VICE-CHANCELLOR OF GERMANY DISCUSSES PEACE PROPOSITION

AMSTERDAM, Thursday, Sept. 12.—Reiterating that Germany "was innocent and attacked party" in the war, had a right to demand indemnification, Frederick Von Payer, the German imperial vice-chancellor, in his speech today at Stuttgart said that we prefer our own reflection, and even with our own favorable military situation to abandon this idea.

Turning to the question of the occupied territories, the vice-chancellor said that as a preliminary condition of peace for Germany and her Allies, those nations must have their pre-war possessions, including the German colonies restored. Then Germany, he declared, could evacuate the occupied regions and could give back Belgium without encumbrance and without reserve, providing no other state was more favorably placed in regard to Belgium than was Germany.

"WORK OR FIGHT" IS RULE PROCLAIMED BY PRESIDENT WILSON

WASHINGTON, Sept. 13.—President Wilson himself took a hand today in the enforcement of industrial peace and continued war production. In effect he gave notice to employers and employees alike that no interruption of production will be tolerated; that both the government powers of commanding and the work or fight order will be applied rigidly where necessary to deal with recalcitrants.

The President's warning was given in a letter to union machinists and other striking workmen at Bridgeport, Conn., who left their jobs in war material plants a week ago because they were dissatisfied with an award by the war labor board, to which demands had been submitted. The men were told to go back to work on pain of being banished from employment for a year and of losing all claims to exemption from military service on occupational grounds.

SAYS "DAY ADDS A PAGE OF GLORY TO AMERICAN HISTORY"

By Associated Press
LONDON, Sept. 13.—The assault on the St. Mihiel salient was the most successful day, which feature it with the biggest headlines. ALLOTMENTS OF SUGAR CANNOT BE INCREASED

The Federal Food Administration for Texas announces that the total allotment of sugar for all purposes in Texas for September is 18,700,000 pounds. Certificates for that amount have already been mailed to those manufacturers and merchants entitled to participation in the distribution of this sugar. It is obviously impossible to increase any of the allotments. Requests from retailers in all parts of West Texas, are pouring into the office of the Food Administration asking for increase in the amount of sugar allotted to them for September over their allotments for the previous month. These requests are based on various and sundry contentions, but back of it all seems to be the desire on the part of the retailers to sell more sugar. In meeting the contentions for larger allotments the Food Administration has advised distributors through the county food administrators as follows: "It must be taken into consideration that whereas certificates held by retailers in July and August represented only 62.2 per cent of their face value, certificates held by retailers in September represent their face value and have been issued up to the amount of 80 per cent of the sugar asked for by all retailers. In other words, the allotments to retailers on their statement 'E' for September is an increase of 15 per cent over the amount of sugar going through that channel in August. This increase has been made possible by a special allotment of two million pounds over the August allotment on account of the fact that retailers for preserving purposes, in July and August. While these two million pounds will not fully replace all sales made on account of preserving and canning the amount will help to cover matters up somewhat. Therefore, district and county administrators will please explain to the retailers submitting claims for additional sugar that there is no additional sugar. The Federal allotment of sugar for Texas during August was approximately 17,000,000 pounds. FORMER DEPUTY MARSHAL BOUND OVER TO GRAND JURY John Hart, former United States Indian agent in Oklahoma, engaged in the suppression of the liquor traffic, was bound over to the Federal grand jury at the time of his arrest to transport liquor, at a hearing before U. S. Commissioner Laatz Thursday afternoon. His bond was placed at \$5000. Hart was arrested at Bowie several weeks ago. He and another man were driving through in an auto, in which was found a quantity of whisky. Hart at the time of his arrest exhibited a deputy United States marshal's badge and claimed that the man with him was his prisoner whom he was taking back to Oklahoma. FIVE CASES ARE CALLED IN THE POLICE COURT Five cases came up for trial in the city police court this morning, but one case, reckless driving, was passed until Saturday morning. Two \$100 fines were assessed defendants charged with affray and two other \$10 fines were shown in cases of running with open muffler and speeding. Carlsbad bottles boiled and sterilized before using. Griggs Grocery, 100-101.

AT THE THEATERS

FATTY ARBUCKLE IN "THE COOK" AT THE MAJESTIC Roscoe (Fatty) Arbuckle, widely known as the commander-in-chief of America's army of screen comedians, is seen at his best in his latest comedy produced for Paramount, "The Cook," which will be shown at the Majestic theatre today and Saturday. Mr. Arbuckle is the heavy-weight cook in a beach cafe and like the waiter, he loves the pretty waitress. They are rivals until a tough guy enters the place and takes a hand in the love game. Arbuckle sets his rival upon the doorstep and a scene of excitement ensues. Many comical situations follow, including a screaming funny fishing trip made by Arbuckle and his dog, a chase of the tough guy down a roller coaster, the fall of the cashier from the coaster to the ocean, her rescue and the like.

