foreign corporation, a certified copy of its character. These concerns are also required to give a bond not to exceed 10 per cent of their capital stock as a protection to investors in their stock. There is considerable doubt of the passage of this drastic measure in the house, as so far that body has failed to pass any measures inimical to the development of the oil industry...

# ARMY TRANSPORTS ARRIVE WITH TOTAL OF 10,253 TROOPS

By Associated Press.  
NEW YORK, Feb. 22.—The army transports Henderson and Orizaba arrived here today from Bordeaux with 77 officers and 4,293 men.  
Troops aboard the Henderson included convalescent detachments numbers 15, 19, 43, 45, 54, 58, 65, 86 and 84 inclusive.  
The Orizaba's passengers included headquarters and supply companies, ordnance and medical detachments and batteries A, B, C, D, E and F 82nd field artillery and headquarters 15th field artillery, all bound for Camp Dix; quartermaster casual company number 4 New York, casual company 468 Marines; 466 Texas; 497 North Carolina; 498 Virginia; 509 Texas; 506 Alabama; 501 Tennessee; 503 (colored) South Carolina, and 506 West Virginia, Bordeaux convalescent detachments numbers 94 and 96.  
The transports arrived from St. Nazaire with 4,447 troops including the 7th and 71st coast artillery regiments, St. Nazaire convalescent detachments 95 to 97 inclusive.  
The cruiser *Trumbull* arrived from Brest with 1,536 troops. The units included Company I of the 161st infantry, companies I and M, a part of company B, and the medical detachment of the 16th infantry.  
The Henderson was late in reporting here being carried off her course by the high winds and rough seas.

# IMPORTANCE OF HELIUM DEPOSITS IS EMPHASIZED

By Associated Press.  
WASHINGTON, Feb. 22.—Immediate congressional action to enable the United States to acquire deposits of helium in Oklahoma and Texas, the only known natural sources of this gas, was urged today by Colonel William E. Gilmore before the senate military affairs sub-committee.  
He told the senators how the army expected that helium gas, which is non-combustible, would revolutionize warfare in heavier than air machines, and said foreign governments would try to obtain the gas.  
If the use of helium gas had been perfected early in the war, Colonel Gilmore said, many casualties resulting from the explosion of dirigibles and balloons by incendiary bullets would have been averted. Discovery of the gas was accidental, resulting from complaints by users that they were being set off by balloons, which came at a time when the war department was in need of such a gas for inflating aircraft.

# REPORT FAVORABLY BILL FOR MINERAL PREFERENCE RIGHT

Special to The Times.  
AUSTIN, TEX., Feb. 22.—House committee on public lands and building this afternoon reported favorably on a bill by Malone and Nelson giving to the owners of land heretofore sold by the state with reservation of mineral and which minerals have become forfeited for failure to alienate the same within the time prescribed by law, the preference rights to secure from the state the right to such minerals.  
The committee also reported favorably on senate bill by Dudley to validate the sale of land belonging to the public free school and asylum funds, and to which the mineral rights were not specifically reserved. Most of the lands involved in these measures are situated in North and West Texas.

# PRESIDENT AND PARTY ARE NEARING BOSTON'S HARBOR

By Associated Press.  
ON BOARD THE U. S. S. GEORGE Washington, Feb. 22.—The George Washington, at noon today, was only 500 miles from Boston and making such good time that she probably will anchor some time late Sunday night.  
The presidential party will remain aboard, however, not landing until Monday forenoon after breakfast and in time to get into the city about noon.  
The President has not prepared his Boston speech in advance and it is noted that he will speak very briefly.  
Today was given over aboard ship to the celebration of Washington's birthday. At noon a presidential salute of 21 guns was fired in honor of the first president, for which the President and all his party came on deck. They remained on deck until after sports, of which there were many.

# THE RUINED CATHEDRAL AT RHEIMS

Those who contend that France is enforcing drastic armistice and peace terms should study this evidence of "kultur," which, shocking though it is, is only a minor exhibit in the case of Civilization against Germany.

# NINE ARE KILLED AND 75 INJURED IN TRAIN WRECK

By Associated Press.  
PITTSBURGH, Pa., Feb. 22.—Nine persons are known to have been killed and 75 others injured, many fatally, when a Baltimore and Ohio railroad passenger train crashed into a double header locomotive here tonight. The accident occurred shortly after nine o'clock and at midnight, police, firemen, railroad men and private citizens were still at work on the debris in an effort to bring out any bodies pinned in the wreckage. Steel mill workers in the vicinity heard the crash. They dropped their work, rushed to the scene and dragged many bodies from the mass of twisted wreckage.

All ambulances of the city were called, doctors and nurses rushed to the scene and an alarm of fire was turned in, bringing firemen who helped in the work of rescue.  
All of the victims of the accident reside in and about Pittsburgh, many of them from the city of McKeesport, near here.

# SALESMAN IS FOUND GUILTY OF MURDER

By Associated Press.  
MEMPHIS, TENN., Feb. 22.—Fay E. Hasen, traveling salesman, was found guilty of the murder of E. R. Simms, houseman of Alexandria, La., by a jury here today. It was Hasen's second trial, the jury failing to reach an agreement at the first trial. Simms was shot to death September 1, 1917, in a parlor car on a train at the Memphis union station while in company with Mrs. Hasen. Hasen claimed he shot in self-defense. Pending the outcome of his appeal for a new trial, Hasen was admitted to bail of \$15,000 which he furnished.  
Miss Maude McClellery of Dallas is visiting Mrs. Fred Carter.

# OFFICIAL BULLETIN ON CONDITION OF PREMIER

By Associated Press.  
PARIS, Feb. 22.—The official bulletin issued tonight on the condition of Premier Clemenceau says:  
General and local conditions remain satisfactory. Pulse 73; temperature 37.5 (Centigrade)—about 99.7 Fahrenheit.  
(Signed) "Traifan Masetti, Laury and Combe."

# OPTION IS GIVEN ON ST. JOSEPH BALL TEAM

By Associated Press.  
ST. JOSEPH, MO., Feb. 22.—Local baseball interests have been given an option of one week on the St. Joseph baseball team by E. J. Hamble, owner of the club, who at the meeting of club owners of the Western League here today, announced his determination to sell. Local men are offered the club for \$24,000.

# Block No. 59 is in my Judgment the best Oil Land in the Burk-burnett Field

That is the opinion expressed by one of the leading geologists in the county. His judgment is unquestioned by oil men who are familiar with his ability.

# AMERICAN OIL & GAS CO.

The Humble is making 1800 per acre per day. (The Humble is making 1800 per day)  
Some people say we capitalize too high. But its not high for good stuff, and really the only oil land that's worth buying at all is the high priced acreage. Its high priced because its sure and because it produces big results. Block 59 is worth from ten to fifteen thousand dollars per acre because it offers the best prospects for the biggest returns of any thing in the field.

# A THOUSAND BARREL WELL IS WORTH A QUARTER OF A MILLION DOLLARS

There have been some criticisms of the little oil companies in the Burk-burnett field. Many stock buyers have expected to realize more profits than have come to them. But after everything is said and done, no one can point to a single buyer who has not made money, and the profits in nearly every instance have been more than they would have been in any other business.

# IT IS THE OPPORTUNITY OF A LIFE TIME

A glance at the map will show how the big companies value this section. With the Humble to the south, west and north, the Texas Co. to the east, and the Marine to the southeast, it certainly should look good to the small investor to get into a company with five acres right in the center—our location is the northwest five acres of the southeast forty, making it in the very center of the block.

### GERMAN ASSEMBLY IS DISCOURAGED BY MURDER OF EISNER

HAS DISHEARTENING INFLUENCE ON SATURDAY'S SESSION AT WEIMAR.

### STRIKE ALSO HAS EFFECT

Chancellor Scheidemann Warmly Eulogizes the Bavarian Premier.

By Associated Press. WEIMAR, Friday, Feb. 22.—The national assembly opened today's session under the disheartening influence of the Munich murders and a sudden change for the worse in the strike situation in the Ruhr industrial region. The news of the killing of Premier Eisner of Bavaria and the probable assassination of Herr Auer, the minister of interior, and other ministers was posted on the newspapers bulletin board in the lobby of the theater where the assembly meets. Chancellor Scheidemann, in an address warmly eulogized the men reported killed. Even the authorities have been unable to obtain exact news of the Munich developments as the rioters appear to control the Munich postal and telegraph offices, but enough is known to make it certain that Bavaria is going through a critical period. This fact had an unmistakable effect upon the spirits of the assembly. Chancellor Scheidemann first paid tribute to the late Herr Eisner who had been the chancellor's friend for 25 years. Chancellor Scheidemann appeared again before the assembly after an interval of a few moments and surprised the house by picturing the situation in the Ruhr region as serious. Herr Scheidemann lashed the independent socialists furiously for what he characterized as their sponsorship of bolshevism and he predicted the complete victory of the government in putting an end to what he termed as "those disgraceful audacious proceedings."

JACK DEMPSEY

Having completed his business with Ter Rickard for the time being, Jack Dempsey and his manager, Jack Kearns, slipped out of New York for Allentown, Pa., where Dempsey started a theatrical tour of six weeks. He is to get \$1,000 for each week for his time. Kearns has another offer for Dempsey's historic services, and probably will accept, since Dempsey will not have to begin training for the title fight before the middle of May. Dempsey will not be allowed to enter in any boxing bouts before he meets Willard, which will not be pleasing to the Utah manager. Dempsey thinks that to be a fighter it is necessary to be fighting.

For cutting carcasses of meat two New York men have patented a revolving knife that is driven by belts and pulleys as it hangs at the end of a counterbalanced arm. A new self-starter for light automobiles turns the engine with compressed air and also can be used to inflate tires.

### CONCENTRATION OF EXPLOSIVES CAUSES GILLESPIE HORROR

WASHINGTON, Feb. 22.—Concentration of enormous and excessive quantities of explosives in disregard of New Jersey laws was responsible for much of the destructiveness of the explosion last October at the Gillespie munition plant at Morgan, N. J. The Senate was informed today by the military affairs sub-committee, which filed a report covering its investigation of the disaster.

Recommendations of the sub-committee which consisted of Senators Myers of Montana, and Beckham of Kentucky, and Frelinghuysen of New Jersey, include federal legislation to regulate storage of explosives near populous centers and a rigid war department inquiry into the conduct of army officers responsible for conditions at the Gillespie plant. The committee found that 87 deaths and loss to property estimated at \$3,500,000 was caused by fire and explosion, which killed 10,000 persons were compelled to leave their homes, many of which were badly damaged. The report stated that more than 30,000,000 pounds of explosives were stored at the Gillespie plant, of which it was estimated 12,000,000 were destroyed.

### HAVE HOPES TO CLEAR MYSTERY OF MURDER

By Associated Press. KANSAS CITY, MO., Feb. 22.—Light is expected to be shed on the murder here Thursday night of Dr. Thomas E. Dickson of Ramona, Okla., when Detective J. E. Clifford returns tomorrow morning from Pittsburg, Kans. accompanied by material witness located there today. This witness says he met Dr. Dickson the night of the murder, but left him earlier and adds that he heard of the murder first when reading the account in the newspapers. He is returning to Missouri without extradition and told the detectives he is willing to tell all he knows to help solve the mystery which so far surrounds the killing of Dr. Dickson.

### DO NOT BELIEVE AMERICANS HELD CAPTIVE IN RUSSIA

WITH THE AMERICAN FORCES IN NORTH RUSSIA, Thursday, Feb. 20.—While vague reports have reached the American forces on this front indicating that there perhaps may be a few American soldiers held captive at Volodga or Moscow, it appears that the majority of the 85 Americans which is the total number listed as missing in action since the beginning

of the campaign must be counted as dead. Some of these were wounded men who became lost in the woods, while others were members of small detachments which were surrounded and are believed to have died fighting. One American captain who commanded the force operating near Shenkursk said that the 17 men who were missing after that attack were undoubtedly dead as the bolsheviks apparently conducted their campaign on the basis of making no prisoners. Although the American casualties in the field during late December and in the month of January were heavier than those for all the other months combined, the total losses in killed, died of wounds or disease, or missing, for the entire expedition up to today are only 194 of which number eight were officers. This is less than four per cent of the forces involved.

### AMERICAN CAMP AT IS-SUR-TILLE IN FRANCE IS BURNED

By Associated Press. PARIS, Feb. 22.—The American camp at Is-Sur-Tille has been destroyed by fire, according to a dispatch to the Havas agency from Dijon. Despite the prompt and efficient work of the Americans, the entire camp was burned with quantities of clothing and equipment. The damage is estimated at one million francs.

### MEXICAN POLICE EXECUTE NINETEEN BORDER BANDITS

By Associated Press. BROWNSVILLE, TEX., Feb. 22.—Nineteen men, eight of whom were from the same community 20 miles up the Rio Grande from Matamoros, have so far been summarily executed by the state police of the Mexican state of Tamaulipas in a campaign to end banditry along the lower Rio Grande, according to reliable information in Matamoros tonight. The state police was recently organized along the lines of the Texas ranger force and is said to be comprised of men from interior Mexico who have no families. The police have been supplied with the names of "bad men" and their method, it is said, is to enter the home of the man wanted, identify him, and if he is unable to give a plausible explanation of his means of livelihood, to immediately execute him either by shooting or hanging him.

### Salvation Army Will Discontinue Daily Collection

By Associated Press. NEW YORK, Feb. 22.—Tambourines and free-will offering boxes which for more than 35 years have been used by the Salvation Army in gathering funds, are to be abandoned, according to a statement issued here today by Commander Evangeline Booth in announcing plans for a "drive" for \$10,000,000 next May. "Endorsed by millions of new friends and adherents because of its successful war relief work in France," the statement says, "the old time methods of soliciting aims would be unwarranted waste of time and an imposition on the public." In future it was decided by the army's executive council, there will be one general effort to collect necessary funds, thus giving nearly 250,000 Salvationists, including officers and relief workers an opportunity to concentrate on works of mercy upon a greatly enlarged scale.

Yes I have them as large as your bank account. I am talking of

DIAMONDS and priced right too. You don't have to go out of town to buy them.

Dave Paul

### HUNDRED THOUSAND DOLLAR COMPANY IS NEW ORGANIZATION

With a capitalization of \$100,000, the Big Six Trading Company has been organized to do business in Wichita Falls and Wichita county, the members of the company being former New Yorkers, who were attracted to this section by the glowing pictures painted by Abe Lebonson, on his return to New York, after a trip to Wichita Falls, to see whether his cousin, Saul Lebonson, spoke the truth concerning the oil business. The Big Six includes Harry Harvey, George Schustek, Dick Kranz, Maurice Hyman and Abe and Saul Lebonson, all just arrived from New York within the week, with the exception of Saul Lebonson, well known merchant of Wichita Falls.

Offices of the company have been opened in the upstairs of Saul's store, and the young men are ready to do business. Already they have acquired holdings in Wichita Falls business and residence property, and in oil leases in the county, that are over \$200,000 in value. These holdings include business property on Indiana Avenue and residence lots in Floral Heights, Southland and various other residence additions, and twenty tracts of acreage in Iowa, Park field, two drilling sites at Burk Burnett, and two acres also at Burk Burnett, for which \$31,000 was paid, royalties on oil properties, and fee title to several blocks in the town-site of Iowa Park.

Saul Lebonson is president of the Big Six Trading Company, Messrs. Schustek, Harvey and Kranz vice presidents, Mr. Hyman secretary and Abe Lebonson treasurer. All of the members of the company have come to Wichita Falls with the intention of making it their home. All of the newcomers are unmarried, and are young men that have made a success in their business in New York city. Messrs. Lebonson, Kranz and Schustek are in the cotton goods business, Mr. Harvey is the manufacturer of the well known brand of Non-Farell shirts, and Mr. Hyman is an attorney. All are enthusiastic over Wichita Falls, and the prospects for the future.

### CHARTERS ARE GRANTED TO LOCAL COMPANIES

**AUSTIN, TEX., Feb. 22.**—Chartered today: Planters Petroleum Company of Wichita Falls, capital stock \$120,000. Incorporators: A. H. Bevering, Clay county; H. Pennington, Ross Corlett, and M. L. Hooker.

Merchants Petroleum Co. of Wichita Falls, capital stock \$150,000. Incorporators: A. H. Bevering, H. Pennington, M. L. Hooker.

Clay-Tex Oil Company of Wichita Falls, capital stock \$75,000. Incorporators: George H. Crank, J. A. Garnett and E. D. Summers, all of Wichita Falls.

Sam Kruger, the jeweler, left last night on a trip to Chicago, New York, Providence, Rhode Island, Attleborough and other jewelry markets to buy goods for his store.

### PEASANTS REPORT THAT BOLSHEVIKI TROOPS MUTINY

**By Associated Press.**  
**ARCHANGEL, Friday, Feb. 21.**—Canadian, Italian, Serbian and Russian Karelian troops in an offensive movement southward along the Murmansk railway on February 19, pushed forward 35 miles, capturing considerable railway material and fifty prisoners and inflicting heavy losses on the bolsheviks.

All sectors on the Archangel front so far as reports to headquarters indicate, are quiet. Not one shot has been fired in the last ten days. The weather has been unusually cold.

Peasants coming into the allied lines from bolshevik territory declare that several bolshevik commands have maintained and refuse to stay at the front.

### AMERICAN NAVAL GUNS ARE PRAISED BY REAR ADMIRAL

**By Associated Press.**  
**WASHINGTON, Feb. 22.**—The part played by American naval guns in the fighting on the western front during the closing days of the war, is told in a report made to the navy department by Rear Admiral Charles P. Plunkett, who commanded the batteries. The report, made public tonight, gives a chronological account of the operation of the big 14 inch, 50 caliber guns from the time the plan to place the rifles, originally designed for battleship service on land mounts, was conceived, to the cessation of hostilities.

Admiral Plunkett explained that the first round fired by the guns was timed by devices used by the gunners so that it landed within the German lines exactly one minute before 11 o'clock on November 11, at which hour firing ceased.

"The shell craters were remarkable for their uniform size and great extent," he said. "One shot was sufficient to completely wreck a railroad line of three tracks for a distance of at least 100 feet, tearing up the rails, shattering the ties and blowing an enormous crater in the roadbed. Traffic was stopped completely, not only during the firing but from six to ten hours each day after the firing had ceased. The batteries cost \$2,685,970 and, with 2,400 projectiles, the total outlay was \$3,337,970; or less than the cost of two destroyers. The guns at an elevation of 45 degrees could be fired from the railroad mounts 24.2 miles.

Honduras has built a steam drying plant to experiment with the production of copra from coconuts grown along its coast.

### DEMOBILIZATION SHOWS A FALLING OFF DURING WEEK

**By Associated Press.**  
**WASHINGTON, Feb. 22.**—The weekly interview with General March, the chief of staff having been deferred because of a holiday, the war department made public today the usual statistical review of the progress of demobilization showing that a total of 74,432 have either resigned or been discharged from the army to date, while 1,164,513 men have been released.

