### MRS. M'CARTER KILLED IN AUTO ACCIDENT TODAY

LIEUT. M'CARTER SERIOUSLY IN-  
JURED WHEN TRAIN HITS  
AUTOMOBILE.

### COMING FROM DECATUR

Auto Struck by Denver Freight Train  
Between Bellevue and  
Bowie.

Mrs. E. L. McCarter, wife of Lieuten-  
ant McCarter of Gall Field, was  
instantly killed and Lieutenant Mc-  
Carter himself seriously injured at  
9:35 this morning when their auto-  
mobile was struck by a Fort Worth  
and Denver freight engine at the  
Brusky mound crossing between Bel-  
levue and Bowie.

Lieutenant McCarter was brought to  
Wichita Falls on the tender of the  
locomotive and taken first to the  
Wichita General hospital and later to  
the hospital at Call Field. He was  
unconscious most of the way between  
Bellevue and Wichita Falls, but was  
conscious on arriving here. He said  
he did not see the locomotive until  
it was upon the car.

The body of Mrs. McCarter was  
brought here from Bellevue where it  
was taken immediately after the ac-  
cident and was taken to the home  
of her aunt, Mrs. C. D. Shanbarger on  
Ninth street. It will be taken to  
Vernon on the northbound Fort Worth  
and Denver tomorrow morning.

Lieutenant McCarter was returning  
from Decatur where they had spent  
Sunday with Mr. McCarter's  
relatives. They left Decatur about six  
o'clock this morning.

Engineer Killed in Accident.  
J. H. Sides was engineer of the  
train which hit the automobile. Mr.  
Sides ran his engine into Wichita  
Falls carrying Lieutenant McCarter to  
the hospital. The train was a north-  
bound extra freight.

"For several miles before reaching  
the crossing the automobile was run  
out ahead of us," said Mr. Sides. "It  
looked like the car had tried to cross  
in front of the train. The engine hit  
the back part of the automobile and  
knocked it twenty or thirty feet into  
the ditch. When I got back to the  
crossing other members of the crew  
had Lieutenant McCarter slung up  
and the body of Mrs. McCarter was  
on a pile of rocks about six or eight  
feet from the car, which was badly  
wrecked. It seems impossible to me  
that they did not hear the train."

Lieutenant and Mrs. McCarter were  
married only a few months ago. Mrs.  
McCarter was a daughter of Mr. and  
Mrs. Cecil Stoney of Keosauqua.

Lieutenant McCarter has been sta-  
tioned at Call Field about six months,  
coming from Fort Sill. He was in  
charge of the target range at the field.  
His home is at Decatur.

Lieutenant McCarter apparently sus-  
tained no broken bones, but some in-  
jury to his back was giving him great  
pain on his arrival here. It was feared  
that he had suffered internal injuries.

### KEI HARA PREMIER OF NEW JAPANESE CABINET

By Associated Press.

Hara, one of the leaders of the great  
Seiyu Kai party, has been appointed  
premier of the new Japanese cabinet,  
succeeding the Terauchi administra-  
tion.

### U. S. AVIATORS DOWN 60 PLANES AND 12 BALLOONS

By Associated Press.  
AMERICAN HEADQUARTERS IN  
France, Sept. 30.—The outstanding  
achievement of the American army  
in the latest offensive undoubtedly  
was that of its aviators, who have  
done all that was expected of them  
and much more.

Their commander, Colonel Mitchell,  
proudly claims there is nothing to  
beat them in the world, and it will  
be long before their record is to be  
including Saturday is surpassed with  
sixty machines downed and twelve  
balloons burned without a single cas-  
ualty.

SECRETARY VON HINTZE  
ALSO HAS RESIGNED

AMSTERDAM, September 30.—  
Chancellor Von Hertling and  
Foreign Secretary Von Hintze  
have tendered their resignations  
to the Emperor, the Vossische  
Zeitung of Berlin says it under-  
stands.

### PRESIDENT URGES SENATE TO VOTE FOR AMENDMENT

ASK PASSAGE OF ANTHONY SUF-  
FRAGE BILL AS A WAR  
MEASURE.

### VOICE OF THE PEOPLE

Public Believes Democracy Means  
That Women Shall Have This  
Privilege.

By Associated Press.  
WASHINGTON, Sept. 30.—Presi-  
dent Wilson today spoke for the wom-  
an's suffrage amendment in an ad-  
dress in the Senate Chamber, and  
asked for its passage as a war mea-  
sure. The President addressed the  
Senate as follows:

"Gentlemen of the Senate:  
The unusual circumstances of a  
world war in which we stand ar-  
judged in the view not only of our own  
people and our own consciences but  
also in the view of all nations and  
peoples will, I hope, justify my mes-  
sage as it does in mine, the mes-  
sage I have come to bring you.

"I regard the concurrence of the  
Senate in the constitutional amend-  
ment proposing the extension of the  
suffrage to women as vitally essential  
to the successful prosecution of the  
great war of humanity in which we  
are engaged. I have come to urge  
upon you the considerations which  
have led me to this conclusion.

"It is not on my privilege, it is  
my duty to impress every citizen's  
stance and element involved in this  
momentous struggle which seems to  
me to affect its very process and its  
outcome. It is my duty to win the  
war and to ask you to remove every  
obstacle that stands in the way of  
winning it.

"I had expected that the Senate  
would concur in the amendment be-  
cause no disputable principle is in-  
volved in the extension of the suffrage  
to women. There is an element in-  
volved in the extension of the suffrage  
to women. Neither party, therefore, it  
seems to me can justify hesitation as  
to the method of obtaining the con-  
currence of the Senate. It is my duty  
to urge the successful prosecution of  
this initiative for state initiative. A  
delay in its adoption is a delay in the  
successful prosecution of the war and  
it is my duty to urge its adoption  
as soon as possible.

"And its adoption is, in my judg-  
ment, clearly necessary to successful  
prosecution of the war and the suc-  
cessful realization of the objects for  
which the war is being fought.

"Reasons Are Assigned.  
"That judgment I take the liberty  
of urging upon you with solemn ear-  
nestness for reasons which I shall state  
very frankly and which I shall hope  
will seem as conclusive to you as they  
seem to me.

"This is a people's war and the peo-  
ple's thinking constitute its atmo-  
sphere and morale and the predilec-  
tions of the drawing room or the po-  
litical considerations of the caucus.  
If we be indeed democrats and wish  
to lead the world to democracy we  
can ask other people to accept in  
proof of our sincerity and our ability  
to lead them whether they wish to be  
led nothing less persuasive and con-  
vincing than our actions. Our profes-  
sions will not suffice. Verification  
must be forthcoming when verification  
is asked for. And in this case verifi-  
cation is asked for—asked for in this  
particular matter. You ask by whom?  
Not through diplomatic channels, not  
by foreign ministers. Not by the in-  
timations of parliaments. It is asked  
for by the anxious, expectant, suf-  
fering peoples with whom we are  
dealing, and who are willing to put  
their destinies in some measure in  
our hands, if they are sure that we  
wish the means that they do.

