## ITALIANS START NEW OFFENSIVE

### ARMY CROSSES THE ORNIC RIVER AND CAPTURES 3,000 PRISONERS

(By Associated Press.)  
**ROME, Oct. 25.**—In bitter fighting yesterday in the region of Monte Grappa the Italians established themselves on the northern bank of the Ornic river. They captured nearly 3,000 prisoners.

(By Associated Press.)  
**LONDON, Oct. 25.**—Italian troops have begun an offensive between the Piave and the Brenta. In the Monte Grappa section Thursday they advanced across the Ornic River and captured Monte Solarolo, part of Monte Prassolan and Monte Perica.

In the Piave River the Italians have captured the Islands of Grave, Pattadopoli and Maggiore. The weather on the front is unfavorable.

British and French troops are aiding the Italians in the new offensive. According to reports reaching London today the attacks of the Allies are meeting with considerable success notwithstanding the unfavorable weather conditions.

(By Associated Press.)  
As the Allied forces in Belgium and France continue successfully to storm the stubbornly defended German lines, Italian troops on the Italian northern front have begun an offensive against the Austrians. British troops today are smashing their way eastward on the sector between Valenciennes and Le Quesnoy, which is vital to the security of Valenciennes. Further south the French, who have been gradually forcing the enemy from the pocket between the Oise and the Serre, have resumed their pressure and are reported to have entered Villers-Le-Sec and surrounding La Ferté.

American forces have made further gains east and west of the Meuse, despite strong enemy resistance. The Germans on the western end of the line are reported to be preparing to withdraw northward from Grand Pre, where their positions are outflanked by the French east of Vouziers.

General Diaz in his new offensive is reported to have driven the Austrians from important heights north and west of Monte Grappa, between the Piave and the Brenta. In the Piave the Italians have captured two islands.

(By Associated Press.)  
**Still Beating Enemy Back.**—In the fierce fighting the British continue to beat back the Germans from the high ground between Valenciennes and Le Quesnoy, further increasing the menace to the German hold on both these important points.

In Belgium and north of Valenciennes the Allies maintain their pressure but the operations are of minor importance as the situation on the north depends upon the British success around Valenciennes. The British are before the Mormal forest, while south along the Oise and the Serre the French are pressing hard against the Germans.

Since Wednesday morning the British army fighting forward from a few miles north of Valenciennes to east of Le Cateau has taken 8,400 prisoners and 100 guns.

Field Marshal Haig, his troops having reached the western edge of the Mormal forest, is striving to break through the line toward Mons and Maubeuge. The Germans are fighting stiffly to prevent this resulting in desperate combats in the village and other vantage points south of Valenciennes.

The British however are pushing steadily ahead and have taken Maing and Vendegies. Fighting was resumed on this sector Friday morning with the British advancing from the hills east of Exellion river toward the railroad and high road between Valenciennes and Le Quesnoy.

Immediately north of Valenciennes the British have taken additional villages and continue to approach the important crossings of the Scheidt at Conde. This town is six and one-half miles northeast of Valenciennes.

(By Associated Press.)  
**French Regain Attacks.**—The French troops east of the Sambre-Oise canal in the region of Longchamps have repulsed two German attempts to drive them back across the canal. Along the Serre and Souchy rivers the French Friday resumed their pressure, after having thrown back enemy efforts south of Mont Cornet.

In the region east of the Oise the French are reported to have penetrated Villers-Le-Sec and surrounding La Ferté to the northeast. The French east of Rethel the French have made an important advance across the Ardennes canal, gaining the villages of Ambly and Fleury. At Ambly the French are only three miles south of the railroad junction at Amand, the gaining of which would compel the Germans to withdraw from Rethel on the line of the Aisne in that region.

(By Associated Press.)  
**Americans Make Important Gains.**—American troops on both sides of the Meuse in heavy fighting during Thursday night and Friday morning made important gains at three points and maintained them against bitter German counter efforts. East of the river the Americans made another step toward the important town of Dinant, penetrating the Bois de la Front west of the Meuse. The Americans have captured several important ridges near Grand Pre. Between Tappes wood and Bantheville they also have extended their line.

Inroads by the British and Americans against the German line between Valenciennes and Le Quesnoy are continuing and it is probable that the enemy will be forced to begin a new retreat toward the east.

Although the Allies have reached the Mormal wood, where the Germans have prepared for a stubborn defense, the progress made just to the north of this extensive wood section, between the front and the center of the positions there before he has an opportunity to meet frontal attacks along the west side of the forest. In the Mormal forest and Valenciennes the shattered the Germans' hope to stand on the defensive along this section of the line for an extended period.

(By Associated Press.)  
**French Moving Forward.**—French forces, fighting their way eastward through the German front along the Oise-Serre front, have moved forward at three points. Along the Oise canal, a barrier which held them up for several days, and further south have advanced to the village of St. Benoit. Just around the bend in the line they have cut a deep notch in the German line north of Villers-Le-Sec. These successes on a front which is quite important to the enemy and will tend to hasten German retreat from the end of the line which remained after the evacuation of Laon.

(By Associated Press.)  
**Americans Have Tremendous Task.**—The American divisions which are engaged in the tremendous task of tearing away the Kreimling line to prevent the Argonne forest from being once more advanced to the front, especially near the western end of the sector. There, in spite of the German resistance and repeated counterattacks, they have moved ahead during the past day and appear to threaten the rest of the German defensive system to the east. Near Santheville the Americans have gained important tactical advantage. East of the Meuse, the Germans have been forced back more than half a mile on a front of nearly a mile and a half.

(By Associated Press.)  
**Italians Are Active.**—There are indications that activity along the Italian front which has been at low ebb since the final repulse of the Austrian offensive revived. Vienna reports violent artillery fire between the Brenta and Piave rivers and in the Monte Grappa section. This is the part of the front from which an Italian attack in force might be expected and interesting events may develop at any time.

