fumbled it, McInnis scored. Deal and Scott reached first, Schang taking second on the play. Scott was given a hit. Thomas singled to right and Schang was thrown out trying to score. Flack to Killifer. Scott and Thomas moved up on the throw. Mays hit to Paskert. Two runs; four hits; no errors.

Chicago: Hollocher dropped a fly into Hooper's mitt. Mann drove a hit over first and reached second. Whiteman made a great catch of Paskert's drive to the left field barrier. Scott robbed Merkle of a hit and threw him out to McInnis. No runs; one hit; no errors.

FIFTH INNING. Boston: Hooper walked. On the hit and run, Shean lined to Vaughn. Vaughn easily doubled Hooper at first. Strunk struck out for the second time. No runs; no hits; no errors.

Chicago: Pick's grounder rolled past Scott for a two base hit. Deal lifted to Whiteman. Killifer singled to left scoring Pick. Vaughn fanned. Killifer out stealing. Schang to Scott. One run; two hits; no errors.

SIXTH INNING. Boston: Whiteman lined to Merkle. Deal caught McInnis. Schang struck out. No runs; no hits; no errors.

SEVENTH INNING. Boston: Flack caught Scott's foul. Deal caught McInnis. Mays out. Vaughn to Merkle. No runs; no hits; no errors.

Chicago: The crowd stood while the band played "The Star Spangled Banner." Pick out. Scott hit. Deal beat out a hit to Thomas. Killifer out. Mays to McInnis. Deal advancing to second. Vaughn filed to Whiteman. No runs; one hit; no errors.

EIGHTH INNING. Boston: Hooper fanned. Shean fouled to Merkle. Flack captured Strunk's fly. No runs; no hits; no errors.

Chicago: Flack filed to Strunk. Hollocher struck out. Scott robbed Mann of a hit and threw him out at first. No runs; no hits; no errors.

NINTH INNING. Boston: Deal threw out Whiteman. McInnis out. Hollocher to Merkle. Schang dropped a single in right and stole second when Hollocher dropped Killifer's throw. Scott fanned. No runs; one hit; no errors.

Chicago: Paskert out. Scott to McInnis. Merkle out. Mays to McInnis. Pick batted for Deal. Pick stole ball, but was out when he tried to score on Thomas' fumble of Schang's throw. The play was Schang to Thomas to Schang. No runs; one hit; one error.

REVIVAL OF SOME OF OLD TIME INTEREST. By Associated Press. BOSTON, Sept. 7.—A revival of some of the old time world series enthusiasm was seen in Boston today in the increased crowds that gathered about the bulletin boards in Newspaper Row to cheer the news of the Red Sox victory in Chicago. At the box office of the local American league club, at Fenway Park, signs of interest were even more marked in the constant line of applicants for seats for the games in Boston.

There will be no necessity this year for the rabid fan to wait in line all night for his favorite seat in the bleachers. The bleacher seats, which will be sold at 50 cents, will be placed on sale with the pavilion seats at 8:10 on Monday at 10 o'clock.

SMILES WERE WRITTEN ON VICTORIOUS FACES. By Associated Press. CHICAGO, Sept. 7.—Smiles were written all over the faces of the victorious Red Sox when they boarded the train tonight for Boston to engage the Cubs in the fourth game of the series Monday.

The small number of persons making the trip was in direct contrast to the world series trips of former years, when special trains carried the rival clubs and fans. The war has eliminated the special trains, and instead additional cars were attached to a regular Michigan Central train. The Boston players and Harry Frazee, president of the club, and his 100000 occupied two cars, the Chicago club one, the newspaper writers another, and members of the National baseball commission and their friends the fifth car.

The players occupied upper and lower berths and no more space was reserved than was absolutely necessary in order to comply with government orders restricting travel.

President Weeghman of the Chicago club and a party of fifty friends will leave for Boston tomorrow.

ATTENDANCE MUCH BELOW FORMER YEARS. By Associated Press. CHICAGO, Sept. 7.—Chicago paid \$100,000 to see the first three games of the world series, according to figures compiled tonight. The attendance for the three games was 66,368, today's crowd of 27,654 being the largest.

Warm weather and a bright sun, together with a half holiday in practically all lines of business, swelled the crowd to nearly capacity proportions. Ticket sales topped a harvest today, for the first time during the series. The reserved seats were snapped up before noon and when the gates opened at the park, half an hour before the start of the game, the aisles got as high as \$5 for a ticket that cost \$1.50.

The receipts and attendance of today's game follow: Attendance, 27,654; total receipts, \$10,118; player's share, \$21,667.72; each player's share, \$7,222.24; National commission's share, \$4,011.80.

MANAGERS OF BOTH TEAMS ARE CONFIDENT. By Associated Press. "When I sail last night that the Red Sox were determined to return to Boston with a two to one edge in the series, I was not boasting," said Manager Barrow, of the Boston club today. "The odds in the lead and intend to remain there. I think we shall win the series because I believe we have the better club. I am not ready to say who shall pitch Monday, but it is not unlikely that Ruth will be sent to the mound."