"I do not speak my conjecture. It  
is not alone the voices of statesmen  
and newsmen that reach me and  
the voices of foolish and intemperate  
agitators do not represent me at all.  
Through many many channels I have  
known the suffering, the plain, the  
struggling, work-a-day folk are think-  
ing upon whom the chief terror and  
suffering of this tragic war falls. They  
are looking to the great, powerful,  
famous democracy of the west to lead  
them to the new days for which they  
have so long waited, and they think  
in their logical simplicity, that they  
not profess to be democrats, shall play  
their part in affairs alongside men  
and upon an equal footing with them.  
If we reject measures like this in ig-  
norance of what a new age  
has brought forth, of what they have  
seen but we have not, they will cease  
to believe in us; they will cease to  
follow or trust us.

"They have seen their own govern-  
ment accept their interpretation of  
democracy—seen old governments  
like that of Great Britain, which did  
not profess to be democratic, prom-  
ise readily, and, as of course, this

### Message to Wichita County Patriots From the Liberty Loan Committee

To the People of Wichita County:  
Wonderful news has come to us today from the battlefield in Europe from our American boys, who have made it possible for the Allies to begin to assume the role of dictator of peace terms to the foe that has been seeking to wipe liberty, freedom and right from the face of the world, and we, your Liberty Loan Committee call on you to enable us to send to our boys over there similar good news, that we have gone over the top with our Liberty

Wichita county can raise this loan of \$1,575,400 without sacrifice, we believe, but if sacrifice is necessary we can make this sacrifice that American boys, Texas boys from our own county have already made. Our city already has three boys on its honor roll who have been wounded in the fighting, Morgan Smith, Burke Taylor and Ernest L. Jones, and perhaps by this time additional casualties have been added to this list of heroes. We at home, safe from any danger to life or limb can loan our dollars, we have done so in previous loans and we will do so again, responding fully to the request the govern-  
ment has made upon our finances.

### OVER THE TOP BY WEDNESDAY NIGHT

Let us advance with our dollars, a mighty line of reserves behind the soldiers who are advancing in the front line, making possible the splendid news that the wires are now carrying. By Wednesday night we, the Liberty Loan Committee of Wichita county, wish to be able to wire the district committee that Wichita county has gone over the top. That is the sort of news that should be sent to our boys in the front line, the news which their actions are justifying. If we are not to be ashamed to face them on their return let us do this thing fully and quickly, as they who represent us at the front are doing the task set to them.

The committee has made up a list of the leading citizens of the city and county and by working throughout Sunday, until 11 o'clock at night, the amounts which it is believed each should subscribe of this new issue have been apportioned. We now ask every man and woman in the city and county to call at their banks and make their subscriptions, or to call directly on the committee, representatives of which will be sitting at all times in the basement of the Kemp and Kell building, a part of the office of the Wichita County Exemption Board having been set aside for this purpose. Where any one believes that their allotment is not just the committee is ready to hear their objection and take action. There has been every effort to make the apportionment fair.

### SUBSCRIBE TO THE LIMIT AND THEN SOME.

We are going over the top in this county on Wednesday. Let every person who is able to subscribe for as much as a \$50 bond believe that and act on it. If you haven't made your subscription today do so tomorrow. By all means make your subscription before Wednesday night. Subscribe the limit, and then consider carefully the sacrifice that the boys you know are making, possibly your own boy, the most precious possession you have in this world is making, in leaving home, business, school, all the things that made up his young life, to go to fight that you may stay safely at home and continue your business. He may give up his life, and if he does what will all your money and other possessions avail? Or if he comes back maimed and you have not given to the fullest possible extent, what reproaches will not visit you in your own conscience? If you do not give of your means how can you face the men who return, the gay young boys who went out to battle and came back transformed into serious thinking men by having looked at Life and Death in naked reality? And how can you face the empty places left by those who will never return?

We, the Liberty Loan Committee of Wichita county ask you to think of all these things, to think of the history that the young men of America have been making these past few weeks, to think of the possibilities that the future hold, then to come forward to the last man and help write as noble a history for those who stayed at home as the soldiers at the front are doing. Act so that there can be no regrets, no self accusations, and act quickly.

Subscribe to the fullest extent and subscribe as soon as possible. Let us wire the news that Wichita county has raised more than one and a half millions of dollars in three days' time to the Federal Reserve Bank at Dallas on Wednesday, October 2.

(Signed) J. A. KEMP, Chairman, H. L. HUNTER, Campaign Manager, and W. M. McGregor, C. W. Snider, C. W. Reid, W. R. Ferguson, N. H. Hartin, W. D. Cline, M. J. Gardner, G. C. Wood, Roy B. Jones, R. E. Huff, Marvin Smith, John O'Donohoe, C. H. Clark, J. R. Marlow, J. L. Jackson, T. B. Noble, R. A. Harvey, P. P. Langford and J. M. Bland, members of the Wichita County Liberty Loan Committee.

### GEN. FOCH DIRECTING FIVE GREAT BATTLES

By Associated Press.  
PARIS, Sept. 30.—Marshal Foch is directing five battles simultaneously and successfully—a feat unparalleled in the history of war. Each battle is so timed and placed that each army supports another, all forming an indispensable part of the whole effort.

General Foch's idea of a continuous, concurrent attack by a multiplicity of forces on many fronts, is being realized by the Allied generalissimo. There are five battles today; there may be more tomorrow, all interrelated and working as smoothly as the cylinders of a well adjusted automobile engine. All are directed to the same end—to wear down the enemy's strength. Marshal Foch alone knows when the Allies will strike the decisive blow. The enemy is still fighting well, but he is still offering splendid resistance—strong, but how long can he keep it up?

Experts agree that the enemy's withdrawal to a shorter line, probably that of Antwerp, Brussels, Metz and Metz is imminent. Some believe he has hung on too long and that he will have great difficulty in preventing his retreat from degenerating into a rout.

"A. J. Foch, as for Napoleon," says Major De Civiville in the Matin, "to conquer is not to push back an enemy behind the lines previously fixed upon, but gripping him everywhere to break the integrity of his forces and then hurl him disjointed and destroyed on the road to irreparable defeat. It is all great dramas which have changed the face of the world, the one which is being played during these

### BATTLESHIP MINNESOTA ARRIVES AT NAVAL STATION

WASHINGTON, Sept. 30.—The battleship Minnesota which struck a mine yesterday off the Atlantic coast, has arrived safely at a naval station and is now in drydock, the navy an-  
nounced.

