AUSTRIA TO HAVE ARMISTICE REVOLUTION IN BUDAPEST

NATIONAL COUNCIL IN CHARGE OF GOVERNMENT

War Council Meetings Continued

(By Associated Press.)
COPENHAGEN, Nov. 1.—A successful revolution has taken place in Budapest and the Hungarian national council has taken over the government, according to a message sent by Count Michael Karolyi to the Berlin Tageblatt.
The message from Count Karolyi who is head of the Hungarian independent party, reads:
"Revolution in Budapest and national council took over government. Military and police acknowledge national council completely. Inhabitants rejoicing."
(Signed)
"KAROLYI,
"President national council."

LONDON, Nov. 1.—After the proclamation in Budapest, Archduke Joseph, the representative of the emperor, left the city, according to an Exchange Telegraph dispatch from Zurich.
Emperor Charles, the dispatch adds, before leaving Vienna, personally gave orders that all conflict with the population be avoided. He instructed the authorities to yield without resistance to the new power.

ISOLATION OF THE GERMANS FEATURE OF GREAT VICTORY
LONDON, Nov. 1.—The complete isolation of Germany as a result of the desertion and surrender of her allies is commented upon here as the outstanding feature of the latest developments in the "colossal drama of victory."
The effect of isolation is regarded almost everywhere as bringing the end of the war very near, although in some quarters wariness is raised that the German army still may still in existence and in the hands of desperate men, are formidable and dangerous.
The general tenor of comment, however, indicates a belief that Germany must sooner or later accept virtually any terms the Allies impose. There is considerable speculation as to the extent Germany will be able to oppose the carrying out of the terms Turkey has accepted. It is known whether German garrisons still hold the Danube delta forts and whether resistance by the Russian Black Sea fleet is a serious possibility. Even if the forts are evacuated, passage of the straits may not be so untroubled as it is assumed they are still mined and must, in any event, be swept before ships can pass through. The experts, however, learn that the location of all mines is known and they undertake to open the straits. The experts also agreed to help the British clear the mine field.
The immense possibilities following the Turkish collapse are discussed by all the newspapers among the hopes of Russia and the end of bolshevik tyranny in Russia.

IOWA PARK REMOVES QUARANTINE SUNDAY
Special to The Times
IOWA PARK, TEX., Oct. 31.—The quarantine established two weeks ago against the spread of the influenza epidemic here will be raised Sunday, November 3.
Sunday services will be observed at the churches and the public school will open Monday morning.
Three deaths have resulted from the epidemic during the past two weeks. There are still a number of cases of influenza in the community, but they have decreased considerably during the past week.

AMERICAN PLANES GET 7 OF ENEMY WITHOUT A LOSS
WASHINGTON, Nov. 1.—Americans drove the Germans out of the village of Brulles on the west bank of the Meuse in yesterday's fighting north of Verdun. General Pershing in an evening communiqué for Thursday, announces the capture and says artillery fire was lively on the whole front during the day.
Seven enemy airplanes were shot down, all American machines returned safely. Bombing expeditions described in press dispatches are officially reported.

INDICATIONS OF SLOW RETIREMENT BY THE GERMANS
WASHINGTON, Nov. 1.—There have been many indications in the last few days that the Germans intend to retire as slowly and strategically as possible from their present positions, especially west of the Meuse and possibly withdraw entirely from non-German soil. The vicinity of Metz will continue to be the pivot of the retiring movement because of its strategic importance.
Much evidence of this intention on the part of the enemy is especially recognizable on the front of the American line in the Woivreux. Deserters from the German lines and prisoners corroborate this information and say that the German command is saving every bit of war material in the region and transporting light and heavy guns into German territory east of Metz. Even reports of artillery having been sent from the front, east of St. Quentin to the Metz and Vosges regions have been received and it is believed the Germans have been tearing up narrow gauge railways on some sectors.
Meanwhile the Germans are organizing strong defense positions on the front of the second army. They have made preparations for meeting attacks of all kinds and special measures have been taken against a possible tank attack.
The Germans show great nervousness on the American front.

TURK ARMISTICE TERMS LIGHTER THAN BULGARIAS
AMSTERDAM, Nov. 1.—Izzet Pasha, the Turkish viceroy, is quoted by the Constantinian newspaper, Tasviri Efkar, when the armistice negotiations were in progress as saying:
"The conditions of the armistice will be lighter than the demands imposed on Bulgaria, as no military occupation of Constantinople or other Turkish territory has been demanded."

PLAINVIEW KILLED BY A MULE
PLAINVIEW, TEX., Nov. 1.—J. B. Wheeler, prominent cattle buyer, was kicked on the head and instantly killed while roping a mule on a ranch near here. He leaves a family.

SOLDIERS' TAX EXEMPTION APPLIES ALSO FARMS
AUSTIN, TEX., Nov. 1.—An opinion by the attorney general's department, addressed to the state comptroller, advises that the act of congress which exempts men in military service from penalties on unpaid taxes on real property owned by them applies to farms as well as city lands. The opinion also advises tax collectors to secure affidavits from delinquents who are in military service to their department.

