# PEACE IS PROPOSED BY GERMANY

## AMERICAN TROOPS STILL ADVANCING

### IN CONTACT WITH LAST DEFENSES OF IMPORTANT BRUNHILDE LINE

(By Associated Press.)  
PARIS, Oct. 5.—American troops attacked again this morning between the Meuse and the Argonne along an extended front. The advance at some points has reached more than a mile and several villages have been taken.

The forward sweep of the Americans is progressing brilliantly according to advices received by La Liberté, this afternoon. The American forces are in contact with the last defenses of the Brunhilde line, represented by the woods between Brioules and the Meuse.

(By Associated Press.)  
PARIS, Oct. 5.—The German retreat before Gouraud's army, which is supported by the Americans on the right, is quickening perceptibly. French troops reached Bethenville this afternoon, lying about three miles north of Moronvillers.

(By Associated Press.)  
PARIS, Oct. 5.—Fort Brimont has been captured by the French troops, the war office announces tonight. The massif of Moronvillers has been taken and the massif of Nogent L'Abbesse encircled.

(By Associated Press.)  
WITH THE AMERICAN ARMY Northwest of Verdun, Oct. 5.—Flaying with all the ferocity of early days of the war, the Germans did their utmost today to bring to a halt the American offensive. Early this morning and in the forenoon the Americans pushed forward through a blanket of fog a yard a time and later in the day when the mists lifted they drove forward a further distance against the German line.

Almost no change has been made on the right near the Meuse, but on the left the operations of the French west of the Argonne forest and the Americans on the east defined more clearly the salient which the enemy still has considerable force opposing the Americans, who have been steadily clearing the forest of machine gun nests.

German Concentrate Efforts.  
The Germans concentrated their greatest efforts on the center in an effort to prevent the swinging upward of their line to the point which would endanger the Argonne, that part of the army left in the Argonne woods. Although the artillery action of the Germans today was terrific—the volume was greater than yesterday—there was notable reduction of aerial effort. Only occasionally did the German aviators accept the challenge of the Americans today, and even a bombing expedition to Landres-Est-Georgia where more than two tons of bombs were dropped, did not develop resistance.

The contrast in the forenoon was not surprising because of the low visibility, but conditions in the afternoon were excellent and full advantage was taken of them by the French and American, who carried out a hundred missions, ranging from simple observation to bombing the back areas. The theory of the aviators is that the Germans have adopted a policy of conserving their airplanes, using them to great extent only on cloudy days such as yesterday. On cloudy days they can fly by compass above the clouds, sweeping below them when occasion demands, then disappearing above almost immediately, and so escaping all but momentary observation.

American Planes Active.  
The American planes were an active factor until late tonight. Before the fog actually had lifted, they were over the German lines, machine gunning the men in the trenches and harassing the transports and artillery. Time and again the roads behind the lines were choked with trucks and machine guns, and the horses dragging guns, and the trucks. This choking of the roads was accomplished without the loss of a single plane. Of the few enemy planes that did fly over the American lines were brought down by an anti-tank gun captured a few hours before.

Flod of Artillery Fire.  
The Americans threw a flood of artillery fire into the German lines and moved infantry up with machine guns. Through the woods around them and up to the crest of the high hill line, they slowly edged their way for hours. When the top of the hill and ridge was attained there stretched before them the narrow valleys on whose further slopes are the defenses the Germans have fought so hard to retain. Miles deep in wire and a labyrinth of new trenches it

## Principles of Peace as Set Forth by President

President Wilson's 14 principles of peace were set forth in an address before both houses of Congress in joint session on January 8, 1918. In concluding his declaration President Wilson said:

"For such arrangements and covenants we are willing to fight and continue to fight until they are achieved; but only because we wish the right to prevail and desire a just and stable peace."

1. Open covenants of peace without private understandings.
2. Absolute freedom of the seas in peace or war except as they may be closed by international action.
3. Removal of all economic barriers and establishment of equality of trade conditions among nations consenting to peace and associating themselves for its maintenance.
4. Guarantees for the reduction of national armaments to the lowest point consistent with domestic safety.
5. Impartial adjustment of all colonial claims based upon the principle that the peoples concerned have equal weight with the interest of the government.
6. Evacuation of all Russian territory and opportunity for Russia's political development.
7. Evacuation of Belgium without any attempt to limit her sovereignty.
8. All French territory to be freed and restored, and reparation for the taking of Alsace Lorraine.
9. Readjustment of Italy's frontiers along clearly recognizable lines of nationality.
10. Freest opportunity for autonomous development of the peoples of Austria-Hungary.
11. Evacuation of Rumania, Serbia and Montenegro with access to the sea for Serbia and international guarantees of economic and political independence and territorial integrity by the Balkan States.
12. Secure sovereignty for Turkey's portion of the Ottoman empire, but with other nationalities under Turkish rule assured security of life and opportunity for autonomous development, with the Dardanelles permanently opened to all nations.
13. Establishment of an independent Polish state including territories inhabited by indisputable Polish populations with free access to the sea and political and economic independence and territorial integrity guaranteed by international covenant.
14. General association of nations under specific covenants for mutual guarantees of political independence and territorial integrity to large and small states alike.

### REPLY TO VON HERTLING AND COUNT CZERNIN.

Replying to speeches by Count Von Hertling, then German imperial chancellor, and Count Czernin, the Austro-Hungarian foreign minister, President Wilson again addressed both Houses of Congress on February 11. In this address President Wilson said that Count Czernin seemed to see the fundamental elements of peace with clear eyes but was restrained through embarrassment on account of Austria's alliance with Germany. The aim of Von Hertling, the President said, was evidently to secure a peace advantageous to the German military autocracy.

There was a test, the President said, which would show whether it was of avail to go on exchanging peace views and it could be made by applying the following principles:

1. Each part of the final settlement must be based upon essential justice to bring permanent peace.
2. Peoples and provinces are not to be bartered about like chattels to establish a balance of power.
3. Territorial settlements must be for the benefit of people concerned and not merely adjustments of rival states' claims.
4. Well defined national aspirations must be accorded all possible satisfaction.

"A general peace upon such foundations can be discussed," said the president. "Until such a peace can be secured we have no choice but to go on."

## MANY LIVES LOST IN NEW JERSEY EXPLOSION

(By Associated Press.)  
NEW JERSEY, Oct. 5.—Major General J. C. Williams, chief of ordnance of the United States army, arrived here tonight to conduct a rigorous investigation into the explosion and fire which demolished the shell loading plant of T. A. Gillespie Company at Morgan, N. J., with the probable loss of fifty lives and injury to 150 more workmen.

General Williams was accompanied by Captain Wilson, also of the ordnance department, and Lieutenant De Nuffize, a French ordnance expert. Upon their arrival they went into conference with the army officers already here. General Williams declined to make any statement until he had more deeply into the circumstances surrounding the disaster.

Flames Under Control.  
Late tonight the flames, which have been sweeping the buildings of the Gillespie plant appeared to be under control and there seems no danger they will reach the U. S. T. stores remaining untouched. There have been no serious explosions since early in the afternoon and no damage has been done since then. Army officers declare the danger is virtually over and they hope tomorrow to begin a systematic search of the ruins for the bodies of victims.

The Red Cross has established relief stations for the thousands of refugees. Albert W. Straubel, assistant director of the Atlantic division, arrived tonight with \$10,000 in cash to be used in relief work.

Soldier guards with fixed bayonets and with loaded rifles patrolled the deserted streets with strict orders to prevent looting or disorder of any kind.

## Accepts the Fourteen Conditions Laid Down By President Wilson

(By Associated Press.)

AMSTERDAM, Oct. 5.—The immediate suspension of hostilities has been proposed by the Imperial German Chancellor Prince Maximilian, in the reichstag according to the Berlin correspondent of the Tijd. The Entente Allies are to be asked to state their terms.