LONDON, Sept. 30.—Strong belief exists here this afternoon that a peace offer from Turkey is imminent.

(By Associated Press)  
PARIS, Sept. 30.—An armistice has been concluded between the Allies and Bulgaria on the Allies' own terms. The announcement was made officially today.

The actual suspension of hostilities immediately followed the signing of the armistice but it is noted that this suspension applies only to Macedonia hostilities against Bulgaria and that it no way affects Macedonia hostilities which the Allied armies will continue against Austria-Hungary, Turkey and the German contingents sent to that locality.

(By Associated Press)  
LONDON, Sept. 30.—Speaking at the Guild Hall today Andrew Bonar Law, chancellor of the exchequer, said a Bulgarian convention had been signed by which hostilities ended today at noon.

Bulgaria by the terms fixed gives up completely the control of the railways, the chancellor stated. Control of the Bulgarian railways, the chancellor pointed out, gives control of Bulgaria.

Alluding to the Palestine campaign Mr. Bonar Law said: "The magnificent success of our armies in Palestine has resulted in the extinction of the great part of the Turkish army but something more is going to follow."

Bulgaria has signed an armistice with the Allies and the first break in the alliance of the central powers has come. Terms laid down by the Allies were accepted by Bulgaria and hostilities between that nation and the Allied powers will cease. The Allied terms, as reported from semi-official sources included the demobilization of the Bulgarian army and Bulgarian withdrawal from Allied territory.

With Bulgaria under Allied control the position of the remaining central powers in the Balkans and the near east will be most serious. The main communication line between Berlin and Constantinople will be cut and Austria-Hungary will be open to invasion across the Danube.

As a result of terrific attacks by the Allies over five months, the aggregate length of which is more than 100 miles, the German positions in France appear to be in imminent peril.

### ASK ARMISTICE AFTER 3 YEARS

By Associated Press.  
Bulgarian representatives agreed to an armistice, probably the first step to Bulgaria's withdrawal from the alliance with the central powers, a few days less than three years after she entered the war on the side of Germany. It was on October 8, 1915, that Bulgaria issued a manifesto announcing her decision to cast her lot against the Entente alliance.

In that manifesto, Bulgaria declared that her trade interests and economic rights were inseparably bound up with Turkey, Germany and Austria.

It was added that Germany had offered Bulgaria in return for her neutrality the whole of Macedonia, including Uskub, Monastir and Ochrida and a still greater territorial expansion at the expense of Serbia was said to have been offered as a condition of active military assistance.

During the period of Bulgarian neutrality both the Entente alliance and the central powers had made offers to Bulgaria. Realizing that he stands with his back to the wall, and in danger of disaster, the enemy in battling with all the resources at his disposal to break the Allies before his lines are forced to break and his entire army in France is forced to retreat toward Germany.

Reports during the past day would seem to indicate that Marshal Foch's strategy in the present battle of battle is very similar to that followed during the Marne, Somme and St. Mihiel drives. It is attacking the wings (Continued on page 5.)

By Associated Press.  
LONDON, Sept. 30.—Andrew Bonar Law, Chancellor of the Exchequer, speaking today at a meeting opening the autumn war savings campaign said that since July 12 troops of the British empire had captured 1,000 square miles of territory, 250 villages and more than 120,000 German prisoners.

Mr. Bonar Law announced that General Allenby's forces had taken 10,000 additional Turkish prisoners in Palestine.

By Associated Press.  
LONDON, Sept. 30.—The British have cut the Hindenburg line on a front of eight miles and have penetrated through it to a depth of three miles in flanking operations about St. Quentin.

The Germans' communications in this region are under such an intense fire that it is impossible for them to get any quantity of men or material in or out.

The British are in no hurry to clear up the situation about Cambrai and it may be three or four days before they actually take the town. The German communications there also have been ruined and they cannot bring in help or take away much material.

YOUR SUBSCRIPTION MUST  
BE PAID IN ADVANCE.

The United States government has instructed the Times and all other papers to get their subscription lists on a paid in advance basis by October 1, 1918. The Times will be unable to procure paper to continue publication if it fails to observe this condition.

The order applies to papers delivered by carrier within the city as well as those sent by mail. Accordingly, all papers for which subscriptions have not been paid in advance will be discontinued with this evening's issue. All arrears must be paid and subscriptions extended before the paper can be started again.

If you are not paid in advance call Monday and pay. Times Publishing Company.

ASK ARMISTICE AFTER 3 YEARS

(Continued from page 1.)

Late in 1917 reports were that the military party in Bulgaria was being faced by increasing opposition.

Premier Radeff who was reported to be under the sway of Berlin was compelled to retire last June and his place was taken by M. Malinoff, a Russophile...

King Ferdinand, on the plea of ill health, spent the greater part of last summer in Germany.

Soon after the king returned to Sofia there were reports of unrest there but the military party maintained the upper hand.

On September 10, 1918, the Bulgarian army attacked the German-Bulgarian line in Macedonia east of Monastir. Breaking through the Allied troops rapidly advanced northward...

Bulgaria was invaded by their troops at a point north of Saloniki and on September 27 General Franchet d'Esperey, the Allied generalissimo announced that he had received from the Bulgarian government a proposal that military operations be suspended pending negotiations for an armistice.

Pending discussion of the Bulgarian proposal by the Allied governments, the French general said he would not stop fighting but would receive representatives of the Bulgarian army.

The Bulgarian representatives reached Saloniki Saturday and negotiations were opened Sunday.

As the armistice has been arranged on terms laid down by the Allies, it is probable that it calls for the occupation of Bulgaria by Allied troops with the assistance of the Bulgarian government. Bulgaria probably will be compelled to break off relations with the central powers and also withdraw her armies from Greece, Rumania and other war theaters.

Before the Allied troops can take over the occupation of Bulgaria, it is not unlikely that the Bulgarian military party and Germany and Austria will make determined efforts to keep Bulgaria in the Teutonic alliance because the cessation of Bulgaria would mean the collapse of German aims in Turkey and the Near East, the probable elimination of Turkey from the war and the reconstruction of the eastern front with Rumania taking a leading part.

AMERICAN CONSUL IS ORDERED BACK TO POST

By Associated Press. WASHINGTON, Sept. 30.—Donald Murphy, American consul general in Sofia, who accompanied the Bulgarian plenipotentiaries to Saloniki where they arranged the armistice, has been ordered back to his post by the state department. No criticism of Mr. Murphy is made there, but it is made plain that he had no instructions to participate in the negotiations and probably acted only as an observer.

KING FERDINAND GIVES ASSURANCE OF LOYALTY

By Associated Press. LONDON, Sept. 30.—King Ferdinand of Bulgaria has telegraphed to Emperor Charles of Austria assuring him of his loyalty to the quadruple alliance, according to the New York Press, which is quoted in dispatches reaching here.