**Asks Prussian Diet to Make Stand Against Enemy.**—Basel, Switzerland, Oct. 25.—When the lower house of the Prussian diet resumed its session in Berlin Thursday night, the president called upon the deputies to make a united front against the enemies of that country. He said that never before had the chamber assembled at such a grave hour with the enemy threatening to strike down the doors of the country.

## PRESIDENT TELLS OKLAHOMANS HE FAVORS SUFFRAGE

(By Associated Press.)  
**WASHINGTON, Oct. 25.**—Another move in behalf of woman suffrage was made today by President Wilson. He addressed the voters of Oklahoma, who act on the suffrage amendment November 5, reiterating his judgment that adoption of woman suffrage is a necessary part of the program of justice and reconstruction.

In a message to Ben Lafayette and James C. McVay, chairman, respectively of the Oklahoma democratic and republican state committees, the president said: "I would express to the voters of Oklahoma my very profound interest in the constitutional amendment for woman suffrage, which they will act on the fifth of November and beg that they will permit me to express to them, as I did to the congress of the United States, my deliberate judgment that the adoption of woman suffrage is a necessary part of the program of justice and reconstruction which the war has made imperative upon the world that they should undertake in the interest of justice and peace."

(By Associated Press.)  
**PROOF OF VIOLATIONS OF CIVILIZED WARFARE.**—WITH THE ALLIED ARMY IN France and Belgium, Oct. 25.—The British army now has obtained absolute proof that the Germans are violating the rules of civilized warfare in respect to the use of the Red Cross. As had for some time been suspected, in yesterday's operations the fifth army captured a German ambulance which engaged in carrying ammunition.

While the ambulance was being searched, it was found to be loaded with explosives and the capture was considered so important that sentries were immediately posted to make certain that no more of this kind of traffic could be taken for future reference.

**INVOCATION OF THE EMPEROR IS IN SEASON NOW.**—BASSEL, SWITZERLAND, Oct. 25.—Comment on President Wilson's latest note to Germany is beginning to appear in the German papers. The National Zeitung, of Berlin, says: "President Wilson has answered quickly. Well, if ever Emperor William's invocation that God be with him is in season, it is right now."

(By Associated Press.)  
**ALLIES ARE WORKING IN PERFECT HARMONY.**—LONDON, Thursday, Oct. 24.—It is understood that President Wilson's latest note to Germany is approved by the Allies and represents, in a general sense their views of the situation. It has been erroneously assumed that the Allies have been leaving the brunt of the negotiations to fall on Mr. Wilson, but as a matter of fact when the central powers elected to approach one of the belligerents singly the others stood aside in the preliminary stages of the negotiations. Now that the President has consented to submit the request for an armistice to the other belligerents there is no question that individual action will give place to definitely concerted conduct of the situation and that the recommendations of the Allies will constitute the joint terms of the associated powers.

## 8400 PRISONERS IN RECENT DRIVE

## AMERICAN FRONT IS SUBJECTED TO FIERCE FIGHTING

(By Associated Press.)  
**WITH THE AMERICAN ARMY North of Verdun, Oct. 25.**—The American troops, despite strong German artillery fire improved their positions in three important points along the front east and west of the Meuse during the night.

East of the Meuse the Americans drove the enemy from the eastern edge of the Bois D'Arment, gaining their objectives.

In the region of Grand Pre, west of the Meuse the Americans straightened out their line and captured several important ridges. Between Grand Pre and Bantheville wood the American line was extended despite stubborn resistance.

It is reported that the Germans are preparing a new defense position in the vicinity of Briquenois, 4 1/2 miles north of Grand Pre and that they are expected to take a stand in that region within a week.

Among the prisoners captured by the Americans are members of the twenty-third division, known as the "flying shock division." Twelve American soldiers separated from their lines have returned after spending four days and four nights hiding in shell holes and under brush in the region of the Lozes farm. They fought off small detachments of Germans, but were unable to reach places of safety because of the enemy sharpshooters. Notwithstanding the constant harassing, they made two successful expeditions at night and brought back valuable information regarding the enemy gun positions. Their only food during the four days consisted of their emergency rations and these they ate the first night.

Heavy German counterattacks east of the Meuse were thrown back early today by the American troops holding Belleau wood and the lines on either side. The Germans are using their heavy guns and machine guns extensively.

**AMERICAN ARMY IS NOW USING BIG SIXTEEN INCH NAVAL GUNS.**—WASHINGTON, Oct. 25.—Announcement from France that American sixteen inch naval guns, manned by American naval gun crews, have come into action with the American army at the front, disclosed that through efforts of the official navy, general Pershing's forces now are equipped with the most powerful and hardest hitting weapons yet used in the present war, ashore or afloat, so far as is known.

(By Associated Press.)  
**THE SIXTEEN INCH RIFLES ARE SIMILAR TO those designed for use aboard the newest American dreadnaughts. They are 50 caliber, more than eighty feet in length and weigh approximately 100 tons without their carriages. Without question they are the longest range guns in use except the German super-guns which are regarded merely as a mechanical freak.**

## BATTLE COMPARES IN FIERCENESS TO ALMOST ANY FIGHTING OF WAR

(By Associated Press.)  
**WITH THE ALLIED ARMIES IN FRANCE AND BELGIUM, Oct. 25.**—Fighting which compares in fierceness to almost any in the war, continued through the night on the field of the great battle north and south of Valenciennes. Belated reports indicate that the British have entered the German defenses, gaining considerable ground, and pressing eastward slowly but surely.

Since Wednesday morning the British third army has taken six thousand prisoners and the first and fourth armies each has taken 1,200 making a total of 8,400. More than 100 cannons were captured Wednesday and Thursday.

On the high ground south of Valenciennes the battle is raging with intense fury but the British are gradually overcoming the enemy. At last reports the British held this line:

From Le Faux to Robersart to Engle Fontaine to Ghislaucy to Beau-sidignes where they are within a mile and a half of Le Quesnoy, to the east of Rouenoy to Somme to Monchaix. The British gained Monchaux after bloody fighting.