The chancellor's proposal embraced also the dispatch of plenipotentiaries to a neutral place to discuss the question of a league for a national arbitration and disarmament.

The plenipotentiaries are further to be empowered to discuss the creation of a federal Austria, the right of self-determination for Russian frontier states, the restoration and indemnification of Belgium, autonomy for Alsace-Lorraine and the return of the German colonies.

The terms of the Entente Allies will be asked at the same time with the object of forming a basis for the consideration of these important questions.

Willingness to join a league of nations on a basis of equal rights was declared by Chancellor Maximilian in his address. He also proposed complete rehabilitation of Belgium and immediate establishment of popular representative bodies in the Baltic provinces of Lithuania and Poland.

## TRUNK RAILWAY GOAL OF FIRST AMERICAN ARMY

RAPID PROGRESS MADE IN THAT DIRECTION SAYS GENERAL MARCH.

## EIGHTEEN MILES A WAY

Flow of American Troops to France Over Quarter of Million a Month.

(By Associated Press.)  
WASHINGTON, Oct. 5.—The great trunk railway system near the Belgian border which feeds the whole central arch of the German lines in France is the goal of the First American army, which General March, chief of staff, said today, is making rapid progress. Official dispatches show the Americans to be eighteen miles from the nearest point on the important railroad. General March said reports today have indicated that despite stiffening German resistance the American forces are pushing toward and the distance to the goal is being cut down rapidly.

The American divisions at that point, said General March today, indicating the Meuse front on a great war department map, threaten the main railroad line of communication from Germany to the west front, the railroad coming through Germany and passing through Sedan and other places of historic military interest. It is the most important single artery of support of the German army. The Americans have reached a point 18 miles in a direct line from that railroad.

To back that American effort General March showed that the flow of American troops to France continues at the rate of more than a quarter of a million a month. A total of 1,250,000 men have been embarked by sea.

"The news during the last week from all fronts has been excellent," he continued. "The three drives by the Allies on Thursday, Friday and Saturday have moved our line forward on a front wide than ever, affecting practically the entire line from the sea to Verdun."

## NEW STEAMSHIP SINKS AND MANY OF CREW DROWN

(By Associated Press.)  
NEW YORK, Oct. 5.—The new American steamship, Lake City, was sunk in collision with the oil tanker, James McGee, off Key West Thursday night, according to authentic information received in maritime circles here today. Thirty of the crew, it was said, went down with the vessel.

## WILLING TO ACCEPT FOURTEEN CONDITIONS

(By Associated Press.)  
STOCKHOLM, Oct. 5.—Prince Maximilian of Baden, the new Imperial German chancellor is willing to accept President Wilson's fourteen peace conditions, according to reports received from Berlin by circles closely connected with the foreign office here, even though this for many reasons may not be thoroughly demonstrated in his statement before the reichstag.

## AUSTRIA-HUNGARY AND TURKEY JOIN IN REQUEST.

(By Associated Press.)  
PARIS, Oct. 5.—Germany, Austria-Hungary and Turkey have resolved simultaneously to ask President Wilson to make representations in their interest for a general armistice and negotiations for a general peace, according to a Berne dispatch to the Havas Agency.

On September 14 the Austro-Hungarian government invited all the belligerent governments to enter into non-binding discussions at some neutral meeting place, with a view to bringing about peace. Two days later, President Wilson refused the proposal, declaring that the American government had made its position and purposes so plain, having repeatedly stated the terms upon which peace would be considered, that it would entertain no proposal for such a conference.

Baron Burian, the Austro-Hungarian foreign minister, at announcing that he was not surprised at the rejection of his peace note, declared that it had already produced, remarkable phenomena and would do so still more in the near future. Rumors have been prevalent in Vienna political circles that the foreign minister would soon send a second note. The announcement, which would contain more precise statements.

New and more aggressive phases of the Teutonic effort for peace by negotiation before Allied and American soldiers invade German soil evidently are not to be launched, and the only question is the exact form they will take. Officials here will be surprised neither by the Austrian armistice proposal nor by the German proposal through Paris tonight say is coming, nor by a similar move by Germany herself which the new chancellor, Prince Maximilian of Baden, is said to have proposed or to be about to propose of the reichstag. There is no disposition here to believe that an early end of the war is in sight, in spite of the fact that the Germans are known to be desperately anxious to halt by diplomacy the steady advance of their enemies toward the German border.

## OFFICIAL TEXT OF THE AUSTRIA-HUNGARY PROPOSAL

(By Associated Press.)  
PARIS, Oct. 5.—The Austro-Hungarian minister at Stockholm has been charged to request the Swedish government to transmit to President Wilson a proposal to conclude immediately with him and his Allies a general armistice and to start without delay negotiations for peace.

The announcement, made in a Berne dispatch to the Havas Agency, says: "The text of the proposal follows: 'The Austro-Hungarian monarchy, which has made only defensive warfare and has borne witness several times to its desire to put an end to the bloodshed and conclude an honorable peace proposes by presentation to President Wilson to conclude immediately with him and his Allies a general armistice on land, on sea and in the air and start without delay negotiations for peace.'

"These negotiations will be based upon the fourteen points in President Wilson's message of January 8 and the four points of his speech of February 12 (February 11, 1918, and those equally of September 27, 1918)."

In transmitting this dispatch, the Berne correspondent of the Havas Agency says: "Germany and Turkey must take the same step as Austria. Meanwhile the official news agency at Berlin withholds the news, evidently awaiting the meeting of the reichstag, which will be held this afternoon."

The imperial chancellor, Prince Maximilian, certainly will make an important announcement in the reichstag, which has assembled four days in advance of the regular time. "The action of the Austro-Hungarian government has been preceded by a number of conferences with representatives of Berlin and Hungary, both civil and military and representatives from the states of the German confederation."

## MANY ARE KILLED WHEN THE ENEMY BOMBS HOSPITAL

(By Associated Press.)  
PARIS, Oct. 5.—Many French soldiers were killed or injured when a German airplane bombed a hospital at Châlons on the night of October 3-2. At the time of the raid German prisoners were being sheltered in the cellars of the hospital.

# Day's War Developments

(By Associated Press.)  
A powerful movement is apparently under way in Germany for a general armistice and peace. The new German chancellor, Prince Maximilian of Baden, is reported to have proposed or to be on the eve of proposing a general suspension of hostilities, the appointment of plenipotentiaries to meet at a neutral place for the discussion of a league for arbitration and disarmament and the forwarding of a request to the Entente Allies for their terms. It is furthermore reported that the German chancellor has expressed his willingness to accept President Wilson's fourteen peace conditions.

Austria-Hungary, through its minister at Stockholm is requesting the Swedish government, according to advices from Bern, to transmit to President Wilson a proposal for a general armistice with the Entente Allies on land and sea and in the air and start without delay negotiations for peace. These negotiations are to be based on the terms set forth by President Wilson.

A new peace note is to be issued by Baron Burián, the Austro-Hungarian foreign minister. It is announced that all of President Wilson's terms have been accepted by the dual monarchy.

**Seek General Armistice.**  
And, finally, from Bern comes the announcement that Germany, Austria-Hungary and Turkey intend simultaneously to approach President Wilson with the object of having him make representations to the other Entente Allies for a general armistice and negotiations looking to peace.

The American troops in the sector between Rheims and the Meuse are engaged in extremely heavy fighting. Joined up with Gouraud's army they are driving the Germans before them at a quickening pace. French troops are reported to have reached Bethen ville, which is several miles beyond the former line.

American and French troops are crushing in the southern wall of the German defenses with heavy blows on the front from west of Rheims to the Meuse.

