GEN. FOCH DELIVERS TERMS

GERMAN REVOLT SPREADING SEVENTY-TWO HOURS

ENDING MONDAY A. M. IN WHICH TO REPLY

(By Associated Press.)

LONDON, Nov. 8.—German majority parties have held a final discussion on the question of Emperor William's abdication and will without doubt unanimously demand that he abdicate, according to a Berlin dispatch to the Copenhagen Politiken forwarded by the Exchange Telegraph correspondent. The abdication, it is added will probably occur tomorrow.

(By Associated Press.)

LONDON, Nov. 8.—Telegraphic communication between Germany and foreign countries will be cut off, according to a Berlin message transmitted by the Exchange Telegraph correspondent at Copenhagen. Only government telegrams will be allowed transmission.

(By Associated Press.)

PARIS, Nov. 8.—An official note issued this afternoon says: "The German delegates arrived this morning at Marshal Foch's headquarters. They made a formal demand for an armistice. The text of the conditions of the Allies was read and delivered to them. They asked a cessation of arms. It was refused them. The enemy has seventy-two hours to answer."

It was later announced that the German demand for a cessation of hostilities was for an immediate suspension.

(By Associated Press.)

LONDON, Nov. 8.—The German proposal for an immediate provisional suspension of hostilities has been rejected by Marshal Foch.

"A German courier bearing the text of the conditions of the armistice has been sent to Spa, no other means of communication being practicable."

At Allied general headquarters Friday morning the German plenipotentiaries, according to a French wireless message received here, received the conditions of the armistice with all formal demand that they should be accepted or refused within 72 hours expiring on Monday morning at 11 o'clock French time, (5 a. m. local time).

The French wireless message picked up here is from the German delegates to the imperial chancellor and the German high command. It concludes by asking that a courier be sent back as soon as possible with instructions.

(By Associated Press.)

WASHINGTON, Nov. 8.—Secretary Lansing announced late today he had been advised that Marshal Foch reported to Paris at 10:25 o'clock this morning Paris time, that he had rejected a formal request for the German armistice delegates for an immediate suspension of hostilities and that the 72 hours in which the Germans must answer the Allied terms delivered to them began at 11 o'clock.

Marshal Foch reported that the German plenipotentiaries arrived at his headquarters with full powers from the chancellor.

(By Associated Press.)

WASHINGTON, Nov. 8.—The American government was notified just before noon today that Marshal Foch had rejected the German armistice terms behind the French lines at 9 o'clock this morning Paris time.

In announcing that the conference which may end the war had begun, the state department disclosed that the German envoys after reading the surrender terms handed them would be allowed a brief time to consider whether they must confer with Berlin and then would be given 72 hours in which to reply if they required a decision from Berlin.

Anxiety among officials of the government today over the renewal of with premature peace demonstrations started yesterday by the false report of the signing of an armistice almost equalled interest in the outcome of the conference.

Everywhere it is believed that the Germans are beaten and that their surrender cannot long be delayed. Word that the drastic conditions under which the American and allied advance may stop have been accepted with calm confidence.

But it is realized that the premature celebrations in which lives already have been lost and property destroyed may create a grave situation resulting in material interruption of industrial and business activities. President Wilson himself has taken cognizance of the danger and at his direction Secretary Lansing issued an official statement denying persistent rumors that news was being withheld and promising an announcement as soon as the government received information that an armistice had been signed.

MILLIONS OF AMERICANS ARE HOAXED BY RUMOR
NEW YORK, Nov. 8.—Millions of Americans realized today that they had been misled by reports that the end of the war by publication of the United Press dispatches declaring the armistice was signed and fighting ended.

Far from signing an armistice at 11 o'clock yesterday afternoon, as the reports stated, the German delegates did not cross the Allied line until last night. This is recorded in Associated Press dispatches filed in Paris at 4:30 o'clock this morning.

RELIABILITY OF ASSOCIATED PRESS AGAIN EMPHASIZED.

