

FORMER KAISER TO BE TRIED FOR CRIMES

SUMMARY OF COVENANT WAS NEAR CORRECT

Text Varies But Little From Outline Made Public Recently.

JUDGMENT WITHHELD

Leaders Were Not Disposed to Comment Freely Pending Complete Draft.

By Associated Press. WASHINGTON, April 28.—Publication by the state department today of the revised covenant of the league of nations gave the text of the document to the American people several hours in advance of its presentation to the peace conference in plenary session at Paris. The substance of the covenant, including material changes designed particularly to meet criticism in the United States, had been disclosed two weeks ago through an official summary but many members of the Senate, officials and other students of the nation's foreign relations had withheld their judgment pending careful analysis of the complete text.

Comprehensive Outline. Apparently these observers found that the official summary had given a fairly comprehensive outline of the document, especially of the amendments. The new article, specifically exempting international engagements and regional understandings, such as the Monroe Doctrine, had been quoted verbatim. The summary also had outlined amendments exempting national domestic questions from the jurisdiction of the league, providing for withdrawal of member nations upon two years' notice, leaving it to member states to decide what armed forces, if any, they will contribute to the league which the league may determine is necessary to enforce its findings, providing that mandatories shall be given only to states willing to accept them and stating definitely that armament reduction programs become effective only when approved by the states concerned.

Leaders Away from Capital. Most of the congressional leaders were out of the city, including Senator Lodge, of Massachusetts, who will be the next chairman of the Senate foreign relations committee and Senator Hitchcock, of Nebraska, retiring chairman. Two cable corrections upon the text of the annex to the covenant were received today by the state department. In the list of member nations the name of New South Wales was eliminated and that of New Zealand added. The word "no" was inserted at the beginning of the last sentence to correct an obvious error in transmission.

Telegraph Brevities

By Associated Press. SAN FRANCISCO, April 28.—James Kenneth Keene, governor of the United States Twelfth federal reserve bank in this city, died today at his home, near here, from an attack of heart disease.

By Associated Press. HELSINKI, April 28.—A national assembly has been formed at Olenetz, 110 miles northeast of Petrograd, where the Finns have driven out the Bolsheviks. The town was captured, according to reports, by volunteer troops.

By Associated Press. SANTA ROSA, Calif., April 28.—Hernando Bomoza, son-in-law of the late former President Sierra, of Honduras, and a former general in the Honduran army, was arrested here on a federal warrant in connection with the alleged embezzlement of funds of the Santa Rosa savings bank.

TROOPS UNDER KOLCHAK ARE MAKING EXCELLENT SHOWING

By Associated Press. PARIS, April 28.—Admiral Kolchak's troops have advanced along the southern branch of the Trans-Siberian railroad in eastern European Russia, to Kinel, only 40 miles east of Samara, according to dispatches received by the Russian commissioners in Paris from Omsk, the capital of Admiral Kolchak's government. A slower advance is also being made along the northern branch of the Trans-Siberian, where the anti-Bolshevik forces have taken Glazov, east of Viatka. A third column is moving westward midway between these two forces and has reached Sarovpul on the Kama river. This stream is navigable and flows into the Volga and with the disappearance of the ice, which is now breaking up, should afford easy transportation to Simbirsk which is apparently the destination of the central column. Italian Delegate Will Not Return to Paris; American Ambassador Departs from Rome

By Associated Press. PARIS, April 28. (Havas).—The newspapers report that Salvatore Barzilai, a member of the Italian peace delegation, declared that he did not intend to return to Paris.

By Associated Press. Rome, April 28.—Foreign Minister Sonnino, who left Paris Saturday afternoon, arrived in Rome last night. He was given an enthusiastic reception. Large crowds cheered Minister Sonnino and former Premier Salandra in all the towns where their special train stopped Sunday. In a speech at Genoa, the foreign minister asserted that the government is determined to obtain what is due Italy.

AMERICAN AMBASSADOR LEAVES ROME FOR PARIS

By Associated Press. ROME, April 28. (Havas).—Thomas Nelson Page, the American ambassador to Italy, has left Rome for Paris. An Italian newspaper report from Rome received by the Associated Press April 28 said that Ambassador Page had offered his resignation because there was no understanding with President Wilson's views on the Italian claims. The statement was authorized at the state department in Washington on that day, however, that there was no foundation for this report. It was added that there had been various reports since the armistice that Ambassador Page would resign soon to resume his literary work.

EMERGENCY FLEET SHIPPING BOARDS OFFICERS TO RETIRE

By Associated Press. WASHINGTON, April 28.—Charles Giez, director and general manager, and seven other administrative officials of the shipping board emergency fleet, will retire from office May 1 to resume private business, it was announced today. Mr. Giez will return to Chicago and Howard Conroy, vice president in charge of administrative matters, will return to Boston. The other retiring officers are Admiral G. H. Rousseau, head of the shipyard plants division; Charles F. Wallace, assistant to the director general; Daniel H. Cox, head of the ship construction division; Gordon Wilson, general auditor; R. W. Leatherbee, head of the industrial relations division; and M. D. Ferris, head of the contract division.

CONDITION OF GOMPERS REPORTED IMPROVED

By Associated Press. NEW YORK, April 28.—Samuel Gompers, president of the American Federation of Labor, who was injured in a collision between an automobile and a street car on Broadway yesterday, was reported as resting comfortably this morning. It was said his condition showed considerable improvement.

SAYS SOLDIER VOTE IS MORE IMPORTANT THAN PROHIBITION

By Associated Press. DALLAS, April 28.—M. H. Wolfe, chairman of the state Democratic executive committee, and chairman of the state prohibition committee, announced today that the right of the soldier to vote was more important than the success of the prohibition amendment. In a statement issued here he said: "I am in favor of principles rather than expediency and for that reason believe the soldiers should be allowed to vote. If those who oppose prohibition and woman suffrage are right in their assertion that the soldier will vote against these amendments, then I would rather see those important principles defeated at the ballot box than to violate the fundamental principles of right and justice. The district courts in Houston and San Antonio in holding that the soldiers were legally entitled to vote, evidently followed the well defined principle of resolving the doubt in favor of the people, which is the genius and saving clause of our form of government."

HEAD OF BLANQUET ON EXHIBITION AT VERA CRUZ APR. 16

By Associated Press. NEW YORK, April 28.—The head of General Aureliano Blanquet, who was killed in a small engagement with federal troops shortly after he landed in Mexico to act as chief lieutenant of Felix Diaz' revolutionary movement, was exhibited to the public in Vera Cruz April 16, according to Francisco Bobadillo, secretary to the general manager of the Bank of London in Mexico City, who arrived here today.

