# FULL SURRENDER BY TURKS

## 15 AUSTRIAN DIVISIONS ARE SURROUNDED

# APPEAL TO DIAZ FOR ARMISTICE

(By Associated Press.)  
**LONDON, Oct. 31.**—The Austrian commander on the Italian front has appealed to General Diaz, the Italian commander in chief, for an armistice. The Exchange Telegraph Company states. The application, the news agency adds, has been forwarded to the Versailles conference.

**BASEL, Oct. 31.**—The city of Fiume has been abandoned by the Austrian authorities to the Croatian troops and the town has been bedecked with the Italian colors.

**BERNE, Oct. 31.**—The Hungarian diet at a joint meeting yesterday adopted a motion declaring that the constitutional relations between Hungary and Dalmatia, Slovenia, and Fiume had ceased to exist, according to the Hungarian correspondence bureau.

**WASHINGTON, Oct. 31.**—Fifteen Austrian divisions operating between the Brenta and the Piave on the Italian front have had their retreat cut off through the capture of the mountain pass of Vadal by Italian and Allied troops.

Official wireless dispatches from Rome today say the advantage is being pressed to the utmost and that a crisis is near. Enemy losses are described as appalling.

Occupation of the valley of Quero by the Italian army corps operating north of Valdobbiadene threatens Feltre and exposes the Austrians in the Grappa region to a flanking movement which it is said will compel immediate withdrawal.

The allied Italian army on the lower Piave is reported advancing steadily in the face of desperate enemy resistance.

In all, more than one thousand square kilometers of Italian territory was reconquered yesterday, and apparently the whole front is being driven on northward. The dispatches flatly deny the Austrian claim that territory across the Piave is being evacuated voluntarily.

**Statement is Denied.**  
 "Yesterday's Austrian bulletin," says an official wireless message, "states that the Austrian army is voluntarily evacuating territory across the Piave. This Austrian statement is absolutely false. The Austrian army has offered and is still offering a formidable resistance and it has been only since the Austrian line broke and the enemy was obliged to retire in disorder that the ground has been given up."

The fighting is proceeding with great bitterness, the Austrians being everywhere on the retreat. The enemy is offering a tenacious resistance in the mountain section and across the Piave between Monticchio and the Lavagna.

The English army corps and the French division, who represent the Allied contingents across the Piave, are fighting heroically. The front is now extending for about 150 kilometers.

"The fifteen divisions trapped by the fall of the Vadal pass are what is left in that region of thirty-seven Austrian divisions there on October 24."

(By Associated Press.)  
**PARIS, Oct. 31.**—The military governor at Fiume recently advised the Hungarian government that he was unable to defend the city. He received orders to hand over the administration to the Croatian national council which he did immediately.

**SANGUINARY FIGHTING GOING ON AT AGRAM**

(By Associated Press.)  
**LONDON, Oct. 31.**—Sanguinary fighting is going on at Agram, the capital of Croatia-Slavonia, according to a private message received at Amsterdam and forwarded here by the Central News Agency correspondent. Some of the soldiers at Agram did not join the revolutionaries.

**CROATIAN PARLIAMENTS VOTES FOR SEPARATION**

(By Associated Press.)  
**PARIS, Oct. 31.**—The Croatian parliament at Agram has voted for a total separation of Croatia, Slavonia and Dalmatia from Austria-Hungary, according to a dispatch to the Matin. The dispatch says that Agram is declared in the national colors and the people are celebrating the passage of the resolution.

**AUSTRO-HUNGARIANS WITHDRAW FROM SERBIA**

(By Associated Press.)  
**VIENNA, Oct. 31.**—(Via London.)—Austro-Hungarian forces on their eastern wing in Serbia are withdrawing from occupied territory and have completed the crossing of the Danube, according to an official statement tonight from Austro-Hungarian headquarters in Belgrade. The Austrian withdrawal continues.

**EGYPTIAN HEIR APPARENT DIES OF INFLUENZA**

(By Associated Press.)  
**BARCELONA, Oct. 31.**—Announcement is made here that Karabim Abbas, heir apparent of Ahmed Fuad Pasha, Khedive of Egypt, died of influenza on Monday.

