GENERAL SMITH CONTROLS CIVIL LIFE AT TREVES

COMMANDING OFFICER, THIRTY-
SIXTH DIVISION OF
OCCUPATION.

IS LOCATED AT TREVES

By Associated Press.
LONDON, Dec. 6.—Serious disorders
have occurred in Berlin and consid-
erable firing has occurred in the prin-
cipal streets, according to reports
reaching the Dutch-German frontier,
says an Exchange Telegraph dispatch
from Amsterdam. The trouble is said
to have been caused by the German
boisheviks.

GERMANS CONTINUE TO MANIFEST SPIRIT OF INDIFFERENCE TOWARD AMERICANS.

By Associated Press.
WITH THE AMERICAN ARMY OF
Occupation, Monday, Dec. 2.—Stu-
dious indifference again characterized the
German reaction to American troops
on their way to the Rhine today. Gen-
eral Dickman's army renewed its ad-
vance at daylight and by tonight had
reached the line approximately two
miles to the eastward. In addition
villages and small towns were
brought under domination of the
American army but none of them is
of great importance. At American
headquarters at Treves, General
Brown, as military governor and
General Smith, who is in charge of
civil affairs, have begun the work of
administration. Local authorities in
a nearby community have agreed to
retain their posts and co-operate in
maintaining order.

PROCLAMATION IS ISSUED.

Gen. Pershing has issued a proclama-
tion calling on the people to return
to their normal pursuits and assuring
them that if the conduct of affairs is
not molested and if good order is
kept, they will not be interfered with.
The proclamation gives information of
the places American forces will oc-
cupy under the terms of the armistice
and explains in detail which towns
will be garrisoned and which will be
merely included in occupied territory.
This proclamation issued in various
different places had been read care-
fully by crowds but there has been
no sign of emotion evident.

DELIVER 130 AIRPLANES.

The towns through which the troops
passed today presented an appearance
similar to those entered on Sunday.
Blinds were drawn in many cases and
most of the inhabitants remained in
doors rather than countenance the in-
vasion by witnesses. The children
in the towns occupied on the first day
of the advance and today failed to re-
strain their childish enthusiasm, but
the attitude of the grown-ups was un-
altered. At Treves 130 airplanes were
found ready for delivery to the Allies.
A small quantity of supplies was al-
so left there by the Germans. Re-
ports made to General Smith indicate
that while food supplies are limited
to vary there is apparently enough
to meet the needs of the people.
Prices however are very high.

NOT TO MAKE WAR.

Continuing the proclamation reads:
"The American army is not coming
to make war on a civilian population.
All persons who wish honest submis-
sion, act peacefully and obey the rules
laid down by the military authorities
will be protected in their persons,
homes, religion and property. All oth-
ers will be brought within the rule
with firmness, vigor and prompt-
ness. The American army will govern
in strict accordance with interna-
tional law and the rules and cus-
toms of war sanctioned by the inter-
national community. Inhabitants on their part
must absolutely abstain in word and
deed from every act of hostility or
impediment of any kind toward the
American forces. It is your duty now
to devote yourselves to the orderly
and obedient conduct of your private
lives and affairs, the re-establishment
of normal conditions in schools,
churches and public places, and the
restoration and resumption of your
local civil life.

THIRTEEN LIVES LOST IN DUPONT; FOUR EXPLOSIONS

ALLIED FORCES TO OCCUPY BERLIN AS POLICE MEASURE

By Associated Press.
COPENHAGEN, Thursday, Dec. 5.—
Allied and American forces will tem-
porarily occupy Berlin, according to
the Deutsche Allgemeine Zeitung of
Berlin, which said that an American
wireless dispatch to this effect has
been intercepted by the Germans. The
newspaper says that Mannheim will
be summarily occupied.
The reason for this action on the
part of the Allies is said to be a "re-
sponding incident during which a su-
pervisor of a prisoners' camp shot
three Frenchmen."