(By Associated Press.)  
**Desperate Fighting Reported.**—The British line is now within one mile of Landreocis. Desperate fighting is reported in the Bois L'Esnois and the neighborhood, where the Germans were killed by the thousands. It appeared that the enemy had orders to hold on regardless of the cost. The Germans apparently were disposed to great depth and had several hastily constructed lines of defense which they were determined to regain until defeated further south. They have prepared so that German armies to the north and south could escape.

North of Presnes some progress was made toward Conde against heavy and vigorous machine gun operations. Freulle, Laong, Beheet and Buridon were captured after strong opposition had broken down.

(By Associated Press.)  
**EVIDENCE OF ATROCITIES IN PATH OF THE ENEMY.**—In the town of St. Amand, north of Valenciennes, which has been captured by the British, the Germans left 11,000 inhabitants and 1,000 sick persons from that region who were in a hospital in the center of the town. On the following day, October 22, the Germans bombarded the hospital, directing particular attention to the wounded. A large number of patients were killed.

(By Associated Press.)  
**GERMANS ARE MAKING A DESPAIRING EFFORT.**—PARIS, Oct. 25.—The fighting along the American front on both sides of the Meuse is particularly fierce. The Germans appear to be making a despairing effort to hold their positions in this vital sector. Information received here gives the impression that they can not resist much longer in their present positions.

# PRESIDENT'S NOTE TESTS SINCERITY OF THE GERMANS

VIEW IS EXPRESSED IN COMMENT ON REPLY BY THE LONDON DAILY NEWS.

## ATTITUDE IS COMMENDED

London Post Says Document is a Masterpiece of Diplomacy—A Retort Courteous.

By Associated Press. LONDON, Oct. 25.—Commenting on President Wilson's note to Germany, the Daily News says:

"The imperial chancellor's note left matters in suspense but the President's takes them where they should be. The sincerity of the German people's desire for peace is today brought to the final test if the Germans accept the President's terms there is no reason why fighting should not end beyond question, speaks for every Allied nation."

The Telegraph commends Mr. Wilson's correct attitude towards the Allies and especially welcomes his reference to the matter of declaring an armistice to the military leaders.

Violence if Necessary. The Times says: "If the Germans will not accept a peace which justice without violence then violence will make them accept a just peace. The difference between German violence and the force without stint which President Wilson proposes if necessary to employ, is that German warfare is violence in the service of rapacity, while warfare of the Allies is warfare in the service of righteousness."

Under the caption "The retort courteous" the Post says: "President Wilson's note is a masterpiece of diplomacy. It rivets the German government to an unequalled acceptance of his peace terms, in what may be called the President's ultimatum he again offers the German people an opportunity to set themselves as nearly right as may be and provides at the same time some guarantee of healthy state papers."

The Express describes Mr. Wilson's note as the greatest of the series of his masterly state papers. After a fulsome review of President Wilson as "an admirable statesman" that it reveals the closest personal agreement between American and British views. The newspaper thinks that at the moment there is no more than a chance that the Germans will ask an armistice. The Times is gratified at the manifest signs of close co-operation between the military commanders on the western front, while the presence of Colonel House, who has arrived in France, will make for political as well as military co-ordination."

Length is Criticized. The solitary adverse criticism of Mr. Wilson's note appears in the Graphic, which complains of the length of the document, adding: "At such a crisis bandying words suggest a lack of dignity and create a loophole for further diplomatic wriggling."

The Daily Mail says: "President Wilson states the terms with a composed dignity worthy of the greatest masters of language. Autocracy must surrender or take a beating, and here we may leave the peace offensive, without forgetting to thank Mr. Wilson for the mastery skill with which he exposed its insincerity."

## HIGH COST OF LIVING LEAST EFFECTS AUSTRALIA

Associated Press Mail Correspondent. STOCKHOLM, Oct.—Australia occupies the most favorable position of all lands in the matter of increased cost of living, according to a survey made by the Stockholm Commercial Gazette. The Australian increase was reported as 30 per cent since the beginning of the war. The United States was recorded as in second position with the increase of 87 to 70 per cent.

Holland with an increase of 70 per cent showed the smallest increase among European nations with Denmark next with the increase of about 80 per cent.

Sweden, England, France, Spain and Portugal are grouped with the increase running from 100 to 132 per cent, England and France occupying the most favorable place with increased of about 100 per cent, while Sweden had 132 per cent.

Germany, Belgium, Norway and Hungary had increases from 150 to 200 per cent, while the cost of living in Austria, Finland and Russia had increased more than 200 per cent.

In every case the figures are based on the budget of a normal family with a year's expenditures of 2,000 crowns in 1914.

## KANSAS OFF TO GOOD START FOR SUPER WHEAT CROP

By Associated Press. TOPEKA, Kan., Oct. 24.—Kansas is off for a good start on another 100,000,000 bushel wheat drive, according to J. C. Mohler, secretary of the State Board of Agriculture.

Secretary Mohler predicts the wheat acreage being planted this fall will equal that of last year, which, according to his statistics, yielded a crop of 101,000,000 bushels.

The season for planting winter wheat has been ideal in nearly all parts of the state, the rainfall having been sufficient to keep the ground in excellent condition. The Kansas crop of wheat—almost exclusively winter wheat—was one-fifth of the total winter wheat crop of the nation, the state raising first by a wide margin in wheat production.

# REIGN OF TERROR THROUGH RUSSIA MOST APPALLING

By Associated Press. STOCKHOLM, Wednesday, Oct. 23. Executions are the most merciful part of the red terror practiced in Moscow and Petrograd, according to several neutral observers who have just arrived in Sweden. These observers have watched bolshevik activities in the two great Russian cities for many weeks. They had no personal interests involved and personal friends affected by the reign of slaughter and terror which is unparalleled in the world's history.

While thousands, perhaps, have been executed, the list of victims is far less appalling than the ruthless manner in which the political prisoners have been sent to death without a semblance of legal trial, the heartlessness with which they were treated and utter indifference of the bolshevik officials to appeals of heart broken relatives who have been kept in suspense and not allowed to learn what has become of loved ones.

