

TERRITORIAL QUESTION CAUSE OF DISSENSION AMONG THE DELEGATES

By Associated Press. LONDON, Jan. 30.—Great Britain's reported acceptance of President Wilson's theory of international as applied to captured enemy colonies, say the Paris correspondent of the Daily Mail in a late edition of that paper today, involves the admission that the treaties with Japan regarding the islands in the northern Pacific and with the Arabs, regarding Syria and the future status of the Kamerun must be arbitrarily modified if not torn up.

Soldiers Planning For Monument To Honor the Women

Associated Press Staff Correspondent. WITH THE AMERICAN ARMY OF Occupation, Jan. 26.—A movement to erect in Washington a monument to the American womanhood in commemoration of her loyalty, sacrifices and devotion to the American expeditionary forces has been started by the Third American Army.

ATTORNEY GENERAL RULES STATE MAY BAR POOL HALLS

By Associated Press. AUSTIN, TEX., Jan. 30.—It is within the police power of the state to prohibit the operation of pool halls for profit, says the attorney general in an opinion today, and a law abolishing pool halls conducted for profit will not be unconstitutional.

Cargo Currants And Turk Tobacco Come From Orient

NEW YORK, Jan. 30.—A cargo of currants and Turkish tobacco, said by mariners here to be the first vessel load of these commodities to be imported here from the Orient since early in the war, arrived in this port today on the British steamship Cairnvalona from Saloniki.

MAYORS PROTEST JURISDICTION BY THE COMMISSION

By Associated Press. AUSTIN, TEX., Jan. 30.—Mayors and other officials of Dallas, Fort Worth, McKinney, Crockett, Abilene, Denton and other Texas cities are here today and will appear this afternoon before Senate committee on interstate and foreign relations to protest against jurisdiction of the railroad commission. Most of these city officials are opposing the measure.

RECOGNITION OF TINOCO GOVERNMENT

By Associated Press. WASHINGTON, Jan. 30.—Recognition by the United States of the government of President Tinoco of Costa Rica, is recommended in a report made today by the foreign relations committee today by a sub-committee which investigated Costa Rica affairs. Tinoco, formerly war minister, came into power several years ago through a bloodless revolution. He has been from the state department.

DEMPESEY READY TO BOX WILLARD UPON ANY TERMS

By Associated Press. NEW YORK, Jan. 30.—Jack Dempsey stands ready to box Jess Willard upon any terms agreeable to Tex Rickard. This statement was made today by Dempsey's manager, who further announced that Dempsey would meet Georges Carpentier in an exhibition bout before July 4 if such a contest was considered desirable.

"Slacker Gang" Is Rounded Up By An Arkansas Officer

By Associated Press. JASPER, ARK., Jan. 30.—The Cecil Cove "slacker gang," a band of alleged draft resisters, is believed to have been broken up with the capture today of eight leaders by Sheriff Carlton of Newton county. They were turned over to officers of Camp Pike. The men surrendered to Sheriff Carlton who took them to the camp unaided. The eight men are John E. Eaddy, Joe Arnold, James A. Slape, Art. Pur, Keeton, Wesley Hart, Walter Reavis, Worley Jones and Oscar C. Klatts.

LABOR DELEGATES HAVE PLAN FOR LABOR BUREAU

By Associated Press. PARIS, Wednesday, Jan. 29.—The British labor delegates in Paris today completed a plan for an international labor bureau, to be laid before the peace conference and forwarded it to London for consideration by the employers. The consultation between the laborists concerning the plan lasted only two and one-half days, at the end of which they reached a complete agreement. Throughout the discussions the employers were present. Arrangements have been made to arrange the consultations between the laborites and the employers after the plan is presented to the conference.

Lufkin Youth Is Smothered Under Pile of Shavings

By Associated Press. LUFKIN, TEX., Jan. 30.—Richard Warner, 2 years old, son of R. Warner of this city, was smothered to death under shavings at a saw mill at Fortoria last night while he was feeding shavings in the fuel hose.

GOVERNOR URGES LAND BILL BEFORE HOUSE COMMITTEE

By Associated Press. AUSTIN, TEX., Jan. 30.—Governor Hobby appeared today before the house committee on constitutional amendments in support of his proposed land bill extending of state credit for the buying of improved lands. This is one of the big measures of the governor's administration and if adopted will provide for reclamation and improvement of land to be sold on forty years time for homes, with the state guaranteeing in support of his proposed land bill.

BIG REDUCTION IN BUTTER AND EGGS

By Associated Press. ST. LOUIS, Jan. 30.—Butter, which four weeks ago was 73 cents a pound wholesale on the St. Louis market, today is 47 cents. Eggs in the same time dropped from 58 cents a dozen to 44-1/2 cents.

SHIPYARDS WILL TAKE ARREST IN EVENT OF STRIKE

By Associated Press. WASHINGTON, Jan. 30.—It will be the policy of the government in shipyard strikes to "take the job stand," Charles Fiez, director general of the emergency corporation said today. Mr. Fiez declared most of the yards needed a breathing spell, that he did not think the government would continue to furnish work at extremely high wages unless increased skill and output justified it, and that in his view it was highly unwise for shipyard workers in their own interests to call a strike at existing scales.

SENATOR POLLOCK REBUKES CRITICS OF THE PRESIDENT

SAYS PARTISAN POLITICS RESPONSIBLE FOR ATTACKS MADE IN CONGRESS.

WARNING IS SOUNDED

Says People Will Hold These Men Responsible for Their Effort to Obstruct Peace Program. WASHINGTON, Jan. 30.—Critics of President Wilson and his proposal for a league of nations were sharply rebuked in the Senate today by Senator Pollock of South Carolina, democrat, who in his first prepared address charged that partisan politics was the basis for much of the criticism voiced recently in the Senate. Senator Lodge of Massachusetts, Knox of Pennsylvania and Borah of Idaho, republicans, and Reed of Missouri, democrat, the South Carolina senator said, were among those who had labored for "destruction instead of construction" in the peace plans.

RUSSIAN SOVIET GOVERNMENT HAS NOT SENT REPLY

By Associated Press. PARIS, Jan. 30.—As yet the peace conference has not received an formal reply from the Russian soviet government regarding the invitation sent to all the Russian governments to meet conference representatives at the Prince's Islands but the Russian committee in Paris will make a formal response in a few days on behalf of the Russian representatives at the conference. The committee now is considering the proposals but the prospects seem to be that it will decline to sit in conference with any representative of the soviet government. The expected declaration, however, will be couched in courteous language and will embody a lengthy explanation of the committee's reasons for declining.

BURN BODY OF A SUICIDE WHO HAD KILLED A WOMAN

By Associated Press. LITTLE ROCK, ARK., Jan. 30.—Enraged over the death of a woman, Clayton, 18 years old, daughter of A. B. Clayborn, merchant at Deer, Newton county, by John Keifer, 56, a bachelor, who lived in the town, Monday morning Keifer called the girl out of a store, shot her twice with a pistol and then lifted her body and slashed her throat with a knife. Keifer then ran to his home and killed himself with poison.

Major MacAuley Goes To Miami To Repair Ship

By Associated Press. DAYTONA, FLA., Jan. 30.—Advises received today from Fort Lauderdale stated that Major Theodore C. MacAuley, commander of Tailor Troop, Fort Worth, Texas, arrived here last night with the army airplane which was damaged when he was forced to land in a lagoon Saturday because of engine trouble. The plane was brought to Fort Lauderdale by barge. Neither the aviator nor the mechanic who accompanied him was injured in the forced landing.

Over a Billion Dollars Worth of Stamps Are Sold

By Associated Press. WASHINGTON, Jan. 30.—The treasury reported today a total from sale of war savings and thrift stamps since they were placed on the market 13 months ago of \$1,045,000,000.

PIPE LINE BILL PASSES THE SENATE

By Associated Press. AUSTIN, TEX., Jan. 30.—The senate passed finally the senate bill by C. R. Buchanan of Seury, giving the right of eminent domain to pipe line companies for a right of way. An amendment was adopted requiring pipe lines to accept and carry all oil offered when delivered to their main lines or laterals.

WICHITA COUNTY FALLING BEHIND WITH POLL TAX

Wichita county will fall far behind last year in the number of poll taxes paid. Up to noon today less than 2500 poll tax receipts had been issued and there was a rush at the county clerk's office for the last day for payment, that would bring the figure up to last year's record when 4500 poll taxes were paid. While the county has a primary election in the county this year, it is likely that there will be bond elections of importance. A number of voters are paying poll taxes this year but the number is not large. Tomorrow is the last day for the payment of property taxes without penalty and there is a rush at both the county and the city tax collector's offices by those who have waited until the eleventh hour.

CANALES APPEALS TO THE SPEAKER FOR PROTECTION

By Associated Press. AUSTIN, TEX., Jan. 30.—Speaker of the house, R. E. Thomson, this morning stated that Representative Canales had appealed to him for protection from rangers. Representative Canales made charges against rangers which he was advocating a bill in the house that rangers has threatened to kill him and at one time he referred to rangers seated in the gallery at the nearest point to his seat.

LOUIS F. SWIFT WAIVES IMMUNITY AT INVESTIGATION

ACTION IS TAKEN FOLLOWING DISCUSSION OF MATTER BEFORE COMMITTEE. HOUSE COMMITTEE WILL ASK TRADE COMMISSION TO SUBMIT EVIDENCE OF ALLEGED COLLUSION. WASHINGTON, Jan. 30.—Louis F. Swift, president of Swift and Company, formally waived before the Senate agricultural committee today immunity from prosecution which might be acquired through his testimony to the committee's hearing on legislation to regulate the meat industry.

GORE RAISES POINT OF ABANDONMENT OF FOURTEEN CAMPS URGED BY BAKER

By Associated Press. WASHINGTON, Jan. 30.—Louis F. Swift, president of Swift and Company, formally waived before the Senate agricultural committee today immunity from prosecution which might be acquired through his testimony to the committee's hearing on legislation to regulate the meat industry.

PEACE CONFERENCE SETTLES IMPORTANT INDEMNITY ISSUE

By Associated Press. LONDON, Jan. 30.—The peace conference has settled an important point with regard to the indemnity, the Paris Correspondent of the Standard has learned. The conference, he declares, has eliminated any intention of calling upon Germany and her associates to pay the Allied countries the cost of the war, or to impose heavy indemnities upon the enemy nations. But the minute of the conference, the correspondent adds, "are fixed that there shall be full and ample reparation for unjustifiable damage done."

DELEGATES ARE NAMED TO NEW ORLEANS MEETING

By Associated Press. AUSTIN, TEX., Jan. 30.—The governor today appointed Nathan Adams, Dallas; N. A. Shaw, Texarkana; W. F. Ramsey, Dallas; and D. E. Lyday, Fort Worth, as a committee to represent Texas at a meeting to be held at New Orleans February 4 for the purpose of determining upon appropriate action for the cotton growing states to take with reference to stabilizing the cotton market and the restoration of a profitable price for cotton.