BERLIN IS SCENE OF DISORDERS

By Associated Press.
LONDON, Dec. 6.—The man who
more than any other person is re-
sponsible for Germany's present policy
is Ernest Daumig, according to the
Berlin correspondent of the Daily Ex-
press. Until 1916 Daumig was a mem-
ber of the staff of the socialist Vor-
warts of Berlin. Later he was secre-
tary of the independent socialists. He
now is president of the national
council which dictates to the six com-
missaries who form the government.
Daumig told the correspondent of the
Express that peace delegates would
be selected by the present cabinet,
which undoubtedly would remain in
power until the meeting of the national
assembly.

THOUSANDS ARE DYING IN PETROGRAD AS A RESULT OF LIVING CONDITIONS

By Associated Press.
STOCKHOLM, Thursday, Dec. 5.—
Fugitives from Russia who have
reached here, say that living condi-
tions in Petrograd are terrible. The
famine there, they say, defies the
imagination. Flour is selling for fifty
rubles and sugar for 150 rubles per
kilogram (2.2 pounds). Herring
are the only food obtainable and
sell for five rubles each.

KNIGHTS PYTHIAS ELECT OFFICERS; PLAN NEW ROOMS

At a meeting on Wednesday night, pioneer lodge No. 94, Knights of Pythias, the message of Herbert Hoover on "Food Will Win the War," was read, and the members not only went on record as heartily and unreservedly endorsing the ideas and principles as set forth, but obligated themselves to conserve food as much as possible.

Several applications were received and balloted on, which gives the lodge at the present time a membership of 230—one of the largest subordinate lodges in the State.

At its regular meeting next Wednesday night a class of several will be initiated into the mysteries of the rank of Page.

The members of the lodge are looking forward to the new year with a great deal of pleasure, as they have the refusal of the room now used by the Soldiers' Club, and when same is secured it is the intention of the lodge to spend several hundred dollars in making it one of the most attractive places of the kind in Texas. Space will be arranged so that bil-

lard, pool and domino tables may be installed, as well as reading room, ladies' private rest room, kitchenette, etc.

The following officers were elected for the ensuing term:
A. G. Deatherage, Chancellor-Commander.
Guy C. Ralley, Vice-Chancellor.
Ira D. Brown, Prelate.
W. H. Veal, Master of Work.
A. E. Brown, Master at Arms.
R. D. Atkins, Inner Guard.
W. L. Ralley, Outer Guard.
Dr. M. B. Garrison, Master of Exchequer.
O. T. Gorsline, Master of Finance.
H. A. Boyles, Keeper of Records and Seals.
H. O. Cravens, Trustee.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "biliousness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

THAT W. S. S. PLEDGE MUST BE PAID

Peace does not affect your W. S. S. Pledge. It is a binding obligation. Peace does not release anyone from his pledge.

That W. S. S. Pledge Must Be Paid.

The only expense peace relieves the Government from is that of supplying bullets and powder. The Government must spend \$50,000,000.00 every day for months to come to take care of the soldiers and sailors. It will take a year to demobilize the army.

Your money is needed to help pay the victory bill. Lend it in War Savings Stamps at good interest rates.

Vaudeville Bill For This Week Is Best Yet Offered

It would be hard to assign headline honors to any one act on the Pantages program at the Wichita theater Thursday, opening for the week end run, and each of the five acts, from the opening juggling act of William DeHollis and Company to the closing musical comedy, "The House of the Living Dead," "stopped the house."

Especially was the musical comedy which closed the show an unusually classy offering. The act, looking chorist that has been seen on the local stage for several years would have been sufficient to mark it an exceptional and added to this was the fact that the leading woman, Irene Williams, was both good looking and able to do more than carry a tune.

