

### DISPATCH A SHIP EVERY DAY WITH AMERICAN TROOPS

By Associated Press.  
LONDON, Monday, Nov. 25.—In planning the withdrawal of American troops from England as soon as possible American army officers have decided that the units which will remain are a few of the medical service and the staffs of the rest camps. It is hardly probable, however, that the rest camps will be required as troops are being sent home directly from France and the few units now in England belong to regiments in France and may be sent there.

Steps are also being taken to clear hospitals here. It has been decided that patients who are not likely to recover within two months will be sent home as soon as suitable ships are available. When the Mauretania sailed today she took between 5,000 and 6,000 from the flying corps. It is planned to dispatch a steamer to America every day this week.

Admiral Henry T. Mayo, commander of the Atlantic fleet, is returning on the Mauretania.

"I am returning to America after three months associated with the Allies in British, French and Italian waters," said the admiral before sailing. "The American navy is very proud to have been associated with the Allies in the latter part of the war. We appreciate that it was not through that won this wonderful victory and it is impossible to pay too high a tribute to the great British navy."

### Revive Story of Plot to Rob the Tomb of Lincoln

By Associated Press.  
CHICAGO, Nov. 25.—The story of the plot to rob the tomb of Abraham Lincoln in Oak Ridge cemetery at Springfield, Ill., was revived today following the announcement of the death of Elmer Washburn, former chief of police of Chicago. According to the story, suppressed on request of relatives, the attempt was made in the fall of 1879 and the plan was to convey the body of the martyred president to Canada where negotiations for its return would be conducted. Mr. Washburn was head of the government secret service here at the time and with eight federal agents was hidden in the cemetery when the four ghoulies tried open the iron door of the mausoleum. Alarmed at the accidental discharge of a revolver, the four fled, but were arrested three days later. They were convicted and sent to prison for a year.

### RESTRICTIONS REMOVED ON USE OF PLATINUM

By Associated Press.  
DALLAS, TEX., Nov. 26.—Government restrictions upon the use of platinum for jewelry purposes have been partly removed. This is the information received here by jewelers.

With the high value of this product, this is the important step in a movement that radium had gone up a nickel a quart.

When the announcement was made that the government was in need of platinum for use in perfecting devices used on big guns, airplanes and munitions of war, many patriotic people sacrificed their rings and other articles of jewelry containing platinum. Such sacrifices however will no longer be necessary.

### RICE FIELDS OF TEXAS NEED HARVEST HANDS

By Associated Press.  
GALVESTON, TEX., Nov. 26.—Harvest hands for the rice fields of Texas are needed now, according to announcement of A. I. Barkman, assistant director of the United States Department of Labor, who was recently here to look over the labor situation in Texas. He will tour the larger cities of the State.

Mr. Barkman is endeavoring to get as many men as possible to work in the rice fields and says the increasing demand for rice, caused by its high food value, is the source of much government activity to get the crop out as soon as possible.

### BRITISH AIRMEN MAKE MANY BOMBING RAIDS

LONDON, Nov. 25.—Statistics published relative to the work of the Independent Air Force shows that during the thirteen months preceding the armistice, 709 bombing raids were made by British airmen over German territory. The list of large towns visited shows that 52 were bombed during the period. In all 73 tons of bombs were dropped.

Notice to Owners of Shade Trees.  
Limbs of shade trees projecting over the sidewalk where they are likely to come into contact with the faces of pedestrians are a menace to safety. Owners of the trees are requested to keep them trimmed so that the limbs will not brush in the faces of persons on the sidewalks. If the owners fail to do this it will be necessary to hire this done and assess the costs against the owner. Inspect your trees and see if the limbs give clearance of the sidewalk.—FRED SMITH—City Marshal 167-61c

### WINTER SWEEPS OVER NORTHERN RUSSIAN FRONT

By Associated Press.  
ARCHANGEL, Monday, Nov. 25.—Winter has begun in earnest over the whole northern Russian front. All the rivers are ice-bound and the bolshevik gunboats which have long menaced the American and Allied forces on the Dvina have been forced to withdraw to escape being frozen in. The bolsheviks, however, have mounted big guns along the front south of the Allied armies.

