WICHITA FALLS, TEXAS, TUESDAY, APRIL 1, 1919

PART ONE

NUMBER 276

RELEASE PACKERS FROM GOVERNMENT CONTROL

WASHINGTON, April 1.—All meat packers were released today from food administration control. Under proclamation signed by President Wilson at Paris, effective today, all packers, firms, corporations or associations engaged in importing, manufacturing, including packing, storing or distributing fresh, canned, cured, salted, pork, mutton or lard, are released from license by the food administration. It was stated at the food administration that the President's action released packers from supervision of every kind exercised by the food administration including restrictions upon margins of profit.

PACKERS NOT READY TO DISCUSS NEW ORDER

CHICAGO, April 1.—Packer representatives here upon receipt of the new order today said they would not discuss it until they had read the text of the new order before discussing its effect. Several said that the effect probably would be negligible. Whether livestock prices advanced, one packing house official thought, depended upon the foreign market. He said he did not know what effect it would have on the export market. Another pointed out that as the packers had no receipt of the new order, the food administration permitted, removal of this limitation was not likely in his opinion to have much effect. The limitation was nine per cent on capital invested in meat products and 1.2 per cent on other products.

SEVERAL KILLED IN AN EXPLOSION AT POWDER PLANT

BIRMINGHAM, Ala., April 1.—Several persons are reported to have been killed and many injured when a Corning mill and press mill, part of the Dupont Explosives Powder plant at Boyles Gap, north of Birmingham, blew up shortly after noon today. The cause by the explosion, is reported to be beyond control. The explosion has been rushed to the scene from Birmingham.

TO INVESTIGATE USE OF MAILED BY FAKE COMPANIES

FORT WORTH, April 1.—United States Judge James Wilson, in his first charge to a grand jury, today told them to investigate the use of mailed by fraudulent oil companies and indict those who were found guilty. He also told the grand jury that no more of this kind of liquor should be brought into Texas for personal use.

Recent Bolsheviki Movements Such As to Indicate An impending Attack On Allies In the Archangel Section

ARCHANGEL, Monday, March 31.—An enemy observation balloon was almost all day spotting the effect of the Bolsheviki position along the front line. The Allies' position along the front line is still with blockhouses guard the flanks and snow trenches with up with log barricades, while there are ample dumps to shelter all the Allied forces. The troops holding the front include considerable numbers of American, French, British and Russian troops. The Allies are here probably is equal to that of the Bolsheviki. The Allied army is still shelling Bolshevo Ozeas a number of explosions occurred that village on Sunday.

APPREHENSION OVER DELAY IN PEACE PLANS

PARIS, April 1.—Commenting on the six amendments to the covenant of the league of nations suggested by Elihu Root, it was stated today by one of the legal specialists associated with the American peace conference delegation that he believed all the amendments were acceptable to the American delegation.

PLAN IS SUBMITTED

PARIS, March 31.—A feeling of apprehension over the lack of progress on the peace treaty persists in American circles here although it is stated in authoritative quarters that differences which have arisen have not reached the status of a deadlock. The principal difficulty has been found in settling upon reparations, according to the new method of payment suggested by the French delegation. This plan was presented on Saturday before the council of four and covered 20 typewritten pages. It is said that the frontier question now turns on the securing of military safety along the Rhine.

FURTHER EVIDENCE IN COURT MARTIAL OF TEXAS AVIATOR

LONDON, April 1.—At the court martial of Captain Edmund G. Chamberlain in connection with his reported aviation exploits on the British front last July, it developed today that about July 26, 1918, an aviator named G. C. Whiting, who had previously been attached to the 43rd squadron of the Royal Air Force, visited his former comrades at Touquin, France, and brought with him an officer of the United States marine corps. Whether this officer was Captain Chamberlain, the squadron commander, Major C. C. Miles, was unable to testify.

APRIL FOOLS DAY IS RESPONSIBLE FOR RUMOR

PARIS, April 1.—Somebody started this morning that Colonel E. M. House had announced that the peace treaty had been signed. The report rapidly spread over all Paris and the telephone wires to the American headquarters in the Hotel de Crillon became hot with inquiries as to the truth of the rumor. It did not take long, however, for inquiries to be made and it was found that the rumor was reminded that today was April 1.

INCOMPLETE DISPATCH QUOTES THE PRESIDENT

PARIS, April 1.—President Wilson today explained that he was willing to accept his share of responsibility for the peace conference delays. He would not point out that the slowness of the negotiations was not due to any single country or its representatives. He declared emphatically, however, that the time for talk was virtually finished and that now was the time to show results.

COMMISSION CONSIDERS AERONAUTICAL QUESTION

PARIS, April 1.—The aeronautical commission of the peace conference held a meeting Monday to receive and consider reports from sub-committees concerning military, legal, commercial and technical subjects. It was found that the sub-committees had not completed their work, but the commission approved the temporary reports submitted. It was agreed to put before the supreme council the proposals to be finally submitted at the next meeting by the joint military and legal sub-committees. Good progress had been made in other directions and a substantial agreement has been reached on important points in connection with the future of commercial aviation. The commission will hold its next meeting on April 4 when it is expected the general principles and much of the detail of the inter-allied aerial convention may be settled finally.

FOUR DROWN WHEN PLATFORM TOPPLES AT SHIP LAUNCHING

PHOENIX, P. A., April 1.—According to the coroner of Bucks county, the accident yesterday at the launching of the Harriman, Pa., of the cargo carrier Waukau resulted in the death of four workmen. The Delaware river in the vicinity of the merchant shipbuilding company's plant is being searched today but the coroner stated that he had no reason to believe that more than four had been drowned.

Authority Given Turkey to Arrest American Couple

WASHINGTON, April 1.—Secretary Baker has approved a request of the British military authorities in Turkey that they be permitted to arrest on charges of treason James Spohr, a nationalized American citizen, and his wife, declared officially to have been closely associated with the head of the German spy system in Palestine and among British Indian subjects.

ORGANIZATION CAMPAIGN ON FOR MEMBERS

Field Managers Here for Drive For West Texas Chamber of Commerce.

BRIGGS ARRIVES TODAY

Outlines Work of Organization As Planned by the Officials.

George W. Briggs of Lubbock, field manager of the West Texas Chamber of Commerce, arrived this morning to join S. E. Miller of Mineral Wells, the other field manager, in the membership drive in Wichita county. Mr. Briggs has been at work in the territory around Amarillo for the most part since March 1.

Among the places which he has recently assisted in organizing are Pecos, Midland, Big Springs, Haskell, Munday, Post, Lubbock, Crosby, Tulia, Littlefield, Farwell, Dalhart, Vega, Shamrock, and in several other places the matter of organization is pending, to be closed up within the week.

Mr. Miller has just come from an organizing trip which brought into the West Texas Chamber of Commerce Cleburne, Ganbury, Glen Rose, Stephenville, Dublin, Cisco, Eastland, Albany, Breckenridge, Jacksboro, Graham, Strawn, Comanche, De Leon and Mineral Wells.

Plans Outlined.

