## GERMANS EVACUATE CHEMIN DES DAMES

### Retreat Continues at Rapid Pace Under Allied Lash

#### ONE DEATH FROM INFLUENZA HERE DURING 24 HOURS

APPROXIMATELY ONE THOUSAND CASES IN CITY, SAYS DR. BECKMAN.

#### SITUATION IS IMPROVED

Only Four New Cases Are Reported Today at Call Field Hospital.

Approximately one thousand people in Wichita Falls are afflicted with Spanish influenza, the majority of them in a very mild form, according to the estimate of Dr. M. A. Beckman, city health officer. Only one death from the influenza has been reported in the past twenty-four hours. There have been a number of new cases reported in the city during that time, Dr. Beckman added.

At Call Field there were only four new cases reported for the past twenty-four hours. Two influenza cases developed into pneumonia were also reported by the hospital. The city inspection department is being kept busy during this epidemic, in visiting the various public eating places to see that the regulations are being observed.

#### SIX ADDITIONAL DEATHS; 1088 CASES IN DALLAS

DALLAS, TEX., Oct. 11.—Six deaths have been reported here by health authorities during the past sixteen hours from Spanish influenza, out of 95 new cases. The total number of cases in the city is 1088.

All theaters are closed but many parents have withdrawn their children for safety. The matter of closing the schools is now under advisement to prevent spread of the disease.

#### EPIDEMIC IS SERIOUS THROUGH SOUTH AMERICA

CAPE TOWN, Thursday, Oct. 10.—An epidemic of Spanish influenza is spreading with alarming rapidity in Cape town and other sections of Africa. The situation is becoming increasingly serious in the native quarters of Capetown where whole households are lying helpless.

Doctors are not numerous enough to attend the large number of patients. There must be tens of thousands of the disease and the death toll is heavy.

#### WOMEN ARE ANSWERING THE CALL FOR NURSES

AUSTIN, Oct. 11.—Women of Texas are now answering the call for nurses to care for influenza victims in military camps. Major John C. Townes stated this morning a call for 150 women to act as nurses was made in a proclamation by Acting Governor E. M. Johnston last night. Appeals for help came from El Paso, Laredo, College Station and Austin.

#### SHOULD NOT FORGET LATE GERMAN ATROCITIES

LONDON, Oct. 11.—Commenting upon the atrocious deed without warning of the passenger steamships, Hiranu, Maru and Leinster, the Daily Chronicle says that the government of Prince Maximilian of Baden, the new German chancellor ought not to be lost sight of by the Allies in deciding their attitude toward the chancellor.

The Allies should forthwith declare, the newspaper says, that Maximilian's government is disqualified for negotiations because it clearly has not taken mastery over the militarist while these atrocities continue.

#### BERLIN PAPER FORESHADOWS RESIGNATIONS

AMSTERDAM, Oct. 11.—Germania, of Berlin, today foreshadowed the resignation of two leading German commanding generals because of the result of the appointment of General von Seebohm as minister of war.

The German newspaper probably refers to General Ludendorff and Field Marshal von Hindenburg, who recently have lost much of their popularity in Germany.

#### U. S. PREPARING TWO MILLION TO FINISH THE JOB

GEN. MARCH SAYS PRESENT IS NO TIME TO HANG BACK.

#### PLEA FOR LIBERTY LOAN

Gives Encouraging Summary of the Battle Situation as it Appears Today.

WASHINGTON, Oct. 11.—American troops sent overseas have passed the 1,900,000 mark, General March announced today, coupling his statement with an urgent appeal to the country to support the Fourth Liberty Loan.

The present is no time to hang back, General March said, for the maximum resources of the nation in men and money must be hurried at the front to make victory certain, and while the movement of soldiers across the water is continuing, the war department is preparing another 2,000,000 men to follow the first 2,000,000.

The department has asked congress for eight billion dollars to carry out its program, he added, and the financial support of that program must not be withheld by the nation.

Summing up the battle situation on the west front, General March said, with the capture of Le Cateau by the British allied forces were within 14 miles of the railway junction of Aulnoye, which is a vital strategic point for the enemy. The Liege-Meuse railway and the Lateral road through Sedan at which the American army is striking on the Meuse, meet each other at Aulnoye and German lines are the main arteries for German supplies and troop movements in France.

Divisions in Action.

