## SENATOR KELLOGG IS FAVORABLE TO PROPOSED LEAGUE

WANTS WORLD TRIBUNAL FOR  
PEACE AND ARBITRATION  
OF DISPUTES.

## SPEAKS BEFORE SENATE

Charges President With Failure To  
Deal Frankly With The  
People.

By Associated Press  
WASHINGTON, Dec. 4.—Creation of a league of nations to maintain peace—not a super-government to dominate and interfere with nations' internal affairs, but a world tribunal for arbitration of international disputes with enlightened public opinion a large factor in enforcing its decrees—was advocated by Senator Kellogg of Minnesota, republican, in an address today in the senate.

In the course of his remarks Senator Kellogg expressed regret as to the disposition of President Wilson to deal frankly with the people and the Senate regarding his views on problems coming before the peace conference.

**Favorite Theme.**  
Pointing out that a league of nations to stop all wars had been a favorite theme for discussion by benevolent publicists and statesmen for two thousand years, Senator Kellogg said that its failure to date need not be discouraging and that Kellogg's sentiment has advanced until an international alliance for maintenance of peace now may be considered feasible.

"I believe the time has come," he said, "to try to establish a league to prevent war and to enforce peace, which may not be entirely preventive, but, backed by a world public sentiment, will have a tremendous influence toward maintaining just and equitable relations between nations and preventing the horrors of war."

"But I am not in favor of an impracticable, I might say an impossible, scheme that I believe rests in the future, but I am in favor of a league of nations that can succeed unless it is originated in and sustained by an honest public sentiment of the people."

Regarding President Wilson's action on peace questions Senator Kellogg said: "I deplore what seems to be the disposition of the President not to take the American people into his confidence especially that body of the supreme legislative power of the nation, the coordinate treaty making body—the United States senate. So far as possible we should know his views upon the difficult problems which must be settled in Paris. I would have the world informed as to the progress of the negotiations and the principal issues involved from time to time in the nations surrounding the council table. It is only in this way that a healthy public sentiment can be expressed and a peace arrived at which is the judgment of the civilized world."

**Make Germany Powerless.**  
Turning to concrete plans for a league of nations, Senator Kellogg said unless Germany evolves a government responsive to popular will and with a people having ideals and aspirations different from those of the past regime, there must be a league of nations to see that Germany is rendered powerless to renew the contest.

Another important step Senator Kellogg said is abolition of the system of secret treaties and alliances. The new treaties, he said, should be "made in the open."

The Minnesota senator said he was opposed to a league established as "a world super government with legislative and judicial tribunals." No, he asserted, should have power to interfere with foreign trade, tariff duties, commerce regulations, development or disposition of national resources or other internal affairs.

Senator Kellogg said he believed general sentiment favors a league by treaty, providing not only for mediation but binding signatory powers to offer mediation to contending nations, and establishing commissions for investigation.

## MRS. FERGUSON NOT LIABLE FOR HUSBAND'S NOTE

SUPREME COURT RENDERS DECISION AFFECTING CONTRACTS BY WOMEN.

## AUTHORITY IS REMOVED

Legislature by Amendment Takes Power She Possessed Since 1848.

By Associated Press  
AUSTIN, TEX., Dec. 4.—An opinion dealing with the "married woman's act" of 1913 was given out by the supreme court today. The opinion is written by Chief Justice Nelson Phillips and it says that there is a wide discrepancy between the caption of the act, which amounts to a contract, and its purpose is to confer on the wife "the power to make contracts," and the act as it was finally passed.

"We feel it our duty to respectfully direct the legislature's attention to the fact that article 462A was so amended by this act as to leave the wife without expressed statutory authority to contract debts for the benefit of her separate property—a power she had possessed since 1848 and one vitally in her interest," wrote Judge Phillips.

The case in which this opinion is given is that of the Red River National Bank versus J. E. Ferguson et al. in which the lower court held that Ferguson's wife was not liable as a signer of a note given by her husband. The supreme court affirmed this decision.

## ADJOURN OUT OF RESPECT TO LATE JUDGE YANTIS

By Associated Press  
AUSTIN, TEX., Dec. 4.—The supreme court met and adjourned today until next Wednesday without transacting any business, in respect to the memory of Judge J. E. Yantis, former member of the court, who died in Waco Sunday night.

## MAY WRITE NAMES ON ELECTION TICKETS

By Associated Press  
AUSTIN, TEX., Dec. 4.—The third court of appeals held in an opinion written by Associate Justice John W. Brady today that when a voter writes the name of a man on the ticket, and there is no doubt as to the voter's intent that the vote shall be counted even though the name was not written in the blank space on the ballot set aside for this purpose.

## LATEST NEWS IS THAT RUMANIA IS QUIET

By Associated Press  
LONDON, Dec. 4.—No confirmation has reached official Rumanian quarters in London of the recent German report that Bucharest was burning and that the peasants had revolted in Rumania.

The latest official news shows that Rumania is quiet and that the German evacuation is proceeding regularly.

The court and government have not yet returned to Bucharest. The new cabinet under General Coanda has dissolved parliament and ordered new elections.

## BONAR LAW SAYS FORMER EMPEROR MUST SURRENDER

By Associated Press  
LONDON, Tuesday, Dec. 3.—Speaking at Bootle tonight, Andrew Bonar Law, the chancellor of the exchequer, confirmed the statement that the British government had decided to insist the Allies as strongly as possible that the surrender of former Emperor William should be demanded and that he should stand his trial.

## REDFIELD WARNS AGAINST EFFORT TO LOWER WAGES

SECRETARY OF COMMERCE ADVISES RECONSTRUCTION CONGRESS TODAY.

## EMPHASIZE COOPERATION

Also Discusses Future Foreign Policy and World's Shipping Facilities.

By Associated Press  
ATLANTIC CITY, N. J., Dec. 4.—"Beware of the temptation hastily to lay rash hands upon wages," said Secretary of Commerce William C. Redfield, in addressing the reconstruction congress of the chamber of commerce of the United States today. "Concentrate thought, purpose and effort on output," he advised.

Continuing, Mr. Redfield said: "Find and seize hold upon all that science has said or can say concerning Germany. It was largely because Germany made her industries cooperating out of all resources that her commerce grew so fast and powerful in the years before the great war. It was more German science than German wages that made her competition dangerous. The responsive power of well paid and contented labor far outweighed leadership in industry is the greatest force in production and has been the factor behind their success. Our near future foreign policy is affected by another factor, namely the capacity of the world's shipping. We have got to feed the world for a while and it is going to take ships to carry the food. We must supply the world with much equipment and raw materials and that is going to take ships to carry them. We have got to keep a large army, large as we call armies, on the other side for some time to come, and they will have to be fed and furnished with supplies. We do not know what is behind the Russian veil. We hope not but we must have a considerable army abroad, not half our present one but still a considerable force and they must be fed and supplied."

## MUSTERING OUT AT CAMP BOWIE BEGINS TODAY

By Associated Press  
WORTH WORTH, TEX., Dec. 4.—Mustering out the soldiers at Camp Bowie began this morning. The first men given their discharge were those in the twenty-seventh trench mortar battery.

## BOARD ASSISTANTS ORDERED TO REPORT

By Associated Press  
FORT WORTH, TEX., Dec. 4.—All the soldier assistants of draft boards in Texas and Oklahoma have been ordered to report at Camp Bowie immediately to be mustered out. One hundred and sixty coast artillery men from the east have been ordered.

## ULTIMATUM SENT GERMANY BY POLISH GOVERNMENT

By Associated Press  
GENEVA, Dec. 4. (Havas)—The Polish government has sent an ultimatum to Germany asking for the immediate evacuation of Polish territory by German soldiers, who are said to have been committing atrocities, according to the Geneva Journal. If the German answer is not satisfactory, it is added, "most energetic measures" will be taken by the Poles.

## CONVOY SHIPS WILL BRING SOLDIERS HOME

By Associated Press  
PARIS, Dec. 4.—The ten American dreadnaughts which will escort President Wilson into French waters will turn around immediately after their arrival to carry homeward a large party of American soldiers and sailors. The trip will be so timed that men will arrive at home port by Christmas.

## REFUSE TO RECEIVE GERMAN COMMITTEE

By Associated Press  
PARIS, Dec. 4.—(Havas)—When American troops entered Trier the German committee committee tried to get in touch with them but the commander of the force in the city refused to grant an interview.

