NUMBER 113

ENEMY POWER IS FAST CRUMBLING SAYS GEN. MARCH

STRIKING PROOF CONTAINED IN ANNOUNCEMENT OF CHIEF OF STAFF.

SUMMARY OF SITUATION

News from All Battle Fronts "Continuously Good" the Report States.

By Associated Press. WASHINGTON, Sept. 21.—Striking proof that the German power is fast crumbling came today in the announcement by General March, chief of staff, that the news from all battle fronts was "continuously good" and that 3,750,000 American troops have been embarked for overseas service.

Just six months ago today, the enemy flung his full military power against the British lines in Picardy in the great drive that was to end the war in a smashing victory. Today he was fighting desperately to hold the tottering Hindenburg line, the defensive system from which he struck the blow and back in which he has been hurled. Side by side, British, French and American armies have broken definitely the German offensive power, in official opinion here. Already the American forces in France are more than half as strong as the whole German army and the tide of American fighting men toward France is continuing to rise. The situation on the various battle fronts was tersely summarized by General March today as follows:

Summary of Situation. News from all fronts continues to be continuously good. On the western front our new line in Lorraine was quickly established. The enemy has been hurriedly strengthening his line of defense on the so-called Kriemhild line, which lies only a mile or two in front of our present line.

On the plateau northeast of Soissons, the enemy has continued to force back the enemy's best troops until they are now within half a mile from the junction of the Marne road and the Chemin des Dames, and within ten miles of Laon, which is being shelled.

The reports in the press about the successful operations of the Serbians in the Balkans are correct. The Serbians have attacked the Bulgarians on a front of 25 miles and drove them back about 30 miles. According to official reports the British have reopened activities in Palestine. The western battle wall has been rebuilt by the Allied and American forces, according to the prime minister. When the first American army swiftly trampled out the St. Mihiel salient the possibility of a German strategic stroke passed. The enemy faces now a straight line from the North Sea to the Swiss border.

German Face Serious Situation. There are no salients to give opportunity for flank operations. Even if the power for a counter offensive should be found—and military authorities see no chance of that—the German command would find it very costly business of frontal attack. They have nothing. It is pointed out that a single strategic position, to show for their great drive.

But it is more than a restored offensive line that faces them, officers say. Along the center of the great sweep of the front, British and French armies are storming ahead night and day, harassing the gray coated German divisions without rest. Pershing's men stand before Metz and Conflans and against the new thrust, the enemy must gather reserves here on this new front at the very time when every available reserve division is sorely needed to meet the Allied push to the north. Signs of further withdrawal are manifest along wide sectors of the German front.

Reduce Fighting Strength. In payment for their lavish expenditure of lives in the abortive offensive, the German leaders have been compelled by formal decree to reduce the fighting strength of every infantry unit.

There appears good reason to believe that the German losses in prisoners alone since the tide turned against them in July would reach well up toward 200,000, were the truth known. The losses in guns and other material have not been computed.

With this steadily increasing superiority in both man power and war material at his command, military authorities here feel that perhaps the most striking asset Marshal Foch has acquired in his new position is the power to take the enemy by surprise at will. It is now possible almost overnight to bring up the men and the mobile artillery for a thrust at any sector. Under the direction of the great French leader, the whole front, actually is kept in a constant state of preparation for attack.

Military officials both Allied and American, are very cautious in predictions. They have been unable to conceal completely, however—their growing elation and there is no doubt that many of them here are looking forward to winter and greater successes before winter slows down the fighting.

SERBIAN ARMY ADVANCES NINE MILES IN ONE DAY

NOW LESS THAN EIGHT MILES FROM HIGHWAY CONNECTING WITH RIVER.

MANY PRISONERS TAKEN

Allies Have Captured Godiyak to West of the Cerna River.

By Associated Press. LONDON, Sept. 21.—The Serbians today advanced more than nine miles in one day, capturing the village of Godiyak, eight miles from the main highway connecting Prilep with the Vardar river.

A Serbian official statement received here says that a great number of prisoners have been captured and that the Allies have taken Godiyak west of the Cerna river and 15 miles southeast of Prilep.

In their advance northward, the Serbians have passed the line Krivo Svirgo-Dragoje-Poloshko. Soldiers who have been forced to enlist in the Bulgarian army during the occupation of southern Serbia are throwing their arms and joining the army of liberation.

More than ten villages were liberated in one day. In the bend of the Cerna we have taken the village of Godiyak. Aviators continuously bombard the retreating troops and attack them with machine guns.

We have taken a great number of prisoners, including a lieutenant colonel. Several guns are reported to have been captured but the number has not been ascertained owing to the speed of our advance.

The population is welcoming the arrival of our troops with enthusiasm. The soldiers of new Serbia who had longed for the day when they would be throwing away their guns and passing to our side.

Krayovo is nine miles southwest of Dimitriku, the nearest point on the Vardar river and the Takus-Saloniki railroad from the advancing Serbian line. Although the railroad between Jere and Bulgarians fighting the British and Greeks around Lake Doiran would be cut off from their base of supplies and reinforcements.

Prince Charles Leaves Rumania Result Outbreak. By Associated Press. BUDAPEST, Sept. 21.—The Rumanian crown prince has fled from Rumanian territory and arrived in Odessa, according to the Ukrainian newspaper Krawakia.

News of the flight of Crown Prince Charles of Rumania follows closely reports that came from German sources of an anti-German outbreak in Rumania in which Queen Marie, who is an uncompromising sympathizer with the Entente, was the prime mover. King Ferdinand was reported to be holding aloof from the movement.

Field Marshal Von Mackensen. It was said he was to return to Rumania at once, together with Dr. Soff, the German colonial secretary, presumably to deal with the reported outbreak.

Crown Prince Charles is known to have been in sympathy with the attitude of his mother in her bitter hatred for all things German and quite possibly would have been associated with her in any anti-German agitation.

Explosion in Caspian Seaport; Baku is on Fire. By Associated Press. AMSTERDAM, Sept. 21.—Explosions are occurring in the Caspian seaport of Baku, in Trans-Caucasia, and the town is on fire, according to a Moscow telegram which is printed in the Vorwaerts.

British and Allied troops recently evacuated Baku and the town was occupied by the Turks. THIRD INFANTRY REGIMENT CELEBRATES 135th ANNIVERSARY. By Associated Press. EAGLE PASS, TEX., Sept. 21.—The third infantry regiment, which was organized by General George Washington in 1792 and which claims to be one of the oldest if not the oldest unit of the American military forces today celebrated the 135th anniversary of its organization. A field meet and regimental review featured the celebration.

UNITED STATES IS PLANNING TO STOP REIGN OF TERROR

ASKS ALLIED AND NEUTRAL NATIONS TO ASSIST IN RELIEVING RUSSIA.

BOLSHEVIKI RESPONSIBLE

Murders, Crimes and Excesses of the Would-Be Leaders Have Shocked the World.

By Associated Press. WASHINGTON, Sept. 21.—Horror-stricken by the bloody reign of terror in Russia, the United States today called upon Allied and neutral nations to see what they may do to impress upon the bolsheviks the aversion with which the civilized world regards their wanton crimes.

By direction of President Wilson Secretary Lansing dispatched an identical instruction to every American diplomatic representative in the foreign capitals.

The action aligns the United States with Great Britain and France in declaring the bolsheviks responsible for the murders, crime and excesses which have shocked the world.

Whatever action may be decided upon by the nations, separately or in concert, it is made clear will be quite apart from the prosecution of the war against Germany.

The reported action of the bolsheviks in effecting an alliance with Germany for offense and defense is an added cause for the step.

Official reports from Russia, many coming through neutral countries, have recited revolting acts that have astonished and shocked the world. The reign of terror has already greatly hindered the efforts of the United States to alleviate an impending famine in the nation.

It is conceded that there is enough food in southeastern Russia and western Siberia to feed all the people, but if a means of distribution could be effected to keep the supplies from falling into German hands.

The alliance between the bolsheviks and Germany presents a dangerous situation to the Allies in that it may afford an opening greatly to increase the power of the Russian republicans.

Mr. Gillette said he believed that Mr. Ferris was the first to stain the records with a partisan tinge from which they had sought to be free. He added that the speech was intended as a campaign document like others for distribution under Mr. Ferris' name.

Senate Approves Oil Decision of Secretary Lane. By Associated Press. WASHINGTON, Sept. 21.—Action of Secretary Lane in the California oil controversy, criticized recently by Senator Thomas of Colorado, was given warm approval in the Senate today by several senators, while Mr. Thomas disclaimed intending to "attack" the secretary and joined in praise of his personal integrity, ability and official career.

