

SENATE DEFEATS BILL TO PERMIT BOXING IN TEXAS

Bill Sought to Create a Boxing Commission to Control Sport.

MAY COME UP AGAIN

The Vote Was 12 to 12 Resulting in Failure of Enactment.

AUSTIN, Mar. 10.—Bill by Senator J. C. McNeese of Dallas, known as the "boxing bill," which sought to create a boxing commission, was defeated in the senate today by a vote of 12 to 12, as under the rules on a tie vote a measure fails. The motion by which the bill failed was ordered printed in the journal which enables the measure to be called up in the future.

In advocating the measure Senator McNeese said it was not proposed to legalize prize fighting but to advocate a clean sport.

COMANCHE WELL HAS INCREASED GAS FLOW

DELEON, TEX., Mar. 10.—Operators continue to keep a keen watch on development in Comanche county. It was reported Sunday that the Caruthers well of the Central Texas Oil Company, a short distance north of the Duke and Knowles wells, was making 2,000,000 feet of gas at 2650 feet but Monday's reports show this to have increased to 50,000,000 feet, one of the strongest in West Texas.

Near the town of Duster, twelve miles southwest of the Duke group, the Tate well of Crawford, et al, has an oil showing at 2900 feet and has some gas. It now is shut down.

Estimates on the potential production of the Clayton well of the Phoenix Oil Company, two miles east of the Duke in Erath county vary from 100 to 300 barrels. It is flowing into a tank but has not been completed.

CAREY WELL CREDITED WITH 14,000 BARRELS

EASTLAND, MAR. 10.—Monday's report from the field shows the Carey well of the Mid-Kansas Oil Company in Stephens county continues to increase its production. One report from a reliable source declared it is making 14,000 barrels, proving it by far the biggest well ever brought in in the North Central Texas oil fields.

The Sinclair Gulf Oil Company is casing off the oil found in its Gaines well in the northern part of Brown county and will drill deeper.

HOLIDAY REPORTS BLUE SKY BILL IS DEFINITELY KILLED

Frank Holiday, one of the three members of the committee sent to Austin recently by Wichita county oil operators to fight the passage of legislation believed to be inimical to the interests of the independent operators, was in Wichita Falls today.

"The so-called blue sky bill is definitely killed," he said, "and development and promotion in this territory can continue along the same old steady route without danger of being hampered and harassed by any harmful legislation. In the vast few days of the session there was a concerted effort on the part of a few to bring the bill to life again, but that movement also met defeat. The details of how the measure was killed are unnecessary; it is sufficient to state positively that it is dead."

"The bill to tax all refinery products one and one-quarter percent also can be considered lost. Representative Bertram, who introduced the measure, was persuaded to move in the house that his bill be indefinitely postponed—and that means it won't be heard of again in all probability."

LITTLE CHANGE IN LOCAL STRIKE OF STREET CAR MEN

REPORTED TRACTION COMPANY EMPLOYEES ELIMINATE MILL CONTROVERSY.

A tiny rift in the clouded strike situation appeared today with the announcement by representatives of the striking street car motormen and conductors that if their requests are met they will return to work in 30 minutes regardless of whether any action is taken to settle the differences between the flour packers and officials of the Wichita Mill & Elevator company. Until now the street car men had stubbornly clung to the position that under no circumstances would they operate the cars unless the flour plant workers' troubles first were adjusted.

Late Saturday night there appeared a possibility that the trouble at the mill would be settled satisfactorily, but today the situation remained the same. A committee conferred Saturday night with C. W. Beavers, general superintendent of the milling company, who agreed to take back all the men the company had laid off but refused to take back any men who had quit. Following a lengthy meeting at the Labor Temple, the flour packers and mill laborers decided to refuse to return to work unless jobs were promised to every man now out from the plant.