SUPREME COURT REFUSES TO REHEAR KANSAS GAS CASE

By Associated Press. WASHINGTON, April 28.—The supreme court today refused to rehear the so-called Kansas gas case in which on March 17 last the court reversed the federal court decrees which enjoined the Missouri and Kansas state and municipal authorities from interfering with certain rates which had been fixed by the court in receivership proceedings, and issued a substitute judgment. The court, in its substitute decree, announced today, reversed lower court decisions and remanded the cases for new trial below but ordered that all temporary injunctions in force at the time of the entries of the decrees from which appeals were taken shall continue in force. In its order the supreme court directed the trial court to hear anew and determine all the issues involved and to take such further proceedings as may be appropriate and consistent with the court's opinion rendered March 17. Motions for re-hearing of the cases were filed by John M. London, receiver of the Kansas Natural Gas Company, and others who claimed the supreme court decree was indefinite and would result in endless litigation.

SEVERAL THOUSAND TROOPS ARRIVE AT NEW YORK TODAY

By Associated Press. NEW YORK, April 28.—With the 154th infantry brigade headquarters including Brigadier General Harrison J. Price, commanding officer, and the 308th infantry complete, and detachments of the 307th infantry, the steamship America arrived here today from Brest. These units, their personnel totaling 160 officers and 5,820 men, are of the 77th division, drafted men largely of New York. On the steamship Freedom, from St. Nazaire, 1,712 troops returned, the majority of them being members of the 19th, 20th, 25th, 30th, 32nd, 38th, 48th and 70th base hospitals, assigned to various camps. Bringing 354 casual troops, the steamship Lorraine arrived from Havre. The Minnesota brought 19-2 troops, including 60 Arkansas casualties. Among 2,181 troops on the steamship Texan from Bordeaux, were 36 officers and 1,148 men of the 18th engineers.

EIGHTIETH DIVISION IS ASSIGNED FOR RETURN

By Associated Press. WASHINGTON, April 28.—All organizations of the 80th (Virginia, West Virginia and West Pennsylvania) division, were assigned today to early convalescence. The 89th (Kansas, Missouri, South Dakota, Nebraska, Colorado, New Mexico, Arizona) division, and 88th (North Dakota, Minnesota, Iowa and West Illinois) division, were released on April 25 and 26, respectively, for preparation for return to the United States. General Pershing notified the war department today. Preparation for return is not equivalent to assignment to early convalescence, but such assignments may be expected within a few weeks.

UNITS OF THE RAINBOW DIVISION REACH BOSTON

By Associated Press. BOSTON, April 28.—The transport Pretoria arrived today from Brest with more than 2,100 officers and men, including headquarters detachments, 149th, 150th and 151st machine gun battalions detached as of 149th and 151st field artillery regiments and a detachment of the 117th engineers, all of the 42nd (Rainbow) division.

BURLESON DEFENDS HIS ADMINISTRATION IN ARTICLE TODAY

By Associated Press. WASHINGTON, April 28.—Postmaster General Burleson in a statement published today defended his administration and his policy in operating government controlled telephone and telegraph systems against charges made Saturday by Samuel Gompers, president of the American Federation of Labor, that the postmaster general was carrying out "an archaic, autocratic policy" in the conduct of the Postal Telegraph Company and the telephone service and was "completely out of sympathy with the trend of American thought." Mr. Burleson, in his statement continued his criticism of what he termed "certain selfish publishers." The postmaster general said that "value and importance of the service rendered by Mr. Samuel Gompers during the recent war was surpassed by few men in America," and that the "labor official, is entitled to our grateful appreciation for this service, but this does not imply that there should be an acceptance of his views on all other issues."

GUSTAV ADOR MAY ACT AS ARBITRATOR

By Associated Press. GENEVA, April 28.—Gustav Ador, president of the Swiss federation, has received an urgent summons to the peace conference in Paris, and left for Paris Sunday night. The newspapers here state that he has been invited by the Allies to act as arbitrator in the question of the Adriatic.

CONGRESSMAN FROM LOUISIANA IS DEAD

By Associated Press. NEW ORLEANS, La., April 28.—Albert Estopinal, member of congress from the first Louisiana district, died at his home here early today. Congressman Estopinal had been in failing health for about a year. He was born in St. Bernard parish, La., January 30, 1845. When 17 years of age, he enlisted in the Confederate army and served until the surrender of his regiment in 1865. After the war between the states he became prominent in Democratic politics and first served in the state legislature of 1878. He was elected a member of the house of representatives of the sixteenth congress in 1909 to fill a vacancy and served continuously thereafter.

STRIKE MOVEMENT IN UPPER SILESIA MORE INTENSIFIED

By Associated Press. BERLIN, Sunday, April 27.—The strike movement in upper Silesia is intensified, according to a dispatch to the Vossische Zeitung from Gletwitz. There is a general strike at Gletwitz and vicinity. It is said, and the upper Silesian electric power stations have been closed. The whole section is without electric lights and the iron industry is seriously affected, work being suspended in many plants. The strike is reported strong among railroad workers.

Must Answer for Offenses Against Morality and the Sanctity of Treaties

(By Associated Press.) WASHINGTON, April 28.—Trial of the former German emperor for "a supreme offense against international morality and the sanctity of treaties," has been determined upon by the Allied and associated powers. Holland will be requested to surrender the royal refugee for arraignment before a court composed of five judges named by the United States, Great Britain, France, Italy and Japan.

The state department made public today proposed articles for insertion in the peace treaty, to be considered this afternoon by the peace conference in plenary session, providing for the trial of William II of Hohenzollern, and also requiring Germany to deliver all persons within its borders charged with "having exercised acts in violation of the laws and customs of war," for arraignment before military tribunals of the Allied and associated powers, whose nations suffered through such offenses.

Solve Weighty Problem. Thus the peace conference commission on responsibility for the war has solved its most weighty problem. The state department's announcement of the solution was received here generally with surprise, because it was known that Secretary Lansing, chairman of the commission, had steadfastly opposed any attempt to bring the former Kaiser before an international tribunal. Mr. Lansing contended that there was no law by which such an offender could be reached by the conference and that it would be contrary to the constitution of the United States for the American delegates to participate in the execution of a sort of international export facto law.

At that time, however, it was proposed to charge criminal and military offenses and it was suggested, today, that the decision to base the indictment upon violation of the international morality and the sanctity of treaties was taken to meet the American view.

ANNOUNCE WITHDRAWAL OF ENEMY TRADING LIST

By Associated Press. WASHINGTON, April 28.—Withdrawal of the enemy trading list established under the trading with the enemy act to prevent trade and communication between the United States and persons in neutral countries suspected of serving the enemy interest, was announced last night by the war trade board in accordance with a decision of the Inter-Allied economic council. Cancellation of the list is effective April 29, when all penalties attached to its violation will become imperative. The board's announcement stated that the withdrawal in no way mollified the present restrictions against trade and communication between the United States and Germany or Hungary as the remaining enemy states.

