

KOREANS DETERMINED TO HAVE INDEPENDENCE

By Associated Press. SEOUL, KOREA, Saturday, March 22.—The Korean movement for independence is continuing determinedly. The movement for the most part is keeping to the method of passive resistance previously decided upon but there have been numerous riotous disturbances in the interior, especially in the north along the Manchurian and Chinese borders.

semi-official Seoul press says the procurators, assisted by the police visited the Seferance hospital and the First Methodist hospital in Chungking and seized a number of articles as evidence. The newspaper claims that the Japanese correspondents are sending out sensational reports of the desecration of the Korean territory.

DEFINITELY AGREE ON AMENDMENT TO PROTECT AMERICA

By Associated Press. PARIS, March 25.—The American peace delegation, it is understood, has definitely agreed upon the amendment it will offer to Article X of the covenant of the league of nations to safeguard the Monroe Doctrine.

DELEGATES DISCUSS BUT DO NOT ACT ON PEACE AMENDMENTS

By Associated Press. PARIS, Monday, March 24.—During a three-hour session tonight the league of nations commission, considering proposed amendments to the covenant, disposed tentatively of the first sixteen sections, agreeing upon a number of changes in form which the members of the commission believe will meet more than 90 per cent of the objections offered by Senator Lodge and other American senators.

SOUTHERN LEAGUE TO ADOPT SCHEDULE TODAY

By Associated Press. NEW ORLEANS, March 25.—An official playing schedule for the 1919 Southern Association season was expected to be adopted at a meeting here today of association officials. A number of changes in Sunday game assignments from those contained in the proposed schedule will be made, it was stated.

ARRANGE TO TRANSFER LITTLE ROCK TEAM

By Associated Press. ST. JOSEPH, MO., March 25.—Edward Hamilton of Sioux City, owner of the St. Joseph Western League baseball club, was here today making arrangements for the transfer of the team.

HOLD CONVENTION TO STRAIGHTEN OUT MODERN WOODMEN

By Associated Press. CHICAGO, March 25.—A convention to save the Modern Woodmen of America met here today. A. R. Talbot, head central, described the situation as critical. In October, 1918, he said, the society had a general fund of \$10,000,000 in securities. This has dwindled to \$440,000 owing to the ravages of influenza and pneumonia.

FLIGHT OF FORMER EMPEROR CHARLES WAS KEPT SECRET

By Associated Press. VIENNA, Monday, March 24.—Arrangements for the departure of former emperor Charles for Switzerland were kept secret until this morning. This city heard only this morning from a short government statement to the press that the monarch and his family left last evening and would cross the frontier this afternoon. It is understood that Charles and his family will stay for the present at the castle of the mother in law, the Duchess of Parma, near Rohrschach.

36TH IS NOT EXPECTED TO RETURN HOME SOON

That the Thirty-Sixth Division will not be returned home at an early date is indicated in a letter from Miss Maude Walker, of this city, now in France, in which she states: "I received my assignment today and I have been asked to go with the Thirty-Sixth Division, now stationed at Chaumont, where General Pershing is located. But they will soon go into Germany with the Army of Occupation."

EARLY COPY WILL BENEFIT ADVERTISER

Advertisers will please bear in mind that the better service can be rendered by the office if they will have their Sunday copy in early in the week and at the latest by Friday morning. Especially is this important now that it is necessary to print one section Friday night. Please bear this in mind and we will appreciate it very much if changes of date and large ads for Sunday are turned into the advertising department as early as Thursday afternoon. Times Publishing Co.

LONDON PAPERS DECLARE DELAY IS RESPONSIBLE

Post Charges Financial Interests Oppose Independence of Poland

LONDON, March 25.—Morning newspapers unanimously charge the Paris peace conference with responsibility for Hungary's embracing bolshevism and the general dissatisfaction over the delay of peace by the manner in which it has incurred responsibility is variously explained.

REPRESENTATIVE OF MEXICO IS A VISITOR TO CITY

Discusses Oil Development With Many Prominent Local Operators

That Mexican oil land will shortly be open for the development by American oil men and working basis which will be satisfactory to both the American capital and Mexican government reached in a short time, is the state-

BOLSHEVIK MAY SOON GAIN CONTROL IN GERMAN AUSTRIA

ROUSING WELCOME TO 27TH DIVISION BY NEW YORK CITY

By Associated Press. NEW YORK, March 25.—Major General John F. O'Hara's 27th division, composed of former New York state guardsmen—veteran 1st-10th regiments who broke through the "impenetrable" Hindenburg line last summer—clone, one of the most gallant exploits of the world war—marched in triumph up Broadway and Fifth avenue today to the tumultuous acclaim of a million or more spectators.

PARIS, March 25.—The conditions in Hungary seem to have affected German-Austria. Advances to the American peace conference delegates from private agents in Vienna indicate the existence of a threatening state of affairs there.

One of these agents, who has just come from Vienna, reports that even the date has been fixed for some time in April for the transformation of the existing government into a soviet government, which will co-operate or merge with the government of the Hungarian soviet.

LEAGUE IS CRITICIZED

Daily Mail Suggests That Conference Talks While Bolsheviki Act

LONDON, March 25.—Morning newspapers unanimously charge the Paris peace conference with responsibility for Hungary's embracing bolshevism and the general dissatisfaction over the delay of peace by the manner in which it has incurred responsibility is variously explained.

STUDYING SITUATION

Guest is Minister of Communication in Government of Carranza

That Mexican oil land will shortly be open for the development by American oil men and working basis which will be satisfactory to both the American capital and Mexican government reached in a short time, is the state-

WEATHER IS PERFECT

The troops marched in perfect weather. Surging crowds battled with the police at Madison Square and finally broke through into the middle of the avenue causing the parade to be held up temporarily. One policeman was trampled by the crowd.

ALLIED MISSIONS ARE REPORTED INTERFERED

By Associated Press. VIENNA, Monday, March 24.—All members of the Allied missions in Budapest have been informed, including Colonel Vix, the chief of the French mission, according to travelers arriving here by automobile from the Hungarian capital.

JUGO-SLAV DELEGATES TAKE PESSIMISTIC VIEW

By Associated Press. PARIS, Monday, Mar. 24.—Jugo-Slav delegates to the peace conference took a pessimistic view today of the situation in their country. Poland and Hungary, they said, are regions were likely to be affected by the bolshevik revolution in Hungary.

TELEGRAPH COMMENTS

The telegraph attributes the gravity of the situation in the "dangerous miscalculation" which assumed a much longer war and left the Allies unprepared as to a policy of peace.

WANT FIELDS DEVELOPED

Senator Carranza is very anxious to have the Mexican oil fields developed, and that he and his cabinet are very desirous to American operators and operators who have entered Mexico.

ORDERED TO OBTAIN THE FRENCH MILITARY MISSION

By Associated Press. PARIS, March 25.—The Russian soviet government, according to the Martin has sent a message to Budapest asking the soviet government there to detain the members of the French military mission as prisoners.

MESSAGE STATES THAT FRENCH ARE DISARMED

By Associated Press. VIENNA, Sunday, March 23.—A dispatch from the Neue Presse says that the British-French mission at Budapest, consisting of 56 men has been disbanded and that a wireless message has been sent to the soviet government in Moscow announcing that the Entente's missions have left Budapest.

SUGGESTS ACTION AGAINST MAGYAR

The newspaper maintains the remedy now is prompt and combined military action against the Magyar government.

CAPTAIN HANRHAN SAYS CHAMBERLAIN FAILED TO CONFIRM

By Associated Press. WASHINGTON, March 25.—Captain Edmund Chamberlain, of San Antonio, Texas, was unable to give any satisfactory explanation of his reports of extraordinary tests to Captain D. C. Hanrhan, his commanding officer, at the court martial of Captain Chamberlain.

OFFICIAL RECORDS DO NOT ACCOUNT FOR 156 OF PRISONERS

By Associated Press. WASHINGTON, March 25.—Official records of prisoners of war captured by the central powers from the American forces, the war department announced today, show that there are 156 prisoners whose status was still doubtful on March 20.

PARIS PRESS SCORES CONFERENCE FOR ADOPTING POLICY OF SECRECY

By Associated Press. PARIS, March 25.—The decision of the supreme council of the peace conference to allow nothing to be published regarding its proceedings, but the official communication, has aroused the indignation of the Paris press.

ORIENT THORNTON DIES FOLLOWING RANGER SHOOTING

By Associated Press. FORT WORTH, March 25.—Orient Thornton, merchant at Ranger, who was mysteriously shot while packing his grip Saturday night at Ranger to start for his old home in Tulsa, died last night. The revolver used by the assassin belonged to Thornton and was found afterwards under the front porch. Thornton before dying was able to make a statement to the effect that he did not recognize his slayer.

