GOVERNOR SIGNS LAW GIVING DISCHARGED SOLDIER A VOTE AND LEGISLATURE ADJOURNS

By Associated Press. AUSTIN, TEXAS, May 9.—Men discharged from military service of the United States may now vote in any election in Texas without presentation of a poll tax receipt, provided they are otherwise qualified voters, and their absence from the state while in service does not disqualify them. The act providing for this, which was passed by the legislature just adjourned, was signed by Governor Hobby today, and went into effect immediately. The attorney general has held the bill constitutional, and is of the opinion that the court will hold likewise.

By Associated Press. AUSTIN, May 9.—After a four and a half days' session during which only two bills were passed and two general resolutions were adopted, the first called session of the thirty-sixth legislature adjourned at noon today. The first bill exempts men discharged from the military service of the United States from the payment of poll tax and permits their voting. The second bill extends the date upon which the board of control set up by the legislature to become effective from June 15, 1920, to January 1, 1921. One resolution directed the governor to appoint a commission to purchase the Blue Ridge prison farm, while the other provides for a legislative investigation of matters connected with the attempt to release the state's option to purchase the farm. The investigation committee is composed of Representatives S. J. Osborne, W. M. Fly, J. C. Marshall and Senators W. D. Sullivan and Paul H. Fage. The committee will sit during vacation and expects to begin work immediately. Senator C. R. Buchanan, of Curry, was elected president pro tem of the Senate.

PRESIDENT WILSON TO VISIT BELGIUM SOON

By Associated Press. PARIS, May 9.—President Wilson will visit Belgium soon, it is understood, and will make an important speech during his trip through that country.

TOTAL SUBSCRIPTION TO VICTORY LOAN IS OVER THREE BILLION

By Associated Press. WASHINGTON, May 8.—The total of the Victory Liberty loan today went above \$3,000,000,000, but treasury officials said the exact figures today's standing could not be tabulated until tonight. The treasury department today recognized officially the claims of the St. Louis district of having exceeded its Victory Liberty loan quota by gathering subscriptions of \$195,104,000 and thereby winning the honor of being the first district to achieve this record. President Wilson today issued through Secretary Glass an appeal to the American people to make the Victory Liberty loan "a great popular thank offering."

SECOND DISTRICT PASSES BILLION DOLLAR MARK

By Associated Press. NEW YORK, May 9.—The billion dollar mark has been passed in the second federal reserve district's Victory Liberty loan campaign. An overnight total of \$82,139,300 brought the total subscription up to \$1,032,275,300 at 10 a. m. today. The district's quota is \$1,250,000,000.

AN IMMIGRATION INSPECTOR KILLED NEAR THE BORDER

By Associated Press. ARAPAHO, TEXAS, May 9.—Charles Hopkins, an immigration inspector, and three unknown Mexicans were killed, and two men seriously wounded, one perhaps fatally, in a gun fight between American officers and Mexican smugglers, seven miles southeast of Laredo last night. Ira Hill, of the Texas health service, and Valdez, an alleged smuggler, were wounded. Valdez is not expected to live. A party of two American customs inspectors, three immigration inspectors, a health officer, while on patrol duty on the river a ten o'clock last night encountered the four Mexicans who had just landed on the American side. When called upon to halt the Mexicans opened fire with rifles and revolvers. Hopkins was mortally wounded and died within a short time. The Americans returned the fire, killing three of the Mexicans and wounding Valdez. Hill's wound is not considered serious. Hopkins had been in the immigration service many years and is well known along the entire border.

BARNES TO IMPORT 4,000,000 BUSHEL CANADIAN WHEAT

By Associated Press. NEW YORK, May 9.—Julius H. Barnes, United States wheat director, announced tonight on his return from Chicago, that he had completed negotiations to bring 4,000,000 bushels of Canadian wheat into the United States for distribution to the mills. Mr. Barnes last night reiterated that the grain corporation will sell from its current stocks and its current movement through the ports, particularly Boston, New York, Philadelphia and Baltimore, its standard grades of flour at \$11.50 per barrel in carload lots to bona fide users, and that the grain corporation offices at all these ports have been instructed to continue selling on this basis, on the domestic situation is entirely relieved.

COMMANDERS ARE URGED TO DISCHARGE MEN BY JUNE 15

By Associated Press. WASHINGTON, May 9.—Commanding generals of the Northeastern, Eastern and Central departments and of Camps Knox, Bragg, Bennett, Humphreys, Kautz and Fort Hill were instructed today that if the desire of the war department to have discharged by June 15 all men drafted or enlisted for the emergency who are eligible for discharge.

LABOR TROUBLE AT TOLEDO IS CAUSE OF MUCH CONCERN

By Associated Press. TOLEDO, O., May 9.—Labor trouble, which has closed the Whiting Overland and two other large plants here and made 16,500 men and women idle, continued to show serious proportions today, following rioting and arrests made yesterday afternoon and last night. There appeared no prospects of settlement of disputes at the Overland Auto-Lite and Ford Plant, a prosperous man of House, a statement from the Merchants and Manufacturers' board that unless labor trouble is at once allayed, other plants may be closed.

SUPERIOR CZECH FORCES HAVE GAINED A FOOTING

By Associated Press. COPENHAGEN, Thursday, May 8.—Superior Czech forces after a bitter and fluctuating struggle, have gained a footing in the town of Noyzyczeny, the Hungarian supreme army command announced, says a message from Budapest today. Noyzyczeny is about forty miles north of Budapest in the district of Neograd. This is the nearest Czech forces have approached Budapest. Rumanian troops were reported about 80 miles east of Budapest.

BOMB ADDRESSED TO POSTMASTER GENERAL BURLESON SHOWING WOODEN CONTAINER, GLASS PHIAL CONTAINING MYSTERIOUS ACID, FULMINE OF MERCURY CAPS. CHARLES KAPLAN, POST OFFICE CLERK WHO DISCOVERED THE BOMBS.

One of the boldest and most carefully made plots against any government and which has as its object the death of at least twenty of the most prominent men in this country who have taken an active part in the fight against Bolshevism was revealed and frustrated in New York. Bombs of a most deadly nature, which were sent to sixteen of those marked for death, have been held by the Post Office Department. Five other bombs were delivered. Only one exploded, blowing off the hands of a maid in the home of Thomas W. Hardwick, one-time United States Senator from Georgia. By government officials it was intimated that the conspiracy against the lives of these men was only the forerunner of an even greater display of lawlessness and revolutionary acts timed for to-day, May 1, Labor's Day for agitation throughout the world. Such acts, it was said, may have had for their ultimate end an open attempt to seize throughout the principal cities of the country the reins of the government and establish at those points a soviet form of government akin to that of Russia. Charles Kaplan, a Post Office clerk, discovered the bombs, and Owen Eagan, inspector of Combustibles, determined the contents and dangerous calibre of the bombs.

GERMAN DELEGATES ARE DIVIDED IN THEIR VIEWS ON THE TERMS OF THE PEACE TREATY

By Associated Press. (Havas).—The German government has telegraphed to the delegates at Versailles ordering them to present to the allied and associated powers within the fifteen days allowed a proposition demanding verbal discussion, dispatches from Berlin say. The peace committee of the German national assembly at a meeting Thursday discussed the peace terms. President Fehrenbach of the assembly declared that the terms presented to Germany were more drastic than the pessimistic forecasts had indicated and that the provisions meant the perpetual enslavement of the German people. He declared that the treaty was dictated by hate on the part of the Chancellor, Brünnemann, Berlin dispatches add, pointed out what he called the contradictions between President Wilson's principles and the peace terms. He described the terms as being a death sentence for the German people.

GERMAN DELEGATES WILL PROTEST THE SAAR AWARD

By Associated Press. (Havas).—The German delegates in their answer to the peace terms, the newspapers say, will propose especially to assume the burden of making reparation only for damage caused in northern France and Belgium. The papers say it is not unlikely the Allies will refuse the proposition. The German delegates, it is added, also intend to give latitude over the question of the Saar valley. Danzig, the former German colonies and military occupation. Count von Brockdorff-Rantzau, in a long wireless exchange with Berlin, the newspapers declare, expressed a desire to confer with the German-Austrian delegates on their arrival at St. Germain.

One of the allied delegates told the Echo de Paris that the attempt by Count von Brockdorff-Rantzau to make other countries besides Germany responsible for the war and appeal to universal brotherhood was coolly received by the chiefs of the allied and associated powers, especially Premier Lloyd George and President Wilson.

IMMEDIATE SOLUTION IS SUGGESTED BY GERMANS

BERLIN, May 9.—There is only one immediate solution—peace with Russia and the use of Bolshevik troops for Germany, Herr Geiberts, one of the German delegates at Versailles, is quoted by the Neue Keltung as declaring with reference to the peace terms submitted. Other of the German delegates are quoted by the newspaper's Versailles dispatch as follows: "The cruel announcements of the press have been exceeded. No verbal objections can be handed over. We can do nothing but say yes or no. This is the quintessence of a peace of force." Prof. Schuecking: "The document is simply awful."

POOL HALL CASE IS TO BE HEARD ON JUNE 16

PORT WORTH, May 9.—The pool hall case, in which labor unions of Dallas are attacking the statewide statute, will be heard in Amarillo June 16. It was announced here today by Federal Judge Wilson. In the meantime, the state is prohibited from closing the Texas pool halls.

CAPTAIN AL MUGROVE DIES AT AUSTIN HOME

AUSTIN, May 9.—Captain Al Mugrove, aged 74, Confederate soldier and one of the defenders of the state treasury in the early seventies against a band of robbers, died here today at the family residence. At the time of his death he was attached to the captain of police force.

SUMMARY OF TODAY'S INTERNATIONAL SITUATION

By Associated Press. The Chinese delegation to the peace conference in Paris has received cable instructions from Peking not to sign the treaty because of the settlement made in the Kiaochow and Shantung controversy, by which was given temporary rights on the Shantung peninsula. The Chinese conference at Shanghai, where the northern and southern governments are endeavoring to settle their differences has sent similar instruction to the Paris delegates. The council of four is working today on the program to be followed in the negotiations with German-Austria, having taken up at a meeting held last night the Italian claims to territories on the eastern shore of the Adriatic. Studying Boundaries. The council of foreign ministers is devoting its time to a study of the Austro-Hungarian empire. American Ambassador Page is on his way to Paris from Rome to make a personal report to President Wilson. Comment in the German press on the treaty handed the German delegates at Versailles on Wednesday seems to indicate that Germany may sign the treaty, but only under the strongest protest and that the diplomatic efforts of the enemy may be concentrated upon President Wilson meanwhile for modification of terms. Stress is laid by many of the journals on the argument that the terms of the peace in many features is in sharp contrast with the fourteen points.

