PEACE PROPOSALS ARE NOT ACCEPTABLE TO THE ALLIED NATIONS

By Associated Press.
WASHINGTON, Sept. 16.—Austria's peace offensive note had not reached the state department early today nor had the state department heard through official channels of Germany's reported offer of a separate peace to Belgium.

Both of these moves are recognized in both government and diplomatic quarters here as the definite beginning of the expected desperate and tonic efforts to confuse the issue, sow discord among the Allies and patch up the positions of their governments as best through various propaganda while they still hold the spoils of war.

No doubt is to be found in any quarter as to what the answer of America and the Allies will be to the Vienna proposal for "non-binding" peace discussion, although of course, officials carefully refrain from formal comment before the note actually is received. Even when victorious German armies were advancing into France such a suggestion would not have been considered seriously. Now that the tide is turning and America and the Allies are attacking the enemy out of conquered soil, there is no disposition to parley over what the Teutons shall be allowed to keep.

Officials here read carefully the text of the Austrian communication, the press dispatches and exchanges between the belligerent governments on the subject probably already are under way. It is assumed that the official version will come in a few hours through one of the neutral legations.

IMPORTANT CONFERENCE TO DISCUSS PROPOSAL

By Associated Press.
AMSTERDAM, Sept. 16.—An important conference of leaders of the majority parties of the Reichstag was held Sunday with reference to the Austrian peace note, telegrams from Berlin today reported.

According to some of the reports, Count Von Hertling, the imperial chancellor, presided at the conference, which lasted for two hours and a half. Admiral Von Hintze, the foreign secretary, also attended to discuss the proposals.

"It is time the war came to an end,"

PEACE NOTE WAS GIVEN OUT SATURDAY

By Associated Press.
AMSTERDAM, Sept. 16.—Austria's peace note was handed to the Entente representatives at Bern, Switzerland, at one o'clock Saturday afternoon, according to the Swiss press.

COMMENT UNFAVORABLE TO AUSTRO-HUNGARIAN PROPOSAL

VARIETY OF OPINION FROM BERLIN PRESS

By Associated Press.
LONDON, Sept. 16.—The peace offensive should have been left to the Entente Allies, according to the Tages Zeitung of Berlin, which comments on the Austrian peace note.

The fate of all previous announcements as to readiness for peace or a conciliatory spirit on the part of the central powers does not encourage great hopes that this offer will meet with great success. The newspaper says it must naturally encounter great skepticism on our part.

"After our experiences hitherto with peace proposals," says the Lokan Anzeiger, "we cannot help feeling thoroughly skeptical."

Austria's move may prove quite a "risky step," says the Neue Nachrichen of Berlin. The Boersan Zeitung places no very great hope in the offer and the Berlin Post fears the offer will be again interpreted by Entente countries as weakness and a begging for peace on the part of the central powers.

"A discussion of the timeliness of the Austrian step is useless," says the Vorwaerts. "Once it was made without the German government taking a similar step, there is nothing for Germany to do but to give adhesion to the peace proposals."

That is the only way of preventing harmful effects and permitting the good effects to be fully developed. Austria's peace tentatives will be welcomed by the government of the people and many hopes will be placed in it, but it is necessary to utter a warning over hasty optimism.

Through the fault of both sides obstacles to peace have piled mountain high," according to the Kreuz Zeitung, which fears that the Austrian note will be held in political circles in Germany as a revelation of speedy enemy preparation of the meaning of American military participation in the war. The newspaper is held in political circles that Germany realizes she will soon be compelled to withdraw from Belgium and if she could secure a treaty barring Belgian territory to Allied troops and aircraft she would be thereby protecting Germany against hostile attack.

In the speech made at Manchester by Premier Lloyd George it is believed he replied in advance to any peace tentative. In fact, it is believed the premier knew Austria had this move in mind when he delivered the speech.

