

FIVE OF GIANT PLANES LEAVE DALLAS TODAY

Are Enroute to Boston With First Stop Scheduled For Oklahoma City

SIXTH IS IN ADVANCE

Pilot of Seventh Machine Was Sick and Unable to Make Start Today

By Associated Press. LOVE FIELD, DALLAS, May 15.—Five giant De Havilland airplanes left here shortly after 11 o'clock today on the first leg of a cross country army recruiting flight to Boston with Oklahoma City, where two days will be spent in stunting flying circus, the first scheduled stop. The sixth machine participating in the flight already is at Oklahoma City, having completed the approximately 200 miles journey in one hour and fifty minutes yesterday. Lieut. James Plann, pilot of the seventh machine, was sick and unable to accompany the party but will join it later.

REACH OKLAHOMA CITY EARLY THIS AFTERNOON

OKLAHOMA CITY, May 15.—The last of the squadron of five De Havilland airplanes, making a cross-country flight from Dallas, Texas, to Boston, landed at Westwood field, here at 1:15 p. m. The squadron, which left Dallas on the morning of May 13, completed the journey in approximately two hours. Colonel H. D. Clegg, commanding the squadron, landed first. The squadron had a light south wind at its back the entire distance. The plane was sighted here at 12:55 p. m. and the others appeared shortly after, flying in file formation, which they maintained until the last machine was landed.