In the north under the menace of the British pressure from Flanders to north of St. Quentin the enemy has set fire to Douai and other towns and

Obviously it is intended as the German's next step.  
Fighting for the possession of the hill centered about a farm on the southern slope. The Americans had with a rush and from there the operations that resulted in the occupation of the higher ground were directed. The Germans were forced to pay dearly for their resistance there as well as in the woods to the west and at other places along the line.

It has been learned by American headquarters that a large part of the casualties inflicted on the first day of the battle were due to tanks. Wounded Germans treated at the hospital told of their terrible effects.

# CITY OF DOUAI IS REPORTED IN FLAMES

WITH THE BRITISH ARMY IN FRANCE, Oct. 5.—Great tongues of flames were shooting up today from the city of Douai and more fires have been started in Cambrai. The Germans have also applied the torch to many villages in the Cambrai region. As the flames and smoke rolled up from the ruined places they were accompanied by explosions in which the Germans blew up the stores they were unable to save and which they did not wish to leave behind, fearing they would be used by the British to hasten the German retreat.

# COAL MINES AT LENS ENTIRELY DESTROYED

BRITISH HEADQUARTERS IN FRANCE, Oct. 5.—British troops on entering Lens found that the coal mines in the city had been entirely destroyed. The church could scarcely be found amid the ruins. The city hall, monuments and houses also were destroyed.

# "Well Here We Are Where Is the War" Ask the Americans

By Associated Press.  
WASHINGTON, Oct. 5.—"One of the favorite expressions of American soldiers on landing in France is 'Well here we are; where is the war?' Representative Jas. H. Aswell of Louisiana, said on his arrival here today from a two months trip to the European battle fronts. Others in the party were Representatives Harkley of Kentucky, Jones of Texas, Rand of California, and Mays and Welling of Utah. The congressman flew over London in an airplane equipped with Liberty motors and visited the grand fleet.

# NOTED NEW YORK LAWYER DIES AT SUMMER HOME

By Associated Press.  
NEW YORK, Oct. 5.—James Stokes, banker, lawyer and philanthropist, died yesterday at his summer home in Ringfield, Conn., according to word received here last night. Mr. Stokes was probably best known for his work in the M. C. A. both in America and abroad and had been decorated by France, Italy and Russia.

# KING FERDINAND OF BULGARIA HAS QUIT THE THRONE

By Associated Press.  
COPENHAGEN, Oct. 5.—The official Austrian correspondence bureau has given out a dispatch from Sofia dated Friday stating that King Ferdinand of Bulgaria abdicated on Thursday in favor of Crown Prince Boris. The new king, it is declared, has already assumed the reins of office.

The abdication of King Ferdinand was reported in Vienna advices yesterday, received by way of Switzerland and Paris. There seems little reason to doubt the correctness of the statement. King Ferdinand's popularity with his people has been waning rapidly since it became apparent to Bulgarians that he had erred grievously in plunging the country into war on the side of the Teutonic alliance. Advances from the capital had indicated that before the armistice with the Entente was signed, King Ferdinand was trembling for his throne and feared that a revolution might upset the whole dynasty.

# CONFERENCE OF DISTRICT EXEMPTION BOARDS TODAY

By Associated Press.  
AUSTIN, TEX., Oct. 4.—A meeting of the district exemption boards of Texas in a conference is in progress today and will continue through tomorrow. The purpose of this conference, which was called by Major John C. Townes Jr., supervisor of the selective service in Texas, is to secure a uniform interpretation of the draft rulings. Representatives of the leading interests of the State are also present.

# GREAT POLITICAL DISTURBANCE IN AUSTRIA-HUNGARY

By Associated Press.  
LONDON, Oct. 5.—Reports from Swiss and German newspapers indicate that a great political disturbance is going on in Austria-Hungary. It is stated that the position of Baron Von Hussarek the Austrian premier, is shaken and that he is likely to be succeeded by Heinrich Lammasch, who is one of Austria's foremost peace advocates. According to the Vossische Zeitung's Vienna correspondent, the German parties in the reichsrath are sending their leaders to the emperor to urge drastic changes in the constitution in the direction of federalization with self-determination for the German races in Austria. The correspondent adds that Count Czernin and representatives of the constitution party in the upper house also are urging the emperor to adopt a similar course of action. The Budapest correspondent of the Vossische Zeitung reports that Premier Wekerle has requested Count Julius Andrássy to enter his cabinet with Count Albert Apponyi and Count Stephen Tisza. Count Andrássy, however, will only consent to enter a coalition cabinet on condition that Count Tisza be excluded and without the participation of the Karolyi party and the social democrats. No common platform yet exists and it seems there is much opposition to a coalition government.

# TWO BATTLESHIPS ONLY REMAIN TO AUSTRIA-HUNGARY

By Associated Press.  
LONDON, Oct. 5.—Austria-Hungary has at the most only two modern battleships left, she has lost a large number of small craft and now, in the razza, the advanced base of her depleted fleet, has been rendered useless, writes the British naval expert, Archibald Hurd in the Daily Telegraph. Continuing he says: "The 'Durazzo', practically dominating all one side of the Adriatic, was to the Austrians what Zebrügge was to the Germans. No effort had been spared to make it an impregnable port which would be valuable to the Austrians as a base of military forces of the quadruple alliance in Albania and in addition be a pivot aimed at the Allies. "In this scheme of attack, provision had been made by the Entente naval forces for the cooperation of American submarine chasers, of which quite a number have been working in the Mediterranean. It was a matter of fate that whereas the German submarines would do to the Americans, it was the submarine chasers of our friends which traveled about 4,000 miles to deal with the German partner at his very gateway."

ITALIAN TROOPS PASS BEYOND LYUSHNA RIVER

By Associated Press. ROME, Oct. 5.—Italian columns pursuing the retreating Austro-Hungarians in Albania yesterday passed beyond the Lyushna River and reached the rivers Kavaya and Polovim. The Italians are continuing their advance toward El Basan, thirty miles north-east of Berat, according to an official statement issued by the war office today.

BRITISH MAKE PROGRESS IN ST. QUENTIN SECTOR

By Associated Press. LONDON, Oct. 5.—Field Marshal Haig reports some progress by British troops around Montbrechain and Beaurvoir in the St. Quentin sector. His statement tonight adds that the Germans have begun to withdraw from the high ground between Le Catelet and Crevecoeur. 'On the whole front between these two villages our troops are now east of the canal. Driving in the German covering detachments, they have gained possession of La Terriere and a section of the Hindenburg system in this neighborhood. The enemy is burning Doari.'

## ONE HUNDRED AND NINETY DERRICKS AT BURKBURNETT

SEVENTY-FIVE COMPLETED WELLS ARE EITHER FLOWING OR SWABBING.

## THIRTY-FOUR ON SAND

SEVENTY-FIVE DRILLING BETWEEN TWO HUNDRED AND SIXTEEN HUNDRED FEET.

**Special to The Times.**  
**BURKBURNETT, Oct. 5.**—The development in the new Burk Burnett oil field has been so rapid, that even the citizens of the town who have watched it daily can hardly believe the statistics as to number of wells, locations, etc. It is almost inconceivable to an outsider that within a little more than sixty days and within a radius of a little more than a mile from the First National Bank corner the developments summarized below could have been made. The figures given are no promoters' figures nor wild talk but are the results of actual count and tests and as this is being written the writer remembers some rigs that were not included in the count, so that the summary can be verified to any doubter and is rather too small than too large. Here it is:  
 Number of completed wells either flowing or swabbing—25.  
 Number wells on the sand or now drilling the sand—34.  
 Number wells—drilling at depths from two hundred to sixteen hundred feet—75.  
 Number rigs up where actual drilling has not begun—56.  
 Total number rigs, wells drilling and completed—130.  
 This does not take into account the great number of locations that have been made but where operations have not actually begun. Thus far not one well has been abandoned as dry, though it has been rumored for several days that a certain well west of town was past the usual depth without finding the pay sand. There are four exchanges in town handling the stock of the various companies and while the stock is not selling at such fancy prices as prevailed for a while yet there is considerable trading going on. Most of those who have bought considerable stock are holding for the production. It is the man who has bought only a few shares and is anxious for quick returns who is selling generally.  
 The chief interest of the community is in the new wells as they are brought in. Below is given a list of new completions most of which have been reported some before and some since they came in. Each one is now flowing or swabbing and is counted a good well.

