MASS MEETING FOR IRRIGATION PLANS TONIGHT

Large Attendance of Business Men and Farmers Is Being Urged.

COUNCIL TO ADJOURN

Session of City Officials Will Be Held Following Court House Meeting.

Business and professional men, as well as those who follow agricultural occupations are unanimous in calling the Wichita Valley Irrigation Project the biggest enterprise that Wichita Falls and the surrounding country has ever had opened to it, and are also agreed that tonight's mass meeting, when organization of the district will be discussed, is one of the most important meetings ever called in this section.

IS INTERESTED IN PROVIDING PLACES FOR TEXAS TROOPS

AUSTIN, April 3.—With a view of providing positions for returning soldiers of the thirty-sixth and thirty-seventh divisions, Colonel Charles V. Birkhead, commander of 131st Field Artillery who reached here today, is making a tour of the state interested in the commerce and other business organizations in the plan.

GEN. MILES URGES DRASTIC ACTION TO CHECK BOLSHEVISM

WASHINGTON, April 3.—Drastic action by congress to check the alarming spread of bolshevik doctrines in this country is urged by Lieutenant General Nelson A. Miles, retired, in an address here last night before the Loyal Legion. The speaker declared the safety of the nation depended upon quick and effective action, and urged steps were taken to prevent the spread of the "red peril" the country soon would be in the throes of revolution and anarchy.

General Blanquet Returns to Mexico "After a Very Dangerous Trip" to Attempt the Overthrow of Carranza

NEW YORK, April 3.—General Aurelio Blanquet, Mexican minister of war during the administration of President Victoriano Huerta, and described as second in command to General Felix Diaz, recently reported as having undertaken a revolutionary movement against President Carranza, has arrived safely in Mexico "after a very dangerous trip," according to an announcement made here today by Roberto Gayon, his secretary.

EMPLOYMENT COMMISSION BILL SIGNED

Governor Approves Measure to Regulate Employment of Women and Children

SIGNS DRILLING BILL

Measure Prohibits Injunction in Instances Involving Adjoining Lands.

AUSTIN, April 3.—Governor Hobby today signed the bill providing for the establishment of an industrial welfare commission to regulate the employment of women and minors and to establish a minimum wage for them. The commission is to be composed of the head of the bureau of labor statistics, the representative of employers of labor on the industrial accident board and the state superintendent of public instruction. It shall be the duty of the commission to investigate conditions under which women and children under 15 years work in various industries and at a public hearing to establish as a minimum a wage adequate to supply employees with cost of proper living. No order of the commission shall become effective until Nov. 1, 1919.

OFFICERS SEARCHING FOR OLIN GARRETT OF THE 29TH INFANTRY

HATAIESBURG, MISS., April 3.—Colonel Frank D. Ely, commanding Camp Shelby here, today telegraphed chiefs of police in many cities to arrest Captain Olin Garrett, Company K, 29th Infantry, charged with desertion and embezzlement of \$400 of the company funds. Captain Garrett, officers said, disappeared last Tuesday.

BOLSHEVIKI ATTACKS ARE REPULSED BY ALLIES

ARCHANGEL, Tuesday, April 1.—Repeated bolshevik attacks along the front line and both the right and left flank positions controlling Odessa and the city were repulsed today by allied forces. The Americans, French, British and Russians, who, either separately or together are holding positions throughout this territory, is a little over one hundred miles south of Archangel, have everywhere held their lines intact.

REDUCTION 31.08 PER CENT IN COTTON ACREAGE IN SOUTH

COLUMBIA, S. C., April 3.—A reduction of 31.08 per cent in the acreage planted to cotton throughout the belt was reported by the central commission of the South Carolina Cotton Association today at a meeting here attended by more than 1,000 cotton planters of South Carolina. The report was compiled from detailed figures received from virtually every county in the cotton growing states.

MORE YANKEE SOLDIERS AND CIVILIANS ARE HOME FROM FRANCE

37th DIVISION, OHIO TROOPS

Bringing 5,501 officers and enlisted men of the American Expeditionary Forces, as well as 151 civilian passengers, many of them notable, the steamship Aquitania arrived in New York after a quick voyage from Brest, to which port she had proceeded after leaving Liverpool on March 20 to take on her soldier complement. The troops aboard the steamship were under the command of Major General Charles W. Kennedy, of the Eighty-fifth division, and among the officers were several of the advance guard of the Twenty-sixth division (New England National Guard), who arrived to prepare for the reception of the Twenty-sixth, some units of which are already on the way to Boston from Brest.

NUMBER OF SERVICE MEDALS AWARDED OFFICERS OF ARMY

WASHINGTON, April 3.—A list of officers who have been awarded the Distinguished Service Medal for exceptionally meritorious service during the war issued by the war department today includes the names of Major General Leonard Wood, Hugh L. Scott, and John F. Morrison. At the same time the department announced award of the medal to General K. Oram, of the Japanese army, for especially meritorious and distinguished service as senior allied commander in Siberia.

Brigadier Generals Robert M. Dandford, Oliver Edwards, Frank K. Ferguson, Charles McK. Saltzman, Archibald H. Sunderland, E. E. Winslow, Lytle Brown, John J. Bradley, Major Generals Willard A. Holbrook, Guy Carleton, Colonels James G. Stearns, Bradley Dewey, Robert E. Wylie, J. R. McAndrews, Lieutenant Colonel J. M. Auld, British army; Colonel E. Gedes, British army. The citation of Major General Holbrook refers to "his conspicuous service as commanding general southern department, where his firmness and tact in handling a threatening situation improved the conditions between the United States and Mexico." General Wood's decoration was based on his service as a division, department and camp commander during the war. The citation says: "He has displayed qualities of leadership and professional attainments of a high order in the administration and training of his various commands and had furthered in every way during the war the system of officers training schools."

VOLUNTEERS ARE TO REPLACE TROOPS IN SERVICE OVERSEAS

WASHINGTON, April 3.—Informally advising General Pershing that 50,000 volunteers are being enlisted here to replace an equal number of men in his army who want to come home, the war department has directed the commander-in-chief to return promptly for discharge selected meritorious cases as he receives these volunteer replacement troops. "The war department's cablegram, made public today follows: 'We are now enlisting for these years 50,000 volunteers as follows: 25,000 infantry, 15,000 field artillery, 5,000 engineers, 3,000 medical department, 2,000 cavalry. These will be sent you in detachments of 1,000 for assignment to the army of occupation.'"

"Upon arrival of each department, return to the United States for discharge an equal number of men enlisted or drafted for the emergency selecting most meritorious cases preferably those who fall under circular 77, war department, 1918, and those with class A and class B allotments." Circular 77, to which reference is made, provides for the discharge of a man upon his application when here is sickness or other distress in the soldier's family or where he was urgently needed in the occupation from which he went in civil life into the army. The allotment classifications mentioned in the cablegram cover the men who are making the largest provision from their salaries for the support of dependents at home. The 50,000 volunteers are to be assigned in detachments to companies at Camp Meade, Md., in preparation for going overseas.

Telegraph Brevities

PARIS, April 3.—Spain is desirous of adhering to the League of Nations and has no notified President Wilson.

ADISABABA, ABYSSINIA, Wednesday, April 2.—A grandson of King Johannes II who died in 1889, has been named Theodore. The government has sent out a punitive expedition to put down the rebellion.

NOTICE—PATRONS OF CLASSIFIED AD PAGE. It will be necessary for all classified copy for Sunday's paper to be in this office not later than four o'clock Saturday afternoon. This will enable our force to handle this business in a much more satisfactory way to all concerned. TIMES PUBLISHING CO.

GOVERNOR VEToes BILL TO SEPARATE STATE DEPARTMENT

AUSTIN, April 3.—Governor Hobby today vetoed the bill passed by the Thirty-sixth Legislature, which sought to create a department of banking and separating the duties of the present department of insurance and banking. As part of the reasons for vetoing the bill, Governor Hobby said, "The insurance and banking codes are so closely interwoven that it is utterly impossible to separate them without detriment to the purpose of either by any measure short of a bill comprehending a careful revision of the code. Should this bill become a law it would result in confusion in the correlated functions of the two existing divisions of the department of insurance and banking, which are neither matters of insurance or banking, have been altogether ignored."

KING GEORGE DECORATES MEMBER OF AMERICAN EXPEDITIONARY FORCES

LONDON, April 3.—Captain W. E. McKinley of the American expeditionary force was decorated with the Military Cross by King George at Buckingham Palace today. The captain is a member of the medical corps.

MANY DELEGATES ATTEND MISSIONARY COUNCIL

MEMPHIS, TENN., April 3.—Delegates from almost every state in the south attended today the ninth convention of the Woman's Missionary Council of the Methodist Episcopal Church, South. The annual message of the president of the council was given and the reports of the administrative secretaries and other officers read.

COTTON SEED OIL NOT INCLUDED IN RECENT RELEASE

WASHINGTON, April 3.—The food administration called attention today to the fact that the presidential proclamation issued Tuesday, releasing the packing industry from the administration's control does not release from license control importers, manufacturers and distributors of cotton seed oil and cotton seed oil products. The latter commodities, the administration emphasized, remain under license and regulation of the administration and the regulations relating to them were in no part changed by the recent presidential proclamation.

NO CERTAINTY AS TO FUTURE FOR GERMANY

Competent Observers Chary of Making Prediction as to Outcome.

REGIME IS UNCERTAIN

Says People Are Opposed to Bolshevism But Unable to Help Themselves.