Operations are limited to sporadic artillery exchanges but the bolshevik heavy reinforcements, the freeze-up, while bringing relief on the Dvina front, increases the danger on others, as the once impassable swamps are now frozen, making possible bushwhacking flank attacks by the enemy.

The correspondent has just returned from a trip along the front where he found a general reversal of the opinion that the bolshevik would not fight. Near Kadish, a fortnight ago, a body of bolshevik infantry maintained an advance against strong machine gun fire. A Russian resident, in talking with American soldiers regarding this attack, said the bolshevik officers threatened their men that they would be killed the next day if they failed to hold the line.

The cold is so intense in some sectors of the front that the Americans sleep with their machine guns rolled in the blankets with them to prevent the water cooling chambers of the guns from freezing.

### WILL ASSIST SOLDIERS TO OBTAIN EMPLOYMENT

By Associated Press.  
SAN ANTONIO, TEX., Nov. 26.—The United States Employment Service will do the best of its ability to endeavor to place those demobilized from the army on farms and factories, according to a telegram from Secretary of Labor Wilson to H. W. Lewis, federal director of Texas.

With the cessation of hostilities it is the obligation of the country to find positions for these men, he states. "The well being of the people for many years to come depends largely upon the manner in which this obligation is fulfilled," says Mr. Wilson, "as well as the indication of those principles of justice which animated us in the pursuit of war."

"Community labor boards are best suited and equipped to help in the transition from war to peace and at no time have their services been more necessary."

### RUSH OF DRAFTEES FOR CIVILIAN CLOTHING

By Associated Press.  
DALLAS, TEX., Nov. 26.—Dallas draftees made a rush for civilian clothes here when the armistice was signed and draft calls were canceled, haberdashers here say. Establishments catering to young men's clothes say trade is noticeably stimulated by peace. Boys who expected Uncle Sam to fill their wardrobes are caring for their own wants now.

Some merchants are of the opinion that men's clothes will continue to rise in price.

### PRISONERS TELL OF CRUELITIES IN GERMAN CAMPS

By Associated Press.  
LONDON, Nov. 26.—(British Wireless Service)—Shocking stories of their treatment are told by many British prisoners who have reached England from Germany. Unfortunate Britishers who arrived at Friedrichsfelde, Prussia, after hostilities ceased had a hard lot. They had been taken prisoners shortly before or during the British advance and were compelled to work behind the lines, being driven from place to place, "like something lower than beasts."

Of one working party of 1,800 only 252 came into Friedrichsfelde. From twenty to thirty daily went into hospitals and fifty of the party died during the first week in camp. Several of the men said that they caught scabies and ate them while on the march.

It was admitted by the German doctor, current advice state, that a large proportion of the 800 British prisoners at a camp at Lasquin (Lacken?), nine miles from Brussels died from starvation or exposure.

### INDIAN PRINCESS FROM AMERICA EXCITES LONDON

LONDON, Nov. 18.—The Princess Tsianina, a real American red Indian princess, has arrived in London, and all the little boys in the neighborhood of her hotel are tremendously excited. They form an awe-gripped retinue for her whenever she takes a walk, following at a respectful distance with worshipping eyes. They have found out that she is the daughter of a Cherokee mother and that her father is a member of the Muskogee tribe. Being more familiar with their American cousins, with Wild West stories than with their geographies, their imaginations are fired by the princess's buffalo robe, her masses of soft cherry colored skin, her necklace of buffalo bone, which was presented to her by Indians as a token of affection, and her fillet on Indian head work. Far from resenting this youthful homage the princess seems to enjoy it thoroughly. Her mission in Europe is to sing Indian songs to Indian troops of whom there are about 20,000 in France, ranging from privates to majors. Bright up by whites, as the possession of a few of which has been well trained, princess Tsianina is regarded by the British press as an interesting product of twentieth century America. The princess delectates Wild West shows and Wild West movies which she says have given Europeans an entirely wrong view of her people.

### KANSAS CITY PLANNING A VICTORY MONUMENT

KANSAS CITY, Mo., Nov. 26.—Women are taking the lead in a movement here to erect a victory monument in memory of the men who fought and sailed who died in the war. It is proposed that the monument stand on the plaza fronting the Kansas City Union Station. The Council of Women of this city has assumed responsibility for the campaign to raise the \$100,000 necessary for the monument. A plan has been planned to make the drive for the sale of small subscriptions, rather than have the monument built by a few.