## DEEP TEST NEAR SUNSHINE HILL BY LOCAL COMPANY

WORK WILL BEGIN MONDAY BY THE SUNSHINE SLOPE OIL COMPANY.

## OTHER LATE ACTIVITIES

BUT FEW COMPLETIONS ARE REPORTED FROM ELECTRA DURING THE PAST WEEK.

On Monday work will be begun on the deep test near Sunshine Hill by the Sunshine Slope Oil Company, which has a fifty acre lease on the Carl Goetze farm. This test will be watched with interest for it is planned to go down to 2,000 feet and make a thorough test for the deep sand, unless of course a paying sand is struck at less depth. W. A. Freear is president of this company. Ivan Murensen vice president and Walker Hendricks secretary and treasurer. The company is incorporated by these local people and the greater part of the stock is held by Wichita Falls people also.  
 Water lines have already been completed to the well and a standard rig is on the ground, ready to begin drilling Monday. Mr. Murchison stated Saturday.  
 Another Deep Test.  
 The Humble Oil and Refining Company is also drilling a deep test well that is of much interest, on their Burnett and Lloyd lease to the south-east of Sunshine Hill and the shallow pool of that section.  
 Another circumstance which may be significant is noted in the buying up of leases around Iowa Park, by outside capital. This may mean a revival of drilling in that section where the search for oil has never been as intense as in the other parts of the county. At present there is a minimum of drilling activity reported at Iowa Park.  
 At Electra there were but few completions for the week and the largest well was only 50 barrels, the Magnolia Petroleum Company's Star Francis Sumner No. 31, which had the sand at 1930 to 1949 feet. Other completions were: Foster, Sanders et al, Fee No. 4, 10 barrels at 650-660 feet; McGraw et al, Granger No. 4, 15 barrels at 1094 feet; Sims et al, Burnett section 2, 30 barrels.  
 There were several dry holes. The Texas Company's Bickley 51 was abandoned as dry at 2325 feet, the pipe pulled and the hole plugged. D. A. Smith got a duster of his longest No. 1, McClellan et al, Seales No. 1, Horning Oil Company, Tate No. 31, Schultz and Myers Baker 11, Texasoma Oil Company, Burnett, Section 2, and Texas Electra Refining Company, Burnett Section 2, No. 1 were all dry.  
 At Holliday there is little drilling reported. Water lines are being laid to the Humble Oil Company's Taylor No. 1 and Mann et al have timber for a standard rig on the ground at their Hiley No. 1. These wells, Leach and Findlay, McCall and Sanders No. 6, Walter Smith, McClelland, Sanders No. 1 and Liberty, Wilson No. 1 are all drilling around the test.  
 Only one completion has been reported at Retrolia in the past two weeks, the Prime Oil and Gas Company's Johnson No. 1, pumping 20 barrels at 1726 feet.

## Thanks Extended By Red Cross For Old Clothing Received

The Red Cross desires to publicly thank T. B. T. Ord and all others who assisted in any way in collecting and packing the clothing for the Belgian relief shipment this past week. The Red Cross also thanks those citizens whose splendid response made it possible for Wichita Falls and Wichita county to ship four times the number of pounds of clothing asked from this county.  
 At present the demand from abroad is for linens for the Red Cross hospitals and Wichita Falls quota for these supplies is not nearly filled, the secretary of the local chapter states. Contributions of sheets, pillow cases, towels, face and dish and other linens are desired. These gifts should be sent to the Red Cross rooms as soon as possible, so that the chapter may not disappoint the district organization in making up its quota.

The Woodrow-Lee Oil Co., Capital Stock \$70,000 is being organized to develop a two and a half acre tract out of the Dubose survey approximately 800 feet northwest of the Wichita Southern well.

This tract is situated in proven territory, the derrick is up and the rig will be placed Tuesday and drilling start immediately.

## Shares in This Company Are Now Being Sold at Par (\$100.00 Per Share)

and it is almost certain that this stock will be selling at a premium before the end of the week. To investors we can point to our proximity to the Wichita Southern well, one of the biggest and best in the pool; to the fact that we are ready to drill; to the size of our acreage, to our moderate capitalization and to the fact that these connected with the company are business men of experience who will see that every stock holder gets a square deal. All of the production of this company, excepting the one-eighth royalty which goes to the land owner, will be divided among the stockholders as their interests may be. None of the production will be given for development or promotion as we are paying cash for the development. This stock is certain to go quickly, and we advise prompt action if you wish to secure it without paying a substantial premium.

### COL. ROOSEVELT DISCUSSES MANY PHASES OF WAR

PAYS HIS RESPECTS TO NON-PARTISAN LEAGUE AS CONTROLLED.

### TLKS PEACE PROPOSAL

Declares Germany Must Be Beaten To Her Knees Before We Quit.

By Associated Press. BILLINGS, MONT., Oct. 5.—America can not afford to accept the lead of any party, nor of any organization calling itself non-partisan, but really being a party, which is not first and foremost American and nothing but American, declared Col. Theodore Roosevelt here tonight in an address in which he outlined various phases of the war and its many side lights.

"I emphatically disbelieve in any party, and especially if that party calls itself a non-partisan party, which organizes a single class against other classes," the colonel continued. "I object just as strongly whether such a political organization claims to be in the interest of towns people, or country people, or merchants, lawyers, farmers or wage earners."

When the non-partisan league first appeared I was inclined to welcome it and it was with real reluctance that I was obliged to admit that the leadership that controlled it was of such a character as to threaten this country with evils analogous to those which came from bolshevism abroad and from I. W. W.ism at home.

"There isn't a German abroad, or a pro-German at home who does not wish success to the non-partisan league as at present controlled, and to the I. W. W."

"In connection with Germany's proposal to enter a league of nations, Mr. Roosevelt vehemently declared that until Germany has been 'beaten to her knees and just lying on her back' Germany is under her present government, to allow her to join such a league would be like asking outlaws, train robbers and gun men to join a sheriff's posse as guardians of the peace."

"We have a league of free nations which is an actual going concern," continued the colonel, "and inasmuch as we are members of that league, we have been culpably derelict in our duty in not long ago declaring war on the armed enemies of the league."

"But we must not expect from such a league more than it can do nor our selves promise more than we can perform, and we must never forget that such a league to enforce peace, or league of nations, must be treated as an addition to, and under no circumstances as a substitute for the preparing of our own defense. Uncle Sam must, in the last analysis, rely on scraps of paper, signed by others."

### REPORT ON CONDITION OF RESERVE BANKS

By Associated Press. WASHINGTON, Oct. 5.—Bills discounted by federal reserve banks and secured by government war obligations increased \$3,900,000 to \$1,255,000,000 during the last week according to the weekly financial statement of the reserve board. The banks' condition at the close of business last night was reported as follows:

Resources.

Total gold held by banks, \$798,749,900

Total gold reserves \$2,025,434,000

Total reserves \$2,077,371,000

Total bills on hand \$2,071,023,000

Total earning assets, \$2,102,928,000

Total resources \$4,899,386,000

Liabilities.

Total gross deposits \$2,310,308,000

### Sweeping Ruling Regarding Salary Of Ball Players

By Associated Press. CHICAGO, Oct. 5.—A sweeping ruling against attempts of major league baseball players to collect salaries on contracts extending beyond September 1, the date fixed by the government for the suspension of professional baseball, was handed down tonight by the national baseball commission which held such claims to be unjustified and illegal. The decision was announced by President Johnson of the American league, himself a member of the commission.