## DOCTOR GARFIELD HAS RESIGNED AS DIRECTOR OF FUEL

## PLANNED TO BOMB BERLIN THE NIGHT OF NOVEMBER 11

SQUADRON OF EIGHT TO TWELVE  
BIG PLANE WERE READY  
FOR TRIP.

## TRAINED AT HOUSTON

Forty Fliers Had Been Preparing For  
Weeks to Attack German  
Capital.

By Associated Press  
NEW YORK, Dec. 4.—Berlin was to have been bombed by a squadron of eight to twelve super-biplanes Page and De Havilland on airplanes on the night of November 11, the date of the signing of the armistice, according to a number of American aviators who returned today on the transport Lapland.

Forty fliers of the new and powerful aircraft had been preparing for weeks at Ford Junction, Sussex, on the East Coast, to attack the German capital by means of the machines, which had never been used at the front, but had been put to the secret tests. Eighteen of the aviators came home today and the remainder are still in England. All of them had been trained in this country for the particular purpose of attacking interior German cities. Each man had received, it was said, three hundred hours experience as night fliers at Ellington Field, in Texas.

**Planes Well Equipped.**  
According to their story all planes had been made for dropping tons of trinitrotoluol on Berlin. The distance from Ford Junction to the German capital is about five hundred miles. Each aviator carried a ton of trinitrotoluol of wing spread and carried, besides five machine guns and a ton of explosives, a crew of five men, two pilots and three mechanics and two mechanics who were machine gunners.

The De Havilland D's were the latest design of that type of aircraft but supplied with a different engine. They could carry 1,400 pounds of explosives, three men, a pilot, bomber and machine gunner. These machines, it was stated, being faster, were to precede the heavier aircraft on their mission of destruction, alongside of which the bombing of Cologne, Karlsruhe and other Rhine cities, it was declared, would have been mere incidents of war.

## ROUND OF GAITY AT CAMP ZACHERY TAYLOR

By Associated Press  
LOUISVILLE, Ky., Dec. 4.—A round of jollity, including dancing, games and even regiments of the 2000 men stationed at Camp Zachary Taylor, followed the conclusion of hostilities.

## WAR INDUSTRIES BOARD WILL END DUTIES JAN. 1ST

By Associated Press  
WASHINGTON, Dec. 4.—President Wilson has directed the resignation of Bernard M. Baruch as chairman of the war industries board, effective January 1 and has agreed that the board should continue to exist as a government agency on that date.

In the correspondence made public today the President expressed the hope that Mr. Baruch would remain in Washington so that the government might continue to have the benefit of his advice.

After agreeing with Mr. Baruch as to when the work of the board should be discontinued, the President said: "It is with a feeling of very sincere regret that I see this admirable and efficient agency discontinued. I have constantly felt the spirit and quality of the work it has been doing and it has been a source of great satisfaction to me in the prosecution of the war that the tasks of the board were in such hands."

Mr. Baruch gave as his reason for resigning that with the signing of the armistice and the consequent cancellation of contracts there was no longer a shortage of materials and the war board immediately removed its headquarters to the disposal of the various contracting agencies of the government and that the activities believed to be of lasting value are being transferred to permanent departments of the government, where they may be carried forward. He suggested that the various heads of commodity divisions might render much valuable assistance in the future as trade advisers to the department of commerce and the war trade board. The President indicated that he concurred.

## SENATE BEGINS A DISCUSSION OF PRESIDENT'S PLAN

RESOLUTIONS ARE INTRODUCED  
AND CRITICISM IS  
OFFERED.

## TALK FOURTEEN TERMS

Senator Borah Wants Publication of  
Terms as Soon as Agreed  
Upon.

By Associated Press  
WASHINGTON, Dec. 4.—General discussion of President Wilson's fourteen peace principles was started in the Senate today by a speech of Senator Edmondson of New Jersey, republican, advocating a resolution he had introduced asking upon the President to make a public declaration in interpreting the principles.

Senator Edmondson said the President's fourteen principles were open to various interpretations and added: "The President will not, on behalf of the American people, make radical proposals until he is sure that they are endorsed by the people."

Senator Walsh of Montana declared that lack of criticism until recently of the President's fourteen terms had justified general belief in their acceptability. Senators Knox of Pennsylvania and Foster of Washington, republicans, sharply dissented.

During the debate Senator Borah of Idaho, republican, introduced a resolution requesting a publication of the peace terms as soon as agreed on and for open discussion during consideration of the treaty in the Senate.

Senator Walsh said that up to six weeks ago no senator had expressed any criticism of the President's fourteen principles announced June 8 last and consequently "the people of the world were rightly assumed that the views of the President were endorsed by his great nation."

Senator Edmondson interrupted to say that at the President announced his principles criticism was generally disapproved as an interference with the prosecution of the war, so the American people were not so sure of the President's intentions in default of withholding their criticism.

"Those who were critical," he added, "depreciated discussion of peace before we were able to mobilize their forces and make victory essential to peace."

## HARDEN TELLS OF STORMY TIMES IN CONCLUDING WAR

By Associated Press  
LONDON, Dec. 4.—Maximilian Harden in his paper, Die Zukunft, gives a picture of Germany in the days preceding and following the armistice in August, he says, the late Albert Ballin, Director of Hamburg American line, was called in by the military and the only German who could tell the emperor the truth.

"There was a terrible scene," he continues, "and a body of men threatened to ship overboard."

There was a second interview, but nothing came of it and the facts suddenly burst upon Germany with the resignation of General Ludendorff which came with the violence of an unexpected thunderstorm.

Fred Harden bitterly denounces the sudden conversion of all the Junker elements to democracy and to support of the new government.

## President Plans to Crush Militarism

By Associated Press  
NEW YORK, Dec. 4.—Prior to President Wilson's departure today for Europe to attend the peace conference it became known that he goes determined against militarism in any form. "The crushing of Prussian militarism was a part of his plan for the future peace of the whole world, the President feels, according to persons who conferred with him on the transport George Washington before it sailed.

## GLASS DECLINES TO DISCUSS TALK OF APPOINTMENT

By Associated Press  
WASHINGTON, Dec. 4.—Woodrow Wilson, President of the United States, called today for Europe to participate in the peace conference. The President of the United States to the peace conference to be held in France. The transport George Washington got under way at 10:15 a. m.

For the first time in the nation's history a President stepped on board a steamship which was to take him to Europe, when today Woodrow Wilson stepped on the gangplank of the transport, George Washington, berthed at a Brooklyn pier. "The George Washington was prepared to sail two hours later to France where the President is to take part in the peace conference.

A picturesque military reception was accorded the President, Mrs. Wilson, Secretary of War Baker, Secretary Lansing, Secretary Tamm and others who were passengers on the special train which reached Hoboken at 7:30 a. m.

Between the spur of track on which the train drew up at the entrance to the pier and the transport, a terminal of the pier an arway of American flags had been erected. As the President stepped from the train and shook hands with General McManus, Secretary of War Baker, Secretary Lansing, Secretary Tamm and others who were passengers on the special train which reached Hoboken at 7:30 a. m.

Accompanied by General McManus and his staff, the Presidential party moved slowly under the arway of flags and amid the cheering of thousands who presented arms as the President and Secretary Baker passed.

**Goes Aboard Transport.**  
Admiral Clegg, in command of the transport division of the Atlantic fleet, met the President and shook hands with him at the entrance to the gangway of the transport. Secretary of War Baker, Secretary Lansing, Secretary Tamm and others who were passengers on the special train which reached Hoboken at 7:30 a. m.

Secretary Baker planned to leave the George Washington before it got under way. He was accompanied by his family, but he remained on board for a final conference with the President and it had been arranged for a tug boat to take him off at quarantine and bring him back to New York.

President and Mrs. Wilson had breakfast alone in their suite. Later they walked on the ship's deck.

**President in High Spirits.**  
The President in high spirits, said he was looking forward to the voyage as a rest, indeed the first real rest since he assumed office. He remarked that he believed to be "resting for a few days," thus acknowledging his reputation for being a very poor sailor. The George Washington with its crew of 1,200 men, will take the southern route, going by the Azores in order to avoid the colder temperatures which would be encountered on the northern route.

An official desk in the President's suite was piled high with telegrams and official documents and intimations were that the President would plunge into his duties as soon as he reached Washington. A wireless telegram is expected to be received by the President late today from Secretary of the Treasury McAdoo announcing the acceptance or rejection of the treasury secretaryship by the man to whom it has been offered. It is believed to be Representative Carter Glass of Virginia.