**ZURICH, Wednesday, Oct. 30.**—The rapid advance of the Allies in Serbia is causing the liveliest alarm in Budapest according to a Vienna dispatch. It is feared the Jugo-Slavs will cross the Croatian frontier, join the Allied troops and march on the city. This is one of the reasons for the persistence with which Count Andrássy has asked for an armistice.

## NO REPLY TO AUSTRIAN NOTE

(By Associated Press)  
**WASHINGTON, Oct. 31.**—Secretary Lansing announced late today that there will be no formal reply to Austria's latest note but that the Swedish minister would be told verbally that the Austrian appeal had taken "the usual course," and had been communicated to the Allied chancelleries.

## COMMUNICATION IS CUT OFF BETWEEN BERLIN AND VIENNA

(By Associated Press.)  
**PARIS, Oct. 31.**—Communication between Agram and Fiume and between Berlin and Vienna has been totally interrupted. The Czecho-Slovaks have cut the railroad between Berlin and Vienna near Bodenbach and German trains can go only as far as Schindau, according to a Zurich dispatch to the Journal.

Fiume is the principal seaport of Hungary. Agram is the capital of Croatia and Slavonia and is situated near the Save River 75 miles inland. Bodenbach, where the railroad between Berlin and Vienna has been cut, is in the town in Bohemia near the Saxon frontier and is situated on the Elbe River.

**Policy of Empire Has Collapsed.**  
 "The continental policy of the German Empire has collapsed," says the Vorwaerts of Berlin. "The Hamburg-Baden line has been reduced to the Hamburg-Bodenbach road."

**ALLIED TROOPS HAVE TAKEN MONTE CISON**

(By Associated Press.)  
**ITALIAN HEADQUARTERS ON THE PIAVE, Wednesday, Oct. 30.**—Allied troops have taken Monte Cison. This was a most important operation for by it the roads were opened to Feltre and Vittorio.

Both these cities were Austrian bases. The capture of Monte Cison also divides the Austrian army, forcing the troops to the north to follow a long, slow line of retreat through the mountains of Trentino. The general line of retreat, where the largest number of troops could be moved, would be along the roads and railways toward Belluno and over the plains toward Udine.

**VENICE IS NOW SAFE.**  
 Venice is now safe since the third army has driven back the Austrians in the lower plain. Italian cavalry is advancing rapidly at many points. The number of prisoners is growing hourly and may possibly total forty thousand. Opposite the tenth army in which American troops are brigaded is estimated that four and one half Austrian divisions have been partially destroyed. The command of the Duke of Aosta succeeded in establishing three bridgeheads across the lower Piave. They are at Romanzoi, Salgarada and Sarca. The Piave operation was favored by a fog but was made unwarlike by Austrian artillery fire which continued all Tuesday night.

**SENATE DEMOCRATS UPSET REPUBLICAN PLAN FOR ATTACK**

(By Associated Press.)  
**WASHINGTON, Oct. 31.**—Senate democrats upset republican plans for bringing up questions of peace and policies today by raising the point of no quorum and forcing adjournment until tomorrow. This program had been agreed upon by the democratic steering committee to be followed daily until after the elections unless the republicans in the meantime consent to the recess over the elections which they have blocked so far.

Twenty-one democrats voted for adjournment and twelve republicans against it. Senator Brandegee of Connecticut, republican, insisted upon a roll call, saying he desired to place the democrats on record as opposing a discussion of the President's recent political letter and the peace notes.

**Brandegee Criticizes.**  
 "I wanted to show to the country that the republicans are here and ready to transact business," he said. The democrats will not attempt to adjourn for three days at a time, for such a motion would be debatable, and under it we could discuss the President's recent political activities, so they have taken the method adjournment each day to shut off a discussion of political affairs.

The democratic leaders argued that Senate sessions without a quorum in town would only interfere with the finance committee's work on the war revenue bill.