Speaking of the work of the West Texas Chamber of Commerce Mr. Briggs said:

"Whether you are a shipper or not you are interested in the transportation service afforded your community. Nearly every part of the country saw its train service reduced during the war and but few cities of the country could say that their populations and business were increasing as much as five to twenty-fold while the train service was being reduced. Yet such

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles. Othine—double strength—is guaranteed to remove these homely spots. Simply get an ounce of Othine—double strength—some any drugist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful, clear complexion. Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.

was the situation in several West Texas towns. West Texas must have better train service than ever before. We cannot get it merely by asserting that we want it. We must prepare statements of facts. That can best be done through an organization such as the West Texas Chamber of Commerce.

"Our Traffic Department, E. P. Byars, traffic manager, will not only assist in public matters but handle individual claims and complaints for the members.

Publicity.

"There are two kinds of publicity work needed in West Texas and both can best be cleared through a great central agency such as the West Texas Chamber of Commerce.

"First we must have publicity about our own problems for our own advice. We are handicapped by distance in West Texas and we do not always know just how much progress some individual or community has made in the solution of a problem. It is common to our whole section of the state. Facts about irrigation, dairying, live stock farming; and all of our other industries must be gathered and placed at our disposal through the medium of a central clearing house and information bureau which shall keep in daily touch with the press of West Texas and the members of the West Texas Chamber of Commerce.

"Publicity for the outside world is needed to overcome impressions left abroad by the recent years of drought. The best way to overcome those impressions is to tell the world what we are doing now, to concentrate attention on this year.

"There are vast quantities of scientific data about West Texas that have been gathered by various authoritative agencies but which have not been placed in the hands of the people. Our publicity department must also be a great information bureau. And through this department we must keep in touch with federal and state agencies which study such problems as the location of road building materials and make surveys of rivers and streams, giving information upon which irrigation and conservation projects can be predicated.

Committees.

"Both Texas is a long way from both Austin and Washington, yet we have had to look to those two capitals many times during the past five years—and often the results came very slowly. With one organization speaking for a million people and able to command the services of the strongest men in our section of the state to act as committee members we expect to be able to present the needs and demands of West Texas promptly and ably, and economically, not only to governmental agencies but in matters of finance, business and transportation.

"The committees of the West Texas Chamber of Commerce are designated: irrigation, good roads, oil industry, live stock, dairying, poultry raising, growing crops and diversification, publicity and resources, traffic and transportation, rural education, and immigration. The members of these committees are to be men who have given years of study to those subjects—men who have a message for every other man facing the same problems.

"Through the West Texas Chamber of Commerce we propose to take a referendum on any matter of great public concern to West Texas. We will then be able to have the public opinion or our section crystallized and in shape for expression."

WARNING IS ISSUED TO AUTOMOBILE OWNERS

Chief of Police Fred Smith issued a warning today to automobile owners against parking cars in the alleys in the fire limits of the city. In some instances, traffic has been obstructed in alleys by cars parked at the sides of buildings or at the back of lots. This is against the traffic regulations.

REMARKABLE GAIN IN MARCH REPORT LOCAL POSTOFFICE

The report of Postmaster Ed Howard for the month of March shows, in the sale of stamps and stamped paper, the remarkable gain of \$1,142.21 over March, 1918; indications enough of the steady growth and business prosperity of Wichita Falls. The sales for March, 1919, were \$20,099.21, as compared to \$8,137 for the same period last year.

For the entire district, which includes the postoffices of Burkburnett and Iowa Park, sales were recorded last month of \$21,932.17, an increase of \$9,877.02 over March, 1918, when stamps and stamped paper to the amount of \$12,055.68 were sold.

CANADIAN MEMBER OF "PRINCESS PATS" LECTURES TONIGHT

Tonight at the Salvation Army Hall Captain "Harry Jack" Lingwood, Canadian and member of the "Princess Pat" regiment, will deliver a lecture, which was postponed from last Saturday night on account of the rain. Captain Lingwood spent three and a half years in France, was four times wounded, and is one of the few members of the famous Canadian regiment now alive. His lecture will deal with his personal experiences during the war. The lecture will be accompanied by special music by A. Lewik, a Hawaiian, who will play on the ukulele and Hawaiian steel guitar. The public is cordially invited.

FLORAL HEIGHTS REALTY COMPANY IS SETTLING UP

After Wednesday morning, April 2, there will be no more Floral Heights Realty Company, as on that date the final dividend will be paid the stockholders, and the company, as ordered at a meeting held several weeks ago, will be finally dissolved. All of the property has been sold and the original stockholders have realized from eight to ten for one on their investment. The final dividend will amount to about 75 per cent. A. L. Huey, the secretary of the company, states.

The Floral Heights Realty Company was organized a number of years ago to put the Floral Heights addition on the market. With the growth of Wichita Falls the company prospered, and has proven a splendid investment. Early this year all of the lots had been sold, and the company was declared ready to make final payment to the stockholders and liquidate. The company stockholders met this morning in the office of A. L. Huey and will hold its final meeting tomorrow at the same place.

I am learning

that success is a matter of habitual concentration upon higher ideals. I am what I set out to be. The things I read and talk about today and the thoughts I think are a forecast of what I shall become. I have learned that I am a composite of the things I have said, the thoughts I have nurtured, the company I have kept and the habits I have pursued. I am learning that success lies within myself—in my brain, ambition and my determination—and that difficulties and hard experience are not to be dodged, but met with courage, that they may be turned into future capital.

GOVERNOR SIGNS DEPOSITORY BILL RECENTLY PASSED

By Associated Press. AUSTIN, April 1.—The state depository bill was signed today by the governor and as the measure carries the emergency clause, it immediately became a law. This new law abolishes the present system of depositories in the various congressional districts and permits the selection of depositories by the depository board at any point in the state on the competitive bid plan. The act also requires daily deposits to be made by all state departments to the state treasury and tax collectors are required to remit daily to the depositories all tax collections. The attorney general has held that contracts for keeping state funds under the old law can not be abrogated, which means that the eighteen depositories now having a total of \$900,000 on deposit will keep such funds for a period of two years.

AUTHORITIES MAY REQUIRE THAT CATTLE BE DIPPED. By Associated Press. AUSTIN, TEX., April 1.—The livestock sanitary committee or its agents have authority to require cattle to be dipped or to dip them themselves for the purpose of eradicating fever ticks, the attorney general held in an opinion today. It is a procedure of the danger of transmission of the disease established before dipping may be required. Refusal to dip stock when lawfully directed is held a misdemeanor with a fine of from \$25 to \$100, and each day constitutes a separate offense. County commissioners cannot pay expense in sale of county school land out of proceeds of the sale of this land, but such expense must be paid from the general fund, according to an opinion of the attorney general. Another opinion rendered by the attorney general holds that a business college incorporated for educational purposes is exempt from payment of franchise tax imposed upon corporations by chapter three, title 126, revised statutes of 1911.