PREMIER LLOYD GEORGE IS MUCH IMPROVED

LONDON, Sept. 16.—Premier Lloyd George had a distinctly better night last night and had several hours of continuous sleep, says the official bulletin issued by the attending physicians today.

NOTE WAS ORDERED BY EMPEROR CHARLES

By Associated Press.
AMSTERDAM, Sept. 17.—The note in which Austria-Hungary invites belligerents to a conference for discussion of the possibility of peace was despatched by Baron Burian, the Austro-Hungarian foreign minister, on the order of Emperor Charles, the Cologne Volks Zeitung declares.

CONSEQUENCE OF RECENT SUCCESS OF ALLIES

By Associated Press.
PARIS, Sept. 16.—The Austrian proposal for a conference of the belligerents was not much of a surprise in Parisian political circles where it is considered to be a consequence of the recent military successes of the Allies. The general impression is that the new peace offensive cannot be fruitful.

PEACE TALK EFFECTS VALUE OF MONEY

By Associated Press.
AMSTERDAM, Sept. 16.—The Austrian peace proposal reached the Dutch Sunday newspapers just in time for its publication without comment. The possibility of the situation required was, however, eagerly canvassed in various quarters and an excited speculation in foreign currency, stated to be running into the millions, was in progress throughout Sunday.

Markets which closed Saturday at 31.55 were largely bought up Saturday afternoon at 34 while Austrian crowns rose from 17.25 to 19.50.

AUSTRIA-HUNGARY PLAN IS SHARPLY REPROVED

By Associated Press.
AMSTERDAM, Sept. 16.—Sharp reproof of Austria-Hungary is voiced by the Cologne Zeitung of Berlin which states that the Emperor Charles' proposal is a "blatant" violation of the Versailles peace treaty.

The writer remarks that this is the first time a central power has acted independently, which action, he says, will create the impression that the central powers are not united but that Austria and Austria are fighting among themselves. If, as may be expected, he says, the Entente refuses the offer, then the prospects of peace are harmed rather than benefited.

SAYS GERMANY HAD NO PART IN PROPOSAL

By Associated Press.
PARIS, Sept. 16.—It is reported from a Berlin semi-official source that Foreign Minister Burian's move in this direction is not in keeping with the belligerents to a conference constituted an act binding Austria alone, says a Zurich dispatch today. Germany, it is declared, took no part whatever in drawing up the note.

LITTLE IMPRESSION IS MADE IN LONDON

By Associated Press.
LONDON, Sept. 16.—American residents of London celebrated the American victory in hotels and public places last night, singing "The Star Spangled Banner" and other songs. The city generally informed by the special editions of the continued satisfactory progress of the American attack and the Austrian peace offer, experienced the unusual sensation of a holiday and displayed exuberance and hopefulness that was in marked contrast with the gloom of the summer months. It was felt that with the American army fighting on the high ground of the fortress of Metz and with Austria making what appears to be an official bid for peace, things at last were really moving in the desired direction.

Austria's note is in the hands of the government together with information that Germany has made a direct offer of peace to Belgium on the basis of restored political and economic independence and on condition of Belgium neutrality until the end of the war. No allusion to repatriation or indemnity for the wrongs inflicted upon Belgium is said to have been made by Germany.

It is needless to say that the peace feelers make little impression on the Londoners, who are confident here. They are pointed out, however, as a revelation of speedy enemy preparation of the meaning of American military participation in the war. The newspaper is held in political circles that Germany realizes she will soon be compelled to withdraw from Belgium and if she could secure a treaty barring Belgian territory to Allied troops and aircraft she would be thereby protecting Germany against hostile attack.

In the speech made at Manchester by Premier Lloyd George it is believed he replied in advance to any peace tentative. In fact, it is believed the premier knew Austria had this move in mind when he delivered the speech.

HEART RENDING SCENES FOLLOW SINKING OF SHIP

PASSENGERS OF ILL-FATED VESSEL WERE MOSTLY WOMEN AND CHILDREN.