(By Associated Press.)
VERSAILLES, Nov. 1.—Representatives of the Allied nations began their deliberations at the supreme war council shortly after noon today.
General Tasker H. Bliss, representative of the United States was the first delegate to reach the Triumvir Hotel, arriving at 1:50 p. m. He was followed shortly afterward by Premier Clemenceau, Marshal Foch, Field Marshal Sir Douglas Haig, Colonel E. M. House, President Wilson's personal representative and David Lloyd George, the British prime minister.
PARIS, Nov. 1.—The armistice terms to be submitted to Germany will be confined strictly to military requirements, except that it will be brought out clearly that they are conditioned generally upon President Wilson's principles, with some definiteness.
Today's deliberations in connection with the armistice proposition were participated in by Belgian and Japanese representatives, the day's meeting having to do with Germany. When Austrian affairs were discussed yesterday Serbia and Greek representatives were in attendance, because of their particular interest in Austrian matters.

9,674 AIRPLANES HAD BEEN BUILT TO OCTOBER 11TH
CHARLES E. HUGHES MAKES REPORT ON AIRCRAFT PRODUCTION.
CRITICISM IS OFFERED
Recommend Criminal Prosecution Against Three Army Officers Interested.

WASHINGTON, Nov. 1.—The mistakes, failures, delays and wastage of the airplane production program under administration of the old aircraft boards before the re-organization of last May are detailed at length in the report of the investigation conducted by Charles E. Hughes and Attorney General Gregory which was before the country today after having been made public at the White House. The report deals extensively with the shortcomings of the old organization and recommends court martial proceedings for one army officer concerned and criminal prosecutions for three others.
The chief blame for the failure is charged by the Hughes report to defective organization in the army department and the lack of competent direction of the work by the responsible officers of the corps.
Delays in securing models.
The report finds that there were delays in getting airplane models from the Allies and preparing specifications for their production; that plans frequently were changed to the embarrassment of contractors; that organizations and experiments could not get orders, while others apparently with few qualifications, if any, did get them, and that there was "duplication" and waste in the plant.
Profits in some instances Mr. Hughes reports were enormous, although Attorney General Gregory points out that six per cent of these profits revert to the government in the form of war taxes and expressed the belief that no such profits were allowed as to justify a charge of bad faith.
The Dayton-Wright Corporation, the report says, with a capital of \$1,000,000 and the government financing to the extent of \$1,400,000, has prospects of profits of more than \$6,000,000. The Ford Motor Company on contracts for five thousand Liberty motors, the report says, will make a profit of more than \$5,000,000 on an investment of not more than \$11,800,000. The Fisher Body Corporation with an investment of \$860,000 and government financing of \$2,000,000, the report says, (Continued on page 2.)

ASSASSINATE FORMER HUNGARIAN PREMIER
COUNT TISZA
COPENHAGEN, Nov. 1.—Count Tisza, the former Hungarian premier, has been killed by a soldier, according to a Budapest telegram today. The count fell victim to a revolver shot, while he was out walking.
Count Tisza, whose life is reported to have been ended by assassination, has long been one of the storm centers of Hungarian politics. The accusation has been made that he instigated the assassination of Archduke Ferdinand.
A Magyar to the core, Count Tisza was pro-German and aimed constantly at the supremacy of Hungary over Austria within the dual monarchy.
Count Tisza was premier of Hungary from 1902 to 1905 and from June 6, 1912, to May 23, 1917. He was the center of many riotous scenes in the Hungarian parliament during his leadership and in 1913, fought at least three duels with political opponents in January of that year he wounded Count Michael Karolyi, a life-long and bitter opponent, in a duel.
Within the last year he urged peace and in a speech October 19 declared he no longer had hope for an Austro-Hungarian victory. An unsuccessful attempt was made to assassinate Count Tisza in Budapest October 17.
Increased Fire by American Batteries WITH THE AMERICAN ARMY Northwest of Verdun, Nov. 1.—Greatly increased artillery fire by the American heavy and light batteries began this morning all along the front of the American first army.

STATEMENTS ARE MADE IN SUPPORT OF THE PRESIDENT
WASHINGTON, Nov. 1.—Statements in support of the appeal of President Wilson for return of a democratic congressional majority were issued today by Secretary Houston and Acting Chairman Cummings of the democratic national committee.
"It is tremendously important that while the war lasts the President have behind him a sympathetic majority in each house," said Secretary Houston. "Republican majorities, would of course support the war, but certainly no more vigorously than democratic majorities. Hostile political majorities obviously would not conduce as effectively to the easy and orderly administration of war tasks as would sympathetic majorities."
"The issue is now completely clarified," said Chairman Cummings. "The issue is between the President and the critics of the President."

ARMY COMMANDERS NEGOTIATING TERMS IS REPORT RECEIVED

(By Associated Press.)
LONDON, Nov. 1.—Negotiations between the Italian and Austro-Hungarian military commanders for an armistice are proceeding, according to advices received in London this afternoon. Fighting may already have come to an end.
ROME, Nov. 1.—It is understood that the terms of the Allied nations for an armistice for Austria-Hungary now are in the hands of General Diaz, the Italian commander in chief.

WASHINGTON, Nov. 1.—Official Rome dispatches today describing the victorious sweep of Italian and Allied armies that is demolishing the Austrian front say the lines are moving forward in such great leaps that it is no longer possible to identify towns taken or to count prisoners and guns captured or Italians liberated. Sixty thousand Italians held by the enemy to work on defense in occupied territory already have been released.
With the Austrians everywhere in flight and the Italian armies on two wings about to unite, it is said to be impossible to foresee where the few enemy divisions that escape will stop running.

LONDON, Nov. 1.—Field Marshal Haig's forces have made good progress in their attack this morning in the region of Valenciennes. That city is reported to be surrounded on three sides. Fifteen hundred prisoners were taken by the British this morning.

