## French and Americans Attack on Champagne Front Bulgarian Territory Is Invaded by Allied Troops

(By Associated Press.)  
**SALONIKI, Sept. 26.**—The Allied advance into Bulgaria continues and British and Greeks are forcing their way over the Belachista mountain range on the Bulgarian border northeast of Dolran, says a British official statement issued here.

**SALONIKI, Sept. 26.**—Bulgaria has been invaded by Allied troops, according to a British official statement issued here today.

British troops entered Bulgarian territory opposite Kosturino, about six miles south of Strumitsa, the enemy base in this region.

**LONDON, Sept. 26.**—Veles, 25 miles southeast of Uskub in Macedonia, has been captured by the Serbians.

**LONDON, Sept. 26.**—Reports in official quarters here indicate that the Prilep-Veles road has been cut at Izvor, isolating the first Bulgarian army from its main line of communication and placing it in a precarious position. The first army is on the Allied left.

**MAKE PLANS FOR LOAN CAMPAIGN IN THIS COUNTY**

ANNOUNCEMENT OF QUOTA AND OUTLINE OF WORK WILL BE READY FRIDAY.

**HEALTHY MIND MANAGER**

Complete plans for Wichita county's participation in the Fourth Liberty Loan including the county's quota will be ready for announcement Friday, September 27, and the committee will meet this afternoon to make the preliminary arrangements. H. L. Hunter will be the campaign manager, and it is understood that the personnel of the committee will remain practically unchanged from preceding loans.

J. A. Kemp, the county chairman, made the statement this afternoon that the federal reserve district had assessed Wichita county a much larger amount than the bankers of this county felt was just, and that, after a being made to have this reduced, Mr. Kemp also stated that he believed this was due to a mistaken opinion about the resources of Wichita county, and the conditions which the agricultural element was facing.

Conditions Are Considered.

"We have had absolutely no crops, we have not asked for drought relief, we are taking care of that ourselves, but we are going to have to furnish money to feed the farmer and our children, and we do not have a surplus time come. These people will not only be unable to contribute to the loan, but will themselves have to ask for more loans and there have been hard hit and the bankers are going to have to carry them through. It is true that we have a wonderful oil field and that it produces much money, but it were not for this oil field the whole of Wichita county would be facing destitution. Those who live here know that, and so soon as we can we believe that to do justice to the county the federal reserve district should know and appreciate these facts. We don't want to see our county but we do not believe that we should be asked for an unreasonable amount."

Mr. Kemp continued:

"The three first Liberty Loans the county oversubscribed it's quota three quarters of a million dollars. If they would give us credit for that on our present plan we would be all right. Those of the committee who have discussed the matter with the district chairman intend to take it up again this afternoon and there have been a fine decision before making our arrangements for the drive on Saturday, when the loan drive commences."

**JOINT MEMORIAL SERVICE IS HELD BY THE VETERANS**

TRIBUTE IS PAID TO CONFEDERATES WHO HAVE DIED THE PAST YEAR.

**SCENE WAS IMPRESSIVE**

Gray-haired Veterans Join in Singing "Nearer My God to Thee" at Service.

By Associated Press.  
**TULSA, Okla., Sept. 26.**—The United Confederate Veterans stopped merrymaking today and paid tribute to their members who have died since the last annual reunion. The veterans, their sons, and the United Confederate Memorial Association held their joint memorial services at noon.

Twenty-five honored members of the women's organization were named in the resolutions adopted by the daughters, the list being headed by Mrs. Kate Behan of New Orleans, president-general of the United Daughters of the Confederacy.

Members of the veterans organization whose deaths have occurred during the year were Brigadier General William McComb of Virginia, J. W. Whiting and A. J. West, colonels in the United States Army, George W. Ely and S. E. Lewis and Major General Howell Carter, commanding the Louisiana division and Major General K. J. Trippe, commanding the Maryland division.

Most effective was the singing of "Nearer My God to Thee" by the chorus of gray-haired veterans and the solemn strains of the national hymn, "The Star-Spangled Banner." Both the veterans and their sons will elect officers this afternoon. General K. M. Van Zandt, now commanding the training division, is slated to be chosen commander in chief of the veterans, and Carl Hinton of Denver will be re-named commander in chief of the sons.

**CHARGE IS MADE WAR IS USED TO AID DEMOCRATS**

ADMINISTRATION ARRANGED BY SPEAKERS AT MICHIGAN REPUBLICAN CONVENTION.

By Associated Press.  
**GRAND RAPIDS, MICH., Sept. 26.**—Charging that the democratic party had attempted to use the war for partisan political purposes, Will H. Hays, chairman of the republican national committee, speaking before the republican state convention here today urged that the war be kept out of politics and that partisanship be kept out of the management of the war.

The two great parties, he declared, should work together to a common end—peace with victory.

The national chairman referred to recent republican victories in Maine and characterized as Maine's reply to the "democratic attempt to use the war for partisan purposes." Continuing he said:

"The democratic national committee says that the election of a republican congress would be a course of comfort and elation to theaiser and his cohorts. Against this disparaging conduct of a responsible political organization, I protest, not as a republican but as an American. We seek in vain to understand the mental gymnastics of those who can find comfort and elation in the election of the Senate of Commander Truman H. Newberry, as against Henry Ford—a man who is said to have spent thousands of dollars in a propaganda for peace at any price after the slaughter of innocents, men, women and children by Hunnish hounds of hell."

In the name of every American soldier in France, "I appeal for the support of the country's cause by all men and women without thought of party."

**SENATOR TOWNSEND IS SEVERE IN CRITICISM**

By Associated Press.  
**GRAND RAPIDS, MICH., Sept. 26.**—Senator Townsend, republican administration and Henry Ford as a senatorial candidate, was coupled with a vigorous defense of the republican party in Michigan at the annual state convention here today.

Senator Townsend charged the administration with inexperience, inefficiency and vacillation, and declared that the republican party should be re-elected to the Michigan legislature.

Senator Townsend's criticism of the administration was more severe than when the republican party for Henry Ford, a man who has been known as a peace advocate and who led soldiers to become murderers, and leaving him to become a candidate for the United States senate.

Criticizing the government's public policy, the senator said:

"The acts of the government in peace and war should be known to the people. It is their business and all the truth and only the truth should be given them. Today our press is gagged by a man who has been known to be a peace advocate and who led soldiers to become murderers. The administration issued a newspaper in charge of a man who has been known to be a peace advocate and who led soldiers to become murderers. The administration issued a newspaper in charge of a man who has been known to be a peace advocate and who led soldiers to become murderers."

(By Associated Press.)  
**Marshall Foch's new attack against the Germans is on a front of forty miles from the Suippe River, east of Rheims, to the river Meuse just north of Verdun. The French and American troops have advanced several miles along the entire front.**

The field of the new offensive is between the scene of the successful Marne offensive and the recent American success in cleaning out the St. Mihiel salient.

Lateral railway lines of great importance to the German positions between Laon and Verdun lie directly in the path of advancing Franco-American forces. Vouziers, an important railway junction on the main line from Laon to Metz, is but twelve miles north of Servon which already is in the hands of the French. The battle line passes through the Argonne forest, about nine miles south of where there is a wide break in the wood and hill country.