Orders issued up to February 20 provide for the demobilization of approximately 3,330,000 additional men, 249,000 of whom are those returned from overseas.

The table of discharges per week showed that on the basis of early returns from the camps fewer men were released during the week ending today than in any week since November 23. The discharges totaled 23,000, against 28,000 the preceding week and 195,000 the record week, December 24.

### TRANSPORT MAKES FIRST TRIP SINCE TORPEDOED

**By Associated Press.**  
**BOSTON, Feb. 22.**—The transport Mount Vernon, formerly the German liner Kronprinzessin Cecilie, sailed for Brest today on her first voyage since the completion of extensive repairs at the navy yard. The Mount Vernon was torpedoed off the French coast last September, but was able to put back to Brest for temporary repairs, after which the steamer was sent here.

Sailing on the Mount Vernon were several hundred seamen who will man German liners to be turned over to the United States for use as transports.

### Seven Unions Vote "No Beer—No Work" Strike On July 1

**NEW YORK, Feb. 22.**—Strikes on July 1 to make effective the slogan "No Beer—No Work" have been voted by the New York iron workers, shipbuilders, longshoremen, hatters, stationery firemen, pavers and rammers unions. It is announced at a meeting of the Central Federated Union here.

### MICHIGAN FORTIFIES AGAINST LIQUOR TRAFFIC

**DETROIT, MICH., Feb. 22.**—The illicit traffic in liquor across the Ohio-Michigan border is all but under control tonight, according to J. Herbert Cole, a special agent of the department of justice, who arrived here tonight from Monroe on the state line.

The county, state and federal officers are co-operating in patrolling the border armed with John Doe warrants for the search of automobiles and a blanket injunction against the use of all highways for the importation of liquor.

### DR. MARY WALKER DIES AT HER HOME ON BUNKER HILL

**By Associated Press.**  
**WATERBURY, Feb. 22.**—Dr. Mary Walker, aged 87 years, died at her home on Bunker Hill, near Oswego, at 3 o'clock last night after a long illness. She was a surgeon in the Civil War and was awarded a congressional medal of honor. She gained considerable fame by being the only woman allowed to appear in male attire, an act of congress.

Dr. Walker was injured by a fall on the Capitol steps in Washington two years ago and returned home last spring considerably weakened. She declined to accept assistance of neighbors in caring for her house but later yielded to the suggestion of the town authorities that she go to the United States general hospital at Fort Ontario. At her request she was permitted to leave the hospital and return home. She died in the home of a neighbor who had been caring for her.

### CATTLEMEN WANT RAILROADS UNDER PRIVATE CONTROL

**By Associated Press.**  
**HUTCHINSON, KAN., Feb. 22.**—The return of railroads to private control at the earliest possible moment compatible with the public good and their regulation by the Interstate Commerce Commission was urged in resolutions adopted at the closing meeting of the Kansas State Live Stock Association's annual convention here today. The convention also recommended that the telephone, telegraph, express and cable companies be returned to private management.

The resolutions also favored a closer co-operation of the producers and packers, and government supervision and regulation of packing plants and stock yards, but not government ownership. The association also went on record as opposed to the daylight saving law. The resolutions recommended that law enforcement officers be required to enforce the law relative to full weight and full protein content of all mill and cottonseed feeds.

 WARM—COZY—COMFORTABLE  
 ROOMS FOR 200 MEN

### THE TENT HOTEL

9th and Austin  
 TUCKER & HIGDON, Props.  
 WICHITA FALLS, TEXAS

**RATES \$1.00 A DAY; NEVER HIGHER**  
 Cut out this square—save it for the future

High wooden side walls keeping out dust and draughts. New spring beds, good mattresses, shelves for your personal knick-knacks, fresh clean linens daily.

Every tent heated; electric lights, raised wooden floors, rugs, chairs, writing tables, stationery and ink—all the comforts of any first class hostelry.

This is not a "Tent City." It is simply the tent hotel; the adaptation of the durable, waterproof United States army tent to the hotel plan—and you know that the word hotel presupposes comfort, convenience, service and attention.

We wish you would visit the tent hotel; when you have seen its warm "rooms," its arc-lighted "corridors," its board walks, its perfect sewer system, its office with telephones and its location near to the business heart of the city—well, we believe you'll forsake that cold, untidy room for which you've probably been paying \$40 a month or more.

Rates \$1.00 A Day—Jesse James is Dead

**Leases for Sale**

### DRILLING DEEPER INCREASES FLOW OF RANGER WELL

Special to The Times.  
RANGER, TEX., Feb. 22.—The Ernest No. 1 of the Prairie Oil and Gas Company in Eastland county has been drilled deeper and the flow has increased to 400 barrels daily. The initial production of the Ernest was small.

The Gains No. 1 of the Sinclair Gulf Co. in Brown county is getting down to a critical point and is being watched with much interest by operators in that section of the state. It is now drilling at 2360 and it is expected the sand will be reached at around 2440 feet. A number of the wells in northern Brown county are reported shut down waiting the completion of the Sinclair test.

### Weowna Company Has Six Producing And Two Drilling

Stockholders of the Weowna Oil Company are in receipt of a communication from R. W. Hockaday, president of the organization in which he outlines the operations of the company at the present time and refers incidentally to their immediate plans for development. The letter is as follows:

Wells Nos. 1, 2, 3, 4, 5 and 6 have been drilled in and are now producing oil. Well No. 7 has completed rotary drilling at 1630 feet and will set casing at this depth tomorrow. Well No. 8 is drilling at 1200 feet.

These eight wells should be completed before the adjourned meeting of the stockholders is held at Wichita Falls, March 15, 1919. Only two of these eight wells Nos. 3 and 4 were drilled on 50-50 basis. The six other wells are owned entirely by your company. When the eight wells above referred to have been drilled, no further drilling will be done until the meeting of March 15, when the wishes of the stockholders with respect to further development will be determined, and the policy then agreed to will be subsequently carried out.

All the wells of the company have standard equipment and arrangements are now being made to use gas engines for pumping. This will cut the operating expenses materially. The initial and therefore large expense of producing has been successfully and satisfactorily taken care of and this property can now be more economically operated.

There are probable locations immediately adjoining the townsite of Burk Burnett within well proven territory for wells 9 and 10. Two deep test wells now being contracted for by other companies, one in the shallow field two miles south of the townsite, the other near Bacon, may prove there is territory in these two sections for wells of your company to be drilled later on the railroad property covered by your lease. There is no plan which contemplates drilling wells in any other locations than on the railroad lease. The railroad right of way lease owned by the company is a valuable property. No investments in new leases have been made nor are being considered.

The Weowna Oil Co. is not building a refinery, and has not organized any subsidiary company of any kind. There is no effort being made nor any plan considered for increasing the capital stock of the company.

### Lawton People Organize To Drill Red River Bed

The Burk Burnett Placer Mining and Oil Company, with Lawton people as organizers, is offering shares of stock at \$10 per value, in their company, capitalized at \$250,000, with 1600 acres of land out of the bed of Red River as their acreage. This is land filed on under the placer mining act, and the company's officers are Allen Fields, president; C. S. Ulrich, vice-president; C. L. Wilson, secretary and Alex Walker, treasurer. It is stated that ten rigs will be under construction on the company's holdings within the next week.

Burk Burnett a Wonder.  
Thousands are daily being made by those who bought stock in the wonder gusher oil field. Delays are expensive. I put off buying one day and lost seven thousand five hundred dollars. Don't wait, write today for free map and picture of Burk Burnett oil field. Success Oil & Gas Co., Eldora Hotel, Wichita Falls, Texas. 244-6tp

Meeting of Stockholders Mammond Art Oil Co.  
Stockholders in the Mammond Art Oil Co. are hereby notified that the meeting of the stockholders of this company will be held in the company's offices, Room 417 First National Bank Building, Tuesday morning, February 25th, at 10 o'clock. All stockholders are requested to be present.—Joe L. Art. 244-2tc

### J. A. Gardner Is New Manager of Gulf Production

J. A. Gardner, present in the Port Worth offices of the Gulf Production Company, has been named to succeed W. B. Larkin, general manager for the Wichita Falls district, according to an announcement in the Port Worth papers. The local office has not been officially notified of his appointment as yet.

Mr. Larkin's resignation goes into effect on March 1. He is resigning to go into the oil business independently, as was stated a short time ago when announcement was made of his resignation. Both Mr. Larkin and his successor have been with the Gulf Production Co. for a number of years.

### AGAIN USE SWAB ON ACCOUNT OF GAS PRESSURE

A strong flow of gas in both the Bearman and Canada wells, on the west side of Burk Burnett townsite, has necessitated their being charged back from pump to swab, it is reported from the field. These wells are showing more gas than was expected, which made it hard for them to pump.

This is said to be a not unusual experience of wells at Burk Burnett, many of which continue a strong gas flow for some time after the first flush production.

### BANK CLEARINGS FOR WEEK ENDING SATURDAY

The total bank clearings for the week was \$2,764,668.06, as announced by H. L. Hunter of the local clearing house. The report is as follows:

Monday	\$ 681,652.33

### SUGGEST BUILDING AS MOST SUITABLE TYPE OF MEMORIAL

WASHINGTON, D. C., Feb. 22.—Soldiers memorials in the form of community buildings, dedicated to civic and social uses, and, wherever possible, built with bonds of the fifth liberty loan, are urged by the Bureau of Education, Department of the Interior, in a circular sent to every school community in the United States.

A number of communities have already concluded that a building, in constant use as a reminder of the sacrifice made by the soldiers and sailors of the Great War, is more appropriate and enduring than the conventional grave-yard monument. There is a growing conviction," says Dr. Henry E. Jackson, author of the Bureau's circular, "that the conventional stone shaft, placed in a graveyard among the dead, is not a fitting memorial to those who died for freedom. The suggestion, made both in France and America, that these memorials take the form of community buildings, dedicated to civic and social uses, is obviously wise an thought to meet universal approval. On the walls of such a building should hang a bronze tablet containing the names of each community's martyrs to liberty.

The merit of honor. This type of memorial will guarantee that no boy who gave his life for justice and freedom will be forgotten. The number of American lives lost in this war is very small in comparison to those lost in the Civil War. If a community lost only three or four, it might not think it worth while to build a monument. But a community building is needed entirely apart from its memorial purpose. The chief advantage of this type of memorial, however, is not that it is economical, but that it keeps green an inspiring memory, and it seeks to put into operation, through its civic and social activities, the ideals for which our boys fought in France.

"Funds for this purpose could be

raised more easily, if they were raised in the form of Liberty bonds during the fifth loan, which is to come in this spring. The bonds can be used as money when the time comes to build. Thus a community can serve itself, while, at the same time, it is rendering a national service. By this method more money for the government could be raised than by any other. Not only would many individuals gladly contribute an extra bond or two for the benefit of their local community, but many who are unable to do this could pool their small gifts and contribute to a bond. Likewise, entertainments and social activities can be utilized to raise funds.

THE TREE.  
I think that I shall never see  
A poem lovely as a tree.  
A tree whose hungry mouth is prest  
Against the earth's sweet flowing breast.  
A tree that looks at God all day  
And lifts her leafy arms to pray.  
A tree that may in summer wear  
A nest of robins in her hair;  
Upon whose bosom snow has lain;  
Who intimately lives with rain.  
Poems are made by fools like me,  
But only God can make a tree.  
—Joyce Kilmer.

## OIL LEASING BILL IS OVERTURNED BY POINT OF ORDER

WILL BE SENT BACK TO CONFERENCE TO ELIMINATE THE OBJECTION.

## TROUBLE WAS EXTENSION

Exceeded Authority by Including Alaska in Provisions of the Measure.

By Associated Press. WASHINGTON, Feb. 22.—The conference report on the oil, gas and coal land leasing legislation was overturned in the Senate tonight, a point of order by Senator La Follette of Wisconsin, being sustained which caused the bill to be sent back to conference.

Senator Kirby of Arkansas, Democratic, temporarily presiding, made the decision.

In making his point of order against adoption of the report, Senator La Follette charged the conference had exceeded their authority by inserting in the bill an amendment extending the provision authorizing the leasing of coal land to include Alaska.

In defending the conferees' action, Senator Pittman of Nevada, chairman of the Senate managers, declared that under the provisions of the bill as passed by the Senate, the Senate had, by the bill's language, intended to extend the provision to Alaska, and denied that any new legislation had been inserted.

The chair ruled, however, that the extension was new legislation. Senator Pittman announced after the chair's action, that he would immediately call a meeting of the conferees to eliminate the objectionable provision so that an effort could be made to obtain its final enactment before the end of the present session.

**Burkburnett Oil And Development Wells About Due**

Favorable progress is reported on several wells in which the Burkburnett Oil & Development Company is interested. This company owns royalties in the Burk-Hort lease, about two blocks north of the station at Burkburnett and adjoining the right of way of the Wichita Falls & North-western railway.

Well No. 1, according to statements from the field, is expected in within a few days. The company's No. 2 well is "due" late next week, while No. 3 is on the sand and casing has been set to within 20 feet of the bottom.

## BIG BURK NO. 2 IS REPORTED GOOD FOR 800 BARRELS

Stonewall Brown reports that his Big Burk No. 2 on the Hardin is flowing at least 800 barrels. He states that the well will probably be drilled deeper into the sand.

The second well on this lease is being started and drilling will begin this week on Big Burk No. 3.

Mr. and Mrs. C. W. Payne of Woodhouse, Ill., are in Wichita Falls for the purpose of making investments. Mr. Payne is cashier of one of the Woodhouse banks.

## MARINE CHECKS WILL BE MAILED ON WEDNESDAY

Checks to Marine stockholders representing their share of the initial cash payment of \$1,000,000 for the Burkburnett properties, will be mailed out on Wednesday. It was stated Saturday at the office of C. H. Clark, one of the trustees, "as sale was finally consummated on Saturday, when the titles were finally approved by attorneys of the purchasers and the million dollars cash was handed over to the trustees, together with the note for \$500,000."

The cash payment will amount to approximately 20% per cent of the entire purchase price, being a little less than one third. Payment is made on the basis of 1 1/2 to one, according to the terms set forth when the first announcement was made of the sale of the Marine properties.

Judge Ira Taber of Toledo, Ohio, and Frank Reid of Tulsa, attorney, were here for the closing of the deal together with J. W. Gilliland and A. H. Richards of Tulsa, the purchasers, and J. B. Gilliland of Dallas.

### SOMETHING OF HISTORY OF TREVES IN THE VALLEY OF THE MOSELLE

WASHINGTON, D. C., Feb. 22.—Treves, where many American aviators with the army of occupation in Germany have their headquarters, is described briefly in colloquial language in "Cent Sentinels," a miniature newspaper published by members of the 16th Aero Squadron. A. E. F. extracts from the article are contained in a bulletin of the Nation Geographic Society, sent out from its Washington headquarters. The extracts follow:

"The very name of the place (Treves, or Trier, in German) takes us back to prehistoric times, far past the days which are so impressively memorialized by the Roman ruin and Gothic pile to the day to which tradition assigns the origin of the Treverer tribe, ascribing it to the person of one Trebeta, stepson of the Assyrian Semiramis who liked his mother-in-law's society so little that he relieved himself of it by taking an exit from the land of his birth and trekking northward to that of Woian and Thor.

Valley of the Moselle. "In the valley of the Moselle he stopped, and here history finds his descendants waiting to be conquered by the Romans and put on the map in authentic Roman style.

"That the Romans were here one could not doubt after a visit to the vicinity. There is the great Circus Maximus, second only in size to the Coliseum itself; two sets of baths, one of which goes by the name of Kaiser Palace, probably because it looks so much more like a palace than a plunge; the Port Nigra, or gate of entrance to what were once massive defensive works at the eastern side of the city; and portions of the great structures in present use such as the imposing cathedral known as the Dome, and the stately Basilica repaired during recent times and dedicated to Protestant worship.

Little Doing for a Time. "We imagine that after the Roman days when the Frank was finally overrun by the Franks and the Latin Emperor at Treves sent packing, that real estate must have been somewhat inactive and building operations at a standstill for some time, from the fifth century on. At any rate, there doesn't seem to be much to record about Treves until after Charlemagne's day. Of course, it was embraced in his domains and, later, at the famous treaty of Verdun, linked up with Lotharing.

"Under the Emperor Henry I it passed to Germany and the German claim that it has remained theirs ever since, except for a couple of decades when Napoleon included it within French boundaries. It has been hosed alternately and in concert by counts, ecclesiastics, electors, aldermen and burgoesters, but mostly by ecclesiastics, especially after the ninth century, when the 'divine right' slogan was getting limbered up.

"It was an archbishop or two who built the walls in the thirteenth century, and others like him who carried on the reconstruction of the great Dome already mentioned, with many edifices of Gothic and subsequent design owe their inception to such worthies. To a co-bishop is said to belong the credit of holding up the aldermen when, as late as 1871, they were bent on allowing stones to be taken from the amphitheater for road repairs. This wasn't the first time the Circus Maximus had been mistaken for a rock quarry though; the monks of Hilsersdorf built their house adjacent to it out of materials which the Roman works supplied.

"Germans, Austrians and French have all 'clanked the sabre' in Treves. Even the Spaniards were here in 1634, only 11 years before it was invested by the troops of the Grand Monarch under the illustrious Turenne. Napoleon annexed the whole district to his empire a century and a half later, but the Congress of Vienna ceded it to Prussia, and Prussia it has remained ever since.

Streets Are Narrow. "The streets, usually narrow and winding in witness of their medieval past, are clean, well paved, and flanked by excellent shops, restaurants and hotels, while the market place and squares divert the eye. A one summer through the town thronged with peaceful civilians, or stops on the ancient bridge to survey the beautiful Moselle creeping silently between its piers and lapsing the green banks that stretch away in level pastures to the abrupt embrace of wooded hills beyond, there is little to suggest to one that he is standing in the land from which the word 'Kriegsmobilie' (war mobilization) went forth in 1914 and which has been lashing half the world with its fury of attempted conquest ever since.

For Sale. Bargains in Floral Heights lots: Lots 9 and 10, Block 34, for \$1250; Lot 15, block 110, for \$500; Lots 1 and 8, block 68, for \$1100 each; Lots 2 and 7, block 68, for \$1000 each. Anderson, Patterson & Ross 244-10

### FAVORABLE ACTION ON BILL PROVIDING WHEAT GUARANTEE

WASHINGTON, February 22.—The wheat guarantee bill, authorizing the President to use existing agencies or create new ones to buy wheat of the 1918 and 1919 crops at the government guaranteed price and dispose of it at market prices was passed today by the house by a vote of 277 to 16. Senators interested in the measure said favorable action by the senate was assured.

Though some members criticized the large appropriation involved, they held it was necessary to keep the government's promises made to stimulate wheat production, and that the measure will be put through without delay.

### Failure of Driller To Arrive Delays Burk-Bridge Well

The government driller failed to show up at the Burk-Bridge well on Saturday, as was expected, consequently the setting of casing and the testing out of the sand which has been reached is again delayed, according to reports brought from the well late Saturday night by R. E. Abernathy, one of the company officials who had been at the well waiting for the government man who was reported to have left Walters, Okla., Saturday morning on his way to the Burk-Bridge well.

