

EYES OF WORLD ARE FOCUSED ON PEACE TREATY

Statements and Diplomats Are Studying Phrases of the Summary

EFFECT ON AMERICA

This Feature Commands Consideration of the Officials At National Capital

WASHINGTON, May 8.—The eyes of the world today are focussed on the treaty of Versailles.

How does it affect America? Will the senate ratify it? Will Germany accept it? Official Washington, with the president and secretary of state in Paris, congress in adjournment and many leaders on both sides absent, was rather devoid of authoritative expression on the first two questions.

Statements Expected. The few congressional leaders who were in the capital were carefully studying the published summary preparing to issue their comments in the form of statements.

Prepare to Line up Forces. The probabilities are that the forces in congress, for and against the treaty, will be lined up within the next few days and take on a more definite position as the full text of the record-breaking lengthy document becomes available.

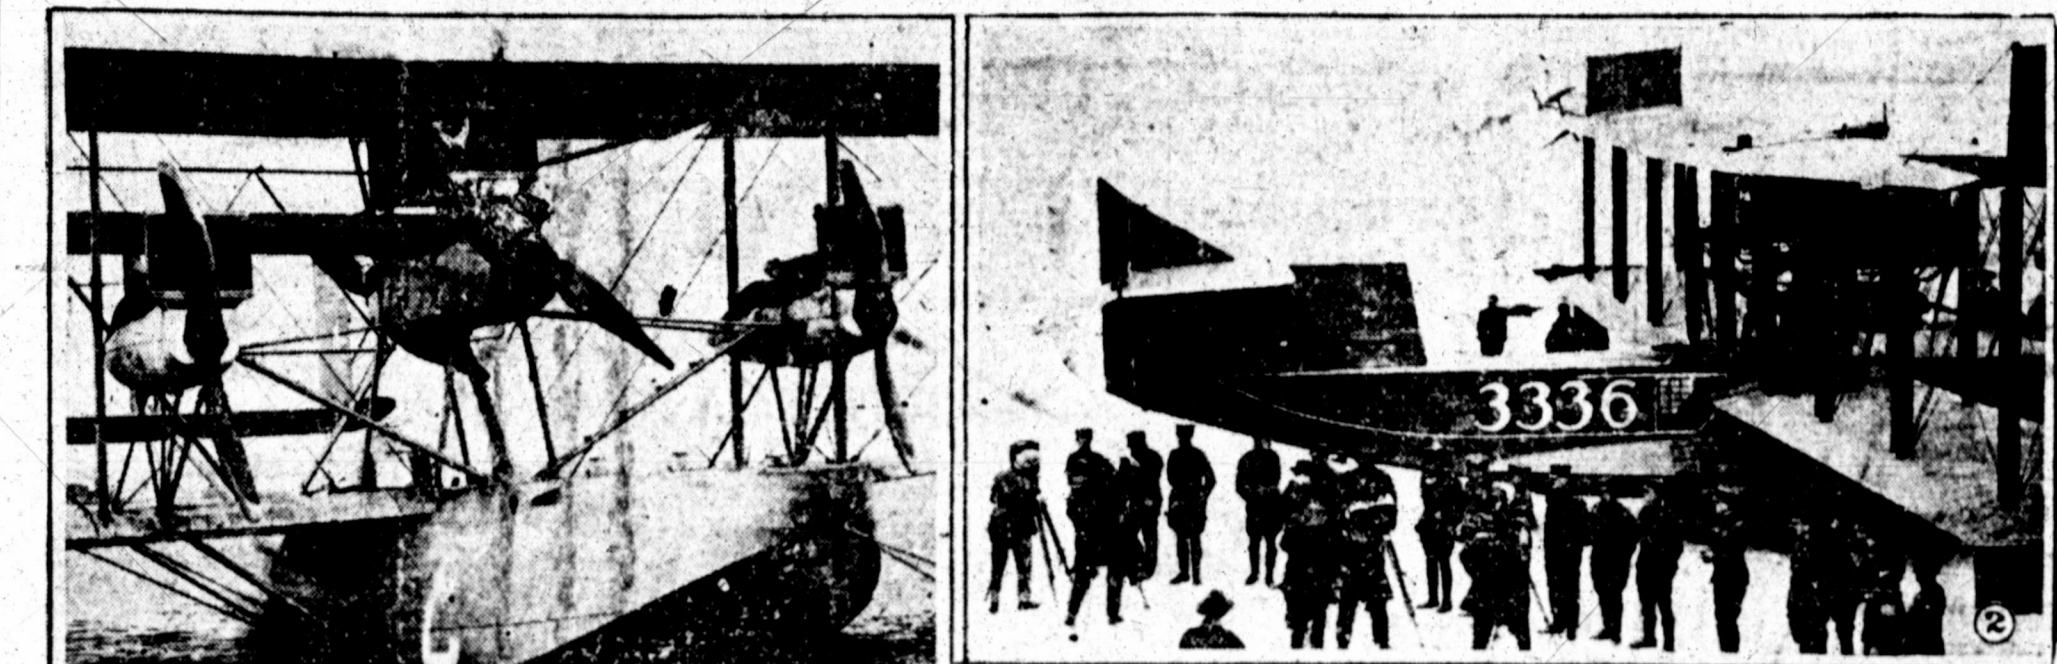

Nothing Left of Vast Military Framework. WASHINGTON, May 8.—Extended study today of the military terms of the peace treaty compiled by the committee here at the point at which it is proposed to start on limitation of (Continued on Page 7, Part 2)

BARWISE NAMED VICE PRESIDENT OF DENVER TO SUCCEED KEELER

FORT WORTH, May 8.—J. H. Barwise Jr., one of the road's general attorneys in Texas, was named vice president of the Fort Worth and Denver this morning to succeed the late D. B. Keeler, who died in February.

Joe H. Barwise, though a resident of Fort Worth for the past 20 years, is still counted as one of the Wichita Falls "boys," as he spent his boyhood and early young manhood in this city and is the son of two of the earliest pioneers of this section, Judge and Mrs. J. H. Barwise.

NAVAL SEAPLANES LEAVE ROCKAWAY BEACH ON FIRST LAP OF THE GREAT TRANSATLANTIC FLIGHT

SUMMARY OF TODAY'S INTERNATIONAL SITUATION

With the drawing of the peace treaty with Germany now in the hands of the plenipotentiaries of that nation for consideration at the Paris peace conference is turning its attention to the making of peace with the other Central Powers.

Today the council of four, as the supreme executive body of the conference, has again become known through the return of Premier Orlando of Italy, took up the arrangements for presenting the peace terms to the delegates of Austria, Hungary and Bulgaria.

Three courses seem to be open to the British government as indicated by recent dispatches. It may either accept the conditions of peace, or reject them, or submit them to a plebiscite.

UNITED STATES MAY BE MANDATORY FOR ARMENIA

PARIS, May 8.—It is expected that the United States will be asked to become the mandatory for Armenia. The indications are that President Wilson will submit the matter to congress.

HOUSING PROBLEM FURTHER DISCUSSED AT MEETING TODAY

MATTER IS FORCIBLY PRESENTED TO DIRECTORS OF CHAMBER OF COMMERCE.

AFFECTS CITY'S REPUTATION

Entire Matter is Referred to Housing Committee for Thorough Investigation.

The housing problem, Banquo's ghost at this city's banquet of prosperity, appeared again at today's meeting of the board of directors of the Chamber of Commerce.

REPUTATION ABROAD

J. G. Callahan, president of the Wichita Falls Motor company, told the board that the motor truck factory on the big industrial plants in the city and a dangerous rival of the big motor truck company in the United States, is short more than 50 men simply because no homes can be found for workers.

NAVY RADIO STATION IN CONSTANT COMMUNICATION

NEWPORT, R. I., May 8.—The naval radio station here was in constant communication with the three naval planes as they passed along the southern New England coast on their flight to Halifax.

NAVY DIRIGIBLE TAKES TO AIR WITH SEAPLANE

NEW YORK, May 8.—Taking the air with the three trans-Atlantic seaplanes, the big navy dirigible C-5 sailed away from Rockaway point today with destination unannounced.

BORAH OPPOSED TO PLEDGING AID TO THE FRENCH

SENATOR HITCHCOCK CHARACTERIZES TREATY AS "MONUMENTAL WORK."

APPROVED BY CHAMBERLAIN

General Approval of the Military Terms Imposed on Germany by Terms.

WASHINGTON, May 8.—Vigorous opposition to the proposed alliance between the United States, Great Britain and France whereby the United States would be committed to go to the aid of France in the event of an attack upon that country was expressed today by Senator Borah of Idaho, Republican.

COUNCIL OF FOUR BEGINS WORK ON AUSTRIAN TERMS

PARIS, May 8.—The council of four, with Premier Orlando of Italy present, began today to arrange the program for the presentation of peace terms to the Austrian, Hungarian and Bulgarian delegates.

BASEBALL TODAY

Table listing baseball games for today, including St. Louis vs. Pittsburgh, Philadelphia vs. Cincinnati, and others.

TELEGRAPH BREVITIES

HILLSBORO, TEX., May 8.—John Cokely, a negro, was sentenced to life imprisonment here today on a charge of criminal assault upon a white woman living near Whitney.

PARIS, May 8.—American Minister Reineck at Peking has informed Secretary of State Lansing that all wire communication out of Peking has been cut except for one wire which goes to Siberia.

COPENHAGEN, May 8.—The Hungarian Communist government has refused the armistice terms offered by Rumania and has decided to fight to the utmost, a dispatch from Budapest says.

REUNION AT BASE HOSPITAL. FORT WORTH, May 8.—When Lieutenant W. H. Phipps, of A. E. F., was brought into Camp Bowie base hospital from overseas, he found his son, Private Howard Phipps, in the adjoining bed. Both have served in France.