BULGARIAN GOVERNMENT EARNEST IN PROPOSAL

By Associated Press. LONDON, Sept. 30.—Negotiations are proceeding between the delegates of Bulgaria and the Allied command at Saloniki regarding the terms of the armistice proposed by Bulgaria, according to a Reuter telegram from Saloniki.

It is indicated that the fact that Mr. Radeff, former member of the Bulgarian cabinet and former Bulgarian minister at Bern, has been added to the delegation shows that the Bulgarian government is in earnest in its offer.

M. Radeff is one of Bulgaria's most skillful and experienced diplomats and is an eminent writer and politician.

AMERICAN TROOPS DOING BRILLIANT WORK AT FRONT

ATTACK IN MORNING AND GAIN OBJECTIVES ON WIFE FRONT BY NIGHTFALL.

GAIN ALL ALONG LINE

Resistance Encountered Was as Strong as Anything Offered by Enemy in Weeks.

By Associated Press. WITH THE AMERICAN FORCES North of St. Quentin Sunday, Sept. 29—American divisions brilliantly attacked on a front of several miles in conjunction with the British this morning. At nightfall they were reported to have gained their objectives only by sheer night and after killing large numbers of the enemy who tried to halt them.

Elsewhere along the front between St. Quentin and the sea important gains were made today and tonight. It seemed that the German resistance at least for the moment was slackened. British, Belgians and Americans had the Germans on the go all day. The situation contains so many possibilities that anything may happen at any moment.

Resistance Is Strong. The resistance encountered by the American troops was as strong as anything offered by the Germans for many weeks. The Americans, as well as the British, were held up at many places from time to time by machine-gun fire. In some places this opposition was overcome by flanking operations and in others quickly organized storming parties rushed the enemy and silenced him.

One American unit is reported to have passed through Le Cateau and to have reached Gouy. Other units which stormed and captured Nauray have passed through Le Cateau wood. Early in the forenoon to German officers and 1,000 of other tanks had reached the American collecting cages but this number included only those captured during the early stages of the attack.

It was at six o'clock this morning when the Americans with the British on their left and right flanks "shoved off" from the Hindenburg outpost line, about 2,000 yards west of the St. Quentin canal which was captured on Friday after a short "crash" barrage. The infantry preceded by a large number of tanks started advancing through the haze.

Scramble Across Canal. After hard fighting the troops reached the canal and scrambled across it. The barrage swept on ahead of them. The Germans appeared to have had orders to hold until the last. That is what most of them did and of course, during the fighting of such a desperate nature, the Americans suffered some casualties.

The attack seems to have carried the Americans through the main Hindenburg line west of the canal. The Germans resisted to the utmost everywhere. Heavy fighting continues in the locality where the Americans had broken through. The British, having reached certain points, were "leap frogged" by Australian troops who continued the advance.

As the Australians passed through, both they and the Americans, some of the units of which plainly showed what hard fighting they had been through, stopped for a moment and cheered. At other places where the fighting continued furiously, the Americans working their machine guns and rifles, cheered as they worked. The Americans cooperated closely with the Australians and kept a stream of bullets directed at the Germans all the time.

The ground over which the Americans passed was littered with German dead and the same was true of other sections of the front. Deep progress was reported virtually everywhere.

NOTICE.

The high cost of meats makes it more necessary than ever that we get pay for every piece of meat we sell, and at the same time reduce our bookkeeping costs to the lowest possible figure possible. We are therefore adopting the rule that all meat sent out on orders must be paid for on delivery or the meat brought back to the market except in such cases where arrangements have been made for an account.

If you wish us to make change for bills, please mention when giving your order Sanitary Meat Market, 418 Seventh street. Phone 2527, 119-716.

ROYAL FAMILY OF BULGARIA SEEKS REFUGE IN VIENNA

By Associated Press. PARIS, Sept. 30.—King Ferdinand of Bulgaria is expected to reach Vienna soon, according to a Vienna dispatch from Innsbruck. When the two daughters of King Ferdinand reached Vienna late last week they stated that they expected their father to follow them shortly. The two princesses arrived at Vienna on Saturday night from Sofia and were met by Empress Zita. They brought with them a large quantity of baggage.

BERLIN ADMITS ALLIED SUCCESS AROUND CAMBRAI

By Associated Press. AMSTERDAM, Sept. 30.—Bitter fighting along the front of St. Quentin is described in a semi-official dispatch from Berlin. It says: "A big British attack to break through toward Cambrai, supported on the right wing by fresh American units, began on Friday morning after these hours of violent struggles."

British reinforcements were reported to have been sent to the front. The British were held up at many places from time to time by machine-gun fire. In some places this opposition was overcome by flanking operations and in others quickly organized storming parties rushed the enemy and silenced him.

One American unit is reported to have passed through Le Cateau and to have reached Gouy. Other units which stormed and captured Nauray have passed through Le Cateau wood. Early in the forenoon to German officers and 1,000 of other tanks had reached the American collecting cages but this number included only those captured during the early stages of the attack.

ORAL PICTURES OF BATTLEFIELDS IN VARYING HUES

By Associated Press. DES MOINES, IA, Sept. 30.—Oral pictures of the battlefields of France are painted in varying hues by the unincapitated American soldiers brought to the Fort Des Moines reconstruction hospital.

There is one expression dominant in every account, an outcried wish to be back in the trenches, waiting tensely in the "zero hour" for the word to go plunging across "No Man's Land."

"I've lost one leg," said a young chap, gazing thoughtfully into space, "but I'd give the other to be back with the boys."

While most of the patients at Fort Des Moines now are from home camps, hardly a hundred are from overseas—it is planned to use the hospital entirely for men injured abroad, and plans call for some 2,000 beds.

Those from overseas originally were from all parts of the United States. Just recently three rowches, waiting all victims of the chaotic Thierry drive, when the Franco-American pushed back the armies of the German crown prince.

All three were members of the 168th infantry, Iowa's own unit in the Kahn how division. Just a year ago they went to France—raw, almost untrained, but in the spring and summer fighting, the regiment has made an enviable reputation.

Private Albert Ganzert, of Ashton, Iowa, a member of Company B, was cited for bravery and awarded the medal of honor. He treats lightly his mangled bodies of other fellows from the trenches who are being brought here to have leg amputations. "I might have secured my contract for a leg."

In the next bed was Private Mike Britton, of Essex, Iowa, and of the same company as Ganzert. They had been together since their regiment left Iowa. A machine gun bullet was Mike's nemesis and Private Harry Packard, Renwick, Iowa, met similar fate at Chateau Thierry, July 30.