AFTER-THE-WAR FEELING IN OCCUPIED TERRITORY

Associated Press Mail Correspondent. LONDON, April 1.—The emotions and impressions of British playing the part of conquerors in Germany appear to differ widely. "I find that I am getting the habit of not looking people straight in the face," writes a correspondent of the Manchester Guardian at Coblenz. "There is a kind of fear of something which is just behind their eyes. When a man looks at me across the table in one of the cafes I have to look away, and the only reason I can think of for this is because I have won and he has lost. I am afraid of him because he is helpless and cannot hurt me. Many people would think that they would not feel like this, but they would."

"It does them good occasionally to push them off the pavement and what fills them with surprise more than anything else is to pull them up by the ear in a tram to let a woman have their seat." An Englishman who has visited Bonn, Cologne and other Rhine points tells the Guardian that, although fraternization between the English troops and the German inhabitants is forbidden, there is a good deal of friendly intercourse between them. The Germans say they were deceived concerning the war, but that they would have won if the United States had not been forced into it. "The visitor was impressed by hearing factory girls who were leaving work shout 'Good Night' as they passed some English soldiers and he adds: 'The Hun is always an 'elm' as the Boer and clearly sees now that geniality is better than poisoned gas.'"

Arthur Pollen, the Naval writer, says: "It is in the suburbs of Bonn and Cologne, in Duren and in the villages that one sees the real devastation of these people. The fat man is gone and all adored and adored and thin, but the children are really a horrible sight. Those who have been left here and in the occupied parts of France are the scum of the French children is worse. "There seems to be plenty of children but none under three years old, and never once did I see a woman with a baby in her arms. The smallest children are the worst to look at—pallid, hollow-eyed and dreadfully feeble. The boys are far less animated than the girls."

SOCIAL ITEMS

MRS. T. B. GRAY HOSTESS TO CHRISTIAN LADIES AID

Mrs. F. B. Gray was hostess to the Ladies Aid of the First Christian church, Monday afternoon, at the home of Mrs. J. H. Huggins, 800 Bluff street. About 40 members of the Aid were present, and an offering amounting to \$162 was taken. Preceding the social hour, there was a business session, and several matters of business relating to the Aid were discussed. Devotional services were read from the Fowler Orphanage at Dallas, expressing their appreciation of a \$50 Liberty bond and \$181 cash donation sent to them last month. Other expenditures last month were \$50 to the Sunday school for expenses on the piano, and \$500 towards the indebtedness on the new parsonage. Plans were discussed concerning the all-day meeting to be held at the church on Monday, April 14, at which time the Ladies Aid and C. W. B. M. of the Christian church will be hostesses to the missionary societies of all the other churches of the town. Mrs. Danforth made an appeal for workers for the Red Cross at the church each Wednesday.

WOMAN'S ALLIANCE HAS ENJOYABLE SOCIAL MEETING

The Woman's Alliance of the First Baptist church held a very enjoyable social meeting of the church Monday afternoon. Mrs. Maxwell, the vice-president, presided during the business session. Mrs. Eichenburger, president of the Alliance, who recently returned from New York where she was in a sanatorium for several months, was present and made a short talk. An urgent appeal was made for the members to be present at the Red Cross rooms on Thursday of each week. Divisions three and four, under the leadership of Mrs. Peeler and Mrs. Gibson, had arranged a very interesting program which was given in the following order: Hymn of praise, Devotional led by Mrs. W. L. Robertson. Solo, Mrs. Fulton. Reading, Mrs. Hicks. Piano solo, Mrs. Collard. Talk by Mother Clabby. Dialogue given by the Girls Auxiliary, under the leadership of Mrs. W. C. W. Brown. Reading, Mrs. Homer McGregor. Light refreshments were served.

TELEGRAM RECEIVED TELLING OF DEATH OF MRS. RHODA JOHNSON

Mrs. Rhoda A. Johnson, widow of Frank Dorsey, cashier of the City National Bank who was killed in Crawford and Lewis' raid on that bank in 1896, died at the Washington Sanitarium at Pendleton, Oregon, Monday. A telegram announcing her death was received here by her nephew, J. M. McFall, last night. Mrs. Johnson was a sister of Mr. McFall's mother. Mrs. Johnson was well remembered by the older residents of the city having lived here from 1890 to 1896 during which time her husband was cashier of the bank. Mr. Dorsey was shot in the teller's cage of the bank by one of the robbers in the building now occupied by the American National Bank. He was instantly killed. Dr. Kendall, vice president of the bank, was also shot by the robbers but was not seriously wounded.

Mrs. Johnson was about 54 years of age and was a member of the Baptist church, being remembered as a faithful member of the congregation here. She is survived by four children: Joe K. Dorsey, Frank Dorsey, Mrs. John Young and Selby Johnson.

TIMES EMPLOYEES TO BE GUESTS OF THE EMPRESS

The Times staff, including all employees, are to be the guests of L. A. Moran, manager of the Empress theatre, on next Thursday. MAJESTIC - TODAY - Harry Carey in "Roped" If you like a western picture this one will please you - TOMORROW - RETURN DATE OF THE GREAT PICTURE THAT MADE THE FAMOUS STAGE STAR THE GREATEST OF SCREEN FAVORITES "Revelation" THE STORY: Adapted from Mabel Wagnall's Novel, 'The Rosebud of a Thousand Years' "In the courtyard of a monastery years ago a pious monk planted a rosebud. In spite of his tender care it never blossomed. The gentle priest brooded over it, considering it an evidence of divine displeasure. One day, as the legend runs, he prayed at the side of the bush that it might bloom. In the midst of his supplication a gentle voice bade him, 'Be at peace, and looking up he saw the Holy Mother standing before him—and, lo, a miracle!—the rosebush had burst into bloom.' Joline, "a daughter of joy," is a dancer in the Cabaret of Three Delights—Wine, Women and Song—in the Latin Quarter of Paris. She is an artist's model, and vividly and beautifully she poses as LA BACCHANTE—SALOME—SAPPHO—THE SPHINX and GIN. And now the artist is inspired by the old legend above and must paint the Madonna of the Rosebush. Joline, the blasé little grisette, as the model? How ridiculous! How amazingly absurd! But Joline, fascinating, capricious, willful as a summer storm, in alternate tempests of anger and pleading, refuses to permit another model to take her place! She is selfish, mad, passionate, but as her soul is laid bare in love and sorrow she is tender, noble and self-sacrificing. The Sun of Revelation strikes the heart of the madcap firefly, and as the gay, mad music of the Paris cafe gives way to the still, sweet voice of peace, a mighty miracle is wrought! AND THE ROSEBUSH BLOSSOMS IN THE HEART OF JOLINE! THE STAR: The Great NAZIMOVA. Born in Russian Crimea, in a village by the Black Sea, Alla Nazimova studied violin and drama and was a noted child prodigy. Famous already in every country of Europe, she came to the New World, and in New York, speaking only Russian and giving only Russian plays, she made a furor and was acclaimed one of the world's greatest tragediennes.

MAJESTIC STARTING MONDAY "THE HEART OF HUMANITY" The picture that will live forever ALLAN HOLUBAR'S SUPER-PRODUCTION Featuring DOROTHY PHILLIPS Direct from its sensational run in New York City. The New York Times says: "A distinct achievement in motion picture creation." The New York Tribune says: "One advice is to see 'The Heart of Humanity.'" The New York Evening World says: "One of the most graphic pieces of filming ever seen on the screen." A story of the love that passeth all understanding—a great romantic picture that you'll never forget. Bring your whole family to see it.

