NUMBER 123

GERMANS RETIRE FROM LENS

Evacuation of Belgium Discussed Openly in Berlin

(By Associated Press.)
PARIS, Oct. 3.—The German situation on the western front is grave, the Franfort Zeitung admits, adding that the German front is gradually crumbling.
"The Allied plan of attack" it adds, "is being carried out in an extraordinary manner. It is an awful strain on our front. The situation on the Meuse where the American attacks are just beginning, is extremely critical. Part of the Chemin Des Dames has had to be given up and the whole German front is gradually crumbling away under the Allied attacks."
The evacuation of Belgium is being discussed openly in Berlin, according to advices reaching here.
Concerning Alsace-Lorraine, the German high command makes the suggestion that it be neutralized and joined to Luxembourg, thus making a buffer state between France and Germany.

GERMAN AUTHORITIES FEAR ALSACE-LORRAINE UPRISING

(By Associated Press.)
GENEVA, Oct. 3.—German military authorities have begun to fear the inhabitants of Alsace-Lorraine, according to a Franco-American attack on the frontier.
The inhabitants of twenty villages including Ferrette, Goutvau and Winkel already have been sent to Bavaria, some of the villagers have escaped across the Swiss frontier.
Fear of disorder is rampant through out Alsace-Lorraine, not only among the civilians but also among the military forces. Food is scarce and little fuel is available. The German authorities in Alsace-Lorraine, the Democratic adds, are afraid of a general uprising in those provinces when the Allies cross the frontier.

NEWS OF SURRENDER PUBLISHED IN GERMANY

(By Associated Press.)
AMSTERDAM, Oct. 3.—The news of Bulgaria's unconditional surrender now is being published in the German press. It is immediately withheld intentionally from public knowledge for a time because the German official world refused to credit until the last moment.
"We are betrayed" is a sentence that conspicuously appears in the newspapers of the Frankfort Gazette. The article is the direct consequence of the developments on the western front and it describes King Ferdinand's reported loyalty to the German and Austrian emperors as "a psychological riddle."
The Cologne Volks Zeitung is deeply pessimistic regarding the future. It would be unwise, it says, to place any hopes on a counter movement.

SESSION OF REICHTAG TUESDAY OR WEDNESDAY

(By Associated Press.)
AMSTERDAM, Oct. 3.—The leaders of the German parties have decided that a plenary session of the Reichstag shall be held Tuesday or Wednesday next, according to German advices. The members were brought together on this occasion to the government statement of its policy.

EMPEROR MEETS WITH FAVORITE SECRETARIES

(By Associated Press.)
LONDON, Oct. 3.—A council meeting took place at the chancellors' palace in Berlin last evening, according to advices received here. Emperor William presided and the meeting was attended by Field Marshal Von Hindenburg, who had come to Berlin with the emperor. Former Chancellor Von Hertling, Vice Chancellor Von Payer and several state secretaries were in attendance.

GERMAN CENSOR PERMITS MORE LIBERTY TO PRESS

(By Associated Press.)
PARIS, Oct. 3.—The German censor at Berlin permits the German press to print articles dwelling on the probable situation of Germany in case Austria should be forced to lay down her arms under pressure, according to advices reaching Paris. It is declared that if Austria should give up Bavaria might follow her example.

Day's War Developments

(By Associated Press.)
On a front of twenty miles between Armentieres and Lens, the Germans continue to retire from the salient west of the fortress of Lille. North of St. Quentin the British again are storming the German defensive lines, while in Champagne the French are pressing northward, threatening the German communications.
The evacuation of Lens is the direct result of the Allied advances in Flanders and around Cambrai. The British are keeping close at the heels of the Germans who already have retreated an average of two miles but there is no indication of where the enemy will stop or whether he will extend his withdrawal movement to include the region of Douai and attempt to form a straight line from Roulers through Lille and Douai to Cambrai.
Fall of Lens Expected.
Armentieres apparently are held by the enemy but their fall to the British probably is only a matter of a few hours. With Lens in the hands of the British, the German line moved back to near Lille or beyond, the great coal fields in this district, which the Germans have defended tenaciously for four years, will no longer be of use to them.
In Flanders the British and French continue their pressure against the stiffened resistance of the enemy. The salient driven in by the Allies threatens the Germans hold on Belgium and an advance of perhaps ten miles toward Ghent probably

ARTILLERY ACTIVE ALONG CENTER OF AMERICAN LINE

VIOLENT BOMBARDMENT DEVELOPED BETWEEN THE MEUSE AND THE AISNE.