General March announced the American divisions which leaped up the St. Mihiel salient in the fight which prepared the present offensive operations north of Verdun. Pointing from left to right on the map, he said, the divisions were in line as follows:

Fourth (regular); 26th (New England national guard); first (regular); 42nd (Rainbow); 89th (Kansas, Missouri, South Dakota, Nebraska, Colorado, New Mexico and Arizona national army); second (regular).

This is the first information made public as to the constitution of the American army in the present offensive, which achieved a brilliant and swift victory in his first wholly American effort.

Various Divisions Located.

Locating various divisions in response to questions, General March said, the ninety-first (Alaska, Washington, Oregon, California, Idaho, Nevada, Montana, Wyoming and Utah national army) was still in the American training camp; the 78th (West Virginia, New Jersey and Delaware national guard) is in the line with the first corps, but its position not specifically stated; the twenty-eighth (New Jersey, Delaware, Virginia, Maryland and District of Columbia national guard) is on the line in the Vosges as is the 37th (Ohio national guard); the 90th (Texas and Oklahoma national army) is on St. Mihiel front; the 42nd (Georgia, Alabama and Tennessee) is east of the Argonne and the 42nd (Rainbow) division is in the Vosges.

The first courier from General Pershing carrying the hospital records of the expeditionary forces for slightly wounded men has arrived, General March said, the lists including approximately 16,000 names. This number, he said, was the accumulation for all the period up to the time it was decided to bring the list by courier.

Describing the operations at the front during the past few days, General March said the Anglo-American drive between St. Quentin and Cambrai had shaken the enemy's resistance and had resulted, in at least temporary disorganization of the German ranks. On the first day the whole front of attack was swept forward an average depth of three miles, followed on Wednesday by a six mile drive on a 35 mile front with the French troops carrying the southern third of the line. A total of 14 miles in three days has been gained by the Allied forces, making the most rapid advance made since the counter offensive began.

East of the Meuse the American and French forces have pushed forward a mile and a half on a four mile front and are now within ten miles of the Valenciennes-Metz railway system, the cutting of which would break one of the Germans main communication lines back to Germany.

#### CHOLERA IS SLOWLY SPREADING IN BERLIN

BERLIN, SWITZERLAND, Oct. 11.—Cholera is slowly spreading in Berlin notwithstanding the preventative measures taken, a Berlin dispatch today states.

Seventeen cases were reported on October 8 and fifteen deaths occurred during the disease.

#### STEAMER SUNK BY A TORPEDO, 600 ARE LOST

PASSENGERS AND CREW NUMBER 720—MANY WOMEN AND CHILDREN.

#### SHIP FOUNDERS QUICKLY

Sinks in Fifteen Minutes With No Chance to Launch the Life Boats.

DUBLIN, Oct. 11.—It is believed that 600 lives were lost in the sinking of the mail steamer Leinster by a torpedo in the Irish Sea yesterday, it was stated today at the office of her owners. Only about 150 persons, it was added, were saved.

Captain H. R. Cone, in charge of the American naval airship service, was among the passengers of the steamer Leinster, which was sunk by a German submarine. Captain Cone is suffering from a broken leg.

The names of 81 passenger survivors and 23 members of the crew, who were saved have been made public.

TWO TORPEDOES FIRED. ONE STRIKES BOW

By Associated Press.

RELFEST, Oct. 10.—Hundreds of lives were lost when the mail steamer Leinster was torpedoed and sunk in the Irish sea this morning. Two torpedoes were fired at the steamer. One struck the bow, the steamer sank in fifteen minutes.

The passengers including many women and children, numbered 650 and the boat carried a crew of seventy.

That she passed through the wreckage was not permitted to stop, to do any rescue work, in accordance with the orders of the British admiralty. Her passengers counted forty bodies floating in the water.

Of the twenty-five mail clerks on board the Leinster, twenty were killed outright by the explosion.

#### NUMBER OF SURVIVORS LAND AT KINGSTON

LONDON, Oct. 10.—The mail steamer Leinster foundered so quickly after she was torpedoed that there was no chance to launch the life boats, according to the Dublin correspondent of the Daily Mail. A number of the survivors landed at Kingston had their names injured and are in the hospital there.

So far as reported there were no Americans aboard the mail steamer Leinster when she was torpedoed. Among the missing is Lady Alexandra Phyllis Hamilton, daughter of the dowager duchess of Abercorn.

#### INCH RAIN REPORTED FROM EAGLE PASS

EAGLE PASS, TEX., Oct. 11.—One inch of rain today was the heaviest precipitation here in six months. The rain was general over the entire county and extended over into Mexico. The Rio Grande showed slight rise from the rains above here.

