

BOLSHEVIKI ARE EVACUATING PETROGRAD

MAY DAY CELEBRATION RESULTS IN RIOTING AT CLEVELAND AND MANY PEOPLE ARE INJURED

By Associated Press. NEW YORK, May 1.—The main entrance to Madison Square garden, where thousands of workers were assembled to take part in a May Day labor demonstration, was stormed by about 150 soldiers and sailors in uniform this afternoon. While a provost marshal's guard formed a barrier the service men, who had devised the object was to "make the bolsheviks" were addressed by the police authorities and consented to disperse.

FIRST OFFICIAL MEETING WITH GERMANS TODAY

Was Scheduled to Be Held at Versailles at 3 o'Clock This Afternoon.

RECEIVE CREDENTIALS

Peace Preliminaries Will Be Communicated to Germans Monday Afternoon.

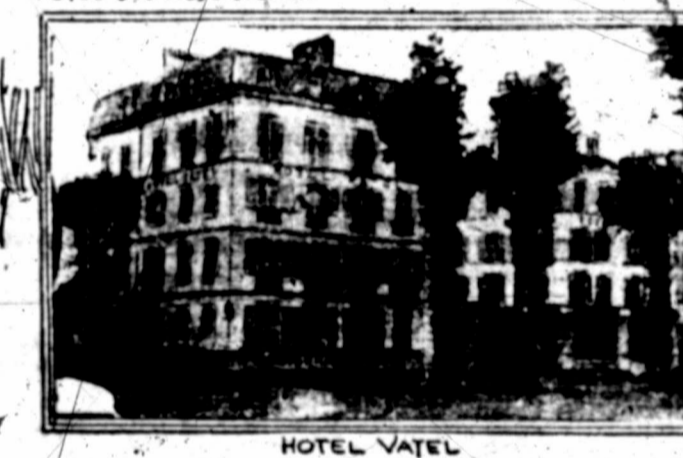

36TH WILL START HOME JUNE FIRST

By Associated Press. FT. WORTH, TEX., May 1.—News received from the Arrowhead, the official publication of the Thirty-Sixth division today, announces that the Texas and Oklahoma national guardsmen would sail from France about June 1, putting them in Fort Worth about July 1. They have already begun to move to the embarkation area.

STATELY TRIANON WHERE GERMANS WILL RECEIVE TREATY

The main German peace delegation will be housed at the Hotel des Reservoirs, and the telegraphers, news correspondents and other attaches will be accommodated at the Hotel Vatel, Paris. The preliminary discussions on the peace terms will be staged at the Trianon Palace Hotel, but the formal signing of the treaty is expected to take place in the Grand Palace at Versailles in the famous hall where the German Empire was proclaimed a half century ago.

JAPANESE COUNCIL VOTES TO MAKE NO CONCESSION AND TO REFUSE COMPROMISE OFFERED

By Associated Press. TOKIO, May 1.—The diplomatic advisory council voted today to adhere to Japan's attitude relating to the Shantung peninsula and to make no concessions or compromises at Paris, according to newspapers here.

Extreme Measures Are Taken to Prevent Public from Receiving News of the Reverses at Olonetz and Other Places.

By Associated Press. HELSINGFORS, Wednesday, April 30.—Petrograd is being evacuated by the bolsheviks, reports from reliable sources say. Many of the inhabitants are being sent away and the bolshevik government is taking vigorous measures to prevent the news of the happenings at Olonetz from reaching the people.

BOMBS GO TO MANY POINTS IN UNITED STATES

Seem to Have Been Timed to Reach Destinations on May Day.

A WARNING IS ISSUED

So Far No Injuries Result Other Than in the Home of Georgia Senator.

RECLASSIFICATION OF LUMBER AND PRODUCTS

By Associated Press. WASHINGTON, May 1.—Reclassification of lumber and lumber products was announced today by the Interstate Commerce Commission giving for the first time a standardization of freight rate relationship used throughout the United States.

IRISH WORKERS ARE IDLE FOR THE DAY

By Associated Press. LONDON, May 1.—All Irish workers except those in the northern parts of the island have today ceased work. The railroads, newspapers, factories, shops and other industries are closed down in compliance with the order from the powerful transport workers.

BELGIUM TO TAKE EXTREME MEASURES TO FORCE DEMANDS

By Associated Press. BRUSSELS, Wednesday, April 30.—Extremely strong measures relating to Belgium's demand at the peace conference, have been decided upon by the Belgian government, according to the Solr.

BELGIUM NOT SATISFIED WITH DIVISION OF FUND

By Associated Press. LONDON, May 1.—One of the principal features of the arrangement for indemnity to Belgium against which Belgium is protesting is that country will receive 100,000,000 pounds as part of the 1,000,000,000 pounds which Germany will be asked to pay by the end of next year, as part of a total reparation of 200,000,000 pounds, according to the Paris correspondent of the Mail.

DANIELS THINKS LARGE NAVY WILL BE A NECESSITY

By Associated Press. LONDON, May 1.—A large naval international peace force will be necessary under the league of nations plan immediately after peace is declared, in the opinion of Joseph W. Daniels, American secretary of the navy, and one of the objects of his trip abroad is to discuss with the admirals of Italy, France, and England some details as to this force, particularly the type of vessels desirable.

BOMB EXPERTS AWAIT WORD FROM WASHINGTON

By Associated Press. CHICAGO, May 1.—Bomb experts of the government were today awaiting word from Washington before opening the packages believed to contain an infernal machine, consigned to Federal Judge Kenesaw M. Landis, as well as many other prominent men throughout the country.

Negro Undertaker Needed Booze to Induce Business

By Associated Press. FORT WORTH, May 1.—H. A. Dixon, negro undertaker of Waco, who has been indicted for selling cognac to shipping liquor into Texas, said he used the whiskey as a business getter.

MAY DAY CELEBRATED THROUGHOUT ARGENTINA

By Associated Press. BUENOS AIRES, May 1.—May Day was celebrated by general twenty-four hour strike over all the republic. In this city the strike of business was complete and included tram cars, taxis, cabs, coaches, hotels, restaurants and all food purveyors.

TAMPA, FLORIDA, REPORTS A PARTIAL CELEBRATION

By Associated Press. TAMPA, Fla., May 1.—Plans of local labor elements to hold a May Day demonstration were partly foiled today when workmen in three of the larger cigar factories failed to report for work and gathered in small groups in the Spanish and Cuban sections of the city.

SEVERAL RED FLAGS APPEAR IN CHICAGO

By Associated Press. CHICAGO, May 1.—Several red flags, which were reported from the roof of two downtown elevated stations today, were strong on May Day radicals, but weak in spelling. The flags bore these legends:

Table with 2 columns: Item, Quantity. Includes WICHITA FALLS DISTRICT DAILY OIL PRODUCTION, Burk Burnett (58,500 barrels), Electra (12,000 barrels), Petrolia (60 barrels), Hillside Park (250 barrels), Holliday (150 barrels), Total (72,650 barrels).

STOCK EXCHANGE DECLARES HOLIDAY FOR NEXT TUESDAY

By Associated Press. NEW YORK, May 1.—The board of governors of the New York stock exchange announced today that Tuesday, May 6th, would be a holiday on account of the parade of the 77th division here.

AERONAUTICAL CONGRESS OPENS AT ATLANTIC CITY

By Associated Press. ATLANTIC CITY, N. J., May 1.—The second annual pan-American aeronautical congress opened here today with Alan R. Hawley, president of the Aero club of America, presiding. The convention will last a month and aerial contests will be held almost daily.

BASEBALL TODAY

Table with 2 columns: League, Game. Includes NATIONAL LEAGUE (Cincinnati-St. Louis, Philadelphia-Pittsburgh), AMERICAN LEAGUE (Detroit-Cleveland, Philadelphia-New York, Chicago-St. Louis).

Summary of International Situation and Progress of Peace Conference

By Associated Press. Possible delay in the handing of the peace terms to the German delegates at Versailles is indicated in late advices from the Paris conference. The Italian may have to go over to next week while questions as to the powers of the enemy's representatives and their qualifications as spokesmen for Bavaria are being looked into. Today was set for the handing over by the Germans of their credentials to a commission for examination.

Want Troops Withdrawn.

President Wilson and Premier Lloyd George and Clemenceau are all specially eager for the withdrawal of Allied troops from all enemy colonies and are confident that the League of Nations can speedily solve pending disputes without military pressure being eliminated.

