Glenny of the telephone company stated this afternoon. A team of horses ran away in the factory district, near Ball Bros. factory, and running into a telephone pole broke the pole and let the cable down on light wires. The 200 pair cable was burned in three places.

As soon as the accident happened Mr. Glenny ordered new cable from Dallas, but it will, be at least two of three days before the lines can be repaired and service resumed to this section of the city, he stated. The

And does Mr. Love forget so soon that the Lone Star flag that the Hun knows what Lone Star flag that the Hun knows what Lone Star means when he sees it? Have our boys gone to the front and fallen in vain in our state's name for our share of the world's freedom; must those who return maimed for life, return to see the Lone Star torn in two?

No never. Not so long as there are descendants of the Alamo, and if there is any man in this state who thinks it is too large for him let him get out, for he must be from some little state that my grandfather could have ridden across on a Texas burrolla less time thou this Mr. Love could. have ridden across on a Texas burre in less time than this Mr. Love could de across our state in the fastest

And as far as this being too heavy state to handle from the capital.

Mr. Love forgets that our beloved President is from a smaller state than this and surely there will always be great men to handle the great business of the U.S. and so why not suppose this state draw a line from New Orleans to Cauada and make a new Texas U.S. A. There would be more reason in it.

Now let Mr. Love remember that while many of our Lone Star boys are away yet finishing up their country's work that there are still enough left here to protect the Lone Star from any such weakling who deres to tear it to bits. If Pecos is getting too large for him, move to Loving, N. M. or Aaranaho, Okla, I am sure they won't grow too large for him.

## Electric Sad Irons

—for only

For this week only, we are offering the women of Wichita Falls an opportunity of securing a high grade, guaranteed electric iron at less than pre-war price. This 6 pound, hot point Elektro iron is an exceptional value at \$6.00, and it is a real bargain at \$4.85, the price we are offering it for this week.

We have just received a large shipment of these irons, but we expect to have every one of them sold by Saturday night, so you had better not delay too long if you intend to get one of these irons.

The Elektro iron uses less current and heats quicker than other irons, by actual test, so do not be afraid to buy one. We will refund the purchase price of any Elektro iron that will not do satisfactory work, if same is returned to us within thirty days.

## OIL DEVELOPMENT

## **SUIT FILED FOR**

PROPERTY INVOLVED IS PART OF BLOCK 101 ON VANCLEAVE FARM.

Allege Contest Has Temporarily Tied Up \$100,000 Worth of Oil.

Action demanding \$25,000 damages and involving title to 100 acres of land in the Burkburnett pool valued at not less than \$1,000,000 was filed in the 30th district court today by the Fowler Farm Qii Company against R. W. Davis. The property involved it part of Block 101 of the Vancleave farm tract, and the allegation is made by the off company that Davis contest of the title has temporarily shut off the market for oil now being produced from the acreage and has caused the company states that an oil and gashease on the 100 acres was first obtained May 27, 1918, by S. L. Fowler from A. J. Vancleave, the latter retaining the usual one-eighth royalvy interest. Later this lease was transferred by Fowler to the Fowler Farm Oil company.

The complaint then alleges that "on Green River 210

The complaint then alleges that "on The complaint then alleges that "on August 2, 1918, R. W. Davis obtained in purported conveyance of the royalty rights of A. J. Vancleave—and on Sept. 16, 1918, R. W. Davis obtained a purported confirmation in writing of said grant of royalty under said lease."

11

Chronologically the complaint de-clares that the oil company on the 23rd of September obtained from Van-cleave and his wife, Edna, a ratifica-tion contract covering the acreage, in-

tion contract covering the acreage, in-asmuch as the original lease was de-clared null and void owing to Van-cleave being at the time a minor, It is stated further: "That the lease is now in full force and recognized by A. J. Vancleave, who is still owner of the land; that R. W. Davis has no right, title or in-terest events a greaterth revealty. terest except a one-eighth royalty."
The complaint states, however, that Davis "is now asserting title to au undivided one-half interest in the oil

undivided one-half interest in the oil and gas underlying the land, is endeavoring to obtain possession of the same and is setting up adverse claims and clouding the plaintiff's title."