#### SHAWNEE, OKLA. MAN NAMED IN CASUALTIES

OTTAWA, Oct. 11.—Today's overseas casualty list names as wounded: O. Mallicoat, Shawnee, Okla.

#### EMPEROR CALLS REPRESENTATIVES FOR CONFERENCE

AMSTERDAM, Oct. 11.—Emperor William has summoned the sovereigns of the German federal states to Berlin for a consultation before answering President Wilson's note, according to a Cologne dispatch. Such a conference is unique in the history of Germany.

#### SPECULATION AS TO RESULT OF CONFERENCE

WASHINGTON, Oct. 11.—Speculation here as to the meaning of the conference of the sovereigns of the German states called by the Kaiser, ranges all the way from an appeal to the petty sovereigns for renewed fealty to the supreme war lord and suppression of any disaffection in their territories to abdication for the Kaiser and unconditional surrender to the Allies.

It is assumed, of course, that the conference will deal with the reply to President Wilson's inquiries in response to Prince Maximilian's peace note. If that reply actually is to lead to peace negotiations, it must be a prelude to drastic changes in the German empire in which the subject sovereigns would have a hand.

#### GREAT BATTLE IS BEING FOUGHT ON A 30-MILE FRONT

BRITISH ARE GAINING EVERYWHERE ON THE CAMBRAI FRONT.

#### EXTEND TO THE NORTH

Practically Only Resistance Is Coming From the Enemy Machine Guns.

WITH THE ANGLICAN AMERICAN FORCES Southwest of Cambrai, Oct. 11.—The great battle now being fought in this region is on a front of nearly thirty miles today, it having been extended to the north. The British are gaining everywhere. There is virtually no enemy infantry operations.

The only resistance worth mentioning is coming from the enemy machine guns. The bulk of the enemy artillery seems to have fled so far east of the battle ground as to be out of range of the British guns.

The high ground on the right mile front between St. Hilare and Le Cateau to the southeast was found to be in the hands of the British. The British approached and the cavalry patrols were held up for some time.

North of the Le Cateau-St. Hilare line, the Germans are in headlong flight, according to the latest reports from airplane observers. The Douai salient has been made still deeper and the news that the Germans are beginning to evacuate that city may be expected at any time.

No Evidence of Determined Stand.

Cambrai is evidently behind in the battle area. As the armies push forward there are nowhere any sign that the Germans intend making a determined stand but the British are going a little slower now.

Up to a late hour last night the British third army had within 14 miles of the railway junction of Aulnoye, more than four miles and the fourth army from one to three miles while the first army northeast of Cambrai had advanced to the line of the Meuse. The British are driving in toward Solesmes.

East of Bohain the British are approaching the Meuse and the Andilly forest while east of Valenciennes they are drawing closer to Wasigny.

From Le Cateau, which was taken after a struggle the troops are striking east in the direction of Solesmes, 2 1/2 miles southeast of Le Cateau.

British Drive Toward Solesmes.

To the east of St. Hilare region in which town there was heavy marching gun fire before it was captured, the British are driving in toward Solesmes.

Reports indicated the following line which always can be counted upon to be well in the rear of the advance patrols and cavalry.

St. Quentin, Arras and Bantigny on the River Oise and then joining up with the British east of Fontaine-Notre Dame, the line thence running east to Valenciennes, through St. Helena, east of Le Cateau, west of Montjay, south of Neuville, east of Inchy, south of Valenciennes, east of the Echelle river, including Naves and Thuis-St. Martin, north and west east of Estrun and along the line of the Solesmes canal south of Hem-Lenglet and Fresles.

Last night was one of clear starlight and the British bombers were out in the intensity attacking human and other targets and creating great havoc among the fleeing enemy. The Americans are keeping perfect pace with the British on either side of them.

#### CAMBRAI ARCHBISHOP CARRIED AWAY BY HUNS ON THE BRITISH FRONT

FRANCE, Oct. 11.—Monsieur Chollet, archbishop of Cambrai, was carried away by the Germans when they evacuated the city.

#### LATE WAR BULLETINS

BASEL, SWITZERLAND, Oct. 11.—The German minister to Bulgaria left Sofia yesterday after confiding German interests in that country to the representative of Holland, it was announced today by the Frankfort Gazette.