Want Troops Withdrawn.

The Japanese delegates are pleased over the transfer of German rights and property to them and say the agreement virtually carries into effect the provisions of the China-Japanese treaties of May 25, 1915.

Want Troops Withdrawn.

The Chinese withold any statement pending the issuance of the agreement of the agreement to be included in the peace treaty.

OIL DEVELOPMENT

MUCH INTEREST IN NEW YORK CITY IN OIL DEVELOPMENTS

Abe Lebeson has returned from New York. Mr. Lebeson reports growing interest in the metropolis in Texas oil developments. "There is one New York paper," he said, "that is carrying more oil advertisements than all the Wichita Falls and Fort Worth papers combined."

Texas oil stocks, he says, are now active on the curb and much New York money is being invested in Texas oil properties. Mr. Lebeson expects interest there to increase as the richness of the Texas oil fields become more generally realized.

While in New York, Mr. Lebeson completed the organization of the Big Six Oil and Development Association. This association was organized for the development of leases in this section. It has a total stock subscription capitalized at \$300,000 and none of the stock is for sale. Mr. Lebeson states. The company will drill with its own rigs and expects to start operations immediately at lower Park, Electra and in the new pool northwest of Burk Burnett.

N. Nirenberg of New York is president of the association; George Schustek, also of New York, is vice president, and Mr. Lebeson is treasurer and trustee. Thomas P. Converse, an oil man of 20 years' experience, will be manager for the company, Mr. Lebeson announces.

THE TEXAS CO. IS LARGE PURCHASER OF VICTORY BONDS

The Texas Company, through the Federal Reserve Bank of New York, have subscribed to \$1,027,000 of Victory Loan bonds which will be widely distributed throughout the territory in which the Texas Company operates. J. J. McMahon, general superintendent of the North Texas division, has notified the Victory Loan committee that \$25,000 of this amount has been allotted to Wichita county, arrangements having been made with one of the local banks to handle this amount as quota credit to this county. The Texas Co., as well as their employees, have been liberal subscribers to all previous loans, and, although no figures are obtainable at this time, the officials here are confident that in the purchase of Victory Loan bonds the employees in this division will equal if not surpass their former good record.

GULF PRODUCTION MEN ENTERTAINING OFFICIALS

J. A. Gardner and the other members of the local Gulf Production Company's "official family" are entertaining a party of high company officials today. The party includes Harry C. Hansen, assistant to Underwood Nazro, of the Mexican Gulf Company, of Houston and Mexico; W. B. Paxon, third vice president of the company of Fort Worth, and J. P. Garrett, also assistant to Mr. Nazro, of Houston. R. E. Hardwick of Fort Worth, one of the company attorneys, and A. A. Melst, of the production department, Fort Worth, were visitors in Wichita Falls and Burk Burnett Wednesday.

TEXAS MUTUAL ROYALTY COMPANY
618 1/2 Seventh Street Wichita Falls, Texas

WANTED TO BUY ONE COMPLETE STEEL RIG. SEE ME TODAY. UNION NO AVE.

M. H. HAGAMAN.

After a residence of thirty years in Ranger, Eastland County, Texas, Mr. Hagaman was recently elected mayor, the town having just incorporated—an honor peculiarly appropriate for the town, and pleasing to Mr. Hagaman. After graduation from the University of Chattanooga, Tenn., having been born at Bristol, Tenn., in 1861, Mr. Hagaman located at Ranger in 1887, teaching school; four years and then engaging in general merchandising for ten years. He then, having purchased much land, turned his attention to the cattle and ranching business, which he followed until last year, when his oil interests became so extensive that his time is now occupied with the details of his lease and royalty properties.

The Hagaman ranch, two miles northeast of the town of Ranger, has been leased as follows: The Texas Company, 4,000 acres; Gulf Production Company, 1,500 acres; Coaden Oil and Gas Company, 640 acres; Texas Pacific Coal and Oil Company, 1,000 acres; Sinclair Gulf Oil Company, 390 acres; Lone Star Gas Company, 320 acres. Two producing wells, one for the Texas Company and one for the Texas Pacific Coal and Oil Com.

OIL FOUND IN WELL NEAR SAN ANTONIO

SAN ANTONIO, TEX., May 1.—Oil has been found in the old Kerr well in the Some-set field, south of Bay Antonio, at 2070 feet, according to information received here. The well recently was taken over by E. L. Thompson and drilled deeper, this being the deepest test ever made there. The gas pressure in the well is gradually increasing.

NOTICE

Having severed my connection with the Art Jewelry Co., where I have had charge of their repair department and optical parlor for the past year, I have opened for myself in the City Loan Co.'s store where I expect to give every article of jewelry or watch left for repairs my personal attention and all optical customers the same good service I have always rendered. Satisfaction guaranteed.

NORTH AMERICAN TO BEGIN DRILLING TWO MORE WELLS

OKLAHOMA CITY, May 1.—An announcement has just been made here that the North American Oil & Refining Corporation, of Oklahoma City, will start work on two more wells in Texas in addition to the Conklee No. 1 now drilling on the divide northwest of Ranger. The Conklee is down about 300 feet.

Material is being assembled for the drilling of the company's second well in Young county. It will be drilled about two miles southwest of the company's Gode No. 1, still delayed by a fishing job. Contract has been let for drilling an offset to the Haynes well in the Duke-Knowles field in Comanche county and work will be started within a few days, it is reported.

The North American also is drilling in the Walters field where it has one well at about 2,400 feet. This well is three locations from the Hagwell company's producer on the Brink farm.

NETTLE EXCHANGE TO RESUME CALLS STARTING FRIDAY

Announcement is made that calls will be resumed at the Nettle Exchange on Mack Taylor's Drug Store, beginning Friday, with calls daily at 3 p. m. and 8 p. m.

TEXHOMA WELL IS REPORTED FLOWING 500

The Texhoma Oil and Refining Company completed their No. 3 Hardin Monday, and the well is now reported flowing 500 barrels.

WIRE PRESIDENT TO CALL EARLY SESSION OF CONGRESS

By Associated Press. ST. LOUIS, May 1.—The chamber of commerce of the United States representing half a million businessmen, today unanimously adopted a resolution urging the immediate return to this country of President Wilson and an extraordinary session of congress to enact legislation necessary to safeguard our social and business structure.

PRODUCTION GAIN OF NORTH CENTRAL TEXAS 10,000 BARRELS DAILY

The production of the North Central Texas oil fields for the past week was 161,000 barrels daily, an increase of 10,000 barrels over that of a week ago. This represents an increase of 2,000 barrels in the Wichita territory, a 7,000 barrel gain in Eastland and 1,000 barrel gain in Stephens.

CASE AGAINST RAILROAD IS ON TRIAL TODAY

The suit of F. H. Massie vs. W. D. Hines, director of railroads, is on trial before a jury in the 78th district court. Massie is suing for \$25,000 on account of personal injuries alleged to have been sustained when his Ford car was hit as he was driving across the railroad tracks on the night of February 2.

INTEREST QUICKENS OVER THE COUNTRY IN VICTORY DRIVE

WASHINGTON, May 1.—The treasury announced that "a somewhat quickened interest" in the Victory Liberty loan campaign, based on reports from federal reserve districts. The total subscriptions officially tabulated still stood at \$1,130,697,000.

The treasury's review of the progress of the campaign said: "The percentage of quota officially subscribed still is below the percentage of the fourth Liberty loan subscribed at the same period. There is a gradual falling off in the average percentages of quota subscribed and workers are at a loss to explain it. Every district begins to be hopeful that it will obtain its quota but none of them is overly optimistic."

In the St. Louis district, which alone has half its quota, twelve counties of Arkansas are oversubscribed.

ORGANIZATION OF TRAFFIC ASSOCIATION IS NOW COMPLETED

Organization of the Wichita Falls Traffic Association has been perfected with H. C. Burditt, formerly terminal trainmaster at Tulsa for the Midland Valley railway as manager; M. E. Cox, former chief of the accounting bureau at Dallas for the Rock Island, Frisco and Santa Fe lines, as traffic manager; and A. C. Scurlock as attorney.

The association has opened temporary offices at 203 La Sabe street. It has been given the endorsement and support of the chamber of commerce and has already received many applications for membership.