SENATOR HITCHCOCK AGAIN VOICES APPROVAL OF LEAGUE OF NATIONS

By Associated Press. DENVER, COLO., April 28.—Declaring that "everyone who is a sincere supporter of peace and international justice" will support the league of nations covenant as finally drafted by the peace conference—Gibbert M. Hitchcock, United States Senator from Nebraska, last night voiced his approval of the League of Nations plan in an address at the municipal auditorium.

SEVERE STORM RAGING OVER BRITISH ISLES

By Associated Press. LONDON, April 28.—Following a period of hard spring weather, one of the worst storms in some time raged over the British Isles last night, covering the country with from four to six inches of snow with from four to six inches of rain. Communication with the continent is interrupted. In this city, which held under the brunt of the storm, five thousand telephones were put out of service.

BURLESON WANTS TELEGRAPH AND TELEPHONES RETURNED

WASHINGTON, April 28.—Postmaster General Burleson has recommended to President Wilson that all telephone and telegraph lines be returned to their private owners as soon as a congress can enact legislation deemed necessary. This action was announced today shortly after the postmaster general had disclosed that he had recommended the immediate return of American cable lines and hopes to have the cables in the hands of their owners by May 10.

GOOD ROADS BOND ELECTION NEXT MONTH

Petition Is Approved at Meeting of Commissioners Today.

CALLS FOR \$1,500,000

Believe that May 27th Will Be Selected As Date For Election.

The County Commissioners Court this morning approved the good roads petition circulated throughout Wichita county last week, and will order an election next month to bring before the voters of the county the question of a bond issue of \$1,500,000. The date of the election will probably be settled late this afternoon by the commissioners, who failed to reach a decision at their morning session. It is generally believed that May 27 will be selected, and it is considered probable that on the same date an election also will be ordered to determine whether the county will float a bond issue of \$130,000 for necessary additions and improvements to the Wichita General Hospital.

O. L. Williams, general field manager of the Chico-Bridgeport Cement & Stone Co., appeared before the court with a proposal to give this county priority rights on crushed stone shipments if \$100,000 of stock in the company can be sold here. The request was approved by the court, and will be laid before the directors of the chamber of commerce tomorrow for their ratification or disapproval.

The Chico company has a 99-year lease on 232 acres of limestone in Wise county, and their quarry at the present time has an average daily capacity of 11 cars of crushed rock. The capitalization, however, is being increased to \$600,000, and if \$100,000 can be floated here the company will agree to place the entire output of the quarry at the disposal of Wichita county.

FOR BURNING ECZEMA

Apply Zemo the Clean, Antiseptic Liquid—Easy to Use—Does Not Stain

Greasy salves and ointments should not be applied if good clean skin is wanted. From any drugstore for 35c, or \$1.00 for large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

MUCH INTEREST IN THE RITCHIE-LEONARD BOUT FOR TONIGHT

By Associated Press. NEWARK, N. J., April 28.—Although no title is involved, the eight round boxing match between Benny Leonard, lightweight champion, and Willie Ritchie, at the first regiment armory here today, is attracting wide interest. Ritchie was awarded the newspaper decision over the champion in a four round bout at catch weights in San Francisco two months ago. The contest tonight will be at 142 pounds, above the lightweight limit. It was arranged to satisfy the demand of the fight fans that the men meet again in a longer bout than four rounds. Leonard, present champion, and Ritchie, who held the title five years ago, are regarded as clever boxers, but early wagers favored Leonard, four and three to one.

THREE MEN HELD TO GRAND JURY ON ROBBERY CHARGE

D. Chapman, E. H. Smithers and Arthur Green were bound over to the Wichita county grand jury on a charge of robbery with firearms, after a hearing before Justice of Peace Arrington this afternoon. The bonds of Chapman and Smithers were placed at \$2,000 each. Green's bond was set at \$1,500.

The three are alleged to have held up and robbed three men in a tent near the Crude Oil Marketing Co.'s plant north of Burkburnett at about 10 o'clock Saturday night. Chapman has made a statement involving the other two men in the robbery. In the hold-up, C. S. Jackson lost \$100, E. C. Deberry \$40 and C. E. Smith \$45. Green was in the tent with the men robbed when two men raised the flap and entered.

"Stick 'em up," commanded one who held a revolver. The other man went through the bunch, including Green, after which they backed out of the tent and disappeared in the darkness. Green accompanied the victims of the hold-up to Burkburnett where the robbery was reported to Deputy Sheriff Carter and Burkburnett police officers. Mr. Carter suspected Green immediately and locked him up. Two hours later the other two men were under arrest.

This morning Chapman made a statement, in which he acknowledged his own part in the hold-up and said that the other two men were implicated. He said that Green preceded himself and Smithers to the tent with the understanding that he was to have no part in the hold-up unless there was trouble, but that he was to have a share of the proceeds.

BLAIRS COMEDIANS TO REPEAT PLAY TONIGHT

Blair's Comedians opened a week's engagement at the tent theater on Indiana, between Sixth and Seventh, on Saturday night and notwithstanding the rain, was greeted by a good sized crowd. The opening bill was "The Jan Out Yonder," and this will be repeated again tonight because of the rain having kept so many away from the initial production. After tonight there will be a change of program plays, the tent used being rain-proof.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting. Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest, (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

WOMAN'S COMMITTEE FOR VICTORY LOAN TO MEET ON WEDNESDAY

Mrs. J. W. Lee, chairman of the Wichita county Women's Committee for the Victory Loan, as well as the four preceding Liberty Loans.

Wednesday afternoon at 3 o'clock the Women's committee for the Victory Loan is called to meet at the Edges club, Victory Loan headquarters, for the purpose of starting their part in the drive. Mrs. J. W. Lee, the county chairman, issues this call to the women members of the committee having been waiting on Judge Britain, the county chairman, and his committee to decide the work of the women.

This time the women are to have the task of bringing in the final subscriptions to the quota, and to make the city go over. The plan will call for booths in the business district, and a general canvass to make sure that everyone has had an opportunity given to subscribe. The men have found that the women succeed at a task given them, and so this detail work of rounding in the last thousands will be given to them in this last loan.

Mrs. Lee requests that all members of the committee be present promptly at 3 o'clock at the Victory Loan headquarters on Wednesday.

BUSINESS GOOD IN POLICE COURT; \$330 COLLECTED

A regular torrent of currency flooded the coffers of the city police department this morning as a result of a good day's business on Sunday. A total of \$330 was collected in cash from a large crowd of pent-up transgressors, mostly devotees of the ancient game of galloping dominoes, with a fair sprinkling of drunks, plain and fancy, and a spender or two. These during the "Good morning, Justice" included: one driver drunk while attempting to operate an auto, fined \$25; one for parking car wrong, \$5; two for leaving cars in way of street, \$5 each; \$2 for gambling, \$15 each; two drunks, \$10 each; four charged with vagrancy, \$15 each. Five of those charged with gambling were acquitted, while six of the cases were ordered continued until Wednesday morning.