GOVERNMENT AT BERLIN TO BE CONSULTED

Copy of Treaty Is Now Well On Its Way In Charge Of Courier

NO REPLY SUBMITTED

All Exchanges Between Versailles and Berlin Are Being Kept Secret

PARIS, May 8.—The German delegates to the peace congress complained bitterly this morning to one of the French liaison officers of the unexpected harshness of the conditions of peace.

SURPLUS OF LABOR REPORTED IN THE NORTHERN STATES

WASHINGTON, May 8.—Of thirty-six states from which reports concerning unemployment were received by federal government service last week, 29 all in the north showed a surplus of labor.

GERMAN LEADER SPEAKS BEFORE PEACE CONFERENCE

VERSAILLES, May 8.—In his speech before the peace conference yesterday, Count von Brockdorff-Rantzau, head of the German delegation, said in part:

GOVERNOR IS INSTRUCTED TO ENFORCE PRISON FARM OPTION

AUSTIN, TEXAS, May 8.—The bill proposing that Texas citizens discharged from the United States military service may vote without having to pay poll tax is now ready for the governor's signature.

WANT VOTING PRIVILEGES FOR SHIPYARD WORKERS

AUSTIN, TEXAS, May 8.—A free conference committee report on the senate bill proposing to exempt men discharged from the military service from poll tax has been prepared, and all indications are that it will be adopted without much opposition by either house.

HOUSTON, TEX., May 8.—A city-wide appeal was made here today by the United States department of labor to the voters to call upon the legislature for an extension of the voting franchise to the 19,000 munitions plants and shipyard workers who were out of the state at the time for paying poll tax.

# Oil News

## NOTED FINANCIER AND PARTY VISIT CITY ON SATURDAY

COMES TO LOOK OVER OIL FIELD IN WHICH COMPANY IS INTERESTED.

HE HAS REMARKABLE CAREER

President of Cities Service Corporation Capitalized at a Hundred Million.

From the modest position of manager for a gas company, artificial gas at that, for a concern in Madison, Wis., to the head of a hundred million dollar corporation, with holdings and interests throughout the country is the achievement of Henry L. Doherty, president of the Cities Service Corporation, and of its various tributary corporations, including the Big Empire company, operating throughout the Southwest. And this has been done by Mr. Doherty in a comparatively short length of time, as time goes in building up vast businesses, as he is still under 50, and he was working for a salary and a small salary at that after he was twenty-one years of age.

Interested in Local Fields. Mr. Doherty is coming from New York with a large party of Eastern capitalists to visit the Texas oil fields, in which as head of the Empire company he is largely interested, and he

will visit Burkburnett and the other Wichita county fields, and Wichita Falls first of any section and city in the states. The party will be in Wichita Falls sometime during Saturday, as their train schedule calls for a stop of the local field in the morning, and arrival at Fort Worth Saturday night.

There are many oil operators in Wichita Falls who know Mr. Doherty, some well, others slightly, but practically everyone knows of the man who stands at the fore of big operators, by reputation at least.

His first step towards the height to which he has attained, came when he acquired the gas and light franchise for the city of Denver. This was the real birth of the Cities Service Corporation which now embraces all parts of the United States. The oil branch of the Cities Service Corporation, which is operated under the name of the Empire Company, was begun by accident, as it was in developing the natural gas, for commercial and domestic use, that the big old fields in Butler county, Kansas, were opened up. This company is now one of the largest in the field.

The head offices are at Bartlesville, Oklahoma, and the holdings of the Empire include properties in every oil field present being developed in the Southwest.

Mr. Doherty in building up his great financial structure has not neglected the human factor, and both the City Service corporation and the Empire Company are operated on the profit sharing plan for the employees, so that all connected with these companies features the employees of these corporations, and the other corporations of which Henry L. Doherty and Company, a partnership, is the "partner". Both the companies that furnish public utilities, such as lights, fuel and street railway transportation, and the oil companies are operated on this plan. In Bartlesville, the home of the Empire Company there are clubs maintained for the employees, a daffy house organ printed, and various other "extras" which this company has led in supplying to those who make up a part of the great system.

The Doherty interests have, in addition to the production department, a large refining business, maintaining seven refineries, one of them at Ganville, Texas.

### DEEP SAND OIL CO. PREPARING TO DRILL ON HARDIN TRACT

The Deep Sand Oil Co. is being organized to drill in the Hardin tract northwest of Burkburnett. The company is capitalized at \$75,000. It has a derrick up and a standard rig completed on its first location not far from the Clint Woods, Texhoma, and Humble wells. It is southwest of the Burk-Wagoner, Golden Cycle, United and other big new wells.

J. H. McCracken who has had experience in both the South and the North Texas fields will be field manager for the company. The contract for drilling has been let to Wintz and Morton. It is planned to drill to the sand with a rotary after which the rig will be standardized for drilling in.

### TEXHOMA IS PREPARING TO DRILL NEAR ELECTRA

The Texhoma Oil & Refining Co. is preparing to drill on the Burnett ranch, Gibbs Survey, six miles southwest of Electra, the location being made on a tract adjoining the Gulf Production's lease. Cable tools will be used.

## PURCHASE CONTRACT FOR BURK-WABBONER SIGNED HERE TODAY

Acting as attorney in fact for A. B. Morton, Lloyd A. Rowland of Bartlesville, Oklahoma, signed up the purchasers contract for the Burk-Wagoner properties in the First National Bank this morning. Mr. Rowland stated that he did not know exactly when Mr. Morton would be in Wichita Falls, but he would be here before the expiration of the 15 days given for the examination of the title.

### PICNIC PLANNED FOR SATURDAY POSTPONED

The U. D. C. Picnic which had been planned for Saturday, May 10, has been indefinitely postponed. There will be no meeting of the Daughters of the Confederacy this week, it is also announced. The date of the picnic, the annual affair in honor of the veterans and their wives, will be announced later.

### DANCE HALL INJUNCTION CASE AGAIN POSTPONED

On account of interrupted train service yesterday which prevented the attendance of Burkburnett witnesses, the injunction hearing against Nettie Flores, proprietress of a dance hall at Burkburnett was not taken up. It had not been determined this morning when the hearing would be held.

The words that Tulsa spoke to Spokane  
"Welcome to the Southwest, friends from the Northwest. Your fame precedes you. I've heard of your wonderful hotel, your lakes, and they tell me you have 42 parks. Cement mills and paper mills, packing plants, machine shops. You have them all, they say. Come, friend, smoke an Owl for good business and good friendship's sake."  
And Spokane made reply, "Tulsa, you are justly famous, too. Who has not heard of your great oil fields. And your deposits of natural gas. And what visitor is not surprised at your rapid, rapid growth?"  
The youngest American cities are friends of OWL and WHITE OWL. And so are the oldest, the smallest, the biggest. What's behind the popularity of these "All-American favorites" OWL and WHITE OWL? Two important things. Fragrance. Unchanging dependability of fragrance. And behind that stands a \$2,000,000 reserve of constantly aging leaf.

### SPLENDID PROGRAM "GET-TOGETHER-DAY" AT THE HIGH SCHOOL

OCCASION WILL BE FEATURED BY  
AN ADDRESS BY JUDGE  
RAMSEY AT 8:30.

#### THREE PROGRAMS ARRANGED

Public Cordially Invited to View the  
Exhibits That Have Been  
Provided by School.

Arrangements have been completed for the "Get-Together-Day" at the high school building tomorrow. The exhibits, it is stated, surpass even the expectations of the teachers. They are now arranged and ready for public inspection tomorrow. Refreshments will be served by the girls of the domestic science department.

Three programs have been arranged at the high school auditorium, one at 3:30 p. m., another at 5 p. m., and a third at 8:30 p. m., when Judge W. F. Ramsey, chairman of the Federal Reserve bank at Dallas will deliver an address. The public is urged to attend the programs. The three programs follow:

Program 3:30 p. m.

Piano solo, Tarantelle—Stephen Heller—Leont Clark  
Address of Welcome—John Moran.  
"Wakin' the Youn'uns"—John

Wolf.  
"You Git Up"—Weldon Carter.  
Declamation "League for Peace," President Wilson—Annie Edward Barscus.  
Vocal solo: "Rollin' Down to Rio," Edward; "Laddie," Thayer—Ernest Robertson.  
The Young School Reformer—Jewell Harkins.  
Lessons of the War—Donald Cook.  
"Emmie Lou"—Mary Frances Collier.  
Piano duet, Polka Brillante—Bohm—Ruth Crowell, Lurline Turner.  
Program 5 p. m.  
Piano solo, Valse Chromatic—Gould—Eva Everton.  
Present Development and Immediate Needs of Our Schools—Temple Shell.  
"In a Dime Museum"—Harrell McConnell.  
Declamation, "Blue, Gray and KQhaki," Butler—Frank Patton.  
"Carry On," Service—Frank Curtis.  
Violin, "Lebesfried"—Kriesler—Cecilia Adkins.  
"Whose Auld?"—Dorothy Reed.  
"The Highwayman," Noyes—Marguerite Fisher.  
Relation ship of Citizens to School—John LaRue.  
On: on the Deep—Lohr; Silly, Willy—Carrie Adams—Boys Glee Club.  
Program 8:30 p. m.  
Selections—Orchestra.  
Solo, "Mirrors—Song of Triumph," Schuch—Mrs. Lee Clark.  
Address "Duties of Citizenship and Readjustment of Business Conditions"—Judge W. F. Ramsey.  
Selections—Orchestra.

### AMUSEMENTS

#### BILL HART DISCARDS PONY AND SIX-SHOOTER

In "The Poppy Girl's Husband," at the Majestic Friday, Bill Hart has discarded his western attire, his pony and his six-shooter, but continues in one of his characteristic roles of good bad man. He has wandered just far enough from his usual locale to make the new role take on all the glamour of "something different," when, dissected, it proves to be not so very different after all.

The role is basically the same, but set in a new atmosphere of crime and strenuousness that is fully as interesting as the prairie and just as full of fire and color. The picture was adapted from one of Jack Boyle's "Boston Blackie" stories which received favor with Red Book readers. The characters throughout the picture are all crooks of San Francisco's Barbary Coast and are exceedingly well drawn.

