Jack Buster, a boyhood chum of Henry Allmon spent Wednesday and Thursday with his friend here. Mr. Buster and Mr. Allmon grew up near Petersburg. Mr. Buster has been employed in Civilian Service in the Maintenance Department of the Panama Canal. He brought his wife and their two children to remain in the states for the duration. Mr. Buster says the voyage home was full of excitement. They were in a convoy and two ships were sunk ahead of them and one behind them. They out ran a submarine and shot at one. They started for New Orleans but landed at Tampa, Fla. Speaking of the Canal, Mr. Buster stated that it cost \$1.50 per ton for ships to pass through thus the trip for a 12,000 ton ship would cost \$18,000. Mrs. Buster and the children

are visiting her parents and other relatives at Wayside. Mrs. J. S. Earp went to Amarillo the last of the week to join her daughter, Mrs. Guy Sharrack of Longview and they continued to White Deer where they will visit several days with the Emil Rapstine family and other relatives. Roy Landers visited friends in Olton Sunday.

Mr. and Mrs. Ulys Pierce and children of Hereford were visitors in the O. Wilder and A. C. Pierce homes Sunday afternoon. Nelson Ross and Glenn Pierce of Hereford spent several days last week with their grandparents, Mr. and Mrs. A. C. Pierce. P. B. Sowell made a business trip to Carter, Okla., Friday. He returned home Saturday night.

Mrs. Henry Tiefel and Susan Rogers of Hereford were guests from Friday until Sunday in the Buren Sowell home. Canyon visitors Monday included Mr. and Mrs. T. B. Cox and Elaine, Hughes Millard, Grady Wilson, and Merlin Kaul. Mrs. Cox took Elaine to the doctor there. Elaine was run over Saturday morning by her cousin on his bicycle. The wheels went across her shoulder and an examination showed that a nerve had been injured and was causing considerable pain.

Several from here attended the funeral of D. P. Vaughn at Hereford Sunday afternoon.

Mr. and Mrs. P. B. Sowell and children attended the Union Church Services at the Methodist Church in Hereford Sunday night.

Bobby Osburn of Amarillo was a guest in the J. A. Roe home last week. Mr. and Mrs. C. F. Rickles returned home Friday from Decatur where they went to attend the funeral of Mrs. Rickles' mother, Mrs. Ed Duncan. We wish to extend sincere sympathy to

Mr. and Mrs. Rickles in their bereavement. Mrs. C. F. Rickles sprained her ankle last week when she stepped from a porch. It has been quite painful but is improving.

Mr. and Mrs. Travis Dickson moved their furniture to Hereford Friday where they have stored it for the summer.

Mr. and Mrs. T. B. Cox and family were guests Friday night of Mrs. L. B. Hooten at Tulla. Gladys and Howard Gore of Dawn were visitors at Sunday School and church. Jack Allmon, Mrs. Danieil Turrentine are back in the Y. P. class for the summer. Birthday offerings were contributed by Mrs. R. M. Gunn, Mrs. Moody Stephan and Alvin Williams. Mrs. T. B. Cox and Mrs. R. L. Wilson sang a duet before the church hour. Plans are being made for the boys and girls to attend the Ceta Glen Camp next week.

Mr. and Mrs. Henry Otts have moved to the west house at the Alton Fraser farm.

Mrs. Corbett Brown and son of Hereford visited Saturday with Mrs. Henry Otts and Rumelle. Vick Gonzales of Half Center sheared sheep for V. Skypala and Merlin Kaul Friday morning.

Grady Wilson and Merlin Kaul spent Friday in Amarillo.

Mrs. Myrtle Rudd is here from Missouri visiting her son, Paul, and family.

Mr. and Mrs. Tom Roe and family left Thursday morning to return to their home at Ardmore, Okla. Hugh K., who remained here for the summer, has been working for Joe Landers the last few days.

We have plenty of Granary Materials; also nails to go with lumber. Carl McCaslin Lumber Co., one block east courthouse Hereford.