Socialists Are Opposed.

French Socialist organs express themselves as opposed to the treaty because of its drastic measures, and a manifesto issued by the national executive committee of the British labor party says the treaty terms will cause jealousy and unrest leading to further international disputes. Belgium's delegation to the peace conference has made a protest against the reported decision of the council of four in making Great Britain a mandatory for German East Africa which must be considered in dividing sections of that continent for administration under the league of nations. Admiral Kolchak's forces in eastern Russia are moving steadily forward in pursuit of the retreating Bolsheviks, having captured a number of important points.

Bandits Raid the Town of Cananea State of Sonora

By Associated Press. DOUGLASS, ARIZ., May 9.—Twenty-two mounted bandits last night raided the town of Cananea, Sonora, robbed a bank, killed five police officers and the city jailer and released all prisoners. The chief of police was among the officers killed. The bandits stole a number of horses and escaped to the mountains.

VARIOUS RUSSIAN FACTIONS ARE NEAR TO AN AGREEMENT; MAY RECOGNIZE GOVERNMENT

PAGE RESIGNS WHEN PEACE IS CONCLUDED

By Associated Press. PARIS, May 9.—It was stated in high quarters here today that Thomas Nelson Page, American ambassador to Italy, would resign his post upon the conclusion of peace.

LABOR PARTY NOT PLEASED WITH THE TERMS OF TREATY

By Associated Press. LONDON, Thursday, May 8.—After meeting to consider the terms of peace imposed upon Germany by the allied and associated nations, the national executive committee of the British labor party tonight issued a manifesto declaring the treaty in some essential particulars is "opposed to the declarations of President Wilson of the inter-allied labor conference, and of the Berne conference, and very defective from the standpoint of world peace." It bears evidence of a compromise by capitalism and imperialism which still subordinate European states," the manifesto declares. Any denial to Germany of an opportunity to become a mandatory under the league of nations must cause jealousy and unrest leading to further international disputes. Other points criticized were the failure to give Germany representation on the reparations committee and the omission of provision for the progressive limitation of armaments by the other signatories to the treaty. The manifesto protested against the geographical autonomy clause through Germany and advocated a plebiscite in Malmedy and other contested territories between Belgium and Germany.

AN AUTOMOBILE BANDIT ROBS MINNESOTA BANK

By Associated Press. WHITE BEAR, MINN., May 9.—An automobile bandit, who said he was "S. White," returned to the First National Bank of White Bear of \$4,000 early this afternoon. He was captured thirty minutes later after a sensational automobile chase through the village streets. During the pursuit White tossed most of the stolen currency from his machine.

CALL A CONVENTION OF LIONS AT WACO

By Associated Press. WACO, TEXAS, May 9.—The Lions' Club of Waco returned to the city from P. H. Lewis, Dallas, state president, called a convention of Lions of the state to meet in Waco, June 18. It will be the first state convention of Lions and is called for the purpose of organizing a state fair.

By Associated Press. PARIS, Thursday, May 8.—The movement for the recognition of the government of Admiral Kolchak at Omsk by the Allies and the United States as the de facto government in Russia is supported so generally in Paris that announcement of such action any day would not be surprising.

President Tschikowsky, of the Northern Russian government in Archangel, has consented to recognize the Kolchak government as the central government of Russia on condition that the Archangel and other local governments are permitted to retain control of local affairs. Similar action is expected on the part of General Denikin, the head of the Cossack government at Ekaterinodar, whose advisors in Paris have recommended it.

According to dispatches received by the Russian committee in Paris, Samara, an important point on the Volga, has been evacuated by the Bolsheviks, and Kolchak's forces are moving rapidly toward the Volga in pursuit of the retreating Bolsheviks.

By Associated Press. PARIS, Thursday May 8.—The various Russian factions in Paris apparently are coming together on a platform providing for the support of a government which guarantees a constitutional assembly elected by universal suffrage. Former Premier Kerensky, who is in Paris, opposes the government of Admiral Kolchak, but the admiral's repeated promises of a constitutional assembly apparently have satisfied most of the Russian radicals in Paris.

It appears probable Admiral Kolchak will be asked by the great powers to restate his program, giving assurance that the future of Russia will be decided by a popularly elected body, before recognition is granted. Meanwhile encouraging reports have been received here of the progress of Admiral Kolchak's troops against the Bolsheviks. From east of Samara, northward the Bolsheviks are being pushed back. On the extreme northern wing the Bolsheviks are retreating rapidly a few miles east of the important railway and manufacturing town of Vlatka.

HAVE DISCOVERED A CONSPIRACY TO PROVOKE MUTINY

By Associated Press. LONDON, May 9.—A conspiracy to induce British sailors to mutiny and soldiers to demobilize themselves by marching out of their barracks has been discovered, according to the Daily Mail. The premises of various persons have been searched and documents seized. The stations involved, the newspaper says, include four in France and several in England while the sailors in naval ports have been approached with a view to inciting them to seize the ports and invite the soldiers and police to join them. The object of the plot is stated to be to compel the government to use force if the projected disorders should occur, the organizers believing that this would precipitate anarchy.

To the Unsubscribed and Undersubscribed to the Victory Loan:

Tomorrow, Saturday, May 10, 1919, is the final day for receiving applications for Victory Liberty Bonds. There are many in this city and county who have done their full duty in loaning their means to the government to "finish the job;" on the other hand, there are many who have shirked their personal responsibility, have turned a deaf ear to the requirements of their government in this crisis, and who have wholly failed to answer the call of their own consciences to do their duty at this time. There are many people in this city and county who have satisfied their consciences and patriotism by claiming to have subscribed in other localities and elsewhere, but who have not done so. There are many who have subscribed small amounts when they should have subscribed several times such amount. If you have subscribed for a Fifty Dollar bond when you should have subscribed for Two Hundred Dollars worth; if you have subscribed for Five Hundred Dollars when you should have subscribed for Five Thousand Dollars; if you have subscribed for Ten Thousand Dollars, you have merely camouflaged yourself, or sought to do so, and have failed to be true to your country or to yourself. Tomorrow is the last day to get yourself right with your country, your neighbor and yourself. To you who have not subscribed, the committee will have a representative at the Elks' Club Room all day on Saturday, where you may call and make your subscription, or if you can not come in person our phone number is 1745 and if you will call us up over the phone we will send a representative to see you. To you who have undersubscribed, call at the Elks' Club Rooms, or phone us, and we will afford you an opportunity to subscribe the just and correct amount. Do not solace yourself with the thought that your neighbor or the world does not know of your dereliction. Search your own conscience and let it answer whether you are true to yourself, to your country, to those who have sacrificed their all for you. Let us make tomorrow a great day for the Victory Loan and for fighting yourself with yourself and country. VICTORY LIBERTY LOAN COMMITTEE. A. H. BRITAIN, Chairman.

SPLENDID DISPLAY AT ANNUAL EXHIBIT OF PUBLIC SCHOOLS

INCLUDES WORK OF ART, MANUAL TRAINING AND OTHER DEPARTMENTS.

JUDGE RAMSEY WILL SPEAK

Chairman Federal Reserve Bank at Dallas to Deliver Address on Citizenship.

This afternoon and tonight the parents of the school children of Wichita Falls, from the primary grades to the high school, are being given an opportunity to see the work of their children in the annual exhibit of the public schools, held at the high school.

Every department of work is represented in the display, which is the most elaborate ever attempted by the school in many respects.

Tonight a program will be held in the auditorium and Judge W. F. Ramsey of Dallas will be the chief speaker. Superintendent Lee Clark has issued an invitation to all patrons of the school and all interested in the cause of education to be present.

The days of the "Three R's" are not long gone, counted in years, but in the advancement which the public school system has made, measured by this and similar exhibits, such days are medieval.

For the grade schools there is one room devoted to exhibits from each school and here samples of the best written work, and the art work, are displayed.

The art department, with Miss Mignien Marjorie as supervisor, has a display that is much more pretentious than has ever before been attempted.

The Austin school clay modeling class have a whole table devoted to their work, and there is real artistry and imagination exhibited in much of the clay work.

have created a furore in the New York art circles, and have become more than a fad, have some close imitations in the work of Austin grammar grades on exhibit at the high school.

The manual training class, of which J. D. Holland is director, has a display of articles of furniture, which get away from the rank of amateurs.

There are several particularly handsome articles, including a cedar chest, a second chest, cedar lined, and encased in ivory, a telephone stand, with electric lamp attached, a beautifully polished wooden kunge, game tables, and numerous other small articles, very well made.

In the opposite end of the long hall of the high school Miss Lucy Martineau and her domestic science department have a display which proves most interesting, an appetizing array of articles from the cooking department, Candles and desserts, all quite as good to look upon as they are to taste, salads, entrees, meats, pastries and bread are contained in the display.

The old domestic science display that had a pie or two, a cake and some candy, is entirely discontinued by this display, which is designed to show that the cooking course of the domestic science department will turn out students qualified to cook the staple articles of diet, and to make in addition, dishes that would turn a professional chef quite green with envy.

In the upper hall one end is reserved for the exhibit of the sewing class of the domestic science department and there are model wardrobes or high school misses, which have been designed and made by the misses themselves.

The Washington school (colored) has an exhibit, and the piece de resistance was a huge cake, weighing more than 30 pounds.

"After All"

The tenderly optimistic feeling in "After All" is splendidly brought out by Reinald Werrenrath. It is the song of one who finds tears in his sweetheart's eyes and offers consolation that is hard to resist.

"Lonesome, That's All" is the song of a lover who finds separation hard to endure. In both these songs a violin obligato is introduced in the refrain with charming effect.

A Good Suggestion. When the directors of the Chamber of Commerce yesterday were discussing plans to relieve the seriousness of the housing situation in this city, W. W. Anderson made a suggestion that deserves consideration—a suggestion that a mass meeting be called and the entire situation receive open discussion. Too many citizens, Mr. Anderson said, have received the impression that the directors of the chamber are looking to their own profit in whatever steps are taken to find homes for industrial workers here.