Hart has the sort of role that suits him best—the role of a crook fundamentally good, but a law breaker by profession. The silver lining shines through the cloud all of the time and sympathy is with the character from first to last in spite of his shaved head, his cruel threats and his evil haunts and habits. That's why fans will thoroughly enjoy the picture—Hart doesn't lose the sympathy of the audience for a minute. In fact, that is one reason why Hart's pictures are always popular—he knows the value of sympathy for a character.

Have resigned as director of the Prairie Hill Oil Co. H. A. Bell, Route No. 2. 290-262

### SOCIAL SITEMS

#### MISS BROTHERS ENTERTAINS WITH PIANO RECITAL

On Saturday, May 3, Miss Lois Brothers entertained with a recital of her piano class. The program, which was given at Miss Brothers' home studio, follows:

- Duet, "Bird of Paradise," Strachobog—Doris Brown and Reva Ray Brown.
- Solo, "Masurka," Krogman—Matilda Donnell.
- Solo, "Betty's Waltz," Martin—Mary Ziebler.

### TRAINS RESUMING NORMAL SCHEDULE FOLLOWING RAINS

No further damage due to the heavy rains has been reported at the local railroad offices although Red River is still rising. On the Northwestern, Wellington division there is high water in Salt Fork at the point where a bridge was washed out some time ago but not enough to stop traffic. Trains that ran from three to 11 hours late yesterday are posted on time today on the Denver schedule and no breaks have been reported in the division from Childress to Fort Worth.

The Pease river close to Vernon is on a rise but no apprehension is felt about the railroad bridge. Train number three of the Northwestern for Morgan was derailed this morning by Vernon and Fredrick but number two will come in as usual, the washed out track from Burkburnett to the river having been repaired.

The Wichita river is at a high stage now but there is not thought to be any danger unless there are heavy rains in the watershed.

The stored riches of nature are being taken from the ground in Wichita county at the rate of thousands of dollars a day. This wealth is stored wealth and a new supply will not be created when the present supply is exhausted. While this wealth is being placed in the hands of our citizens we must use a small part of it at least for the establishment of those institutions and industries that are true wealth. Less than a day's flow of our oil wells would build a great hospital. A week's run of oil would build and endow a great college. It would not take long to provide the funds for building an irrigation system that would enrich the community as long as time itself. We must provide for these things now while money is pouring in upon us. We cannot wait until our natural riches are exhausted and the proceeds scattered and dissipated. Then we will be left barren indeed.

Henry L. Doherty, head of the Cities Service Corporation and one of the foremost oil men of the country, accompanied by representatives of many of the leading financial institutions of the East, is coming to Texas this week for a tour of the oil fields. They are traveling on a special train. The first city on their itinerary is Wichita Falls. They will reach Wichita Falls Saturday morning. Fort Worth is sending a big delegation here to accompany the party to that city. Ranger has made elaborate plans for showing the financiers over that territory. Practically every other city has made arrangements to meet and entertain the party. Whether Wichita Falls needs any of the money these people represent or not we ought to give the party a hearty welcome and show the visitors every courtesy at our command.

The soldiers may, as claimed, vote against the prohibition amendment, although we doubt that they will, but they will certainly vote for the amendment to give the women of Texas complete suffrage. There is no soldier but that has a feeling of deep gratitude for the work of the women to make easier his burdens. Everywhere the women worked and sacrificed for the soldiers. Men gave their money and their efforts to help win the war; the women gave a personal service of love and sympathy and understanding that the soldier needed as much as he needed the weapons of warfare. The soldiers from Texas, those who have returned from service, will go to the polls on May 24 and vote almost to a man for the amendment to give women the right of equal suffrage with them.

Wichita Falls, the REAL oil city in Texas, raised its quota of the Victory Loan in less than three days and exceeded it by more than half a million. Other claimants to the title are still laboring to raise their quotas.

LITTLE STORIES FOR BEDTIME

Uncle Wiggly and Bunty's Bouquet. "Will you do me just a little favor, Uncle Wiggly?" asked Baby Bunty one day, as she came home from school, and saw the dear old rabbit gentleman sitting in the sun outside his hallow bungalow. "Do you have a favor? Why of course I will, Baby Bunty," said Mr. Longears to the little rabbit girl he had found in the woods. "But I hope it is a favor that will not make me frown around. I am a bit stiff from having gone on the picnic with you yesterday. Through I had a good time, after all," he said. "I'm glad you did," said Baby Bunty. "This favor is a very easy one. You can sit there and do it. All I want you to do is to tell me what kind of woodland flowers to pick for a bouquet for the lady mouse teacher in the hallow stump school." "Oh, ho!" cried Uncle Wiggly. "So young lady mouse teacher wants a bouquet, does she?" "Yes," answered Baby Bunty. "She told each one of us to bring wild flowers to school tomorrow. Sammie and Susie Littletail and Johnnie and Billie Bushytail, and Lulu and Alice and Jammie Wibblewobble—they all know where to look for the blossoms. But I'm such a little rabbit girl I don't know. So if you'll tell me about the flowers, I'll go pick them before supper, and have them ready for tomorrow." "Well," said Uncle Wiggly, slowly like and disengaged, as he tilted back on his easy chair, "there are red flowers and blue ones, and golden yellow ones, and some of purple. They will make a nice bouquet when you pick them. Now run off in the woods,

METHODISTS ARE PLANNING TO BUILD PUBLIC HOSPITAL

MOVEMENT IS STARTED AT QUARTERLY CONFERENCE LAST EVENING. Unless a non-sectarian hospital association is formed, to provide facilities for relieving the existing conditions, the First Methodist Church South, will build a hospital, to be maintained by that church, but as a public institution. This decision has been made by the church and at the regular quarterly conference of the church, held Wednesday night a committee to work on the hospital was appointed. This committee consists of W. R. Hamilton, C. W. Snider, T. B. Noble, J. B. Cox and W. W. Silk and has already begun work on the proposition. Members of the committee stated this morning that several large subscriptions for the church hospital had already been offered.

The committee states that the members of the church are quite ready to co-operate with a non-sectarian hospital association to provide additional hospital accommodations, which Wichita Falls needs very badly, but that in case such an association is not formed, they have already plans under way for the building of the institution to be supported by the church, and will be able to take immediate action. There is a movement to secure the Call Field hospital and equipment from the government, to give temporary relief in the present situation, it is further stated. In this way there will be no delay while a building is being constructed and equipped, and as the need is immediate, it is desired to give immediate relief, if it is in any way possible.

tail, the spotted frog boy!" said Uncle Wiggly. "He won't hurt you!" "Oh!" said Baby Bunty softly. "I thought he was a green and yellow spotted leopard. Well, as long as I wake you up so often, Uncle Wiggly, don't you think you'd better stay awake now, and help me pick teacher's bouquet?" It will keep you from getting stiff. "I suppose so," said the rabbit gentleman. And as he helped pick the flowers he heard Baby Bunty laugh softly every now and then. "I wonder," thought Uncle Wiggly, "if she knew all the while, that it was only an angle worm, a dragon fly and the frog boy? I wonder?" And so do I. And if the pinwheel doesn't scratch the baby's rattle box and make it squeak like a tin horn I'll tell you next about Uncle Wiggly and Bunty's hat.

WOMEN'S COMMITTEE SECURES MORE THAN 10 PER CENT OF QUOTA

More than ten per cent of Wichita Falls quota in the Victory Loan was secured through the efforts of the women's committee, Mrs. J. W. Lee, the chairman reporting a total of \$130,000 subscribed through the women. Mrs. H. B. Patterson and Mrs. J. W. Stone won the airplane rides offered to the two women committee workers securing the largest amount of subscriptions. Mrs. Patterson's subscriptions amounted to \$50,000 and Mrs. Stone secured \$35,000. Other workers on the local committee, in the order in which the amount of subscriptions secured rank, follow: Mesdames Pink and Danforth, Mrs. W. W. Gardner, Miss Rose Reisenberg, Mesdames McDaniel and Nolen, Mrs. Bashara and Miss Piko, Mrs. Boger, Mrs. Harry Davis and Mrs. H. F. Weldon. In Iowa Park, Mrs. Mamie Dale Brown placed the largest number of subscriptions, \$4,100. The report has

## ROTARIANS ELECT BOARD DIRECTORS AND AMEND LAWS

INVITATION EXTENDED MEMBERS TO ATTEND GET-TOGETHER-DAY TOMORROW.

MAKE PLANS FOR MINSTREL

Eight New Members Are Received at Weekly Luncheon Held at Noon Today.

The Rotary Club received eight new members, adopted amendments to its by-laws raising the membership fee to \$25 and its annual dues to \$12, elected a new board of directors, heard an invitation from high school students to attend the Get-Together meeting at the high school building tomorrow and heard an outline of the program for the Rotary Minstrel Revue at their weekly luncheon today.

Music by the high school orchestra was enjoyed.

The new members received were: Theo W. Beck, John H. Hoffman, J. L. McClure, Frederick Woosley, Frank B. Keim, P. S. Richardson, Fred T. Couper and Y. A. Bergin.

The following were elected board of directors for the ensuing year: Dr. C. B. Lee, W. S. Robertson, Fred Woosley, Lee Clark, T. A. Bergin, M. A. Bundy, W. D. Cline, T. B. Smock, Burton Stanton, J. M. McFall, John Bradley and J. C. Mytinger.

Cecil Garmany and Donald Cook, high school boys, in behalf of the schools, invited members of the Rotary Club to inspect the exhibits and attend the programs at the high school tomorrow night.

Harry Bray outlined plans for the Rotary Minstrel Revue, and Dan Folan, director, briefly sketched the program. He also told the success of

the revue in other Texas cities. The first rehearsal will be held at the K. of P. Hall in the Masonic building at 8 o'clock tonight.