From the fact that the French are operating in Champagne and that the Americans are to the east, it is apparent that the American forces have taken over a portion of the battle line in the Argonne, and eastward to the Meuse in the region north of Verdun.

(By Associated Press.)  
**WITH THE FRENCH ARMY IN FRANCE, Sept. 26.**—French troops today attacked in the Champagne in a thick fog after a period of artillery preparation which terminated in an hour of most intense drum fire. The early indications were that the attack was progressing most favorably.

The attack was launched at 5:30 o'clock this morning and was along a wide front.

At 9:30 o'clock today a French officer of high rank told the correspondent that the news from the principal points from the front attacked was excellent.

The French fourth army has taken Servon, which has been in German hands since 1914, and Navarin farm, a strong position around which there has been much violent fighting.

The Franco-American attack on the Champagne front is the first Allied thrust made on that sector since Marshal Foch assumed the initiative in July and is the logical result of the Allied success in Picardy in driving the Germans back to the Hindenburg line from Arras to Laon.

A drive northward in Champagne threatens the communication lines in the rear of the Hindenburg defense system where the German strategy of breaking through. While the length of the front of attack is not disclosed, it is probable that a good part of the distance from Rheims to Verdun and probably beyond.

More important still, such an advance would sever the communication lines eastward from Laon, the pivot of German defenses between Rheims and Ypres. An Allied breakthrough in the Champagne front in the last few weeks and some military commentators have felt that these were the forerunners of greater activity.

By Associated Press.  
**LONDON, Sept. 26.**—French and American troops launched an attack this morning against the German positions on a front of forty miles between Suippe and the river Meuse.

The Germans voluntarily abandoned their forward positions. There was not much artillery or infantry resistance to the Franco-American drive.

The Americans attacked on the right wing and the French made their assault on the left. The Allies penetrated the German positions for some miles.

**SUMMARY OF THE BATTLE FRONTS**

French and American troops today are attacking the German positions in Champagne and further east in what apparently is another major stroke by Marshal Foch. The new offensive is progressing favorably, according to early reports.

On the Macedonia front British troops have invaded Bulgaria as the Serbians and other Allied armies pursue the hard pressed Germans and Bulgarians west of the Vardar.

The new Allied thrust in the west comes in a front which has not been very active since the Germans failed to advance in Champagne in the defeated offensive of July 18 east and west of Rheims.

**Americans Move Forward.**

French soldiers are attacking in Champagne which runs from Rheims eastward to the Argonne west of Verdun. The Americans are moving forward east of the Champagne salient, and are attacking the German communications which are severed from Arras to Laon, and from the important southern end of the front. The length of the attacking front is not disclosed, but it may possibly be from Rheims eastward past Verdun to southwest of Metz.

**Advance in Macedonia.**

In Macedonia the Allies are advancing from the line following their first plunge through the Bulgarian lines in Macedonia the Allied armies are engaged in a turning movement which might be of crucial importance to the Veles-Ishib line, the most formidable for the enemy south of Nakhiv, will prove untenable.

**Important Turning Movement.**

Swinging to the east and west from the line following their first plunge through the Bulgarian lines in Macedonia the Allied armies are engaged in a turning movement which might be of crucial importance to the Veles-Ishib line, the most formidable for the enemy south of Nakhiv, will prove untenable.

On the west the Serbians and French have passed Pylev and are advancing along the roads toward Krushevo and Kichevo, which are in the foothills of the mountains separating Serbia from Albania. North of Pylev they are moving toward Veles.

On the right the Allies have enlarged their bridgehead on the east side of the Vardar and are on the range of hills between the Vardar and Kriva Lakavitsa, a river which parallels the Vardar on the east. It is officially reported that the Bulgarians are heavily pressing toward Kriva Lakavitsa. Further north, the mass of Popadja, east of Babuna pass has been taken by the Serbians. Babuna pass is a rocky defile through which the Vardar flows to the Aegean and presents a difficult problem of attacking troops. A few days ago it seemed that this natural fortress might be the rallying point of the defeated enemy, but it appears the position is untenable.

(Continued on page 8.)

### DISTINGUISHED SERVICE CROSS TO AMERICANS

By Associated Press.  
**WASHINGTON, Sept. 26.**—Award of the Distinguished Service Cross to thirty four officers and enlisted men of the American expeditionary forces and to one French soldier was reported today by General Pershing. Five of the crosses were awarded posthumously. First Lieutenant Herman Moysie of Baton Rouge, La., is among the soldiers who received a cross in person.

Posthumous Moysie's citation follows:

"For extraordinary heroism in action near Clermes, northeast of Chateaufort, France, July 31, 1918. After advancing through five attacks of machine gun fire, Lieutenant Moysie led a patrol of five men forward to capture two machine gun positions, and in so doing was the hero of the operation. Although seriously wounded in the chest and foot by machine gun fire, he would not consent to being taken to the rear until the guns had been captured."

### BULGARIAN FIRST ARMY IN DANGEROUS POSITION

By Associated Press.  
**LONDON, Sept. 26.**—The position of the first Bulgarian army on the Allied left in Macedonia is dangerous, according to reports reaching here but it is not believed that the army is faced with immediate disaster. The Italians who are advancing against the first army from the south must pass over much extremely rough country before they can get in contact with it.

It is believed that the first army which is commanded by General Geshov, will be forced to attempt a retreat toward the mountains of the Serbo-Albanian frontier.

**BULGARIAN TROOPS ARE SURROUNDED BY ITALIANS**

By Associated Press.  
**PARIS, Sept. 26.**—Advices received in Serbia diplomatic circles here today show that the Bulgarian troops in the region of Lake Ochrida, toward the western end of the Macedonian front are virtually encircled by the Serbian army in the direction of Krushevo and the Franco-Serbian forces moving from Monastir toward Krushevo. The fall of Krushevo is expected hourly.

**MONASTIR OR PRILEP SEAT OF GOVERNMENT**

By Associated Press.  
**PARIS, Wednesday, Sept. 25.**—Monastir or Prilep will become the seat of the Serbian government as soon as the Allied lines north of those cities have been definitely established, according to Dr. M. R. Vesitch, the Serbian minister of Finance.

### CRISIS IMPENDING IN BULGARIA IS LATEST REPORT

By Associated Press.  
**PARIS, Sept. 26.**—In well informed circles there are reports that a new ministerial crisis and a complete change in Bulgaria's foreign policy is impending.

Martial law has been proclaimed in Sofia according to reliable news printed in the German press says the four day cabinet is said to be in a serious consultation with Premier Matford yesterday.

Protest demonstrations were held in Sofia on Sunday, Monday and Tuesday, it is reported.

The German government, according to advices to the Havas Agency from Zurich, is very uneasy over the pacific demonstrations in Bulgaria and the German minister has conferred with King Ferdinand.

In Bulgarian political circles it is believed that Crown Prince Boris will become regent in the present crisis.

