

... but one ISM in America ... and that's AMERICANISM"

Volume 17—Number 48

FRIONA, PARMER COUNTY, TEXAS — FRIDAY, JUNE 19, 1942

Price: 5c Per Copy

PERSONALS

Fred Dennis was a business visitor in Clovis Monday.

Bud Buchanan of Plainview spent Sunday here with home folks.

Roy Hughes left last week for Wichita Falls where he will visit relatives and friends for a few days.

Beecher Bristow was a business visitor in Amarillo Wednesday.

W. W. Camp was in Farwell, Tuesday.

Miss Ozell Williams, who is attending Nurses School at Northwest Texas Hospital in Amarillo, arrived home Monday for a few days vacation with home folks.

Chester Sheets was a business visitor in Colorado the first of the week.

Raymond Jacobs of Earth was a business visitor in Friona Wednesday.

Mrs. L. L. Hill and children of Canyon spent their epast week-end with friends here.

Mr. and Mrs. Joe Wilkins and children who had spent the past two weeks visiting relatives and friends in Oklahoma, returned home Saturday.

Joe Brumitt, who is stationed with the armed forces in Florida, arrived Friday in Friona, where he will visit relatives and friends for two weeks.

Miss Beulah Ruth Fallwell spent last week end with her aunt, Mrs. J. B. Colthard, of Texico.

Mmes. Shackelford and Smith returned last Wednesday from a visit at Denton and other points in that part of the state.

W. E. Crudgington of Breckenridge is spending this week here as a guest of his sister-in-law, Mrs. Tommy Wilburn.

E. R. McCune of Lubbock, Texas, visited friends in Friona, Tuesday.

The old sign of "Rushing's Jr. Department Store", was removed last week and a new sign, reading "Miller's Jr. Department Store" was placed in its stead. The business is now owned and operated by Mr. and Mrs. Ralph Miller.

George McLean was considerably worried the early part of the week because the hail had destroyed all his watermelon and muskmelon vines. Such things as this are frequently occurring to worry George. Otherwise he would apparently be a perfectly happy man.

Workmen have about completed the first addition of new storage bins at the Friona Wheat Growers elevators. The other proposed addition at the west end of the larger elevator will probably be started this week.

Roy Hughes spent the week-end with relatives at Wichita Falls.

J. R. Roden played in the golf finals at Clovis, Sunday.

Walter Crump, recently returned from California, was in Friona Sunday.

Many people report that much of their fruit was beaten from the trees and all gardens destroyed by the hail Sunday evening.

Mr. Jack Jasper, who was reported seriously ill two weeks ago, is able to be up and about again.

Mr. and Mrs. Bill Flippin and John White visited the Panhandle Plains Museum at Canyon, and the Palo Duro Canyon Sunday afternoon. They ran into the wind and hail storm soon after passing Summerfield on their way home.

Jack Kirksey, of Rockwell Bros. & Co., of Hereford, was a business visitor here Tuesday.

Work is going forward this week on the re-roofing of the Friona State Bank building.

Roy Price and daughter were business visitors at Amarillo, Tuesday.

Betty Ann Taylor, daughter of Mr. and Mrs. G. C. Taylor, who has been at home for the past few weeks returned Monday to Canyon where she will attend summer school at WTSC.

Mr. and Mrs. Ralph Tedford and children, who were called to the bedside of Mrs. R. B. Hicks at Seagraves last week, returned to their home here Monday. At this time Mrs. Hicks is reported to be rapidly improving.

Elmo Dean Brings First 1942 Wheat

The first 1942 wheat brought to the Friona market was delivered to the Santa Fe Grain Co. Elevator Wednesday, by Elmo Dean of the Rhea community. Mr. Dean's first load tested only 58 on account of moisture, but all succeeding loads tested No. 1 and were placed in the government loan, which yielded the owner at least \$1.13 per bushel.

Friona Machinery Co. In New Building

J. J. Williams, proprietor of the Friona Hdw. & Implement Co. last week purchased the building, stock and business of M. H. Sylvester, located on Main Street, and has moved his stock of hardware, machinery and parts to his new location, where the business will be known as Friona Machinery Company.

Mr. Williams, assisted by Beecher Bristow, will continue the same line of repair and mechanical business carried on by Mr. Sylvester. In addition to this he will continue to handle the Oliver Farm Equipment, together with a stock of hardware and machine parts. He invites his friends and patrons to visit him in his new location.

Grass Fire Does Slight Damage

Our local fire boys received another call for service Tuesday afternoon, again to the north part of town, where another grass fire had got beyond control at the bakery building. Within ten minutes from the time the alarm was received, the boys had reached the place, extinguished the fire and were on their way back to the fire station.

VISITED RELATIVES AT AUSTIN

Mrs. F. N. Welch and son, France, and daughter, Miss Myrna Loy, returned last week from a ten day visit with their daughter and sister, Mrs. Rex Johnston, and her husband, Mrs. Estella Welch.

Mr. Johnston is a student and also an instructor in the University of Texas.

While in the State Capital they visited the Governor's mansion, the Capitol building and the University buildings and grounds. They enjoyed the trip and report that the Johnstons are well and happy.

UNION CONGREGATIONAL CHURCH

Everyone enjoyed the special program presented by 25 children at the Sunday School as part of the Children's Day observance last Sunday.

The members of the junior Christian Endeavor enjoyed a picnic in Palo Duro Canyon Thursday. The Ladies Aid met at the home of Mrs. Roy T. Slagle Wednesday afternoon, and a good time was enjoyed by all present.

While the busy season is upon us, let us not neglect the higher things of the spirit and attend church services as much as possible.

A special Father's Day message is planned for this Sunday. Paxton Smith, Pastor.

LOCAL

Jackie Mae, Richard and Gordon Bennett, children of Mr. and Mrs. Guy Bennett, left early Wednesday morning to spend the remainder of the summer with Mr. Bennett's parents in Oklahoma.

BAPTIST CHURCH NEWS

A group of boys ten in all, with Rev. Wilson, Mrs. Price and Mrs. Magna returned from the R. A. Camp Wednesday afternoon. They reported a great meeting with more than 250 in attendance.

Rev. Lowell Ponder, our District Missionary, will preach at the Baptist Church Sunday night, June 21st. A cordial invitation to attend this service is extended to all.