Austria's armies, shattered by the blows of the Italians, British and French, are fleeing pell-mell on a front of more than 100 miles, from the Brenta River east and south to the Adriatic. Apparently the enemy has lost all power of resistance on the important sectors of the front. Countless numbers of prisoners are being taken by the Allies.
Field Marshal Haig has again taken up offensive operations on the front south of Valenciennes and reports his troops as making good progress early Friday. On the Italian front, the American sectors east and west of the Meuse, only the artillery has been active.
East have forced their way through the Tagliamento in pursuit of the Austrians. The Isonzo River, 15 miles east of the Piave and 12 miles from the Tagliamento has been reached and crossed, while to the south along the lowlands north of the Adriatic the Italian third army continues to move ahead.

Formidable Defense Broken.
The formidable enemy defense position around Monte Grappa has been broken by the Allies and the Austrians are retreating hurriedly from the region between the Brenta and the Piave. Northeast of Monte Grappa, the Italians have forced their way through the Quero gorge and are moving up the Piave valley toward Belluno further enlarging the wedge between the Austrians in Venetia and those in the mountains.

Internal Situation is Bad.
Austro-Hungary's internal situation is bad, if not worse than that of the British. The Austro-Hungarian fighting activity is confined to artillery duels of varying intensity. The German line south of Valenciennes is the important sector between Ghent and the Meuse and its collapse might compel a German retirement on a large scale.

Teutonic Alliance Crumbles.
The great Teutonic alliance, which for four years has carried on the great war in history and often seemed to have almost achieved success, is tumbling to pieces. Austria and Turkey have surrendered, Austria, with anarchy reigning throughout the kingdom, is begging for peace and Germany is anxiously awaiting the terms of the Allied nations.
In fact, news of the breaking up of the enemy nations on their home fronts, is more momentous than even reports of tremendous events in the theatre of actual battle.

Turkey Gives Up Everything.
Turkey has apparently given up everything, agreed to the opening of the Dardanelles and the Bosphorus and thrown herself upon the mercy of the Allies arrayed against her. This phase of the war the United States is not an active participant. This country has not been at war with the Ottoman empire. Entry of the Black Sea by British, French and Italian warships may be announced at any time, with the final act of the drama in that region of the world but a short distance away. Bulgaria, the Austro-Hungarian and intervention in southern Russia is probably a matter of but a brief period.

Austria Faces Disaster.
Austrian military fighting on Italian soil faces the most military disaster for the Russian troops commanded by General Brusilov has not been halted by Austria. Proposals made by plenipotentiaries from Vienna have been rejected. The inter-Allied war council has named a new commander, but the war, British, French and Italian divisions has not been stopped. Austrian divisions are reported to be in the mountains and the Austro-Hungarian army is being driven back.

AMSTERDAM, Nov. 1.—The German-Austrian state council has issued a proclamation, according to the press, announcing that it has assumed the government of Germany and Austria and that it will conclude peace in accord with the German and Austrian people.

LATE WAR BULLETINS

COPENHAGEN, Nov. 1.—Croatians who completely occupy the naval base of Fiume on the Adriatic have proclaimed their union with Italy according to a dispatch from Berlin to the Berlingetz Tidende.

AMSTERDAM, Nov. 1.—The country expressed at the German war cabinet meeting on Thursday says the Weiser-Gazette "substantially approved" the decision to meet President Wilson's demands regarding the monarchic autocracy.

AMSTERDAM, Nov. 1.—Germany, according to an announcement made by the Weiser-Gazette, has recognized the Prague general national council and has ordered Consul Gebhardt to make the necessary declaration in behalf of the Berlin government.

5,674 AIRPLANES BUILT TO OCT. 11

(Continued from page 1.)

is estimated to make a profit of \$5,500,000. The Lincoln Motor Company has a contract for six thousand Liberty motors estimated to realize a profit of \$5,500,000 and a contract for six thousand Liberty motors estimated to realize a profit of \$5,500,000. The Lincoln Motor Company with paid in capital of \$550,000 and an investment of \$7,150,000 of which \$5,400,000 represents items on which the government pays forty per cent depreciation is estimated to have in prospect or in hand profits of \$7,150,000.

For a whole year after the country entered the war, the signal corps, the equipment division of the signal corps of the army was badly organized with "a host of sections and departments with ill-defined functions, creating disorder and confusion rather than sustained, well directed and expert effort."

In Training Without Facilities. Hundreds of flying cadets, the report says, were held at training camps during the early months of the war without facilities for training because there was a failure in delivery of training planes.

The chief actual waste from the original appropriation of \$640,000,000 which subsequently was increased, the report says, was in the abandonment of two types of airplanes, one of them the much discussed Bristol, and the failure to take advantage of salvage from the abandonment. This waste is computed as aggregating \$24,000,000.

Discussing the pooling of aircraft patent rights in the Manufacturers Aircraft Association, Attorney General Gregory in his letter of transmittal said:

Statement of Attorney General. "Whatever may be said of the charge that this arrangement tends to discourage future inventions, one of its results was to enable the government, through contractors, to secure the use of all necessary patents at a fixed cost and with little friction. It was not entered into until the attorney general had given an opinion that it did not conflict with the anti-trust law. I find no basis for the suggestion that in bringing it about, the members of the aircraft board were actuated by any unlawful or dishonest motives."

Mr. Hughes explained that he would not deal with the question of legality of this agreement and said it would require a more exhaustive examination of the patent situation than he made to ascertain whether the patent rights contributed by the Wright-Martin Aircraft Corporation and the Curtiss Aeroplane and Motor Corporation justified the arrangement to pay \$2,000,000 to these concerns.