FRONT A ZIG-ZAG LINE

General Offensive is Undertaken by the Americans Although Expected by Enemy.

(By Associated Press.)
WITH THE AMERICAN ARMY Northwest of Verdun, Wednesday, Oct. 2.—Violent artillery firing developed along the center of the American line between the Meuse and the Aisne today. The Germans also bombarded the American positions on the right, near the Meuse, to a limited extent but only the extent of their own shells. There was a significant silence for the greater part of the day.
Along the sector of the front the positions held by the Americans show a zig-zag line. The number of Germans near the Aronne forest is less than that fighting on the eastern side. General Gouraud's drive west of the forest together with the advance of the Americans to the east of it threatens to cut off the enemy units still clinging to the wooded hills south of Grand Pre.

NO GENERAL OFFENSIVE

No general offensive was undertaken by the Americans today. All along the line fighting was restricted to patrol actions. It has been learned that the enemy expected a heavy attack today and that fact is attributed to his heavy artillery fire. This was particularly heavy, and high explosives and shrapnel shells being used.
All day the sky was very cloudy and rain was hampered in their work. One of the enemy machine guns, while pursuit planes accounted for others. One American aviator who was attacked by seven "Fokkers," fought his way out, bringing down one of the enemy machines.
Airmen Travel 124,000 Miles.
According to the calculation of one aviator it is shown that in the calendar year of 1918 all the pilots in the aviation section of the Allied armies flew an aggregate of 124,000 miles.

Much booty has fallen into the hands of the Americans, including an electric power station at Verennes. The Germans left so hurriedly that they did not damage the machinery and the Americans are using it. Americans are also utilizing miles of telephone wire and some central exchange material which has been left in position by the retiring enemy.

AMERICAN TROOPS HOLD FURTHERST POINT SOUTH

(By Associated Press.)
ARCHANGEL, Tuesday, Oct. 2.—American troops now hold the furthest point south reached by any of the Allied forces in the advance toward Archangel. This point is a small village 25 miles south of a small village 25 miles south of Archangel, on the River Vaga. The Bolshevik stronghold of Veisk is only thirty miles away.

FLOYD FOR POSTMASTER AT LITTLE ROCK, ARK.

(By Associated Press.)
WASHINGTON, Oct. 3.—William E. Floyd was today nominated by President Wilson to be postmaster at Little Rock, Arkansas.

ARMENTIERES AND LENS IMPORTANT GAIN TO ALLIES

(By Associated Press.)
Lens and Armentieres are the keys to the great coal fields of France in the West. Since the British have been in the fighting area and the British have made several strong attempts to take it.
Armentieres was captured by the British in their drive in the salient last April and now it again falls into British hands.
Both towns were manufacturing centers but the buildings generally have long since crumbled to the ground under the fire of many thousands of shells.
East of both towns the country is fairly open and the terrain is little cut by hills and woods.
With the Germans out of Lens the Allies have made the first important step in the occupation of the coal fields about Lens. The great manufacturing district of France obtained its fuel from this district as did Paris.

PRESIDENT HAS RECALLED NOMINATION OF CROZIER

(By Associated Press.)
WASHINGTON, Oct. 3.—President Wilson notified the Senate he had withdrawn the nomination for the appointment as chief of postoffice of Major General William Crozier. This nomination was submitted to the Senate on December 13 last but the Senate failed to act upon it.