#### PARIS, Oct. 11.—A rumor was circulated in the Paris bourse this afternoon that the German government had declared under martial law, Ottoman values jumped 3 and 4 points. Turkish securities were in great demand and there was much trading in them.

#### SEVEN ENLISTED MEN ARE MISSING

WASHINGTON, Oct. 11.—Seven enlisted men of the crew of the U. S. S. Westgate which sank in collision on October 9 were officially reported missing today by the navy department.

They include Andrew D. Jones, Harrison, Ark.

#### AMERICAN FORCES ATTACK EAST OF ARGONNE FOREST

MORE THAN A THOUSAND PRISONERS TAKEN DURING THURSDAY.

#### ARMY PUSHES FORWARD

Several Towns Are Captured During the Advance Now in Progress.

WITH THE AMERICAN ARMY North of Verdun, Thursday, Oct. 10.—American forces captured more than a thousand prisoners yesterday. They captured the villages of Sommarive, Chevrières and Marcy.

The ridge of Dame Marie was stormed after hard fighting. More than a thousand prisoners were taken during the day. These include one colonel and two battalion staffs.

Fighting opened this morning with the American forces pushing through the north in a portion of the Argonne forest for a maximum distance of nearly five miles. Little opposition was encountered from the enemy who had probably retired during the night to escape from the untenable pocket formed by the American flanking movement on Monday.

Block and Destroy Roads.

As the Americans pushed forward they found that these Germans had made a thorough job of blocking and destroying the roads as they retired. At two o'clock this afternoon they were in Marcy and Chevrières, having taken the La Folle farm and the Richard farm and advancing on the Nogent woods, the only piece of forest land between them and Grand Pré.

Half an hour later they had captured Sommarive and had advanced north of the village. By this time the Americans have taken a firm grip on the territory just north of the broken Kriemhilde line.

Although there were detachments of German machine gunners and infantry to be met the Americans found that the German fire was not so hot as they had difficulty in advancing and found intensive use of their own artillery unnecessary.

The Germans were assisted by enemy shells at Fleule and Chevrières.

Artillery Active During Night.

Between Romagne and the Argonne general artillery was active during the night. Heavy shells shelling various towns and cross roads. The Americans shelled Canel, Clergy, Le Grand, Bantigny and Bantigny. The German light artillery viciously shelled the Bois Des Ognons, the Bois De Fais and the Bois De Canel intermittently during the morning while the German heavy guns shelled Septarville, Montfaucon and Cuisy.

Fires were reported in the regions of St. Quentin, Arras and Bantigny, north of the American lines.

Allied airplanes today dropped bombs on Dun Sur Meuse and on other points in that region. American pursuit planes which accompanied the bombers are reported to have shot down several German planes which attempted to drive off the bombing machines.

American bombing planes were unusually active Thursday afternoon. They dropped bombs in the regions of Apremont in an effort to hamper wagon road traffic.

#### DEMAND RESTRICTION ON WAR MARRIAGES

NEW YORK, Oct. 11.—Restriction of war marriages in Germany is demanded by the New Saxon Church paper. The material advantages of a young woman marrying in the war are so alluring that only a few resist the lure, says the paper, adding: "The war divorces through a bad light on the moral conduct of our people. They have not been numerous thus far, but we fear that they will increase after the war."

According to the Cologne Gazette seven hundred actions for divorce were begun within a period of four months before one court in Berlin.

#### ITALIAN SOCIALIST WILL VISIT AMERICA

ROME, Thursday, Oct. 10.—Deputy Turati, leader of the socialist group opposed to the war, has accepted an invitation to go to the United States.

#### TERRIFIC PRESSURE BY FRENCH

This sensational drive in the center of the front has, however, by the terrific pressure of the French armies south of Laon and along the line north of the Aisne and in the Champagne. This movement, in conjunction with the great offensive in the north, according to today's advice, makes it inevitable that the Germans retreat from Laon and the great St. Gobain massif. The withdrawal indeed appears to be under way here as elsewhere. The Americans are with the French in applying the pressure in the Champagne and the American first army in its drive in the Argonne area has joined hands with General Petain's troops at Grandpre. Further east the strong line on which the Germans stood to resist the American drive west of the Meuse is crumbling under the blows of General Pershing's troops and further advances by the American forces are looked for here.

