VAUDEVILLE BILL PROMISES SOME VERY CLEVER ACTS

This week's Pantages Vaudeville that shows at the Wichita theater on the last three nights is strictly a variety bill presented by individual performers who have been chosen with the view to producing an entertainment in which each individual is a master of the art he portrays.

The opening number is what is known as the parience of the profession, as a circus act and contains numerous fast acrobatic stunts that cause much wonderment and surprise.

Howard Anderson and Mae Reed present a modern comedy drama with a decided domestic atmosphere under the title "Out of Work".

Eddie Mack and Dot Williams in an original dancing act in which their famous staircase dance is featured.

In fourth place is the great Tom Mahoney, in a comedy monologue, in a offering in which he is titled "The President of the Hotel Car Union".

The closing act on the bill takes on the novelty style in a well acted comedy sketch entitled "Oh, Sarah," featuring the well known artists, McLallen and Carson.

WARREN KERRIGAN AND LOIS WHON IN "ONE DOLLAR BID"

J. Warren Kerrigan will be seen on the screen of the Majestic Theater on Tuesday in "One Dollar Bid," which is a screen adaptation of Credo Harris' romantic novel of the Kentucky hills which was published ten years ago under the title of "Toby."

The story offers exceptional opportunity for the kind of work in which Mr. Kerrigan has achieved his foremost successes.

The entire theme is interwoven with strong situations and romantic moments, to all of which Mr. Kerrigan arises with that charm of manner which has been responsible for his phenomenal success as a delineator of screen types.

The production was made at the Brunton studios in Hollywood, California, under the direction of Ernest C. Wade, who has surrounded Mr. Kerrigan with a capable supporting cast, including Miss Lois Wilson, who has captivated the hearts of her audiences, appearing as leading lady opposite Mr. Kerrigan in his many former successes.

GREEKS OF CYPRUS WISH TO JOIN THE MOTHERLAND

WASHINGTON, Dec. 9.—The Cyprus Brotherhood, representing 4,000 Cypriots living in the United States, recently gave a banquet in New York in honor of the Patriarch of the Greek Orthodox Church.

Speaking as a Greek deputy, Mr. Vasilakaki said: "I cannot but mention to you that liberal Great Britain some time ago offered Cyprus to the Greek government, which King Constantine refused to accept."

Bishop Alexander of Rodosto also spoke and the vice president of the society, Mr. M. K. Demetrio, expressed his hearty thanks for the hopeful encouragement given his countrymen by the officials at the banquet and the hope that his beloved country, which has suffered so much under the barbarous and tyrannical yoke of Turkey, would again breathe the celestial air of freedom and happiness.

## ROLL CALL PLANS ARE OUTLINED BY CAMPAIGN LEADERS

Wichita County's Christmas roll call, for which 35,000 members are desired, will be put out in two days, Monday and Tuesday, Dec. 16 and 17, according to the plan of campaign mapped out by W. D. Cline, county manager, and R. E. Shepherd, chairman of the speakers bureau for the county, who met this morning. The canvass in Wichita Falls is to be in charge of the Rotary and the Wichita Clubs, the entire membership of the two clubs having been drafted by Messrs. Cline and Shepherd.

H. C. Cooper has been appointed chairman of the work in Burkburnett, Tom Corridon for Iowa Park and J. L. Parker for Electra. These men have been notified that they will be expected to enroll every man, woman and child in their respective communities as Christmas members of the Red Cross.

Preparations are made for an extensive advertising campaign, the oil men of the county having volunteered to pay for a page advertisement each day this week, in preparation for the drive of next week. The material for carrying on the campaign will be in the office of the county manager within the week, but the plan of action is simple, so that there will be no unnecessary trouble and delay in filling out subscription blanks and receipts. For each subscription must be paid in cash, and the only receipt necessary is the 1918 Red Cross button, to be given to each member on the renewal of membership, by paying \$1. The local committees appointed this morning are:

Railroad and Refineries: Roy B. Jones and M. A. Budy, factories and mills, Jack Culbertson and T. B. Smock; labor unions, M. O. O'Reilly and W. J. Heffner; lodges, A. E. Myles and I. H. Roberts; churches, Rev. N. F. Grafton and Father Boniface; schools, Mrs. C. R. Hartsook and Miss Polly Roberts; oil men, J. L. McMahon, N. B. Chenaull, L. R. Crowell, T. Zeigler, W. E. Larkin, Bert Brody, C. E. Rodgers, John O'Donohoe, A. R. Cotton.

Doubtless some of those with pro-German tendencies, at so much "per," regret their connection with Bernstorff's machine, since the "eyes" of Uncle Sam have discovered their disloyalty. These men, if guilty, and doubtless they are, should pay the penalty for this crime against the United States. It is inconceivable how a human being, with American blood coursing through his veins, could be connected with plots of this character.