STRIKE IN EFFECT ON BUFFALO LINES

(By Associated Press.)
BUFFALO, N. Y., Oct. 3.—A strike went into effect on the line of the International Railroad here and nearby cities and towns at four o'clock this morning. The tie-up was complete, and the company making no effort to move cars.

"OVER THE TOP" IS THE MESSAGE SENT FROM THIS COUNTY

SUCCESS CROWNS EFFORTS OF LOCAL COMMITTEE IN LOAN DRIVE.

WERE NO EYE WITNESSES

Was Lost Off the English Coast September 26 While on Convoy Duty.

(By Associated Press.)
WASHINGTON, Oct. 3.—The U. S. S. Tampa, a former coast guard cutter in the naval service, was lost off the English coast September 26 with all on board, while on convoy duty.
Ten officers and 102 enlisted men of the crew, one British officer and five civilian employes, lost their lives.
The navy department statement to day announcing the disaster, says the ship was sunk at night in the Bristol channel and that reports indicate that she was struck by a torpedo while escorting a convoy.
Captain C. Satterlee of the coast guard, commanded the cutter. Apparently there were no eye witnesses to the sinking. The navy's report says an explosion was felt after the Tampa had gone well ahead of the convoy about 8:45 p. m. and that later quantities of wreckage, one of the Tampa's life belts and the bodies of two unidentified officers in uniform were found.

RELATIVES AT TAMPA HAVE BEEN NOTIFIED

(By Associated Press.)
TAMPA, Fla., Oct. 3.—Parents of four members of the crew of the coast guard cutter Tampa, lost in foreign waters, have received notification from the navy department that their sons are missing.
CAMP BOWIE SURGEON A LIEUTENANT COLONEL
(By Associated Press.)
FORT WORTH, TEX., Oct. 3.—Major J. Ingold, Bowie camp surgeon, was promoted to lieutenant colonel today. He came here from Fort Sam Houston two months ago.

TURKISH FORCES IN PERSIA WILL LEAVE AT ONCE

(By Associated Press.)
WASHINGTON, Oct. 3.—The Turkish forces in Persia are being ordered by the British to leave at once, according to a report reaching the state department today from Herat.
This action was taken, it is said, because of the disaster to Turkey troops in Palestine. It is reported that the British probably will reoccupy Turkey.

TURKISH SITUATION IS DESCRIBED AS "MOVING"

(By Associated Press.)
LONDON, Oct. 3.—The Turkish situation was described in well informed diplomatic circles here this morning as "moving" whereas in the same quarters two days ago it was declared to be stagnant.
There is every indication, however, that the British officials are contenting themselves with watching the unofficial development.
The opinion is freely expressed that a definite appeal will come from Turkey when it is forcibly brought to her attention that Germany is unable to strengthen her army or check her continued losses.

LATE WAR BULLETINS

(By Associated Press.)
FRENCH HEADQUARTERS
Paris, Oct. 3.—The British retreat from St. Quentin the Germans removed all the inhabitants. When the French troops entered the town there were no civilians to be found.
By Associated Press.
FRANCE, Oct. 3.—Field Marshal Haig's forces are reported to have captured Ramcourt, Guoy, Le Catelet and Sequehart. This has not been officially confirmed. More than 2,000 Germans have been taken prisoners today by the British.

CONVOY SHIP IS SUNK AT NIGHT; 117 LIVES LOST

REPORTS INDICATE THAT VESSEL WAS STRUCK BY A TORPEDO.