"We are coming to Wichita Falls to give much needed service and to those to whom we have offered plans and our work have given us a most cordial reception," said Mr. Burditt. Mr. Scurlock explained that the service of the association would include:

- Tracking and reporting movements of freight.
- Quoting rates.
- Furnishing passing records in transit.
- Facilitating the movement, loading and unloading of cars and working for the general best interests of Wichita Falls shippers.
- Traffic associations as developed along two lines," said Mr. Scurlock, "one in which the association is antagonistic to the railroad and the other in which cooperation is sought between the railroad and the shippers. It is our purpose to develop along the latter line as we believe we can best serve Wichita Falls shippers in this manner."
- The association, it was stated, would maintain representatives at important Kansas, Oklahoma and Texas points looking after the interests of Wichita Falls shippers, and constantly maintain a representative at Denison to check Wichita Falls shipments passing through the important point.

RAY NOLEN RETURNS FROM SERVICE OVERSEAS

Ray Nolan of this city who entered the navy over a year ago and who has been in active service overseas for 18 months as first machinist mate on the U. S. Corozal, is in the city. He received his discharge at New York City last week. During the period of his service the ship was stationed on was assigned to duty.

MISS MAZZEI BECOMES BRIDE OF A. G. SAVELLI

Wednesday afternoon at four-thirty, at the home of J. G. Culbertson, 1908 Van Buren, Miss Louise Bergezz Mazzei became the bride of A. G. Savelli, Judge R. T. Gwynn performing the ceremony. Only a few friends of the contracting parties were present. Mr. Savelli is vice president and export manager of the Wichita Falls Motor Company. After an extended trip to New York, Porto Rico, Cuba and British West Indies, Mr. and Mrs. Savelli will be at home at 1821 Eleventh street.

MISS JENNIE SCOTT COLLIER F. C. MILBURY WED

Miss Jennie Scott Collier and Freeman C. Milbury were united in marriage Wednesday evening at 6 p. m. The ceremony took place at the First Christian church, Rev. Keevil, pastor of that church, performing the ceremony.

Only members of the family and Rev. Brous, assistant pastor of the church, were present.

The bride is the daughter of Mr. and Mrs. J. D. Collier of Woodville, Texas, and is a member of an old southeast Texas family. She has been assistant manager for the McFall Transfer Co. and has made her home with Mr. and Mrs. J. W. Gaze, 1294 Broad street. The groom is a member of the real estate firm of Frankfort and Milbury and is president of the Burkfield Gasoline Gasoline Co.

The couple will be at home at 1933 Tenth street.

RED CROSS UNIT TO SEW ON TOMORROW

The Red Cross Unit of the First Christian church will sew in the basement of the church tomorrow (Friday) beginning at 9 a. m. Ladies not members of the unit who have been sewing at the Red Cross rooms are invited to join in the sewing tomorrow at the church.

RESBYTERIAN CHURCH TO HAVE MARKET SATURDAY

Section B of the Resbyterian Church will hold a market Saturday, May 3, at the Olive A. Child Millinery store, 1111 Indiana. The market will begin at 11 o'clock and have baked cakes and bread, also dressed chickens and fresh eggs will be on sale.

AMUSEMENTS

BARBARA CASTLETON IN "JUST SYLVIA" TONIGHT

You'll like Barbara Castleton in "Just Sylvia" the World Picture which tonight will be shown at the Plaza Airdome. You'll like her because she is pretty and charming and you'll like her because the picture she is in is a pecker. And you'll like this picture because Johnny Hines, who is certainly there as a laugh maker, appears in support of Miss Castleton as her leading man.

The story told in "Just Sylvia" is interesting and different. It tells of the experiences in the east of Zebulon Hicks, his wife and son, after the discovery of one on the Hicks farm making them rich. Hearsy, the son, meets and falls in love with a young lady known as the Countess "Bon-nie-nutt." But while Mrs. Hicks is delighted at the prospect of having a title in the family, Father Hicks is much agitated because he had met the girl a few weeks previously when she was employed as a model in a dress-making establishment.

The manner in which the "countess" is exposed and the way in which she exposes some imposters who have been imposing on the Hicks family and the surprising manner in which her own true identity is finally established, all go to make a corking good picture.

"Just Sylvia" will please you and entertain you in a different and delightful.

ARMY RECRUITING OVER THE STATE IN FULL OPERATION

While the bonus of \$5 that some time ago was given to the postmaster for each recruit enlisted has been discontinued, he still is authorized to furnish information to prospective soldiers. To facilitate recruiting.

Postmaster Howard has furnished for publication the following circular from the district recruiting headquarters at Dallas:

"The Army Recruiting organization with headquarters at Dallas is now in full operation. Judging from the large number of inquiries and the increasing flow of applications to the main office, Texas youths are showing a lively interest in what the government now offers in the way of travel, education and physical upbuilding.

"Many of the applications are ex-soldiers which speak well to counteract the stories of gloom and the occasional grief of some discharged men. Ex-soldiers can now enlist for one year which gives them a good chance to obtain employment until the labor situation becomes more settled.

"Only three year men go to France. This service is guaranteed. The men who desire it will sail three weeks after acceptance. The branches open for service in France, are Infantry, Cavalry, Field Artillery, Engineers or Medical Department. Besides service in France, applicants are now accepted for service in the Hawaiian Islands in China or the Philippine Islands if they desire.

"Any unmarried young men of good physique and good moral standing between the ages of 18 and 40 are eligible. Young men under 21 must present evidence of age in the form of a birth or school certificate or an affidavit of parents or legal guardian. Though the National Guardsmen are not eligible for enlistment without a discharge, the State authorities have been very liberal in cooperating with the Recruiting Officers by granting

discharges to enable the young men in their organizations to take advantage of the many opportunities the army now holds out. The initial pay of the soldier is \$30.00 a month with 20 per cent increase for foreign service. This is clear profit. Clothes, good wholesome food, medical attention, amusements, etc., are all furnished free.

"The number of men who can partake of this opportunity to go overseas is limited, only 50,000 are to be sent to France. Consequently the chance to see France and the Rhine and the historic battlefields for which many tourists are trying to pay money for, will not be for long. This splendid experience for any young man must be grasped quickly or it may be too late.

"The stations now established in this district are at 224 Main Street, Denton, Texas, 1501 Main Street, Fort Worth, Texas, 402 Austin Street, Waco, Texas, and 1017 Main Street, Dallas, write direct or see your postmaster."

TRANSPORTS ARRIVE AT NEWPORT NEWS WITH 4288 MEN

By Associated Press.
NEWPORT NEWS, Va., May 1.—The transport Konigen der Nederlanden arrived this morning from France with 2,263 officers and men including many of the Rainbow division.

From Bordeaux 2,025 troops arrived on the steamship Henry R. Malloy. These included the 394th field signal battalion complete, 84th division (national army, Indiana and Kentucky); 304th, 332nd and 337th battalion tank corps complete, 11th, 20th and 86th aero squadron and 25th evacuation hospital.

On the Konigen were: the 117th ammunition train; evacuation ambulance company 11; evacuation hospital 118; 114th engineer headquarters and army ambulance sections 542, 569, 571, 590, 601 and 603.

POSTOFFICE RECEIPTS SHOW BIG INCREASE

On account of a new ruling of the government which permits publication of the receipts of the postoffice on the basis of a quarterly report only, the exact figures of the business for the month of April are not available. However Postmaster Ed Howard reports that the receipts for the past month were the largest in the history of the local office. From figures obtainable at the local postoffice it is calculated that there are over forty thousand people who receive mail through the office and this figure has probably been increased in the past few days with the renewal of the oil boom.

BREVITIES

A FITTING CLOSE FOR A SPLENDID RECORD

Wichita Falls and Wichita county made a splendid record in the war. Many hundreds of her young men entered military service. Every Liberty Loan quota and every quota for war work was oversubscribed...

LITTLE STORIES FOR BEDTIME

By HOWARD R. GARIS

Uncle Wiggly and Bunty's Skates

Uncle Wiggly Longears, the bunny rabbit gentleman, was asleep in his hollow stump beneath one morning when he heard, as if in a dream, Nurse Jane Fuzzy ring the breakfast bell. "Oh! Um! Ah! I don't hardly believe I'll get up this morning," said Uncle Wiggly, sort of stretchy like...

on the little rabbit girl, who was going to live with Uncle Wiggly. It's the first of May and we're going out and gathering flowers today, tra-la!