It Seems Impossible. Listen! Hark! Gather around closely. We have found a restaurant where one fried egg, "over easy," and a cup of coffee, with bread and butter thrown in, costs the sum total of 15 cents! Isn't that wonderful? This restaurant is located in Wichita Falls, near the corner of—Oh, shucks! We can't tell! It's against the policy of the paper to give away advertising. But we will buy one fried egg and one cup of coffee for the first reader of the Column who discovers the restaurant and reports it.

HOUSE COMMITTEE ENDORSES A PLAN TO BE SUBMITTED

The housing committee of the Chamber of Commerce will report to the chamber's board of directors next Tuesday a suggestion that the Wichita Falls Housing Corporation raise at once between \$20,000 and \$50,000 additional with which to construct house-keeping apartments for industrial workers.

The plan endorsed by the committee at a meeting held today provides for the construction of apartments built on the army barracks plan but divided into housekeeping units. They will be built at the lowest possible cost, with no attempt at "fanciness" and will be rented cheaply to working men with families.

A cordial invitation is extended to everyone to worship with us, especially the many strangers in our city asked to make our church their house of worship and prayer. C. M. BEYER, Pastor.

First Methodist Church, South. Corner Tenth and Lamar. Mother's Day will be observed at the First Methodist Church, South, Sunday morning at 11 o'clock. The pastor will preach. At the evening service at 8:30, the Epworth League

will celebrate their thirteenth anniversary with a musical and devotional program. Captain Edleman will lead the program and if you want to enjoy a good program, we invite you to these services. Sunday school at 9:30 a. m., Junior League at 4:30 p. m. and Senior League at 7:15 p. m. with their "On to Paris" Drive in full swing. All the young people of the city are invited to meet with us, you will have a live bunch and a warm welcome. The District Epworth League meeting will be held at Electra May 31 and June 1, and the North Texas League Conference at Paris, June 12-15. Line up for these meetings.

Central Presbyterian Church. Commencing Sunday morning, May 11, there will be regular services at the Central Presbyterian Church, Rev. Lewis J. Sherrill, who was the minister of the church in 1917, has returned to take up his work here. Mr. Sherrill went from this church into the army Y. M. C. A. work, being for a while stationed at Dallas, and later at Fort Worth, with the 26th Division. From there he was sent to France. After being in France for several months, he resigned from the Y. M. C. A. work and enlisted in the army, being transferred to the 42nd Division, and was at the front until a few days before the signing of the armistice.

Mr. Sherrill has only been discharged from the army a few weeks, and at the call of the Central Presbyterian Church, returned to the same work he left. It is the wish of the church to build up their work as much as possible, and especially now that the city is growing at such a rate. Visitors are at all times most cordially welcomed. It is especially desired to get in touch with members of the "Southern" Presbyterian church as they move into the city. The subject of the sermon at 11 a. m. is "A Life Account." In the evening at 8:30 p. m. the subject is "Devotion and Thankfulness," in which the minister will have something to

say about war and the front as it was to a man on it; also something about the St. Michel and Argonne-Meuse Offensives, in which he participated.

Notice. Mr. P. L. Campbell has severed his connections with the firm of Lee-Underwood & Co. The firm will be continued under its original name of Lee & Underwood. Lee & Underwood, Room 3 and 4, 624 Ohio Ave. 309-2tc.

BETTER LATE THAN NOT AT ALL

It is better to remedy a wrong late than not at all. West Texas has been wronged by the state legislature in not giving this section the representation in the legislature to which it is entitled. Judge R. E. Huff has addressed a communication to Governor Hobby asking him to submit the matter of senatorial redistricting to the legislature at the present called session. There is much sentiment favorable to correcting the wrong as early as possible. The Dallas Journal says:

Following the publication of the United States census of population for 1910, the Texas Legislature belatedly reapportioned the state into Representative and Congressional Districts, but it has failed to reapportion the state into Senatorial Districts. Recently it has been urged that even at this late day senatorial reapportionment should be undertaken as a measure of justice to West.

Most of those who have written upon the subject have contented themselves with asserting that redistricting is needed because of the great growth of population in West Texas in the decade 1900 to 1910 and subsequently. They by no means exhaust the facts, although what they say ought to be sufficient. From 1900 to 1910 the population of Texas increased 27.8 per cent. One solid block of 47 counties in Eastern Texas increased only 14.4 per cent and another of 21 counties only 5.5 per cent, whereas the 26 counties in the Panhandle increased 32.4 per cent and 27 counties south of the Panhandle 28.8 per cent. Nevertheless, there has been no change in representation allowed the respective sections in the State Senate.

Nor is this all. West Texas was not allowed just representation in several preceding senatorial reapportionments. In fact, there has been little change from the original apportionment. In 1910 one West Texas district had four times as many inhabitants as a certain East Texas district, and another West Texas district had more than three times as many.

Here is taxation without adequate representation. And, of course, West Texas has grown in importance and population since 1910. Especially in view of the development in that section a just reapportionment should be brought about.

The reason it has not been brought about is that senators are reluctant to have their districts changed. Obviously the duty of reapportioning ought to be taken out of the hands of the legislature and lodged in some body that has no personal interest in the subject. If a constitutional convention shall be called that body ought to make suitable provision.

A HIGHPOWERED COMMUNITY.

Wichita Falls now claims a population of 75,000, and is probably the best known city in Texas. Folk from British Columbia even are moving there in droves—Quanaq Tribune Chief.

We have lots of optimists in Wichita Falls but none of them will claim the city has a population of 75,000. Many, conservative folk, however, do believe that Wichita Falls population is no less than 25,000. Postoffice officials have estimated that more than 40,000 people are served through the Wichita Falls postoffice.

Wichita Falls is so crowded and jammed that it is difficult to make any intelligent estimate of the population. Postal receipts, bank clearings and the volume of business in many lines are larger than in most cities of 75,000. The fact is that Wichita Falls is a high-powered community and her citizenship aggregating about 35,000 have the energy and accomplish the results of many communities of double the power. No one wants to come to Wichita Falls to live an easy life.

FORMER CROWN PRINCE IS NOW ENGAGED IN THE POTTERY BUSINESS

WASHINGTON, May 9.—The former German crown prince has gone into the pottery business, according to official dispatches received here today from Holland. A new company just organized to use the calcareous sands on the island of Wieringen in the North Sea, has named Mr. Frederick William Hohenzollern as the director manager. It was said he was a large inventor in the enterprise. A specially ambitious piece already put out by the new company is a tile portrait of the director manager, in outline against a background of church and cottages. The dispatches said it was reported that the tile had been bought for \$40,000 for presentation to Premier Clemenceau of France.

LITTLE STORIES FOR BEDTIME

By HOWARD R. GARIB

Uncle Wiggly and Bunty's Hat. Once upon a time Nurse Jane Fuzzy Wuzzy promised Baby Bunty, the little rabbit girl, who lived with Uncle Wiggly, to take her down to the 15 and 16 cent store and buy Bunty a new hat.

But at the last minute Nurse Jane had to go over to help Mrs. Wibbles wobble, the duck lady, make sugar cookies.

"I'll take Baby Bunty to the five and ten cent store myself," said Uncle Wiggly. "I'll help her get a new hat."

"Oh, joy!" cried Baby Bunty. "I love to go shopping with you, Uncle Wiggly. Only we'll go to the 15 and 20 cent store. They have lovely hats there! Why, some have grass-colored ribbons and one has real cabbage leaf trimmings."

"That will be fine!" laughed Uncle Wiggly. "When you are hungry you can eat part of your hat, Bunty."

"Oh, I'll never do that!" said the little rabbit girl, who had been found in a hollow stump.

So Nurse Jane went over to Mrs. Wibbles and Uncle Wiggly started for the three and four cent store—no, I'm wrong—it was the 15 and 20 cent store. Just let me hobnob along in peace and quietness on my rheumatism crutch. And, Baby Bunty, there is one favor I want to ask you—

"What is it, Uncle Wiggly?" asked the little rabbit girl as she waved her paw to a spotted lady bug, friendly like.

"Don't ask me to go in that 11 and 12 cent store with you to get your new hat. Take the bunny. 'But I'll wait outside. I never can bear to see you and down the aisles, from the soap department over to the lace veil counter doing shopping. I'll wait for you outside."

"Very well," said Baby Bunty. "But I think it would do your stiffness good to come in. However, we shall see."

So Uncle Wiggly hopped on with the lively little rabbit girl, and soon they were at the 15 and 20 cent store. I think you can look back and make sure.

"Now, I'll wait here for you," said the rabbit gentleman, sitting down in a sunny place outside. "Take the money and get a new hat, Bunty."

"What's the matter with your paw?" isn't he feeling well?" asked a little mouse girl clerk, as she came up to wait on Baby Bunty, and saw the rabbit gentleman staying outside.

"That isn't my paw—it's Uncle Wiggly," said the little shopper. "He's getting stiff, but I'll soon make him feel better."

Then she began to soap around and look at hats, and pretty soon, having tried on one with carrot trimmings, she went to the door and called:

"Uncle Wiggly! Please come in and

See if this looks well on me!" "Oh, my!" groaned Uncle Wiggly. "Must I come in? Well, only because..."

Slowly he hopped in, looked at Bunty's hat, and said: "Oh, yes. That's fine. Have it wrapped up and we'll get home."

"Oh, but there's a hat with real radishes on, up on the next floor!" said the little rabbit girl, as she laid aside the carrot hat. "Let's go look at that!"

Up to the stairs she hopped and Uncle Wiggly had to hop after, groaning at his aching joints. Baby Bunty cried on the radish hat.

"That's fine!" said Uncle Wiggly. "But it!"

"Oh, but there's one on the next floor with a cabbage leaf crown. I want you to see how I look in that," said Baby Bunty. "Up the stairs she hopped and Uncle Wiggly hopped after her. She tried on the cabbage hat."

"Buy it! Oh, buy it!" begged the bunny. "Oh, but on the next floor is a hat with cucumber salad all around the edges!" said Bunty. "I might look bet-

ter in that!" Up the stairs she hopped and Uncle Wiggly hopped after her. Well sir, Baby Bunty tried on forty-seven hats before she found one she liked, and by that time Uncle Wiggly was so lively, from hopping up and down stairs, that he bought two ice cream cones. He said he felt so good he had to have a treat.