"It was anybody's game up to the last minute, and the effort put forth by the Cubs clearly shows their determination," said Fred Mitchell, manager of the Chicago club. "Boston took the lead in the first game, Chicago took the lead in the second and Boston the third. Now the Cubs will balance the scale again by taking the fourth. Vaughn got the worst of the breaks today, although he was not in as good form as the opening day. It is probable that I shall use Hendrix in the opener at Boston."

HENRIETTA MAN BURNED TO DEATH IN HOTEL FIRE

Special to The Times. HENRIETTA, TEX. Sept. 7. In a fire which destroyed the Fox hotel here at noon today, J. H. Fox, aged 70, proprietor of the building, was burned to death. The building, a two-story brick structure, was completely destroyed and eight automobiles stored in a garage on the first floor were also burned.

The fire originated in the garage and spread quickly to the second floor. It was not known that Fox was in the building until after the building was burned and it was discovered that he was missing. Later his charred body was found in the ruins of the building.

The hotel was for many years known as the Imperial. It was bought about two years ago by Fox who made the first floor into a garage and the second floor into a rooming house. His son and the latter's wife conducted the rooming house for Fox. Mr. Fox had changed the name of the place to the Fox hotel.

SIMMONS COLLEGE

Enrollment and Equipment nearly one half million dollars. J. D. Sandifer, L. D. President. It is the policy of the Government to stress the importance of College Training. 85% of the 40,000 men in officers' training camps last year were college trained men.

PRESIDENT WILSON AND OTHERS SAY: "I think suspending the sessions of colleges and universities would be very much against the public interest."

WOODROW WILSON: "To the extent that college men are disqualified or too young, their major usefulness lies in remaining in college."

"We need first, munitions, second food, third, EDUCATED MEN."

"The war promises to be long. Urge young men to finish their education."

GENERAL LEONARD WOOD: "The Secretary of War and the Secretary of the Navy are encouraging young men under the draft age to remain at school until there is imperative need for their services."

"We are advising them to take military instruction at school wherever possible and pursue their education. With this instruction I am sure they will be better fitted for the call when it comes to them."

JOSEPHUS DANIELS: "If war is long the country will need TRAINED men and women beyond all possible supply unless our colleges increase their attendance."

Commissioner of Education: "America needs trained men during this period of war. Prepare yourself for either contingency by entering college this fall."

Simmons College has been designated by the War Department as a War Unit College. A Student Army Training Corps will be established, and students above 16 may enlist and get along with their literary education, military training under Government direction.

Simmons College has a faculty of thirty college and university trained, Christian men and women no stronger in the south. Enrollment the past year, despite the war and the drought reached more than 700.

All religious activities receive the strongest and most enthusiastic support. Our A. B. degree the equal of any in Texas. The very best dormitory facilities. The best constructed, Mary-Frances Hall, finished and furnished at a cost of \$50,000.

Our Industrial Home makes possible an education for girls at the minimum expense. The best and best equipped gymnasium in Texas built and furnished the past year at a cost of nearly \$30,000. In addition to the usual gymnasium equipment we have herein a swimming pool, 45 feet long, 32 feet wide, and ranging in depth from 4 to 9 feet.

All athletic activities encouraged and enthusiastically supported. A large athletic field and a new grandstand with a seating capacity of more than 1400. Military training under government direction. All equipment, including uniforms, shoes, etc., furnished by the Government. Location and Climate Ideal.

A fine arts faculty unequalled. Students of free human standing receive certificates to teach without examination. A. B. Graduates receive permanent certificates without examination.

Department: Academy, College, Bible, Domestic Science, Expression, Piano, Voice, Stringed Instruments, Art, Physical Culture, Commercial.

Simmons College is intensely Christian. Your sons and daughters are entitled to the best. Fall term begins September 18. For further information address, D. H. Mansell, A. B. Bursar, Abilene, Texas.

PUBLIC SCHOOLS WILL BE OPENED MONDAY MORNING

ENROLLMENT AND ORGANIZATION WILL CONSUME LARGER PART OF DAY.

CLASS WORK TUESDAY

Usual Opening Program Has Been Disposed of With Facilitate Work.

Wichita Falls public schools will be opened for enrollment and final organization of classes on Monday and regular class work will be resumed Tuesday. The buildings have been made ready for occupation after the long vacation and the regular routine is expected to be under way in record time.

A general conference of all teachers has been called in the study hall at the high school at 10:30 Monday morning.

Members of the high school faculty met Saturday afternoon and a detailed outline of the work of each department was discussed. There has been some demand for military training but no definite arrangements have been made. No governmental provisions have been made for supplying military training in high schools.