"Who's going?" asked Uncle Wiggly. "As he came downstairs to breakfast."

"You and I are going to gather flowers. We'll have fun, many joyful hours!" sang Baby Bunty.

"Oh, yes, Baby Bunty was up as soon as I was," said Nurse Jane. "Uncle Wiggly ate his breakfast slowly and carefully. He didn't like to hurry except when the Pipsiswah was chasing him."

"I'll play a little trick on Baby Bunty," he thought. "I don't believe it will do my old bones good to go off in the damp woods so early in the morning to gather flowers. I'll wait until the sun is warmer. I'll just stay here and go to sleep. She'll forget all about me!"

So Uncle Wiggly curled up in the easy chair, thinking how good it felt to rest his tired bones and joints. But, all of a sudden, as he was sort of dozing off to sleep, he heard Nurse Jane cry:

"Oh, Uncle Wiggly, come here! Come quickly! There goes baby Bunty off on her skates!"

"Baby Bunty? Going off on her skates? Why she hasn't any skates," cried the bunny gentleman, suddenly waking up. "She's too little to have roller skates, and I ain't the time of year for ice skating. How you talk, Nurse Jane!"

"Well, there she goes, anyhow!" said the musty lady. "She's a lively little tyke, is Baby Bunty. She made herself a pair of roller skates out of some old sound clothing, and there she goes on them, rolling down the woodland path. You'd better run after her, Uncle Wiggly, or a bad fox may catch her!"

"That's so!" cried Uncle Wiggly. Then he forgot all about his stiff joints, and how he used to have rheumatism and all that. Away he hopped and ran and leaped and jumped after Baby Bunty. And away the little Bunty went on her clothespin roller skates.

"Come on, Uncle Wiggly!" she cried to him. "See if you can catch me!"

Well, Uncle Wiggly finally did, but it was hard work, and he was so out of breath when he finally ran and caught up to Baby Bunty that he could hardly breathe his pink nose at all.

"Isn't this jolly!" laughed the tyke. "Now we can get May flowers! I wanted you to be lively and come, and you did. You came right after me!"

"Yes, but you led me quite a chase!" panted Uncle Wiggly. "However, I guess I feel better after it. I'm not stiff now. And he wasn't a bit, and he and Baby Bunty gathered a fine bouquet of May blossoms. And if the molasses jug doesn't get stuck in the alley when it's trying to run through the tag the sugar cookie, I'll tell you next about Uncle Wiggly and Bunty's ride."

INTER-SCHOLASTIC LEAGUE OPENS AT AUSTIN TODAY
By Associated Press
AUSTIN, Texas, May 1.—The state meet of the inter-scholastic league opens here today with preliminary tennis doubles as the only contest for the day. It is estimated that 1,500 boys and girls of state high schools will enter the athletic and literary competitions which will continue for three days.

Made from cereals for richness and nutriment; from hops for tonic properties and flavor; and from distilled water for purity. GRAINO comes to you as the greatest single achievement in the art of beverage making.

SEEK TO CLOSE UP THREE DANCE HALLS AT BURKBURNETT

Citations were issued in the 78th district court today against Mrs. Nettie Flores, P. J. Snell and a Mr. Lawrence at Burkburnett to show cause why they should not be enjoined from operating dance halls at Burkburnett. There are three dance halls in operation at Burkburnett, one of them being at the Cozy Cafe of which Lawrence is proprietor.

It is alleged that immoral women frequent these places. When Mrs. Flores was brought before Judge Bonner in the 30th district court yesterday non-suit was taken by the state represented by county Attorney John Davenport and today new proceedings were instituted against her. The other two cases were transferred to the 78th district court and a hearing will be held Saturday in all three.

Our patrons will kindly post in the telephone book as we returned from France too late for classification in the directory. 302-1216

HUNGARIANS WANT TO QUIT FIGHTING

By Associated Press
LONDON, May 1.—The Hungarian government, wireless message from Budapest says, has offered the Rumanian government territorial concessions and requested an immediate cessation of hostilities.

WOMEN ARE DOING A SPLENDID WORK IN VICTORY DRIVE

Unlike some of the sections which are described in press dispatches as being hopeful but not overly optimistic concerning the Victory Loan, Wichita Falls and Wichita county workers are very enthusiastic for the results of the drive in this city and county, and believe that a few more days will see the quota oversubscribed in the amount that this section has always subscribed it.

The same patriotic spirit that made it possible to raise the large quotas of the previous loans is still evident in the people, Chairman Britab and his workers state, and they are confident that Wichita Falls and Wichita county's past record will continue spotless and that the over-subscription will be gratifying.

Buy Leases in the Great Northwest

Since January first the undersigned have enjoyed a business in leases amounting to three quarters of a million dollars (\$750,000.00). We are prepared to handle transactions in a high class and satisfactory manner.

We now own and offer subject to prior sale and change of price the following leases which have been selected after a careful study of the field with the advice of best geological and practical talent

IN BLOCK 86, near middle of block, between the Parker and Burk-Waggoner we have 2 ac.

IN BLOCK 88, in southwest quarter, adjoining Gulf lease, and within 1800 feet of Burk-Waggoner, we have five acres. Will sell two or more acres.

IN BLOCK 96, in lower part, we have thirty-three acres (33) 700 feet east of the Texas Chief, now drilling at 1,000 feet with same formations as Burk-Waggoner. Will sell 5 acres of more.

IN BLOCK 97, southern part, we have one acre, near Burk-Waggoner and Parker wells.

IN BLOCK 98, on south line, we have ten acres, 700 feet east of Parker well, and 3200 feet northwest of the Burk-Waggoner well.

IN BLOCK 819, we have 15 acres, about 4500 feet northwest of the M & P Burk (Greenwood), Tennessee Oil and Gas, and Burk-Fort wells, which promise to equal the the best.

IN BLOCK 15, we have 40 acres, lying southwest of Burkburnett. Will sell 10 to 40 acres.

On account of buying early and at low prices we can sell any of the above at prices below those offered by more recent purchasers.

Drilling propositions will be entertained now on several of our leases now ripe for development

We offer some of all our holdings on regular commercial lease, without drilling obligations.

Prospective purchasers and high-grade oil brokers are cordially invited to call upon us with reference to any of the above.

L. A. Pat Casey & R. A. Richey

ROOM 617, WESTLAND HOTEL, TELEPHONE 880

(The above are members of the firm of Richey & Casey, which is now and has for the past ten years conducted the firm of Richey & Casey in San Antonio, Texas. We have been in this field since the Fowler well came in, and gladly refer to the following banks as to our reliability and integrity: First National Bank and City National Bank, Wichita Falls, Tex., and any bank, banker or reputable business man or firm in San Antonio

DELEGATES NAMED TO CONVENTION OF VETERANS OF WAR

Major E. L. Fulton, Edward W. Naylor and Bentley Bacon were named last night as Wichita county delegates to attend the national convention May 3 at St. Louis of European war veterans, the elections occurring at a special called meeting of discharged soldiers and sailors held in the sixth district court room at the county courthouse. The 13th congressional district is entitled to ten delegates, and Major Fulton, as chairman of the district, has telegraphed to other counties urging full representation.

Last night's meeting was very brief, being confined to the task of naming delegates, the hearing of a brief report on the recent states convention at San Antonio and the passing of a resolution endorsing Governor Hobby's action in calling a special session of the state legislature to enact a law permitting discharged soldiers and sailors to vote.

In view of the fact that the United States railroad administration has authorized a two-cent fare rate for all delegates to the St. Louis convention, it is expected that a very large percentage of former enlisted men will attend the national meeting next month. At the state convention it was decided that 50 per cent of the delegates should be former enlisted men, while 40 per cent may or may not be selected from the ranks of former officers in the services.

The resolutions referring to Gov. Hobby's action stated briefly that the Wichita county soldiers' organization desires to go on record as believing that the Governor, acting on the advice of the attorney general, "did what he believed to be his plain duty" when he vetoed the soldiers' bill, and endorsed the governor's stand in convening the legislature to enact another law that will be effective and constitutional.

Grand Opening
Of the Wichita Lake Dancing Pavilion This Evening, May 1. We cordially invite everyone. Music by Prof. KATZ Orchestra.