WAR DEPARTMENT UNABLE TO LOAN CALL FIELD TENTS

After the war department had given permission to B. F. Johnson to borrow 1,000 tents, to further assist in the solution of the housing problem in Wichita Falls, the legal department found that no government equipment could be loaned, according to a telegram Mr. Johnson received after his return home from Washington. Permission was secured, however, as has been previously stated, to buy all tents desired from Call Field and Camp Bowie. Mr. Johnson had made the proposition that the local authorities trying to relieve the housing situation give bond for the tents for a year's time and pay the expense of moving them. The war department agreed to this, but when the agreement was sent to the legal department for ratification the agreement was reversed. Colonel Henry D. Tansley, former mayor of Dallas, now with the war risk insurance board, assisted Mr. Johnson in his efforts to secure the loan of the tents, and after he left Washington Colonel Lincey continued his efforts and sent him the telegram giving the legal department's decision.

GET 24 QUARTS OF LIQUOR IN THE FACTORY DISTRICT

Saturday night the police answered a riot call in the factory district where it was reported that a bunch were liveing up things considerably. When they arrived they found that a large amount of booze had been imbibed, and 24 quarts were secured as evidence. Three men were taken into custody, two on a charge of affray and one man turned over to the federal authorities to explain the presence of such a large quantity of liquor.

COMMERCIAL AIRSHIP IS BEING PROMOTED

The street corner dealers in oil stock had a rival this morning in the form of the promoters of stock in the Commercial Airship Syndicate of Fort Worth who were presenting their proposition by means of a small model airship. The airship, which the syndicate bases its hopes on, was invented and patented by Charles Ora and is to be operated on helium gas, large quantities of which they report will be available when the big government plant at Fort Worth is completed. It is planned to have both passenger and freight carrying machines of from six to 50 passenger capacities.

BURLESON NOT A QUITTER.

This can be said of Postmaster General Burleson. He don't care who his enemies are. Early in his administration he aroused the enmity of the railroad interests by instituting reforms in determining their pay for hauling the mails.

A little later he ran afoul of the purpose of the labor leaders to unite the postal employees.

More recently he called down upon his head the wrath of the big publishers by urging the enactment of the zone postal law and refusing to acquiesce in the repeal of the law.

Never did any man so blithely incur the opposition of three of the most powerful interests in this country. Burleson must walk the plank," Samuel Gompers, president of the American Federation of Labor, frankly declares. The railroads and the publishers are hardly as frank about it but the railroads, if they expressed their honest thoughts would say, "Burleson's head must fall" and the publishers have doubtless determined to "Get his goat."

When the public remembers the verdict a man sometimes gains by the number and ferocity of his enemies. Burleson's enemies are numerous enough and are bitter enough to excite public sympathy. Nothing in Burleson's career up to this time indicates that he is a quitter. He certainly needs now all the courage and backbone which he is reputed to possess.

Even Fort Worth and Dallas are now admitting that it is probable Wichita county will be producing 100,000 barrels of oil daily within the next 30 days. Come to Wichita, but bring your tent with you. "Austin needs some real, live civilization—less Ha-Ha's, less resort jewelry committees and some real, honest-to-goodness work," says the Austin American. That's what most citizens need.

ASKS PRESIDENT TO RETURN CABLES TO THE OWNERS

WASHINGTON, April 28.—President Wilson has been asked by Postmaster General Burleson to approve the immediate return of American cable lines to their private owners. In announcing his action today, the postmaster general said he hoped restoration of the properties could be effected by May 10.

HOUSTON AND EL PASO SECURE BRANCH BANKS

DALLAS, April 28.—W. F. Ramsey, chairman of the eleventh federal reserve district, returned today from Washington where he said the Federal reserve board had definitely authorized the location of a branch bank at Houston, and ordered him to secure, either by lease or purchase, adequate site for the branch bank at El Paso. "I was able, in supplementing the efforts of other gentlemen in Texas, to secure a definite promise from Governor Harding to address the Texas Bankers' Association at Galveston on May 27. It is contemplated that Governor Harding will spend May 28 in Dallas and not unlikely that he will spend May 29 at Fort Worth," he said. "Governor Harding is greatly interested in the proposed cotton export corporation, and will discuss that matter at length in his Galveston address."

BREVITIES

Joe Huggins was brought down from Loveland, Okla., Saturday, where he had been with Dr. McKelley and wife. He is now at the home of his mother, Mrs. J. S. Huggins, at 809 Bluff. Mr. Huggins has been seriously ill, but is now improving. Lieut. G. C. Bullington, recently returned from duty overseas with the 90th division, who has been spending a furlough with his wife and infant son in this city, left this afternoon for Camp Bowie, where he expects to receive his discharge tomorrow. H. Nicholson left this afternoon for Beaumont. Mr. and Mrs. G. A. Sonrick are in Dallas for a few days, making the trip in their new Stutz "bearcat."

FLYING INSTRUCTOR AT KELLY FIELD IS KILLED IN A FALL

By Associated Press. SAN ANTONIO, TEX., April 28.—Lieut. C. E. Hines, of Lake Charles, La., a flying instructor at Kelly Field, was instantly killed in the fall of his airplane at 8:30 o'clock this morning. Cadet Mashe, flying with him, was slightly injured.

AMPLE FOOD SUPPLY AVAILABLE FOR EUROPE

PARIS, April 27.—In the harvest year from August, 1918, to August, 1919, Europe must import 29,000,000 tons of foodstuffs from overseas and to meet this there is available a total of about 25,000,000 tons, Herbert C. Hoover, chairman of the food section of the supreme entente council, said today in reviewing the present world food situation. The supply available is sufficient to meet the needs of Europe but shipping conditions are not satisfactory, and as a result is no question that the entire American surplus will be absorbed. "We are now at the worst phase of the European famine that was inevitable after this world war," Mr. Hoover said.

WEALTHY CATTLEMAN KILLS WRONG MAN

HOUSTON, TEX., April 28.—My awful regret is that I killed the wrong man—it's terrible—I did not intend to take the life of that man," declared G. A. Lawrence, wealthy cattleman of Yoakum, Texas, in his cell at the county jail Monday, where he is held charged with the murder of W. M. Dutton, of Chicago, an auditor for the Hartford Accident and Indemnity Company. Mr. and Mrs. C. W. Snider have returned from a two weeks trip to New York and other eastern points. W. T. Willis has returned from a business trip to Hillsboro.