Salaries Are Criticized. Salaries paid officers of some airplane plants and charged to operating expenses, which were paid by the government were criticized by Mr. Hughes. He referred particularly to officers of the Dayton Wright Aircraft Company, H. A. Talbot Jr. who received \$25,000; S. F. Retzinger, who received \$25,000, and H. E. Talbot Jr. who received \$10,000.

"Given more extraordinary," said Mr. Hughes, "was the salary of \$25,000 a year paid by the Standard Aircraft Corporation, at Elizabeth and Wilmington, N. J., to its president, Harry H. Miles, a New York lawyer. These salaries, it was explained, are subject to reduction by the government. Labor conditions, Mr. Hughes said, normally were unsatisfactory."

He referred to the lack of stability of employe forces, saying at the Pacific plant, for instance, the labor turnover was between 400 and 600 per cent a year.

Charges Padded Payrolls. Since the government paid manufacturing costs, Mr. Hughes says, the tendency in many plants was to pad payrolls.

At the Curtiss plant near Buffalo, Mr. Hughes said "there is abundant testimony, with picturesque details showing that large numbers of employes were kept on the payrolls when they were not needed, through an utter lack of a decent system men and women were paid when they did work; men who were without work during the day to keep them busy were employed overtime at increased rates and for many months there was so much demoralization at this plant that it became the subject of contemptuous gossip among the employes in the community."

MAKE REPORT AFTER AN EXHAUSTIVE INVESTIGATION

By Associated Press. WASHINGTON, Nov. 1.—Reports of five months of exhaustive investigation by Charles E. Hughes and Attorney General Gregory into aircraft production in this country since war was declared on Germany were published today following transmission of the report yesterday to President Wilson.

The report was prepared by Mr. Hughes after some 250 witnesses had been examined and in transmitting it to the president, Attorney General Gregory said he was in "substantial accord" with the findings of Mr. Hughes and did not deem it necessary to transmit a report heretofore prepared by the department of justice.

Delays in turning both planes and engines and waste of funds, criticism of which in congress early this year caused the President to direct that an inquiry be held to establish the facts were attributed by the report chiefly to "the defective organization of production work and the serious lack of competent direction of that work by the responsible officers of the signal corps."

No Charge of "Graft." While there is no charge of "graft" the report recommended that criminal proceedings be brought against three army officers on charges of dealing with corporations in which they were financially interested. They are: Lieutenant Colonel J. G. Vincent, former vice president of the Packard Motor Car Company and now in charge of the airplane division of the aircraft production bureau; Lieutenant Colonel George W. Kitter, stockholder in the Curtiss Aeroplane and Motor Corporation and production manager of the aircraft bureau; and Lieutenant Samuel E. Vrooman, Jr., inspector of propeller lumber and a stockholder in the S. B. Vrooman Company of Philadelphia.

Recommendations Are Made. Recommendation also is made that Colonel Edward A. Deeds, a member of the original aircraft board, and the subject of much of the criticism that focused on the inquiry, be brought before a court martial for sending confidential war department information to former business associates at Dayton, Ohio, and for the preparation of a misleading statement last February about progress of production.

The report estimated from any wrong-doing, the civilian personnel of the aircraft production board.

No criticism was offered of the management of aircraft affairs since the reorganization of last May when John D. Ryan was placed in charge of production. In concluding his report Mr. Hughes said that "it should be said that under the direction of Mr. Ryan and Mr. Potter (William C. Potter, assistant director of aircraft production) there has been improvement in organization and progress has been made in gratifying measures."

Waste in Abandonment. The report says that the aircraft waste was in the abandonment of the Bristol fighter and the standard J-1 and a failure to salvage, aggregating about \$24,000,000, some of which probably can be saved.

Other charges—which Mr. Hughes declared substantiated in part were: Delay in getting model planes from the Allies and in preparing specifications for their reproduction;

Frequent changing of plans both of aircraft and of engines;

High profits to manufacturers; both of planes and engines;

"That in pushing for speed in production, confusion and waste occurred in plants;

Lack of knowledge and experience.

That some manufacturers well qualified for production were not given contracts while others poorly prepared were given orders, and that many plants engaged in airplane manufacture lacked knowledge and experience.

Of the appropriations available for fiscal year 1918 the report showed that disbursements reported to last June 30, including advances for building plants and other expenses amounted to \$439,000,000 and \$276,000,000 of the appropriations remained unexpended. Of the total expended, \$150,000,000 went for manufacture of airplanes and engines at home and overseas.

Up to October 11, the report said 5,674 airplanes had been completed, of which 5,187 were for elementary training, 2,137 for advanced training and 2,350 for observation and bombing. Also 24,872 engines had been finished, of which 6,889 were Liberty motors. Of the Liberty motor Mr. Hughes said:

"It now appears conclusively established that the Liberty engine is a great success for observation and bombing planes."

CASUALTIES

SECTION ONE.

Sgt. Adriaan H. Hooger, Ekersley, Texas.

JAPAN HAS MORE THAN TWO DIVISIONS IN SIBERIA

By Associated Press. TOKIO, Nov. 1.—Japan has sent two divisions of troops and part of a third division to fight the Bolsheviks in Siberia. Colonel Wada, senior adjutant in the war office, made those facts known officially, to correct any impression that the Japanese army is mobilizing on a large scale for operations in Siberia. He added: "In order to enable those divisions to work to the utmost efficiency in so wide a country, it was necessary to provide for them additional artillery, aviation corps, field and wireless corps, railway corps, pontoon battalions and some other contingents in the rear."