Call Field Interested. The striking street car men today turned down a request from Lieutenant de Montell, commanding officer at Call Field, that one car be operated daily to and from Call Field for the benefit of the men stationed there. The request was made to Mayor Marlow, who presented it to the strikers, asking for their endorsement. The committee appointed by the men, however, decided this morning not to grant the request, declaring that it would be unfair to the general public to operate a car for any one class of travelers.

Mayor Marlow stated today that insofar as his efforts are concerned the situation remains unchanged, although he expected to present several propositions to the strikers this evening.

LONG-WEARING SOLES MEAN LOW SHOE BILLS

"I have never been able to get half the service from other soles that I get from Neolin Soles," says H. H. Shellenberger, a traveling salesman of Easton, Pa.

Long service from the soles means lowered shoe costs for that is where shoes wear quickest. When next you need new shoes buy them with Neolin Soles. You pay no more than for shoes that give less wear—and you can get them in many styles for men, women, and children. Have these durable, comfortable and waterproof soles put on your old shoes, too. All good repair shops carry them. They are made scientifically, by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear all other heels.

EXTRAVAGANZA "FAN FAN" AT EMPRESS WEDNESDAY

On Wednesday there will be presented at the Empress theater the 1919 William Fox Extravaganza, "Fan Fan." The same wonderful little Kiddle that created such a sensation in "Jack and the Beanstalk" and "Aladdin and the Wonderful Lamp" play the principal roles in this colorful and delightful picture of old Japan.

so much interest has been displayed in these previous pictures that there is no doubt "Fan Fan" will prove even a bigger success.

"Fan Fan," although termed an extravaganza by its producer, is built around a clever little story which gives the child actors remarkable opportunity to display their charm and personality in depicting the manners and customs of Japan.

A quaint little Japanese village, inhabited by natives in their national costumes and with artistic surroundings, was constructed especially for this production. The settings are so realistic that the audience never suspected it was a picture.

JOHN BARRYMORE'S LATEST "HERE COMES THE BRIDE"

A pleasing farce is John Barrymore's latest Paramount picture, "Here Comes the Bride," which is on view at the Empress today and Tuesday. The picture is adapted from the play of the same name by Max Martin and Roy Atwell, which was produced with great success in New York on September 25, 1917, and it was adapted by Charles E. Whittaker, John Stuart Robertson being the director. The story deals with the love affairs of an impetuous lawyer who is entrapped into a marriage, although he loves another woman. How he gets out of the trouble is charmingly told. Faire Binney is the leading woman.

PERKINS IS GIVEN A TERMS OF TWO YEARS

District Attorney Fletcher S. Jones and Sheriff R. L. McFall on Saturday night won the opening skirmish in their battle against the practice of giving hardened youthful offenders suspended sentences, when a jury in the 15th district court, after a second time, sentenced R. L. Perkins to two years in the penitentiary for passing a worthless check. It was charged that Perkins had given P. W. Tucker a bad check for \$900, the check being accepted in payment for an automobile after Perkins had showed Tucker a pass book apparently crediting him with a deposit of \$1,200 in a Burkburnett bank. Additional evidence was intended to prove that Perkins had only \$2 on deposit and had changed the figures in the pass book. When Perkins was first tried, District Attorney Jones told the jury either to acquit him or send him to the penitentiary but not to return any verdict for a suspended sentence. That jury was discharged six hours later after failing to reach an agreement.

MORTUARY

William Taylor, Funeral services for William Taylor, aged 42, were held at Hines Chapel Sunday afternoon. Mr. Taylor, who was employed in the Burkburnett oil field, died at the Wichita General Hospital Saturday morning. Burial was at Riverside cemetery.

John W. Wooten, an employee of the Miller Lumber company, died at his home, 1607 Bluff street, Saturday morning. The body was sent last night to Whiteoak for interment. Deceased is survived by his mother, one sister, and two brothers who reside in St. Louis, Mo., and a brother who is now in France.