Rev. Joe Wilson, Pastor.

Estimated Damaging Hail Storm Sunday Afternoon

JASPER IN COOK'S CAMP

Walter Jasper, son of Mr. and Mrs. T. N. Jasper was inducted into the service two weeks ago, and is now Mr. and Mrs. Jasper's third son in the armed forces. He is stationed at Bty. A, 56 F. A. Bldg. No. 6136, Camp Roberts, Calif., and writes his parents as follows:

May 7, 1942

Dear Dad and Family:

Here I am in the hills of California. I imagine there are about 70,000 men here. I am in the Cook's Corps and I will be here for about 13 weeks. I sure hope I do good, being as I have to stay here I am going to do the best I can. I wish you would send me Buster's and Raymond's addresses. I will write to them. We are in the "black-out" districts. We are out here until our training is over. I don't know for sure, but I think maybe I will get along O. K. I intend to do my best and get moved to some other place. We came through Friona Thursday night but I did not see anybody I knew. There is not much to write about so I will close. As ever, a son, Walter.

OSBORN BOYS IN SERVICE

Forest and Ernest Osborn, sons of Mr. and Mrs. W. C. Osborn of Friona, are both in the service.

Ernest, the younger son, was inducted a year or more ago and is stationed at Fort Bliss, with the following address: Pvt. Ernest F. Osborn, H. Q. Co. 691st, T. D. Bn., Fort Bliss, Texas. When first inducted, Ernest wrote that he did not enjoy army life but has now become accustomed to it and is liking it better as time goes on. He has been receiving the Star and writes that he greatly enjoys it.

Forest enlisted in the Navy and was inducted about two months ago. He likes the service quite well. His address is: Forest William Osborn, Group III, Class 3-42, U. S. Navy T. S., San Diego, Calif. He writes his parents that he would enjoy reading the Star and it will be going out to him each week.

LEE EULER TRANSFERRED

Lee Euler, son of Mr. and Mrs. Elmer Euler, was inducted in May and stationed at Camp Wallace, Tex. He has recently been transferred to Seattle, Wash., where his address is Pvt. Lee E. Euler, Bty. 206 B. C. A. A. A., Seattle, Washington. He has always wanted to go to Alaska and now seems to be headed in that direction.

KIRKPATRICK CALLED TO NAVY

Scott Kirkpatrick, who enlisted with the Sea Bees a few weeks ago, received his call for induction last week and left Friday for Dallas to receive his assignment.

TRUITT TO NORFOLK

Two cards have been received here from Frank Truitt, who left here last week to enter active service in the Navy. The second card was written Sunday at St. Louis, Mo., while he was enroute to Norfolk, Va., where he will probably be temporarily stationed.

WHITEFIELD IN IRELAND

Orville (Red) Whitefield is now with the A. E. F. in Ireland. A letter received by Red's parents, Mr. and Mrs. E. B. Whitefield, described his visit to the city of Belfast.

BUCHANANS AT PLAINVIEW

J. D. Buchanan and family are spending a part of this week at their farm near Plainview where they are repairing and remodeling their home.

The Buchanans will probably move to Plainview after harvest.

Half Million Bushel Loss In Hail Storm Sunday Afternoon

Hail Storm Cuts Flag Program Attendance

Because of the devastating hail storm which struck Friona late Sunday afternoon and the threatening weather that followed; the attendance at the "Flag Day" program at the school auditorium Sunday evening was small.

The fall of hail and rain that visited the territory just before the time set for the program made the country roads so slippery that people from the country could not get in and the continued sprinkling kept most of the people in town away so that only about 25 persons were present to hear an interesting patriotic address by Dr. A. K. Knott, of the West Texas State College.

Other numbers of the program were carried out as advertised.

Younger Boys Register On June 30th

Registration of 18 and 19 year old boys and those who have reached their 20th birthday since the Feb. 19 registration will take place in Friona on Tuesday, June 30 at the Legion Hall.

The 18 and 19 year old boys are not yet in the draft age, and prospects do not point to immediate military service for this group.

Rev. Joe Wilson, in charge of the Friona registration, announces that hours will be from 7 o'clock in the morning until 9 o'clock at night.

AAA Office Moves From Court House

Offices of the Parmer County AAA were moved last week from the court house to the Cranfill building in the north part of Farwell, just east of the Fox Drug Store.

The move was made, according to reports, because the old offices in the court house were so crowded as to impede efficiency in office work.

Funeral For Infant Daughter of Busbys

Shirley Ann Busby, infant daughter of Mr. and Mrs. Pat Busby, who live 16 miles southeast of Friona, died two hours after birth Sunday at the McReynolds clinic. Graveside services were conducted by Rev. Paxton Smith, Congregational pastor, Sunday afternoon. Besides the parents and grandparents, the infant is survived by a sister, Ima Jewel Busby.

Bobbie Blackwell, who is attending college at Canyon, was at home for a week end visit.

Jeff Booker was a Texico visitor, Sunday.

U. S. Jungle Soldiers

Like the invisible insects that bother them, these U. S. Army fighters are unseen danger to an approaching enemy. Signal Corps photo shows two soldiers manning a machine gun somewhere in the Caribbean area.

Harper Named County Agent

Garlon A. Harper is the new Parmer County Agent, taking the place of Lee H. McElroy, who resigned several weeks ago to go into the army, according to an announcement of the commissioner's court.

Harper comes here from Plainview, where he has been assistant county agent in Hale County for the past year. Previous to that time, he was in charge of the Parmer County AAA office for about three years and is already well known to Parmer County people.

Mr. Harper announces that grasshopper poison to combat the serious menace to crops in the county is now available at a price of 20 cents a hundred pounds. Farmers wishing to buy the poison mash are asked to get in touch with the county agent, as stations for the county had not been designated early this week.

O'Rear And Reeve Enter Civil Service

Harlan O'Rear and Charles Reeve were called last week to report for training to enter civil service divisions of the country's war effort.

O'Rear went to a training school in Ohio where he will take a course in the making and handling of explosives, after which he will be sent to work in a government munitions plant.

Reeve will take training for work as a chemist in the Air Corps and will enter the Ground Air Force Department at Chanute Field, Ill.

Both men successfully took civil service examinations before being called for further training.

Elmer Kinder Buried Here Sunday P. M.