The casing is already up to the derrick, ready to set and only a few hours will be needed for this task, according to Mr. Abernathy, of course barring unforeseen accidents.

### ACHIEVEMENTS OF 35TH DIVISION IS WARMLY PRAISED

By Associated Press. WASHINGTON, Feb. 22.—Praising the achievements of the American troops, Major General Peter E. Traub, commander of the Thirty-Fifth Division, told the senate military affairs sub-committee today that the unseasoned replacements did as good work as the veteran units and added that "as long as we have the kind of men in America that we had in this war, the country need not fear any power or any combination of powers on earth."

General Traub denied charges made by officers which he had relieved from commands that he favored regular army officers over National Guard officers. He told the committee that the time Brigadier C. I. Martin, adjutant general of Kansas, was relieved of his command, another brig-

### Three Old-Time Leaders of Navy To "Scrap Heap"

By Associated Press. PHILADELPHIA, Feb. 22.—Three of the old-time leaders of the American navy have been condemned to the scrap heap. The Indiana, Massachusetts and Iowa, battleships now in the basin of the Philadelphia navy yard will shortly be destroyed as they have outlived their usefulness. Yet, 25 years ago, they were the equals of anything afloat. The Indiana class of battleship was regarded as a daring experiment. When the Indiana first went to sea all on board were impressed with the feeling that she might turn over in a heavy sea and go to the bottom.

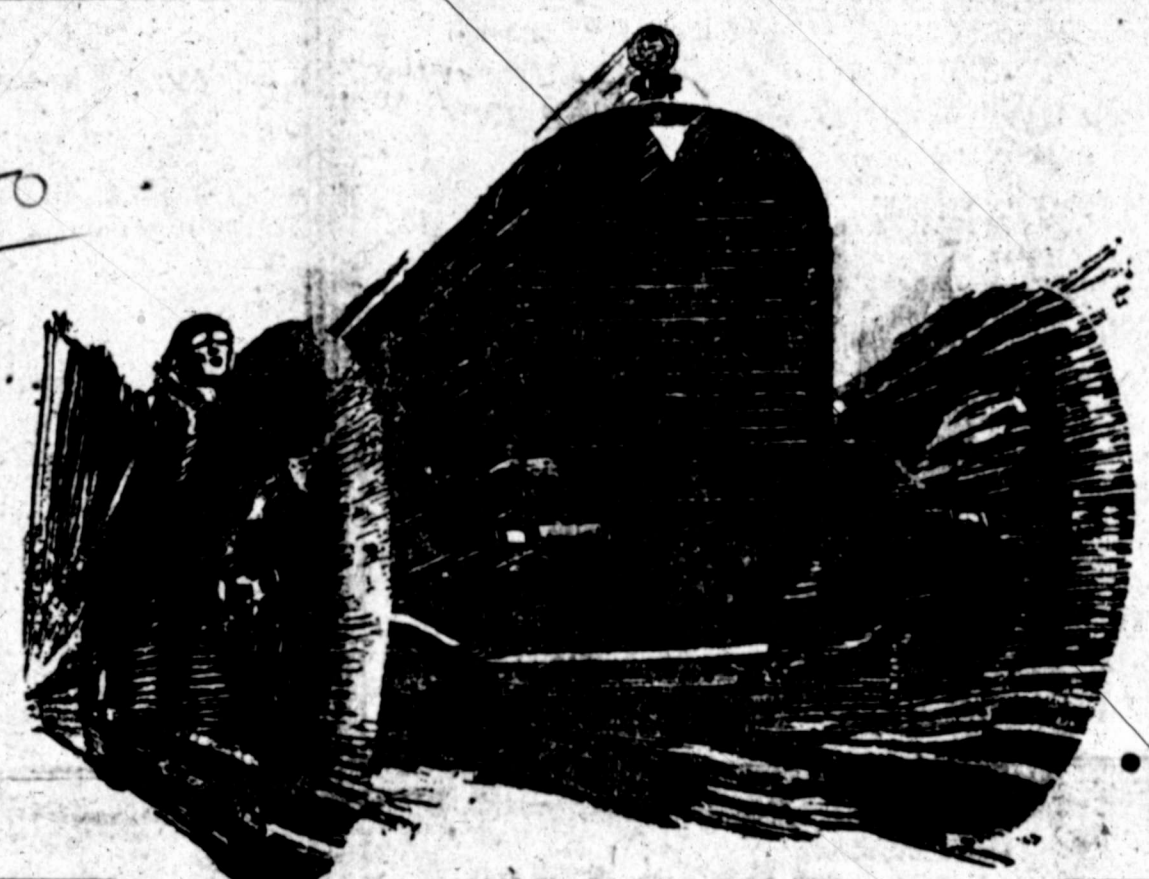

Although the old battleships are still serviceable, and they were used in the world war they are obsolete and are therefore destined for the naval morgue.

You may recall this illustration as being one used two years ago in connection with Hudson Super-Six trials on the speedway

## What the Speedway Proved Then 60,000 Hudson Super-Sixes Now Confirm

Speedway and cross continent tests were used to reveal the endurance of Hudsons, when the Super-Six was a new car.

The records made then, such as the great Pike's Peak Hill Climb up the world's highest roadway—the 24-hour record of 1819 miles—the unmatched round trip trans-continental run between San Francisco and New York in 10 days, 21 hours—are memorable milestones in automobile history.

For three years the Hudson Super-Six has been the largest selling fine car in the world. Its position is more firmly entrenched today than ever. Every new car, every new model, that has come out since the Super-Six made its debut has been a silent tribute to Hudson leadership.

### But a Greater Proof is Now at Hand

Those records made Hudsons the choice of 60,000 users. And the performance of those cars during the past three years is even a greater proof of Hudson Super-Six endurance and performance than were those more dramatic tests about which all motordom showed such interest at the time they were being made.

### The Shows Reveal That Leadership

Among fine cars that are ever powerful and equal to every emergency, the Hudson Super-Six holds undisputed leadership, as every automobile show this year has proved. Its refinements, both mechanically and in appointment, mark the latest developments. Its supreme leadership is still shown by the activity of its sales, exceeding that of any other fine car.

They proved that the performance of individual cars merely reflected the character of every Hudson. Now advancements in refinements have been made as the Hudson Super-Six has grown in favor. New body types have served to make it the pattern car in that respect as well as the most enduring traveling machine built.

It is that situation which calls for early action on the part of buyers.

Factory production is concentrated on closed models for which there is an ever and immediate demand. No open car models will be available, except the few that some dealers now have, before early summer. Prompt choice may insure your getting a Hudson. Delay may mean disappointment, just as it has to thousands each spring in the past three years.

### J. G. CULBERTSON ELECTED PRESIDENT OF MOTOR COMPANY

J. G. Culbertson, former treasurer and general manager of the Wichita Falls Motor Company, succeeded J. A. Kemp as president of the corporation, at the annual meeting of the board of directors Saturday. Mr. Kemp was elected chairman of the board for the ensuing year. J. W. Culbertson, vice-president; A. G. Savelli, vice-president in charge of export, and G. S. Breneman, secretary.

Announcement was made that an important sales connection has been made by the company with a large Eastern corporation which will handle Wichita trucks exclusively in the Eastern territory. One of the officials of the selling company spent several days last week at the local factory, and placed a number of orders for trucks. The Wichita Falls company is now well represented in New York City, where several Wichita motor trucks were exhibited recently at the motor truck show in the Grand Central Palace.

Nat Henderson has purchased the first Wichita Motor Co. farm tractor to be used in this territory. It will be delivered to his ranch this week. The company has export orders on file for a large number of these tractors.

### AT THE CHURCHES

**Church of the Good Shepherd.**

# PLANS COMPLETE FOR NEXT WEEKS' RELIEF CAMPAIGN

### COMMITTEES HAVE BEEN NAMED FOR THE VARIOUS DISTRICTS OF THE CITY.

# CHURCHES ARE TO ASSIST

### Boy Scouts Have Also Been Drafted Into Service—Tag Day on Saturday.

This week, from Feb. 24 to March 1, Wichita Falls and Wichita county is called upon to raise \$25,000 for the starving women and children and old men of Armenia and Syria, and an aggressive campaign, to begin today and terminate Saturday, when the women of the city are asked to hold a Tag Day for the sufferers of the Near East, was mapped out Friday night by John Davenport, named as chairman of the campaign, by the Dallas office, and W. R. Duke, the chairman of publicity, also appointed by the Dallas office. Committees to canvass the business district, and to work the residence sections, and arrange for Tag Day, were named by Mr. Davenport and Mr. Duke, who ask that all those whose names appear on the several committees consider it their duty to serve for the short time that is necessary to raise this money.

**Need is Urgent.**  
"We drafted these people because of the great need, and it was impossible for us to ask them if they could serve beforehand," said W. R. Duke Saturday. "We feel sure that no one will refuse to serve for the short time that they will be needed, for this is one of the greatest needs of the present day. Surely Wichita Falls men and women will not forget the needs of suffering humanity, will not pass by unheeded the cries of starving little

children, just because they are busy making money."  
The churches are asked to take special contributions today. Some of them have already taken special offerings for Armenian and Syrian relief, but this offering in addition is requested. Sunday school and church officials who have money on hand for the relief fund are asked to turn it into any one of the treasurers named below, and to report the amount of their offerings for publication.

**Capt. Morse to Speak.**  
On Thursday, Feb. 27, Captain C. J. Morse, who has been on the western front the greater part of the war, and who knows of the suffering in the devastated countries from first hand experience, will speak in Wichita Falls at the First Christian church. Arrangements will also be made for Captain Morse to speak for short periods in the stock exchanges during some of the calls on Thursday. His lecture at the First Christian church will begin at eight o'clock. Other speakers will visit the stock exchanges daily.

The Boy Scouts have been drafted to give what assistance is desired in making the house to house canvass of the residence section, and C. C. Shotton named in charge of the boys. The woman's committee is headed by Mrs. M. J. Bashara, and the following women are requested to serve: Mesdames W. W. Silk, C. W. Snider, J. W. Lee, N. L. Inge, J. W. Stone, R. E. Shepherd, F. B. Grey, J. A. Kemp, J. A. Pond, T. B. Smock, Frank Kell, M. E. Carey and Wade Walker.

Burk Burnett, Electra and Iowa Park are to be served notice that they are expected to raise their share of the \$25,000 asked of the county, despite the busy conditions, as these places are no busier, if as busy as Wichita Falls, and this city expects to raise its allotment in a short time. The committees appointed, and the district for which they will be held responsible follow:

**Ohio Avenue and Offices:** J. C. Hunt, chairman; J. M. Bland, A. L. Huey, Sam Kruger, J. M. McFall, Marvin Smith, Iven Murchison, George Hodgins.

**Indiana Avenue and Offices:** John W. Bradley, chairman; Frank Collier, C. J. Bernard, B. J. Bean, Fred T. Cooper, T. H. Peery, J. M. Baber, Otto Stohlit.

**Seventh Street and Offices:** J. W. Pond, chairman; J. S. Bridwell, J. E. Childress, Nat L. Inge, W. B. Hamilton, J. B. Stokes.

**Eighth Street and Office Buildings:** M. J. Bashara, chairman; John O'Donoghoe, W. W. Silk, Newton Maer, W.

D. Cline, G. Clint Wood, W. S. Curlee, Ninth Street and Offices; O. L. Bacon, chairman; W. J. Grisham, L. C. Robertson, J. R. Bilyeu, John Chambers.

**Factories and Refractories:** T. B. Noble, chairman; J. W. Culbertson, C. H. Clark, H. A. Allen, M. A. Bundy, A. R. Maples, J. L. Art.

**Electra Committee:** Earl Slater, chairman; L. B. Douglas, E. A. Dale, Sid Smith, Brannon Smith, I. K. Williams.

**Burk Burnett Committee:** I. E. Harwell, chairman; R. L. Redd, C. A. Wallin, J. G. Hardin, J. A. Staley, Milton Clendenin.

**Iowa Park Committee:** John T. Overby, chairman; Tom Carridon, Pate F. Gwynn, Frank Boyd.

**Treasurers:** Fred C. Barron, general treasurer, National Bank of Commerce; R. E. Shepherd, City National Bank; G. E. McCutchen, First National Bank; Lester Jones, Wichita State Bank; Chas. Crowell, American National Bank, Iowa Park; A. L. Caviness, First National Bank, Burk Burnett; C. H. Cooper, Farmers State Bank, Burk Burnett; J. A. Wise, First National Bank, Electra; C. W. Coffey, First State Bank, Electra.

**Management that puts safety for deposits and good service to customers ahead of all other considerations is a leading feature of the National Bank of Commerce.** 440-11

# Unable To Serve As Commissioner From Burk Burnett

The Times has received the following from J. D. Cooper, announcing his inability to serve as county commissioner from the Burk Burnett precinct:

To The Times:  
Since it has been reported in the Daily Times that I was appointed a member of the county commissioners court from the Burk Burnett district, I think it proper I make known my inability to serve. Under present conditions my private interests require so much of my time that I could not give the office the time and attention I would want to give it if I were to accept the appointment. I have therefore notified the court of my inability to serve.  
I wish here to thank the court for considering me for this important position and very much regret that I cannot accept it as I would like to do.  
J. D. COOPER.

The success and growth of the National Bank of Commerce are the logical result of the fact that the bank always lives up to its policy of giving a square deal to every customer, whether his account is large or small.

## BIDS WANTED

Sealed bids on the following listed items will be received up to and including February 25, 1919.

All articles ready for and subject to inspection.

Bids and communications should be sent to F. D. Keim of the Knights of Columbus War Activities Committee, Box 313, Wichita Falls, Texas.

## The Essex Speaks for Itself

New in Name and Type—Proved in Popularity

# Its Position is Assured

## Marks Progressive Step in Construction and Engineering Development

The Essex was introduced without an elaborate advertising campaign. Its makers were confident it would win popularity by its performance and appearance. They wanted the car to speak for itself. They wanted the public to be its advertisers.

So eloquently has the car spoken that the number of Essex owners promises to be limited only by the production capacity of the factory. The year's only new car has won such enthusiastic admirers that we resist the temptation to describe or make claims for it. Whatever we said would of necessity be overshadowed by the praise of those who have seen the car tested.

We want you to have an actual demonstration. We know that you will recognize in the Essex a distinctively new type of car. We are sure you will appreciate the beauty, comfort, riding qualities, endurance and refinement that usually mark the costly car, combined with the lightness and economy of the inexpensive one.

Reports from the factory indicate that production can not keep pace with demand. Those

who fail to buy now may be disappointed later in the season. Probably half a million people have recognized the unusual worth of the Essex. They have made it the chief topic of automobile conversation. Salesrooms have been crowded. Waiting lists have had to be established for those who wish delivery at the earliest possible date.

### Meets Every Demand

Let us prove to your satisfaction that the Essex, at a moderate price, has none of the shortcomings and limitations common with inexpensive cars. Learn why others love to ride in it and marvel at its grace and mechanical merit. See for yourself why its beauty is so much admired—why it has won unprecedented popularity with both men and women. You will see that it meets every exacting demand of youth for smartness and flexibility; that it gratifies the desire of maturity for comfort, refinement and reliability.

### SENATOR REED OF MISSOURI STAGES ANOTHER ATTACK

JOINS REPUBLICANS IN OPPOSITION TO PROPOSED LEAGUE OF NATIONS. SUPPORTS BORAH CHARGE

Senator Sherman Also Enters into the Discussion with Criticism of Mr. Taft.

By Associated Press. WASHINGTON, Feb. 22.—Support for the republican attacks in the senate upon the proposed league of nations came today through Missouri, when Senator Reed of Missouri, democrat, delivered a prepared address in denunciation of the plan.

Reed denounced the league, and on all questions he insisted, the United States would be overwhelmingly outvoted. He denounced the league as a movement of internationalism.

Denouncing the league as a movement of internationalism Senator Reed asserted that the "fangs" of bolshevism were plainly visible in its constitution. The provision requiring America to fight foreign wars, he said, was "monstrous."

Senator Ashurst, of Arizona, democrat, sharply criticized reading of the letter, declaring it made Mr. Taft an "object of ridicule." "This is no way to conduct debate on this league of nations," said Senator Ashurst. "Although I have agreed with Mr. Taft politically, for four years he was president of the United States and an honest patriotic gentleman."

Senator Sherman replied that he would not have presented his constituent's letter but for President Taft's recent statement that "he would not trust overnight" senators opposing the league.

Senator McKellar of Tennessee, democrat, interrupted to declare that Mr. Taft had specifically "pledged" himself to support the league. Senator Sherman said he endorsed his constituent's criticism of Mr. Taft adding:

"I regard the conduct of the ex-president as not only unjustified but as grossly partisan and unfair." Mr. Sherman added that Mr. Taft had applied for a pension to the same end as he had in 1907, paying expenses of his present campaign.

Senator Sherman read a letter from a constituent out of which Mr. Taft was assailed and his political record reviewed to the utmost amusement of senators and the overflowing galleries.

### 36TH AND 90TH DIVISION RECORDS GIVEN IN BRIEF

GIVES DATE OF LANDING AND ACTIVITIES AT FRONT AND PRISONERS TAKEN.

### INSIGNIA IS EXPLAINED

Record is Reproduced From a Recent Issue of the Stars and Stripes Received Here.

A brief outline of the history of the Thirty-Sixth and Ninetieth Divisions since their arrival overseas is contained in a recent issue of the Stars and Stripes, several copies of which have been received in Wichita Falls. These two divisions are of exceptional interest because there are many Wichita Falls boys in each of them, and friends and relatives will be glad to hear their record, condensed as it is, and to have the divisional insignia explained to them.

**Thirty-Sixth Division.** National Guard of Texas and Oklahoma. Divisional headquarters arrived in France July 31, 1918. Activities: Blanc Mont sector, north of Somme-Py, October 5 to 25 (French Champagne offensive). Prisoners captured: 18 officers, 531 enlisted men. Guns captured: 3 pieces of artillery, 294 machine guns. Total advance on front line, 21 kilometers. Insignia: Cobalt blue arrowhead with a khaki "T" superimposed upon a khaki disc. The arrowhead represents Oklahoma and the "T" Texas. Ninetieth Division. National Army of Texas and Oklahoma. Divisional headquarters arrived in France June 13, 1918. Activities: Sazerac-Haye-Puvenelle sector, Aug. 24, Oct. 10; St. Mihiel operation, Sept. 12-15; demonstration at beginning of Argonne-Meuse offensive, Sept. 26; Argonne-Meuse offensive Oct. 19, Nov. 11. Prisoners captured: 32 officers, 1,844 enlisted men. Guns captured: 42 pieces of artillery, 230 machine guns. Total advance on front line 38 1/2 kilometers. Red monogram "TO", standing for Texas-Oklahoma.