"ALIMONY," STORY OF A FRIVOLOUS WIFE In one of her latest pictures, Miss Whittell, in the role of Mrs. Bernice Flint in "Alimony," is out of date and looking about for a divorce broker to get rid of hubby, and when he protests, retorts that she carried him for his money, that she is going to get all she wants of it, and that what she is going to court for is not to plead for a favor but to demand, as my right, "alimony." She gets away with it, for like most men hubby had rather pay than stand the glare of publicity. Of course, such a lady isn't allowed to go rampaging right up to the last scene of the film without getting her needles, and of course, her wickedness is only a foil for the goodness and sweetness of the heroine.

REAL WESTERN STUNTS IN "WESTERN BLOOD" Tom Mix in his lively and thrilling William Fox production, "Western Blood" is seen at the Empress today. This play's worth seeing. It's one of those stirring pictures of western life that is enjoyed by everyone. Tom Mix knows the plains. His horseback riding is a joy to behold and his stunts are remarkable. The story gives him a fine opportunity to put on the screen not only excellent horsemanship but a fine example of how a man of the plains makes love.

"LOVE WATCHES" AT THE EMPRESS SATURDAY That love is a tallman that will watch over its own men or women in any situation, is the theme of "Love Watches," the Vitaphone Blue Ribbon feature which will be seen in the Empress theatre Saturday. Corinne Griffith is starred in this French comedy in the role of Jacqueline, made famous in London and in this country by Billie Burke, and in the supporting cast are Denton Vane, Florence Deshon, Julia Swayne Gordon, Edward Burns, Alice Terry and Charles Stevenson. Jacqueline refuses to marry a pre-occupied book work and chooses a dashing count of many affairs. His love is true, but he is pursued after

MAJESTIC TODAY AND TOMORROW "ALIMONY" "The Tie That Burns" An amazing story of the divorce traffic, written by an old court reporter who knows every angle of the game from securing faked evidence by private "detectives" to signing "em up for the dough." Tells how the grafters had a "sucker safely hooked" and how a good woman upset their plans. From the opening scene in which Mrs. Bernice Flint, discontented wife, tells her wealthy husband that she married him for his money, and "that's what I'm going to court for—not to plead for a favor, but to demand my right—Alimony." to the sensational pistol battle in autos at the close, there isn't a moment's time to think of the high cost of living. In "Alimony" the story centers about the loves of two women for one man. One, losing him, seeks the strangest revenge imaginable—a revenge unique in its fiendishness. Some revenge—but wait till you see. "Alimony" is a picture the whole family can see with profit and remember with pleasure. Added Attraction Fatty Arbuckle -IN- "THE COOK" His latest two reel offering on the PARAMOUNT program, the comedy is clean and wholesome and Mr. Arbuckle is supported by Al St. John, Buster Keaton, Alice Lake, not to speak of "LUKE" the dog, whose performance is a revelation of canine sagacity.

"WORK OR FIGHT" IS PROCLAIMED BY PRESIDENT

trator, the unanimous choice of the members of the board.
"The arbitrator thus chosen has made an award which more than ninety per cent of the workers at the plant accepted.

The German emperor recognizes one good trait in the English. In his address to the workers at the Krupp plant yesterday he said: "Everyone who knows the character of the Anglo-Saxons knows what it means to fight them—how tenacious they are."

The German emperor in speaking before the workmen at Krupp makes the causes of the war quite plain and satisfactory to himself. The German people were a great "industrious, meditative and imaginative in all domains" people. Their successes aroused the jealousy of all other peoples except the brave and magnanimous Turks and the chivalrous and tender hearted Bulgars.

Market Report

New York Stocks

By Associated Press.
NEW YORK, Sept. 13.—Resumption of trading on the stock exchange after the holiday was marked by irregular price changes, a few leaders displaying moderate strength while speculative issues, extended their losses of the mid-week. Reactionary tendencies became more pronounced before the end of the first half hour, Marine preferred forfeiting almost three points as a result of its unfavorable annual report, while U. S. Steel and some of the active rails yielded 1 to 2 points. More prominent specialties also developed recurrent beariness, notably tobacco, distilling issues and oil.

Grain Market

By Associated Press.
CHICAGO, Sept. 13.—Corn developed strength today owing largely to the fact that stock on hand in public elevators here had dwindled to nearly the vanishing point for the kind that can be delivered on September contracts. Opening prices, which ranged from the 1/2 to 3/4 up with October \$1.25 to \$1.32 and November \$1.51 to \$1.52, were followed by decided gains all around.

Cotton Market

By Associated Press.
NEW YORK, Sept. 13.—The cotton market opened unchanged to eleven points higher and sold 2 1/2 to 3 1/2 points above Wednesday's closing figures right after the call, owing to the houses with English contracts and covering. October contracts sold at 24 1/2 and January 31 1/2 but at this level the market seemed to meet increased hedge selling while there was also considerable scattering realizing and prices soon turned earlier. Before the end of the first hour October had reacted to 34 1/2 and January to 33 1/2 with active months generally selling 2 1/2 to 2 3/4 points net lower.

Cotton Market

By Associated Press.
NEW ORLEANS, Sept. 13.—On the opening of the cotton market today, brokers had a considerable volume of buying orders to fill and the demand caused a rise of 18 to 43 points. Better weather conditions over the belt and the failure of the hurricane to enter in the Gulf of Mexico created a selling movement on which prices reacted to a decline of 10 to 24 points compared with the close of Wednesday.