The commission's decision hinges on the case of "Jabe" Daubert of the Brooklyn Nationals, who sought to collect \$2150 from the Brooklyn club because his contract calling for \$5,000 a season was terminated on September 2.

The commission's ruling held that the club could not be held liable to pay Daubert the full amount agreed upon because, under the work or fight order his contract was virtually illegal and impossible.

### COMMANDER OF THE THIRTY-SIXTH SENDS MESSAGE

Special to The Times. DALLAS, TEXAS, Oct. 5.—Major General Wm. R. Smith, commanding the Thirty-Sixth Division of the American Expeditionary Forces, writes to the people of Texas and Oklahoma from his headquarters in France, the following message:

"In behalf of the officers and men of the Thirty-Sixth Division I avail myself of the opportunity offered by the Liberty Loan Committee to say that upon the occasion of the Fourth Liberty Loan we confidently expect that the patriotic people at home will make this loan a greater success than any of its predecessors."

"Those of us who are in France and are seeing at first hand the suffering caused by the barbarous Hun, feel that you who are in America should be urged to do your utmost to keep the menace from our shores."

"This division is composed of men from Texas and Oklahoma. With the inauguration of the Fourth Liberty Loan our expectations turn particularly to the people of the states from which we came. In the flag of each of these states shines a Lone Star which is symbolic of many things peculiar to each, but is typical of one thing at least which history shows to be common to the two."

"The proud place which each state holds in the constellation of the union proves that the people of each have always done more than was their duty. To our people at home we send the message, that the men of the Thirty-Sixth Division keep before them the Lone Star to light the way to victorious acts and noble deeds, and at the same time, we are confident that during the next bond sale, the states of Texas and Oklahoma will show independent in doing more than duty directs should be done."

### Dr. Self Is Named German Imperial Foreign Secretary

By Associated Press. WASHINGTON, Oct. 5.—Dr. W. S. Self, German colonial secretary, has been appointed to the German imperial foreign secretaryship, it was officially announced in Berlin today. Michas Erzberger, the centrist leader, has been secretary of state without portfolio. Herr Burr, socialist member of the reichstag has been named secretary of state for the imperial labor office.

Dr. Self will continue during the war to act also as colonial secretary with Dr. Clemm as under secretary.

### AMERICAN SHIPS PLAY BRILLIANT PART AT DURAZZO

By Associated Press. LONDON, Oct. 5.—A contingent of 12 American submarine chasers played a brilliant and novel part in the Durazzo engagement. This chaser squadron effectively acted as a screen around the big ships engaged in the bombardment to protect them against submarines. The Americans were under a heavy fire, but had no casualties. Captain C. P. Nelson and Lieutenant Commander P. H. Bastedo commanded the squadron. A large percentage of the officers and men were of the naval reserve and reports of the operations praise their work highly.

The Americans definitely sank one submarine and damaged and probably destroyed another. After the engagement they escorted a British cruiser which had been hit by torpedo boats safely to the base from which the expedition started. An enemy hospital ship was also taken in charge for examination.

### OLIVER PLANT IS BEING EXAMINED BY GOVERNMENT

By Associated Press. KNOXVILLE, TENN., Oct. 5.—Gov. ernment officials, civil and military, today were engaged in examination of the plant of the Wm. J. Oliver plant here following the arrest of Oliver and nine employees of his shell making industry late yesterday on a charge of conspiracy to defraud the government in the output of defective munitions of war.

Oliver and his associates deny the charges asserting that the arrests were due to a "frame up." All were released on bond shortly after their arrest. The plant continued in operation today under the direction of T. P. Roberts, vice president of the plant.

### BRITISH SHIPS CARRY MANY AMERICAN TROOPS

By Associated Press. LONDON, Oct. 5.—Of the more than 1,800,000 American soldiers transported to Europe to the end of September, nearly one million were carried in British or British controlled ships. American vessels carried 86,000 and the remainder were brought across the Atlantic on French and Italian ships.

To ensure the safety of this enormous force has entailed tremendous work for the Allied fleet. The British navy has done 70 per cent of the conveying, the American fleet 27 per cent and the French fleet 3 per cent.

# Market Report

## Cotton Market

By Associated Press. NEW YORK, Oct. 5.—The cotton market opened steady at a decline of eight points but there was some trade buying around 31.50 for December and after selling at 31.45 on the call that delivery soon worked up to 31.65, or 12 points net higher. Otherwise the demand was attributed chiefly to covering for over the week end, while offerings were comparatively light after the declines of yesterday. On the bulge, however, the market met a renewal of hedge selling and prices soon weakened with December selling off to 31.40 and January to 31.12 before the end of the first hour or about 13 points net lower.

The decline extended to 31.19 for December and 30.89 for January later in the morning, or was 33 to 36 points net lower on the more active months. Selling was promoted by the favorable weather map and improving crop conditions but the market rallied several points toward mid-day on trade buying and covering with the close steady at a net loss of 16 to 23 points.

## New Orleans Cotton

NEW ORLEANS, La., Oct. 5.—Small price changes were made by cotton in the early trading today, war news being a sustaining influence, while the favorable weather over the belt prompted selling among bearish traders. Around the first call there was a rise of 7 to 13 points, after which the most active months fell four to five points under the close of yesterday. The market met a renewal of the decline and at the end of the first half hour of business prices were at a net advance of 10 to 15 points.

The ring seemed to continue bearish by the request by the cotton committee of the war industries board that daily fluctuations be limited to 200 points instead of the three hundred set by the war rule passed several months ago. Late in the session prices were 20 to 30 points under yesterday's final.

Cotton closed steady at a decline of 12 to 17 points.

## Grain Market

By Associated Press. CHICAGO, Oct. 5.—Fresh declines in the corn market today accompanied a renewal of peace gossip and a continuation of Teutonic military setbacks. Trade, however, was light and any tendency to plunge heavily on either side of the market appeared to be lacking. Opening prices, which ranged from 3/8 off to 3/8 advance with November \$1.25 1/2 to \$1.30 1/2 and December \$1.28 1/2 to \$1.29 were followed by material losses all around but then by a good rally.

Oats were easy with corn. After opening unchanged to 3/8 lower with November 70 1/2 to 70 3/4, the market sagged further and then recovered. Provisions rose on account of shipments.

In the later trading week-end evening up made prices advance temporarily but the close was heavy at quarters to 1 1/2 net decline with November \$1.29 1/2 to \$1.29 1/2 and December \$1.25 1/2.

Subsequently pork sagged where

## New York Stocks

By Associated Press. NEW YORK, Oct. 5.—The customary week-end settlement of professional accounts caused many substantial recessions during today's stock market. Speculative favorites, especially shipments, motors, oils, utilities, tobacco and copper reacted 1 to 2 1/2 points. Steels and equipments experienced further moderate reversals and specialties as a class were heavy. Rails followed the general trend at

### PROVIDING FOR TRAINING CLASS FOR REGISTRANTS

Training classes for registrants who may be called in the next few months will be begun, under the auspices of the local board, in response to the Provoost Marshal General's order No. 76, providing for preliminary military training. The following committee has been appointed by the board to arrange for the night school and for drill classes: George Smoot, John Davenport, Rhea Howard, T. H. Boone and J. C. Bradshaw.

This is not a new thing in this county, as the local board in the early part of the year encouraged the formation of a training corps in this county, with the result that a large number of the men were appointed to non-commissioned offices on their arrival at the camps and all were elevated out of the rookie class. The training will start at an early date, further announcement of which will be given in the paper and all registrants under 37 are urged to at once see the local board or the committee and enroll for the training.

### FOOTBALL TEAM PLAYS TIE GAME WITH HENRIETTA

In a clean, straight game of ball played almost entirely on Wichita's territory, the football team of the local high school tied the team at Henrietta in a score of 14 to 14 in the season's first game, played at Henrietta Friday afternoon.