MONEY FROM VICTORY LOAN BE USED TO BRING TROOPS HOME

By Associated Press.
NEW YORK, May 1.—The money raised from the Victory Liberty Loan will be used to pay for bringing the American troops home from France, the cost of their demobilization, part of the war insurance claims of the soldiers and sailors killed or injured in the fighting, and will furnish funds for the care of the wounded and for the vocational training of the maimed and other post war expenses, says a representative here of the Liberty Loan Committee.

"One of the biggest items of expense will be for the transportation and demobilization of the troops, the cost of which, from the time the armistice was signed until the army is returned to a peace basis, will amount to approximately \$2,320,273,000," he adds in a statement. "There were about 2,000,000 men overseas when the fighting ended. According to the army transportation experts, it will cost \$200 a man to bring them from the fighting lines in France and Belgium to their homes in the United States. This will make the total transportation bill \$400,000,000, of which \$125,000,000 represents the fare of the soldiers in France, \$124,000,000 their fare across the Atlantic, and \$145,000,000 their transportation from United States ports to their homes.

"It will take at least ten months, the army authorities say, to complete the demobilization of the troops from overseas. Their maintenance in this period including housing, clothing and food, will amount to about \$1,000,000,000, of which \$279,428,130 will be for food.

"The demobilization, transportation and maintenance expenses of the 1,635,000 soldiers who did not get to France, will amount to about \$920,277,000, bringing the total for the whole army to the amount already stated, \$2,320,273,000, which will make quite a hole in the Victory Liberty Loan receipts.

"There are about 200,000 sick and wounded soldiers still being cared for in the government hospitals. The per capita cost of caring for these patients is figured by the Army Medical Department at \$725, which brings the total cost of those now undergoing treatment to \$145,000,000. There are eighty army hospitals in the United States. The cost of their operation ranges from a few hundred thousand to a million dollars a year each, and the amount of war risk insurance the government has outstanding is \$7,000,000,000. The claims already filed amount to \$5,000,000. If all the soldiers, numbering approximately 72,000, who were killed in action, or died of wounds, accident and disease, were insured for the full amount of \$10,000 each permitted under the plan, their claims would aggregate \$720,000,000. Payments on these claims will be made at the rate of \$50 a month to the dependents of each soldier, which calls for the expenditure of \$3,500,000 a year for about 15 years. However, it is not probable that many of these claims, or of the thousands of others that will be filed by soldiers disabled in the war, will be acted upon in time to make much of a drain upon the proceeds of the Victory Loan.

"The Federal Board for Vocational Training, which the government has established to care for disabled men after their discharge from the army or navy and train them to earn a livelihood, will cost several millions of dollars a year to maintain. Already 12,000 men have applied for training in the institution, and as they are to be paid at least \$65 a month each while undergoing training, their pay alone will amount to about \$1,000,000 a year.

"Other expenses to be met out of the proceeds of the Victory Liberty Loan will be the purchase of wheat at the guaranteed price of \$2.26 a bushel, and extension of credit to the countries associated with us in the war to enable them to purchase war material and other property of the United States in such countries which is no longer essential to this government. Funds also will be needed for the upkeep and other expenses of the navy since the signing of the armistice and for the operation of the railroads. In addition to these military costs, the civil expenses of the government are running at about \$2,000,000,000 a year."

JEWS IN ARGENTINA NOT CONNECTED WITH AGITATION

By Associated Press.
BUENOS AIRES, Wednesday, April 30.—In view of alarming rumors, warnings have been posted in this city against any Maximalist demonstration in connection with the observance of May first. A committee of representative Jews visited President Irigoyen today and stated that the Jews in Argentina were not connected with any agitation, begging to be protected against any popular persecution in the event of an outbreak. The president assured them that every measure to insure the maintenance of order would be taken.

JACK PRATHER'S CAR STOLEN LAST EVENING

Jack Prather, state organizer of the American Federation of Labor, reported to the police and the sheriff's office this morning the theft of a new Ford automobile, stolen last night from in front of his home at 2-10 Bluff street. The car was a recent gift to Mr. Prather from the Painters' Union.

The state license number of the machine, which is a 1918 model, is 241-138; the engine number is 2,848,060; the seal number C. 11,162.

Any person seeing such a car as described is asked to report at once to Mr. Prather at the Labor Temple, telephone 2304, or at 303 Bluff street, telephone 2497.

MICHIGAN ENACTS MANY IMPORTANT LAWS AT SESSION

By Associated Press.
LANSING, MICH., May 1.—More than the usual amount of really constructive legislation was enacted by the four-months session of the 50th Michigan legislature, just ended, and which will be followed by a special session, in May, to complete the heavy program outlined in the message of Governor Albert E. Sleeper to the two houses on January 2.

Adoption of a bill to remedy defects in the Michigan prohibitory law, when the state was flooded with liquor following invalidation by the supreme court of the search and seizure section of the old act, was one of many important measures written in the statute books. Under this law Michigan is said to be more thoroughly "bone dry" than any other state and even the possession of liquor is held a felony.

Among other laws enacted are: a "red flag" law, making display of the red flag in public assembly or parades prima facie evidence of its use as an emblem of anarchy.

A law making criminal syndicalism a felony and designed to prevent the spread of bolshevism.

Placing public utilities under control of a state commission municipalities retaining control of franchise rates.

Making permanent the war-time state constabulary organization as a police force, especially designed to enforce prohibition laws and maintain order.

Restoring ten-round, no-decision bouts, under control of a state athletic commission.

Restoring railway passenger train to two and one-half cents when the roads come again under state control, this to include electric interurban lines earning \$5,000 or less a mile per annum.

A law, following army regulations, designed to stamp out venereal diseases.

A resolution authorizing investigation by a commission of industrial conditions, particularly vocational needs, old age pensions, minimum wages, housing and women labor, and to recommend legislation to the next legislature.

The legislature also ratified national prohibition and ordered investigations which resulted in enactment of several institutional and prison reform measures.

Among measures defeated was one proposing a constitutional amendment to eliminate parochial schools and one proposing an amendment to expend \$5,000,000 to establish terminal warehouses for the marketing of produce direct from from to retailer and consumer.

ST. LOUIS, Mo., May 1.—J. A. Ed-

SALESMAN'S WIFE FEELS LIKE NEW

"My husband has gained 10 pounds on his first bottle of Orgatone, and I have been gaining in weight and strength ever since we started on the treatment a few weeks ago, and of course, we think there's no other medicine in the world like it," said Mrs. C. H. Price, residing at 1921 Hemphill Avenue, Fort Worth, Tex. Price is the wife of the well-known and popular salesman for the Dalton Adding Machine and both have a host of friends in Fort Worth and vicinity.

"I suffered with indigestion of the worst kind," continued Mrs. Price. "The least bit of anything to eat would make me sick and give me such terrible griping pains that I could hardly stand it. I had to be very, very careful about what food I would eat, the fact of the matter is, I was forced to prepare the same myself, my stomach was in such a bad condition, I had absolutely no appetite and could hardly find anything that would keep with me. I felt tired and sluggish all the time, I had no energy and very little strength, and nothing I tried in the way of medicine did me any good."

"My husband suffered with sour stomach and constipation and was extremely nervous. He had no appetite, and his nerves were in such bad shape that he could hardly sleep at all. He kept going down hill and lost 20 pounds in weight. He tried everything we could hear of and both of us kept getting worse instead of better."

"The Orgatone treatment was, so highly recommended to us that we decided to give it a trial and after taking it a few days we felt like new people. I can eat anything I want now and enjoy it. I don't have any sick stomach or pains of any kind, and I sleep like a log every night. My food is digested fine now and I'm doing me good. It's the first time in six months I have felt as well as I do now. I feel simply fine and can stay on my feet from early morning until late at night without getting tired."

"My husband says Orgatone was just the very thing he needed. He is entirely relieved of his nervousness and said, he has actually gained 10 pounds. We have only taken one bottle each, and both think Orgatone is great, and are telling our friends about it."

Orgatone is not a so-called patent or secret remedy but a new scientific treatment absolutely free from alcohol in any form and will be placed on sale Saturday, May 3rd, at Leimbrock's drug store, (formerly Shaw-Williams) corner Ninth and Indiana Aves. Where it will be personally explained by a special representative of the manufacturers. (adv.)

Copyright 1919, The House of Kuppenheimer

New Styles for the New Figure

YOUNG America helped do a big man's job. It isn't cocky about it—just conscious of its strength and power.