PARIS, April 3.—Competent German and foreign observers, are chary of making any definite prediction of what will come out of the welter of political and economic disorders and developments in revolutionary Germany. The former Berlin correspondent of the Associated Press, returning to Paris after six weeks devoted to a study of conditions in Germany, left that country, however, with the distinct impression that the present coalition government was by no means secure of the situation; that the only alternative is a radical socialist administration with a strong drift toward a soviet. If the present government are although for the moment in control of the situation; that the only alternative is a radical socialist administration with a strong drift toward a soviet. If the present government are although for the moment in control of the situation; that the only alternative is a radical socialist administration with a strong drift toward a soviet.

ENTIRE POLICY AS TO PRICES IS REOPENED

Action Is Made Necessary by Reply of the Railroad Administration

PLACE BLAME ON PEEK

Chairman Is Said to Have Acted Without Authority in Statement.

WASHINGTON, April 3.—The tire policy of the government in undertaking to revise and stabilize prices through the industrial board of the department of commerce has been reopened as the result of the conference yesterday over the refusal of the railroad administration to accept a new scale of steel prices arranged by the board. Secretary Glass, who presided over the conference of cabinet officers and heads of government purchasing agencies, when the industrial board, held in his office, said today Chairman Peek of the board had acted without authority in amending the statement of the result so as to make it appear that only the dispute with the railroad administration had been recommitted. It was the intention of the conference, Mr. Glass said, to commit the entire matter of price agreements for further consideration. Officials who were instrumental in organizing the industrial board, said there never had been any intention of forcing government agencies to buy at agreed prices and that it would be necessary for the board to change its course.

GERMAN TROOPS TO RESTORE ORDER IN CITY OF FRANKFORT

COBLENZ, April 3.—German troops opposite the Coblenz bridgehead began moving early Thursday toward Frankfurt where a spartan revolt has been causing disorders. Before entering Frankfurt which is in the neutral zone beyond the French bridgehead at Mayence, the German military authorities had to obtain permission from the French tenth army. According to information reaching American headquarters here, the trouble in Frankfurt became serious Tuesday. The spartan forces, who were in the streets and eventually a mob of more than 10,000 began parading. The mob stormed a large warehouse and the members helped themselves to the food stored there.

SIX NEW CASES OF SLEEPING SICKNESS REPORTED IN STATE

AUSTIN, April 3.—Six additional cases of sleeping sickness in Texas have been reported to the state health department. Five were reported from Galveston, where they had come from different parts of the state, and one came from Nolan county. Seven cases have been reported this far, under the law, are not required to report sleeping sickness or influenza to the state health department, but state health officer C. W. Goddard says efforts to have these two diseases made reportable will be made at the special session of the legislature. And in the meantime he urges co-operation of physicians of the state in gathering data on the sleeping sickness epidemic.

CANCEL EMBARGO AND PERMIT PLAN ON GRAIN TRAFFIC

CHICAGO, April 3.—The railroad administration today cancelled the embargo on all grain for all primary markets and discontinued the permit system. All conflicting embargoes of individual roads were also cancelled. The markets affected include Buffalo, Milwaukee, St. Paul and Minneapolis, Chicago, St. Louis, Peoria, Kansas City, St. Joseph, Omaha, Council Bluffs, Duluth and Superior.

WASHINGTON, April 3.—Application for a respite preliminary to a petition for pardon of Eugene V. Debs, the socialist, sentenced to ten years imprisonment for violation of the espionage act, has been received at the White House and will be referred to Attorney-General Palmer. The request is signed by Frank P. Walsh, Charles Edward Russell and Alan Benson. It has not been brought to the attention of President Wilson, it was learned today. Should a respite be granted it would stay the execution of Debs' ten year sentence until the expiration of a stipulated time during which consideration would be given to a pardon. If it was not granted Debs would be remanded to prison immediately upon expiration of the term of his imprisonment. His findings upholding his conviction which probably would be about May first. The court, after upholding the conviction of Debs, refused an application for a rehearing. During the pendency of the case before the higher court Debs has been at liberty under bond. The application for clemency to President is his last appeal.

### TWELVE KILLED AT CALL FIELD SINCE CAMP WAS OPENED

TOTAL OF 27,178 FLYING HOURS CREDITED TO 443 CADETS.

### OTHERS ARE TRAINED HERE

No Record is Available of Entire Number Who Received Instructions Here.

Four hundred and forty-three cadets, flying 27,178 hours, received their primary training at Call Field between December, 1917, and January, 1919, and were given their Reserve Military Aviator rank, and of all the cadets, student officers and officers of the post who received flying instruction at Call Field are 443 and six cadets met with fatal accidents, making the total of fatalities at the local field 12.

It is impossible to ascertain the number of men given training at the camp, and receiving R. M. A. rank, outside the cadets, as practically all of the officers of the post who were ground officers took the M. A. course and no record of their training or hours of flying is available. There were also around 300 student officers who were trained here during the summer of 1918, when the field was made an advanced flying school. The school was made a primary school again, in the fall, and a number of other cadets were received and finished their training, after the armistice was signed.

### HUNDRED AND SIX FLYERS KILLED AT FORT WORTH

By Associated Press. FORT WORTH, April 3.—Records show that at the three Fort Worth air fields, where flying practically ceased today and all enlisted men were discharged, 106 men were killed from November 7, 1917, to April 1, 1919. During the time the British Royal Flying Corps trained its squadrons here, 50 students, officers and mechanics met fatal mishaps. Since the Americans took over the fields 56 have been killed. The most notable deaths here were those of Captain Vernon Castle of the British Royal Flying Corps and of Lieutenant Peyton C. March Jr., son of the American army chief of staff.

### TOTAL OF ELEVEN ARE KILLED AT LOVE FIELD

By Associated Press. DALLAS, April 3.—At Love Field in this city which soon will be discontinued, the total deaths from flying accidents was eleven, of which nine were officers and two cadets. There was a total of 30,000 hours in the air accomplished at the field, 400 cadets receiving their training there and 300 student officers were given advanced training.

Hornsby and The Hornsby Heavy Hardware Co. will not be responsible for any charges made against us for merchandise or anything else, unless the purchaser has an order officially signed. This includes my children as well as others. 275-3tp C. C. HORNSBY.

Tanks! Tanks! Oil and storage—made of Red Wood. Call us at No. 2067, 1113 Ohio Ave. 274.

### AN EPIDEMIC OF DIVORCE CASES IN THE DISTRICT COURT

Divorce actions are being filed for trial at the June term of the 30th district court with a rapidity that is amazing to District Clerk Kerr. What has started the sudden rush for freedom is a matter for the curiously inclined to guess. Among the cases filed today were the following: Clara Byrd against James E. Byrd, divorce; Myrtle Montgomery against J. J. Montgomery, divorce; Mary Green against J. E. Green, divorce; Clara Locke against F. L. Locke, divorce; H. V. Daugherty against S. H. Jackson and J. B. Kynard, specific performance of contract.

### BREVITIES

Mrs. G. D. Anderson left last night for Bryan to visit her son, Billard, who is attending A. & M. Mrs. Anderson will return with N. R. Anderson, who is now in New Orleans at the big Elks' convention.

Grover L. Smith, former cadet at Call Field, has returned to this city to go into the oil business after receiving his discharge at Ellington Field.

Copies of an eight-page Texas Oil edition of the San Francisco Chronicle, devoting a large amount of space to Burburnett and Wichita Falls have been received in the city.

T. J. Taylor and Roy Taylor are in New Orleans on a combined business and pleasure trip.

Mrs. A. L. Hawkes of Fort Worth and Mrs. J. E. Richie of Amarillo, Texas, are visiting Mr. and Mrs. W. F. Nabors of 1403 Tildon street.

Mrs. Kate Christman of 1009 West Nelson street, Denison, Texas, is in the city, the guest of her sister, Mrs. Annie Richard, 309 Walnut street.

Mrs. H. D. Hewitt, of Vancouver, B. C., is in Wichita Falls to secure oil lease and expects to become interested to a large extent in local opera.

C. E. Naylor and family of San Antonio arrived in this city Wednesday to make their home here.

The Epworth League of the First Methodist Church will hold a social at the church this evening, to which all the young people of the city are cordially invited.

Mrs. E. R. Lunsford has returned to her home in this city after a few days spent with her mother, Mrs. M. T. Stevens in Vernon.

Funeral services were held at four o'clock this afternoon for James Alex Cochran, infant son of Mr. and Mrs. Cochran, of 412 Lee street. Rev. J. Sam Barnes, of the M. E. Church, South, conducted the services. Burial was at Riverside cemetery.

### MRS. MATHIS AND DAUGHTER LEAVE FOR GALVESTON

Mrs. Dixie Mathis and daughter, Mrs. M. R. Garrison, left Wednesday for Galveston for Mrs. Mathis' health. Mrs. Mathis expects to remain through the summer.

### THREE TRAINS ARE BRINGING THE 132D TO CAMP BOWIE

By Associated Press. NEWPORT NEWS, VA., April 3.—Three troop trains with detachments of the 132nd field artillery (Texas national guard) left Camp Stuart today for Camp Bowie. The troops are expected to arrive at Houston Sunday.

### TOTAL OF 800,000 ARMENIANS KILLED

By Associated Press. ATHENS, April 2.—Reports from Constantinople state that Djemal Bey, minister of the interior, has declared that 800,000 Armenians have been massacred since the war began. It is said that this announcement has resulted in a campaign against him by the Turkish press.

**Mint Jell**

Try Mint Jiffy-Jell with roast lamb or cold meats. It is vastly better than mint sauce. Try Jiffy-Jell desserts with their real fruit flavors in essence form, in vials. Each is so rich in condensed fruit juice that it makes a real fruit dainty. Yet they cost no more than old-style gelatine desserts.

FORMER SENATOR HEARD FROM.

Former Senator Bailey announces that he will fight against socialism within the democratic party. He calls President Wilson a socialist and charges that a majority of the members of the cabinet and all other government officials appointed by the President are socialists. He declares that he will vote against any man who tries to take away the liberties of the people and at the same time adds more to the tax burden.