It now appears that the report which was circulated throughout the country Thursday that Germany had signed the armistice and that fighting had stopped was a hoax.

An order had been issued by the French commander to cease firing at a certain hour on a certain part of the front in order that the German commissioners on their way to French headquarters might pass through the French lines.

It was only when it was learned that the Associated Press failed to confirm the report that doubt began to be felt about the authenticity of the news.

The incident will add prestige to the Associated Press which has a reputation for accuracy that is a most valuable asset. Readers of newspapers have learned to depend upon the reliability of dispatches appearing under the Associated Press line.

Depending upon the reliability of the Times and its facilities for receiving the news promptly Wichita Falls did not celebrate the ending of the war yesterday as did many other cities.

WASHINGTON HAS BIG CELEBRATION RESULT OF RUMOR

By Associated Press. WASHINGTON, Nov. 8.—Washington awoke this morning to find that its wild celebration yesterday afternoon and last night in the belief that the war had ended was premature.

Denial Had No Effect. It was this report which had started the demonstration shortly after noon. Publication in regular and extra editions of another afternoon newspaper of an announcement by Secretary Lansing that the armistice had not been signed did not halt the celebration for the unconfirmed news spread more rapidly than did the denial.

Employees of government departments, most of them girls and women from distant cities for war work rushed pell mell to the streets at the first spreading of the report to join in impromptu parades on foot behind bands and in automobiles and motor trucks.

Sidewalks Were Jammed. Sidewalks on Pennsylvania Avenue, scene of many jubilations, were crowded and jammed until nearly midnight with a seething mass of humanity.

reported stopped the American troops were smashing their way forward on the Sedan front and the only points in the whole battle line where the fighting seemed to have stopped them, was at a point where it was necessary to let the German commissioners through.

Another Associated Press dispatch from Paris this morning regards the official report of the French war office that French troops have reached railway junctions at Liart, 20 miles north of Rethel.

No one can say what will come of the meeting of the commissioners. No one doubts that the end of the war is in sight; that an armistice will be signed and that the fighting will end when terms of peace are made public.

Germany Is Determined To Cloud the Issue. PARIS, Nov. 8.—The text of the wireless exchanges between Marshal Foch and the German high command today as usual and their character demonstrated that there was no sharper censorship of contents than usual.

TOMORROW Ethel Clayton

"The Girl Who Came Back"

The daughter of an expert crackman has no easy life of it, particularly if she's a thoughtful girl and her father has been unkind to her.

ETHEL CLAYTON in "The Girl Who Came Back"

What shall he carry to Your Boy tonight—out there in No-Man's Land?

OUT in the open, across the border of No-Man's Land, the Soldiers of Cheer are going tonight. In their packs they are carrying the comforts which your fighter wants. In their hearts they are carrying a message of cheer and hope.

To the most advanced positions they are crawling with those little things which loom up big in France—their bars of chocolate, their cigarettes, their rolls of cookies and cans of fruit. Yes, and sometimes, letters from home!

Under the very eyes of German snipers they are crossing open fields, dropping flat to the ground as each flare goes up, then creeping further forward.

Soon they will reach the gun-nests where a handful of fighters will whisper:—"Good for you, old boy! What would we do without you?"

Off in another sector an advance will begin at dawn. In the thick of it will be these men—perhaps of the Knights of Columbus or Y. M. C. A., perhaps the Jewish Welfare Board or Salvation Army.

Whatever uniform they wear, the hot chocolate which they serve tastes just as warm and comforting. The cigarettes they light and hand the wounded will be as good first aid.

"These men need smokes much more than what we give them," say the surgeons.

When daylight comes the wounded will be streaming back. The cigarettes and chocolate may be nearly gone—given away. But your money will replace them. Meanwhile these men will say:—"Put us to work!"

The surgeons will give them the arm-bands of the army's stretcher-bearers.

Then up beyond the front lines they will go, to bring back those too badly hit to walk.