TWO-THIRDS OF THE DRAFT OF COVENANT HAS BEEN FINISHED

By Associated Press. PARIS, March 25.—The following official statement on last night's session of the league of nations commission was issued this morning: "The league of nations commission yesterday considered amendments to articles IX and XIV, so that two thirds of the draft of the covenant now have been examined. The next meeting will be held Wednesday."

TEN ARMORED CARS UNLOADED IN DUBLIN EXCITE POPULATION

By Associated Press. DUBLIN, Mar. 25.—In reporting the issuance of the proclamation at Dublin forbidding meetings and processions in that city on the date of Prof. Edward De Laver's arrival and reception the Mail says there was some military activity in Dublin on Monday. The newspaper states that ten armored cars were landed from a steamer during the night and that their passage through the streets of Dublin attracted much attention.

KEEPING TRACK OF ONE'S NEIGHBORS

So many folks are buying or building new homes and changing their residences that it has become difficult to keep track of one's neighbors—old neighbors who have moved to other houses and those who have taken their places—and help out on the day day items telling where folks have moved in Wichita Falls. The paper is asking the cooperation of its readers in this. If you have moved or know of someone else who has moved, please phone the fact to The Times. Call No. 1671.

NEIGHBORS PAY A SPLENDID TRIBUTE TO T. A. WILSON

BANQUET TENDERED ON EVE OF
HIS DEPARTURE FOR
WICHITA FALLS.

T. A. Wilson, who holds the distinction of having been the second city manager in the United States and who made a noteworthy record of success in that position at Clarinda, Iowa, has become a citizen of Wichita Falls. Mr. Wilson was city manager at Clarinda for seven years. His record there attracted attention throughout the country.

Mr. Wilson became interested in Wichita Falls through the representations of N. H. Martin and L. E. Stone, former residents of Clarinda, now prominent business men of this city. They induced him to locate here and he is now building a home on Taylor street. He has not decided the line of his efforts here but is not carrying over that feeling that it will be a choice of opportunity.

Just before leaving Clarinda Mr. Wilson waded a banquet by citizens of Clarinda. The Clarinda Democrat gives the following account of this banquet:

Banquet to Andy Wilson. Clarinda has the distinction of having been the second city in the United States to adopt the city manager system and for the past six years this system has been a success under the regime of Andy Wilson, who recently resigned the position to engage in business at Wichita Falls, Texas. As a testimony to the services rendered to Clarinda by Mr. Wilson sixty citizens gathered at the Linderman Saturday night at a dinner given in his honor. Mayor Torgart acted as toastmaster. The program was entirely informal and the first speaker called on was Judge Peters, who was mayor at the time the city manager plan was adopted. He spoke briefly of how the idea was started by learning that a small town in North Carolina had adopted such a plan. This was during his first term. When he was nominated for a second term, both the mayor and the council were elected with the understanding that the plan was to be tried out.

Many applicants were willing to try the job, but the council finally

tendered it to Mr. Wilson, who was not a candidate but after taking the matter under advisement, accepted. An ordinance authorizing the change had been passed at the first meeting of the new council. The plan saved the city \$7,000 the first year, besides proving more efficient in handling the various departments of city work. Since that time every successive mayor and council have reappointed Mr. Wilson.

Dr. Stephens called attention to other activities of Wilson, remarking that "no man in Clarinda who was not in the army, had rendered a greater service to his country than Andy Wilson" in his connection with the various war activities in the city and county.

Dr. Williamson gave an entertaining talk along the lines of general felicitation. Mr. Parslow spoke of a number of incidents coming under his observation as city attorney. W. B. Craig recalled his acquaintance with Mr. Wilson from the time he was a boy on the farm. Mr. Pruitt pointed out that if Mr. Wilson had done nothing more than putting the city cemetery on its present basis compared with the past he had earned all the city has paid him. Other speakers were Messrs. Beech, Harrel, Galloway, Wm. Orr, Lee Cleveland, and A. J. Loram, the last named along the lines of Mr. Wilson's part in helping to solve the many problems connected with the war work of the past two years. Mr. Wilson spoke for the press. The closing was by Mr. Parslow in which he presented the outgoing city manager with a token of remembrance in the form of a gold pen and pencil set.

Mr. Wilson responded in a happy manner, saying that he had been honored and discussed so much during his occupancy of the job that he could hardly realize that he had so many friends in Clarinda.

Orville Greene has been appointed to look after the clerical work for the city until after election when it is understood the incoming mayor and council will appoint a new city manager. Mr. Wilson left for Wichita Falls, Monday morning. Mrs. Wilson remaining in Clarinda for a month while their new home is being completed. The Democrat joins in wishing Mr. Wilson the success in his new field that his energy and capacity for work deserves. Our relations with him as city manager have been pleasant and we have always found him fair and impartial in the conduct of the business of the city, as well as in his war activities.

NO SETTLEMENT OF STREET CAR STRIKE AS YET IN SIGHT

Neither street cars nor automobile buses were in operation in Wichita Falls today. With the street car strike almost a month old, the situation apparently is unchanged, so far as immediate possibility of an agreement being reached is concerned. A written statement of their requests was presented yesterday to J. A. Kemp and Frank Kell by a committee representing the striking car men, the statement containing one additional clause to the demands made earlier. The traction company officials declined to sign the agreement, as it stood, and a few hours later the car men suspended operation of their automobile bus line. Mayor Marlow and Marvin Smith are attempting to mediate between the employees and the company, but up to 8 o'clock this afternoon nothing definite had been accomplished.

HOTEL RATES AGAIN BEFORE DIRECTORS CHAMBER COMMERCE

WITHDRAW ENDORSEMENT OF
WESTLAND RATE ON COM-
PLAINT OF VISITOR.

WANT ADDITION TO HOSPITAL
Committee Is Appointed to Co-operate
With City and County

Steps to obtain a bond issue of \$100,000 with which to build an addition to the Wichita General hospital, and a unanimous vote rescinding endorsement of the room rates charged by the Westland hotel, were the two spotlight actions that featured an unusually energetic session of the board of directors of the chamber of commerce this morning.

The question of rates asked by the Westland hotel was brought forcibly before the chamber by Thomas Van Every, a Pittsburgh oil operator, who declared the hotel's rates "an imposition upon visitors to this city," asserting that many oil men already were planning an indignation meeting on the matter, and requested the chamber of commerce to combine with the city council in asking the hotel keeper of Wichita Falls to present a certified public accountant's audit of their books as a basis for all rates established.

Declares Criticism Just. As chairman of the chamber's committee that recently investigated hotel rates, T. B. Noble stated that Mr. Van Every's criticism of the chamber's endorsement of the Westland rates was just, and that he, Mr. Noble, was not aware in advance that the chamber's advertisement of approved hotel rates would carry all the statements that it did.

"Such rates as the Westland hotel is charging," asserted Mr. Van Every, "are unreasonable and unfair to the men and women who visit this city, and who are spending big money in this territory. I observed the advertisement by the chamber of commerce in which it was stated that these rates are in line with what is being charged in other large cities. I take issue with that statement."

Porter A. Whaley, secretary of the chamber, stated that the attitude of

the Westland hotel had been "peculiar," but that the rates charged by other hotels in the city were as reasonable and fair as could be expected, "and in this view regarding the rates of other hotels the majority of the members of the board of directors concurred."

J. A. Kemp declared, briefly, that "some pressure should be brought to bear on the Westland hotel," and a motion was made by Mr. Noble, seconded that chamber of commerce rescind its endorsement of this hotel's present rates, as that endorsement originally was given through misunderstanding. The motion was passed by a standing, unanimous vote.

Hospital Question Presented. The imperative need of additional hospital facilities for Wichita Falls was brought to the attention of the board by Dr. J. E. Daniel.

"The situation in this county," he declared, "is most deplorable from a hospital viewpoint; few persons really realize the inadequacy of the hospital, which dozens of sick men and women are being turned away."

"The proper thing to do is to get the approval of the city council and the commissioners court, vote more bonds and build an addition. If this is done I can assure you that hospital will never be a great charge upon the city or the county. We should vote a bond issue not less than \$100,000, and make a hospital with 100 private rooms, a nurses' home and other needed improvements."

Dr. Jones Appeals to Board. Dr. Everett Jones also earnestly appealed to the board for assistance in the project, declaring that at the present time the general hospital is really only half a hospital; that it was so constructed, with regard to future needs, that an addition easily could be added, doubling or tripling the facilities, with the present operating rooms still adequate for the service of the entire institution when completed.