Elmer Kinder, distant relative of Rev. E. E. Houlette of Friona and of E. P. Houlette of Clovis, N. M., was buried in the Friona cemetery Sunday afternoon. He died Saturday in Clovis.

Mr. Kinder had no immediate family and had been in poor health for the past year or more, during which time he has been cared for by the Houlette brothers.

With the death of Mr. Kinder came the end of his family name. His grandfather was an only son, his father was an only son, and he was without descendant by which to carry on the family name.

Carlton McCoy left last Thursday for a visit in California.

Jeff Booker was a Texico visitor, Sunday.

Probably the most destructive and the most widespread hail storm on record for Parmer County struck late Sunday afternoon, when an estimated half million bushels of wheat, almost ready for harvest, was destroyed in a storm of from three to five minutes duration.

From the best available reports reaching the Star office, the storm originated somewhere near Grady, N. M., and spread east and a little south in its mad race of destruction.

Only meager reports from the Rhea community have been received, but what has been learned indicates great destruction in that locality.

Practically the entire southwest half of Parmer county was not reached by the storm. Robert Leach, who lives nearly west of Friona, stated that his crop was unharmed, and no damage is reported from the Bovina territory or from Homeland or Hub, which is located directly south of Friona.

Reports state that many fields of wheat in the southwestern part of Deaf Smith County were completely destroyed. Deaf Smith County farmers, Fred Perry, Lewis Smith and his father and brother; W. P. Brookfield, George Messenger and others, report heavy damage.

Farmers in Parmer County, just across the Deaf Smith County line, report partial or complete loss of their crops. Among these are M. C. Osborn, S. F. Warren, J. A. Wimberley, L. F. Lillard and E. E. Taylor, who suffered only partial damage, estimated from 50 to 75 percent. Also included in this group are D. H. Meade and W. C. Osborn.

Among others from north of Friona who report a total loss of crops are H. C. Davis, E. R. New, Wayne Stark, T. J. Crawford, J. A. Blackwell, F. N. and Nelson Welch, A. S. Curry and E. M. Sherrieb.

Those near Friona on the north and to the southeast of Friona are John White, total loss; C. V. Goodwine and James Bragg, south of town, partial loss; Elmer Euler, total loss; and from Mr. Euler's place eastward, all farms heard from report total loss.

In the Black locality, seven miles northeast of Friona, the storm appears to have been at its worst, as all crops were destroyed and windows smashed in many of the homes. Dudley Robason, living in the east part of the county, reports a total loss on his farm. Roy Price, living two miles east of Black, reports that in addition to the loss of his crop, every pane of glass in his home was broken out and some damage sustained by his livestock. Mr. Price also stated that the farms adjoining him on the north, owned by Barnett brothers, were severely damaged but some of the crops may be salvaged; but to the south and east of him the destruction was complete, including the farms of his father and brother, W. H. and Ralph Price; J. W. Cobb and W. H. Flippin; from other hearsay reports it appears that all farms in that locality suffered either partial or total losses.

Lakeview community, southeast of Friona, is also reported as badly damaged, many of the losses being total; and E. B. Whitefield and T. Manderscheid, living south of Lakeview, report heavy damage.

Bill Shirley of Lazbuddy while in Friona Monday reported that practically all the wheat in his locality was a total loss, the damage extending as far to the west as the Jesko settlement, which is almost due south of Friona.

J. M. Osborn, cashier of the Muleshoe Bank, Monday stated that the hail destruction had extended as far south as Muleshoe and perhaps farther, with damage averaging about the same as is reported for this part of Parmer county.

Reports come from F. N. Welch seven miles northeast of town, that he and his son, Nelson Welch, have lost an estimated \$20,000.00 worth of wheat. Mr. Welch had just completed the building of a grain elevator on his farm for the storing and handling of his immense wheat crop.

(Continued on Back Page)

News of AAA Farm Program

By Kletz Garrison

To date we have not received any instructions as to whether grain sorghum loans will be extended or not; however, it is assumed that they will be extended in those cases which the producers desire. I talked with the state office in College Station this week and they informed me that they had not received any instructions on extended grain sorghum loans as yet.

Barley Loans

To date we have not received any instructions as to whether there will be barley loans on the 1942 crop. The state office has advised us that they were almost sure barley loans would be available, however, no instructions have been received at this time.

Prefabricated Granaries

It is very surprising and also very amusing the number of different rumors that are going around concerning the prefabricated granaries which Commodity Credit Corporation is making available for farm storage purposes. In order that there will be no misunderstanding, there is given below all the information which we have regarding these granaries.

They are wooden granaries and not steel. The large granaries hold 1843 bushels and the smaller granaries hold 1592 bushels. The granaries are built in Austin and Houston and are shipped in car load lots of five to any point in Texas at \$225 and \$70 respectively, freight prepaid. They are built in four and six foot sections and are to be set up by the farmers who buy them. They have shingle tops, however, the shingles will have to be put on by the farmer. The

granaries come complete with bolts, nails, hinges, hasps and paint, and the only expense the farmer will be out is for the foundation. Extreme care will have to be taken in constructing the foundation since it is very important that the foundation be as level as possible in order for the sections to fit completely. Any farmer who desires to obtain one of these granaries should place his order as soon as possible since it is likely that there will not be enough granaries for everyone. The granaries may be purchased either by cash or by executing a note in favor of Commodity Credit Corporation which will bear 3 percent interest, and also giving a chattel mortgage on the granary. The note will be due December 31, 1943. This will give a farmer a chance to store two wheat crops and two grain sorghum crops; therefore, if a farmer turns his storage allowance back in to apply against his note, he should encounter no trouble whatever in paying for the granary. To date we have ordered approximately 100 granaries. Orders are placed by telegram daily and we expect it will take approximately ten days or two weeks after the granaries are ordered until they will be received in the county.

AAA Office Moved

The Parmer county AAA office is now located in the Cranfill building two doors east of the Security State Bank. This move was made necessary due to inadequate office space in the court house and all farmers are invited to come in and inspect the new location.

COGITATIONS and APHORISMS of Jodok

I cannot recall who it was, but someone remarked to me the other day: "Jodok, you are not near so dumb as you look and act most of the time." It may have been John Silvertooth or maybe it was George McLean. But that does not matter.