SWIFT & COMPANY U.S.A. Low Meat Prices vs. High Cattle Prices If the farmer cannot get enough for his live stock, he raises less, and the packer gets less raw material. If the consumer has to pay too much for his meat, he eats less of it, and the packer finds his market decreased. The packer wants the producer to get enough to make live-stock raising profitable, and he wants the price of meat so low that everyone will eat it. But all he can do, and what he would have to do in any case to stay in business, is to keep down the cost of processing the farmer's stock into meat so that the consumer pays for the meat and by-products only a little more than the farmer gets for his animals. For example, last year Swift & Company paid for its cattle about 90 per cent of what it got for meat and by-products (such as hides, tallow, oils, etc.) If cattle from the farm were turned miraculously into meat in the hands of retailers (without going through the expense of dressing, shipping and marketing), the farmer would get only about 1 1/2 cents per pound more for his cattle, or consumers would pay only about 2 1/4 cents per pound less for their beef! Out of this cent or two per pound, Swift & Company pays for the operation of extensive plants, pays freight on meats, operates refrigerator cars, maintains branch houses, and in most cases, delivers to retailers all over the United States. The profit amounts to only a fraction of a cent, and a part of this profit goes to build more plants, to give better service, and to increase the company's usefulness to the country. OIL DEVELOPMENT

REPORT BEARMAN WELL PRODUCING 1,000 BARRELS

Reports that the Bearman well on the Kasper lease, to the west of Burk Burnett townsite, was putting oil into the tanks at the rate of around 1,000 barrels a day, came to the manager of the company, W. M. Priddy, from the well this morning. The well had been cleaned out for several days and was finally completed about 9:30 last night.

Mr. Priddy also reports the Canada drilling in, and the Standard stringing up on the Allday, preparing to complete this well in a few days. The wells have been delayed by reason of the scarcity of materials, especially boilers, but it is believed there will be no more delays. The Canada well is on the Canada lease and the Allday on the Kasper.

New Company Is To Develop Field Across the River

The Carter Robinson Oil Company has been organized with a capitalization of \$50,000. The company has for directors: Jack Carter, H. E. Robinson, T. B. Saunders, Lee Russell, Sterling F. Clark, J. B. Donahoe, C. D. Donahoe, Frank Cauble and Eugene Brock, investors and operators of Wichita Falls, Fort Worth and Oklahoma.

The company has a 20-acre lease, out of section 23, just across Red River from Burk Burnett, and plans to drill immediately.

Art Oil Company Copeland No. One Is Standardizing

The Art Oil Company, Copeland No. 1, on block 2 of the Burk Burnett townsite is now standardizing, according to Joe Art, and will be completed the first of next week.

On the Art-Straus lease of nine and a half acres south of the school house, the second well, being drilled by the Humble Oil Company, is now reported almost ready to drill in.

EDITOR STEVENS SICK HERALD MISSES ISSUE

The influenza epidemic has taken a stronger hold on Iowa Park and conditions are reported as growing more serious, a large number of people, both grown-ups and children, being reported confined to their beds with the influenza in a more or less violent form. The Iowa Park Herald has been forced to suspend publication for this week, the editor, Jack Stevens, being ill.

way, New York; Frank Harris, No. 3 Washington square, New York City; Rob I. Ford, Freeman's Journal, New York; Rev. Father Thirney, American Catholic Weekly, New York; Max A. Lohm, 230 Riverside drive, New York; George S. Vierck, New York.

Supplemental List.

Besides this list, Mr. Bielaski also presented a supplemental list of about thirty names of others to whom he said German propaganda matter was mailed out who were not believed to be friendly to the cause. This list the committee decided to withhold from the record.

Mr. Bielaski produced letters Dr. Hale wrote to Dr. Albert, German propagandist, advising how notes written by Secretary Bryan during the Lusitania controversy should be answered.

From Dr. Fisher's diary notes were read telling of conferences between Dr. Hale and Von Bernstorff. Accompanying Dr. Hale was Louis D. Edwards, also sent by Mr. Hearst, who later, according to Mr. Bielaski, discovered Dr. Hale still was in the pay of the German government. "Is there any evidence to show that Mr. Hearst knew Dr. Hale had a contract with the German government?" asked Senator Overman.

Hearst Did Not Know.

"No, on the witness stand," the witness replied. "Ambassador Bernstorff's diary shows Hearst did not know."