Denying intent to "attack" Secretary Lane, Senator Thomas declared that the secretary's action in charging that Mr. Lane had admitted to encroachment upon his official prerogatives in the oil dispute and had failed to notice the attack of Mr. Keating.

13,000 White Men Called for Limited Military Service. By Associated Press. FORT WORTH, Sept. 21.—Captain Robert T. Isett, of Spruce Creek, Philadelphia, was killed this afternoon when his airplane fell a thousand feet in a straight nose dive. Captain Isett came to Fort Worth about a year ago and was recently promoted from a first lieutenant. He had extensive business interests in Philadelphia. His body will be sent to Philadelphia.

French Steamer is Torpedoed. By Associated Press. LONDON, Sept. 21.—The French steamer Admiral Charner, 4,600 tons, was torpedoed today by a U-boat. She was carrying 1,000 tons of coal and 1,000 tons of supplies. The crew of 100 men was rescued and reached shore today.

INFLUENZA AND PNEUMONIA EPIDEMIC AT CAMP DEVANS. By Associated Press. ABER MANS, Sept. 21.—Two officers and six privates died at Camp Devans today as the result of influenza and pneumonia. The officers were Lieutenant William D. Cornish of Windsor, N.Y., a captain, and Lieutenant Rosenberg of Fall River.

POLITICS AGAIN INJECTED IN THE HOUSE DEBATES

GILLETTE OF MASSACHUSETTS CRITICIZES DEMOCRATIC LEADERS IN SPEECH.

REFERS TO SCOTT FERRIS

Says Oklahoma Representative Was First to Stain Record With Partisan Tinge.

By Associated Press. WASHINGTON, Sept. 21.—Representative Gillette of Massachusetts, today injected politics into the record of the democratic majority, contrasting with it that of the republican minority.

Speaker Mark Demaree, leader of the democratic majority, was accused of an unfair criticism of the republicans for supporting the war. The speaker was accused of an unfair criticism of the republicans for supporting the war. The speaker was accused of an unfair criticism of the republicans for supporting the war.

Mr. Gillette said he believed that Mr. Ferris was the first to stain the records with a partisan tinge from which they had sought to be free.

There will be no rationing in this country so long as the people continue to conserve as in the past. Mr. Hoover said, nor will it be necessary to resort to wheatless and meatless days.

HOOVER OUTLINES FOOD PROGRAM FOR AMERICAN PEOPLE

SAYS UNITED STATES IS PREPARED TO SHIP 5,750,000 TONS MORE FOODSTUFF.

MUST STILL CONSERVE

Does Not Expect War To End Before Summer Campaign Of 1919.

By Associated Press. WASHINGTON, Sept. 21.—Food Administrator Hoover, in a public statement today outlined a food program which the United States will be prepared to ship 5,750,000 more tons of foodstuffs to its allies and Allies than last year and still have a surplus to spare.

The great undertaking cannot be achieved, however, Mr. Hoover emphasized, without due regard to the importance of saving by every person.

Under the present food program, Mr. Hoover said, it will be necessary to conserve wheat, sugar, oil, and other staples. He said that the United States is prepared to ship 5,750,000 more tons of foodstuffs to its allies and Allies than last year and still have a surplus to spare.

ATTEMPT MADE TO ASSASSINATE LEON TROTZKY

By Associated Press. LONDON, Sept. 21.—An attempt was made at Kursk to assassinate Leon Trotzky, the bolshevik minister of war and marine, according to a dispatch sent from Kiev by the Petrograd telegraph to the North German Gazette of Essen. The telegram says that the Letts who have been faithful allies of the soviet government, refused to fight against the British.

ROBBINS CHARGES SECRETARY BAKER WITH FAVORITISM

ALLEGES POLITICAL INFLUENCE CONTROLS SELECTION OF CANTONMENT SITES.

HEFLIN MAKES DENIAL

Explains That There is No Discrimination Between the North and South.

By Associated Press. WASHINGTON, Sept. 21.—Charges that political influence has been brought on Secretary Baker in making selections for cantonment sites and for the location of other war activities, were made in the House today by Representative Robbins of Pennsylvania, republican.

Discrimination in favor of the South as against the North was charged by Mr. Robbins, who declared that to democratic states the treasury is sending a flow of gold to aid in meeting political exigencies.

This is true, he said, in spite of the fact that the north furnishes more men for the war than the south, and that it pays much more in federal taxes to carry the burdens of the war.

The representative declared that sixteen southern states had received from the federal government a total of \$499,306,591 for camps and war plants, while Pennsylvania, he said, has received only a little more than \$8,000,000 and other northern states have received proportionately the same.

REQUEST SUSPENSION OF HUNTINGTON PAPER

By Associated Press. HUNTINGTON, W. VA., Sept. 21.—The Huntington Evening Journal today was requested by Thomas B. Donnelly, chief of the pulp and paper section of the war industries board to suspend publication for the duration of the war. The Evening Journal is owned by the publishers of the Herald Dispatch, of which it was regarded as an afternoon edition. The paper was first issued on June 3 and has a circulation of approximately 4,000.

In his letter to the publishers Mr. Donnelly said: "On August 24 we issued regulations that newspapers could not be started during the period of the war but if you were established prior to that period technically you have the right to continue your publication. The print paper situation, however, is becoming more acute on account of the lack of coal and short age of transportation and it is necessary for the war industries board to curtail its use in every possible respect."

"If it would be possible for you to suspend the publication of your Evening Journal, you would be doing a patriotic act both to the public and newspaper interests."

The company indicated its intention to comply with the request, but publication will be resumed at the close of the war, it was stated.

"Mother, may I go out to swim?" "No, my darling daughter, we're going to the Call Field Frolic at the Wichita Theatre, October 4th."

ACHIEVEMENTS OF BRITISH AIRMEN ARE REMARKABLE

By Associated Press. LONDON, Sept. 20.—The achievements of the British air forces in the past week have been the most remarkable of the war. Sixty tons of bombs were dropped on German territory in five days by British machines. This exceeds the record for any previous fortnight.

These long distance raids have been directed chiefly against poison gas factories at Mannheim, the Daimler works at Stuttgart, the railway station at Frankfurt and the docks at sidings at Karlsruhe. Their destructive effect is shown by photographs.

Aerial assaults over the battle area have been numerous. Acting in conjunction with the Franco-American offensive, thirty five separate raids were made between September 13 and 16 against important enemy air bases and vital railway junctions. Thirteen of them were against the Metz-Sablon railroad.

Altogether British airmen have dropped 120 tons of bombs on the western battle front in the course of a week exclusive of the explosives dropped in Germany. Nineteen tons were dropped on Bruges, Ostend and other German coastal defenses in air fighting during which seventeen enemy machines were destroyed and five British planes were lost. The number of German machines destroyed altogether in the week was 191 while 37 were left.

Officers Training Camps Are Again Open to Civilians

By Associated Press. AUSTIN, TEX., Sept. 21.—An officers' training camp for the officers of the cavalry units of the Texas national guard will be opened at Camp Stanley, Leon Springs, September 25, according to information received in the adjutant general's office this morning. Colonel Ben Lear will command the camp.

GENERAL IMPROVEMENT IN ORDNANCE PRODUCTION

By Associated Press. WASHINGTON, Sept. 21.—Acting Secretary Crowell at the weekly conference of the Senate military committee at the war department today assured the members that despite reports to the contrary, there is a general improvement in the ordnance production situation as well as in the manufacture of Liberty motors.

General Pershing, it was stated, has asked the department to ship as soon as possible thirty thousand horses and mules. Shipments were stopped some time ago upon the assurance of the French government that it could supply the American army.

The right, Mr. Wade—Oct. 4-5. 112-11c

AMERICAN AIRMEN GOOD AS BRITISH SAYS AUTHORITY

By Associated Press. WITH THE AMERICAN ARMY IN France, Sept. 21.—In the course of a statement on the extent and importance of the work of the British independent air force, Major General Trenchard, its commander, spoke today in the highest praise of the American airmen. He said they were as good as his own men and more praise could not give, as he did not believe anything better could be said.

Among a number of captured German letters, General Trenchard quoted one describing the destruction wrought by aircraft. This said that the open house and the greater part of the splendid street Die Zleb in Frankfurt, was a heap of ruins and that 120 persons had been killed.

TO APPEAL TO PUBLIC TO OVERTHROW BOLSHEVIK

By Associated Press. AMSTERDAM, Sept. 21.—At a recent meeting of the members of the Russian duma and the Russian imperial council at Kiev, it was resolved, says a telegram from that city, to issue an appeal to the public opinion of Europe and all governments to put an end to the bolshevist terror.

AMERICAN CONSUL HAS NOT BEEN ARRESTED

WASHINGTON, Sept. 21.—The Norwegian foreign office advised the state department today that American Consul General Poole at Moscow had not been arrested by the bolshevik, as recently reported, and that direct communication had been held with Moscow as late as September 18.