### WAR ACT PROVIDES FOR ARREST OF HOI

By Associated Press.  
**ST. LOUIS, Sept. 26.**—Railroad detectives of East St. Louis have been notified by Federal Manager Galloway that persons who are known to be on trains or steamboats shall be liable to arrest, fine and imprisonment under the war revenue act.

### HEALTH OFFICER TAKING PRECAUTIONARY MEASURES

**AUSTIN, Tex., Sept. 26.**—With the announcement that cases of Spanish influenza had been found in Texas, state health officer W. B. Collins has taken steps to see that the cases are properly isolated. Apart from several cases of influenza among the crew of a ship which touched at Port Arthur, Dr. Collins says, three also have been found cases of grippe in Bogalusa, Kaufman and Williamson counties.

In regard to treatment of Spanish influenza the State Health Department says:

The epidemic of pneumonia, following an epidemic of measles, which spread over the state last October has been in the minds of Public Health Officers. In grippe or influenza a great majority of deaths occur due to pneumonia which follows. Every precaution should be taken to prevent spread of the disease before it becomes prevalent. Texas, because of its climate has a high death rate compared with the northern states for the same reason. Safety in times when human power must be conserved demands closest attention and care of every suspicious case for there is no known disease which spreads with such rapidity or leaves the person so prostrated and unfit for any kind of work than does Spanish grippe."

### FOURTH TURKISH ARMY FACES ANNIHILATION; 45,000 ARE CAPTURED

By Associated Press.  
**LONDON, Sept. 26.**—The fourth Turkish army on the Palestine front is virtually surrounded in the region east of the Jordan and faces annihilation by General Allenby's forces, today's advices show.

The total of prisoners already taken was increased today to 45,000. The annihilation of the fourth army, now hoped for, would complete the cleaning up of the Turkish forces in Palestine, accounting for about 50,000 men.

The precarious position of the fourth army may be seen from the fact that Arab cavalry and infantry are north of it, Arab and British

### Suffrage Leaders Unable to Muster Two-Thirds Vote

By Associated Press.  
**WASHINGTON, Sept. 26.**—Plans by the Senate today for a vote on the woman's suffrage amendment virtually were abandoned in the midst of debate. Chairman Jones of the woman's suffrage committee, Walter Lee of Martin and other leaders of both factions joined in private statements that the resolution would go over until Saturday.

New polls taken by the suffrage leaders today are reported to have shown one or possibly two votes short of the two thirds necessary to win. They decide, therefore, to delay the vote until every possible vote could be mustered.

### May Be Necessary To Forbid Riding In Auto on Sunday

Special to The Times.  
**WASHINGTON, Sept. 26.**—It has been frequently asked if the gasoline Sunday request would be extended to include the territory west of the Mississippi river. At the moment it does not seem that this will be necessary, although it is among the possibilities.

Mid-Continent refiners are now canvassing the situation with a view of determining their ability to care for the western territory and at the same time furnish the amount of gasoline they have agreed to deliver at Atlantic seaboard.

The solution will rest entirely upon their ability to provide for both demands. If this is found to be impossible, the country west of the Mississippi will, of course, be called upon to forego Sunday pleasure driving until the necessary stocks may be built up and maintained upon the Atlantic seaboard for shipment overseas.

### REMARKABLE INCREASE IN COST OF LIVING

By Associated Press.  
**WASHINGTON, Sept. 26.**—Cost of living, investigators of the bureau of statistics now working in the principal cities, reported today that costs in Philadelphia have increased 67.17 per cent since December, 1914. Clothing increased 108.12 per cent in cost; furniture 105.76 per cent; food 103.99 per cent; housing 9.68 per cent, and fuel and light 31.66 per cent. The increase was 13.36 per cent since December, 1917.

### NORTH TEXAS AND OKLAHOMA REPORT BENEFICIAL RAINS

By Associated Press.  
**DALLAS, Sept. 26.**—Good rains fell last night in North Texas and from Dallas northward into Oklahoma and Arkansas, the United States weather bureau reported here today. Only a few scattered showers were reported in south and northwestern Texas. Rain reports were as follows: Dallas, 1.77; Paris, 1.14; McKinney, 3; Long Lake, 1.70; Longview, 5.2; Nacogdoches, 5.2.

Lockhart Reports General Rain.  
**LOCKHART, TEXAS, Sept. 26.**—A good rain, accompanied by an electrical storm fell here last night. The rain apparently was general over this section. The cotton crop is about gathered and the rain will be of much benefit to the range.

### TROOPS ARE SENT TO JEROME, ARIZ.; FIND 12 BOMBS

By Associated Press.  
**PHOENIX, ARIZ., Sept. 26.**—A detachment of troops was sent to Jerome, Ariz., today following the discovery last night of a dozen bombs scattered in a quiet case hidden beneath a house occupied by Mexicans in Jerome.

### CLASS 1 MEN CAN'T SEEK COMMISSIONS UNTIL IN SERVICE

By Associated Press.  
**WASHINGTON, Sept. 26.**—Physical fit men between 18 and 45 years of age who are placed in class one by local draft boards or who would be placed there for occupational deferment, cannot become candidates for commissions in the army until they have been inducted into service as privates under rulings of the provost marshal general and superceding previous orders on the subject.

Reservists placed in the subdivision of class 1 reserved for limited or special service, however, may be commissioned direct from civil life and deferment is interpreted by the commissioning of men direct from civil life providing their local boards have given them deferred classification on dependency grounds.

Qualified reservists who have applied for commissions in army staff corps and who are desired by a certain corps, may have their classification and physical examinations by local boards advanced on presentation of a certificate from a chief of corps or department of the army. In cases where it is desired to commission a class one man he may be inducted into service immediately and promoted therefrom.

Local boards are also authorized to examine and classify without regard to normal order such men as may be accepted by the army and marine corps in order that their immediate voluntary induction may be arranged.

## CLASS 1 MEN CAN'T SEEK COMMISSIONS UNTIL IN SERVICE

## NORTH TEXAS AND OKLAHOMA REPORT BENEFICIAL RAINS

## FOURTH TURKISH ARMY FACES ANNIHILATION; 45,000 ARE CAPTURED

By Associated Press.  
**HAVRE, FRANCE, Sept. 26.**—Belgians with large families will be cared for in a model city being built by the American Red Cross, near here. Four-room cottages, of modern conveniences, rent \$6 a month, will be offered families in which there are four small children. The Red Cross also will provide work for the heads of the families.