SOUTHLAND ADDITION

Everyone who has purchased lots in this beautiful addition has made for himself a real home or made money by selling to others. Why? The answer is easy. The owners have equipped the addition better than any other part of the city. Sidewalks everywhere; high pressure water mains and gas through many streets, and those not so equipped now will be soon. Eleventh street has been paved its entire length. Huff avenue is being paved now and Elizabeth and Lucile streets will be paved as soon as material for same can be obtained. Also Brooke avenue will be paved south to Collins avenue and College avenue from Marshall west to Baylor. The Wichita Falls Traction company's line runs through the center of the addition. Having already spent more than \$60,000 in giving this addition all city advantages, the owners guarantee that the improvements will continue. If you want a home, you can find no prettier lots in Wichita Falls than in Southland. Come and talk to me in person. Do not telephone. R. E. HUFF, MANAGER SOUTHLAND ADDITION Also See A. B. ILLINOIS REVOKES OKLAHOMA OIL CO. PERMIT IN STATE

By Associated Press. CHICAGO, April 28.—Assistant Attorney General R. S. Pruitt, of Illinois, received notice today from Secretary of State Emmerson that the permit to sell stock of the Southern Oklahoma Oil and Development Company has been revoked. The revocation, according to the letter, was based on the view of the state department that the company paid as high as 40 per cent to stock salesmen, paid dividends which did not come from earnings and paid salaries not authorized by the permit. NEW YORK STOCKS

By Associated Press.
NEW YORK, April 28.—The absence of disquieting foreign advices over the week end gave fresh stimulus to the long sustained war movement at the opening of today's stock market. Rails and oils were again the outstanding features, the former at moderate advances, the latter with substantial gains by additional advances of four to five points. Equipments, especially American and Baldwin locomotives and Westinghouse, reflected further accumulation, with Hide and Leather preferred, International Paper and Rubbers, U. S. Steel eased a fraction and Mexican Petroleum reacted almost three points from its initial price.
 Prices took another upward trend at mid-day, although trading diminished materially. Shipings and steel, especially Marine preferred and Pacific Mail were added to the list of strong stocks and equipments and low priced rails and oils extended their gains.

GRAIN AND PRODUCE

By Associated Press.
CHICAGO, April 28.—Prospects of enlarged receipts had only a transient bearish effect today on the corn market. On decline, the fact that the "it became bare of offerings" made shorts scurry for protection and led to a sharp upturn in prices. Opening prices, which ranged from the

These Durable Soles Cut Shoe Bills Down

For use around cement plants and similar places where rough materials "ad down soles quickly, I recommend Neolin Soles. They resist wear surprisingly. After working around the clinker department long enough to wear out two pairs of ordinary soles, my Neolin Soles are still as good as new," writes A. F. Miller, superintendent of The Peninsular Portland Cement Company plant in Jackson, Michigan.

It is remarkable how tough and durable Neolin Soles are. They are made so by Science—comfortable and waterproof, too. They come on new shoes in many styles for men, women, and children, and are available everywhere for re-soles. Wear them, and cut your shoe bills down.

Neolin Soles are made by The Good-year Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear all other heels.

 Oats showed independent strength. After opening unchanged to one cent higher with July 72 1/2 to 72 3/4, the market scored moderate further gains.
 The provisions rallied with corn. July and September rose to the highest levels yet this season but subsequently hedging sales and liquidation by holders brought about pronounced weakness. WRESTLERS ANNOUNCE IN TRIM FOR MATCH

By Associated Press.
CHICAGO, April 28.—Ed (Strangler) Lewis, of Kentucky, and Wladek Zbyszko, the Pole, said today they were in prime condition for their finish wrestling match, catch-as-catch-can style at the Coliseum tonight. The winner, it was said, will be matched with Sergeant Earl Caddock, of Nebraska, who is still in the army, for the world's heavyweight title. Zbyszko defeated Lewis in New York recently in a one fall match.

George Mogridge, of the Yankees, and Carl Mays, of the Red Sox, were the opposing pitchers at the opening of the American League season in New York. Mays turned in a victory but Mogridge twirled a creditable game and will likely do better as the season progresses.

SETTING LINER IN THE HAMMOND-FOWLER WELL

Setting of a liner, to cut off the water which has been encountered since the first string of casing was set, around 1700 feet, is now in progress at the Belden-Gilchrist well, better known as the Hammond-Fowler well, in block 59. The casing was set on top of a sand that when tested showed up for only a small amount of oil, so the parties drilling the well decided to go deeper, and in going deeper encountered salt water sand, above the time, at 1830 feet. The gas showing which has been encountered, according to those interested in the well, is considered a good indication. Developments of the next few days in this well will be watched with interest.

BURNETT PETROLEUM CO. IS DRILLING AT 1400

FOUR SAILORS ARE DROWNED WHEN A MOTOR DORY SINKS

By Associated Press.
NEW YORK, April 28.—Four sailors were drowned early this morning when a motor dory belonging to the United States destroyer Bell was sunk in a collision with the U. S. S. Henley, according to an official statement issued this afternoon from the office of the chief of staff of Rear Admiral Ashley Robertson.

SPARTACAN FORCES FAIL IN ATTEMPT MADE UPON BREMEN

By Associated Press.
LONDON, April 28.—Spartacan forces attempted to overthrow the government in Bremen yesterday but were defeated after hard street fighting.

A dispatch from Stetting transmitted by the Exchange Telegraph Co., reporting the outbreaks, adds that the revolvers and hand grenades were used freely in the fighting.

Said Uncle Sam to his American sons

Said Uncle Sam, on April 6, 1917, "Sons of America, your flag has suffered insult. Germany runs amuck. She thinks to over-ride Europe and the over-run America. Who'll help to crush the Beast?"

100,000,000 Americans answered: "We will. All who can will fight. Those of us who can't offer our lives can at least offer our dollars."

2,000,000 American boys got to France, 2,000,000 more were ready. Germany lost her nerve, and lost the war. To make a long story short, America made a long war short. Untold American lives were saved. Uncle Sam now says, "Lend me your dollars to stamp 'Paid' the invoice for the world's most blessed victory." So let the measure of your thankfulness be the measure of your subscription to—

REVISED COVENANT OF LEAGUE OF NATIONS SUBMITTED TO PEACE CONFERENCE TODAY

Embodies a Number of Amendments Suggested to Meet Objections Thereto Voiced in the United States Following the Publication of the Original Draft.

By Associated Press. WASHINGTON, D. C., April 28.—The revised covenant of the League of Nations to be presented to the peace conference at Paris today, was made public here last night by the state department. Its essential features including important amendments designed to meet criticisms in the United States of the original draft, already had been disclosed through an official summary issued two weeks ago when the revision was completed. Attached to the text, however, is the hitherto unpublished "annex" referred to in the covenant, in which are named the 32 members of the self-governing British dominions, which are to be the original members of the League of Nations, and 13 states to be invited to accede to the covenant. The original members are all the nations which declared war on Germany and in addition the new states of Czechoslovakia and Poland. Those invited to become members by acceding to the covenant are the three Scandinavian countries, The Netherlands, Switzerland, Spain and Persia, and the American republics of Argentina, Chile, Colombia, Paraguay, Salvador, Venezuela.