**Tumulty Wanted To Go.**  
With the transport's departure today it was disclosed that Secretary Tumulty had been very anxious to accompany the President, but that he yielded to the wishes of the President who believed Mr. Tumulty was needed in Washington.

Extraordinary precautions were taken by the secret service. Captain John J. Henry and his entire Washington staff accompanied the President. Meanwhile 200 secret service experts had thoroughly examined the George Washington and the loyalty of every officer and seaman on board was proven.

After the President stepped aboard the ship was virtually sealed, even army officers of high rank being barred. George Creel was obliged to exert official pressure in order to be allowed to go aboard.

Passengers Included.  
The George Washington's passengers on this voyage include Rear Admiral H. S. Knapp and Captain William V. Pratt who will report to Admiral Benson, naval representative, as the admiral's assistants; Rear Admiral Cary T. Grayson, the President's physician; Gilbert, former confidential clerk to the President; Brigadier General W. H. Harris, former aide to the President who will command the military aides and messengers; the conference; Brigadier General Churchill, chief of military intelligence division; Raymond D. Fosdick, chairman of the commission on training camp activities, who will direct welfare work for the war department among

### WILHELM WEARS A DEJECTED LOOK IN EXILE HOME

By Associated Press.  
LONDON, Dec. 4.—William Hohenzollern wears a dejected appearance according to the Telegraph's correspondent at Amsterdam, Holland. He says that he has talked with "some one who has come much in contact with the exile." This person is quoted as follows:

"The former emperor wore an air of relief when he arrived at Amerongen, but that soon vanished. Even his cheery wife can not now rouse him from moodiness. The former empress is really something of a heroine and tries to make her husband look on the bright side of things but in vain. The distinguished fugitive has terror in his heart."

Herr Hohenzollern keeps more and more to himself and is constantly less inclined to go about. The correspondent says that his correspondent took him to an unfrequented spot from which an unobscured window in the castle was visible. Peering to the window the gentleman said:

"The former emperor sits at that window writing as if against time, hour after hour, sheet after sheet, often all the forenoon and all the afternoon."

### KING GEORGE IS NOT PROUD OF HIS COUSIN

By Associated Press.  
LONDON, Nov. 28.—What does King George really think of his cousin, William Hohenzollern, former German emperor?

"That is a question that has been often asked myself and I constantly anything approaching an authoritative answer. According to a writer in the Daily News, which is usually very careful as to the trustworthiness of what it prints, King George regards him as 'the greatest criminal in the world today.'"

The writer says that he was talking a few days ago with a well known statesman who has had many opportunities during the war and especially lately, of hearing the king express his views of the Kaiser. And he thus summarizes what the "well known statesman" told him:

"My informant says that the king's feelings and expressions are so strong that they could hardly be reproduced verbatim but that the substance of them is that the Kaiser is the greatest criminal in the world today; that he is directly responsible for all the outrages of the war."

### FEEL MISERABLE FROM THAT COLD?

Colds and coughs are quickly relieved by Dr. King's New Discovery

Nobody should feel "perfectly miserable" from a cold, cough or bronchial attack for very long. For it takes only a little while to relieve it and get back on the road to recovery when Dr. King's New Discovery is faithfully used. It soon loosens the phlegm, relieves irritation, soothes the parched, sore throat, brings comfort.

Half a century old and more popular today than ever. 60c and \$1.20.

**Make Your Bowels Behave**  
Make them function with gratifying precision. If regulation of the diet does not relieve their torpidity Dr. King's New Life Pills will. They are perfect bowel trainers, cleanse the system surely, comfortably. 25c.

### Soldiers Urged To Keep Paying Life Insurance

By Associated Press.  
WASHINGTON, Dec. 4.—As soldiers are demobilized, effort will be made to impress on them the desirability of their continuing payments on their government voluntary life insurance which can be maintained for five years after peace, even though the soldier has returned to civil life. This will be done by insurance agents in the army working together with authorities of the treasury's war risk insurance bureau.

Secretary McAdoo, in a statement has urged soldiers to retain their insurance to protect their families and to retain the right to convert this into other forms to be provided by the government. An additional reason, it is said, is the treasury's desire to make of the soldiers' and sailors' insurance a demonstration that the government insurance is safe, useful, and can be extended.

"I desire to retain all America's soldiers and sailors," said Mr. McAdoo's statement, "and it is their opportunity and their privilege to keep up their insurance with the United States government after the war has officially terminated and even after they have returned to civil life."

**May Continue Five Years.**  
"In its present form, this insurance is annual renewable term insurance at net peace rates, issued against death and total permanent disability. Under the provisions of the War Risk Insurance Act, every person holding this insurance may keep up in this form even after he leaves the service, for a period of five years. All that is necessary is the regular payment of premiums."

"Moreover, the law provides that not later than five years after the termination of the war as declared by Presidential proclamation the term insurance shall be converted, without radical examination, into such form or forms of insurance as may be prescribed by regulations and as the insured may request. This insurance will continue to be government insurance."

"The advantages of keeping this insurance in force cannot be emphasized too strongly. The right to continue it is a valuable right given by the government to our fighting men as compensation for their services. If this right is lost by allowing insurance to lapse it can never be regained. When government insurance is allowed to lapse the holder cannot again obtain insurance except from private companies at a considerable increase in cost. Moreover many of the men may have become uninsurable as a result of the war through physical impairment, and if these allow their insurance to lapse they will lose the last opportunity for their families to have the protection of life insurance."

**Government of Russia Declines To Admit Troops**

By Associated Press.  
LONDON, Dec. 4.—The Russian government has refused to admit 1,500,000 Russian soldiers, who have been prisoners in Germany and have turned them back at the frontier, according to a Berlin dispatch to the Express under date of Monday. The incident is serious for Germany because of the necessity of feeding these men.

It is reported that the Russian prisoners have seized four ships at Danzig, west Prussia, which the British Red Cross had obtained from the Germans for the purpose of housing their prisoners.

### British Plans For Demobilization of Army Completed

By Associated Press.  
LONDON, Nov. 25.—The British government has completed its basic plans for demobilization of the army and providing employment for the men whose business for four years has been war. It is calculated that 60 per cent of the men in the army will go back to their old jobs or have new ones awaiting them. The remainder of the remainder even though every ounce of man power will be needed after the war, presents a most difficult problem.

It will be a long tedious task to transform millions of men from khaki to civil life and must be done by degrees. By the plan agreed upon these degrees have been fixed upon, the stipulation being given to married men or those who may otherwise be needed in the home.

The government has a record of what each man is best fitted for in civil life. The Ministry of Public Service which has efficiently compiled this data has, together with other official agencies, prepared a list of necessary industries in the order of what is deemed their importance. The first few are called "key" trades, many of which produce materials needed for other trades. The idea is that it would be useless to release a lot of structural steel workers ahead of

the men who produce steel. The trades listed are not to be announced because of controversies it might arouse.

**Release Those Most Needed.**  
The fact that a man has a job awaiting him will not insure his early release. The government would like to be rid of that class but it cannot handle more than about the army at one time, hence a rigid adherence to industrial needs. A soldier may be a diamond setter with a job to go to while his trench mate may be a railway brakeman without a job. The brakeman will be taken first and given an opportunity to go to work.

It is reasonable to suppose that railway workmen, if not heading the "key" list, are very close to the top of it and also that miners are well up. It is vitally necessary to demobilization plans to have the railways in running order and the miners are needed to increase the fuel supply for industries and home comfort. And so on down the long list until practically every recognized trade is included.

When a man has been selected for discharge he will be sent to a collecting camp. The most of which of course will be in France. He will then be sent to a distributing camp in England where he will receive his allowance and a month's furlough which will mean that he will be on army pay while getting located in new work. From this stage the Minister of Labor assumes charge. He will have the aid and co-operation of local employers, associations and labor unions. Already long lists of jobs open to soldiers have been prepared. It remains for the government, employers and unions to get the job and the man together.

### Pride of Marines Retires Following Lengthy Service

By Associated Press.  
ST. LOUIS, MO., Dec. 4.—After having served 30 years, one month and 24 days in the United States Marines, Sergeant Major John H. Quick, who holds the Congressional Medal of Honor and the Distinguished Service Cross, has retired and returned to his home as a civilian.