# Serial Numbers Assigned To Registrants of Sept. 12

The following additional serial numbers have been assigned by the Local Draft Board and registrants are asked to place their numbers on the back of registration certificates, also to refer to serial number in addressing the board:

- 2003—Owen Dickey, Wichita Falls; age 19.
- 2004—Herrell Houston Atkins, Wichita Falls; age 19.
- 2005—Olin Eugene Brown, Wichita Falls; age 19.
- 2006—Joseph Perry Collins, Wichita Falls; age 19.
- 2007—William Robert Hodge, Wichita Falls; age 19.
- 2008—Benjamin Franklin Brittain, Burkburnett; age 21.
- 2009—Robert Christopher Harlow, Burkburnett; age 35.
- 2010—Freeland A. Hayes, Burkburnett; age 35.
- 2011—Reese Hale Henry, Burkburnett; age 38.
- 2012—George Washington Welty, Burkburnett; age 38.
- 2013—William Conway, Burkburnett; age 31.
- 2014—Wilmer Dewey Tackett, Burkburnett; age 31.
- 2015—Ozell Burch, Burkburnett; age 31.
- 2016—Lola Davis, Burkburnett; age 21.
- 2017—Morris Hill, Burkburnett; age 21.
- 2018—Ray Herbert P. Coe, Burkburnett; age 21.
- 2019—Lola Jasper Simmons, Wichita Falls; age 34.
- 2020—John Lee Norman, Wichita Falls; age 34.
- 2021—Cheasey Lee Baum, Wichita Falls; age 34.
- 2022—Frank Herdlick, Wichita Falls; age 34.

**STATE APPROVES MERGER OF HARVESTER COMPANIES**  
 TRENTON, N. J., Sept. 26.—The state board of public utility commissioners today approved a merger agreement between the International Harvester Company of New Jersey and the International Harvester Corporation. The combination, said the board's statement, will accomplish reforms in economy and efficiency for the companies, which have a capital of \$70,000,000 and are engaged throughout the country in the manufacture, sale and repair of agricultural implements. The combined concern will be known as the International Harvester Company.

**TWO THOUSAND UNIFORMS FOR UNIVERSITY STUDENTS**  
 AUSTIN, TEX., Sept. 26.—President Vinson of the University of Texas has been advised by the war department that two thousand uniforms have been shipped for use by the members of the students' army training corps of that institution.

## No Delivering After Sep. 30

The government has asked us to use less gasoline. By discontinuing my delivery I will save for the government five gallons a day or fifteen hundred and sixty gallons a year. You will be better satisfied to come to the market and buy your meat. The weather, now will permit of your buying your meat for the day. You can buy for the preceding day without loss. I appreciate the excellent trade I have had from my many patrons and solicit their patronage in the future. Try this once. If you like, continue. Phone your order we will have it ready when you drive up.

**BUDLONG'S MARKET**

Should be on every table!

## INSTANT POSTUM

(A flavor almost undistinguishable from coffee)

For years the favorite peace-time beverage of tens of thousands. Now even more popular because made in America and a saver of ocean tonnage much needed for our armies Over There.

Made instantly—no boiling. A sugar saver and a truly delicious and satisfying table drink for young and old.

Waists that have a \$1.50 look make their debut tomorrow at \$1.00.

## Wirthmors! Of Course!

—And not only do these Waists have a \$1.50 look, but they have the quality, the character, the inherent goodness of any other Waists that can be obtained anywhere in the Country at this higher price.

—These are the celebrated WIRTHMOR Waists, and the word WIRTHMOR has come to have a definite meaning in the minds of millions of women and thousands of good merchants throughout the United States. It stands for never-failing assurance of complete Blouse satisfaction.

Were it not for the many great economies of the Wirthmor Plan, and the further fact that the materials out of which these Blouses were made, were bought fully a year ago, these Waists could not be sold today under \$1.50. Until the maker's present fabric stocks are exhausted the price however will remain \$1.00.

In this city Worthmor Waists are sold here Exclusively

DEPENDANTS ARE SUFFICIENT FOR AN EXEMPTION CLAIM

The dependency claim that is just being filed by registrants no other claim for exemption is necessary, the local board notifies all registrants who are now filling out their questionnaires and who will fill them out in the coming weeks. There is no better claim for exemption than a justified dependency claim, and when the local board finds a claim of this nature to be justified it files the questionnaires for the duration of the war.

Some registrants are making in addition to their claims for exemption on the grounds of dependents, Indian claims, and it is understood that their employers, particularly when they are large corporations or organizations are urging them to do this. This occasional work for the local board and for the district board, as industrial claims must be considered by the district board, involves trouble to the mail service and takes up much valuable time, all for a man to be placed in Class 2, who might already be in Class 4. The local board makes this statement for the benefit of the registrants who might be considering making industrial claims, and assures them that a dependency claim is the best claim a man can have.

PRECAUTIONS ARE TAKEN AGAINST SPANISH INFLUENZA. An epidemic of Spanish influenza, which has reached some points in Texas, has not appeared here.

Cases of the epidemic have been reported at Dallas and one death from Texas has been reported in Jones county. The State health department and the medical authorities in the training camps in the State are taking precautions to prevent the spread of the contagion.

SEVEN CADETS COMMISSIONED AT CALL FIELD

Seven cadets, the last of the students who will receive commissions at Call Field, were graduated today, being commissioned as second lieutenants in the air service. There are two or three cadets who have been finished some time, but whose commissions are being held up on account of alien parentage. There is a certain amount of red tape which must be unwound before any of the alien parentage are given commissions.

The men commissioned today were: Clifton Warren Beckwith, John David Dennis, Gustavus Brick Broadst, Robert William Flack, Charles Walter Cassidy, Everett Samuel Knight and John Dale Reynolds.

Bulgarian Prince Prefers Bride To Tottering Throne. By Associated Press. AMSTERDAM, Sept. 26.—In answer to a demand that he desert his bride of humble birth, Crown Prince Charles of Rumania has replied that thrones are no unstable nowadays that he preferred the certainty of having the wife he wanted to the chance of losing the succession.

The escape of the crown prince in going to Odessa and marrying Celine Lambring, the daughter of a major in the Rumanian army, has raised the question of the Rumanian dynastic succession. When King Ferdinand heard of the marriage he ordered that the crown prince be given seventy-five days solitary confinement for deserting his throne without leave from his garrison.

King Ferdinand also sent an emissary to Bender, Bessarabia, where the young couple are spending the honeymoon, with instructions to try to undo the nuptial, but to no avail. The bride refused to part with her wedding ring and the crown prince declined to leave her.

Does Not Renounce Right. Crown Prince Charles has not yet voluntarily renounced his rights of succession and the king is reported to be very angry. The Rumanian constitution does not contain a clause barring amorganatically married crown prince from succession to the throne.

The present case has a poignant feature in that it recalls that King Ferdinand in his youth had a love affair with Helene Vacaresco, his mother's lady of honor. Premier Catinaru threatened to resign if the king did not veto the proposed union and it came to nothing. Should Crown Prince Charles renounce his rights of succession, his brother, Nicholas, would become the heir apparent. Nicholas is fifteen years old, and physically feeble.

There is much excited gossip in Bucharest, according to a telegram to the Vossische Zeitung of Berlin as to what would happen in the eventuality of Queen Marie, who is strongly anti-German, becoming regent.

SENATE IS CONSIDERING SUFFRAGE AMENDMENT. By Associated Press. WASHINGTON, Sept. 26.—Equal suffrage finally was brought to an issue today in the Senate.

The resolution adopted by the House last January providing for submission to the states of the Susan B. Anthony suffrage amendment to the federal constitution was taken up with advocates determined to keep it continuously before the Senate until a vote was had.