Verified stories of scenes at Moscow and Petrograd prisons of descriptions of the barbarism of the middle ages and make the cruelty of the French revolution seem almost humane. Women prison officials, many of them are women, are even more heartless than men and trample under foot the better instincts expected of their sex.

In Petrograd Madame Jakoveva has been placed at the head of the commission for suppression of counter-revolution and it is greatly to her credit that the terror has yielded somewhat under her administration. She apparently hesitates to shoot and imprison with the same indifference that characterized the regimes of Moses Uritsky and William Shalagin, an American trained anarchist who held the post for a short time after Uritsky was shot.

## SIXTY-EIGHT HOSTAGES SHOT BY THE BOLSHEVIKI

By Associated Press. AMSTERDAM, Oct. 25.—From the time that Moses Uritsky, commissioner for elections to the constituent assembly of Russia, was assassinated late in August up to October 1, sixty-eight hostages including five priests were shot by the Bolsheviks, according to Petrograd dispatches quoting the newspaper Pravda.

## RECORD AN EARTHQUAKE OF MODERATE INTENSITY

By Associated Press. WASHINGTON, Oct. 25.—An earthquake of moderate intensity and lasting almost an hour occurred during the night at some locality about fifteen hundred miles from Washington. Seismographs of Georgetown University this morning showed the shocks began at 11:47 p. m. and continued until 12:46 o'clock a. m. It was thought by Father Francis J. Tonderf, director of the observatory, that the center of the disturbance was to the southward of Washington and probably in the West Indies or Central America.

# AMERICANS TAKE IMMENSE GERMAN ARMORED PLANE

By Associated Press. WITH THE AMERICANS FAR NORTHWEST OF VERDUN, Thursday, Oct. 24.—Americans captured an immense German armored battle plane Wednesday north of Brielleux. The plane was virtually intact but the pilot gunners made their escape.

It is presumed that the battle plane was downed a day or two ago by American aviators.

From east of the Meuse German artillery endeavored to protect the plane but the American guns let down counter fire upon the enemy gun placements. When a full complement of American infantry hauled the plane to safety.

A number of valuable instruments and the two machine guns were captured. The battle plane was equipped with a bomb dropping device and a gun and a sighting arrangement fixed that the gunner can see through directly beneath him.

### EXEMPTION BOARD ISSUES STATEMENT ON CLASSIFICATION

To clear up some misunderstanding that may exist with reference to the classification of registrants, the local exemption board has issued the following statement defining its duties, and explaining a purpose to make classifications with the regard to industrial conditions and with the least possible disorganization of business. The statement is as follows:

"There seems to be some misunderstanding among a number of the registrants in the new draft relative to their classifications on account of their line of business. No one who has a deferred class on account of dependents and is in the oil business in a legitimate way need to take any exception, as no one will be molested, unless their case comes under the right law, and each individual knows within himself whether or not he is in legitimate business and steadily employed in that business.

"It is not the intention of this board to disorganize the public. The board only has one object in view, that is to help the government and insist that all men, unemployed or in some legitimate employment, and we do not know of any more legitimate employment than the oil business, provided you are in the oil business and not in some shell game.

"Question of Classification.

"This statement is made on account of several complaints that have come in the last few days, some individuals insisting that they have been imposed on by the local board in their classification. There are a number of men with dependents who belong to a deferred class, who have probably received class one cards. That is for the purpose of having you come before the board and investigation made. The board may be sure of your right classification card classifying you as the board feels you should be after having heard your statement and statements of the others furnished to the board. It is not the intention of the board to undertake to reject your claim for dependency where your dependents are actually supported by you, nor could we do so if we were so inclined, unless you were employed in one of the six non-essentials, which are: (1) Persons engaged in the serving of food and drink, or either in public places, including hotels and social clubs; (2) Passenger elevator operators and attendants, and doorman, footmen, carriage operators and other attendants in clubs, hotels, stores, apartment houses, office buildings, and bath houses; (3) persons in clothing makers and other attendants, engaged and occupied in and in connection with games, sports and amusements, excepting owners and managers, actual performers, including musicians in legitimate concerts, operas, motion pictures, or theatrical performers and the skilled persons who are necessary to such productions, performances or presentations; (4) Persons employed in domestic service; (5) Pool hall proprietors, workers in pool halls, and members of all descriptions, and persons engaged in work like oil stock salesmen.

### KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feed your liver and bowels—there's no need of having a yellow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action and always effective. They bring about that embossment of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

### Frank Kell Buys Large Ranches in East New Mexico

Frank Kell of this city has just become the owner of two large ranches in eastern New Mexico, the deal being made at Amarillo the first of the week, before Mr. Kell left for New York to accompany his daughter, who is going to France in Red Cross work, to the owner of three large ranches, having previously purchased a ranch in Roberts county, Texas.

The New Mexico properties are the Kingman, a miles south of Dedman in Union county, comprising 17,730 acres, and the Red River ranch in Colfax and Mora counties. The latter ranch consists of 27,000 acres. It is understood that the consideration was approximately \$10 an acre.

### Fire Prevention Day To Be Observed On Saturday, Nov. 2

Fire Chief McClure has made arrangements for the observance of Fire Prevention Day, Saturday, November 2, whereby the school children especially will be instructed in the principles of fire prevention. He will have a speaker visit every school in the city during the day and address the students on the subject of fire prevention, he stated this morning. He had planned for a more elaborate observance of the day but was prevented by the influenza quarantine from carrying out his plans, which included giving printed lists of fire hazards to the school children, and have one child in every home in the city make a report on the condition of his home on this printed report blank.

### KEMP LIBRARY WILL RECEIVE BOOKS MONDAY

The Kemp Public Library will be open for receiving books due Monday, the influenza quarantine will have effect, on Monday morning, if the present plans for lifting the quarantine are carried out. Books due will be received Monday, Tuesday and Wednesday, and no fines for those overdue after Oct. 9 will be assessed on books returned before closing time Wednesday.

No books will be issued before Thursday morning, as those returned must be fumigated before being re-issued.