Of course Wichita county will have a hundred percent Red Cross membership following the forthcoming drive nothing short of such a record would be in keeping with the history of the city in supporting the institutions incident to the war.

It is hardly necessary to remind the public that the "flu" is still an unwelcome visitor in the city, but it is not out of order to repeat the suggestion of the health authorities that every precaution is necessary to prevent more serious results. There are those who are advocating that restrictions be again placed on public gatherings and this may become necessary, although it will be postponed until required to protect the health and lives of the people of the city.

Former President Taft, whose judgment in matters affecting the policy of the government is largely respected, is of the opinion that President Wilson's decision to attend the peace conference is a timely one and will result advantageously in bringing about the results so much desired in a settlement of the questions at issue. In this connection Mr. Taft takes occasion to criticize members of his own party for their attack on the President and kindly intimates that it will be better for the Republican organization if they will desist from thus making monkeys of themselves.

Celebration of British Day found an enthusiastic response in many parts of the United States, but Wichita Falls somehow failed to observe this additional day of neighborly rejoicing.

# The Sandman Story For To-Night

## Pinto And His Uncle—Part 1

Once upon a time there lived a little boy named Pinto, who was left all alone in the world when his father and mother died.

The only relative he had was an uncle, and so to this uncle poor little Pinto went, hoping the old man would give him a home.

When the uncle saw Pinto he began to grumble about having poor relations and said Pinto was not lucky enough to earn his salt, let alone his bread. "I am a poor man and I cannot afford to support you," he grumbled.

"But, uncle, I can work," said Pinto. "I can dig in the garden and keep the weeds out and I can bring in the

Pinto told her he had a crust of bread and a cup of water and then, somehow he got over his fright of the old witch and told her how hungry he was all the time.

"Ha! Ha! Here is work for me to do," said the old witch to herself. And then she jumped up and hit the floor with her crooked stick.

"Up came a chair and she told Pinto to sit in it.

"You shall have a feast," said the witch, tapping the table many times. And each time there appeared something better than the last dish had held until Pinto did not know where to begin.

When he had eaten all he could he fell asleep and the next thing he knew his uncle was calling him to go to work in the garden.

Pinto sat up in bed and rubbed his eyes.

"It was a nice dream," he said, "and somehow I do not feel as hungry this morning as usual."

Little Pinto thought of the dream all day for he was sure it must be a dream.

But the next night he lay awake, thinking about the feast of the night before, when he heard a tap on the floor.

Pinto was soon to find out it was not a dream and tomorrow, I will tell you more about him.

wood and lots of things besides if you will only let me stay. I will show you how hard I can work."

When the uncle heard this he decided to take Pinto, who had to work early and late and got little for his hard work, for his uncle was a miser and lived on crusts of bread or a little soup. At least that was all Pinto ever saw on the table.

Pinto grew thin and unhappy and one night when he could not sleep because he was so hungry, he heard a noise under the floor of the room where he slept.

Getting out of bed softly, Pinto looked through the cracks in the floor and saw an old woman seated at a table loaded with food.

Pinto forgot that he was peeping as he sniffed the good smell, and the funny old woman, who was really a witch, heard him and looked right up to the very crack where he was peeping at her.

As she looked the old witch reached for her long, crooked stick, and before Pinto could think she had touched the board with it. She said: "Open, rocks, and let him in; Peeking is a wicked sin."

The very next thing Pinto knew he was tumbling through the floor and had landed on the floor of the cave of the old witch.

"Peeking, were you?" said the old witch, shaking her stick at him. "Why were you not in your bed and asleep as boys should be at this hour?"

"Please, I was hungry," answered Pinto, his teeth chattering so he could scarcely speak. "and your supper smelled so good I just sniffed; that was all, I did not mean to take any."

"Didn't you have your supper?" asked the witch.

## GOOD PROSPECTS FOR IRRIGATION OF SAXONY TAKES

HAS RETURNED FROM CONFERENCE WITH FEDERAL AUTHORITIES.

### FINDS PLANS POPULAR

Survey of Proposed Valley District Will Be Completed at an Early Date.

Prospects are splendid for the Wichita Valley irrigation project to be developed under government supervision, as a part of the great program of reclamation of lands for the returning soldiers, according to J. A. Kemp, who returned Sunday night from Washington, where he had been in consultation with federal authorities, congressmen and others interested in the reclamation scheme. Mr. Kemp spent about two weeks in Battle Creek after concluding his business in Washington, and returns to take up his activities for the irrigation district, and other matters which mean the advancement of Wichita Falls.

Survey Has Been Made.