NOTICE. We are pleased to notify our customers and the public that we have changed our location of business from Tenth and Lamar to 618 Ohio avenue, where the National Biscuit Co. was across the street from Hornsby Heavy Hardware Co., where we have more room to take care of the demands in the sheet metal line.

We wish to call to your attention that we manufacture and make a specialty of corrugated oil tanks, of any size, wagon tanks, round or oval, well curbing, well casing, in fact anything that is made of sheet metal.

This place heretofore has been known as the Wichita Tin Shop after this date we will use the name of Moore Sheet Metal Works, for our new location "Moore" is our trade mark. The "Moore" sheet metal work you have done by us the "more" you will want us to do.

When in the market for anything in our line call, write or phone us. Moore Sheet Metal Works, 618 Ohio Ave. Phone 1920. 116-4tp

CALL FIELD FROLIC.—OCTOBER 4 AND 5. 117-11c

AT THE THEATERS

"A GOOD LOSER" FEATURE AT GEM TODAY

Peggy Pearce in "A Good Loser," showing at the Gem today, is seen as Evelyn Hamilton, wife of Doctor Jim. Out west she comes in contact with the man who has been her former sweetheart, and Jack Monroe, a first-class tempter. Jack persuades Evelyn that her husband no longer loves her and an elopement takes place. A reconciliation and understanding follow. In support of Peggy are Dick Rossen, Arthur Griffith, Lee Hill, Dickham Pette and Pete Morrison.

PETROVA'S "TEMPERED STEEL" THRILLING PLAY

Madame Petrova's fourth starring vehicle under her own management is "Tempered Steel," which comes to the Majestic Friday. The story in which Madame Petrova makes her latest appearance contains all the elements of romance, suspense and rapid action which the Polish star's many admirers have come to associate with her name.

Beginning in the quiet atmosphere of a sleepy old Southern town, the narrative soon carries one to the heart of New York's theatrical world, where the struggle for success is as pitiless as it is unceasing. In her characterization of the beautiful Southern struggling for recognition against hostile forces, Petrova not only does the best acting of her screen career, but is given the opportunity to wear the most extensive wardrobe of lovely clothes in which she has been seen since "Daughter of Destiny" was released.

"THE MASQUE OF LIFE" GORGEOUS PRODUCTION

Costing \$700,000, this production is a masterpiece of scenic art, and requires seven months to produce, it is no wonder that "The Masque of Life," showing at the Empress today and tomorrow, has attracted such a large audience.

At the heart of the story is a love affair between a young man and a young woman. There are only three or four real characters in the whole story—Evelyn, the beautiful circus heroine, her father, the great animal trainer, and the young prince, who truly loves her. His sudden ascension to the throne, however, prevents their elopement. She disappears from sight and the prince is found; and the broken hearted prince mourns her as dead. He marries another of royal blood and not Evelyn rescues his own babe (who has been stolen by a circus chimpanzee), do the lovers meet again. The obstacles to their friendship seem insurmountable, and this forms the basis for the greatest part of plot development. A thousand and one thrilling events, climaxed by the fight between the girl and the monkey on top of a 360-foot chimney, and later by a tremendous fire which envelops the whole circus amphitheater is brought under control showing the distribution of hundreds of thousands of dollars.

TESTIMONY IS TAKEN IN PACKERS INQUIRY

By Associated Press. WASHINGTON, Sept. 26.—William B. Colver, chairman of the federal trade commission, testified before the Senate committee in support of the commission's recent report charging monopoly and profiteering in the packing industry and in reply to the protest to the President by the chamber of commerce of the United States that the commission exceeded its authority in conducting the packers' investigation and in other activities. Colver's testimony was largely in support of the commission's allegations and he gave names of numerous directors and former officers of the chamber of commerce, who he said, are officers in banks which have made large loans to the packers.

Sweet mixed pickles in bulk. A bargain in meat. Choice lot of sugar-cured ham at 25c per pound. Cudahy sugar-cured Puritan skinned hams at 35c per pound. Get some of that good pure pork sausage.

All these for you at the Sanitary Meat Market, 618 7th. Phone 2327. 117-3tp

Mackensen Is Asked To Assume Command Of The Bulgarians

By Associated Press. PARIS, Sept. 26.—"French dispositions made General Franchet D'Esperey, who has passed through Pripet, justified in the belief that there will be an energetic exploitation of the great interallied victory by Macedonia," says Marcel Hutin, editor of the Echo De Paris.

King Ferdinand of Bulgaria has asked Field Marshal von Mackensen, who is now in Bucharest, to take the command of his armies so as to block the advance of the Allies in Old Serbia and persuade Bulgaria from invasion, according to information received here from Switzerland.

CALL FIELD FROLIC.—OCTOBER 4 AND 5. 117-11c

Six Are Fined \$5 For Parking Cars On Paved Streets

"Guilty or not guilty?" "Guilty." "Five dollars." This little monologue was repeated six times in police court this morning and each time the defendant walked up to the table and handed over the requisite five, then went outside and drove off his automobile, which had been "arrested" the night before for violation of the traffic ordinance which prohibits parking the cars overnight. There were eight defendants appearing in court this morning. One was found not guilty, but was dragged to the police station. The show overflows with broken down and bent left at a local repair shop for repairs after night last night. The car could not be started, but was dragged to the police station. There were several other cars whose owners had not come to claim them at 9:30, when court was adjourned.

PROMISE SENSATION AT OPERA HOUSE TONIGHT

Commencing with tonight's show, Richards, "The Wizard," and company offer an entirely new program at the Wichita theater. The feature of the show tonight is "The Phantom Cannon," an amazing sensation, in which a young lady actually is shot out of a huge forty-two centimeter cannon through a solid mass of iron, steel, wood and brass only to be found in less than one minute's time securely locked within the innermost of three large trunks hanging in mid-air. This is only one of the innumerable effects that Richards offers in today's program, as he carries a whole carload of wonderful effects and has already proved that he is the greatest magician that has ever played Wichita Falls. The show overflows with good clean comedy, is most gorgeously staged and at times nearly brings the audience out of their seats with some startling sensation. If you have not already seen Richards you had better go tonight and you will go again, as he will fool you into believing that Egyptian princesses come tumbling out of the ceiling and that ducks and chickens grow out of nowhere.

More Encouraging Response to Call For Old Clothing

Bundles of used clothing for relief work in Belgium and France were being received in large number today than any day this week, and members of the committee for collecting the 2000 pounds allotted this country are expecting to go over the minimum amount before the end of the week after other towns of the county have sent in material now in process of collection. T. R. T. Orth, chairman of the local collection committee was unable to provide the four minute men announced as speakers at the theatre Wednesday, but will try to have them on the job tonight or Friday. He is hoping to see the campaign week end in a sweeping success. Bundles are to be sent to Mr. Orth's office at the Dodge Brothers agency or will be called for upon notification.

FOURTH LOAN CERTIFICATES ARE OVERSUBSCRIBED

WASHINGTON, Sept. 26.—The sixth bi-weekly issue of certificates of indebtedness in anticipation of the fourth Liberty Loan was oversubscribed by \$25,216,000, making a total subscription of \$25,216,000.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a result are more or less sluggish. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strength giving tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 6c per bottle.