CASUAL COMPANY FROM TEXAS WILL RETURN FEB. 7TH

By Associated Press. WASHINGTON, Jan. 30.—Three regiments of coast artillery troops are included in army units announced by the war department today as having returned home. The transport Agamemnon, due at Newport News February 4, has the 51st regiment complete and the 44th and 60th regiments are on the "Cedric" scheduled to arrive at Newport the same day. There are 450 officers and 6,000 men on the two ships.

WICHITA FALLS OFFERED BERTH IN TEXAS LEAGUE

Wichita Falls can have a ball team in the Texas league next season if the proper effort is made according to the report received from Fort Worth. It is planned to increase the league to an eight club circuit this year and Wichita Falls is one of the cities that is being considered in addition to Wichita Falls to make up the eight team league. Beaumont and Galveston, which had been members of the league, have been dropped.

TWO MEN POSING AS OIL SALESMEN ROB CATTLE MAN

DALLAS, TEX., January 20.—J. E. Burns, a cattle man of Fort Worth, N. M., reported to the police today that he had been robbed \$4,000, bound and foot and thrown from an automobile on a lonely country road by two men who posed as oil salesmen and who were taking him to Waco to inspect an oil proposition there.

RESERVE BANKS MAKE PROFIT OF MANY MILLIONS

WASHINGTON, Jan. 30.—The 12 federal reserve banks broke records in 1918 by paying up an aggregate of \$75,458,000 net earnings, largely from re-discount operations, as compared with \$11,202,000 the year before. Gross earnings, the federal reserve report today, were \$67,848,000.

TEXAS MAY DRAW LINES TIGHTER ON STOCK COMPANIES

Special to The Times.
AUSTIN, TEX., Jan. 30.—Special interest attaches to the introduction in the Texas house of representatives Tuesday of a bill by Representative Taylor of Erath county for the purpose of securing the better regulation of the organization of stock companies, and the granting of charters to do business in Texas.

Mack Taylor comes from Erath county, in the section where companies are being "born" almost overnight, for the promotion of the oil industry, and his bill may be regarded as one to be in the nature of a safeguard for the people now being solicited throughout the state to buy stock in oil companies.

The bill is intended to correct any defects in the existing laws on this subject, and including a rather full covering of the subject.

Summary of Provisions.
In brief it is an act to regulate and supervise the sale and purchase in this state of stocks, and any person, firm, corporation, joint stock company, or other association of persons organized for profit, which proposes to increase their capital stock, and to regulate and supervise the sale and purchase in this state of stocks by persons, firms, corporations, joint stock companies, or other associations of persons, being organized and here after reorganized or proposed to be organized for profit; and to regulate and supervise the offering or contracting for sale and purchase of such stock, and to fix commissions and promotion fees allowed to be charged, regulating the chartering of corporations, the organization for the purpose of buying or selling townsites and town lots and the admission of foreign corporations of such character.

Seven two-acre, three 21-2, three 5-acre tracts out of block 108 Vancleave lands, south of road, offsetting Horns and Marine wells. Stay up close and get good wells. For prices and terms call W. M. Friddy, Room 408, Kemp & Kell office. Phone 71. Residence phone 1756. 216-tfc

To holders of Marine Stock.
Considering the possibilities of the Marine Oil Company as they now are presently, I would advise all stockholders to hold their stock, as I believe it will be to their benefit not to sell at prices anything like what are now being offered.
C. H. CLARK, Trustee.

The poorly paid school teachers of this city can make good money selling stock in the Lilly Oil Company after school hours. Apply at once to Room 202 First National Bank Building. Phone 195. 223-tfc

WICHITA FALLS TO HAVE THE FOURTH STOCK EXCHANGE

Wichita Falls fourth stock exchange is to be opened within the next ten days.

W. A. Nettle has leased the entire second floor of the building on Ohio avenue, occupied by the Mack Taylor Drug Store on the first floor and the Soldiers' Club on the second floor and will operate the stock exchange in the front part of the building.

The front part of the floor will be reserved for offices.

Mr. Nettle expects to have things in readiness for the opening of the exchange on February 1. His lease on the floor becomes effective on February 1.

The exchange will be operated under the name of the Nettle Oil Exchange. Mr. Nettle has been operating very successfully an exchange at Burkburnett. He has been a resident of Wichita Falls for more than five years and has an extensive acquaintance among oil men and the people generally.

While Mr. Nettle's lease becomes effective on February 1 he has agreed to allow the Soldiers' Club to use the building for ten days, after which time the War Camp Community Service will discontinue its work in Wichita Falls.

The Rotary Club and the Wichita Club which have been using the hall for their luncheons for several months will seek quarters elsewhere.

Oil Leases and Assignments.
J. B. Overbey and Joe Overbey to J. V. Howell, 664 acres, south one half of V. M. Loyd Survey, \$6,046.
V. A. Nix to Texas Company, oil and gas lease, East 30 acres of 320 acre tract of John Thomas Survey, \$800.
W. J. Davis and Nannie M. Davis to Charles F. Spencer, oil and gas lease, \$700.

UNITED STATES WELL PUTS OIL OVER DERRICK

After being drilled twelve feet into the sand, the well of the United States Oil Company, block 1, Akers addition to the townsite of Burkburnett, sent oil high over the derrick, according to reports from the field. The well is estimated good for 700 to 800 barrels, according to B. S. Coleman, one of the trustees. Mr. Coleman is president of the Oklahoma State Bank of Walters, Okla. F. H. Babcock, prominent oil operator is also trustee for the company, which has 60 acres leased one mile northwest of the original Fowler well, and one mile northeast of the big Humble well on the Herndon. This tract will be developed within a short time. The company is capitalized at \$75,000.

Both Mr. Coleman and Mr. Babcock are trustees for the Gobbiers Oil Co., Coleman-Babcock Oil Co., and the Friends Oil Co., all operating at Burkburnett. The latter company has 20 acres offsetting the Humble well to the west.

TWO NEW WELLS IN EASTLAND ARE IN NEW SECTION

Special to The Times.
FORT WORTH, TEX., Jan. 30.—Drilling in of two wells in Eastland county which have great possibilities was started late yesterday. They are the Armadale and Company, John Brown No. 1, seven miles southwest of Cisco, and the Parrack well of the States Oil Corporation, six miles northwest of Ranger. The Armadale well is believed to have hit an entirely new sand and is producing 85 barrels on top of the sand, at 2902 feet. It is 23 miles west of the Hanger pool and about 30 miles northwest of the Comanche field. It is believed the Parrack well also will open up a wide stretch of new territory.

Apparently the Bailey deep test in the northern part of Brown county has proven a disappointment. A report from here last night was that the well had been drilled in without any appreciable production, although the hole is standing 900 feet in oil. It is understood the drill went through the sand.

For choice close up leases out of block 102, Vancleave lands, see W. M. Friddy, 408 Kemp & Kell. Phone 71. Residence phone 1756. 214-tfc

Phones 442-443

There are no "light" wells across the river. It is "virgin" territory and every oil man will tell you it is a good gamble.

Have some five acre tracts close to test wells that are to be drilled, and, in my judgment, this acreage will double in value in the next month.

Get in early and take advantage of the tests which are to be made near this acreage. If you failed to get in the Burkburnett field early this is your opportunity to make the fortune you lost.

STREET CAR MEN GO ON A STRIKE; NO CARS RUNNING

QUIT LAST NIGHT WHEN CARS WERE PLACED IN BARN ON LAST RUN.

CONTRACT NOT SIGNED

Employees Ask More Pay, Shorter Hours and Recognition of Union Recently Organized.

Wichita Falls was without street car transportation today, with prospect of a continuation of such conditions, the motormen, conductors and shopmen striking at 5:40 this morning, when the first run was supposed to begin. The strike followed, it is stated, by members of the street railway employees union, the failure of the traction officials to sign the contract which the recently organized street railway men's union offered, at a meeting on Wednesday afternoon, when a committee from the Trades and Labor Council met with Frank Kell, president of the Wichita Falls Traction Company, the union having gone direct to Mr. Kell with their requests for recognition of the union, shorter hours and a raise in the scale.

Mr. Kell this morning stated that at present the traction company had no public statement to make. C. E. Elliott, a member of the executive committee, which prepared the contract, and which visited Mr. Kell first on Tuesday, January 21, and returned on Saturday, January 25, made the following statement this morning:

Our demands now practically amount to the recognition of the union, for Mr. Kell has given us what amounts to assurance that there will be a raise, and that the hours will be worked out, but no recognition of the union. We, through Jack Prather, state organizer, and L. B. Wilson, business manager of the Carpenters Local, the committee from the Trades and Labor Council, visited Mr. Kell on Wednesday and offered to submit the question to a board of arbitration, one member to be named by himself for the traction company, one by the Trades and Labor Council, and the third to be selected by the two men named.

This suggestion did not meet with the approval of Mr. Kell and following our decision which was announced previously, all members of the union only work as usual last night. There is no further action for us to take of any sort and we are waiting on the traction company.

We have the sanction of the International Union in our strike, as before taking this action we wired W. D. Mahon, president at Detroit, giving full details of the situation, and received the advice to act as we have acted. This morning the news that the strike was on was wired Mr. Mahon, but we have had no answer. As I stated before we are contemplating no further action, we have made our demands and have left the rest with the traction company.

Recognition is asked. The contract asks, in addition to recognition of the union, establishment of a day of nine hours and fifteen minutes, with the scale of 40

cents an hour, for motormen and conductors, the shopmen's wages to be regulated by the local. Provision is also made for time and a half pay for overtime. At present, according to men employed on the traction line, the scale is 36 cents an hour, and the day ranges from 11 to 14 hours with no overtime pay.

The striking men put the increasing cost of living and the fact that the government recognized the eight-hour day as the working day, as the basis of their demands. The first movement for increased scale for the street railway workers came when the local was organized, about two months ago. Work began on the contract a month ago and on January 21 it was first submitted to Mr. Kell, as stated above.

Contract As Presented. The contract in detail follows: January 18, 1919.

Working Agreement, Between The Members of L. U. 865, of the Amalgamated Association of Street Railway Employees of America and the Wichita Falls Traction Company, of Wichita Falls, Texas.

Article 1.—No person shall be employed to operate cars at motormen or conductors, or to work in, or about the car shop, (except the train master, shop and track foremen) unless said person is a member of L. U. 865, or unless said person promptly becomes a member of L. U. 865.

Article 2.—Nine hours and 15 minutes shall constitute a days work for all motormen and conductors.

All other time shall be classed as overtime and paid for at the following rate:

Article 3.—All motormen and conductors shall be paid forty (40) cents per hour, for the nine hours and fifteen minutes work day.

All work performed in excess of the regular nine hours and fifteen minute working day, shall be paid for at the rate of time and one-half (except in case of emergency). Thirty (30) minutes shall be allowed at straight time.

The wages of and working hours for shop employees shall be regulated by the membership of Local Union No. 865 and employers.

The working day shall consist of (9) nine hours and fifteen minutes, beginning at 5:40 a. m. and continuing until the specified time has been worked.

All new men shall be required to work at least (10) days before being O. K'd.

Finally. No employee shall be discharged for, or because of his connection with the labor movement.

No discrimination will be permitted by either party. (Signed): C. L. COLLEY, W. F. SONNEMAKER, A. W. MAHON, C. E. ELLIOTT, Committee for L. U. 865.