The chamber of commerce endorsed the plans of the two medical men

unanimously, and voted to appoint a committee of three to take prompt action with the city council and the county commissioners court. R. O. Harvey was named to head the committee, his associates to be named later.

The chamber also expressed itself strongly on the question of immediate repairs upon the road leading to the Wichita Falls Motor Co.'s factory, the statement being made that unless this road is put in better shape "there is a possibility of the city losing the factory." Attention was directed to the fact that although repeated requests for repairs have been made, no work of any kind has been done in the last six weeks. J. S. Fore, county commissioner, was present and promised that as soon as the road dries out work will be started. The chamber appointed T. B. Noble, Marvin Smith and J. M. Hand a committee to work with Mr. Fore, and gave the committee full authority to take action of any kind that will produce the desired results. G. C. Wood, J. A. Kemp and W. S. Curlee, also were named as a committee to meet with the county commissioners and take steps to obtain a thorough road to Wichita Lake.

Chester Crowell, publicity manager of the West Texas chamber of commerce, presented to the board a synopsis of the work done by the new committees have been appointed to handle matters of legislation, agricultural programs and other matters of interest to this section; stating that attention is being given to the irrigation project and the proposed senatorial reapportionment here, and asking that Wichita county prepare for completing its membership quota of \$2,000.

A letter was read from the managers of all theaters operating in Wichita Falls protesting against tent shows in this city, and asking that such shows be prohibited from business here. The chamber, ruling that the matter is one within the city council's jurisdiction, took no action on the request.

A. G. Deatherage of the Wichita Falls Marble and Granite Works left for Waco today to attend a conference relative to war hero memorials.

Y. W. C. A. TO BE ORGANIZED AT A MEETING TONIGHT

MISS BOTHWELL, FIELD SECRETARY, HERE TO ASSIST LOCAL SECRETARY.

OFFICERS ARE TO BE ELECTED

Special Invitation Extended The Men of the City Interested in Organization.

Wichita Falls Young Woman's Christian Association is to be permanently organized tonight at the First Methodist church, south, corner of Pentz and Lamar, a meeting of all the members and of the men interested in the movement having been called for this time. Miss Frances Bothwell, field secretary, is here from Dallas to assist the local secretary, Miss Kirk, and the members of the provisional committee in the organization, and all arrangements have been made for the meeting.

Officers for the permanent organization are to be elected, and the plans for the work of the association mapped out so this meeting is of great importance, and the women who have been giving their time and efforts towards the organization for the past several weeks trust that every woman and girl who has signed a membership card, and all others interested be present and make this their organization.

Men Urged to Attend. In view of the fact that the men of the city have been so greatly interested in the Association, and have taken on themselves the task of raising the funds for the permanent home, of which \$500.00 or half has already been subscribed, the men of the city are also urged to attend the meeting. In view of the fact that the Association will mean to Wichita Falls the women of the provisional committee feel that it is no exaggeration to state that this meeting is one of the most important that has ever been called in Wichita Falls for the purpose of organizing the city for the Y. W. C. A.

Tonight's program, as announced, follows: Organ—Mrs. J. W. Akin, Jr. Invocation—Rev. S. A. Barnes. Solo—Miss Schaffer. Reading—Miss Hallie Adams. Solo—Miss Mildred Martin. Address—A. G. Fesert. Solo—Mrs. E. L. Fulton. Address—Miss Frances Bothwell, field secretary, here from Dallas for the organization.

Reports from the finance and membership committees. Reports from the nominating committee. Adoption of the reports and election of board of directors. Benediction.

SOCIAL ITEMS

MRS. E. B. GORSLINE AND DAUGHTER ARE HOSTESSES

Mrs. E. B. Gorsline, assisted by her daughter, Mrs. Walter J. Daugherty, was hostess Monday afternoon at a tea honoring Mesdames Jones, of Sherman, Darnell and Montgomery of Austin and Kandell of San Diego, California, who are visiting in the city. Roses, carnations and ferns were used in the decorations throughout the reception suite of the Gorsline home at Kemp Kort. The tea was quite informal and many of the friends of the honorees called during the afternoon, especially the long time friends who took this opportunity to renew their acquaintanceship with the honorees who at one time made their homes in this city.

MISS BARTLETT HOSTESS TO THE BAPTIST Y. W. A.

Miss Beulah Lee Bartlett was hostess to the Y. W. C. A. of the First Baptist church at their regular meeting Monday evening at her home 805 Bluff street. Miss Blanche Lawler was leader of the program which had for the subject "Fruitage of the Margaret Fund in the Training Schools." Miss Lucy Smoot read a very interesting paper on "The Busy Life of a Student in the Training School" and Miss Emma Joe Smith spoke on the appreciation of the students benefited by the Margaret Fund, reading a most interesting letter written by a Chinese boy who was able to go to Limestone College only after being aided by the Margaret Fund, reading a most interesting letter written by a Chinese boy who was able to go to Limestone College only after being aided by the Margaret Fund. Several very enjoyable readings were given by Mrs. T. A. Hicks, a guest of the Y. W. C. A., and Miss Lucy Huggins, singing "An Evening Prayer" by Anderson.

The hostess served a light refreshments plate to Mesdames Hicks and Riggs and Miss Lou Ella Moran, Inosene Evans, Lois Morgan, Blanche Lawler, Lucy Smoot, Emma Jo Smith and Lucy Ellen Huggins.

Miss Eakin, who has been the guest of Mrs. E. B. Gorsline of Kemp Kort, returned Monday to her home in Sherman.

Mrs. H. E. Vance returned to her home in Hillboro, Monday, after a visit of four months with her daughter, Mrs. E. B. Harland, 1104 Burnett street.

BREVITIES

A. S. Fonville, who was operated on last week for mastoiditis, is reported to have stood the serious operation fairly well, and is now slowly improving.

Mrs. M. A. Yarborough, of Waco, has purchased the two-story residence at 704 Burnett and is operating a rooming house there. Mrs. Yarborough is the owner of the Brazos Hotel at Waco, which her son is now running.

Noted Singers With Creatore's Grand Opera at Wichita Theater Saturday Matinee and Night

When Maestro Giuseppe Creatore started out two seasons ago to organize a grand opera company to tour the United States he desired to find the best exponents of the operatic art in the United States and to give the people of North South, East and West some real grand opera. He went to the rolls of the Metropolitan Opera House to find some of his stars, and he brought away among others Henriette Wakefield, contralto, and Riccardo Martin, tenor. And fresh from conquests in the east he took Louise Darcee, and she it is who makes "Aida" one of the most splendidly portrayed of all the operas in the extensive repertoire.

George Puhll, who sings the title role of "Rigoletto" Salvatore Sciucchi, Greek Evans, Alfredo Valent, all of these are singers whose names mean much to the public who keeps up with affairs of the music looking world. These are well known singers of stellar fame, but there are others with this company of Creatore, which is coming to Wichita Falls to sing matinee and night, who are hailed by critics as quite as wonderful as the foregoing, whose successes of past years are many.

Jeanne Gordon is especially hailed by critics of the south as a brilliant singer, and one whose physical attractions are quite as great as her vocal gifts. She sings Amfiris, the Egyptian princess who causes the death of the lovers, Aida and Etheldra, proving the old adage concerning "A Woman Scorned."

"Aida" was the first opera given in New Orleans, a short time ago, when the French Opera House was opened for the opera in several seasons, and the beauty loving New Orleans found the gorgeous, luxurious settings much to their liking. Everywhere critics have been lavish in their praises of the setting, which they characterize as exceptionally fresh and elaborate, and adding much to the general effect, while the costumeing is all that even the master com-

poser, Verdi, could have asked for the gorgeous children of his brain. Since there can be only two performances of grand opera in Wichita Falls it is considered fortunate that these two special operas, "Aida" and "Rigoletto" have been chosen, for they are the two in which the delights to the ear are equalled by the delights to the eye. The great Creatore himself favors

these two operas, and Wichita Falls audiences are to see and hear him direct two of his favorite operas, in the individual Creatore manner. CALDWELL COUNTY IS BUILDING THREE HIGHWAYS By Associated Press. JACKHART, TEX., March 25.—Construction of three state and federal aid highways in Caldwell County is

"Lovely Mary"

in "Mrs. Wiggs of the Cabbage Patch"

The girl who was always trying to help her friends—and enemies too—will grip your heart from the screen as she clutched the hearts of millions who read the novel. Marguerite Clark fits "Mrs. Wiggs of the Cabbage Patch" like a glove. You're bound to like her as "Lovely Mary."