Dr. J. S. Nelson, Dentist, 308 First National Bank. Phone office 536.

IOWA STATE HAS A WARM CAMPAIGN AND FULL TICKET

INTEREST CENTERS LARGELY IN SEVERAL CONGRESSIONAL CONTESTS.

PROHIBITION AN ISSUE

Governor Harding Loses Support of Paper That Contributed to His Success in 1916.

By Associated Press.

DES MOINES, A. Nov. 1.—While recent developments have attracted some attention to the gubernatorial race, principle interest in the coming election in Iowa centers in several congressional contests.

Besides selecting eleven congressmen and a governor, the voters will change all other state officers, a United States senator, a complete state house of representatives, nearly half the state senators and judges in twenty-one districts.

The democrats avowedly have concentrated their efforts in the Second, Third, Fourth and Sixth congressional districts, attacking the war legislation records of the four republican incumbents—Hull, Sweet, Hays and Sawyer, respectively—all seeking re-election.

For United States senator, William Kenyon of Fort Dodge, republican incumbent, is opposed by Charles I. Keyes of Des Moines, democrat. Kenyon's supporters predict his re-election as his record was commended by the democratic state central committee before Keyes' candidacy developed.

Governor William L. Harding, republican, who is just completing his first term, is opposed by Claude E. Porter, democrat, of Centerville, recently nominated by President Wilson as an assistant attorney general. The state-wide influenza quarantine, it is said, prevented Mr. Porter from making an extensive speaking campaign.

An interesting phase of the gubernatorial contest was the recent defection from Harding's camp of James M. Pierce, publisher of the Iowa Homestead, whose support of the governor in the 1916 campaign was declared to have had a marked influence on the outcome.

Pierce resigned from the state council of national defense some weeks after that body had voted, subject to the governor's approval, to expel him for publishing certain articles attacking members of the council, and immediately afterward announced his support of Porter's candidacy.

More than 20,000 Iowans now in army and navy camps in the United States will be given an opportunity to vote.

Except for the action on the proposed federal constitutional amendment for national prohibition, there is no clear-cut issue affecting the selection of state representatives and senators, and it is expected party affiliations will govern their election.

In three of the four congressional districts under hottest fire from the democratic campaign guns, the candidates of that party are army men. These districts are the Second, Third and Sixth. In the last named district, the democratic nominee's name was written on the ballots at the primary as the result of a brief, quiet campaign.

MOST PECULIAR CAMPAIGN IN HISTORY OF INDIANA

By Associated Press.

INDIANA POLLS, Nov. 1.—The most peculiar political campaign in the history of Indiana will close with election day on Nov. 5. Chief interest centers in the election of congressmen in thirteen districts. There has been no political campaign in the usual meaning of the term—speeches, oratory, fire, rallies, parades and marching clubs. The campaign has been carried on almost entirely through correspondence, newspaper advertising and various other forms of publicity.

Speaking and public meetings, usually attendant on a political campaign, were cancelled first because of the Fourth Liberty Loan campaign, during which a political truce was declared, and later by the Spanish influenza, when authorities prohibited public meetings. It was expected this ban would be continued until at least the Sunday before election.

"ON YEAR" IN POLITICS.

Although this is what is considered an "off year" in Indiana politics, registration was unusually heavy in most counties. Under a law passed by the 1917 state legislature absent soldiers will be permitted to vote and commissions have been sent to all the army camps in the United States to register the Indiana voters. Only 6,171 soldiers registered, however, a lack of interest being reported. The soldier's ballots were to be mailed to the clerks of their home counties and placed in the ballot boxes on election day.

Aside from local fights on county tickets, election of the thirteen congressmen holds the center of the stage. At present Indiana is represented in Congress by nine republicans and four democrats in the House and two republicans in the Senate.

Much local interest also attaches to the contests for places in the general assembly of the state, with 100 representatives and 26 senators to be elected.

Indiana does not elect a governor or lieutenant-governor this year, the state ticket being headed by candidates for secretary of state. The other state offices to be filled are: Auditor, Treasurer, Attorney General, Clerk of Supreme Court, Superintendent of Public Instruction, Geologist and Judges of the Supreme and Appellate courts.

Railway Clerks Have Perfected An Organization

The railroad clerks of Wichita Falls met in the Labor Temple Wednesday night and organized a local union which is affiliated with the American Federation of Labor. About one-half of the clerks of the city were present. The charter was signed by forty clerks and at this writing several more applications have been received.

R. P. Dee, second vice president of the national organization of railroad clerks was present and did the organization and installation work. The following officers and committees were elected:

F. O. Smith, president; P. W. McClure, vice president; Miss Bess Qualls, recording secretary; A. J. Black, financial secretary; L. A. Fox, Jr., treasurer; Claude Crawford, sergeant-at-arms; Kemp Thornton, inner guard; E. H. Chaplin, outer guard; John T. Ober, chairman.

Executive committee: H. C. Huper, Miss Eloise Bass, J. V. Chetars, Ralph O. Caldwell, B. P. Hathorn. Organization committee: Miss Bess Qualls, M. L. May, W. A. Robb, Miss Mildred Stueck, Kemp Thornton, R. R. Coker.

Protective committee: F. O. Smith, W. Robb, B. W. McClure, J. A. Sims, Miss Minnie McEllan, Richard Cox.