ROTARIANS WANT DENVER PULLMAN PARKED IN CITY

By adoption of a resolution addressed to the railway authorities the Rotary Club went on record today as supporting the movement to induce the Port Worth and Denver Railway to set out a pullman here for travel between Wichita Falls, Amarillo, Dew

and intermediate points. W. M. Priddy, who offered the resolution, pointed to the increasing travel between Wichita Falls and points west on the Port Worth and Denver and said that it was necessary for those who wanted to make the trip on the morning train to sit up nearly all night to do so.

He said also that a sleeper set out here would give some relief to the overcrowded hotel situation. The president and secretary of the club were authorized to draft the resolution in suitable form and forward it to the proper railway officials.

Announcement was made at the luncheon that could be held in the hall as the Soldiers Club quarters had been leased for a stock exchange. The entertainment committee was authorized to negotiate for new quarters.

T. B. Smock reported that the new by-laws for the club had been approved by the international council and that printed copies would soon be furnished the members.

AT THE THEATRES "GREATEST THING IN LIFE" AT THE EMPRESS TODAY

One of the leading characters in D. W. Griffith's new photoplay, "The Greatest Thing in Life," which will be shown at the Empress theater today, is a snobbish and fastidious young aristocrat, Edward Livingston, a role charmingly played by Robert Harron. Lillian Gish has the stellar role.

Edward is a languid young man, one of the variety known in the "young set" of society as a "tame cat." He lives in a palatial bachelor apartment. A man servant meets him at the door and spares him the physical wear and tear of hanging up his own hat.

Considerably to his own alarm and chagrin he finds himself falling in love with Jeanette Perot (Lillian Gish) who sells him cigarettes at her father's tobacco shop. Half to get her out of his sight, half to atone for a rudeness, he sends her the money to take her old father, who is ill, back to France. But, no sooner has he done so than France seems also to call to him.

Over there, he is disgusted to find himself a rival in love against a French peasant with a hand like a ham but a good stout, stupid heart. Down in the mud and reek of the trenches he learns his lesson. It is borne in upon him that there is a greater aristocracy than that of wealth—an aristocracy of courage.

When, in the unraveling of the story, a detachment of Yankees rescues the girl from a band of battle-maddened Huns, it is the former dandy who leads them like a demon of conflict. In Edward Livingston, Mr. Griffith has made a character who will live in the literature of the screen.

CARPENTERS AND PAINTERS ASK FOR WAGE INCREASES

Giving as a reason the high cost of living in Wichita Falls at the present time, the carpenters and painters have asked for a new scale of wages which they expect to be granted without any trouble whatsoever.

The carpenters are to receive an increase of from 75 cents an hour to \$7.12 cents an hour to become effective February 15. No trouble is anticipated as the new scale has practically been accepted already, members after school hours. Apply at once to Room 232 First National Bank Building. Phone 195.

Painters are asking for a new scale calling for \$1 an hour, the former scale being 80 cents. This scale is to take effect in March. Two or three contractors have already agreed to sign up and quite a few painters have been receiving the new scale for the past six months. The increase is asked only on account of the living conditions and not because of dissatisfaction. It is stated.

Carpenters are in great demand. Fully one hundred could find employment here if they were able to find places to stay. Some carpenters who have recently arrived here to work have brought tents with them and are camping out.

"Stolen Orders"

WHAT NEW YORK CRITICS SAID ABOUT "STOLEN ORDERS"

TIMES: "Crowd gets thrill in 'Stolen Orders.' It provides a succession of thrills. Stirring scenes."

HERALD: "'Stolen Orders' is filled with action. Such was the interest in the picture that the playhouse was crowded to capacity. 'Stolen Orders' on the screen is twice as exciting as on the stage."

TRIBUNE: "It is seldom indeed that one finds a picture so entirely satisfactory in every detail. The story is interesting from the first foot of film and never for one instant is interest allowed to flag. It is all very exciting."

GLOBE: "Some new thrills are given the people in 'Stolen Orders.' It is an interesting and thrilling production."

SHOULD TO SEEK REMEDY FOR DEFECTS IN PRIMARY SYSTEM.

Results from the primary system of nominations have not always been pleasing in Texas. The primary system has placed some pretty sorry specimens in important state and other offices. This cannot be denied but when we stop to think of some of the repugnant things a convention system of nominations might have done for us, the primary seems the lesser evil.

Serious thought ought to be given to measures to remove the defects from the primary system before it is discarded altogether.

Germans Run In Face of a Shower Of Fake "Grenades"

NEW YORK, Jan. 28.—The fighting spirit that made the American army irresistible is illustrated in the case of Private Michael J. Feeney, of Company G, 114th Infantry regiment, 29th division, who with his "buddy" named Brady, put a German squad to flight by hurling stones at them. The incident is related in a letter received here from First Lieutenant T. G. H. Lang, Feeney's commanding officer, who vouches for its authenticity. Lieutenant Lang, volunteered from Jersey City, while Feeney's home is in Bayonne, N. J.

Bedtime Stories

Uncle Wiggly and the Pine Pillow. "Tinkle-dinkle-ting!" rang the morning glory telephone in the hollow bungalow of Uncle Wiggly Wiggly, the bumpy rabbit gentleman. "I wonder who it can be?" spoke Jane Wuzzy, the muskrat lady housekeeper. "Maybe if you ask the telephone it will tell you," said the bumpy rabbit with a pinkie of his twink nose. "Oh, there I go again! I mean his pink nose twinkled. Ask and see who it is," went on Uncle Wiggly. "So Nurse Jane asked, and as she talked through the telephone, Uncle Wiggly heard her say: 'Oh, I'm so sorry. Oh, that's too bad! Oh, I'm so sorry. Oh, I wonder what I can do to help? Wait, I'll ask Uncle Wiggly.' 'Hi! What's the matter? What's too bad? Anything happened?' asked Mr. Longear, all excited like. 'Just a moment and I'll tell you,' spoke Nurse Jane. Then, through the telephone, she said: 'Now don't worry. I'm sure everything will be all right.' Then, turning to the bumpy uncle, the muskrat lady said: 'Her husband, his name is Archibald, you know.' 'Yes, I know!' exclaimed Uncle Wiggly. 'Didn't I take him some hot uricup salad and make his cold better? What's the matter with him now?' 'Oh, he can't sleep!' said Nurse Jane. 'He just lies awake nights, and tosses and twists on his straw bed and he keeps Curly and Floppy awake and Mrs. Twistytail also; and it certainly is too bad. Mrs. Twistytail was telling me about it, and I said maybe you could think of something to make her husband go to sleep.' 'Maybe I can,' said Uncle Wiggly. 'Anyhow, I'll try.' He added kindly, 'I really s'pose, though, that Dr. Pommus would be the best. But, as he is away now, I'll do what I can. I'll go over to see Mr. Twistytail and to think of something to make him sleep.' So, giving his pink nose a twinkle or two to make sure it wouldn't freeze, Uncle Wiggly started out in the cold, with his tall silk hat over his ears. 'Sleep! Sleep!' he murmured as he napped along over the fields and through the woods. 'What will I make Mr. Twistytail sleep?' And just then Uncle Wiggly passed under a big pine tree. He smelled the sweet balsam smell of the pine needles and he heard the wind softly whispering through the branches, and it was just as if the breeze sang a lullaby: 'Sleep, sleep, soft and low. While the gentle zephyrs blow. 'Hi! 'hi!' cried the bumpy 'Hi!' Mr. Twistytail a pine pillow. When he puts his head on that, and smells the pine balsam, he'll drop right off to sleep like a baby. I'll do it! I'll make him a pine pillow.' So Uncle Wiggly gathered a lot of his soft pine needles, and stuffed them in his mittens until he could get Mrs. Twistytail to make a pillow for them. With his mittens off his feet, he sat on the ground, and stuffed all of sweet pine, toward the big gentleman's house. He was almost there, and he was beginning to think he would have no adventure that day when all of a sudden out from the bushes jumped the old Snoozer. 'Hi! This time I think I have you!' howled the unpleasant chap. 'You fooled me on my slippery slide, but now I have you. I have you and I am going to—I am going to—I am going to do!—Oh, what was I going to do?' said the Snoozer, speaking more and more slowly and

HEAL SKIN DISEASES

Apply Zemo, Clean, Penetrating, Antiseptic Liquid. It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. Zemo, obtained at any drug store for 25c or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases. Zemo is a wonderful, penetrating, sappearing liquid and is soothing to a most delicate skin. It is not greasy, easily applied and costs little. Get it now and save all further distress. The T. W. Reed Co., Cleveland, O.

Beauty That Lasts

Hose of Luxite has charm and beauty that last. Its rich luster, soft, firm body and stylish elegance are due solely to fine close stitches, superior materials and pure dye. Some makers seek the same effect by using dyes heavily loaded with metallic compound to give gloss and weight. Such hose may not endure wear and washing, for strong chemicals destroy fine threads. We offer Hose of Luxite because we know it merits the approval of a particular clientele. The wide range of styles and prices will suit every purse and purpose.

WANTED—Position by young man, experienced in bookkeeping and typewriting. Also oil well supply man. Phone 1254. 224-3tc

of a day, with six days a week. For waiters working on a 12-hour basis \$27.50 is made the minimum, the meals also included. Six days is made the working week, and overtime is to be paid for at the rate of 60 cents an hour.

The waitresses section calls for a minimum of \$16 a week and meals. The working day for women and girls is made eight hours, and six days a week, as with the men. Compensation also set for the relief and extra help.

"We desire to state to the public that this strike move is made for the benefit of the waitresses," said E. B. Smith, business manager for the local chapter this morning. "The men's wages at present are not what we call a living scale, taking into consideration the high prices of living, and especially of room rent, but the men can get along somehow, where a woman or girl can not. Rooms that less than a year ago could be secured for \$2.50 a week, now cost from \$10 to \$15 a week, and it is impossible for the girls to keep somewhere to stay on the prevailing wages. The average scale runs around \$10 or \$12 for a girl and that is not enough to provide a home. The boom has caused the work to be heavier, and it has taken a place of shelter almost out of reach of the working people, and we are doing more work than ever before and we do not feel that we have made any unreasonable demands in asking for enough to live decently on. We will not attempt any violence or make any disorderly demonstrations."

Organizer Makes Statement. In discussing the failure to reach an agreement with the restaurant and cafe proprietors, Mr. Hoffman, who is representing the international union, stated this morning that they had conducted the negotiations on a purely business basis, without any ill feeling toward the proprietors and that they expected to see continued to conduct affairs during the progress of the strike.

"We are going over the top," said Mr. Hoffman, "but we expect to win in a orderly manner without resorting to any practices that will meet with the disapproval of the public. We ask the moral support and sympathy of the people of Wichita Falls in this effort to secure better wages and better working conditions for the restaurant employes, especially the women and girls, and we shall use our best efforts to accomplish this result, to deal fairly with the employers and the public generally."

Captain Lawler of the White House and Westland hotel dining room stated only a few of his waiters walked out in spite of the fact that he refused to sign the contract. "No one came to talk to me before the contract was presented, and I refuse to sign my name to a contract which will turn my business over to the waiters, but I am willing to do what is fair and consider that I have always done so," stated Captain Lawler, in regard to the striking of the waiters.