It will not be denied that certain war measures have restricted the liberties of the individual and that the war has necessarily greatly increased taxes. For a generation we will continue to pay the costs of the war. But after the ratification of a treaty of peace the restrictions upon individual liberties ought to be quickly removed. Every day these restrictions are being lifted.

There is a quite general belief that opportunity for the great masses of the people have never been quite so free in this country, as they have never been since the Wilson administration began in 1912. It is true that there has been some shifting of part of the burden of taxation from the consumer to those more able to bear the burden and while there are inequalities in our income tax laws doubtless these can be leveled by time and experience. No matter what view of the situation is taken, however, it must be agreed that the former senator has drawn a large and inclusive indictment. His bill of particulars will be awaited with some interest.

While here enroute the other day Frederickson distributed copies of the booster edition of the Frederick Leader. The paper portrayed in word and picture Frederick's commerce and industry and institutions. It was a highly creditable edition. For many years the Frederick Leader has been one of the best weekly papers in America. Some time since it began the publication of a daily edition. This paper promises to take the same rank among the smaller dailies of the country as the Frederick Leader has among the weeklies.

Waco has secured an \$800,000 cotton mill. This mill will be a big addition to Waco's industries. Waco is to be congratulated and complimented.

Bedtime Stories

(By Howard R. Garis)

UNCLE WIGGLY AND HIS UMBRELLA.

It was raining very hard in Woodland, near the Orange Ice Mountains, where Uncle Wiggly Longears, the bunny rabbit gentleman, lived in his hollow stump bungalow with Nurse Jane Fuzzy Wuzzy, his muskrat lady housekeeper. Pitter-patter, clatter, clatter splattered down the raindrops. "You are not going out in all this rain, are you?" asked Nurse Jane of the bunny rabbit gentleman, as she saw him putting on his light fur coat and his tall silk hat.

"Going out? Oh, yes, I'm going out," he answered. "But you'll get all wet!" cried the muskrat lady. "I'll take my trusty umbrella with me," said Mr. Longears. "That will keep off the rain."

So out he started, over the fields and through the woods, past the rustling bushes that were just showing the least tiny sprouts of green. Along and along topped Uncle Wiggly, looking on an adventure.

All of a sudden, just as he passed the Wibblewobble duck pond, Uncle Wiggly heard a sad little voice saying: "Oh, dear! Oh, dear! Oh, dear!" "That's the sound of trouble if ever I heard it," cried the bunny. "I must see what I can do to help."

So he peeked through the bushes, and there on a stone beside the pond, sat Bully No-Tail, the frog boy, and Bully was looking at some cuts and scratches on his front and on his hind legs.

"Why, Bully! What's the matter?" asked Uncle Wiggly. "I was trying to see if I could jump all the way across the Wibblewobble duck pond," said the frog boy, "but my hind legs slipped on a wet stone and I fell on some sharp gravel and now I'm all cut and scratched like anything!"

"That's too bad!" said Uncle Wiggly. "But never mind, Bully. You come along with me and I'll take you to Dr. Possum's. He'll put some stickum plaster on your cuts and scratches, and they'll feel much better. Come along. Off to Dr. Possum's we'll go and get the stickum plaster."

Well, Bully felt better after that and along through the rain and mud puddles he splashed to Dr. Possum's. Uncle Wiggly hopped along under his umbrella, but being a frog, and used to water, Bully didn't mind the rain. At last he and Uncle Wiggly reached Dr. Possum's house, and the bunny left his wet umbrella out on the front stoop while he took Bully inside to have stickum plaster put on the little frog boy's cuts and scratches.

And while Uncle Wiggly was in Dr. Possum's office, along came the bad Pipsisawah. The Pipsisawah saw the bunny's umbrella out on the stoop. "I'll scratch that umbrella full of holes. Then he hid himself and waited. And when Bully was all patched up, Mr. Longears came out with him to go home. And, no sooner had Uncle Wiggly opened his umbrella than he saw how full of cuts and holes it was. In through the holes dashed the rain, and the bunny was getting all bedraggled and wet, and the Pipsisawah was just going to grab him, when Bully cried:

"Quick, Uncle Wiggly, run back to Dr. Possum's office, and have him fix your umbrella!" "How can Dr. Possum fix my umbrella that is cut and scratched full of holes?" "Why, he can put stickum plaster over the holes in your umbrella just the same as he put stickum plaster over the scratches in my skin," said the frog boy. "And then the water can't leak through!"

"Good! I'll try that!" cried the bunny. Back he hopped to Dr. Possum's office, and the Pipsisawah, who had come back after having been blown away by the March wind, hopped along, also. But Uncle Wiggly was too quick, and he shut the doctor's door in the face of the unpleasant chap.

Then Dr. Possum put some stickum plaster over the cuts and holes in Uncle Wiggly's umbrella, and the bunny could go through the rain without getting a drop wet. Only he went home another way, so the Pipsisawah wouldn't see him.

So that's what happened to Mr. Longears and his umbrella, and, if the hot water bag doesn't catch cold when it goes out to the ice box to get a bit of strawberry pudding for the trained nurse, I'll tell you next about Uncle Wiggly and his rubbers.

world Mexico's oil reservoirs have as yet scarcely been tapped, and authorities are agreed that Mexico has the greatest potential production of any country whose petroleum deposits have been explored or exploited. "The latest complete figures available, those for 1917, show a production of over fifty-five million barrels as against forty million barrels the previous year, a gain of over 38 per cent. The potential production of all wells completed in Mexico up to December 31, 1917, is officially placed at 1,237,212 barrels daily, or at the annual rate of over 457 million barrels as compared with the marketed production of the oil fields of the United States, represented by 342 million barrels in 1917. The time will undoubtedly come some day when Mexico will have a stable government and adequate oil shipping, storing and other facilities, and then she will take her proper place in the very front line of the world's oil producers.

What the War Cost. A bulletin issued by the Federal Reserve Board estimates the direct cost of the war for all belligerents up to May 31, 1918, at 175 billion dollars and nearly 200 billions by the end of 1918. These calculations have been compiled with extreme care and while, of course, they are only estimates, substantially accurate.

"Purely military and naval purposes used up about three-quarters of the total war cost, the balance representing interest on debt and other indirect war expenses. The immense and rapid growth of the cost of the war is shown by the fact that while the first five months of the war in 1914 were responsible for an expense of about ten billions, the figures for 1915 increased to twenty-six billions, for 1916 to thirty-eight billions, while 1917 and 1918 aggregated at least sixty billions each.

About 150 billions of this great total has been raised by war loans, and the small remainder by taxation. Previous to the war, the seven principal belligerents had a total debt of twenty-five billions, calling for about one billion dollars a year to support it. Hereafter, the annual burden of interest and sinking fund allowances will not be less than ten billions and probably much more."

NATIONAL BANK OF COMMERCE REVIEWS BUSINESS OUTLOOK

The monthly business letter of the National Bank of Commerce, just issued for April, contains some interesting information regarding the outlook for wheat for the year, which holds out a decidedly optimistic prospect both as regards the supply and future price. The letter also contains interesting remarks on the developments in the Mexico oil fields. The review in part is as follows:

"Notwithstanding the immense drains of the war, the banking power of the United States has increased in the past four years from approximately twenty-four and one-half billion dollars to over thirty-nine billions, an increase of about sixty per cent. The increase for the fiscal year 1918 over 1917 was no less than thirteen per cent.

"The banking power of America today is nearly two and one-half times as great as the banking power of the entire world thirty years ago, while it is seven times as great as our own banking power was at the time. During the period from 1900 to 1918 the number of banks in America increased from 10,282 to 28,880, while the aggregate resources of these banks increased thirty billion dollars, from nearly eleven billions to close upon forty-one billions.

"Who Pays the Income Tax? The number of income tax reports made to the Treasury Department this year is immensely larger than at any previous tax paying period. In this connection it is interesting to note that fully nine-tenths of the income taxes collected in previous years have come from incomes in excess of \$25,000. Furthermore, almost three-quarters of the total tax came from taxpayers enjoying incomes of \$100,000 a year or more.

"On account of the much higher rate called for this year, owners of great incomes will pay very much more than ever before and, at the same time, there will be payments received from thousands who never previously turned in an income tax report. The steady increase in wages has brought many thousands within the income tax circle and the government in estimating the total income tax return at six billion dollars is naturally anticipating millions of additional receipts, both as a result of the higher rates and the more systematic methods of obtaining returns.

"World Outlook for Wheat. Figures based on the reports of the International Institute of Agriculture hold out a decidedly optimistic prospect both with regard to the supply and future prices of wheat. An estimate as to probable yield of the 1918-1919 wheat harvest shows a grand total of 57 million tons as compared with 47 1/2 million tons during the previous year.

"A rough estimate of the requirements of the wheat importing countries indicates that during the year ending July, 1919, their demands will amount to 16,200,000 tons as compared with average net imports of 13,700,000 tons prior to the war. Of course, there is a considerable amount of doubt with regard to certain details

affecting these figures, notably as they relate to the Central Powers and Russia, but there is no means of knowing accurately at present how much wheat these countries will wish to import and be able to pay for, or how much, in the final analysis, they will be apportioned by the allied governments.

"However, now that military considerations no longer occupy the foremost place, dealings in wheat will be mainly regulated by the general law of demand and supply. All countries, both importing and exporting, are making great efforts to increase their sowings of wheat and it seems certain that the world's wheat harvest of 1919 will be larger than its consumption, so that there will be a surplus for carrying over to the year on the exporting countries will be in a position to accumulate wheat.