Mexico was not represented in the conference of neutrals at Paris, and as was expected, does not appear in the list. Provision is made in the covenant, however, for the admission to the league of any fully self-governing country which will give required guarantees upon a two-thirds vote of the assembly, composed of representatives of the member nations.

The Covenant of the League of Nations, in order to promote international co-operation and to achieve international peace and security, by the acceptance of obligations not to resort to war, by the prescription of open, just and honorable relations between nations, by the firm establishment of the understanding of international law as a actual rule of conduct among governments and by the maintenance of justice and a scrupulous respect for all obligations in the dealings of organized peoples with one another, the high contracting parties agree to this covenant of the League of Nations.

(In the original preamble the last sentence read "Adopted this constitution")

(In the original preamble the last sentence read "Adopted this constitution")

Article One. The original members of the League of Nations shall be those of the signatories which are named in the annex to this covenant and also such of those other states named in the annex as shall accede without reservation to this covenant. Such accessions shall be effected by a declaration deposited with the secretariat within two months of the coming into force of the covenant. Notice thereof shall be sent to all other members of the league.

Any fully self-governing state, dominion or colony not named in the annex may become a member of the league if its admission is agreed by two-thirds of the assembly, provided that it shall give effective guarantee of its sincere intention to observe its international obligations and shall accept such regulations as may be prescribed by the league in regard to its military and naval forces and armaments.

Any member of the league may, after two years' notice of its intention to do, withdraw from the league, provided that all its international obligations under this covenant shall have been fulfilled at the time of its withdrawal.

(This article is new, embodying with alterations and additions, the old article seven. It provides more specifically the method of admitting new members and adds the entirely new paragraph providing for withdrawal from the league. No mention of withdrawal was made in the original document.)

Article Two. The action of the league under this covenant shall be effected through the instrumentality of an assembly and of a council, with permanent secretariat. (Originally this was a part of article one. It gives the name assembly to the gathering of representatives of the members of the league, formerly referred to merely as "the body of delegates.")

The assembly shall consist of representatives of the members of the league.

The assembly shall meet at stated intervals and from time to time as occasion may require, at the seat of the league, or at such other place as it may be decided upon.

The assembly may deal at its meetings with any matter within the sphere of action of the league or affecting the peace of the world.

At meetings of the assembly, each member of the league shall have one vote, and may have not more than three representatives.

(This embodies parts of the original article one; two and three, with only minor changes. It refers to "members of the league" where the term "high contracting parties" originally was used, and this change is followed through the revised draft.)

Article Four. The council shall consist of representatives of the United States of America, of the British Empire, of France, of Italy and of Japan, together with representatives of four other members of the league. These four members of the league shall be selected by the assembly from time to time in its discretion. Until the appointment of the representatives of the four members of the league first selected by the assembly representatives (votes of blanks) shall be members of the council.

With the approval of the majority of the assembly, the council may name additional members of the league whose representatives shall always be members of the council; the council with like approval may increase the number of members of the league to be selected by the assembly for representation on the council.

The council shall meet from time to time as occasion may require and at least once a year, at the seat of the league, or at such other place as may be decided upon.

The council may deal at its meetings with any matter within the sphere of action of the league or affecting the peace of the world.

Any member of the league not represented on the council shall be invited to send a representative to sit as a member at any meeting of the council during the consideration of matters specially affecting the interests of that member of the league.

At meetings of the council, each member of the league represented in the council shall have one vote, and may have not more than one representative.

(This embodies that part of the original article three designating the original members of the council. The paragraph providing for increase in the membership of the council is new.)

Article Five. Except where otherwise expressly provided in this covenant, decisions at any meeting of the assembly or of the

council shall require the agreement of all the members of the league represented at the meeting.

All matters of procedure at meetings of the assembly or of the council, the appointment of committees to investigate particular matters, shall be regulated by the assembly or by the council and may be decided by a majority of the members of the league represented at the meeting.

The first meeting of the assembly and the first meeting of the council shall be summoned by the President of the United States of America.

(This first paragraph requiring unanimous agreement in both assembly and council except where otherwise provided is new. The other two paragraphs originally were included in article four.)

Article Six. The permanent secretariat shall be established at the seat of the league. The secretariat shall comprise a secretary-general and such secretaries and staff as may be required.

The first secretary-general shall be the person named in the annex; thereafter the secretary-general shall be appointed by the council with the approval of the majority of the assembly.

The secretaries and the staff of the secretariat shall be appointed by the secretary-general with the approval of the council.

The secretary-general shall act in that capacity at all meetings of the council.

The expense of the secretariat shall be borne by the members of the league in accordance with the apportionment of the expense of the international bureau of the Universal Postal Union.

(This replaces the original article five. In the original the appointment of the first secretary general was left to the council, and approval of the majority of the assembly was not required for subsequent appointments.)

Article Seven. The seat of the league is established at Geneva. The council may at any time decide that the seat of the league shall be established elsewhere.

All positions under or in connection with the league, including the secretariat, shall be open equally to men and women.

Representatives of the members of the league and officials of the league when engaged on the business of the league shall enjoy diplomatic privileges and immunities.

The buildings and other property occupied by the league or its officials or by representatives attending its meetings, shall be inviolable.

(Embodying parts of the old articles five and six, this article names Geneva instead of leaving the seat of the league to be chosen later and adds the provision for changing the seat in the future. The paragraph opening positions to women equally with men is new.)

Article Eight. The members of the league recognize that the maintenance of a peace requires the reduction of national armaments to the lowest point consistent with national safety and the enforcement by common action of international obligations.

The council, taking account of the geographical situation and circumstances of each state, shall formulate plans for such reduction for the consideration and action of the several governments.

Such plans shall be subject to re-

consideration and revision at least every ten years.

After these plans shall have been adopted by the several governments, limits of armaments therein fixed shall not be exceeded without the concurrence of the council.

The members of the league agree that the manufacture by private enterprise of munitions and implements of war is the cause of increasing armaments.

The members of the league agree that the manufacture by private enterprise of munitions and implements of war is the cause of increasing armaments.

ICE!

The New 5,000-Ton Storage House Is Finished and Is Being Filled With Our Pure Ice

Wichita Falls has grown amazingly in the past year. More families means harder work for the ice man. But this ice man doesn't mind work. He not only does what you ask him to do, but he is constantly thinking up new ways to serve you.

For instance, we have just built a modern 5,000-ton storage house. This is being filled now with our pure ice. Why? So that if any unusual demand should come, Wichita Falls won't have any ice famine.

Five thousand tons of pure ice will be held in this storage house all of the time. No matter how fast the city grows, or what happens, you know now that there will always be pure ice a-plenty.

As previously announced, we are establishing "Cash and Carry" Station at convenient points throughout the city. Our wagon service has been enlarged. We have more wagons. Everything that can be done is being done to keep you and the folks comfortable.