You had better secure your stock in the Lilly Oil Company at once, while you can get same at par, for when we start on our first of five months we will have to give a premium to obtain same. Only \$10.00 per share. Lilly Oil Company, Room 202, First National Bank Building, Phone 185, 216-tfc

Market Report

Cotton Market

By Associated Press. NEW YORK, Jan. 30.—The cotton market showed continued nervousness this morning and early fluctuations were irregular. The opening was steady at a decline of five to 61 points under southern selling, but Liverpool made a fairly steady showing and sent a few orders here while there was also some buying for Wall street account and scattered covering. This absorbed the early offerings and after selling at 22.35 for March on the call the price worked up to 22.60 while May advanced from 21.05 to 21.46 and July from 20.40 to 20.70 or about not unchanged to 10 points higher. Reports from textile centers indicated increasing mill curtailment while southern advices again emphasized the talk of a cut in acreage next spring.

Reports that spots were being offered a little more freely in some sections were followed by reactions to about last night's closing figures during the middle of the morning but the market firmed up again toward midday on renewed covering and Wall street buying. March advanced to 22.70 for March and 21.50 for May, or 40 to 43 points net higher.

There was continued irregularity during the early afternoon but the market met buying orders on declines and the tone was steady. At 2 o'clock on reports that Belgium and northern France were placing orders for spot cotton. Prices ruled around 22.70 for March and 21.50 for May, or about 10 to 20 points net higher. Cotton closed steady.

New Orleans Cotton. NEW ORLEANS, Jan. 30.—Overnight selling orders caused a break of 16 to 28 points in the cotton market today on the first call. Immediately after a good demand came from covering shorts and a quick recovery resulted; the market standing at a rise of five to 13 points over yesterday's at the end of the first half hour of trading.

Telegrams from the interior reporting more export business being done increased the demand for contracts. In the trading up to noon the advance was widened to 39 to 57 points over yesterday's final prices. Early buyers took profits, causing small recessions. At one o'clock prices were eight to 17 points over the closing quotations of yesterday. Cotton closed steady, one point up to 10 points down net.

Liverpool Cotton. LIVERPOOL, Jan. 30.—Cotton spot quiet; prices lower. Good middling 18.25; middling 17.62; low middling 16.57; good ordinary 15.95; ordinary 14.25. Sales 1,000 bales including 900 American. Receipts 17,000 including 14,000 American. Futures closed steady; Jan. 17.64; Feb. 16.18; March 14.61; April 13.33. 224-5tc

Grain Market

CHICAGO, Jan. 30.—Reports that high bids for Argentine shipments were not finding ready acceptance had a decided bullish effect today on the corn market here. Opening prices, which ranged from 1/4 to 2/4 lower with May \$1.16 1/2 to \$1.17 1/2 and July \$1.12 to \$1.13 were followed by sharp advances to well above yesterday's finish.

Oats were ruled by the changes in corn. After opening unchanged to 1/4 lower with May 56 to 56 1/2, the market sagged a little further and then made a quick rally.

On the extreme bulge, commission houses and pit traders sold freely and caused numerous breaks but the market was stimulated by urgent domestic feeding demand and by rumors that owing to unstable conditions in Argentina the cereal agreement with the European Allies would be abandoned. The close was strong 2/4 to 3/4, net higher with May \$1.20 1/2 to \$1.20 3/4 and July \$1.17 to \$1.17 1/2.

In the later trading rallies took place owing to the strength of grain. Provisions turned weak after an early bulge.

Table with columns: CORN, GATS, PORK, LARD, RIBS, Kansas City Cash Grain, Chicago Produce.

Important mail is held at Red Cross headquarters for Helen Elizabeth Baker, which has been forwarded from Binger, Oklahoma.

A social meeting of the Civic League will be held at the home of Mrs. J. A. Kemp Friday evening.

Mr. and Mrs. Royan Taylor have as their guest their cousin, Lieutenant Roy Voss from Kelly Field.

Mrs. Virginia Bullard is here visiting her aunt, Mrs. Bullard, and taking a business course.

John Bullard is home on a furlough from San Diego, California.

New York Stocks

By Associated Press. NEW YORK, Jan. 30.—United States Steel was the only important issue to manifest an uncertain trend at the opening of today's stock market, most of leaders recording gains ranging from large fractions to a point. Marine preferred, Mexican Petroleum, Texas Company, American Smelting, Hide and Leather preferred and Texas and Pacific were the price features, the latter showing special activity. U. S. Steel rallied before the end of the first half hour but Baldwin locomotive reacted under pressure.

Pools extended their operations in minor specialties during the mid-session taking advantage of the recent demand for U. S. Steel and other industrials and equipments. Distilling shares made further headway with Hide and Leather preferred and local utilities, especially Consolidated Gas were stronger.

Oils and shippings reacted again to the last hour but industrials and price specialties made further gains. The closing was firm.

Final prices on Liberty bonds today were: 3 1/2's 99.06; first convertible 4's 93.30; second 4's 93.06; first convertible 4 1/2's 95.50; second convertible 4 1/2's 94.52; third 4 1/2's 95.40; fourth 4 1/2's 94.40.

Coffee Market. NEW YORK, Jan. 30.—Coffee: No. 7 Rio 7 1/2. Futures steady; May 13.88; July 13.66.

Card of Thanks. We wish to thank those kind friends who so tenderly helped us during the death and burial of our beloved mother and grandmother, and for the beautiful floral offerings. Mrs. Opal Farris. Mr. and Mrs. Will Rowe.

Assets and Opportunities

The Big Money Oil Company

Offers a doubly attractive investment to a limited number of wide-awake, conservative people.

CAPITAL STOCK \$15,000 ACRES 20 SHARES PAR \$10.00

1/4 Mile From Five Producing Wells With Assets As a Base; A Big Chance to Win

To a very few lucky people, the Big Money Oil Company offers a rare opportunity to invest in a gilt-edge, sure-to-strike proposition. You are familiar with the Zink Wells—you know of the luck and prosperity of the shareholders in these wells. Perhaps you missed that chance; but here is that selfsame, golden opportunity presented again. We are going to drill within one mile of the famous Zink wells—five producing wells within one fourth mile of Big Money's holdings. Mr. T. H. Friedly, so well known in Wichita Falls, is behind this company. Consider this rare opportunity—don't let it pass unnoticed—come in with the few; they are going to win.

IT PAYS TO READ ADVERTISEMENTS

You've often heard the saying, "It pays to advertise." That is true. And it also pays to read the advertisements—pays you. If you read consistently for any length of time you will agree that this statement is also true.

It pays you in money saved. There are many real bargains offered from time to time in the advertisements appearing in this paper. Watch for them.

It pays you in satisfaction. When a merchant asks you to come to his store he obligates himself to sell you quality goods "as advertised." You have a right to expect satisfaction from what you buy and you get it.

It pays you in time saved. When you know exactly what you want to buy and where to buy it, you don't have to "look around" and waste time finding it.

Don't YOU want to save money and time? Wouldn't you like to be sure of getting satisfactory service and quality goods every time you go to a store? Then read the advertisements and patronize the stores which can serve you best.

OIL DEVELOPMENT

LARGE REFINERY PLANNED TO COST HALF A MILLION

The Ranger-Wichita Oil and Refining Co. is planning the erection of the refinery here. The company expects to put in a 5,000 barrel plant to be built on the unit system, five units to be in operation not later than July 1. The capital of the company is \$500,000.

W. W. Edwards of Oklahoma City is president of the company. Mr. Edwards is vice president of the Equality Oil and Development Company of Wyoming and is experienced in both the production and refining ends of the oil business. Mr. Edwards became interested in Wichita Falls through his old friend and schoolmate, Col. Will A. Miller, who hearing that he was about to locate his refinery at Fort Worth induced him to come to Wichita Falls.

C. G. Andrews, vice president of the company, is president of the Pawnee Bill Oil and Refining Co. of Oklahoma. Ben Harlan, secretary of the new company, is secretary of the Pawnee Bill Refining Co. also. Both are experienced refining men.

George A. Darden, treasurer of the company, was formerly connected with the American Steel and Wire Association and more recently with the J. I. Case Plow Works at Dallas. Mr. Edwards stated this morning that \$300,000 of the stock had already been sold and that \$100,000 would be offered in Wichita Falls. It is the plan to sell the remaining \$100,000 of the stock after the plant is in operation.

"Folks Talked About"

W. R. DUKE

PERMITS REQUIRED OF OIL COMPANIES UNDER TEXAS LAW

Permits to do business must be secured by all concerns operating in Texas upon which the laws of the state require the payment of a tax on gross receipts, according to a recent law of the Texas legislature, which took effect in July, 1918. The law in full may be found on pages 177, 178 and 179 of "The General and Special Laws Passed by the Fourth Called Meeting of the Thirty-fifth Legislature," which may be obtained from the secretary of state at Austin. This law applies to practically every oil company operating in Texas, and reads in part as follows:

Section 1. Every person, company, firm, partnership, corporation or unincorporated company or association engaged in any business within this state, upon which the laws of the state require the payment of a tax on gross receipts, shall be required to have a permit to transact such business, which permit shall be and remain posted subject to the view of the public at the principal office of such person or concern to whom the same is issued.

Section 2. Any person, firm, company, partnership, corporation, unincorporated company or association transacting business in this state without first having obtained a permit to do so, shall be liable to a penalty of not less than \$50 nor more than \$500 daily for each day's business which is transacted in the violation of this act.

And in addition every person, whether as an individual or the member of a company, firm, partnership or unincorporated company or association, or as an agent, officer, director or employee of a corporation, who violates any of the terms of this act shall be guilty of a misdemeanor and shall be punished by a fine of not less than \$50 nor more than \$250 for each day or part of a day that such person is engaged in violating this act and each day shall constitute a separate offense.

If we haven't what you want we will get it. Cowling. Phone 2644. 224-5tc

"SHUT DOWN" IN DRILLING REPORT MISUNDERSTOOD

Wichita Falls has been the center of a big oil field for about eight years, but there are many people here who are evidently not familiar with the terms used by the oil fraternity, especially as regards drilling reports, and for the benefit of these and also the many outside subscribers who read the oil news a few explanations are given.

A "shut down" well is one in which operations have been suspended for any reason. These shut downs occur at any depth and do not mean that the well is no good, for it is an exceptional well that does not have a few shut downs. The bad weather that has been prevalent for weeks has made about twenty in the majority in the local fields, and the freight embargo and lack of trucking facilities has made shut downs on account of materials necessary.

Waiting for Connections. Another instance in which a well may remain shut down for some time is after it has been completed and is waiting for pipe line connections. A well may have oil standing high in the hole and still be shut down for lack of tankage and pipe line connections. In fact, this is a difficulty which local operators are faced with frequently. A well can not be marked in a drilling report as anything but shut down, if it is shut down.