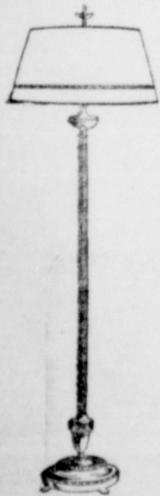

Neither can I recall the incident that provoked the remark, and neither does that matter; but the fact that bothers me now is whether or not the man's judgment was any good when he made the remark. I do not know. I may have unwittingly made some statement that sounded to him like "common sense." Some people do just that sometimes.

In the days when wood for fuel was cut with an axe, I have frequently heard men say that their axe handle was so crooked that they could not hit twice in the same place with the axe. A friend of mine who once had a badly warped axe handle, intending to use the same phrase, stated that his handle was so crooked that he could not hit "once" in a place with it. We other boys laughed at his seeming error, thinking we had somewhat

YOU ARE NOT HOARDING WHEN YOU TAKE ADVANTAGE OF SPECIALS LIKE THIS

Texas-New Mexico Utilities Company

of a joke on him, as he had never been given credit for too much intelligence.

But, as I have grown older and thought of that remark of Jodok's, I am inclined to wonder if the "laugh was not on us," after all. And it may have been some similar remark of mine that caused John or George or whoever it was to make the remark above mentioned, made "unwittingly" of course, but with apparently good intentions.

And I am beginning to realize the fact that I have gone through life, chopping and hewing at the timber in life's forest, thinking that I was working it into a condition that would make it more serviceable to myself and my fellow man, only to realize now that my axe handle has been so crooked that I have not been able to hit "Once in a place" with it, therefore accomplishing nothing, and I wonder if I have been the only one, that has done so.

All of which has a tendency to convince me that I have no occasion whatsoever to be "struck on myself" in any form or manner nor for any reason. It just occurs to me that when a man becomes "struck on himself" he really has very little reason for becoming "struck" at all.

There are many, many very embarrassing circumstances that one may encounter in the course of a lifetime here; although it is not likely that anyone individual will be called upon to experience them all; but those which he has experienced he will always look back upon with considerable chagrin and sincere regret, or at least that is true with me.

It occurs to me that one of my chief weaknesses has been encountering embarrassing circumstances; and as I now sit and meander back along Memory's Lane and come upon those embarrassing moments as memory pick them up, my mind is filled with mortification, humiliation and disgust. And the more humiliating and disgusting they appear to me now as I realize that I might easily have escaped all of them by simply not being there at the time.

But the most embarrassing moment I can recall was when I was in attendance at a mass meeting of citizens while I was Governor of the State, and it became my duty along with other important personages to occupy a place on the speakers stand. Just as the group of dignitaries filed out on the stage a roar of cheering or applause arose from the throng of people.

Thinking myself to be the object of all this applause, I arose from my chair and bowed and scraped; but the cheering continued and I went through the performance again and again, and finally resumed my seat. I was then much younger than I be now, and not nearly so wise nor so important as I thought I was.

But the cheering continued and it was then that a more elderly man, who also formed a part of the group on the stage arose and the cheering broke into doubled vehemence. He did the honors of acknowledgement just as meekly as I had done it pompously, and then very modestly resumed his seat and the cheering ceased.

Then, and not until then, did I begin to perceive that the applause or cheering had all been intended for him, and none of it for me, for he was a man of national renown, and had been in the public limelight for many years, and was known and revered throughout the nation for his wisdom and judgment as a statesman.

And when the reality of the situation finally penetrated my dome of concrete, my embarrassment and mortification was so strong, I could taste it.

Thus, it is plainly to be seen that if I had waited to have honor thrust upon me instead of jumping at conclusions and assuming it, all this embarrassment and mortification would not have occurred.

The Great Teacher at one time told his disciples that when they were bidden to a feast to go in and take, not the upper seat, but the lower, for if they took the upper seats and were not worthy, the master of the feast would come and ask them to go back to the lower seats, which would be mortifying to them; but if they should take the lower seats, then the master of ceremonies would come and say to them: "Friend, go up higher," and that would be a great honor for them. And so it would have been for me.

Girl Gunner

Sweater girl, 1942 style, toads a 30-mm. gun into an anti-aircraft gun on the firing range at the Army's proving grounds at Aberdeen, Md. She's one of many women now employed to test guns there.

POLITICAL ANNOUNCEMENTS Parmer County

FOR COUNTY ATTORNEY:
A. D. SMITH
For Sheriff, Tax Collector:
EARL BOOTH
For County Judge and School Superintendent:
LEE THOMPSON
COUNTY TREASURER:
ROY B. EZELL (Re-election)
For County and District Clerk:
D. K. ROBERTS (Re-election)
For Commissioner Precinct No. 1:
C. A. WICKARD
DAVID MOSELEY
D. O. ROBASON
COMMISSIONER, Prec. No. 4
O. M. JENNINGS (Re-election)
For District Attorney, 69th Judicial District:
JOHN B. HONTS (Re-election).

It is an old and much used maxim: "Jack of all trades and master of none," which in itself is not so bad in the event one can qualify for it. But in my individual case, I cannot claim to be even a "Jack of a few trades and master of none." But I know another expression, which, however has never become a maxim so far as I have ever heard; and that is—"Master of one trade and Jack of none."

And I have known many men to whom that expression could be truthfully applied, and I have a man of that sort in mind now. He does not, so far as I know, lay claim to being anything at any other trade, but he is surely a master of one, and that is the one he is now following and is making a quiet success of it. He is a salesman. But he is making no loud claims as to his ability along that line. And he is also a

sales manager.
"Oh, would some power, The giftie gae us, To see oursel's As lthers see us; It wod fra mony a blunder free us, And foolish notion." I believe the quotation is from Robert Burns.

Pen Roosters After Hatching Season Ends

After the hatching season ends pen up the roosters, or sell them or can them. Otherwise, says George P. McCarthy, poultry husbandman of the A. and M. College Extension Service, a \$15,000,000 loss may result from production of fertile eggs during the summer. That sum would buy a lot of machineguns or cannon, but even more serious is the loss of food stocks it represents.