Quick's exploits have made him the pride of the marines. The retirement papers are in the formal language of the service, but Major General Charles G. Long addressed a letter to Quick which says:

"Your record shows that from time to time at different stations during your incumbency of the several enlisted grades, you have been entrusted with varied and important duties making demand upon some of the best qualities of the soldier and that these duties have been accom-

### Terrible Account Of a People To a People Is Opened

By Associated Press.  
PARIS, Tuesday, Dec. 3.—Louis L. Klotz, minister of finance, announced today that subscriptions to the French Liberation Loan has reached the nominal total of 27,750,000,000 francs or a real value of 19,750,000,000, the bonds selling at 70.80. The final results of the campaign are not as yet known, complete foreign and colonial subscriptions not being reported.

The minister of finance added: "Premier Lloyd George of Britain has firmly declared that Germany must pay the expenses of this war. Premier Clemenceau says: 'The most terrible account of a people to a people is opened.' Certainly the tax payers will accept all sacrifices but they must be given knowledge of the fact that we have exacted from the enemy complete restoration and reparation."

**Notice.**  
Suit pending in the district court, testing out the question whether the county officers are under the old or new fee bill.

Pending this suit the county clerk's office will be operated strictly on a cash basis, effective December 1. (Signed) W. T. Harris, County Clerk-Elect. 167-tfc

### GOVERNMENT OF RUSSIA DECLINES TO ADMIT TROOPS

By Associated Press.

The final results of the campaign are not as yet known, complete foreign and colonial subscriptions not being reported.

The minister of finance added: "Premier Lloyd George of Britain has firmly declared that Germany must pay the expenses of this war. Premier Clemenceau says: 'The most terrible account of a people to a people is opened.' Certainly the tax payers will accept all sacrifices but they must be given knowledge of the fact that we have exacted from the enemy complete restoration and reparation."

### Government of Russia Declines To Admit Troops

By Associated Press.  
LONDON, Dec. 4.—The Russian government has refused to admit 1,500,000 Russian soldiers, who have been prisoners in Germany and have turned them back at the frontier, according to a Berlin dispatch to the Express under date of Monday. The incident is serious for Germany because of the necessity of feeding these men.

It is reported that the Russian prisoners have seized four ships at Danzig, west Prussia, which the British Red Cross had obtained from the Germans for the purpose of housing their prisoners.

### British Plans For Demobilization of Army Completed

By Associated Press.  
LONDON, Nov. 25.—The British government has completed its basic plans for demobilization of the army and providing employment for the men whose business for four years has been war. It is calculated that 60 per cent of the men in the army will go back to their old jobs or have new ones awaiting them. The remainder of the remainder even though every ounce of man power will be needed after the war, presents a most difficult problem.

It will be a long tedious task to transform millions of men from khaki to civil life and must be done by degrees. By the plan agreed upon these degrees have been fixed upon, the stipulation being given to married men or those who may otherwise be needed in the home.

The government has a record of what each man is best fitted for in civil life. The Ministry of Public Service which has efficiently compiled this data has, together with other official agencies, prepared a list of necessary industries in the order of what is deemed their importance. The first few are called "key" trades, many of which produce materials needed for other trades. The idea is that it would be useless to release a lot of structural steel workers ahead of

### Pride of Marines Retires Following Lengthy Service

By Associated Press.  
ST. LOUIS, MO., Dec. 4.—After having served 30 years, one month and 24 days in the United States Marines, Sergeant Major John H. Quick, who holds the Congressional Medal of Honor and the Distinguished Service Cross, has retired and returned to his home as a civilian.

Quick's exploits have made him the pride of the marines. The retirement papers are in the formal language of the service, but Major General Charles G. Long addressed a letter to Quick which says:

"Your record shows that from time to time at different stations during your incumbency of the several enlisted grades, you have been entrusted with varied and important duties making demand upon some of the best qualities of the soldier and that these duties have been accom-

Do you suffer with headaches? If so, have you ever had your eyes examined by a competent Optometrist?

It is a certain fact that most headaches are caused from eye strain or the cramped conditions of the "Rectus Muscles," (the muscles that control the movements of the eyes) also many cases of indigestion, constipation and nervousness are caused by the same troubles.

We are prepared to put your muscles in perfect conditions and give you the correct glasses for any error of refraction, and guarantee satisfaction. Our optical room is equipped with the latest machinery of the most sanitary manufactured. We give more vision with Tonic lenses.

VISCOUNT BRYCE WANTS TROOPS IN TURKISH ARMENIA

THINKS EFFORT SHOULD BE MADE TO ESTABLISH SOME SORT OF ORDER.

CRIMES ARE REVOLTING

Says Turks Have Committed Hughtest Single Crime in Course of the War.

Associated Press Mail Correspondent. LONDON, Nov. 25.—In the opinion of Viscount James Bryce, former ambassador to the United States, "it is extremely desirable that every effort should be made to send in a sufficient Allied force to occupy what was Turkish Armenia and re-establish some sort of order there."

AT THE THEATERS

EXCEPTIONAL PROGRAM FOR VAUDEVILLE BILL.

The Pantages Vaudeville of this week will give the patrons an overy large show, opening with an oddity by the rising young artist, Jim Doherty, who gives bits of Irish in talk and song of the kind that is really funny and amusing.

William De Hollis and his assistant have introduced a number of new features into their juggling act, "The Admiral's Reception," including some clever scenic effects, and with the remarkable juggling feats of De Hollis, who uses anything from a cannon ball to a silk hat in his work, the act is one of the most highly entertaining of its class.

Edna May-Foster, the press agent, is just seventeen, and she has a novelty act full of all the pep and dash of a typical American school girl. She has a charming voice, and an even more charming personality, and her act is full of laughs and surprising comedy elements.

D. B. Berg's new creation, "Quaker town to Broadway," with much that is new in the musical comedy line, concludes the program. There is much artistry in the two contrasting scenes of the comedy, the first a Quaker meeting house in a Pennsylvania town, the second a typical Broadway cabaret with numerous pretty girls, gorgeous costumes, and striking musical numbers.

"The Kingdom of Youth," Goldwyn's new feature starring Tom Moore and Madge Kennedy, showing at the Majestic Thursday, showing at the Majestic Thursday after you have left the theatre. This effect is accomplished neither by murders, nor by violations or suicides, but simply by the portrayal of a pace from real life in a human way. Its humaneness reaches the deepest lying emotions and causes the leading characters to become encircled with your sympathy, while on the other hand it intensifies your dislike for the villain.

The basic idea of the plot, by Charles A. Logue, is the unsuccessful attempt on part of an elderly woman to bring about the separation of a young couple, so she may marry the husband.

STORY OF MYSTERIOUS MURDER

Suppose you were a young woman whose father had been mysteriously murdered, and the finger of suspicion was directed at three men who had all professed their devotion for you. Do you think you could clear up the mystery and bring the culprit to justice? Virginia Pearson accomplishes this result in her play "Queen of Hearts"—though she has to assume a dangerous disguise, and run the usual and serious risks. This play is the attraction today at the Empress theatre.

UNIVERSITY REPORTS DEATH OF STUDENTS

Special to The Times. AUSTIN, TEX., Nov. 29.—Recent deaths among former students of the University of Texas in the service include Lieutenant Bradford R. A. Scott, Lieutenant James Heath Ewell Jr., and Lieutenant James Frank Greer. Lieutenant Scott, 14 Acad., San Antonio, died of pneumonia at Brooks Field where he was stationed with the Medical Corps. Lieutenant Ewell, 11 Law, Goldad, died at sea from pneumonia while on his way to join his command on the western front after a period of instruction in anti-aircraft artillery in the United States. Lieutenant Ewell resigned as county attorney to enter service early in the war. Lieutenant Greer, 15 Engineering, Waco, of the aviation branch of the service, was killed on the western front, his death being due to an accident to his plane. Lieutenant Ewing Taylor, 15 Acad., Balinger, formerly reported killed in action, has been located in a hospital where he is suffering from wounds received in action, fragments from a high explosive shell having injured his spine producing partial paralysis. Lieutenant James Benton Morgan, 19 Acad., and Law, Greenville, and Lieutenant John Charles Boag, 20 Acad., D'Hanis, have been listed as missing in action, and Lieutenant Wood Austin Lake, 13 Acad., Marshall, as slightly wounded.