NO WARNING IS GIVEN

Among the Survivors Were Little Tot and Scarcely Old Enough To Walk.

By Associated Press.
PLYMOUTH, Sunday, Sept. 15.—Heart-rending scenes were witnessed here with hundreds of survivors of the torpedoed steamer Galway Castle were landed at 7 o'clock Thursday morning. The passengers were mostly women and children and it is believed that whole families have been lost.

Among the survivors were little tota scarcely able to walk, crying in vain for their parents. Parents were searching in all directions for news of their children and women were seeking vainly for their lost husbands. It mattered nothing that warm, dry clothing was distributed to take the place of the scanty attire survivors snatched as they left the ship. Their one thought was to get news of their relatives and friends.

There seems no reason to doubt that the vessel was torpedoed without the slightest warning. The explosion occurred between the engine room and the foremast, a fact which is taken to rule out any possibility that a ship struck a mine. The explosion made comparatively little noise, but caused the ship to buckle in a most extraordinary manner. Survivors were injured at the extreme bottom and bent and torn clear to the upper decks and seemed likely to break in two at any moment.

Fearing that the liner would founder at any moment, Captain Iyer ordered the boats lowered and issued life belts to all passengers. One boat was swung overboard by the crew because the falls became fouled and another was swept back against the liner by a wave and smashed by the propeller. Another narrowly escaped.

Henry Burton, minister of railways of the Union of South Africa, who was among the survivors, was invited to speak of his own experiences but joined with other survivors in praising the devotion to duty and the self-sacrifice of the officers of the ship and crew on the ill-fated vessel which rushed to its doom.

LENINE WILLING TO DELIVER OVER TO IMPERIALISTS

By Associated Press.
AMSTERDAM, Sept. 16.—Hints that the Bolsheviki government of Russia may seek alliances with other powers are contained in a note addressed to the people's commissars late today by Nikolai Lenin, the Bolsheviki premier, printed in the Pravda of Petrograd and published in the Lokan Anzeiger of Berlin. The note reads:

"The position of the Czechoslovak front is becoming more dangerous daily. We are daily becoming increasingly convinced that alone we are not strong enough to resist the government. There is only one way out namely, to conclude defensive and offensive alliance with another power."

"In order to save the power of the workers and peasants we must not even recoil from an alliance with imperialists."

SWEDISH LEGATION HAS RECEIVED PEACE PROPOSAL

By Associated Press.
WASHINGTON, Sept. 16.—Austria's peace discussion proposal reached the Swedish legation here today after telling in advance of the plan, according to a note received by the Swedish legation today. Secretary Lansing authorized the announcement that he would have a statement read to the press as soon as he could read the note.

In official and diplomatic quarters this statement was expected to disclose the government's intention to reject promptly and flatly the Austrian proposition.

MOONEY DENIED WRIT OF ERROR IN STATE COURT

By Associated Press.
SAN FRANCISCO, Sept. 16.—Thomas J. Mooney, sentenced to be hanged here on September 16, two years ago, was denied today by California supreme court permission to seek a writ of error in the United States supreme court.

This was said to be the defense's last move in the state courts. The court said it was without authority to grant the petition as it had overruled past petitions on which the present action was predicted.

The petition is to be presented to the United States supreme court, Maxwell McNeill, counsel for Mooney, announced.

FURTHER PROOF OF INTRIGUE OF GERMAN STAFF

SECOND INSTALLMENT OF DOCUMENT DISCLOSES DESIGNS ON RUSSIA.

HOW LENINE AND TROTSKY BETRAYED THEIR SOCIALIST FRIENDS IS DISCLOSED

By Associated Press.
WASHINGTON, Sept. 16.—The part played by the German Imperial Staff in financing the Russian Bolshevik movement, the care taken by the German military authorities to prevent spread among their own people of the Bolshevik propaganda, the second installment of the sensational series of secret documents which the American government is making public in the disclosures, given out tonight, carry the file further into the Reichsbank or German general staff and in some instances, notably by Lenin and Trotsky, the Bolsheviki leaders, now shown to have been in the pay of Germany since long before they overthrew Russia's new democratic government and virtually turn the country over to their patrons.