SUBSCRIPTIONS TO SCHOOL FUND ARE COMING IN RAPIDLY

Approximately \$2,500 had been subscribed this afternoon toward the fund being raised to meet the raise in teachers salaries for the Wichita Falls independent school district. Judge P. A. Martin states. The chairman of committee to solicit funds, appointed at a meeting of representatives of various civic organizations held at the Chamber of Commerce Monday afternoon, prepared lists of persons they were to ask for contributions, and several of them will work this morning, though not all were able to commence the work, nor have all made reports.

Arrangements have been made for contributions to be made to the Wichita State Bank, to The Times, or to any member of the soliciting committee. Voluntary subscriptions are urged. The names of contributors are to be published in The Times. The committee chairman appointed Monday included: G. C. Wood, T. B. Noble, C. H. Clark, W. R. Ferguson, J. L. Jackson and Mrs. J. W. Lee.

The subscriptions reported to Judge Martin up to noon today follow: W. D. Cline, J. A. Kemp, G. Clint Wood and C. H. Clark, \$250 each; T. B. Noble and J. M. Kenney, \$100 each; P. A. Martin, \$50; J. G. Hammond, E. W. Hammond and F. M. Franklin, \$25 each.

The men are to work the business section and Mrs. Lee and assistants which she will appoint will work especially among people in the outlying districts. It is hoped that the necessary funds will be secured in a short time, but voluntary contributions are urged, in large or small amounts, the means of the subscriber to determine the amount.

MISS DOROTHEA JUSTIN REPRESENTING CREATOR VISITOR TO THE CITY

Miss Dorothea Justin, personal representative of Guiseppe Creatore, the grand opera conductor, arrived in Wichita Falls this morning for a stay through the remainder of the week, making the necessary preparations for the coming of the Creator's special train, and the grand opera performance of next Saturday. This morning Miss Justin was busy with the list of subscribers, and this afternoon she met with the Musicians Club and Civic League at the home of Mrs. Britain. The clubs are to prepare the list of patronesses for the Grand opera, as well as attend to other details, and the society phase of the grand opera season is one that Miss Justin gives particular attention to.

Miss Justin comes here from Dallas, where the Creator's Opera Company has just opened an engagement. She reports the Dallas season as opening with a great deal of enthusiasm, and says the seat sales have been tremendous. She is very much pleased with the way the mail orders for seats are coming in. For the night performance the two lower boxes have been taken, while mailed orders have already come in for a large percentage of the seats in the parquet, for the night. The general seat sale does not open until Thursday morning.

CENTRAL STOCK EXCHANGE RESUMES CALLS TONIGHT

Announcement is made that the Central Stock Exchange will resume their regular calls, suspended several days ago, beginning tonight at 8 o'clock and it is expected that there will be a large attendance of those interested in developments in this section.

Market Report

COTTON MARKET

LIVERPOOL, March 25.—Cotton spot in fair demand; prices easy. Good middling \$15.35; middling \$15.57; low middling \$14.53; good ordinary \$13.00; ordinary \$12.47.

Sales 3,000 bales, including 2,800 American.

Receipts 2,000 bales including 1000 American.

Futures closed quiet: March 16.62; April 15.82; May 14.22; July 13.68; September 13.12.

GRAIN AND PRODUCE

By Associated Press.

CHICAGO, March 25.—Traders in corn gave most of their attention today to statements from government sources that there was reason to expect lower food prices in the near future. Opening figures, which ranged from 1/4 to 1/2 lower with May \$1.46 to \$1.46 1/2 and July \$1.37 1/2 to \$1.38, were followed by an upturn that in some cases reached above yesterday's finish but the market soon sagged again and went lower than before.

Oats weakened with corn. After opening 1/2 to 1/4 down with May 67 1/2 to 68, the market underwent a slight further setback.

Lower quotations on hogs put packing house products on the down grade.

MISSISSIPPI IS ABOVE FLOOD STAGE AT MEMPHIS

By Associated Press.

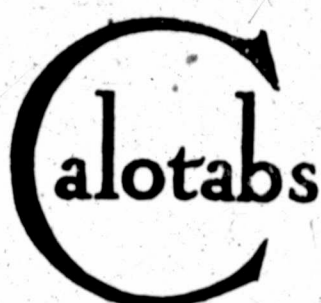

MEMPHIS, TENN., March 25.—The Mississippi river at Memphis today was five-tenths of a foot above flood stage of 35 feet, the first time in more than two years flood stage has existed here. A further rise of approximately two feet is forecast but, beyond the flooding of lowlands outside the levee, no damage is anticipated along the middle reaches of the river.

DID NOT DISCUSS PARDON WITH GOVERNOR

By Associated Press.

DES MOINES, Mar. 25.—Thadens Snell, an Iowa Grove attorney testifying before the Iowa house judiciary committee today in its investigation of the Rathbun pardon case, declared the pardon was not discussed in his conversation with Governor W. T. L. Harding in Chicago two days before it was granted.

Standard of the World.

In the Cadillac car you get full dependability—the capacity to withstand hard usage day after day and year after year.

There is permanent peace of mind in the ownership of a car whose performance can always be depended upon.

The Cadillac and Munger Service back of the Cadillac, have come to you through the establishment of a Wichita Falls branch.

For the present the Wichita Falls branch will be maintained at the Victory Garage. Experienced service men, sent from the Dallas plant, will be found there always glad to give Cadillac owners distinctive Cadillac service.

Contracts have been let for the erection of a new two-story brick building, which will be occupied within the next few weeks. With its completion Cadillac service in Wichita Falls territory will be equal to that given at the Dallas plant of the Munger company.

See Mr. Scott Bower, branch manager, at the Westland Hotel or at the Victory Garage.

Cadillac deliveries can now be made more promptly.

Munger Automobile Company

Nineteen Brand New Houses

Never been occupied; most all of them ready for occupancy

It does not require all cash to get possession, and we can certainly please you, if it is a nice up-to-date home that you are looking for. In the Southland Addition we have 6 very choice Lots on Huff Ave. now being paved; also quite a number of extra nice Lots on Elizabeth, Lucile and Collins Ave. Several nice building sites near the Austin and High School. We can please you if you want to live in Wichita Falls.

- 5 Room East Front, three blocks from Austin School
- 5 Room East Front on paved street, 4 blocks off of 10th St.
- 7 Room Aeroplane Bungalow on paved street this side of Floral Heights
- 7 Room 2-Story, two 6-Room Cottages, one 5-Room Cottage with Breakfast Room all on pavement.

- 1 6-Room on Large Lot
- 1 5-Room Hollow Tile
- 1 5-Room Stucco
- 1 6-Room with Breakfast Room
- 1 Aeroplane Bungalow
- 1 5-Room with Large Sleeping Porch
- 1 5-Room Cottage

—ALL LOCATED IN THE SOUTHLAND ADDITION

- 1 5-Room with Garage on 8th Street
- 1 5-Room on Taylor
- 1 5-Room on Monroe
- 1 5-Room on Taylor
- 1 5-Room on 17th Street
- Nice 5-Room House on 17th Street

—ALL IN FLORAL HEIGHTS

Our list of property is large, and we have four Salesmen with Cars at your SERVICE, and it is a PLEASURE to show you our BARGAINS. We can sell you a HOME from \$750.00 to \$40,000.00. Give us a trial is all we ask. If your property is PRICED right, list it with us for quick sale.

MARCHMAN & SIMON

723 Indiana Ave., Phone 2851 or 1740
WICHITA FALLS, TEXAS

Mr. Wichita Falls Citizen

PLEASE DON'T FORGET the fact that WICHITA FALLS was the BEST city in its class in the Whole World before there was a Burkburnett Oil Field.

LET US REMIND YOU further, that the most potent factor responsible for its Supremacy was its "STICK-TOGETHER" Spirit—its "PATRONIZE HOME INDUSTRY" policy always exemplified by those who pioneered—those who came here to build a Real Town and made Good in the Undertaking.

Wichita Falls Was Never A Mail-Order House Town

THERE IS NO EARTHLY REASON TODAY WHY IT SHOULD BECOME A MAIL-ORDER CITY.

WICHITA FALLS BUILDING MATERIAL Merchants are well prepared to take care of your every need in the building line and even on the very Crest of Freight Blockades and Embargoes were certainly as well in position to serve you as any mail-order concern on the face of the globe.