Elementary Hygiene And Home Care of Sick To Be Taught

Preparations for offering a course in Elementary Hygiene and Home Care of the Sick, under the auspices of the Red Cross are being made and officials are planning to start a class as soon as the services of a trained nurse as instructor are assured. The course which is the standard training asked of all nurses aids, includes in about a fifteen day's course of study training in the fundamental laws of hygiene and care of the sick, as the name implies.

A Red Cross nurse will probably be put in charge of the course which will be open to all girls and women desiring the training. A two hours lesson for not more than fifteen days will finish the course, and if sufficient interest is aroused, morning, afternoon and evening classes will be organized. Charges for the course will be only such as the cost of the nurse and the material require. The southwestern

division of the Red Cross has been called on to finish 300 nurses aids in the near future and the course offered supplies the necessary training. All women and girls, however, as well as prospective aids will be admitted to the course which is of great value in the life of every individual. Application for membership in classes may be made at the Red Cross headquarters.

GERMAN NEWSPAPER IS DESTROYED IN BRAZIL

RIO JANEIRO, Sept. 26.—German newspapers at Porto Alegre in the state of Rio Grande do Sul, early this week so aroused the populace by criticizing Brazilian affairs that attacks were made on the plants of three newspapers. The plant of the Journal da Tarde, formerly the Vaterland, according to reports here, was wrecked and burned. Heavy police guards were thrown about the offices of the Gazeta Popular and the Deutsche Volks Blatt and the crowds were kept at bay until the excitement had been quieted.

Perkins-Timberlake Co. ASSOCIATED STORES. Variety of Styles is the Keynote of Our Showing of Our Fashionable Fall Suits. Many seasons have passed since designers produced such a variety of pleasing styles. Every type of figure imaginable seems to have been adequately taken care of in the many models evolved for fall wear. Your inclinations are for the extreme, you can choose a smart suit with a short loose back jacket, or with an extremely long jacket, reaching well below the knees. The happy medium however, is well received by fashionable women. The large variety of smart models with jackets reaching just below the finger tips and skirts from five to seven inches from the ground, bespeak for this type a universal popularity. Trimmings of fur, yarn embroidery and button are very cleverly applied, providing individuality for every model. Our showing embraces every style, fabric and color which fashion has approved for fall wear. We urge your inspection of it. Suits priced \$24.50 to \$125. Carrier boys are not allowed to collect for subscription to The Times, except in the factory district and on north side of river.

Now if the people of Wichita and adjoining counties in Northwest Texas can absorb their quotas of the Liberty Loan as readily as they have absorbed the hundreds of thousands of dollars worth of oil stocks this section will go over the top in a hurry.

Every home and every building in Wilbarger county will fly the Stars and Stripes next Monday when the Fourth Liberty Loan is launched.

IF GERMANY'S SATISFIED, WE OUGHT TO BE. Von Hertling, the German chancellor, declared in the reichstag yesterday that the German U-boats were seriously impeding the transportation of men and supplies from America.

Liberty motors in American built planes helped the American forces win their brilliant victory in the St. Mihiel salient. American motors, planes and pilots proved their worth in combat.

Liberty motors are being produced by the thousands quantity production of airplanes is under way in America.

The German people and the German armies look to the skies in dread. There never was a time when sectionalism was so out of place as now. The boys of the South, the North and the East and the West are shoulder to shoulder, making glorious history in France.

Another Nonessential Industry. The Germans will come to the conclusion that it is useless to keep on making salient, the way the American troops eat them up—Baltimore American.

That Isn't Kind He Started. Crown Prince says, so far as his side is concerned, this is nothing but a defensive war. Good-bye to Paris. St. Louis Democrat.

LIBRARIANS MEETING IN DALLAS TODAY. DALLAS, TEX., Sept. 26.—The annual meeting of the Texas Library Association opened here today.

CALL FIELD FROLIC—OCTOBER 4 AND 5. ST. LOUIS, Sept. 25.—The American Red Cross for the Southwestern Division (Kansas, Missouri, Arkansas, Oklahoma and Texas), is seeking 600 nurses' aids for service here and abroad.

Americans Lay Down 720-Ton News Barrage From Trenches

Bitten by Homewriting Microbe, Soldiers in France Will Use 120,000,000 Sheets of Paper and 60,000,000 Envelopes Within the Next Year in Y. M. C. A. Huts Alone—All Europe Combed For Stationery

By CLARENCE BUDINGTON KELLAND

PARIS, July 20.—There never was such an army of letter writers as the American Expeditionary Force in France! If the thing keeps up, and it bids fair not only to continue, but to increase, we shall have to add writer's cramp to the list of horrors of war for our soldiers have been bitten by the writing microbe; they can no more resist the sight of pen and paper than a sunny hobo can resist an apple pie cooling in a farmhouse window.

STATIONERY A PROBLEM. One of the biggest jobs over here is furnishing our writing paper and envelopes. Stationery stores are

rickety table. There he sits and settles himself to composition. There are several soldiers in France—several! All of them write, which means considerably when you check up. "Lemme see, I got to write Ma and Aunt Loo and Nell and Bill Wilkes to-night," says the soldier man, and he goes to it with vim and enthusiasm.

TONS AND TONS OF PAPER. During the next year the Y. M. C. A. estimates it will be required to give to the soldiers from 120,000,000 sheets of paper per month, and from 60,000,000 envelopes. One order was recently placed for 60,000,000 envelopes and 120,000,000 sheets of paper, which runs 250,000 sheets to the ton. The quantity of paper acquired at a great expense of time and labor, and with the most difficulty, it must be collected from all parts of Europe—England, France, Spain. The paper comes in auto-rolls and must be cut up and printed in Paris by the Y. M. C. A.

Official War Bulletins

BRITISH STILL PRESS THE GERMAN DEFENSES

LONDON, Sept. 26.—Northwest of St. Quentin British troops continued their pressure against the German defenses and have captured enemy strong points in the neighborhood of Salency and Gricourt. Field Marshal Haig reported today.

In Flanders the British line has likewise been advanced, progress having been made in the sector north of La Bassee.

North of Gricourt, on the St. Quentin sector, the British repulsed German counter attacks. The text of the statement reads:

"Local operations were continued successfully yesterday afternoon and during the night northwest of St. Quentin. English troops progressed and captured certain strongly defended localities in the neighborhood of Salency and Gricourt together with a number of prisoners."

"In addition to the counter attacks already reported, which were launched by the enemy yesterday northwest of Salency, his troops twice attacked the positions north of Gricourt. These attacks were unsuccessful.

"A successful minor operation was carried out yesterday by English troops northwest of La Bassee as the result of which the line was advanced and over 100 prisoners were taken. A counter attack launched by the enemy in this locality during the night was repulsed and several prisoners were left in our hands.

"We improved our positions slightly yesterday and during the night northwest of Salency. In patrol encounters and raids between Armenteres and Ypres we captured several prisoners."

SERBIAN TROOPS REACH IMPORTANT BULGARIAN BASE

LONDON, Sept. 26.—Serbian troops reached the outskirts of Izbith, an important Bulgarian base, Tuesday, says a Serbian statement dated Wednesday. Elsewhere east of the Vardar, the Serbians have made important gains.