DEATH OF STUDENTS

Two defendants charged with affray were fined \$10 by Police court Judge, charged with carrying his car in violation of the city ordinance, was fined \$5.

SAYS INDUSTRIAL JUSTICE MUST BE RULE OF WORLD

By Associated Press. BLOOMINGTON, ILL., Dec. 3.—Until industrial justice shall become the established rule among men, no guarantee of permanent world peace can be held forth, John H. Walker, retiring president of the Illinois State Federation of Labor, declared in his annual report to the convention here today.

Mr. Walker, who has served five years, and who will not be a candidate for re-election, characterized trade unionism and the cooperative movement as the most hopeful solution of labor problems.

"We must establish conditions requiring every man and woman to deal justly in all economic transactions with other men and women before we have peace," he said. "Peace must follow justice, and there will be no justice while men and women who are selfish, unscrupulous, cunning and powerful have the legal right to serve their own selfish interests at the expense of other men's ignorance, lack of organization and helplessness."

Co-Operation Endorsed.

Indorsing the cooperative movement, Mr. Walker declared, it would procure for the consumers, a big majority of whom are actual workers, the necessities at approximately cost.

While cut price methods will not be used, the speaker said the difference between actual cost of operation and the prices charged will be paid back to members of the co-operative society quarterly as a dividend.

"The next step is establishment of the wholesale department which already has been taken in Illinois through the Central Co-operative society. While we lack funds, we will deal with the large wholesalers and possibly some manufacturers and depend on our ability to purchase in large lots. But later on, when we have accumulated sufficient funds to establish our own office headquarters, our own storage warehouses and side tracks we will deal with the manufacturer and the farmer directly, and save all extortion or cost on account of unnecessary middlemen. Where the manufacturers or farmers refuse to do business on an honest basis we will manufacture and engage in agriculture ourselves."

The report said the Illinois Federation had grown in five years from a membership of 26,000 to an enrollment of 150,000 with a total of \$50,000 affiliated indirectly through sixty central bodies.

The report approved the calling of the proposed constitutional convention to revise the basic law of the state and urged the necessity of electing delegates friendly to labor.

Committee Plans To Complete Hotel Fund By Saturday

On Saturday afternoon, when the next meeting of the hotel committee will be held, the committee expects to be able to report the entire \$400,000 necessary to be raised in bonds in Wichita Falls to have been subscribed, according to R. F. Johnson, secretary of the Chamber of Commerce, and member of the committee. On the occasion of the last meeting of the committee, held Monday afternoon, before Frank Kell the chairman, left for Chicago, \$300,000 of the desired amount was reported assured. Mr. Kell will get return before Monday but the committee expects to have the necessary amount subscribed on this return.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly... Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then... it would last... two weeks, and was so weakening, and my health was awful. My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three... I gained, and was well and strong, and I owe it all to Cardui. I am married now and have 3 children... Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others." If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

Before You Buy Your Phonograph

DECIDE whether you want one which plays all records, or one which limits you to a single make—whether you will be content with old standards of tone reproduction or the better qualities afforded by The Brunswick.

Just you hear The Brunswick! Learn what the Ultona All-Record Reproducer and the new All-Wood Tone Amplifier add to tone reproduction!

The Brunswick requires no exclusive artists. IT PLAYS THEM ALL—AT THEIR BEST.

Hear The Brunswick before you buy. Its choice means permanent satisfaction. Price \$32.50 to \$1500.

Market Report

Cotton Market

By Associated Press. NEW YORK, Dec. 4.—The cotton showed renewed firmness during today's early trading. The opening was steady at an advance of five or 40 points...

Grain Market

By Associated Press. CHICAGO, Dec. 4.—Corn averaged higher in price today owing more to scarcity of offerings than to any urgent buying. Temporary setbacks, however, resulted from reports that England and France had been given a credit of \$240,000,000 in Argentine...

ANOTHER good rooming house of 14 rooms, rent \$50.00 per month, can buy furnishing for \$600, immediate possession. Marchman &amp

# OIL DEVELOPMENT

## SUNSHINE STATE REFINERY PLANS TO OPERATE SOON

Construction of the plant of the Sunshine State Refinery is now completed, with the exception of one 5,000 barrel fuel storage tank, which will be finished by Friday or Saturday, M. A. Bundy, the traffic manager for the refinery, announced this morning, and within a week the four big stills will be fired up and the finished output will soon be ready to go into the tank cars, twenty of which are now standing on the siding, waiting to carry the finished product and the name of the Sunshine State Refinery and that of Wichita Falls as well into all parts of the country. This is the third refinery to be in actual operation in the immediate outskirts of Wichita Falls. Five others are now in course of construction, or have had locations made, waiting only on materials.

The refinery will begin business with a daily capacity of 1,250 barrels. Everything is now in readiness to start the fires, the storage tanks, of 10,000 barrel capacity, being filled with the crude and the fuel on hand to operate the stills. W. E. McCoy, of Sapulpa, Okla., an experienced refinery superintendent, will be in charge of operations at the plant. Two storage tanks on the siding have all been finished, with the exception of the fuel tank mentioned above, and are ready for the finished products, gasoline, kerosene and fuel oil.

## Mann-McPhail On Block Twelve Is Now Drilling In

The Mann-McPhail well, drilling on block 12, is reported drilling in. The tankage is all set and everything ready to take care of the oil.

**Oil Leases and Transfers**  
 J. S. Shultz to W. F. White et al, trustees, 10 acre tract out of block 41, Red River Valley Lands, 710 and other valuable considerations.  
 Harry Schultz to J. S. Shultz, lease 10 acre tract out of the Red River Valley Lands, Block 41, one eighth royalty, one year drilling clause and \$12,000 cash.  
 E. H. Wilford to H. L. Holborn, transfer of lease on 140 acres out of the J. A. Winfrey farm, 100 acres out of W. W. Overbey farm, 100 acres out of the M. A. Lowe farm, 66 2/3 acres out of the J. R. Parker farm, 100 acres out of the J. A. Terhune farm, 100 acres out of the R. E. Denny farm and 100 acres out of the B. N. Ferguson farm, \$10,000 cash.  
 C. A. Walling and wife to Humble Oil and Refining Company, lease on 17 1/2 acres out of the Walling farm, bounded on the north by Red River, drilling clause one year, one eighth royalty, and \$4,450 cash.

## WAGO INVESTORS BRING IN WELL AT BURKBURNETT

The Stratton-Wollett well, owned by Wago investors, which is located to the west of the townsite, is reported drilled in on Tuesday, with a showing for a good well. This well is one hundred and fifty yards from the Wichita Southern well, one of the first brought in at Burkburnett.

## MOTOR TRAIN TO BURKBURNETT IS TO START 12TH

Motor car service to Burkburnett will start December 12. O. E. Maer this afternoon completed arrangements for a Y at Burkburnett and announced that the line would be in operation on the date named above.

The schedule has been left to the Chamber of Commerce and Secretary Johnson is anxious to hear suggestions for a time card from the oil men, who will be served by the motor car. The wishes of the majority will be respected in making out this schedule and an immediate communication with Mr. Johnson is urged so that the schedule can be arranged as soon as possible.

## PREPARATIONS ARE UNDER WAY FOR POULTRY EXHIBIT

Preparations are under way for the coming annual exhibit of the North Texas Poultry Association, to be opened Tuesday, December 10, and to continue through December 13. O. P. Maricle, the president of the association, started today. The secretary, C. O. Simmons, is receiving entries from poultry fanciers in the city and from outside points, and the show promises to be up to the standard set by former exhibits.

The show will be held in the building on Indiana avenue, formerly occupied by the Maxwell soft drink bar. All exhibits will be open to the public. The first day will be allowed for receiving and placing the birds and pet stock entered in the show and judging will begin on Wednesday, Dec. 11. The prize lists have been completed and offer some attractive prizes for the winners.

## WOULD ESTABLISH RIGHTS OF NEUTRAL NATIONS

By Associated Press.  
 BERNE, Tuesday, Dec. 3.—Dr. Widmer, of Wolfingen, introduced a resolution in parliament today inviting the Swiss government to immediately approach other governments for the purpose of jointly establishing the claims and rights of neutral nations at the peace conference, particularly relative to a future league of nations.

I have car of good eating Washington boxed apples on Denver track Thursday and Friday. Prices right. Men with teams call and see me. 176-61p

### BREVITIES

The county court is trying civil cases today, several small suits being up for trial. The criminal docket will be called on next Wednesday, December 11th.