"I thought you'd like to come shopping," said Baby Bunty. And Uncle Wiggly only twinkled his pink nose. But if the molasses jug doesn't take the candy stick to beat the parlor rug when it's trying to race with the kitchen oilcloth, I'll tell you next about Uncle Wiggly and Bunty's shoes.

GOLD LEAF WELL REPORTED ON SAND BELOW 1600 FEET

Reports have come from the field that the Gold Leaf Oil Company drill in block 66, some distance west, and a little south of the Burk-Wagoner well, had found an oil sand, below 1600 feet. On account of the bad weather, and the bad roads news and confirmation travels slowly at this time, and there has been no confirmation of the report.

COMPANY DENIES THAT THRIFT HAS BEEN SOLD

Officers of the Sibley Taylor Company, which has taken the management of the Thrift No. 2 Company, stated this afternoon that the report of the sale of Thrift property, which was current in this city yesterday and today was unfounded. It was stated that there had been a proposition for the sale of the property, before the Sibley-Taylor interests took over the management, but that there was now no deal pending.

NEW DEVELOPMENTS IN COMANCHE AND EASTLAND

Special to The Times.—RANGER, TEXAS, May 9.—The Northern part of Comanche and the Southern part of Eastland are coming in for good development. The C. T. Terrell well of the Magnolia Petroleum and Hog Creek Oil Company, after being drilled five feet deeper, has increased from 1,000 to 1,800 barrels daily. The Carruth well of the Peerless Petroleum Company has settled down from 800 to 700 barrels. In Stephens County the Massingale well of the Brazos Oil Company, has been given two shots and a flow of 2,000 barrels daily resulted.

LOCATIONS ARE MADE ON BLOCK EIGHTY-EIGHT

Breedlove, Moran, Chauncey et al have made three locations on a five acre lease they hold in the southwest part of block 88. In the southeast portion of the same block Carey, Bros., Breedlove, Rogers et al have made location for their first test. Drilling operations are to start immediately.

TERMS TO WIPE OUT THE AUSTRIAN NAVY

By Associated Press.—PARIS, May 9.—The naval terms of the treaty to be presented tomorrow have been completed, entirely wipe out the Austrian navy. All the ships of that navy, large and small, are to be surrendered. Their disposition among the Allies is to be adjusted later. The drafting committee this afternoon began work on the treaty as a whole.

SEAPLANES TO LEAVE HALIFAX ON TOMORROW

Flight Is Delayed to Make Repairs a Radio Message Announces.

NC-4 IS AT CHATHAM

Unable to Continue Journey Until Engine Trouble Is Overcome.

By Associated Press.—WASHINGTON, May 9.—The departure of the naval seaplanes NC-1 and NC-3 from Halifax for Trepansey Bay, N. F., on the second leg of their trans-Atlantic flight has been postponed until tomorrow; the naval department was advised that just before noon today, in a radio message from the supply ship Baltimore at Halifax. The message from the Baltimore follows: "Planes will not start from Halifax today because of renewal of four propellers. Will be ready to start Saturday morning."

MUCH SATISFACTION OVER FLIGHT THURSDAY

By Associated Press.—WASHINGTON, May 9.—The NC-4, in company with the NC-1 and NC-3, left Rockaway, Long Island, for Halifax, the first leg in the proposed trans-Atlantic flight yesterday morning. The last report from the machine after it had sent out a wireless that engine trouble had developed, was that she had passed the destroyer McDermott, first station ship, located more than sixty miles north of Cape Cod and less than half way to Halifax. Although every available naval craft was making a diligent search of the surrounding waters there had been no message clearly establishing the fact that the flying boat had landed until this morning. The successful flight by the NC-1 and NC-3 brought much satisfaction in naval circles here, and officers were awaiting with keen interest the resumption of the flight today by these machines to Trepansey, N. F., which will be home-off place for the trip across the Atlantic.

CREWS HAS COMFORTABLE NIGHT ON SEAPLANE

By Associated Press.—CHATHAM, MASS., May 9.—The naval plane NC-4 was towed into Chatham harbor by a motor boat from the Chatham aviation station about 5:30 this morning. The NC-4 was first sighted by a message clearly from members of the crew of the seaplane reported that they were comfortable and that they had passed the night in a calm sea. Only one engine of the seaplane was in service, the other having been disabled on the trip from Rockaway. When sighted at daybreak the NC-4 was trying to reach port under her own power. Seaplanes stationed here were immediately sent out to give any needed assistance but the crew of the NC-4 signalled that all on board were safe and that although three of the four engines had gone "dead," they had been able to make considerable progress during the night on the smooth sea.

MOTHER OF PILOT NOT LEAST APPREHENSIVE

By Associated Press.—FORT WORTH, TEXAS, May 9.—Mrs. O. W. Mitscher, mother of Andrew Mitscher, pilot of the NC-1, flying on the first leg of its flight across the Atlantic, said today she "didn't feel the least apprehensive, but is confident her boy will get across safely. He is from Oklahoma City. His mother is visiting relatives here."

EXPECT TO RESUME FLIGHT TO HALIFAX

By Associated Press.—CHATHAM, MASS., May 9.—The hydroplane NC-4, which was towed in the naval air station here today after having been compelled to land yesterday because of engine trouble while on the first leg of the trans-Atlantic flight, probably will resume the trip to Halifax tomorrow, according to naval officials. Two of her four engines were out of order, but mechanics expected to be able to make repairs quickly.

How's Your Nerve? The BURK-BET OIL COMPANY is the "Pick of the Field" for the man who wants to invest \$40 where it will return him \$1,000 in the next 45 days, or nothing. Like the Fowler, Marine, Burk-Waggoner, Thrift No. 2, and others that hit the board sky-high, it is far enough ahead of the drill to have Big Acreage on small capitalization. Only 2,500 feet west of Tennessee No. 2, now selling at \$175 on the board, because of the fact the M. & P. Burk is now on the sand. The Burk-Bet Oil Company's Forty Acre Lease is directly on a line with Tennessee No. 2, Parker, Burk-Waggoner, United Oil, Thrift No. 2 and Golden Cycle. If you can afford to speculate in oil stock, you simply can't afford to miss buying in on this. IF WE GET A WELL and geologists say we will, every dollar invested will grow to \$25. Capitalization \$50,000 \$1.00 per Share Forty Acres R. E. SHEPHERD, President; City National Bank W. R. Market Report

COTTON MARKET

NEW YORK, May 9.—The cotton market opened firm at an advance of 22 to 28 points today with July selling at 28.75 and October at 24.95 in response to higher cables and continued wet weather in the South. There was a slight buying of new crop deliveries and considerable local covering on the advance, which was encouraged also by bullish reports from the goods trade and yarn markets. The market met a good deal of realization, however, and there were reactions of 10 or 15 points from the heat during the early trading.

Offering seemed to be well taken on the early decline and the market turned firm late in the morning on covering by recent sellers and continued buying for foreign and domestic trade accounts. July sold up from 26.63 to 26.80 and October from 24.75 to 25.05, or 35 to 48 points net higher.

The market was firm during the early afternoon on covering by recent western and Wall street sellers, and a further moderate demand from the trade July sold up to 26.94 and 25.21, or 49 to 64 points net higher. Cotton closed strong.

NEW ORLEANS, May 9.—Better cables than due and continued rainy weather in the belt were responsible for buying in the cotton market today. During the first half hour of trading contracts rose 34 to 38 points. The forecast for more rain to come in the eastern belt increased the demand. In the trading up to noon prices were sent 39 to 54 points above the level of yesterday's close.

Outside buying increased at 1 o'clock, the market was 46 to 64 points up net.

Cotton closed steady at an advance of 32 to 71 points.

LIVERPOOL, May 9.—Cotton spot in fair demand; prices higher. Good middling 13.29; fully middling 17.73; middling 17.19; low middling 15.64; good ordinary 13.99; ordinary 13.46. Sales 5,960 bales, including 4,509 American.

Receipts 1,000 bales, including 909 American.

Futures closed steady: May 17.14; July 16.55; September 15.96; October 15.15; January 14.63; March 14.40.

as a result of the bearish character of the government crop led to a sharp break today in the corn market. Notice that 4,000,000 bushels of Canadian wheat would be imported by the United States instead of the 1,000,000 bushels announced three days ago, tended also to depress values. Opening prices, which ranged from 1c to 4c lower with July \$1.61 1/2 to \$1.64 and September \$1.54 1/2 to \$1.57 were followed by a slight rally but then renewed weakness.

Oats receded with corn. After opening 1/2c to 1 1/2c off with July .68 to .68, the market hardened a little and then underwent a fresh sag.

Provisions were carried down by the action of hogs and grain.

Throughout the most of the day the market averaged lower on the distant deliveries and higher on May. Prices closed nervous, at 1/2c decline to 1/2c advance, with July \$1.63 1/2 to \$1.65 1/2 and September \$1.55 1/2 to \$1.55 1/2.

Business in pork was active. Moderate rallies ensued in the last half of the session.

NEW YORK STOCKS

NEW YORK, May 9.—Stock market today was a 1 point advance in U. S. steel to 10 1/4. Stock ticker cancelled previous sale at 102. This was evidently in recognition of the free or open market for manufactured steel, which is expected to result from the failure of producers and the railroad administration to agree on prices. The more spectacular features included further gains of 2 1/2 points in Texas Company, and of eight in Atlantic Gulf. Other oils and shippers were strong with independent steels, sugars, leathers and textiles.

Trading moderated perceptibly at noon when rails made recession. These were offset by gains of 2 1/2 to 4 1/2 points in Mexican petroleum, Pan-American petroleum preferred, Chandler, Studebaker and General Motor, American tobacco, Virginia iron and Montana power. U. S. steel and allied shares also improved.

