ITALIAN ADVANCE CONTINUES

ANOTHER GERMAN PEACE NOTE RECEIVED

REPLY TO THE AUSTRIAN NOTE NOT READY TODAY SAYS SECRETARY LANSING

WASHINGTON, Oct. 30.—Secretary Lansing said late today the state would not make public immediately the new German note, nor would there be an announcement today of a reply to Austria.

WASHINGTON, Oct. 30.—Another note from the German government reached Washington today. It supplants the last brief communication saying armistice terms were awaited by reciting in detail governmental changes which have taken place in Germany as evidence that the Kaiser has been deprived of power of making war and negotiating peace.

This time the Germans do not address President Wilson personally, but send the information for the American government, apparently recognizing that the stage of personal appeals has passed with the transmission of their armistice and peace plea to the Allies.

Secretary Lansing said late today the state would not make public immediately the new German note, nor would there be an announcement today of a reply to Austria.

AMERICAN SHIP FORCES U-BOAT TO SEEK SAFETY

NEW YORK, Oct. 30.—A torpedo and shell fire attack by a German submarine on an American tanker, a British freighter and a Norwegian freighter, October 21, ten hundred miles from the French coast in which the American tanker stopped to engage and apparently out-fought the U-boat, was described by the crew of the Norwegian ship which arrived here today.

PLAIN AUSTRIA IS EXHAUSTED AND IN DESPERATE PLIGHT

PARIS, Oct. 30.—The second note of Count Andrassy, the new Austro-Hungarian foreign minister, to President Wilson is accepted as evidence that Austria is in a desperate plight and has exhausted her powers of resistance.

The Danubian monarchy seeks an issue all the more promptly because it knows the inhabitants of which expect him by defection and the desire of vengeance which inspired the Berlin cabinet, says the Petit Parisien and other newspapers.

These moves by the Austro-Hungarian government and its new foreign secretary were wholly unexpected.

WASHINGTON, Oct. 30.—Contracts for construction of a number of troop ships at a cost of \$60,000,000 by the Bethlehem Shipbuilding Corp. at Alameda, California, have been cancelled by the shipping board.

CZECHO SLOVAKS SELECT PRESBURG AS THEIR CAPITAL

By Associated Press. PRAGUE, Oct. 29. (Havas).—The Czecho-Slovak council of state has decided to make Presburg the capital of the Slovakia, according to the newspapers here.

Presburg is situated on the north bank of the Danube, 34 miles south-east of Vienna. It is beautifully located near the western extremity of the Carpathians and is one of the finest cities in Hungary. Hungarian kings were crowned at the cathedral of St. Martin, at Presburg, for centuries. The population of the city in 1900 was 61,357. It was announced recently that the Czecho-Slovak council had changed the name of Presburg to Wilsonstadt in honor of President Wilson.

COMMITTEE TAKES OVER GOVERNMENT IN PRAGUE

By Associated Press. COPENHAGEN, Oct. 30.—The Czech national committee has taken over the functions of the local government in Prague, the Bohemian capital on Monday marking the final step in its successful revolution there, according to a telegram from Berlin to the National Tidende. The Austrian imperial symbols were removed from various buildings and imperial proclamations torn down. The city officials have taken an oath of fidelity to the Czech state. During Monday night, the general commanding the Prague garrison and his staff placed the entire armed forces in the city at the disposal of the Czech national committee.

War Is Not So Bad But Luke Objects To Kiss From Generals

Associated Press Mail Correspondent. PARIS, Oct. 5.—The only decorations worn by Private Luke Thayer, Jr., of the United States Marines up to two years ago were those received about his capture when he settled his disputes in the good old Yankee way.

Today, Luke who is a trifle over nineteen years old, wears three campaign ribbons, a croix de guerre with a palm, two wound stripes and two other stripes indicating a year's service in France.

Incidentally he is wearing half a dozen scars from Boche shrapnel and bullets. Luke is the son of the chief of police of Georgetown, Pa. He was living at 1707 Arch street, Philadelphia when a recruiting poster caught his eye and he decided to see the world through the medium of the U. S. Marine Corps travel agency by accepting his five feet six to the full limit and by looking the recruiting officer in the eye without blushing while he swore he was a trifle over the limit for enlisting. Luke got into the "Soldiers of the Sea."

Story of Luke's Adventures. The story of Luke's adventures since that day he got out in this city, when, while convalescing in a large military hospital, he got permission to visit the headquarters of the Knights of Columbus at which he had a free smoke and entertainment. He got both and I got his story.