An amusing comment from the Deadwood Times, South Dakota, has been noticed, on account of this ignorance of what a "shut down means." The Deadwood paper evidently is of the opinion that a shut down well is a dry hole, for in the comment on a drilling report from the Burk Burnett field, it is noted that of the more than 200 wells drilling, all but 68 are shut down. It goes on to say that this is from a field known as the "surest thing in oil investments today," and further estimates that the cost of sinking these "shut downs" is around \$30,000 apiece, and also speculates on the chances of getting oil in the remaining 68 wells that there is evidently not much choice between gold mine schemes and "sure things" in oil companies.

Dry Holes Are Few. It is unfortunate if any such impression has gotten abroad because of this lack of knowledge as to the drilling report phraseology, because it is a

well known fact that the dry holes in the new Burk Burnett pool can almost be numbered on the fingers of both hands, and also that of these several was "blamed" holes and not "dusters."

Another point that seemingly needs explanation to the public in general is the manner of reporting completions. A well is not reported as completed until the pipe line connections are made and the well is running oil. Frequently the connections are not made for some time after the well has been drilled into the oil sand, in fact, instances have been known where wells have been ready to produce oil for a month or more before the connections with the pipe lines are made. Estimates of course are made on the well before the pipe line runs are started, but the production can not be known until the oil is run. However, it is a fact, pipe line officials say, that many of the wells at Burk Burnett can produce more oil than can be run, and some of them are shut down a part of the time each week.

DEVELOPMENT ON LARGE SCALE FOR BRADY TERRITORY

Special to The Times. FORT WORTH, TEX., Jan. 30.—The Prairie Oil and Gas Company has started unloading material at Brady to begin the development on a large scale of their 7000 acre tract northwest of Lohm, which lies in the recently developed shallow fields. This sand was found at 350 feet and produces from 40 to 50 barrels. The Prairie will begin the sinking of many wells there at once.

The George F. King well on Survey 402, two miles southeast of Brady, struck a showing of oil yesterday at 250 feet, after drilling in salt lime. Lessons in that vicinity have taken a big jump in price.

AT THE outbreak of the Spanish American war, Dr. Duke volunteered, and later enlisted in the regular army and saw service in the Philippines. After being mustered out in 1907, he engaged in railroad work in the Transportation Department, from which he resigned to go in the insurance business and locate at Wichita Falls, Texas, where he soon became more interested in oil than in insurance. He was the principal organizer of the Vindicator Oil Company which has been one of the most successful companies operating in the Burk Burnett field. He also has holdings in the Landra and Lost Soldier fields of Wyoming. Mr. Duke is now very busy with the duties of secretary of the Old Hickory Oil Producing Company, recently organized for the development of properties in the Burk Burnett and Iowa Park fields.

Wanted.—First class oil stock sales people either sex. Must come well recommended. Otherwise don't apply. Lilly Oil Company, Room 202, First National Bank Building. Phone 195. 216-1tc

YOU "Munger Ranch" WILL KNOW THAT GET OIL

Because We Have These Many Facts

Black Diamond, half a mile east of us, is in—Munger Ranch well, two hundred feet west of us, is a flowing well—Watkins well is east of us—Park Pool adjoining on the north—these are only starters—read on

THIRTY ACRES—OVER THE SAND

The holdings of the Munger Ranch Oil Company consist of thirty acres—all on the famous Munger Ranch—and geologists and experienced oil operators all proclaim that this acreage is directly over the main flow. Deep tests are being drilled all around Iowa Park—this should be conclusive evidence that a 30-acre company such as the Munger Ranch Oil Company, will be a rare organization in this field in thirty or forty days.

CAN OIL BE MORE SURE?

With thirty acres on which to drill, we can pay large dividends on shallow oil alone—and tests in this vicinity have proven that there are four oil sands, one at 83, another at 140, a third at 525, and the fourth at 680 feet. Many companies, knowing the inestimable value of these shallow sands, are operating for shallow oil alone, because they know that they will realize handsome dividends.

DEEP OIL

If you had owned one \$100 share in the Fowler Company, you would have been wealthy now. In thirty or sixty day you will again look back in regret, if you fail to take advantage of the Munger Ranch Oil Company's deep test. We are going to drill 1,850 feet if necessary. You can't buy stock in our neighboring companies—their shareholders have placed their certificates in the bank. Munger Ranch stock is going up, up, up. This is the Company for you—this is your opportunity—obey that impulse—order today.

City _____ State _____

The Burk-Barwise Oil Company

Offers stock in five acres out of block 103 of the Van Cleave based on a capitalization of \$65,000. The shares are \$50.00.

This lease appeals to us as being among the safest propositions on the market. It is in proven territory, but a stones throw from the Helen-Elizabeth, the Horn, Sentinel and Marine Wells, and in direct line with the Burkbridge now drilling at about 1300 feet.

The directors are: M. H. Barwise, D. J. Carithers, H. E. Crain, U. Y. Crain, H. T. Ballard, R. H. Hall, J. S. Gerock, Ed Howard, E. D. Donnell, J. T. Gibson, T. H. Cook, J. E. Cook, R. G. Fuqua and J. B. Marlow. These men are all residents of the city and well enough known to insure careful attention to the business of the company and a fair deal to the stockholders.

The company is in effect a mutual partnership with a desire to take advantage of the wonderful opportunities offered in the Burk Burnett field. We expect to get oil or we would not go into it.

If our friends in the city, or throughout the state desire to take a chance with us we shall be glad to have them with us. We do not believe that any man or company can absolutely guarantee oil under any piece of land, but we have selected that which seems to us to offer the greatest measure of surety, and basing our judgment on the success of others in this particular section, we have put our money into it.

We have a number of agents selling stock who will be glad to call and explain the location, etc., or Mr. Rhea Howard, at the Times office or Bullard and Calvert, 808 1/2 Ohio Ave., will be glad to take your subscription.

NATIONAL BANK OF COMMERCE

WICHITA FALLS, TEXAS Capital and Surplus A QUARTER OF A MILLION DOLLARS THE VICTORIES OF PEACE Many years ago one of the world's greatest thinkers wrote: "Peace hath her victories no less renowned than war." This was never truer than today. And upon the business success of each person depends the success of the country in winning peace-time victories. Our efficient and accommodating banking service will help you to greater business success. We will be pleased to explain why.

Our Service makes Friends and Keeps them

British Shops Are Required To Close At 8 O'Clock P. M.

(By Reciprocal News Service) LONDON, Jan.—One of the provisions of the "Dora" (Defense of the Realm Act) is that all shops must close in Great Britain at 8 o'clock in the evening. This was done largely to save fuel and to keep the people at home nights where they would be sheltered in the event of the air raids. The shop closing regulation is still in force and may be made into a permanent law.

Small shopkeepers were at first violently indignant against the order.

They said it discriminated in favor of the big stores. Their neighborhood customers did their purchasing at night after dinner. If they were compelled to shop early, they would patronize the large down town stores, was the allegation.

However, in four years the small shops have grown to respect the 8 o'clock closing regulation.

Their customers have become educated to shop early. Their clerks have become more contented and efficient with shorter hours, and have not been ready to go to the larger stores for employment as soon as they became experienced. There has been a saving in expense for light and heat.

The home office reports that the general sentiment among shopkeepers, of all classes, is that the 8 o'clock closing law has proven its value and should be kept in effect forever.

In addition to this regulation, the pre-war Shops Act requires every store keeping open on Saturday afternoons to close on another afternoon in the week, this afternoon to be fixed in each community by town authorities. This year-round rule gives

the employe shorter working hours without inflicting any competitive hardships on the employe.

GERMANS ARE PLANNING STRONG STRIKE MEASURES

By Associated Press LONDON, Jan. 30.—The German government contemplates strong measures to combat the growing strike wave there and will soon bring forward a bill compelling men to work and severely punishing strikers, according to a Copentagen dispatch to the Exchange Telegraph company.

COMMITTEE IS TO LOOK AFTER OIL LEGISLATION

APPOINTED BY DIRECTORS OF CHAMBER OF COMMERCE THIS MORNING.

OPPOSE TAX PLANNED

Resolution Calls Attention of Congressman to Necessity For A Larger Federal Building.

Impending legislation which will affect to a large extent all oil producing concerns, and also affect the numerous stockholders in Wichita Falls and surrounding section, was discussed by the Chamber of Commerce directors, meeting in a called session this morning. After hearing a report from W. D. Cline, who during a recent trip to Austin looked into the proposed oil tax legislation, the directors appointed Mr. Cline and J. A. Gorman, of the Panhandle Refinery, to take any action they deemed necessary to protect the interests of the great number of investors both large and small, with regard to the legislation, particularly the bill which was reported favorably yesterday to levy a two per cent tax on gross production of oil in Texas.

Resolution is Adopted.
The directors passed unanimously a resolution asking that the committee, the resolution stating that as the oil industry vitally concerned this section, and that so many individuals, particularly small investors, were interested in production of oil in this section, who will be affected by this larger production tax, it was consistent with the policy of the Chamber of Commerce to take such action. It was pointed out that practically every citizen has interests, ranging from a hundred to thousands of dollars, as the many individual production companies now operating at Burkburnett alone, and that this tax would affect them very materially, consequently they would be losers if such a bill is passed.
Want Larger Federal Building.
The directors also passed a resolution, calling to the attention of Representative-Elect Lucian Parrish to the fact that Wichita Falls has outgrown its federal building, and that a larger building, both for the post office, and for the federal court which has been in existence a year is now necessary. Mr. Parrish will be furnished the necessary information and data to take to Washington with him, when he assumes office on March 4, and the Chamber of Commerce is going to urge immediate action, so that some relief from the congested conditions which prevail at the Wichita Falls post office can be obtained.

Convert the Prosaic Bath Into a Luxury

The daily bath may be made an enjoyable event. A dash of any of our delightful TOILET WATERS will make the bath invigorating and invest every pore with a faint elusive fragrance.

We handle all of the approved bath requisites. TOILET SOAPS, SPONGES, BRUSHES, BATH TABLETS, and a complete line of BATH SPRAYS.

The use of these bath supplies will keep the skin pores open and permit waste tissue and poisonous products to escape from the body.

"BATHE FOR COMFORT—BATHE FOR HEALTH"

First Attention to All Orders for the Sick.

Special Attention Given Our Prescription Dept.

Invited to Locate Here.
A proposition submitted by the Pennington and Hughes Hardware Company, which has a house at Stamford, to locate a large wholesale hardware store in this city, which carried with it a request that the city underwrite a certain amount of stock, was considered, and a resolution passed inviting the establishment to locate here and commending the stock to the public as a safe investment was passed. The Chamber of Commerce, however, will not underwrite any of the stock, such action being out of line with the usual policy of the organization, the company is to be informed.

MRS. NELLY ADAMS WAS PIONEER OF THIS STATE
Tuesday morning January 21, Mrs. Nelly Adams, aged 83, died. She was reared in Pittsburgh, Pa., was married in 1865 to Thomas J. Adams. To this union was born two children, Clyde B. Adams and Mrs. Opal Parrish of this city. She came to Texas with her husband in 1875, was one of the pioneers of this country. She went west some few years ago to make her home with her daughter. They returned to Wichita Falls six years ago for her health as she suffered greatly with heart trouble. She was converted in Blue Grove, Clay county, Texas, many years ago and has since lived a consecrated Christian life. There is no one who knew her sweet, sunny nature so well as those who lived nearest her. Oh, how we miss her, yet we do not mourn as one who has no hope for we know if we live as true to Christ as she did we will see her again when it is God's will to remove us from this world of trouble. Her relatives all live in the east except her daughter in this city, and granddaughter, Mrs. Will Lowe of Electra, her son having died several years ago.
—Contributed.