BOMBARDMENT OF METZ A SURPRISE TO INHABITANTS

By Associated Press. GENEVA, Friday, Sept. 20.—The bombardment of Metz by American heavy artillery caused surprise but no panic, the Metzzer Zeitung said. "The enemy is merely copying the method of the German bombardments of Paris." The paper adds that few persons were killed and the damage was insignificant.

It is learned from Basel, however, that the American bombardment of Metz caused an epidemic sensation in Germany. Many of the inhabitants have left Metz but neutrals are prohibited from departing. It is the first time since 1870 that Metz has been under artillery fire.

STILL NEGOTIATING ON SUBMARINE QUESTION

By Associated Press. MADRID, Sept. 21.—Negotiations between Madrid and Berlin regarding the submarine question are far from ended, says the Madrid correspondent of the Petit Parisien. Germany has not yet indicated that she would turn a few ships over to Spain and would not interfere with Spanish traffic toward South America. This proposal, it is declared, does not satisfy the Spanish cabinet.

CULLEN F. THOMAS IS IN SERIOUS CONDITION

By Associated Press. DENISON, TEX., Sept. 21.—The condition of Cullen F. Thomas, who was operated upon for appendicitis at Denison a few days ago, continues very serious but there is hope for his recovery, according to Dr. C. M. Rosser, family physician to Mr. Thomas, who returned here today from Denison. Dr. Rosser was called to Denison yesterday for a consultation with physicians attending Mr. Thomas.

TEN AMERICANS LOSE THEIR LIVES IN RESCUE WORK

By Associated Press. WASHINGTON, Sept. 21.—Ten enlisted men of the crew of the coast guard cutter, Seneca, lost their lives September 16 while attempting in a heavy sea to save the British steamer Wellington, which had been put in a sinking condition by an enemy torpedo, the navy department was informed tonight by Admiral Sims.

STOCK SALESMEN!

Wanted two high grade men to leave town with me in car next Monday morning to make small towns. Will pay good commission and expenses. Call 2306 between 8 and 10 a. m. Sunday for appointment.

CHIROPRACTIC

Going directly to the cause of the majority of so-called diseases is the reason of Chiropractic efficiency as a drugless health agent; that is why adjustments benefit you when all "treatment methods" have failed.

- 1 Slight subluxations at this point will cause so-called headaches, eye diseases, deafness, epilepsy, vertigo, insomnia, wry neck, facial paralysis, locomotor ataxia, etc.
- 2 A slight subluxation of a vertebra in this part of the spine is the cause of so-called chest trouble, neuritis, pain in the shoulders and arms, goitre, nervous prostration, la grippe, dizziness, bleeding from nose, disorder of gums, catarrh, etc.
- 3 The arrow head marked No. 3 locates the part of the spine wherein subluxations will cause so-called bronchitis, feline, pain between the shoulder blades, rheumatism of the arms and shoulders, hay fever, writers' cramp, etc.
- 4 A vertebral subluxation at this point causes so-called nervousness, heart disease, asthma, pneumonia, tuberculosis, difficult breathing, other lung troubles, etc.
- 5 Stomach and liver troubles, enlargement of the spleen, pleurisy and a score of other troubles, so-called, are caused by subluxations in this part of the spine, sometimes so light as to remain unnoticed by others except the trained Chiropractor.
- 6 Here we find the cause of so-called gall stones, dyspepsia of upper bowels, fevers, shingles, hiccough, worms, etc.
- 7 Bright's disease, diabetes, floating kidney, skin disease, boils, eruptions and other diseases, so-called, are caused by nerves being pinched in the spinal openings at this point.
- 8 Regulations of such troubles as so-called appendicitis, peritonitis, lumbago, etc., follow Chiropractic adjustments at this point.
- 9 Why have so-called constipation, rectal troubles, sciatica, etc., when Chiropractic adjustments at this part of the spine will remove the cause?
- 10 A slight slippage of one or both innominate bones will likewise produce so-called sciatica, together with many "diseases" of pelvis and lower extremities.

THE USE OF THE X-RAY

We have just installed a modern X-Ray equipment for aid in examination of the spinal column, and have a large gallery of X-Ray pictures showing nearly every disease common to the human body. We invite you to come in for consultation and examination if you are sick, as we believe a demonstration of the possibilities of the X-Ray in diagnosis, and Chiropractic as a health agent will be of real service to you in understanding the nature of your illness.

R. E. HUFF AND B. F. JOHNSON GO TO WASHINGTON

WILL PRESENT WICHITA COUNTY'S REQUEST FOR PERMIT TO BUILD HOMES.

WANT ROAD BUILDING

Hope to Convince Council of Defense That Conditions Justify the Work Involved.

R. E. Huff, president of the Chamber of Commerce, will leave tonight for Washington and B. F. Johnson, secretary of the Chamber of Commerce, will follow the president to the capital city for the purpose of presenting the Wichita county's request for a permit to continue building of small moderate priced houses and to use materials necessary in oil field operations to the National Council of Defense. The matter of road building in Wichita county will also be placed before the National Council and the Highways Commission by these representatives of the Chamber of Commerce.

This action was decided upon at a special meeting of the board of directors, held Saturday morning. The directors voted an adoption of the resolutions passed at a mass meeting of citizens of the county on Tuesday, September 17, and Messrs. Huff and Johnson will carry copies of this resolution to Washington. The resolution printed in full in the Times of Wednesday, contained in a concise statement the various reasons why building from the materials here at hand, is deemed to be a necessity.

To Present Matter in Dallas. Mr. Huff and Mr. Johnson were authorized to appear before the State Council of Defense in Dallas on Monday, to present the same matter to the State body. The directors were agreed that nothing which might be of avail in the present situation should be left undone.

The representatives were also directed to add whatever influence they might be able to exert to that of the State highway engineer, G. A. Duren, who will be in Washington next week, with requests for continuation of work on various road systems in Texas, with the view of receiving priority orders on the roads to the oil fields in this county, and the road to Call Field. J. B. Crockett, the county road engineer, was present at the meeting, and told the directors the steps he had already taken towards gaining permission to continue a part of the roads, those which will be of actual assistance in the prosecution of the war, and which would be classed under the head of necessities.

To Present Matter in Dallas. Regarding both requests which will be made to the National Council of Defense, Mr. Huff expressed what seemed to be the sentiment of every

director present when he stated that Wichita county would be the last county to ask for anything that would hinder the operation of the war in the slightest way.

"We aren't asking for labor which the government can use, nor for any men to be exempted, from military service to carry on work for us. We have already seen practically all the available local labor to the shipyards and munition plants. What we want to do is to help the drouth sufferers who have their families here, and must feed them, and we want them to build houses to shelter the families of those men who are brought here to work account of our oil fields. We are asking that we be allowed to employ local labor and materials, that the government has not asked for, in building homes for people who are doing necessary work. In asking for this road work the same will apply. Only those roads that will suffer if they are not surfaced immediately and these are passage ways to the oil fields, are included in those roads which Mr. Crockett has asked for material to finish, together with the military road to Call Field. We feel we could not ask for more, nor could we ask for less."

Map of Road Improvements.

Mr. Crockett stated that he was preparing a map in his office, showing the roads which have been partially finished, and which are now ready for surfacing, which will also show the oil producing areas of the county, with the relation the road system bears to these, also the agricultural and grazing areas. He is having this map made especially for Mr. Johnson to take to Washington to present the road proposition. He also summarized the report which he had turned into State Engineer Duren, giving in detail the program which he deemed necessary for the road work in Wichita county in 1919. There will have been 85 miles of roads graded up to October 1, he stated, with concrete bridges put in on a good part of the roads already graded. He is asking that he be given a permit to complete the Electra and Burk Burnett roads, and to build a spur from Iowa Park to the oil fields, eight miles in length, and a similar spur to the Burk Burnett oil fields from the Burk Burnett road, five miles in length. He will also ask for permission to build the Iowa Park road, on which federal aid has been granted and for which bids will be advertised for in a short time. The lake road, on at least that part of it extending to Call Field, will be included in the request for a priority order, because of the

federal aid granted. This program has been tentatively approved by the State highway commission, and Mr. Duren is, as has been previously stated, now on his way to Washington to present the Wichita county road program, together with other road projects in the State, to the proper federal authorities.

Company Organizing To Build Pipe Line To Burk Burnett Pool

W. C. Myers, W. L. Mann and W. M. Cook are organizing a \$200,000 company to build a pipe-line from the Burk Burnett pool to Wichita Falls.