PLAN ORGANIZATION OF WICHITA VALLEY IRRIGATION PROJECT

MRS. ROBERTSON HAS WORD OF PRAISE FOR PUBLIC SCHOOL MUSIC

Music in the public schools is quite a factor in the musical education of a city. We are naturally interested in what our children are doing, and if they have good training along musical lines, the standard is raised in our homes. We are living in an age of greater efficiency in all things, especially in the art of music and science in the things that constitute the true art.

As head of the Institute of Musical Art, which offers a widely known course for music supervisors, Dr. Frank Damrosch can speak authoritatively on the musical situation in the school system. "The Violin World credits him with the statement that music should have a place in every school for rich and poor alike, not in the old-fashioned way by teaching the children to shout songs by rote, but by teaching them to sing from notes, in order that in after life the treasures of music may be available to them."

"Let music take its place side by side with spelling, reading and arithmetic."

"As a musician, I offer my sincere homage to the educator for showing us the path by which music, which in its higher forms has been the exclusive property of the talented and the rich, can be popularized and brought into the daily life of the people."

Looking back over the past five years, public school music made great strides in Wichita Falls. The results attained have been marvelous under the supervision of Miss Jesse May Agnew. She has been instrumental in raising the standard of music in the public school. The grades are fast gaining power in individual efficiency in sight singing and song writing. Not only is all this work fully credited, but courses are offered whereby pupils taking lessons outside school may be given credit toward graduation.

The content of the "Wreck of the Hesperus," rendered at the First Christian Church Friday evening by the Glee Club of the High School consisting of 125 voices, shows what may be attained by students who have had the training in public school work.

The "Wreck of the Hesperus" by Anderson is one of the highest standard, rich in harmony and modulations and to be rendered so efficiently by High School students shows marked ability and training. Wichita Falls may well be proud of the height attained in this line as the music of the public school is recognized throughout the state as one of the best and on a par with cities all over our land.

COURT RECORD

New Suits Filed.
Two new cases were filed in the 78th district court today, as follows: Rachel Nash against Sam Nash, divorce.
S. B. Chesault against O. H. Foster, injunction.

M. E. Martin filed suit for damages against H. A. Long and others today, the action to be tried at the June term of the 30th district court.

MULTIGRAPH SERVICE BY CHAMBER OF COMMERCE

For the convenience of members the Chamber of Commerce has installed a multigraph service, with a young woman operator, and the chamber is prepared to multigraph circulars, form letters and other work that may be needed "in bulk" by any members. A charge sufficient to cover the actual cost will be made, and it is expected that a "handoffice business" will result from the innovation.

of our school know what the department stands for and is accomplishing. It has been promised that the pupils finishing from the musical department here will be exempt from the academic work usually required upon entering colleges. This is only the beginning of what may be attained if the department is provided with funds and co-operation of the citizens of Wichita Falls.

IS DISAPPOINTED AT FAILURE OF PUBLIC TO SUBSCRIBE QUOTA

"I am very much chagrined and disappointed that Wichita Falls and Wichita county has not contributed more freely to the relief of the suffering people of the Near East, which J. A. Kemp, member of the advisory council for the state, in discussing the shortage of the quota in Wichita county. It was to have been expected that the desired \$25,000 would have been subscribed within less than the first week. The cause is a most excellent and worthy one, and in the name of humanity we could do nothing more than feed these starving women and children. We have so much, how can we deny a little of that much to those starving people?"

"There have been several of the workers that have been very faithful and to them must be given credit for the \$18,000 that has been raised. But there are many others who have done nothing, either in contributing or in soliciting contributions. It will be a blot on the good record of Wichita Falls, and Wichita county if we fall down in this, if we let this cry for food fall on deaf ears. They are watching us all over the state and let us come up to the usual high standard in this worthy cause."

FAITH IN PRESIDENT ALONE RESTRAINS NATIONS.

President Wilson is being criticised from some sources because of his insistence upon an understanding for permanent peace at this time.

These critics say the thing to do is to figure up the indemnity against Germany and to arrange for the occupation of German territory and the collection of the indemnity and come home, leaving the league of nations or any other plans for permanent peace to be settled in the future.