Within a few months after Luke enlisted he earned his first campaign ribbon by helping to impress the might of Uncle Sam on some of the natives of San Domingo. A jaunt to Haiti was next in order where he acquired another ribbon. It was at Belleau Woods that Luke earned the right to wear the war cross with a palm. A detachment of the marines with a French regiment at the time. On a little hillock well camouflaged by a clump of bushes, two German machine guns were spitting death into the ranks of the French and the marines. Twelve volunteers were called for to storm the two nests and Luke was one of the twelve.

Divide into Two Bodies. The twelve divided into two bodies, but of the five with Luke only one got as far as the objective with him. The others were either killed or wounded. Three grenades were placed by the boy from Pennsylvania in the hands of the crew of the gun he was after.

Over on the other part of the hillock Luke noticed his "pals" were having a tough time. He turned the gun he had captured on the Germans, still fighting with the other "bullet" and not only finished them quickly, but routed a counter attack made by about thirty of the Boches. Aid arrived a little later, but before that time fragments of a shell had put Thayer out of action temporarily. Since that time he's recovered enough to have had the war cross pinned on him, and he's happy for the reasons have told him he'll get back into action soon.

"This wouldn't be such a bad old war," said Thayer, "if only those French generals wouldn't insist on kissing a guy when they pin a medal on him."

Two Billion Marks in German Bank Notes Issued. ZURICH, Oct. 30.—The German reichsbank has issued bank notes to the amount of two billion marks during the past four weeks, according to the Neue Zeitung of Munich. The newspaper says that this was caused by the hoarding of bank notes by the people and points out that if the Germans do not give up their present "crisis" a financial catastrophe is inevitable.

FIFTY APPLY FOR ENTRY IN SCHOOL AT CAMP FREMONT

After receiving 50 applications for the officers training camp at Fremont, California, Lieutenant W. F. Holman left Wichita Falls Tuesday night to continue his tour of the State to receive applications for the training camp.

He was at the Westland Hotel on Monday and Tuesday, giving information to men who desired admission to the new training camp which will open December 1, and stated that he found a good deal of interest locally, and was much pleased with the number of applications. The ages of the applicants ranged from 18 to 44, the majority of men who filled out the blanks being in the thirties, however, Lieutenant Holman stated Tuesday night. Those applications were forwarded last night to the southern department headquarters, at Fort Sam Houston, and the applicants will receive notice as to what disposition has been made of their applications as soon as possible. Those certified to attend the training camp will receive notice about 10 days before the camp opens on December 1 to stand in readiness to begin training. As soon as the applications are acted on, however, the applicants will receive notice of their acceptance or rejection. Lieutenant Holman is not permitted to give out the names of the applicants.

Campbell Anderson Co. WICHITA FALLS STYLE & QUALITY STORE. Just a Limited Quantity of Wirthmor Waists. \$1.00 still buys a Wirthmor Waist! Think of it. Isn't it really remarkable. For many months past these Wirthmor Waists would have represented splendid values at \$1.50. In any other line they would have had to bring that much. Needless to tell of the exorbitant advances in coat of cotton fabrics; of the skyrocketing of labor costs, in fact of the availing of everything that enters into their construction. Two courses were open; to maintain standard and advance their price, or to maintain price and materially lower the standard. Since Wirthmor represents an unflinching standard there could be but one choice. On December first the price must be increased to \$1.50, and thereafter just as in the past they will be true to their name Worth More. Wirthmor Waists come to us under a real thrift plan that through the elimination of every possible and avoidable expense in both making and selling will always result in the best obtainable values and an unequalled style service. The Wirthmor Plan is open to just one good store in every city.

COLONEL HOUSE HAS CONFERENCE WITH NOTED MEN

By Associated Press.
 PARIS, Oct. 29.—Colonel E. M. House, special representative of the United States government to the European governments has taken a house in a quiet quarter of Paris on the left bank of the Seine not far from the French ministry of war. He has already had conversations of considerable length with Premier Clemenceau, Field Marshal Haig, Viscount Milner, British secretary of the state for war, William Graves Sharp, American ambassador to France, Premier Venizelos of Greece and General Tasker Bliss, American representative to the supreme war council.

The precise information in possession of Colonel House relative to the European situation rather amazes statesmen on this side of the Atlantic. They have not been aware that Colonel House, as head of a bureau at Washington has been receiving for eight months the results of original study from many sources of conditions in every belligerent country in Europe.

A loss of from \$1,200 to \$1,400 was sustained Tuesday evening when a fire, starting from the main stack which runs up through the roof, damaged the heavy suspended boiler room tanks at the water and light plant. Efficient service by the fire department prevented the spread of the flames to the switch board and dynamo and the boilers beneath the burning roofs were not stopped. Light and power service in the city was not interrupted. The fire started about nine-thirty.