### ORGANIZE BRANCH CIVIC LEAGUE IN FACTORY DISTRICT

The organization committee of the Civic League held a meeting Saturday afternoon at the Sam Houston school, and with the co-operation of the women of the school and factory district organized a branch of the league. Miss Florence Jackson, county home demonstration agent, briefly outlined plans for the organization of branch leagues throughout the city. The following officers were elected: Mrs. Rae, president; Mrs. Beggs, vice-president; Mrs. Felton, secretary and treasurer.

The new branch will hold its first meeting on March 6.

### HAVE POSTPONED THE AIR SERVICE MEETING PLANNED

The meeting originally scheduled to be held in Washington February 27 by business men from various parts of the country, who are interested in the preparation of plans to be presented to congress for the maintenance of the air service, has been postponed. A telegram containing this information was received here Saturday from the Lake Charles, La., Association of Commerce. Herbert Bayless, general manager of that body, has requested, however, that the Wichita Falls chamber of commerce send a delegate to the capital city to obtain information regarding the details of the movement.

It is expected that J. P. Waggoner, of this city, who is now in Washington, will be asked to represent Wichita Falls in the matter.

It will pay to investigate

### THE FEDERAL OIL TRUCK

2 Ton Special at \$2650 F. O. B. Detroit

We are now making deliveries on the Two-Ton Oil Field Special. This model is specially designed and built to fill the needs of the Oil Man and Merchant who requires a Truck of Rugged Construction—Power and Extra Long Loading Space Back of Seat—where materials of long lengths such as pipe, casings, lumber and etc., can be carried to a greater advantage.

Remember—75 Per Cent of the load on the average truck is carried on the rear end. In the Federal Oil Field Special this condition is greatly relieved. Ask us to show you why.

Federal Trucks are built by the oldest exclusive manufacturers of Trucks in the country, being now in their eleventh year. Federal Trucks are no experiment. They have been tried and proven, are known the world over, and are recognized as supreme in the Truck World.

Capacities range from One to Five-Ton, and there is a size best required to fit your business.

Our Truck Representative Will Call on You.

Following a meeting held late last week, the Jewish citizens of Wichita Falls have started a campaign to raise a fund of \$50,000 with which to build a synagogue in this city.

# AMUSEMENT

**EMPERESS CALENDAR:**  
Monday: Pauline Frederick in "Out of the Shadow."  
Tuesday and Wednesday: William Farnum in "Les Miserables."  
Thursday: Madeline Travers in "The Danger Zone."  
Friday: Fred Stone in "Under the Top."  
**GEM CALENDAR:**  
Monday: Eddie Polo in "Lure of the Circus"; also Big "V" special comedy.  
Tuesday: Triangle feature, Pauline Starke in "Irish Eyes"; also good comic.  
Wednesday: Bluebird super-feature, Carmel Myers in "A Society Sensation"; also University current events.  
Thursday: "Doug" Fairbanks in big special feature; also good comedy.  
Friday: Last episode of Pearl White in "House of Hate"; also good O. Henry story.  
Saturday: L-Ko Comedy and Bison western feature; also Hearst News.

**"LES MISERABLES" COMING TO THE EMPRESS TUESDAY**  
Just as Victor Hugo's world-classic Les Miserables is the strongest human story ever written, so William Fox's faithful screen adaptation of that master production coming to the Empress theater on Tuesday is without question the most absorbing film drama in years. William Farnum, famous for his interpretation of rugged roles, appears as Jean Valjean. Frank Lloyd is the director.

The whole play revolves about the suffering and the sacrifice of Jean Valjean, a young peasant of Southern France, who is condemned to the galleys for stealing a loaf of bread for his wife and children. His original sentence of imprisonment and hard labor is extended to 19 years because of harsh treatment leads him to repeat, but ineffectual attempts to escape.

Jean Valjean returns from the living grave with his soul embittered. He takes up a new life without enthusiasm, his heart dead, his whole being inflamed against society. The thoughtfulness of a Bishop who gives him food when all others drive him from their doors, shows him a new way. He is converted to the cause of right. His conscience becomes his guide.

**PAULINE STARKE COMING TUESDAY IN "IRISH EYES"**  
The Gem theater offers that winsome little screen star, Pauline Starke, in "Irish Eyes" as the attraction Tuesday.

"His Bridal Night" is accorded highest praise by the Philadelphia, New American when presented in that city last season. The criticism follows:

"His Bridal Night" which comes to the Wichita theater Monday and Tuesday, was accorded the highest praise by the Philadelphia, New American when presented in that city last season. The criticism follows: "His Bridal Night" proved to be one of the best farces that Philadelphia has seen in years. The farceist provided throughout a long period has been of such humor character that an invitation to a farce was somewhat to be dreaded. But "His Bridal Night" proved to be the exception, the reward that comes after a long space of "watchful waiting" for something with a touch of novelty, with the germ of laughter in it. The story is based on the fact that two young gentlemen of wealth are in love with two young ladies who are twins and so much alike that their own relatives have difficulty in telling them apart. One of the girls, who is to be married, has been flirting with her sister's sweetheart, and the sister in revenge impersonates her immediately after the wedding and leaves with the young husband. The sister and the young man follow them and the complications that ensue are many and irresistibly funny.

Judy meets "Daddy Long Legs"—A scene in the romantic comedy, "Daddy Long Legs", which is the attraction at the Wichita Theater, Saturday, Mar. 1

By maintaining an account with the National Bank of Commerce you make certain of unquestioned safety for your money and of friendly helpful co-operation in the handling of your business and financial problems.

**Empress Theatre**  
MONDAY  
**Pauline Frederick**  
—in—  
**'Out of the Shadow'**  
Can you keep a secret? Of course, if you are a man you will say "Yes." And equally, of course, if you are a woman you will reply in the affirmative, even if all the traditions of your sex prove the contrary. But there is hardly a man alive today who can resist the pleadings of a beautiful woman, and it may be all right to tell her your "innocent" secrets—but who will she tell? In this contest for the love of a loveless marriage, a man and a musician combat for the love of the wife of one of them. Which comes out victorious? Who was the murderer of the brutal husband of that young Australian bride? These are some of the interesting questions to be solved in this thrilling picture from the book, "The Shadow of the Rope," by E. W. Hornung with Pauline Frederick in the leading role.  
ADULTS, 15c; CHILDREN 12 AND OVER, 10c; UNDER 12, 5c.

**Empress-- Theatre**  
Tuesday and Wednesday  
WILLIAM FOX Presents  
**WILLIAM FARNUM**  
in "LES MISERABLES"  
IN 9 REELS  
Human interest is the keynote of William Fox's production of LES MISERABLES, according to the dramatic critics of New York City, who witnessed the initial showing of the picture when it was presented at the Lyric Theatre, New York City. The production also was praised because of the care and accuracy with which the Victor Hugo story had been followed. William Farnum, in the role of Jean Valjean, generally was credited with having scored the triumph of his screen career.  
It was the judgment of The New York Herald reviewer that "the photoplay probably is as close an approach to literature as has been accomplished on the screen," and The Morning Telegraph declared "the visualized work is every bit as strong as the printed work."  
FOLLOWING ARE A FEW OF THE COMMENTS:  
"There are people who are continually crying for better pictures. To them we would say, 'See Les Miserables.'"—New York Tribune.  
"Quite the best picture that has been seen heretofore."—New York Times.  
"In strength of plot and human interest 'Les Miserables' surpasses the memorable 'Homo-System'."—New York American.  
"A note of poignant human interest was dominant through it all."—New York Herald.  
"An excellent example of what the movies can do for the classics of literature."—New York World.  
"Months of preparation have been spent and the splendid photoplay showed fine evidence of this fact."—New York Globe.  
"A delicious piece of character work. It was a triumph of art for William Farnum."—New York Evening World.  
"The film moves on with a dramatic intensity that never lags. Always the human interest is uppermost."—New York Evening Telegram.  
ADULTS, 35c; CHILDREN, 12 AND OVER, 25c; UNDER 12, 15c.

### LADIES OF THE CHRISTIAN CHURCH MEET MONDAY

The Ladies Aid of the First Christian church will meet in a joint social and business session Monday afternoon at three o'clock at the home of Mrs. M. L. Reid at 908 Burnett, with Mrs. Reid, Mrs. Reece and Mrs. Tevis as hostesses.

### MUSICIANS' CLUB HAS INTERESTING PROGRAM

A very instructive as well as entertaining program was given by the Musicians Club at their open meeting Thursday evening, held at the home of Mrs. A. B. Britain. "War Songs" was the motif of the program, which was divided into two parts, the first part consisting of "Old War Songs" while in the second part "The New War Songs" were taken up. The numbers on the program were:

Part I.  
Selections by Katz Orchestra, with "Hixie" and "Yankee Doodle" as encores.  
Piano solo, Miss Gladys Herron.  
Violin solo, Miss Marian Maer.  
"Revolutionary and Civil War Songs," Mrs. Barron.  
Part II.  
Solo, "The Americans Came," Miss Veale.  
"The Influence of the Present War on Music," Mrs. Wade Walker.  
"The National Anthems of Our Allies," Miss Agnew.  
Group of American War Songs, Mrs. Tully, Mrs. Easton, Mrs. Roberts, Mrs. Barron and Mr. Murchison.  
Piano solo, Miss Florence Sammons.  
During the intermission a punch was served and following the program a delicious lunch plate was served.

A partial list of members and guests included Mesdames Colley, O. E. Maer, Barnard, Ashmore, Clifford, Gibson, Huff, Tulley, Myttinger, Roberts, Pirtle, Sanders, Schart, Misses Lillian Fain, Agnew, Veale, Maer, Sammons, Herron, Bartlett, Stonecipher, Cook and Messrs. and Mesdames Barran, Robertson, Walker, Collard, Murchison, Fulton, Ben Bell, Garrison, Livingston, Fain, Fulton, Collard and Britain, and Mrs. Katz and members of the orchestra.

### STUDY OF "ROME" BY THE BETA DELPHIANS

The Beta Delphian Society met at the Kemp Public Library club room Thursday afternoon in the study of "Rome." The following interesting program was carried out: "Prehistoric Rome," Mrs. Barron; "Amusements and Diversions," Mrs. Curlee; "Political Life and Growth," Mrs. Cobb; "Principates," Mrs. Waller. The papers of Mrs. Curlee and Mrs. Waller were carried over until the next meeting which will be held March 6.

### PRESBYTERIAN LADIES WILL ENTERTAIN MONDAY

The Ladies Aid of the Central (Southern) Presbyterian church will entertain with a social at the church on the corner of Eleventh and Bluff streets, Monday afternoon at three o'clock. Every member of the church is urged to be present and a special invitation is extended to all Presbyterians who have recently moved to the city, especially Southern Presbyterians.

### PLAN FOR BOX SUPPER FOR FRIDAY EVENING

Woodman Circle 1687 held an interesting meeting Friday afternoon. Plans were made for a box supper to be held Friday evening February 23. Each lady is to bring a box containing enough for two or more.

### MRS. CAREY ENTERTAINS THE NEW IDEA CLUB

The New Idea Club met Wednesday

afternoon with Mrs. M. E. Cursy, 1611 Tenth street. The hostess served a lunch plate consisting of bread and butter sandwiches, scolloped eggs, marshmallow pudding, mints and coffee.

An offering of \$73.50 was taken for the Missionary fund and \$55.50 for the circle dues. The hostess served delicious punch to a large number of members and the following visitors: Mesdames Berry, Crowell, Adams, Hollingsworth and Miss Peterson.

### SOCIAL BREVITIES.

Miss Elizabeth Hamilton is spending the week end in Dallas.

The Westminster Guild will hold a social meeting at the home of Mrs. R. O. Harvey, 1631 Tenth street.

Mrs. Stogswell Brown has gone to Denver, Colo., for a short visit with friends.

Mrs. D. M. Raden, of Davenport, Ia., is visiting her sister, Mrs. W. E. Rutledge, 1011 Eleventh street.

The Ladies of the Maccabees will meet Monday afternoon at two o'clock with Mrs. W. A. Soule. All members are urged to attend this meeting.

### MISSIONARY CIRCLE MEETS WITH MRS. W. W. SILK

Circle number two of the Missionary Society of the M. E. Church, South, met with Mrs. Silk Monday afternoon

with Mrs. Crowell in charge of the devotional. The following program was carried out:

Bible quiz led by Mrs. C. C. Shelton.  
"The Size, Population, Language and Religion of Africa," Mrs. Dan Carithers.  
"The Task of Evangelizing Africa," Mrs. Barcus.

"What the Centenary Movement Will Do for Africa," Mrs. Walker.  
Round table discussion: "How to

protect the young Negro girls and train and educate them for their task in the world."

"The Armenian and Syrian Fund," Mr. Wilson.

The success and growth of the National Bank of Commerce are the logical result of the fact that the bank always lives up to its policy of giving a square deal to every customer, whether his account is large or small.

### SIX PRISONERS ARE MOVED TO ARCHER CITY

Owing to the crowded condition of the Wichita county jail, six prisoners were transferred Saturday to the Archer county "hoosegow," the men leaving here last night in the custody of Deputy United States Marshal Goodfellow.

# Featuring Fashion's Latest Decrees Throughout the Store

## Spring, in Spirit and Beauty, Distinguishable in all of the Recent Arrivals

Every day brings a few new suits and every day brings something new in style. There are suits, the short waisted models—smart and extremely attractive. And the vested types with the highly colored vest effects that add charm.

And the braid trimmed fashions. The predominating materials are Serge, Poirer Twills, Tricotine, Tricolette and Poullette.

Priced \$25.00 to \$115.00

## Women's Spring Gowns

Picturesque drapes, long loose panels, elongated waistline, irregular tunics are all cleverly employed to impart slenderness in the new spring gowns. Gowns of flowered Chiffon, Satin, Pussy Willow and flowered Georgette Crepe.

A very beautiful showing at

\$25.00 to \$95.00

## The Newest in Millinery!

Unusually extensive is the showing in this department just now—larger than we

have ever had so early in the season. Included are new models of Georgette and straw maline and straw and all straw models, featuring close fitting shapes becomingly trimmed with flowers.

Priced \$6.50 to \$25.00

See our display in front Window

Butterick Patterns

## Society Brand Clothes

See our ad on page six—Part Three

## Beautiful New Line of Fancy Petticoats, Priced \$8.50 to \$12.50

We are showing a beautiful and complete line of silk undergarmentery—Gowns, Teddies, Camisoles, Petticoats.

## Beauty in Blouses

Smart styles in new Blouses fresh from makers of high repute. Priced \$5.95 to \$25.00

## The Season's Newest Ideas in Silks and Fancy Woolens Are Indeed Fascinating

New printed Crepe, new Chiffon Taffetas, new Georgette, new colored Shauntungs, new Foulard, new plaid Skirting, new Shirtings, new fancy silks.

### BOSQUE COUNTY REPORT AROUSES MUCH INTEREST

SHOWING OF GAS HAS BEEN FOUND WITH STRONG INDICATIONS OF OIL.

### NEW RANGER GUSHER

Is Brought in by John Markham Jr. on His Copeland Tract West of Town.

Special to The Times.

FORT WORTH, Feb. 22.—Increased interest in the operations in Bosque county has been created by the report that a strong showing of gas has been found in the Benedum and Trees tract on the Rogers farm, six miles north of Walnut Springs at 2,400 feet. There are strong indications of oil.

From Santa Anna it is reported the Gladys Belle Oil Company has brought in a small 75 barrel well in its Garrett No. 1 in Coleman county.

Land Bids for \$500,000. Harry Oliver and R. E. Hodges of Eastland have sold between 53 and 60 acres located between the Emma Terrell and Connelly wells in the Ranger district to W. E. Deegans, John B. Hoffer and A. J. Broderick of West Virginia for a cash consideration of \$500,000.

John Markham Jr. brought in another gusher on his Copeland tract to the west of Ranger last night. The Copeland No. 6 came in with a flow estimated at 4,500 barrels.

In the Duke field the Herrington well of the Plains Oil and Gas Co., one mile north of the Duke discovery well, is today producing 60 barrels an hour or a little more than 1,400 barrels. The Hogg well of Skelley and Sankey is reported to be making 1,500 barrels.

### Success Oil Co. Is New Company Organized Here

The Success Oil Company, with offices in the Eldora Hotel, is one of the newest companies organized in Wichita Falls, and is placing a limited amount of its \$50,000 capital stock for sale to the public, officials of the company announced Saturday. The company has a two and a half acre block out of block 75, Red River Valley Lands, about 4200 feet northwest of the Humble well on the Herndon, and a little over 2,000 feet from the Cliff wood and Marine wells on the Hardin.

C. C. Knight is trustee of the company and W. S. Crawford and R. J. Craton are interested in the organization. The company expects to have its stock up in a short time, and to begin drilling operations soon thereafter.

### LOCAL CITIZENS PLAN TO DRILL IN TILLMAN COUNTY

N. Henderson, John Bland and Bruce Greenwood of this city, Alex Henderson of Frederick and C. P. Rogers of Dallas are planning to drill in Tillman county, Oklahoma, where they have 2280 acres under lease. They have organized a company to be known as the Anticline Oil Company and will put 640 acres into this company which will be capitalized at \$65,000.

The acreage is absolutely virgin territory having never before been tested for oil. The land is about five miles southeast of Hollister, and is in territory that has been favorably reported by geologists. Arrangements that have been made for a geologist to visit the lease and the location for the first well will be made on the recommendation of the expert. The well will be drilled with cable tools to a depth of 2,500 if necessary.

### FIFTY BARREL WELL BROUGHT IN SOUTH OF THE ZINK WELL

W. C. Sutherland reports the bringing in of the Sutherland-Cox No. 1 Serrien, just south of the original Zink well, on Saturday afternoon. An estimate of 50 barrels is placed by Mr. Sutherland on the well, which was drilled to a depth of 776 feet in one week and one day.

Mr. Sutherland and P. B. Cox have the lease of 20 acres just across the road from the Zink lease, and intend to drill about ten shallow wells immediately.

### Allday Oil Co. Well Now Being Placed on Pump

The various difficulties that have been encountered in the completion of the well of the Allday Oil Company on their lease out of the Kasper tract at Burk Burnett, on the west side of the townsite, close to the Wichita Southern well, have been overcome by setting a new string of casing, it is reported, and the well is now being put on the pump, and will be ready for steady production as soon as fully connected up. Oil was reported standing 400 feet in the hole, when the pump was being put on.