The following statement was given out concerning the revue this afternoon:

Statement is issued.

In order that money may be raised to send a score or more Rotarians to Salt Lake City to the great convention to advertise and boost Wichita Falls, a show will be put on by Wichita Rotarians. Local talent, much of note and dignity, will attend for the performances and will get clear off their feet, leading their presence and part in making the occasion a never-to-be-forgotten event.

This much is assured and when the date is fixed the public will be given a striking personnel of Wichita Falls dignitaries who will sacrifice their ordinary, every-day staid and dignified demeanor completely, overabundantly, laughably, to the great delectation of an audience which is expected to tax the theater.

The public is in for a shock, because if one looks forward to this show with the expectation of witnessing the usual home talent affair he has an agreeable surprise in store. This show has been staged by local talent in several Texas cities and has proved a tremendous crowd getter and the performances have been extended in several cases to S. R. O. crowds at all times.

Entirely original in theme, latest music with elaborate scenic and electrical effects will be presented. Criticisms from leading papers in Texas say that it is the most unique and elaborate production that has been presented in Texas this year professionally or otherwise.

The production will be under the direction of Dan G. Folan of Beaumont.

Expect Large Attendance.

It is expected that this occasion will be one which will bring out Wichita citizens in almost en masse. It will be known as a Rotarian Jubilee Minstrel Revue.

Wichita's most charming girls will be presented in the cast and it is expected that this performance will be one of the big social events of the season. Boxes for all performances will be sold at auction. Prices will be \$2.00 for orchestra seats. An augmented orchestra will be used.

The Waco Times-Herald has this to say about the performance:

"At last a long suffering public has come into its own. For years we have been pestered with so-called amateur shows presented by various professional directors. Being loyal to our local artists we have graciously applauded their efforts and have spent weary hours, bored to extraction by shabby scenery and performances that would not be tolerated in 10-20-cent 'Tab Houses.' But it is a long time that has no turning. Therefore it was a pleasant surprise to the public when they attended the Rotary Minstrel Revue at the Auditorium last night and were greeted by a production that, from a scenic and artistic point of view, honestly excelled anything presented by professional attractions at this theater this season. The genius and versatility of Dan G. Folan made this splendid accomplishment possible. It was a triumph and a scene of amazing beauty. It was the theatrical surprise of the season."

### VAGRANCY CHARGE CALLS FOR A HEAVY PENALTY.

Vagrancy, that all embracing charge was used in police court this morning to deal with several transgressors of the moral and legal code and a negro porter at a local hotel was fined \$10, while the two other parties—a man and a woman were assessed \$25 each. A speeder who was "running up his batteries" by traveling at a rate slightly more than the law allows paid a ten dollar bill. Another man in addition to that "morning after" feeling was given \$15 to add up to the cost of his spree. A crap shooter fined \$15, completed the business of the day.

### EARL FINDLEY HOME FOR A SHORT VISIT

Earl Findley of the U. S. S. New Hampshire, is home on a short furlough for a visit with his mother and with friends here. Earl was engaged in the printing business here before enlisting in the navy three years ago.

Dr. R. E. Huff Jr., Dentist, Graduate Northwestern University Chicago, 410 First National Bank Bldg. 254-16

# King State Oil Co.

We have 15 acres of property right in the heart of the new oil field just discovered three miles northwest of Burkburnett. Burkburnett for the past year has been one of the most famous oil fields in the world. It is producing around 50,000 barrels of oil per day, which at \$2.40 per barrel, in round figures, is worth \$120,000 per day.

## FOUR BIG WELLS DISCOVERED IN TWO WEEKS

During the past two weeks 4 wells have been discovered in this new field that surpass anything that has heretofore been found. They are the Burk-Waggoner, the Thrift No. 2, the Golden Cycle and the United Oil company wells. Each of these wells is making around 2500 barrels of oil per day.

## WE WILL DRILL 3 DEEP WELLS

We are going to drill a well on 10 acres in Block 88, just above the Burk-Waggoner well. We are going to drill one on 5 acres in the Lanier tract about 900 feet from the Parker well. The Parker well is 3/4 of a mile from the Burk-Waggoner well. These two tracts of land alone will support 12 wells. In addition to these 2 wells, we are going to drill a well on 160 acres of the J. S. Acres survey, about 2 1/2 miles from Iowa Park. This is in the heart of the great shallow oil field which extends in almost every direction from Iowa Park. But we are not going to drill a shallow well on this property, but are going to drill a deep well because we believe oil in great paying quantities will be found.

The capital stock of King State Oil Company is \$300,000. The company will be operated as a joint stock association. The par value of the stock is \$10.00 per share, fully paid and non-assessable.

It has been our intention to organize a company offering the greatest possibilities of any company. We have conscientiously worked to that end and believe that we have realized our point. We feel assured that sufficient production will be obtained on the 15 acres northwest of Burkburnett to pay handsome returns on the investment. Should we discover a good well on our 160-acre lease, our stock would be worth many times its par value.

The Burk-Waggoner Oil Company was organized on 60 acres of land and has just been sold by Howell & Howell of Wichita Falls for \$2,000,000. The par value of the shares was \$100.00. Each share is being sold for \$3,333.33. In other words a stockholder will get thirty-three and one-third dollars for every dollar he put into the company.

## FORT WORTH MAN SAYS IT IS WORTH \$10.00 A BOTTLE

Mr. C. E. Teachout, well known by hundreds of people in Fort Worth as "Teachout the coffee roaster," residing at 2945 May Street, and who is one of the most popular men in his line of business in that city, says he hasn't the slightest objection to all his friends knowing he took Orgatone and that it relieved him of troubles that have bothered him for over a year. In a statement to the Orgatone representative a few days ago he said:

"I've gained eleven pounds on four bottles of Orgatone, and when I say eleven pounds I mean eleven pounds—just mean every bit of eleven good, solid pounds of net gain in flesh—and the good feeling and strength that go along with it. Orgatone certainly is the thing for this climate and from what it has done for me I think it would be cheap for ten dollars a bottle."

"I suffered from a general breakdown," he continued, "from too close confinement and long work hours, and I finally got too tired out all the time and didn't seem to have any desire for anything. I wasn't sick enough to go to bed, but I had no appetite and the food I did eat didn't seem to taste right or to agree with me and do my any good; but I just dragged around and felt most of the time just like I had stayed up and worked all night."

"I had indigestion all the time and was badly constipated, and although I didn't give up entirely, I certainly was a sick man when I got to reading about Orgatone and noticed that a good many well known people recommended it for the very trouble that was bothering me."

"My sister in Colorado had also taken it about a year ago and it had not only restored her health but she also gained twenty pounds."

"I hadn't been able to rest at night at all hardly, and when I got a bottle of Orgatone at Renfro's and started on it, the very first improvement I noticed was good quiet, restful sleep at night. Then my nerves got better and I could do my work easier than I have able to do in a long time."

"To make a long story short, I kept right on taking Orgatone till I had finished four bottles and was feeling as strong and well as I ever felt in my life. There's no use talking, this treatment's a daisy and I am glad to tell anybody what it's done for me. Orgatone is sold in Wichita Falls by Leimbrock Drug Company, corner 9th and Indiana, under the personal direction of a special Orgatone representative. Out of town customers are being supplied. All charges prepaid upon receipt of price.—Adv."

### Nothing Is More Precious than Your Eyesight

The old masters depicted the oval form as the highest type of the female face beautiful. But today the successful artist shows many types, each as beautiful as the other. There is one point, however, that all judges of the human face agree upon, and that is—the balancing up of its deficiencies.

In glasses, our knowledge, skill and experience enable us to "build up" a flat face or low bridged nose so it is almost worth while for one to wear glasses, for appearance sake only.

Don't make the mistake, when being fitted for glasses, in insisting upon some certain style of frame or size of lens, simply because of the comely appearance of some friend to whom such a style is becoming.

Come here and be governed by our advice, for we not alone know all about the optometric needs of an eye, but we study how best to give our patients the maximum of benefit with the minimum of trouble.

IRISH DELEGATES MADE NO REQUEST FOR CONFERENCE

LONDON, May 7.—“We have had no conference and requested none with Premier Lloyd George, as has been stated. In fact we see no reason why we should confer with him...”

EIGHT HOUR DAY IN 51 CITIES FOR POSTAL EMPLOYEES

By Associated Press. NEW YORK, May 8.—Charles P. Bruch, general manager of the Postal Telegraph system, announced here today that effective June 1, the eight hour day will be put in effect for overtime had been adopted for all the systems' employees in fifty one large and small cities in the United States.

CONFRESSIONAL MEDAL IS AWARDED FOR HEROISM

WASHINGTON, May 8.—Awards of the congressional medal of honor to Lieut. Patrick Regan, 115th Infantry, and Sergeant Benjamin Kaufman, 36th Infantry, Arthur J. Forrest, 354th Infantry, James E. Karnes, 117th Infantry, and Edward R. Talley, 117th Infantry, was announced today by the war department. In each case the citation showed that the soldier single handedly advanced and put out of action enemy machine guns.

GOVERNMENT AT BERLIN CONSULTED

(Continued from Page 1, Part 1)

quite without protection. You yourselves have brought us an ally, namely the right which is guaranteed by the treaty and the principles of peace. The allied and associated governments have forewarned in the time between the fifth of October and the fifth of November, 1918, a peace of justice on their banner. On the fifth of October, 1918, the German government proposed the principles of the President of the United States...

Principles of Wilson Binding. “The principles of President Wilson have thus become binding to both parties of the war—for you, as well as for us, and also for our former allies. The various principles demanded from us heavy national and economic sacrifices but the holy fundamental rights of all peoples are protected by this treaty. The conscience of the world is behind it. There is no nation which might violate it without punishment.”

“You will find us ready to examine upon this basis the preliminary peace which you have proposed to us with a firm intention of rebuilding in common work with you that which has been destroyed and repairing any wrong that may have been committed, principally the wrong to Belgium and to show to mankind new aims of political and social progress.”