At present the work for the coming year at the high school will follow the general outline carried out last term, and every student is expected to be on hand for enrollment and assignment to classes at nine o'clock Monday morning. Class organization will be perfected, lessons assigned Monday and work taken up in regular order Tuesday morning. There will be no time for the usual opening program, the time Monday morning to be devoted to necessary announcements and assignments.

Students in all ward schools, with the exception of Washington school, are expected to report for enrollment and classification at one o'clock Monday afternoon. Washington school pupils will report at nine o'clock Monday morning.

Superintendent Lee Clark has announced that ward school boundaries have been unchanged, but future arrangements will be dependent on attendance at the various buildings. Entrance examinations and examinations to remove conditions in the ward schools will be held at the various buildings Monday afternoon.

Children transferred to the local schools from other school districts will be credited with all work done. Mr. Clark announces that students whose parents or guardians are not residents of this school district will be charged regular tuition.

Principals of the ward schools are requested to meet the superintendent at his office at nine o'clock Monday morning, and principals and teachers of the ward schools will confer at the various wards at 11:15 Monday morning.

CONGRESSIONAL COMMITTEE HAS MEETING IN CITY

The Congressional committee for the thirteenth district met in the offices of Martin, Bullington, Boone and Humphries yesterday afternoon for the purpose of canvassing the vote of the second primary. The convention elected Leslie Humphries permanent chairman and James Calvert secretary. The result of the canvass showed that Mr. Parrish's majority was 1693, and this will be certified to the secretary of state.

Nat L. Juge Joins Real Estate Firm of Knight & Crawford

Nat L. Juge, chief clerk in the general passenger office of the Wichita Falls and Northwestern for a number of years, has associated himself with the real estate firm of Knight and Crawford and the firm is to be known as Knight, Crawford and Juge. Its offices will be retained in the Eldorado Hotel building.

Mr. Juge came to Wichita Falls eight years ago and organized the passenger department of the Wichita Falls and Northwestern under C. L. Fontaine, general freight and passenger agent of that road. Under Mr. Juge's immediate direction the passenger business was organized in a highly efficient manner. His many friends will be glad to learn of his new connection and will wish him success.

SOLDIERS CLUB IS OPENED WITH JOINT PROGRAM

The Soldiers Club was opened last night with an entertaining program under the joint auspices of the Rotary and Lions Clubs and was visited by several hundred soldiers during the evening. The club will now be open every day and evening for Call Field soldiers.

W. S. Curlee presided as chairman at the program marking the opening of the club last night. A. E. Myles delivered a short address, telling the motives that had prompted the Lions and Rotarians and citizens to get behind the movement to provide a club for the soldiers. John W. Bradley contributed a vocal solo, "The Cinderella Girl," performers from the Plaza Aldrome, assisted in the program.

The club rooms are the quarters occupied by the Eagles Lodge. The furnishings of the Eagles have been taken over for the club, including pool and billiard tables, domino tables, lounge chairs, buffet and other equipment.

The club will be run entirely without cost to the soldiers. A representative of the Training Camp Activities Commission is expected here soon to take charge of the club. In the meantime it will be conducted by a joint committee from the Rotary and the Lions Clubs.

COMMITTEE HAS ABOUT FINISHED AT BURKBURNETT

GREATER PART OF MUDDLE HAS BEEN CLEARED UP PAST WEEK.

MANY HAVE POOLED

Practically All Arrangements Made For Drilling Two Wells To Block.

Nothing more is to be done for the arbitration committee which has been in session at Burk Burnett practically the entire week, save sweeping round the edges, as the greater part of the muddle into which affairs were thrown by the intervention of the fuel conservation board representatives has been cleared, according to the report of Mack Thomas, a member of the committee, Saturday night.

Operations which have been practically at a standstill in the entire townsite, can be begun next week, as the necessary adjustments, calling for only two wells to a block, have been made in nearly all instances. Leases and companies have been pooled, where the amount of land under lease contained less than 6 lots, and there will be only three blocks in the entire townsite where more than two wells will be drilled to the block. About two-thirds of the drilling contracts have been cancelled as the result of this pooling of leases, Mr. Thomas stated.

That the United States fuel administration intends to enforce the rule as to drilling in the Burk Burnett field is indicated very strongly in a telegram received Saturday afternoon from the Williams Bureau of Oil Corporations at Oklahoma City. The message is addressed to R. L. Eede, chairman of the committee selected to administer the government rules, and is as follows:

"Newspaper reports indicate that unrestricted drilling is proceeding at Burk Burnett. John H. Markham, director of oil well supplies, has ordered all supply companies to cease delivering drilling supplies at Burk Burnett. Feel you should wire status of matter to this office at once."

(Signed) "WILLIAMS"
Bureau of Oil Corporations.