Summer leaf lettuce of the Grand Rapids variety will produce young, tender leaves in three or four weeks, he says. Other vegetables which should be planted at this time for a late crop of the best quality are tendergreen mustard and squash. If a larger assortment of summer time eating is desired, plant butter beans, okra, green pepper, eggplant, cream peas and cantaloupes along with them.

If certain spring plantings are not to be repeated, use those spaces for planting hot weather vegetables. For example, english peas may be followed with cream peas, and after white potatoes are dug, use that ground for cream peas also while the soil is well worked up. If plants of green pepper and eggplant are available, use them and thereby hasten production three or four weeks.

Miss Rector Weds Army Corporal

A quiet wedding on June 3, united in marriage Miss Clara Rector of Friona and Corporal Willard May of Fort Sill, Okla.

The bride is a daughter of Mr. and Mrs. Foster Rector, who live south of Friona. Corporal May is a son of Mrs. E. J. Harper of Amarillo.

The bride wore a navy blue sheer crepe dress, with blue and white accessories.

Mrs. May is a graduate of the Friona High School, class of 1942. Corporal May is a technician in the cooking division at Fort Sill.

The couple left soon after the wedding and will be at home to their many friends at 808 South 2nd Street, Lawton, Okla.

Lakeview Club Studies Selection of Shoes

Club met May 26, at 2:00 p. m. at the home of Mrs. Russell O'Brian for a demonstration by the agent on "Foot Care," and the selection of comfortable shoes.

She gave four commandments on "Care of Feet," posture, standing, keeping straight, toes turned out, and a good fit in comfortable shoes.

Miss Cunningham said 90 per cent of our people have foot trouble. She illustrated the foot as a machine, with muscles, ligaments, etc., working in unison normally. She said: "Rest the feet by sitting a while every few hours, bathing the feet, changing into fresh hose and shoes, is also very restful to tired, aching feet." She stressed the importance of well fitted shoes, taking care that the shoe fits into the arch of the foot and having both hose and shoes long enough, as short shoes as well as hose, will cause bunions. She ended her talk by giving exercises for foot health and ease. There were 12 members present.

The club will meet, June 23 at the home of Mrs. C. A. Guinn. You are welcome to come and join our club, or as a visitor.

Mrs. C. A. Guinn, Reporter.

Miss Wood Bride Of Mr. Sylvester

Miss Wanda Wood, daughter of Mr. and Mrs. A. W. Wood of Friona, became the bride of Mr. Joe Sylvester, son of Mr. and Mrs. M. H. Sylvester, also of this city, in rites performed last Thursday, June 4, at Clovis, N. M.

Mr. Sylvester, who formerly worked for his father in a machine shop here, now is employed at a foundry in Clovis, where the couple will make their home.

Turner-Shields Rites Solemnized In Clovis

Miss Thelma Turner and Lindley Shields were married in a quiet ceremony at Clovis, May 28.

The young couple returned to Friona for a short time, but left last week for Tucumcari, where they plan to make their home.

Parmerton Club Meets With Mrs. Wickard

The Parmerton Home Demonstration Club held its regular meeting, May 27, at the home of Mrs. Wickard. Miss Cunningham home demonstration agent, gave a very beneficial lesson on "Foot Care."

As Mrs. Turner held two active offices she resigned as Program leader, and Mrs. John Bengner was chosen for that position. It was voted to meet at 2:30 o'clock hereafter. One visitor, Mrs. Wickard's daughter, was present, and assisted in serving refreshments of fruit punch and cookies.

The next meeting will be at the home of Mrs. Blackburn, on June 24. Each member is urged to be present, as we have a very interesting and instructive lesson and demonstration for that date.

UNION CONGREGATIONAL CHURCH

Everyone is urged to attend the special children's day program at the Sunday School hour, 11 a. m. The pastor's subject Sunday morning at 12 o'clock will be, "As A Little Child". The junior Christian Endeavor will act as choir at the morning worship service.