By the way, have you bought a Coupon Book yet? Get one from the driver tomorrow.

of war is open to grave objections. The council shall advise how the civil effects attendant upon such manufacture can be prevented, due regard being had for the necessities of those members of the league which are not able to manufacture the munitions and implements of war necessary for their safety.

The members of the league undertake to interchange full and frank information as to the scale of their armaments, military and naval programs and the condition of such of their industries as are adaptable to warlike purposes.

(This covers the ground of the original article eight, but is rewritten to make it clearer that armament reduction plans must be adopted by the nations affected before they become effective.)

Article Nine.
A permanent commission shall be constituted to advise the council on the execution of the provisions of article one and eight and on military and naval questions generally.

(Unchanged except for the insertion of the words "article one.")

Article Ten.
The members of the league undertake to respect and preserve against external aggression the territorial integrity and existing political independence of all members of the league. In case of any such aggression or in case of any threat or danger of such aggression, the council shall advise upon the means by which this obligation shall be fulfilled.

(Virtually unchanged.)

Article Eleven.
Any war or threat of war whether immediately or not, is hereby declared a matter of concern to the whole league, and the league shall take any action that may be deemed wise and effectual to safeguard the peace of nations. In case any such emergency should arise, the secretary-general shall, on the request of any member of the league, forthwith summon a meeting of the council.

It is also declared to be the fundamental right of each member of the league to bring to the attention of the assembly or of the council by circumstance whatever, affecting international relations which threatens to disturb either the peace or the good understanding between nations upon which peace and justice depend.

(In the original it was provided that the "high contracting parties reserve the right to take any action" etc. The revised draft reads "the league shall take any action" act.)

Article Twelve.
The members of the league agree that if there should arise between them any dispute likely to lead to a rupture, they will submit the matter either to arbitration or to inquiry by the council, and they agree in no case to resort to war until three months after the award by the arbitrators or the report by the council.

In any case under this article, the award of the arbitrators shall be made within a reasonable time and the report of the council shall be made within six months after the submission of the dispute.

(Virtually unchanged except that some provisions of the original are eliminated for inclusion in other articles.)

Article Thirteen.
The members of the league agree that whenever any dispute shall arise between them which they recognize to be suitable for submission to arbitration, and which cannot be satisfactorily settled by diplomacy, they will submit the whole subject matter to arbitration. Disputes as to the interpretation of a treaty, as to any question of international law, as to the existence of any fact, which, if established, would constitute a breach of any international obligation, or as to the extent and nature of the reparation to be made for any such breach, are declared to be among those which are generally suitable for submission to arbitration. For the consideration of any such dispute, the court of arbitration to which the case is referred shall be the court agreed on by the parties to the dispute or stipulated in any convention existing between them.

The members of the league agree that they will carry out in full good faith any award that may be rendered and that they will not resort to war against a member of the league which complies therewith. In the event of any failure to carry out such an award, the council shall propose what steps should be taken to give effect thereto.

(Only minor changes in language.)

Article Fourteen.
The council shall formulate and submit to the members of the league for adoption plans for the establishment of a permanent court of international justice. The court shall be competent to hear and determine any dispute of an international character which the parties thereto submit to it. The court may also give an advisory opinion upon any dispute or question

referred to it by the council or by the assembly.

(Unchanged except for the addition of the last sentence.)

Article Fifteen.
If there should arise between members of the league any dispute likely to lead to a rupture, which is not submitted to arbitration as above, the members of the league agree that they will submit the matter to the council. Any party to the dispute may effect such submission by giving notice of the existence of the dispute to the secretary-general, who will make all necessary arrangements for a full investigation and consideration thereof. For this purpose the parties to the dispute will communicate to the secretary-general, as promptly as possible, statements of their case, all the relevant facts and papers. The council may forthwith direct the publication thereof.

The council shall endeavor to effect a settlement of any dispute, and if such efforts are successful, a statement shall be made public, giving such facts and explanations regarding the dispute, terms of settlement thereof as the council may deem appropriate.

If the dispute is not thus settled, the council either unanimously or by a majority vote shall make and publish a report containing a statement of the facts in the case and the recommendations which are deemed just and proper in regard thereto.

Any member of the league represented on the council may make public a statement of the facts of the dispute, and of its conclusions regarding the same.

If a report by the council is unanimously agreed to by the members thereof, other than the representatives of one or more of the parties to the dispute, the members of the league agree that they will not go to war with any party to the dispute which complies with the recommendations of the report.

If the council fails to reach a report which is unanimously agreed to by the members thereof, other than the representatives of one or more of the parties to the dispute, the members of the league reserve to themselves the right to take such action as they shall consider necessary for the maintenance of right and justice.

If the dispute between the parties is claimed by one of them, and is found by the council to arise out of a matter which by international law is solely within the domestic jurisdiction of that party, the council shall report, and shall make no recommendation as to its settlement.

The council may in any case under this article refer the dispute to the assembly. The dispute shall be so referred at the request of either party to the dispute, provided that such request be made within fourteen days after the submission of the dispute to the council.

In any case referred to the assembly, all the provisions of this article and of article twelve relating to the action and powers of the council, shall apply to the action and powers of the assembly, provided that a report made by the assembly, if concurred in by the representatives of the other members of the League exclusive in each case of the representatives of the parties to the dispute, shall have the same force as a report by the council concurred in by all the members

thereof other than the representatives of one or more of the parties to the dispute.

The paragraph specifically excluding matters of "domestic jurisdiction" from action by the council is new. In the last sentence the words "if concurred in by the representatives of those members of the League represented on the council," etc., have been added.)

Article Sixteen.
Should any member of the League resort to war in disregard of its covenants under articles twelve, thirteen or fifteen, it shall ipso facto be deemed to have committed an act of war against all members of the League, which hereby undertake immediately to subject it to the severance of all trade or financial relations, the prohibition of all intercourse between their nationals and the nationals of the covenant-breaking state, and the prevention of all financial, commercial or personal intercourse between the nationals of the covenant-breaking state and the nationals of any other state, whether a member of the League or not.

It shall be the duty of the council in such case to recommend to the several governments concerned what effective military or naval forces the members of the League shall severally contribute to the armaments of forces to be used to protect the covenants of the League.

The members of the League agree, further, that they will mutually support one another in the financial and economic measures which are taken under this article, in order to minimize the loss and inconvenience resulting from the above measures, and that they will mutually support one another in resisting any special measures aimed at one of their number by the covenant-breaking state, and that they will take the necessary steps to afford passage through their territory

to the forces of any members of the League which are co-operating to protect the covenants of the League.

Any member of the League which has violated any covenant of the League may be declared to be no longer a member of the League by a vote of the council concurred in by the representatives of all the other members of the league represented thereon.

(Unchanged except for the addition of the last sentence.)

Article Seventeen.
In the event of a dispute between a member of the league and a state which is not a member of the league, or between states not members of the league, the state or states not members of the league shall be invited to accept the obligations of membership in the league for the purposes of such dispute, upon such conditions as the council may deem just. If such invitation is accepted, the provisions of article twelve to sixteen inclusive, shall be applied with such modifications as may be deemed necessary by the council.