#### NORTHERN END OF BATTLE

On the northern end of the battle line the Anglo-Belgian forces are apparently being held in leash to thrust again for a closing of the pocket, in which Douai now is engaged, together with the great manufacturing city of Lens as soon as the north-easterly thrust of the British first, third and fourth has progressed to the desired point. The Germans in the Lens area, however, are not waiting for this trap to be sprung and are continuing their withdrawal from that part of the pocket, which is the one most immediately threatened.

Battle front reports indicate an expectancy there that a move by the Germans to evacuate Douai is imminent.

General Retreat Continues.

From Douai to Verdun the tide of German invasion is ebbing. A general retreat to a Strasbourg telegram published in the Dutch newspapers.

#### EARTHQUAKE OF SEVERE NATURE RECORDED TODAY

WASHINGTON, Oct. 11.—A very severe earthquake was being recorded on the seismograph of Georgetown University observatory at 10:30 o'clock this morning, Father Francis A. Tendorf, the observer, said it looked as though it might be centered west of Washington.

#### AMERICANS DRIVE HUNS FROM ARGONNE FOREST

(By Associated Press.)

LONDON, Oct. 11.—Today's advices from the battle front indicate it is virtually certain the Germans will have to evacuate the St. Gobain forests almost immediately.

The Germans are evacuating the Chemin-Des-Dames under the pressure of the converging attacks west and south of it. The Hunting line behind Laon, between the river Serre and Sissonne, have been turned, making the German situation in the Laon area most difficult.

In Champagne the French and Americans joined hands north of the Argonne in the Grand Pré gap, and have occupied the Grand Pré station, while patrols are said to have entered the town.

On the river Meuse, northwest of Verdun, the Americans have cleared out a little pocket in the direction of Sivry which has held them up a long time.

#### (By Associated Press.)

PARIS, Oct. 11.—The cleaning up of the Argonne forest has been completed by the American troops. No Germans now remain in that great wooded area.

North of Rheims the French fifth army is holding both banks of the river Suippe and has captured Bertrécourt. Italian forces played a brilliant part in the magnificent attack of the fifth army, which also resulted in the capture of Courtecon and Troyon, south of Laon.

#### Day's War Developments

(By Associated Press.)

The grip of the Germans on northern France has been loosened and the process of herding them back to their own borders is proceeding at an increasingly rapid pace under the Allied lash.

Already since the beginning of the July offensive which initiated the cleaning process, the Allies have pushed the enemy back a maximum of 45 miles from the Ancre near Albert to the tip of the present Anglo-American wedge at Le Cateau, which is a scant 25 miles more will bring them on this line to the Belgian frontier, south of Maubeuge. But long before that point is reached the enemy across the Oise-Aisne canal and just to the south as they crossed the Aisne a little to the eastward of Gouilly in the Champagne sector the forces of General Gouraud have swept ahead and occupied Terres and Grand Pré, which stand on the north bank of the Aire river as it winds through the Argonne forest.

American Drive Successful.

East of the Argonne forest American divisions have smashed their way through the German lines and are now up to Grand Pré. Further east they have reached the line on each side of the Meuse.

The significant feature of this fighting is that in the Champagne, Argonne and Cambrai sectors the enemy has been pushed back to the advance of the Allies' armies. East of Cambrai the Germans seem to be in a full fledged position for the first time since the French are marching virtually unimpeded in the direction of Guise.

The advance of the French near Laon and along the Aisne to the north of Laon seem to be quite significant. This part of the battle line has the strategic natural position for the French to push forward along the front. The St. Gobain forest is ripe at invulnerable, while the hills north of the Aisne further south lend themselves admirably to defensive operations. East of Gouilly, where the new crossing of the Aisne has been made, further ground has been gained north of Bertrécourt.

Kriemhilde Line Broken.

In the Champagne and Argonne sectors, the Kriemhilde line, built by the Germans by long labor to be the ultimate defense of the region, appears to be broken and the Americans and French are storming through it on each side of the Argonne forest. In the event that the Germans are trying to reach one of their lines near the Belgian frontier, this sector may be the one where the strongest fighting may be developed. An advance of ten or fifteen miles along the Meuse would bring the Americans and French near the principal railroad artery leading from Germany into northern France. If this road can be cut, even brought under artillery fire, the enemy might be placed in a critical situation.

#### MANY PRISONERS AND MUCH MATERIAL TAKEN

PARIS, Oct. 11.—British armies under command of Generals Rawlinson, Byng and Horne continue their advance this morning under favorable conditions. British troops captured St. Hilare Les Cambrai, Avesnes and St. Aubert. Many prisoners, including much material, was captured.