PRESIDENT PRACTICAL AS WELL

AS AN IDEALIST.

By presenting the tentative draft

of the constitution of the league of

nations to the American people for

discussion, President Wilson has

shown that he is going to let some

of the things which are necessary

for the ratification of the league

take credit for it, and he will be

able to get some things in it as

demands coming directly from the

American people that he could not

force merely as their representative

at the peace conference.

About some things, at least, our

President is a very practical sort of

a person as well as an idealist. He

knows that the best way to win

support for the league is to submit

it tentatively for suggestions. The

republican senator whose amendmen-

ts have been adopted is likely to

become a warm supporter of the

league when the time comes for

ratification. The President knows

that the best way to get a man

enthusiastically for a thing is to

make him believe it is his own

suggestion.

"When I was here last summer I

thought Wichita Falls was one of

the cleanest towns I had ever seen.

Conditions are altogether different

now," remarked a man who has

become a resident since his visit. It

is true that our streets are not

quite so clean as they were. Nothing

gives such a favorable impression

as clean streets and sidewalks.

Clean streets are an incentive

to business houses to keep their

own premises clean and neat.

They are an example the city can

set to its citizens that will be

more far-reaching than might be

supposed. It takes money to keep

the streets clean. It is money well

spent and the taxpayers ought

not to begrudge the expenditure.

Isn't it time something was being

done toward calling an election to

vote more bonds for road improve-

ments in Wichita county? The con-

tract with the road contractors was

announced some weeks ago and it

was then the understanding that an

Bedtime Stories

(By Howard R. Garis)

Uncle Wiggily's April Fool.

"You want to be very careful to-day, Uncle Wiggily," said Nurse Jane Puzzy Wuzzy, as the bunny rabbit gentleman gave his pink nose an extra

"Not that I know of," said Uncle Wiggily. "Has the Pippisawah or Skeezicks been here since the March wind blew them away?"

"Oh, I shall like that!" laughed the bunny. "I'll put on an old silk hat, instead of my best one, so if they want to throw lilylops at it there will be no harm done."

"Your coat is on your back! Ha! Ha! April Fool!" quacked the laughing duck boy.

"We're going to play an April Fool joke trick on Grandfather Goosey Jander," said Sammie. "He is so old now, he can't run after us and catch us, so we're going to put a basket full of corn on his doorstep."

"I'll call that a good April Fool joke," said Uncle Wiggily. "Oh, but we're not really going to let him have the corn!" quacked Jimmie, the duck.

"What are you going to do?" asked Uncle Wiggily. "Oh, there's going to be a string tied to the basket of corn," said Jackie Bow Wow. "And when we ring Grandpa Goosey's bell, and he comes to the door to pick up the corn, we'll pull it away and April Fool him."

"I'm! Maybe she will," spoke Uncle Wiggily, sort of uncertain like. "We'll put some cheese and crackers, and a bit of apple pie and some bread and butter, and things like that in the basket for the poor mouse lady."

"I will! I will!" said the rabbit boy. But "Oh, won't she be surprised!" quacked Jimmie.

when the old mouse lady opened the door, and stooped to pick up the basket of good things, and when Sammie pulled the string, and the basket flew away at all. It just stayed right there, and the mouse lady picked it up, and she squeaked out:

"Why that was a funny April Fool trick. Some one cut the string and couldn't pull the basket away. That was a funny trick," he charges.

"I'm kinder glad, after all, that we didn't yank the basket away from the mouse lady," spoke his brother.

DEVOL REFINERY HAS BUILT PIPE LINE TO THRIFT NO. 2 WELL

The Thrift No. 2 Oil Company, No. 1 well on the Brazos, block 83, which has been a mystery for some time, and concerning which the company officials have refused to give any information, is again the subject of rumors, this time to the effect that the well is a producer. Storage tanks have been built, and the Devol refinery has laid a pipe line to the storage tanks, from the refinery.

The information comes from Dallas parties, who are extensively interested in the well. They say that their source of information is from the purchaser of the royalty on the tract, who convinced himself that there was production before putting up the remainder of the purchase price of the royalty.

The attitude taken by those drilling the well, with regard to permitting the public on the ground, and giving out any information has made the status of this well for the last six weeks, to say the least, peculiar. Conclusions have been drawn, pro and con, but positive developments of one sort or another are yet to come, from present indications.

WICHITA SOUTHERN REPORTED DRILLING IN FOURTH WELL

The Wichita Southern Oil Company is reported drilling in their fourth well on the five acres at Burk Burnett owned by that company. The sand was struck at 155 feet.

Roberts and Hill, who have drilled all of the Wichita Southern wells, have moved their rig to the 40 acres owned by the company, located 2 1/2 miles southwest of Burk Burnett, and adjoining the Fisher & Gilliland wells, where drilling was completed to a depth of 1305 feet in June, 1918, and owing to the severe droughtish operations were suspended on the well and the rig stood on it idle for some two months, until the great strike at Burk Burnett was made. The rig was then moved to Burk where the Wichita Southern had acquired five acres and has been drilling on it ever since. The completion of this well will be watched with interest.

NEW ORLEANS IS BUYING GASOLINE AT 17 CENTS

DRILLING DELAYED ON FORE TEST BY SALT WATER FLOW

The South Dakota syndicate putting down a cable tool deep test two and one-half miles northeast of Wichita Falls, has been enjoying a vacation since last Wednesday. According to John S. Fore, county commissioner, owner of the lease, a flow of salt water was struck at 600 feet, and drilling was suspended until necessary casing can be obtained.

The South Dakota men intend to go to the 2,000-foot depth, if necessary, in their search for oil.

WELL AT GRANITE PUSHERS OIL OVER TOP OF DERRICK

Oil-paying quantities has been struck in the well being drilled by W. J. Turger and Associates, near Granite, Oklahoma, according to reports from Granite this morning. The drill truck a gas pocket last week and raised much excitement, then on Monday the oil sand was entered, and this morning the oil went over the top of the derrick, according to telephone messages from Granite.

The well is in Greer county, section 25-6-2. A number of Wichitans are interested in the well, and in nearby sections, and several of them have been at the well for the past week, since the gas was struck.

Liquidation of this company is now complete.

would produce around 200 barrels. There is little doubt but that it is a good well.

The strike is one of the most important in the Burk Burnett district since the Humble Co.'s well was brought in northwest of the town.

The Cropper lease is one of the most valuable shallow producers ever developed in this section.