A considerable amount of stock has already been sold and tentative contracts have been made with the Lone Star Refining Co. and with the Powers Refining Company, now being organized, to furnish their refineries with oil.

The pipe line company proposes to build loading racks at Wichita Falls, Burk Burnett and at Devol, Oklahoma. The loading rack is to be built at Devol to take care of shipments to Oklahoma points on Oklahoma rates.

"Mother, may I go out to swim?" "No, my darling daughter. We're going to the Call Field Frolic at the Wichita Theatre, October 4th."

Big Seven Oil Co. Offers Stock at Par

Some oil companies have been urging that acreage is what counts in buying oil stocks. Our idea is that what really counts is oil, and whether you get it at a city lot or a cow ranch in sufficient quantities to pay dividends it makes a good investment. At the present time the city lots of Burk Burnett seem a much safer thing than the cow ranch with a prospect of bigger dividends as well.

The Big Seven Oil Co. own a lease on 215 lots in block seven of the Wichita addition to Burk Burnett. This property is about three blocks from the Wichita Southern well, one of the best producers in the entire field, and is just across the street from a well now on the sand which has every indication of being as good as any in the field. The company is capitalized at \$4,000,000, with shares selling at \$50.00 per share.

We do not claim that this proposition is devoid of risk, nor guarantee buyers from loss, but we are so sure that it will appeal to the more conservative of oil stock buyers as being a sure thing as can be found in the oil business, that we ask you to go out and look over the location and inquire from men on the ground what the prospects are for a splendid well on these lots.

The purpose of the company is to produce oil, and unless we get the oil every person connected with it will lose. If we get the oil every person who owns a dollar's worth of stock

will get his fair share of the production. We have a limited amount of stock to sell at par and invite applications from those who desire a clean-up proposition of this character. BIG SEVEN OIL CO. Temporary Office Times Building. 113 1/2 Ohio Ave.

May! May! May! Better let us fill your barn while we have the Hay. Phone your order in early Monday. MORGAN FEED CO. 1100 Ohio Ave. Phone 1793. 113 1/2 Ohio Ave.

Knights and Ladies of Security Will give their opening dance for the season Wednesday night, September 25th in Odd Fellows Hall. Invitations will be given on the night for the season. Rights reserved to reject any one for cause. Dances begin at 8 o'clock. J. M. Stanley, Sec.

NORTHWEST TEXAS OIL DEVELOPMENT

SMITH WELL IS NEW DEVELOPMENT AT BURKBURNETT

IS BROUGHT IN SATURDAY MORNING AT DEPTH OF 1660 FEET.

The Smith well is in. This welcome news was flashed in from Burkburnett and in a short time was spread among the operators, stockholders and promoters. It was the biggest piece of news of the week and gave a big boost to all eastside stocks which had been lagging on the exchange for ten days or more on account of rumors that the Smith well had missed the sand.

These rumors were unfounded. The sand was found at 1660 feet, practically the same depth as in the Fowler and other big wells on the north side. It was drilled only a few feet into the sand and the hole quickly filled with oil as the mud was bailed out.

It is believed the well will be good at least for several hundred barrels. It makes a long extension of pool to the southeast. It being a mile or more from the first Fowler well, it is also nearly a mile from the Wichita Southern well which is the farthest west well to reach the sand.

The well is the property of the Southside Oil Co. of which J. A. H. Smith is the head. The well was drilled on Mr. Smith's homestead. The company has a lease on a four acre tract and is capitalized at \$20,000. Mr. Smith was one of the happiest men in Wichita county last night because of the prospects for good dividends for the stockholders in his company.

The drillers had encountered many delays in reaching the sand in this well and all kinds of rumors were afloat and only a few had faith that it would make a producer. Mr. Smith returned to Burkburnett Friday night after a business trip out of the county and sat up with the well until it was brought in yesterday.

SECURE LEASE ON THE NORTHWESTERN RIGHT-OF-WAY

The Weonna Oil Co. has secured a lease on the Wichita Falls and Northwestern right of way southward from Fifth street in Burkburnett through the townsite to a connection with the company's present right of way lease. The Magnolia Petroleum Co. has secured a lease on the right of way northward from Fifth street to Red River.

"Mother, may I go out to swim?"

"No, my darling daughter."

"We're going to the Call Field Frolic at the Wichita Theatre, October 4th."

Dr. DuVal, Ear, Eye, Nose, Throat, Address as regularly fitted.

T. O. Shappell to Inspect Drilling Burkburnett Field

At a meeting of oil operators here last night T. O. Shappell, formerly manager for the National Supply Company's branch here and now a member of a contracting firm, was elected to supervise and inspect the cementing and setting of casing in the Burkburnett pool. Mr. Shappell's selection was by unanimous vote. Mr. Shappell is to work under the supervision of R. L. Eeds, director of drilling at Burkburnett, chosen by the oil operators committee.

Mr. Shappell is to start work at once. He is to be paid a salary from a fund to be raised by the oil men among themselves. While he will have no official commission, the oil men themselves and the government are standing back of him.

On the occasion of his visit here early in the week T. H. O'Donnell, chief of oil production in the Fuel administration, called attention to the danger of salt water coming in and driving out the oil if the wells were not properly drilled and suggested that the operators take steps to see that the wells were properly cased.

Acting upon Mr. O'Donnell's suggestion a resolution was adopted at the mass meeting which he addressed providing for the appointment of an inspector of casing under whose supervision casing in all wells in the Burkburnett pool must be set.

Drillers Complying With New Rule For Burkburnett Field

Reports from Burkburnett are to the effect that there is a substantial compliance with the rule recently adopted providing for the cementing of the casing in wells drilled at that place, although an inspector has not been selected late Saturday afternoon as provided by the mass meeting held at the courthouse here Tuesday night.

In discussing the matter Saturday afternoon, R. L. Eeds, under whose direction drilling operations are conducted in the field, stated there was no occasion for complaint at the response to the request to use cement and that practically all of those drilling were living up to their part of the mutual agreement. Some wells, he said, had progressed so far that conditions were given as an excuse for not complying with the rule adopted.

Asked regarding the appointment of an inspector, Mr. Eeds stated that, as provided at the mass meeting, the operators in the field were to recommend someone for the place, but as yet had not submitted a report. He remarked in this connection that he would be very glad if those interested would get together and agree upon someone, as he was very anxious to have the man enter upon the duties involved in the place.

Mr. Eeds stated further that no restrictions other than the use of cement had been placed upon operations, in addition to that provided in the regulation for one well to each

half of block, and the further action of the council in limiting the construction of tanks within the city limits.

American Contingent In Northern Russia Play Important Role

By Associated Press. ARCHANGEL, RUSSIA, Wednesday, Sept. 11.—The American army contingent in northern Russia already has played an important role. Its uniform is familiar everywhere from Archangel to the front.

The engineers are busily engaged in construction roads and in other detail work while the other troops and sailors are carrying out their respective duties. Many of the men had been disinclined to come to Russia, fearing there would be excitement as compared with that in France. Their tone now is a changed one.

Besides having their military duties to perform the Americans have been hard at work in sanitation, relentlessly scrubbing down the quarters formerly occupied by the Bolsheviks and digging drainage ditches.

Recently, owing to a political dispute, the street car system in Archangel was brought to a standstill. A squad of Detroit motormen immediately took charge of the situation and now the dinky little cars are running through the streets of the city in true American style.

ASKS COURTS TO ADJOURN TO ASSIST REGISTRANTS

By Associated Press. AUSTIN, TEX., Sept. 21. Major Townes, head of the selective service machinery in Texas, sent out telegrams suggesting that all courts in session in the State adjourn for two weeks in order to release lawyers and other wise facilitate the filing of questionnaires of the new registrants. The department states that most of the courts have followed the suggestion.

VOCATIONAL INSTRUCTORS IN THE DEFERRED CLASS

By Associated Press. AUSTIN, TEX., Sept. 21. Vocational instructors under the Smith-Hughes act may be placed in deferred classification, according to information received by the State board for vocational education from the war department.

Marriage Licenses

Marriage licenses were issued Saturday to John J. Connors and Ruth Jones and to R. E. Harrison and Irene Gold.

MUST NOT CASH STAMPS TO INVEST IN LIBERTY LOAN

There must be no cashing of the War Savings work during the fourth Liberty Loan campaign. Louis Lipitz, State director of the National War Savings committee, has advised Mrs. J. W. Lee, county chairman of Women's War Savings Work, in a lengthy letter, urging that the work of selling Thrift and War Savings stamps be kept up to the present good rate, though the Liberty Loan drive is on. Mr. Lipitz, also asks that it be impressed upon the people that War Savings stamps should not be cashed for any unnecessary purpose and especially make it clear that no one should cash War Savings stamps for the purpose of investing in Liberty bonds. Mr. Lipitz says:

Any person proposing to cash War Savings stamps to buy Liberty bonds fails to understand that this action actually hinders by causing the government to lose the amount spent in the printing of stamps and certificates, registration and labor of handling, which is an economic and actual loss.