The trouble with such a peace is that it wouldn't really be peace at all. The European situation is such that wars that might again overstep the world would break out before the ink got dry on the peace treaty.

Actual warfare is now only being delayed between several nationalities in Europe because of the hope that President Wilson may secure the recognition of fundamentals by all nations and may organize the machinery for bringing about a just and lasting peace. The minute this hope is abandoned the fighting will start.

SITUATION REQUIRES VIGILANCE.

Two men were shot in Wichita Falls last week in attempting to resist the efforts of highwaymen to hold them up. The first of these shootings took place in the yard of a man's home; the second on a business street within a block of the post-office.

Numerous petty thefts are being reported. Rooms at hotels are being entered and money and valuables stolen; there are many thefts of tires and automobile accessories.

The oil excitement has brought in a number of stragglers, and among them have doubtless been some who came to practice highway robbery and thieving. The situation is one that requires vigilance on the part of the police force and other peace officers. No effort or expense ought to be spared in trying to discover these desperate men at large in our midst.

A bill has been introduced in the legislature for an appropriation for the purchase of Colonel Goodnight's buffalo herd. The appropriation ought to pass even if it does entail a burden on the state to maintain and develop this herd. Colonel Goodnight has for many years performed a useful and patriotic service in maintaining his herd of buffaloes at private cost. It is asking him too much to continue to do it. Texas is big enough and rich enough to undertake this work.

JERNIGAN CONVINCED THAT TIMES IS READ

L. N. Jernigan, custodian of the county court house, does not want a tree doctor; he wants someone to stop the sudden and daily increasing avalanche of advice being thrust upon him regarding the care of the trees and shrubs on the court house lawn.

A few weeks ago The Times carried a little story stating that Custodian Jernigan was seeking someone to doctor the ailing trees under his care. Since then, according to Jernigan, every farmer in the state of Texas has written him cures for all the ailments that have afflicted trees since the first locust flew into the garden of Eden.

"I don't want a tree doctor, or I do want a contractor," says Jernigan now declares, "and I don't know which."

TAMBOURINE PASSES AS PART OF SERVICE OF SALVATION ARMY

USED FOR LAST TIME ON THE STREETS OF WICHITA FALLS SATURDAY NIGHT.

Something has gone forever from the romantic dress of the Salvation Army lass, something that was seen Saturday night for the last time in this city; the poke bonnet still shades her features, and the blue army cloak is still her uniform.

But the Salvation Army lass and the tambourine have parted; that circle of wood, with its musical tin spangles and drum-like cover, no longer is identified with the lives of the "soldier girls" in commander Eva Booth's army. Henceforth the tambourine can be identified only with the whirl and sparkle of the Spanish fandango.

The tambourine was associated with the rhythmic rattle and gentle thud of falling nickles and dimes donated to the Salvation Army.

Orders from Salvation Army headquarters in New York were issued several weeks ago to discontinue passing the tambourine as a means to collect revenue with which to meet the army's expenses.

Wichita Falls is believed to be the first city in Texas where the order has gone into effect. Saturday night the tambourine was passed on the streets of this city for the last time; hereafter the Salvation Army will obtain financial support through other means.

The tambourine has gone; where it has gone no man knoweth, for surely throughout the Salvation Army there must have been thousands upon thousands of tambourines—yet what will be done with them all no local officer of the army professes ability to state.

Adopt Budget System. The steady growth of the Salvation Army, its recognized power for good and the tremendous results it accomplished during the European war have all combined to make the tambourine no longer necessary.

Through private subscriptions and in other ways the army today is able to finance its many charities without the use of the tambourine.

To many old gray-haired officers in the Salvation Army the abandonment of the tambourine will be a regret—the wooden circle, with the musical tin spangles and the drum-like cover, for long hard months kept many a poor "army post" on its financial feet.

The appeal of a winsome face beneath the poke bonnet and the gentle rattle of the outstretched tambourine brought many a nickle, dime and dollar into the treasury of a worthy organization.