ACHIEVED A VERY IMPORTANT SUCCESS ON THE LEFT BANK OF THE VARDAR

We reached Kriovak and the outskirts of Izbith (18 miles east of Veles on the Vardar, and 35 miles north-east of Prilep).

"In this region we captured a colonel commanding a Bulgarian regiment and a considerable number of prisoners, as well as four howitzers, three machine guns and two heavy guns."

"On the right of Prilep our troops have obtained very fine results. Near Izbith (15 miles north of Prilep) we are pursuing the enemy who is completely routed and in retreat."

"There, too, a great number of wagons with material have fallen into our hands. A complete machine gun section also was captured."

"These Germans complained that the Bulgarians had abandoned them intentionally and said that the Germans had continually compelled the Bulgarians by threats of opening fire on them to return to the fighting line."

"At Troyatsi, the Bulgarians burned their depots and the fires spread to a hospital with the result that more than 100 Bulgarian wounded perished."

"It is confirmed that the Bulgarians continue to commit atrocities on our soldiers when they fall into their hands. One of our patrols of four men was found near the village of Veputchana horribly done to death."

BERLIN CLAIMS CAPTURE FRENCH AND AMERICANS

BERLIN, VIA LONDON, Sept. 26.—The capture of French and Americans in Lorraine to the east of the Moselle, is reported in today's army headquarters statement.

PALESTINE OFFENSIVE CONTINUES SUCCESSFUL

LONDON, Sept. 26.—British troops operating in Palestine are extending their gains and pushing the sea of Galilee. They have occupied Tiberias and Semakh, on the borders of that sea, and Es-Samra, it was officially announced today.

Pushing on to the east of the Jordan the British have occupied the strategic town of Amman on the Hejaz railway.

The British casualties during the offensive were less than one-tenth of the number of prisoners taken from the Turks, the announcement states.

GREEKS ARE AIDING ADVANCE IN MACEDONIA

ATHENS, Wednesday, Sept. 25.—Greek troops are aiding in the Allied advance in Macedonia on three sectors of the front, according to an official statement from the Greek war office today.

ASSISTANCE IS ASKED IN FIGHTING DISEASE

AUSTIN, Sept. 26.—An appeal to the various county medical societies to assist in the campaign against venereal diseases has been made by Dr. H. C. Hall, head of the Bureau of Venereal Diseases, in letters to the secretaries of those societies.

MUSIC WILL HELP WIN THE WAR

The Tompkins Viola School, Seventh year. Successful students. Free advantages in Orchestra and Ensemble. Fall term opens Sept. 24. 1107 Broad st. Phone 1325.

MANY INQUIRIES AT UNIVERSITY AS TO NAVAL SCHOOL

AUSTIN, TEX., Sept. 26.—The announcement that a naval section of the Students' Army Training Corps is to be established at the University of Texas has created much interest among prospective members of that organization, as is shown by the many inquiries that have been made by young men in regard to this proposed branch of training.

It was stated today by Mr. J. L. Barry, who was detailed from the United States Navy Steam Engineering School at Hoboken, N. J., to visit the University and arrange the preliminaries necessary to the establishment of the naval section on October 1 that the maximum naval unit of 150 allotted to that institution it is desired that the engineering strength be 75 men.

Pay is \$35 Per Month. Besides their board, uniform and equipment, they will be paid \$33 a month by the government. They will wear the uniform of their rating in the navy. It is especially desired, Mr. Barry said, that the men who enter this section shall be officers' material.

Market Report

Cotton Market

NEW YORK, Sept. 26.—The opening of the cotton market this morning showed stimulating influence of yesterday's late statements concerning the policy of the committee on distribution and the probability that price fixing would be unnecessary.

Grain Market

CHICAGO, Sept. 26.—Announcement that the food administration had adopted a definite schedule to which grain dealers would be restricted gave a downward swing today to the corn market.

New Orleans Cotton

NEW ORLEANS, Sept. 26.—Rains in the belt and continued favorable advices from Washington regarding price fixing caused buying in the cotton market today.

Liverpool Cotton

LIVERPOOL, Sept. 26.—Cotton spot quiet; prices higher. Good middling 24.58; middling 23.95; low middling 22.90; good ordinary 21.38; ordinary 20.85; sales 2,000, including 1,500 American. No receipts; futures closed steady; September 23.65; October 23.37; November 23.12; December 23.06; January 22.89.

Chicago Produce

CHICAGO, Sept. 26.—Butter: firm; creamery 51 1/2-52 1/2; firsts 45 1/2-46; ordinary firsts 42 1/2-44; at mark cases included 42 1/2-45.

Chicago Live Stock

CHICAGO, Sept. 26.—Cattle: receipts 1,000; market steady; heavy 11.00-11.50; light 10.50-11.00; mixed 10.00-10.50; yearlings 9.00-9.50; calves 8.00-8.50; hogs 7.00-7.50; sheep 6.00-6.50.

Kansas City Live Stock

KANSAS CITY, Sept. 26.—Hogs: receipts 5,000; steady; bulk \$18.00-19.00; heavy \$18.50-19.50; light \$18.00-18.50; pigs \$18.00-18.50; medium \$18.25-18.50; culls \$16.00-17.00; goats \$5.00-6.00.

CENTRAL OIL CO. (UNINCORPORATED) WICHITA FALLS, TEXAS. Capital \$30,000, Shares \$25.00 Par. Phone 996. Company owns 40 acre lease in the Clara and Burkburnett oil field; deep well near this lease came in last week flowing 2400 barrels daily; am informed deep test starting on adjoining tract by Sanger Bros. Wells near Clara come in from 100 to 3,000 barrels. Our property is well located and we expect to get wells from 500 to 2000 barrels. Depth of sand 800 to 1700 feet. DRILLING WILL START SOON. We expect this stock to be over-subscribed and sell at 2 for 1 at an early date. A one thousand barrel well would probably send this stock up to 12 to 1. We reserve right to refund money if stock is over-subscribed. The following from the Peoples Stock Exchange, Burkburnett, and Oil Exchange and Board of Trade of Fort Worth, show a few of the advances scored in the past six weeks by stock in the following companies:

### SELECT SITE FOR IRRIGATION DAM ON WICHITA RIVER

WILL BE LOCATED ABOUT FORTY MILES FROM CITY IN BAYLOR COUNTY.

### SURVEY IS UNDER WAY

Lake As Planned To Cover 10,000 Acres And Will Be Sixty Feet Deep.

With the selection of a dam site, about 40 miles up the Wichita river, just in the edge of Baylor county, the preliminary survey of the Big Wichita Irrigation Dam project was begun Wednesday, V. L. Sullivan, the engineer selected for the project together with members of the local committee and others interested going over the ground of the proposed lake. Mr. Sullivan is very much pleased with prospects and has already commenced organization of his surveying party and expects to finish the preliminary survey in as short a time as possible.