A prisoner named Weunenbergh at Atlanta penitentiary convicted of espionage, according to Mr. Bielaski, informed the department of justice that in going to Germany on a special mission of Dr. Hale was to arrange, in transmitting his news dispatches, to include messages for German officials in this country.

Mr. Bielaski was interrupted to ask if the German agents in this country had ever succeeded in swerving any government officials and he answered:

"No it is a remarkable record. The Germans always thought that by getting some one 'inside' of high up, they could do something. The record shows no American official ever was seduced, if we except Congressman Buchanan of Illinois, who got mixed up with Von Rintelen in the labor peace council."

Documents Produced.

Many books and pamphlets showing German propaganda efforts were produced by Mr. Bielaski.

In recommending Hale as a publicity agent, Bernstorff told the foreign office that Hale had interviewed the former German emperor in 1908, that he had written a life of President Wilson which was used in the 1916 campaign, and that his wife was German.

The beginning of the German propaganda, Bielaski testified, was in 1914 when Dornburg and Albert formed an organization with offices at 113 Broadway, New York. Albert and Dornburg brought from Germany one hundred and fifty million dollars in German securities, Bielaski said, expecting them to find ready sale in this country. The market for them was not satisfactory and only \$5,000,000 worth were sold, that amount being used in propaganda.

A. B. Maples Has Quit Railroad For Oil Business

After nineteen years of continuous railroad service, A. B. Maples, for a number of years local agent for the Katy and later agent for all of the roads coming into the city, has severed his connection with railroad work to go into the refining business.

He has accepted the position as manager of the Red River Refining Co. now being organized.

Mr. Maples' position in the railroad office is filled by O. M. Smith, who has been agent for the Denver at Chillicothe for a number of years.

HORNE OIL COMPANY PREPARES TO SET CASING

Fifteen hundred feet to the east of the Helen-Elizabeth well on the Van Cleave, the Horne Oil Company is preparing to set casing. W. M. Priddy stated this morning that the well is the first one further east than the Helen-Elizabeth to be reported setting (though there are several other wells drilling further to the east). These wells are being watched with interest on account of their relation to the extension of the line of production. The sand reached in the Horne well is reported to be about the same depth as that in the Helen-Elizabeth.

PLAN PIPE LINE EASTLAND COUNTY TO FORT WORTH

By Associated Press. WEATHERFORD, TEX., Dec. 6.—The Allied Oil Company of Pittsburgh Pa., which has bought the plants of the Consumers Oil and Gas Company in Weatherford and Mineral Wells, has placed orders for sixteen-inch mains sufficient for a pipe line from the gas fields in Palo Pinto and Eastland counties, through Mineral Wells and this city to Fort Worth. It was announced work would begin on the line as soon as the first shipment of pipe arrived.

Hammond-Art Is Reported On Sand Around 1400 Feet

A further extension to the west of the Burk Burnett pool is indicated in the report that the Hammond-Art well on the Fish tract, block 37, Red River Valley lands, hit a sand that looks promising around 1400 feet on Thursday. Casing is being set today and machinery moved in, preparatory to drilling in. A good shallow sand was struck around 480 feet in this well several weeks ago.

A Standard is being moved in on the Humble well on the Herndon, on block 58, same survey. It is reported, preparatory to completing the well and putting it to the tanks.

Remarkable Story Of Heroism And Patience of Crew

LONDON, Nov. 29.—An extraordinary story of the salvage of a British submarine which went down in Gaerloch Lock, near the Clyde, has now been published. The submarine had seventy three persons on board including naval contractors and men from the yard where she had been built. The order was given to submerge and she had descended just beneath the surface when water began to pour into her aft and she descended stern down to a depth of fifteen fathoms.

An inspection showed that the netting shaft had been left open and 34 persons in the rear of the vessel were immediately drowned. The forward was shut off and the forty-two persons there were saved. How their rescue was accomplished is told as follows: A few hours had passed before divers went sent down on what they considered a forlorn hope, so far as bringing anyone up alive was concerned. Getting to the bottom they discovered that the stern of the vessel was embedded in many feet of mud. Knocking at the hull they were amazed to hear a responsive tapping.