RUSSIAN PRISONERS TO NUMBER OF 72 ARE SHOT TO DEATH

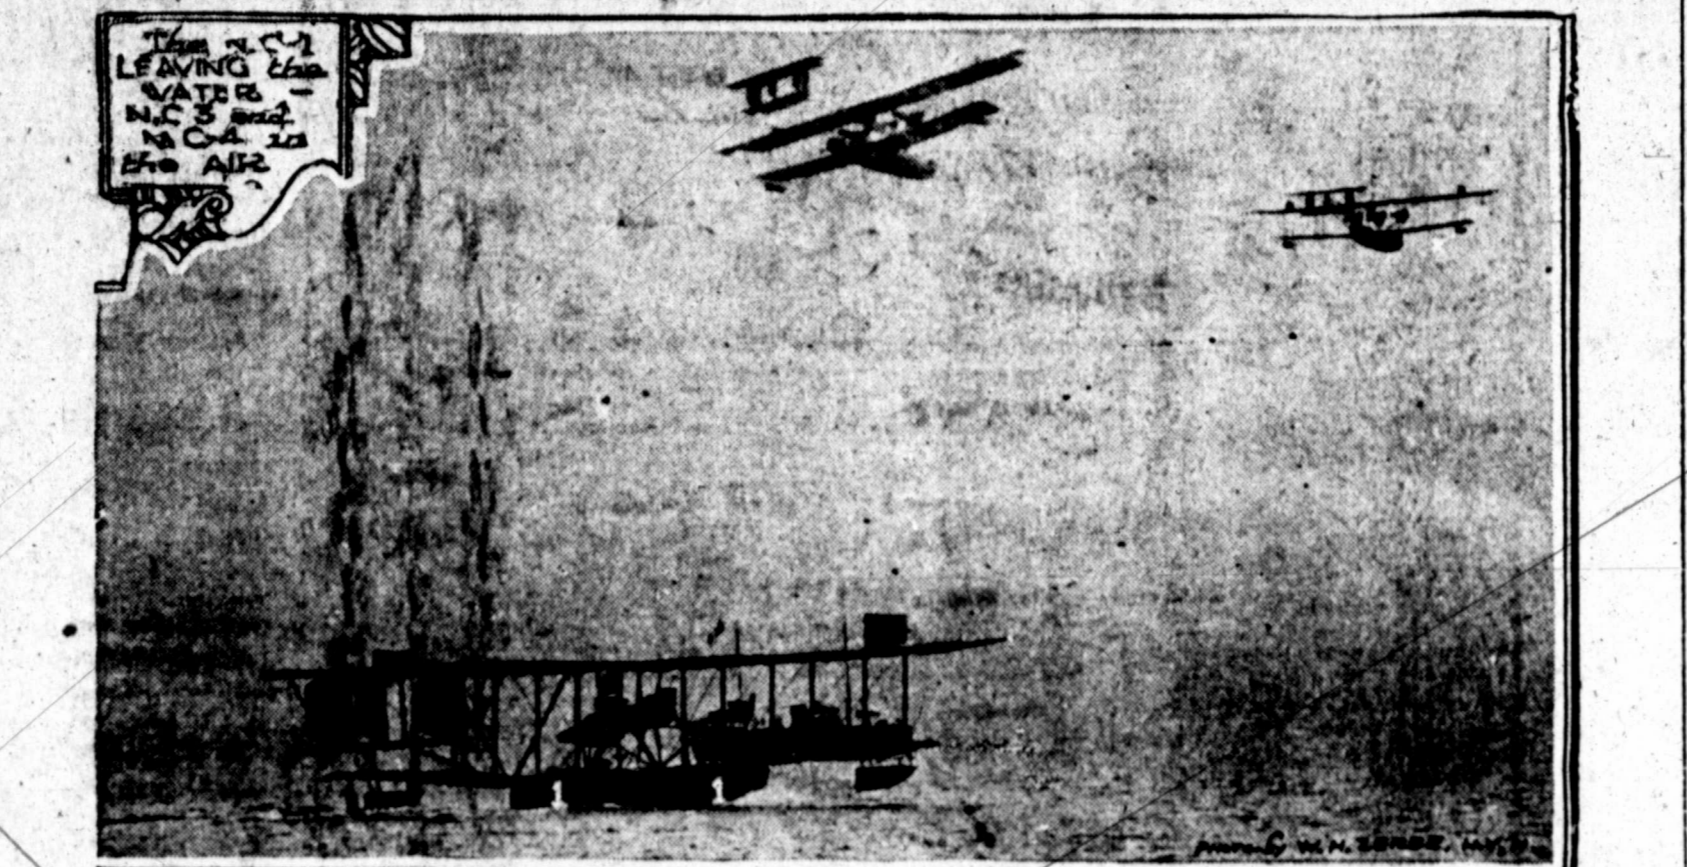

By Associated Press. BERNÉ, Wednesday, May 14.—An isolated band of Russian prisoners of war, armed and wearing Bavarian uniforms and under the command of Spartacan leaders, was overwhelmed by Wuertemberg troops in a wood near Griefelberg, Bavaria, according to newspaper reports. They were court martialed and 72 men, with the leaders, were condemned to death and shot in a gravel pit near Lochhausen, it is said.

LABOR UNIONS OF WINNIPEG, CANADA, ARE ON A STRIKE

By Associated Press. WINNIPEG, Manitoba, May 15.—The long threatened strike of union labor in Winnipeg came shortly before noon today. Approximately 27,000 men and women left their work. Street cars were taken to the barges; building elevators stopped running; various trades activities ceased; postal employees left their offices; deliveries of foodstuffs were stopped and about 3,000 clerks, bookkeepers and stenographers left their desks. Except for a specially organized corps of liveovers, the firemen joined in the walkout. First reports to local newspapers stated that the "walkout" was conducted in a very orderly manner in every case.

HEAD OF GERMAN DELEGATION SAYS THEY CANNOT SIGN THE TREATY IN ITS PRESENT FORM

By Associated Press. The German plenipotentiaries at Versailles are making to secure alteration in the peace treaty by setting forth objections in a series of notes. The council has refused to consider the notes sent by the Germans regarding international labor legislation and in a lengthy note states the reasons why such consideration is not given. The council's belief that the terms of the treaty meet the objects the Germans profess to desire is set forth and the defects in the German plan are pointed out. Vigorous measures that will be an immediate result of a refusal of the Germans to sign the peace treaty have been planned by the council. Marshal Foch, commander in chief of the allied armies, is on the Rhine front and dispatches state that he will take such action as is necessary in the event of the failure of the enemy to sign the treaty.

ROTARIANS TODAY CONFIRM ELECTION OF THE DIRECTORS

ELECTION HELD AT PREVIOUS
MEETING WAS FOUND TO
BE ILLEGAL.

DISCUSS ROTARY SHOW PLANS

Committee is Named in Connection
With Chautauqua Organiza-
tion.