NOTABLE CAST HANDLES "THE YELLOW TICKET"

Fannie Ward and a noted cast in the dramatic feature of the night, "The Yellow Ticket," adapted for the screen by Pathe from the famous A. H. Woods stage success of the same name, will be seen at the Empress theater today and tomorrow.

Local Board In Receipt of Three Additional Calls

Three additional calls, all for November 11, have been received by the local board. Fifty men will be sent to Fort Crockett, Galveston, and two calls are issued for the same time for Camp Bowie, one for 60 men, the other for 30 men. The lists are being made up and notices sent to registrants, when to appear for entrainment.

NOVEMBER CALLS FOR 13,342 FROM TEXAS

By Associated Press.

AUSTIN, TEX., Nov. 1.—Calls were issued today by Major John C. Townes, supervisor of the selective draft, for the movement of 13,342 men between November 8 and 21. The calls are: November 11, 3,000 white men at Camp Howie, near Fort Worth, and 300 white men at Camp Travis, and five hundred at Camp MacArthur.

November 19, 500 negroes at Camp Travis and five hundred at Camp MacArthur.

November 6, 240 negroes at Prairie View normal and 300 white men at Camp Mabry.

November 11, 6,200 white men at Camp Travis, and 1,202 at Fort Crockett near Galveston.

QUARTERLY CONFERENCE AT FIRST M. E. CHURCH SOUTH

The fourth and last quarterly conference will be held tonight at the First Methodist church, south. All stewards, Sunday school superintendents, local preachers and those that belong to this conference as well as any others who are interested in the church are urged to be at the meeting this evening at 7:30.

Delightful Flavor INSTANT POSTUM None of coffee's harm

With the veteran minstrel man, Billy Clark, to do the blackface specialties, that feature of the performance was thoroughly enjoyable and Mr. Clark was given a decidedly cordial reception.

Another first-class comedian is Charles Udell, whose quaint portrayal of Ebenezer Hardacre, a rural type, was extremely well done.

James Harvey Hume, Adrian S. Perin and Vincene Moore, who has a good voice, had important parts and played them in acceptable musical comedy style.

Miss Cordelia Tilden, a dancer of merit; Miss Joan Knox as the ingenue who had never been in love, but subsequently showed symptoms; Miss Ethel Chappell at Iona Ford, and Miss Kathleen Neal, an engaging blonde who has an engaging personality, were conspicuous in singing and dancing numbers.

THOMAS H. INCE, Presents
Dorothy Dalton in "Vive La France!"

Supervised by THOMAS H. INCE
By H. H. VAN LOAN
Scenario by C. Gardner Sullivan Directed by R. William Neil
Photographed by John S. Stuart

To die as a German spy! She who loved France more than life.
Yet who would believe her! Against her Hun uniform and the tell-tale papers? The firing squad awaited the command—what would save her?
Just one of the tense moments that fill "Vive la France" and keep your excitement at fever heat all through this great war drama.

"She Loved Him Plenty"

PARAMOUNT-MACK SENNETT comedy, a genuine laughmaker, clean and wholesome, with an unusual good comedy story of life in a pawn shop.

NORTHWEST TEXAS OIL DEVELOPMENT

SUNSHINE SLOPE OPENS UP A NEW SHALLOW FIELD

PRODUCTION IS 30 TO 40 BARRELS DAILY AT 820 FOOT SAND.

SEEK 1,000 FOOT SAND

Iron Lands Oil Company Bring in 100 Barrel Well at 1000 Feet.

New shallow territory is apparently opened up between Sunshine Hill and the deep Rambling pool, by the Sunshine Slope Oil Company's Goetz No. 1, which was tested out in a 812 to 820 foot sand Thursday afternoon.

Thursday's test when the well had been let stand for two hours, after being cleaned out, put four barrels of oil, practically 60 from any foreign matter, into the slush pit.

Because of its location in a district between the proven shallow field and the deeper sand, this well has been of much interest and since the test of Thursday further developments will be closely watched.

Several hundred barrels at 1000 feet, in Sunshine Hill, were brought in the week, in fact the event of the past several months, was the bringing in of a 100 barrel well on the Iron Lands Oil Company's lease on the northern eastern outskirts of the hill.

Setting of casing in the Purcell Oil Company's well on Block 23 was completed last night, according to reports, and as soon as the cement is set the well will be drilled in, probably by the latter part of next week.

The Star rig is now in operation at the Victory Petroleum well and it was reported this morning that it would be drilled in on Saturday or Monday.

Several delays have hindered the bringing in of the Helen Elizabeth well on the Vanclave, but it is understood that the drilling is to be begun today.

Ft. Worth Also Asks Exemption Of Oil Industry

Special To The Times. FORT WORTH, TEX., Nov. 1.—The exemption of capital in oil development and production from further taxation other than individual income taxes by Congress is advocated by the Fort Worth Chamber of Commerce in a telegram sent to the Texas delegation in Congress and to Chairman Simmons of the Senate Finance Committee.

Market Report

Cotton Market

By Associated Press. NEW YORK, Nov. 1.—The cotton market showed continued weakness during today's early trading. After opening at a decline of 20 to 44 points there was a slight bulge on the fronts in the belt and covering attracted by the 27 cent level for January contracts.

Grain Market

By Associated Press. CHICAGO, Nov. 1.—Lively selling due to the collapse in Austria, led to a fresh break in corn prices today. The setback however was not of a radical sort, inasmuch as the majority of traders had expected such news from abroad and had discounted the situation before hand.