### Freak Suggestions For Influenza Are Freely Volunteered

By Associated Press.

CHICAGO, Oct. 25.—Place an onion at the bedside, draw out the fever of Spanish influenza, point the index finger of the left hand at the moon and make a wish. Then go to work as usual the next day.

This and scores of equally ridiculous remedies have been a swarming health authorities and physicians of the middle west during the last few days. They come from correspondents in all walks of life and are based on home treatment, witchcraft and voodooism.

Lieutenant-Commander Owen J. Mink, Medical Corps, Senior Medical Officer at the Great Lakes Naval Training Station, has been "tipped" many times to the great secret. Some correspondents guarantee to stop the epidemic in ten minutes, others in three days. The water in certain wells, one writer informed Lieut. Mink, would bring instant cure. Another writer told him that Indian tobacco sprinkled on the victim's breast through a perforated baking powder can was a sure cure.

Health authorities in some districts have been told of the famous negro voodooism cures, not only for influenza but for all ailments.

Negro Voodooism Cures.

For instance, under the negro practice, slight sweats can be cured by placing a rusty axe edge under the bed. For malarial chills dip a string in turpentine and tie it around the waist, or tie a strand of yarn on the top button of the coat. If the should fall, hang a horse shoe in a peach tree.

For colic, have a person who has never seen his father blow his breath in the child's mouth very early in the morning, and for measles, bath the eruption in the blood of a black hen. For hicough, drink water out of a brass bell while looking at a new moon.

Under negro voodooism treatment, fits can be cured by giving the patient one drop of his own blood drawn from the tip of the little finger of the left hand and nose bleed stopped by tying a string around the little finger. Pick a wart until it bleeds, touch it with nine grains of corn, throw the corn to the chickens and the wart will disappear.

For rheumatism, heat a pan of grease, put nine live frogs in the pan, stir down to an ointment and rub joint well, and, according to the voodooism practice, permanent cure will follow.

With the medical profession of the country fighting the epidemic with all the tools of modern science, the freak suggestions have furnished some relaxation for idle hours, leading physicians here say.

### Vote of Women May Deprive a Judge of Office

By Associated Press.

CORPUS CHRISTI, TEX., Oct. 25.—What shall it profit a man having been nominated for public office if his name fails to appear on the official ballot? This is the question that friends of County Judge M. A. Childers of San Patricio county are asking.

Judge Childers occupies the unenviable position of being the only Texan, with possibly one exception, to receive a nomination at the democratic primary of last July 28 whose name may not appear on the official ballot to be used in the general November elections.

Majority of 250 Votes.

Judge Childers opposed Judge F. G. Chambers of Beeville, the incumbent, for the democratic nomination as judge of the 36th district court that comprises the counties of Aransas, San Patricio, Bee, Live Oak and McMullen. Judge Childers won the nomination by a majority of 250 votes.

Judge Chambers instituting contest proceedings exchanged benches with Judge V. M. Taylor of the 79th district and Judge Taylor presiding in the Chambers-Childers suit decided that the bill of the Texas legislature granting primary suffrage to Texas women was unconstitutional and with the votes of the women ruled out Judge Chambers was declared the nominee as the district judge.

Under the Texas statutes no appeal in an election contest can be taken from the decision of a district court.

### RESUME SHIPPING SINCE SUBS QUIT FREIGHT VESSELS

By Associated Press.

LONDON, Thursday, Oct. 24.—Dutch newspapers say that the shipping concerns in Holland are taking steps preparatory to resuming regular trips to England and America in consequence of the withdrawal of the U-boat menace, according to an Amsterdam dispatch to the Exchange Telegraph. Shipping with Denmark was resumed yesterday, it is said.

### HOSPITAL GARMENT ROOM TO BE RE-OPENED TUESDAY

Tuesday, October 29, the Red Cross hospital garment room will be opened, as the influenza quarantine will be raised, it was announced today. Work will be resumed on Tuesday morning and all workers are urged to be ready to begin work at this time.

### Negotiations With Czecho-Slovak Must Be Through Paris

By Associated Press.

BASEL, SWITZERLAND, Oct. 25.—At a conference of the party leaders of the Austrian lower house, held recently, Stransky, one of the Czech chiefs, declared that in future all negotiations between the Austrian government and the Czecho-Slovak government must be carried on with the Paris organization, Jugo-Slav deputies made a similar declaration, it is said.

### SOUTH CAROLINA HAD INFLUENZA IN 1789

DALLAS, TEX., Oct. 25.—Records of a disease similar to Spanish influenza which swept the South more than a century ago have been found here in old family letters in possession of W. E. Ellison.

"The influenza still prevails here and numbers have caught it and are dangerously ill," wrote Captain George Cross of Charleston, S. C., to Mrs. Eliza Thompson, Mr. Ellison's grandmother, on Oct. 12, 1789. The letter gave names of members of the family and friends who were victims of the disease. Captain Cross was a soldier in the revolutionary army.

Texas republicans are making a strong bid for the whiskey vote and for the vote of the Ferguson following. They have nominated a clever gentleman named Boynton of Waco and are bombarding the press and the voters with campaign matter. The republicans in Texas, as they are elsewhere, are without an issue and nothing reveals this better than the appeal of Texas republicans to the disgruntled elements in Texas politics.

AN IMPORTANT INDUSTRY.

The review of the refining industry in Wichita county published in Thursday's Times reveals an investment of seven and one-half million dollars in that industry here. The refining of oil is rapidly becoming one of the leading industries in the county and if its development is continued will eventually rank next to the production of oil in importance.

The production of 25,000 barrels of oil daily brings a vast sum of money into Wichita county annually. The refineries already in operation are adding other large values to the oil produced and with those now building will add nearly as much as the original value of the crude.

On account of excellent railway and pipe line facilities, ample capital for investment and operations, large supplies of crude close at hand, Wichita Falls being the natural center for oil operations in the North Texas field, has also become the refining center. In many centers around which there is large production of oil the refining of this oil has become of more importance than its production. This may some day become the situation in this county.