Market Report

COTTON MARKET

NEW YORK, April 1.—Relatively steady cables and reports of unusually low temperatures in the south encouraged a renewal of yesterday's buying movement in the cotton market early today. The opening was 10 to 14 points higher on the new style months with leading spot house brokers again buyers of May but Liverpool sold July and there was considerable raising with moderate selling for southern account under which prices turned easier shortly after the call. New style May sold off from 25.25 to 25.00, or six points net lower and October from 20.75 to 20.60, or eight points under, last night's closing. Old style months were dull, no sales being reported at the opening. The early decline was checked by a renewal of covering by near month shorts and buying by Liverpool accompanied by private cables that rumors were circulating that the blockades might be lifted. This was supposed to refer to the blockades against shipments of goods to some of the neutral countries which would have a bullish effect in Manchester. New style May was again relatively firm, selling up to 25.49 or into new high ground and 43 points net higher while October touched 21.09, or 11 points above last night's closing figures. The market was less active during the early afternoon with reactions of about 15 to 20 points under realising. New style May ruled around 25.34 and October 20.89. Old style months remained quiet and after selling 20 to 40 points net higher showed little feature. Cotton closed barely steady.

New Orleans Cotton.
NEW ORLEANS, April 1.—A more favorable view of political news caused a rise of five 11 points around the opening of the cotton market today but being met by the improvement and a quick break ensued. At the end of the first half hour trading prices of the new contracts were eight to 10 points under yesterday's closing. Offerings were the result of continued dry weather in the belt. Official reports of very cold weather in the belt and rumors from Washington that something definite would come from the peace conference this week created a buying wave on which prices mounted to a net advance of 35 to 38 points. A quiet reaction occurred on cablegrams from Manchester stating that all mills using American cotton would close for a fortnight on April 16. Toward noon prices were at a net advance of 10 to 15 points. A quiet and steady time developed. At 1 o'clock prices were 14 to 20 points above yesterday's closing. Cotton closed: Old, steady, unchanged to three points down net, and new steady at an advance of four to 10 points.

Liverpool Cotton.
LIVERPOOL, April 1.—Cotton spot quiet; prices steady. Good middling 14.55; middling 13.57; low middling 14.47; good ordinary 12.82; ordinary 12.39. Sales 3,000 bales, including 1,300 American. NEW YORK STOCKS

NEW YORK, April 1.—Shipping and leather shares, which featured yesterday's later dealings contributed to the firm opening of today's stock market, gaining one 1/4 points. Popular equipments and distilling issues also made further progress, but motor, oil and food shares were moderately reactionary, corn products losing a point. United States Steel eased slightly at the outset but rallied on the strength of affiliated steels and Baldwin Locomotive. Rails were rarely quoted and little changed in the first half hour. Relaxed money rates favored the further rise of early afternoon. Industrial Alcohol increased its gain to 5 1/4 points and oils and coppers became more active at one to 2 1/2 point advances, rails also hardening under lead of Pacific and strangers. The market moved to higher levels later on buying of motors and specialties but offerings of steels, oils and tobaccos followed. The closing was irregular. Final prices on Liberty bonds today were: 3 1/2's \$9.12; first 4's \$9.60; second 4's \$9.50; first 4 1/2's \$9.64; second 4 1/2's \$9.50; third 4 1/2's \$9.55; fourth 4 1/2's \$9.60.

Chicago Produce.
CHICAGO, April 1.—Butter: lower; creamery 52 1/2¢. Eggs: lower; receipts 39,782 cases; firsts 39 1/2¢; ordinary firsts 38 1/2¢; 39¢; at mark cases included 38 1/2¢; 39 1/2¢; storage packed firsts 41 1/2¢. Poultry: alive; unchanged.

COTTON GROWERS OF MISSOURI WILL NOT CUT ACREAGE

JEFFERSON CITY, MO., April 1.—Missouri cotton growers will not join those of other cotton growing states in efforts to reduce the crop acreage for the coming year by thirty-three and a third per cent. Replying to a telegram from the Southern Cotton Growers' Association, Jewel Mayes, secretary of the state board of agriculture, said the Missouri acreage would not be reduced more than five or six per cent. The farmers of the eleven principal counties of eastern and southern Missouri, he explained, have adjusted their farming operations to a reasonable basis of cotton acreage that they deem they can handle to advantage and with an outlook for good prices, they are not inclined to reduce this area. Prospects now are for about 150,000 acres in cotton in Missouri, this year, he said.

FEDERAL AGENT OF ELEVENTH DISTRICT REPORT FOR MARCH

CONDITIONS FAST ADJUSTING THEMSELVES TO RECORD-STRECTION RECORD.

PROBLEMS BEING SOLVED

Agricultural Outlook Is Encouraging and Crop Reports Are Promising.

By Associated Press. DALLAS, April 1.—The agricultural outlook is encouraging, and reports are promising, the livestock industry is recovering from the drought and in the conditions are easier summarized in the report for March issued today by the Federal Agent for the eleventh Federal Reserve District.

While normal activities have not been resumed in all industries, it is a fact that progress is gradually being made and the adjustment period than 30 days ago, the report says.

Cotton Situation.—Referring to the all important cotton situation, the Federal Agent says: "There was little if any change during the month and stocks on hand are still on hand are still large. The slow liquidation of the 1918 crop has made a stagnant business in the cotton growing sections. The campaign for acreage reduction for 1919 is having excellent results and if present reports are authoritative, much land here they are the area planted in cotton this year will be reduced by one-third or possibly more."

Large Corn Acreage.—The open weather of the last two weeks in March helped farm work get under way. Indications are there will be an unusually large corn acreage. Although high winds in some of the western and southwestern counties have damaged wheat and reduced the soil moisture, crops are not suffering to any great extent. Farmers in East Texas are badly behind in their work because of continued rains. Much land there formerly in cotton will be sown in corn and food crops, thus business analysis continues.

Financial Condition.—Financial conditions have changed but little although there is slight evidence that conditions are easier. Total bills discounted and bought in the Federal Reserve bank in the last 30 days show a decrease of \$400,000. Clearings in the nine chief cities of the district show a total of \$273,206, 497 in February over the same month of 1918, an increase of 19.4 per cent.

Construction Deferred.—On account of the high cost of labor and material, there is a strong tendency to defer construction and the construction of new buildings has been deferred for after the war has not been general. Housing facilities in every large city in the district are inadequate. Permits for February show an increase in number but a decrease in value for the same month of 1918. For the nine chief cities 1368 permits were granted with a valuation of \$1,002,283, a decrease of 22.2 per cent in value from 1918. There is a good increase in inquiries but the slack demand plainly is attributable to a general belief that building material is too high and due for a general decline. There has never been such a scarcity of vacant houses and it is impossible in any locality to rent suitable locations.

Labor Situation.—The labor situation, the report continues, "has improved somewhat since our last report and the number of unemployed is not so great as 30 days ago. In some quarters there is a tendency on the part of employers

to reduce wages on account of the surplus of men but as yet it is not strong enough to develop any labor disturbance. Within 30 days there should be a heavy demand for farm labor which will absorb some of the surplus." Condition of Cattle.—After a rather severe winter when losses were heavy cattle are getting in good shape; the range is in good condition and grass and weeds are growing rapidly, the agent says. Illustrating the effect of the oil industry on the producing territory, the report notes that the deposits of the Wichita Falls banks on March 1 were \$19,268,000 as compared with \$7,345,000 on the same date 1918. The post office receipts in Wichita Falls showed an increase of 85.2 per cent in the year, for the same reason, the report concludes.