"In eighteen years of development under the restricted conditions of inadequate transportation facilities and ceaseless political strife, the Mexican oil fields have nevertheless been able to take a high place among the petroleum producing territories of the

SECRETARY BAKER WILLING TO STAND ON RECORD MADE

By Associated Press. WASHINGTON, April 3.—Commenting on what he termed "the very incoherent speech" of Senator Chamberlain, retiring chairman of the Senate military committee, delivered last night at Natchez, Miss., in connection with the Ansell-Crowder court martial controversy, Secretary Baker said today that in three years as secretary of war he could not recall a single instance in which he had received a helpful suggestion from Senator Chamberlain or one which seemed intended to be helpful.

"I am perfectly willing," the secretary added, "to let the people of the country decide between what the war department has done in three years and what Senator Chamberlain has said in three years."

JUDGE HOLDS THAT WAR LEGALLY ENDS WITH ARMISTICE

By Associated Press. LOUISVILLE, Ky., April 3.—In line with a formal statement from the bench on March 24, federal Judge Walter Evans today handed down a decision finding that the war in Europe legally is at an end and that there is no need for a new trial on conviction of violating war time military regulations after the armistice was signed in court.

# OIL DEVELOPMENT

## TWELFTH PRODUCER IS REPORTED BY THE LEE FARM OIL CO.

The twelfth producer on the Lee farm, owned by J. A. Kemp, was brought in Wednesday, according to reports to Mr. Kemp from J. S. Owens, the field manager. This well is the best of the entire farm, Mr. Owens states, and will have an initial production of from 50 to 75 barrels.

## NO CERTAINTY AS TO FUTURE FOR GERMANY

(Continued from Page 1, Part 1)

Pressure Already Shown. This pressure already has shown its effect at the renewal of the armistice in March when the government had actually determined to refuse to sign the conditions of the removal. The government, however, was forced to reverse its decision upon hearing from the representatives in the national assembly who were in closer touch with the people.

The fate of the present government rests largely upon two counter acting factors, the ultimate result of whose action it is difficult to foresee. On the one hand the government is itself by no means strong or effective and is establishing itself more and more by the mere fact of its continued existence. It also is developing a inertia of action as the people come to regard it more as a regular establishment and less as an experiment or a government of expediency. Its recognized authority is growing the longer it is able to keep in the saddle.

On the other hand each of the successive local strike uprisings strains the ability of the government to restore order. The dependable troops which Noske has at his disposal to quell spartan attempts at revolt are perhaps 50,000 to 60,000. The number is far too few to garrison all the centers of disorder simultaneously and the minister of defense has been compelled to move them from one scene of disorder to another, keeping the troops almost constantly on the move.

The appearance of force given by the disciplined troops of Minister Noske has each time meant the collapse of the uprising, but the time has come when simultaneous outbreaks in too many places or the discouragement of the Noske volunteers may spell the triumph of the second revolution. About 40,000 of these troops are reported to have been concentrated in the Berlin district to put down the insurrection in March, the men being withdrawn at considerable risk from other danger points. The troops are still sitting on the lid in Berlin, but many of them must be withdrawn if, or when the insurrectionary movement breaks out elsewhere.

The government itself is not able to finance even this small army and seeks volunteer contributions from industrial and financial concerns. The owners of Berlin factories, for instance, raised a fund of five million marks for the troops. Large Berlin banks made an equal contribution. This was only one of similar installments raised at various times and places.

The republican guards and other popular military organizations, although nominally supporting the government are more of a menace than an asset as they are poorly disciplined and largely infected with Spartanism. Many may go over with their arms to the insurrectionary movement which may develop. These organizations are jealous of the Noske units and this antagonism led the republican guards to join the Berlin uprising last month. During the uprising Minister Noske announced his decision to disband the entire force, but ultimately went only half way in carrying out his decision.

A machine has been invented that prints any desired advertisement on gummed tape as it is drawn from a reel to fasten packages.

### "Folks Talked About"

UP until two years ago Mr. Pope was making it a business of telling people what lovely pianos he had for sale and just how they couldn't possibly get along without one. Then it occurred to him that there was more money in a piano he could ever sell, or even hope to sell, so he added one more to the Wichita Falls census and became one of the organizers of the Prairie Hill Oil Company, which brought in seventeen producers hand-running. He is also interested in several close companies and has been conducting a very successful brokerage business in Burk Burnett properties since the beginning of the big excitement last August.

## PRODUCTION OF VARIOUS FIELDS SHOWS INCREASE

Production in the various North Central Texas oil fields, outside Wichita Falls, averages 34,000 barrels daily, according to figures for the past week. Eastland county has a daily average of 67,000 barrels; Stephens county 22,000 barrels, and Comanche 5,000 barrels daily.

Notice. Owing to the demolition of the building we have been occupying and our inability to secure suitable quarters immediately, we hope soon to announce our new location. Wichita Studio, J. W. Nosselt, Prop. 258-F

Shoes with aluminum soles have been invented for persons working in water or damp places.

## IMPORTANT MATTERS FOR MEETING OF THE REFINERS SATURDAY

Important matters with regard to the rate situation, the question of incorporation, of adoption of a constitution and by-laws, and the report from representatives attending the Chicago meeting of the American Petroleum League will be considered at the first meeting of the board of directors of the Texas Refiners Association, to be held Saturday morning, April 5, at the office of the chamber of commerce, M. A. Bundy, of the Sunshine State Refiners, president of the association, will preside and there are about 25 members of the board, and of the rate committee, expected to attend.

Mr. Bundy has sent out letters of invitation to the board members, and to the other members of the association cordially inviting them to attend and to bring up any matter that may affect the association. R. E. Huff, C. F. Johnson and Mr. Bundy represent the Wichita Falls refiners on the board and J. S. Bishop of the Burk Burnett Refinery is also on the board. A. R. Maples of the Red River Refinery is a member of the special committee on rates appointed at the organization meeting, held in Fort Worth, March 23.

## ROYAL DUTCH-SHELL INTERESTS ACQUIRE MEXICAN EAGLE CO.

NEW YORK, April 3.—Royal Dutch Shell oil interests have acquired control of the Mexican Eagle Oil Company, limited a Lord Cowdy property, with oil concessions in five states in Mexico, according to a cable message received here today at the New York offices of the latter concern.

## BRECKENRIDGE SCHOOL OF INSTRUCTION FOR WOMEN OPENS TODAY

AUSTIN, April 3.—With attendants from every senatorial district of the state, the Eleanor Breckenridge school of instruction for women who are conducting the campaign for adoption of the women suffrage amendment to the Texas constitution opened today. Speakers today are: Mrs. Minnie Fisher Cunningham of Galveston, president of the Texas Equal Suffrage Association; Mrs. A. C. Hughton, national convention; Judge W. M. Key, of the third court of civil appeals; D. K. Woodward Jr., of Travis county, who gives instructions on the organization of a four minute speakers force; and Mrs. Maggie W. Barry, special agent for the federal department of agriculture.

## RIOTING CONTINUES IN STUTTGART STREETS

By Associated Press. BERLIN, April 2.—The Vossische Zeitung says the Stuttgart streets are filled with great crowds and that there has been much shooting. The newspaper adds that the streets are patrolled by armored motors and police and whole companies of troops.

# Market Report

## COTTON MARKET

NEW YORK, April 3.—The cotton market showed renewed strength this morning owing to the continued firmness of Live-pool, which reported the largest spot business in months, unfavorable weather conditions in the south and increasing exports. There appeared to be a feeling that the strength in Liverpool reflected a more hopeful view of prospects for an early consummation of peace and the advance here was also encouraged by reports of increasing mill activities at Fall River. The opening was steady at an advance of five to 16 points on old and of 9 to 27 points on new style months with new style May selling at 26.00 and October at 21.55 or 27 to 49 points net higher during the early trading. New style August opened 65 points higher selling at 22.40.

The early advance to 26.00 for May and 21.55 for October, or 37 to 49 points above last night's closing figures met a good deal of realizing and there was a scattered selling for a reaction later in the morning. Offerings were well enough absorbed by trade buying and a further broadening of commission house demand to give prices a steady tone but the market showed reactions of 15 to 30 points around mid-day.

Reports that the French foreign minister expressed preliminary agreement to be completed before Easter promoted another flurry of buying early in the afternoon but prices did not quite recover to the early high level and trading later was quiet with new style May ruling a round 25.81 and October 21.28 or 18 to 22 points net higher.

NEW ORLEANS, April 3.—Large spot sales in Liverpool and continued unfavorable weather over the belt caused a buying movement on the opening of the cotton market today. In the first half hour of business prices were lifted 25 to 27 points on the new contract.

Reports of a better local spot demand at higher prices increased the inquiry for contracts. In the trading a to noon the advance was widened to 45 to 49 points.

Realizing on the long side caused a reaction of moderate proportions. At one o'clock prices were at a net advance of 17 to 23 points.

LIVERPOOL, April 3.—Cotton spot in increased demand; prices easier. Good middling 16.88; middling 15.97; low middling 14.47; good ordinary 12.82; ordinary 12.29.

Sales including 4,000 late yesterday, 10,000, of which 9,300 were American. Receipts 13,000 including 22,500 American.

Futures closed steady: April 16.45; May 15.96; July 14.47; September 13.75.

After exhaustive experimenting a Swedish engineer has invented a substitute for linseed oil that is made from native raw materials.

## GRAIN AND PRODUCE

CHICAGO, April 3.—Fresh advances in corn prices took place today owing to predictions that there would not be any big accumulations of corn here before September. Opening prices which ranged from 1/4 off to one cent advance with May \$1.57 to \$1.58 1/2 and July \$1.45 1/2 to \$1.46, were followed by moderate general gains and then by a sharp but transient setback.