AMERICANS HAVE BROKEN THROUGH THE PRINCIPAL ZONE OF RESISTANCE

(By Associated Press.)
WITH THE AMERICAN ARMY Northwest of Verdun, Wednesday, Oct. 2.—American units reached the Kriemhild-Steeling line at one point today. Just south of Brielle they advanced to a spot where they established actual contact with this famous enemy system.
The so-called Kriemhild-Steeling line which the American front faces today is part of the German general defensive system beginning at Prouilly, continuing south of La Fere and thence east to the Meuse. Crossing the Meuse the line extends eastward by the way of Ekin and runs across the St. Mihiel salient to the Moselle, which it reaches just south of Pagny. When the St. Mihiel salient was reduced by the Americans the enemy was forced behind this system in that vicinity.
On the greater part of the front between the Aire and Meuse rivers, the enemy is either on or immediately in front of this line. On this front the enemy's main combat zone was bound on the south by a line of resistance along Laurion ravine and on the north by the Kriemhild-Steeling line. This exceptionally strong system originally began east of Montfaucon and ran south of that city through Ivory Epiplonville and the woods east of Ecliffontain.
The Americans have already broken through this principal zone of resistance and are facing the Kriemhild-Steeling system. From the east along this front the system runs from north of St. Juvin to south of the Meuse. Crossing the Meuse the line extends eastward by the way of Ekin and runs across the St. Mihiel salient to the Moselle, which it reaches just south of Pagny. When the St. Mihiel salient was reduced by the Americans the enemy was forced behind this system in that vicinity.

The Americans have already broken through this principal zone of resistance and are facing the Kriemhild-Steeling system. From the east along this front the system runs from north of St. Juvin to south of the Meuse. Crossing the Meuse the line extends eastward by the way of Ekin and runs across the St. Mihiel salient to the Moselle, which it reaches just south of Pagny. When the St. Mihiel salient was reduced by the Americans the enemy was forced behind this system in that vicinity.
On the greater part of the front between the Aire and Meuse rivers, the enemy is either on or immediately in front of this line. On this front the enemy's main combat zone was bound on the south by a line of resistance along Laurion ravine and on the north by the Kriemhild-Steeling line. This exceptionally strong system originally began east of Montfaucon and ran south of that city through Ivory Epiplonville and the woods east of Ecliffontain.
The Americans have already broken through this principal zone of resistance and are facing the Kriemhild-Steeling system. From the east along this front the system runs from north of St. Juvin to south of the Meuse. Crossing the Meuse the line extends eastward by the way of Ekin and runs across the St. Mihiel salient to the Moselle, which it reaches just south of Pagny. AT THE THEATERS

PLAZA AIRDOME IS CLOSED FOR SEASON

Manager M. P. P. has announced the closing of the Plaza Airdome for the fall and winter seasons. The theatre will be reopened with the coming of warm weather in the spring and the usual vaudeville and motion picture programs continued.

YOUTH VICTIM OF PLOT IN "MARKED CARDS"

Imagining herself a good mother because of her indulgence in his every whim, Mrs. Breslin, whose story is told in "Marked Cards", showing at the Grand today, permits her son, Ted, to waste his youthful spirits in wild and unrestrained life.

She fills his pockets with money and his head with aristocratic notions of idleness. Naturally, Ted Breslin falls into the clutches of professional gamblers.

At a card game his befuddled wife is easily the lever by which Jackson, a worthless companion, accuses him of murder.

Only through the self-sacrifice of Ellen Shannon, depicted by Mrs. Breslin for her common origin, is Ted Breslin saved from a grim fate.

A card game his befuddled wife is easily the lever by which Jackson, a worthless companion, accuses him of murder.

around the most unique and dramatic situations. "The Liar," the latest starring vehicle for Virginia Pearson, showing at the Empress today, is one of the most striking features of recent film production.

Miss Pearson does some of her best emotional acting in the interpretation of a difficult role.

DR. LANE HAS BEEN COMMISSIONED CAPTAIN

Dr. A. L. Lane has been commissioned captain in the medical reserve corps and has been ordered to report on October 15 to Camp Oglethorpe, Ga.

Dr. Lane is the son of Mr. and Mrs. A. L. Lane, prominent residents of this county, and formerly of Denton. He has engaged in the practice of medicine in this city for a number of years and has many friends who will be interested in his entering the service and will congratulate him on his rank as captain.

He has asked for overseas service and expects to be sent over after a short training time on this side.

C. B. DERDEN CABLES OF ARRIVAL OVERSEAS

Mrs. C. B. Darden received a cablegram this morning from her husband announcing his safe arrival overseas.