Once, twice, three or four times they will make the trip before they too are hit.

Wherever there are fighters, the Soldiers of Cheer have their canteens, scores of them under shell fire.

Throughout the days they serve the crowd a mile or so behind the lines. At night they go forward, packs on their backs, to reach the men who occupy the outposts of civilization.

When the order comes to go over the top, they follow too. Wherever the troops go, there go these men, who serve.

No wonder their names are in the casualty lists. No wonder they are cited. No wonder the fighters elect them honorary members of their outfits.

Keep the supplies coming! Help the Soldiers of Cheer to help your fighters! Give now—all together!

Why you should give twice as much as you ever gave before!

The need is for a sum 70% greater than any gift ever asked for since the world began. The Government has fixed this sum at \$170,500,000. By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved.

Unless Americans do give twice as much as ever before, our soldiers and sailors may not enjoy during 1919 their:

| 1000 Miles of Movie Film | 85 Hostess Houses |
| 100 Leading Stage Stars | 15,000 Big-brother "secretaries" |
| 2000 Athletic Directors | Millions of dollars of home comforts |

When you give double, you make sure that every fighter has the cheer and comforts of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theatre, a cheerful home, a store, a school, a club and an athletic field—and a knowledge that the folks back home are with him, heart and soul.

You have loaned your money to supply their physical needs. Now give to maintain the Morale that is winning the war!

ORGANIZE GIRLS TO CAMPAIGN FOR WAR WORK FUND

Organization of the working girls of Wichita Falls and the students of the business college for work during the United War Work campaign next week was completed in meetings held at the public library Thursday evening and in the study hall at the college at ten o'clock this morning. About forty of the representative working girls of the city were present at the meeting at the library Thursday evening. Following talks outlining the plan of campaign from N. H. Martin, county chairman, Miss Polly Roberts, county executive for girls, and Miss Marguerite Mizelle, city executive, the young people enjoyed an address by Rev. Percy George Cross, of the First Christian church. With Miss Mary S. Clark at the piano, a number of the inspiring songs named as rally songs during the campaign were sung by the entire group.

Rev. W. H. Callace, county executive for boys, with Miss Polly Roberts met the students of the business college this morning and received the same hearty response. Their efforts have met with widespread approval.

Officials of the "Victory Boys and Girls" work in the present campaign are expecting to be able to turn over the splendid report of a completed campaign by Tuesday evening of next week.

The final rally before launching the campaign in the schools is planned for Monday morning.

WOMEN HAVE INTERESTING MEETING WEDNESDAY NIGHT

The following report of the meeting of W. O. W. No. 3001, is furnished the Times for publication.

At their regular meeting held Wednesday night, Camp No. 3001, W. O. W., had a most enthusiastic meeting, and a large number were present. The weather conditions keeping a number of others back. All members thought this the best time to put on their fall campaign, and it is the intention to build this camp up to a much larger membership, though it already is among the largest in membership of any lodge in the city, having some 325 members or more. It is claimed that there are nearly 1000 members residing in this city at present, and it is the intention to go after them as well as new members.

Three speeders were up before Judge Ogle in police court this morning.

A NERVOUS WRECK

From Three Years' Suffering, Says Cardui Made Her Well.

Texas City, Tex.—in an interesting statement, Mrs. G. H. Schill, of Elstons, says: "For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.

Market Report

Cotton Market

By Associated Press.
 NEW YORK, Nov. 8.—The reaction from the excitement caused by yesterday's false report of Germany's surrender was probably reflected to some extent in scattering liquidation at the re-opening of the cotton market today. The tone was steady at the start but first prices were unchanged to sixty points lower, generally 13 to 15 points under last night's closing figures in response to lower Liverpool prices. The decline in Liverpool was attributed partly to adjustments brought by easier marine insurance.

The market was steady after the call with December working up from 29.00 to 29.55 and January from 28.35 to 28.76 or about net two points lower to net points higher. The census figures showing 7,793,615 bales ginned to November 1 was about in line with expectations but buyers encouraged by bullish southern spot advices.