You had better secure your stock in the Lilly Oil Company at once, while you can get same at par, for when we start on our first five wells you will have to give a premium to obtain same. Only \$10.00 per share. Lilly Oil Company, Room 302, First National Bank Building. Phone 195. 216-tfc

NEW CENTURY CLUB MEETS AT LIBRARY

A very interesting lesson on insects was studied by the New Century club at their regular meeting at the library Wednesday afternoon. Mrs. Felder was the leader for the afternoon with the following program: Life of the Ant World, Mrs. Barst's Bees and Wasps, Mrs. Hartsook; Debate, Resolved that the Bee is More Intellectual Than the Ant, affirmative, Mrs. Whitney negative. Mrs. Guest, Some Insect Pests of Man, Mrs. McCune; Some Insect Friends of Man, Mrs. McDaniel. Club members present Wednesday afternoon were: Mesdames Adams, Barst, Barnard, Burdiss, Daniel, Felder, Hartsook, Guest, Martin, Sisk, McCutchen, Snider, Whitney and McDaniel. Miss Roberts, the librarian, was a guest of the club.

RED CROSS WORKERS WANTED AT HEADQUARTERS

Red Cross workers are in great demand at headquarters. An emergency order received, recently calling for 5000 refugee garments is far from completion. In fact only about fifty garments have been made. As the December quota is also incomplete a call is being made to all women who have spare time to come to the Red Cross and work.

Our Methods

We have been asked several times what method we use in our examination of eyes, we use no drug at all. Only use the shadow test to determine the refractive errors and then check our findings with the fogging system which eliminates all chances of making a mistake. We guarantee entire satisfaction and give more vision with Toric lenses.

Postoffice Has Problem To Meet Increased Demand

Mail for 35,000 people is being taken care of by the local postoffice with facilities for taking care of only about 25,000. Postmaster Howard reports, however, that communications are being exchanged with Washington regularly and he believes relief will be given within a short while.
An increase in the force of three clerks and two carriers are making an effort to take care of an increase in mail of practically one hundred per cent. For the past few months the entire force has been working at a very high pressure and although the employees are loyal to the government and have been both supervising and doing the work, it is very difficult for them to maintain the standard with such a small force.

The city has entirely outgrown the postoffice and the postmaster has taken the matter up with the department and believes he has brought to their realization the fact that the condition does not seem to be temporarily as they believed a year previous. An appropriation of \$250,000 for a new postoffice building is needed to accommodate the mail for the present building is not large enough for the increase.
Boxes are being sought daily and there is no place in the building for new boxes. As many as two hundred applications have been made.
The general delivery department is working at a tremendously high pressure. One cannot enter the postoffice without finding a long line at the window.
"With the force working at such a high pressure it is temporarily to hold the employees for they will seek other positions. I think, however, that relief will come soon," stated Postmaster Howard. A transfer from the department has already been in Wichita Falls.

TWO GOOD WELLS ARE REPORTED IN STEPHENS COUNTY

Special to The Times.
FORT WORTH, Jan. 30.—The Texas Company's K. Stocker No. 1, just south of Breckenridge, came in late Wednesday and is producing 1,200 barrels. It is conservatively estimated. The well has not reached the sand but began flowing by heads from the line at a depth of 3,186 feet.
Grant No. 1 of the Texas Company, also in Stephens county, came in late Wednesday with a flow of thirty million feet of gas at a depth of 5,465 feet. The tools were blow over the derrick when the drill hit the sand.
The Winston No. 1 of the Gulf Production Company in Stephens county is reported to be on top of the sand and the Game Company's Taylor No. 3, offsetting the famous Emma Terrell well, is also on top of the sand. Both wells will be brought in this week.

"TRAINING CAMP" AT FIRST METHODIST CHURCH
If you are looking for a good time you will not be disappointed if you come to the Timbuctoo Training Camp to be held by the young people of the First M. E. Church at the corner of 7th and Lamar streets. Everybody is invited, especially the soldiers still at Camp Field, to report for duty at 7:30 Friday evening, January 31st.

Less expenses	140.00
Est. Daily Net	\$1060.00

The Producers Pipe Line & Storage Company

Offers to the public 2,000 shares of the capital stock at par, \$10 per share

The Producers Pipe Line & Storage Company

of "BB" with offices at Wichita Falls announces the completion of its plans to lay a 6 in. pipe line from its holdings about 6900 feet N. of the "BB" station on the Wichita R. R. right of way to the heart of the "BB" oil field—the contracts for switch loading rack, etc. have been let and construction will commence as soon as possible—a ready market for "BB" crude is already made—the refineries of Texas and Okla. are demanding high grade "BB" crude and with our proposed facilities we will be in a position to satisfy a goodly portion of that demand—we protect the producer from having to shut down his well—we protect the buyer by having the storage and loading facilities.

We Are the Connecting Link

Producers come see us—contracts for more than our capacity will not be made—Get in on the start and be assured of your oil out let—as an investment the Pro. P. L. & St. Co. offer one of the best paying and safest investments in the oil industry—We know our profits—We receive the established loading charge and the premiums—join us—

All oil going over the loading racks is going at a premium from .10 to .35 per bbl.

Basing 8000 bbls. at .10 per bbl.	\$ 800.00
Est. daily net loading chg.	1060.00

Daily net profits 1860.00

In 30 days \$55,800.00

In less than 60 days the loading rack and storage should pay for itself—based on the lowest possible profits—We expect to pay at least 50% of our net profits each month to the stockholders.

PRODUCERS PIPE LINE AND STORAGE CO.
Wichita Falls, Texas.

Gentlemen:

I hereby subscribe for shares of stock in the Producers Pipe Line and Storage Co. of Wichita Falls, Texas, at \$10.00 per share fully paid and non-assessable. I enclose \$..... in full payment for this stock. Stock certificate to be sent as soon as possible.

PIPE LINE RUNS SHOW THE DAILY PRODUCTION OF DISTRICT 62,000

Oil to the amount of 36,000 barrels daily is now being run from the new Burk Burnett pool, according to estimates based on pipeline run figures. The total daily run of the district reached 62,000 barrels, with the old Burk Burnett pool making around 12,000 barrels. Electra around 12,500 barrels, Petrolia 750 barrels, Holliday 200 barrels and Iowa Park 100 barrels.

The drilling report follows:

Burk Waggoner Oil Co. No. 1, R. M. Waggoner, block 84, Red River valley lands, drilling at 620, show of oil around 535 feet.

W. F. Rummig et al. No. 1, R. S. Allen, block 10, Specht Ranch, drilling at 1675.

A. C. Parker et al. No. 1, Lillie Morgan, block 86, Red River valley lands, rotary derrick up.

Thrift Oil and Gas Co., No. 1, Brandon, block 82, Red River valley lands, drilling around 720.

Rice and Fitzgerald, No. 1, Roodiger C. T. R. R. survey, shut down for casing, down below 250.

Quick Development Co., No. 1, F. H. Lewis, Henry Hastie survey, derrick up.

Wharton and Dozier, No. 1, John Moore, shut down around 575.

Robertson, Johnson et al., No. 1, J. H. Musgrave, drilling around 1250.

Cox et al., No. 1, N. H. Martin, block 5, Henry Hastie survey, drilling derrick up.

Ro-Burk Oil Co., No. 1, Holly, B. Brown survey, drilling around 450 with star machine, lumber on ground.

Magnolia Petroleum Co. No. 6, W. C. Myers, rig No. 4, Mary Schmoker, 1 location.

Wichita Southern No. 1, O. L. Clark, shut down at 1315.

Big Four Oil Co. No. 4, C. Birk, shut down at 1620.

Allies Oil Co., No. 1, Markowitz, derrick up.

Thos. Van Avery, Moore No. 1, C. T. R. R. Co. survey, lumber on the ground.

Harper Oil & Gas Co., No. 2, H. Kelly, H. and G. N. survey, rotary derrick up.

Humble Oil and Ref. No. 1, W. C. Myers, block 5, Red River valley lands, drilling around 2250.

Robertson Pet. Co., No. 1, Gist, still trying to shut off salt water, sand around 165.

Burkburnett Southern Oil Co., No. 1, Gist, Dubose survey, drilling around 450.

Vaughn Oil Co., No. 1, Vaughn, block 76, Red River valley lands, drilling around 500.

Hammond Ray Oil Co., No. 1, Chenault, block 78, still trying to shut off salt water, around 1800.

Prince Bros. and Cross, No. 1, W. L. Chenault, block 77, Red River valley lands, derrick up, rotary.

Van and Co., No. 1, P. C. Chenault, I. & G. N. survey, shut down around 1700.

Chenault Oil Co., No. 1, Chenault, block 77, Red River valley lands, drilling around 1525.

Reid et al., No. 1, Chenault, block 76, Red River valley lands, drilling around 1000.

Parker and Anderson No. 1, Chenault, block 76, Red River Valley lands, derrick up.

Alamo Oil Co., No. 1, Chenault,

same Magnolia-Fowler No. 6, location; same No. 2, Hardin, Dubose survey, drilling around 650; same No. 2, Hardin, Dubose, drilling around 1525; same No. 3 and No. 4, Hardin, Dubose, rigs.

Texas Company, D. C. Ottinger, Redman survey, No. 2, location; same, Hardin lease "A", Dubose, setting casing around 1620, oil sand; same No. 2, Hardin Lease "A", drilling around 1360.

Langford, Staley and Chenault No. 4, Hodge, outer block 13, shut down to standardize, around 1660.

Langford, Staley and Chenault, No. 2, Hardin, Dubose, drilling around 1530.

Langford, Staley and Chenault No. 1, fee, shut down to standardize, sand around 1525.

Langford, Staley and Chenault, No. 2, fee, drilling around 1510.

R. O. Harvey No. 1, Vancleave, in oil sand around 1670.

R. O. Harvey No. 2, Vancleave, drilling around 915.

Big Five Oil Co., No. 2, Staley, outer block 11, shut down below 1700.

Maer, Silk and Willis, No. 2, Cannon, shut down around 1610.

Crowell et al., No. 1, Dunn, block 18, fishing at 1710.

Crowell et al., No. 2, Dunn, block 18, shut down for repairs to boiler around 1620.

Crowell et al., No. 1, Sides, block 3, shut down for tools around 1540.

Crowell et al., No. 2, Logan, block 3, drilling around 1375.

Crowell and Willis, No. 1, Noe, block 30, drilling around 800.

Crowell and Connor No. 1, N. Smith, Morris addition, drilling around 375.

W. E. Conner and K. C. Oil Co., No. 1, Major, block 14, shut down for repairs to boiler around 1640.

Mann Nabor Oil Co., No. 1, Bills, block 3, shut down around 1660.

Mann et al., No. 1, Fowler, block 17, shut down at 1690.

Mann et al., No. 1, Calthrop, block 17, drilling around 1510.

Mann et al., No. 1, Walker, block 2, drilling around 1120.