GERMAN DELEGATES WERE IMPUDENT AND AGGRESSIVE

By Associated Press. LONDON, Wednesday, May 7.—After the conference at Versailles today William M. Hughes, premier of Australia, said, according to a Reuters dispatch: “The attitude of Count Brockdorff-Rantzau was an intolerant insult to the conference, for while Premier Clemenceau spoke standing, the German spokesman did not rise while making his address. In spite of their intolerant arrogance this has been a day of humiliation for the Germans, which we could see had entered into their minds.”

After the conference, the dispatch states, the fact that the members of the council of four did not appear made the crowd anxious but it transpired they were holding a meeting and shortly after four o'clock, President Wilson departed looking serious.

EYES OF WORLD ON PEACE TREATY

(Continued from Page 1, Part 1)

armaments is the absolute extinction of militarism in Germany. Not a vestige of the vast military framework built up in 46 years of preparation for world conquest by Germany is to be left.

Measures have been formulated even to stamp out the military spirit bred so carefully in the people. Under the treaty any enterprising aim at a military propaganda is forbidden and military education cannot be carried on except in the ranks of the army of 100,000. Such an army cannot perpetuate itself in any way or expand through turning trained men back to civilian life as an unorganized reserve.

Feature of Terms. This feature of the military terms—the inhibition upon discharging from the army in any year more than five per cent of its strength—coupled with the 12-year enlistment period, it is said by American army officers, will prevent a recurrence of the scheme by which Germany was once able to throw off the yoke Napoleon sought to impose upon her limited her army to a few 10,000 men each year.

AMERICAN LEGION AT ST. LOUIS HAS EARLY DISAGREED

By Associated Press. ST. LOUIS, MO., May 8.—The American legion composed of men in the military or naval service of the government during the war, opened a three day session here today with more than a thousand delegates representing practically every state in the union present. Lieut. Col. Theodore Roosevelt presided. Though little was accomplished at today's session save the formal opening of a convention and examination of credentials of the delegates, sessions of the various temporary committees during the past two days have brought out many differences of opinion. Foremost among these is the dissension between the national guard and the regular army.

A strong effort is being made on the part of the national guardmen to exclude regular army men from the legion, although the temporary executive committee has voted to open the legion to all men and women who saw service in the war. Col. Robert Clark, who a few days ago, told the national guard convention that “the regular army must be smashed,” was the leader of the forces fighting for recognition of the regular army in the legion.

Termed “Officers' Club.” In addition to the regular national guard affair, many delegates today reiterated previous complaints that the legion would be “an officers' club,” and that politics was being played in its organization. These charges were flatly denied by Lieut. Col. Theodore Roosevelt, temporary chairman, and Colonel Clark, temporary vice chairman of the executive committee, in opening the session today.

Another question which was brought up today was that of admitting a group of Southern delegates, headed by Alabamians, is lobbying against the admission of negroes, proposing that they should be allowed to form an auxiliary organization.

NEVER BEFORE HAS CONGRESS CONVENED WITHOUT PRESIDENT

By Associated Press. WASHINGTON, May 8.—As President Wilson will not be present at the opening of the special session of congress May 19, he will cable his message from Paris and it will be read immediately after congress convenes. This was announced today at the White House.

Cable advices received at the White House today indicated that the President would not hasten his return to Washington because of the extra session.

ANNUAL REUNION OF CONFEDERATE VETERANS TO BE HELD IN OCTOBER

By Associated Press. FORT WORTH, May 8.—General K. M. A. Yates, commander in chief of the United Confederate Veterans, announced today that the annual reunion probably would not be held in city but not been picked, though Savannah, Ga., has made a strong bid for it. In the past, the veterans have met usually in May.

Market Report

GRAIN AND PRODUCE

By Associated Press. CHICAGO, May 8.—Corn prices turned downward today, influenced by weakness in the hog market. Opening prices, which ranged from 3/8c to 1/2c gain with July 1/8c to 1/8c and September 3/8c to 1/8c were followed by set-backs all around to well below yesterday's finish.

NEW YORK STOCKS

By Associated Press. NEW YORK, May 8.—Renewal of speculative activity in shippings and oils at gains of one to almost five points attended the early trading in the stock market today. New high records were made by Atlantic Gulf and Sinclair Oil, Texas Company, Mexican Petroleum and Pan American Petroleum also were very strong. United States steel's rise of a point was among the reassuring features. Cottons added to yesterday's gains and tobacco was strongest of the specialties.

LIVESTOCK

Fort Worth Livestock. CATTLE: Receipts 5,500; steady. Breves \$8.50 to \$14.00; stockers \$7.50 to \$12.50; cows \$3.50 to \$10.25; heifers \$4.50 to \$12.00; calves \$7.00 to \$11.00. SHEEP: Receipts 2,500; 1/2c to 2 1/2c down. Heavy \$20, 25 to 25.50; medium \$20 to 20.25; light \$19.50 to 20.25. HOGS: Receipts 10,000; steady. Lambs \$16.00 to 18.50; culls \$4.75 to \$6.00; ewes medium \$12.50 to 14.00; breeding ewes \$2.50 to 4.00.

COTTON MARKET

By Associated Press. NEW YORK, May 8.—The cotton market opened steady at a decline of 14 to 18 points in response to weak cables and renewed liquidation. July sold off to 26 1/2 and October to 24 1/2, but there was a good demand for these prices which included buying for Liverpool and domestic trade accounts, while there was also covering on the reports of too much rain in the South. This checked the decline and caused a rally of 10 to 15 points to the lowest during the early trading.

CUEBA HILL DOME

“A Better Bet Than Burk” Real Salesmen Wanted Peters-Yeager Oil & Refining Co. Jones-Kennedy Bldg. Acme Iron Metal Co. Successors to the Wichita Junk Co. We are prepared to pay you the highest market price for all kinds of junk.

CLEMENCY GRANTED FIFTY CONVICTED DURING WAR

WASHINGTON, May 8.—Fifty men convicted during the war for violation of the espionage act have been granted clemency by President Wilson on recommendation of Attorney General Palmer in pursuance of the recently announced policy of leniency to those who have already served a year or more in prison, at whose sentence in the stress of war now appear excessive. These granted clemency, with the district where they were convicted the original sentence and the commuted sentence respectively, included: Victor Ryval, Eastern Oklahoma, years; time served. John Dickson, Middle Tennessee, months; 1 year-1 day. William Madison Hicks, Western Oklahoma; 20 years, five years.

Card of Thanks. We wish to thank our friends for their kindness during our sadness in the sudden death of our daughter and sister, Miss Jessie Merkle. Also for the beautiful floral offerings. Parents, Brother and Sister.

Parts for Stewart Speedometers. Hill Auto Supply, 813 Ninth Street, 308 Itp.

# Summary of Treaty of Peace Between Allied Powers and German Republic

(Continued from Wednesday)

**Section Five—German rights:** Outside Europe, Germany renounces all rights, title and privileges as to her own or her allies' territories to all the Allied and associated powers, and undertakes to accept whatever measures are taken by the five Allied powers in relation thereto.

**Colonies and Oversea Possessions:** Germany renounces in favor of the Allied and associated powers her overseas possessions with all rights and titles therein. All movable and immediately movable property belonging to the German Empire or to any German State shall pass to the government exercising authority therein. These governments may make what ever provision that seem suitable for the repatriation of German nationals and as to the conditions on which German subjects of European origin shall reside, hold property or carry on business.

tion of German interests there since August 14, 1917.

She renounces in favor of Great Britain her state property in the British concession at Canton and of France and China jointly of the property of the German school in the French concession at Shanghai.

Siam—Germany recognizes that all agreements between herself and Siam including the right of extra-territoriality ceased July 22, 1917. All German public property, except consular and diplomatic premises passes without compensation to Siam, German private property to be dealt with in accordance with the economic clauses. Germany waives all claims against Siam for the seizure and condemnation of her ships, liquidation of her property, or interment of her nationals.

**Liberia—**Germany renounces all rights under the international arrangements of 1911 and 1912 regarding Liberia, more particularly the right to nominate a receiver of the customs and disinterests herself in any further negotiations for the rehabilitation of Liberia.

She regards as abrogated all commercial treaties and agreements between herself and Liberia and recognizes Liberia's right to determine the status and condition of the re-establishment of Germans in Liberia.

**Renounces Morocco.** Morocco—Germany renounces all her rights, titles and privileges under the act of Algiers and the Franco-German agreement of 1909 and 1911 and under all treaties and arrangements with the Sherifian Empire. She undertakes not to intervene in any negotiations as to Morocco between France and other powers, accept all the consequences of the French protectorate and renounces the capitulations. The Sherifian Government shall have complete liberty of action in regard to German nationals, and all German-protected persons shall be subject to the common law. All movable and immovable German property including mining rights, may be sold at public auction, the proceeds to be paid to the Sherifian Government and deducted from the reparations account.

China—Germany renounces in favor of China all privileges and indemnities resulting from the Boxer protocol of 1901 and all rights in wharves, barracks, forts, munitions of warships, wireless plants and other public property except diplomatic or consular establishments in the German concessions Tientsin and Hankow and in other Chinese territory except Kiao Chow, and agrees to return to China at her own expense all the astronomical instruments seized in 1900 and 1901. China will, however, take no measures for disposal of German property in the legation quarter at Peking without the consent of the powers signatory to the Boxer protocol. Germany accepts the abrogation of the concessions at Hankow and Tientsin, China, agreeing to open them to international use.

**Renounces China Claims.** Germany renounces all claims against China or any Allied and associated Government for the interment or repatriation of her citizens in China and for the seizure of liquidation of her property.

ers given by the late Sultan of Turkey for securing the free navigation of the Suez Canal. Arrangements for property belonging to German nationals in Egypt are made similar to those in the case of Morocco and other countries. Anglo-Egyptian goods entering Germany shall enjoy the same treatment as British goods.