THERE CAN BE NO CHARGE of "Profiteering" made against Wichita Falls "Building Material Merchants"—building materials are no higher today in Wichita Falls than in other cities throughout the State, and the rate of profit is far indeed from exorbitant.

WICHITA FALLS BUILDING MATERIAL MERCHANTS are too busy serving the good people of this section to stop and investigate prices being made by mail-order concerns and their agents, but will venture the statement that a Nice Saving will be effected by any Builder who purchases his material from his Home Merchant in preference to the mail-order house, regardless of size or kind of building he erects.

TRAFFIC OFFICIALS RECENTLY made the statement to a Chamber of Commerce Committee that the Principal Cause of the recent freight embargo was due NOT to local, legitimate merchants, but to the "Fly-by-Night" Concerns who follow Booms—use freight cars for warehouses—contribute nothing for the upbuilding of a city or community—Pay No Taxes and support in no way any of a city's enterprises or organizations.

IS THERE ONE SINGLE REASON, "Mr. Good Citizen, why you should lend aid to such concerns as these when your home merchants can serve you Better, Quicker and more Satisfactorily.

WICHITA FALLS BUILDING MATERIAL concerns have more than a million dollars invested in plants, stocks and equipment, employ more than two hundred men whose salaries and wages support almost a thousand of the population of the city. HOW MANY DO THE MAIL ORDER HOUSES SUPPORT?

DON'T BE LEAD INTO BELIEVING that some mail-order house or its agent is doing you or the city a favor by selling you a bill of material under the impression that it cannot be supplied locally. Look around a bit and you will find plenty of building material at an equitable price. Remember, the Embargo situation is about over and TRAINLOADS of building materials are being received almost daily—and when the Local Dealer cannot get his cars through there is a slim chance for the mail-order house concern to get anywhere.

THERE IS NO USE in your paying a mail-order concern or its agents \$175 for a garage 9x16 when you can get from your home dealer a real garage 10x18 (large enough for your car) erected for considerably less money.

EVERY ONE CAN'T LIVE ON THE HILL!

This being the case, then what difference does it make which side of the river you live upon providing the river is properly bridged?

We told you that the best Bridge West of Fort Worth was on Burnett Street, and that Scotland Addition was higher in elevation than the business center of Wichita Falls, and that it was above overflows and high waters.

IF WE CAN'T PROVE THIS STATEMENT BY COMPETENT ENGINEERS WE WILL MAKE YOU A PRESENT OF A LOT

We have shown you that this Addition is close-in, and that lots are cheaper than they are several miles out in other Additions.

We have offered you choice resident lots cheap, on easy payments close to the business center of the fastest growing City in Texas. These beautiful lots are between the business center and fifteen Refineries, Railroad Shops and other factories on the North Side.

They also adjoin the beautiful Natural Park of 42 acres covered with large timber which we donated to the City, and which they contract and agree to maintain. This Park is just 3 blocks from the bridge.

DON'T BLAME US

if you wake up some of these mornings and find all of these lots sold and advanced double what we are now asking.

We told you that these lots would sell fast and build up rapidly. The sales already made bear out this statement.

The purchasers are not all people of moderate means either, as we have sold several men lots that are worth from \$100,000 to \$300,000. This goes to prove that there will be some good houses constructed on the property either for homes or as an investment.

We told you that we would run two miles of six-inch water mains through this property. This will be done as soon as we can have the pipe shipped. If you are skeptical about this statement, look up the Directors of this Company and see if they are not men who always do what they promise. The other conveniences will naturally follow the building of houses.

FACTORY LOCATIONS

We have in this Addition a few of the choicest locations to be found in the City for Factories along the Fort Worth and Denver Railway. Our prices and terms are reasonable and no site will be much over one mile from Union Station. See us at once for best location in City.

SCOTLAND ADDITION

has got to build up. It is too close in not to be utilized. Don't confuse yourself with any propaganda that is being circulated that this property has been on the market for years and wouldn't move. Since the bridge washed out in 1915 we have not attempted or tried to sell a lot until now.

Don't pass judgment on this property until you have stood in the middle of the Addition and sized it up from every standpoint, and we know that you will be agreeably surprised like all the rest of our many purchasers who number over one hundred.

**The Prices and the Terms Should Please You. All Inside Lots \$400
All Corners \$500**

Terms—One-third Cash, Balance on or before 6, 12, 18, and 24 Months with 8% Interest. 5% Discount for All Cash

Remember, any Agent in the City can show you these lots, and you should immediately get in touch with your Agent and have him drive you over the Addition and show you the unsold lots.

For further particulars, call and see us at 305 Kemp & Kell Building.

CAMPAIGN OF EDUCATION AS AID IN DECREASING THE FIRE HAZARD

HOME HAZARD HINTS

1. Keep house, yard, and outbuildings clear of rubbish and inflammable materials.
2. Do not start an open fire near fence, barn, or house; NEVER when a wind is blowing.
3. Be sure all chimneys are safe. Have them examined and cleaned each season before fires are built.
4. Never stop flue openings with paper or rags. Use only tight metal caps.
5. Watch the stove! Do not place close to frame walls, and have a good zinc mat underneath.
6. Screen OPEN fires. Safety of life as well as property demand it.
7. Use only matches; and keep matches away from children.
8. Never start a fire with kerosene.
9. Never throw waste paper on an open fireplace or grate.
10. Use lamps with broad base and set only on solid supports.
11. Do not empty ashes against fences, barns, or outbuildings.
12. Keep gasoline out of the house and barn.
13. Never use gasoline or inflammable volatiles to clean gloves, clothing, etc., in the house. Gasoline vapor is more deadly than dynamite.
14. Never oil lamps, oil, or gasoline stoves by artificial light.
15. Do not permit matches in pockets of clothing in closets and wardrobes.
16. Do not look for missing articles in attic or closets with matches or open light. Use an electric torch.
17. Do not permit children to play with fire in any manner.
18. Use lamps with broad base and set only on solid supports.
19. Do not permit swinging gas brackets.
20. Never leave the house with an open fire burning, or with oil or gas stoves lighted.
21. Never hang clothes or rags close to stove, grate, or on radiators.
22. Never place kindling or wood against stoves.
23. Do not use paper shades on lamp or electric globes.
24. Beware of the electric iron! Install a red pilot light to the iron connection.
25. Do not use pennies, nails or wire for fuses in electric circuits. Fuses are your electric safety valves, and only the safe kind should be permitted.
26. Have your wiring carefully gone over once each year by a competent electrician.
27. Do not leave oily rags or mops on floor in closets. They are subject to spontaneous combustion.
28. If you smell gas, open the windows and call a gas fitter. If you smell smoke, investigate until you find the cause.
29. A non-combustible roof is the best safeguard against sparks and conflagration.
30. Locate your nearest fire alarm box and learn to turn in an alarm.

Under the leadership of T. F. Barber, chief inspector of the State Insurance Commission, an intensive campaign of education on fire prevention, was inaugurated in Wichita Falls this morning. The campaign will continue throughout the week and it is hoped to reach practically every resident of the city with some practical suggestion for fire prevention.

The campaign will include two inspections of every business house in the city with personal talks to proprietors, lectures in the schools and the distribution of "Hint" cards to school children, a canvass of the homes of the city and the distribution of pamphlets on fire prevention, the exhibition of "The Demon Fire" film in each of the motion picture show houses and the publication of educational articles daily in the newspapers.

At the same time the educational campaign is being carried on data will be collected by the inspectors on which the insurance ratings in the business district will be based. The "hints" that may be given by the inspectors to the proprietors of business houses will be more than merely educational.

Assisting Chief Inspector Baker are G. W. McKnight, F. H. Pierson and H. S. Davis, special inspectors of the insurance department, and Miss Lottie Hughes, stenographer, and also a special inspector. Fire Chief McClure will also assist.

The inspectors will first make a very thorough inspection of the business district and will make notes from which recommendations may be made to the proprietors. Another inspection will be made to see by whom these recommendations have been carried out.

Lectures will be given in each of the city schools and cards of "Home Hazard Hints" will be distributed. The first of these lectures was given at the High School auditorium this morning. Banks will also be distributed to the school children to be filled out with answers to questions about fire hazards in their homes.

A canvass of the homes of the city will also be made and at each home will be left a pamphlet giving practical hints on fire prevention.

At the high school this morning Mr. Baker said that the fire losses in the United States amounted to three dollars per capita annually, compared with an average for European countries of about 25 cents per capita. He

OIL DEVELOPMENT

READY TO DRILL IN BURK-BRIDGE WELL WITHIN 24 HOURS

After many unavoidable delays, the star rig is now up over the Burk-Bridge well, across Red River from Burkburnett, and the boilers will be fired up today, according to advices from the offices of Marlow & Abernathy. Mr. Feusch, the government expert driller, is at the well, and in charge, ready to drill in. Within twenty-four hours at least, it is believed that the outcome of this well will be known.