Wichita Falls boys carried the first quarter of the game by storm with both touch downs scored before the first change of goals. Abe Bashara and Ray Patton carried the pigskin across the line for the local team. End runs were featured in the local team's fighting tactics. Abe Bashara and Everett Hughes starring through these plays. John Tancred was a conspicuous player with his hard tackling and Ray Patton was one of the game's stars.

The team work was good and with more practice the local eleven plan to break the tie with Henrietta in a later game, which will probably be played on the local field. In the absence of the captain, Johnny Moran, elected by the team on Thursday, Edwin Webdon acted as quarterback in Friday's contest and managed a splendid game. John Moran was ill and unable to attend the game.

### SENATOR KING AFFLICTED WITH SPANISH INFLUENZA

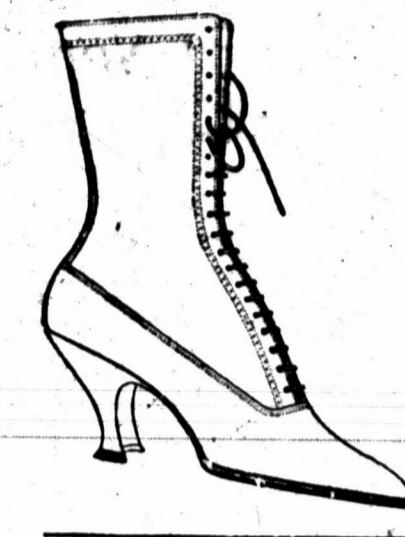

By Associated Press.

WASHINGTON, Oct. 4.—Senator King of Utah is the first Senate member reported ill with Spanish influenza.

### EARL CAMPBELL IS WOUNDED IN SERVICE ABROAD

"I'm feeling fine and having a good time. The Red Cross surely treats a fellow royally." This reassuring message written on a post card from Paris, France, came to Mrs. O. Campbell, living on the old lake road just out of Wichita Falls, from her son, Earl Campbell, just a few days before the government message came telling her that her son was wounded severely in action on August 29. The card was written on September 5, so that Mrs. Campbell is assured that her son's condition is satisfactory, and her worries over the telegram were greatly relieved. The young man's name appears in Saturday's casualty lists.

With the customary courage and spunk shown by the American soldiers, young Campbell said nothing about his wound or his being in a hospital, only told of the pleasure he was having in seeing Paris. He had been in France since March, of this year, and for several months previous to the time of his being wounded was in Alsace. At the time of his enlistment young Campbell was living in Akron, Ohio, and he underwent training at Camp Sherman, going over with the 125th Infantry. He attended the Wichita Falls high school several years ago, and was well-known locally.

# We Are Well Prepared to Fill Your Furniture Needs!

The season is at hand when you will spend more of your time indoors and nothing will add more to your comfort and enjoyment than nice furniture whether it be a roomy, easy chair for the living room, an elegant dining room set or a fine bed and a soft mattress. We have never carried a more complete stock than we are now showing and your dollars will get good, substantial values here.

### BED ROOM SUITS

In Bedroom suites we are showing some sets in old ivory that are of exceptional elegance and beauty. They are moderately priced. We could not duplicate them today at the price we are asking.

### DINING ROOM SUITS

Our stock of dining room suites offers a wide choice in sets of golden and fumed oak and walnut all of distinctive style and high class workmanship. The price range is as wide the choice in style and material. Complete sets sold at prices running from \$85.00 to **\$225.00**

We have a fine line of Duofolds and Nuofolds, rocking chairs, couches, stools, other articles in a complete stock of household furniture.

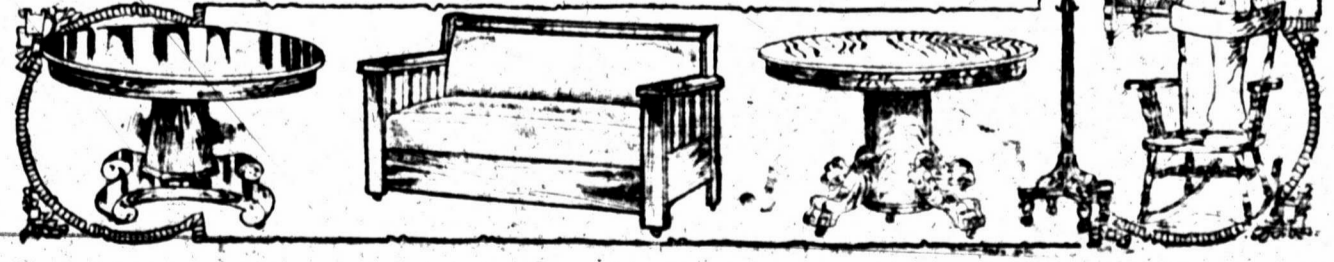

It will be a pleasure for you to see our goods, and it is our pleasure to show them.

### KITCHEN CABINETS

Some cabinets sell for more and some have more polish but none have better value or more convenience than our line at prices ranging from \$16.75 to **\$43.50**

### COMFORTS AND BLANKETS

Frosty nights and crisp, cool weather make our offering of comforts and blankets exceedingly timely. We have just received new shipments which added to our already large stock makes it complete enough to meet all your needs.

# EPIDEMIC CAN BE AVOIDED WITH TEE PROPER CAUTION

NO OCCASION FOR ALARM IN THE OPINION OF CITY HEALTH OFFICER.

## PREVENTATIVE MEASURES

State Health Officer Has Submitted Regulations To Be Followed Out.

Although there are doubtless a number of cases of Spanish influenza of more or less severity, there is no need to fear an epidemic in Wichita Falls. If proper precautions are observed, by individuals, by schools and other places where a large number of people are congregated, this is the opinion of City Health Officer M. A. Beckman, who has been making a close study of conditions here and elsewhere, with regards to this newest cold weather disease. While the present warm weather prevails there is comparatively little danger in the influenza, he says, particularly in a violent form, and only good care is necessary. A throat wash or gargle would be additional safeguard.

Though there is no existing quarantine laws that will cover the Spanish influenza, a special quarantine can be ordered if it becomes necessary, Dr. Beckman stated. He advises the schools to follow the regulations which Dr. Davis of the State Board of Health has outlined as necessary preventative measures.

**Preventative Measures.**

These regulations follow:

"Every school house and grounds must be put in sanitary condition. Every pupil must be given special attention in regard to his physical condition. This may be done by enforcing the following regulations:

"Every teacher should have and know how to use a thermometer.

"The teachers should be held responsible for the sanitary condition of the school room.

"At the close of every school day the school room should be cleaned in the following manner:

"A sweeping compound or small bits of waste paper dipped in a 1 per cent solution of carbolic acid, or its equivalent of an approved disinfectant, should be scattered over the floor and swept ahead of the broom. All wood work, desks, chairs, tables and doors should be wiped off with a cloth wet with a mixture of linsed, kerosene and turpentine.

"All cleaning and sweeping to be done when room is not occupied. Before cleaning the doors and windows to be opened and kept open during the night.

"Trash or rubbish, pools of water or damp places, mosquito fly breeding places should not be permitted to remain in or near the school grounds.

"The toilet or privy should be kept scrupulously clean. Where there is no basement the space under the building should have careful attention.

"The use of common drinking cups and common towels should be prohibited and the school furnish both in individual cups and towels.

"Every pupil must have at all times a clean handkerchief and it must not be held on top of the desk.

"Spitting on the floor sneezing and coughing, except behind a handker-

chief, should be sufficient grounds for the suspension of a pupil. A child, where grip or other contagious or infectious disease exists in its home, should not be permitted to attend school.

"A child, with an elevation of temperature or sore throat, or persistent coughing or sore eyes, should not be permitted to remain in school.