Mann et al., No. 1, Howard, block 14, derrick.

Mann Oil Co., No. 1, Mitcham, block 12, shut down for repairs to rig around 1625.

Mann Hood Oil Co., No. 1, Faulk, Goodwin addition, shut down around 1600.

Mann Hising, No. 1, Gilchrist, block 21, shut down for new rotary around 1575.

Nocoma Mann, No. 1, Scott, block 9, Red River valley lands, drilling around 1525; same, No. 2, Scott, block 9, Red River valley lands, drilling 1260.

Burkburnett Mann Oil Co., No. 1, Hardin, drilling at 1420.

Mann and Alexander No. 1, Alexander, block 24, drilling around 1475.

Hammond Art. No. 1, Fisk, block 57, (Continued on page 4.)

Medical virtues vastly improved. Guaranteed by your druggist. Sold only in sealed packages. Price 35c.

A FRIEND OF MINE SAID THE OTHER DAY:

"My Shares in the Seanor Oil Association Are Going to be My Best Investment"

"In buying stock with the Seanor Oil Association, I feel that I showed good judgment.

The concern holds ten acres in Block 56, right in the heart of the world's greatest oil fields—Burkburnett. Less than six hundred feet from us is the Art Hammond well, which recently came in with an estimated production of 800 barrels a day. Eight hundred barrels! You know what that means at the present price of the precious black fluid. And oil experts tell us our land is identical, geologically, with the producers near us."

Harry S. Sankey, an oil man of years' experience, has charge of this company. He will supervise the drilling and the financial part of the work.

Marshall Spoons of Fort Worth is attorney for the company, and also trustee of the funds raised on stock sales. He will be responsible for the proper handling of the company's money. With a man of Mr. Spoons' known honor and high integrity, every stockholder may feel assured that his money will not be wasted or spent carelessly.

Lieutenant James C. Creeden will handle the sales of stock for the company, assuring the early close of stock sales, and an immediate start on drilling.

This well is to be drilled with cable tools. Drilling is to start as soon as we are able to obtain material for the completion of the well. Now is the time to send in your check. Get in on the big developments West before \$75,000 companies are put on half acres as they now are on the East. Get in today on a 10-acre company close to the 2000-bbl. Humble well. Today is the time.

Choice Acreage in Oil Leases

For Individual or Company Investments

This map shows several hundred acres of land platted in blocks and lots with about ten acres to the lot, and shows the location of five oil wells to be drilled to a deep test.

The drilling machine for one well is now ready to commence operation as shown in block 78. Within about ten days another drill will be in operation in block 59. Within sixty to ninety days the other three locations will have drilling machines in operation. Derricks have already been erected at each of the locations.

To the northwest of Charlie, the Humble Oil Company, the Planters and the Merchants Oil Company will be drilling for deep tests. To the east of this plat about one mile, the Tulsa, Okla., people are making a deep test.

The small map shows the location of this oil subdivision with respect to Electra, Burkburnett and Petrolia. It also shows that this field is located in the next big bend of Red River east from Burkburnett. Charlie is in a direct line between Burkburnett and the Healdton, Oklahoma oil field.

I have had Geologists inspect and report on this acreage and locality, and they

give it a very favorable report; besides several of the other big companies, the Texas Company, the Sun Company and the Humble Company have large holdings nearby.

With operations now commenced on one location, we may have a proven field within less than sixty days' time. If oil is found in paying quantities, the price of this acreage, proven up, will advance five to ten times what you can now buy it for.

In order to appreciate thoroughly the location of this CHARLIE OIL FIELD it will pay anyone interested to make a trip to Wichita Falls and visit this field.

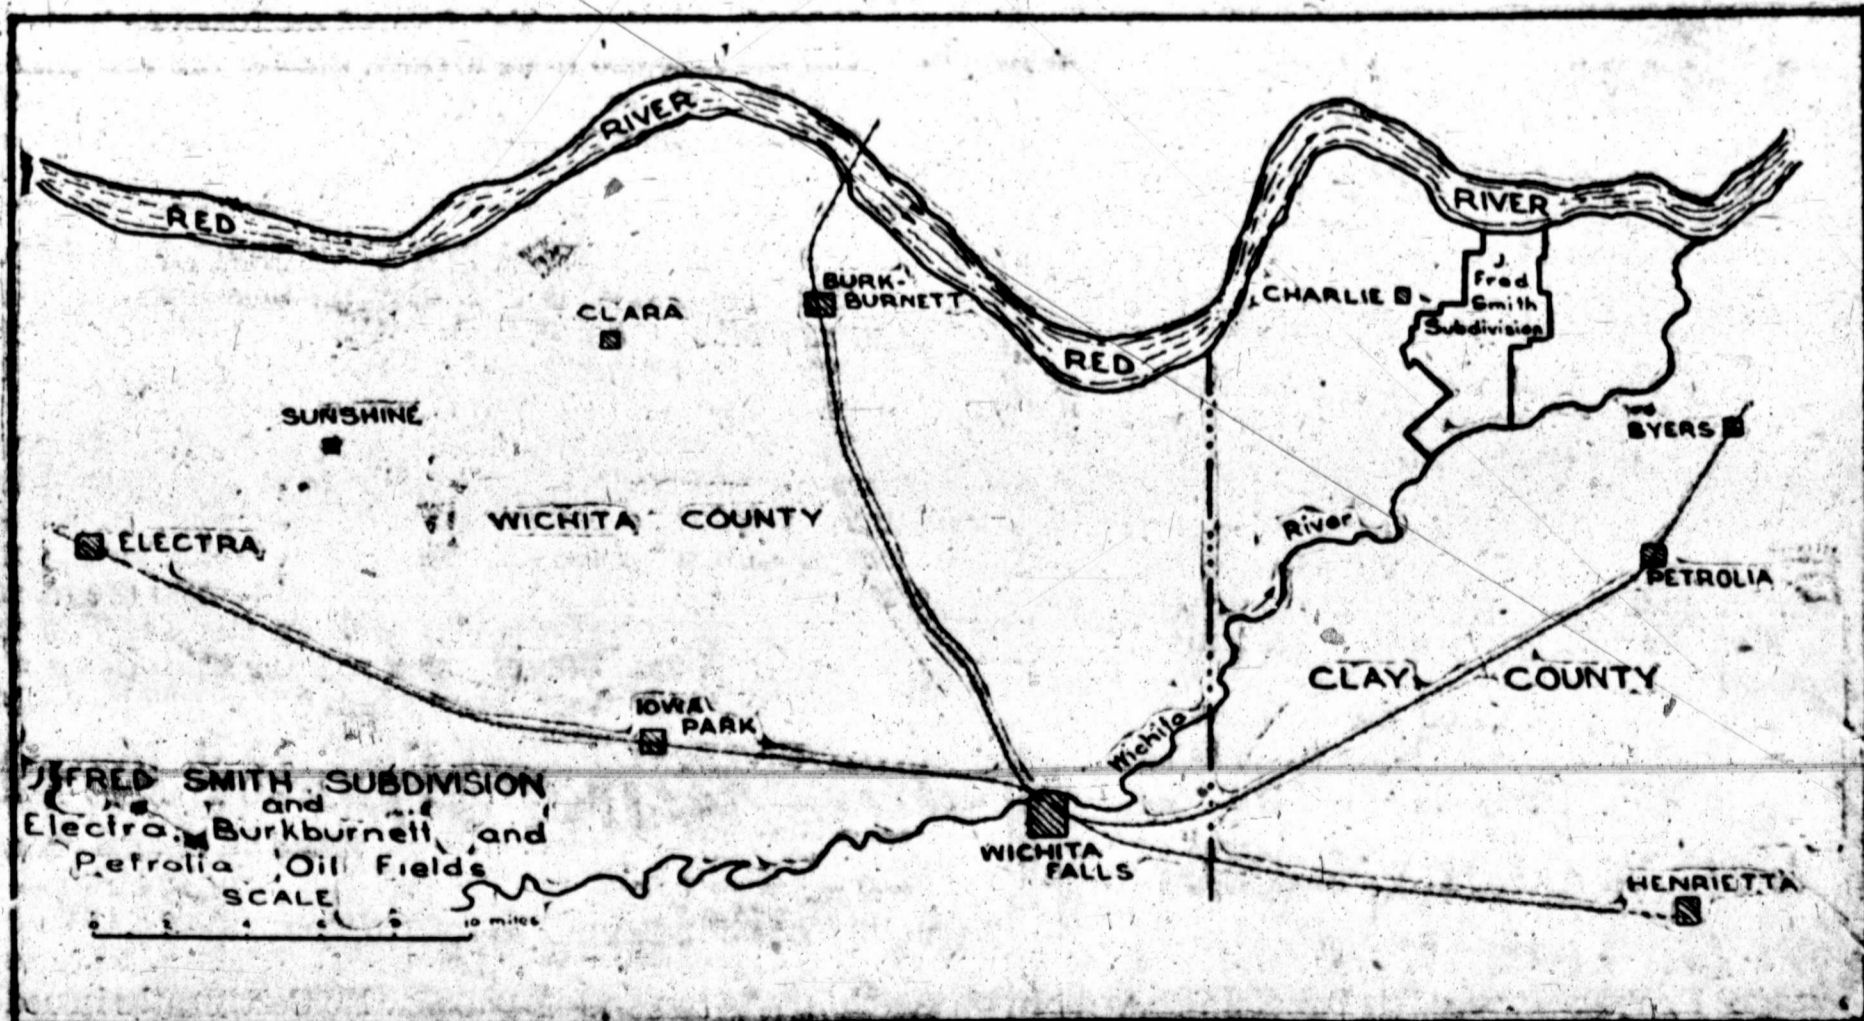

I will sell in tracts of ten acres, or more.
For detailed information call at my office.

Drillers & Producers Oil Co.

Extends Time to Purchase Shares at \$1.00 Till February 1
Capitalization \$95,000, Par Value \$1.00
Fully Paid and Non-Assessable.

On account of bad weather we have been unable to haul material therefore, we believe it is only right to extend further time to February 1st. We expected to be drilling by this time, but on account of bad weather will be delayed a few days only. This is the reason we are extending time until February 1st. WATCH OUR SPEED AFTER THAT DATE!

The holdings of the company consist of an oil and gas lease—hold estate in and to seventy-five acres of land described as beginning at a point four thousand and two feet east from the southwest corner of the S. A. & M. G. R. R. Co., Survey No. 1 in Wichita County, Texas, thence north two thousand four hundred and sixty-one feet, thence east thirteen hundred twenty-seven feet, thence south two thousand four hundred and sixty-one feet west to the point of beginning.

This property is located in the Burkburnett Field, three miles southwest of the city, one-half mile from the Big Allies' wells, and a little over a mile from the famous Surine wells—the largest in Northwest Texas. STOP A MINUTE and figure. Our neighbors have brought in big wells of 1000 and 1200 bbls flow, by going to the deep sand, WHERE WE ARE GOING. Why shouldn't we do the same, drilling within less than a half mile on the same strata and same formation?

WE WANT TO PAY YOU DIVIDENDS!

We Want Dividends on Our Money That's Why We Are Going After the Deep Wells—Big Production.