Realizing this, County Agricultural Agent John Moosberg arranged a "Rooster Day" through the Shelby County USDA war board, and Mayor Y. W. Rogers of Center made it official with a proclamation which requested that:

"There shall not be heard a cock's crow within the corporate limits of the City of Center during the 150 day period beginning the morning of May 9, 1942, except such cock bird be confined in a pen or yard individually, or with one or more of his kind, and that the owner of the birds so confined should not permit the entry of the female of the species that may or may not be producing eggs which may reach the kitchens and pantries of our city."

"But why stop with the roosters?" McCarthy asks. "Pen the

broody hens. They break eggs and reduce the quality of eggs. A small pen without a nest or roost soon discourages broodiness."

Clean litter, especially in nests, helps to decrease the number of soiled eggs. If possible have at least one nest for every five hens. Gather eggs at least twice a day in a wire basket, which allows air to circulate around them and reduces the internal temperature. Many farm families have built an iceless refrigerator for holding eggs to check evaporation and reduce internal temperature. Eggs kept in this refrigerator, plans for which may be obtained from county extension agents, suffer little, if any, deterioration in quality when marketed twice weekly.

It takes a lot more than looking down on others to place you above them.

SHORT'S From Here, There and Everywhere

A young man can enlist in the Navy now and retire on half-pay before he is 40 years old. That's something!

Living expenses aren't bad at all. The rub is being able to meet them.

A nice thing about a one-way street is that you can only be bumped from the rear.

Truth may be stranger than fiction, but it isn't nearly so marketable.

Stewing over the fact that you have struck out is one way to fold up, but not the way to connect next time at bat.

SOCIETY

Photo Scavenger Hunt For Walther League

The Walther League of the Rhea Immanuel Lutheran Church met last Sunday for a Photo Scavenger Hunt.

The League was divided into two groups and each group was given four topics of which to take pictures. The topics were: (1) "Suffer the Little Children" (Religious); (2) "Beautiful, Beautiful Texas" (Scenic); (3) "The Pause that Refreshes" (Human Interest); and (4) "Choose Your Own Title" (Miscellaneous).

The pictures will be judged at our next meeting.

Keller Reviews Books For Ladies Aid

The Ladies Aid of the Rhea Immanuel Lutheran Church met June 9 at the home of Mrs. Clara Sachs.

After a short business session, Rev. Karl Keller gave a short review on "Books of the Old Testament".

Seven members of the Clovis Immanuel Lutheran Ladies Aid met with us at this meeting. The hostess served delicious refreshments to seven members, nine visitors and the pastor.

Victory Club Studies Sugar Substitutes

The Victory Home Demonstration Club met June 12 in the home of Mrs. C. H. Collier, with seven members and six visitors present. We were happy to have two new members join. They are Mrs. Eugene Boggess and Mrs. Rudolph Fenner.

Other visitors were Grandmother Hyde, Mrs. Merrill, Thelma Mae Boggess and Doris Moody.

Mrs. Boggess resigned as council delegate, owing to ill health, and Mrs. C. L. Vestal was elected to fill the place.

Miss Cunningham gave an interesting talk on "Sugar Substitutes" demonstrating different sweet sandwiches that were sugarless and delicious.

The club voted not to entertain any visiting club this year, because of the tire shortage. Instead we are going to invite friends to our next meeting, which will be held in the home of Mrs. David Moseley on July 10. All members are urged to be present and bring a guest.

Refreshments of strawberry shortcake and tea were served.

Mrs. M. W. Moody, Reporter

WEATHER AND CROPS

Other than the moisture received from the melted hail which fell Sunday evening, very little moisture has been received for the past several weeks, and the soil is dry.

A few days, especially the mornings of last week were unusually cool for this time of the year. So much so that some of the people who had their gas cut off the week before, asked that it be turned on again, as it was uncomfortably cool without some fire.

In contrast to those days we have been experiencing Tuesday and Wednesday, the usual "hot" weather which usually comes about the latter half of June.

Because of the dry weather, very little of the spring crops have been planted, according to many farmers of the Friona territory. Of that which has been

planted, only a portion has come up. Of that which has come up, much of it seems to be on what might be called a "sit-down strike", and seems to have struck for more moisture, as it is doing nothing in the way of growing.

A few farmers, however, report much of their crops planted and appearing to be growing.

Tuesday and Wednesday were the warmest days of the season to date. It is beginning to look very unfavorable for row crops, either grain or cotton in this locality, owing to lack of moisture.

Mr. and Mrs. P. Dobbs were seen in Amarillo, Sunday.

Summerfield

MRS. JIM CLARK

The hail which came Sunday afternoon got entirely too close to this community for comfort.

W. L. Johnson in the Black Community estimated his wheat at about 50 per cent damaged. Nearer Black the damage seemed to be heavier.

H. G. (Hank) Behrends, Neal Cross, and others of the Rance Community were completely hailed out.

Wheat of course was not the only loss. Feed stuff and gardens were also damaged—some of them being completely destroyed.

Seventy two persons attended Sunday School Sunday morning. Some eight or ten more came for the preaching hour.

Twenty-four children from this community were enrolled in the Dally Vacation Bible School which has been in progress the past two weeks in the Baptist Church at Hereford. A number from here attended the final services of the school Sunday evening.

Mrs. B. E. Roberson, Mrs. Ray Johnson and Mrs. Ross Roy were in Amarillo Monday. Miss Shirley Ruth Thomas, a sister of Mrs. Roy accompanied the women to Amarillo and went on to Dalhart where she works.

Leaving early Monday morning to attend Boy's Camp in Ceta Glen were Harold Clark, Bobby C. Ker, Bobby Clark, Jim Suttle, Paul Lance, C. J. Lance, Wayne Lee, Wendal Roberson, Harold Gowan, Rev. M. D. Rexrode and Miss Gertrude Atchley.

Planning to go to Girls Camp which started Wednesday at noon were Letha Fay Roy, Joan Walser, Charlene Lee, Dorothy Lee, Billie Ray Johnson, Jewel Clark and Mrs. M. D. Rexrode.

L. H. Lookingbill spent several days recently at his grandfather's ranch in New Mexico.

Miss Shirley Ruth Thomas of Dalhart visited her father, C. B. Thomas, Mrs. Thomas, and other relatives here over the week end.

Everett Storey has arrived home to help his father during wheat harvest. Everett's entrance into the army has been delayed because of an arm injury which he received several months ago.

Mrs. Geo. DeLozier, Mrs. R. D. Lance, Jr., and Roy Suttles were in Wichita Falls last week visiting R. D. Lance, Jr., a private at Sheppard Field.