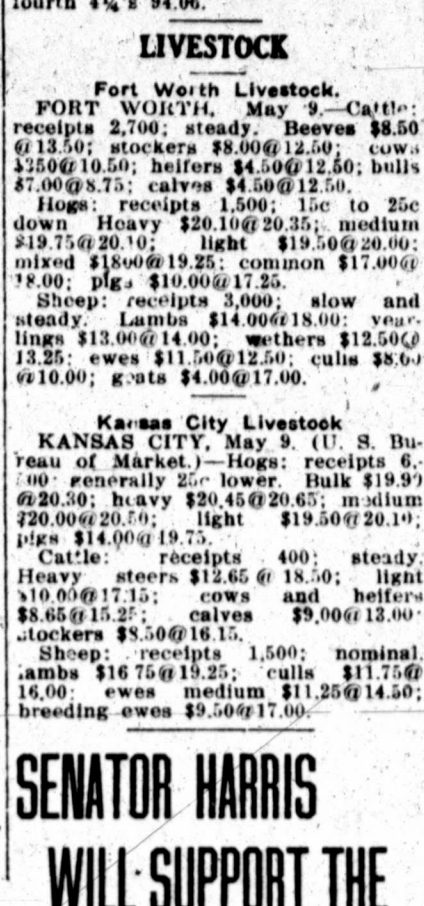

Some of the oils and U. S. steel made their highest quotations later, but selling for profits proceeded in

ECHO OF WORLD'S GREATEST WAR SHOWN IN SPECTACULAR SHAM BATTLE.

The echo of the world's greatest war came spectacularly to the people of New York recently when one of the greatest military exhibitions ever arranged began with a great afternoon battle in Van Cortlandt Park. Thousands of persons thronged the elevations in and near the park during the mimic conflict and amid the roar of artillery and the drumming of machine gun fire watched a successful attack by four large tanks and six baby tanks upon a heavily protected trench defended by three hundred soldiers.

In the accompanying layout are shown tanks simulating a field attack, a navy smoke screen on land, a knapsack smoke spreader, a battery of trench mortars and the path of a shell as it leaves the mortar.

SENATOR HARRIS WILL SUPPORT THE SUFFRAGE BILL

WASHINGTON, May 9.—Information reached Washington today that William J. Harris, the new senator from Georgia, who is in Europe, has told President Wilson that he will vote for the equal suffrage amendment resolution, which failed at the last session of the Senate by one vote. Former Senator Thomas W. Hardwick, whom Mr. Harris succeeds, voted against the measure.

Supporters of the amendment expect to press for its passage early in the extra session of congress.

CHINESE DELEGATES ARE INSTRUCTED NOT TO SIGN THE TREATY

PARIS, May 9.—The Chinese delegation has received cabled instructions from Peking not to sign the treaty of peace because of the Kiaochow-Shantung settlement. Instructions to the same effect have been received from the representatives of both the northern and southern governments in the peace conference at Shanghai.

The Chinese delegation to the peace conference has issued statement showing that 60,000 students marched to the American and British legations in Peking to ask the ministers to urge the council of three to reconsider their Shantung decision. The police prevented the admission of the crowd to the legation square. The students then set fire to the residence of the minister of communications. During the disorders the Chinese minister at Tokio, who is in Peking, was seriously injured.

Did You Have A Burk-Waggoner? WHY NOT?

Because you were afraid to go just a little way ahead of the drill; so you sacrificed large acreage for a lot or two in the town site of Burk.

Tennessee Oil & Gas, a company 25 acres one-half mile directly east of our 40 acres, is now selling at over three to one. We have about fifty thousand dollars worth of our stock left, buy it now at par.

If you will observe the records of companies in the Burkburnett field, you will find that every company whose stock has sold for a big premium has had large acreage. Large companies will not buy small holdings. That is the reason that the Burk-Waggoner was able to sell their holding at so large a premium. In every case where a company has had a large amount of acreage their stock has sold at a premium of three or four and even as high as seven to one before three wells were on the sand. Some very good illustrations of this is Thrift No. 2, Burk-Waggoner, Hammond-Art, Burk-Bridge, and Chenault.

40 Acres Northwest

Our forty acres is on the same ridge with Burk-Waggoner and all the other large producers brought in during the past few days.

Summary of Treaty of Peace Between Allied Powers and German Republic

(Concluded from Yesterday.)

Section Eight: Economic clauses:
Customs: For a period of six months Germany shall impose no tariff higher than the lowest in force in 1914 for certain agricultural products, such as wheat, rye, barley, oats, corn, vegetable oils, artificial silk, washed or scoured wool this relation obtains for two and a half years unless further extended by the league of nations. Germany must give most favored nation treatment to the allied and associated powers. No tariff shall be imposed on goods originating in Alsace-Lorraine and for three years on goods originating in former German territory ceded to Poland with the right of observation of a similar exception for Luxembourg.

Shipping: Ships of the Allied and associated powers shall for five years and thereafter under conditions of reciprocity, unless the league of nations otherwise decides, enjoy the same rights in German ports as German vessels and have most favored nation treatment in fishing, coasting trade and towage even in territorial waters. Ships of a country having an open sea coast may be registered at some one place within its territory.

Unfair Competition: Germany undertakes to give the trade of the allied and associated powers adequate safeguards against unfair competition and in particular to suppress the use of false wrappings and markings and to respect the laws and judicial decisions of Allied and associated powers, in respect of regional appellations of wines and spirits.

Treatment of Nationals: Germany shall impose no exceptional taxes or restriction upon the nationals of the Allied and associated states for a period of five years and unless the league of nations acts for an additional five years. German nationality shall not continue to attach to a person who has become a national of an allied or associated state.

Multilateral Conventions: Some of the multilateral conventions are renewed between Germany and the Allied and associated powers, but special conditions are attached to Germany's ratification of several. As to postal and telegraphic conventions, Germany must not refuse to make reciprocal agreements with the new states. She must agree to respect the telegraphic convention to provisional rules to be communicated to her and adhere to the new convention when formulated in the North Sea fisheries, and with sea liquor traffic convention. Rights of inspection and police over associated fishing boats shall be exercised for at least five years only by vessels of these powers. As to the International railway union she shall adhere to the new convention when formulated.

Chinese Question: Germany shall, as to the Chinese customs

tariff arrangement, the arrangement of 1905 regarding Whangpoo and the Boxer indemnity of 1901; France, Portugal and Rumania, as to the Hague convention, of 1903 relating to civil procedure; and Great Britain and the United States, as to article three of the Samoan Treaty of 1891, are relieved of all obligation toward Germany.

Bilateral Treaties: Each Allied and associated state may renew any treaty with Germany insofar as consistent with the peace treaty by giving notice within six months. Treaties entered into by Germany since August 1, 1914, with other enemy states and before or since that date with Rumania, Russia and governments representing parts of Russia are abrogated and any concession granted under pressure by Russia to German subjects, annulled. The Allied and associated states are to enjoy most favored nation treatment under treaties entered into by Germany and other enemy states before August 1, 1914, and under treaties entered into by Germany and neutral states during the war.

Pre-War Debts: A system of clearing houses is to be created within three months. One in Germany and one in each Allied and associated state which adopts the plan for the payment of pre-war debts, including those arising from contracts suspended by the war for the adjustment of the proceeds of the liquidation of the enemy property and the settlement of other obligations. Each participating state assumed responsibility for the payment of all debts owing by its nationals to nationals of the enemy states except in cases of pre-war insolvency of the debtor. The proceeds of the sale of private enemy property in each participating state may be used to pay the debts owed to the nations of that state, direct payment from debtor to creditor and all communications relating thereto being published. Disputes may be settled by arbitration by the courts of the debtor country or by the mixed arbitral tribunal. Any Ally or associated power may, however, decline to participate in this system by giving Germany six months notice.

Enemy Property: Germany shall restore or pay for all private enemy property seized or damaged by her, the amount of damages to be fixed by the mixed arbitral tribunal. The Allied and associated states may liquidate German private property within their territories as compensation for property of their nationals not restored or paid for by Germany for debts owed to their nationals by German nationals and for other claims against Germany. Germany is to compensate its nationals for such losses and to deliver within six months all documents relating to property held by its nationals in Allied and associated states. All war legislation as to

enemy property rights and interests is confirmed and all claims by Germany against the Allied or associated governments for acts under exceptional war measures abandoned.

Contracts: Pre-war contracts between Allied and associated nationals, excepting United States, Japan and Brazil, and German nationals, are cancelled except for debts or accounts already performed, agreements for the transfer of property where the property had already passed, leases of land and houses, contracts of mortgages, pledge or lien, mining concessions, contracts with governments and insurance contracts.

Mixed arbitral tribunals shall be established with three members, one chosen by Germany, one by the associated states, and the third by agreement of Switzerland. They shall have jurisdiction over all disputes as to contracts concluded before the present peace treaty.

Fire insurance contracts are not considered dissolved by the war even if premiums have not been paid, but lapse at the date of the first annual premium falling due three months after the peace. Life insurance contracts may be restored 50 per cent of accumulated premiums with interest, sums falling due on such contracts during the war to be recoverable with interest. Marine insurance contracts are dissolved by the outbreak of war except where the risk insured against had already been incurred. Where the risk had not attached, premiums paid are recoverable otherwise premiums due and sums due on losses are recoverable. Re-insurance treaties are abrogated unless invasion has made it impossible for the re-insured to find another re-insurer. Any Allied or associated power, however, may cancel all the contracts running between its nationals and a German life insurance company, the latter being obligated to hand over the proportion of its assets attributable to such policies.

Industrial Property: Rights as to industrial, literary and artistic property are re-established the special war measures of the Allied and associated powers are ratified and the right reserved to impose conditions on the use of German patents and copyrights when in the public interest. Except as between the United States and Germany, pre-war licenses and rights to sue for infringements committed during the war are cancelled.

Section Nine: Opium: The contracting powers agree, whether or not they have signed and ratified the opium convention of January 23, 1912, or signed the special protocol opened at The Hague, in accordance with resolutions adopted by the third opium conference in 1914, to bring the said convention into force by enacting within 12 months of the peace the necessary legislation.

Religious Missions: The Allied and associated powers agree that the properties of religious missions in territories belonging or ceded to them shall continue in their work under the control of the powers, Germany renouncing all claims in their behalf.

Aviation Privileges: Aerial navigation: Aircraft of the Allied and associated powers shall have full liberty of passage and landing over and in German territory.

equal treatment with German planes as to use of German airdromes, and with most favored nation planes as to international commercial traffic in Germany. Germany agrees to accept Allied certificates of nationality, airworthiness or competency or licenses and to apply the convention relative to aerial navigation concluded between the Allied and associated powers to her own aircraft over her own territory. These rules apply until 2023 unless Germany has since been admitted to the league of nations or to the above convention.