### WANT AMERICANS TO CONTROL IN TURKEY

CONSTANTINOPLE, Monday, Nov. 25.—American control of the Turkish government and finances is being urged by a group of nine newspapers—seven Turkish and two French—in Constantinople. The group also advocates American supervision of the educational system and the separation of church and state. A deputation will request permission to present the program to President Wilson during his visit to Paris. The program will be announced this week.

### RED CROSS WILL CARE FOR AMERICAN PRISONERS

WASHINGTON, Nov. 26.—Sick and wounded soldiers who were held prisoners by the Germans and who are not strong enough to be moved at the present time will be cared for by the American Red Cross through Alfred Nease, a Swiss neutral delegate with long German experience and acquaintance. A cablegram received today at Red Cross headquarters here from Paris says Nease is planned to place all these Americans in a central hospital and if they provide American medical attention for them.

### Minstrel Program At Wichita Theatre Pleases Audience

Squadron D of Call Field gave the large audience at the Wichita Theatre Monday evening a pleasing exhibition of its fun-making talents. There were numerous new songs well sung, both by soloists and a well directed chorus of some forty-five voices, plenty of nicely pointed stories of the minstrel variety, and several clever feature stunts worked into the minstrel's singing, dancing and joking. After Fatty Arbuckle and Mabel Norman were thrown on the screen in a little bit of life by the sea, as the opening number, P. P. Buckman gave an unusual exhibition of skill on the slack wire, mixing his juggling and slack wire work. Whether inside a couple of hoops, tied up in a flour sack, or reposing at ease with his cigarette, Mr. Buckman showed himself a master of the art of slack wire walking and fully justified the reports of his fame on prominent vaudeville circuits. Cadet Cahill had a pleasing black face act for the interlude before the curtain went up on a darkened stage with the faces of a chorus of about forty-five dusky "plantation hands" gleaming under the flare of so many flash lights. Lieutenant Robert Connelley, as Col. Cameron, entertaining in his southern home, an excellent interlude in the role of six lively "old men," Bro Diller, W. J. McGuire, R. J. Smith, I. J. Morien, G. McQuestion and P. Petro. A routine of boxing, a miniature airplane landing and take off, and Lieutenant Williamson's high dive varied the conventionally minstrel style of the program. Mrs. Morris singing from behind the scenes added to the effectiveness of two vocal numbers. When the curtain went down on the final song, the chorus was enthusiastically singing its triumphant "We Have Wound Up the Watch on the Rhine."

Lieutenant Connelley as musical director, is responsible for the good work of the chorus which included in its personnel: Otto Anderson, Russell P. Baker, Harry S. Baker, Clarence M. Crane, Anthony Casullo, Lewis E. Ford, Laurence A. Foss, Clarence J. Gale, Joseph E. Halsey, Maxwell A. Hart, Arthur A. Hines, W. J. McGuire, Frank Blazins, J. J. Moore, W. J. Smith, L. J. Morien, G. McQuestion, W. A. Weeks and Lieutenant Robert Connelley.

Mr. Farnum portrays the part of a western ranch owner, a humorously man, in "Out of a Clear Sky," which is the principal attraction at the Empress theatre today. The leading man is Thomas Melgreen, a popular screen actor who has been seen to advantage in numerous Paramount and Arctograph pictures. E. J. Radcliffe, a well known player has a strong role, while Emily Connelly, a juvenile of reputation, has an excellent characterization. The story of the photoplay deals with a Belgian contest who, to escape an odious marriage, escapes to this country and finds refuge in the mountains of Tennessee, where ultimately she also finds happiness in the love of a strong man.