The contention is advanced that Davis has never protested against the oil company's actions in drilling several producing wells on the property; that he has never developed any of the property nor expended money upon it, "but is now trying to obtain the oil" and "has clouded plaintiff's title to same and rendered it impossible to market said oil."

The Fowler company asserts it has been dameged to the amount of \$25,000, and asks the court, further, to establish a clear title to the property

of the deep tests—seven derricks are now up near us. These ten acres are 2½ miles south of the Big Serene wells, which are depth of less than 2000 feet are producing more than 1000 barrels of oil each daily. Should one of the deep tests near us come in, our ten acres would be worth at least \$50,000. The structure here is ideal tor oil, and geologists and old oilmen are predicting that the deep tests will discover a bigger pool than that at Burkburnett. Ten of our 20 acres are north of lowe Park and right in the center

Our other 10 acres are within 2 miles of the Three Zink wells and within 14 mile of five producing wells. These 10 acres are 2 miles south of the Zink wells, and 3 miles northeast of the Lockridge wells. The wells within 6 mile of us show that the oil runs through our lease. The Zink wells are about 680 feet deep and are reported to be making over 100 harrels of oil every day. We will drill to the Zink aand, and as we are between the Zink wells and the Lockridge wells, we seem sure of oil.

The management of the Big Money Oil Company is in the hands of T. H. Friedly and William J. Goodwin. The former is a business man of long standing and high reputation in Wichita Falls. The latter is an oil operator of the same city. These two men guarantee the Big Money stockholders a square deal, and an honest and efficient conduct of the company's affairs. We sincerely believe we will get oil and we promise every person who invests with us to be as careful of their money and to work as hard to make it earn big dividends as though it was our own.

If you think of investing in oil get your money in a company owning proven acreage and backed by responsible men. Above all things get in at the start—now, while the acreage is big and the capital low. Write or talk to

Clothing Must Be Supplied.

Alfred Fairbanks, Acting Manager of the Southwestern Division, in a letter to the local chapter, says in part.

"Clothing must be supplied to the suffering peoples of Northern France, Belgium, Italy, Rumania, Serbia. Greece, Montenegro, Palestine, Albania, Czecho Slovakia and Poland. To meet this need the millions of members of the Rea cross will be asked to assist by a donation of old clothing that will prove a veritable Godsend to those who have borne the brunt of the war. The collection will be made when practically the whoie country is discarding winter clothing, much of which would never again be doned by the owners. ## CHALLENGE STATE ON SUBSCRIPTION

All men named on the committees Maj. Everett Jones to raise Wichita Falls contribution to the Fund for the Relief of the Armenthe Fund for the Relief of the Armenian and Syrian war sufferers are expected to meet at the office of John Davenport, chairman, at 2 o'clock Thursday,' to organize, and receive supplies and instructions preliminary to beginning the campaign to raise this city's share of \$25,000 apportioned to the county on Friday and Saturday. W. R. Duke, the chairman of publicity for the county, has wired a challenge to the state, stating that Wichita county will subscribe more per capita to this Near East relief fund than any other county in the state, and in order that this county and city keep their reputation it will be necessary to start work immediately.

Captain C. K. Morse, just returned from the scene of the war of the past four years, will address the men work-ers Thursday afternoon, at the comthe division, to be transferred shortive after landing in France. His letters to friends here have been full of news of the Wichita Falls boys, especially the one printed in The Times of a week or so ago, and his return will be eagerly awaited by relatives and friends of those boys that we:e with him, and all of the local coupany.

## SPARTACANS PLAN **AGAINST SAXONY'S**

By Associated Press.

BERLIN, Tuesday, Feb. 25.—Spartacans and radical socialists have launched a niovement to overthrow the existing government in Saxony where the newly elected diet was to assemble today. A general strike has been proclaimed and railway communication with Halls, one of the principal junction points in Saxony, has been broken. The spartacans are reported to have taken possession of Placun and other industrial centers. Independent socialists in Posen have issued a manifesto demanding the dissembling of the Weimar government declaring it is "an impedient to socialism and the proletariat."