The Ladies Bible class of the First Methodist church, south, will meet at the home of Mrs. W. B. Chauncey on Thursday afternoon.

The Musicians club will meet at 9:30 Thursday morning at the home of Miss Kathleen Stonecipher, 1208 Burnett.

### PERSONALS

Mrs. C. W. Snider left last night for Kansas City for a visit with relatives.

Mrs. L. B. Cummings of San Antonio is the guest of friends in the city.

Mrs. H. S. Ziskind and daughter, Dorothy and son, Amit, left today for St. Louis, Mo., where they will spend the winter. Amit Ziskind was in the employ of the McClurken Dry Goods company. The family spent a number of years in Wichita Falls.

A. G. Wilfong and W. S. Curlee left today on a deer hunting trip to Live Oak county. They expect to be gone about 10 days.

**Card of Thanks.**  
 To the many friends who were so kind and considerate to us during the illness of wife and daughter, as well as to those who by their comforting words made the burden of separation lighter, we wish to extend our sincere appreciation and to assure you that we shall never forget.  
 E. A. REEF  
 MR. AND MRS. FRED MEASLEY, And Family  
 Iowa Park, Texas, Dec. 4, 1918.

**Notice.**  
 This is to give notice that the Wichita Mapping & Blue Printing Co. have sold out to the Oil Center Mapping & Blue Printing Co., who have taken charge of all private tracings held by us.—K. H. FRIEDLY, Manager. 176-61p

**Modern Woodmen Attention—Annual Election.**  
 The annual election of officers for Camp No. 12096, M. W. A., will be held in connection with the regular session of the camp Thursday, Dec. 5, 1918. Every member should attend.—E. G. COOK, Clerk. 176-27c

## Money Needed To Defray Expense of Christmas Boxes

It cost the Wichita county Red Cross chapter \$1243 to fill and mail the thousand Christmas boxes assessed the chapter for the soldiers overseas who have no relatives in this country to send gifts. Of this amount \$350 has been paid by contributions from the people of the county. The remaining \$893 is needed to settle the bill against the Red Cross and contributions of any amount from friends of the organization are asked to meet the account in the near future. The regular chapter funds could not be turned toward supplying the boxes and the chapter is asking the people to meet this extra expense for the soldiers who after months of fighting must still spend Christmas on foreign soil in some cases on unfriendly soil.

**Notice, Knights of the Maccabees.**  
 An open session of the Maccabees will be held Friday night, Dec. 6 Election by order of Com. 176-37c

**Notice.**  
 Dec. 4th, 1918.—On account of the fact that Mr. Davenport is now holding the office of county attorney for this county we have decided to discontinue the firm of Chauncey & Davenport. Each of us will look after and close up the business of his own clients.  
 JOHN DAVENPORT.  
 W. B. CHAUNCEY. 176-61c

**WANTED**—At once, practical nurse or woman competent to wait on the sick. Phone 84 or apply at 1507 Tenth street. Jno. Dixon. 176-37c

**FOR SALE**—A Ford roadster with new tires all around. The car is in A-1 condition. First check for \$250 gets it. 709 Ohio Ave. 176-37p

## Quick—Who Wants A Real Drill Site!

### In the Burkburnett Oil Field

The price is absolutely right—in a little over a mile of big production, and 1500 ft. of the Abner Davis well. Can sell you 7 1/2 acres or 10 acres or both at \$1,000 per acre. Production 3 ways—as the Davis well shows better each day, you stand a fine chance to get \$5,000 or \$10,000 per acre for this.

**Its a Fine Gamble**

And will give some terms. This is an A1 proposition for a \$25,000 to \$35,000 company and right now will sell good. See

**CLAUDE MILLER**  
 Owner

Phone 2734 care Up Stairs Garment Shop

## Money-Making Oil Leases

10 to 20 acres in block 75, west of Hammond-Ray well reported on sand. Also near new wells of Marine & Humble. New location for well offsets this tract. This lease is in the popular territory northwest of Burkburnett where immense activity prevails. Special price of \$700 per acre is \$300 under market value. Will be worth \$2500 per acre soon.

Two and half to 10 or more acres southwest of and between Burkburnett and famous production of Allee and Fisher and Gilliland; also near Hammond & Newman's deep test now drilling. Big bargain at \$350 per acre.

Have customers for some good production.

**L. A. PAT CASEY**  
 Telephone 278 705 Ohio Ave. Ground Floor

## Who Is the Man That Made the Big Money in the Burkburnett Oil Pool?

# The Man Who Had Nerve Enough to Grasp the Opportunity and Purchase Acreage!

We can all look back now and see how easy we could have been rich if we had only purchased more drilling sites or more acreage. The opportunity still exists. Who knows how far the oil pool will extend? It may reach ten or even twenty miles. Of course there is still the element of gamble about it, and there was before when your friends were purchasing acreage at prices that led you to believe they were crazy or needed a guardian. Now you feel like having some one kick you for not having more nerve.

While the big Companies have gobbled up most of the acreage, still it is not all gone as each week sees the field extended a little farther East, West, North and South, and who knows but what there is better oil land in and around Burk than any that has ever been drilled. You wouldn't purchase acreage around the Fowler well when it was drilling at \$12.50 per acre. Only recently you wouldn't have given much for the chances of the Helen-Elizabeth on the East or the Marine and Humble on the Northwest.

**HOW TRUE THE OLD SAYING—"NO RISK NO GAIN."** This certainly applies in the oil business. We are going to offer you another opportunity to purchase acreage at reasonable prices that may make you rich.

## We Are Subdividing 115 Acre Tract Into Five Acre Blocks South East of Burkburnett on Red River

a little over a mile from the Helen-Elizabeth well and within 1000 feet of the Humble well now drilling on the Maxwell land and down about 1150 feet. Now you may say this is too far from production, well it is not near so far as the Fowler was when it was drilling. The Humble Oil Company would not be drilling there if they did not think they were going to get oil, and you know as well as we do that they hit it as often as any concern in existence.

### A GUSHER IS POSSIBLE

What would it mean to you if the Humble got a well on the Maxwell? Would it mean money to you or would it be too late? Don't delay, but investigate this proposition. Remember that it is on the same kind of soil as the Van Cleave land and only a little over a mile from the Helen-Elizabeth well. It will not break you to take a small gamble and it may mean a fortune. This is the only land that can be had in this vicinity as the big Companies control the land on all sides.

We are offering these five acre tracts at prices ranging from \$400 to \$1500 per acre. If the Humble should get a good well the price would immediately jump to \$5000 and \$10,000 per acre, and a gusher on five acres would make you independent for life. This is by far the cheapest acreage that can be purchased East of Burkburnett and South of Red River close to drilling oil wells. There are already 35 derricks up in this vicinity and no limit to the number of wells that will be drilled. This is not wild-cat acreage but it is right in line of the future development of the big pool.

**Make Money—Don't Delay! Investigate Our Prices and Terms Today!**

**Office—Hearn Hotel** **HUEY & COTTON** **Phone 2036 or 1478**

# SECRETARY OF TREASURY M'ADOO SUBMITS ANNUAL REPORT TODAY

By Associated Press.  
WASHINGTON, Dec. 4.—The financial history of America's part in the war is set forth by Secretary McAdoo in his annual report drafted before his resignation, and made public today by the Treasury. It is the history of how the American people paid billions in taxes, raised four great Liberty loans and created a tremendous pool of credit with which the Treasury through its many war agencies paid the bills of the army and navy, the Shipping Board and other government departments, loaned billions to the Allies and millions to war industries, helped support the families of soldiers and sailors and aided farmers over periods of financial stringency.

"The payment into the treasury of vast sums in war taxes and from bond sales," said Secretary McAdoo, "and the transformation of our varied and complex economic life to the supreme task of winning the war have been accomplished without shock or financial disturbance. The credit and business structure of the nation remains sound and strong. The results of the four Liberty loans are a tribute to the patriotism of the American people and to the economic strength of the nation."

**McAdoo's Final Accounting.**  
The report constitutes Secretary McAdoo's final accounting of his stewardship before retiring as the nation's finance minister. Throughout the report, Mr. McAdoo refers repeatedly to the remarkable achievements of America's civilian population in providing the money and materials for war, and acting as the eager second line of defense.

Commenting on the showing of financial arrangements in great detail by the document, Treasury librarians recalled that the financial history of the Civil War is buried in a great stack of musty ledgers, and probably never will be fully compiled.