"The teacher should see that the room is properly ventilated. Where steam heat is not used, a jacketed stove is preferable.

"A pupil should not be allowed to sit in a draft. Windows may be curtained so as to prevent this. A pupil with wet feet or wet clothing should not be permitted to remain in school."

## Savings Bank Has Record Week For Sale of Stamps

Sales of War Savings Stamps through the War Savings Bank at the schools and the hotel booths amounted to \$5,348.99 for the week. Mrs. J. W. Lee stated Saturday night. This is the bank's record sale for week's time, and credit for a large share of the splendid results is given the young women who have charge of the booths established this week in business district.

The report of sales follows: St. James, Mrs. Clarence Moore, Mrs. Arthur Huff, \$39.71; Hearn, Mrs. Robertson, Mrs. W. N. Bonner, \$42.97; Westland, Miss Helen Stone, Miss Hallie Hominger, \$48.31; Art Jewelry Store, Miss Rose Reisenberg, Austin School, \$183.38; High School, \$111.99; Alamo School, \$39.42; San Jacinto, \$32.96. The remainder of the sales were made at the banks.

## FOURTEEN MEN LEAVE FOR CAMP TRAVIS

Fourteen limited service men were entrained for Camp Travis Saturday afternoon, having accepted voluntary induction into the quartermaster corps. These men were: Claude Kuffner, James J. ## Numerous Cases of Spanish Influenza Reported Saturday

Has the flu got you? If it hasn't there is some prospect that it may because scores in Wichita Falls are already afflicted.

Following the publication in Friday's Times of a statement that only seven cases of the Spanish influenza had been reported to the city health officer, many more cases were reported to The Times Saturday and it is probable that there are at least a hundred cases of the contagion here.

Many new cases were developed Saturday.

## Ben Barker Is Painfully Burned By Gas Explosion

Ben Barker, of the Tenth Street Bakery, was painfully burned Saturday afternoon by the explosion of gas in the bakery oven. Mr. Barker had struck a match to light the gas in the oven and opened the oven door to throw to the floor by an explosion.

He was burned about the face and neck, and on the chest and on his forearms and hands. He was carried to a physician's office where his burns were dressed and was later removed to his home. It is not thought the burns will be fatal.

## Local Attorney Is Fined For Spitting On the Sidewalk

City Health Officer Beckman made an arrest Friday afternoon for violation of spitting on the sidewalk, his prisoner, who promptly pleaded guilty and paid a \$5 fine being a local attorney. The Saturday morning police court docket contained the following pleas of guilty and fines: two wrong parking, \$5 a piece, two speeding, \$10 a piece, one disturber of the peace, \$5.

The Ladies Aid of the First Christian church will purchase \$500 worth of Liberty bonds of the fourth issue, \$56 for the first payment having been received at the meeting of the night at the home of Mrs. J. V. C. T. Christensen on Monday afternoon.

Mesdames Hamlin, Danforth, Bradley, Friedly and Thornberg were joint hostesses to the organization members, the meeting being one of the first social affairs of the season.

A delightful afternoon's entertainment was opened by a piano duet by Mesdames Christensen and Strange, followed by devotional services led by Mrs. Ola Hamlin. A piano solo by Miss Mary Elizabeth Donnell, a vocal number by Miss Loucille Henderson, a reading, "Sally Ann's Experience," by Mrs. Thornberg were features of a charming program. Rev. J. B. Robertson, religious worker at Call Field, addressed the meeting on the Fourth Liberty Loan.

Following the program, Mrs. A. O. Scharff, president, presided during a short business session. The total contribution received during the afternoon was \$266.40, \$24.50 coming as free will offerings, \$80 from division leaders, \$5.85 as dues, and \$106 in payment for the Liberty bond.

The hostesses served light refreshments and presented each member with a souvenir American flag.

**Church of the Sacred Heart.**  
At the Red Cross on Wednesday, 350 surgical dressings were completed. Miss Tillia Mae Schaffer turned in one pair of socks and Mrs. Larkum two pairs. Members working included Mesdames Bullitt, Fitzgerald, Hughes, Morse, Oerchner, Moulder, Larkum, Davis, Maxwell and Bullitt.

**First Methodist Church, South.**  
The Missionary Society will meet in all day session in the basement of the church on Monday. The business session is called at two o'clock. The meeting will open at about 10 a. m. Members are urged to attend to welcome new members of the organization received since the last social session.

**Intermediate Christian Endeavor.**  
Miss Noda Lee Dowell is leader of a program on "Our Money for Christ" to be given at the meeting of the Intermediate Christian Endeavor Society of the First Christian Church at 7 o'clock this evening. The program includes the following numbers:  
Song service.  
Prayer.  
Opening talk by leader.  
Scripture lesson: Timothy 6:6-10, 11-13.  
Bible references to money read by members of society.  
"Gifts to Christ's Poor," Prov. 28:17.  
"The Right Spirit," Second Cor. 9:8-11.  
"Parents First," Mark 7:9-14.  
"Abraham, the Tither," Heb. 7:1-8.  
Special music.  
Clippings read in answer to roll call.  
Questions to think about:  
"What Blessing Comes to the Most Generous Giver?"  
"To What Uses Should We Give Our Money?"  
"Are the Church and Missions Worth Supporting? Why?"  
Song.  
Prayer.

The Ladies Aid will meet at the home of Mrs. J. J. Hart, 1004 Brook, at 8 o'clock Monday afternoon.

## Correct Apparel for Women, Misses, Juniors for the Fall and Winter 1918

**Exclusive Frocks** for street, afternoon and informal wear developed in Serge, Satin, Charmeuse and Tricolette in the prevailing styles and colors decreed for Autumn. Silk fringe trimmings.

**Tailored Suits**, severely plain or richly fur trimmed. Silvertone, Duvetyn, Tricotine, Oxford or Suede Cloth are the favored fabrics, in styles to suit all types. Included are copies and adaptations of Parisian models.

**Distinctive Coats**, featuring beautiful fabrics; Silbertones, Bolivias, Siberia Cloths, Evora, Suede Cloth and mixtures, plain or handsomely fur trimmed. Utility Coats and luxurious models for afternoon wear.

Prices Are Unusually Moderate

## Women's and Misses' Dresses

Several distinctive silhouettes are represented. The ingenuity of the master modistes has produced tunic and draped effects that are marvelously simple and graceful. Specially featured are outlined embroidery set off by contrasting materials, longer fringing and novel sleeve effects. Fabrics include Tricolette, Crepe Satin, Georgette, Serge, Wool Jersey and Tricotine.

**\$39.50, \$55.50, \$89.50 up to \$149.50**

**WOMEN'S WINTER COATS** Of Tailored Simplicity or Fur Trimmed  
**\$39.50, \$49.50 to \$195.00**

**MISSES' WINTER COATS** Of Tailored Simplicity or Fur Trimmed  
**\$25.00 to \$125.00**

Winter coats have a tendency towards narrower lines; many are unbelted, with narrow or drop shoulders; graceful loose panels; wonderfully smart are the new shaped collars and cuffs.

In newest fabrics and colors, plain tailored or fur trimmed belted or half belted models with fur trimmed panel and new variations in collars and cuffs; also new shoulder cape model. 14 to 20 years.

**Advance Showing of Winter Suits \$59.00 to \$145.00**

Suits have semi-Empire, belted or unbelted coats with or without fur trimming, shawl, muffler or choker collar and novel pockets are distinctive new features; straightline skirts.

## The FUR SECTION

Is now showing copies and adaptations of imported models in every fashionable fur. The styles this season are unusually attractive and picturesque. Included are

Coats, Capes, Coatees, Stoles, Scarft and Muffs

The Coats and Wraps are shown in Ermine, Mink, Broadtail, Moleskin, Hudson Seal (Dyed Muskrat), Caracul, Natural Muskrat, Natural and Taupe Nutria.