After selling at 29.83 for December and 19.15 for January, or about 30 to 37 points net higher the market became very quiet and sagged off later in the morning under scattered realizing. December reacted to 29.29 and January to 28.55, or about 20 to 27 points under last night's closing figures. There was no special news feature to account for the reaction but the buying inspired by bullish spot advices and small ginning figures seemed to have run its course on the early advance.

Cotton closed steady.

Grain Market

By Associated Press.
 CHICAGO, Nov. 8.—Fresh weakness developed in the corn market today as a result of expectancy that an armistice with Germany would soon be signed. Opening prices which varied from unchanged to 3/4 lower, with December and January both \$1.20 1/2 to \$1.22 were followed by a moderate rally and then by a descent lower than before.

Oats showed a little more strength than corn although affected to some extent by the bearish action of corn. After opening unchanged to 1/2 lower with December 70 cents to 50¢, the market scored a slight gain which afterward disappeared.

Subsequently reports that a suspension of the draft was being considered at Washington and that revolution was spreading in Germany tended further to handicap the bulls and to prevent lasting rallies. The close was unsettled 2 1/2 net lower to five cents advance, the latter for November with December \$1.19 1/2 to \$1.20 and January \$1.21 1/2 to \$1.21 3/4.

Upturns which later took place were not maintained.

Provisions fell with corn.

New Orleans Cotton

NEW ORLEANS, Nov. 8.—Lack of support and moderate selling made for lower prices in cotton today, the market losing 43 to 72 points around the opening call. Sellers were wary because of the situation in Europe and were quick to take their profits. At the end of the first half hour prices were unchanged to 8 points off compared with yesterday's close.

The market became a waiting act in the trading up to noon, belief in a favorable outcome of present political situation caused enough buying to send prices 29 to 35 points over yesterday's final.

Liquidation from the long side was against values in a moderate way after the noon hour and at 1 o'clock prices were 24 to 28 points down compared with yesterday's close.

Cotton closed steady at a decline of 25 to 44 points.

Liverpool Cotton

LIVERPOOL, Nov. 8.—Cotton spot quiet; prices lower. Good middling 23.42; middling 22.79; low middling 21.74; good ordinary 20.21; ordinary 19.69.

Sales 2,000 bales, including 1,700 American.

Receipts 73,000 bales, including 65,000 American.

Future closed irregular and unsettled: November 20.43; December 19.90; January 19.68; February 18.50; March 17.56.

New York Stocks

By Associated Press.
 NEW YORK, Nov. 8.—Leading stocks opened at sharp declines today as a result of yesterday's false reports of the signing of a truce between Germany and the Allies. Reactions of 1 to 5 1/2 points were registered at the start by Mexican Petroleum and many of the leading rails as well as secondary issues of that division. Coppers broke an average of one point and motors fell back with prominent specialties.

The few early gains were represented by Marine preferred, American Sugar and Sumatra Tobacco, the latter rising four points. The market strengthened in all quarters before the end of the first half hour.

S. S. Steel's further recovery to 103 1/2, gains of 1 to 3 points in lower priced motors and substantial advances in Baldwin Locomotive, American Car and other equipments and war shares were the chief feature of the strong but moderate noon hour.

Rails, steels coppers and equipments reacted about a point from their best on a profit taking of the last hour. The closing was irregular.

Final prices on Liberty bonds today were: 3 1/2's 99.90; first convertible 4's no transactions; second 4's par; first convertible 4 1/2's 98.63; second convertible 4 1/2's 98.10; third 4 1/2's 98.00; fourth 4 1/2's 88.00.

Five Test Wells Being Drilled In Stamford Section

STAMFORD, TEX., Nov. 7.—The city of Stamford is going to have the oil possibilities of the surrounding country fully tested out. At the present time there are five test wells being drilled within a radius of twenty miles of the city. But those who are making a study of the question, feel that a thorough test will develop an oil field in this section of the country.