NO PRICE FIXING OF COTTON SAYS STATE OFFICIAL

By Associated Press. AUSTIN, TEX., Sept. 30.—Hon. Ben F. Chapman, Chief Clerk of the Agricultural Department, who is representing the cotton growers of Texas at a meeting of the Cotton States Official Marketing Board, Washington, D. C., which was called to protest against the government putting any stipulated price on cotton, wired under date of Sept. 24 giving the result of the said conference, as follows: Department of Agriculture, Austin, Texas.

"Say to the press that we have had conference with cotton committee of President Wilson, and they do not contemplate fixing price, but will devote their attention to proper distribution of low grade cotton. Do not believe our people have any cause to be unduly alarmed nor should they rush their cotton on to the market."

Mr. D. C. Dove, of the Bureau of Markets, of the Texas Department of Agriculture, in giving his wire to the press, made the following statement: "The news contained in this wire, that the government does not intend to put a price on cotton, should be very consoling to the cotton growers of Texas, because the agitation of this question in Washington, and a statement issued more or less officially from there, have caused the cotton market decline more than \$25 per bale."

If the farmers and their friends will come back to the original recommendation made by the organized farmers of Texas, that no cotton be sold for less than 35 cents per pound, and refuse to sell their cotton at a price below the price which will now advance back to and perhaps above the highest points of the whole season."

It is believed that had it not been for this agitation of price fixing, the cotton would have sold as high as 40 cents a pound before October 1."

INSUBORDINATION RARE IN THE AMERICAN ARMY

By Associated Press. HOUSTON, TEX., Sept. 30.—Insubordination is a rare thing in the American Army. The American soldier is a good soldier and does not resent his officers' criticisms or commands.

This is the statement of officers who have visited the army camps. "Insubordination," said one officer, "in discussing the matter, 'is the consequence of a spout.'"

The dignified but friendly way in which the average officer tells a man where he falls short provokes earnestness instead of resentment that brutal methods engineer in some European grades."

Recently a lieutenant in charge of a company at rifle practice handed a poor record back to a soldier. "That's how you had better try again," he said.

"I never could shoot, sir," replied the private, visibly relieved at being let down so easily, "but I'll try to do better next time."

He came on with another detail and did far better.

STEEDY EXTIRPATION OF PINK BOLL WORM

By Associated Press. HOUSTON, TEX., Sept. 30.—Dr. D. W. Hunter of the federal horticulture board has received a letter from Fred W. Davis, state commissioner of agriculture, which implies that quarantine measures against the pink boll worm have been gratifyingly successful and that thousands of acres now listed as non-cotton land in Texas have been freed of the pest.

Mr. Davis attributes the speedy extermination of the pink boll worm in such large areas to the patriotic cooperation of the farmers, 95 per cent of whom not only complied with the proclamation not to plant cotton in the barred zone but organized labor to exterminate volunteer plants in the fields which had been cleared.

PRECAUTION IS TAKEN AGAINST THE INFLUENZA

By Associated Press. BEAUMONT, TEX., Sept. 30.—Owing to the prevalence of Spanish influenza in the east, the Emergency Fleet Corporation is taking every precaution to prevent spread of this disease reaching the ship-yards. Communication has been received by shipbuilding companies here to use any preventive measures in order that construction may not be retarded.

It is explained that the disease is caused by influenza bacillus and is spread by coughing and sneezing of affected persons. Ship-yard workers have been instructed that any suffering from aches and fever should immediately report to the camp doctor.

NO REUNION OF TEXAS DIVISION U. C. VETERANS

By Associated Press. WACO, TEX., Sept. 30.—The Texas division United Confederate Veterans will not hold their reunion this year. Bradford Hancock, adjutant general, announced officially today that the encampment which had been scheduled to meet in Beaumont October 3 had been postponed until the first Thursday in October, 1919. Crowded conditions of Beaumont and urgent necessity for war conservation are given as the reason.

HOT SHELLS CAUSES A DESTRUCTIVE FIRE

CHATTANOOGA, TENN., Sept. 30.—The accidental dropping of hot oil started a fire today at the plant of the Columbia Iron Works which destroyed the shell shop, and for a time threatened other buildings. The property damage was roughly estimated at \$100,000 or more. The fire burned for several hours.

of the German positions and intends by exerting pressure there to compel the center of the enemy line to retreat.

Again the offensive tactics of the Allies may be likened to an immense pincer which is slowly but inexorably closing. Far to the north, the Belgians have cut deep into the German positions and are now threatening the enemy submarine bases along the Belgian coast.

Successes by the French along the ridge between the Ailette and Alsace rivers make it very impossible for the enemy to hold his line there. Already a retirement in this sector is admitted by Berlin. It would seem that this retrograde movement will compel the Germans to re-locate their front north and east of them.

General Gouraud is slowly moving nearer to Cahenne and his long range cannon are now within range of Yverdon, one of the principal German bases on that front.

American forces further east are moving north along the west side of the Meuse river and are threatening to outflank the whole Argonne forest and compel the Germans to retire from a sector which is apparently vital to the entire enemy line in eastern France.

In Macedonia the Allies continue their advance into Bulgaria and are now on the western threshold of that country. On the west front, the theatre, the Italians have forced the Bulgarians back through the mountains toward Albania. Bulgarian delegates who will confer with the Allies on armistice proposals have arrived at Saloniki.

On the western front from the North Sea to the Meuse, the Allied armies are pressing hard and successfully through the main German defenses. The suburbs of Cambrai have been entered and the Allies are closing in on Lille, St. Quentin and Laon while the French and American drive northward is harassing the German hard pressed army which is fighting desperately to stay the onslaughts.

Drive Germans From Hills. In Flanders the Germans have been driven from the hills around Ypres and from the formidable Messines-Miris chate positions. Attempts to defend the approaches to the Lys failed before the attacks of the Belgian and British troops who are driving a wedge between the Belgian coast and the great fortress of Lille, threatening both Lille and the submarine bases of Ostend and Zeebrugge. More than 2,000 Germans have been captured in the Flanders operations.

AUSTRIA PROPOSES PEACE DISCUSSION IN AN OFFICIAL WAY

By Associated Press. AMSTERDAM, Sept. 30.—A proposition that the presidents and presidents of the parliaments of belligerent and neutral states should be invited to meet for an unbinding discussion of the basis of peace has been introduced in the lower house of the Austrian parliament.

The motion, says a Vienna message, was introduced by Herr Neumann, a liberal deputy. It would empower the president of the chamber of deputies to convey the invitation to the parliaments of the belligerent and of neutral states. The meeting would be held at a place agreed upon.

By Associated Press. ROME, Sept. 30.—Italian troops on the western wing of the Allied advance in Macedonia continued Sunday to pursue the Bulgarians, who were retreating toward Uskub along the Tetovo River, says the war office statement today.