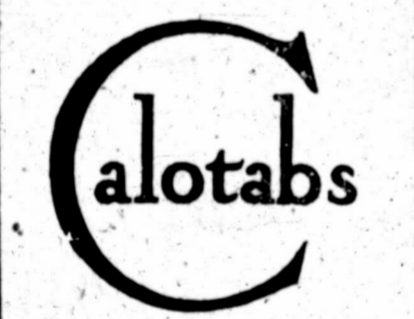

OPINIONS DIFFER ON WILDE-LYNCH BOUT

By Associated Press. LONDON, April 1.—None of the sporting reporters on London morning papers frankly endorse the decision by which "Jimmie" Wilde, the British flyweight champion, defeated Joe Lynch, an American boxer, on points last night. While some are inclined to say that the bout was very closely contested, others do not disguise their surprise and mentioned sympathetically the astonishment with which the decision was received by a large part of the spectators. The Mail's expert says he scored the rounds carefully and at the finish privately decided that Lynch had won eleven and Wilde four. He wants to know, he says, upon what the referee's verdict was based. The Daily Sketch says: "Many experts will quarrel with the decision, for Wilde got a worse grueling than he did on the only occasion he has been beaten in a real contest."

This is a reference to the defeat administered to Wilde by Pat Moore, of Memphis, Tenn., in the inter-Allied boxing tournament held in London on December 11 and 12. The Sportsman declared Wilde was the victor by a very narrow margin and the Sporting Life suggests that the ruling was due to the fact that Lynch held a good deal and was warned in almost every round but this newspaper admits that "it was thought Lynch had just about got there."

ELECTION IN CHICAGO TODAY ENDS BITTER PARTISAN CAMPAIGN

By Associated Press. CHICAGO, April 1.—Men and women balloted for mayor and other officers today, after a campaign said to have been the most bitter in the history of the municipality. With six candidates in the field for mayor, partisan, religious and racial hatreds flamed high during the campaign, which ended last night with riotous scenes in the central district when extra police details had difficulty in controlling at times. The candidates for mayor are: William Hale Thompson (Republican), incumbent; Robert M. Switzer (Democrat); Maclay Hoyne (Independent Democrat); state's attorney.

"RIGHT NOW" Banking Service Wins. The "swinging" of an oil deal oftentimes hinges upon the banker who is handling the finances. He must know immediately what his action in the case should be, for delay or hesitation might mean a loss of a fortune to the parties concerned. Specializing, as we do, in banking service for oil men, it is not only natural that we are best able to handle this peculiar banking business in the most satisfactory way. Some of the largest producers in the Burkburnett field are entrusting their finances to our care. Your account, too, will be greatly appreciated. Our officers are experienced in oil business banking. The directors are influential men of Wichita Falls, and deeply interested in some way or another in the Burkburnett field. UNITED DAUGHTERS OF CONFEDERACY IN SESSION THIS WEEK

By Associated Press. LOUISVILLE, KY., April 1.—Delegates arriving here from approximately 38 states today formally opened the 25th annual convention of the United Daughters of the Confederacy. Children of the confederacy, an auxiliary of the elder organization, also convened. Five hundred women are expected to arrive before the convention adjourns April 5.

Among the many addresses on the program are those of Governor A. O. Stanley of Kentucky; Miss Mary Poppenheim of Charleston, S. C., president general of the confederacy, and Judge Robert Worth Bingham, commander in chief of the United Sons of Confederate Veterans of the United States.

The delegates and officials of the organization are expected to act upon the following:

Launching of a \$50,000 endowment fund for reconstruction work among returned southern soldiers of the World war; awarding of the Mrs. L. H. Raines banner for the best report in historical work; and prizes for the best essay on the life of George Washington. Rose J. R. Rutherford, president of the organization, is expected to receive the prize given to the teacher-student at Columbia University for writing the best essay on the Old South.

SILVER SERVICE SET TO MAJOR TOWNES BY STATE DRAFT BOARDS

By Associated Press. GALVESTON, TEX., April 1.—As a testimonial of appreciation of his services as supervisor of the selective service law in Texas, members of more than three hundred selective service boards in the State have presented to Major John C. Townes, a five-piece silver service set.

The set, all of the articles of which bear the major's last initial, was sent to the home of Major Townes, at Austin.

The following letter accompanied the gift: "We are sending you by today's express a testimonial. It brings to you an expression of the high regard in which you are held by the local boards of Texas. We hope it will reach you safely and that it will give you as much pleasure to receive it as it gives us in presenting it to you."

"In this connection we want to impress upon you that it has been a privilege and a pleasure to serve under your leadership during this war for world democracy. You have been faithful, fearless and patient in the performance of your duties, and when you receive your honorable discharge you can accept same with the clean conscience that your work was well done."

"We hope that you will live many years in peace and contentment, and with every good wish for your future welfare we are, etc."

Man With the Baby and the Basket Busy Finding Homes for Little Ones

The man with the baby and the basket is in Wichita Falls. The man is Captain J. T. Lynn, of the Lynn Orphanage. He is known as the man with the baby and the basket because he usually carries a basket and often has a baby in it. Caring for babies and finding homes for them is his life's work.

"I step aside for no trained nurse or doctor in caring for babies," said Captain Lynn this morning. "Many railroad conductors over Texas and New Mexico lines can testify to my ability to care for the little tots, many of whom I have carried for distances of 200 to 600 miles without accident or serious trouble. In carrying babies, unless can secure a competent nurse, I care for them myself at hotels and on the way home."

"I place any healthy, sane child regardless of its unfortunate parentage in a Christian home without charge for my services. I am supported by free-will donations. My wife has done much to help up fallen and dependent humanity to a better life than anyone I know. She is doing this without financial aid of any great proportions. She has led a life of self-denial and hardships and sleepless nights to help others. We have been favored by many railroads with free transportation in our work."

"We have furnished seven sons to go to service in the U. S. Army, two in the Spanish-American war, one went with the fleet of battleships around the world, one a wireless operator with the U. S. Army, and one with the McMillin expedition to make the hazardous voyage to, or near the North Pole. Five in the present war, three overseas, and the Lord has spared all their lives for which we praise him."

"We are without a home on earth to call our own. We are now on a rented four-acre place on the Interoceanic near Dallas which can be purchased and repaired for \$4000. We believe that there are plenty of big-hearted men of means in this great State where I have lived for 60 years and had my experience with the Red Men, in the days of buffaloes and six-shooters, who will make us a deed for our little home, where we may be happy and continue our good work until Jesus has said, 'It is enough.'"

"We have a perfect title abstracted, witnessed, and recorded for and to our mansion in heaven, sealed with the blood and spirit of God and the spirit to witness. Should 400 good friends in Texas who are living easy and have it to spare send us \$10 each, that would give us a deed and God would pay them in return. Any one who may feel interested in our having this home address with check, postoffice, or express money order to Capt. Lynn, Box 325, Dallas, Texas."

"Our work is approved by all good, God-loving people, only opposed by a few ignorant ones through selfish motives, with their eyes crossed, one on a nickel the other on the movies."