A mass meeting of the business men was held this afternoon, and it was decided to form a Chamber of Commerce to take the matter in hand, and plans were made to raise a sufficient fund for this purpose.

The following were elected as officers: Frank E. Morrow, President; W. E. Bounds, First Vice President; W. M. Harlan, Second Vice President; Starkey Duncan, Secretary.

These officers with the following constitute the executive board: Chas. Brewington, A. J. Swenson, R. L. Penick, H. D. Wilcox and Judge B. P. Davenport.

Headquarters for the new organization will be arranged at once and the new organization will begin its campaign without delay.

Stamford's new \$25,000 city hall will be formally opened tomorrow night. Mayor R. L. Penick officiating at the ceremony. The reception committee will be made up of the Mayor and his wife and the aldermen of the city and their wives.

And a Thousand Fighters Call Him Dad!

THERE is a new kind of fighter in this war. He wears a uniform but he doesn't carry a gun. He carries cheer and comfort and a great big heart. Never mind whether his uniform shows the emblem of the Y. M. C. A. or the Knights of Columbus, the Jewish Welfare Board or the Salvation Army. He doesn't care—and neither does your boy.

This new kind of fighter is making a new kind of fight. He is fighting against lonesomeness and heart-ache and monotony and worry. He is fighting for that quality which wins wars—morale!

Your boy has it. This man is fighting to let him keep it.

Maybe your boy hasn't had a letter for a long time. Or maybe there was something that worried him in the letter that he got this morning.

Or maybe he has had a disappointment—hoped for promotion and didn't get it. Or maybe he'd give a million dollars just to see his folks one minute.

It hurts to lock up things like that, deep down inside your heart. It helps to pour them out.

And that is where this man comes in—the Daddy of them all. They know that he will understand—that he won't laugh or preach. They know that he is there with the right word and the right pat on the back when it's needed most.

You Daddies of America, you men who want to go and can't, let's keep this Daddy on the job!

Why You Should Give Twice as Much as You Ever Gave Before!

The need is for a sum 70% greater than any gift ever asked for since the world began. The Government has fixed this sum at \$170,500,000.

By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved.

Unless Americans do give twice as much as ever before, our soldiers and sailors may not enjoy during 1918 their:

- 3,600 Recreation Buildings
- 1,000 Miles of Movie Film
- 300 Leading Stage Stars
- 2,500 Athletic Directors
- 2,500 Libraries supplying 5,000,000 books
- 85 Hospitals
- 15,000 Big-brother "secretaries"

Millions of dollars of home comforts

When you give double, you make sure that every fighter has the cheer and comforts of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theatre, a cheerful home, a store, a school, a club and an athletic field—and a knowledge that the folks back home are with him, heart and soul!

You have loaned your money to supply their physical needs.

Now give to maintain the Morale that is winning the war!

SEVERAL CHECKS FOR THE COUNCIL OF DEFENSE FUND

C. W. Snider announces the receipt of a number of checks for \$19 received from citizens and business firms for the County Council of Defense. These contributions were made in response to a circular appeal sent out by the Wichita Falls Sash and Door Company, on behalf of the Council.

One check was received without a signature, and Mr. Snider requests that anyone whose name does not appear in the list of names of contributors, call at the bank and sign the check, so that their contribution may be recognized.

BURKBURNETT TO HAVE POSTOFFICE BUILDING SOON

The federal government has leased a site and will build a postoffice building at Burburnett and furnish it. A building adequate for the post office for the next ten years will be built.

Bids for the construction of the building will be received at the Wichita Falls post office up to November 20, 1918. Plans and specifications are on file there.

Since the beginning of the oil development at Burburnett the postoffice there has been badly overcrowded. The government is building its own building because of the impossibility of private capital undertaking it.