Outs hardened with corn. After opening unchanged to 1/2 higher with May 6 1/2 to 6 3/4, the market scored some further gains and then underwent a decided setback which, however, failed to last.

Higher quotations on hogs lifted provisions. Announcement later that permits for railway shipments of grain to primary markets had been abolished was followed by another sharp decline. The fact developed, however, that permits for export shipments to the seaboard were still a requisite. The close was unsettled, 1 1/2 net lower at 11 advance with May \$1.55 1/2 to \$1.55 3/4 and July \$1.45 1/2 to \$1.45 3/4.

Selling of provisions which was ascribed to packers led subsequently to a reaction but rallies ensued again.

## CORN - OPEN HIGH LOW CLOSE

May	1.57	1.57 1/2	1.55 1/2	1.55 1/2
July	1.45 1/2	1.47 1/2	1.45	1.45 1/2

Chicago Produce. CHICAGO, April 3.—Butter: High creamery 53@55. Eggs: high receipts 25.50 cases; firsts 35 1/2@37 1/2; ordinary firsts 35 @37 1/2; at mark cases including 38 1/2; storage packed firsts 41 1/2@42 1/2. Poultry: alive: unchanged.

## NEW YORK STOCKS

NEW YORK, April 3.—Rejection by the railroad administration of the reduced schedule for fabricated steel and intimation that other commodities may be scheduled to further price revision accounted for the moderately heavy tone at the opening of today's stock market. United States Steel fell 1 1/2 points and Bethlehem Steel and Baldwin Locomotive a point each. This was fully neutralized, however, by the strength of shippings, rails and specialties, notably Atlantic Gulf,

## Marine preferred, Southern Pacific, Reading, Pere Marquette preferred, Industrial Alcohol and leathers.

Trading dwindled at mid-day and prices became rather irregular, mainly as a result of the heaviness of marine preferred, which reacted 1 1/2 points. Other leaders notably U. S. Steel were under pressure, also low priced rail but obscure specialties made further upward progress.

Extensive offerings of steel, shipping and oils at extreme reverses of one to four points gave the market a sharp setback later. The closing was heavy.

Liberty bond prices today were: 3 1/2% 99.10; first 4 1/2% 94.92; second 4 1/2% 93.82; first 4 1/2% 95.10; second 4 1/2% 93.84; third 4 1/2% 95.70; fourth 4 1/2% 95.86.

Fort Worth Livestock. FORT WORTH, April 3.—Cattle: receipts 2,100, active and steady; Beeves \$8.00@15.00; stockers \$8.00@12.75; cows \$5.00@10.50; heifers \$5.50@13.50; bulls \$7.00@9.25; calves \$5.50@14.00.

Hogs: receipts 2,000; 10 h/2 m/har heavy \$19.25@19.50; medium \$19.00@19.25; mixed \$18.00@19.00; light \$18.50@19.25; common \$16.50@18.25; pigs \$10.00@16.00.

Sheep: receipts none. Lambs \$17.00@20.00; yearlings \$14.00@15.00; wethers \$10.50@13.50; ewes \$10.00@12.50; culls \$8.00@10.00; goats \$7.00@9.00.

Kansas City Livestock. KANSAS CITY, April 3.—(U. S. Bureau.) Hogs: receipts 2,000; 10 to 15 higher. Bulk \$18.00@20.00; heavy \$19.50@20.00; medium \$19.00@20.00; pig \$19.00@19.25; pigs \$18.00@19.25.

Cattle: receipts 2,900; steady to lower. Heavy steers \$14.00@19.25; light \$9.85@17.90; cows and heifers \$6.50@15.10; canners \$4.75@6.40; veal calves \$9.75@13.50; stockers \$8.40@13.50.

Sheep: receipts 3,000; steady to higher. Lambs \$17.10@20.25; culls \$14.50@17.10; medium ewes \$13.25@15.50; breeding ewes \$10.50@18.00.

## NOTABLE INCREASE IN VALUE OF FARM LAND

WASHINGTON, April 3.—Farm lands in the United States are steadily increasing in value. The Department of Agriculture reports the average value of farm lands was \$74.31 per acre on March 1 this year, compared with \$68.38 a year ago, \$62.17 two years ago, and \$58.39 three years ago.

Values show the greatest percentage increase during the last year occurred in the South Atlantic states, in the Carolinas and Georgia and extended to Alabama, Kentucky and Arkansas. Small percentage increases were made in the New England states, the Pacific coast states, and Louisiana, Texas, Kansas and Montana. Material increases were reported from Nebraska and South Dakota.

Iowa's plowing lands stand first in value, her average being \$169 per acre followed by Illinois with \$144, California with \$121, and Indiana with \$100. Alabama reports the lowest average value of plow lands, at \$24 per acre and Mississippi next, at \$25.00.

Marriage Licenses. Marriage licenses have been issued at the county clerk's office as follows: Joseph F. Long and Mrs. Essie Thompson, J. H. Hawk and Miss Minnie Wright.

## STEPHENS COUNTY HAS 46 WELLS IN PRODUCING CLASS

Special to The Times. FORT WORTH, April 3.—Up to March 1 62 wells had been completed in Stephens county, 46 of which are producing oil. Five are gasers and 12 are dry holes. A unique feature of this field is that the initial production of the 46 wells was lower than is the present production, at least six of them increasing when there has been no change in a large number of the others. The production at that time was 15,000 barrels daily and does not include the famous Carey well which developed a flow of 14,000 barrels in March and now is making about 12,000 barrels. In the field The Texas Co. leads with 7,000 barrels daily, with the Gulf Production Co. second with 2,900 barrels daily.

## PARIS PRESS NOT PLEASED WITH SMUTS APPOINTMENT

By Associated Press. PARIS, April 3.—One of the happenings in peace conference circles yesterday is alluded to unflatteringly by the Matin and the Journal today as a "great event." The council of four actually issued a communique, the newspaper points out, but it is added, "It was only to tell us that General Smuts is going to investigate Hungary."

The Smuts appointment is one which these two and most of the other newspapers condemn, insinuating as a bad omen the manner in which General Smuts conducted the negotiations in Switzerland early in 1918 with Count Mensdorf-Pouilly-Dietrichstein, the Austro-Hungarian at London at the outbreak of the war in which it had been charged by Paris newspapers that the bluntness of General Smuts choked off possible negotiations by Austria-Hungary for a separate peace.

The commentators in the announcement of the Smuts mission see yet another procrastination by the peace conference. Its step is pointed out as all the more disappointing because of the hope raised by the recent summing into conference of General Mangin, a man of action, who it is reported, now is going back to his headquarters on the Rhine.

## LEFT BANK OF RHINE WILL BE NEUTRALIZED

PARIS, April 3.—The council of four has virtually decided, according to information from French sources, that the left bank of the Rhine will be neutralized until Germany has paid the indemnities fixed by the peace conference. It is understood that French and Belgian troops will hold this territory, the United States claiming it to be impossible to leave American troops in Europe after the signature of the peace treaty, and England having insufficient effective troops to maintain garrisons along the Rhine.

It is surmised that the visit of King Albert of Belgium to Paris was not unconnected with the share that Belgian troops will be asked to undertake in this territory.

### URGE SUBSCRIPTIONS TO BUY GROUNDS FOR WICHITA FALLS PARK

ONLY TWENTY THOUSAND OF AMOUNT REQUIRED HAS BEEN SECURED.

IS VALUABLE INVESTMENT

Forty-seven Acres Involved Within Four Blocks of the Business District.

The park committee of the Chamber of Commerce has obtained stock subscriptions slightly over \$20,000 in the Wichita Falls Park Association, recently organized to take over the forty-seven acres on East Seventh street and develop them into a modern park and recreation ground—but thirty additional dollars must be raised to complete the capitalization of the association, and its success or failure is now squarely up to the sport-loving public of this city.

Scores of citizens of Wichita Falls who enjoy baseball, tennis and golf, who are interested in every form of outdoor recreation and amusement, are selfishly "fighting shy" of the park committee with the apparent belief in their minds that "some one else" will put up the money to make the project a success. Apparently few of the baseball enthusiasts realize the worth of the investment offered by the association, and have not considered that forty-seven acres of realty within four blocks of the heart of the city constitute, at a total cost of

\$25,000, a value that is sufficient alone to guarantee an investment in stock offered at a par value of \$25 per share.

When A. L. Huey, chairman of the committee, reported at last Tuesday's weekly meeting of the board of directors of the Chamber of Commerce, he mentioned, incidentally, the fact that J. A. Kemp had subscribed \$5,000 to the stock of the association. Mr. Kemp immediately afterward said: "I don't want it considered that this was a donation on my part. I regard the buying of this stock in this association as an investment and one deserving any man's consideration."

With a \$10,000 grandstand, a first class ball field, public tennis courts and abundant space to be leased to circuses, carnival shows and similar amusement enterprises, there appears no reason why the project should not reach a paying basis almost immediately. There are few cities in the United States of the size of Wichita Falls that do not have a recreation park, public tennis courts and even municipal golf links, and the need of such a park is felt keenly here.

Insofar as the baseball end is concerned, the history of baseball in the past ten years has shown a remarkable growth of interest in semi-professional city leagues. Games played by clubs in such leagues have attracted big crowds and brought in enough money to pay fancy salaries and leave money in the treasury at the end of the playing season. In Denver, Colo., today there are more than a dozen former Western League ball players who are playing in the city leagues there in preference to sticking in a straight professional ball—the answer being that semi-pro baseball, plus a decent factory job, brought in a bigger income than Class A and even Class A league clubs could afford to pay.

Among the notable examples of stellar ball players who quit the Western League when in their prime, quit in to enter the semi-pro ranks, might be cited that of "Doc" Maness, two years ago with the Denver Bears and rated one of the leading pitchers in the Western circuit.