By Associated Press. PARIS, Sept. 30.—The progress in breaking the hold of the German invader on French soil is shown by the fact that no longer is any of the French departments entirely occupied by the enemy. The situation was established by the recapture of four municipalities of the department of the Ardennes.

By Associated Press. PARIS, Sept. 30.—General Gouraud's army attacked this morning the northern slopes of Bellevue Heights, Mont Cuvelet and Bouconville. Allin Brook, which flows northeast toward Challerange, has been crossed and heights dominating the village of Manre on the west side of the brook have been taken.

Mrs. M. A. Lee has returned to her home after a visit with her husband, who is temporarily stationed at Fort Arthur, Texas.

Forward!

With no thought of bursting shrapnel and poisonous gases into which they plunge—with every muscle tense, with every faculty of mind alert, with one thought only—TO FIGHT AND WIN.

That is the way our men are going into battle. When the shrill whistle sounds the advance, out they go—their whole heart in the task before them. No power on earth can hold them back.

Forward!

The same sharp challenge to battle is sounding for us. We must answer in the same proud way—the way of our fighting men—the American way. We must lend the way they fight.

We must show the war-maddened Hun a united American people moving forward shoulder to shoulder, irresistibly, to Victory.

Our task is to supply the money, the ships, the guns, the shells that we must have to win. It is a tremendous task. We must do it as our fighting men do theirs—with the indomitable spirit of Victory.

We must work, and save, and lend with one thought only—TO FIGHT AND WIN.

### LOCAL BOARD IS OVERBURDENED BY USELESS CLAIMS

RECEIVING FLOOD OF LETTERS AND AFFIDAVITS OF WORTHLESS NATURE.

### REQUEST IS RENEWED

Registrants Are Asked to Desist from Unnecessary Representations.

Despite the published requests of the local board and the state and national boards as well that registrants answer truthfully the questions in their questionnaires, making the desired claims for exemption, by answering the proper questions, the Wichita County Draft Board states that it is continually being burdened with affidavits sent in by registrants regarding the subject of affidavits from employers, parents, dependents and all other classes of affidavits the board asks that the following be published, and that registrants who have sent in affidavits of who have been intending to send in affidavits take notice.

**Flood of Letters.** "We are receiving a flood of letters containing affidavits of all descriptions, ninety per cent of them worthless. An affidavit from a father or mother that their son had stomach trouble when he was a baby is no guide to us in classifying him. Affidavits from individuals telling us that they are highly skilled specialists in certain lines are also no good. Many people are of the opinion that the county would go rapidly to pieces if they were taken from their job and sent to war, but there is a place for this claim in the questionnaire, and there is absolutely no need of burdening the mails, wasting postage and paper in sending in affidavits.

**No Class Exemption.** "We wish to impress on all registrants that there is no class exemption, a bank clerk, oil worker, or any other class of worker can not claim exemption because of his occupation. Each case must be handled individually and each exemption claim handled separately by the board. "Our advice to registrants is to fill out the questionnaire properly, give all information you wish us to have, make what ever claims you wish then to go to work and await classification. If it does not suit you, you can appeal. Don't ruin a good claim by 'popping off' and don't worry this board with a lot of worthless affidavits.

**Received Daily Reminders.** "We are being daily reminded that the local boards, while doing their best are woefully ignorant of the true conditions and are demoralizing business, but some of the people of the country is very much alive. Most invariably we find the man doing the loudest talking, the one who is doing all he can get out of going. "Again we wish to remind this class that the government has entrusted the local boards with the task of raising an army, and it has to do this work. We are asking the cooperation of all patriots, and those registrants who are not 'slackers' we believe will be glad to follow our suggestions."

### PRESIDENT URGES SENATE TO VOTE FOR AMENDMENT

(Continued from page 1.)

justice to women, though they had before refused it, the strange revelations of this war having made many things new and plan to governments, as well as to people.

"Are we to refuse to learn to be ready, and as of course, the lesson. Are we alone to ask and take the utmost our women can give us and sacrifice at every hand and still say we do not see what this that gives them to stand by our sides in the guidance of the affairs of the nation and ours. We have made partners with the women in this war, shall we admit them only to partnership of privilege and right? This war could not have been fought, either as the other nations engaged or by America if it had not been for the services of the women—services rendered in every sphere, not merely in the fields of effort in vitro we have accustomed to see them work, but wherever men have worked and upon the very skirts and edges of the hat the front of the world, only that we have not small desire to be distinguished but small desire to be distinguished if we do not entrust them with the fullest possible participation, as it is not certain that other great nations will entrust them. We cannot waste our thought and action in such a matter from the thought of the rest of the world. We must either conform or deliberately reject what they propose, and resign the leadership of moral minds to others.

**Women Are Not Slackers.** "The women of America are too noble and too intelligent and too devoted to be slackers, whether you agree or withhold this thing that is more justice, but I know the magic it will work in their thoughts and spirits if you give it to them. I propose it as I would propose to admit soldiers to the privilege of the front fighting in the field for our liberties and the liberties of the world, were they excluded. The tasks of the women here at the very heart of the war, and I know how much stronger their hearts will beat if you do this just thing and show our women that you trust them as much as you in fact and in duty depend upon them.

"Have I said that the passage of this amendment is a vitally necessary war measure and do not need any other argument? By you stand in need of our own women, is that trust of us a woman, is that trust an asset or is it not? I tell you plain as the commandment in chief of our armies and of the gallant men in our ranks, as the present spokesman of these people in our dealings with the men and women throughout the world who are now united in the responsible head of a great government which stands and is on the stand day by day as to its purposes, its principles, its hopes, whether they be very near or very far, we shall need them in our vision of affairs, as we have never needed them before, the sympathy and insight and clear moral insight of the women of the world. The problems of that time will strike to the roots of many things that we have not hitherto questioned and I for one believe that our safety in these questioning days, as well as our comprehension of matters that touch a society to the quick will depend upon the direct and authoritative participation of women in our councils. We shall need their moral sense to preserve what is right and fine and worthy in our system of life as well as to discover just what it is that ought to be purified and restored. Without their counseling, we shall be only half wise.

**Help to Solve Great Problems.** "And not to the winning of war on it. It is vital to the right solution of the great problems which we must settle, and settle immediately, when the war is over. We shall need them in our vision of affairs, as we have never needed them before, the sympathy and insight and clear moral insight of the women of the world. The problems of that time will strike to the roots of many things that we have not hitherto questioned and I for one believe that our safety in these questioning days, as well as our comprehension of matters that touch a society to the quick will depend upon the direct and authoritative participation of women in our councils. We shall need their moral sense to preserve what is right and fine and worthy in our system of life as well as to discover just what it is that ought to be purified and restored. Without their counseling, we shall be only half wise.

Lieutenant P. E. Lucke left Sunday for Camp Pike, Arkansas, where he will be stationed in the base hospital.