"If you want to adopt a sweet baby, write me, or if you have a precious daughter, sister, niece or neighbor who has made a mistake in life and needs a Christian, motherly helper, write to the superintendent of the White Ribbon Sanatorium."

VERNON BANKS BUY ACALA COTTON SEED FOR THE FARMERS

Special to The Times. VERNON, TEX., April 1.—Two hundred and forty bushels of Acala seed were purchased by the Herring National, the Farmers State and the Waggoner National banks from T. D. Watson, of Italy, Texas, this afternoon. These seed are of the long staple variety and will be distributed through the county agent. The Acala cotton has been tried out in Ellis county and has proven that it will not only produce an excessive yield, but will demand a premium on account of the extra long and strong staple. Mr. Watson is especially anxious to have the seed tested in this county on account of the fact that there will be a cotton classifier here this fall to grade the staple of the cotton.

GAS EXPLOSION CAUSES DEATH OF WOMAN

By Associated Press. ARKANSAS CITY, KANS., April 1.—Mrs. Nannie Conover of Newkirk, Okla., was burned to death and her husband, Roy Conover, was seriously injured, when their home was destroyed by fire Monday. Conover was brought to a local hospital. The fire started when Mrs. Conover attempted to light the stove and accumulated gas exploded.

MUCH DAMAGE IN WRECK ON DENVER NEAR CLARENDON

Special to The Times. CLARENDON, TEX., April 1.—Early this morning the freight cars of the Grand Trunk Line, going over the Fort Worth and Denver railroad were telescoped four miles and a half north of this city. Fourteen cars, loaded with coal, coke, lumber, grain and vegetables, were wrecked. Two hundred and twenty-five feet of new track was rapidly built, as it will take several days to remove the wreckage on the main line. The accident was caused by the giving way of an arch-bar under one of the cars. The passengers on the north bound regular train were delayed here all day.

Trains began moving last night. Hundreds of citizens visited the place of the accident today.

CO-OPERATIVE STORES TO BE ESTABLISHED THROUGHOUT CHICAGO

By Associated Press. CHICAGO, April 1.—The recently formed alliance between the non-partisan league and the Chicago labor party will make itself apparent in Chicago soon by the appearance of co-operative stores, it was announced today by Morton L. Johnson, secretary of the labor party.

Mr. Johnson said that there would be one store in each of the city's 35 wards, and that farm products would be brought to them direct from North Dakota, where the non-partisan league is in political control and has put many of its theories into practice.

The announcement said that the stores would also serve as labor union headquarters from which strikes would be directed, as necessary.

TRADE IS RESUMED WITH BALTIC PROVINCE NORTHWEST RUSSIA

By Associated Press. WASHINGTON, April 1.—The war trade board announced today the resumption of trade with Poland and with Esthonia, one of the four Baltic provinces in northwest Russia.

Action by the board permitting persons in the United States to trade and communicate freely with the two countries, the announcement said; was taken concurrently with the associated governments, and folloked a decision reached in Paris.

Shipments of commodities to Poland should be routed via Danzig, the announcement by the war trade board said. The Allies are now believed to have the situation relative to Danzig so well in hand that shipments through the German port may be made safely.

PRELIMINARY DRAFT OF TREATY PROVIDES TO RESTORE POLAND

WOULD PLACE THAT COUNTRY WHERE IT STOOD PRIOR TO 1773.

HAS HAD TRAGIC HISTORY

Situated Between Upper Millstone of Prussia and Nether Millstone of Russia.

WASHINGTON, April 1.—Restoration of Poland as it stood before the first partition in 1773 is provided in the preliminary draft of the peace treaty, dispatches state. The heroic and tragic history of Poland, and its people, is described in the following bulletin from the National Geographic Society based on a communication from Dr. Edwin A. Grosvenor: "The restitution of a reunited Poland to its loyal common people will be among the worthiest achievements of the Allies."

"Situating between the upper millstone of Prussia and the nether millstone of Russia, and at the same time subjected to lateral pressure from Austro-Hungarian armies, the land of the Poles during the world war suffered devastation which exceeds the imagination of those who have not actually witnessed the scenes of rapine, pillage, conflagration and wanton destruction. Numerically important. "Next to the Russians, of whom they were long and rivals and foes, the Poles are numerically the most important of the Slavs. They first appeared in Great, or North, and Little, or South, Poland in the tenth century, where they found other Slavic tribes in possession. The wise policy of their kings early induced the whole nation to profess Christianity. "Of medium size, with round heads and beautiful faces, the blond more common than the brunet, their physical appearance has apparently changed little. The working classes, who constitute nine-tenths of the nation, has always been laborious, frugal, enduring temperate rather than ostentatious, and intensely patriotic. Those qualities distinguish the thousands of Poles in the United States. Their szlacta, or nobles, have shown themselves impetuous, brave to rashness, chivalrous, insubordinate, emotional, artistic. Consolidated with Lithuanians. "During the formative period Poland was consolidated by the dynasty of the great Lithuanian, Jagellon, the Polish Wladislaw II—a succession of princes unsurpassed in constructive ability. Union with the Lithuanians doubled the population and the natural resources. Together they crushed the Teutonic Knights at Tannenberg in

1410 and half a century later at the peace of Thorn pushed them east of the Vistula. The Polish lands on the Baltic, together with Danzig and Marienburg were recovered. The Duchy of Mazovia, of which Warsaw was the center, five centuries independent, voluntarily joined the kingdom which a few years later spanned Europe from the Baltic to the Black Sea. The Reformation, regarded with a suspicion as having a German origin, only for a time disturbed the country. "The advantageous situation of the Kingdom, the admirable qualities of its common people, and the development already attained, seemed to assure the greatness and permanence of the Polish state. "Disappointments Come Often. "Yet disappointment meets us on every page. The brilliant passages are episodes without connection or result. Nowhere else is so much valor wasted. The chasm was always widening between the nobles and the common people. The people paid all the taxes. The nobles, all equal, possessed all the wealth and power, but had no sense of obligation or responsibility. Intrepid in battle, they were ready to fight for the country only when so inclined. "The system of government was oligarchic in the extreme. Succession to the power was elective, native or foreign alike eligible. Each election was an orgy of turbulence and bribery. Twice the throne was put up at auction. The liberum veto, established in 1652 whereby the negative vote of a single member of the Diet nullified any act or all the acts of all the rest, culminated the anarchy and eventually brought about the destruction of Poland. "Yet the criminal follies of a privileged class in no way excuse or palliate the iniquity of the three partitions of Poland in 1773, 1793 and 1795 but up at auction. The liberum veto, established in 1652 whereby the negative vote of a single member of the Diet nullified any act or all the acts of all the rest, culminated the anarchy and eventually brought about the destruction of Poland. "The belated heroic resistance of Kosciuszko, of a handful of nobles and of the infuriated common people glorifies the fall of the state which some historians, confused by the force of election, still call the 'Republic' of Poland. "By these partitions Russia acquired

181,000 square miles of territory, with 6,000,000 inhabitants; Austria, 45,000 square miles, with 2,500,000 inhabitants; Prussia, 57,000 square miles, with 2,500,000 inhabitants. "The Poles under the Austrians were in the main kindly treated. Also, being Roman Catholics, there was no religious antipathy. Under the Russians every harsh measure was employed to accomplish their russification. Those under the Prussians were the most pitifully situated of all. In the effort to make them Germans there was no limit to the systematic, persistently cruelty directed against all classes and ages. "Poland has enriched the world in music, art and literature. The national dances, the polonaise and the mazurka, were always accompanied by singing. Copernicus is Poland's greatest name. Sienkiewicz, victim of the world war, by many considered the most brilliant writer of the day, was a Pole, as is Paderewski.