South Dakota Has Extremely Bitter Political Battle

By Associated Press. BISMARCK, S. D., October 25.—The political battle between the Nonpartisan league and its opponents increases in bitterness as time draws near for the general election in which voters will name full congressional and state tickets in North Dakota.

In the gubernatorial contest, Governor Lynn J. Frazier seeks re-election on the republican ticket and is opposed by S. A. Doyle on the democratic ticket. The republican ticket was nominated at the primaries by the Nonpartisan league. Independent republicans opposed to the league had a hand in framing the democratic ticket.

The candidates for congress on the republican ticket are John M. Daer in the first district, who was sent to congress by the league, George M. Young in the second district and John H. Sinclair in the third. On the democratic side, Fred Bartholomew is candidate in the first district, I. V. Torson in the second and Halvor Halvorson in the third.

Two State Tickets. There will be two state tickets in the field, the development of the Nonpartisan league having marked the passing of the Socialist state party. For the first time in more than a decade, the prohibitionists have no candidates for the state office, and the progressive party, active in the last three elections, has disappeared.

The league has renominated on its state ticket all but two of the officers it elected two years ago. They are M. P. Johnson and Charles W. Blahak, members of the Railway commission. A majority of the republican candidates for the state legislature have been nominated by the Nonpartisan league. In some districts, where it failed to get candidates on the republican ballot, the league nominated men on the democratic ticket, or independently by individual nominating petitions. In the last house of representatives the league had a clear majority of about sixty. It also elected a majority of the state senate, because of twenty-five hold-overs who were unable to control the senate. It elected less than half of the present congressmen or the state senate, the league will have a working majority in that body. Control of the lower house is conceded the league.

Frazier Had Majority. At the primaries, Frazier was opposed by John Steen, state treasurer, who was supported by the anti-league republicans. Frazier received a majority of more than 15,000 out of approximately 90,000 votes.

The republicans then amalgamated with the democrats under the name of the Independent Voters Association in support of S. J. Doyle, United States Marshal at Fargo, who was nominated by the democrats over G. W. Wilkinson, recently deposed as postmaster of Fargo. Wilkinson sought the democratic nomination with the support of the league.

Doyle has waged an energetic campaign, vigorously attacking the economic program of the league as embodying in its proposed amendments to be voted on this fall.

PRESIDENT APPEALS FOR ELECTION OF DEMOCRATIC NATIONAL CONGRESS

By Associated Press. WASHINGTON, Oct. 25.—President Wilson today issued an appeal to the people to return a democratic congress in the November elections if they approve of his course in this critical period.

Return of a republican majority to either house of the congress, the President said, "would be certainly interpreted on the other side of the water as a repudiation of my leadership."

The President said he would accept the country's verdict without cavil, but that if it was adverse, the power to administer the great trust assigned to him would be seriously impaired.

Appeal to Countrymen. Following is the President's appeal: "My fellow countrymen: The congressional elections are at hand. They occur in the most critical period our country has ever faced or is likely to face in our time. If you have approved of my leadership and wish me to continue to be your unembarrassed spokesman in affairs at home and abroad I earnestly beg that you will express yourselves unmistakably to the effect by returning a democratic majority to both the Senate and House of Representatives.

"I am your servant and will accept your judgment without cavil, while my power to administer the great trust assigned me by the constitution would be seriously impaired should your judgment be adverse and I must frankly tell you so because so many critical issues depend upon your verdict. No scruple of taste must in grim times like these be allowed to stand in the way of speaking the plain truth.

Would Divide Leadership. "I have no thought of suggesting that any political party is paramount in matters of patriotism. I feel to deeply the sacrifices which have been made in this war by all our citizens irrespective of party affiliations to harbor such an idea. I mean only that

the difficulties and delicacies of our present task are of a sort that make it imperatively necessary that the nation should give its undivided support to the government under a unified leadership and that a republican congress would divide the leadership.

"The leaders of minority in the present congress have unquestionably been pro-war but they have been anti-administration. At almost every turn since we entered the war they have sought to take the choice of policy and the conduct of the war out of my hands and put it under the control of instrumentalities of their own choosing. This is not a time either for divided council or for divided leadership. Unity of mind and action is necessary now in civil action as it is on the field of battle. If the control of the House and the Senate should be taken away from the party now in power an opposing majority could assume control of legislation and oblige all action to be taken amidst contest and obstruction.

Be Accepted as Repudiation. "The return of a republican majority to either house of the congress would moreover be interpreted on the other side of the water as a repudiation of my leadership. Spokesmen of the republican party are urging you to elect a republican congress in order to back up and support the President, but even if they should in this sense upon some credulous voters on this side of the water they would appear on the other side as well as here as a repudiation of my leadership. It is my duty to support the President, and I will do so to the best of my ability.

The peoples of the Allied countries with whom we are associated against Germany are quite familiar with the significance of elections. They would find it very difficult to believe that the voters of the United States had chosen to support their President by electing to the congress a majority controlled by those who are in fact

not in sympathy with the attitude and action of the administration. Individuals and Party Not Involved. "I need not tell you, my fellow countrymen, that I am asking your support not for my own sake or for the sake of a political party, but for the sake of the nation itself in order that its inward unity of purpose may be evident to all the world. In ordinary times divided councils can be endured without permanent hurt to the country. But these are not ordinary times. "If in these critical days it is your wish to sustain me with undivided minds I beg that you will say so in a way which it will not be possible to misunderstand either here at home or among our associates on the other side of the sea. I submit my difficulties and my hopes to you.

"WOODROW WILSON."

GOVERNOR GRANTS A RESPITE TO GILBERT

By Associated Press. AUSTIN, TEX., Oct. 25.—A respite of twenty-eight days was granted to Frank Gilbert who was to have hanged in Liberty county November 1, by Governor Hobby. Gilbert is under death sentence for the killing of his wife, and a twenty-one day respite previously granted expires November 1. The second respite is granted at the request of the board of pardons, which wishes more time to investigate as to the sanity of Gilbert, as a petition filed in an effort to secure commutation to life sentence contends that he is mentally below normal. The respite expires November 29.