Nightly Made Rounds. And before a great majority of the states of the Union became "dry" Ab' tien was a time when the Salvation Army tambourine passed nightly through saloons and came out loaded with money to be used in fighting the tambourine has outlived the days of its usefulness, and the Wichita Falls men and women who dropped coins in the tambourine Saturday night will never, never perform that act again.

His pace the Salvation Army tambourine. Requiescat in pace.

COTTON MARKET

NEW YORK, March 10.—There was a renewal of heavy switching from old to new style contracts at the opening of the cotton exchange today. First prices were firm at a decline of 15 points on March but generally 30 to 70 points higher on the old style contracts and from 35 to 65 points higher on the new. Trade interests were heavy buyers of the old May and July contracts against sales in the new style deliveries. Old May sold up to 25.12, or 72 net higher and new style to 23.30, or 45 points net higher during the early trading and later both deliveries ruled around 23.00 while old style October sold at 21.50 and new style at 21.05 or 40 points apart. Unfavorable weather in the south and reports of delayed farm work helped the general tone of the market.

The fluctuations were somewhat irregular late in the morning but the general tone of the market was steady of a better goods trade and unfavorable conditions for farm work reported. New contracts were relatively firm in the new style months while near months were relatively firm in the old style with March selling at 24.00 or 52 points net higher. New style deliveries ruled about 44 to 62 points net higher around mid-day with May selling at 23.20 and October at 21.10.

A good demand was carried into the afternoon session and at 1 o'clock prices were 35 to 94 points up on the old contracts and 52 to 59 points up on the new.

The market showed continued steadiness during the early afternoon with old style contracts ruling around 23.30 and new style 22.15 and with the new crop months generally about 35 to 65 points net higher.

Cotton closed very steady.

GRAIN AND PRODUCE

NEW ORLEANS, March 10.—High prices ruled in cotton today as the result of a continuation of the demand which started toward the end of the last week, shorts being large buyers of covers. In the first half hour of trading the old contract months rose 15 to 66 points and the new contracts rose 40 to 50.

In the trading up to noon old contracts increased their gains to 35 to 66 points but the new contracts did not rise above the early high levels. Reports of a good tone in the spot department helped contracts.

Cotton closed: old steady at an advance of 23 to 66 points and new steady at an advance of 40 to 45 points.

NEW YORK STOCKS

NEW YORK, March 10.—Financial and industrial developments over the week-end were decidedly favorable to carry prices forward again at the lively opening of today's stock market. Last week's favorite issues led the further advance. Crucible Locomotive and Midvale Steels, Inspiration Copper, American-International, Hide and Leather preferred and Sumatra and American Tobacco gaining one to four points. U. S. Steel and investment rails were barely steady, however, and oils yielded to pressure with several of the motor specialties.

Steel eased moderately on publication of the U. S. Steel decreased tonnage statement for February but elsewhere the morning's gains were generally extended. Oils, motors and spinning shares were added to the unusual array of strong stocks, also Peoples Gas and American Telephone.

Trading was less active in the final hour when renewed selling for profits caused a reaction. The close was firm 2 1/2 to 4 1/2 net higher with May 11.25% to 11.35% and July 11.25% to 11.29%.

Shorts covered freely but on the extreme advance there was some pressure from recent buyers.

STECHER AND ZBYZKE TO WRESTLE TONIGHT

KANSAS CITY, MO., March 10.—Joe Stecher of Dodge, Nebraska, and Wladek Zbyzke, the Polish wrestler, aspirants to the heavyweight wrestling title, will meet here tonight in a finish match. The men have wrestled three times before without obtaining a fall, and both declared that tonight's bout would be carried to a conclusion.

Service First

This Spring and Summer, despite the rapid growth of our city, there will be no lack of pure ice nor any slack-up in its delivery.

We have under construction a large ice storage house, 5000 tons capacity. This huge reserve supply will meet any sudden or unusual demand.