Freedom of Transit: Germany must grant freedom of transit through her territories by rail or water to persons, goods, carriages and mails from or to any of the Allied or associated powers, without customs transit duties, undue delays, restrictions, or discriminations based on nationality, means of transport or place of entry or departure. Goods in transit shall be assured all possible speed of journey, especially perishable goods. Germany may not divert traffic from its normal course in favor of her own transport routes or maintain control stations in connection with transmigration traffic. She may not establish any tax discrimination against the ports of Allied and associated powers; must grant the latter's seaports, airfields and reduced tariffs granted her own or other nationals, and afford the Allied and associated powers equal rights with those of her own nationals in her ports and waterways, save that she is free to open or close her maritime coasting trade.

Free Zones in Ports: Free zones existing in German ports on August 1, 1914, must be maintained with facilities as to warehouses and packing, without discrimination, and without charges for expenses of administration and use. Goods leaving the free zones for consumption in Germany and goods brought into the free zones from Germany shall be subject to the ordinary import and export taxes.

International Rivers: The Elbe from the junction of the Vitava, the Vitava from Prague, the Oder from Oppen, the Niemen from Groden, and the Danub from Ulm are declared international together with their connections. The riparian states must ensure good conditions of navigation within their territories unless a special organization exists therefor. Otherwise appeal may be had to a special tribunal of the league of nations which also may arrange for a general international waterways convention.

The Elbe and the Oder are to be placed under international commissions to meet within three months, but for the purpose of appointing representatives of Germany, two from Czechoslovakia, and one each from Great Britain, France, Italy and Belgium; and that for the Oder composed of one each from Poland, Russia, Czechoslovakia, Great Britain, France, Denmark and Sweden. If any riparian state on the Niemen should request of the league of nations, a similar commission shall be established there. These commissions shall upon request of any riparian state meet within three months to revise existing international agreements.

The Danube: The European Danube commission reassumed its prerogatives, but for the time being will represent only of Great Britain, Italy and Rumania. The Upper Danube is to be administered by a new international commission until a definite state be drawn up at a conference of the powers nominated by the Allied and associated governments within one year after the peace. The enemy governments shall make full reparations for all war damages caused to the European Commission; shall cede their river facilities in surrendered territory, and give Czechoslovakia, Serbia and Rumania any rights necessary on their shores for carrying out improvements in navigation.

The Rhine and the Moselle: The Rhine is placed under the central commission to meet at Strasbourg within six months after the peace, and to be composed of four representatives of France, which shall in addition select the president, four of Germany, and two each of Great Britain, Italy, Belgium, Switzerland

and The Netherlands. Germany must give France on the course of the Rhine included between the two extreme points of her frontiers all rights to take water to feed canals, while herself agreeing not to make canals on the right bank opposite France. She must also hand over to France all her drafts and designs for this part of the river.

Privilege to Belgium.

Section Ten: Belgium is to be permitted to build a deep draft Rhine-Meuse canal if she so desires within 25 years, in which case Germany must construct the part within her territory on plans drawn by Belgium; similarly, the interested Allied governments may construct a Rhine-Meuse canal, both, if constructed, to come under the competent international commission. Germany may not object if the central Rhine commission desires to extend its jurisdiction over the lower Moselle, the Upper Rhine, or lateral canals.

Germany must cede to the Allied and Associated governments certain high vessels and facilities for navigation of all these rivers, the specific details to be established by an arbitrator named by the United States. Decision will be based on the legitimate needs of the parties concerned and on the shipping traffic during the five years before the war. The value will be included in the regular reparations account. In the case of the Rhine shores in the German navigation companies and property such as wharves and warehouses held by Germany in Rotterdam at the outbreak of the war must be handed over.

Railways: Germany, in addition to most favored nation treatment of her railways (agrees—garbled in transmission) to co-operate in the establishment of through ticket services for passengers and baggage; to ensure communication by rail between the Allied, associated and other states; to allow the construction or improvement within 25 years of such lines as necessary; and to conform her rolling stock to enable its incorporation in trains of the Allied associated powers. She also agrees to accept the denunciation of the St.

Gotthard convention if Switzerland and Italy so request, and temporarily to execute instructions as to the transport of troops and supplies and the establishment of postal and telegraphic services, as provided.

Czech-Slovakia Protected.

Czechoslovakia: To assure Czechoslovakia access to the sea, special rights are given her both north and south. Toward the Adriatic, she is permitted to run her own through trains to Fiume and Trieste. To the north, Germany is to leave her for 15 years access in Hamburg and Berlin and details to be worked out by a commission of three representing Czechoslovakia, Germany and Great Britain.

The Kiel Canal: The Kiel canal is to remain free and open to war and merchant ships of all nations at peace with Germany. Goods and ships of all states are to be treated on terms of absolute equality and no taxes to be imposed beyond those necessary for upkeep and improvement for which Germany is to be responsible. In case of violation of or disagreement as to those provisions, any state may appeal to the league of nations, and may demand the appointment of an international commission. For preliminary hearing of complaints Germany shall establish a local authority at Kiel.

International Labor Organizations: Members of the league of nations agree to establish a permanent organization to promote international adjustment of labor conditions, to consist of an annual international labor conference and an international labor office.

The former is composed of four representatives of each state, two from the government and one each from the employers and the employed; each of them may vote individually. It will be a deliberative legislative body, its measures taking the form of draft conventions or recommendations for legislation, which if passed by two-thirds vote, must be submitted to the law making authority in every state participating. Each government may either enact the terms into law; approve the principle,

but modify them to local needs; leave the actual legislation in case of a federal state to local legislative or other without further obligation.

The international labor office is established at the request of the league of nations as part of its organization. It is to collect and distribute information on labor throughout the world and prepare agenda for the conference. It will publish a periodical in French and English and possibly other languages. Each state agrees to make it for presentation to the conference an annual report of measures taken to execute accepted conventions; the governing body is its executive. It consists of 24 members, 12 representing the governments, six the employers and six the employees, to serve for three years.

On complaint that any government has failed to carry out a convention to which it is a party, the governing board may make inquiries directly to that government and in case the reply is unsatisfactory, may publish the complaint with comment. A complaint by one government against another may also be made by the governing body to a commission of inquiry nominated by the secretary-general of the league of nations. If the commission report fails to bring satisfactory action, the matter may be taken to a permanent court of international justice for relief. The chief reliance for securing enforcement of the law will be publicity with a possibility of economic action in the background.

The first meeting of the conference will take place in October, 1919, at Washington, to discuss the eight-hour day or 48-hour week; prevention of unemployment; extension and application of the international conventions adopted at Berne in 1906, prohibiting night work for women and the use of white phosphorus in the manufacture of matches; and employment of women and children at night or in unhealthy work, of women before the after childbirth, including maternity benefit, and of children as regards minimum age.

DID YOU HANG OUT YOUR ICE CARD THIS MORNING?

Hanging out your ice card is just like putting out your milk bottle. If you fail to put your milk bottle out, the milk man passes you by. If you forget to hang out your ice card, the ice man drives past. And it is impossible for the driver to come back a second time.

So, put out your ice cards and you'll never have to worry about trying to remember to call the driver when he passes. So put out your ice card and you'll never have any concern as to whether your ice will last through until the next day.

Did you hang out your ice card this morning?
Telephone us if you haven't a card, and we will send you one by the driver
Thank you.

sical and moral of the industrial wage earners is of supreme international importance. With the exception necessitated by differences of climate, habits and economic development, they include: the guiding principle that labor should not be regarded merely as a commodity or article of employers and employees; a wage adequate to maintain a reasonable standard of life; the eight-hour day or 48-hour week; a week rest of at least 24-hours which should include Sunday wherever possible; abolition of child labor and assurance of the continuation of the education and proper physical development of children; equal pay for equal work as between men and women; equitable treatment of all workers lawfully resident therein, including foreigners; and a system of inspection in which women should take part.

Guarantees: Western Europe as a guarantee for the execution of the treaty, German territory to the west of the Rhine together with the bridgeheads, will be occupied by Allied and associated troops for 15 years. If the conditions are faithfully carried out by Germany, certain districts, including the bridgehead of Cologne, will be evacuated at the expiration of five years; certain other districts including the bridgehead of Coblenz, and the territories nearest the Belgian frontier, will be evacuated after 10 years, and the remainder, including the bridgehead of Mainz, will be evacuated after 15 years. In case the inter-Allied reparations commission finds that Germany has failed to observe the whole or part of her obligations either during the occupation or after the 15 years have expired, the whole or part of the areas specified will be occupied immediately. If before the expiration of the 15 years, Germany complies with all the treaty undertakings, the occupying forces will be withdrawn immediately.

Eastern Europe: All German troops at present in territories to the east of the new frontier shall return as soon as the Allied and associated governments deem wise. They are to abstain from all requisitions and are in no way to interfere with measures for national defense taken by the government concerned.

All questions regarding occupation not provided for by the treaty will be regulated by a subsequent convention or conventions which will have similar force and effect.

Other Provisions. Miscellaneous: Germany agrees to recognize the full validity of the treaties of peace and additional conventions to be concluded by the Allied and associated powers with the powers allied with Germany; to agree to the decisions to be taken as to the territories of Austria-Hungary, Bulgaria and Turkey, and to recognize the new states in the frontier to be fixed for them.

Germany agrees not to put forward any pecuniary claims against any Allied or associated power arising from the present treaty based on events previous to the coming into force of the treaty.

Germany accepts all decrees as to German ships and goods made by the Allied or associated prize court. The Allies reserve the right to examine all decisions of German prize courts. The present treaty, of which the French and British texts are both authentic, shall be ratified and the ratifications made in Paris as soon as possible. The treaty

M., May 9.—The University of Texas debating team defeated the University of New Mexico ten 4 to 1, here last night in a joint debate on the subject "Resolved that the Federal Government should own and continue to operate the railroads." Texas supported the affirmative. Texas was represented by Harry L. Taylor and D. C. Coffee.