Miss June Maurer, member of our Pilgrim youth fellowship, is an official delegate from the Texas-Oklahoma Congregational-Christian Young People's council to the national youth council which convenes at Deerling, New Hampshire, June 18-24. The church wants to thank all

who cooperated in presenting the play by our young people's organization.

BAPTIST CHURCH NEWS

Our Vacation Bible School is coming along just fine. The enrollment has reached 113. Attendance has been high. The spirit could not be finer, and the children seem to be enjoying the school to the fullest extent. Our helpers have been the best ever. Will close Friday morning with

the 10 to 12 session. Services at the church next Sunday with the ordinance of baptism. We urge you one and all who do not go elsewhere to church to come and worship with us.

In co-operation with the wishes of our Mayor we will have no worship service at the church on Sunday evening. Our mayor is asking the entire community to come together at the school auditorium for a Flag Day program. A good program is in the making and we urge one and all

to participate in that service. Joe Wilson, Pastor.

Mrs. W. G. Kennedy, Bailey County farm woman and president of the rural women's organization, indicated during a recent conference with Extension Service workers, that plans for the state meeting will be made at an executive session tentatively set June 24.

"Home demonstration club work is vital and important in periods of peace, but in time of stress its contribution is even greater," Mrs. Kennedy said in discussing how rural women are

aiding in the Food for Victory program, are conserving food, clothing and equipment, and are sustaining the morale of their families. She quoted Lady Halifax, wife of England's ambassador to this country, who said recently in a radio broadcast that the only clubs still intact in England are the "rural women's institutes." These are comparable to home demonstration clubs in Texas.

Silk may go...

BUT This MUST SURVIVE!

We can do without Japan's silk with no serious consequences. We can carry on normally much more easily without Japan's silk than Japan can carry on without our market for her silk.

Already, we have worthy American substitutes for this major Nipponese export product.

It is our task now to defeat Japan, to prevent her from overpowering us and taking our democracy away from us, along with all the other fine things that we have to enjoy here in America. To wrest from us the things that have made America great — Free Speech, Free Thought, Free Opportunity, Free Religious worship — is the aim of Japan and her power-mad partners.

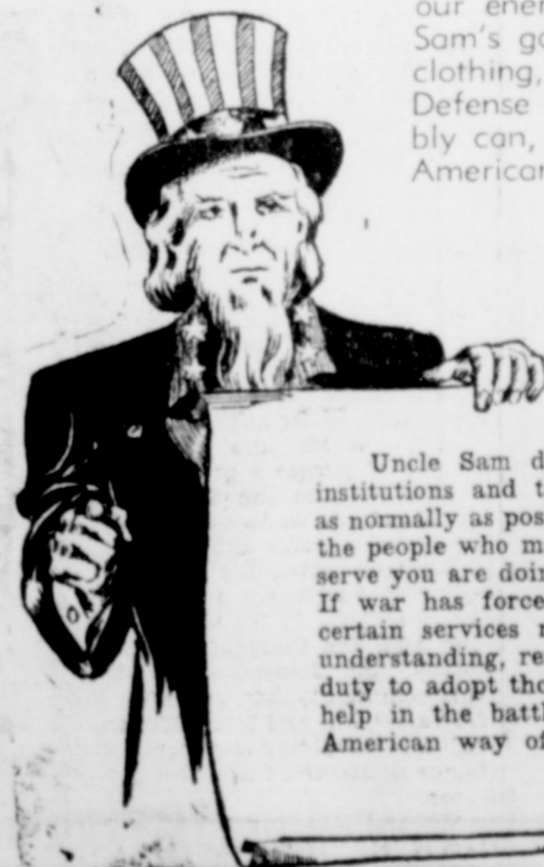

They seek to destroy our way of life, our homes, our churches, our schools... to place a yoke around our necks... to enslave us. We must not permit an Axis Victory. Our way of life must survive.