#### Students Visit Church for Lecture On the Pipe Organ

On Monday morning of this week II. B. Brous of the science department of the Wichita Fails high school took the members of two of the classes of his department to the First Christian church where they were given a lecture on the "History, Mechanism and Types of Pipe Organs." This lecture was given to supplement the work being done in physics in the study of sound. It consisted of an outline of the development of the organ from earliest times to the present, an explanation of the three phases of the organ: the wind supply, the pipe work and the action; and a description of the world's greatest organs including the one in the Town Hall of Chicago,

Answering the appeal for workers that the Red Cross has made, the girls of the sixth and seventh grades, of the Austin school, have volunteered to give their services Thursday afterto give their services Thursday after noon of each week. The need for workers is urgent, as the quota of refugee garments has not been completed and the Red Cross officials hope that many school girls will follow the example set by these girls. Mrs. Kemp is the instructor and those volunteering for work were Lillian Haley, Ruby Gibbs, Eugenia Lane, Helen Lewis, Francis Jones, Gwendolyn Mudd. linette Walters, Lois Drake, Dean Watley, Francis Willis and Kate Love.

#### School Building vs. Office Building Subject of Debate

On Monday evening much interest was shown by the members of the NEW GOVERNMENT high school in the beginning of the medal contest which was announced several days ago. About 35 boys, inseveral days ago. About 35 boys, inseveral days ago. About 35 boys, including visitors were present. The debate which was the most prominent number on the program was one of interest to the boys as the subject was, "Resolved, That a New High School building would be of more real value to the city that a ten-story office building." The question was discussed by Gerard Boon and Herdiscussed by Gerard Boon and Her-bert Ferguson on the affirmative and Clayton Edwards and Donnald Cook on the negative side. The decision of the judges was in favor of the ai-

firmative.

The program was followed by an executive business session during which some vital problems of the club and school was discussed and o committee upon which s hall rest great responsibility was elected. The nature of the work to be done being for the interest of the school at large and of a rather delicate nature it was thought best to keep the proceedings of the meeting from the public for the time being at least. The next regular meeting will be held next Monday evening at 7:30.

#### Cabinet Meeting Christian Church 7:30 This Evening

The cabinet meeting consisting of the teachers of officers of the Sunday school and the officers of the First Christian church which was to have been held Tuesday night was postponed on account of the inability of several to attend at that time. However, it will be held Wednesday evening at 7:30 in the basement of the church.

This is to be one of the most important meetings of this body during the year as there are about 12 or 14 question of vital importance to the Sunday school to be discussed including the course of study to be used in the future. The cabinet meeting consisting

the world's greatest organs including the one in the Town Hall of Chicago, the one in the Town Hall of Chicago, the one in the Town Hall of Sydney, Australia, the organ especially constructed for the St. Louis exposition baving 140 stops and 10,059 pipes and the wonder of all organs of the great municipal organ in Denver city with its 229 stops and pipes ranging in weight from one half to 1250 pounds. This interesting lecture was followed by a demonstration of the workings and tone combinations of the organ was then opened and the pupils were shown the pipe work, the puentation of the swell organ.

## GERMAN ASSEMBLY PROPOSES NATIONAL DEFENSE MEASURE

WASHINGTON, Feb. 26.—With the COPENHAGEN, Feb. 26.—During pproval by President Wilson of a bill the debate in the German national as

reichswehr would not, under the bill, be one-third that of the old army. Foreign countries, therefore, have no occasion to mistrust the bill, which is intended merely to meet the most mg ent needs of the empire. It would be a lively imagination that could see in it the spectre of militarism."

After the adoption of several amendments, the defense bill passed second

reading. It will come up for third reading Thursday.

## Save Us, America!

## The Cry of the Little Children

The hands of little children are stretched out imploringly to America. Food, shelter, life itself, they seek from these shores. They are friendless but for us. Parents, brothers, all that they had to protect them, as you, parents of America, strive to protect your little ones, are lying on the roads that lead from their homes or in the streets of the cities of the Near East.