Inasmuch as all work was stopped in the Burk Burnett field, except where the wells were right on the sand, until the operators were released by the committee, the order will probably be

unnecessary. Practically all of the companies have agreed and are consolidating their interests as fast as they can locate each other and get together. In some few instances owners and lessors have been unable to locate others on the same blocks, but these are getting together and by the first of the week the work will be going on with the same rush as before the work was stopped.

New Company Organized.
One of the new companies to be organized in the Burk Burnett field is the Travelers, of which G. M. Thorton of Clyde is president; D. W. Valley of Wichita Falls, vice president; and Charles Morgan, secretary, and manager. The company is capitalized at \$40,000, and will operate on five acres in the Jackson lease, near the Harvey wells.

Contract for Drilling.
The Sunshine State Oil Co., of which W. A. Freear is president, Ivan Muchison vice president and Walker C. Hendricks secretary, let the contract yesterday for drilling on their forty acre lease two miles southwest of the Hamming property in the Clara district.

Thousand Barrel Well.
It was reported last night that a good well had been brought in on the Maer, Silk and White lease, adjoining the Harvey wells on the east side of the Burk Burnett townsite. It is estimated at a thousand barrels.

Demand for Office Room.
The oil boom has made a big demand for office room as well as for homes in the city. The Hines building now houses more than a dozen oil companies, with three exchanges. Some improvements have been made in the second floor of the building in the way of interior decorations, and a skylight is also to be added.

Oil and Gas Leases.
C. D. Cain to W. C. Myers et al assignment of 10 acre lease from J. S. Hardin, \$30,000.
Floyd E. Ard to C. D. Cain, assignment of lease \$15,000.
Floyd E. Ard to J. A. D. Smith et al assignment of lease \$8,750.
W. C. Myers et al to Eagle Oil Co. assignment of lease, \$16,000.

F. J. Daniel to E. B. Elmer, assignment of one-eighth interest in an oil and gas lease on lots 7, 8, 9, 10, 11 and 12, block 32 Burk Burnett, \$3,600.
G. C. Wood to R. E. Snell, assignment of lease on 40 acres out of the northwest corner of the 318 tract out of the Wm. Dubose survey originally leased by G. C. Wood from J. G. Hardin, \$28,000 cash.
R. E. Snell to W. C. Myers, J. A. D. Smith and J. F. Pickle, assignment of lease on the east six acres of a ten-acre tract out of the Dubose survey originally given Floyd E. Ard by J. G. Hardin, \$30,000 cash.

GAS SPEWS OUT OF THE GROUND NEAR ROSSON

Special to The Times.
HENRIETTA, TEX., Sept. 7.—Gas spewing out of the ground, no well and no pipe line in the vicinity, is a sight that greeted the eyes of G. H. Hancock Tuesday morning.

Mr. Hancock's place is seven miles east of Henrietta and two and a half miles north of Rosson switch. He was out in his pasture looking for some horses and came upon the strange sight. The gas burned for half an hour when he touched a match to it.

J. F. Tompkins, a neighbor, who gave the information to the writer, also witnessed the strange phenomenon. They are of the opinion that there is gas underground at that point and that it had been forced upward by pressure below and when the rain softened the top soil it came through.

Dr. DuVal, Ear, Eye, Nose Throat, Glasses scientifically fitted. 101-11c

OIL LEASES

I have for quick sale some splendid bargains in the Burk Burnett field.

1. Some three and five acre blocks close up to both the Wichita Southern and Smith wells.
2. 15 acres one mile east Harvey wells, at \$2,000.00 per acre.
3. 30 acres one mile northeast Harvey wells at \$1250.00 per acre.
4. Several hundred acres lying west and southwest of Burk Burnett from one to four miles, at from \$125.00 to \$550.00 per acre.

I also have many other bargains. If you wait a few days to buy, you will pay much more, if you can get it at all. The man who hesitates in the oil game is lost—both to fortune and to fame. The winner is the man who acts both quickly and wisely and seizes opportunity by the forelock.

ARE ALREADY IN THE BURKBURNETT POOL

NOT A SINGLE DRY WELL

We Have Ten Choice Tracts Between These Gushers and the Allies, Fisher & Gilliland, and Chenault Deep Well

ALL IN THE PROVEN FIELD

Our No. 6

We are organizing on 2 and 9—16 acres on the J. G. Har din, Duboise, Survey, just west of Burkburnett, within 2000 feet of the Wichita Southern. This location is exactly in line with the Fowler, Wichita Southern, and allies. Capitalization \$45,000.00. Stock selling at par, \$50.00 per share.

FOUR VITAL POINTS

We have organized a series of companies, No. 1, 2, 3, and 5, for development on acreage. No. 4 and 6 now organizing. Others to follow.

YOU SHOULD BUY WITH US:

1. Because we will drill now.
2. Because our capitalization is lower.
3. Because our acreage is larger than others.
4. Because we are close in line with Gig Gushers.