Your young man is full of self-reliance and confidence. He knows better than ever what he wants—and he knows values.

The Old Models Won't Do

He's going to be fussier about his clothes. The old styles and the old models don't meet his new moods and his new body. The military life did a lot of things to backs and chests and waist lines—to the carriage of head and shoulders.

The HOUSE OF KUPPENHEIMER through its service in military uniforms saw these changes taking place. It foresaw that mere revision of old models wouldn't do. It created new models to meet the new conditions—to set off the fine physique developed in the camps.

And New Spring Styles, to express the new spirit of determination and vigor and punch.

Why shouldn't a man be proud of his spirit and his body? Why shouldn't he have clothes to set them off?

The HOUSE OF KUPPENHEIMER is proud to be the Young Men's House—it's a house of young men. Young in spirit and growing.

Making Good in a Big Way

In the last four years this house has doubled its business—only because it senses the demands and desires of young men, and always delivers value.

You can go to your Kuppenheimer dealer and surely find the thing you are looking for in choice fabrics, fine patterns and real tailoring.

You expect to pay a little more for such clothes. It's not what you pay but the clothes service you get that counts.

Don't Experiment with Catarrh; It Often Leads to Dread Consumption

You Will Never Be Cured With Sprays and Douches.

Catarrh is a condition of the blood and can not be cured by local applications of sprays and douches; this has been proven by the thousands who have vainly resorted to this method of treatment.

Catarrh should not be neglected or experimented with. The wrong treatment is valuable time lost, during which the disease is getting a firmer hold upon its victim, and making it more difficult for even the proper treatment to accomplish results.

Though Catarrh makes its first appearance in the nostrils, throat and air passages, the disease becomes more and more aggravated and finally reaches down into the lungs, and everyone recognizes the alarming condition that results when the lungs are affected. Thus Catarrh may be the forerunner of that most dreaded and hopeless of all diseases, consumption.

No local treatment affords permanent relief. Experience has taught that S. S. S. is the one remedy which attacks the disease at its source, the blood, and produces satisfactory results in even the worst cases. Catarrh sufferers are urged to give S. S. S. a thorough trial. It is sold by all druggists. You are invited to write to the Medical Department for expert advice as to how to treat your own case. Address Swift Specific Co., 254 Swift Laboratory, Atlanta, Ga.

LABOR SITUATION IN CENTRAL WEST PRESENTRY'S PROBLEM

IS CHARACTERIZED BY SCATTERED STRIKES AND SOME UNREST OVER HIGH PRICES.

GRAIN STATES CALLING MEN

Army Will Be Required to Garner the Immense Crop in Prospect for 1919.

By Associated Press. CHICAGO, May 1.—The labor situation today in the Central West states is characterized by scattered strikes, some unrest over prevailing high prices, and continued unemployment in many cities, while the big grain producing states are calling for an army of men to garner the immense 1919 crop.

A somewhat similar situation obtains in central and western Canada, where returned soldiers are refusing farm work on the ground that they should be paid only when it is for their personal use.

Despite this rather unsettled state of affairs, many districts report conditions as good as those prior to the war so far as unemployment is concerned; labor is represented as following a sane policy in enforcing wages commensurate with prevailing high prices, and both labor and industry generally predict steady improvement.

There is perhaps greater unemployment among miners than in any single industry, according to reports gathered from authoritative sources by the Associated Press. In Ohio 12,000 coal miners have been idle since January 1, because of "lack of a market," other thousands have been idle in Indiana and Iowa; in Illinois 70,000 miners work only two days a week, while 20,000 others are without work; most of Missouri's 40,000 unemployed are in the mining industry, and in Arkansas 2,500 coal miners are striking for higher wages.

In the copper and iron mining districts of Michigan there is little idleness, but mines are operating only three quarters time because of market conditions.

Want Men for Harvest. On the other side of the scales, Kansas has sent out a cry for an army of 250,000 men to harvest the 11,000,000 acres of wheat, the largest wheat acreage ever planted by a single state. Harvest will start in southern counties about June 20; wages, according to E. E. Frizell, federal harvest labor agent, probably will approximate \$4

for labor and \$7 to \$8 for experienced harvest hands. Kentucky, Minnesota, the Dakotas, Iowa and Nebraska report a substantial shortage of farm workers. Nebraska is advertising in other states for laborers at from \$30 to \$75 a month, the state labor commissioner announced. Unemployment in other industries of these states is reported normal.

Labor and employment agencies agree that the farm labor shortage is due almost entirely to a disinclination on the part of returned soldiers to take up that work.

The robust young warrior from Iowa or Nebraska, born and reared a farmer, has now tasted city life and bankers for smart clothes, a city haircut and a clerical job, rather than a return to the stoical routine of the farm, labor representatives and employment officials say. Whether offers of high wages will alter this condition remains a question.

Purchasing Power Small. In Indiana, Illinois and Wisconsin labor officials contend that while wages are the highest ever paid in dollars and cents, they are also the smallest in purchasing power. Duane McDonald, president of the Illinois state federation of labor, said that spirit of unrest is due to disappointment of the workers who had "felt the war would bring better things for labor."

In Wisconsin, where unrest over high prices is manifest on the streets rather than in the shops, many factories are working fewer hours instead of laying off men. There are 4,500 men on strike in the state, according to labor officials.

Rapid improvement is reported in Ohio where the unemployment peak was reached in January with 152,000 men idle. The situation was aggravated by revocation of war contracts.

The situation in Oklahoma is reported good despite the 2,000 strikers. Arkansas reports only 1,500 unemployed, aside from 2,500 striking miners, and Texas reports there is just about a job for every man in the agricultural districts and oil fields.

BOMB REACHES DESK OF JUDGE LANDIS TODAY

CHICAGO, April 30.—What may prove to be one of the bombs discovered in New York, was found on the desk of Judge Kenesaw Mountain Landis today while the judge was absent at Rockford, Ill. The package, which purported to be from Gimbel Brothers, was eleven inches long, two inches wide and two deep, and carried eight cents postage.

Postoffice inspector Stuart took it in charge.

Suspicion was further increased by the words on the package "novelty, Gimbel Brothers." It was addressed to "Mr. K. M. Landis."

It was received in this morning's mail and placed on the desk by the clerk who received it.

Notice of Removal. I wish to inform my friends and clients that I have moved my office to the basement of the First National Bank building, where I shall continue the practice of law in connection with General E. H. Gipson, under the firm name of Napier & Gipson. Telephone No. 2521.

BRSCO is prescribed by doctors for Spanish influenza, Asthma, Tuberculosis and Colds. Sold under a guarantee. 25c. and 50c. WILFORD-HARRISON DRUG CO. Wichita Falls.

AGENTS INSTRUCTED TO OBTAIN EVIDENCE AS TO BREWERIES

By Associated Press. WASHINGTON, April 30.—Agents of the department of justice have been instructed to obtain evidence showing that brewers continue to manufacture beer after midnight tomorrow when prohibition of the use of food in manufacture of beer, wine or other intoxicating liquors becomes effective.

This evidence may or may not be used in prosecution of brewers, depending largely on what the federal court in New York decides in the beer case now pending there. Whether production of near-beer after tomorrow midnight is prohibited, the department of justice has not ruled.

Manufacturers of wine or beer who continue to operate after May 1, will do so at their own risk, although the department has not indicated any intention of causing immediate arrests.

RECEIVE CONFIRMATION OF FAMINE IN INDIA

Associated Press Mail Correspondent. LONDON, April 23.—Official confirmation has been received here of local famine conditions in India, a fact to which scarcely any publicity has been given owing to the world's pre-occupation with the peace conference and industrial troubles. Little definite information concerning the famine is available but it is said to be confined to a few districts and particularly in Punjab.

Private advices, however, are more alarming. They suggest, according to one newspaper, that "India may be on the verge of a worse famine than the visitation of 1907."

RAISE CENSORSHIP ON MAIL INTO MEXICO

By Associated Press. DOUGLAS, Ariz., May 1.—Censorship on mail matter going into Mexico from the United States was lifted today, Nora Budd, military censor here for more than a year, receiving a telegram from Washington informing her that censorship no longer was considered necessary and dismissed her from the service.