### AT THE THEATERS

THE "SHERIFF" SUPERIOR VEHICLE FOR ARBUCKLE  
Roscoe Arbuckle's new picture "The Sheriff" showing at the Majestic Wednesday and Thursday, proves that, no matter how difficult the situation may be, if handled intelligently, taking in consideration the gradual, although unconscious development of taste, they can always be depended upon to make an entertaining picture. "The Sheriff" is far better attraction than anything contributed by Mr. Arbuckle on the Paramount program. For one thing it is free from vulgarity and sloppiness. The classic kick shines with its absence. For another, comedy though it is, the situations have been developed logically, producing maximum fun out of minimum action. Every man in it counts. The hero of the story is a sheriff, who, having developed a logic, produces maximum fun out of minimum action. Every man in it counts. The hero of the story is a sheriff, who, having developed a logic, produces maximum fun out of minimum action. Every man in it counts.

### "THE PRICE OF APPLAUSE" FILM OF UNUSUAL QUALITY

There are many unusual elements entering into "The Price of Applause," showing at the Gem today. First of all this picture is an adaptation of the Saturday Evening Post story by the same name, written by Nina Wilcox Putnam and Norman Jacobson. Secondly there are four of France's finest actors in the cast: Jack Livingston, Joe King, Walt Whitman and Claire Anderson. Third, the picture was directed by Thos. N. Heffron, whose colorful style in "Her American Husband" and "The Painted Lily" have won unstinted praise. An excellent story and excellent cast, an excellent director and crack photography by C. H. Wales. "Lay on, MacDuff!"

the roles assigned. Among the principals there are: Debonair Arthur Tackman, Charming Cecil Hines, Eccentric Eda De Granville and Fanny Joe Phillips, all of them graduates from Broadway productions. The book, music and lyrics of this act have been written by Joe Goodwin, one of the foremost writers of the younger school of playwrights and composers, who has many successes to his credit. Among them are "That's How I Would You," "Song of Songs," "What a Wonderful Mother You Would Make," "The Shoes," and his latest success, "Three Wonderful Letters from Home." There's a real plot with a real vein in "Ocean Bound" swift action which holds interest throughout the act. The girls are some of the prettiest and shapeliest ever seen in any musical offering. All of them are elaborately gowned in the latest creations and the many changes are said to be pleasing to the eye. "Ocean Bound" has been staged under the personal direction of B. D. Just to remind us that there are still American forces engaged in military operations on other fronts than the Rhine there comes news of an attack by the Bolsheviks on the American and British positions at Tulgas, on the Dvina River, in Northern Russia.

On the very day that there are still American forces engaged in military operations on other fronts than the Rhine there comes news of an attack by the Bolsheviks on the American and British positions at Tulgas, on the Dvina River, in Northern Russia.

Probably the republicans think they will be able to establish a record in dealing with the reduction in expenditures after the war, but the democrats are going to take care of this matter by providing for a contingency that naturally must come and for which the opposing party would be entitled to little if any credit if deferred to the incoming congress.

ACCIDENT DELAYS FLIGHT OF PLANE; MEN ARE INJURED

PHOENIX, ARIZ., Nov. 26. O. S. T. Meyerhofer, pilot of the Loughhead biplane traveling from Santa Barbara, California, to Washington, D. C., and his mechanic were injured today when the plane fell near Gila Bend, Arizona, a station sixty miles west of here, according to reports received at Southern Pacific railroad headquarters.

CELEBRATE THANKSGIVING ON "VICTORY" DAY.

It has been suggested and rightly so that November 11th be proclaimed a national holiday in honor of the victory of right over might. In fact it is more than probably that this date will in the future be recognized as an international day for celebration.

Another advantage, although of a commercial nature, would result to the Christmas trade. As it is the public begins to consider holiday shopping immediately after the passing of Thanksgiving and the suggestion embodied above would prove a valuable aid in encouraging early buying for the Yuletide.

Proven Swamp-Root Aids Weak Kidneys

The symptoms of kidney and bladder troubles are often very distressing and leave the system in a run-down condition. The kidneys seem to suffer most, as almost every victim complains of lame back and urinary troubles which should not be neglected as these danger signals often lead to more dangerous kidney troubles.

Dr. Kilmer's Swamp-Root, which, so many people say, soon heals and strengthens the kidneys is a splendid kidney, liver and bladder medicine, and, being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who use it.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Inc., 147 N. 2nd St., Y. for a sample bottle. When writing be sure and mention the Wichita Falls Daily Times.