Sam Bell, long time resident of Baylor county, who was a member of the party that made a survey of the river for a similar project 20 years ago, when Mr. Kemp first conceived the idea of a Wichita river irrigation project, had been invited to go with the party for the purpose of pointing out the original survey lines as far as possible. The site selected for the lake in the old survey was visited and described by Mr. Sullivan to be practically ideal. The lake as planned will cover 10,000 acres and be 60 feet deep, making one of the largest lakes in the country, and the land is of such nature that unusually attractive scenic effects can be attained with little trouble, making the lake available for a pleasure resort as well as for its utilitarian purposes.

The trip Wednesday covered a large amount of territory up the river and in some places the party was forced to walk as far as four miles from the cars. At one time Mr. Steen, one of the assistant engineers, became separated from the party and for a while it seemed as though he might spend the night in the wilds. He was found, however, and the entire party returned safely to town.

Mr. Sullivan will remain here for the present, getting together his surveying party. His part of the work so far as the preliminary outline of the district to be surveyed will have to be finished before the irrigation district can be voted, and lands also voted for the financing.

### ROTARIANS ARE PLEDGED TO AID DRIVE FOR LOAN

Unqualified support of all efforts was accorded the committee for raising Wichita Falls' quota of the Fourth Liberty loan in a rousing vote of the members of the Rotary club at today's luncheon, after an address on the subject from W. D. Cline, Jr.

The club also heard T. E. Orth, chairman of the collection committee, on the campaign for raising a loan for Belgium relief.

Major Chester P. Dorland, succeeding Major Alton, who left this week for Washington, as commanding officer of Call Field was introduced by Major Atkinson and welcomed as an honorary member of the organization. The major expressed his own pleasure and appreciation of the honor at the same time expressing the regrets of the former commanding officer in being unable to be longer with the club. A letter from Major Alton, repeating his regrets and expressing the pleasure his membership in the local Rotary had meant was read.

Visitors at the luncheon included H. O. Cline, of Baton Rouge, La.; Major W. D. Cline, W. E. Jones and F. L. Martin, guests of J. G. Culbertson; E. M. Elkins, guest of J. M. McFall; and C. A. Nelson, guest of George J. A. Bargain for some time past.

### ALLIES ATTACK ON CHAMPAGNE FRONT

Position has been outflanked and rounded without value.

Greek and British Advance.  
Greek and British troops have occupied the massif of Kara Ely north of Lake Doiran. This series of heights was one of the outposts of the main Bulgarian positions in the mountains south of Strumitsa.

The enemy still appears to be holding a small triangle of territory west of the Vardar west of Lake Doiran. Allied forces are advancing northward there, however, and may soon eject them. When this operation is completed the Allies will be in a position to put the Uskub-Salonika railroad in commission once more and organize their lines of supply for the troops fighting further north.

From Paris come reports that a ministerial crisis is impending in Bulgaria and that there may be complete change in the foreign policy of that country. The present premier, M. Malinoff, was favorable to the Allies before Bulgaria entered the war as an ally of the central powers. It is possible that the Allied victory in Macedonia may be reflected in political developments of the most important character in Bulgaria.

Turks Have Not Rallied.  
Turkish troops in Palestine have not rallied from their retreat, which must mean a final defeat for them in the northern end of the sea of Galilee. Of utmost importance here is the position of the Arab tribesmen who have been advancing along the hills east of the Jordan. If they advance they will cut off the supply lines of the British by cutting the Jordan.

German Troops in Italy.  
German troops in Italy are being determined concerning their position against the Allied lines west and north of St. Quentin and on the plateau north of the Aisne. All these attacks have been repulsed, it is reported. Fine weather has returned to the American front in Lorraine.

In local operations between Cambrai and St. Quentin on the western front, the British are pushing further into the Hindenburg line and capturing points vital to the defense of St. Quentin and west and northwest of St. Quentin the British have advanced in the region of Selency and Cricourt.

### PERSONALS

W. H. Maloney, of Wolfe City is the guest of his sister, Mrs. Ed Howard, who here to look after all interests at Burkburget and in Archer county.

M. J. Bashara has returned from a trip to Shreveport and South Texas where he has been to look after oil interests.

Mr. and Mrs. A. B. Swann of Tulsa are registered at the Westland.

**SHOULD NOT TURN BACK HANDS OF YOUR CLOCK**  
By Associated Press.  
CHICAGO, Sept. 26.—When the nation yawns and takes an extra hour's sleep on Oct. 27, the date set for ending the daylight saving season, there is grave danger of causing a great waste in the clock making industry.

There must be no turning back of the hands of the clock, time recording experts declare in a warning to the public. Such action would fairly shake the mechanism of the time recording and master clocks and all clocks striking the hours and would require the services of an army of repair men, thus causing an unnecessary waste of man power.

"Clocks should be stopped for one hour at 2 a. m. on Oct. 27; the hands should not be turned back," said Charles H. Crooks, of the Cincinnati Time Recorder company.

"There are approximately 20,000 time recorders and 10,000 master and controlling clocks in Chicago, and if these were turned back the resulting trouble calls would swamp every repair man in the city. The same conditions apply to other cities."

The time service department of the Western Union Telegraph Company offers what they consider a better plan.

"Turn the hands around eleven hours," is the advice of this company. "While it is all right to stop clocks some difficulty will be found in starting them properly again. By turning the hands around all the time indicated is one turning back than at the start of the change the same result as stopping will be had."

The clockmakers say: "Just as sure as was Lot's wife turned into a pillar of salt when she turned back to gaze upon Sodom, Father Time will be turned into a repair shop if he turned back to bemoan the fact that he must quit saving to help win the war."

**BAPTIST TENT MEETING HAS BEEN POSTPONED**  
On account of the unfavorable weather the tent meeting to have been opened tonight on Taylor street in Floral Heights by Rev. O. L. Pove and Rev. J. C. Duncan, has been postponed until Sunday morning. Rev. Duncan will preach at the tent on Sunday morning.

**SAVING TO AID THE MANUFACTURE OF MASKS**  
CHICAGO, Sept. 26.—The price pit and peach stone drive for greater supplies of gas masks as requested by General Pershing is making splendid headway in the Central West, according to officials of the Red Cross here.

It is declared that 500,000 tons of fruit stones, nut shells and seeds are needed each month to make charcoal for soldiers' gas masks. Only about 1,000 tons were obtained before the war.

Along state street here are regular and live businesses which are being placed large quantities of pits and seeds for sale.

**WHEN NEURALGIA ATTACKS NERVES**  
Sloan's Liniment scatters the congestion and relieves pain

A little, applied without rubbing, will relieve immediately and rest and soothe the nerves.

Sloan's Liniment is very effective in allaying external pain, strains, bruises, aches, stiff joints, sore muscles, lumbago, neuritis, sciatica, rheumatic twinges.

Keep a big bottle always on hand for family use. Druggists everywhere.

The temperature of a motor must be regulated automatically—not by the driver—to keep it at the definite degree necessary for economical, effective work. A thermostat controls the temperature of the Westcott Motor—automatically, thereby keeping it at the precise degree of warmth essential to developing most power with least fuel.

Five Models, \$2000 to \$3000  
f. o. b. Springfield, Ohio