Sports can be placed on a paying basis in Wichita Falls, if local sport enthusiasts will help the park commit-

tee of the Chamber of Commerce "put over" this park project. It is time for local men interested in recreational activities to "loosen up."

### ELEPHANT PURCHASED BY A WICHITA MAN DIES AT SALT LAKE

SALT LAKE, UTAH, April 3.—Prince Utah, the only baby elephant born in captivity, died last night, aged one year. The prince was the son of Princess Alice, famous circus elephant, who was purchased by Lloyd Lehrbas for the school children of Salt Lake two years ago.

Lloyd Lehrbas, mentioned in the above dispatch, was commissioned at Call Field last fall, and is now playing the oil game in this city. While a special feature writer on the Salt Lake Telegram he conceived the idea of buying the elephant as an addition to the Salt Lake zoo and in a campaign raised ten cents from every "kiddy" in Salt Lake.

Princess Alice was purchased and "Dutch" Schneider, famous elephant man, engaged as keeper. Last fall Prince Utah was born, and became the darling of the Salt Lake youngsters. The Prince lived a year, which broke all records for elephants born in captivity as all others died at birth or shortly after. Circuses offered large sums for the Prince.

Princess Alice was purchased from Sells-Floto's circus which opens in Wichita Falls on April 17.

### WILLIAMS' TOP WORKS NEW LOCAL BUSINESS

C. T. Williams, for many years an auto top manufacturer of Dallas, has established a shop and factory in this city at 1104 Seventh street under the firm name of the Williams Top Works. The new firm will manufacture and repair top tops, auto seat covers and auto curtains, and will restore the plastic glass in auto curtains. Mr. Williams' long experience and success makes it certain that the Williams Auto Top Works will succeed.

### ROTARY CLUB HAS VISITING SPEAKERS AT LUNCHEON TODAY

At the regular meeting of the Rotary Club today noon a number of visitors from different parts of the country were present. Among the speakers were Porter A. Whaley, secretary of the Wichita Falls Chamber of Commerce, Geo. W. Briggs, field manager of the West Texas Chamber of Commerce and J. A. Kemp. Mr. Whaley in an interesting address, presented the problems that are before Wichita in taking care of the enormous expansion

of the city. He stated that it is very important that this city make strong efforts to take care of its situation, presenting itself, and that the Chamber of Commerce was striving to do this, and asked for the full co-operation of the business men of the city.

Mr. Briggs, presented to the members present, the plans of the West Texas Chamber of Commerce, and endorsed the practical features of the organization, showing the benefits coming to the entire territory, and to Wichita Falls.

Mr. Kemp urged that the business men co-operate in the great movement before this city in the development of the irrigation proposition now being considered. Mr. Kemp heartily endorsed the West Texas Chamber of Commerce, stating that this organization should be of great value to Wichita Falls, and urged full co-operation by the business men of this city.

## Homes and Building Lots for the Man with Moderate Means

Property values in Wichita Falls have increased by leaps and bounds, to such an extent that the homeseeker of modest means finds it next to impossible to own his own home. We have just made an arrangement, whereby we are enabled to offer the HOMES and BUILDING LOTS in the Factory Addition at prices which are especially attractive. These Homes and Lots can be bought now on terms of one-fourth cash and the balance monthly. Take the street car and go out and look these Homes and Lots over—then see us; or call at our office and we will show you.

# GEN. AGUIRRE EXPLAINS THE CONCESSIONS

Foreign Enterprises Including One or Two Japanese Permitted to Operate.

## NO LAND IS ACQUIRED

Outside Interests Will Not Be Permitted to Obtain Lands in Lower California

By Associated Press. MEXICO CITY, April 2.—"In Lower California there are various foreign enterprises, among which are one or two Japanese to which have been given concessions for the exploitation of certain natural resources in various places, but none of them has been permitted, nor will be permitted to acquire tracts of land because the constitution prohibits this definitely," was a statement made today by General Amado Aguirre, under secretary of agriculture and development.

"Naturally there has been a respect for those companies holding concessions which have always complied with the stipulations of their contracts, but some companies, among them the Mexico Land Company, have had their contracts nullified for not having complied with all their provisions. These concessions will be duly and legally liquidated. Those interests which have large holdings will be obliged to divide them and nobody will be given more than 2,500 acres.

wagians, but he made it plain that no foreign interests held rights to land along the coast.

Says interview incorrect. Discussing an interview with him by a representative of the newspaper Excelsior of this city on March 29, which was embodied in an Associated Press dispatch of that date, General Aguirre declared it was inaccurate in some respects. In taking up this interview at length it was pointed out that it was stated "the concessions were fully authorized by the provisions of the constitution" which, he said, "absolutely robbed the first sentence stating 'Japanese corporations have been granted concessions to exploit agricultural lands in Lower California' of any meaning that would cause alarm, since the geographical configuration of Lower California and constitutional provisions regarding zones barred to foreigners absolutely prohibited large holdings."

Five-Year Permits. The undersecretary declared, however, that the dispatch was incorrect in that the only concessions granted were five-year permits to conduct fishing operations which permits allow no land or port holdings. General Aguirre stated that when asked regarding the reported concession by George T. Summerlin an interim charge at the American embassy here, he informed the American diplomat of the facts substantially as given in his statement quoted above.

Baron Fugitaro Otori, Japanese minister to Mexico, stated yesterday that the only agricultural interests held by his countrymen were small rice lands near Mexicali which he said were absolutely without importance.

## TO MAKE APPEAL FOR INDEPENDENCE OF THE KOREANS

By Associated Press. PARIS, April 3.—An appeal for the independence of Korea will be submitted to the peace conference before the end of the present week by a delegation headed by Kimsu Kim, representing the new Korean young men's society. The appeal is declared to represent the vehement desire of almost the entire Korean nation, as manifested by the present widespread passive-resistance movement. The document is accompanied by a long memorandum reciting the alleged injustice and unpopularity of Japanese rule and the harshness of the measures with which Japan is said to be endeavoring to repress the national movement for liberation.

## ORDER IS RESTORED IN A MEASURE AT HUNGARIAN CAPITAL

By Associated Press. BUDAPEST, Via Vienna, Sunday, March 30.—Communist Budapest is orderly and the government is putting forth every effort to stabilize conditions. There are pessimists, however, who declare the government will endure less than a month, it being pointed out that its success will be partially dependent upon the success of the Russian bolshevik army to establish a corridor from Kiev to Budapest by way of Bessarabia and Bukovina. Bela Kun, the foreign minister, receives hundreds of telegrams of an official nature every day, among them being messages from Nikolai Lenin, the Russian bolshevik premier. He receives newspapermen freely but has ordered that their dispatches be censored for the purpose of cutting down the material to be sent over already crowded wires, as well as to eliminate objectionable features. Kun, who was formerly a secretary of Lenin's, is most anxious to deny reports relative to the communication of women in Hungary which he declares to be "preposterous." He also denies rumors of assassinations and disorders. Of the 74 members of the government, 19 are Jews.

### SHOPS CLOSED AND WORKERS HAVING HOLIDAY

By Associated Press. BUDAPEST Sunday, March 30.—Every day is Sunday in Budapest. The shops are closed and the workers are having a holiday. The street cars are loaded with passengers but few automobiles are to be seen except those used by officials. The commune has nationalized mansions; the richest families are restricted to the fewest rooms possible and have been forced to discharge their servants. Civilians have been ordered to surrender all firearms with the alternative of death, from Russia as its basis.

## COURT MARTIAL OF CAPT. CHAMBERLAIN COMPARES WRITING

By Associated Press. LONDON, April 3.—The court martial of Edmund G. Chamberlain, of San Antonio, Texas, on reconvening today announced that it had decided to admit in evidence the photographic documents introduced at yesterday's trial. These documents which had been prepared by William Webb, of the British war office, were enlarged reproductions of the handwriting of Captain Chamberlain of typewritten copies of reports alleged to have been made by him regarding his reputed air exploits and the supposed signatures of British officers on the reports which it is charged by the prosecution that Captain Chamberlain wrote. At the request of the defense the court postponed the further examination of Webb until the defense could avail itself of the services of a handwriting expert.

## URGES THAT JAPAN AND UNITED STATES HAVE UNDERSTANDING

By Associated Press. SAN FRANCISCO, CALIF., 3.—The development of China and Siberia will be accomplished by the formation of an organization of leading financiers and bankers in Japan and the United States, according to T. Mochizuki and Y. Ozaki, members of the Japanese parliament who are visiting this country to study political conditions before proceeding to Paris in an unofficial capacity. "The time has come when it is necessary for Japan and the United States to stop misunderstanding each other and get together for their mutual benefit," Mochizuki said. "We in Japan and many leading Americans understand that the questions arising from the expected development of China and Siberia are too big for Japan to handle alone. We believe this question should be solved and mastered jointly by the two countries and it is on this matter we are here."

that "the United States and Japan should control the Pacific for all time." For choice tract close up, almost offsetting Hardin-Marine No. 4, easy terms, see W. M. Friddy, 408 Kemp & Reil Bldg., Office phone 71, residence phone 1756. The Templeton Orchestra. Phone 1292. 274-11c

# BURKBURNETT PIPE LINE RUNS AGAIN SHOW A DAILY INCREASE

The Wichita Falls district shows a gain of around 2,000 barrels in production each day of the week just past, compared with the previous week, the figures reaching 87,000 this past week, according to estimates from pipe line runs. Burkburnett district alone shows an increase of almost 1,000, and each of the other districts show figures up slightly from the previous week's runs. Iowa Park is also still on the increase, showing 225 barrels daily; average this week, compared with 209 last week.