No enlargements in our plant are necessary because it is today the most modern in Texas and is amply large.

The number of wagons in service in the residential sections will be increased. No matter if the city has grown, everybody will get their ice on time every day. To make assurance doubly sure, we are establishing retail Cash and Carry stations at convenient points throughout the city.

By the way, March has come and Spring is here. Have you started that good refrigerator yet?

Y. W. C. A. PLANS FOR WICHITA FALLS WELL UNDER WAY

BUSINESS MEN OF CITY ARE ENTERTAINED AT LUNCHEON TO DISCUSS PLANS.

Wichita Falls' Y. W. C. A. has its secretary, Miss Tillie Kirk, already on the ground and starting with her work; the campaign for members to start this week; the subscription on a permanent home are being received by the men's committee, and the permanent organization will be effected early next week, as soon as the membership campaign is completed. This much, and in addition, the promise of a number of business men to underwrite the cafeteria and rest room, to be established immediately, is the result of the work of the past week by the members of the provisional committee.

Miss Kirk arrived early in the week and took up her work with the provisional committee, surveying the field where her activities are to be centered. With the secretary on hand steps were taken towards the permanent organization, and on Friday the provisional committee chairman entertained the business men of the city who are taking a lead in the financing of the Y. W. C. A. at a luncheon in the dining room of the M. E. Church South.

Cline is Toastmaster. W. D. Cline acted as toastmaster and an impromptu program, characterized by high enthusiasm, was carried out. Among the speakers were Miss Kirk, Mrs. Davidson, the Travelers Aid matron that has taken charge of the work at the Union Station for the Humane Society, W. W. Silk, W. D. Cline and W. Culbertson, who were called upon. Their remarks showed great enthusiasm for the work in general, and for the prospect for the future in Wichita Falls.

The luncheon was called a "Blue Triangle Luncheon," the symbol of the Y. W. C. A. being used for the decorative motif. Freezias and forget-me-nots gave a delightful floral touch, and the blue triangles formed the place cards. The Wesley Girls, a young women's organization of the church, served tempting refreshments.

Those invited to attend this luncheon, both the women on the provisional committee and the men, included: Messames C. W. Snider, J. A. Hitchell, P. W. Langford, Roy Jones, J. W. Culbertson, C. R. Hartsook, D. G. Whitney, Davidson, W. W. Silk and Misses Kirk and Jackson. Messrs. W. T. Cline, Roy Jones, Clint Wood, W. W. Silk, R. O. Harvey, N. B. Chenault, Orville Lullington, C. W. Snider, A. J. Van Ness, J. W. Culbertson, N. B. Martin, W. M. McGregor, J. Staley, J. A. Kemp, Frank Kell, C. H. Clark, John O'Donohue, T. W. Roberts, Stone-ward Brown, R. Shepherd and Drs. Hartsook and Stripling.

To Announce Campaign. The committee on membership, headed by Mrs. J. W. Culbertson is to commence its active campaign next week, as stated before, and will have plans ready for announcement early in the week. There is no fee for membership and it is desired to secure all the women and girls of Wichita Falls as members, whether they can be active or not, and to thus have the united womanhood of the city give their moral support to the Y. W. C. A. Free will offerings are made to the institution by the members, in accordance with their means, and the privilege of membership are not paid for with money.

The committee states that it has plans under consideration for the permanent residence, as well as for the cafeteria. The business men have agreed to underwrite the cafeteria, and have urged that it be started as soon as possible. Securing of a suitable building in all that is held up by the institution of the cafeteria and rest room, Mrs. W. W. Silk, the provisional chairman stated Saturday.

WICHITA COUNTY IS BEHIND IN RAISING RELIEF FUND QUOTA

WORK WILL BE CONTINUED UNTIL THE \$25,000 HAS BEEN RAISED.

Wichita Falls and Wichita county is behind on the Armenian and Syrian relief fund, but work will be kept up until the quota of \$25,000 is raised, according to W. R. Duke, the publicity manager who has been devoting his spare time, and part of the time usually devoted to business to the campaign the past two weeks. Returns are especially slow from Burk Burnett, Electra and Iowa Park, though the two latter towns have informed Mr. Duke that they are organized and are at work.