OVERLAND PLANT CLOSED AS RESULT OF LABOR TROUBLE

By Associated Press. TOLEDO, May 9.—The plant of the Willys-Overland Co. was closed late Thursday afternoon by Clarence A. Earle, vice president of the company, following a clash between strikers and police in which bricks, stones and clubs were used as weapons. The trouble resulted when several hundred strikers attempted to close the plant. Strikers who had refused to join their ranks. Nearly 100 policemen were rushed to the plant when a citizen reported a disturbance. Headquarters was notified that crowds were gathering in the streets and menacing the police already there, and non-strikers. It was announced later by Henry P. Herbert, chief of police, that some of his men were injured. All traffic policemen were taken from the street and ordered to report at the plant. Labor officials claim ten thousand men are on strike.

Vice-President Earl gave out a statement tonight that the plant will be closed indefinitely to "protect the lives of the workmen."

FIFTEEN PERSONS KILLED IN TORNADO IN SOUTH TEXAS

CORPUS CHRISTI, TEXAS, May 9.—Fifteen persons were killed Wednesday night when one of the worst tornadoes ever experienced in Southwest Texas swept the lower Rio Grande Valley, demolishing farm houses and doing great damage to growing crops, according to telegrams received here tonight from the storm stricken area. The storm took its heaviest toll of life at Mission, where a shed in which a Mr. Vick, his wife and four children and a number of Mexicans had taken refuge from the hurricane, collapsed. Mr. Vick and two of his children were instantly killed when the structure crumbled up from the wind, while Mrs. Vick was seriously injured. The other two children, a boy of 12 years of age, and a baby, escaped uninjured. Mrs. Vick is now in a hospital at Kingsville, where she is not expected to recover. Mr. Vick and his family were traveling by automobile when the storm forced them to seek shelter in the sheet iron building.

Nine Mexicans are also reported to have been killed when the shed collapsed, although this could not be verified as all wire communications west of Donna are interrupted. Six miles west of Mission, at Madro, seven adults and two children are known to be dead; all of whom are Mexicans. A Mexican and two children were killed six miles north of Donna. The wind was accompanied by heavy crops. Many far houses and other buildings in the path of the tornado were unroofed. The damage to property in the upper Valley, where the storm spent its greatest fury, is estimated at close to \$100,000, while it is

PROPERTY DAMAGE ON THE RIO GRANDE EXCEED \$100,000

By Associated Press. BROWNSVILLE, TEXAS, May 9.—Wire communication in the lower Rio Grande, which had been paralyzed by a severe wind, hail and rainstorm Wednesday night, was gradually being restored today. Best estimates placed the number of dead at fifteen. Property damage, according to meager reports, will exceed \$100,000, confined mainly to small farm houses and outbuildings. The damage to the growing crops, it is feared, will reach a higher figure.

The wind, which attained a velocity of fifty miles an hour, continued throughout most of Wednesday. The rainfall was estimated at four inches. Brownsville was without wire communications from ten o'clock Wednesday night until about the same hour Thursday.

All the known dead are Mexicans excepting J. L. Vick and his two sons, who were killed at Mission.

NUMBER OF PERSONS KILLED IN LOUISIANA.
By Associated Press. LAKE CHARLES, LA., May 9.—A number of persons were injured and a score or more buildings were wrecked when a tornado swept the town of Vinton, near here yesterday. No one was killed, according to meager reports reaching here. The

tornado was followed by a heavy rain.

Schlitz

FAMO

is more than a drink

It is a food. Every time you take a glass of Schlitz Famo you are taking something to eat.

Every compound essential to the human body is present in Schlitz Famo—protein, carbohydrates, mineral matter and water—the only factor absent being fats, and they are formed in the body from the carbohydrates.

These elements repair and build up broken-down tissues and impart to the body heat and muscular energy.

That's why we say Schlitz Famo is a *worth-while* cereal beverage.

It is non-intoxicating. It is healthful, refreshing and satisfying. It has the wonderful hop aroma.

LINDSLEY IS CHAIRMAN OF WAR LEGION

Feeling Between National Guard and Regular Army Is Brought to Front.

CRITICISM IS OFFERED

Resolution Urges Sale of Beer and Light Wine Until the Soldiers Can Vote.

By Associated Press. ST. LOUIS, MO., May 9.—Feeling between the national guard and the regular army today was brought to the front at the second day's session of the national caucus of the American legion, composed of men and women who were in the military or naval service of the government during the war.

Major Hamilton Fish, of New York, represented a resolution urging that congress place the national guard and the regular army on an equal footing and charged freely made that national guard officers in France had been discriminated against in favor of the regulars. In addition, efforts were made by various delegates to restrict the personnel of the legion to men not in the regular army.

Discrimination Charged. Major Fish's resolution was the outcome of half a dozen drawn up by different state delegates on the same subject. Some were much more drastic, urging constitutional investigation of the assignment of officers in the American expeditionary forces while others simply requested that the convention take some action in the matter of alleged discrimination against the national guard.

In regard to membership, strong feeling against the regulars was evident among the delegates but the general sentiment seemed to be that no final action should yet be taken in order not to affect the many men still in France, who are not members of the regular army.

For Beer and High Wines. Prohibition and employment were among other questions brought up. The prohibition resolution finally adopted by the committee urges that the sale of beer and light wines be continued until the members of the American expeditionary force can voice their opinion in the matter.

The employment resolution is sponsored by Major Wright of New York City, and Major F. Deegan, also of New York. It requests congress to give federal aid to states and cities to boom building and thus increase employment.

The tremendous ovation given Lieutenant Colonel Theodore Roosevelt yesterday delayed the caucus' business virtually half a day and indications are that there will not be time to finish all the business by tomorrow night, when the caucus ends.

Roosevelt Urged. Colonel Henry Henry D. Lindsley, of Dallas, Texas, yesterday was elected chairman of the organization, to serve until the November convention. Colonel Lindsley's election came only after the delegates for several hours tried to force Lieut. Col. Roosevelt to accept the nomination.

Lieut. Col. Roosevelt, in declining

AN IMPORTANT FACTOR IN CUTTING SHOE EXPENSE

"Many months of comfort at little expense" is the way Charles A. Pearson of San Diego, California, sums up his experience with Neolin Soles. Mr. Pearson had two pairs of shoes resoled with Neolin Soles, and after wearing them for twenty months writes: "I will have to get new shoes sometime, but so far as the soles are concerned, that time seems as far distant as when they were new."

This is typical of the experience millions are having with Neolin Soles. Created by Science to be durable, flexible and waterproof, these soles are an important factor in cutting shoe expense. You can get them on new shoes for the whole family, and for resoling. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

Neolin Soles

Nothing Is More Precious than Your Eyesight

The old masters depicted the oval form as the highest type of the female face beautiful. But today the successful artist shows many types, each as beautiful as the other. There is one point, however, that all judges of the human face agree upon, and that is—the balancing up of its deficiencies.

In glasses, our knowledge, skill and experience enable us to "build up" a flat face or low bridged nose so it is almost worth while for one to wear glasses, for appearance sake only.

Don't make the mistake, when being fitted for glasses, in insisting upon some "certain" style of frame or size of lens, simply because of the comely appearance of some friend to whom such a style is becoming.

Come here and be governed by our advice, for we not alone know all about the optometric needs of an eye, but we study how best to give our patients the maximum benefit with the minimum of trouble.

the office, said he had been accused of "being a politician," and trying to "make a grandstand play." He declared today that he had no ambition to be a candidate for office at the next election, but members of the New York delegation in close touch with him said his name would be put forward and that they "thought he would consent."

SAYS LEAGUE SHOULD INCLUDE ALL POWERS JOINING THE HAGUE

By Associated Press. LONDON, Thursday, May 8.—Herr Schuecking, a member of the German peace delegation, in addressing his colleagues on Tuesday, expressed the opinion that the league of nations ought to include all the powers signatory to The Hague convention and the Pope, according to a Reuters' dispatch from Paris. He favored The Hague as the seat of the league instead of Geneva, and regarded the system of mandate for German colonies as little else than "disguised annexation."

THREE HUNDRED ANARCHISTS ARE TO BE DEPORTED

By Associated Press. BUENOS AIRES, Thursday, May 8.—Within the next few days three hundred anarchistic agitators will be deported, the most of them being Russians and Italians. Among them are seventeen women. The chief of police expects soon to have four hundred more ready for deportation to their respective homelands.

AUSTRIANS EXPECTED AT ST. GERMAIN ON MONDAY

By Associated Press. PARIS, Thursday, May 8.—The Austrian peace delegation, numbering from forty to fifty persons, is expected to arrive at St. Germain on May 12th. Information received from French sources is that the delegation has not as yet left Vienna, owing to difficulties encountered in selecting its members because of differences of

opinion regarding the proposed incorporation of German-Austria in Germany.

WHITE TALKS MOST ENTHUSIASTICALLY

W. G. White, janitor of the Stephen F. Austin School, located near the Baptist Sanitarium and who resides at 3108 Nussbaumer St., Dallas, Texas, and one of the best known citizens of this section, came in Marvin's Drug Store some time ago and spoke very earnestly about the work Orgatone is doing in his case. In his statement which follows, Mr. White said:

"I couldn't help thinking well of Orgatone, since it is doing so much in my case. The results I have gotten from four bottles I have taken are certainly fine and I am so well pleased that I'm here now to take out two more bottles.

I have been in very bad health, suffering with a complication of troubles, for about a year, and was never able to get relief until I began taking Orgatone. My stomach was so badly deranged that I could not enjoy my breakfast at all, and some time after eating I would become bloated up with gas and turn sick and suffer terribly. I was badly constipated and my liver was out of order all the time. I was all run down in every way and my energy was all gone and I was feeling worse right along.

"Yes, sir, Orgatone has proven to be just the medicine for my case, and I have never seen or heard of anything to equal it. After taking it about two weeks I can see a marked change in my condition for the better. I felt better and had more life and energy. I soon got to eating three hearty meals a day and breakfast now is one of my favorites. Orgatone stopped the gas from forming on my stomach right from the start and my food never makes me sick now at all. My constipation has been relieved and my liver is in much better condition. I am picking up in weight and getting stronger every day. When I bought Orgatone I never thought of getting such great relief in so short a time. I certainly am greatly pleased with the results so far and by the time I use these two bottles I believe I will see myself fully restored and enjoying the best of health."

Orgatone is sold in Wichita Falls by Leimbrock Drug Company, corner 5th and Indiana, under the personal direction of a special Orgatone representative. Out of town customers are being supplied all charges prepaid upon receipt of price.—Adv.