Turkey and Bulgaria—Germany accepts all arrangements which the Allied and associated powers make with Turkey and Bulgaria with reference to any right, privilege or interests claimed in those countries by Germany or her nationals and not dealt with elsewhere.

**Shantung to Japan.** Shantung—Germany cedes to Japan all rights, titles and privileges, notably as to Kiao Chow, and the railroads, mines and cables acquired by her treat with China of March 6, 1897 and other arrangements as to Shantung. All German rights to the railroad from Tsing-Tao to Tsinaufu, including all facilities and mining rights and rights of exploitation, pass equally to Japan and the cables from Tientsin to Shanghai and Shefoo, the cables free of charges.

All German state property movable and immovable in Kiao Chow is acquired by Japan free of all charges.

**Section Six—Military, naval and air:** In order to render possible the limitation of a general limitation of the armaments of all nations, Germany undertakes directly to observe the military, naval and air clauses which follow.

**Army Cut to 100,000.** Military Forces—The demobilization of the German army must take place within two months of the peace. Its strength may not exceed 100,000, including 4,000 officers, with not over seven divisions of infantry and three of cavalry, and to be devoted exclusively to maintenance of international order and control of frontiers. Divisions may not be grouped under more than two army corps headquarters staffs.

The great German general staff is abolished. The army administrative service, consisting of civilian personnel not included in number of effectives, is reduced to one-tenth the total in the 1913 budget. Employees of the German states such as customs officers, first garrons and coast guards may not exceed the number in 1913. Landarmies and local police may be included only in accordance with the growth of population. None of these may be assembled for military training.

**Armaments—**All establishments for the manufacturing, preparation, storage or design of arms and munitions of war, except those specifically accepted, must be closed within three months of the peace and their personnel dismissed. The exact amount of armament and munitions allowed Germany is laid down in detailed tables, all in excess to be surrendered or rendered useless. The manufacture or importation of asphyxiating, poisonous or other gases and all analogous liquids is forbidden, as well as the importation of arms, munitions and war materials. Germany may not manufacture ship materials for foreign governments.

**Conscription—**Conscription is abolished.

The Daily Times Want Ads Do Double Duty

held in Germany. The enlisted personnel must be maintained by voluntary organizations for periods of twelve consecutive years, the number of discharges before the expiration of that term not in any year to exceed 4 per cent of the total effective.

Officers remaining in the service must agree to serve to the age of 45 years and newly appointed officers must agree to serve actively for twenty-five years.

No military schools except those absolutely indispensable for the units allowed shall exist in Germany two months after the peace. No associations such as societies of discharged soldiers, shooting or touring clubs, educational establishments or universities may occupy themselves with military matters. All measures of mobilization are forbidden.

Fortresses—All fortified works, fortresses and field works situated in German territory within a zone fifty kilometers east of the Rhine will be dismantled within three months. The construction of any new fortifications there is forbidden. The fortified works on the southern and eastern frontiers, however, may remain.

Control—All Allied consular control will see to the execution of the provisions, for which a time limit is set, the maximum named being three months. The treaty establishing headquarters at the German seat of government and go to any part of Germany desired. Germany must give them complete facilities, pay their expenses and also the expense of execution of the treaty, including the labor any material necessary in demolition, destruction or surrender of war equipment.

Twenty-Four Ships in Navy.

Naval—The Germany Navy must be demobilized within a period of two months after the peace. She will be allowed six small battleships, six light cruisers, twelve destroyers, twelve torpedo boats, and no submarines, either military or commercial, with a personnel of 15,000 men, including officers, and no reserve force of any character. Conscription is abolished, only voluntary service being permitted, with a minimum period of twenty-five years' service for officers and twelve for men. No member of the German mercantile marine will be permitted any naval training.

All German vessels of war in foreign ports, and the German high sea fleet, interned at Scapa Flow, will be surrendered, the final disposition of these ships to be decided upon by the Allied and associated powers. Germany must surrender forty-two modern destroyers, fifty modern torpedo boats, and all submarines, with their salvage vessels, all war vessels under construction, including submarines, must be broken up. War vessels not otherwise provided for are to be placed in reserve or used for commercial purposes. Replacement of ships except those lost can take place only at the end of two years for battleships and fifteen years for destroyers. The largest armored ship Germany will be permitted will be 10,000 tons.

Germany is required to sweep up the mines in the North Sea and the Baltic Sea as decided upon by the Allies. All German fortifications in the Baltic defending the passages through the belts must be demolished. Other coast defenses are permitted but the number and caliber of the guns must not be increased.

During a period of three months after the peace, German high power wireless stations at Nauen, Hanover

and Berlin will not be permitted to send any messages except for commercial purposes and under supervision of the Allied and associated governments, nor may any more be constructed.

Germany will be allowed to repair submarine cables which have been cut, but are not being utilized by the Allied powers, and also portions of cables which after having been cut have been removed, or at any rate not being utilized by any one of the Allied or associated powers. In such cases, the cables or portions of cables removed or utilized remain the property of Allied and associated powers, and accordingly fourteen cables or parts of cables are specified which will not be restored to Germany.

No Air Forces Allowed.

Air—The armed forces of Germany must not include any military or naval air forces except for not over 100 unarmed seaplanes to be retained till October 1 to search for submarines. No dirigibles shall be kept. The entire air personnel is to be demobilized within two months, except for 1,000 officers and men retained till October. No aviation grounds or dirigible sheds are to be allowed within 150 kilometers of the Rhine or the eastern or southern frontiers, existing installations within these limits to be destroyed.

The manufacture of aircraft and parts of aircraft is forbidden for six months. All military and naval aeronautical material under a most exhaustive definition must be surrendered within three months, except for the 100 seaplanes already specified.

Prisoners of War—The repatriation of German prisoners and interned civilians is to be carried out without delay and at Germany's expense by a commission composed of representatives of the Allies and Germany. Those under sentence for offenses against discipline are to be repatriated without regard to the completion of their sentences. Until Germany has surrendered persons guilty of offenses against the laws and customs of war, the Allies have the right to retain selected German officers. The Allies may deal at their own discretion with German nationals who do not desire to be repatriated, all repatriation being conditional on the immediate release of any Allied subject still in Germany. Germany is to accord facilities to commissions of inquiry in collecting information in regard to missing prisoners of war and of imposing penalties on German officials who have concealed Allied nationals belonging to Allied prisoners. There is to be a reciprocal exchange of information as to dead prisoners and their graves.

Graves—Both parties will respect and maintain the graves of soldiers and sailors buried on their territories and agree to recognize and assist any commission charged by any Allied or

associated power to inspect the same.

## More Than Just a New Type of Clothes

It is a keener, more analytical young man the maker of clothing has to meet today. He understands values better and expects the whole worth of his money.

**A New Spirit of Design** He demands more than just a new type of clothes. For him they must be a new order of making—a fine regard for the new spirit of design.

Only a maker like THE HOUSE OF KUPPENHEIMER can please him—a house that has caught surprisingly the change of the old order and a youth renewed through trial and sacrifice.

The design is for the new American figure—of the man who has

fought and the man who has stood behind the fighter—slender waist, short back and full chest.

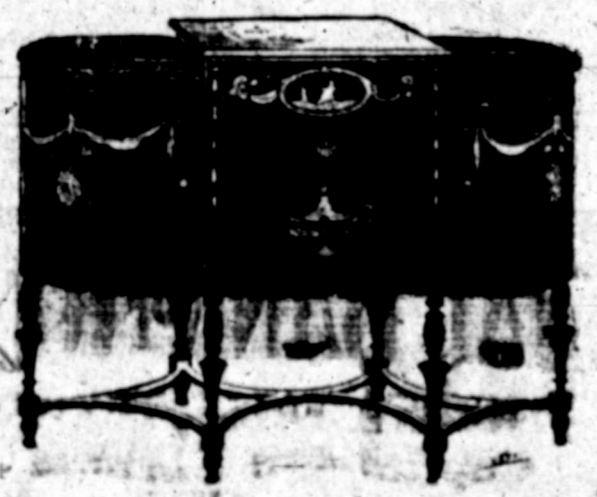

The fabrics **New Styles But Old Standards** are individual and alive and the tailoring is Kuppenheimer standard—the same high quality that has made THE HOUSE OF KUPPENHEIMER the fastest growing clothing house in America.

This quality justifies the reputation of the best tailored clothes for young men.

What you have been looking for is at the "HOUSE OF KUPPENHEIMER CLOTHES" in this city and in every other metropolitan center in the country.

associated Governments with identifying, registering, maintaining or erecting suitable monuments over the graves and to afford to each other all the facilities for the repatriation of the remains of their soldiers.

**Responsibilities.**—The Allied and associated powers publicly arraign William II of Hohenzollern, formerly German Emperor, not for an offense against criminal law, but for a supreme offense against international morality and the sanctity of treaties.

To Try Kaiser.

The ex-emperor's surrender is to be required of Holland and a special tribunal set up composed of one judge from each of the five great powers, with full guarantees of the right of defense; it is to be guided "by the highest motives of international policy with a view of vindicating the solemn obligations of international undertakings and the validity of international morality," and will fix the punishment it feels should be imposed.

Persons accused of having committed acts in violation of the laws and customs of war are to be tried and punished by military tribunals under military law. If the charges affect nationals of only one State they will be tried before a tribunal of that State. If they affect nationals of several States, they will be tried before joint tribunals of the States concerned. Germany shall hand over to the associated Governments either jointly or severally all persons so accused, and all documents and information necessary to insure full knowledge of the incriminating acts, the discovery of the offenders and the just apportionment of the responsibility.

Reparation.

**Section Seven.**—Reparation: "The Allied and associated Governments affirm and Germany accepts on behalf of herself and her allies, the responsibility for causing all the loss and damage to which the Allied and associated Governments and their nationals have been subjected as a consequence of the war imposed upon them by the aggression of Germany and her allies."