Whipping Japan and her partners is a job for all of us. The duty of every American citizen is well defined, clear-cut. Our armed forces are fighting with traditional courage and determination. They are making sacrifices to void our enemies' designs.

Any sacrifice that we make, as civilians, is trivial compared to what these hard fighting men are doing. They are risking their lives that we may remain free people... that our American way of life may survive.

We owe it to these brave, self-sacrificing men up front on the battle lines to keep them armed, fed, and clothed abundantly. We must work hard to fulfill our obligation to them. We must use every ounce of our energy to contribute our share to Uncle Sam's goal of adequate production of food, clothing, arms and ammunition. We must buy Defense Bonds and Stamps, all that we possibly can, as soon as we possibly can. Our American way of life must survive.

Uncle Sam desires that the retail merchants, the service institutions and the professional men of our nation carry on as normally as possible, considering that we are at war. Locally, the people who man and manage the firms and institutions that serve you are doing all they can to serve you the best they can. If war has forced certain restrictions or made limitations of certain services mandatory, accept the changes with gracious understanding, remembering that it is both their wish and their duty to adopt those business practices designed to lend greatest help in the battle to insure victory and the survival of our American way of life.

From where I sit...

by Joe Marsh

A FEW weeks ago, I had occasion to visit some friends of mine in Nebraska.

Nebraska certainly is a great State. I like Nebraska. I like those immense cornfields that seem to stretch from horizon to horizon. (Plenty of wheatfields in Nebraska, too.)

But the thing that interests me most about Nebraska right now is the very important social experiment the beer people started there several years ago.

Beer itself is naturally a beverage of moderation. Yet, all too often, people are inclined to blame beer wrongly for any misconduct of the customer or the proprietor in a place licensed to sell beer.

So, the brewers got together to see what they could do about this. They weren't really responsible for their retailers... in fact, they're not allowed to control retailers. But the brewing industry worked out a plan by which it cooperates with the public authorities to eliminate bad conditions in the minority of places whose conduct would reflect on the law-abiding majority.

The beer people urge proprietors of retail places to conduct them properly and to obey the law. They urge consumers to cooperate, and ask the public generally to report law violations to the authorities. They send warnings to careless retailers and if conditions are not corrected they take the case up with the authorities. Naturally the authorities and the public have welcomed this as an added force in building respect for law and order.

That program is now operating in many states — and with the Nation at war, brewing industry organizations cooperate with civil and military authorities to assure good conditions in beer outlets around the army camps and naval stations.

Somewhat, to me, that's a mighty important, public spirited effort. I don't know of anything like it ever having been tried before. If people really help the brewers with that program they'll be doing a great thing for the country.

Human Efficiency Is Our Job . . .

By Mary Elizabeth Stanford
Old fields of endeavor have become new under the impact of war needs. Homemaking has tried as one of its major objectives to improve the pattern of human relationships within the family and within the school.

Our job has already begun. We need to make every effort to do our regular job well on our home front. Victory is bound up in little things as well as big things. It is bound up in battles, in canning, drying food, in care of small children, in our attitudes toward rationing, in our understanding of price control, in buying war bonds and stamps, in wearing old clothes, in community services, in home care of the sick, in business, in factory, in field and in home. Victory is the job for each of us in our own way, and out of our own effort, understanding, and our willingness to forget ourselves and to serve our nation in whatever capacity we are best fitted to serve.

The youth of today are the men and women of tomorrow and they will have a great deal to do with keeping the peace after the war is over. Homemaking has as its aim improved family living, and today its services are broader and more important in fact than at any time in the history of our nation.

Human efficiency is of great importance to our nation and to the world today. How strong we are, how stable and efficient we are will depend on how well we are equipped in food, clothing, housing and how we manage our excess fatigue. Plenty of sleep, adequate clothing which does not hamper our work, and a well balanced diet every day will help us on the home front to stand the strain and help in bringing the war to a close.