General Debry's army has pushed across the river Oise at several points in the region east of Quentin and his troops are menacing the strategic town of Guise.

#### ALSACE-LORRAINE HAVE NEW GOVERNOR

AMSTERDAM, Oct. 11.—Karl Hauss, a member of the Reichstag and president of the center party in the Prussian diet, has been chosen to succeed the governor of Alsace-Lorraine, who is expected to retire momentarily, according to a Strasbourg telegram published in the Dutch newspapers.

General Retreat Continues.

From Douai to Verdun the tide of German invasion is ebbing. A general retreat to a Strasbourg telegram published in the Dutch newspapers.

BELGIANS LIVING IN ENGLAND MUST RETURN TO HOMES

By Associated Press. LONDON, Oct. 11.—Belgian authorities have delivered orders to Belgians resident in England, directing them to return to their native land according to the Sheffield Daily Telegraph.

CONTRIBUTIONS OF LINEN MORE LIBERAL TODAY

Contributions of linen for the Red Cross hospitals in France came in better today than at any time previously, following the urgent call of the executive board on Thursday, but Wichita Falls was still behind of its quota this afternoon when the linens from the other branches of the county were shipped. Contributions of sheets, towels, hand and bath, and handkerchiefs may still be sent in a second shipment will be made in order that the local branch will not fall down on its quota, the secretary, Mrs. T. B. Smith, stated today. These articles should be sent to the Red Cross rooms on Saturday or the first part of next week, as the urgent need in the hospitals on the front demands immediate shipment.

Receive Report That Sam Raiz Is Killed In Action

Reports indicating that Sam Raiz, who went to Camp Travis from Wichita Falls, was killed in action on the western front recently, have been received in Wichita Falls. Harry Katz, brother-in-law of Mr. Raiz, is now in Fort Worth, where it is understood the official notice was received.

New Pictures Not To Be Released Until November 9

By Associated Press. NEW YORK, Oct. 11.—An aid to the fight against the spread of the influenza epidemic throughout the country, the manufacturers and distribution agencies comprising the National Association of Motion Picture Industry, decided today not to release new moving picture reels to exhibitors from October 13 to November 9, except that contracts for serial productions and animated news reels will not be broken.

COMPTROLLER TERRELL EXPLAINS TAX PROVISION

By Associated Press. AUSTIN, TEX., Oct. 11.—Comptroller H. B. Terrell today advised tax collectors that there is no provision for separating real tax from property when a man is drafted, and that he knows of no law authorizing the refunding of poll tax receipts to soldiers. Some tax collectors of the state have been doing this.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—is a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 25c and 50c a box. All druggists.

HUNGARY WANTS TO BREAK AWAY FROM AUSTRIA

By Associated Press. BASEL, Thursday, Oct. 10.—Emperor Charles of Austria will soon issue a proclamation dealing with the right of the different nations of the empire to decide their own future, according to Vienna advices to the Frankfort Zeitung.

The Pest-Hirap of Budapest says that Hungary is seeking national life independent of Austria and desires to insure the integrity of her territory, secure a seaport and have the right to settle her own internal affairs. That journal claims the right for Hungary to be represented at the peace conference by a special delegate and suggests Count Albert Apponyi.

MISUNDERSTANDING GIVEN AS CAUSE OF SUB WARFARE

By Associated Press. COPENHAGEN, Oct. 9.—George Bernhard, writing in the Berlin Vossische Zeitung, says that the submarine warfare would never have been proclaimed if the German people had not been deceived and misled. Discussing the peace steps taken at Washington in 1916 and 1917, the writer says: "If we had known that President Wilson had been continually requested to act as peace mediator and even that specified conditions had been submitted, our action would have been different. Had we known that at the moment unrestricted submarine warfare was declared, President Wilson had agreed to accept the role of mediator, the German people, in the great majority, would never have tolerated a policy which brought upon them the reputation of being double-tongued."

GERMAN TROOPS HAVE DESTROYED FAMOUS FOREST

By Associated Press. PARIS, Thursday, Oct. 10.—When the Belgian troops broke through the formidable enemy defenses and occupied the famous forest of Houtholst, they found that that great wooded area had been destroyed. Not a single tree remained standing throughout the vast domain.

Houtholst forest dates historically from the ninth century. It extends from Dixmude to Ypres and covers 200 square miles. Throughout the entire region utter desolation prevails, the charred stumps of trees extending for miles over the blackened landscape.