H. A. Welty, the federal engineer who has already made a survey of the proposed irrigation district of the Wichita Valley, gave a very favorable report in Washington. Mr. Kemp found out on the occasion of his visit there, and a second engineer to make an even more exhaustive survey will probably be sent here soon. There is almost absolute assurance that the Wichita Valley district will be among the first to be considered for government aid, and also that it will probably be taken over by the government, as a part of its plan to provide lands for returning soldiers to settle.

Meade to Frame Bill.

"It is fortunate for Wichita Falls that Dr. Elwood Meade is the one chosen to frame the bill, and to have charge of this reclamation work," said Mr. Kemp. "Dr. Meade is thoroughly familiar with the local situation and is very enthusiastic over the irrigation scheme in this section. Dr. Meade visited Wichita Falls more than twenty years ago, when the subject of damming the Wichita River was under discussion, and he then stated that he considered the location ideal for the purpose. He is just as enthusiastic now and he will, I am sure, give us valuable assistance."

Data Has Been Supplied.

According to Mr. Kemp the survey of the district, which has been in progress for some time under the direction of V. L. Sullivan, engineer for the famous Pecos Valley irrigation project, should be completed by Jan. 1, 1919. The department of the interior has already been supplied with full data concerning the project, and the assistance of Secretary Lane and the department is assured.

### PHILADELPHIA PLANS SUITABLE MEMORIAL

By Associated Press

PHILADELPHIA, Dec. 8.—Plans are under way for holding a big peace celebration in this city and for erecting a memorial to the men of Philadelphia who gave their services in the war against Germany. It is proposed to have the celebration in commemoration of the Peace Jubilee of 1893, after the Spanish-American war ended. The memorial may take the form of a monument, an obelisk or an arch to be erected on the great new Parkway the city is now completing.

Mayor Smith in his appeal for funds with which to build the memorial says: "The memorial is to commemorate for all time the bravery of our soldiers, sailors and marines over sea, and the patriotic self-sacrificing, soul-inspiring services of the women of Philadelphia."

The suggestion has been made that the city rename some of its principal streets for noted military leaders of the Allied forces. Names of Pershing, Foch, Joffre, Haig, Allenby and Diaz have been submitted.

# Who Is the Man That Made the Big Money in the Burkburnett Oil Pool?

## The Man Who Had Nerve Enough to Grasp the Opportunity and Purchase Acreage!

We can all look back now and see how easy we could have been rich if we had only purchased more drilling sites or more acreage. The opportunity still exists. Who knows how far the oil pool will extend? It may reach ten or even twenty miles. Of course there is still the element of gamble about it, and there was before when your friends were purchasing acreage at prices that led you to believe they were crazy or needed a guardian. Now you feel like having some one kick you for not having more nerve.

While the big Companies have gobbled up most of the acreage, still it is not all gone as each week sees the field extended a little farther East, West, North and South, and who knows but what there is better oil land in and around Burk than any that has ever been drilled. You wouldn't purchase acreage around the Fowler well when it was drilling at \$12.50 per acre. Only recently you wouldn't have given much for the chances of the Helen-Elizabeth on the East or the Marine and Humble on the Northwest.

**HOW TRUE THE OLD SAYING—"NO RISK NO GAIN."** This certainly applies in the oil business. We are going to offer you another opportunity to purchase acreage at reasonable prices that may make you rich.

## We Are Subdividing 115 Acre Tract Into Five Acre Blocks

### South East of Burkburnett on Red River

a little over a mile from the Helen-Elizabeth well and within 1000 feet of the Humble well now drilling on the Maxwell land and down about 1150 feet. Now you may say this is too far from production, well it is not near so far as the Fowler was when it was drilling. The Humble Oil Company would not be drilling there if they did not think they were going to get oil, and you know as well as we do that they hit it as often as any concern in existence.

## —A GUSHER IS POSSIBLE—

What would it mean to you if the Humble got a well on the Maxwell? Would it mean money to you or would it be too late? Don't delay, but investigate this proposition. Remember that it is on the same kind of soil as the Van Cleave land and only a little over a mile from the Helen-Elizabeth well. It will not break you to take a small gamble and it may mean a fortune. This is the only land that can be had in this vicinity as the big Companies control the land on all sides.

We are offering these five acre tracts at prices ranging from \$400 to \$1500 per acre. If the Humble should get a good well the price would immediately jump to \$5000 and \$10,000 per acre, and a gusher on five acres would make you independent for life. This is by far the cheapest acreage that can be purchased East of Burkburnett and South of Red River close to drilling oil wells. There are already 35 derricks up in this vicinity and no limit to the number of wells that will be drilled. This is not wild-cat acreage but it is right in line of the future development of the big pool.