\$100.00 Would Earn

In a 500 barrel well \$100 would earn \$900.
 In a 1000 barrel well \$100 would earn \$1,800.
 In a 2000 barrel well \$100 would earn \$3,600.
 In a 5000 barrel well \$100 would earn \$18,000.

Acreage Counts

Best opportunities are always found in acreage. All of our properties are in large tracts. Several wells may be drilled on each tract. We are protected against offsets. We meet government regulations.

YOU SHOULD BUY WITH US:

1. Because we will drill now.
2. Because our capitalization is lower.
3. Because our acreage is larger than others.
4. Because we are close in line with Big Gushers.

FEW GROCERY MEN ARE INDIFFERENT SAYS MRS. SMOCK

PERSIST IN DISREGARDING ALL RULES OF SANITATION IS COMPLAINT.

TRADE AT CLEAN STORES

Statement Says That Public Encourages Carelessness by Patronizing Firms.

With the report of the August scores Mrs. T. B. Smock, food and dairy inspector, makes the following statement:

"A few grocersmen are still indifferent to all rules on sanitation, and strange to say, the public encourages such carelessness by patronizing them. Why not patronize the grocer, meat market, fountain or any class that handles foods, that are making the greatest effort to keep their places of business clean for only by cleanliness do we hope to have healthy conditions.

"The condition in the dairies are about the same as last month with some improvement in a few places. Some of the dairymen are doing all in their power to handle their milk in the most sanitary methods realizing that it is methods that count.

"Very few can make any improvement that calls for an expenditure of money for with the scarcity of feed and the high price of feed, the profits will be cut very close if any at all can be made.

"There are still a few who do not seem to realize the importance of clean udders, clean brushed cows, clean dry hands, cow lots free from manure and sterilized vessels as the only way to produce clean pure milk.

"The patrons should not forget that milk bottles are expensive and that one not returned or lost now and then soon count up with the dairy man. Return all his bottles and help that much to keep down expenses for just now every little bit counts."

PLAN CAMPAIGN FOR RED CROSS MONTHLY BUDGET SEVENTY-FIVE IN NEW DRAFT AGES HAVE REGISTERED

Beginning September 15, a three days' campaign for a \$2,500 monthly budget for operating expenses of the Wichita Falls branch of the American Red Cross, will be put on by committees from the Lions and Rotary Clubs, according to plans formulated at a meeting of the directors of the two clubs with W. M. McGregor, county chairman of the Red Cross, and other officials of the Red Cross. A thorough canvass of Wichita Falls will be made and monthly subscriptions to the Red Cross treasury asked. The budget decided upon as necessary to carry on the work which will be expected of the local branch for the coming year is \$2,500, and the committees expect to get this sum pledged in three days set for the campaign, September 15, 16 and 17.

MASS MEETING TO ORGANIZE FOR IRRIGATION WORK

Tomorrow night, September 9, a mass meeting of farmers, stockmen and business men of Wichita county and vicinity is called at the Wichita county courthouse, for the purpose of organizing an irrigation district for damming the Wichita river and providing a reservoir to take care of the flood waters and provide an irrigation system. At this organization officers will be named, and steps taken care for the expenses of beginning a campaign to vote bonds for an irrigation district.

J. A. Kemp who has been the principal factor in this movement was out of the city Saturday, but will be here for the meeting Monday night. The Chamber of Commerce has given its hearty endorsement of the movement and will stand behind the organization that is effected. Everyone interested in seeing Wichita county's lands developed for production purposes and an adequate water supply for all purposes made available, is urged to attend the meeting Monday night and support the movement to make an irrigation district of Wichita county and adjacent territory, drained by the Wichita river.

CALL FIELD CAMOUFLAGE

CALL FIELD TO BE AN ADVANCED SCHOOL MONDAY

WEEK WILL BE MEMORABLE ONE IN HISTORY OF LOCAL CAMP.

159 STUDENT OFFICERS

This Number Have Reported for Duty and Are Domiciled in Barracks.

This coming week is to be a memorable one in the history of Call Field. For on Monday the school will actually become a school of advanced flying, as the first classes of student officers, forty in all, will take up their work, flying piff targets, and later in the week will begin work in the miniature observation range, which will not be entirely completed until the latter part of the week.

There are at present 159 student officers who have reported for duty at Call Field, and these have been domiciled in the barracks formerly occupied by the cadets and their organization into a separate corps has been accomplished. Lieutenant Horner, former commanding officer of cadets, is the commanding officer of the student officers, and has supervision of the various division organization of the body. Lieutenant T. J. Farrell is to be personal officer. Lieut. Horner announces, forty men compose a class, and each class, or company, has its executive staff, with one of the class at the head of the organization. They operate their own mess, having a board of stewards and regulate their own affairs independent of the officers who are stationed at the post, with the exception of course, that they are under the command of the instructors.

There are at present 159 student officers who have reported for duty at Call Field, and these have been domiciled in the barracks formerly occupied by the cadets and their organization into a separate corps has been accomplished.