The House, awaiting action by the Senate, interrupted its three-day recess program by adjourning until tomorrow. Democratic Leader Kitchin said the Senate might then be willing to "talk adjournment."

**BERLIN SAYS FIFTY-EIGHT PLANES ARE BROUGHT DOWN**

**BERLIN, via LONDON, Oct. 31.**—The shooting down of fifty-eight hostile airplanes and two captive balloons yesterday by German forces is reported by German army headquarters in today's official statement on aviation activities.

## PARIS, Oct. 31.—An armistice between the Allies and Turkey was signed today at Minos, it is officially announced.

**LONDON, Oct. 31.**—The entire Turkish force which has been opposing the British on the Tigris has been captured, it was officially announced today.

**LONDON, Oct. 31.**—Reuters agency has been informed that Great Britain has officially received definite peace proposals from Turkey which are regarded as tantamount to unconditional surrender.

The Turkish armistice went into effect at noon today. The terms of the Turkish armistice, which are now in operation, include the free passage of the Dardanelles to the Allied fleet, Sir George Cave, the home secretary, announced in the house of commons today.

Other terms, it is learned, comprise the occupation of the forts of the Dardanelles and Bosphorus necessary to secure the passage of the Allied warships through the Bosphorus to the Black Sea.

Another condition is the immediate repatriation of British war prisoners.

**LONDON, Oct. 31.**—Ismail Hakki, commanding the Turkish armies of the group operating in the Tigris region in Mesopotamia has surrendered with one entire division and the best part of two other divisions, the Evening Standard says.

The Standard also says it understands the British vice admiral at Saloniki concluded an armistice with the Ottoman government at noon today.

Turkey, which now has been granted an armistice, entered the war in November, 1914, when she severed diplomatic relations with Great Britain, France and Russia. She is the second of the central powers to ask the Allies for an armistice, Bulgaria having been given an armistice which led to unconditional surrender barely four weeks ago.

Military operations began against Turkey on November 5 and Great Britain annexed the island of Cyprus. Turkey entered the war only a few days after the German warships, Breslau and Goeben, had sought shelter in the Dardanelles, which was at once blockaded by the Allied fleet. In April, 1915, Allied troops were landed on the Gallipoli Peninsula, but the campaign failed and the Allied troops were withdrawn in December of the same year.

The British began a campaign along the Tigris and Euphrates rivers in November, 1914. They advanced to within less than 100 miles of Bagdad but were defeated, retreated to Kut-el-Amara, where they were later forced to surrender. Early in 1917 the British renewed the offensive in Mesopotamia and have continued it successfully ever since until now they are within a few miles of Mosul.

Turkey sent arms against the British in Egypt and against the Russians in the Caucasus. Both campaigns had a measure of success at first but the Allies soon drove the Turks back beyond the Turkish frontiers. In Palestine the Allied drive under General Allenby resulted a few days ago in the capture of the important base of Aleppo. The Russian campaign in the Caucasus was rendered fruitless by the rise of the Bolsheviks to power.

For several weeks after the United States declared war on Germany, Turkey took no action but on April 21, 1917, she severed diplomatic relations. However, there has never been a declaration of war either by the United States or Turkey.

Turkey's war activities under the leadership of Germanophiles like Enver Pasha has been marked by the severity with which the Turks have treated the subject nationalities in their power.

The Turkish army has many German officers and the Turkish navy is controlled by Germans.

## PARIS PAPER HAS SUGGESTION FOR ARMISTICE TERMS

(By Associated Press.)  
**PARIS, Oct. 31.**—In an editorial discussing armistice terms, L'Informateur suggests the following conditions: "Internationalization of the Bosphorus and the Dardanelles." "The occupation of enemy ports on the Adriatic." "The surrender of Austrian war supplies." "The right to use Austro-Hungarian railway lines." "The evacuation of Alsace-Lorraine and territories wrongly occupied in the east and west." "The occupation of fortresses and bridges along the Rhine of Luxembourg and Essen." "The removal of mines from territorial waters." "The delivery, as a preliminary compensation for damages of part of the enemy merchant marine." "The cessation of manufacturing for war purposes." "Georges Bousquet, a member of the naval committee of the chamber of deputies, writing on the same subject in the Journal, proposes the seizure of the enemy fleets by the Entente, the delivery of enemy submarines intact to neutral countries or the Entente, the occupation of Cuxhaven, Heligoland, Pola and Cattaro and the replacement of lost tonnage by enemy tonnage."