REPORT HOWARD HEATH WOUNDED IN SERVICE

Howard Heath, formerly a resident of Wichita Falls, has been wounded in France, according to word received by his father, N. R. Heath, of Vernon. The Vernon Record contains the following:

"N. R. Heath received a cablegram yesterday, advising that his son, Howard, had been slightly wounded. The message is dated at Orleans, which Mr. Heath says is about 150 miles behind the fighting lines, and he infers Howard is in a base hospital. For that reason, the father doubts if his son's wound is slight."

"Howard is a member of the 36th Division. He saw service along the Mexican border as a member of the National Guard."

ONE HUNDRED TO ENTRAIN FOR CAMP ON NOVEMBER 11

Draft calls for fighting men have been opened and on November 11 the Wichita county board will entrain about 100 men for Camp Travis, for combatant service overseas. The board announces that it has received notice from the office of the adjutant general that a large number of fighting men will be called from Texas in November and December and the board is requested to hold themselves in readiness to supply a large number of men on short notice. The board is passing this information along to the registrants, both those of the old Class 1 and of the Class 1 of the September 12, 1918 registration, as a great number of them will be called before the end of the year, and they should have their affairs in readiness to go at any time.

Claud Montgomery Has Leg Crushed By An Automobile

Caught between an advancing automobile and the front of the building occupied by Quisenberry's, 702 Indiana, Claud B. Montgomery, city gas and wire inspector, this morning sustained a badly crushed leg before the car could be stopped. The automobile belongs to W. Quisenberry and was driven by Miss Mary Alexander, employed by the Quisenberry Company.

According to eye witnesses, Miss Alexander, in parking the car in front of the store, had engaged a bicycle leaning against the curbing. Mr. Montgomery in passing offered to take the bicycle out of the way and Miss Alexander reversed the machine and moved several feet out into the middle of Indiana. According to her own statement, she gave the engine too much gas in starting to repair the machine which went over the curbing and into the glass front of the building before it could be stopped. The glass display window was shattered. Miss Alexander stated that she had looked up at a remark from Mr. Montgomery which she did not understand and controlling the feed with her foot, she had allowed the car too much gas. She immediately threw the machine out of gear but was unable to stop the engine before the car had caught Mr. Montgomery against the store.

The injured man was immediately taken to the hospital where he is resting quietly.

AMUSING MIXUP IN FEATURE FILM AT MAJESTIC

In "A Pair of Silk Stockings," Select feature, showing at the Majestic today, Sam Thornhill, a young man who has recently been divorced by his wife, Mollie (Constance Talmadge), meets her at a country house where he is a guest, and she maroons him in a car which she has bought against Sam's judgment, is being repaired. Sam goes to her room in an attempt to make up their differences and finding her absent, hides in the house. Mollie's husband, her former guest, returns to his room, which is now occupied by Mollie and meets her as she enters. Sam, in his tramp make-up, having been cast for a theatrical, bears her tell she is a truder, who had formerly been a suitor, that she still loves him. Mollie, entering in her closet, the pseudo tramp is dragged forth and not recognizing him, the two bid him good night. Mollie's silk stockings. When the guests come at the sound the prisoner is securely locked in the bathroom and Mollie's room are in order. The burglar is about to be produced when they find that he has through the window from Mollie's bath, enters the throng unseen, in his own clothing and Mollie's stockings. This settles the identity of the tramp and Mollie, being convinced that the make-up of car suggested by Sam would be cast, after all, and consents to reconsider not only the other make of car, but Sam as a husband.

"THE PRUSSIAN CUR" A REVIEW

The amazing crimes of the Kaiser's propagandists and secret agents in America are revealed with startling realism in "The Prussian Cur," the William Fox war-epic, at the Empress theater today and tomorrow.

This tremendous picture is not only based on recorded events of the World War, but it contains sensational "inside" revelations of Capt. Horst von der Goltz, who served the German Government as a secret agent for ten years and at one time faced death in the Tower of London for his attempt to blow up the locks of the Welland Canal in Canada. Moreover, Capt. von der Goltz personally appears in many of the stirring scenes.

The burning of factories, the destruction of merchant ships, the poisoning of public opinion with insidious German propaganda, the stirring up of labor troubles—all are woven into this stupendous picture play.

Through various scenes were the mightiest figures of the last half century—Woodrow Wilson, Abraham Lincoln, General Pershing, Ambassador Gerard, General Foch, the Kaiser, the German Crown Prince, Hindenburg, Von Hindenburg, Von Tirpitz, Von Lennep, hundreds of spies, secret service men, writers and speakers; thousands of persons appearing as factory workers, mobs, soldiers, sailors and students.