"For the fifteen months ending last June 30 Secretary McAdoo estimated that the actual cost of the war, with allowances for the governments' ordinary expenses, including interest, amounted to \$13,222,000,000. Nearly half of this, or \$6,499,000,000, went to permanent investments, in the form of ships, airplanes, tanks, army camps, buildings, and in loans to Allies or to American war industries. Of the year's expenses 31.6 per cent came from taxation.

**Expenses were heavy.**  
The civil establishment of the government during the year spent \$1,292,000,000, while the War Department spent \$5,584,000,000 and the navy \$1,368,000,000. For the army alone the government paid out \$4,412,000,000. The naval expenditures included the construction of new vessels, machinery, armament, equipment and improvements at navy yards. Total ordinary disbursements for the year amounted to \$8,966,000,000 and ordinary receipts, excluding money received from Liberty Loans, amounted to \$4,174,000,000. Loans to Allies during the year amounted to \$4,739,000,000 additional.

**Looking forward,** Secretary McAdoo found great difficulty in forecasting expenditures for the current fiscal year which ends next June 30, on account of the sudden coming of peace. Estimates which he presented are based on calculations of each department in advance of revisions since the signing of the armistice and he does not consider them reliable. With this explanation Mr. McAdoo forecasts expenditures for this year at \$20,687,000,000 for government purposes and \$4,378,000,000 for loans to Allies and \$2,540,000,000 for redemption of outstanding certificates and other debt cancellation. Total estimated disbursements for the year were put at \$27,718,000,000.

**Probable income.**  
Against this estimate which actual expenses at the rate of a little more than a billion and a half dollars a month to date, indicate is too high, Mr. McAdoo calculated that the government will receive about \$5,000,000,000 before the end of the fiscal year next June 30, from income and profits taxes, \$1,000,000,000 from other taxes, \$190,000,000 from customs and \$555,000,000 from miscellaneous sources, including \$70,000,000 from increased postage, making estimated receipts from ordinary sources \$6,845,000,000. In addition, he figured roughly on a little more than \$5,000,000,000 from further issues of Liberty bonds and \$1,200,000,000 from war savings. These figures add to receipts from Liberty Loan bonds already sold make \$14,168,000,000 the total of popular borrowings expected during the year. On this basis total estimated receipts would be \$21,022,000,000 or \$6,695,000,000 less than tentative estimates of disbursements. Actual developments are expected to change these calculations greatly.

The United States' public debt last June 30 was \$12,396,000,000, without taking into consideration the \$1,319,000,000 free balance in the Treasury to partially offset the debt. The public debt has been increased since then by the Fourth Liberty Loan of nearly \$7,000,000,000 and by Treasury certificates of indebtedness amounting to several hundred million dollars.

**Buy Up Liberty Bonds.**  
The report disclosed for the first time the activities of the Treasury's

sinking fund to buy up Liberty bonds in an effort to keep their price from falling far below par. Up to November 1, it is shown, \$244,006,500 worth of bonds, face value, had been purchased on the open market for \$234,210,000, or at an average price of about 96 per cent, and subsequently held in the Treasury. Of this sum, \$172,445,000 were second Liberty Loan bonds, of both 4 and 4 1/2 per cent issues; \$70,935,000 were third Liberty Loan bonds, and \$65,000,000 were first Liberty Loan converted bonds.

The report also showed that the War Finance Corporation, up to October 31, had made loans amounting to \$67,716,000, of which \$29,867,000 had been repaid, leaving advances outstanding \$37,849,000. Most of the loans, or \$64,739,000, went directly to war industries. Public utilities were the principal borrowers, while lumber companies, coal operators, manufacturers and stock raisers rank next in number of applications.

The magnitude of the work of the Capital Issues Committee was indicated by the report that since its organization last May 17 it has examined nearly 2,000 applications, from prospective issuers of securities, aggregating about \$2,350,000,000.

**Applications Disapproved.**  
"About 20 per cent of these applications were disapproved," said the report, "and these were mostly of a character involving new extensions, which would not be contributory to the winning of the war. The prevention of approximately \$450,000,000 of unnecessary issues, which could be postponed was an important contribution to the conservation of the nation's resources."

Mr. McAdoo took the occasion to emphasize again the importance of hastening enactment of this revenue bill now pending in Congress.

"Unless the measure becomes a law in the near future," he said, "it will not be physically possible for the Treasury to frame the necessary regulations and to print and distribute the necessary forms before the returns taxes will be due. The enforcement of the law will necessarily be imperiled."

"The wisdom of such action is emphasized by every sound economic consideration and wise tax policy. It is desirable and necessary from the viewpoint of the Treasury in conducting the period of readjustment, and

from the viewpoint of labor and industry generally."

**Financial Practices.**  
Mr. McAdoo reviewed the financial practices of the year, including the issuing of short term certificates of indebtedness in advance of every Liberty Loan to prevent the disturbing of the money market by the loans and to obtain the money needed by the Treasury in advance of loan receipts. He said the war savings movement had resulted not only in gathering in \$534,000,000 for war purposes up to November 1, but it had helped to reach the American people thrift and economy.

"This wartime experiment has been so successful," he commented, "that it is hoped war savings certificates will become a continuing feature of the nation's financing even after the restoration of peace."

The report explained at length that a feature of the Treasury's policy in distributing the \$8,121,000,000 credits to allies during the year, has been to stabilize foreign exchange rates and bring the dollar nearer parity with European countries, but did not mention the specific acts undertaken by the Treasury to accomplish this. In exchanging credits, France gave the United States credit in France of \$631,275,000 for army purchases. Great Britain established similar credits of \$115,633,000 and Italy \$5,284,000.

**Collection of Taxes.**  
Turning to the enormous task of collecting \$3,694,619,000 in taxes during the last fiscal year, or more than four times the record collection of the year previous, the Secretary emphasized that this had been accomplished largely through the cooperation of business interests and individual taxpayers.

"During the fiscal year 1918," said the report, "the Bureau of Internal Revenue has been able to collect the largest tax ever collected by any country, an amount which represents a larger proportion of the nation's war budget than any other belligerent engaged in the present war has been able to defray from tax revenues."

From would be tax delinquents the revenue bureau now expected to collect several hundred million dollars additional taxes.

Concerning the tremendous part played by the Federal Reserve system during the war Secretary McAdoo had this to say:

"The Federal Reserve system has permitted the enormous transactions connected with the financing of the war to be carried through without shock or disturbance to the country. It will not be less important to the government and to the nation in facilitating the readjustment from a war basis to a peace basis and to assist and foster thereafter the development of agriculture, industry and com-

merce under normal peace conditions."

**War Risk Insurance.**  
Mr. McAdoo dealt at length with the accomplishments of the War Risk Insurance Bureau, which has built up an organization of fourteen thousand employees, necessary for the issuance of about a million checks every month to soldiers or their dependents for allowances, disability compensation and insurance.

"It is certainly one of the greatest business enterprises in the world," he said, "and undoubtedly the largest life insurance concern on the globe, having nearly \$3,000,000,000 of life insurance in force."

The report discloses that Liberty Loan conversions have been made as follows: First Liberty Loan 2 1/2 per cent bonds exchanged for 4 per cent bonds, \$268,250,000; first Liberty Loan 3 1/2 and 4 1/2 exchanged for 4 1/2, \$185,899,000; second Liberty Loan 4 1/2 exchanged for 4 3/4, \$1,541,051,000. This indicates that most bond buyers have failed to take advantage of the Treasury's offer to convert past issues into bonds bearing a higher rate of interest. It is now too late to convert.

**Federal Farm Loans.**  
Referring to federal farm loans amounting to \$18,428,000 during the year ending last September 30, the report said: "The existence of the system operated under government supervision, granting long term loans at reasonable rates of interest, has unquestionably saved the farmers of the United States from many evictions, foreclosures and other financial accommodations during the period. The system has been a harbor of refuge for the increasing number of farmers through its competition with other loaning agencies it has reduced interest rates almost everywhere in the United States, and has averted the financial troubles which otherwise must have beset him. It has contributed the greatest governmental agency for financing the better interests of the United States—that of agriculture."