DISCUSS PLANS FOR DEVELOPING FORMER EMPIRE

By Associated Press. COPENHAGEN, Nov. 26. Chancellor Ebert is reported in a dispatch from the semi-official Wolff Bureau of Berlin as having addressed yesterday a conference of about seventy delegates from various parts of Germany.

The conference was composed of former diplomatic prominent socialist leaders and representatives of the governments of the various states and also several new men, some of whom were members of the Canadian artillery.

# CHILE AND PERU ARE THREATENING SERIOUS PROBLEM

**By Associated Press.**  
**LIMA, PERU, Nov. 26.**—The Peruvian government has had no communication from its representatives in Chile for forty-eight hours notwithstanding it has ordered all its consuls home.

**By Associated Press.**  
**SANTIAGO, CHILE, Nov. 26.**—The Peruvian question was brought up in the Chilean chamber of deputies last night and a stormy session resulted. Senator Cardenas, the second vice president, suggested that the question be settled peacefully. The members of the new Chilean cabinet, who were present, withdrew as a protest and the president and first vice president of the chamber announced they had resigned. The session adjourned to prevent violence but reopened later and the deputies voted "Cardenas out of his office as second vice president and annulled the resignations of the president and first vice president."

After the meeting crowds in the streets hooted Cardenas, calling him a traitor.

## WASHINGTON IS GIVING MATTER CLOSE ATTENTION

**By Associated Press.**  
**WASHINGTON, Nov. 26.**—Though without official information concerning the serious situation between Chile and Peru, the state department is giving the matter close attention and opportunity may be found to tender to the offices of the American government to compose the controversy.

The differences grew out of the old dispute between the two countries over the border provinces of Tacna and Arica, formerly a part of Peru, but held by Chile for many years.

## Five Features For Fite Nite Program Tonight

Lieut. Keane announced today that the "five nite" program would be given tonight at Call Field without fail, for which he stated, some very interesting contests have been arranged. The program will include two wrestling matches and three boxing bouts, all of which promise to give a sufficient thrill to please the most exacting audience.

The main boxing bout, as announced, will be between Cahill and Doyle, who will weigh in at 125 and who promise an exhibition full of "pep," each being determined to wrest the honors from his opponent.

Carlson and McLean will box at 125, while Foley and Morris will provide the third contest with gloves.

Glausk and Derwitz will weigh in at 151 for a contest for wrestling honors and another wrestling match will be between Johnson and Terlin.

"Five nite" has already established a reputation for splendid entertainment and notwithstanding the inclement weather, a large crowd from the city is expected to attend tonight.

# Market Report

## Cotton Market

**NEW YORK, Nov. 26.**—Reports of unfavorable weather in the south and continued demand in December notices seemed accountable for the advance in cotton today. First prices were 10 to 45 points higher with December selling at 28.00, January at 27.70 and March at 27.00 on the call, or about 20 to 35 points net higher on the active positions. The advance met a good deal of realizing however and the market eased off after the call. General business was probably restricted by the unfavorable weather in the south but New Orleans was a moderate seller here during the early trading and there was further selling by houses with Japanese connections.

The early reaction of 20 or 30 points was followed by renewed steadiness later in the morning owing to bullish spot advices from the south. January advanced from 27.45 to 27.55 and March from 26.80 to 27.08 and active months generally ruled 25 to 35 points net higher shortly after midday.

Trading remained very quiet during the early afternoon and there was little further change in prices with January ruling around 27.58 and March 26.90 or about 9 to 10 points net higher at 2 o'clock. Exports today were 46,358 bales.

Cotton closed barely steady.

## Grain Market

**By Associated Press.**  
**CHICAGO, Nov. 26.**—Semi-official inquiries as to whether shorts selling might be as effectively eliminated as limited, led to a buying flurry on the part of numerous speculators in the corn market. The inquiries were concentrated in some quarters as a threat of possible further restrictions on trading. Opening quotations which ranged from  $\frac{1}{2}$  off to  $\frac{1}{8}$  advance with December \$1.22 $\frac{1}{2}$  to \$1.22 and January \$1.22 to \$1.23 $\frac{1}{2}$  were followed by a bulge all around and then a descent to well below yesterday's finish.