Capt. Goodhart, a Hero. Then Captain Goodhart, a member, attempted a task which reads like a tale of Jules Verne. The high pressure bottles were brought into use and the captain undertook with their aid to be projected through the con-

An inspection showed that the netting shaft had been left open and 34 persons in the rear of the vessel were immediately drowned. The forward was shut off and the forty-two persons there were saved. How their rescue was accomplished is told as follows: A few hours had passed before divers went sent down on what they considered a forlorn hope, so far as bringing anyone up alive was concerned. Getting to the bottom they discovered that the stern of the vessel was embedded in many feet of mud. Knocking at the hull they were amazed to hear a responsive tapping.

HIGH CLASS LEASES

Burkburnett and Electra Fields

Have ten acres in Burk Burnett that is jam-up close-in and surrounded with big producing wells, that may be divided into 2 1/2 and five acre tracts. This is the closest-in property to be had and is almost absolutely sure of gusher production. Nothing in the field like it to be had at any price. Near the big Marine well.

Have some attractive acreage in 7 1/2, ten and twenty acre tracts west and northwest of town, close in, and the prices not prohibitive.

In the Electra field have twenty five acres with shallow production on it in three proven sands. Is virtually surrounded with producing wells right up to the line. This is one of the most attractive properties in the Electra field, and can be had at a snap. See this and you'll buy it if you want a sure-enough shallow production.

Remarkable Story Of Heroism And Patience of Crew

LONDON, Nov. 29.—An extraordinary story of the salvage of a British submarine which went down in Gaerloch Lock, near the Clyde, has now been published. The submarine had seventy three persons on board including naval contractors and men from the yard where she had been built. The order was given to submerge and she had descended just beneath the surface when water began to pour into her aft and she descended stern down to a depth of fifteen fathoms.

An inspection showed that the netting shaft had been left open and 34 persons in the rear of the vessel were immediately drowned. The forward was shut off and the forty-two persons there were saved. How their rescue was accomplished is told as follows: A few hours had passed before divers went sent down on what they considered a forlorn hope, so far as bringing anyone up alive was concerned. GERMAN MORALE BROKE FAST AS END APPROACHED

By Associated Press
DALLAS, TEX., Dec. 6.—How the German morale was breaking down in the days just before the armistice was shown, is told in a letter received in Dallas from Captain E. Fried, 142nd Infantry. The letter was written on November 5, just when the Americans were in the midst of their thrilling advance. In telling of a successful attack, Captain Fried said, "We followed so closely that we were right on them before the Boches could get well out of their dugouts. It was just like taking candy from a baby and the poor devils were so scared they cried like babies. We took as many prisoners as we had troops and suffered few casualties."

Wear on Nervous System.
"The command was in front for twenty days," said Captain Fried, and it's some wear on the nervous system. "Going over the top and whipping the Huns twice was easy," he said. "Come to be too busy to think. We fought from a dugout for four days and I like to have blew up. I would not be a dugout rat for all the money in the world. I was placed in a post two where I had to stay in one four days and nights, and I was relieved when orders came to go over."

"We made the most perfect local attack you could imagine. We advanced about 100 yards against two strong points at which the French had been looking for a week. The attack was a complete success."

Captain Fried ended his letter in praise of his men, stating, "You never saw a braver bunch of men in your life. I am glad they let me remain with the company instead of being transferred as so many have been."

Woodmen Have a Very Enthusiastic Meeting Last Night

The following report of this week's meeting of the Woodmen is furnished The Times:
W. O. W. Camp No. 3001 held the biggest, best and most enthusiastic meeting at their hall Wednesday night that they have perhaps held during the present year. Quite the largest attendance was present that they have yet had, and a feature of the evening being furnished by C. M. Mann, who unfortunately was unable to attend on account of being sick. Counsel Commander O. W. Hines was likewise unable to be present, business having called him out of the city.