Explanatory Notes.

There are illuminating explanatory notes by Edgar Nixon of the committee on public information which directed the investigation which resulted in the disclosures.

One of the Reichsbank memoranda dated last January answers to the following question: "What is the role of the Reichsbank in the financing of the Bolshevik revolution?"

Another of the Reichsbank memoranda dated last January answers to the following question: "What is the role of the Reichsbank in the financing of the Bolshevik revolution?"

ELABORATE PROGRAM

A re-organized German commercial banks under the auspices of the Reichsbank, outlines an elaborate program for control of Russia by Germany and the handing of America and the Allies from the commercial and industrial field after the war. What has happened to this scheme is not definitely known but it is stated that it was a "great success" of the German Bolshevik revolution.

How Lenin and Trotsky were betrayed by their socialist friends along with Russia is disclosed by the note to Lenin from the Nachrichten Bureau demanding to know what steps he would take to make good his promises to the American and international labor movement. Trotsky wrote on the margin: "I ask to be executed."

The concluding document of the installment is a German warning on January 25 to Lenin that unknown Bolsheviks were plotting to overthrow the Bolshevik government and to open a separate peace with the Germans as they actually did later.

OFFENSIVE HAS BEEN LAUNCHED BY THE SERBIANS

By Associated Press.
WASHINGTON, Sept. 16.—The launching of an offensive against the Bulgarians by the Serbian front by the re-organized Serbian army, in co-operation with French forces and the capture of three Bulgarian positions, Balkan positions announced in an official Serbian communication received here today from Saloniki.

The positions taken are Teak Vrenik, Dobropole and the mountain Sokol, which the Bulgarians had held for eighteen months and were regarded as their strongest places. Starting yesterday afternoon with artillery preparation the Serbian and French moved forward, reached their objectives and were still going when today's business was filed. The communication follows:

"Saloniki, Sept. 16: After necessary artillery preparation, on September 15, the Serbian army, in co-operation with French troops, attacked on September 15 the strongly organized Bulgarian positions, Teak Vrenik, Dobropole and the mountain Sokol (4,637 feet). These positions represented by far the most important points held by the enemy on the Serbian front. The Bulgarians have been fortifying them for the thirty months.

"Our attack has been completely successful. The front has been broken and all three of the mentioned positions are in our hands. We have taken several hundred Bulgarian prisoners, numerous guns and great quantities of other war materials. Our operation continues."

TWO KILLED WHEN A PLANE CRASHES TO EARTH

By Associated Press.
NEW YORK, Sept. 16.—Lieutenant Charles Kinney, Jr. of Lexington, Ky. and E. H. Austin, of Boston, were killed when an army airplane from the Alameda aviation field crashed to earth in the Flatbush section of Brooklyn today.

MINERS SUSPEND WORK PENDING A WAGE INCREASE

By Associated Press.
WASHINGTON, Sept. 16.—About twenty-five thousand miners in this section of the anthracite region suspended work today in conformity with the decision of a mass meeting held yesterday.

District President Matthews, who returned to work the federal fuel administration will decline to consider an adjustment of the miners' wage scale.

The miners are asking for a wage scale equal to that of the bituminous miners in western Pennsylvania. This is a large increase over present wages.

PROPOSAL IS NOT GENUINE ATTEMPT TO OBTAIN PEACE

SUCH IS OPINION OF FOREIGN SECRETARY BALFOUR OF ENGLAND.

UNABLE TO SEE THAT A CONFERENCE COULD HAVE BEEN DEARED END

By Associated Press.
LONDON, Sept. 16.—A British foreign secretary, giving his personal viewpoints on the Austrian peace note to visiting journalists said:

"It is not probable that anything can come of this proposal."