SOLDIERS ARE INSTRUCTED TO REJOIN THEIR UNITS

BASIS, March 25.—The Hungarian commissioner for military affairs, says a Budapest dispatch today, has issued an order instructing all soldiers to rejoin their units without delay.

"If the soldiers do not do their duty, the Hungarian soviet republic is doomed," he adds. "The revolutionary government requires armed discipline and it will create an army well equipped and disciplined."

Count Karolyi in taking farewell of the Derinkoy cabinet on Sunday is quoted as saying: "What has happened is a natural result of the blindness and ill will with which it was sought to assassinate Hungary."

Personally the retiring provisional president said, he would support the leaders of the people with all his strength and was willing to work and serve as a private soldier.

DEVELOPING TRACT ON MOORE FARM TO INCLUDE DEEP TEST

Among the extensive development plans in connection with the oil industry in this section is that of the Guaranty Tract Oil Lands company of Chicago, which is preparing to drill on the John Moore farm, six miles north of the city, on which they have thirty-three acres for development. Mr. Louis Lohmann, who is in charge of the company's business in this territory, states that they expect to spud in their first well during this week, which will be for a shallow hole, however, he announces that they also expect to make a deep test later.

How to Invest One Hundred Dollars

If you bought stock in the Marine, Wichita Fuel, Hammond No. 1, or some of the other Burkburnett winners, you got in on the "big money." Your opportunity to get in, and get in right, is to always buy stock when it's first offered, and before the drill starts down. Here's one more opportunity you have to make money in Burkburnett—we offer the unsold portion of 200 shares of the INSURANCE OIL COMPANY'S stock, at par, \$100 a share. Our capital stock is \$65,000 (par value \$100); our property is only one-fourth mile west of the Humble well, and is considered five acres of the best ground west of the Burkburnett townsite. The derrick is up, we are ready to drill. This stock will sell quickly. If you want to come in with us, bring or mail your check at once for one, two or five shares, at par, \$100 a share.

MUCH CONSTRUCTIVE WORK DONE BY THE 36TH LEGISLATURE

Special to The Times
VERNON, TEX., March 25.—J. D. Parnell of this city, representative in the legislature from the 101st district, composed of Wilbarger and Wichita counties, has returned home from Austin.

Mr. Parnell made a splendid record, and his services in behalf of the owners of school land, purchasing under the act of 1882, in attempting to clear up the title to mineral claims is of great benefit to this country. In this work he had the co-operation of Senator W. S. Bell of Crowell, who secured the passage through the senate of the bill vesting mineral rights in the owners, and Representative Marshall of Hardeman county.

The local made was also active in defeating the blue sky bills introduced in the legislature, which would have had the effect of stopping oil development in Texas. He favored a reasonable law restricting the sale of stocks, but the bills introduced would have prevented promotion of companies which have been the means of developing the oil fields of Wichita county and which will doubtless hasten development in Wilbarger county.

Taken as a whole, Mr. Parnell said, "the legislature of this year were calculated to promote and encourage legitimate business of all kinds in Texas. The thirty-sixth legislature has made a record in this respect that will be of lasting benefit to Texas. If our state is to be developed we must encourage the investment of northern and eastern capital in our industries. Regulation which amounts to prohibition, would have the effect of stopping badly needed growth and will be the exception of a few members, the legislature seemed anxious to encourage legitimate business. In this we had the hearty co-operation of Gov. Hobby."

"The four million dollar rural school aid bill will be a great help to the farming communities of the state."

The legislation to encourage and promote the building of good roads was also pointed to as a constructive law.

To The Stockholders
In the Burk-Star Oil Co., you are hereby notified that in compliance with order issued by trustees of this company, March 18th, 1919, the books of this company will be closed March 21st, 1919, for a period of ten days for the purpose of issuing to one-half of the stockholders (all except the three "fee" owners, who formerly held one-half of the stock) a stock dividend of 100 per cent. You are hereby requested to mail in your stock certificates at once if same are to be transferred to another person. This issue will leave the total capitalization at \$70,000.00, the same as heretofore, as the "fee" owners have transferred their \$35,000.00 stock back to the company. Our office is now at 718 Ohio Ave., Wichita Falls, Texas. Phone No. 1058. Burk-Star Oil Co., by Chas. Greenberg, sec. ag., 269-31p.

ENGLAND PLANS TO DO AWAY WITH THE OLD TIME FIREPLACE

Associated Press Mail Correspondent.
LONDON, March.—The government plan to build 200,000 houses for workmen within the next few years apparently has aroused the British public to demand abolition of the archaic English fireplace, and substitution of the American steam heating system for homes. The demand is voiced by numerous contributors to the London newspapers.

"If I had my way I would at once send out a commission of British architects to America and Canada to learn there the elements of the business of building houses and equipping them," declares one writer.

"One fundamental defect runs through practically all British houses of whatever grade," he continues. "They depend for their heating on fires. Now the English fire is an admirable invention from every aspect except that of utility and cleanliness. It is cheerful, companionable, soportive sentimental—an altogether delightful thing to have in a room. It has, however, two vital drawbacks: It does not heat and it is abominably dirty."

"I mean that it does not heat properly. Its radius is so limited that over half an average English drawing room is not used in winter time. To move 12 feet away from the fireplace is to leave the 'Tropic of Capricorn' and enter the Arctic Circle, while as for sitting comfortably near the window, the thing is inconceivable."

"In the second place, even within its meager radius, a fire never does its work thoroughly. It never warms you all over. One side is grilled, the other is underdone. Your face is lit up, your back a ripple of cold. The writer called attention to the acknowledged fact that in spite of the labor of carrying coal for grate fires, fully 80 per cent of the heat is wasted, going up the chimney.

"Could anything be more barbarous, more expensive or more inefficient?" asks the writer. "We shall never have either sanity or comfort in our homes until we adopt the central heating system (steam or hot air furnaces) spread warmth throughout the house, not in patches, and then wood on the dearth to supply the element of cheerfulness with a minimum of trouble and dust."

REYNOLDS DEFEATS FINN AT CEDAR RAPIDS, IOWA
By Associated Press.
CEDAR RAPIDS, IA., March 25.—Jack Reynolds of Cedar Rapids, welterweight champion, last night defeated Jack Finn of Illinois, by pinning Finn's shoulders to the mat twice in less than seven minutes.

By Associated Press.
PORT WORTH, March 25.—Under automatic control, an airplane capable of carrying a heavy load and without any human being aboard to guide it, has made a trip of more than a hundred miles and landed within a very short distance of the point it was sent to reach.

This mechanical invention in aviation development, intended as an instrument of war and one which has been kept secret until now, was mentioned by Newton C. Baker, Secretary of War, during his speech in Fort Worth, when he and General Peyton C. March, Chief of Staff of the United States Army, were here to visit Camp Bowie on an inspection tour. Secretary Baker referred to the invention when impressing his hearers with the possible horrors of future wars if there is to be no league of nations.

The invention is an automatic guide for airplanes and was made in America, according to Mr. Baker. When the war ended, the invention had been so nearly perfected that in actual test an airplane without an occupant was successfully sent on a trip of over 100 miles. An airplane was first sent out under control of a pilot without making a landing, and then without a pilot of origin after locating the distant objective for the test. Then was sent out under automatic control another airplane to land at the designated point and it effected the landing so close to that point that had it been a shell it would have been considered a good shot.

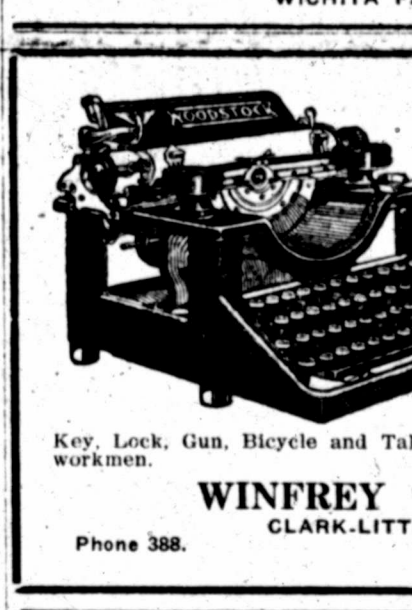

Secretary Baker did not explain the exact nature of the invention, but he made it clear that the war department considers it one of the most wonderful pieces of mechanism for war's destructive purposes.