LUMBER CAMPS IN CANADA ARE I. W. W. HOTBEDS

By Associated Press. MONTREAL, Oct. 11.—Lumber camps in Canada are veritable hotbeds of Bolshevism and I. W. W. propaganda, according to Rev. Thomas J. Jolin, field secretary of the Shanty Men's Christian Association, who has just returned from one of the camps. Mr. Jolin declared thousands of inflammatory pamphlets have been distributed in the camps, stirring the workers, most of them foreigners, to resist all authority "by dynamite if necessary."

CHANGE OF POLICY IS EXPECTED IN TURKEY

By Associated Press. AMSTERDAM, Oct. 11.—Writing from Constantinople on the appointment of Tewfik Pasha as grand vizier and Izzet Pasha as war minister of Turkey, the Berlin correspondent of the Rhenisch-Westphalian Gazette says that the Turkish cabinet proclaims the general desire of peace on the part of the people of that country. Commenting on the situation at Constantinople the newspaper says: "Enver Pasha and Talaat Pasha were undoubtedly the pillars of the Turkish-German alliance. We certainly do not stray far from the truth when we assume that impending events in Turkey will result in a change of policy."

WOMEN POSSESS A HIGH DEGREE OF PATRIOTISM

Special to The Times. DALLAS, TEX., Oct. 11.—"I guess I'm no slacker now and don't own any pro-German money," said ten-year-old Mary Gillette of Shreveport, La., as she turned over all her earnings to Uncle Sam. Mary is a beautiful and talented child dancer and although she has never danced for money she has been tendered checks in recognition of her services for charitable and patriotic functions. Recently she read a statement that any money idle in the bank was pro-German and she immediately put her savings of \$300 into Liberty Bonds.

Market Report

Cotton Market

NEW YORK, Oct. 11.—There was renewed covering for over the two day adjournment and further trade buying in the cotton market during the day's early trading. The opening was steady at a decline of 2 points on December but generally 7 to 16 points higher and active positions sold 45 to 20 points above last night's closing figures during the first few minutes with December touching 39.57 and January 39.19.

Grain Market

By Associated Press. CHICAGO, Oct. 11.—Noticeable let up in the selling pressure which has burdened the corn market of late led today to higher prices. Signs that the German answer to President Wilson might be somewhat delayed brought about covering by shorts who had in mind that tomorrow will be a holiday. Opening prices, which ranged from the same as yesterday's finish to 1 cent higher with November \$1.12 1/2 to \$1.13 1/2 and December \$1.11 to \$1.12 1/2 were followed by material gains all around.

NEW ORLEANS Cotton.

NEW ORLEANS, Oct. 11.—A holiday feeling prevailed in cotton today and fluctuations were narrow in the early trading. Around the opening there was a decline of 15 to 20 points under liquidation of long cotton after which smaller volume of southern selling some did have made a considerable impression on sentiment and there was active covering on the advance, which extended to 30.90 for December and 30.45 for January, or 48 to 50 points net higher.

Liverpool Cotton.

LIVERPOOL, Oct. 11.—Cotton spot quiet; prices higher. Good middling 23.97; middling 23.97; middling 23.34; low middling 22.29; good ordinary 20.77; ordinary 20.24. Sales 2,000 including 1,500 American. Receipts 26,000, including 25,900 American. Futures closed unsettled: October 21.93; November 21.43; December 20.99; January 20.68; February 20.31.

New York Stocks

NEW YORK, Oct. 11.—Profit taking induced in part by the impending holiday caused recessions of 1 to 3 points among speculative issues in the early period of today's period of today's stock market. Oils, yesterday's strongest feature, reflected such attitude on the part of traders more than any other shares. Shipings, notably Marine preferred and United Fruit, continued strong with utilities, metals and subsidiaries, also up, compared with yesterday's close. Steel was firm but related shares wavered.

WASHINGTON

WASHINGTON, Oct. 11.—Cotton market became unsettled at midday on another drive against U. S. Steel, which fell a point, reactions elsewhere extending from 1 to 3 1/2 points. Loans were quickly retrieved. In many instances, however, on vigorous buying of rails at 1 to 2 point gains.