SOUTH AFRICAN RULER ENFORCES PROHIBITION

LONDON, March 24.—While an important section of the London press never misses an opportunity to poke fun at the United States for adopting the prohibition amendment, the newspapers today were called upon to chronicle the interesting fact that within the empire there is a native king who not only endorses the prohibitory principle, but insists that the people shall agree with him. King Khema, ruler of Bechuanaland, South Africa, was informed that a government commission had recommended the sale of light wines and beer to the natives. He immediately declared that if the plan was carried out he would forbid his subjects from working in the gold mines. The industrial situation, already rendered almost intolerable by the loss of thousands of native workers through the ravages of influenza would thus become alarming, for those who know King Khema realize that he would not hesitate to carry out his threat. The temperance party, led by the king, is strong in South Africa.

WILLIAM M'KINLEY HART ON TRIAL AT HOUSTON

HOUSTON, TEX., April 1.—The trial of William McKinley Hart for the murder of Mrs. Pauline McConnell was to be resumed at nine o'clock today following adjournment last night at 10:30 with but a portion of the state's witnesses having testified. The testimony Monday was relative to statements made by Hart on the night of the shooting to police and others concerning the shooting and that of physicians who examined the body of the slain woman. Finger print discolored and a slightly dislocated shoulder were found—Dr. C. F. Payne, city health officer testified. The crime with which Hart is charged is the murder February 5 of Mrs. Pauline McConnell, wife of a Woodstock, Ill. soldier, who at that time was lying in a Chicago hospital recovering from wounds received overseas. McConnell met and married the dead woman during the training period of the Thirty-Third Division at Camp Logan and left her here when his regiment was ordered to France.

KUBAN REPUBLIC HAS DELEGATE AT PARIS

PARIS, Monday, March 31.—M. Ducavitch, former premier of the Kuban republic, formed immediately after the revolution and consisting of seven states in the Ciscaucasian region, is in Paris with a delegation and has presented a memorandum to the peace conference asking Allied support to prevent the republic being deprived of independence by bolshevism. M. Ducavitch stated today that the losses of the Kuban Cossacks in the fighting against the bolsheviks during the past year had been four times as heavy as during three years of war against Germany. He said that one-third of the population of military age had been killed and not enough men were left to cultivate the soil. The memorandum appeals especially for the assistance of "the republic's great sister, the United States." Don't wait until the last minute to get your tank—a mistake many have made. MASONS ARE GOING TO FORT WORTH TO SHRINERS MEETING

Between thirty and fifty Masons will go to Fort Worth and Dallas on Thursday of this week for the Shrine and Scottish Rite ceremonies in those places. The Shriners will hold forth at Moslah Temple Mosque in Fort Worth, and elaborate preparations are being made at Fort Worth for the entertainment of the visitors. The Mosque, at Lake Worth, is to be the scene of the entertainment of those who will receive the Shrine degree, and the visiting Shriners.

There will be several ceremonials held at this clubhouse during the year and the next one will be on April 11, at which time there will be taken over the hot sands of the desert in the neighborhood of 300 novices.

That the people at large may have an idea of just what will happen on Friday, April 11, at the next ceremonial, the following program has been arranged:

Novices will register from 8 to 12 in the morning. Visiting ladies will also register at the Metropolitan Hotel during the case hours, and will be given a matinee party in the afternoon and lunch after the matinee at the Banquet Room, Masonic Hall, Second and Main streets.

The grand parade will start from Second and Main streets at 1 o'clock and immediately afterwards go to the Mosque for the ceremonial. The ceremonial will start at 3 o'clock and immediately afterwards lunch will be served.

From 8 to 9 p. m. there will be an old-fashioned square dance in the ball room with Mayor "Bill" Davis calling and the music will be furnished by old fiddlers.

From 9 to 12 the Grand Ball will be held.

DAMAGE SUITS IS RESULT OF RECENT AUTO COLLISION

W. A. Freear, prominent Wichita Falls business man, has instituted the first damage action that has yet resulted from the many accidents due to reckless automobile driving on Tenth street. The suit, filed in the 70th district court for \$2,000 damage, is directed against R. H. Venable, youthful oil promoter, who pleaded guilty in police court last Saturday morning to charges of reckless driving and intoxication and was fined \$100.

The Freear complaint recites that Venable "while operation a certain Hudson automobile at a reckless and dangerous rate of speed, at a speed of not less than 50 miles per hour, struck a practically new Cadillac, 8-cylinder touring car, belonging to Freear and damaged it to the extent of \$2,000.

Freear has filed in connection with the suit a bond in a writ of attachment stating that Venable "is about to remove his property out of the county," and also, has applied for a writ of garnishment to issue against the United States Fidelity & Guaranty Co., alleging the company "has in its hands effects belonging to the defendant."

Venable has been in this city since last August, coming here from Amarillo. He is heavily interested in oil companies operating in the Wichita fields.

MAJOR ATKINSON TO BE RELIEVED BY LIEUT. DE ROSIER

Lieutenant De Rosier, medical officer from Brook Field, has arrived at Call Field to relieve Major Curtis Atkinson from the post hospital. Major Atkinson will clear in several days' time and will then receive his discharge. The major has been in the hospital ever since the camp was opened, having been one of the first officers to arrive, and he and Mrs. Atkinson has made countless friends in Wichita Falls, who are hoping that they will see fit to locate permanently in this city.

There is nothing new at the field, Lieutenant de Montel, Camp Adjutant, reports. The enlisted personnel has been reduced to 65 and guards have been employed, as ordered by the war department. These guards are for the most part discharged soldiers, as was specified in the orders, and are given lodging at the camp, with meals at the squadron mess.

COFFEE THE STAFF OF LIFE

DURING the hacking struggle the French found Coffee the most sustaining stimulus food. IT WAS the "staff of life" in the trenches, and the whole West Front where the Allies performed such immortal deeds to save Freedom and Civilization. Shells, poison, and Coffee saved Verdun.

COFFEE is winning its way through the world as the benevolent autocrat of the breakfast table. TO NOURISH, sustain, uphold the zest of life, the fighting edge, nothing approaches this favorite beverage, of the World's Greatest Brain Workers, from Napoleon, Balzac, Zola, to Joffre and Foch.

AS COFFEE comes in Alcohol goes out. IT IS THE cheapest food product—at little over a cent a cup. THE EVER increasing demand causes great improvement in culture and blends. The Coffee of tomorrow will be real ambrosia. FRANCE is shaped like a Coffee pot and saved the World. It is a Symbol.