Coming after the recent speech of Emperor Von Payer, the German imperial vice-chancellor, Mr. Balfour said: "This cynical proposal of the Austrian government is not a genuine attempt to obtain peace. It is an attempt to divide the Allies."

"I cannot honestly say that I have any desire to see a peace, which shall be more than a truce, can really be attained."

Could Accomplish Nothing.

The foreign secretary said he was unable to see that a conference proposed by Austria could have anything to show for it.

Balfour said no one should take upon himself the task of rejecting with a light heart any proposal which would shorten the length of the war, but he declared that the questions now before the belligerents were definitely defined.

"I am not taking the proposals of two years ago of last year, but of last week," Secretary Balfour said.

The German vice-chancellor speaking for the German government clearly showed where Germany stood today on the question of Belgium, Alsace-Lorraine, the German colonies and the Great Lakes and Bucharest frontiers.

The foreign secretary said he agreed with the Austrian note when its authors pointed out that the whole of civilization was at stake and that the prolongation of hostilities was risky or a justified life and death struggle that was really dear to everybody interested in the progress of mankind.

Secretary Balfour said that the terms of peace and war were so tremendous and the calamities imposed by the continuation of hostilities so overwhelming, he said, that he would not enter into any discussion of a peace proposal.

It could not be more clearly set forth than it was by Von Payer, last week, that Germany was not to pay indemnity to Belgium. Mr. Balfour continued. He indicated, the foreign secretary said, that Germany did not believe in the principle of international law, but that she was offering millions of dollars out of Russia.

"This," the speaker went on, "was for the wrong. Russia is supposed to have been wrong. How can those wrongs be compared with the devastation and ruin which Germany is wreaking on Russia now?"

Regarding the question of colonies Secretary Balfour said that the British Empire was not to be given up. The colonies are no question on which there is no misunderstanding. We stand on one side and Germany on the other.

Referring to the lack of concerted effort by the central powers as emphasized by the Von Payer speech, Secretary Balfour said that the foreign secretary pointed to the duplicity of German diplomacy.

"The German," he added, "exceeds in direct simple brutality and in the violation of international law. Wilson clothes or tries to act as the President would act. He is clumsy."

BRITISH CAPTURE IMPORTANT POINT NEAR ST. QUENTIN

By Associated Press.
WITH THE BRITISH ARMIES IN FRANCE, Sunday, Sept. 15.—Marsemy, a village five miles northwest of St. Quentin, has been captured by the British. The place was taken during a local attack directed against the high ground upon which this hamlet is situated. This added another important position to those recently taken along the ridges west of St. Quentin.

A little below this place and to the southeast of Holnon wood the British also improved their lines slightly. Fighting of a local nature continues on the northern sector front near La Bassée where the enemy has been forced to give ground steadily. Beyond this no important infantry action has been reported but heavy artillery duels have been fought as usual on various points.

British guns have bombarded the Hindenburg line heavily for hours yesterday and today, but no serious damage has been inflicted. The German gunners have been maintaining an intense fire in the concentration sector and deluged Valenciennes with explosives yesterday.

Troops brought the first fire with the British front has been seen for a week. The sun came out bright and from this morning has been steadily driving out the water-logged ground over which it was becoming increasingly difficult for troops to operate.

MORE THAN 3,500 ARE CAPTURED BY FRENCH

By Associated Press.
WITH THE FRENCH ARMY IN FRANCE, Sunday, Sept. 15.—The British, the Germans and the French have succeeded in capturing more than 3,500 prisoners, according to an official report. The signal was sounded at 1:25 and the "all clear" signal was given at 3 o'clock.

ALLIED TROOPS ARE ACTIVE ON THE MACEDONIAN FRONT

By Associated Press.
Allied troops are on the offensive on the Macedonian front. Re-organized Serbian forces, aided by British units, are attacking the Bulgarian positions in the mountains on the Serbo-Greek border east of Monastir.