ASK DAMAGES FOR POLLUTION OF RIVER

FORT WORTH, TEX., Oct. 25.—Damage suits have been filed in district court here against the city of Fort Worth, Armour and Company and Swift and Company alleging injury to the property of citizens of Greenwood through the pollution of the Trinity river.

COL. E. M. HOUSE REACHES FRANCE ON WAR MISSION

(Continued from page 1.)

Colonel House, President Wilson's confidential adviser, was sent to Europe as the personal representative of the President on an official mission. This announcement is authorized officially but further information is withheld.

Connected With Peace. It is understood, however, that the visit of Colonel House to Europe at this time is connected with German proposals for an armistice and peace which now is before the Allied governments for decision. Colonel House very probably is authorized to represent the President in discussions with Allied governments.

The fact that Colonel House left for Europe several days before President Wilson's final departure was despatched is further proof that every step of the President's negotiations with Germany has been taken in full accord with the Entente governments. It is also taken to indicate that decision to transmit the German plea to the Allies under certain conditions was reached even before the last note from Berlin was received.

In Touch With Situation. Colonel House long has been recognized as the logical selection by the President to represent him in such conferences as now are to be held. Not only is he closer to the President probably than any living man, but he is believed to be peculiarly fitted for the task at hand. He has made frequent trips to Europe since the war began in 1914 conferring with leaders of the leading belligerent nations and more than a year he was charged by the President with gathering data for use at the peace conference.

Colonel House elected as his assistants in his work a number of experts in certain fields and a great mass of information has been gathered. Much of it has been assembled at the headquarters of the American Geographical Society in New York and on his last trip to New York after the German note was received, President Wilson examined the data in company with Colonel House.

PREMIER AND KING ARE INDIFFERENT TO SHELL FIRE

Associated Press Mail Correspondent. LONDON, Oct. 25.—King Albert of Belgium and Premier Clemenceau of France were apparently so indifferent to shell fire to which they were exposed while the President was visiting the Belgian front recently as to arouse the admiration of the Belgian soldiers. One of them describes the incident thus:

"The scene is laid among the ruins of a part of the Belgian front daily shattered by shells, bombs, or aerial torpedoes. In the street parallel to the trench a little group of persons are walking. A tall khaki figure seems to be guiding a civilian and some French officers. It is a Belgian general wandering leisurely up and down answering questions and giving explanations to his guests. From our dug out we soldiers watch with curiosity.

"Suddenly a whistle, an explosion and a burst of smoke but thirty yards from the visitors. Not one of them took any notice. Another it falls quite near. The Belgian general, the civilian and their suite have not turned their heads, merely continue their walk as slowly as before. While the fire continues the visitors are getting nearer our dug-out and we stand at attention.

"The Belgian general is King Albert, the civilian M. Clemenceau."

PARIS NEWSPAPERS ENDORSE WILSON'S REPLY

By Associated Press. PARIS, Oct. 25.—President Wilson's reply to Germany is endorsed emphatically by the morning newspapers without exception. The Ouvre expresses the general opinion in a three column headline: "Abdication or capitulation."

The Matin says: "The formula employed by President Wilson justifies in advance all the requirements which in patriotic enthusiasm stated and military chiefs would feel bound to specify." The Petit Parisien says: "President Wilson has spoken plain words in reply to the last note of Prince Maximilian. The President knew whitewash was going and made no effort to wrap up his thoughts in obscurities."

New York Stocks

By Associated Press. NEW YORK, Oct. 25.—Stocks were weak at the opening of today's session, speculative issues losing to 4 points as a direct result of the action taken yesterday by the local money committee to reduce bank loans and restrict operations within reasonable limits. The most severe declines were registered by oils, shiping and equipments, although investment rails, U. S. Steel and other standard stocks averaged recessions of 1 point.

Numerous stop loss orders were dislodged in the heavy selling of the first half hour with a few substantial recoveries on supporting orders. Oils made further substantial advances during the noon hour, Mexico Petroleum selling at an actual gain of five points. Express company shares and some of the minor equipments are low priced coals also strengthened but U. S. Steel and rails eased fractionally.

Higher prices in the last hour were limited to Mexican Petroleum, American Smelting the motors and a few specialties. The closing was heavy. Lately bond closing sales: 3 1/2's 99.80; first convertible 4's 97.26; second 4's 96.90; first convertible 4 1/2's 97.20; second convertible 4 1/2's 96.94; third 4 1/2's 97.02.

Market Report

Grain Market

By Associated Press. CHICAGO, Oct. 25.—New peace moves by Turkey had a bearish influence today on the corn market. The effect, however, was a tendency to reduce support for prices rather than to enlarge holdings. Besides, the likelihood that Turkey would soon yield unconditionally seemed to have been to a great extent discounted on previous occasions. Open figures which ranged from the same as yesterday's close to 1 1/2c lower with November \$1.24 1/2 to \$1.24 1/4 and December \$1.20 1/2 to \$1.21, were followed by moderate rallies and then another sag.

Bullish estimates of food administration export requirements gave strength to oats. Weakness of corn was virtually unchanged. After opening 1/4c off to 1/2c up, with November 69 1/2 to 69 1/4, the market reacted a little but then made a fresh upturn. Commission houses buying led to a sharp advance in provisions. Offerings were scarce.

Subsequently shorts met with difficulty in covering, their bidding forced a sharp upturn. The close was strong, 1 1/2 to 2c net higher with November \$1.27 1/2 to \$1.27 1/4, and December \$1.22 1/2 to \$1.22 1/4.

Big advances were made on January deliveries, on which no official restrictions as to price are in force. Packers were said to be buyers.