Fire Alarm Call Is Almost False

A little after four o'clock Tuesday afternoon a fire alarm called our local fire boys out to extinguish a fire that started at the home of John White. Luckily, however, it was just a grass fire that had gotten away from Roy Hart who was doing some cleaning up about the place and was soon stopped and no damage done.

But "Uncle John" is extremely grateful to our fire boys and that large group of good Friona neighbors, who had gathered there to be of any assistance they might render in stopping the fire and saving the property. "Uncle John" thinks that when you find a better group of neighbors than are here at Friona, you just won't find them.

News of AAA Farm Program

By Kletz Garrison

A number of farmers have been inquiring about volunteer wheat which they intend to harvest and about the number of bushels which would be stored on the farm. In order that there will be no misunderstanding concerning the harvesting of excess volunteer wheat the following explanation is given:

The amount of excess volunteer wheat which must be stored in order to avoid the penalty will be the average yield of wheat on the entire farm including all seeded wheat and volunteer wheat together. A farmer cannot take his average yield on the excess volunteer wheat alone but all wheat on the farm must be averaged. Regardless of whether the volunteer wheat makes less than the seeded wheat or not it will be necessary to store an average from the entire farm or the five year average yield, whichever is smaller. In no case will a man have to store more than his five year average yield times his excess volunteer acreage regardless of how much he produces. If excess volunteer wheat does not average as much as the average for all the wheat on the farm, naturally the producer would have to take off his allotted acreage to store in order that he would have his average yield stored.

There are a number of farmers in the county who intend to

destroy volunteer wheat down to their allotment and do not expect to harvest any wheat in excess of their allotment. In order for a person to make sure that they do not have over their allotment in cases of this nature, I would suggest that they contact this office in order that we could remeasure the destroyed volunteer wheat and issue an official acreage before wheat harvest in order for a farmer to destroy additional wheat in case he still has more than his allotment, to give an example: A farmer has a 100 acre allotment, he has 90.0 acres seeded, he has 25.0 acres of volunteer wheat and he desires to destroy all but 10.0 acres of his volunteer wheat in order that he would not have more than his allotment to harvest. If in destroying this 15.0 acres of wheat he only destroys 14.0 acres and harvests 1.0 acre too much wheat, that is, 90.9 acres of seeded wheat plus 11.0 acres of volunteer wheat, he would be penalized at ten times the rate of pay or the pay off of 10.0 acres of wheat would be charged against his Parity and Conservation check for 1942. He would also be ineligible for any wheat loan and at the present time the loan of \$1.10 per bushel is around ten or fifteen cents above the market price; therefore, for the above reason I believe it advisable for us to recheck all farms which come within the above example.

More than ever before, attention is focused on the summer garden. With victory gardens in almost everybody's back yard the war-emergency program of the nation is finely emphasized in the American kitchen. One of the first things we are able to enjoy from our gardens is spinach and someday when you want a variation from the ordinary way of preparing spinach, try this recipe for spinach cheese ring.

Mrs. Seth B. Holman has a friend, Mrs. Evelyn Bain, who is manager of the Waco Woman's Club and she plans such delicious meals that many requests are made for her recipes. This is one of her favorites.

SPINACH CHEESE RING

- 3 tablespoons butter
- 3 tablespoons flour
- 1 cup milk
- 1-2 lb. American cheese (grated)
- 3 beaten eggs
- 1 cup finely chopped, cooked spinach
- 1-2 cups soft bread crumbs
- salt and pepper to taste

Make a sauce with flour, butter and milk. When thickened and smooth add grated cheese and remove from fire, stirring until cheese is melted. Add eggs, thoroughly drained spinach, crumbs and seasonings to taste. Pour in a buttered ring mold and bake in moderate oven 40 to 50 minutes. Unmold on serving plate, fill center with hot mashed potatoes and garnish with tiny cooked beans. This tastes as good as it looks.

No wonder mankind stays in a mess. All important questions lead to controversy and in time of controversy, nobody will listen to reason.

An Illinois man drew a prison term for robbing the mails. Tried to get what was coming to you and got what was coming to him.