### BATTLE OF ARGONNE FOREST RESEMBLES DUEL TO FINISH FOUGHT IN DARK ROOM

**Associated Press.** AMERICAN HEADQUARTERS IN France, Sunday, Sept. 29.—Fighting along the new front northwest of Verdun has settled down to the dreary business to which the machine gun has reduced modern warfare. Progress is being measured by the laborious reduction of small points which are held by small groups of men, but able to paralyze force out of all proportion to their fighting value.

From a dramatic viewpoint the greatest fighting has taken place in the Argonne forest where it has resembled a duel to finish fought in a dark room. The density of the forest is complicated by the strange nothing so much as the backbone and ribs of a flat fish with the ribs on side shortened to half their length and the backbone running north and south. These ribs represent series of ridges and ravines which are almost perilously steep on the eastern side, but level, abrupt and deeper in their west. The ravines follow each other in ceaseless succession along the backbone for about twenty five miles. To force such a position would be a terribly difficult if it had been in the enemy hands only a short time, but much harder since he has been in possession of it for years.

When the enemy had built a series of stone mansions beneath the hill sides and constructed approaches of stone lined trenches, the formidable character of the work may be understood. But even more formidable than the dugouts and trenches is the wire woven endlessly among the trees. Hundreds upon hundreds of miles of wire have been strung there since two years ago. Through it have grown weeds and grass more than three feet high making it almost more serious by concealment.

Through such a country have the Americans been fighting their way to the front. Young in years, inexperienced, and in depressing darkness where death may be embushed behind any of the myriad trunks of trees and where the rattling of machine guns is multiplied and magnified by the forest into a deafening snarl of thunder, every man knows that the chances are of being cut off and killed before he has been rescued. Even their various scarcely known that their work, although exhausting is being magnificently performed and is winning fervent tribute.

Notwithstanding everything the troops have gone through the forest almost as steadily as their comrades outside.

Even the Germans are not completely at home in the bewildering complication of ravines and ridges. Some Americans have actually been captured by the enemy and have been retaken with their captors.

The headway the Americans have been making is evidently a disagree-

able shock to the enemy. During yesterday men belonging to reserve divisions were captured after being rushed back at top speed to meet the expected American attack. Among the other troops captured yesterday were men from the fifth guards division. This organization had a taste of American fighting capacity at Belleau wood and recently fought in Flanders. Men of another reserve division which had been rushed higher from Mulhausen also were taken.

**CORRECTION MADE AS TO SUGAR CERTIFICATES**

The statement that the county food administrator would issue emergency orders for sugar to restaurants and boarding house keepers before month-end in last Friday's issue of the Times was a mistake and W. S. Curlew has made the following corrected statement:

"The County Food Administrator has been instructed to issue no certificates for sugar to hotels, restaurants, cafes or boarding houses until the above named institutions have turned in their monthly statement. Therefore the wholesalers and retailers are advised not to sell any sugar unless certificates are presented for the purchase of same. These certificates are now in my office and will not be delivered until reports are in."

## "The Relics of Chateau-Thierry"

After that memorable battle, visitors went to the building back of the lines which served as a hospital. It held the American wounded who had survived that pitiless thirteen hours of beating back the Hun at Chateau-Thierry.

With the same unconquerable boyishness that is laughing its way into the hearts of all civilized Europe, these heroic young soldiers had tacked upon the door of their hospital this sign:

On that line of white stone houses on the south bank of the river the American machine gunners, after a thirty-hour ride in caissons from another part of France, placed their tools of war and held for thirteen hours against the mad rushes of the oncoming Germans to get across the river.

### Relics of Chateau-Thierry

Admission Free English Spoken

Fighting until they are shot down, protesting as they are carried off the field, laughing while they suffer and giving with their last breath, these are the boys we are buying Liberty Bonds to help.

It seems unfitting that we should remind ourselves that we are only lending, that we are benefiting ourselves with every Bond we buy. The very least that we can do is to lend to the utmost—"Lend the way they fight"—never stopping to count the cost.

Bonds of the Fourth Liberty Loan are being sold to help bring to a triumphant finish this crusade against the blackest evil in the world. Every Bond you can buy will help to the full value of every dollar it represents and to the full value of every ounce of patriotism you can put back of it.

Preserve the splendid Relics of Chateau-Thierry. They're too precious to be lost to the world through German frightfulness.

FOR

ANNOUNCE RALLY WEDNESDAY NIGHT IN LOAN CAMPAIGN

EFFORT IS TO BE MADE TO GO "OVER THE TOP" AT THIS TIME.

PRIVATE SIMS TO SPEAK

Meeting Will Be Held at the Corner of Eighth and Indiana Avenue.

Tomorrow night the only Liberty Loan rally which the committee believes will be necessary to put over the Fourth Loan in this county will be held, when Private Sims, American soldier whose contribution to the fight for liberty has been an arm will address the public. The meeting will be held on Eighth street, the space between Ohio and Indiana to be reserved.

Private Sims is being sent out by the district committee to speak at Liberty Loan rallies, and the committee has been proving most valuable to the cause in the Texas cities where he has appeared. The program for tomorrow night will include several local speakers, the wounded soldier, and possibly a musical program in which the great Liberty Loan song, "For Your Boy and My Boy," will be featured.

Several other speakers had been arranged to Wichita Falls by the state speakers bureau, but the local committee has cancelled these dates, advising the state bureau that the speakers would not be needed here and that their time could be taken up in other localities where they would be needed. It is planned to put the loan over by Wednesday, as is indicated by the committee's statement elsewhere in this issue. The preliminary work of allotment of the quota among the citizens was accomplished by the committee Sunday, and early in the morning the committee was at work asking for subscriptions to the loan. Bank applications were being received practically as fast as they could be taken care of. The committee is making that one wait to be solicited for a subscription but that the individuals call at the banks, or at the residence of the Kemp & Kell office, where representatives of the committee will be in session at all times. The loan is being handled in a similar manner at the other towns in the county. Banks from Iowa Park, Burkburnett and Electra were in conference with the local committee Sunday and the allotment was made for the entire county.

Oklahoma City Man Injured In Accident Sunday Afternoon

Luther Eof, of Oklahoma city sustained a crushed rib and a number of soldiers from Carl Byers' badly driving overturned into the ditch on the side of Grant avenue Sunday afternoon. According to the witnesses, the driver of the overturned car was attempting to pass another automobile and was forced to take the down grade of the road by the deep rut. The car is understood to have been overturned in an attempt to gain the crown of the road. Mr. Eof was taken to the general hospital where his injuries are not regarded as dangerous.