LEASES FOR SALE

An extra fine proposition for first class acreage around the East Wichita Oil Co., at very reasonable prices, and a fine prospect to make large returns on your money invested. Acreage selling now at low figures will bring from \$1,000 to \$10,000 per acre, as our well is going down fast and we are drilling day and night. So don't hesitate, but buy now. Also sit down and figure for yourself. The Burk-Waggoner Oil Co. paid \$3,333.33 for every \$100 invested. We would pay on the same basis, \$3,333.33 on every \$100 invested, on the 600-acre lease. So come and buy, before you are too late. And see me for acreage and royalty.

Oil Stock Made One Man \$161,666.67

When the Burk-Waggoner was being organized one man subscribed thru the mail for \$5,000 in stock. Without any further care and without devoting any time whatsoever to his investment, he in a few months has realized a profit of \$161,666.67.

This gentleman called at our office today and remarked that he admired the plain style and fair-minded manner in which we were presenting the King State Oil Company for sale to the public. We expect this man to buy a nice block of stock before he return to his home, which is far away in the North.

The King State Oil Company will drill three deep wells on the following acreage:

- 10 acres in Block 88, just above the Burk-Waggoner and Thrift wells.
- 5 acres about one mile northwest of the Burk-Waggoner and about 900 feet from the Parker well.

160 acres 2 1/2 miles southwest of Iowa Park, lying just off the road between the Zink wells about one mile south of Iowa Park and the Watkins well about six miles southwest of Iowa Park.

The Burk-Waggoner Oil Company organized on 60 acres of land. The King State Oil Company is being organized on 175 acres of land, all of which will be tested by deep tests.

Sound Investment

We have carefully selected the 15 acres very near to the Burk-Waggoner well in order to feel assured that we will get heavy production, which is the safest guarantee in making an investment in oil stock.

**GERMAN PAPERS
CONDEMN TERMS
OF PEACE TREATY**

By Associated Press.
BERLIN, Thursday, May 8.—Condemnation of the peace terms is expressed by all newspapers here, those of the extreme side referring to the conditions as "unfulfillable," and to the treaty as "an instrument of robbery."

The Tages Zeitung says: "One thing is certain: there can be no question of this being a peace of justice. What a peace of justice after the Entente pattern and in accordance with French desires looks like is shown by the conditions which leave nothing of Germany but a torn and lacerated territory."

The Freiheit says that "compared with the policy Germany pursued at Erest-Litovsk, the Entente peace must be termed quite moderate," but it is argued that the terms are in sharp contradiction with President Wilson's "fourteen points," and if peace is to be built on this compromise it assuredly can have no firm and lasting foundation.

"A peace of annihilation" is the caption used by Vorwaerts, which says there is a "ruthless desire to lay Germany low by force. If we sign this peace it is because we are bound by force, but in our hearts we resolutely reject it. Such a peace is an attempt to exterminate a nation, not by force of arms, but by a means more brutal, economic slavery."

The Frankfort Gazette says: "We are at the graveside of right. The only doubt is whether it also means the graveside of the German nation. Never has murder been committed in more courteous form or with more cynical equanimity. The German reply will have to consider that the draft deviates from Mr. Wilson's 'fourteen points' as far as the east is from the west."

**"MAILED FIST" PEACE
SAYS PRUSSIAN PREMIER**

By Associated Press.
BERLIN, Thursday, May 8.—Premier Hirsch of Prussia, speaking in the Prussian national assembly today characterized the peace terms as representing a purely "mailed fist" peace, "which would mean slavery for the fatherland and fresh bloodshed for Europe."

"The entire nation must stand behind the government to convert this

ADMINISTRATOR OF ESTATE SUES FOSTER FOR TWO MILLION

An amendment has just been filed in Suit No. 6537, in the Thirtieth District Court of Wichita County by W. C. Wither, as Administrator of the estate of the late Mrs. Lucy Neal Saunders, deceased, against E. M. Foster, as the surviving member of the co-partnership of Foster & Saunders, in which a partition is sought of the Specht Colony lands subdivision in Wichita County, consisting of some 227 acres of land, located about three miles northwest of the Burk-Waggoner well in Wichita County.

PREPARING TO DRILL NORTHEAST OF VERNON

Special to The Times. VERNON, May 9.—A rig has been up several days on the holdings of the Aetna Oil Company, 19 miles northeast of Vernon. Efforts are being made to start drilling at once. Arrangements have been made to turn a portion of the 1,963 acreage over to some California parties in return for a thorough test. The Aetna is capitalized at \$90,000, and the secretary, Harvey C. Allen reports that the stock has been subscribed, 90 per cent being sold to local people. The shares are already being sold at a premium.

CARRUTH WELL ONE OF THE BEST IN DUKE FIELD

Special to The Times. EASTLAND, TEXAS, May 9.—The Carruth well of the Peerless Petroleum Co. in the Duke field has come in and is reported to be one of the best in the field. One report, declaring it will equal the famous Knowles. Other reports say it is making between 800 and 1,000 barrels. In Eastland county the Harrison No. 2 of Mooreman, Ghossein and others is reported in with a production of 3000 barrels.

MEXICAN PAPERS PLEASED WITH PLAN TO PUNISH GUILTY

MEXICO CITY, Thursday, May 8.—Commenting on the terms of the peace treaty communicated to the Germans at Versailles, the Universal says: "The best provision of the treaty is that for the punishment of the former German emperor as proof that no autocrat can, without punishment, ruin a people and cause injuries to humanity."

SURE POP WELL DOWN 1400 FEET; M-P COMPLETING

The Sure Pop Oil Company, organized in Dallas, is drilling around 1400 feet in its well in the southern part of the northeast quarter of Block 74. This well is not far from the United Oil Company's well, in the same block, and is expected to be one of the next completions in the new northwest pool.

The M-P Burk Oil & Gas Company has complete the building of tankage and is reported preparing to complete their No. 1 Evans. This and the Burk Fort Oil Company's No. 1 Evans are over a mile northwest from the Burk-Waggoner well. The Burk-Fort is expected to reach the sand within the next few days, having started drilling again after straightening out numerous difficulties with machinery and boiler, which has delayed operations. Work is continuing on the Parker or Clint Wood well on the Lanier tract, but there is nothing new from this section.

SLAUGHTER HOUSE PLAN IS ENDORSED BY CITY COUNCIL

The city fathers spent a pleasant evening in conversation yesterday, very few matters of importance coming before the City Council of that body's weekly meeting.

Of greatest interest, perhaps, was the council's endorsement of a suggestion made by Mrs. T. B. Smock, city food and dairy inspector, that Wichita Falls construct and maintain a municipal slaughter house. It was pointed out that approximately 50 hogs are being shipped from this city daily to Fort Worth, slaughtered and shipped back to Wichita Falls for sale. No definite plans were made for the maintenance of a slaughter house, but the board of aldermen went on record as favoring this addition to the city's interests.

The board also voted to give the park board full authority to make any arrangements desired with the Wichita club, Civic League and other civic organizations regarding shower baths, dressings and other improvements at Huff-McGregor park.

The city board of health filed its report, emphasizing steps taken recently to improve sanitary conditions surrounding the local colonies in the city. Dr. Q. B. Lee resigned from the board, stating his inability to serve because of increasing work, but his successor was appointed to fill the vacancy. Mrs. Smock also filed her report for the first quarter of the year.

No new ordinances were read, and no paving requests received.

IRRIGATION COMMITTEE MEETS SATURDAY NIGHT

N. Henderson, secretary of the Wichita Falls Irrigation Project executive committee, is sending out notice today to the committee members to meet Saturday night at the City National bank, in the directors room, Judge Sturley, who is working on the election petition, and on the organization plan for the irrigation district, assisted by the local committee will be present at the meeting, and V. L. Sullivan, the engineer, is also expected to be present.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards' produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and impurities.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "mystery" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

OBSERVANCE OF MOTHERS' DAY AT WICHITA THEATER

Mothers Day's observance in Wichita Falls this year is to be arranged with special consideration for the business men who are away from home on that date, and is in Wichita Falls, as special invitations are to be posted in the hotels and in the banks and public places, inviting the visitor and the stranger to the Mothers Day service to be held Sunday afternoon at 3:30 at the Wichita theater.

As usual the request is made that all attending the services wear a flower. The white carnation is the accepted Mothers Day flower but any flower may be worn. There will be flowers provided at the theater for those attending the services who are not already wearing the flower.

GATHERING STATION LOCATED NEAR THE UNITED OIL WELL

Tomorrow, Saturday, May 10, the Western Oil Corporation will have its four-inch pressure line from the north-west pool, to the company's central station in the southern part of the Buckburnett townsite, ready for running oil, according to W. K. Campbell of the company. The gathering station for this new part of the field is located at the block intersection of 74, 75, 83 and 82, close to the United Oil Company's well, the latest completion in the northwest. From this station lines will be run to all parts of the field and the crude run by gravity to the station, where it will then be put in the pressure line.

A 55,000 barrel storage tank is being built not far from the townsite, on the west. Mr. Campbell added, to care for the surplus oil.

The Western Oil Corporation has just put into operation a fuel oil line to the new district. They are now able to supply operators with fuel oil, putting it directly into their tanks, and obviating the necessity for the long and expensive haul.

MEETING TONIGHT TO PLAN FOR GOOD ROADS CAMPAIGN

Members of the Wichita Club, Rotary Club and other prominent citizens of Wichita Falls are invited to attend a supper and meeting to be held tonight at 7:30 o'clock in the basement of the Christian church, to consider plans for the coming good roads campaign. The meeting is being called by the chamber of commerce, which is also making arrangements to have present several representative men from other sections of the country.

It is generally believed here that the bond issue of \$1,500,000 for good roads throughout Wichita county will be voted. But it is desirable that a large majority vote as possible be polled on June 4, as bond buyers usually regard the interest shown by voters as one of the factors to be considered in purchasing.

TEA

Tea is recognized by authorities who know it, as a mental and physical stimulant, as a refresher of the spirit, as an appetizer. ICED TEA is the most palatable, refreshing, invigorating and healthful of a Summer beverages. We have a full line of the pick of the season's tea crop. We particularly recommend our "WHO CAN EAT IT" I and C Blend for iced tea.