Miss Billie Louise Lance has been in Hereford at the home of her grandmother, Mrs. C. H. Carl, the past several days recuperating from an attack of appendicitis. Her mother, Mrs. Earl Lance and Rosene and Jerry Don, have also been in the Carl home.

Attending a birthday dinner Sunday, honoring E. H. Fullwood in the R. A. Fullwood home at

Hereford were Mrs. D. C. Walser and Mr. and Mrs. Charlie Noland and family.

Sunday visitors in the B. A. Atchley home were Mr. and Mrs. Bill Knox and family of Hereford and Mr. and Mrs. H. D. Hill of Ford.

A large number from this community attended the funeral services Friday afternoon at the Baptist Church in Hereford for Dr. G. F. LeGrand.

Mr. and Mrs. Ky Lawrence who were in Hot Springs, N. M., recently report that fishing is

grand although the flood waters are still rising. Some boat docks which had already been moved to higher ground once, were moved again while they were there.

Jody Young, who has been working for the Lawrences for several weeks, returned to Hot Springs with them to be drafted into the army.

The W. M. U. met Wednesday afternoon for a combined Bible lesson and missionary program.

In the absence of the leader, the president, Mrs. B. E. Roberson, very capably handled the pro-

gram as prepared in the Royal Service Magazine.

During the Bible lesson period a "Spelling match" with questions instead of words was featured under the direction of Mrs. Jim Clark.

Members attending were Mesdames Roberson, Clark, Ky Lawrence, L. L. Cannon, J. B. Noland, M. D. Rexrode, O. B. Sumner and one new member, Mrs. Ross Roy.

July 22 is the date set for the next mission study book.

Mrs. D. C. Walser will teach "Talks on Soul Winning."

Mr. and Mrs. Evans, their son and wife and two children from near Phoenix, Ariz., arrived here Thursday to make their home on the H. Trigg farm.

Mr. Evans is a brother of Joe Evans.

Edward Ray Hawkins, son of Mr. and Mrs. Walter Hawkins of Lamesa, arrived Saturday to visit his grandparents, Mr. and Mrs. B. A. Atchley.

Mr. and Mrs. Earl Lackey and family of Littlefield, Mr. and Mrs. Jack Streun and sons of Rance and Mrs. Albert Farris of Here-

ford were supper guests Saturday evening in the R. D. Lance home. Earl Lackey, a sister of Mrs. Lance did not know Mrs. Lance was away from home.

Mrs. Lance's father, Mr. Lackey, also of Littlefield is spending a few days in the Lance home.

Rose Stephan, daughter of Mr. and Mrs. Moody Stephan, spent several days last week with her uncle and aunt, Mr. and Mrs. Carl Lee and family.

YOU CANNOT WIN
Adolph...
IF

Our Duty:
To Fit
Them To
Fight

The Sponsors

(Listed Below) of this message, carrying out the wishes of Uncle Sam, pledge their patronage the most efficient and the most complete service possible to provide, considering that our nation is at war:

You are needed! Uncle Sam wants every man and every woman in all walks of life to get busy with unabated vigor to produce more . . . to help amass such an overwhelming supply of everything—guns, ships, tanks, planes, ammunition, food, clothing, supplies—that Adolph and his crowd will gasp in awe at such colossal achievement.

You can help by putting all that you have into your job, whatever you are doing. You see, if every individual did his job just a little better, produced just a little more, the nation-wide collective total would be so great that it would shatter Adolph's dream of conquering the world and of robbing us of the things that we cherish most—free religious worship, free speech, free thought, free action. We must remain free to continue our way of life unhampered by the brutal whims of a mad man.

You must not fail Uncle Sam in this crisis. You are a more important person now than ever before. Think what would happen if every American, not in the armed forces, assumed that our government would get the job done without his help? Well, there just wouldn't be an Uncle Sam, would there? And this thought is just too terrible to contemplate, isn't it? Resolve not to let him down now, when he needs you most . . . when you have a chance to prove that you are worthy to be called a real American.

Conserve on everything, especially those things essential to our armament program, but do not deny yourself the things that you require to carry on life as normally as possible, considering that we are at war. Be a good American. Buy all of the Defense Bonds and Stamps that you can.

No, Adolph cannot win, if every American does his part.

The retail merchants, the service institutions, and the professional men serving you may be unable, in some instances, to give you the same complete service and attention that you were accustomed to receiving from them in peace time. Accept any little inconvenience that may occur with graciousness, knowing that they are doing all that they can to serve you the best that they can . . . And that what they are doing is what Uncle Sam wishes them to do.

Include Herbs In Your Victory Garden

With imports restricted by war-time conditions, most Texans may profitably include a few herbs in their victory gardens, says Jennie Camp, specialist in home production planning for the A. and M. College Extension Service.

Many herbs are well adapted to Texas conditions and a few might be grown commercially in Texas, the specialist says, calling attention to a recent report prepared by S. H. Yarnell, chief of the Texas Agricultural Experiment Station's division of horticulture. Among the herbs and spices which might be grown with garden care in the state are basil, dill, mint, sage, parsley, anise, bergamot, catnip, chives, dittany, fennel, hyssop, marjoram, mustard, rosemary, savory, tarragon, and lemon verbena.

Using herbs in cooking is an art, Miss Camp says—an art which is practiced too little. They give stimulating flavors to drinks and distinctive flavors to warmed-over dishes "and in many other ways can aid the home-maker in making cooking an adventure rather than daily chore."

Here are some rules for cooking with herbs: Use them sparingly. Blend them judiciously. Don't use herbs in every dish. Parsley and fennel are good with poultry, veal, venison and fish. Thyme, marjoram, and savory also combine well with these meats, while lamb or mutton may have mint sauce or mint jelly. A dish of mint or tarragon will make fruit salads more delightful. Chives, mint, parsley, pepper grass, watercress, and sorrel will give other salads new and unknown tangs, the specialist says. Poppy and caraway seeds add interest to breads rolls and pickles. Woodruff, mint, lemon verbena, balm, rose geranium, and anise are good in beverages.