## ANNOUNCEMENT OF ARMISTICE TERMS IS EXPECTED SOON

**WASHINGTON, Oct. 31.**—General Pershing's evening communique for Wednesday reports officially the downing of twenty-one enemy airplanes by pursuit squadrons of the first American army and states that two of the American machines are missing. The dispatch adds: "On the Verdun front the day was marked by heavy artillery fire east of Beaumont was repulsed. Patrols were again active and brought in prisoners."

## REPORT ARMISTICE TERMS HAVE REACHED BERLIN

(By Associated Press.)  
**LONDON, Oct. 31.**—Marshal Foch's armistice terms arrived in Berlin Tuesday night, the Vossische Zeitung of Berlin says it learns, according to an Exchange Telegraph dispatch from Copenhagen.

## DISCREDITED IN WASHINGTON.

(By Associated Press.)  
**WASHINGTON, Oct. 31.**—No information has reached Washington today through either officials or diplomatic channels to indicate that the American and Allied military representatives in France had completed their work of framing terms upon which Germany might be granted an armistice. It was assumed that the report of the arrival of Marshal Foch's terms at Berlin Tuesday, referred to in a Copenhagen dispatch quoting the Berlin Vossische Zeitung was based upon press dispatches of Tuesday from London purporting to outline what would be demanded of Germany.

### ROOSEVELT AND TAFT APPEAL FOR VOTES FOR G. O. P.

JOIN IN URGING SUPPORT OF REPUBLICAN CANDIDATES FOR CONGRESS.

### PARTISAN LINE DRAWN

First Appeal to Voters Ever Made by Two Former Presidents of the United States.

NEW YORK, Oct. 31.—Theodore Roosevelt and William H. Taft issued here today a joint appeal for election of a republican majority in congress. The statement was said to be the first ever composed and signed by two former presidents of the United States.

Seated at a table in the League Club, they presented the statement and discussed it in times at the capital while it was being typed. The appeal follows:

"We approach this subject as Americans and only as Americans. When this war broke out we would have welcomed action by the President which would have eliminated all questions of party politics. It would have enabled us all to stand behind him to the end, without regard to anything except national considerations. Instead of this, partisan lines have been strictly drawn from the first and now the President announces that only democrats can be entrusted with future power and only those democrats who do his will. Because of the reflection on other patriotic Americans, we appeal for fair play.

"The next congress will serve from March 4, 1919, to March 4, 1921. In that period:

"First, the war must be fought to unconditional surrender, unless this is settled before.

"Second, the terms of world peace must be settled.

"Third, the democratic administration, after expending billions of treasure and exercising more absolute power than any administration in our history, must give an account of its stewardship.

"Fourth, the change from war conditions to peace must be brought about with the least disturbance and the work of reconstruction must be promptly begun.

"Claim Superior Qualifications.

"A republican congress will be much better qualified than one controlled by democrats to aid in determining the measures needed for these four great tasks.

"First, even as a minority party, the republicans made it their business to do all that was possible by passing the original draft bill. Without this we could not have trained and landed the two millions of men now in France. As a minority party the republicans forced upon a reluctant President and secretary of war after an injurious delay of four months, the amended draft act, without which we could not put more than a few millions at the front next July. The speaker, the leader and the chairman of the military committee of the democratic House opposed the original draft law until it became impossible. It was saved, and so our country's cause was saved by the republican minority.

"Senate Must Approve.