(Upon such invitation being given

the council shall immediately institute an inquiry into the circumstances of the dispute and recommend such action as may seem best and most effectual in the circumstances.)

If a state so invited shall refuse to accept the obligations of membership in the league for the purposes of such dispute and shall resort to war against a member of the league, the provisions of article sixteen shall be applicable as against the state taking such action.

If both parties to the dispute when so invited refuse to accept the obligations of membership in the league for the purposes of such dispute, the council may take such measures and make such recommendations as will prevent hostilities and will result in the settlement of the dispute.

(Virtually unchanged.)

Article Eighteen.
Every convention or international engagement entered into hereafter by any member of the league, shall be forthwith registered with the secretariat and shall as soon as possible be published by it. No such

treaty or international engagement shall be binding until so registered. (Same as original article 23.)

Article Nineteen.
The assembly may from time to time advise the reconsideration by members of the league of treaties which have become inapplicable, and the consideration of international conditions whose continuance might endanger the peace of the world. (Virtually the same as original article 24.)

Article Twenty.
The members of the league severally agree that this covenant is accepted as abrogating all obligations or understandings inter se which are inconsistent with the terms thereof, and solemnly undertake that they will not hereafter enter into any engagement inconsistent with the terms thereof.

In case members of the league shall, before becoming a member of the league, have undertaken any obligations inconsistent with the terms of this covenant, it shall be the duty of such member to take immediate steps to procure its release from such obligations. (Virtually the same as original article 25.)

Article Twenty-One.
Nothing in this covenant shall be deemed to affect the validity of international engagements, such as treaties of arbitration or regional understandings like the Monroe Doctrine for securing the maintenance of peace. (Entirely new.)

Article Twenty-Two.
To those colonies and territories which have a consequence of the late war have ceased to be under the sovereignty of the states which formerly governed them and which are inhabited by peoples not yet able to stand by themselves under the strenuous conditions of the modern world, there should be applied the principle that the well-being and development of such peoples form a sacred trust of civilization and that securities for the performance of this trust should be embodied in this covenant.

The best method of giving practical effect to this principle is that the tutelage of such peoples be entrusted to advanced nations who, by reason of their resources, their experience, or their geographical position, can best undertake this responsibility and who are willing to accept it, and that this tutelage should be exercised by them as mandatories on behalf of the league.

The character of the mandate must differ according to the stage of the development of the people, the geographical situation of the territory, its economic condition and other similar circumstances.

Certain communities formerly belonging to the Turkish empire have reached a stage of development where their existence as independent nations can be provisionally recognized subject to the rendering of administrative advice and assistance by a mandatory until such time as they are able to stand alone. The wishes of these communities must be a principal consideration in the selection of the mandatory.

Other peoples, especially those of Central Africa, are at such a stage that the mandatory must be responsible for the administration of the territory under conditions which will guarantee freedom of conscience or religion subject only to the maintenance of public order and morals, the prohibition of abuses such as the

liquor traffic, the arms traffic, and the liquor traffic and the prevention of the establishment of fortifications or military and naval bases and of military training of the nations for other than police purposes and the defense of territory and will also secure equal opportunities for the trade and commerce of other members of the league.

There are territories, such as Southern Africa, and certain of the South Pacific Islands, which, owing to the sparseness of their population or their small size or their remoteness from the centers of civilization, or their geographical contiguity to the territory of the mandatory and other circumstances, are best administered under the laws of the mandatory as integral portions of its territory subject to the safeguards above mentioned in the interests of the indigenous population. In every case of mandate the mandatory shall render to the council an annual report in reference to the territory committed to its charge.

Article Twenty-Three.
The degree of authority, control or administration to be exercised by the mandatory shall, if not previously agreed upon by the members of the league, be explicitly defined in each case by the council.

A permanent commission shall be constituted to receive and examine the annual reports of the mandatories and to advise the council on all matters relating to the observance of the mandates.

(This is the original article 18, virtually, except for the insertion of the words "and who are willing to accept" in describing nations to be given mandates.)

Article Twenty-Four.
Subject to and in accordance with the provisions of the present article, the mandates, existing or hereafter to be agreed upon by the members of the league (a) will endeavor to secure and maintain fair and human conditions of labor for men, women and children both in their own countries and in all countries to which their commercial and industrial relations extend, and for that purpose will establish and maintain the necessary international organizations; (b) undertake to secure just treatment of the native inhabitants of territories under their control; (c) will entrust to the general supervision over the execution of agreements with regard to the traffic in women and children, and the traffic in opium and other dangerous drugs; (d) will entrust the league with the general supervision of the trade in arms and ammunition with the countries in which the control of this traffic is necessary in the common interests; (e) will make provision to secure and maintain freedom of communication and of transit and equitable treatment for the commerce of all members of the league. In this connection the special necessities of the regions devastated during the war of 1914-1918 shall be in mind; (f) will endeavor to take steps in matters of international concern for the prevention and control of disease.

(This replaces the original article 20 and embodies parts of the original articles 18 and 21. It eliminates a specific provision formerly made for a bureau of labor and adds the clauses (b) and (c).)

Article Twenty-Five.
There shall be placed under the direction of the league all international bureaus already established by general treaties if the parties to such treaties consent. All such international bureaus and all commissions for the regulation of matters of international interest hereafter constituted shall be placed under the direction of the league.

In all matters of international interest which are regulated by general conventions, but which are not placed under the control of international bureaus or commissions the secretariat of the league shall, subject to the consent of the council and if desired by the parties, collect and distribute all relevant information and shall render any other assistance which may be necessary or desirable.

The council may include as part of the expenses of the secretariat the expenses of any bureau or commission which is placed under the direction of the league.

(Same as article 22 in the original, with the matter after the first two sentences added.)

Article Twenty-Six.
The members of the league agree to encourage and promote the establishment and co-operation of duly authorized voluntary national Red Cross organizations having as purposes improvement of health, the prevention of diseases and the mitigation of suffering throughout the world. (Entirely new.)

Article Twenty-Seven.
Amendments to this covenant will take effect when ratified by the members of the league whose representatives compose the council and by a majority of the members of the league whose representatives compose the assembly.

Such amendments shall (the word "not" apparently omitted in cable transmission) bind any member of the league which signifies its dissent therefrom, but in that case it shall cease to be a member of the league. (Same as the original except that a majority of the league instead of three-fourths, is required for ratification of amendments, with the last sentence added.)

TEA

Tea is recognized by authorities who know it, as a mental and physical stimulant, as a refresher of the spirit, as an appetizer. ICED TEA is the most palatable, refreshing, invigorating and healthful of all Summer beverages. We have a full line of the pick of the season's tea crop. We particularly recommend our "WHO CAN BEAT IT" I and C Blend for iced tea.