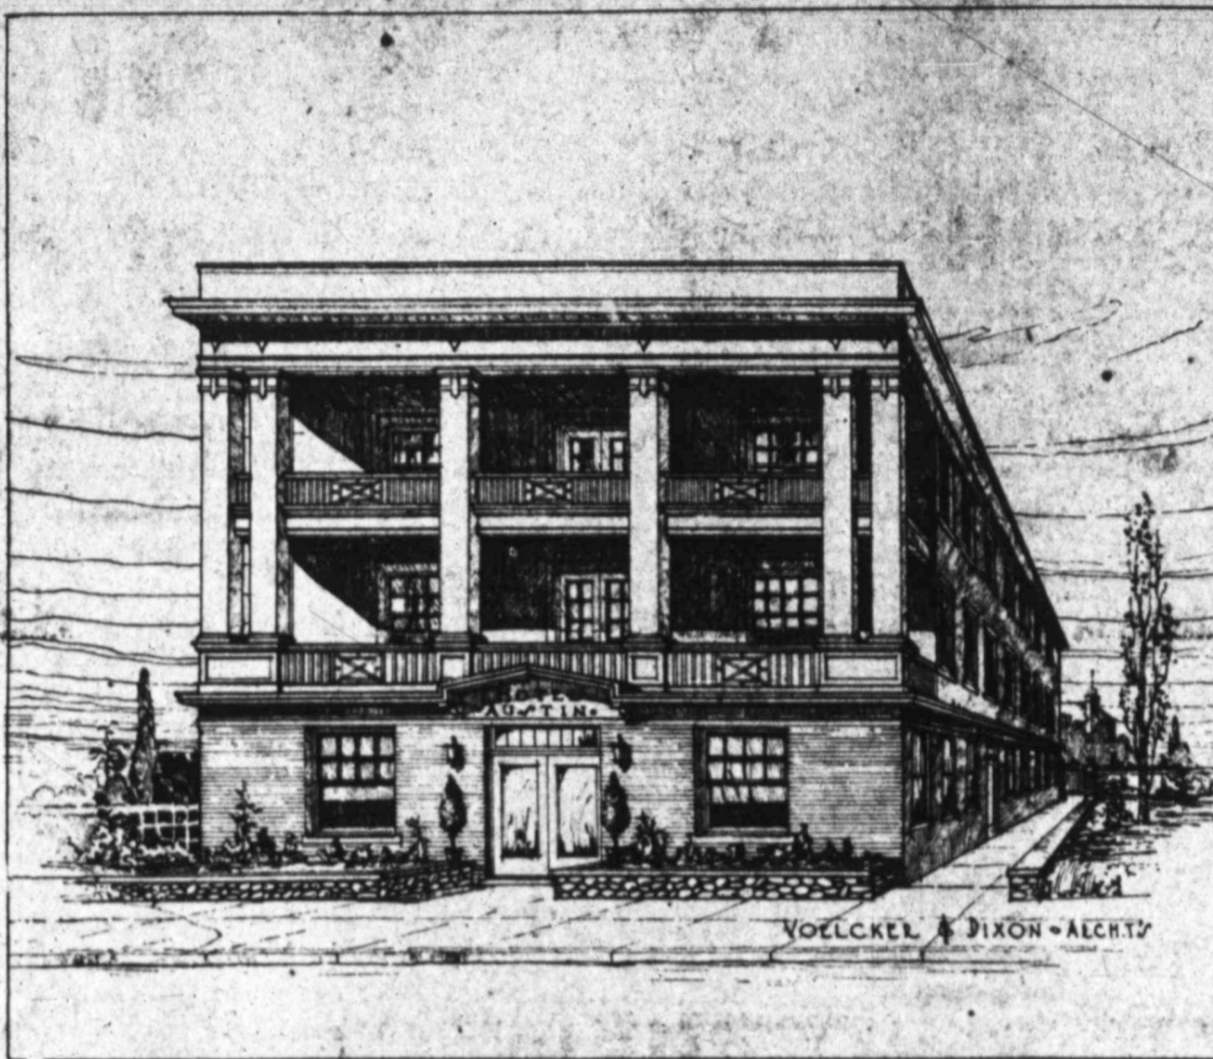

Employers Attention. We can furnish you promptly without charge, competent draftsmen, surveyors, bookkeepers, clerical men, etc. Write or wire us your requirements, stating salary. Business Men's Clearing House, 208 Chamber of Commerce, Denver, Colo. 244-41p

# STOP LOOK LISTEN

# Beautiful Spring Fashions in Apparel for the Well Dressed Woman

As the days pass more and more of the New Season's Styles in Women's Tailored Suits, Dresses for every occasion, Outergarments and rare novelties in Waists make their appearance in the Garment Section. We Now Have the Largest Collection We Have Had This Season

## SPRING MILLINERY

That certain degree of simplicity and distinctiveness which alone can make a Hat acceptable to the smartly gowned woman is at its best in the beautiful new modes which have just arrived.

Every newly created fashion theme is developed with the originality and good taste that women have come to associate with the Millinery of this store.

Priced from \$5.50 to . . . . . \$27.50

### May We Show You These Creations?

We have just received a large shipment of sailors in rough straw.

Priced from \$5.50 to . . . . . \$6.50

## SPRING FROCKS IN VARIETY

Frocks attain a pre-war gayety and interest. There are many diversions in Frockdom now, for all the old-time interest in women's proper attire is with us again. There is fresh enthusiasm with the introducing of the new styles as the season advances, giving to all of our latest arrivals in Frocks a most royal welcome.

New Dresses are here for every occasion — at all prices.

## SUITS FOR SPRING

Materials of French Serge, Poiret Twill, Gaberdine and Tricotines are favored.

The Box Suit is the leading style.

The coat is cut square and usually hangs in loose lines, but in some models is semi-fitted. Collars are narrow and many clever effects in belts are shown.

The vest is the outstanding feature in suits and every desirable material is used in giving it prominence.

It is detachable. Suit skirts are longer and feature straight, slender lines. The Suits we are showing will certainly please you in regard to style and value. Priced from \$22.50 to . . . . . \$100.00

## STYLES IN OUTERGARMENTS

The new season's outergarments in greatest favor are Dolmans and Cape effects.

Shipments the past few days give us a very representative showing for this week.

Dolman and Capes in Serges, Tricotines, Duvetyn and other coatings, including many fashionable colorings — handsome lining and beautiful trimmings. Priced from \$17.50 to . . . . . \$85.00

**LAUNCH CAMPAIGN FOR THE Y. W. C. A. IN PULPITS TODAY**

NECESSITY FOR SUCH AN ORGANIZATION TO BE EMPHASIZED BY PASTORS.

**COMMITTEES ARE ACTIVE**

Number of Subscriptions Toward the Building Fund Have Already Been Received.

Pastors of Wichita Falls are to fire the opening guns of the Y. W. C. A. preliminary campaign today, the request having been made that the Young Woman's Christian Association, the necessity for such an association in Wichita Falls at the present time, and the needs of the association, be presented to the people of the churches today by all of the ministers. This appeal from the pulpits to the church men and women of Wichita Falls to support the Y. W. C. A. will be followed by an appeal to the women and girls for memberships, and to the citizens of Wichita Falls for funds to build the much needed Y. W. C. A. residence, for the committees for the temporary organization have already been named, and are to begin work immediately.

**Subscriptions Are Received.**  
Already a number of subscriptions toward the building and the supporting budget for the coming year have been received, W. D. Cline, Roy Jones and others having this work in charge. Early this week the first installment of the list of contributors will be published. The financial committee, headed by Mrs. C. R. Hartscock and comprised of Mesdames M. J. Bashara, A. H. Garrison, J. A. Kemp, N. H. Martin and G. C. Wood have pledged assistance of a number of prominent business men in raising the necessary funds to build the Y. W. C. A. residence, to provide a home for the girls and women of Wichita Falls who do not have their homes here, and who are having difficulty in finding

rooms and board under present conditions, at reasonable prices.  
**Committees Begin Work.**  
Each of the committees appointed recently have started on their plan of work towards the permanent organization, when a secretary and a building can be secured. The building and headquarters committee have been at work for more than a week, and hope to be ready to have some definite announcement to make public in a short time.

Mrs. C. W. Snider is chairman of the committee for the permanent building, and named on her committee Mrs. Martin Howe, Mrs. J. A. Richey and Mrs. M. M. Adickes. Mrs. J. A. Richey is chairman of the committee to secure temporary headquarters, Mrs. Roy Jones and Mrs. Marvin Smith being the other members of this committee.

When the permanent organization is ready to be effected Mrs. D. G. Whitney and her nominating committee, Mrs. J. C. A. Guest and Mrs. T. T. Reese will make their report on nominations for the permanent officers.

**Furnishings Are Planned.**  
The committee on furnishings, Mrs. P. P. Langford, chairman, are planning their work in advance of the selection of headquarters, and will be ready for action when the Y. W. Home is decided upon. The members of Mrs. Langford's committee include: Mesdames T. P. Adams, Walter Priddy, G. D. Anderson, Orville Bullington, H. O. Harvey and Henry Patterson.

The membership committee is awaiting action on the arrival of instructions from the state headquarters, but Mrs. J. W. Culbertson, the chairman of this committee, has appointed her assistants in this work, and has a strong committee organized. The personnel includes: Mesdames C. J. Cyrene, E. B. Goring, Wade Walker, Ada T. G. W. Beavers, Mary Boyd Robertson, Buchanan, J. L. Jackson, W. A. Freear, E. W. Carter, W. M. Priddy, Bernard Martin, Roy Jones, Weldon, W. M. Medcrae, W. P. Bolding and Fred T. Couper.

**Publicity Committee Active.**  
The publicity committee of which Mrs. Stonewall Brown is chairman, has already commenced work and has mapped out its publicity campaign, which has already begun. This committee will have charge of the publication of the lists of subscribers and of presenting local problems which will show the great need of a Y. W. C. A. organization and home to the public. Mrs. John W. Naylor and Miss Florence Jackson have been named by Mrs. Brown on the publicity committee.

Mrs. W. W. Silk as the chairman of the provisional committee is in direction of the temporary organization and is sharing the work of the various

committees. She expects definite word from Dallas headquarters in a short time, concerning the secretary which is to be secured for the local Y. W. C. A. The coming few weeks promise to be of much importance in the work and interesting developments are looked forward to.

**Trees Afflicted And No "Doctor" Available Here**

Wanted: A tree doctor, one acquainted with all the ill in the park is held to.

L. N. Jernigan, custodian of the county courthouse, wants the doctor, or rather, the trees on the courthouse lawn are in need of medical attention which is being sought by Jernigan. And no specialist need apply, for this job requires the services of a general practitioner knowing the weakness of all trees, not a specialist in the woe of the willow alone, or the troubles of the tamarack.

"We've got all kinds of trees scattered over the grounds," says Jernigan. "In fact, that lawn is a heriticultural Duke's Mixture."  
And they're all "doin' potty." The walnuts have the willies, the hackberries have a mild attack of hydrophobia, the mulberry trees are suffering from meningitis and the cedars, apparently, have cirrhosis of the liver. All of them, also, are victims of the building campaign that erected the new courthouse, and haven't recovered from the strain of being used as braces and hitching posts. Likewise some of the "orperiest" ones have worms. Jernigan frankly admits he don't know how to cure em, and he wants to hire a first-class man who knows how to minister to the wants of a sick tree.

**FINE BOY ARRIVES AT THORBURN HOME**

George W. Thorburn, secretary of the Wichita County Draft Board and now in the oil business, was receiving congratulations Saturday on the arrival of a fine son, the second boy in the Thorburn family. The young man, like his brother, is to be trained to "whip the Germans" twenty years from now, if such is necessary. Mr. Thorburn states. Both mother and son are doing nicely.

Management that puts safety for deposits and good service to customers ahead of all other considerations is a leading feature of the National Bank of Commerce.

**DOSCH ELECTRIC**

**Baum & Gardner**  
**EXCLUSIVE STYLES**

The Specialty Shop of Originations

A Delightful Showing of

**Ultra Smart Styles for Spring**

Sounding new notes in distinctive modes that will win the admiration of the most discriminating.

**NEW SPRINGTIME SUITS**

Blouse Coat Suits; Box Coat Suits, with panel vests; one button jackets with Tuxedo roll collar; and strictly tailored models, featuring coats of various lengths, and depicting a wealth of exquisite treatments in pockets, sleeves and belts. Exhibiting a manner of tailoring and finishing of even the minutest details that would be commendable in the costliest of to-order productions.

**GOWNS AND DRESSES**

Exquisite conceptions of unsurpassed elegance and charm. The new silhouette, wide at the hips and slender at the ankle, is emphasized in many instances. The Box Coat and Russian Blouse models are likewise new. Graceful new draperies and clever bodice treatments are also eminent. Ornamentation is of silk braid, buttons, various new beads and embroidery, all of which bespeak the last word in modishness.

**SPRINGTIME CAPES**

The new cape modes for the approaching season are unusually graceful and lend themselves admirably to the smart lines of the new silhouettes. Here assembled are luxurious new capes of Tricotine, Serge, Gabardine, Poirat Twill, Silk Tricolette, Velveteen and other materials of richness and beauty.

**Millinery Fashions**

Many interesting influences dominate the new millinery modes—Directoire motifs are revealed in "pokea," shepherdess hats patterned after the Watteau types, transparencies of tulle come in combination with jet, hats of glycerine ostrich, broad brim canotiers, large picturesque hats and little close fitting turbans in infinite style-diversions.

**TAILORED SUITS**

for the "Jeune Fille" and the Small Woman

Featured are cylinder, straightline, box and blouse modes as well as strictly tailored types of boyish directness in style—gilt, plastron and cuirass waistcoats are emphasized, also scallop treatments and border effects in embroidered motifs. These suits are developed in serge, tricotine, Poirat twill, vari-colored checks, black-&-white checks and silk duvetyn. Sizes 14 to 18.

# OIL DEVELOPMENT

## WEATHER RETARDS OIL DEVELOPMENT AROUND AMARILLO

SEVERAL CONTRACTS ARE MADE FOR DEEP TEST NORTH OF THAT CITY.

## GAS FRANCHISE GRANTED

Contracts Have Also Been Let for Deep Tests in Randall and Swisher Counties.

Special to The Times. AMARILLO, Feb. 22.—The weather has again interfered with the beginning of actual operation in the oil field north of town, snow having been falling most of the day Friday. Work of hauling out the material for the first one of the five oil wells contracted for by the Amarillo Oil company to be put down by the Jones Bros. Company of Kansas City, was again delayed but those interested seemed to think that in a few days work on the derrick would be begun.

Geo. A. Whittenberg, of Plemons, was in the city today and is reported to be making a contract for a deep test on his ranch near Plemons in Hutchinson county.

The Test Deal Ranch. Material is being hauled for a drilling rig which is to put a test hole down on the Ed Deal ranch in the north part of Carson county. The material is being unloaded at St. Francis on the Santa Fe railroad.

of Buffalo, N. Y. to furnish gas from the field to residents of Amarillo. The activity in leases in this section has quieted down a little, much of the holdings having been taken off the market awaiting the actual spotting of the first few holes. As soon as work is actually commenced on drilling the excitement is expected to again reach the fever stage.

## Beaver Creek Is Not Overlooked In Oil Development

Beaver Creek is not being overlooked in the rush to test out all parts of Wichita county for oil, and past developments in that section will be entirely overshadowed, it is understood, by proposed activity that is to start in the spring. Several large leases are reported as changing hands recently, and definite announcement has been made that the Big Beaver Oil and Gas Company, with headquarters in Wichita Falls, will commence drilling immediately on three tests.

The success and growth of the National Bank of Commerce are the logical result of the fact that the bank always lives up to its policy of giving a square deal to every customer, whether his account is large or small.

## NEW DEVELOPMENT MUCH IN EVIDENCE IN CLARA DISTRICT

The Clara Oil Company, a corporation, is rigging up to drill a well on the C. A. Martin farm, located a mile southwest of the Ramming pool. L. P. Ramming, F. W. Prechel and C. B. Felder are the directors of this corporation. They have under lease the north 100 acres of the Martin farm, and will make a thorough test with a standard rig and tools.

The Sunshine Slope Oil Company expect to put their well on the pump within a few days. The production is estimated at from 50 to 100 barrels from the 800 foot sand. Three other pay sands were encountered in this well.

According to Judge Felder, who owns other acreage offsetting the above mentioned wells, this territory will soon rival the Burk Burnett pool. Many of the Ramming, Prechel and Heisermann wells had an initial production of 800 barrels per day, and are still large producers after years of operation. The location is directly in line between the Burk Burnett and

## Magnolia Manager At Electra Joins Humble Co. Here

A. M. Hepler, for several years manager of the Magnolia Petroleum Company's interests at Electra has resigned that position to enter the offices of the Humble Oil and Refining Company in Wichita Falls, in a responsible capacity. Mr. Hepler has already taken up his new duties here.

## Demented Negro "Shooting Up" Town Killed by Police

SHREVEPORT, La., Feb. 22.—Matthew Harris, a 55-year-old demented negro living in the Stoner Hill section, a negro community, ran amuck this morning and after fatally shooting another negro and dangerously wounding Patrolman Harry Semansky was killed in a duel with the police.

## VERNON WANTS AN ADDITIONAL TRAIN TO WICHITA FALLS

Special to The Times. VERNON, TEX., Feb. 22.—The Denver road will be asked to put on a plug passenger train between Wichita Falls and Vernon. The chamber of commerce directors met this morning and drafted petitions to be presented to C. W. Strain, general passenger agent. It is suggested that the train leave Vernon between the hours of 7 and 8 o'clock in the morning and leave Wichita Falls on the return trip between 6 and 10 o'clock in the evening.

It is believed that such a train will prove a great convenience for both Vernon and Wichita Falls. It is next to impossible to find hotel accommodations in Wichita Falls at this time on account of the large number of people attracted there by oil development. Oil men could, under the proposed arrangement, spend the night in Vernon and return in time for the following day's business.

## NERVES ALL ON TENSION? A mother in the home, or a man or woman at business, with nerves undone and the system generally feeling the strain, should find wonderful help in

# SCOTT'S EMULSION

Powerful sedatives or strong medicines are habit-forming and dangerous. The logical help is a form of nourishment abundant in tonic properties. Scott's brings strength to the body, through nourishment that is felt in every part. If inclined to be nervous, the logical answer is Scott's Emulsion.

## BELL TELEPHONE OPERATING VOCATION FOR WOMEN

### DO YOU KNOW A YOUNG WOMAN WHO WOULD LIKE TO BECOME A TELEGRAPH OPERATOR?

Possibly you know a young woman who is just leaving her temporary war work position, or who has not been employed but is anxious to have a hand in the important work of readjustment that is coming. If she is an alert, earnest young woman, WHO SMILES OFTEN, we can offer her a pleasant, permanent and profitable position.

The telephone service needs immediately bright, capable young women of the highest character, 17 years of age or over, who can qualify for operating work.

To such young women we offer excellent training with pay, good permanent positions with increases in pay at frequent intervals, the best of working conditions and many opportunities for advancement to higher positions and higher salaries.

Applications received by the Chief Operator, Telephone Building Ninth and Scott Street.

### TWELVE LOCATIONS ARE MADE IN THREE MILES OF CHARLIE

#### FOUR RIGS ARE NOW REPORTED TO BE IN OPERATION WITH SIX DERRICKS.

### COMPANIES ARE ACTIVE

Some of the Larger Organizations Have Extensive Holdings in This Section Is Report.