London Is Mecca Of Veteran Flyers 'On Leave' to Rest

Associated Press Mail Correspondent. LONDON, Aug. 13.—The American soldier on his first visit to London from some of the numerous camps around England, often asks why there seem to be so many aviators strolling around the city streets, apparently without a care in the world. It is evident that many of them are veteran flyers, for they wear ribbons and decorations which could have only been won by great valor on the field. Most of these men, the American learns, are "on leave." London is the great "rest-camp" for aviators. After a long period of war flying in France, they flock back to London to rest their nerves, until their medical officers pass them to return to duty. Two to four weeks is the average period they spend in this city. They naturally look forward to these periods of leave with great pleasure, but by the time their three or four weeks are up, they are beginning to be anxious to get back into the atmosphere of gasoline. Any day one can see dozens of them arriving at a certain London station. Their faces reflect pleasurable anticipation of their holiday. "I can have a rest now," they are saying to themselves. "No five o'clock calls in the morning. No roar of engines in my ears all day. No more dodging shell bursts over Belgian swamps. I can forget the war." So they settle down for a day or so. For a week it is delightful. Then

HERR VON PAYER SEEKS TO PACIFY GERMAN PEOPLE. (Continued from page 1.) the confidence which the position places in the Prussian and the imperial government. Further postponement of said is not permissible, adding, "I do not believe my belief that the decision of the Prussian government may be regarded as already taken and I regret to say that the present terrible struggle would not end with a peace of the customary character. A mere glance at the state of complete exhaustion of the world excludes such a possibility, he said. Question of peace negotiations, he said, "the middle and the lower classes, when it came to the sound table, fell quietly into the background. Now is over and the governments will conclude the coming peace treaty in close harmony with the entire people. "The main thing for them in peace is not the acquisition of land, treasure and glory; the aim nowadays at least is the conclusion of a lasting peace and therefore there will be no peace of conquest." Will Dissolve Diet Unless Agreement Is Reached on Franchise. By Associated Press. COPENHAGEN, Thursday, Sept. 12.—The government is firmly decided to dissolve the Prussian diet, if no agreement is reached in franchise reform question, according to the Berlin Lokal Anzeiger. Chancellor Von Hertling, however, will shortly summon various party leaders for a conference, the article continues, and every effort will be made to find a solution to the question. It adds that the house of lords will be given full opportunity to consider the question despite attempted "terroristic methods" plainly referring to the social democratic party's published demand that the diet be dissolved immediately. It appears likely that a decision will not be reached for a fortnight or more. Texas Carlsbad Mineral Water. King of mineral waters. Griggs Grocery. Phone 745. Dinners 25c. Hoover dinner. 25c. The Branch House Man. This is one of the Swift & Company Branch House Men. They are all pretty much alike in the way they feel toward their work—and that is what this ad is about. They know that most people couldn't get such good meat promptly and in good condition if it weren't for the branch houses of which they are in charge. They know that the branch house is one of the most important links in the chain of preparing and distributing meat for a nation. They know that Swift & Company must have its branch houses run at the highest notch of usefulness; that even a Swift & Company branch house won't run itself, and that it is up to the branch house man to run it properly. Any branch house man who doesn't see his work in this light is transferred to some other place with Swift & Company to which he is better adapted. They are picked men, these branch house men. Every time you sit down to a steak or chop, or cut of roast, you can give a grateful thought to the whole crew of them. And remember, in a general way, that everything that makes life smoother and more convenient for you is the result of the thoughtfulness and effort of a lot of people of whom you have never heard.

While, European nations will also have certain material advantages. One of these will be the impetus given by their colossal national debts, which will spur them to redoubled efforts toward a quick rebuilding of their foreign trade.

TOTAL OF 4,854 REGISTERED IN WICHITA COUNTY

A total of 4,854 men registered in Wichita county yesterday, and the day immediately preceding the twelfth according to the report wired to Washington today by George Thurburn, clerk and member of the Wichita County Draft Board.

FOURTEEN MILLION MEN MAY HAVE REGISTERED By Associated Press. WASHINGTON, Sept. 12. Yesterday's registration of men, between 18 and 45 for military service was eight per cent above the advance estimate and may have added close to 14,000,000 men to the main register rolls, according to reports that commenced coming to Provost Marshal General Crowder today from state draft executives.

AUGUST REGISTRATION WITHIN 48 OF ESTIMATE By Associated Press. WASHINGTON, Sept. 12. Registration on August 24 of men who had reached 21 years since June last added 157,963 men to the nation's main register rolls, the provost marshal general announced today. This was just forty-eight less than the advance estimate of 158,011.

FIVE STATES EXCEED THE TOTAL ESTIMATED By Associated Press. WASHINGTON, Sept. 12. Five states reporting early today on yesterday's draft registration of men of 18 to 45 showed totals between six and seven per cent greater than the estimate made for them by the provost marshal general's office. Officers of General Crowder's staff said, however, that the 13,000,000 grand total expected would not be overrun to that extent, as the states reporting probably had abnormal local conditions.