Mr. Darden is with the infantry and was trained in Camp Cody, N. M., and Camp Kearny, Calif. Mrs. Darden will make her home with her parents, Mr. and Mrs. John A. Allen.

Dr. R. E. Huff, Jr., Dentist, Graduate Northwestern University, Chicago, 410 First National Bank Building.

The retreating Germans are reported to be burning some of the fairest cities in France. They are to be reminded that the battle area is moving steadily and rapidly toward the German cities along the Rhine.

THE SOCIALIST MOVEMENT, DEFEATISM AND PACIFISM.

The Socialist movement in America is dead, is the belief of Charles Edward Russell, formerly one of the greatest leaders of that movement. It is dead, he says, because it has come under the movement of aliens who cared nothing for the United States and under their leadership it has rushed violently down a steep place into the sea.

Mr. Russell has just returned from a tour of the allied countries in Europe as an observer for the government. He predicts Germany's downfall within the next nine months. Pacifism and defeatism in the allied countries is not entirely dead.

These victories are only the first sheaves of the fruitful harvest of which the highest recompense will be the final deliverance of the world from the oppression of implacable brutality and open the way for its marvelous development. Let us salute the glorious warriors whose first rays illuminated the victorious fronts of the founders of the American republic and our revolutionary forerunners.

AMERICA'S ANSWER TO PEACE PROPOSAL FROM MURDERERS, OUTRAGERS AND LOOTERS.

Science prostituted to wholesale murder is the diabolical scheme with which Germany has sought to destroy civilization in order that on the ruins it might build a world controlling autocratic, atheistic power.

20 ARE KILLED WHEN FAST TRAIN STRIKES WORKMEN

More than twenty workmen were killed and many more injured early this morning when a Pennsylvania flyer smashed into a crowd of workmen from the Inter-Mountain Foundry Company at Bedford, Ohio.

BREVITIES

Harold Hamilton is at home after successfully completing a preliminary training course at Camp Mabry. He is now waiting for his call to Camp Pike, having been certified to enter the officers' training camp at that place.

FEDERAL PRICE INTERPRETING COMMITTEE MAKES A REPORT

Price to Retailer Commodity Price to Consumer

Table with 3 columns: Price to Retailer, Commodity, Price to Consumer. Lists various goods like Flour, Rice, Corn, etc.

NOTES

SUGAR: It is imperative that wholesalers and retailers sell sugar based on the old price until their stock is exhausted. The limit of profit to the wholesaler is 2 1/2% per 100 lbs.

GERMANS RETREAT FROM IMPORTANT LA BASSE SECTOR

LONDON, Oct. 3.—Field Marshal Haig's announcement that a German retreat has been begun in the La Bassee sector is commended as a development of far-reaching importance.

BRITISH DEMAND AN EARLY REPLY AS TO PRISONERS

LONDON, Oct. 2.—Owing to Germany's continued failure to reach an agreement on the exchange of prisoners with Great Britain and her raising of questions concerning prisoners in China and the release of boat crews, which Great Britain declines to do, the British government has despatched to Berlin a peremptory demand for an immediate answer.

IRELAND SEEMS CERTAIN OF A RECORD HARVEST

DUBLIN, IRELAND, Oct. 3.—Ireland seems now certain of a record harvest. The official reports are most encouraging and unless the weather changes for the worse there will be a very heavy yield.

WIDOW BUYS FIRST BOND

At Garvin, Okla. where the Liberty Loan train stopped, Mrs. W. E. Hanab, a widow with four children at home and one boy in the army, was the first to buy a bond.

NO WORMS IN A HEALTHY CHILD

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance.

SAVE, CONSERVE, ECONOMIZE

That's the slogan for housewives today! There is nothing in the world that will save women and help women save in that hardest of all household work—washing—like the

Electric Washer

The handling of the clothes is not the hard or irksome part of washing. It's the eternal rub, rub, rub, that wears out both the clothes and the housewife.