Has resigned as director of the Prairie Hill Oil Co. H. A. Bell, Route No. 2, 290-241p

SOVIET GOVERNMENT OF RUSSIA PLANNING TO SECURE TROOPS

By Associated Press. COPENHAGEN, May 1.—The soviet government of Russia is making extraordinary efforts to secure troops to carry out an offensive against the forces of Admiral Kolchak in eastern and southeastern Russia, according to a dispatch filed at Libau on Tuesday.

Leon Trotzky, the bolshevik minister of war and marine, has appealed to all organizations for swift action, saying: "It is necessary to defeat Kolchak within the shortest possible time."

It is planned at Moscow to mobilize ten per cent of the members of the professional unions and 20 per cent of the Communists.

DENIES ARGENTINA HAD ANY PART WITH MEXICO

By Associated Press. BUENOS AIRES, Wednesday, April 30.—Honorio Pueyrredon, foreign minister, today denied that Argentina had any part in Mexico's refusal to recognize the Monroe doctrine.

ARREST DALLAS MAN FOR EMBEZZLEMENT TOTALLING \$65,000

By Associated Press. LOS ANGELES, Cal., May 1.—Jasper P. Williamson, formerly branch manager for the Quaker Oat Company at Dallas, has been arrested here, on a telegraphic warrant charging embezzlement of funds aggregating \$65,000 from that concern.

According to the police, Williamson admitted guilt and expressed a willingness to return to Texas without extradition papers.

ANNOUNCING A SMALL ADVANCE IN THE PRICE OF OUR ICE

Effective today the price of our ice will be sixty cents per hundred pounds, with a cash discount of 5c per hundred pounds on coupon books. A 500-pound book selling for \$2.75 and 1,000-pound book, \$5.50—cash.

Although nearly 100% of the things we need, food clothes and raiment, have advanced in price from 40% to 100% and more, ice hasn't, and our new price—when you take advantage of discount on Coupon Books—is only 5-100 of a cent per pound more than ice cost you seven years ago.

This increase is made necessary on account of the continued increased cost of all materials used in the manufacture and delivery of ice. Fuel, oils and all other commodities incident to the manufacture of ice, have advanced in price since last spring. Wagons, harness, blacksmith work and feed, expenses incident to the delivery of ice, have advanced tremendously.

Labor, too, is costing the ice man much more. To meet the high cost of living wages of our men have been increased time and again until our labor cost is now 100% more than it was a few years ago.

We are doing everything possible to meet the heavy demands that will be made upon us during the summer months, and are expending large sums to assure our many customers and freinds an adequate supply of Pure Ice at all times.

How High Will Meat Prices Go? Swift & Company does not know whether prices will go higher or lower. It depends upon country-wide and world conditions that Swift & Company cannot control and cannot foresee. All the world needs meat, and only a small part of the world is raising live stock. So live stock is dear now, and meat prices must keep pace. Competition will continue to keep the "spread" low so that the price you pay for meat will be as close as possible to what must be paid for live stock. Our profit of only a fraction of a cent a pound, is no greater when prices are high than when they are low. Swift & Company, U. S. A.

NATIONAL BANK OF COMMERCE REVIEWS BUSINESS OUTLOOK

The May business letter of the National Bank of Commerce, just issued, discusses a number of matters of particular interest to the commercial world, including our foreign trade, the oil industry, the wheat crop and the world's tonnage losses. The review in part is as follows:

Our Foreign Commerce.
No nation has ever had such a wonderful advantage in building up foreign trade as came to this country from the fact that, out of the four years of the war, America was not a combatant for the first two and a half. It is therefore of the greatest interest to note how exports are holding up since the end of the fighting and such figures as are available are certainly most encouraging. For example, the exports of manufactures for the first full month following the signing of the armistice were 140 per cent greater in value than the corresponding month of the year preceding the war, the figures being 228 millions against 95 millions.

Oil Production.
There is perhaps no more interesting industrial problem before the people of this country than the future of the oil industry which expanded so remarkably during the war. This expansion continues unabated and during the month of March of this year, no less than one hundred and ten new companies were organized for the development of the oil resources of the country, involving an aggregate authorized capitalization of over 51 million dollars. During the first quarter of this year two hundred and ninety new oil companies were organized with authorized capital of well over 165 million dollars.

The Wheat Crop.
The department of agriculture's forecast of the nation's winter wheat crop is the highest on record, indicating a yield of 837 million bushels. Under the bill passed by congress, the government is obligated to pay for both winter and spring wheat the difference between the guaranteed price of \$2.26 a bushel and the world market price. The total estimated value of the winter wheat crop would thus be \$1,801,620,600.

World Tonnage Losses.
A very definite idea of the results of the illegal use of German submarines during the war may be gathered from the figures of steam tonnage lost during the war from August, 1914, to the end of October, 1918. Great Britain was, of course, the heaviest loser, her losses, in fact, being far greater than all the rest of the world put together. In actual percentages, she

lost 60 per cent of the total, while the United States lost 8 per cent. In gross tons the total losses of Great Britain stand at 3,555,668 tons. The second largest loser was a neutral nation, Norway, with 1,171,760 tons. The third on the list is Italy with 861,435 tons, followed closely by France with 807,977 tons. The United States comes next with losses of 531,038 tons.

COUNT KAROLYN ALWAYS PLAYS TO THE GALLERIES
Associated Press, Mail Correspondent.
LONDON, April 2.—The prominence given to Count Karolyi, the Hungarian Premier who is credited here with turning the government of that country over to the Bolsheviks, has recalled to one of his London acquaintances that he is a "millionaire racing man, never weary of reminding Europe that one of his ancestors was executed by Francis Joseph as a rebel in 1849, for having taken up arms against Austria in the name of Magyar liberty." "The present Count Karolyi," continues the correspondent writing to a newspaper, "is a man of great energy and the fact that he has always been at one with the Magyar magnates on one point, namely, the keeping up of the subject people by the Magyars. He has often paraded his friendship for the Entente, but as a hussar officer he fought eagerly against the Russians, Rumanians, and Italians.

AMERICA'S WAR SERVICE IS THEME OF PICTURE
By Associated Press.
LONDON, April 30.—America's war service is the theme of a picture just completed by one of this country's foremost artists, Miss Margaret Lindzey Williams. It is to be shown at the Royal Academy.

FOMENTERS OF DISCONTENT FIND LITTLE RESPONSE AT SHIPYARDS

By Associated Press.
WASHINGTON, May 1.—Fomenters of discontent and preachers of anarchy come in for scathing denunciation in contributions by workmen appearing recently in various shipyard papers. Revolutionary agitation has evoked a veritable avalanche of letters, articles, poems and quips from men whom the agitators sought to influence, in which the writers arraign imported doctrines in no uncertain terms and demand "100 per cent Americanism" of every man working on the ships which will fly the United States flag.

SOUTHLAND ADDITION

Everyone who has purchased lots in this beautiful addition has made for himself a real home or made money by selling to others. Why? The answer is easy. The owners have equipped the addition better than any other part of the city. Sidewalks everywhere; high pressure water mains and gas through many streets, and those not so equipped now will be soon.

Eleventh street has been paved its entire length. Huff avenue is being paved now and Elizabeth and Lucile streets will be paved as soon as material for same can be obtained. Also Brooke avenue will be paved south to Collins avenue and College avenue from Marshall west to Baylor.

AMERICANS EXPERIMENTING WITH FIELD MAP MAKING

Associated Press, Mail Correspondent.
PARIS, March.—The Twenty-Ninth Engineers of the American Expeditionary Force are conducting some interesting experiments in map making and reproducing in the field. With a five-ton truck as a printing and lithographic establishment they have succeeded in turning out 10,000 copies of field maps an hour. The French and British are taking a keen interest in the American outfit as they have used a railway train for such work and their best output has been about 300 copies an hour. Furthermore a railway train is limited in operation to available trackage while there virtually is no limitation to the mobility of the truck.

In some operations of this war quick map making is very great. The every man in a trench raid party has been furnished with a map of the sector involved as the importance of quick development and prompt reproduction in quantity of air photographs is also a phase of these experiments.

INCREASE OF 3,000 DAILY IN PRODUCTION AT BURKBURNETT

An increase of approximately 3,000 barrels in the production of the Wichita Falls district during the past week is shown from pipe line run figures, which it is stated, do not account for the big new wells to the northwest which are putting oil into the tanks, but are not yet hooked up with the pipe lines. One of these wells, the Golden Cycle well had its production stopped by the fire of last Thursday. Practically all of the increase came from the new Burkburnett pool. Iowa Park however, showed a heavier percentage of increase than the Burkburnett pool, though in bulk it amounted to only 75 barrels a day. The pool ran 350 barrels of oil daily, compared with 275 barrels of the previous week.