The prospects of opening up a new field in the north end of Clay county, near Charlie, are looking very good, and some of the larger companies have extensive holdings in that vicinity. Twelve locations have been made within a radius of three miles of Charlie, and four rigs are now in operation, six other derricks up and two more will be built this week. The Platters Petroleum Company have let the contract to H. Pennington who has charge of the Weavona property at Burk Burnett, and he will start moving one of his rigs to the location Monday. He will be prepared to go 2500 feet deep if necessary. Some of the companies in operation in this vicinity are: the Humble Oil and Refining Company, Merchants Petroleum Company, Clay-Tex Oil Company, J. Fred Smith, Greenleaf & Warren and L. P. Hammond.

The only test that has been made in this territory or between this territory and Burk Burnett was made several years ago by the Riverside Oil Co., and located about three miles north-east of Charlie. It is reported that they had a good oil sand at 1650 to 1662 feet and a gas sand at 2308 to 2316 feet which had pressure enough to show up the hole full of mud and slush.

Geologists Report Favorably. Several geologists have passed favorably on this territory and in 1918 the following report was made by C. H. Wegemann in his examination of a portion of Cotton county, Okla., just north of Charlie on the Oklahoma side of Red River. This is taken from Bulletin No. 602, page 99:

"The constant rise of the beds toward the south in the south half of T. 4-S., R. 11-W., and the existence of the same structure in the north tier of sections in T. 5-S., R. 11-W., indicate the probable presence of an anticlinal axis somewhere to the south. The axis noted in Sec. 12 of this township may probably be this principle axis, but the exposures are not sufficient to establish this fact. It may be merely a subsidiary structure on the side of the major anticline. It seems more probable that the anticlinal crest toward which the beds in Tps. 4 and 5-S., R. 11-W. rise is situated somewhere south of Red River in Texas. Munn's map of T. 5-S., R. 12-W., shows a pronounced dip to the northwest in Secs. 9, 16, 30, 31 and 32, and there is no indication of a large fold crossing T. 5-S., R. 12-W. from east to west. Therefore the fold that appears to the south of Red River opposite T. 5-S., R. 11-D., is probably a dome or a plunging anticline that dies out to the west. It is possible, however, that the axis bends to the southwest, in the general direction of the Burk Burnett oil fields.

### Some Facts About The Geology of the Electra Anticline

By R. H. COIK.  
There has been much discussion by geologists and oil operators as to the shape and possible extent of the Electra anticline. It was late in 1912 that the exact trend was known, and that knowledge was gained only from the wells that had been drilled up to that time.

Dr. Oliphant, now deceased, located the Schmoecker No. 1 in 1912 or 1913, about two miles west of Burk Burnett, for the Magnolia Petroleum Co., and it seems that location was based upon the fact that most anticlines run in straight lines, because there is no visible structure except upon the river banks where the waters have exposed them. The extreme east end today is the famous Burk Burnett pool, and the west is defined by the equally good wells on the west of the Piper in Waggoner 87 and a gas well which, it is claimed, made eight million cubic feet of gas. Cause is Assigned.

The Electra anti-cline was caused by a north-south pressure, while the Ranger anti-cline is the result of an east-west pressure, and there is no connection whatever between the two structures.

The Ferrian in Wichita county is fifteen or sixteen hundred feet thick; the Pennsylvanian about eight hundred; hence we reach the top of the Mississippian at about twenty-three hundred, which puts us in about the same geological horizon as Ranger at three thousand.

The nineteen hundred foot wells in this field are producing from the Pennsylvanian; Waggoner 87 is producing from the top of the Mississippian. Waggoner 85 had a nice show at 2225, but the lime, which is 500 feet thick without a break, had many strata of water. One well on the Bywaters is over 3600 feet now, and the Empire abandoned their test on the Smith at around 3400. Both wells, in my opinion, are geologically below the producing sands at Ranger in the Mississippian.

A Broad Structure. The Electra anti-cline seems to be a broad structure, plunging sharply on the north side, as all the production stops abruptly on the north, but widens and branches out to the south. There may be a series of anti-clines paralleling the Electra, north and south of the known structure, but as I have said before, there is not enough

evidence at hand to justify one in coming to any definite conclusions. Wichita county shows evidence of disturbances all over the county, extending into Archer, Clay and Wilbarger counties, and it is possible to get wells within a half mile of such places. It is easy to tell where not to drill for the above four named counties. It seems by the process of elimination one would know where to make a test, but there are so many places that look good, upon which nothing but the bit will disprove what is under the surface. However, there are a great many sections in these counties upon which a geologist has something to work from.

Use Various Devices. There are many individuals who endeavor to locate oil with "doodle-bugs", machines and diving rods, who are styled geologists by the public and themselves, but Texas is not an entire men, lured here by the wonderful possibilities, who will, no doubt, open up new pools in the near future.

The well that came in west of Graham was evidently located by a geologist, as a superficial view of the structure shows the well is geologically high, and it does not stand to reason that the well is just a well put down by chance as it is the only production in Young county.

Locations, heretofore, have been made from the offices of the operating companies, having same upon their relative holdings, regardless of surface indications, and the fact that the danger signal is placed there by the works of time.

I understand over 100 new locations will be made in Wichita and Wilbarger counties in the next three months, and intelligent locations should show at least fifty percent producing wells. If the oil industry in Texas is not hampered by adverse legislation, this section alone will see an era of prosperity which will place Wichita Falls in the front rank of Texas cities.

### MRS. CARLTON RETURNS FROM EASTERN MARKET

Mrs. W. T. Carlton has returned from the eastern markets where she bought large stocks of fine hats for the Olive A. Child millinery establishment. Mrs. Carlton anticipates the largest business this season in the history of her shop here and has placed orders for what she believes is the largest and most varied assortment of hats brought to Wichita Falls.

### DAVID JAYNE HILL IS NOT IMPRESSED WITH LEAGUE PLAN

#### DECLARES COMPLICATIONS ARE CERTAIN TO ARISE IN ITS APPLICATION.

### SUGGESTS HAGUE CLAUSE

#### Admits in Address, However, That There Are Many Admirable Features in Proposal.

By Associated Press. WASHINGTON, Feb. 22.—Continuation for the defense of world law and justice of the Entente which has been formed to suppress German imperialism was urged by David Jayne Hill, speaking here today before Sons and Daughters of the American Revolution, as an alternative to the proposed league of nations, which he said meant abandonment of the traditional policy of Washington and against which there were a great many constitutional objections.

"It would not be understood as offering offensive criticism of the plan," Mr. Hill said. "There are many admirable features in it, but in view of complications that I believe are certain to arise I would wish to qualify our participating in any compact by precisely the words that were employed in accepting 'The Hague Convention in 1899 and again in 1907'."

Hague Restrictions. Mr. Hill, who is a member of the permanent administrative council of The Hague and a former ambassador to Germany quotes this restriction as follows:

"Nothing contained in this convention shall be so construed as to require America to depart from its traditional policy of intruding on interfering with or entangling itself with the political questions, or policy or internal custom of a state. Nor shall anything contained in the said convention

be construed to imply a relinquishment by the United States of America of its traditional attitude toward purely American questions. Should Perform Our Part. "That we should faithfully perform our part in the preservation of peace among the nations and in defense of the great principles of international law, no patriotic American, I am sure, would for a moment doubt," Mr. Hill continued. "Nor can it be assumed that occasions may not arise, for one already has arisen, when it may become our duty to send armies to distant lands in order to suppress a common enemy. But this does not require our entering into an unlimited obligation in all circumstances to assume protection of distant people; to enter into their disputes; to place our resources at the disposal of a central

authority that may at some time be dominated by a combination of interests adverse to our own; to submit to foreign control our standards of life, our conditions and rewards of labor and even power over our fortunes and our lives. There is no good reason why we should commit our posterity to such unnecessary hazards."

### PROMINENT TENNESSEE MASON DIES TUESDAY

By Associated Press. NASHVILLE, TENN., Feb. 22.—Thomas J. Brandon of Dover, grand master of the Tennessee Masons, died in a hospital here last night.

## Conventional and Conservative Clothes for Mature Men

By "conventional and conservative" we do not mean clothes that lack good style. We mean clothes that although right up-to-date in style are free from the ultra-fashionable tendencies of the clothes so naturally favored by younger men and lads of high school age.

The makers of Society Brand Clothes, generally recognized as the creators of the most popular clothes for young men, have also produced conventional clothes that instantly appeal to men on the far side of thirty-five or forty.

Our stock contains a great many suits—enough to fit men of all sizes, all "builds" and all ages. Men who wish to dress stylishly but quietly will find this store particularly well equipped to take care of their wants.

### LIMITING PRICE ON ROOMS LISTED HAS ITS EFFECT

The recent action of the chamber of commerce refusing to list rooms for which landlords asked a price considered exorbitant apparently is having a wholesome effect upon the rent market. Several instances were recorded last week wherein men and women telephoned to the chamber slightly lowering their rates in order to get their rooms inside the price zone established as reasonable.

Many wealthy families also have offered their servant's houses to be listed with the chamber as an aid in meeting the housing problem. In all such instances the houses, usually containing two rooms, have been eagerly secured as bargains and have been transformed with a little labor and a small additional expense into attractive temporary homes.

The committee appointed by the chamber of commerce to investigate profiteering in room and house rents will ask the city council next Thursday to pass an ordinance forcing men and women with rooms or houses to rent for profit to obtain licenses from the city. The matter was to have been laid before the council last Thursday, but was postponed owing to the absence from the city of T. B. Noble, chairman of the committee.

### NO REASON TO DOUBT GERMAN NAVY CASUALTIES

By Associated Press. LONDON, Friday, Feb. 21.—There is no reason to doubt the substantial accuracy of the German official account of the losses suffered by the German fleet in the Jutland naval battle May 31, 1916. It is learned officially by Reuters London. The German figures published June 16, 1916, showed that the casualties to the fleet's personnel were: Officers killed or missing 172; wounded 41; other ratings, killed or missing, 2,414; wounded, 12,576.

### Allege Campaign Is Waged Against U. S. Labor Bureau

Charges that an organized campaign is being conducted by private employment agencies to destroy the United States employment service, and that the House appropriations committee already has been influenced noticeably, are contained in a telegram received by Porter A. Whaley, secretary of the chamber of commerce, from H. W. Lewis, federal state director of the service. Mr. Lewis is expected in Wichita Falls today to meet Patrick Casey, Washington representative, and to formulate plans regarding the continuation of the service here.

The telegram received by Mr. Whaley follows: "Telegraphic information from Washington today reports organized propaganda and private agencies against employment service have influenced House appropriations committee that there is immediate danger of U. S. employment service being terminated. You are thoroughly informed as to aims, purposes and accomplishments of this service and know the necessity existing for its continuance. Respectfully urge that you give the service the same unqualified support now as in the past. Have business men's associations, employers and men of influence wire senators and congressmen endorsing service and urging sufficient appropriation to enable it to continue the splendid work it is doing. Urge them to make vigorous protest against discontinuance of the service. Am counting on your assistance."

### "Dad" Arrington On the Job With Prompt Service

With business a little dull these days in the court room, and with all the eligible young men in the county apparently too busy engaged in the oil industry to consider wedded bliss, Justice of the Peace C. J. Arrington has decided to advertise his abilities as an A-1, up-to-the-minute knot-manufacturer—to drum up trade, as it were. Over the door of his office in the county court house now appears this appealing little statement, neatly stencilled in black letters upon the glass:

"Marry You in Two Minutes." Modern progress is not unknown to Justice Arrington, who is more fondly referred to by his friends as "Dad" Arrington. He realizes that with oil leases increasing in value every fifteen minutes and city real estate leaping upward in half-hour periods, that a man really hasn't much time to waste in getting married. Slip the halter round his neck, shove him out the door and shout: "Next!"—that's the popular system because it enables the bride-to-be husband to make out and sell a lease at the top of the market, and perhaps buy a site for a home just ahead of the increase.

"Dad" Arrington was interviewed regarding his advertising campaign: "Yes, he chuckled, 'I put it up there. Had a big problem to decide, too; thought for a time I'd make the sign read: 'Marry Me While You Wait.' "Do you know, Mr. Arrington, that your rival across the hall, Justice of the Peace Owen, says that sign means that if a good-looking woman comes into your office you'll marry her yourself in two minutes."

"Well, that old rascal! He's jealous!" "Dad" Arrington claims, further, that a marriage in two minutes would constitute a record of which any young couple might be proud, inasmuch as the regular price is: "It's easy to see when 'Dad' in a few years ought to own the court house."

### New Real Estate And Oil Leasing Firm Announced

The firm of Owen, Hammon and Henson, newly formed, has opened offices in the basement of the Kemp & Kell building and is prepared to deal in real estate and oil leases. All of the firm are very well and favorably known in Wichita Falls both Mr. Owen and Mr. Henson having been connected with Collier & Hendricks clothing firm until a short time ago.

When you deal with the National Bank of Commerce you bank with an institution that has PROVED its ability to keep pace with the varied and growing requirements of this community.

### Draft Dodgers Are Being Classified By Department

WASHINGTON, Feb. 22.—Draft dodgers are now being classified by the department and the protest marshal general's office to separate those who apparently violated the law accidentally, from those who were wilful in their attempt to evade service. The former cases will be classified while the latter will be prosecuted without regard to the fact that hostilities and further draft calls have ceased.

### Great French Sacrifice Calls for World's Gratitude

The French have suffered and bled more than any other nation at war. Of her 36 million population, 4 million were pined in the trenches and have poured out their blood on the altar of Liberty. America will ever remember this heroic sacrifice. It is likewise not unkind of the great service to the world rendered by the French peasants who have given it a perfect remedy for stomach, liver and intestinal disorders, which is reported to have relieved incalculable suffering, saved thousands of lives and prevented innumerable surgical operations. Geo. H. Mays, prominent Chicago chemist, imports and sells it in this country under the name of Mays' Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

# THE TEXAN

ONE AND A HALF TONS

The Truck That Is Par in Every Part

**\$1525** F. O. B. Fort Worth

The Car That Meets the Most Exacting Standard

**\$1150** F. O. B. Fort Worth

## Why We Chose The TEXAN

We have carefully watched the TEXAN car and truck for the past year, and have been thoroughly convinced by their exceptional performance under the most exacting conditions, they are the leaders in the medium priced class.

Each unit comprised in the construction of both car and truck are standard, having been thoroughly tried and tested and adopted by the majority of leading cars, far more in price.

Again—the factory being located right here in Texas affords service that cannot be equalled.

Together with the wonderful mechanical construction is the graceful stream-line body—deep upholstering and elegant finish.

Before you contemplate the purchase of a car or truck, let us confirm our statement with a demonstration.

The TEXAN built in Texas to meet Texas and general Western road conditions—no sand too deep, or oil field going too rough.

They possess substantial dignity of appearance and combine ELEGANCE with ECONOMY—wherever sold they secure distinction, durability and permanency.

The supremacy of TEXAN cars and trucks stands out clearly and easily convinces you the master designers of the Texas Motor Car Association with their exceptional manufacturing facilities, have interpreted the needs of the Southwest in motor car and truck construction.

TEXAN cars and trucks are made of the best material obtainable—they are simple and reliable—as speedy and sturdy as modern engineering knows how, and their stamina assures you of constant readiness.

We are willing to stake our reputation and future on each TEXAN. Give this car and truck a chance to prove to you today and for a long time to come, the TEXAN is the best and biggest buy in the market.

It is the value of TEXAN cars and trucks themselves that makes the Texan Agency such a profitable proposition, and at the price, TEXAN cars and worm-driven trucks are not equalled by any other make.

Exclusive territory is rapidly being taken—if you are interested in a real profit-making agency proposition where the character and price lessens the selling resistance, write or wire us immediately.

Furnished in three standard colors—Black, Brewster Green and Rich Carmine—Cream wheels.

# SERGEANT SMITH OF 36TH IS BACK FROM OVERSEAS

## SUSTAINS TWO WOUNDS IN ENGAGEMENT AT ST. ETIENNE OCTOBER 8.

### TELLS OF EXPERIENCE

Says Casualties of Division Were Heavy Being Largely Result of First Day's Fight.

The first Wichita Falls man in the 36th Division to return home is Sergeant Joe Smith, of the Wichita Falls Motor Company, who enlisted in Company K, 142nd Infantry in June, 1917, when Captain Stanforth recruited the local company, was at Camp Howey for a year, and received wounds that put him out of the line on October 8. Sergeant Smith received his discharge the first week at Camp Travis, and immediately came to Wichita Falls, where he will resume his former position with the motor company. He sailed from France on January 31, with a casual detachment, and he had been discharged from the hospital only a short time before sailing. His wounds are now entirely healed, consisting of a machine gun bullet through his left hand and shrapnel through the left arm. The scars, one where the bullet entered and the second where it left the hand, with the gold wound stripe on the right arm, are visible evidence of Sergeant Smith's contribution to the great war. The shrapnel in his arm will give him no trouble, he says, and he is "good as new, or better."

"I am glad to get home," he said. "I didn't want to stay in France because the job was finished, but if it ever is necessary to fight again I'll go right here with the first. It wasn't exactly a picnic in France and there were hardships both in the front line and in the relief camps, but you don't find the soldiers themselves complaining like some of those in the United States are doing. They knew when they undertook the job that they would be called on to suffer, and they made up their minds to do it."

so without complaining, and I'm glad to say that they are playing the game square. We knew if the enemy artillery interfered with the supply companies bringing up the food that it wasn't our army's fault that we were short of food. Going hungry a little wasn't any great calamity and we didn't howl over it.

Casualties Heavy.

"The casualties were very heavy in the Thirty-Sixth as everybody knows, but the most of them were suffered on the first day of the assault, when we met with what others who stayed in the fight throughout the campaign said was the only real resistance encountered. Our objective was past the town of Saint Etienne, where the Germans had a warehouse filled with supplies said to be sufficient for the entire force of Germans on that sector for three months. We captured this warehouse after violent fighting in which casualties were very heavy. The Germans counter attacked, and there was a very fierce battle, but we kept what we took, and took more in the long run."

First Day in Action.

"This was the first day into action for the Thirty-Sixth. It was in this section that Lieutenant Pat Carrigan was killed, his company, L Company, being just to the left of our company. Boys in his company told me that when the Germans sniped got their leader not all the Germans in the world could have held them back and they rushed the opposing line like engaged wild animals, and the Hunns were taken completely by storm. Lieutenant Carrigan was killed about 10:30, I understand. I got my wounds about 11 o'clock the same morning."

## \$200.00 Cash Prizes for the best answers

You never saw me, folks, did you, without the famous kettle on my tail? Everybody wonders why it's there. Well I've never told the secret yet, but now I'm going to give everybody who reads this a chance to guess it, and at the same time win one of a number of liberal money prizes. Come on, come all!—Help solve the great mystery!

### Here's how to win:

First, there's no string on the contest. Anybody interested in horses or mules is urged to send in an answer. All I ask is that you don't use more than 100 words and that you be sure to mention "Checkerboard Bags" (in which Purina feeds are always packed). Now, don't be afraid—come on in everybody! The best answers take the prizes—regardless of fancy language or swell handwriting. Plain "Horse Sense" ideas on a post card may win.

Second, sign your name plainly, and also tell me the name of your feed dealer.