We don't want to fool ourselves, nor you, by bothering with shallow wells. We intend to thoroughly develop this property, by placing 15 deep wells on the 75 acres. We will take care of shallow wells, if they produce better than 35 to 50 barrels per day, but if not, we will not waste our time on them.

The first \$100,000 that is taken in from production, net, will be set aside for dividends in order that you might receive all your money back and have a profit. 50 per cent of the net production after that will go into the dividend fund, and 50 per cent for future developments.

We expect to own and have in operation at least six drill rigs by June 1st. If we never get any oil out of our wells when drilled, you can figure how easily we can make money to pay big dividends, drilling wells for the other fellow. That is why we are going to own our own rigs, to guard against the most remote conditions. We have already secured a contract for 26 deep wells. Our material is being rushed as fast as possible and with the continuance of favorable weather, we should be drilling before February 1st, for we have one of our rigs now standing in the yard at Wichita Falls, ready to be delivered, and other equipment ordered.

Read a few facts and figures that will give you some conception of how we can pay you handsome dividends. As we forestated we are going after large production by drilling deep wells. We are told that the price of oil in this particular part of the field is now \$2.45 per bbl. We will figure off the 45 cents for one-eighth royalties and expense, and figure \$2.00 per bbl. net to the company. At the rate of a 1000 bbl. well per day at \$2.00 per bbl. net would be \$60,000 per month, and \$120,000 in two months. With 60,000 to 70,000 shares of our stock sold—Par value \$1.00, you can see that with a two months run, we could pay you almost \$200 for each \$100 invested and still leave you retaining your valuable interest in the company, as a part owner in every asset. We'll cut the 1000 bbl. well in two and make it 500 bbls. per day, which figured on the same basis would be \$30,000 per month and four months will give you the \$120,000 to be divided among the few share holders. We will figure even lower than that, a 300 bbl. well, or \$700 per day which is \$21,000 per month, run would figure over an 80 per cent return on the number of shares we intend to sell. After all, we rob no man—only pierce MOTHER EARTH.

CAN A BLACKSMITH SUCCESSFULLY RUN A DRUG STORE AND FILL PRESCRIPTIONS?
The oil business is like all other business. It calls for experience. With sane and sound management such as we have, being well experienced in the oil business, and able to take advantage of every opportunity we believe we can make this company one, among the biggest payers that has ever been launched in any field—especially with the high price of oil.

The above data will give you an idea of the reason Mr. L. Johns, President of our company, personally guarantees to refund every dollar that anyone puts into this company, on their demand within 30 days of purchase date and pay interest at 10 per cent. If you are not satisfied after thoroughly investigating. Remember that this does not mean that I will return your money after drilling for 3 or 4 months. It is the conclusive guarantee that the company will stand the most rigid investigation.

There is not a share of promotion stock in this company, and it is co-operative all the way through. Why is it that the salesmen pay for this ad—in a co-operative company? Because the newspaper brings the customer to him and brings him ten where he could otherwise locate one!

ONLY UNTIL FEBRUARY FIRST TO OBTAIN SHARES AT \$1.00—AVAIL YOURSELF! THE SAME STOCK WILL GO TO \$2.50 PER SHARE FEBRUARY FIRST.

Make all checks or money orders payable to
L. JOHNS, Trustee
Tel. 2671, Wichita Falls, Tex. 707 Ohio St.
No Certificates issued for less than 25 shares.

Read why we call this a co-operative company. Every salesman must be a stockholder. Every driller or other employee of the company must own stock in the company.

This ad is of no cost to the Drillers & Producers Oil Co., as the cost of same is deducted from salesmen's commission.

Buy Land For Price of Lease \$80.00 Per Acre—Terms Right

400 acres 3 1/2 miles East of Holiday, in the shallow oil field. Will sell out—right-land, oil and gas lease, and rent. 200 acres in wheat, two good sets of improvements, everlasting water, and close up to proven oil field. All level land. The land alone is worth the money asked—can be leased for oil at money asked for whole, and retain royalty. Owner is a non-resident and is not familiar with oil developments in this section, otherwise it would not be for sale at any price. However, the latest from owner is to sell. See M. L. Munday, Room 9 Jones-Kennedy Bldg., City

Drilling Sites 5 Acre or 10 Acre Sites

In Section 43, 1 1/2 miles west of Burkburnett, Tex.

The Humble well near the south line of section 58 is reported flowing and will probably make several hundred barrels per day.

The Hammond-Art well in section 57 is 10 feet in a rich sand at 1860 feet and is being standardized preparatory to drilling in. Two derricks are up on the west side of Section 43.

This land is right on the crest of the anticline running from Electra to Burkburnett. Look at the map.

Price \$3,000 per Acre
Price will advance without notice.

 South Wichita Falls District.
 East Wichita, No. 1, W. P. Honaker, block 21, Cherokee county school lands, derrick.
 Can you find a par investment in the oil field paying 10 per cent and 20 acres adjoining gusher wells? We agree to drill to the deep sand. Think what stock will be worth on 20 acres. The 20 acres is now worth more than we are capitalized for, \$75,000. Isn't this the safest investment yet offered? Do you know where 20 acres 1600 feet from a flowing well can be bought for \$75,000. Here it is. We have it. Shares \$10. Buy all you can. Big 10 Oil Co. No. 1, 721 Dubo. 223-1tp

A D

JAM-UP —To the Townsite

Here's one of the best big opportunities to get in on real close-in stuff at Burkburnett, besides other acreage, look at this sketch; then buy Lone Star Production.

122 1-8 ACRES

The Lone Star Production Company controls leases to 122 1-8 acres of valuable oil acreage, as follows:

BURKBURNETT: 21-8 acres as shown on the accompanying sketch. This property lies about 1500 feet (get that straight—FEET; not yards, rods or miles) east and south of the famous School House block; about 250 FEET of the Goodloe-Kennedy well which is now SWABBING around 500 or 600 barrels a day. This well would probably make two or three times that much if properly finished. About 1100 FEET east of the Smith wells located south of the School House Block; about 700 FEET south of the big 1,000-barrel Smith well; about 600 FEET south and west of the famous FOWLER tract, said to be the most valuable single tract in this wonderful oil region. TEN MILLION DOLLARS is probably a conservative estimate of its present value. In other words, this lease is right in the core and center of Burkburnett's most active and richest territory!

BURKBURNETT: Ten (10) acres in the E. Rexford Survey, south of the townsite. This tract in the Burkburnett field is in addition to the property mentioned above. It is ENTIRELY SURROUNDED BY shallow production.

ARCHER COUNTY: Seventy (70) acres in the Elizabeth Johnson Subdivision, and lying between the Silk Deep Test, now being drilled and backed by a company of prominent bankers of Wichita Falls, and the big Sinclair Test now said to be making a fine showing for the deep sands. This property may easily prove to be worth MILLIONS of dollars, should either of the tests mentioned strike the gusher sands.

IOWA PARK: Forty (40) acres just north of the deep test on the Denny tract, and almost on a line between the Zink wells and the Watkins well. Developments here may bring on a big boom any minute equal in magnitude to the Ranger or Burkburnett booms. Investors know what that means.

You can secure an interest in these big holdings, IF YOU ACT PROMPTLY. Read our big offer of shares at par; then send in your application. Do it NOW.

To Your Limit!

Real Oil Men In Charge

Here are the names of the officers of the company—the men who are doing everything possible to put the company on a big-paying basis in the shortest possible time:

C. C. CANNAN, President, an oil man of many years of practical experience in financing companies, handling oil properties, supervising developments, etc. is the same Mr. Cannan who organized the Great State Oil Company and the Mid-Coast Oil Corporation, both of which are now operating in the Coastal Oil Fields of Texas. Mr. Cannan knows the oil business from the ground up.

J. H. MCCRACKEN, Secretary of the Company, is an old experienced field man, and has quite an enviable reputation for success in the selection of properties.

T. L. PHILIP, Vice-President and Treasurer, Mr. Philip is the man who established a record in Texas for fast drilling by completing a deep well successfully in only 14 days, and another well, 3500 feet deep, in only 35 days! These records, we believe, have never been duplicated. He is well known among drillers and operators throughout the state as a competent man, and has been connected with such well-known and successful companies as the Texas Company, the Gulf Production Company, and others of prominence. He knows the formations here, and asserts positively that there isn't one chance in a hundred of not getting BIG production on the 21-8 acre lease.

H. E. PHILIP, Trustee. This is a brother of T. L. Philip. He is well known among Burkburnett operators and has operated here long enough to bring in a number of big producers in this field.

These men assure you that they are going to do all that mortal men can do to get the oil—IN RECORD TIME. They will bring a world of valuable experience to bear on the company's activities that is sure to be of inestimable value and which will multiply many times the profit possibilities for those who secure an interest in this magnificent enterprise. You can make no mistake by joining these men, except the mistake of waiting until well No. 1 is half completed and the price of shares advances entirely beyond reach.

Big Profits Possible

Here's a combination that ought to make BIG profits for every one who puts a dollar into this enterprise while shares are selling at par. We have the properties; there can be no question about that in the mind of any one in any way acquainted with conditions. We have the management, experienced oil men, every one. We are modestly capitalized, considering the extent and location of our properties. Any single tract mentioned above would justify a capital stock of \$135,000; yet we have included them all. Many a company—successful companies—organized on a mere drilling location large enough for one or two wells, or perhaps a lot of wildcat acreage miles away from any producing well. At least 12 1-8 acres of our property is in actual PROVEN territory practically surrounded by producing wells. The balance of it is in such splendid territory that practically all adjacent and adjoining property is controlled by the big companies, such as the Texas Company, the Gulf Production Company, the Sun Company, The Sinclair Company, the Magnolia Petroleum, etc.

The Lone Star Production Company is capitalized at \$135,000, divided into shares of the par value of \$10.00 each. It is now selling at par, but a sharp advance will soon go into effect. Not all of this stock will be sold at once, however. Only a limited amount will be offered—sufficient to get drilling operations under way without delay and to push developments with all speed. We expect to get the oil in short order that will make BIG dividends possible, as well as a surplus for keeping up a vigorous drilling campaign. That's why QUICK ACTION is necessary on the part of those wanting an interest. You must positively get forward your application AT ONCE if you want shares at par. Read the guarantee printed herewith; then mail or wire your application.

Read This Guarantee—Then Act

You will want an interest in this enterprise. You will want such an interest because you will probably never have such an opportunity again. At the same time you may want to think it over a little, or perhaps investigate the statements made in this advertisement. Very well, Order and remit NOW for the shares you want. Then take five days to make up your mind. Take a run up to Burkburnett and look at our 21-8 acre property. You needn't go any farther unless you want to. If you don't want to invest after looking at this tract, simply say so and we will return THE FULL AMOUNT you sent us without a question. You don't have to give any reason whatever; simply ask for your money back. Could we make this offer unless every statement we have made is absolutely true? We are so absolutely confident that you will quickly realize the bigness of this offer after going to Burkburnett that we think you will want to double or treble your subscriptions instead of canceling it.

Make, Mail or Wire Your Stock Reservation TODAY. Indecision or Delay Now Means a BIG Opportunity Lost!