Oats paralleled the action of corn. No export demand was discernible. After opening unchanged to  $\frac{1}{8}$  high with January 70 $\frac{1}{2}$  to 70 $\frac{3}{4}$ , the market hardened still more but then underwent a decided sag.

Buying on the decline absorbed the offering and brought about an upturn higher than before. Prices closed strong  $\frac{1}{4}$  to  $\frac{1}{2}$  net higher with December \$1.25 $\frac{1}{2}$  and January \$1.26 to \$1.26 $\frac{1}{2}$ .

Provisions were dull and irregular.

## New Orleans Cotton

**NEW ORLEANS, Nov. 26.**—Favorable spot accounts from the interior caused a rise of 7 to 30 points around the opening of the cotton market today but considerable selling developed on the hard spot and a quick fall resulted. At the end of the first half hour of business prices were ten to 18 points under yesterday's close.

The unfavorable weather over the belt held the market steady. At the middle of the day the market was 15 to 20 points over yesterday's final prices.

Liquidation worked against values to a moderate extent and at 1 o'clock prices were 2 to 3 points under yesterday's close.

Cotton closed steady at a decline of 7 to 30 points.

## New York Stocks

**By Associated Press.**  
**NEW YORK, Nov. 26.**—Pressure against rally was resumed at the opening of today's stock market. Southern Pacific proving the only conspicuous exception to the lower trend. Metals and utilities also showed further reactionary tendencies, but shippings and oils were strong, motors also coming forward. Before the end of the first half hour initial losses were largely cancelled, rails rallying briskly. Liberty fourth 4 $\frac{1}{2}$ s continues to ease, however, falling to the new minimum of 97.30.

The further rally of the active mid-session was featured by Marine preferred and Mexican Petroleum as gross gains of 4 to 6 points. Rails also made additional advance undetected of Pacifics and coals, and steels and coppers rose 1 to 2 points.

Lower rates for call money accompanied the further gains of the last hour. U. S. Steel and standard rails making substantial headway. The closing was strong.

Final prices on Liberty bonds today were: 3 $\frac{1}{2}$ s 99.42; first convertible 4 $\frac{1}{2}$ s 96.40; second 4 $\frac{1}{2}$ s 95.30; first convertible 4 $\frac{1}{2}$ s 98.40; second convertible 4 $\frac{1}{2}$ s 97.02; third 4 $\frac{1}{2}$ s 97.10; fourth 4 $\frac{1}{2}$ s 97.12.

HEALTH OFFICER URGES PEOPLE TO USE PRECAUTION

Although there are not so many cases now in the city and the disease apparently is not spreading as fast as it did a few weeks ago, influenza is still prevalent in Wichita Falls and the need for precaution is especially great during the inclement weather, according to Dr. A. D. Patisio, city health officer.

SCHOOLS WILL OBSERVE THANKSGIVING HOLIDAY

In accordance with the proclamations of President, governor and mayor, Thanksgiving day was announced as a holiday in the public schools of the city today. The custom of making the Friday following Thanksgiving day also a holiday will not be followed this year, because of the time lost earlier in the term when the schools were closed on account of the influenza epidemic. Every day is needed to make up that time, and school officials are urging that every student be present on Friday as each day's absence materially affects grades.

BREVITIES

Mrs. W. C. Gentry received word today that her mother, R. T. Bruffey, wounded in action in France some time ago, has landed safely in Newport News, Va. Sergeant Garland Barcus is expected from Camp Bowie to spend Thanksgiving with his parents, Rev. and Mrs. J. B. Barcus. Sergeant Barcus is expected to be at home to stay before very long. He has been in Camp Bowie since June. Prof. Lee Clark, superintendent of the city schools, is seriously ill with pneumonia. W. H. Maloney, Dr. T. B. Duke and M. E. Hooley of Wolfe City are here looking after interests in the oil fields. Mr. and Mrs. W. C. Sutherland are in Dallas on a short shopping trip. The regular weekly meeting of the directors of the Chamber of Commerce was postponed this morning on account of the absence of Secretary E. F. Johnson and others from the city. It will probably be held tomorrow morning. There were no cases for trial in the city court this morning and no session of the court was held.