Also make it plain that any person who cashes War Savings stamps and buys Liberty bonds for the purpose of securing applause for his apparent patriotism, or even for the purpose of assisting to raise the Liberty bond quota of his community, is either in derogation of the simple principle of war finance, or is improperly seeking the approval of his associates where no credit is due.

The only time to cash War Savings stamps for investment in Liberty bonds is after January 1, 1921, when they mature. Remember that our whole effort is to impress the lesson, "Save and Invest." The most important and solemn obligation of each of us is to save.

LOW CAPITALIZATION BURK-TEX OIL & GAS CO.

An Unincorporated Trust Operating in the Proven Fields of

Burkburnett, Texas

1,520 Shares at \$25 Par Capital \$38,000

Owns 40-acre lease 2 miles west of Burkburnett on the main anticline of the District, directly between the big Oil Pool and the Burkburnett townsite and the wells of the Magnolia Company west of Clara. Burkburnett townsite wells come in from 1,000 to 2,000 barrels. Wells near Clara come in from 100 to 3,000 barrels.

Our property is on a dome and we expect to get wells from 500 to 2,000 barrels. Depth of sand 1,000 to 1,700 feet.

DRILLING WILL START SOON

We expect this stock to be over-subscribed and sell at 2 for 1 before the first of October. Eight wells or more can be drilled on this tract. A thousand-barrel well would probably send this stock up 10 to 1. We reserve the right to refund money if stock over-subscribed. Stock selling at par, \$25.00 per share.

Stock Salesmen, Attention:

If you are looking for stock to sell in a Company near the Wichita Southern, or in a Company across the street from the Couch-Winfrey, or in a third Company between the Smith well and the Wichita Southern, we want your services and the services of one hundred more stock salesmen to become connected with this organization on a big commission basis. We offer only the highest class of stocks for sale. We are here to stay and if you are looking for something permanent we have it. As soon as one Company is sold out we have another to underwrite. REMEMBER, these Companies do not belong to us but we underwrite them getting a good commission, because we put the stock over real fast. If you want to become connected with a fast organization that is doing things, we want you.

Right here let us say, we not only give big commissions to our salesmen, but we pay them each day. How many of you have ever worked for a Company that did this? Our recommendations are the men that are connected with us. Have a talk with any of them and this will be verified.

Come in today and get in with a live organization headed by real live wires, who know how to give co-operation.

RETURN BODIES THIRTY SAILORS OF MT. VERNON

Associated Press.
AN ATLANTIC PORT, Sept. 21.—Approximately thirty bodies of sailors killed when the transport Mount Vernon was torpedoed recently, 200 miles off the coast of France, have been brought here. The naval authorities are sending them to the homes of relatives in various parts of the country.

HOW OUR ADVERTISING CAN SERVE

The common idea is that advertisements are run to urge people to buy. That may have been true in the past, altho we have always had a different idea about it. However, this fall, there's a bigger function for advertising; to buy just for the sake of "selling something" is all wrong.

We believe we can render a service in these talks to you; that we can show men how to save on clothes and we're going to try to keep everything we do up to that high level.

CALL FIELD CAMOUFLAGE

RENOUNCES LURE OF FOOT LIGHTS TO ANSWER CALL

LIEUT. DOUGLAS BUCKLER AT CALL FIELD HAS HAD INTERESTING CAREER.

WITH DAVID BELASCO

Was Personal Manager for Douglas Fairbanks When Latter Joined the "Movies."

To attain that dizzy height of which all actors dream, an engagement with David Belasco in a New York production, and then to drop the ball...

When Douglas Buckler began his theatrical career, he played with Marjorie Rambeau in stock in Salt Lake City. And he was a member of the Willard Mack. Both names have been in electric lights on Broadway.

However it's more or less like Kipling says, "When you've heard the East a calling, why you don't feel nothing else," so movies and western engagements were forsaken.

When that season was over the Belasco offer came and young Buckler took up his study of the invisible lead in "Polly with a Plan" and signed his contract for one year.

SOLDIERS IS WILLING IN AUTO ACCIDENT

Lieut. Gardner Has Letter From Brother Over There

That fifty per cent of the German artillery shells are "duds" and fail to explode because of defective ammunition, is the assertion of Lt. N. E. Gardner of Battery C, First French Mortars in France, to his brother, Lieut. James E. Gardner of Call Field.

Lieut. Gardner's letter giving some of his experiences with the big guns "over there" follows.

"I have seen a great deal of excitement. Haven't seen in the front line trenches or anything like that, but I've been through bombardments, both far and near, and a couple of air raids.

Lieutenant August Koerbling, aviator in the marine corps, formerly flying instructor at Call Field, is now in the thick of the aerial fighting on the western front.

"I got homesick to be back in Wichita again, sometimes, but I'm doing this work and I enjoy it, as it is exciting and interesting.

Twenty-one are commissioned as 2d lieutenants

Rainy weather, which prevented flying, was all that prevented the last of the cadets at Call Field from finishing up their course and being commissioned this week.

SHEEHAN TO CONTRIBUTE TO "FROLIC" PROGRAM

T. P. Sheehan of the famous 164th Squadron, now known as Squadron "A," will participate in the Call Field Frolic.

MANY STUDENT OFFICERS LEAVE FOR NEW FIELDS

THIRTY-FIVE ARE TRANSFERRED TO PORT SILL.

LESS THAN FIFTY HERE

Fourteen Go to Wilbur Wright Field, Located at Fairfield, Ohio.

Call Field is almost depopulated of student officers again, two continents having been transferred to Wilbur Wright Field, Fairfield, Ohio.

Those sent to Fort Sill were: Second Lieutenants Charles M. Brown, Gordon L. Eshelman, Leslie A. Roche, Tony Harone, Daniel Volintine, David B. Vaxter, Major Roy Hart, Matthew M. Benson, H. P. Schlemmer, John N. Leveck, Jack C. Caskey, Francis B. Wilson, Ernest L. Miller, Edward M. Last, Daniel G. McCall, and James A. Roberts.

SQUADRON "D" NEW ADDITION AT CALL FIELD

Squadron "D," commanded by Second Lieutenant George P. Southworth and Fred George, arrived at Call Field this morning.

Lieutenant Frank Carter, married Chicago girl

Miss Marjorie Made Perry of Chicago, Ill., is married to Lieut. Frank Carter of Call Field.

Major Moltrop is Call Field visitor

Major Moltrop of Washington, executive officer of the chief of training, Air Service, flew to Call Field Tuesday from Fort Sill.

AT THE "Y"

Friday night is going to be a big night at the Call Field "Y," with extra electrical effects used in the program by the soldiers as the attraction.

Call Field Commander Is To Report at Washington

Major James R. Alfante, who since April 8, has been commanding officer of Call Field, has been relieved of command of the field and ordered to report at Washington.

Major Alfante from Call Field was relieved of command of the field and ordered to report at Washington.

spot in his heart for the new hall and our genial and peppery friend, Cunningham.

A word or two in description of the hall might not be amiss. It is of the usual high class construction found in the K. of C. army halls and has a singularly cheery and comfortable atmosphere about it. As one of the boys said: "It makes you forget how much you owe and start thinking how near payday is instead." A player piano and a Victrola are very much in evidence and an abundance of literature from "Dick Merrivell" stuff to Kipling is on hand. A box situated on the desk and filled with the "makins," with a sign over it requesting you to "roll one on the house," is only one of the touches which our friend Cunningham has put in which will add much to the pleasure and comfort of the boys. With such a fine building and with such a fine man at the head of it there can be no question as to the place it will hold in the minds of the boys while at Call Field.

"One Who Was There."

REVIEW OF SIX MONTHS OF WAR

By The Associated Press

Six months ago the great German offensive began. For weeks victory seemed about to perch on the German banners. Today the Allied star is in the ascendency.

Anxiety and encouragement, depression and joy have succeeded each other since at dawn on March 21, the greatest battle of history began. It has been a period of almost incessant fighting and of bewildering changes in the situations that developed from day to day, and from week to week.

The Allies knew they faced Germany's mightiest effort last March but they stood unaffected. Released by the absolute collapse of Russia as a belligerent power, vast numbers of German veterans had been pushed to the western front and been given intensive training for the offensive by which the Teutonic war lords, convinced that they might force upon the world a German peace, Germany made no secret of her intention. It was known that great bodies of men and tremendous stores of munitions had been concentrated at strategic points behind the German lines. It was even known where the Germans would launch their first attack and for weeks before March 21, the eyes of the Allies had been fixed on the long curving line from La Fere to Arras.