There are four hundred thousand of these tender ones, Syrian, Armenian, Persian and Greek, Christian and Jew. Soon there shall be that many little ones dead, unless America gives its help.

Garments to clothe them, homes to shelter them, food to overcome the devastating famine. Shall we withhold these things when the lives of little children are at stake?

Not one night, but night after night, thousands of them are going hungry to bed. And such beds! Half of them are in the streets, because they can find no other place to go. And most of the remainder are living in cellars and in sheds in which we would hesitate to stable our livestock!

A crust of bread is eagerly welcomed. There was the little Syrian boy who clasped to his breast the piece of bread a relief worker gave him. "Why don't you eat it?" he was asked. "Because I want to go to sleep tonight knowing that I have it," he replied. Can you think of your children reduced to

Will you give seventeen cents a day to save one of these? Will you spend five dollars a month, sixty dollars a year, and know that you have assured the life of a child in the Near East?

Everyone Can Play Part in Work of Mercy, Say Prominent Club Women of Wichita Falls.

The task of binding up the wounds of the suffering is one that America will not shirk. We can never be of those who "pass by on the other side." It is wonderful to know that American workers have been ministering to the distress of those of the Near East since their oppression first began. But now it has become a task for all of us. Every one can play a part in this great work of relief simply by contributing to the fund of the American Committee for Relief in the Near East. May this

We have two buyers for shallow production. Must be priced right. Prefer in the shallow field near Burkburnett. Would consider something in the Electra field if priced worth the money

We have acreage ahead of production in Archer, Clay, Wichita, Wilbarger, Shackleford, Eastland, Grimes, and other counties of Texas. Also, in Cotton, Tillman counties, Oklahoma. All are near deep tests.

We can sell you a lease with four producing wells for less per acre than you can buy much of the acreage in the unproved field. WE WOULD be pleased to take you out to see this tract and show you its possibilities.

We can sell you a lease on tract near the Burk-Waggoner well at one half price that is being asked for acreage much farther out. This carries the lowest price of anything we know of in the Burkburnett field.

We have buyer for 2000-acre ranch located anywhere from twenty to forty miles of Wichita Falls. Will pay up to \$30 per acre. This party has the money and is ready

We can sell your business property, home, ranch, drilling rig. List them with us.

We can sell your royalties. If you want to sell yours, list it with us.

We can sell you several drilling sites in Burkburnett Royalty buyers see our list. Direct from owner to you.

#### The Burk-Key Oil Co.

survey. Bend Oil Field, Lampasas county, Texas.

This company's property in the Burkburnett Oil Field is well placed and ideally located for long and prolific production. Gradually, since the Burkburnett field has demonstrated its wonderful fortune making possibilities, the development of the gusher terri-tory has extended towards the "Burk-Bridge" and it is here, west of the lime out-cropping, which crosses the Red river east of this company's hold-

#### CONSTIPATION

Lady Much Suffes Draught R

Meadorsville, Ky.-Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before.

I heard of Black-Draught and do elded to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good

## NOTICE TO OIL MEN

Owing to the sudden and unexpected increase in business since Christmas, for which we were unprepared, we have not been able to give prompt service, being compelled to turn down nearly all mail orders as we were kept a week behind with local work. We have made every effort to take care of the business and have been installing new and modern machinery for the last two weeks and now have the best equipment manufactured and are in position to get out the highest grade work promptly.

We are greatly indebted to our patrons for the patience and consideration shown us at the delay of their work which alone enabled us to pull through until we could get new machinery installed and for which we wish to express our sincere thanks. We are proud of the way you stood by us and will endeavor to show our appreciation in the future by giving prompt service and good work.

All mail orders will be filled promptly in the future. You are cordially invited to inspect our equipment. As we do not have time to keep books, or collect, all work is cash, 50% in advance, balance on delivery.

## The DUPLEX

Four Wheel Drive Truck

Has come to Wichita Falls and is located, for the present, at 1106 North Seventh street.

Better adapted to oil field work than any other truck manufactured. Truck and Trailer carries 7 tons over ordinary roads.

We invite oil men and contractors who need a good, all purpose truck to come and look the Duplex over. Can give immediate delivery.