"Second, the new Senate must approve, by two thirds vote, the terms of peace. Those terms should be set by one man only. It is one man control over the nation in this war to suppress. If the peace treaty is to be useful in the future, it must be approved by the great body of the American people. The President has indicated a willingness to make peace by negotiation. He has not demanded as he might have done in three lines, that which the American people demand, an unconditional surrender; his exchange of notes with Germany has caused a deep concern among our people lest he may, by his parleying with her, concede her a peace around a council table instead of a sentence from a court. The fourteen points which the President and Germany assume that they have already agreed upon are so generous and vague that such a peace would be no treaty at all, but only a protocol to an interminable discussion. The President is without final power to bind the United States to any of the fourteen points, although his language does not suggest it. Still less has he power to bind our noble allies. We do not know that these points include all that our allies may justly demand, or not concede something they justly withhold. For what they have done for us, we owe our allies the highest good faith. It is of capital importance that we should now elect a Senate which shall be independent enough to interpret and enforce the will of the American people in the making of this world peace and not merely submit to the uncontrolled will of Mr. Wilson.

"Attitude of House.

"Nor can the attitude of the House of Representatives be ignored in this

peace. Every affirmative obligation binding the United States in that treaty must be performed by the House as part of the congress. The present democratic majority in the House has been subservient to the will of the President in every respect except when critical issues in the conduct of the war have involved. The President has not hesitated publicly to discipline those of his party who have disagreed with him, the lesson Congress has had its effect. A new democratic congress with its old leaders thus chastened, will offer no opposition to his will. They will not be consulted in the future more than in the past. In a democratic congress the American people will not have the service of an independent, courageous, coordinate branch of the government to moderate his uncontrolled will. It is not safe to entrust to one man such unlimited powers. It is not in accord with the traditions of the republic.

"Vote on Appropriations.

"Third, the republicans voted without objection billions to be expended by this administration. Six hundred and forty millions for aviation were given to the President, and he flew his planes without a single limitation as to the manner or method of its expenditure. A Senate committee has explored the waste and failure in the use of that money. The debts which have been created by the war the people will be paying to the third and fourth generations. They have a right to know that money, these enormous sums have been expended. Only a republican congress will have the courage to exact a detailed and accurate story of that waste.

"Work of Reconstruction.

"Fourth, the work of reconstruction must not be done by one man, or finally formulated according to his academic theories and ideals. The President was not elected when such issues were before the people. His mandate of power was not given in the light of momentous questions which will soon force themselves for consideration. He was elected as a peace advocate and because he had kept us out of the war. The American should therefore, place in the branch of the government, charged constitutionally with adopting policies of reconstruction, a congress which will not register the will of one man, but fresh from the people will enact the will of the people.

"We earnestly deprecate extending the unity of leadership of a commander in chief to the making of a permanent treaty of peace or to the framing of those measures of reconstruction which must seriously affect the happiness and prosperity of the American people for a century. We urge all Americans, who are Americans first, to vote for a republican congress.

**One Year Without Whiskey Reduces Crime 50 Per Cent**

DALLAS, TEX., Oct. 31.—One year without whiskey has reduced crime 50 per cent in Dallas county, according to court records. Judges and peace officers say the decrease may be even more than that.

It was one year October 20, 1918, that this county passed into "dry" territory. On the night of October 20, 1917, there were confined in the jails here over one hundred persons arrested for drunkenness, while on the first anniversary of the exit of John Harkey from there was confined not a single inmate in the jails for that offense. Men who have been long in Dallas say they will remember the time when hundreds of persons were confined in jail intoxicated.

"The war has had some effect," said Sheriff Reynolds, in discussing the matter, "but the change is due chiefly to prohibition."

Increase in crime is reflected in the convict camps where the county has but seven men whereas this time last year there were over a hundred men serving terms.

WIRTHMOR WAISTS

NEW WIRTHMOR WAISTS

Just a Limited Quantity of

### Wirthmor Waists

Still to be had at \$1.00

\$1.00 still buys a Wirthmor Waist! Think of it. Isn't it really remarkable.

For many months past these Wirthmor Waists would have represented splendid values at \$1.50. In any other line they would have had to bring that much.