Three important hill positions which had withstood Allied efforts through several years already have fallen to the Serbs and the French.

The heights are Sokol, Dobropole and the mountain Sokol. Sokol is twenty miles east of Monastir and captures of these positions and about halfway between the Cerna and Varda rivers and command the upper course of the Cerna after it makes a wide curve southeast of Monastir. Several hundred prisoners have been taken in the advance which continues.

Meanwhile the French and British troops on the Macedonian front are preparing to continue their progress.

Between the Oise and the Aisne the British are pressing on. North of the Aisne they have taken the town of Valenciennes and several other positions. The British are still going on the high ground of the enemy as he retreats his forces from the position into what is regarded as his last line.

East of the Aisne and south of the Aisne close contact with the enemy is being maintained by the Allies. The British are still going on the high ground of the enemy as he retreats his forces from the position into what is regarded as his last line.

PERSISTENT QUESTIONS ARE ASKED BY PUBLICATION

By Associated Press.
MANCHESTER, Sept. 16.—The Guardian, discussing the Austrian peace note asks if the central powers would be willing to restore the countries they have overrun, reverse the Brest-Litovsk, set Russia free and leave Poland, Lithuania, Finland and Ukraine to determine their own destinies.

"These are among the questions which the Allied governments are entitled to ask before consenting to enter upon confidential negotiations," the Guardian declares. The newspaper declares however that it "would be a monstrous thing to flout this proposal as proposals have been floated before and think the Allied governments should request some expression of views as to the possibility of a settlement on such lines as President Wilson and Premier Lloyd George have laid down."

SCOREFULLY REJECT NOTE AS A TRICK

By Associated Press.
LONDON, Sept. 16.—With the exception of the pacifist Daily News, which advocates acceptance of Austria's invitation, the London morning newspapers scornfully reject the note as a trick intended by Germany to gain time to re-organize her shaken armies while the offer to Belgium is denounced as a cynical insult.

The German press comment that it received in London indicates surprise at the action of Austria in sending the note.

found on the field of Saturdays and Sunday's operations. The number of prisoners which increased during the day to more than 3,500 also is very large for the length of front attacked. The dead are about the same. Further south, the enemy counter-attacked suddenly in a vain effort to regain the positions he lost Saturday.

General Mangin's troops not only regained all their gains but pushed on from Valenciennes, captured the plateau to the southeast, which gives them a vantage ground of great importance. The British also made appreciable gains by occupying Menen farm and ground considerably to the east of that position. Further south, they took by storm Hill 169 north of Celles Sur Aisne.

The Germans came back repeatedly in strong force all along this front and fought stubbornly, but with no result than to increase their extremely heavy losses.

While these actions seem to be on a local scale when compared with the recent larger operations, their significance appears clearly from the determined efforts made by the Germans to stop them.

Further advances by the French on the high ground west and south of the Chemin Des Dames will make the German positions there very precarious.

ECMBS ARE DROPPED IN REGION OF PARIS

By Associated Press.
PARIS, Sept. 16.—Several aerial squadrons flew over the region of Paris this morning, but were repelled to a heavy anti-aircraft fire, but succeeded in dropping some bombs. There were a few victims and some damage, according to an official report. A German plane was shot down at 1:25 and the "all clear" signal was given at 3 o'clock.

Some Questions Recent Registrants Must Answer

Sixteen pages of closely printed questions confront the men who registered in the new draft Thursday. These questionnaires will be distributed as quickly as the draft board forces can get them addressed and the mails can handle them. The information required is more definite and exacting than that called for in the questionnaire of the first draft.

Some of the questions asked: "Have you ever been convicted of a crime?" "State the name of the crime, date of conviction and the sentence imposed."

AMERICAN FLYING CAMP IN FRANCE LARGEST IN WORLD

By Associated Press. AMERICAN AVIATION CENTER ISSODUN, France. This American flying camp is the largest in France and is said to be greater than any other in the world.