Westway Items

By MRS. MERLIN KAUL

Mr. and Mrs. R. M. Gunn, Mrs. Joe Landers and Ross Joe and Mrs. Guy Lawrence and daughters of Hereford left Tuesday morning by train for Wemoke, Okla., where they were called by the death of Ross Gunn, brother of Mr. Gunn. Ross Gunn passed away Wednesday after illness of several months. He has visited here often and has many friends who are sorry to hear of his death. Funeral services were held Friday afternoon at Wemoke. This community extends sincere sympathy to the Gunn family in their bereavement.

Everyone was sorry to hear of the death of Dr. LeGrand, Wednesday. Not only have we lost a doctor but also a friend. Many from here attended the funeral Friday afternoon.

Mrs. Arthur Reed passed away Wednesday morning at the hospital in Hereford after a long illness. Mrs. Reed was a sister of T. J. Grady, and E. J. Parsons. T. J. Parsons and family formerly lived here and now live

The Farmer Takes a Jeep

Tests at the Department of Agriculture's Tillage Machinery Laboratory, Auburn, Ala., show what jeeps can do in plowing a field and preparing the seedbed. Post-war salvage uses for the versatile blitz-buggies are being considered.

In Borger. The body of Mrs. Reed was taken to Claude where funeral services were held. In spite of the rain Sunday night several members of Mrs. Kaul's Sunday School Class went to her home where a weiner roast had been scheduled. The weiners were roasted over the flame on the stove and served with pickles, potato chips, and coffee. Those present included Vesta Mae and Ray Landers, Grady and Howard Gore, Nannette Little, Mr. and Mrs. Merlin Kaul, Larry Carroll and Walter Lynn Kaul.

Mr. and Mrs. Al Werner were visitors in Amarillo Monday. Miss Mary Turrentine returned Wednesday from Mexico, Mo., where she visited for the past three weeks in the home of her grandmother, Mrs. T. B. Ridgeway.

The Home Demonstration Club was held Wednesday at the home of Mrs. Merlin Kaul with Mrs. Henry Melton and Mrs. C. F. Rickles as hostess. Twenty-nine ladies and 18 children were present. The next meeting will be held at the home of Mrs. A. C. Pierce on Wednesday, June 24. Mrs. Earl Little will be co-hostess.

Tom Vaughn of Tacoma, Wash., who was called here by the death of his father was calling on friends in this community Wednesday. He was a dinner guest in the Grady Wilson home. Mrs. M. S. Roe and children of Hereford visited Wednesday in the Grady Wilson home. They attended the Home Demonstration Club meeting at the Merlin Kaul home in the afternoon.

Donald Dean Wilson and Jerry Ray Landers were guests Saturday night in the M. S. Roe home at Hereford. Junior Wilson went with friends on a picnic to Buffalo Lake Sunday.

Mrs. Orville Houser was ill last week with measles. Mr. and Mrs. Paul Rudd entertained Mr. and Mrs. Ralph Rudd and family of Spring Lake, Mrs. Myrtle Rudd, and Mr. and Mrs. Raymond Rudd of Fort Sill, Okla.,

CHDA NOTES

By Elsie Cunningham Home Demo. Agent

LET'S NOT WORRY ABOUT SUGAR

Many women are worrying about sugar. There isn't any need for worry, really. You will not have all the sugar you are accustomed to, it's true, but it will have to do. Keep in mind that sugar is not needed in canning to keep food from spoiling. Your grandmother put up berries, cherries, peaches and apples, with nary a speck of sugar! Why did grandmother can that way? Because she liked to—she had a notion that the fruit kept better and had more natural flavor, especially for pies or cobbler.

According to the new regulations you will be permitted to purchase one pound of sugar for each four quarts of finished fruit. In order to buy sugar for home canning, you will make application to the County Rationing Board or its deputy in Friona or Bovina.

When you go to the Rationing Board to ask for sugar for canning, you want to be ready with the answers to three questions they'll ask you. First, how many quarts of fruit you plan to can this year. Second, how many quarts of fruit you canned last year. Third, how many quarts of last year's fruit you still have on your cellar shelf.

You'll save time and trouble—and three—if you figure out the answers to these three questions and have them all written down before you ask for sugar for canning. The table below will serve as a guide in helping you decide how much sugar you will need for canning according to present Government regulations. Be sure to keep in mind that the amount of canned fruit from a given measure of raw material depends upon variety and condition of the fruit and upon whether it is packed tightly or loosely in the jar.

Food	Lbs. Bar'l.	Qts.	Sug.
Apples	50	20	5
Apricots	48	18	4 1/2
Cherries	56	24	6
Grapes	48	20	5
Peaches	59	18	4 1/2
Pears	58	30	6
Plums	58	30	6

The best way to stretch your sugar in canning is to pack it hot. That way you can sweeten the fruit slightly, then heat it.

at dinner Sunday. Raymond Rudd is in army service and was only recently married.

Maurice Tannahill and W. R. Allmon went to Floydada on business Saturday. Mr. Allmon visited his sister there. They returned by Lockney and brought Mrs. Francis Carthel back with them to spend the week end here. Mr. and Mrs. Maurice Tannahill entertained Mr. and Mrs. Francis Carthel, Chester Carthel and Mr. and Mrs. Hershall Carthel and children all of Lockney at dinner Sunday.

Mr. and Mrs. Merlin Kaul and boys visited with Mr. and Mrs. Ralph Durestine near Friona Sunday afternoon.

Vernon and Glenn Wilson, Rea and Doyle Cox, Weldon Stephan and E. H. Little, left Monday morning for the Baptist encampment at Ceta Glen. The boys will return Wednesday and the girls will go for the remainder of the week.

Several visitors were present at Sunday School Sunday and several who have not been present for some time. They included Miss Mary Turrentine from Paint Rock, Loy Cook from Lubbock, Claude Goldston of Indio, Calif., and the Floyd Tucker family from Hereford. Rea Cox was a new member in the Young People's Class.

Lloyd and Archie Hollis of Bellview, N. M., visited Junior Wolfington last week.

and draw out the juice from the fruit itself. In many cases you won't have to can any added water. If you pack the fruit cold—the other hand—you have to use a sugar-and-water syrup and naturally it takes more sugar to make a syrup than to merely sweeten the juice. However, if you prefer syrup your sugar ration for canning is adequate for a medium syrup—and these are the proportions: Two cups sugar and three cups water boiled together until sugar is dissolved will make enough syrup for four quarts fruit, provided the fruit is packed closely in the jar.