Call Field Brevities

Twenty-five student officers at Call Field were ordered to Langley Field, Virginia, on Saturday, to take advanced work in army corps training.

Lieutenant Robert W. Catlin has reported at Call Field from Langley Field, and has been assigned to flying duty.

Lieutenant Hugh L. McClung is now on duty in the headquarters office, as assistant to Lieutenant R. P. Rooney, camp adjutant. Lieutenant Frank Pradbury, the assistant adjutant, is away on a short leave.

"CALL FIELD BLUES" INSPIRED BY LATE WEATHER CONDITIONS

Dull, grey clouds, great gobs of rain and weather that chills the bones of the last few days caused much blues among Call Fielders. The feeling could only be expressed by the moaning, sobbing "blue tones" of the clarinet, the saxophone or the crooning violin.

Hence the following parody of "The Nigger War Bride Blues," a syncopated "blues" of the bloodiest blue. The parody is a conglomeration of blue words and blue music by several newly commissioned officers at the field, wrought on blue-ink paper.

Dearie, I am weary of the Texas-Oklahoma line Waltin', hatin', hesittatin', melittatin' all the time Mebbe some day, baby, I'll go back to where the bright lights shine (All the time)

My only occupation is a waitin' for the northbound train This life is tough, about enough to drive your lovin' man insane; I sigh and cry to say goodbye and never see this field again (Not again)

Oh, I've got the Call Field Blues Lazy, crazy Call Field Blues.

Never learn to be a flyer just a sittin' getting fat, I'll tell you, babe, this is the damdest war I ever was at.

All I do is lay right on my bunk think Wishing' word would come to pack my trunk.

"Nuthin' Doin'" in Town With "Fite Nite" in View

Retreat had just blown. Two squadron men were coming out of the hangar, one arguing with the other.

"I tell you she's a classy girl. Corp. You'd better let me make the date for you."

"Nuthin' doing," says the Corporal. "I'm going to the big fite night at the new steel hangar Wednesday night. They've got a great card on. Four direct warriors from Wichita Falls are going to mix up the battle royal, and they've got two chess bouts on the card besides. Then the famous Hall-Walton stringed jazz orchestra is going to 'noodle some' following their new song, 'On the Shore of Wichita.'" "You're kidding me, aren't you?" "Not a bit," the Corporal replied. "The 19th quartette is going to render a few selections to soothe the savage breast before combat, and the Call Field Militia Band is going to trot out all the new pieces they've been practicing on these rainy days. You know the fact that on town Wednesday night will be a team of wild horses and anyway everybody from town is coming out here. They're all invited."

After which the boys private hat it for a telephone bank, he took time to come out to the field that night, or at the date altogether.

Plans for the government road from Call Field to Wichita Falls were received in Fort Worth by the district engineer, according to word received at Call Field by Major Alfonso, and were immediately dispatched to Washington for final approval. This means that work on the road will be begun soon.

TWENTY-THREE COMMISSIONED AT CALL FIELD

ARE APPOINTED TO RANK OF SECOND LIEUTENANT IN AIR SERVICE.

FLYING IS SUSPENDED

Weather Conditions Interfered Except for Short Time Last of Week.

Rain caused flying to be suspended for the entire week, closing Saturday with the exception of a short time Thursday and Friday and Saturday morning, and as a result there were no cadets graduated from Call Field this week. There are still 45 cadets at the school to finish and leave with the school with the regular week, while the student officers are training here. Commissions were issued to a number last week on the following orders:

AN INVITATION IS EXTENDED BY MAJOR ALFONTE TO THREE NURSES TO OVERSEAS ORDERS AT CALL FIELD

"The gates are open to all and I want to extend a hearty invitation to every boxing enthusiast and all others interested in sports to attend the weekly 'fite nites' at Call Field," said Major Alfonso Saturday. "The camp officials are planning a most interesting sports program for the coming fall and winter and we want the people of Wichita Falls to feel that they are welcome to all the events."

"Next Wednesday night another boxing and musical program will be staged. The weather prevented the program announced for last Wednesday, but this week's program will be especially worth while. Exhibitions are expected to attend the boxing matches and band concerts, and they can do much to make the affairs successful."

OVERSEAS ORDERS TO THREE NURSES AT CALL FIELD

Overseas orders have come for three of the post hospital nurses at Call Field, Misses Hendrickson, Miller and Key. Three of the nurses first assigned to duty at the field, when the Red Cross nurses were assigned to post hospitals. They have served faithfully at this field and have been very popular with patients, the hospital attendants, in fact, with all persons whom they have come in contact both in the city and at the camp, and the best wishes of their many friends are with them in the foreign service.