Offensive Is Checked.

Moving with a swiftness that caused concern to every Entente nation, the German forces swept over the British lines in Picardy and rolled west like a tidal wave during the closing days of March until at last the British reached positions where they could stand at bay and the French had come to form a living wall before the gray-lad host of the German emperor. Then the offensive stopped.

Hardly had its rush been checked than the line between Lens and Ypres was attacked by the Germans and again the British lines swung backward. This advance of the enemy went on until it reached the high ground to the southwest of Ypres and then it too, was stopped by the stubborn fighting of the Allied armies.

A pause followed for nearly a month and then, on May 27, the Germans suddenly broke through the French lines north of the Aisne river and smashed their way southward until they had reached the Marne over a wide front east of Chateau Thierry. No sooner had the momentum of this drive been taken up by the yielding defense of the French troops than a new assault was made by the Germans who this time tried to break the French lines between Montdidier and Noyon and link up the Picardy and Marne sectors.

Allies Conserve Strength.

It was the world had the first intimation that the Allied armies, which later in March had been under the supreme command of Marshal Foch, had been pursuing a definite policy and had conserved their strength against the time when it

might be used with good effect. The German attack east of Montdidier came to a pause after six days of terrible fighting in which the Germans suffered frightful losses and the French, for the first time since the German offensive began struck back at the invaders.

American forces had taken part in the final phases of the battle along the Marne and had been instrumental in stopping the Germans at Chateau Thierry. In this battle came the first notable contribution of America to the fortunes of the Allies. Since March, however, there had been a flood tide of khaki clad men crossing the Atlantic and during May, June and the first part of July they rapidly moved up to the battle zone.

Germans Driven Back.

The sanguinary check of the German offensive east of Montdidier gave the Allies hope that the German tide would be safely stemmed and this feeling was heightened during the succeeding three or four weeks by a series of local successes which drove from Soissons to Chateau Thierry which the Germans were driven back steadily from points of tactical value. It was not known by the lay world, however, that by these very actions, Marshal Foch virtually forced the Germans to attack somewhere in the Marne region where preparations were made for a new phase of the struggle.

On July 15 the Germans made a new drive, called by them "the offensive of peace" from Chateau Thierry eastward far into the Champagne sector. No sooner had the news of the attack reached the world than the tidings came that the French, Italian and American lines subject to assault were standing firmly in every vital part of the front and that it was only by the greatest effort that the Germans pounded their way ahead in the region southwest of Rheims and outside the Marne west of Epernay. It was then known that the Allies had solved the German system of offense and were able to hold their ground.

Attack Is Launched.

On July 18 Marshal Foch launched an attack which changed the whole complexion of the situation. From Fontenoy on the Aisne, west of Soissons, to Chateau Thierry on the Marne the German lines were torn to pieces and the Marne salient threatened to collapse. It was only by the most savage fighting that the Germans succeeded in saving their army from disaster and finally succeeded in retreating across the Vesle river.

On August 8, the French and British stormed the German lines in Picardy from the Aisne river to Morcourt, north of Montdidier and sent the enemy reeling back toward the Somme. The next day the French crushed in the German front south of Montdidier and then linking their lines with those of the British further north, forced the invaders back to the eastward.

Less than two weeks later the German lines southwest of Arras were attacked and these gave way and the

forces holding them loosed their combats further south in a retreat which now has virtually reached the German lines as they were on March 21, from Arras to the Chateau Des Dames, southwest of Soissons.

While this retreat was going on the Germans began a withdrawal from the Flanders salient and today they came to a pause after six weeks from which they sallied to their attack late in April.

West Position From Enemy.

Thus far the Allied drive might have been considered in the light of defensive operations but the work has not passed with the mere repulse of the enemy. His positions along the Hindenburg line, which he had planned to stand on the defensive. The American first army has obliterated the St. Mihiel salient and straightened the front east of Verdun and now stands before Metz into which American shells are falling.

Before the Allies there now stand the great lines of fortifications which the Germans during four years of warfare had built up with such care and labor. These are not simple trenches but vast field fortifications which stretch from the North Sea with few interruptions to the Swiss frontier. The general line of defense positions has become known as the Hindenburg line and it was not until the present year that the names of the old German epic of the Niebelungenlied, Formidable Barrier.

Thus, from the North Sea, Brunhild and Kriemhild lines have been mentioned in reports from the front. They are carefully constructed with all the science at the command of the German general staff and present a formidable barrier to further Allied attacks.

Six months of the warfare of motion, however, has taught the Allies that a trench is no stronger than the troops that man it. In this fact lies the hope of the Entente nations. New methods of attack, the employment of tanks and the higher morale than ever before in the history of the war will be relied upon in the fighting to break the enemy's defensive lines and force new retreats.

Germany has lost her chance to force peace upon the Allies before American armies enter the fight with all their strength. This was her hope in March. Losses of a serious nature were suffered by the Allies during the long battle, but they have been more than doubly offset by the inflowing American legions. Germany's losses, on the other hand, cannot be made good. Hope blasted, crack divisions broken up and seeming victories turned into defeats have sapped the morale of the German armies which today are on the defensive everywhere.

ODD FELLOWS TO HAVE IMPORTANT MEETING

The Odd Fellows will confer the third and last degree upon candidates at their hall tomorrow night. Some four or five candidates are expected to receive this degree, as it is very necessary that all candidates who have received the other degrees and are now ready for the last degree, complete this work. Several have been ready for it for several months and some a year or more.

The entire membership of the lodge is expected to be present at this meeting, as some matters of vital importance are expected to come before the meeting, and no member should stay away from this meeting.

Card of Thanks.

We wish to express our appreciation of the kindness of our friends and neighbors during the illness and death of our husband, brother and father.

Mrs. G. W. Corbhill,
Mildred Corbhill,
Mr. and Mrs. E. Bryant, of Richmond, Calif.,
Mrs. E. B. Kinell, Kansas City.

"Mother, may I go out to swim?"
"No, my darling daughter."

Again We Are Doing Our Bit To Help the Government.

To eliminate waste, heedful of President Wilson's pleas, and to give our customers the most efficient service possible, we have completely equipped our YARD-GOODS sections with

MEASUREGRAPHS

The Measuregraph represents another step forward in conservation of labor and betterment of service. And this store, always in the forefront with progress, is the first retail store in Wichita Falls to install this wonderful innovation. We invite our customers to come in and see the Measuregraph at work.

- The Measuregraph is invention's latest contribution to good storekeeping.
- With the Measuregraph the salesperson can measure off the desired amount of material accurately and more rapidly than by the old faulty way of using tacks or yard sticks.
- With the Measuregraph the price of the goods measured off is instantaneously figured.
- With the Measuregraph there is not the slightest chance of making a mistake either in the yardage of the goods measured or in the price. Our customers are assured correct measurement and the exact price.

W. B. McClurkan & Co.

"EVERYTHING TO WEAR."

Camouflage Taboo in Penney Co. Stores

All goods in the J. C. Penney Co. stores are marked in plain figures. These prices are not changed from day to day and a child can buy goods at these stores at the same price charged the experienced shopper. What a pleasure to trade in any store where the spirit of suspicion and doubt is entirely absent. Everything here is open and above board. We will never knowingly make a mis-statement concerning our merchandise or methods. We are here to build a business and our success will be measured—not by the number of dollars we can persuade you to give up—but by the real service we can render you in bringing you the goods you want at a real saving in price.

Perkins Timberlake & Co.

**Tomorrow
Marks the
Closing of
Our Second
Year in
Wichita Falls.**

The wonderful business we have enjoyed since establishing our headquarters in Wichita Falls, very clearly demonstrates the results of honesty and efficient service.

Since our opening we have made many improvements in our business methods and shall continue to do so—that we may serve the public better—we are indeed grateful to note that the public appreciates an up-to-date establishment such as ours, and demonstrated that appreciation in the loyalty of their patronage.

Operating as we do, a chain of 25 stores, we are able to save our patrons many dollars each season on their purchases, and we ask that you join our throng of satisfied customers, and let us show you.

Announcement

Every Department Is Now Ready For Fall

With crisp new merchandise now filling shelves, counters and cases we announce our readiness to serve you. Regardless of market conditions and scarcity of merchandise you will find our assortments complete. We will be glad to have you inspect our displays tomorrow.

**Twenty-Two
Years of
Successful
Business In
Texas and
Oklahoma.**

Starting as a small institution, our business has grown until we now own and operate a chain of 25 large and well equipped dry goods stores.

We have a buyer in New York all the year, who is always on the alert for the new things and each of our stores are assured of the newest styles at all times.