Several have asked about what will happen if less sugar is used in freezing food. This is the information from the Bureau of Home Economics—"Those who have freezer lockers can successfully preserve the foods by using one part of dry sugar to six parts of fruit instead of the syrup solution. The dry sugar pack is recommended more so than the syrup pack. Corn syrup can be substituted for sugar in freezing. Use one cup corn syrup and one-half cup water, or use one-half cup corn syrup, one-half cup sugar and three-fourths cup water.

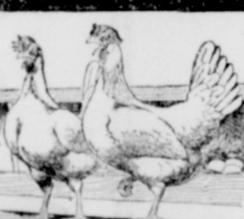

Farmers Urged To Curb Inflation

The government's new program to keep the cost of living from spiralling upward ranks with mobilization of man power and physical resources and the current transportation bottleneck as one of the three current major programs to win the war according to Director H. H. Williamson of the Texas A. and M. College Extension Service.

He announced that the Texas Extension Service is giving leadership to the general educational work to acquaint rural people with the General Maximum Price Regulation, especially as it will affect farm and ranch families. The Office of Price Administration will administer the order and State and County USDA War

A VITAMIN BOOST FOR BREEDER BIRDS!

Let Ful-O-Pep Super Greens Pellets help fortify your breeders with vitamins essential to hatchable eggs and livable chicks.

HERE'S an easy way to help build up breeders without disturbing your present feeding program.

Just sprinkle a few Ful-O-Pep Super Greens Pellets on the mash to give hens extra vitamin fortification. Helps them produce sound hatching eggs, strong livable chicks.

to our many Customers and Our Other Friends in the Loss of their Crops in the severe Hail Storm. This Widespread destruction, will, of course, lessen the Pressure on OUR STORAGE CAPACITY... but we still can state only that WE WILL USE OUR UTMOST EFFORTS to accommodate ALL our Patrons who NEED this SERVICE!

Santa Fe Grain Co.

Boards will cooperate. "No Texas farmer or farm woman can be left in the dark about the necessity of our fighting the battle of inflation and how we can win it," he said. The information will be sent to every farm and ranch family in the state by means of the new human chain which County Agricultural Victory Councils and the Extension Service have set up in every county. Thousands of community and neighborhood leaders designated in the past three weeks will help spread the fact about the inflation menace.

This new educational job is right in line with extension's streamlined war-time job, the Victory Demonstration, Director Williamson pointed out. One objective of the Victory program is to assist in winning the war by helping farm and ranch families "understand the 'why' and 'how' of adjustments rural people must make to the war-time situation."

State Specialist Gives Tips To "Diners Out"

Here's a tip to the people who prepare cafe and restaurant menus from Onah Jacks, State girls' club agent for the A. and M. College Extension Service, whose travel of about 25,000 miles takes her to hundreds of public eating places every year.

In a message prepared for broadcast to the state's 38,000 4-H Club girls, Miss Jacks says, "You don't know how hard it is to get that daily serving of whole grain products recommended in the Texas Food Standard unless you travel around and try to get it in restaurants. Of course, there's always oatmeal. Often there's shredded wheat, and sometimes I can walk down a street and find a sack of popcorn. That's about the extent of whole grains available when you 'eat out'."

Miss Jacks says restaurant and cafe proprietors can take a tip from 4-H Club boys and girls over the states who are popularizing whole wheat bread and corn bread made from whole-grain meal. "I'm hoping that as a result of work such as Dallas County boys and girls and others are doing that whole grain products will become fixtures on everybody's menus," she says.

Estimated Hail

(Continued from Page 1)

The hail stones in the region of Black are reported to have been much larger than elsewhere. Roy Price reported some to have fallen at his place as large as his fist. Roy also states that on going to his barn immediately after the storm, he found the hail on the ground to be sheeted deep, many of the smaller ones rolling into his shoes as he walked; and that along the side of the building where hail had drifted, it was kneedeep and was still several inches deep on Monday morning.

miles northeast of Friona, while trying to get her chickens into shelter, was so severely pelted by the hail that she felt somewhat dazed when she got in to shelter, and showed large blue spots on her arms where some of the larger hailstones had struck her.

Gardens, of course, and all other grain crops were totally destroyed where they came within range of the hail storm.

It is estimated that the above report will stand for all farmers whose land adjoins that of those who are mentioned here.

County, Texas, and that on said date defendants unlawfully entered thereon and withold possession from him. Plaintiff prays that defendants be cited to answer, and that he have judgment for title and possession of said premises and for damages and costs.

Issued this the 13th day of June, 1942.

Given under my hand and seal of said Court, at office in Farwell, Texas, this the 13th day of June, A. D. 1942.

D. K. ROBERTS, Clerk District Court, Farmer County, Texas. By: LILLIAN ALDRIDGE, Deputy.

Legal Notice

CITATION BY PUBLICATION

THE STATE OF TEXAS TO: James Evans, Rose Evans, S. G. Sheller, Minnie Sheller, George W. Hunter, Hannah Jane Hunter, Cyrus W. Leonard, Jessie S. Leonard, and the unknown heirs and legal representatives of said James Evans, Rose Evans, S. G. Sheller, Minnie Sheller, George W. Hunter, Hannah Jane Hunter, Cyrus W. Leonard, and Jessie S. Leonard, GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 22nd day of July, A. D. 1942, at or before 10 o'clock A. M., before the Honorable District Court of Farmer County, at the Court House in Farwell, Texas.

Said plaintiff's petition was filed on the 13th day of June, 1942. The file number of said suit being No. 1245. The names of the parties in said suit are: J. J. Williams, as Plaintiff, and James Evans, Rose Evans, S. G. Sheller, Minnie Sheller, George W. Hunter, Hannah Jane Hunter, Cyrus W. Leonard, Jessie S. Leonard, and the unknown heirs and legal representatives of said James Evans, Rose Evans, S. G. Sheller, Minnie Sheller, George W. Hunter, Hannah Jane Hunter, Cyrus W. Leonard, and Jessie S. Leonard, defendants.

The nature of said suit being substantially as follows, to wit: Suit in trespass to try title brought as well to try title as for damages, plaintiff alleging that on June 12th, 1942, he was owner of and in possession of S 1/2 Lot 11 and Lot 12, of Block 36, original town of Friona, Farmer