A flying field of 36 square miles, area of an American county, with nine separate flying fields on which American aviators advance to the stage of flight combatants, and airplanes, Liberator, Niagara, Caproni and all the others with officers, instructors and newly equipped aviators swelling our squadrons each month these were some of the main features of this vast aviation ground.

As the Associated Press correspondent entered one of the fields a big gray, one-hinged plane from a nearby field with a loud droning noise.

There goes a Liberty airplane, said one of the officers. It is one of the fast increasing number now coming, and every night was watched with keenest interest and growing enthusiasm by those who will put it to the test in the fighting front.

Only one opinion was heard among these men, that it was the biggest and fastest machine of them all. It was doing wonders in quick ascent, and besides, it was in action, it had been put through all the intricacies of acrobatic flight and had been pronounced equal to the whole range of the Liberator.

Groups of aviators were lined up as we arrived, preparatory to taking the air. They were lithe, stocky young men, like two-footed eagles, about to take the field. The flying grounds stretched off for miles, and the air was filled with the hum of engines and the roar of wings.

Lieutenant McGinley Receives Promotion

CAPT. MACK MCGINLEY

M. McGinley, proprietor of the El Para hotel, has received a telegram from his son, Mack, saying that he has received his commission as captain in the American Army of Air.

Lieutenant McGinley was recommended for a captaincy some time ago. He is captain in the 44th Company, Battalion 165, Depot Brigade at Camp Travis.

Captain McGinley won his commission through merit. He attended the reserve officers training school at Leon Springs from which he was commissioned a second lieutenant, later being promoted to a first lieutenant and now to a captain.

turn over and then glide away in the opposite direction right side up. One of the best maneuvers for escape from a dangerous light is the vertical wing slip, as it is the fastest means of losing altitude and getting below an unequal combat.

Leaving the field we passed a crippled aviator limping on crutches. "He has had 21 crashes," said the officer, "which is about the record. But he goes back every time and he's sure now to get in his machine again. And that is the spirit of every man here, to be ready for combat and to attend the boss."

Begin Formation Flying. This is the field in which formation flying is begun, in squadrons up to 18 machines but usually with five. The squadron flies in a V-shape, with the commander at the apex of the V, carrying a streamer which signals the commands.

It was over the acrobatic field that the real wonders were going on, in the vertical wing slip, spirals and wing loops. One of the officers said that he had just come after two hours in the air, ending with a figure eight, a difficult evolution executed by "crossing the controls" so that the forward elevator comes to rest on the elevator serves as rudder. At night this field is lighted by powerful search lights, and night flying goes on from 10 o'clock in the afternoon to 10 o'clock in the morning.

On the combat and acrobatic fields, Nos. 3 and 9, scores of machines were in the air going through their fighting evolutions or dipping and looping. The combat airplanes carried camera guns, a novel device combining a dummy machine gun and a photographic camera. It looks like a gun, but as the trigger is pulled, the camera takes a picture of the target, showing just what would have been hit if a shot instead of a lens had been aimed at the target.

SECOND LIEUTENANTS FORT BLISS SCHOOL. Following comprises the list of men from Texas and Oklahoma to be commissioned as second lieutenants of cavalry, fourth officers' training school, Fort Bliss, Texas. Arthur E. Fallanz, Mercedes, Texas, bond sergeant, cavalry. Robert T. Barr, San Antonio, corporal, cavalry. Joe D. Butler, San Antonio, first class private, cavalry. Virgil E. Cottingham, Stonewall, Okla., corporal medical department. Geo. W. Garrett, San Angelo, first class private, cavalry. Joel G. Gerard, El Paso, first sergeant, cavalry. SECRETARY BAKER IS ON VISIT TO LONDON. By Associated Press. LONDON, Sept. 15. Newton D. Baker, the American secretary of war, arrived in London today from Paris. Dinner 7:30. Hoover dinner, 7:30. We serve breakfast. Hendricks' Eat Shop, 801 Indiana. 192-260.