Singing Plays An Important Part In Army Training

The importance of music in connection with the military training of the young men is emphasized in a letter received by the Times from Ed Shumway, assistant army song leader at Camp Pike, Ark. Mr. Shumway's letter follows:

Camp Pike, Ark., Nov. 22, 1918. Times, Wichita Falls, Texas. Dear Friends: Now as we are waiting for the time when we, as soldiers, will be discharged and sent home, our thoughts are turned toward home and future events. I honestly believe that every soldier has learned many lessons while in the service of Uncle Sam, lessons that will make better men, better citizens of the boys in uniform. Singing, as you know, has been made a very important issue in all camp training and activity and noticeable result will be the enthusiastic community singing which will be frequent in the future. We, as army song leaders, have been devoting our efforts of late to helping keep the morale of the boys 100 per cent above par and each afternoon at different Ys in camp the men of the Development line are being instructed in singing and also addressed by reputable speakers regarding the soldiers' duty, as citizens, after their discharge. We are urging each singer to conduct singing sessions at home and Christmas Eve to have a special sing song, which rightly should be the greatest event in any town's history, for after all, the birth of our Saviour was for the saving of mankind. I enclose the new words, all written here, of the popular camp songs, and each train load of soldiers leaving here will have a song leader to assist the boys. I hope your paper will start a movement for a Christmas Eve Sing Song (municipal), and if I am home by that time, I will gladly assist in any way possible. Am proud to say that I am now Assistant Army Song Leader of Camp Pike, Ark. We find that the best singing company is the best marching company and generally their drill has more pep and snap than the others. We may not develop many singers but we will have a song leader to assist the boys and the love of music and the knowledge of the great good accomplished by company or community singing. Regards to all friends and a prolonged cheer for the boys who went over and also those who wanted to but did not get the chance. We have, however, been a cog in the great machine that crushed the Hun's proudest hopes and aspirations and will be just as proud of our service and uniforms as if we had really gone over the top. Anyway, we have gone through the battle of Camp Pike. ED SHUMWAY, Assistant Army Song Leader, Liberty Theatre, Camp Pike, Ark.

CHARLES YOUNG WRITES FROM BRITISH HOSPITAL Charles Young, wounded in action in France, and in a military hospital in England, writes the following description of his experiences in his mother, Mrs. C. A. Young, 1319 11th street. The letter is dated October 25: Weymouth, England. Bourdeaux, Military Hospital. Dear Mother and Folks: I have been wounded, but am getting on o. k. very contrary to my usual habit. Office of Clerk Of County Court Is a Busy Place

The county clerk's office continues the busiest place about the court house. Sixteen persons are now regularly employed there and extra help is hired for work at night running the total of employees up to 25 and sometimes more. The oil activities have for a number of years made a great deal of work for the clerk's office in Wichita county. Since the Fowler discovery a great volume of leases, transfers, contracts and other papers have poured into the office daily for recording. Deputy Clerk W. J. Bullock said today that the work of recording the papers was now only one day behind and that when the office was turned over to the new county clerk next week practically every paper filed would be recorded.

MORTUARY

Mrs. M. J. Bryant. Mrs. J. J. Bryant, age 52, died Monday at 6 o'clock p. m. at the family home, 204 Burnett, following an illness of two weeks with influenza, developing pneumonia. Funeral services will be held from the home Wednesday afternoon at 2 o'clock and interment will be in Riverside cemetery. Deceased with her husband came to this city in June from Stockholm, Calif., to join their son, A. L. Bryant, who is connected with Dakin & Vinson of the Times Job Printing Company, and who has resided in the city much of the time during the past two years. She is survived by the husband and the one son.

J. L. Dunn. J. L. Dunn, age 26, died at the general hospital at twelve o'clock last night as the result of injuries sustained some time ago when he was struck by a heavy sack of flour falling about forty feet at the Wichita Mill. He has been in the hospital in a more or less paralyzed condition ever since that time. The body, accompanied by Mr. Dunn's brother, has been sent to Commerce, Texas, for burial.

Good Sight Is A Necessity

in business. No office man can do his best work if his sight bothers him in any way. If you find your eyes tiring after a few hours work, if you have headaches come to us and have us give your eyes the expert examination to determine the kind of glasses your eyes need. Delay means less efficiency every day.