The estimated production, by districts follows:

Burkburnett	53,500 barrels
Electra	12,500 barrels
Patrolia	625 barrels
Holiday	200 barrels
Iowa Park	225 barrels

Two of the biggest wells of the week were brought in on the Vancleave farm, Burkburnett townsite, by the Fowler Farm Oil Co. Their No. 5 was 500 barrels and No. 6 their No. 5 was 500 barrels and No. 1 is also making 500 barrels. These were the three largest completions reported for the week, there being a number of other good wells in the townsite as usual. The completions follow:

- Burkburnett Completions.**
- Magnolia Petroleum Co., No. 2 Hardin, 100 barrels, 1600 foot sand.
  - Imperial Petroleum Company, No. 3 Vancleave, 100 barrels, 1600 foot sand.
  - Mann-ling Oil Co., No. 1 Gilchrist, 235 barrels, 1600 foot sand.
  - Munger-Wollett Oil Co., No. 1 McClellan, 200 barrels, 1600 foot sand.
  - Robertson Petroleum Co., No. 2 Vancleave, 225 barrels, 1600 foot sand.
  - The Texas Co., No. 1 Hardin, Lease B, 125 barrels, 1600 foot sand.
  - Thirty-Two Oil Association, No. 1 Pleasant, 100 barrels, 1600 foot sand.
  - Burkburnett Home, No. 3 Scott, 100 barrels, 1600 foot sand.
  - Cain Marvin Oil Co., No. 1 Methodist church, 125 barrels, 1600 foot sand.
  - Croft Oil Co., No. 1 Vancleave, 225 barrels, 1600 foot sand.
  - Drillers Oil Co., No. 1 Adams, 125 barrels, 1600 foot sand.
  - Davis-Gooch Oil Co., No. 1 Vancleave, 325 barrels, 1650 foot sand.
- There are few completions reported in the other pools, and the rainy weather which has prevailed for the past week has hampered operations in every section. The roads are again almost impassable, and for this reason temporary shut downs have been necessary at many drilling wells.
- Locations Reported.**
- To the far east of Burkburnett the Red Bend Oil Co. has made location for its No. 1, Millie Holly, block 508, B. Brown Survey.
- The Mantague Oil and Gas Co. has made a location in block 106, Red River valley lands, on the Hewitt farm.

### HEAL SKIN DISEASES

Apply Zemo, Clean, Penetrating, Antiseptic Liquid

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. Zemo, obtained at any drug store for 35c or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

# REPORTS CREDIT THE GRANITE WELL WITH 500 BARRELS

Special to The Times. FREDERICK, OKLA., April 3.—Flattering reports continue to arrive here about the performance of the big oil well reported to have been brought in at Granite Monday. George Cox said Wednesday morning he had talked with B. H. Squires, of the Mangrum National bank Tuesday, and that Squires said the well was conservatively estimated at 500 barrels daily capacity. Mr. Cox departed for Granite Wednesday morning.

Dr. T. E. Spurgeon said Wednesday that he had talked that morning by long distance telephone with Pruitt Johnson who said that the well had turned loose Tuesday in the presence of a state gas inspector and a large crowd of spectators and that the oil shot far over the derrick.

J. E. McConneff also talked over long distance telephone with Samuel Finley, who accompanied Johnson to Granite Tuesday, and who declared that the oil from the big gusher is of the highest quality ever found in Oklahoma, being worth \$2 a barrel.

# KEMP-MUNGER-ALLEN DEEP TEST REPORTED DRILLING AROUND 600

The Kemp-Munger-Allen Oil Company's deep test on the Munger ranch is reported drilling around 600 feet. This well has had operations considerably hampered because of the lack of water, but for the time being has solved this difficulty, according to reports from the field.

# SOME OF ARTILLERY ORGANIZATIONS WILL REMAIN IN SERVICE

By Associated Press. WASHINGTON, April 3.—The American army will retain permanently some of the artillery organizations which are an outgrowth of the war. Among these, according to the reorganization plans which have been approved, the 155 M. M. rifles, the weapons relied upon largely in the closing days of the war for barrage work, eight inch and 8.2 inch howitzers; heavy railway guns, including 12 inch, 14 inch and 16 inch mortars, howitzers and rifles; trench mortar units and anti-aircraft batteries including motorized machine gun units to protect troops on the march from attack from the air.

In addition to the 61 regiments of field artillery provided for in the divisional organizations there are to be six regiments of army artillery to go with the field army organization to be created.

Equipment Designated.

Three of these regiments will be armed with 155 M. M. rifles, approximately a six inch long range gun and the other three with the eight inch and 9.2 inch howitzers for field operations to be mounted on or hauled by gasoline tractors. The sixty regiments of divisional artillery to go with the twenty infantry divisions will be armed with 75 M. M. rifles or their three-inch equivalent and their 4.7 inch rifles and howitzers.

Personnel for the heavy batteries, the eight inch and 9.2 inch guns will come from the coast artillery which will also man four regiments of railway artillery. The railway guns will constitute mobile coast defenses but are to be available for use in the fields if circumstances require.

One departure from war time organization is the abandonment of trench mortar batteries with the divisions. Instead, in single trench mortar regiment will be organized as a part of the army artillery. The extensive use of trench guns in France was due to stabilized trench warfare conditions. The divisional batteries lost their usefulness except in special conditions when the allied attack turned the warfare into an open struggle. Another new element is the assignment of two anti-aircraft sections to the army artillery.

# PLAN WORLD WIDE WIRELESS SYSTEM USING TELEPHONES

By Associated Press. NEW YORK, April 3.—Plans for a world-wide wireless telephone system are being considered by the General Electric Company, according to a statement made by Ernst F. W. Alexanderson, consulting engineer of the company, in an address here yesterday before the American institute of radio engineers.

Mr. Alexanderson declared that two devices invented by him—the bridge receiver and the barrage receiver—would make possible introduction of such a system, so that business deals could be transacted by a few minutes by persons thousands of miles apart.

He explained that the system contemplated is virtually a replica of the exchange system of ordinary telephony. Central offices, he said, would be established in all the principal cities.

### PERSONNEL OF THE AIR SERVICE WILL TOTAL 23,776 MEN

By Associated Press. WASHINGTON, April 3.—Army re-organization plans upon which the War Department is now working, it is learned, provide for an air service with approximately 1,700 airplanes in actual commission and a minimum available reserve of 3,400 additional planes. This is based upon the proposed military estimate of 609,000 men in which total the air service personnel will be 1,923 officers and 21,853 men.

The organization tables show that the air force on a peace basis will be comprised of 87 service squadrons of which 42 will be assigned to coast defense units in the United States and insular possessions; 20 will be pursuit squadrons and 25 observation and bombing squadrons. The typical army airplane squadron includes 13 planes in service and their personnel, Balloon Companies.

The tables also call for the maintenance of 13 balloon companies divided into three wings of 14 companies each.

The general plan of re-organization calls for 21 divisions, including one cavalry unit of nine regiments, to be formed into five army corps, each to be commanded by a lieutenant general. To each corps will be attached five observation and bombing squadrons of airplanes and four pursuit squadrons, representing a wing formation for each type of machine.

This will give the air service definite recognition as the fourth arm of the line, or combat forces of the army, the others being the old trio of artillery, cavalry and infantry. All other units are supplemental forces, generally known as auxiliary arms or staff corps troops.

**Will Be in Squadrons.**

The tactical formation of the air-branch of the service will be in squadrons, groups and wings and the balloon section in companies, groups and wings. The formation in elastic, however, above the squadron, two or more squadrons, as circumstances require, forming a group and two or more groups a wing. The same arrangement prevails with infantry divisions.

Machines in sufficient number to equip all of the air units planned for are now being stored at the various aviation fields retained by the government. Storage capacity has been provided for approximately 6,000 complete planes, not including those in service or in immediate reserve with the squadrons. In addition, airplane motors by the thousand have been stored, the upkeep of any unit in service requiring three or four extra motors per plane.

The production of planes has exceeded, however, even the storage capacity of the fields. The War Department is now negotiating with airplane builders for the disposal of all training and of a considerable number

### AMERICAN PAJAMAS AS OUTER GARMENTS FOR BALKAN PEOPLE

Associated Press Staff Correspondent. BELGRADE, March 27.—American pajamas are being worn as outer garments by tens of thousands of destitute men and boys in the Balkans. The American Red Cross has sent over a million suits to Serbia, Montenegro and Greece. The shortage of clothing throughout this region is so great that the poor are glad to get any form of covering. Bath robes are being worn by the women, who find it impossible to get cloaks. Women's coats are being worn by men and boys, for whom it is impossible to get male attire.

Discarded dress suits, old silk ous, dilapidated ball room slippers, out-of-date robes, all gathered by the American Red Cross from America's generous families and valued highly at home, are seized eagerly by the poor of Serbia and Montenegro. Dressed in these unusual garments the peasants present a grotesque appearance but their only thought is to keep clad and avoid the rags they were accustomed to previous to the advent of the American Red Cross.

### PROPOSED FLIGHT OVER ATLANTIC IS DELAYED

By Associated Press. ST. JOHNS, N. F., April 3.—Indications were today that the Sopwith airplane with which Harry G. Hawker and Lieutenant Commander Macpherson Grive, British aviators, plan to cross the Atlantic, would not be able to start on April 16, as planned. The ground in the vicinity of their hangar, at Mount Pearl, is still soaked from the heavy rain and several days of sunshine will be necessary before it is dry enough for a machine to run over it.

### HANLON AND MINOR FIGHT TO A DRAW

By Associated Press. LITTLE ROCK, ARK., April 3.—Jimmy Hanlon, of Denver, and Jimmie Minor, of Memphis, lightweights, fought to fast rounds to a draw last night at Camp Pike. The men weighed in at 133 pounds.