This is exactly the part of washing that the Electric Washer shoulders.

During these days when the cost of laundering and wash-women is high, and when help of any kind is hard to get, the Electric Washer is an absolute essential in the home.

And it furthermore lengthens the housewife's time for pleasure and recreation, for war work and other patriotic duties.

We will make an arrangement with you to put our Electric Washer in your home on a basis that will pay for itself. It is expensive to be without it. Let us deliver one for your next wash day.

PLAN RAILROAD THROUGH THE OIL BELT OF TEXAS

CHARTER HAS BEEN GRANTED AND MUCH PROMOTION WORK IS DONE.

THROUGH WICHITA FALLS

Would Pass Through Great Oil Fields of Both Texas and Oklahoma.

A charter has been granted by the state of Oklahoma for the Oklahoma & Texas Southern Railway Company. Articles of association were filed some time ago in Texas for the Texas & Oklahoma Southern Railway Company of Texas.

The incorporators are W. A. Squire, E. L. Richardson and J. D. Avis, all of Wichita Falls. The route is projected from Ardmore, Oklahoma, via Waurika, to Wichita Falls and thence to a point near San Antonio, through Archer, Young, Stephens, Eastland, Comanche, Brown, Mills, San Saba, Llano, Mason, Gillespie, Blanco, Kerr, Kendall, Comal and Bexar counties. The distance is 450 miles and the cost is placed at approximately \$40,000 per mile. It is understood to be the intention of the promoters to use several short line railways so that it will be necessary to build only 185 miles of new track.

Through Oil Territory. The route is through the rapidly developing oil and mineral territory and its promoters are confident that it will receive the approval of the railroad administration and the Capital Issues Committee on account of its importance as an oil belt railroad. The company has an initial capitalization of \$200,000 and considerable preliminary promotion work has already been done.

It is unquestioned that such a railway would be of great importance and advantage to the territory through which it is routed and would be a great aid in the development of the oil and mineral resources traversed.

MOTORISTS FINED FOR VIOLATING TRAFFIC LAW

Four persons, charged with violating traffic ordinances by parking cars on paved streets over night paid \$5 fines in police court this morning while two speeders contributed \$5 each to the city treasury. One defendant charged with riding a bicycle on the sidewalk was found guilty and left \$5 with the court, while another charged with a similar offense had his case passed until Friday morning.

MANY HOMES ARE OPENED TO INFANT

Announcement that a baby girl was in need of a home, made yesterday afternoon, brought about twenty-five inquiries before ten o'clock this morning, according to Captain Malott, of the Salvation Army, in charge of the month old baby girl brought here from Fort Worth yesterday. The child is a good home in Wichita Falls. Captain Malott is assured of success in placing the baby in the best of hands as soon as he has had time to see all applicants.

VOLUNTEERS ARE WANTED FOR HOSPITAL WORK

By the first of November the Red Cross hopes to have a large number of canteen and hospital hut workers to send to France for duty among the troops, and Miss Polly Roberts, who has charge of recruiting for this work for the Wichita Falls district, this morning received a telegram from St. Louis, asking that this district contribute some volunteers. The usual qualifications and routine of application should be followed. Miss Roberts can be found at the library to give any information desired.

SECRETARY BAKER HAS RETURNED TO PARIS

HOW THE COUNTY PUT OVER FOURTH LOAN CAMPAIGN

"How Wichita County Put Over the Fourth Liberty Loan," was the subject of J. A. Kemp's talk to the Rotary Club today, the county chairman bringing to the Rotarians the good news that the city and the county had completed its quota in three days of work. Reports of what Rotary Clubs are doing in other cities were brought to the club at this meeting by J. H. Smock, who has been in Muncie, Indiana, and by Dr. A. O. Schaff, who last week attended the Rotarian luncheon in New York City, where he had been attending the Osteopathic International Association meeting.

Four witnesses, Fred and Leah Smith, negroes, being held in connection with a bootlegging case, and two white girls who were witnesses against J. P. Blount, charged with violation of the military camp zone law.