PLANES COLLIDE; TWO ARE KILLED AT MATHER FIELD

Two of Call Field's pioneer flying officers, Lieutenants Alexander and Eberhart, have been ordered to Hoboken, which means overseas. Both officers were flying with a group of friends in Wichita Falls during the month they have been at the camp and their departure will be much missed. However, as these orders mean a further step to the realization of the ambition which caused them to enlist in this service and work for so many months, they will be sent on their way with wishes for the best of good luck, and a speedy return.

MISS RUNA BROWN IS MARRIED ON TUESDAY

The marriage of Miss Runa Brown to Rev. A. J. Holt of Fort Worth, Tex. was solemnized at the First Baptist church at high noon on Tuesday, September 3, Rev. O. L. Powers reading the impressive ring ceremony. The church had been beautifully decorated and a shower of ferns was artistically arranged at the altar.

Preceding the entrance of the bride party, Miss Katherine Cook sang "Until" after which Miss Kath. Stensopher at the pipe organ played Mendelssohn's Wedding March while the bride, preceded by Misses Lou Ella Morgan, Imogene Brown, Bessie Lee Bartlett and Blanche Lawler, bride's maids, Little Laverne Roberts, flower girl and James Maxwell, ring bearer, entered at the side of Miss Edna Jones, maid of honor, meeting the groom at the altar.

Brother of the bride, best man at the altar. The bride wore a dark blue suit, beige hat, with accessories to harmonize, and carried a shower bouquet of bride's veil. Misses Bartlette and Brown, bride's maids, wore light blue georgette crepe and carried white chrysanthemums while Miss Morgan and Lawler, approaching the altar from the opposite aisle, were dressed in white georgette, with bouquets of yellow chrysanthemums. The maid of honor was in white georgette and her bouquet combined the yellow and white flower motif. Miss Stensopher played "The Spring Song" softly during the ceremony. Messrs. Oran Trout, Kenneth Irwin and Henry Gill were ushers.

The bride is the daughter of Mr. and Mrs. E. H. Brown, and has made her home in Wichita Falls during the past six years. The past two seasons she has spent in the Baptist Bible train in school at Fort Worth where the romance which culminated in Tuesday's wedding had its inception. Rev. Holt is pastor of the Baptist church at Bridgeport, Texas, but the young people will make their home in Fort Worth where he is attending the Seminary during the week.

NEW IDEA CLUB BEGINS MEETINGS FOR FALL

Mrs. L. W. Newton entertained the New Idea Club members in their opening session of the fall on Wednesday, September 4. There were four guests, Misses Polly Parker and Beulah Land, of Vernon, guests at the Newton home, and Mrs. L. S. Campbell of Dallas, a guest of Mrs. J. J. Simon, and Mrs. Grover Bullington, and those with the club members spent a particularly enjoyable afternoon. The members present were: Mesdames Carey, Simon, Harry Thornberry, Delis, Newton and Dobson.

MISS YOUNGBLOOD IS MARRIED AT HOUSTON

Miss Elizabeth Youngblood of this city and C. A. Lattue of Lake Charles, La. were quietly married at the home of a Baptist minister in Houston at seven o'clock on last Sunday evening. After September 15, Mr. and Mrs. Lattue will be at home in Lake Charles where Mr. Lattue is connected with one of the banking institutions of that city.

The bride is the daughter of Mrs. S. A. Youngblood of this city and made her home here for a number of years.

TEACHERS ARRIVE TO TAKE UP SCHOOL WORK

Miss Louise Denny, of Crockett, Texas, Miss Willie Monk, and Misses Marquette and Willie Price Mizelle of Wavahatche, arrived last week to take up their work in the public schools, all having been members of the faculties during the last term. Mrs. H. P. Mizelle will spend the winter here with her daughters. All are at present with Mrs. M. H. Stratton, 1309 Austin.

New Garments, Supremely Beautiful, Characterize Our Display in the Ready-to-Wear Section

Truly the creators of fashion though restricted somewhat by limitations imposed by the war, have produced styles of consummate grace and beauty. Simplicity has been the foundation but never has it been so delightfully portrayed nor so skillfully developed. Every favored model is here for your inspection in our splendid assortments.

Sure of your admiration and approval are these

FALL COATS

Of velour, broadcloth, bolivia, velvet and other materials which are proven favorites for Fall.

There's an indescribable charm in the graceful lines upon which they are designed, while the many and varied touches here and there provide an individuality exceptionally pleasing. Convertible and shawl collars share equally in popularity; these are sometimes of cloth and often of fur. Full length models with slightly flaring skirts, shirred or tucked at the waistline, are prominent in the displays which are so extensive that no difficulty will be experienced in finding just that type which best expresses ones own personality. We cordially invite your inspection of the new arrivals. Coats priced \$19.50, \$24.50, \$29.50, \$34.50, \$39.50, \$42.50, \$45.00 and up to **\$150.00**

Modish Suits for Early Fall Wear

In Displays which feature every detail proclaimed correct by Dame Fashion

No effort has been spared in order that our showing of fall suits may meet the requirements of every woman, whether she desires a suit of the dressy type or one designed strictly for utility. Truly comprehensive are our displays, embracing every desirable style feature and every material which has found favor for fall wear.