Livestock

Fort Worth Livestock. CATTLE: receipts 2,500; strong. HOGS: receipts 1,000; active. SHEEP: receipts 100; higher.

New York Stocks

By Associated Press. NEW YORK, Nov. 1.—Buoyancy characterized the active opening of today's stock market, war news stimulating a renewal of the recent broad demand.

Cotton Market

Continuation of the decline of 20 to 44 points... The decline extended to 21.10 for December and 26.40 for January, with active months generally selling 39 to 107 points net lower before the end of the morning.

Grain Market

CHICAGO, Nov. 1.—Butter: firm, creamery 52 1/2 @ 53. Eggs: unsettled, firsts 55 @ 55 1/2, ordinary firsts 52 @ 53.

SWIMMING POOL ON HUFF-MCGREGOR PARK UP GROUND

Wichita Falls municipal swimming pool which will be ready for use as soon as the weather permits next spring, was located this morning by the city council, the site selected being on the top of the hilly portion of the Huff-McGregor park, the pool to be made as large as possible, with the space at hand. Two wells of a tested production of 25,000 gallons daily, have been drilled and all necessary arrangements for the pumping completed. Work is to start in a short time on the construction of the swimming pool. Mayor J. B. Marlow stated this afternoon.

The city council this morning also visited the site of the swimming pool where the storm sewer and sewer are being laid during the recent heavy rains. Arrangements are to be made immediately for the necessary repairs.

Cartons Arrive For Gift Packages To Soldiers Away

Cartons to be used in sending Christmas gifts to American soldiers overseas are now available at the local Red Cross headquarters and will be supplied all persons presenting the required label from the soldier.

All packages must be sent through and inspected by Red Cross officials who will be ready to give any assistance or information needed. The contents of each carton will be examined and all articles that violate Red Cross instructions will be returned.

The packages will be weighed at the local headquarters to see that the three-pound maximum weight regulation is observed. Postage on the package will be about thirty cents. Approval slips from inspectors will be placed on packages ready for mailing. No packages can be sent without both label and approval slip.

No cartons will be supplied before the arrival of the label.

Some of the articles suggested as being appropriate are hard candy, tooth paste and brush, chocolate, cigarettes, chewing gum, pocket knife, razor blades (Gillette or Auto Strip), trench coat, trench checkers, tin hat, soap, liquid or glass will be permitted.

Memorial Service For Earl Bachman On Sunday Morning

Sunday, November 3, at the First Methodist church, the first memorial service in honor of a Wichita Falls soldier who has come west to be buried in the city will be held in this city though a number of soldiers have died in the service before young Bachman's death, from influenza, was reported.

The pastor, Rev. H. F. Draper, announces that the regular 11 o'clock service will be made a patriotic memorial and that officers from Call Field will assist in quarantine regulations will permit. Special music, including a solo by Miss Estelle Frisling, "Keep the Home Fires Burning" will be a feature of the program. The public is invited.

DIRECTOR FOR HOTELS AND RESTAURANTS HERE

Hotel and restaurant men and boarding house keepers of the city were called to meet with R. A. Parker, state director for hotels and restaurants, under E. A. Feden, state food administrator, at 5 o'clock this afternoon at the Chamber of Commerce. W. S. Curlee, county food administrator, and V. E. Stampfl, district director for hotels and restaurants, will also be in attendance on the meeting. Mr. Parker is making a survey of the State, in connection with his official duties. This is his first visit to Wichita Falls.

URGENT CALL FOR MUNITION PLANT NASHVILLE, TENN.

Sunday night a shipment of workmen for the munition plant at Nashville, Tenn., will leave Wichita Falls, and the local examiner is anxious that there be a large party from this city, as far as it has fallen short of its quota of workmen for essential war industries, as far as the call for 5,700 men from Texas by November 20 is concerned. The examiner in charge, G. W. Minton, gives out the following statement, especially addressed to those men now engaged in employment who have been designated by the community labor board as non-essential:

Reaches Critical Stage.

"The recent call made by the War Labor Board for workers for munition plants and other essential war work has reached a critical stage. The quota which Texas has been asked to supply is 5,700 war workers between now and November 20th. This call came on October 22, and up to the present time only one thousand two hundred of this quota has been supplied. It is going to require the full cooperation of each of us to meet the government's requirements. It is going to require that large numbers of us make financial sacrifices in order that our men in the fighting trenches may be supplied with the pre-requisites of war. We do not feel that any man who is now engaged in non-essential work should claim that the climate or other conditions would prevent him from accepting this employment, for the reason that our men who are making the supreme sacrifice every day are not regarding weather conditions or family ties, but are answering the call of their country every day, and are receiving for their services \$90 per month. Large numbers of these men left families in this country and left positions which paid them many times the salary which they are now receiving.

Effort to Complete Plant.

"We wish to state again that since one of the largest shell loading plants in the country was destroyed by fire at the Dupont Powder Plant at Nashville, Tennessee, is making every effort to complete their plant to meet the requirements of both, and we feel that it is the patriotic duty of every American to offer their services even though it may be at a financial sacrifice to their country during the present critical period. This plant is calling for boilermakers, pipelitters, tubers, rollers, electricians, carpenters, cement finishers, common laborers and mechanics for its operating department. The operating department men are drawn from the common labor quota and no special qualification is necessary for this plant. It is necessary that some of the skilled tradesmen. Those who have been working as clerks in stores, waiters in restaurants and messengers for automobile accessory houses are especially qualified to work in the operating department of this plant, as it is the intention of this company to make heads of the different departments out of these men. The board and lodging at that point is very reasonable, being less than \$7.00 per week and home rent ranges from \$8.00 for a three room house to \$12.00 for a six room house. These houses are all new and have modern conveniences. The transportation to the plant is paid by the Dupont people and is deducted from wages after earned, and is refunded to the workers in case they work sixty days in succession. Our shipment will leave Wichita Falls on the southbound Fort Worth & Denver train Sunday night and we urge all who possibly can to accept this opportunity as it is imperative that the workers be supplied and we have no assurance that this opportunity will again be open."