Such a device, the Secretary said, will never be necessary to use in war if the league of nations is formed. "For the league will save the world from a repetition of the horrible catastrophe through which it has just passed."

SIDE LIGHTS ON THE BELGIUM SITUATION GIVEN IN BULLETIN

By Associated Press.
WASHINGTON, March 25.—Interesting side lights on present day conditions in Belgium are given in an official Belgian bulletin issued here, containing advice to repatriates and others going to Belgium.

"The first commodity you must absolutely take with you," says the bulletin, "is patience and no small quantity either. Life is by no means easy and cannot be easy till later, when the reconstruction of Belgium has actually begun."

Since there is at present no wool or cotton nor garments of any kind, nor shoes except at fabulous prices, be careful to renew your wardrobe and to provide yourself with enough wool for your bedding.

"Ladies, do not forget—this is a most valuable piece of advice—to carry thread, needles and pins. Also, since paper has reached an extraordinary value in Belgium, be sure to take boxes of writing paper, pens, ink and, as much ordinary paper as your trunks will hold. You will find you have saved about 100 percent on your stock."

"As far as food and provisions are concerned, do not hesitate to provide yourselves with as much sugar as you can get. There are some suburbs in Brussels where no sugar has been distributed for six weeks. As for butter, it has disappeared since the government brought the price down to 85 francs (\$1.70). The farmers prefer to sell milk rather than to save it for butter and as a consequence not a single pound is displayed in the shop windows. Margarine does not even exist any more, so bring some of each."

ALIED MISSIONS AT BUDAPEST MAY LEAVE THAT CITY
By Associated Press.
PARIS, Monday, March 24.—Unofficial reports from Budapest state that Allied missions there are debating the advisability of leaving and that the disarmament of French troops in the city is being considered. Order prevails and no injury has as yet been done foreigners. American representatives are being assured protection and may be asked to remain, it is said.

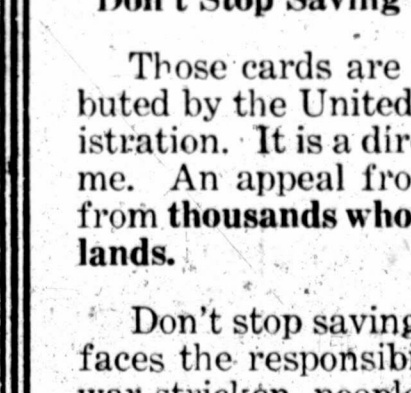

Martial law has been declared and the death penalty has been prescribed for armed resistance to the bolsheviks for robbing and looting. A fine of 5,000 crowns has been fixed for the sale of alcoholic liquor and a fine of 10,000 crowns for drinking it. Two British monitors are reported to have arrived at Budapest, having been under fire on their way up the Danube. Other British and French vessels are near at hand. A British patrol boat was seized by the authorities but was returned with apologies by the government. It is said that rumors that Hungary has declared war on Rumania, Czechoslovakia and Jugoslavia are extremely doubtful. Six hundred Hungarians who have been prisoners of war in Russia are said to be returning daily across the Carpathians being under the influence of bolshevik doctrines.

Don't Stop Saving Food
Nearly everywhere you go, in street cars and on posters, you see those words, "Don't Stop Saving Food."
Those cards are prepared and distributed by the United States Food Administration. It is a direct appeal to you and me. An appeal from across the waters from thousands who are starving in Bible lands.
Don't stop saving food. America still faces the responsibility of feeding the war-stricken peoples of other nations. Don't stop saving food. It is waste. And waste is, in these times, almost criminal.
Those left-over dishes from the bounteous Sunday table. Don't consign them to the garbage pail. Put them in your refrigerator and you can make them over into tempting, wholesome food.
Look upon your good "ice chest" as a friend. Keep it in tune with plenty of our pure ice—it will save you many a dollar. It isn't too early to begin now. Start TODAY.

EYES OF THE SOUTH LOOK TO TEXAS FOR COTTON REDUCTION

DALLAS, March 25.—"The eyes of the South are on Texas in the campaign to reduce the cotton acreage," says Judge W. F. Ramsey, chairman of the Texas campaign committee. "Whatever Texas does the other states in the cotton belt may be expected to do."

"The movement to reduce the acreage extends to all the cotton growing states, and from reports received, is meeting with success, but cotton growers must fully awaken to the vital importance of reducing the acreage for the present situation is both complex and contradictory."

"The world actually needs more cotton than we have to sell, but we have more cotton on hand than we can sell at present or in the immediate future. More than 6,000,000 bales of last year's crop are still un-sold, much of it is still in the laps of the farmer, with little or no demand for it at a price that will return even the cost of production, to say nothing of profit."

"The cotton crop last year was much more to produce than the average crop, because of a scarcity of labor and higher prices for seed, feed, farm equipment, etc."

Fear Ten Cent Cotton.
"If to the remainder of the present crop now on hand, a normal crop is added this year, well informed cotton men, bankers, merchants and extensive cotton growers believe the price next fall will go to ten cents or lower."

"The channels of trade at present can absorb but a limited amount of cotton, and the demand is not sufficient to warrant the production of more than a limited supply."

"Russia is not able to take American cotton at any price, and will probably not be a factor in cotton consumption for a year or more. France and Belgium are in like condition. The machinery for manufacturing cotton goods in these countries has been utterly destroyed. German and Austria lack financial ability to pay for the normal amount of cotton used by them before the war, and they will not be permitted to take more than a limited amount for months to come, because France and England are opposed to giving her any advantage in commercial lines."

"Of the world's 149,000,000 spindles, at least 30,000,000 are idle, or have been destroyed."

"With these facts before him, no intelligent farmer will plant the usual acreage in cotton this spring, except in a profitable return from the crop."

"The needs of Europe now are for food, which must come chiefly from America."

Preference to Food Cargoes.
"Food cargoes will be given precedence, as there is not enough shipping available to carry both food and the normal amount of cotton to Europe, even if there were a normal demand for the latter."

"With much of last year's cotton crop on hand and with but a limited demand for it now, and that at a price below the cost of production, with many of the mills of this and other countries idle the inevitable effect of a normal crop of cotton this year, will be to force the price below the cost of production."

"On the other hand, with an abnormal demand for food supplies of all kinds, with a scarcity in this country of corn and other feed stuffs, and with the high price for them now prevailing, it seems to be much wiser and far more profitable for the farmer to plant at least one-third of his usual cotton acreage in food and feed crops."

"To convince anyone that cotton acreage reduction is the part of wisdom for 1919 we need only to recall the condition existing at the beginning of the war, when the business men of America were appealed to to 'buy a bale' at eight cents, in order to save the farmers of the South from financial disaster."

LIST OF CASUALTIES

SECTION ONE.
The following casualties are reported by the Commanding General of the American Expeditionary Forces: Killed in action, 3; died of wounds, 3; died of disease, 31. Total, 37.

Army Y.M.C.A. Selling Call Field "Y"
The "Y" building at Call Field to be sold to the highest bidder, contains, with outside seats and platform, approximately 45,000 feet of good lumber. Submit sealed bids, to be opened March 29, to Mr. J. H. Lawson, Call Field, Wichita Falls, Texas. Reserve right to accept or reject any bid. 268-11

Notice.
Owing to the demolition of the building we have been occupying and our inability to secure suitable quarters immediately, we hope soon to announce our new location. Wichita Studio, J. W. Nossett, Prop. 268-11

RAILROAD AGENTS DOING THEIR PART IN SELLING STAMPS

DALLAS, March 25.—Railroad agents of the Eleventh Federal War Savings District, which includes Texas and portions of New Mexico, Louisiana and Oklahoma, sold \$10,710.50 worth of War Savings and Thrift Stamps in February, as they are also authorized agents for the sale of War Savings Stamps.

"Every railroad ticket agent should continue to call attention to the fact that he has War Savings Stamps for sale," said J. L. Lancaster, Federal Manager for the Texas & Pacific and associated railway lines. "By demanding the Thrift Campaign, the railroad agent is doing his part in making a more thrifty citizenship."

"No nation is more sound financially than the bulk of its inhabitants. If the citizens of the United States practice principles of thrift, the nation will see that certain prosperity which thrives in spite of any temporary handicaps."

"When the railroad agent sells a Thrift stamp, he helps the buyer just that much in building for the future. When it is a War Savings Stamp which is sold, the help is that much more. By saving wisely, spending judiciously and investing what can be spared in War Savings Stamps or government bonds, any person is taking steps toward making himself safe against adversity."