Our sales force is made up of courteous and polite people who are always glad to meet their trade and to give to their patrons their very best attention.

You will always find us ready to serve you.

Variety of Styles Is the Keynote of Our Showing of Our
Fashionable Fall Suits

Many seasons have passed since designers produced such a variety of pleasing styles. Every type of figure imaginable seems to have been adequately taken care of in the many models evolved for fall wear.

If your inclinations are for the extreme, you can choose a smart suit with a short loose back jacket, or with an extremely long jacket, reaching well below the knees. The happy medium however, is well received by fashionable women. The large variety of smart models with jackets reaching just below the finger tips and skirts from five to seven inches from the ground, bespeak for this type a universal popularity. Trimmings of fur, yarn embroidery and buttons are very cleverly applied, providing individuality for every model.

Our showing embraces every style, fabric and color which fashion has approved for fall wear. We urge your inspection of it. Suits priced \$24.50 to ... **\$125.00**

WOMEN'S FALL COATS

Beautiful garments of bolivia, velour, broadcloth, velvet, and other fabrics, some with large fur and plush collars, priced \$19.50 to ... **\$125.00**

MISS GLADYS RAHL IS MARRIED IN DALLAS

Announcement has been made of the marriage of Miss Gladys Rahl of this city to J. A. Dupuy, of Orange, Texas, in Dallas on Tuesday morning. The wedding took place at the home of J. F. Wright Jr. at one o'clock Tuesday morning, with only relatives and intimate friends attending. The wedding home was attractively decorated and the bride and groom entered unattended to the strains of Mendelssohn's march, played by Mrs. Walter McCall. The bride wore a dark green tailored suit with hat, gloves and shoes in gray. Following the ceremony an informal reception was enjoyed and the young people left immediately for Plaquemine, La., for a short visit with Mr. Dupuy's parents before going to Orange, Texas, where Mr. Dupuy is connected with the Sun Dry Dock & Ship Building Company, to make their home.

The bride is the only daughter of Mrs. Frances Rahl, of this city. For several years she was employed in the local offices of M. M. & T. road.

NEW IDEA CLUB MEETS WEDNESDAY

New Idea Club was held on Wednesday, Mrs. J. E. Wolf being hostess. There were several guests who enjoyed the informal hospitality, these including Mrs. McCarty, Mrs. Bert Prater, Mrs. G. C. Ballington and Janice Newton. The club members present were Miss McCarty, Mesdames Harry Thornberry, J. W. Newton, M. E. Carey, T. E. Dobson, J. J. Simon, D. Dehn and the hostess, Mrs. C. A. Andree will be the hostess next Wednesday, September 25.

MISS GAGE ENTERTAINS WITH SLUMBER PARTY

Miss Willie Gage entertained a number of friends with a slumber party on Friday evening. Music, games and ghost stories, with lunch served at midnight, were features of a delightful entertainment, characterized by one of the ten-year-old guests as "the best time she had had in years." The guests included Misses Judith Sherrard, Mildred Nettie, Aileen Anderson, Frankie Adickes, Tadmia Tevis and Lorraine Russell.

"VAGABONDS" ENTERTAIN AT FIRST METHODIST CHURCH

"Vagabonds" in appropriate costumes were the entertainers at the First Methodist church on Friday evening, the Epworth League being hosts to friends of the city and the camp. Contest games and an informal musical program were attractive features of the evening, and the vagabonds set of a cold hand out to their guests.

ROYAL NEIGHBORS DO RED CROSS WORK

The following members of the Royal Neighbors Society completed 25 yard rolls in the work at the Red Cross on Wednesday morning: Mesdames Kincaannon, Flinton, Bradley, Boone, Lindsay, Dillard, Thompson and Barclay. Mrs. West turned in a helmet and a sweater.

WITH THE WOMEN OF THE CHURCHES

CHURCH RED CROSS CALENDAR

Monday: First Methodist church, south.
 Tuesday: Fourth Street Baptist church; First Baptist church; Episcopal Guild.
 Wednesday: First Christian church; Altar Society; Central Presbyterian church; Fourth Street Baptist church.
 Thursday: First Methodist church, south.

First Methodist Church, South.

The Red Cross unit at the church reports the completion of 49 five-yard rolls, 477 wipes, 4 Belgian capes, 28 mittens and 15 bases on Monday and Thursday of last week. The workers on Monday included Mesdames Gordon, Moore, McAlister, Snider, Bland, Schwin, Adams, Burgess, Harner, Forder, Walker, Shaw, Hooper, Silk, Clifford, Langford, Bullard, Chauncey, Ford and Shelton. Thursday's workers were Mesdames Moore, Forsline, Adams, Bartlett, Noble, Daniels, Walker, Kennedy, McAlister, Perkins, Barner, Jack Shelton, Snider, Duff, Eagle, Silk, Clifford, Forder, Dakin, J. P. Jackson, DeLauris, Roberts and Miss Alexander.

First Baptist Church.

At the regular business session of the Altar Society Monday afternoon, the second Monday in October was set aside as rally day to be spent by members of the organization in sewing for the Puckner's Orphan Home in Dallas.

"State Missions" is the subject of the missionary program to be held by Mrs. C. W. Roundtree at the missionary meeting at the church at four o'clock on Monday afternoon of this week.

First Christian Church.

The report from the Red Cross unit this week shows the completion of 47 five-yard rolls, 50 wipes, 8 petticoats and four pairs of drawers. Mesdames Gordon, Tyson and G. R. Walker were instructors and the workers included Mesdames Weisman, McGrath, Tevis, Tyson, Young, Sarah Smith, Reid, Koss, Isbell, Dickson, Hewitt, Strange, Scharrif, Kilander, Lane, Patton, Hunter, Wiley, Lucy Young, D. C. Walker, Jackson, Yates, Webb, Griswold, Pringle, Akers and Miss Mary Leath Tevis.

Church of the Sacred Heart.

At the Red Cross this week, members of the Altar Society completed 58 five-yard rolls, Mesdames Oschepko and McMillan each turned in a pair of socks, and Miss Tillie Mae Schaefer turned in a sweater. The workers were Mesdames Mowbray, Holmes, Turner, Paddy, Higgins, Hatton, Lewis, Moulder, Fitzgibbon, Howlarkum, Millican, McMan and Misses Hatton and Sullivan.

To Resume Meetings.

The Baptist Girls' Auxiliary will resume its Monday sessions for the season on Tuesday afternoon at four o'clock. The meeting will be held at the church.

Church of the Good Shepherd.

Plans for making up a Christmas box for a home missionary were discussed at the missionary meeting of

AT THE CHURCHES

A Community Church.

Rev. B. F. Judd, assistant pastor of the First Presbyterian church, has moved into the Floral Heights community and will give a large part of his time to the work there. He has already done a great work out there and has plans for a community church that will meet the needs of the entire community. In these severe times the churches are learning to conserve men and money by letting one church care for the principal needs of a people as far as possible. Overlapping is a thing of the past and is being frowned upon by all right thinking people. — N. F. GRAFTON.

Methodist Episcopal Church, South.

Corner Tenth and Lamar. All the services at the usual time Sunday. The Sunday school meets at 9:30 a. m. The morning service at 11 o'clock. Brother Barnes will preach at this hour on "The Reward of Christian Stewardship." You are invited to hear this great sermon. The Junior League at 4:30 p. m. Send your children to this service and let them have the advantage of Christian training. The Senior League meets at 7:30 p. m. A good program has been prepared and about 100 children will attend the program. You are urged to be present and hear a fine program and meet some fine young people. The evening service at 8:30 p. m. We are going to have a good song service at this service. Brother Barnes has a message. He would like for the whole church to hear on "Three Important Events." You should hear this sermon. Come to the evening service. The prayer meeting on Wednesday at 8:30. Your presence is desired. Make the services of the week good ones by coming and asking others to come with you.

First Baptist Church.

At the regular business session of the Altar Society Monday afternoon, the second Monday in October was set aside as rally day to be spent by members of the organization in sewing for the Puckner's Orphan Home in Dallas.

Church of the Nazarene.

Corner Fifth and Lamar. Preaching service 11 a. m. subject, "Christ's Call to the Modern Man." B. Y. P. U. 7:30 p. m. Preaching service 8:30 p. m. subject, "Profit and Loss." Good music and a cordial welcome for all who will attend these services. The pastor is especially anxious that we should have a large attendance of men at both of these services.

Church of the Nazarene.

Corner Fifth and Lamar. Preaching service 11 a. m. subject, "Christ's Call to the Modern Man." B. Y. P. U. 7:30 p. m. Preaching service 8:30 p. m. subject, "Profit and Loss." Good music and a cordial welcome for all who will attend these services. The pastor is especially anxious that we should have a large attendance of men at both of these services.