Third, mail your guess on or before National Maud Purina Day. That is February 23th.—I selected it specially because my favorite feed, Purina O-Molene, saves my owner 25% of his feed.

Purina O-Molene is wonderful feed for mules and horses. I know, 'cause I'm a mule myself. It is economical, because I like it, and assimilate all that I eat. I never have trouble digesting all of

## Denison Police Unable To Solve Woman Mystery

Special to The Times—DENISON, TEX., Feb. 22.—Denison has a mystery woman! Her features carefully guarded by a thick, dark veil, the woman was taken from a local street car this afternoon and sent to the police station. She had been riding the car some time and is said to have ridden the local street cars from early in the morning, taking a ride on the Sears street, then Hull street car, and taxi drivers say they had driven her about the city considerably with no special place to go only for a ride over the streets.

Nothing was thought of the woman at first, but when she continued to ride over the same section of the city, apparently not noticing anybody or anything, except to hand over her fare, the carmen and taxi drivers began to have a creepy feeling and police were tipped off to the stranger.

Chief of Police Scholes is at a loss to know the cause of the woman's strange actions and she would not throw any light on her conduct.

When Chief Scholes questioned her, she very promptly notified them she was attending to her own business and invited them to do the same thing.

A pair of scissors were found in her possession and these she refused to give up, so they were taken from her. When she was taken to the police station she feigned dumbness. She made

signs that she couldn't talk and wrote her name on a writing pad.

No theory has yet been advanced that will account for the woman's long rides over the city, unless she was expecting to meet some person and was disguised in order that she might not be recognized. A close search revealed no other weapons save the scissors.

From the dim outline of her face, visible through the heavy veil, the woman appears to be about 25 years old and very pretty.

Not your earnings, but your SAVINGS make you rich. Open an account with a dollar or more in the National Bank of Commerce, and add something to it every week. Four per cent interest will help it grow. 446-11

## Right Between the Helen Elizabeth and the Burkbridge

### DON'T THAT LOOK GOOD TO YOU?

That's the location of the Burk-Barwise. It's about as sure as anything in the oil game can be—sure enough so that anyone ought to get in for all he can.

## HELEN-ELIZABETH SELLS AT BETER THAN \$600

## BURKBRIDGE SELLS FOR UPWARD OF \$400

### THE INITIAL STOCK OF BURK-BARWISE IS STILL ON THE MARKET AND YOU CAN BUY IT AT PAR FOR A FEW DAYS MORE.

It will probably be all closed out this week. Its location of five acres right in the center of production, together with the reputation of the men who are behind it make it one of the most desirable stocks on the market.

### WE INVITE YOU TO MAKE INQUIRY AT ANY BANK AS TO THE STANDING OF THESE DIRECTORS:

Ed Howard, postmaster; J. T. Gibson, assistant postmaster; B. D. Donnell, manager of the Times; J. B. Marlow, mayor; M. H. Barwise, D. T. Carithers, H. E. Crain, U. Y. Crain, H. T. Ballard, R. H. Hall, J. E. Gerock, T. H. Cook, J. E. Cook, R. G. Fuqua, all of whom have gone into the Burk-Barwise because they had faith in the location, and felt that there was money in it for all who invested.

(From Wichita Daily Times, Feb. 19.)

Capital \$65,000 Shares \$50 Each

## BURK-BRIDGE IS ON THE SAND AT DEPTH OF 1632

Government expert drillers will set the casing and drill in the Burk-Bridge Oil Company's well, which has been the center of interest in oil developments around Burkburnett for some time. The expert driller will come from Bartlesville on tomorrow, Feb. 20, and setting of the casing will begin then, if other conditions are favorable.

This government assistance is due to the fact that the well is in Indian land, and that the Indian service is very anxious to see the land thoroughly developed for oil, and the well's log has been watched with interest and when the depth of the Burkburnett sand was approached the request was made of the officials of the company that the experts of the bureau of mines be allowed to superintend the setting of casing and the drilling in of the well. This was gladly granted. Mayor Marlow stated, U. S. Attorney Breitneider, of the Indian Service, and C. V. Stinchcum, superintendent, were here from Anadarko on Wednesday, after visiting the well, and conferred with Mr. Marlow and other officers of the company concerning the well, and assured them that the expert would be on hand Thursday and that the completion of the well need not be delayed for any length of time.

The well was drilled one foot into sand with a showing of oil last Wednesday, Mr. Marlow states and which has no water in evidence. The depth is 1632 feet. Reaming down from 1590, where the small bit started in the hard rock, is in progress today.

It is our purpose to begin operations at once, and no effort will be spared to make a well and bring the oil to the top in the quickest possible time. The above directors pledge their words that there will be no jockeying or unfair trading either in the well or the stocks, and every stockholder will be informed of every stage of the progress. It is a plain, honest effort to take advantage of the wonderful opportunity that nature has provided in the Burkburnett pool, AND TO GET OIL.

On these representations we invite you to join us.

2 1/2 Acres

Shares \$10 Par

## Prospects Are Good For Liquid Gold

The Burk-Bridge well, only a short distance from our drilling site, went into the sand yesterday, and further progress was held up awaiting the arrival of the government expert to whom is left the job of drilling in.

Burk-Bridge stock is selling at about four for one. Liquid Gold now has just the chance that Burk-Bridge recently had—perhaps a little better. Since our location is very near the Burk-Bridge holdings with surface formations identical with those of the Helen-Elizabeth well site, there should be little doubt that our well will be one of Burkburnett's big producers.

The Liquid Gold Petroleum Company owns the lease on two and one-half acres, near the Burk-Bridge well, in the Southwest corner of Section 24, Cotton County, Okla., close to the Red River. Every one is familiar with the splendid surface showings in this immediate locality, and all authentic maps will show us near production—and this should be sufficient evidence that "Liquid Gold" offers a proposition that is best accepted.

Consider the owners of Burk-Bridge stock—they had no such proof, but they invested and won. This is a splendid opportunity—grasp it—the coupon is below.

OIL ACREAGE For Quick Sale Choice drilling sites in 5 acre blocks northwest of Burkburnett. Located about one-half mile from Burkburnett and one mile from Thrift No. 2. Rig now ready to drill 200 feet from west line of this acreage. Three other wells to start drilling soon, one east and two west.

NOTICE TO OIL MEN Owing to the sudden and unexpected increase in business since Christmas, for which we were unprepared, we have not been able to give prompt service, being compelled to turn down nearly all mail orders as we were kept a week behind with local work. We have made every effort to take care of the business and have been installing new and modern machinery for the last two weeks and now, have the best equipment manufactured and are in position to get out the highest grade work promptly.

Willard STORAGE BATTERY SERVICE STATION Give it a Chance There are only two places in your whole car that need water. One is the radiator. The other is the battery. If you forget your radiator you'll hear from it right away. If you forget your battery, it keeps on working for a while, but it is damaged just as surely as your engine would be if you let the radiator go dry. Give your battery a chance to make good by having us add distilled water every week or so, and test each cell with the Hydrometer to make sure that you are keeping up the charge. WICHITA FALLS BATTERY CO. 814 Scott Ave. Phone 606

Forty Acres May Make You A Million AND YOU CAN BUY IT AT ONLY \$15.00 PER ACRE. In Tillman Co., Okla., 18 miles northwest of Burkburnett. 30 forty-acre tracts for lease at \$15.00 per acre subject to prior sale. Deep test now drilling, besides the Carter Oil Co. 3 miles to the south, and the Cosden Oil Co. 3 miles to the north are putting down deep tests. ON FINE STRUCTURE One 40 acre tract may make you a million. I have short time to sell, so you will have to snap it up quickly—the following acreage has already been sold: THE CARTER OIL CO. 160 ACRES. THE HUMBLE OIL CO. 320 ACRES. THE EMPIRE OIL CO. 240 ACRES. THE TWIN STATE OIL CO. 320 ACRES. THE PRAIRIE OIL CO. 160 ACRES. THE TEXAS CO. 320 ACRES. THE MAGNOLIA OIL CO. 160 ACRES. THE MOON STATE 80 ACRES. THE SILIRIAN OIL CO. 80 ACRES. THE GYPSEY OIL CO. 80 ACRES. THE SOUTHERN OIL CO. 80 ACRES. How much do you want? Will stop selling Monday. I am not a promoter—just stumbled on this bonanza, and giving you the chance to share in my good fortune. J. G. HESTER, Joline Hotel EXCLUSIVE AGENT.

OIL MAN SUBMITS AN OPINION ON THE RIVER QUESTION

Editor of the Wichita Times. Dear Sir:—I have read with a great deal of interest the various items respecting the question of the Oklahoma-Texas boundary, and note how much reliance is given to the decision in the well known "Greer county case" and how peculiarly twisted the meaning of that decision becomes.

the land lying north of the south bank of Red River constituted Greer county. To illustrate, if the court had proposed to decide what the boundary line of Texas was, and had said that the territory lying south of the south bank of the Red River constituted Texas, that would have given the south bank of the river to Oklahoma, but they said that Greer county, Okla., was the territory lying north of the south bank of the river in Texas.

I think the confusion about this matter arises from the mistaken impression that what constitutes the bank of a river is the high bank, that is, the high water mark, when in fact the bank covers all that space between the edge of the water where the bank really begins, and the high water mark. Surveying from the Greer county side, you first strike the south bank of the river at the waters edge. Surveying from the Texas side you first strike the south bank at the high water mark and the bank extends to the river's edge.

80 acres, block 52, Red River valley lands, \$400. John K. Rosson Jr. et al to V. S. Wardlow undivided one-sixteenth interest in lot 9, block 2, Burk Burnett, \$5,000.

Real Estate Transfers. Highland Irrigation and Land Co. to Miss May Canon, lots 17 and 18, block 70 "A", Highland addition, \$800. Mary Litten to Phillip Lyner, lot 15, block 18, Jalonic addition, \$3,150.

Risk Reduced To A Minimum

Capital \$99,000 Par \$50

Hibernia Oil Co. Of Texas

The North 20 acres of the East 76.32 acres of Block 33, of the Red River Valley Lands which we have contracted to lease reduces the risk to a minimum. We are almost absolutely certain to get oil. It seems to us that it is only a question of how much.

This 20 acres of Block 33 is considered one of the most valuable pieces of Oil land West of Burk Burnett with producing wells in every direction from us.

The management will be Conservative and Constructive. Acreage Ample. Capitalization not high considering value of lease and cost of development. All this should appeal to critical investors.

Act. now. Ten minutes ago is ancient history in the oil game.

Monthly Dividends

to be paid by the BIG MONEY OIL COMPANY and a monthly statement mailed each stockholder giving a complete report on the company's affairs. T. H. Friedly, the Trustee

20 Acres \$15,000 Capital \$10 Share

Ten of our 20 acres are north of Iowa Park and right in the center of the deep tests—seven derricks are now up near us. These ten acres are 2 1/2 miles south of the Big Serene wells, which at a depth of less than 2000 feet are producing more than 1000 barrels of oil each, daily. Should one of the deep tests near us come in, our ten acres would be worth at least \$50,000.

The management of the Big Money Oil Company is in the hands of T. H. Friedly and William J. Goodwin. The former is a business man of long standing and high reputation in Wichita Falls. The latter is an oil operator of the same city. These two men guarantee the Big Money stockholders a square deal, and an honest and efficient conduct of the company's affairs.

T. H. Friedly, Trustee. BIG MONEY OIL COMPANY. 612 Seventh Street, Wichita Falls, Texas. # \$10 THE BURK-MACK OIL CO. \$10 NOW

## The Company "De Luxe" Now Producing Oil

# LISTEN MEN!—DON'T MISS THIS!

First offering of only 3,000 shares at par \$10.00 each. Compare this offering to others—think—figure—act wisely—use your judgment and mail remittance now. Act quickly or you will be left behind.

## TWO BIG WELLS IN BURKBURNETT

Two drilling sites in the heart of the famous Burkburnett oil pool. Weowna stock is now selling at 8 to 1 and our location No. 1 is a direct off-set East of Block 1, and within 200 feet of the depot. Think! An opportunity to get in on a Weowna off-set! Can you beat it? Contract already made for first well, will be drilling in twenty days.

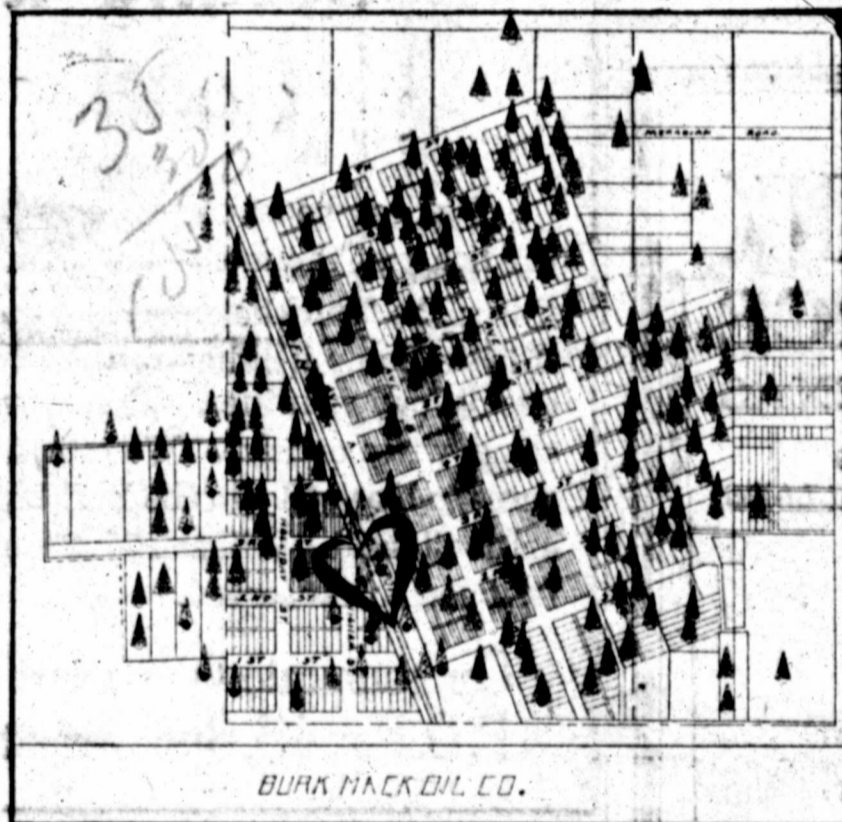

Burk-Mann—Sibley Taylor—Two of Burkburnett's famous producers are now making about 800 barrels a day. They all know about these wells—missed a chance to get in on the ground floor. Those who got in have made thousands of dollars in profits. Our location No. 2 is another direct off-set to Burk-Mann well also about one block from Sibley-Taylor and about 200 feet from the depot. Can we miss it? You invest in wells to be drilling but a few feet from these producers.

Under management of conservative oil operators. The men behind Burk-Mack are oil men, oil operators, men who know the business and know how to make an oil company make money from actual production—not promotion schemers. Its oil they want—its oil they now have, but its big gusher oil that they are after and offer you an opportunity to help get. It was only after a careful observation with a definite conclusion in their judgment that gusher opportunities had been obtained which justified an investment of their own money in this wonderful Burkburnett opportunity, that these men started this Company. These men play safe, careful and conservative, but combine big speculative opportunity with conservative investment safety.

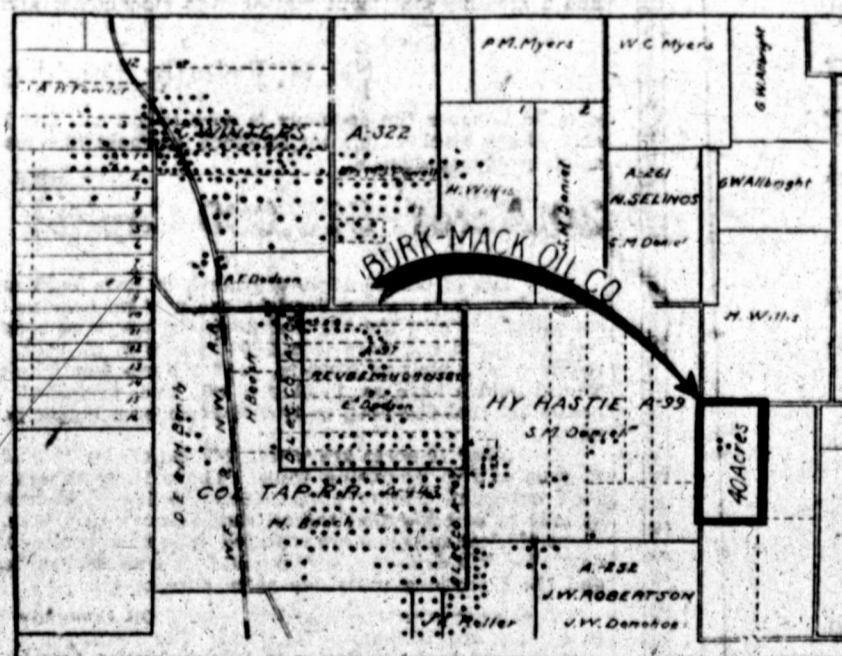

Officers—W. T. Wood, T. G. Markley, J. T. McCarmack, J. C. McCarmick, Trustees.

Reference—First National Bank, or any oil reporting agency of Wichita Falls, Texas.

Depository—First National Bank, Wichita Falls, Texas.

Look and study these maps, note locations, compare, think and act.

Ground floor initial and only offering of this stock at par, \$10.00. Just 3,000 shares, that's all. Price advances to \$15.00 a share immediately upon the 3,000 share offering being sold, subject to entire withdrawal upon completion of first well. This offering will be snapped up quick. A drilling fund is all we need. Here is an opportunity where you can get in with the organizers, if you act quickly. Burkburnett is making fortunes in oil. The early investors buying the initial offers are the ones who make the big profits. Wait and pay more?—No. Clip that coupon, write a check for all you can buy and mail immediately. Join the Burk-Mack family of lucky stockholders and do it now. Wire reservation to make sure. Do not wait, or this offering may be gone. Money will be promptly returned in case of over-subscription.

Forty acres—proven—2 wells now producing located about three miles south and east of the main Burkburnett pool. This lease is in a proven shallow field, immediately adjoins other production.

Here Burk-Mack now has 2 producing wells, on the pumps, 2 storage tanks filled with a high gravity oil, only awaiting the completion of a pipe line a distance of but 1400 feet. The marketing of this oil will start the dividend-paying dollars your way. This forty acres is inexpensive to drill—400 to 600 feet reaches a sand that produces 10 to 30 barrels or better. We have 17 more drilling locations on this acreage. A rig will be purchased as soon as possible, drilling continued until this proven acreage is producing to its full capacity. No risk—assured production here.

Dividends assured. Immediately upon the completion of one of the deep gusher off-sets, a dividend fund will be started. No production funds will be used to develop the properties, assuring quick dividends with no delays. Many Burkburnett Oil Companies have paid 100% to 325% in dividends in the past six months—Watch Burk-Mack stock shoot up as the drill goes down. This Company is capitalized at \$99,000, conservative yet sufficient to assure plenty of funds for all development, leaving production profits entirely for dividends. Rapid increases in the price of this stock seems inevitable. Many Companies are now selling at 8 to 1 for each dollar invested.