Butter Problem Solved. Wilson & Company's representative will be at Newton's Groceteria Saturday, October 12th, to Show the New Certified Oleomargarine. This has completely solved the most acute problem that confronts the housewife—that of butter. The war department has commandeered 60 per cent of all butter being made and held in storage, therefore it is real patriotism for us to use a butter substitute, especially when we can buy a product manufactured under U. S. Government supervision from ingredients recommended by every food expert for their high nutritive value. COME AND LET US SHOW YOU THIS PRODUCT AND EXPLAIN ITS MANUFACTURE. The difference between the price of a pound of "Certified" Oleomargarine and a pound of butter will buy a Thrift Stamp and help Uncle Sam win the war. The GROCETERIA 612 Ninth Street. L. W. NEWTON, Prop.

A REAL

PREPARATION FOR SERVICE IN ARMY VERY IMPORTANT

Special to The Times. CAMP TRAVIS, San Antonio, Tex., Oct. 10.—Men soon to be called into service can practically insure themselves against probable disease in the Army by a simple system of precautionary training while they are awaiting enlistment. This is the advice offered by medical authorities of the "Cactus Division" at Camp Travis, Texas.

Intelligence exercise and a proper care of the body by the prospective soldier are more effective than anything that medical science can do during the period of transformation from civilian to soldier. By this training he builds up his physical power of resistance and whips his constitution into such shape that he is practically immune from the lesser maladies and is in much better shape to stand the hardships and conditions and certain amount of exposure which he is certain to encounter.

More Sickness Among Recruits. Statistics at Camp Travis disclose that a major portion of the illness in camp is among the recruits and that these recruits are especially susceptible to contagious and infectious diseases. Men who come here in a depleted condition and whose resistance is low, may easily fall victim to malignant germs.

Reports reaching this place are that many young men expecting to be selected are prone to take "a bad fling" at home and during this "fling," commit all kinds of indiscretions, among which might be mentioned smoking too much, keeping late hours, over-eating, etc. Such habits, however, say the medical authorities, if the time the draftees reach the camp they are in such a run down state that their systems offer a weathervane field for disease.

If the recruit can build himself up to pass the first month or so in camp without any disastrous results, his chance of warding off illness during the whole period of enlistment are increased a thousand fold. This is due to the fact that the army training is a steady development of the body and a toughening up process which is without equal in making men virile and strong.

Just what sort of exercise to take and just how to build up the system is very important, and this information is willingly given by the army physicians. Above all things the beginner should not overdo his exercising. A schedule of light calisthenics, a short walk or ride daily, and plenty of fresh air baths, and sunshine are all that are needed. The amount of exercise should of course be increased as the body becomes accustomed to it.

Among the exercises the medical experts suggest are deep breathing, body bending to get rid of any excess fat around the abdomen, vigorous leg and arm movements, and any training that will develop "wind." Doctors advise that the amount of smoking be reduced previous to entry into army life in order that the lungs may be in the best condition and this is doubly necessary at this time of the year. Pneumonia and Spanish influenza are two of the most prevalent diseases and both have to do with the respiratory system. Travis thus far has managed to prevent the appearance of the influenza type of influenza and has reduced pneumonia to a minimum, but with the constant influx of recruits the danger is always imminent.

Conservative living, a gradual strengthening of the body and constant attention to see that all parts of the body are functioning properly by the civilian about to become a soldier of Uncle Sam's own fighting men, will increase materially his own efficiency as he enters camp, and will brighten his chances for early recognition and promotion, for the man who enters the Army fagged out cannot possibly make a favorable impression upon those in authority.

FEDERALIZATION OF NATIONAL GUARD SOON. By Associated Press. AUSTIN, TEX., Oct. 11.—Adjutant General Harley returned last night from Washington where he has been concerning the federalization of the Infantry units of the Texas national guard. General Harley states that the militia board is now in possession of 2 1/2 the papers and is working on the matter, details of which are not yet finished.

INTENSIVE TRAINING TO BE DISCONTINUED. By Associated Press. WASHINGTON, Oct. 11.—Intensive training and other strenuous work at all army camps was ordered discontinued today by Acting Secretary Crowell during the epidemic of crowd and over exertion are to be avoided and all exercises are to be in lighter form.

MICHIGAN POLITICIANS COMMITTED TO JAIL. By Associated Press. NEW YORK, Oct. 11.—Allen A. Templeton, Frank W. Blair and Thomas F. Phillips, chairman, treasurer and publicity director, respectively of the Newbury republican senatorial campaign in Michigan, were committed to jail here today by Federal Judge Cushman for refusing to answer questions regarding campaign contributions before a federal grand jury.