Needless to tell of the exorbitant advances in coat of cotton fabrics; of the skyrocketing of labor costs, in fact of the availing of everything that enters into their construction.

Two courses were open; to maintain standard and advance their price, or to maintain price and materially lower the standard. Since Wirthmor represents an unflinching standard there could be but one choice. On December first the price must be increased to \$1.50, and thereafter just as in the past they will be true to their name Worth More.

Wirthmor Waists come to us under a real thrift plan that through the elimination of every possible and avoidable expense in both making and selling will always result in the best obtainable values and an unequalled style service. The Wirthmor Plan is open to just one end in every city.

The Price of the Favored

### Welworth Blouses

must soon be advanced

Five years ago the price of Welworth Waists was established. \$2.00 it was.

During all that time that price has remained unchanged, despite conditions that would ordinarily have made a change imperative.

In the past, increased costs have been offset by economies in manufacture and the savings resulting from greatly increased volume. We had hoped to bridge the war-time period; that's now obviously impossible. The new price effective December first will be \$2.50.

At this new price the Welworth will be just as superior to other Blouses obtainable at the price as they always have been in the past. The method under which they are made for us assures that. It also assures the wanted styles at the wanted times.

New Fall Models in the Welworth and Wirthmor will go on sale tomorrow. There's a delightful variety of styles in tailored, semi-tailored and trimmed effects. These Blouses are slightly, sensible and serviceable and their purchase permits of extremely liberal savings.

NEW VENTURES IN MUSICAL EFFECTS IN "WATCH YOUR STEP"

Three acts and seven scenes of "syncopeation," cleverly wrought into Irving Berlin's "Watch Your Step" are coming to the Wichita Theatre on Monday, November 4.

Mr. Berlin is the king of syncopeated melody and one of the most successful of the latter day producers of things musical. He formed an idea that a musical show written in wholly syncopeated time would catch the popular fancy.

The particular ensemble entitled "Old Operas in a New Way" is characteristic of the whole play. The scene discloses the stage of the Metropolitan Opera House, New York.

PROBLEM OF RECONSTRUCTION FACES WAR INDUSTRIES AND OTHER BOARDS

WASHINGTON, Oct. 31.—In the great task of internal reconstruction after the war, the War Industries Board seems certain to continue its existence and play a large part in the transformation of war manufacturing back to peace-time production.

the War Labor Policies Board, numerous divisions of the Council of National Defense, War Finance Corporation, and many other connected agencies.

Reconstruction Necessary. The next step in the process of demobilization of the army, is probably the most important phase of these plans.

President Wilson has discussed the questions of internal, as well as international reconstruction, with a few advisors, and it is understood that it was at his suggestion that the Council of National Defense went to work months ago.

Means Will Be Found. Officials intimate that means will be found of continuing the current plans for eliminating strikes, by giving labor greater voice in the management of industrial plants.

President Wilson has discussed the questions of internal, as well as international reconstruction, with a few advisors, and it is understood that it was at his suggestion that the Council of National Defense went to work months ago.

These figures also indicate that the quotas in the United War Work Campaign of November 11-12 will be subscribed easily in the first few days of the campaign.

The real reason for the partisan activity of the reactionary republican element is that more legislation beneficial to the great mass of the common people has been placed upon the statute books and a more sympathetic understanding of the rights and responsibilities of labor has obtained during the administration of President Wilson than in all of the preceding administrations since the close of the civil war.

By Associated Press. AMSTERDAM, Oct. 30.—The inter-party committee of the Reichstag, which the Lokal Anzeiger of Berlin, it understands, is debating the question of calling to account the statesmen responsible for the German peace movement in 1918, has decided the beginning of 1917.

Joe, we used to wonder if the newspaper reports of the war were true, but since the experience I have had at the front I have no reason to doubt anything one may read about the war. I am not with my original company now, but am attached to regimental headquarters. I have been away from my company four weeks. They took on of us and one officer (I was so fortunate as to be recommended for the transfer) and placed here. I don't know how long I will be with the headquarters detachment.