City Council Names Dr. Patillo To Act As Health Officer

Dr. A. D. Patillo was appointed acting city health officer, taking the place of Dr. M. A. Beckman, who was granted an indefinite leave of absence while in the government service, at the regular meeting of the city council Thursday night. The council also ordered the purchase of a Dodge automobile for the use of the police department, at the same time ordering the sale of the Ford which is the present "Black Maria."

Reports of a cave-in in the storm sewer on Scott, below Thirteenth, were brought to the council, and agreement entered into to inspect the cave-in and make arrangements for the repair, or reconstruction of the sewer. The council members made a trip of inspection this morning. Several other matters were discussed, but no definite action taken.

Beginning Saturday, Nov. 2 we will serve lunches at Scheid's Candy Kitchen, where you can get good home-made chili and hot coffee and all kinds of sandwiches. 148-2tc

MEETING HERE TO DISCUSS WORK OF WAR SOCIETIES

The speakers committee of the United War Work Campaign has delegated Rev. P. Boniface and Miss Graham as direct representatives of the committee, to address a conference of the older boys and girls of the Wichita Falls district, embracing Wichita, Clay, Archer, Baylor and Wilbarger counties, to be held in this city Saturday morning. Lee Clark, district executive, of the boys division, is expecting at least fifty delegates representing the schools of the district at tomorrow's conference which is called for the purpose of bringing the older boys and girls together under competent leaders for pushing the war work campaign to the utmost.

The program, which opens in the soldier's club rooms at ten o'clock in the morning will continue through the afternoon. Free luncheon will be served all delegates.

A boy and girl representative from every school in the district which acknowledges high school standing is eligible to attend.

General services will be held from 10 o'clock to 12 noon at the home of Mrs. C. J. Jones, 148-1tc

MORTUARY

John Oliver Mode, fifteen months old son of Captain and Mrs. J. W. Mode, died Thursday afternoon at the home at 1306 Lamar after about a week's illness.

Funeral services will be held from the home at ten o'clock Saturday morning, with Rev. P. G. Cross as officiant.

The parents, two sisters, Helen and Margaret, are left. Captain Mode is in the city on leave from Leon Springs.

Mrs. A. S. Young

After a several months' illness, Mrs. A. S. Young, age 76, died about eleven o'clock this morning at the home of her daughter, Mrs. Fred Carter, 1311 Twelfth street.

Mrs. Young came to Wichita Falls from Paris, Texas, about four months ago. She was confined to her bed during her entire stay here. She had been practically an invalid for about two years before her death.

Mrs. Young was born in Morgan county, Alabama, in 1842. She is the mother of eleven children, all of whom survive. They are: Mrs. Fred Carter and Andrew Young of this city; Oscar Young of Seymour, C. W. Young of Paris, Texas; S. C. Young of Dallas; A. T. Young of Shamrock, Texas; Mrs. D. J. McHam of Hollis, Okla.; R. H. Young of Paris, Mrs. T. C. Hudnell of Teague, Texas; Mrs. E. A. Clouiniver of Rockport, Texas; and Mrs. Frank Summer of Cedar Hill, Texas.

Funeral services will be held from the home of Mrs. Carter on Saturday afternoon at 2 o'clock. The services will be conducted by the pastor.

Notice to Dallas News Subscribers

Owing to the fact that I have the "flu" and will not be able to make my collections, I am going to ask my subscribers to be good enough to call at my stand and make settlement for the News. All who call and make settlement will receive 5 per cent discount on their bill. Thanking you in advance for this favor, I am very truly yours, NOBLE GRAY. 147-3tc

WICHITA COUNTY IN SEVENTH PLACE FOR STAMP SALES

Wichita county has advanced from nineteenth place to seventh on the list of Texas counties with respect to their sales of War Savings Stamp quotas, according to information received by the county campaign manager, for the county, from district headquarters. This advance in the first of November has not been tallied out but will probably be around \$325,000.

The district is offering honor flags, one to the cities having their entire quota in cash sales by November one, another to the city that has the largest proportionate cash sales between October 13 and November 13. Wichita county is going after this latter flag. Mr. Shepherd stated and he believes has a splendid opportunity of getting it.

The results of the intensive campaign which the women's committee of which Mrs. J. W. Lee is chairman have not yet been announced, but the booths, which have been open all over the city throughout the week have had splendid sales. When the report is given out tomorrow it is expected that the total will be very gratifying.

Beginning Saturday, Nov. 2 we will serve lunches at Scheid's Candy Kitchen, where you can get good home-made chili and hot coffee and all kinds of sandwiches. 148-2tc

BREVITIES

Ryal Parker, now of Camp Travis, is here for a 20 days furlough to recuperate from Spanish influenza, and is visiting his parents, Mr. and Mrs. T. W. Parker, of the American Printing Company.

One lone drunk case, most unusual for these days, was up for trial in police court this morning, and was given a \$10 fine for his state of intoxication.