Judge Barry announced that he will call a jury for November 11, as it was the opinion of the bar that damage from influenza would be over by that time. In the meantime non-jury cases may be called at any time, Judge Scurry stated.

SYNCOATED TUNES PRE-VAILED IN "WATCH YOUR STEP"

The New Orleans Times-Picayune recently published the following criticism of "Watch Your Step," Irving Berlin's musical comedy which will fill a one-night engagement at the Wichita theater Monday, Nov. 4:

Tuneless, colorful, clean, sparkling and full of "pep" and syncopated action from the first flash of light upon the stage to the drop of the final curtain, "Watch Your Step" opened the regular season at the Tulsa theater Sunday night and, frankly, the majority of the persons in the audience that filled the house completely were most agreeably surprised at the quality of the show.

Of course, "Watch Your Step" makes no claim to any pretensions save that it is presented for the purpose of pleasing. It lives up to its pretensions. The company is noteworthy for its pretty girls, its lively songs and its snappy lines. There is not a dull moment in the entire action of the show, and the laughs are plentiful. Charles Udehl is the eccentric comedian, but the work of radiating hilarity is not entirely confined to his keeping. Joan Knox as his demure daughter is as winsome as Udehl is odd and she has a remarkably sweet voice. Kathleen Neal can lay claim to the same distinction, her song, "I Love to Have the Boys Around Me," being especially "fetching" and her "Hulman warble of "Daddy," with the assistance of a chorus emerging from their berths in all that sort of fluffy nothingness which apparently hurls the feminine soul to sweet repose, calls for waves of applause. Cordelia Tilden is a distinctive dancer in company that delights in dancing all the while. Her movements are so graceful that she needs no other commendation and all of the other girls have to dance well to be in her company. Billy Clark of early minstrel fame steals the show in his work as carriage starter at the Metropolitan Opera House, and his monologue upon his war experiences is a scream and devoid of the disgusting element that usually attaches to the effort to be funny with "war stuff."

"THE PRUSSIAN CUR"

If you have thrilled with indignation at the heinous attempts of German spies in this country to destroy American life and property, and if you would like to see just how these villainous schemes were planned and carried out, you must not miss this sensational photodrama, based on revelations by Capt. Horst von der Goltz, for ten years a German spy, you will see the men our nation is fighting—the Kaiser himself, Von Hindenburg, Admiral Von Tirpitz, Count Von Bernstorff, and other great German figures in the World War. You will see these men pulling the strings attached to their puppets in America, and you will see the spies, led by Capt. von der Goltz in person, engaged in their criminal work—the wrecking of trains, the making of bombs, the fomenting of labor troubles, the destruction of munition plants, the corrupting of writers and speakers.

You will also see President Wilson, General Pershing, the United States Congress, our soldiers, our seamen and countless other loyal Americans combating these German evils and upholding the honor of America.

R. A. Walsh, the director has spared no pains to see that each scene was made historically correct. He has also woven into this soul-stirring picture an absorbing romance of love and patriotism between an American girl and her soldier.

THE GOVERNMENT and THE SPERRY & HUTCHINSON CO. are preaching from the same text

The government requests that everyone practice Thrift and Economy.

The government requests that retail selling be placed on a cash basis.

It is the plain, patriotic duty of everyone to comply with these requests.

Thrift is the natural sequence of cash trading.

Paying cash benefits you and the community in which you live.

Since 1896, the now nationally popular **U.S. Green Stamps** given as a discount for cash, have induced millions to trade in this profitable, sensible, business-like way.

Today, these stamps are a symbol of Thrift in millions of homes, in thousands of cities and towns throughout the nation.

In encouraging this beneficial method of buying, **U.S. Green Stamps** place within easy reach of everyone a most practical system for co-operating with the law of the land—Sensible Conservation and Practical Thrift.

The popular **U.S. Green Stamps** and Thrift are synonymous. Twenty years ago these tokens blazed the trail followed today by millions.

TWO STREAMS OF REFUGEES CROSS HOLLAND BORDER

FROM SMALL BEGINNING NUMBER HAS INCREASED TO THOUSANDS.

SCENE IS AFFECTING

Privation and Suffering Reflected in Faces of Men, Women and Children.

Associated Press. Wednesday, Oct. 29.—When the German retreat from Belgium Flanders began it was reported that 200,000 refugees would seek safety in Holland. Up to Saturday, however, only a fractional fraction of this number had arrived. At that time only about 7,000 had passed through the wire gates marking the Dutch-Belgian frontier. By Saturday 4,396 arrived. All but thirteen were French people from the districts of Valenciennes, Douai, Cambrai and Quenoy.