COMMISSIONER HICKS RELEASES FOUR WITNESSES

T. H. Hicks, who has received his formal appointment as Commissioner for the Wichita Falls federal court, this afternoon performed his first duties in connection with the office. He released on their own recognizance four witnesses, Fred and Leah Smith, negroes, being held in connection with a bootlegging case, and two white girls who were witnesses against J. P. Blount, charged with violation of the military camp zone law.

ENTERTAIN IN HONOR OF CALL FIELD MEN

About one hundred young people are expected to attend the entertainment given in honor of the men at Call field by the Epworth League of the First Methodist Church, South corner Tenth and Lamar, at the church this evening.

NOTICE

The high cost of meats makes it more necessary than ever that we get paid for every piece of meat we sell, and at the same time reduce our bookkeeping costs to the lowest possible figure possible. We are therefore adopting the rule that all meat sent out on orders must be paid for on delivery or the meat brought back to the market, except in such cases where arrangements have been made for an account.

RED CROSS WILL FURNISH CARTONS FOR GIFTS ABROAD

Local Red Cross headquarters will be supplied with the standard cartons to be used in sending Christmas gifts to the American soldiers overseas about the first of November. It was announced today, and the packages will have to be mailed by the twentieth of November. Only one package for each man abroad may be sent and that package must bear the official label from the army authorities which each man will send to the people at home in order that the package will be received. The local Red Cross chapter will supply the standard carton upon presentation of the official label.

ORDER IS ISSUED AS TO CHRISTMAS PACKAGES

By Associated Press. WITH THE AMERICAN ARMY IN France, Oct. 3.—Every soldier, officer or other member of the American expeditionary force will be entitled to receive from America one Christmas package, to be sent to him by the first of November. The package must be sent to the post office in the name of the soldier, officer or other member of the expeditionary force.

"FITE NITE" FANS WELL ENTERTAINED

Call Field and Wichita Falls "fite nite" fans enjoyed an exceptionally good program last night when four fast boxing bouts were staged by the camp's amateur pugilists. Micky Boland successfully defended the reputation of the older squadrons of the camp by getting a decision over Roughhouse MacFadden, newly arrived from Caruthers Field, in the main bout of the evening. Glickman got a decision over Cupit, and Miller was similarly winner in a bout with "Wit Cut" Chesler. The final bout was between Corporal Wisoski and Kid Carpenter, the corporal getting the decision.

Of application to lease real estate belonging to her wards for mineral purposes.

MILITARY TRAINING FOR WICHITA SCHOOLS

Training in military drill tactics with officers from Call Field in charge is to be added to the curriculum at the high school. H. E. Bell, principal of the school announced today after a conference with Major Alfente, commanding officer of the field Wednesday, the work to be started on Monday afternoon of next week. Major Alfente has assured the school authorities of the services of two officers from the field in drilling the boys each afternoon of the school week the drilling to be done on the campus after regular school hours. At present no plans for special equipment or uniforms have been made. Interest among the boys of the school has been marked throughout this term, and Mr. Bell is expecting the formation of a company of one hundred students. The admission of the larger boys of the seventh grade into the company is under consideration.

T. H. HICKS IS COMMISSIONER OF U. S. COURT

T. H. Hicks, who received his commission as deputy clerk for the federal court here immediately upon the resignation of J. A. Lantz, has now received his commission as commissioner for the court and is qualified to conduct hearings.

COMMITTEE TO WASHINGTON MAKES REPORT TODAY

For the purpose of hearing the report of R. E. Huff, the president who has been in Washington for a conference with the War Industries Board relative to building permits, a special session of the directors of the Chamber of Commerce was called this morning. The success of Mr. Huff, Mr. Johnson and Mr. Bell, who returned from their trip to Washington, has already been outlined in an interview given by Mr. Huff immediately upon his return.