The rich autumn shades of brown, taupe and blue are exceptionally attractive in these models, which are so delightfully "different" one from the other. Selections should be made now as assortments are complete in every particular, affording excellent choice.

WOLFF BUREAU CHARGED WITH COLORING NEWS

By Associated Press. LONDON, Friday, Sept. 6.—The German official news agency, the Wolff Bureau, is blamed by the Cologne Gazette for the manner in which the German people have taken the defeat of the Teutonic forces to heart. The Gazette complains that the Wolff Bureau's official reports aroused the impression with their description of great German successes, that Germany's enemies were exhausted and that it needed only one supreme exertion to accomplish their utter defeat.

The paper recalls how the harvest was over-estimated in the first years of the war, how German hopes were dashed on promised supplies from Russia and the Ukraine and on the "loot" war and how "inventions of all sorts were trumpeted forth."

The Gazette quotes from a Wolff Bureau dispatch which spoke of enormous supplies of clothing captured in Russia, Italy and northern France and which represented the booty in rubber and copper as sufficient to cover the German army's requirements for a year.

"It is not to be wondered," the newspaper says, "that there would be disappointment and mistrust when after a year we were asked to part with our clothes and door handles to cover urgent needs."

CAMPAIGN TO ENCOURAGE PLANTING OF FOOD CROPS

By Associated Press. AUSTIN, Tex., Sept. 7.—A campaign to encourage the planting of more food and food crops in Texas next season will be started soon under the direction of the state department of agriculture. Plans for this campaign were discussed here recently at a conference of the field agents of the department with J. W. Neill, farm institute director of Texas.

According to the plan, field agents during the next few weeks will confine their efforts to portions of the state where the cotton crop is best with the view of stimulating interest for better cotton yields.

The field men will urge the planting of small patches of wheat for home consumption. This plan was followed last year in eastern and southern Texas with good results, the department of agriculture says.

Another mission of the field men of the department will be to find employment for those who will be out of work when cotton picking jobs give out.

SUPREME COURT OFFICIALS PLAN REGULAR HEARINGS

By Associated Press. AUSTIN, Tex., Sept. 7.—Although plans have not been worked out, it is regarded as likely by court officials that the supreme court, after October 1, will hold regular hearings three days a week. In that case, it is said, one day will be used by the supreme court itself while the other two days will be occupied by the two divisions of the new commission of appeals recently appointed by the governor to help the court catch up with its work.

Such an arrangement, it is said, may result in opinions being handed down three days each week although that has not been definitely decided.

AUSTIN, Tex., Sept. 7.—A campaign to encourage the planting of more food and food crops in Texas next season will be started soon under the direction of the state department of agriculture. Plans for this campaign were discussed here recently at a conference of the field agents of the department with J. W. Neill, farm institute director of Texas.

According to the plan, field agents during the next few weeks will confine their efforts to portions of the state where the cotton crop is best with the view of stimulating interest for better cotton yields.

The field men will urge the planting of small patches of wheat for home consumption. This plan was followed last year in eastern and southern Texas with good results, the department of agriculture says.

Another mission of the field men of the department will be to find employment for those who will be out of work when cotton picking jobs give out.

SUPREME COURT OFFICIALS PLAN REGULAR HEARINGS

By Associated Press. AUSTIN, Tex., Sept. 7.—Although plans have not been worked out, it is regarded as likely by court officials that the supreme court, after October 1, will hold regular hearings three days a week. In that case, it is said, one day will be used by the supreme court itself while the other two days will be occupied by the two divisions of the new commission of appeals recently appointed by the governor to help the court catch up with its work.

Such an arrangement, it is said, may result in opinions being handed down three days each week although that has not been definitely decided.

WOLFF BUREAU CHARGED WITH COLORING NEWS

By Associated Press. LONDON, Friday, Sept. 6.—The German official news agency, the Wolff Bureau, is blamed by the Cologne Gazette for the manner in which the German people have taken the defeat of the Teutonic forces to heart. The Gazette complains that the Wolff Bureau's official reports aroused the impression with their description of great German successes, that Germany's enemies were exhausted and that it needed only one supreme exertion to accomplish their utter defeat.

The paper recalls how the harvest was over-estimated in the first years of the war, how German hopes were dashed on promised supplies from Russia and the Ukraine and on the "loot" war and how "inventions of all sorts were trumpeted forth."

The Gazette quotes from a Wolff Bureau dispatch which spoke of enormous supplies of clothing captured in Russia, Italy and northern France and which represented the booty in rubber and copper as sufficient to cover the German army's requirements for a year.

"It is not to be wondered," the newspaper says, "that there would be disappointment and mistrust when after a year we were asked to part with our clothes and door handles to cover urgent needs."