There is no contention of the 114 who the mass of refugees from Belgium threaten to overwhelm the hurriedly organized bands of willing helpers. This time the stream began to trickle in slowly, but the number now has increased to thousands. However, there has been a cessation of arrivals at frontier centers food depots in charge of committees co-operating with the Dutch Red Cross.

So far there has been two main streams, some thirty miles apart. One point of entry is where the Dutch provinces of Brabant and Limburg meet and the other across the Meuse River into Massachusetts. At these points, the fugitives are registered and must undergo a personal examination.

The spectacle is affecting. Travel-stained, weary, ragged, travel-stained, men, women and children, the old and the young, the weak and the strong, the French civilians had been on the road a month; others six weeks or two months. All the French spots of the kindness of the Belgian people who shared their food with them.

On the passage the refugees slept at night on the bundles they carried. They may be packed at these points, all classes and a remarkable number of grandmothers of eighty or ninety braved the inclement weather in wheelbarrows and on sleds. The bundles of possessions carried by the refugees included birds in cages, chickens and rabbits and odd kitchen utensils.

The fatigue of the journey was too much for some of the travelers. The weaker ones died on the way and a few others succumbed soon after reaching the hospitable soil of Holland. Many of the refugees are suffering from grippe and bronchial affections.

Many pathetic incidents occurred during the march. Among the refugees reaching the Dutch border was a young mother with the body of her still unborn child clasped to her breast. The babe had died four days previously, but the mother refused to bury the body in soil which she had not seen. An old woman of Cambrai traveled for three weeks in a chair tied on a cart. Scarcely had she reached neutral soil when the cart overturned and she was killed.

To distribute the fugitives in Holland, the government last week ordered the burgomasters of Deventer, Zutphen, Arnhem and other cities to receive the liberated portions of Belgium but the plan is not yet feasible. Meanwhile a plan of repatriation by sea is being studied.

TO REOPEN INVESTIGATION INTO THE COAL SYSTEM

Associated Press. WASHINGTON, Oct. 30.—Investigation into the coal system was ordered by the Senate manufacturers committee as soon as members return to Washington. Senator Reed of Missouri, chairman, announced the investigation.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel troubles with calomel. His efforts to benefit it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquors or calomel. They take hold of the trouble and get it out of you. We care the liver at the expense of the rest of the body. So do strong liquors. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

It's headache, "dizziness" and that feeling come from constipation and a clogged liver. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. It's a real tonic. All druggists.

"A SPLENDID TONIC" Says Hixson Lady Who, On Doctor's Advice, Took Cardul And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. E. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side... My doctor told me to use Cardul. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there. I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardul, which I did. This last Cardul which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble. I feel it was Cardul that cured me, and I recommend it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardul. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, dizziness, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardul. Why not you? All druggists.

UKRAINIANS PLAN TO ENTER POLAND AS GERMANS LEAVE

Associated Press. PARIS, Oct. 30. (Havas.)—General Skoropadski, the Ukrainian hetman, according to a Zurich dispatch to the Bureau des Debats, has sent three Ukrainian divisions to the Polish frontier, with the object of occupying the districts of Chelm and Podlachia, which were given to the Ukraine in the 1918 treaty. The Ukrainians intend to move into Poland whenever the German and Austrian groups withdraw.

The German authorities in the Ukraine, it is added, support General Skoropadski. Numerous German soldiers have joined the Ukrainian divisions sent to the Polish frontier.

FOR STUBBORN COUGHS AND COLDS. Dr. King's New Discovery has a fifty year record behind it.

It built its reputation on its production of positive results, on its success in relieving the throat irritation of colds, coughs, grippe and bronchial attacks.

Dr. King's New Discovery? Why? My folks couldn't see anything else. That's the general nation-wide esteem in which this well-known remedy is held. Its action is prompt, its taste pleasant, its relief gratifying.

Half a century of cold and cough checking. All druggists, 60c and \$1.20.

Bowels Out of Kilter? That's nature calling for relief. Get her in her daily duties with Dr. King's New Life Pills. Not a purgative in the usual dose, but a mild, effective, corrective, laxative that tones the bowels into action.

Girard Says That Democratic Defeat Will Encourage Hun

Associated Press. WASHINGTON, Oct. 30.—James W. Girard, former ambassador to Germany, in a statement made public here today by the democratic national campaign committee says the Germans cannot understand the American political system and that a refusal of the country to sustain President Wilson with a democratic congress will convince Germany America is not with the President. Encouraged by this belief, he adds, the military resistance of the people will again stiffen.