Cotton Market

By Associated Press. NEW YORK, Oct. 25.—Smaller ginning figures than expected caused an advance of more than \$2.50 a bale in the cotton market during today's early trading. There was a renewal of hedge selling at the start, but first prices were firm and after opening unchanged to 23 points higher, active months soon sold 50 to 56 points above last night's closing figures, with December touching 29.90 and January 29.30. The census report showed only 6,790,000 bales ginned to October 18, compared with 6,333,606 last year and 7,303,183 two years ago. The trade had been looking for a report of a little over seven million bales and the figures revived confidence in smaller estimates of the yield, although some claimed that ginning had been restricted to some extent by the influenza and the shutting down of gins in some localities as a result of congestion at the oil mills.

The market was quiet later. There was enough realizing, Liverpool and southern selling to check the early advance and cause reactions of about 20 points but spot advices were bullish; there was moderate trade buying, and the undertone was steady. December held around 29.75 and January 29.25 at mid-day, or 39 to 45 points net higher. Prices eased off slightly early in the afternoon under realizing with December selling off to 29.50 and January 29.03, or about 2 to 30 points from the high level of the morning. Otherwise there did not seem to be much change and the market later closed about 29.70 or about 34 points net higher than the cotton closed steady.

New Orleans Cotton. NEW ORLEANS, Oct. 25.—Smaller ginning figures than expected caused an advance of more than \$2.50 a bale in the cotton market during today's early trading. ginning returns than expected caused a rapid rise in the price of cotton, beginning with the first call today. In the first half hour of business the trading months were sent 60 to 62 points over the level of yesterday's close. A quiet but steady tone prevailed in the afternoon and at one o'clock prices were 7 to 25 points up net. The market quieted down and early buyers were inclined up which resulted in small reaction. At the middle of the day the trading months were at a net rise of 40 points. The cotton market closed steady at a net advance of 44 to 50 points.

### PLAN ORDINANCE TO REGULATE THE LOCAL JITNEYS

At the regular meeting of the city council held Thursday night the matter of an ordinance regulating service cars was discussed at some length by the mayor and members of the board of aldermen. The opinion being expressed that some action should be taken. It was suggested that provisions be made for a city license embodying the conditions whereby the license could be revoked when any provision of the ordinance was violated. It was explained that there was a state law providing that chauffeurs must be licensed, but this did not meet the conditions obtaining here. The city attorney was instructed to prepare an ordinance covering the matter to be presented at the next meeting of the board.

**Criticizes City Hall.**  
Mrs. T. B. Smock of the city health board appeared before the council to take up some matters connected with the work of that department. To begin with she sharply criticized the condition of the health hall, which she said was not kept in a sanitary condition. It was explained that the condition was due to an inability to secure a new auditor, and Mrs. Smock was given the assurance that the matter would be given prompt attention. Mrs. Smock also called attention to the fact that the membership of the board was short one member, since the departure of Dr. Mike Walker, and suggested that a physician be selected to take his place.

**City Secretary J. W. Walkup** was granted a leave of absence for the week beginning November 11, that he might attend a meeting of the Masons in Dallas during that time.

B. Noble was present and commended the practice of the railroad in picking up the tanks of the city, requesting that the council take some action to relieve the situation.

A motion was adopted by the meeting voicing the thanks of the city to Mayor J. E. Marlow and family for their splendid work in caring for the afflicted during the influenza epidemic.

### QUARANTINE AT CALL FIELD NOT OFF ON MONDAY

Quarantine at Call Field will not be lifted Monday, Major J. R. Alford, commanding officer stated today, but if conditions in the city seem to warrant it in the opinion of the medical authorities at the camp, the quarantine may be lifted by the latter part of next week. The third week of quarantine is now closing. It was stated when the camp was put under quarantine that the period of time would depend on the situation in Wichita Falls as well as at the camp, the chief medical officer, Major Curtis Atkinson, having been given authority to keep the quarantine on as long as he considered it advisable, regardless of the number of cases in the camp.

There were no new cases reported today at the camp, headquarters stated, and the patients in the hospital were all doing very well. No new cases of pneumonia were reported.

Mayor Marlow this afternoon stated that according to reports that had come to him the local situation was improved. There were only a very few new cases and none of them regarded as serious, he said. The mayor also extended thanks to Messames O. C. Somers, W. C. Edwards and H. B. Hines for their kindness in taking needed supplies to the court house hospital. The patients were most grateful to these women for their contributions and the interest they displayed.

**COMPARATIVELY BUSY SESSION OF CITY COURT**

Following a lull in activity for several days, this morning's session of police court was comparatively busy. Four gamblers swelled the treasury to the extent of \$40, their fines being \$10 apiece. One drunk paid a \$10 fine and two women were held for vagrancy and disturbing the peace, respectively. They were turned over to the county authorities.

### "PAY YOUR PLEDGE" AT THE CHURCHES

**Booths Installed in Local Stores**

Booths were being installed today in a number of stores and the leading hotels, preparatory to beginning the big "Pay Your Pledge Week" which the Wichita County War Savings Committee will launch on Saturday to sell \$200,000 worth of War Savings stamps before November 1. This amount remains unbought from the total of \$472,600 pledged in this county and it is the committee's plan to sell the entire amount during the next few days, with the cooperation of the public and the Wichita County War Savings Committee.

Mrs. J. W. Lee and Mrs. J. W. Stone of the women's committee has the booths in charge and this afternoon announced the following girls and women who have taken a prominent part in this war work to have charge of the booths: St. James Hotel, Mrs. Fitzpatrick and Miss Mary Orth; Westland Hotel, Mrs. Clarence Moore and Miss Helen Stone; Hearst Hotel, Mrs. Mary Boyd Robertson; McClurk's, Mrs. W. S. Silk; Mrs. J. C. A. Guest; Perkins Timberlake; Misses Cecelia Co. M. Monroe; Mrs. E. C. W. enoph.

### OPERATORS HAVE TROUBLE SECURING STAR RIGS

After paying high prices for having their wells drilled companies operating at Burkburnett are finding that they will have to pay big prices for star rig outfits to have them swabbed. The prices demanded for these star rigs range from \$80 to \$125 per day. A number of companies are buying their own star rigs, figuring that the saving will soon pay for them. One Wichita Falls operator is having a star rig shipped here by express from Chanute, Kansas.