"The formation of War Savings Societies among persons of mutual interests is bound to have a wholesome effect on the community. Systematic

saving combined with the study of thrift is a program unexcelled. The government is doing a great work for the citizenship of the nation in its savings campaign."

CHARGES BURLESON WITH ATTEMPTING TO BUILD MONOPOLY

NEW YORK, Mar. 25.—Postmaster General Burleson's action in dismissing Clarence H. Mackay as president of the Postal Telegraph-Cable Company was characterized by Mr. Mackay as "despotic and brutal" in a statement issued here last night on his return from Baltimore, where he was when the dismissal notice was served at the company's office, here, last Saturday.

Mr. Mackay added that "William Hohenzollern himself could not have been more arbitrary, despotic and vindictive" and served notice on Mr. Burleson that he would "fight to his last dollar and to the last ditch."

He ridiculed Mr. Burleson's statement that the dismissal was the result of his failure to obey instructions of the post office department, asserting that the Postal's only two failures to comply with instructions were in cases where "ambiguity" of the instructions caused delay, and where the company "would have faced prosecutions with possibly heavy fines," had it obeyed.

"This act of Mr. Burleson's," he said, "is only the continuation of a deliberate conspiracy to wreck and ruin the Postal Telegraph system and then establish a monopoly of wire communication in the United States."

"Mr. Burleson's principal acts, since taking over the lines," he asserted, had "been increasing of distance telephone rates in the interest of the Bell Telephone Company; the proposition to increase telegraph rates in the interest of the Western Union Telegraph Company; the seizure of the cable after the signing of the armistice, and the ousting myself and other officials of the Commercial Cable and Postal Companies and the order that the Postal build no lines to

compete with the Bell Telephone or Western Union without first submitting our plans to officials of those companies."

SIX YEAR SENTENCES AFFIRMED BY COURT

NEW ORLEANS, March 25.—Six year sentences imposed on leaders of the Farmers and Laborers Protective Association, charged with having plotted rebellion against the United States government and with offering armed resistance to the selective draft law, were affirmed by the United States court of appeals here Monday. Those involved are G. T. Bryant, alleged member of the I. W. W. and reputed to be the "moving spirit" of the Texas organization; Z. L. Risley, former soldier and stone cutter, Lueders, Texas, and S. J. Powell, ex-railway mail clerk.

Rheumatism Back on the Job With its Old-time Fury

No Let-Up In Its Torture.
Pretty soon you will be reaching for the liniment bottle again, for the millions of little pain demons that cause Rheumatism are on the war-path. Winter weather seems to awaken them to renewed fury.
But your Rheumatism cannot be rubbed away, because liniments and lotions cannot reach the disease. It is in the blood, and only a remedy that goes deep down into the circulation, and routs out the disease germs, can rid you of this disabling disease. S. S. S. has given some wonderful results in treating Rheumatism. Being a purely vegetable blood remedy, it purifies the blood of every germ, and thus removes the cause of Rheumatism. Get a bottle to-day at your druggstore, and start on the right treatment that will get results. Free advice about your case can be had by writing to Medical Director, 26 Swift Laboratory, Atlanta, Ga.

Try This Test: Rub a little Tuxedo briskly in the palm of your hand to bring out its full aroma. Then smell it deep—its delicious, pure fragrance will convince you. Try this test with any other tobacco and we will let Tuxedo stand or fall on your judgment—

The Greatest Strike IN HISTORY IS PREDICTED FOR THE Holbrook Oil Fields

The Holbrook Oil Fields, which are located south of the town of Holbrook, in Northeastern Arizona, are showing every indication of a large producing field.

There are 3 WELLS now in operation. Eastern capital has already purchased several hundred acres in leases.

READ THIS

CLIPPED FROM THE "HOLBROOK TRIBUNE" MARCH 13, 1919.
One of the largest deals that has been negotiated in the Holbrook Oil Fields has just been negotiated by the Artec Petroleum Securities Company through the lease of a large acreage in the field to prominent New York interests represented by Chas. Aster of that city.
The terms of the lease require that from three to five standard rigs should be on the property and in operation not later than May 15th, 1919.

INFORMATION GIVEN REGARDING PLAN OF SOLDIER INSURANCE

The following information relative to War Risk Insurance, which is given out by the Secretary of the Treasury has been received by H. D. Hock, District Superintendent of the Bureau of War Risk Insurance, now located in Wichita Falls.

All regulations governing the conversion of this insurance were approved by the secretary in March, 1918, and such regulations provide for the conversion of all war-time term insurance taken out by soldiers or sailors since the entrance of the United States into the war. After conversion, this insurance will be known as Government Life Insurance.

Below are some examples of the government rates covering each \$100 of insurance.

Ordinary Life.		
Age	Month	Annual
20	\$1.15	\$13.58
25	1.29	15.24
30	1.47	17.36
35	1.70	20.08
40	2.01	23.74
20 Year Endowment.		
Age	Month	Annual
20	\$3.31	\$39.10
25	3.33	39.34
30	3.36	39.69
35	3.41	40.28
40	3.51	41.46
20 Payment Life.		
Age	Month	Annual
20	\$1.76	\$20.79
25	1.91	22.56
30	2.10	24.81
35	2.31	27.52
40	2.62	30.95
30 Year Endowment.		
Age	Month	Annual
20	\$2.06	\$24.33
25	2.09	24.69
30	2.15	25.40
35	2.24	26.46
40	2.41	28.47

The same proportionate rate applies to, and including 50 years of age. The forms of policies which may be had in exchange for the war-time term insurance are ordinary life, twenty payment life, twenty year endowment, thirty year endowment, thirty year life, and endowment payable at the age of 55.

The premium rates for these converted policies are lower than those charged by private insurance companies. The policies contain ex-

"The Call of the Camera"

COMES WITH SPRINGTIME

Spring is the ideal season for both amateur and experienced photographers. Nature is at her best and will provide ample subjects for your "snap shots." What is the use of cheating yourself out of the inexpensive pleasure of taking pictures?

Anyone can get good results with the perfected cameras we sell.

First Attention to All Orders for the Sick. **Palace Drug Store** Special Attention Given Our Prescription Dept.

ingly liberal privileges, providing for loan and cash values, paid-up and extended insurance, and further providing that the insured will be paid for life, a monthly income in the event that he becomes totally and permanently disabled. All of these policies are incontestable from date of issue and are free from restriction as to residence, travel or occupation. The holders of the policies are eligible to share in and receive dividends from gains and savings and the proceeds of the policies are exempt from all taxation.

Premiums on the new forms of government life insurance are payable monthly, but may be paid annually, semi-annually or quarterly. The monthly premiums due on the first of each month, may be paid any time during the month. Policies may be reduced, but not increased. The premium rates will be based on the age of the insured at the time of the conversion.

In the event of death, policies are payable only in 240 monthly installments. Paid-up insurance, however, is payable at death in one lump sum, and endowment policies are payable in the same manner, at maturity.

All policies contain a waiver of premium and total disability clause, making the proceeds payable at any time to the insured should he become totally and permanently disabled, regardless of his age, in monthly installments of \$5.75 per thousand of insurance, covering the entire period of total disability for life of the insured. No policy in any life insurance company contains a similar clause, without regard to age.

All men are urged to hold on to the War Risk Insurance, and not to allow any person to argue that some other insurance is better. There is no better insurance in the world.

DR. MIKE WALKER HAS BEEN PROMOTED TO RANK OF MAJOR

Wichita Falls has another major in the overseas forces, word being received that Major M. M. Walker has had his promotion since February 17, the major is still with the "Lost Legion," he says, and has no idea when he will leave France.

WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased. Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Wichita Falls Daily Times. (Adv.)

WHY COFFEE IS HIGHER

There are several contributing reasons why coffee is higher. At the beginning of the war in Europe there was a large stock of coffee in Brazil—who produces eighty percent of the coffee of the World. Europe used two thirds of the World's coffee supply and America one third. After war was declared in Europe their markets were closed and America was Brazil's only outlet. So notwithstanding higher freight rates and production costs we were enabled to buy coffees at little advance over pre-war costs. After America entered the war the food administration restricted the importation of coffee and we were forced to use up the surplus usually carried here—and now Brazil is giving us just enough for our immediate wants—which together with the fact that Europe's coffee pot was empty and must be replenished—puts Brazil in the saddle. Then the frosts last August so damaged the coffee trees that we are due to have a short crop for at least three years—so there seems no immediate prospect for cheaper coffee—YET COFFEE IS STILL THE CHEAPEST commodity that enters into human consumption—A pound makes thirty cups.