Eighteen thousand dollars has been subscribed in Wichita Falls and no report made from any other part of the county. Of the amount subscribed \$14,000 has been raised by M. J. Bashara and G. Clint Wood, who have been the most active of the committee appointed to work. Mr. Duke stated, "The women and girls did splendid work on Tag Day, Saturday March 1, and all those who have worked have made good returns. Mr. Duke added, but the fault is not with the workers, but with those who fail to work."

New Plans Being Made. The campaign is to continue until the Dallas office can be informed that Wichita Falls and Wichita county has done all that was expected. Mr. Duke continued, and new plans are to be worked out to arouse more interest in Burk Burnett, Electra and Iowa Park. The two latter towns, he said, are organized, but in Burk Burnett, with the exception of the tag day on Saturday, of which Mrs. J. A. Shepherd was chairman, there has been no work done toward raising the town's quota.

The great need of the people for whom the fund is being raised is sufficient to outweigh all excuses of business, such as are being offered by those who are asked to work. Mr. Duke stated, reminding the people that the Armenians and Syrians are starving, and that America is their only hope. Wichita Falls is doubtless busy, but it is this busy state that makes the city and county able to turn in large amounts, for it is prospering more than many sections, he adds, and "to whom much is given, much is expected."

M. A. Bundy will work the factories and refineries this week, neither of these industries having been canvassed previously during the campaign. Individuals who have not yet made subscriptions who desire to do so need not wait to be solicited, it is stated, but may pay their subscriptions and to turn them into the treasurer, Fred C. Barron. Mr. Barron is at the National Bank of Commerce and subscriptions may be made to him directly or at any bank the individuals may prefer.

SCHOOLS MAKE GOOD SHOWING IN SALE OF WAR SAVINGS STAMPS

Special mention is given to the San Jacinto, Alamo and Travis schools for their sales on Thrift Day, as Friday is observed in all the schools by the War Savings Committee. Mrs. J. W. Lee reports these schools as making the best showing last week, while rooms 10 and 12 in the Austin school were 100 per cent in purchases. A total of \$165.00 was invested in Thrift and War Savings Stamps in the various schools.

The War Savings Bank will be opened afternoons, commencing Monday, Mrs. Lee announces, and will be opened all day each Friday. Cards urging the renewal of pledges are being sent out to all subscribers to the pledge of last year, and a substantial pledge for 1919 is expected to result when these cards are answered.

POPPING OF ENGINES PUZZLED MANY PEOPLE DURING SUNDAY NIGHT

How many times did you run to the front door last night to discover "who fired that pistol shot?"

For "pistol shots" were heard echoing throughout the city a few dark Sunday, and many a Wichita Falls citizen still is puzzled to know who, was doing the shooting. The truth of the matter is merely that every "shot" came from the engine of one of those big yellow auto buses which the street car men are operating in lieu of street cars.

Because of "too heavy a mixture" all the engines became balky at times Sunday night, and at regular intervals a startling pop and explosion crashed on the night air. As the sound had none of the characteristics of a tire blowout, many men and women received the general impression that highwaymen had descended upon the town—yet no citizen, running to the front door and peering up and down the street, was able at any time to see any evidence of a fight.

TWO MORE BRANCHES TO THE CIVIC LEAGUE

Two more branch organizations have been added to its list by the Civic League, the Sam Houston Welfare club, which takes in the factory district, the Fairview addition and the neighborhood near the school, and a second organization of negro citizens in the district east of the railroad tracks.

A great deal of enthusiasm has been aroused among the women of the Sam Houston school neighborhood, who intend to put into practical effect a slogan of "more gardens and fewer tin cans." The aid of officers also is to be asked in an effort to force owners of cattle to confine animals properly, in order that gardens and lawns may have a "fighting chance."