A SENSATIONAL BREAK IN VALUE OF CORN TODAY

By Associated Press. CHICAGO, Sept. 30.—Sensational breaks in the value of corn took place today as buyers streamed in which traders inferred to mean the beginning of the end of the war. The biggest drop in price was for November corn which after mid-day touched \$1.32, a fall of 7 1/2 cents a bushel compared with Saturday's close.

Church Notice. Drangelist T. Elkins, of Nocona, Texas, with Ira Y. Rice, of Nocona, Okla., will begin a series of meetings at No. 11 Buff street tonight, Sept. 30, under the direction of the Church of Christ, to conduct a campaign to raise money for the relief of the people of Belgium.

CHIEF OF POLICE TELLS OF NEGLECT OF SOME PARENTS

COMPLAINS THAT CHILDREN ARE PERMITTED TO ROAM THE STREETS AT NIGHT.

THEFTS ARE COMMITTED

In Some Instances the Offenders Are Shielded By The Folks At Home.

Appalling conditions exist among a certain portion of the juvenile population of Wichita Falls, according to Chief of Police Fred K. Smith. There have been many complaints made of theft which when investigated by police were found to have been children of less than 12 years of age as the perpetrators, he said, and there are certain gangs of children in the city who are rapidly becoming a lawless element as could be found anywhere.

Mr. Smith blames the parents for the greater part of this evil condition and he cites the following instance to illustrate how far some parents are from being the proper persons to care for their children. A few days ago Mr. Smith received a call from a woman who stated that her little girl, seven years of age, had not been at home through the night. The call came after nine o'clock one morning. Mr. Smith and other officers in making a hunt for the child found her in company with a number of boys of similar tender years and others up to about thirteen, in the negro district. They had been there the various "joints" and "dives" the entire night, Mr. Smith stated. He asked the woman why she had waited until the next morning to make a complaint, and the woman replied that she just supposed that the child would come home some time that night, and she went on to leave.

Should Take Children. "I believe that such parents should have their children taken from them and placed where they could have some attention and be given a chance to make law-abiding citizens. Children who have such parents as this have not a chance from the first to become decent, self-respecting, and good citizens. I believe that instead of taking the children up the parents should be prosecuted and the authorities see that the children are cared for."

Mr. Smith continued: "Every week we receive complaints of children stealing money, or various other articles, and when we trace the matter down we usually find their parents trying to shield them. And there are other offenses against law and order, and decency which children are committing daily with the full knowledge of the parents, but they are shielding them. The officers are doing what they can but we are not yet receiving co-operation from the parents, but they are shielding their children and aiding and abetting their offenses."

CLOTHING FOR BELGIUM GOES FORWARD TUESDAY

Clothing contributed by the people of Wichita county for the people of Belgium and northern France will be packed and made ready for delivery to the commission for Belgium Relief tomorrow, and the chairman of the local committee is expecting more than 2000 pounds to be sent from here. Electra, Burkburnett and Iowa Park have yet to report on the success of the campaign but the material will probably arrive here for final packing tomorrow. In the meanwhile the committee is preparing to send for any bundles not yet called for and will continue that plan until the packing is completed.

STOCK YARDS AT NEW ORLEANS ARE BURNING TODAY

By Associated Press. NEW ORLEANS, Sept. 30.—The Crescent City stockyards owned by Morris and Company and located just outside the corporate limits of New Orleans, La., in flames, and already heavy damage has resulted. The storage department is said to have contained more than 2,000 beef carcasses and these are a total loss. The entire garison at Jackson Barracks was assisting the firemen in fighting the flames. Two coolers, the machine soap and shipping shed were burning at 2 a. m. and apparently would be destroyed. About 1,000 head of cattle in the pens ready for butchering were being driven out and it was believed all would be saved. The plant is one of the largest of its kind in the entire south.

TO REFUND FARE ABOVE ONE CENT TO THE VETERANS

By Associated Press. TULSA, Okla., Sept. 30.—Members of the United Confederate Veterans, their families and associated organizations who paid full fare to the recent reunion here because they had no identification certificates will get a refund of what they paid in excess of the convention rate of one cent a mile. It was announced here today by Tate Brady, general chairman of the reunion. Several hundred veterans paid the full rate and the question of a refund was submitted to the directors of the railway, who has just ruled that the veterans may receive a refund by submitting evidence that they paid the full rate for their transportation.

CAMP BOWIE HAS 200 CASES INFLUENZA

By Associated Press. FORT WORTH, Sept. 30.—Two hundred cases of positive Spanish influenza have been discovered at Camp Bowie, though there are 1,000 patients in the base hospital, most of whom are classed as epidemic suspects. Sunday was the busiest day in the history of the hospital, 400 soldiers being received. Of this number 200 were epidemic influenza cases. Medical officers estimate there are 300 cases of the disease in the camp, eliminating the suspects. No deaths, nor serious cases have been reported yet.

Fifteen Thousand Enemy Prisoners Disarmed at Heiho

By Associated Press. TOKYO, Friday, Sept. 30.—Fifteen thousand armed Austro-German prisoners from Blagovestchensk reached Heiho on September 18 and were disarmed, according to a statement issued at the war office. The statement says that Japanese and Chinese who have been on duty along the Amur river entered Blagovestchensk with the main force of Japanese cavalry when that city was taken by the Allied forces.

MATERIALS FOR NECESSARY WAR WORK AVAILABLE

Residence of their building made necessary account of the increased production of oil of that state in making the production of oil well receiving the approval of the division of the Industries and in charge of building materials. The division of the Industries and Commerce, who went to Washington last week to ask the relief from the rule stopping the construction of buildings. Mr. Huff said that E. Johnson, secretary of the Chamber of Commerce, who accompanied him, also secured an allowance of 2,000 barrels of cement to be used in paving already started in Wichita Falls and for the improvement of Grant avenue which is a part of the route to Lake Field.

Mr. Huff feels greatly encouraged and believes that the way has been opened for the construction of real-estate here and at several other points in the state. Mr. Huff said that the government to stop building all over the United States and were given the impression that it would be no longer possible to get a relaxation of this rule. Mr. Huff said, however, we explained the situation here and told of the oil development, and gave figures as to the amount of wells drilling, the pipe line and other details.

We were then told that any buildings in construction with the production of oil would be approved. We were told that new buildings must first receive the approval of the county council of defense and that when they come to the chief of the division he would give his approval. Mr. Huff said we can show the necessity for more residences here to the satisfaction of the authorities.

Mr. Huff said that he had a higher opinion of Senator Sheppard than ever. Senator Sheppard got us an audience that we might not otherwise have had and he is in a most effective manner. Mr. Huff said that he had a higher opinion of Senator Sheppard than ever. Senator Sheppard got us an audience that we might not otherwise have had and he is in a most effective manner.

B. F. Johnson remained to appear before the chief of the oil division and from Washington intended to go to New York to see the chief of his work for the Wichita County Community Service.