The report also dealt with the Treasury's activities in purchasing and supervising the liquidation of war insurance companies operating in the United States. The United States War Risk Insurance Corporation, in compliance with the terms of the armistice, is discharging the obligations of epidemic and maintaining sanitary conditions about camps, the international High Commission's success in promoting agreement of cessation of hostilities between the United States and Latin American countries, and the impact of the Customs Service in connection with the pooling of harvests during the war.

## RECENT POGROMS ARE CHARGED TO FREED CRIMINALS

By Associated Press.  
LONDON, Dec. 4.—Recent pogroms in Lemberg were committed by released Ukrainian criminals, who also sacked and burned many homes of Christians, according to Polish press bureau, quoted in a dispatch from Stockholm. Allegations by the Jewish press in Lemberg that Polish soldiers are declared to be false. More than fifty men involved in the disorders have been arrested and executed.

The Mail's Vienna correspondent, who has returned from Poland, describes recent outrages to Ruthenian raiders who claimed they were Ukrainians. They seized Lemberg, the town's population was about 100,000. There were absolutely no Polish troops in the city, he says, and consequently there was no one to keep order there. A number of streets inhabited by Jews were burned out but it was not a general pogrom. The Poles are again in possession of the town. The correspondent adds that Poland needs help from Allied forces.

## GRIP, INFLUENZA

**Hemlin's Wizard Oil a Reliable, Antiseptic Preventive**

During influenza epidemics spray the nose and throat several times a day with one-part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and sniff the mixture up the nose. This treatment sets up an antiseptic wall of disease against "flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.

Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30c at druggists. Guaranteed.

DR. EVANS OF MISSOURI VISITS FRIENDS IN CITY  
Dr. A. N. Evans of Fayette, Mo., yesterday visited his friends in this city. He is a close friend of Lieutenant Bullington and officiated at the wedding of the young people in August. Dr. Evans was commissioned at Leon, Mo., by the late General Bullington and Surgeon.

### Our Purpose in This Sale

In offering these tremendous reductions on merchandise of the very highest character at the height of the season we are acutely aware of the stern necessity of raising money. It is not a general clearing sale, nor do we wish to convey the impression that reductions have been made on all merchandise in the house. The extraordinary high prices of goods has made it necessary to have more money to carry on our business and we had no choice of increasing our capital stock or reducing our supplies of goods. We have chosen the latter, and to supply the need capital for spring goods will sacrifice our profit on such lines as we have heavily stocked and which will turn into money most readily. We make this statement frank and honestly, that there may be no misrepresentation or misapprehension as to the prices of such goods as have not been marked down in price.

The indications are that goods for the coming season will be even higher in price. The extraordinary demand that comes from European countries for raw materials will cause a sharp advance that is even now noticeable in spring orders, so that goods bought now mean a saving not only in the present price reduction but also in the advance that is sure to come. Respectfully yours, C. BARNARD, Pres.

CENSORSHIP FOR SHOWS ADVOCATED BY CIVIC LEAGUE

COMMITTEE IS APPOINTED TO CONFER WITH CLUBS AND CHURCHES.

NAME JAIL COMMITTEE

Several Matters Disposed of at Meeting of Civic League Tuesday Afternoon.

The matter of a censorship committee for Wichita Falls, to pass on all entertainments both picture shows and vaudeville, was one of the chief discussions entered upon at the regular monthly meeting of the Civic League, held Tuesday afternoon at the camp library. A committee, composed of Mesdames Zundelwitz, Dent and Kirley, was appointed to confer with other clubs and church organizations in regard to this matter.

Discuss County Jail. Mrs. Frank Kell and Mrs. Harry Cravens were appointed in assisting in maintaining better sanitary conditions at the county jail. The League will also make the request, as was decided at the meeting Tuesday, that girls who are arrested for their first offense on any complaint, be confined in the courthouse rather than in the county jail, where there are generally women who are old offenders, or who are diseased, with whom the first offenders must come in contact. The support and assistance of the League in any way possible was voted to the county officers, especially to the sheriff and jailer, Mrs. M. M. Gaffney and Mrs. E. B. Kirley were named as a volunteer relief committee to whom girls and women coming to Wichita Falls as strangers and unable to find lodging or work may apply for assistance and information. Cards giving the names and addresses of these women will be hung in the Union Station.

Withdraw from Contest. The League has withdrawn from the contest for the cup for the most attractive courthouse in Texas, conditions at the Wichita county courthouse being such that the League could not hope to win the prize, according to Mrs. Snook, the president, but Mrs. Kell and Mrs. Cravens, the courthouse committee, were authorized to make it possible for the county to enter the contest for 1920. Representatives from different clubs and churches met with the League to arrange for the contest service on Saturday at the Soldiers' Club. These representatives assured the League of their co-operation in serving the luncheon on Saturday. The New Century Club volunteered to serve on

A Warm Welcome Awaits You at Our Fountain.

You'll find our soda fountain a very inviting spot these cool fall days.

A cup of Hot Soda cheers, because it pleases the palate and braces the body. Most hot beverages are food drinks, therefore they are healthful and strengthening as well as satisfying.

When you are chilled it will warm you, and when you are depressed it will stimulate and strengthen you.

Try a Cup of our HOT CHOCOLATE—There's Satisfaction in every Sip.

First Attention to All Orders for the Sick.

Palace Drug Store Special Attention Given Our Prescription Dept.

Saturday, December 7. The agreement was made to serve a lunch, in place of a heavy meal.

Report on State Meeting. The League heard an interesting report of the state meeting of Federated Clubs, held last month in Dallas. The following were appointed on the nominating committee to make its report at the January meeting, when the annual election of officers will be held: Mesdames M. M. Gaffney, J. W. Stone, Frank Kell, C. M. Miller.

Two new members were received, Mrs. Doak and Mrs. E. B. Kirley. The League will have an invitation out for new members, and a special effort to bring new members for the beginning of the new year is urged by Mrs. T. B. Snook, the president.

DENY NEW ULTIMATUM IS ISSUED TO GERMANS

By Associated Press. LONDON, Dec. 4.—The Express claims to be able to deny the report from Berlin yesterday that a new ultimatum had been sent to the German government because all the locomotives to be handed over under the terms of the armistice can not be delivered at once. The Express says it is true that Germany is not keeping up to stipulated schedule and that Marshal Foch has given warning that Germany will be responsible for further delays but he has not fixed a time limit for the carrying out of the clause relative to railroad equipment.

DENY REPORT THAT NICHOLAS IS DEPOSED

By Associated Press. PARIS, Tuesday, Dec. 3.—The royal Montenegrin government has issued a statement denying the report that King Nicholas has been deposed. The statement points out that the skupstina has no constitutional existence and that the only body having authority of making any pronouncement as to the sovereignty of the state is the national parliament. This body it is said, can not meet at present, many members being confined in Austrian prisons or living abroad.

STRAW TO SHOW WAY WIND BLOWS SAYS NICHOLAS

By Associated Press. PARIS, Dec. 4.—"My deposition was but a straw cast to see which way the wind blows," said King Nicholas of Montenegro to a Matin representative yesterday. "If a meeting was held at Podgoritzia (where the Montenegrin national assembly is reported to have met), I have not the slightest news of it. A meeting such as that one could have been held only under the shadows of bayonets. A legal plebiscite is not carried out by armed force. That is why I consider what has passed down there as being without importance."

Germans Meet To Investigate Prison Complaint

AMSTERDAM, Tuesday, Dec. 3.—Mathias Erzberger opened the first sitting of the German commission to investigate the treatment of war prisoners on Monday, according to Berlin advices received here. He announced that the commission has plenary powers, guaranteeing the rapid discharge of its business. The meetings are open to the public, enabling accredited representatives of enemy governments to acquaint themselves with all proceedings. Nothing, it is reported, will be concealed. "The task of the commission," Erzberger is quoted as having said, "will be to prove that the new government of republican Germany is resolved to proceed ruthlessly against any one treating prisoners contrary to the orders of those in authority or in violation of the laws of humanity."

Your Credit Is Good for a

TYPEWRITER

ADDING MACHINE

Owing to the scarcity of typewriters, some time back we were forced to discontinue selling typewriters on the installment plan. At present we have a fairly good stock of machines and for a limited time we will sell any make machine on the monthly payment plan. Let us explain this plan to you.

The public is wise in its food selections.

Recent demand for the well known ready-cooked food

Grape-Nuts

shows how the first use of a full-worth food is followed by continued repeat orders.

Nothing made of wheat and barley has so much of attractive taste and stand-by nourishment as Grape-Nuts food.