It was announced that Eddie Coulon of New Orleans and Pete Herman, bantamweight champion, would fight at Camp Pike April 16.

### CAVALRY TROOPS ROUT BANDITS ON THE TEXAS BORDER

By Associated Press. MARFA, TEX., April 3.—Following a raid across the Rio Grande river during a blinding hailstorm by Mexican bandits Tuesday night, Troop K, 8th Cavalry, in command of Captain Matlack, overtook and killed five of the bandits, recovered the horses and cattle stolen, and returned to the American side, according to an official report received by Colonel George T. Langhorne at district headquarters here late Wednesday.

The report of the Mexicans crossing the river was received at midnight Tuesday during the most severe hailstorm in the history of the Big Bend. The bandits were reported to have crossed to the American side between Ruido and Candelaria, on the river front. They stole cattle and horses and drove them back across the river under cover of darkness and the storm.

**Troops Go in Pursuit.**  
Troop K, in command of Captain Matlack, and Troop M, commanded by

Captain Broadhead, were ordered to the scene of the raid and by daybreak Troop L had moved into support positions from Inaco. Infantry detachments were moved by wagon train and trucks to occupy the stations left vacant by the cavalry troops foraging for the pursuit.

The tracks of the raiders and stolen cattle were followed to the river bank where they could be plainly seen on the Mexican side.

Troop K, under Captain Matlack, followed one band while Captain Broadhead, commanding Troop M, pursued the other. Troop K overtook the bandits and killing five of them before they could hide in the canyons. The cavalry recovered their horses and cattle stolen after the exact number of stolen animals had been verified. All the troops returned to the Texas side without casualties.

The raid was the eighth successful pursuit into Mexico by the Eighth Cavalry since it came to the Big Bend, and will probably be its last as the regiment will leave next week for Fort Bliss.

### THREE ALTERNATIVES TO MUNICH NEWSPAPERS

By Associated Press. MUNICH, Wednesday, April 2.—Munich newspapers were told today that they were given three choices if they wish to continue operations—the adoption of syndicalism, communism or state ownership. This announcement was made by newly appointed economic ministry of finance, Dr. Nurrath, who was named for the socialization of the press.

### KING BELIEVES COL. HOUSE

By Associated Press. King Albert of Belgium, Colonel E. M. House, American peace mission, and the League of Nations, were due to meet in a visit in the afternoon which was set for the next day. It had been announced that King Albert of Belgium

discussed the peace conference would be discussed with President Wilson and that King Albert would present a request that Brussels be made the seat of the League of Nations.

**PRINCE ALBERT**  
the national joy smoke

PUT a pipe in your face that's filled cheerily brimful of Prince Albert, if you're on the trail of smoke peace! For, P. A. will sing you a song of tobacco joy that will make you wish your life job was to see how much of the national joy smoke you could get away with every twenty-four hours!

You can "carry on" with Prince Albert through thick and thin. You'll be after laying down a smoke barrage that'll make the boys think of the old front line in France!

P. A. never tires your taste because it has the quality! And, let it slip into your think-tank that P. A. is made by our exclusive patented process that cuts out bite and parch—assurance that you can hit smoke-record-high-spots seven days out of every week without any comeback but real smoke joy!

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

**You Can Truthfully Say That Some Things Are High In Wichita Falls But You Certainly Cannot Say It About Lots In SCOTLAND ADDITION**

—WHY complain about the high cost of living when you can purchase a beautiful Lot—50 x 140 feet—within eight blocks of the Court House in the great Industrial Center of the Lifest City in Texas? We have surely solved the rent problem for you and now offer you nice, level, smooth Lots within seven minutes walking distance of the Business Center for the small sum of \$400—on good, easy terms. The lumber men have come out with a full page Ad telling you that they have Plenty of Lumber and are selling it cheaper than you can have it shipped in. Now you can readily see that with a small investment you can soon own a brand-new Home of your OWN and within less than a mile of the Post Office.

—YOU are certainly standing in your own light if you pass up the opportunity of getting one of these Cheap Lots. We defy any person to go on this beautiful Addition and state that the Lots are not Priced CHEAP. With the new Burnett Street Bridge, we are positive-ly above High Water to and from the Addition, and our Lots are four feet higher in elevation than the business district. You can save \$300 on the construction of your Home by reason of the fact that there is no sewerage there at the present time, but REMEMBER, we Guarantee two miles of six-inch water main to be laid through the property, and all other modern conveniences will naturally follow the construction of houses. Contracts are already let for TEN NEW RESIDENCES, and in less than one month there will be over THIRTY Houses under construction in this Addition.

**Scotland Addition Lots**  
are sold on the following terms: All Inside Lots \$400; all Corners \$500—One-third Cash, balance on or before Six, Twelve, Eighteen and Twenty-four Months, Eight Per Cent Interest. Five Per Cent Discount for all Cash.

—SEE us at once or call on your Real Estate Agent to show you the Unsold Lots as they are going FAST.

### PICK-UPS IN PASSING

By C. F. C.  
The Wichita Valley irrigation project can be the greatest advertisement of this city ever written; put it over in a big way, and the name of Wichita Falls will be heard in every section of the United States. For almost a quarter of a century J. A. Kemp has dreamed, worked and fought to this end, and if the dream now is realized this territory will owe him a tremendous debt of gratitude.

Another White Elephant.  
One tent hotel, a housing unit constructed from army canvas, is being advertised "for sale at a bargain." A miracle of nature, it seems, wherein brown duck became a white elephant!

Now comes the season of the year when acreage abundant is advertised by leasing men in language most redundant.

Good Investment Now.  
And speaking of leases and such, Charlie Martin, the exuberant editor of the Archer County News, wrote to a friend in Wichita Falls: "We would prefer \$100 invested in Archer county land to any investment we know of—since whiskey is out of the question."

"In the Jail House Now"  
A man on the street said that he heard the local postoffice had figures to show there are 50,000 persons in Wichita Falls. The report was passed on to Deputy Sheriff Morris: "Shucks!" he said, wearily, "we arrested that many automobile thieves last week!"

Looking for Easy Money.  
R. V. Owens, justice of the peace, made a \$10 bet (not with "Dad" Arrington this time) that Mrs. T. B. Smock doesn't inspect dairies in Archer county. Some folks are always picking up easy money.

Mahern Particular About Judges.  
The firemen of Wichita Falls are figuring on a grand carnival at the old circus grounds some time this month. After gaining with awe upon their artistic red-and-white brush work in the rear of the downtown station, respectfully suggest that the carnival be featured with a painting contest. Assistant Chief Hebers says he'll enter such a contest on condition that a newspaper cartoonist and a barn painter be among the judges!

Ever's Three Years Drought?  
Weather Forecaster Allen declares there is now enough moisture in the soil of Wichita county to guarantee good crops. If the farmers are satisfied, the dwellers within the city certainly will join in a prayer for a little less rain and a little more sunshine. The fact that there was a drought for three years is no pesky reason why the elements should now threaten us with three years of flood.

A man can't plant a garden when

## A WHOLE LOT IN A NEW LOT OF CANDY

Not only a new lot of candy but a whole lot of it. So important is our candy trade, so big is the candy demand, that we are continually buying because we want it always new, and now we are buying bigger than ever before because we want enough to supply you all. In Crane's and Elmers, we certainly have the two best lines of candies that it is possible to produce.

TRY SOME ELMER'S PRALINES. ALWAYS FRESH.

The bee's resounding and uncovers naught but angry worms And thick West Texas mud!  
**Soldier to Have His Say.**  
The election of Capt. Frank W. Wozencraft as mayor of Dallas on a ticket containing two other army men will bear remembering. The political influence of 2,000,000 former soldiers is going to stress heavily the future history of this country.

**LIEUT. COL. ADDIE BEGINS A REVIVAL MEETING TONIGHT**  
The special revival meetings at the Salvation Army Citadel under the leadership of Lieut. Colonel Jack Eddie will begin tonight and will continue nightly through Monday night of next week. The services will be held each night at eight o'clock at the citadel and will be preceded by a street meeting.

The meeting tonight will be a special meeting for members and converts and ice cream will be served.  
Some of the French life insurance companies keep records of their clients death to make identification after death certain.

Safety brakes that can be applied to warehouse trucks have been patented by a Michigan inventor.  
**SNIFFLES, SNEEZES, HOARSE WHEEZES**  
Banish Them by Using Dr. Bell's Pine-Tar-Honey.

Thousands recommend Dr. Bell's Pine-Tar-Honey isn't an experiment, but a cough and cold remedy that has steadily grown popular because it is quickly effective.  
For lingering colds or coughs or fresh attacks its balsamic and healing antiseptics are sure to be beneficial. It brings speedy relief from phlegm congestion, inflammation, tickling bronchial tubes. Good also for hoarseness, coughs due to grippe, and kindred ailments. Economical—a bottle goes a long way. Your druggist sells it.

**COFFEE THE STAFF OF LIFE**  
DURING the hacking struggle the French found Coffee the most sustaining stimulus food.  
IT WAS the "staff of life" in the trenches, and the whole West Front where the Allies performed such immortal deeds to save Freedom and Civilization. Shells, poison, and Coffee saved Verdun.  
COFFEE is winning its way through the world as the benevolent autocrat of the breakfast table.  
TO NOURISH, sustain, uphold the seat of life, the fighting edge, nothing approaches this favorite beverage, of the World's Greatest Brain Workers, from Napoleon, Balzac, Zola, to Joffre and Foch.  
AS COFFEE comes in Alcohol goes out.  
IT IS THE cheapest food product—at little over a cent a cup.  
THE EVER increasing demand causes great improvement in culture and blends. The Coffee of tomorrow will be real ambrosia.  
FRANCE is shaped like a Coffee pot and saved the World. It is a Symbol.