The prices are reasonable and are positively much lower than they will be as the season advances.

"WATCH YOUR STEP" HAS HAD PHENOMENAL RUN

Much interest is being manifested by the theater-going public of this city over the approaching engagement at the Wichita Theater, Oct. 14, of Irving Berlin's famous international syncopated musical success, "Watch Your Step," on its fourth annual tour.

The success of "Watch Your Step" has been such that it has become the most popular of the season in New York and three months each in Chicago, Boston and Philadelphia. Its present tour has been arranged only to embrace the principal cities, therefore, this city can consider itself fortunate in being included in the list to be visited.

An entire new production has been built for this season's tour and the gowns, worn by the four of the prettiest Broadway actresses, have left New York with a traveling musical organization designed by the celebrated artist, Dryden, designer of "Vogue."

PICTURIZATION OF EDNA FERBER STORY

"Our Mrs. McChesney," showing at the Majestic Monday, is the story of a clever woman who retrieves the fallen fortunes of a business firm, for whom she is a traveling saleswoman by unique and original methods of her own.

The head of the firm, a young and attractive man, falls in love with her but she will not listen to his pleadings until she has placed the business on a firmer and more prosperous footing than it ever has been before—despite a rival concern's opposition.

BILLIE BURKE IN "IN PURSUIT OF POLLY"

Quick action, beautiful photography and the charming personality of Billie Burke combine to make "In Pursuit of Polly" starring Miss Burke and showing at the Empress on Monday and Tuesday a very attractive feature.

The role of Polly Marsden suits Miss Burke in every particular, her engaging smile is ever in evidence, and she acts throughout the entire production with the energy which has won her international fame as a great comedienne.

The story, as screened, runs smoothly and holds the interest of the audience from start to finish.

The rush of the comic situations follow swiftly upon each other, and the element of suspense is maintained to a degree seldom seen in broad comedy.

Thomas Meighan, as the lover of the winsome Polly, gives a capital performance. Larry O'Malley shines as a poetical genius of the first water, and the other members of the company render adequate support.

Plan New Gas Line From Petrolia To Ft. Worth and Dallas

Bids will be opened in Washington Monday morning for the construction of a third pipe line for gas from the Petrolia field to Fort Worth and Dallas, this improvement being contemplated by the Lone Star Gas Company, according to an announcement made this week.

Representatives of the company will be in Washington Monday, as will also Wiley Blair, fuel administrator for Texas.

Regarding the proposed improvement the Dallas News has the following: F. M. Lege Jr., vice president and general manager of the Lone Star Gas company, left last night for Washington, where he will assist government officials in receiving bids for the construction of a pipe line between Petrolia and the northern edge of Fort Worth.

The bids will be opened in Washington Monday morning. Mr. Lege said: "They will be for the laying of a ten or twelve-inch pipe line from the Petrolia field to Fort Worth, a distance of ninety-five miles. Considerable importance is attached to these bids, as the work is to be rushed to completion. The time required to lay the line under the present plans, will be about forty-five or fifty days."

Mr. Lege will also visit New York, and will probably assist in deciding important policies regarding the distribution of gas. Other pipelines in Texas will probably be authorized by the government soon. Work on the line in Oklahoma will begin immediately, Mr. Lege said before leaving last night.

Domestic users of natural gas will be given preference over all industrial users the coming winter and will probably have an ample supply, except when the shortage becomes acute. To guard against a serious situation this winter, gas officials and officials of the fuel administration are unanimous in advising the homes lay in a supply of wood or coal.

PLEDGE MADE TO RED CROSS IS FAR SHORT OF QUOTA

With the cards finally in on the Red Cross monthly budget subscription, it is found that the pledges (till about \$1,000 a month short of the expected \$2,500 which the local chapter had felt was necessary to operate all sections for the coming year, Tom B. Smock is in charge of the pledge collections for the coming year and all cards have been turned over to him by the Rotary and Lions Club members, who solicited the subscriptions. The subscriptions will amount to a little more than \$1,500 a month, which is a small increase over the subscriptions of last year, when one thousand pledges of \$1 a month were asked.

MEN WANTED FOR MOTOR TRANSPORT REPAIR SERVICE

Men of draft age who desire to enter the Motor Transport service are given an opportunity in a circular just issued by the Commanding Officer of Repair Unit No. 304, located at Fort Sam Houston, Texas, which explains that it is desired to enlist and specially induct 10,000 men within the next sixty days.

The chance for promotion in the newly created Motor Transport Corps is exceedingly bright. It is stated, in the individual who has skill and a real desire to advance himself. Those interested may communicate with the Commanding Officer, Motor Transport Corps, Repair Unit No. 304, Fort Sam Houston, Texas, or with the Local Exemption Board.

RED RIVER BRIDGE NEAR ELECTRA IS COMPLETED. Announcement is made of the opening of the new toll bridge across Red river near Electra, an improvement which has been under construction for some time since Monday morning it has been available to the traveling public, the fee having been placed at \$1 for the round trip. The bridge was constructed by the Electra Oklahoma Bridge company.

WICHITA FALLS STYLE AND QUALITY STORE

## We Want to Tell You About This Beautiful New Store

### Our Building Has Been Remodeled and Our Stocks Completed with the Newest and Most Standard Merchandise the Markets Can Afford

This is a new store now in every detail. We have completed three plans we formed when we bought this store last December: 1st, was to dispose of all stocks of merchandise; 2nd, to place orders for the newest and most standard merchandise to be found and 3rd to re-model the store building to do a larger business and make a more convenient place to trade. Our shelves have been cleared of all old stocks, new stocks of merchandise are now on display and sale and the building has been re-modeled, giving us complete departments to display merchandise in a modern way. Visit this new store when down town, we believe you will find here courteous salespeople, newer styles, better quality and lower prices.

**In our store for Ladies:** Palmer Suits and Coats are recognized in every city as being leaders in style and quality. La Camille Corsets are leaders in style, quality and are fitted here by an experienced Corsetiere. Fisk Hats of Chicago, Johnson Hats of New York and Gold Medal Hats of St. Louis are all style leaders in millinery. Simmons Gloves, Hole Proof Hosiery, Pictorial Review Patterns and Kaysér Underwear are on sale here. Utz & Dunn Shoes are newer in style and our stocks offer better qualities to select from.

**In our store for Men:** Kuppenheimer Suits and Overcoats fit better, wear longer and are perfectly tailored. Edwin Clapp and Bion F. Reynold Shoes are the world's leaders in quality. Stetson Hats are always shown here in new styles as early as in Eastern stores. Arrow Collars, Arrow Shirts, Holeproof Hosiery, Regal Ties and Monarch Underwear are now in stock.

Send us your mail orders. We pay charges to any part of Texas or Oklahoma.

### And here comes a new offering of delightful Welworths Blouses— still \$2 but really worth much more

—The same great economical plan of making and selling Waists that has been responsible for the Wirthmor, the same forward-thinking purchase of materials and trimmings, the same determination to hold prices down as long as we can and wherever we can, accounts for the continued sale of these splendid Blouses at \$2.00.

—Some day the prices of the far-famed and deservedly popular Blouses will have to be advanced. That will be unavoidable if the high standard of quality is to be maintained, but when that time does arrive, they will still represent the same unmatched and matchless values as always in the past.

The model above illustrated is a splendidly-tailored shirt, developed out of a fine corded madras. The convertible collar and turn-back cuffs are effectively trimmed with pique of superior quality. Ornamental ocean pearl buttons are used for fastening on collar, pocket and cuffs. Seams are double stitched throughout. A most sightly and serviceable model.

Go where Welworth Blouses are sold if you want to be assured of the utmost in Blouse value at every price. The sale of this desirable line is an unerring indication of the stores intimate co-operation with the Nation's largest, most efficient and most popular Blouse makers.