Notice: Parties indebted to the Taylor Grocery Co. will find me at Room 12, old post office building, Roy A. Taylor. 154-47p

FIFTH REFINING COMPANY BEING ORGANIZED HERE

Organization of the American Refining Co. has been practically completed here. This company is moving the Avis refining plant here from Jack county and will rebuild and enlarge it on a 36-acre site just north of the city. The company has purchased the site of the old Northwestern Brick Company.

It is planned to start the plant here with a capacity of 2000 barrels daily. M. J. Bashara has been elected president of the company; W. W. Silk, vice-president; J. G. Kilgore, second vice-president and general manager; H. A. Allen, secretary and treasurer; and O. B. Manross, superintendent.

The board of directors comprises: P. P. Langford, N. Cheneault, M. J. Bashara, W. W. Silk, W. N. Maer, W. T. Willis, H. A. Allen, J. G. Kilgore and C. W. Reid.

The directors of the company themselves own enough production to keep the plant running at full capacity. All are well known Wichita Falls business men and all have large interests in the oil business. The company will begin operations without any indebtedness and with ample capital for operations.

COMPLAINT MADE AT SUGAR ALLOWANCE

In response to complaints which have come to him from patrons of local restaurants, W. S. Curlee, the county food demonstrator, stated this morning that the increased sugar allowance gives restaurant and hotel patrons the right to call for two teaspoons of sugar at each meal. Mr. Curlee said he had received a number of complaints, and had personal knowledge that some hotels and restaurants were serving the same amount of sugar that they served before the allowance was increased. Patrons are within their rights to insist on the additional amount of sugar, he stated.

JUDGE CHAUNCEY TO RECRUIT FOR THE RED CROSS

Judge W. B. Chauncey of this city has been appointed by the American Red Cross to recruit Red Cross workers in this section.

The American Red Cross has established forty special recruiting stations in Missouri, Kansas, Texas, Arkansas and Oklahoma in an effort to obtain hundreds of workers. The demands upon the Red Cross have grown so enormously that the organizations' work will be impaired unless men of business training offer their services.

Men are wanted in the military camps to render emergency relief of every kind when called upon by the military authorities to help such soldiers as are worried about their families, to visit and cheer up soldiers in the base hospitals and to supervise the distribution of supplies in camps and cantonments.

Men and women are wanted in Washington to work as accountants, stenographers, secretaries and buyers of drugs, medicines, surgical instruments and hospital supplies. Men thoroughly experienced in commercial practice along merchandising lines, also are wanted.

The following have been named in Texas to recruit these workers: Abilene—Mr. Charles Motz. Amarillo—Mr. Horace Russell. Cleburne—J. E. Poindexter. Corpus Christi—Mr. C. C. Hayden. Dallas—Judge J. J. Eckford. El Paso—Dr. D. W. Detweiler. Ft. Worth—Mr. M. H. Dicks. Houston—Clarence R. Wharton. Galveston—Mr. John Seely. Palestine—Mrs. J. E. Angly. San Antonio—Mr. Frank Lewis. Sherman—Dr. P. A. Wharton. Waco—Mrs. A. J. Armstrong. Waxahachie—Judge F. L. Hawkins. Wichita Falls—Judge W. B. Chauncey.

CITY JUDGE FINES 113 MOTORISTS IN PAST 7 MONTHS

The record of pleas of guilty or findings of guilty of violations of state and city laws since April 12, 1918, of owners or drivers of motor driven vehicles, such as automobiles and motorcycles, are 113 separate cases, and fines of \$810.

The police judge has just sent in his second report to the State Highway Commission at Austin as required by law. The statute does not provide how often it shall be done, but the commission suggests that each three months is satisfactory.

From April 12 to July 31, there were 53 separate cases and fines aggregating \$405. From August 1 to November 5, there were 61 separate cases (fines amounting to the sum of \$405, but a large number of the last report, were instances of parking cars on paved streets overnight, and it was not deemed best to put heavy fines upon such parties, since the law had not previously been enforced.

Fines as a whole ranged from \$5 to \$25.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have
Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 50c per box. All druggists.