### APPLICATION FOR STOCK

Burk-Mack Oil Company,  
Jones-Kennedy Building, Suite 11,  
Wichita Falls, Texas.

Gentlemen:

Enclosed please find check for \$..... for

# Belgium Under the German Heel

By BRAND WHITLOCK

I went the next morning to talk with von Moltke about the train; there was humming and hawing. It would be impossible to get a special train, all of which could not go at once.

"Very well," said L. "If there are several trains, I shall go on the last."

"Why? Because when the ship is wrecked the captain goes over the side last."

Thus, to the old uncertainties so long endured, there came a new uncertainty as to whether we should go out at all. I had asked for a special train in which to take the Legation staff, the consuls and their families, the C. R. B., and the Chinese government having broken off diplomatic relations with Germany, Sven Pousette (Swedish Minister), then charged with the representation of Chinese interests, had officially renewed the request of our Chinese colleague that I take them out too. But as von Moltke had intimated, it was proposed that the Legation go one day, the consuls a few days later, and that of all the men of the C. R. B. it was told me that Lancken had been seen very dark of visage, very much worried, and that he had said that Berlin had ordered that we be put out by Denmark, there to take ship to America; the steady reluctance to recognize the Berlin government in exile at Havre, or its existence! He had telephoned to Berlin, however, and had that order revoked.

Meanwhile, in the midst of all these uncertainties and the anxieties, the Legation continued to be thronged with callers who were, for the most part, well, the expression of that Belgian gratitude which was so real, so overwhelming and so constantly expressed that I was often embarrassed by it. All the officials, all the notable of the city, all our friends, came and it was beautiful and touching, but no expression was more so than the call of Cardinal Mercier.

He came Thursday afternoon at tea time, tall, majestic, with the simplicity of the truly great, such blue eyes of virtue and lofty courage! He was accompanied by the Reverend Pere Rutten, who wore the white robe of a Dominican father, back in Belgium again after many adventures; he had crossed the sea with him on my return from America in 1915. His eminence expressed sorrow; and showed sorrow at our going. He spoke with beautiful appreciation of America and what America had done for Belgium and said that Belgium had lost her "stay and support." "L'Amérique—la force, l'autorité d'une grande nation—l'Amérique—the force, the authority of a great nation." His voice was vibrant with emotion; he was still a moment and bowed his gray head.

I told him after the war he would have to make a voyage to America where he was so much loved and admired, and when I related how Protestant clergymen and Jewish rabbis had united with priests of his own faith to praise his courage and extol his patriotism, he looked at me with astonishment. He said he was too old to undertake the voyage, he feared sea-sickness, but I assured him that in the summer the ocean for him would be as smooth as the lakes of Ixelles. I can not give all the conversation; it is his personality that charms. Great and over and over again he thanked me for what, as he was generous enough to say, I had done for Belgium. The effect of his visit was most uplifting. He is one of those great personalities that in a world crowded with little men, lift themselves far above the mass and by sheer force of moral greatness radiate awe and light. In his presence all cares, petty feelings and fears fade away; one is before eternal verities, and we felt that night as though we had a prophet in the house. Did not our hearts burn within as he talked with us by the way?

On Friday morning—we counted those last days as a prisoner might—Gregory arrived early to say that Reith had told him that the C. R. B. could not go until the sixth of April, a week hence; I sent Rudlock at once to tell von Moltke that if the C. R. B. did not go on Monday I should not go; that they might do as they pleased, I would not go before the C. R. B.

Then, Lancken sent to know if I could receive him at eleven o'clock; then he postponed the visit until afternoon and something, something, something, I know not what, told me that he was leaving on one of those trips to Berlin. At five o'clock that afternoon, scrupulously groomed, as ever and smart in the light bluish-gray uniform that so well set off his handsome figure, wearing side arms, he came to make his adieux; he was going to Berlin that night—to be gone a week.

We had tea, and when he and my wife and I had chatted for a while, he began to discuss the plans for our departure, beginning with the statement that Sherman, our vice-consul at Antwerp, might be detained, as having been too pro-English, but I was able to persuade him to forego that measure. Then he said that my train would be ready for Monday, out—the usual, sinister "but" for which I was using—the C. R. B. could not go until the sixth, because Gregory had fixed that day.

"Very well," I said, "then I shall not go until the sixth."

He looked up in surprise; that would make trouble, he said; he would not be responsible for the military, they might do anything.

"Very well, let them do anything," I replied; "I will not go first, but last."

He said that it would be very difficult to change the arrangements and to send the C. R. B. Monday; the military might insist on their going into quarantine; there were difficulties—all sorts.

"That is a grave decision," he said solemnly. "And you would accept all the consequences of it?"

"I do not know what you mean by the consequences," I replied, "but let them be as grave as they will—imprison me, shoot me in the Grand Place—so be it. I accept them. I will not leave first. With us the captain leaves the bridge only after all the others."

He promised to do all he could, and again expressed regret at seeing me go. He said he thought we should meet again soon, that the war was nearly over.

"Perhaps at the peace congress," he added.

The C. R. B. Begins to Leave.

That evening I had another, a very short telegram from the Department of State ordering me to leave at once.

There was another telegram that evening from Liege, with shocking news: Heingeriner, our consul there, had died suddenly of heart failure, and I went suddenly at once to Liege to close the consulate.

But that night the seven C. R. B. men from the north of France left,

Belgian Regiment going to New Cantonment. Photos by Brown Bros.

La Petite, A Ruined Town.

English Convoy on way to Nieupoort.

It was Monday, the second day of April, and unless some new complications, some new change in the scheme of things should arise, our last in Brussels; the trunks and the boxes that had been so long packed and waiting were in the corridors. And there was the confusion of last hurried preparations, streams of callers, masses of flowers, and the weariness of the reaction after the long strain we could not yet realize as over. We of the Legation staff were 20 in all; there were 15 persons belonging to the consulates, about 40 men of the C. R. B., and about 18 of the Chinese Legation. We were to have luncheon that day at the residence of Burgomaster L. d'Animer in the Avenue Louise. Villalobar was to be there, and van Vollenhoven, and the aldermen of Brussels with their wives. The luncheon was to be at one o'clock; we were to leave at 5:15.

At ten o'clock in the morning I was passing through the lower hall of the Legation; suddenly a German soldier stood before me at the salute; he was from his costume, a courier and he showed the signs of having had a long ride on the motorcycle that stood outside the door. He gave me a great envelope; I opened it and read an invitation from the Governor-General to luncheon at Trois Fontaines, at one o'clock. I had not seen Baron von Bisping since his return from Wiesbaden; he had been ill ever since returning from his cure, and when I had asked von Moltke, the day before, when I might go to say farewell, he had not been sure that the Govern-

The Governor-General was feeble and haggard and looked much older; he walked stiffly and with difficulty, but he and his frail, slender, little baroness smiled and received me cordially. They had a young son, a lad of 15 wearing the cadet uniform of some military training school and already clanking his heels with a sharp report and saluting with the best of them. Count Ortenberg and several other members of the General's staff were there, and two guests, one of whom it was whispered to me was a great doctor of divinity and famous German theologian, whose name I did not learn. He was an enormous superman with a bristling, belligerent pompadour, great glistening spectacles, high rawnig collar, a frock coat that widened gradually from his narrow shoulders to its wide skirts below, the whole terminating at the floor in boots with glistening patent-leather tips.

The famous theologian was seated at the Baroness's right at luncheon, and at her left, the Governor-General in the seat opposite his wife. The luncheon was the modest repast served always at that table, and the talk was not animated. Once during the meal the Governor-General lifted his glass and drank to my health; and once he looked up and said, in his heavy voice:

"You are going away, then?"

"It seems so," I said.

And then in a kind of rage he almost roared:

"As who should say, 'What nonsense for you to go to war!' He said that he was sorry to see me go, that the relief work would never learn otherwise."

And that was about all; the Baroness said she regretted the necessity for the submarine war, but that the English would never learn otherwise."

I was glad when the luncheon was over and glad that the coffee and cigarettes were served at the table.

When we arose the Governor-General, as we chatted for a moment, said he knew how hurried I was and I took advantage of the remark to make my compliments and adieu at once. The famous theologian left, too, immediately after me, and as I went out of the hall I saw him drop to one knee before the Governor-General, the representative of the imperial power and majesty, and heard the concussion of the loud, moist kiss which the reverend one planted on the hand of the Governor-General.

We raced back to town and I arrived at the Burgomaster's as they had just sat down to table, and signed with relief to be among my good friends once more—and did my diplomatic best to eat another luncheon.

Our Last Farewells.

Villalobar came to us at half past four that afternoon, and he and my wife and I had tea together in the sadness of those last moments. His motor, with the pretty red and yellow flag, the colors of the Republic, over the American Legation, was at the door to take us to the Gare du Nord; the motor of the Dutch Legation, with its orange flag, was there as well, and present, bidding good-bye to Gustave and Joseph and Colette, and Josephine, and Cecile, those servants who had been so faithful in the Imperial days, those trying days—Eugene and Marie were going with us—we drove away from the Legation amid their tears.

In the Place Rogier, at the entrance to the Gare du Nord, a great crowd was gathered, a crowd that filled all the space within the station. There had been of course no public announcement of our going, the hour was not known, yet the word had gone about in Brussels, and there, outside, and more inside, the crowd stood in silence. As we left the motor to enter the station the men gravely uncovered and the women were in tears. It was very still, now and then a child was held out to me, its little hands outstretched and low voices beside said:

"Au revoir—et bientôt!" (Till we meet again—and soon!)

The crowd was massed inside the station and the words were repeated over and over in that most affecting of farewells:

"Au revoir—et bientôt!"

All our friends were there, come to bid us good-bye, and friends of the members of the C. R. B., all the remaining members of the diplomatic corps, the city officials, representatives of the Comité National, and when old M. Solvay his eyes filled with tears, and M. Fraenkel and M. Emmanuel Janssens came together to shake my hand—I could no longer speak.

Mr. Prentiss Grav, who had not only courageously volunteered to remain, but had insisted on remaining, to help instruct the new delegates and to install his successor, was there to see us off.

The long train was drawn up under the sheds. Count von Moltke himself was at the turnstile; the young Baron von Falkenhausen, who was to escort us across Germany to the Swiss frontier at Schaffhausen, was there; we went out to the platform.

Then the long farewells and the banishments with which the last moments are filled; finally, the men of

the C. R. B., the consuls, the Chinese, got aboard; the masses of flowers were carried into the coach. Then some one said that Jesse Allard was there, that he could not get through the stile. I ran back, caught his eager face in the crowd, waved to him, and the crowd cheered. It was the only sound they had made, and for their sake, fearing a demonstration, I hastily withdrew and ran back to the carriage. I bade Lambert and then, the last, Villalobar, good-bye. He presented my wife with the bouquet of forget-me-nots he had brought, and handed her into the train. The Baron von Falkenhausen mounted the steps; von Moltke, who had been so kind, who had so admirably made all the perfect arrangements, stood at the salute. I climbed aboard. The train was moving.

As we drew out of the city I looked out of the window of our coach. Far across the expanse of rails, at the end of a street which came down to the edge of the wide way, at the barrier of a grade crossing in Schaerbeek, a great crowd was gathered, and as the train passed, above the mass of acres of faces blurred by the distance, there burst a white cloud of fluttered handkerchiefs.

I went into the compartment alone and shut the door.

THE END OF THE SERIES.

Notice.

# MOTOR FREIGHT AND MAIL LINES TO BE NUMEROUS

WILL SOON SPIDER-WEB THE UNITED STATES BY LOCAL DEALER.

## ENDORSES MAIL LINE

The Proposed Route to Ardmore is Entirely Practicable Says Mr. Daugherty.

"Vast motor freight, express and mail routes will soon spider-web the entire United States," prophesies W. J. Daugherty, local representative for the Firestone Tire Co. "The proposal of Senator Gore to establish a motor truck mail route from Ardmore to Wichita Falls, in my opinion, is entirely practicable," said Mr. Daugherty, "and if this is done its efficiency will be demonstrated and you may expect to see Wichita Falls the center for a large system of motor truck mail lines. Mail delivery by truck is being developed in many sections of the country."

Are Many Instances. "I couldn't begin to cite all the instances. Already mail routes extend from Portland, Maine, through Hartford, New York, Philadelphia, Baltimore, and Washington to The Plains, Virginia. Furniture travels 180 miles from Idaho to Utah in fifteen hours; how many days would the old freight method have taken? Packing companies have started to transport fresh meat in huge refrigerator trucks. Live stock is being brought to market in Omaha, St. Louis, and Cincinnati. A daily motor truck line is rendering commercially accessible not less than one hundred miles of Arkansas mountain country. Throughout the west farmers are sending their grain and a wealth of other products to town by means of trucks. Michigan, South Carolina, Pennsylvania, Nebraska, Georgia, Colorado, Illinois, and California, are getting in line with some phase of such motor activity as I am discussing. In fact, Kansas has about decided not to build any more inter urban electric traction lines."

Association is Formed. "I haven't time to speak of the Interstate Motor Trucking Association, recently formed in New York city, and their proposed transportation show this winter in the metropolis; of Secretary Redfield's belief that motor express will revolutionize transportation; of Ontario's \$500,000 rural express company and other companies operating elsewhere; of the increasing use of the motor truck trailer; of the formation of return loads bureaus, or of the possibilities in the way of multiplying our supplies of food, supplying and stabilizing our markets, and even feeding the world."

Results Last Year. "The results: Last year, 77,244 boys enjoyed their last auto ride into Cincinnati from a radius of thirty

miles. Your furniture is handled twice instead of six times, and benefits accordingly. Your wood is hauled to your chemical plant for one-fourth the former cost. Your fresh meat arrives fresh in six hours instead of shrunk from two days and a half of evaporation. Chicago suburban motor bus routes are spreading rapidly. Between January 1 and June 30, 1918, our fifteen national mail routes averaged more than 2600 miles daily, cleared over \$125,000 and justified their being extended to the Pacific. Other figures might be quoted, but these are typical.

Has Come to Stay. "I don't mean to say that motor trucks are going to supplant railroads. They shouldn't if they could. On the contrary, motor service, waterways, and railways are all needed, and none will do its work so well unless it dovetails with the others. But motor truck transportation has come to stay. "Why am I interested? Can you blame a Firestone man for feeling somewhat jubilant in view of the fact that half the truck tonnage of America is carried on Firestone tires?"

### HAVANA CUSTOMS HOUSE ESTABLISHES A RECORD

Associated Press Mail Correspondent. HAVANA, Feb. 5.—Havana customs house reports for the month of January, 1919, show collections amounting to \$3,677,185.35, establishing a record for this port. The highest previous month's collections were \$3,071,201.18.

### INDIANA CONGRESSMEN TO SUPPORT GILLET

By Associated Press. WASHINGTON, Feb. 22.—The thirteen Indiana republican members of the House have agreed to support Representative Gillett of Massachusetts for the speakership of the next house.

### The Burk-Key Oil Co.

Capital \$65,000.00. Par value of shares \$10.00. Properties: Two and a half acres out of block 103 of the A. J. Vancleave tract, directly east from the town of Burk Burnett and near the bridge. Fifty acres out of the S. A. Baxter 507-acre tract of the W. M. Summers survey, Bend Oil Field, Lampasas county, Texas. This company's property in the Burk Burnett Oil Field is well placed and ideally located for long and prolific production. Gradually, since the Burk Burnett field has demonstrated its wonderful fortune making possibilities, the development of the gusher territory has extended towards the "Burk Bridge" and it is here, west of the line out-cropping, which crosses the Red river east of this company's holdings, that large and permanent wells should result from our development. This company knows of no good and sufficient reason why Burk Key shares should not sell, because of its Burk Burnett development alone, at several times par in the very near future. Wanted: Some good salesmen, 808 1/2 Ohio street, Room 10. Wichita Falls, Texas. 243-2tc

### BRITON LOVES U. S.

MR. and MRS. JOHN GALWORTHY

John Galworthy, English novelist and playwright, and Mrs. Galworthy, have just arrived in New York. The author came expressly to be present at the celebration to be given February 19, the one hundredth anniversary of the birth of James Russell Lowell, poet, critic, dramatist and at one time Minister to Great Britain. This is Mr. Galworthy's third visit to America and each time he likes it better.

Notice. To my friends and patrons: I have discontinued making professional calls and limited my practice to office work. Hours 9 to 12 a. m., 1:30 to 4 p. m.—Dr. Mark H. Moore. 243-12p

### Yanks Impressed With Hospitality Of Welsh People

Associated Press Mail Correspondent. LONDON, Jan. 25.—When the world-touring Yanks who have spent part of their time in Wales get home they will carry back to the U. S. A. a fine impression of Wales and the hospitality of the Welsh people. "Never had a better time in my life," says the Yankee sailor after he has been invited into a Welsh home. The Welsh are charming in their homes. Almost without exception every member of the family can sing or play a musical instrument. But while music is ennobling to the soul, there is a surer way to get the full-fledged approbation of the Yank—and that's through the stomach. And my how those Welsh people can cook! Then, too, things were a bit more plentiful there than in England, so between good music, cordial people and plenty of good things to eat the boys are going home with their official O. B. on Wales and all that's Welsh. Sunday is a favorite time for entertaining the Americans. Every Sunday from 50 to 75 are sent out by the Y. M. C. A. to have dinner and spend the afternoon.

### HAVANA TO CONSTRUCT MODEL MARKET PLACE

Associated Press Mail Correspondent. HAVANA, Feb. 5.—A model market, to cost \$2,400,000 is to be constructed here to take the place of the old time market places and newer street markets scattered about the city, products of the wartime food scarcity and consequent manipulation of prices by merchants. It will be a beautiful marbled structure. Havana now has only one central

### Furnished House

20 rooms, close in, furniture and lease for sale if sold at once. Box 88 care of Times.

market building, the Colon Market, located in the heart of the city, but dark, poorly ventilated and unsanitary. The other, the "Plaza de Yagoores," or "Tacon" market, recently was closed by the city health authorities because of its unsanitary condition.

### CINCINNATI DECIDES TO TRAIN AT WAXAHACHIE

By Associated Press. DALLAS, Feb. 22.—President Gary Herrmann of the Cincinnati National League Club has decided to train his baseball squad at Waxahachie, Texas, this spring, according to Hamilton Patterson, local magnate. Patterson has received a message from the Red Sox asking him to book an exhibition game at some point close to Waxahachie for Sunday, March 30.

### DEPARTMENT EMPLOYEES CAN'T BUY OIL STOCK

By Associated Press. AUSTIN, Feb. 22.—The Attorney General has issued an opinion stating that it is improper for employees of the insurance and banking depart-

ments to hold oil stock or in any way interest themselves in oil or mineral leases. As a result, H. S. Squires, who was recently appointed Deputy Banking Commissioner under the newly appointed State Commissioner G. Waverly Briggs, has tendered his resignation.