The total obligation of Germany to pay, as defined in the category of damages, is to be determined and notified to her after a fair hearing and not later than May 1, 1921, by an inter-Allied reparation commission. At the same time a schedule of payments to discharge the obligation within thirty years shall be presented. These payments are subject to postponement in certain contingencies. Germany irrevocably recognizes the full authority of this commission, agrees to supply it with all the necessary information and to pass legislation to effectuate its findings. She further agrees to restore to the Allied and associated Governments and their nationals certain articles which can be identified. As an immediate step toward res-

oration, Germany shall pay within two years, 20,000,000,000 marks in either gold, goods, ships or other specific forms of payment, with the understanding that certain expenses such as those of the armies of occupation and payments for food and raw materials may be deducted at the discretion of the Allies.

While the Allied and associated Governments recognize that the resources of Germany are not adequate after taking into account permanent diminution of such resources which will result from other treaty clauses, to make complete reparation for all such loss and damage, they require her to make compensation for all damages caused to civilians under seven main categories:

Category of Damages.

(A) Damages by personal injury to civilians caused by acts of war, directly or indirectly; (B) Damage caused to civilians by acts of cruelty ordered by the enemy and to civilians in the occupied territory; (C) Damages caused by maltreatment of prisoners; (D) Damages to the Allied peoples presented by pensions and separate allowances, capitalized at the date of signature of this treaty; (E) Damages to property other than naval or military materials; (F) Damages to civilians by being forced to labor; (G) Damages in the form of levies or fines imposed by the enemy.

"In periodically estimating Germany's capacity to pay, the reparation commission shall examine the German system of taxation, first to the end that sums for reparation which Germany is required to pay shall become a charge upon all her revenues prior to that for the service or discharge of any domestic loan and secondly so as to satisfy itself and that in general, the German scheme of tax-

ation is fully as heavy proportionately as that of any of the powers represented on the commission.

The measures which the Allied and associated powers shall have the right to take, in case of voluntary default by Germany, and which Germany agrees not to regard as acts of war, may include economic and financial prohibitions and reprisals and in general such other measures as the respective governments may determine to be necessary in the circumstances.

The commission shall consist of one representative each of the United States, Great Britain, France, Italy and Belgium, and in certain cases of Japan and Serbia, with all other Allied powers entitled, when their claims are under consideration, to the right of presentation without voting power. It shall permit Germany to give evidence regarding her capacity to pay and shall assure her of just opportunity to be heard. It shall make its own procedure and personnel; have general control of the whole reparations problem, and become the exclusive agency of the Allies for receiving, holding, and distributing reparation payments. Majority vote shall prevail except that unanimity is required on questions involving the sovereignty of any of the Allies, the cancellation of all or part of Germany's obligations, the time and manner of selling, distributing and negotiating bonds issued by Germany, and postponement between 1921 and 1925 of annual payments beyond 1930 and any postponement after 1925 for a period of more than three years, the application of a different method of measuring damages than in a similar former case, and the interpretation of provisions.

Withdrawal from representing is permitted on twelve months' notice. Bond Issue Required. The commission may require Ger-

many to give from time to time, by way of guaranty, issues of bonds or other obligations to cover such claims as are not otherwise satisfied. In this connection and on account of the total amount of claims, bond issues are presently to be required of Germany in acknowledgment of its debt, as follows:

Twenty billion marks gold, payable not later than May 1, 1921, without interest; 40,000,000,000 marks gold, bearing 2 1/2 per cent interest between 1921 and 1925 and thereafter 5 per cent with a 1 per cent sinking fund, payment beginning in 1926, and an undertaking to deliver 40,000,000,000 marks gold bonds bearing interest at 5 per cent under terms to be fixed by the commission.

Interest on Germany's debt will be 5 per cent unless otherwise determined by the commission in the future, and payments that are not made in gold may be accepted by the commission in the form of properties, commodities, businesses, rights, cop-

essions, etc." Certificates of beneficial interest, representing either bonds or goods delivered by Germany may be issued by the commission to the interest power no power being entitled, however, to have its certificates divided into more than five pieces. As bonds are distributed and pass from the control of the commission, an amount of Germany's debt equivalent to their par value is to be considered as liquidated.

Repay Shipping Losses.

**Shipping.**—The German government recognizes the right of the Allies to the replacement, ton for ton, and class for class, of all merchant ships and

fishing boats lost or damaged owing to the war and agrees to cede to the Allies all German merchant ships of 1,000 tons gross and upward; one-half of her ships between 1,000 and 1,000 tons gross and one-quarter of her steam trawlers and other fishing boats. Those ships are to be delivered within two months to the reparation commission, together with documents of title evidencing the transfer of the ships free from encumbrance.

"As an additional part of reparation," the German government further agrees to build merchant ships for the account of the Allies to the

amount of not exceeding 200,000 tons gross annually during the next five years. All ships used for international navigation taken by Germany from the Allies are to be restored within two months, the amount of loss not covered by such restitution to be made up by the cession of the German river fleet up to 20 per cent thereof.

In order to effect payment by deliveries in kind, Germany is required, for a limited number of years, varying in the case of each, to deliver coal, coal tar products, dyestuffs and chemical drugs in specific amount to the reparation commission. The committee may so modify the conditions of

The Fact is—

Over half the truck Tonnage of America is carried on Firestone TIRES

THERE are good reasons for Firestone Truck Tires carrying more than half America's truck tonnage.

Look at the trucks in this city that are mounted on Firestone Tires.

You'll find that they run faster, have fewer accidents, stand up better with less repairs, are operating with the lowest possible quantity of gasoline.

Our own service here in the city co-operates with Firestone

policy. Our tire presses, with power equal to many tons pressure, and our other machinery make it easy for us to change truck tires quickly.

And you know that the paying truck is the truck in the streets hauling your goods. When a truck's laid up a day for tire change, you lose far more than the cost of the change. Let us reduce tire-change time to the fewest possible minutes.

OPPORTUNITY OF A LIFETIME

Buy a lease near the East Wichita Oil Company deep test now drilling southeast of Wichita Falls 3 1/2 miles, with one of the best Standard rigs in the state, managed by some of our oldest and best citizens, and drilled by as good drillers as money will hire.

Chances are just as good for a gusher here as they were at the Burk-Waggoner only a few weeks ago. Owning small leases near the Burk-Waggoner made a fortune for those who bought early and at the low figure when operations were just beginning. Let it do the same for you here.

We are exclusive agents for the 1400-acre ranch owned by W. E. Allison and ranging from one-half mile to 2 miles of the East Wichita well, for sale priced \$25.00 to \$50.00 per acre. If interested we will be glad to take you out and show you over the ground. We expect to handle all this in the next few days—better get yours while you can.

# OIL DEVELOPMENT

## MUCH ACTIVITY IN TERRITORY ADJOINING THE BURK-WAGGONER

There were no unusual completions reported for the week. The United Oil Company's well in block 74, not far from the Gold Cycle well, came in for 2,500 barrels or better, but not soon enough for its production to be counted in on the week's increase. The Humble Oil and Refining Company has completed its No. 1 Schultz, in block 47, immediately south of the Herndon tract, and the well is reported good for 50 barrels an hour, or 1,200 barrels daily.

Completions reported from Burk-Waggoner were few in number, including:

Harvester Oil Co., No. 2 Vancleave, 200 barrels.

The Hillboro Oil and Gas Co., No. 1 Allright, John Deck Survey, abandoned as dry, around 2,000 feet.

Derricks are springing up all over the northwest, where the new big wells have been coming in, and the Waggoner land especially is dotted with the towering derricks, or with piles of rig timbers, while all possible speed is shown in rigging up and setting the drill started. The high price was not for speculative purposes, and not, as a rule, for the flotation of stock companies, as many old operators bought acreage early and are already prepared to drill, in some instances already drilling.

On the Burk-Waggoner 60 acres, which has been sold to Morton et al of Oklahoma and New York, there had been locations made for 16 additional holes and it is understood that the purchaser will prosecute just as active a drilling program as was the plan of the company.

The following new locations, or rigs drilling, are reported on the H. M. Waggoner land alone:

Waggoner Bros., No. 1 Waggoner, block 84, rigging up rotary.

W. M. Fiddy, No. 1 Waggoner, block 87, location.

Bob Brewer, No. 2 Waggoner, block 83, drilling past 200 feet.

United Producers, Nos. 1, 2 and 3, Waggoner, drilling below 100, Nos. 4 and 5, rigs.

Munger and Wood, No. 1 Waggoner, rigging up, block 84.

Hill and Roberts, No. 1 Waggoner, block 87, rigging up.

Langford, Staley and Chenault, No. 1 Waggoner, block 84, drilling below 100 feet.

P. J. Lee, No. 1 Waggoner, block 84, rigging up.

M. D. Rowe, No. 1 Waggoner, block 84, rigging up.

American Refining Co., No. 1 Waggoner, block 87, rigging up.

G. O. Wood et al., No. 1 Waggoner, block 86, rigging up.

Pat Casey, No. 1 Waggoner, block 86, rigging up.

Groy Gander Oil Co., No. 1 Elean, block 88, rigging up.

Jones Brothers, No. 1 Herndon, block 88, rig.

Jones Brothers, No. 1 Herndon, block 88, rig.

Jones Brothers, No. 1 Herndon, block 88, rig.

### CHILD BUYS BONDS WITH BURK-WAGGONER PROFITS

VERNON, May 8.—There is probably no instance recorded during the Victory loan campaign that is a better example of thrift and patriotism than the story of little Miss Lorena Morris, the seven-year-old daughter of Mr. and Mrs. J. B. Morris of this city. Nickles and dimes saved by the young lady enabled her to buy a bond of the first issue. She sold this security and invested in a share of Burk-Waggoner which she held until the recent sale of the company in which she realized something over \$3,000. Miss Morris promptly reinvested in Victory bonds to the extent of \$3,000.

### Pimples and Skin Eruptions Danger Signs of Bad Blood

It May Mean Eczema, Scrofula —The First Sign of Inherited Blood Disease.