Four candidates were initiated at this meeting, and the entire work was put on some most impressive lessons being learned, especially those pertaining to the Bible. One of the candidates was elected to the office of Grand Arch Warden, and duly installed, as it was thought he was the proper man for the place, and that chair being vacant.

Officers Are Elected.
Election of officers for the ensuing year followed at the following were chosen, and will be installed at the first meeting in January: Counsel Commander, C. M. Mann; Adviser, Lieutenant, M. H. Buchanan; Banker, M. W. McGinnis; Clerk, J. M. Stanley; Escort, W. E. Wallace; Watchman, W. L. Smith; Sentry, J. H. Simmons; Treasurer, C. E. Hland; J. H. Simmons, who had just returned from the officers' training camp with an honorable discharge was elected as captain of the department. It is proposed to organize that department just as fast as it can be done, and it is thought that it will be in a short time until the best team this camp has ever had will be the result. The camp now has two different sets of uniforms, but during the war has had little use for any of them.

About a half dozen new applications were read and accepted at this meeting. The average has been about that number at each meeting, and the outlook is exceedingly bright for the largest camp in North Texas. It has been claimed that there were several hundred members residing in this city, who had not as yet transferred, and an effort is being put forward to get them to do so. Of three members reported sick, all belonged elsewhere and this was claimed by some to indicate there were more members residing here that were not affiliated than those that were.

CLEVELAND ENJOYING STREET CAR SERVICE

By Associated Press
CLEVELAND, O., Dec. 6.—Normal street car service in this city was resumed at 5 o'clock this morning after a complete tie up since 5 o'clock Tuesday morning.

Twenty-four hundred motormen and conductors went on strike to force the company to dismiss 150 women conductors. President Stanley, of the Cleveland Railway Company, promised in an agreement signed last night to do this by March 1.

GERMANS DIVERT AIRCRAFT PLANS TO AID BUSINESS

By Associated Press
LONDON, Dec. 6.—The Germans are building an airplane with which they intend trying a trip across the Atlantic and have a Zeppelin under construction with the same idea in view, according to the correspondent at Berlin of the Daily Express. The correspondent says he learned this when being shown over an aircraft factory at Staaken, a suburb of Berlin, by Managing Director Raasch, a former naval officer. The machine, says the correspondent, has a wing spread of 158 feet and engines of 3,000 horse power.

Almost immediately after the armistice was signed, the Staaken plant began converting the fighting planes on hand to commercial machines intended to link all the European capitals with Berlin, and dozens of planes built entirely of aluminum are being transformed for postal service.

The correspondent says that the Zeppelin factory at Friedrichshafen is building an airplane for a trans-Atlantic voyage capable of carrying 100 passengers. It has nine engines and eight propellers.

RECONSTRUCTION CONGRESS OUTLINES A PROGRAM

By Associated Press
ATLANTIC CITY, N. J., Dec. 6.—Before the reconstruction congress adjourns late today it will have adopted means that are planned to greatly aid in the work of bringing business and industry back to normal after having been more or less disturbed since the United States entered the war. What specific measures will be adopted is still a secret with the clearance committee of the congress, to which all resolutions passed by the industrial and business groups meeting here this week were sent for consideration and recommendation to the congress. John H. Kirby of Houston, Texas, is a member of the committee.

Who Is the Man That Made the Big Money in the Burkburnett Oil Pool?

The Man Who Had Nerve Enough to Grasp the Opportunity and Purchase Acreage!

We can all look back now and see how easy we could have been rich if we had only purchased more drilling sites or more acreage. The opportunity still exists. Who knows how far the oil pool will extend? It may reach ten or even twenty miles. Of course there is still the element of gamble about it, and there was before when your friends were purchasing acreage at prices that led you to believe they were crazy or needed a guardian. Now you feel like having some one kick you for not having more nerve.

While the big Companies have gobbled up most of the acreage, still it is not all gone as each week sees the field extended a little farther East, West, North and South, and who knows but what there is better oil land in and around Burk than any that has ever been drilled. You wouldn't purchase acreage around the Fowler well when it was drilling at \$12.50 per acre. Only recently you wouldn't have given much for the chances of the Helen-Elizabeth on the East or the Marine and Humble on the Northwest.