Notice

Everybody who gets their meat early. If you will assist us by ordering early we can make earlier deliveries. Order for dinner must be in by 11 o'clock. Our car starts on its last run at 11 o'clock. In the evening our last delivery leaves the market at 6 o'clock. Sanitary Meat Market, 616 Seventh street. Phone 2527. 113-616

Eagles have \$500.00 1st Liberty Bond. Eagles have \$500.00 2nd Liberty Bond. Eagles have \$1,000.00 3rd Liberty Bond. Monday night at 8 p. m. we will have regular meeting and decide how strong we can go for the 4th Liberty Bond. All members in good standing and eligible are urged to be present.—Chas. Greenberg, W. P. J. M. Pastuszek, Secy. 123-216

WAR DEVELOPMENTS

(Continued on page 3.)

It would seem, however, that the retirement, unless of great depth, would be of little ultimate avail to the German High Command.

Maximilian is Chancellor.

Prince Maximilian of Baden, a man whose peace views are generally supposed to be those of the "Pan-Germans," has been named German imperial chancellor. It is reported from Amsterdam that Prince Maximilian is the favored head of the "Pan-Germans" and is a man about whom the anti-militaristic elements of the empire may gather in an effort to bring about a negotiated peace.

With their lines broken in many places and held together only by supreme efforts at nearly every point in the active sectors from the North Sea to Verdun, the Germans appear to have reached the limit of their endurance and are beginning to retreat. This withdrawal is not limited to any single sector but evidences of it are reported at many points along the battle line.

Enemy Retires Rapidly.

Outflanked and imperilled by the advance of the Anglo-Belgians east of Ypres, the enemy is now rapidly retreating from the La Bassee sector. It is reported that Menin and Roulers are burning, that the Belgians are west of Thourout and that Lille is being captured by its civilian population.

Around St. Quentin the fighting still continues, but it has apparently taken on the aspect of a rear guard engagement at some points.

Near Rheims the Germans are dropping back before the advance of the Belgians. The enemy is now giving ground as General Gouraud moves northward.

In the Belgian sector the situation is seemingly most critical for the Germans. Their retreat from La Bassee would appear to make necessary the abandonment of the district of Lens, to which the enemy is clinging with persistence since 1914. If Lille also falls the whole German line for a long distance southward may be rolled up if there is not a prompt relocation of the enemy forces.

There are reports of Germans moving their heavy guns back from the western Flanders coast and rumors come from Holland that the whole coast may be evacuated.

British, American and French forces seem to have definitely broken the Hindenburg line between La Cotelet and St. Quentin. They are across the Somme river which was the strongest line of defense in this sector. Ahead of them is rolling country and they resort to open warfare and then comes the Oise river with its line of railroad which affords the only direct means of escape for the Germans holding the front from La Fere, southward to the Ailette. Before the Oise is reached, the Germans must either bring greater power into the line than at any point in the tremendous battle of the past week or must hurry (before) out of the St. Gobain sector to avoid envelopment.

French Active Near Rheims.

North of Rheims the British direct to reach the open country. They have carried the hill positions which afforded excellent defensive positions and seem ready to bound forward across the lowlands to the east of the Aisne Canal. If they succeed in carrying out this drive they will capture the enemy both to the west and east of them to retreat.

In the Champagne and the Argonne the French and Americans are fighting hard and progress seems to be very slow but the strategy of Marshal Foch evidently had this in view and foresaw that the drive north of Rheims would have a close relation to that near Verdun.

A STRONG APPLE

You wouldn't go into a grocery store and say, "Give Me a Strong Apple." People say to us, "I want a strong coffee" or "I want a mild coffee." Different growths of coffee have distinctive flavors—and there you are. ITS A MATTER OF INDIVIDUAL TASTE. In blending our WHO CAN BEAT IT coffee we have endeavored to suit the average taste. We think we have succeeded. However if you have a preference for any particular growth or blend tell us what it is. We can meet it.

Just now we are receiving some very fine growths never before to be had in this country, as they were formerly marketed in Europe. WE ROASTUM EVERY DAY.