The Gilliland Oil Company has the record of completing the largest and smallest well outside the Burkburnett-Waggoner in the field this past week. The company's No. 17 Hardin is a 2500 barrel well and No. 19 is making less than 50 barrels.

PROSPECTING FOR OIL IN SOUTHWEST ARKANSAS
 Several asphalt deposits in Pike and Sevier counties, in southwestern Arkansas, have from time to time attracted the attention of persons interested in oil, some of whom have at different times leased land in these and adjoining counties and sunk wells in the hope of finding oil. In none of these wells, however, has oil been found in commercial quantity.

Asphalt was mined several years ago from a deposit near Pike, in Pike county, and shipped to Little Rock, where it was used in paving streets. This and the other asphalt deposits in the two counties named and the possibility of finding oil in these and adjoining counties are discussed by H. D. Miser and A. H. Purdie in a report entitled "Asphalt Deposits and Oil Conditions in Southwestern Arkansas," which has recently been published as Bulletin 691-J of the United States Geological Survey, Department of the Interior. The report gives the records of several deep wells which have been drilled in recent years for oil and for artesian water, and these records will be of special interest to those who expect to drill deep wells in this part of the state.

The report can be had free of charge on application to the Director, United States Geological Survey, Washington, D. C.

BERNESE OIL COMPANY BRINGS IN SECOND WELL
 The Bernese Oil Company has brought in its second well on the N. L. Lowrance farm east of Iowa Park. The well is west of their first well. The top of the sand was found at about 680 feet. The well is estimated good for 40 to 60 barrels.

The bringing in of this well will be followed by the drilling of a number of wells immediately.

APPREHEND COUPLE "WORKING" PEOPLE WITH FAKE APPEAL

A well planned game for separating the boys from their hard-earned shekels was exposed in police court this morning when a man and a woman, who claim the effete east as their home were found guilty of vagrancy and upon their inability to produce the cash (fine of \$25 each) were cast into durance vile or in other words the Hotel de Smith. They had it all planned out, according to evidence brought out at the hearing, but failed to reckon with a certain young man who was not so green as they imagine.

It seems that the woman in the case, a rather attractive young lady who wears marks of refinement, approached the intended victim with a pitiful story of a "cool world" mentioning her financial condition, which resembled the bank balance of a dry hole oil company, and touched his heart for about \$5. She then made haste to find her husband and was whacking up with him when the case "hark," who suspected that all was not well, appeared on the scene and demanded his money which was produced after some argument on the woman's part, witnessed from a distance by her partner.

Poor memory on the part of the

CONTRACT IS AWARDED FOR SCHOOL BUILDING

Special to The Times
 VERNON, May 1.—F. A. Sable of Mason, Iowa, has been awarded the contract for the construction of the new school building for the Boardland Consolidated District. The building will cost in the neighborhood of \$11,000, and the contract calls for its completion by August 15.

BOARD REVOKES ORDER RELATIVE TO RAW COTTON

BURKBURNETT CHURCH SUES FOR PROPERTY

The First Baptist church of Burkburnett has filed a suit in the 30th district court here against the West Texas Oil Company, alleging that the church has been unlawfully dispossessed of valuable real estate in the townsite. No mention of the potential value from the oil viewpoint, of the lots named in the suit is made, the church contending itself with the declaration that the property is worth \$2,000 simply as real estate regardless of any oil or mineral rights.

The complaint declares that on April 1, 1919, the church held possession of lots 1, 2, 3, and 4 in block 22, and that on that date the West Texas Oil Co. and "John Doe" and "Richard Roe" unlawfully entered upon said premises and ejected the plaintiff therefrom.

Judgment for title and possession of the lots is sought.

CHARGED WITH VIOLATING HARRISON DRUG ACT

One of the first "dope" cases that has come to the attention of the sheriff's office and federal authorities in several months was recorded Wednesday, when Deputy Sheriff Lee Carter arrested a man in Burkburnett on a charge of violating the Harrison drug act.

According to Sheriff McFall, he had 14 bottles of drugs in a hard bag when arrested, 11 bottles of morphine, two bottles of cocaine and two small bags of heroin. It is estimated that at least \$1,000 worth of drugs were in the bottles. It is believed others may be involved in a wholesale distribution of narcotics in various small towns throughout the country.

The party was placed in the county jail, and will probably be arraigned before United States Commissioner Lantz tomorrow for examination.

HELD IN JAIL ON A WHITE SLAVERY CHARGE

Frank Poteet, accused of white slavery, is an inmate of the county jail today, having failed to furnish bond of \$750 fixed by United States Commissioner Lantz at a preliminary hearing this morning.

It is alleged that Poteet went from here with a woman to Oklahoma a year ago, and there went through a mock marriage ceremony. Later the couple returned to Texas, lived together a year in Archer county, and the complaint adds that Poteet deserted the woman recently.

DEFENDANT HELD IN STATUTORY RAPE CASE

Slat Rogers, arraigned this morning before Justice of the Peace Arrington, was held in bonds of \$2,000 to await the action of the grand jury in a statutory rape case, while a second bond

SWINDLING IS CHARGED IN THE JUSTICE COURT

Dr. Joseph Daniels appeared before Justice of the Peace Arrington this morning as the complaining plaintiff in an action charging swindling. Bond was set at \$1,000.

The complaint was based on Dr. Daniels' assertion that the party had sold him a drilling rig, but had failed and refused to deliver all the necessary parts of the rig.

NEW SUITS FILED IN THE LOCAL DISTRICT COURTS

The following new cases have been filed for trial at the June term of the 30th district court:

H. J. Duncan against J. W. Evans, debt; W. W. Wynn against Sid Myers et al, debt and foreclosure of lien; W. Walker et al against the First National Bank, garnishment in suit against H. C. Poe; R. W. Walker et al against H. C. Poe, commission on debt; W. C. Garner et al against the Siverside Oil Co. et al, for cancellation of stock certificates and damages; First Baptist church of Burkburnett against the West Texas Oil Co. et al, trespass to try title.

In the Seventy-Eighth Court.

Three new cases were filed in the 75th district court this morning, as follows:

City National Bank against W. I. Murray et al, debt and receiver; Millie M. McInnis against John H. McGinnis, divorce; George H. Cato against Izora H. Cato, divorce.

PROTEST BRITISH PLAN TO TALK OVER CABLES

By Associated Press.

BERLIN, Wednesday, April 30.—Representatives of the German cotton brokers and the Bremen cotton importers have adopted resolutions addressed to the government and the national assembly protesting against the alleged British attempt definitely to seize the 14 German overseas cables.

The cotton men declare that the loss of the independent cables will endanger Germany's overseas trade and will especially jeopardize cotton transactions with the United States.

Notice.

Winton owners have plenty of rental batteries that will fit your car. If your battery needs recharging, we have an expert in charge of our battery department. S. Bemrod Auto & Supply Company, 712 1-2 and 714 Eighth Street. Phone 2551. 302-lfc.

WILLIS IS SWEEP BY DESTRUCTIVE FIRE

By Associated Press.

HOUSTON, Texas, April 30.—Fire of unknown origin swept the business section of Willis, in Montgomery county, at an early hour this morning, causing losses variously estimated at \$50,000 to \$75,000.

The business houses destroyed were:

Runnell's store, dry goods and groceries; Masonic hall, over Runnell's store; T. E. Dardin's store, groceries; M. J. Graybill's store, dry goods; Dr. J. B. Wright's office, over Przyant's store.

The Willis Mercantile company's store, occupying a brick building, while damaged to some extent by the flames, was saved from total destruction.

Dr. R. E. Huff Jr., Dentist, Graduate, Northwestern University, Chicago, 410 First National Bank Bldg., 254-lfc.

TEA

Tea is recognized by authorities who know it, as a mental and physical stimulant, as a refresher of the spirit, as an appetizer. ICED TEA is the most palatable, refreshing, invigorating and healthful of all Summer beverages. We have a full line of the pick of the season's tea crop. We particularly recommend our "WHO CAN BEAT IT" I and C Blend for iced tea.