HOW TRUE THE OLD SAYING—"NO RISK NO GAIN." This certainly applies in the oil business. We are going to offer you another opportunity to purchase acreage at reasonable prices that may make you rich.

We Are Subdividing 115 Acre Tract Into Five Acre Blocks South East of Burkburnett on Red River

a little over a mile from the Helen-Elizabeth well and within 1000 feet of the Humble well now drilling on the Maxwell land and down about 1150 feet. Now you may say this is too far from production, well it is not near so far as the Fowler was when it was drilling. The Humble Oil Company would not be drilling there if they did not think they were going to get oil, and you know as well as we do that they hit it as often as any concern in existence.

A GUSHER IS POSSIBLE

What would it mean to you if the Humble got a well on the Maxwell? Would it mean money to you or would it be too late? Don't delay, but investigate this proposition. Remember that it is on the same kind of soil as the Van Cleave land and only a little over a mile from the Helen-Elizabeth well. It will not break you to take a small gamble and it may mean a fortune. This is the only land that can be had in this vicinity as the big Companies control the land on all sides.

We are offering these five-acre tracts at prices ranging from \$400 to \$1500 per acre. If the Humble should get a good well the price would immediately jump to \$5000 and \$10,000 per acre, and a gusher on five acres would make you independent for life. This is by far the cheapest acreage that can be purchased East of Burkburnett and South of Red River close to drilling oil wells. There are already 35 derricks up in this vicinity and no limit to the number of wells that will be drilled.

This is not wild-cat acreage but it is right in line of the future development of the big pool.

SERVICE CARS TO BE REGULATED BY THE CITY COUNCIL

At the meeting of the city council Thursday night, Acting City Attorney Harry Weeks was instructed to draft an ordinance providing for a license tax for service cars and regulating the charges permitted within the city limits. The matter was presented largely as a result of reported overcharges and other objectionable practices in dealing with the public, the council concluding that some corrective measures were necessary in order to protect the people who are compelled to patronize the drivers and for the protection of those men who are endeavoring to conduct a legitimate business.

Following the discussion it was decided to provide a license fee, and to limit the operators of service cars to persons who have resided in the city for a period of six months, application for such license to carry the endorsement of responsible men and be subject to the approval of the board of aldermen. No agreement was reached as to either the amount of the fee or the schedule of charges to be permitted, and these matters will be decided at a later date, possibly at the session of the council next week.

In discussing this matter attention was called to the numerous complaints of overcharges for transportation and from Burk Burnett and it is possible the ordinance will be made to include all cars operating out of the city and which make their headquarters within the city limits.

A few other matters of minor importance were discussed by the board, including an adjustment of two claims in connection with the impounding and care of stray dogs, after which the council resolved itself into an auditing board to check the accounts of the various city officials.

TERRIBLY SWOLLEN

Witching Describes As Torture Relieved by Black-Draught.

Roseville, Ok.—Mrs. Kate Lee Abbe, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off and weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theodor's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theodor's Black-Draught."

Theodor's Black-Draught will help you to keep fit, ready for the day's work. Try it!

MORTUARY

Wilmer C. Johnston.
After a short illness with influenza followed by pneumonia, Wilmer C. Johnston died at the general hospital about 11 o'clock this morning.

Mr. Johnston had been employed in the Burk Burnett oil fields for some time, coming here from his home in Burnett, Texas, where his parents, Mr. and Mrs. W. A. Johnston, still reside.

The body will be sent to Burnett, under the direction of the Hines Undertaking company tonight.

Thomas V. Thurkill.
Thomas V. Thurkill, age 18, died at the general hospital at 4 o'clock this morning. Death came as the result of pneumonia developed from influenza. The boy's mother, Mrs. T. M. Thurkill, has made her home at Holliday for about seventeen years.

The Hines Undertaking company will send the body to Archer City for burial Saturday.