Lutheran St. Paul's Church.

(Mo. Synod.) Eleventh and Holiday Streets. Sunday school at the usual hour, 9:30 a. m. Morning services in the English language at 10:30 a. m. English day night at 7:30 p. m. All young ladies of the Bible class and any and all others who wish to come, should make it a point to be present. Your country needs you! Come! A cordial invitation is extended to everyone to worship with us, especially all Lutheran boys from Call Field, all strangers in the city, as well as all others.

Floral Heights Presbyterian Church.

The pastor will preach both morning and night. The Sunday school and other organizations of the church will meet at the usual hour. The pastor has moved to Floral Heights and will give a large part of his time to the work there. He has plans that will be put into operation very early to care for the spiritual needs of the people. — B. F. JUDD, Pastor.

First Presbyterian Church.

Miss Yeale will sing both morning and night. Her solo for the morning will be "My Days Are In His Hands." The subject for the morning sermon

Church of the Good Shepherd (Episcopal)

Tenth and Burnett. Holy communion 8 a. m. Morning prayer and sermon 11 a. m. Sunday school 9:45 a. m. The public and especially strangers in the city are most cordially invited to worship with us. JOHN G. LARSEN, Rector.

First Methodist Episcopal Church

Corner of Seventh and Lamar. 8:30 p. m. popular sing-song patriotic service. Mr. George Taylor will sing "Liberty Bell" and "Don't Hire the Hand That Feeds You." All will sing "America" and "The Star Spangled Banner" and others. Mr. Adam of the violin school will assist the orchestra. Subject of the sermon, "God's Service Flag." The cross will shine through "Old Glory." Bring your friends. 9:45 a. m. Sunday school with contesting classes. If you start you'll keep on going. 11 a. m. morning worship with sermon, "The Secret of Prosperity" not a consecration service. Mrs. Merle Weggoner will sing a solo. 3:30, catechism class for children, 8 to 12 year old. 7:30 Epworth League with Centenary program of vital interest to all. 8:30, the sing-song and evangelistic service. The Ladies Aid will meet Monday but will meet Friday at the Red Cross rooms. Bring your friends to services and a fellowship you can't afford to miss.

First Baptist Church.

Sunday school 9 a. m. Preaching service 11 a. m. subject, "Christ's Call to the Modern Man." B. Y. P. U. 7:30 p. m. Preaching service 8:30 p. m. subject, "Profit and Loss." Good music and a cordial welcome for all who will attend these services. The pastor is especially anxious that we should have a large attendance of men at both of these services.

CLOTHES OF ALL-WOOL

Wool—pure wool with no taint of cotton—is today, as always, the fabric standard in Kirschbaum Clothes To put cotton into a suit and thus take away from its wearing qualities means waste—not conservation To save wool, buy only clothes of all-wool—all-wool, backed up by solid workmanship—and then give the garments proper and constant care.

CAMPBELL-ANDERSON CO.
WICHITA FALLS STYLE AND QUALITY STORE

Our Fashion Review Portrays the Trend of Mode for autumn and winter, 1918-19, in an artistic ensemble of the favored styles in women's and misses' coats, suits, dresses, blouses, skirts millinery, fabrics and the accessories of dress.

We take pleasure in inviting you to this splendid style exhibit not alone because it presents with authenticity the fashions that smart women will wear the ensuing season, but because it has been so difficult to assemble. Through the most careful directed buying program and a close scrutiny of market conditions during the last few months we have been able to successfully cope with the merchandise situation in its most serious aspect.

Our entry into the war has had its effect on fashions—but in the most charming quiet manner imaginable. There is little to be seen of the extreme as has been in the past; elegant simplicity reigns supreme in modes delightfully new, dignified and different. In its entirety this fall fashions review is one of the most interesting displays we have presented in a long time, and we cordially invite your careful inspection.

Lovely Frocks

Many irresistible frocks in refined wool jersey, styled in the overdressed and pannel effects, finished in silk braids in embroidery designs, styled with the new neck and fancy cut sleeves. A most interesting collection of high grade jersey dresses, in fancy and solid color materials; some styled in the coat effects, others in the overdressed and pannel modes.

Wool jersey frocks for dress and general wear, in numerous styles, in good colors, built on the straight line and coat dress lines.

New silk tricotee dresses, with the over draped and floating pannels; styled in the round and square necks; deep silk tringe trimmings, some with large collar of self material; finished in fish embroidery, in all the pretty new shades.

Beautiful straight line models, in satin and georgette in all the new shades, also navy and black; exclusive models gracefully overdressed with georgette to match, richly finished and charming in every detail.

Charming serge dresses in many individual and interesting styles, in high grades of imported materials; some in plain finish, others in braids and fringe.

Prices ranging from \$20 to . . . \$90

Sweaters for the Cooler Days

There are many occasions on which a sweater is the most appropriate garment you can possibly wear.

You'll never begrudge the amount of money you spend for one of these cozy, convenient, practical affairs of wool or silk, in the bright cheerful colors which prevail for fall.

Slipover and regular coat styles, belts, sashes, convertible collars and pockets being some of the features of the new styles. In all colors, priced from \$2.50 to . . . \$17.50

Ladies' Coats

Charming to the last detail are the new coats for autumn and winter.

"Fullness without flare" best express their general style trend, for coats, too, follow the straight line effect; and novelty is apparent in the new high buttoned cleverly constructed collars, sleeves, belts and pockets.

In all the popular materials, in silk, velours, bolivia cloth, wool plush and many other new materials.

Colors—taupe, brown, gray, navy, burgundy, Pekin, green, tan and black.

Being beautifully trimmed in the different materials especially adapted to the garment.

Prices range from \$20.00 to . . . \$150.00
Hudson Seal Coats, priced . . . \$200.00

Furs! Furs!

We have a beautiful selection of Furs. This stock was bought at a time when Furs were much cheaper than now, in fact there are a great many numbers that couldn't be bought at any price at this time. Natural Muskrat, Leopard Cat and Hudson Seal coats, reasonably priced from \$125.00 to \$200.00.

Furs: Silver and Red Fox sets, Black Fox sets, Sea Lion Scarfs, Nippen Mink sets, French Coney sets and Brazilian Fox,

Priced from \$14.00 to . . . \$75.00

The Most Beautiful Styles in New Fall Suits

Straight slender lines are favored and the reception accorded these garments by our discriminating patrons is an indication of the immense popularity of this type of suit for the new season. The rich autumn tones of brown, gray, taupe, blue, burgundy, green and other favored shades are exceptionally attractive in these new season suits of bolivias, duvetyne, oxford cloth, tricelines and broad-cloths.

The present showing is of wonderful interest and your desire for a suit beautiful yet practical, can be gratified from our extensive selections; and the very moderate pricings make possession an easy matter, at from \$20.00 and every price stage upward to . . . \$135.00

Blankets—Comforts

We bought our stock of Blankets and Comforts early, therefore have a great assortment. Cotton and wool nap blankets in different colors at from \$5.00 to . . . \$10.00

All wool blankets, large size and beautiful colors at from \$10.00 to . . . \$25.00

A large assortment of blanket robes reasonably priced.

Comforts, good quality at from \$3.50 to . . . \$7.50
A beautiful assortment of silkolne and silk lining, splendid values at from \$7.50 to . . . \$20.00

Better buy early as we will not likely, on account of scarcity of material, be able to replenish the stock.

Fall Millinery

Visitors to our Millinery Section this week will have the pleasure of seeing many new creations in fall hats.

Many large express shipments placed in our stock the past few days.

Late Ideas in Tailored Hats

Hundreds of tailored hats received the past week, a most comprehensive assortment of original and distinctive models of Velvet Haller's Plush, Beaver, Velour and other new materials in the cleverest fashions produced for this season. Shown in black and all leading colors, priced \$10.00 to . . . \$25.00

Street and Semi Dress Hats

Just the hats you want for street and dressy afternoon wear, made of the very newest material, \$3.50 to . . . \$15.00
You will find just the hat you want in this stock.

Stylish Boots

All the new season's most fashionable boots for women are here in wonderful variety.

Utz and Dun include some of the most beautiful footwear ever produced—Gray Kid Boots, Black Kid Boots, Field Mouse Boots, and Brown Boots are shown in all the favored styles at moderate prices.

Beautiful Field Mouse Kid, Gray Kid, Dard Brown and White Kid lace boots in turn and welt sole at from \$3.50 to . . . \$15.00

Beautiful black kid lace boots in military and Louis IV heel at from \$7.50 to . . . \$9.00

Brown and black kid boots in low heel at \$6.00

to . . . \$7.50
School Shoes: We pay particular attention to fitting the school children—you will find them moderately priced.