Pimples, scaly itching skin, rashes, burning sensations and Scrofula denote with unfailing certainty a debilitated, weakened and impure state of the blood. The trouble may have been in your blood from birth, but no matter how you were infected, you must treat it through the blood. It is a blood disease. You must use S. S. S., the standard blood tonic for 50 years, if you expect certain relief. For purifying the system, nothing

is equal to it. The action of S. S. S. is to cleanse the blood. It soaks through the system direct to the seat of the trouble—acting as an antidote to neutralize the blood poisons. It revitalizes the red blood corpuscles, increases the flow so that the blood can properly perform its physical work. The dull sluggish feeling leaves you—the complexion clears up. Even long standing cases respond promptly. But you must take S. S. S. Drugs and substitutes won't do. Get S. S. S. from your druggist. If yours is a special case and you need expert advice, write to Medical Adviser, 257 Swift Laboratory, Atlanta, Ga.

### WICHITA MILL TEAM FAST ROUNDING INTO GOOD PLAYING FORM

A formidable lineup has been selected from the employees of the Wichita Mill to carry the Belle of Wichita banner on the baseball field this season. Practice is being held every afternoon if the weather permits and the "old stuff" is being brought out as the days get warmer. So strongly does the Mill want a good nine that a job is offered any local ball player who shows up good at practice.

The following is the probable list of the players and their positions: Fontaine, catcher; Arnold, pitcher; Glenn Berry, first base; Gene Berry, second; Meador, third; Martin, short; Miller, center field; Louisa, left field; Nettleton, right field. Substitutes: Waterbury and Little.

Practically all of the men in this lineup have a reputation in semi-pro circles and a fast team is assured. The captain of the team, Meador, is reported to have been offered a position from a manager of a crack team in Utah, and may not be able to pilot the club this season.

### HIGHER PRODUCING COSTS HANDICAP TO COMMERCE

By Associated Press. WASHINGTON, May 8.—Higher producing costs in European countries than in the United States at the present time are viewed by the federal reserve board as a serious handicap to the development of their post-war export trade to the United States as a means of paying off their indebtedness to this country and liquidating purchases of raw material. The board points out in its forthcoming bulletin for May, according to an abstract made public today, that higher costs in many lines of manufacture place European countries at a decided disadvantage in competing with American producers.

### MEXICO CITY RETURNS THE STREET RAILWAYS

By Associated Press. MEXICO CITY, Wednesday, May 7.—The Mexico City Street Railways, which for the past four years have been under the administration of the federal government, were today turned back to their private owners. There is no information available as to the conditions agreed to in making this transfer. The Canadian interests which control the system have been negotiating with the government for many months, attempting to secure reimbursement for damages suffered by the system during the time it was out of their control.

**Notice of Removal.**  
I wish to inform my friends and clients that I have moved my office to the basement of the First National Bank building, where I shall continue the practice of law in connection with General E. H. Gipson, under the firm name of Napier & Gipson. Telephone No. 2631.

## URGE EXCHANGE OF INTEREST COUPONS FOR THRIFT STAMPS

"Holders of Second Liberty Loan Bonds can make no better use of the interest payment they will receive May 15, than to turn it into Thrift and War Savings Stamps," L. R. Buchanan, cashier of the First National Bank of this city said today. "By so doing, they can make their interest keep on making more interest for them and they will be investing the proceeds of their patriotism in patriotism."

"There were more than 250,000 persons or corporations in the Eleventh Federal Reserve District, who invested in the Second Liberty Loan, \$25,200 to be exact. Each one of these will reap an interest crop May 15. By sewing it back into War Savings Stamps, that interest is kept growing, if occasion arises and you need what you have invested, War Savings Stamps are always cashable at the postoffice on ten days' written notice."

"The Treasury Department is urging that all persons who possibly can, reinvest their interest coupons in Thrift and War Savings Stamps. Second Liberty Loan Bond coupons may be exchanged for Thrift or War Savings Stamps at this bank or at the postoffice. Keep your dollars working."

## SERVICE CROSS AWARDED TO HOUSTON LIEUTENANT

WASHINGTON, May 8.—General Pershing has cabled the war department the names of 24 additional officers and enlisted men of the expeditionary forces to whom he has awarded the Distinguished Service Cross for acts of extraordinary bravery. The list includes Lieut. Henry N. Pride, Houston, Texas, and Private William G. Gaddy, Walnut Ridge, Ark.

## UKRAINIANS BELIEVE ARMISTICE WAS UNFAIR

Associated Press Staff Correspondent. HEADQUARTERS OF THE WEST Ukrainian Army, Hodcov, April.—The impression prevails throughout the Ukrainian army that the armistice which was signed between the Ukrainians and the Poles was unfair to its proposals for the armistice.

The Ukrainian soldiers were so wrought up over this point that they fired upon the correspondent of The Associated Press who crossed from the Polish to the Ukrainian lines with the intention of proceeding to Stanislaw, the capital of West Ukraine.

It was pointed out by the commander of the troops, General Pavlenko, that while the Ukrainians demanded that their western border extend as far as the river San thus including Lemberg, the Entente-Alied proposed that his troops should give up Lemberg and all the territory that had conquered and retire on a line to the east of Lemberg and also to surrender the oil basins to the southwest of that city.

It was stated that the Inter-Allied Mission paid but two brief visits to discuss the subject. First the mission came to deliver a questionnaire regarding a truce which was accepted by the Ukrainians although hostilities were stopped at a moment

when the Ukrainians were preparing to take the city of Lemberg. The Ukrainians were disappointed because when the mission visited them for a second time, on February 23, the Allied representatives went only to Chodoroff to meet General Petura, although the mission had been invited to Stanislaw and the Ukrainians had hoped and expected they would visit their capital city.

The talk with General Petura came to nothing. The Ukrainians declare that it was too evident that the mission was prejudiced in favor of the Poles and they said that the Ukrainian officers say their own men would refuse to obey if they were ordered to retreat from positions they had won and the land which they declare is purely Ukrainian.

HUMANE SOCIETY HOUSE TO HOUSE CANVASS FRIDAY

The Wichita Falls Welfare and Humane Society will begin house to house canvass tomorrow morning at eight o'clock for memberships in the society. It is hoped to secure a large number of new members. The membership fee is \$2 per annum. Memberships will also be received at the War Savings bank. The society has undertaken several important projects this year, including a children's nursery and a public bath house.

CONGRESSMAN PARRISH LEAVES MONDAY TO ATTEND THE SESSION OF CONGRESS

Congressman Lucian W. Parrish will leave Henrietta next Monday for Washington, for the opening of Congress on May 19th. Mrs. Parrish will accompany him.

Congressman Parrish has appointed Miss Ida Godley of Henrietta as his secretary. Miss Godley has been Mr. Parrish's stenographer for a number of years and is a talented and worthy young woman. For several months Mr. Parrish has maintained an office in Washington, and the opening of the session will find his office well organized for work.

CHILD FELL FROM WINDOW AND NOT FROM CAR DOOR

Thornton White, the small boy who suffered a broken leg as the result of a fall from the Fort Worth and Denver train out of Port Worth, not far from Alford Monday afternoon, fell from a window, those who saw the accident stated, and not from the vestibule door. The first information was given by persons who were in another coach, and who misinterpreted the details, on account of the confusion which ensued during the discovery of the accident, and the preparations for caring for the injury.

Are There Any Strangers in the House?

Henry L. Doherty and 175 of the leading capitalists and oil men of New York are due to arrive in Port Worth Saturday for a general tour of the Texas oil fields. In memory of the terrible wrongs perpetrated by Wall street upon the hapless boobies from the country, let us bring forth our "stark-brawlie, burk-bridge, Chenault, and Jerome Vancleave certificates and welcome the visitors!

Safety First. On second thought, however, perhaps we'd better not try any deceptions on those "city slickers." For L. O. Henry once translated "Omnia Gallia in tres partes divisa est" "we will need all our gall to free them parties!"

Very Subtle Stuff. The battle tank, used in advertising the Victory Loan, came to Wichita Falls and departed. There was some talk about sending it out to Burkburtt, but it was finally decided that it would be impossible because of the condition of the roads.

Write Your Own Head. "A light shower of rain," says the Denton Record-Chronic, "fell here Saturday night, which was very much needed."

Have You Heard It? Every so often someone tells us a hard luck story, but the richest hard luck story in a long time came over the Associated Press wires from Swanton, New Jersey, recently. It received very little publicity, wherefore we think it's worth repeating. "Jeppha Stoll, a farm hand, couldn't eat breakfast until he had driven six miles to buy a match to start a fire to thaw his false teeth out of a water glass."

All in Favor Say "Aye." A Michigan inventor has patented a crane to be attached to any wagon to enable one man to pick up a can of trash or garbage. If there's any invention that will assist in cleaning up trash in the alleys of Wichita Falls, for the love of Mike let's buy a dozen of them!

Attention of D. W. Young. And, speaking of inventions, did you know that the war risk bureau in Washington is using a mechanical device by which 30 checks receive an actual pen signature at one time? We suggest while the boom is one that one of these devices be installed in the Central Stock Exchange immediately!

Reductio ad Absurdum! "The German navy is reduced to six battleships, six light cruisers and 12 torpedo boats, without subma-

lines," reads a part of the text of the peace treaty.

Considering the many dark months of misery spent in trying to make this same reduction through the medium of warfar, this seems to be another triumph for the pen over the sword.

"I Will Lift Up Mine Eyes." Did you ever stop to ponder over the fact that Wichita Falls doesn't boast a single church spire? All churches in this city are built alike, the same monotonous, broad, flat spread of the roof with the general outlines of each building suggesting a public library or a clubhouse. A church spire is really a beautiful thing, pleasant for home folk to gaze upon and an inspiring sight to the traveler's eye. When the next church edifice is raised in Wichita Falls, will the architect please give us just one beautiful spire to break the dreary skyline?