Election of the board of directors for the coming year, the election held the previous week being declared illegal; discussion of the Rotary Jubilee Minstrel; and the visit of Dr. Frederick A. Cook, of Artic and North Pole fame were the features of today's Rotary Luncheon, and Dr. Cook made the only address of the meeting, his subject being the north and the expeditions that gave him his name.

The election of last week being by acclamation was not in accordance with Rotary constitution. A. E. Myles declared, explaining the necessity for a second election to the club, consequently a second election, with balloting, took place. Twenty four names were presented by the nominating committee, out of which twelve were to be selected.

The board of directors follows: C. R. Harbuck, T. B. Smock, H. H. Bray, I. H. Roberts, H. R. Voelcker, B. J. Bean, Q. B. Lee, B. A. Stayton, H. W. Bradley, A. E. Myles, R. H. Collier and I. C. Barnard.

Efforts of Tom Bergen, Tom Smock and other Rotarians to "get under the hide" as Rotarian Smock expressed it, of those who were not attending the rehearsals for the Rotary show, and to arouse greater interest in the "chorus men" were so successful that even Judge P. A. Martin who was one of the original two who voted against the show, rose and said he would be on hand at the rehearsal Friday night at the Elks club. The show was declared to be coming along splendidly, with the exception of chorus men, and this will be remedied, if all the Rotarians who promised to be on hand at today's luncheon, show up Friday night as they promised. Dan Polan, who is putting on the show brought up the question of the advertising committee and arrangements were made to have advertising committee assisted by other members. The distribution of tickets for the minstrel which will show May 27, 28 and 29, was begun. Frank Griffin and R. H. Collier are in charge of the ticket sale.

W. E. Curlee, from the Wichita Club, requested a committee from the Rotary Club to form the Chautauqua organization to handle the Chautauqua which comes to Wichita Falls on June 13. P. A. Martin, B. C. Workman, P. S. Richardson, A. L. Warren and J. Wilkie Tolbert were named on this committee which is to meet this afternoon. T. B. Smock suggested that the funds accruing from the Chautauqua be used in financing the

play parks, for which the Rotary Club has made itself responsible. On request of Miss Polly Roberts, the librarian at the Kemp Public Library and chairman for the collection of books for the soldiers, now in progress, I. H. Roberts made a request that Rotarians make a contribution. This city has been asked for 3,000 books and very few have yet been given, Miss Roberts reports. The Rotarians voted to have a book shower Friday night, on the occasion of the minstrel rehearsal, every Rotarian being requested to bring a book with him to the Elks Club where the rehearsal will be held. Dr. Q. B. Lee urged that all make their contributions as liberal as possible, saying he knew from experience how badly reading matter was needed overseas, and how little there was available.

There were several visitors present as usual, including two Elks Rotarians, Harry Southern, coal operator, and Mark Truett, oil operator. Dr. Cook and C. O. Williams of Fort Worth, Leon Loeb, J. C. Rents and Porter Whaley were welcomed as new members.

PASTORS ARE REQUESTED TO APPEAL FOR BOOKS

Wichita Falls is asked for 3,000 books for the soldiers, in Germany and on transports returning home, and for those detained for a time until their discharge. To date Miss Polly Roberts, who has been appointed by Miss West, State agent, to be chairman for the collection in this city, has received three books. Only 2,997 volume are now lacking on this quota. Sunday the pastor of the city are asked to mention the call for books at both services, May 18 to 25, as designated as Book Collection Week and Miss Roberts is informed that more material is badly needed. Every pastor in Wichita Falls is requested to urge his congregation to contribute as many books as possible in this collection for the soldiers.

Glen J. McCaddam has returned from a trip to the East where he was sent by the publicity committee of the Wichita Falls Chamber of Commerce, regarding several matters of publicity that will come up shortly.

NOTICE
To the stockholders of the LeBarre Oil Company
We are glad to advise you that operations will be resumed on our well this week with cable tools. Work has gone rather slowly on the well due to the fact that the weather has been so bad that it was almost impossible to get the cable tools moved to our location, but, with the Panhandle Refinery people in charge, we feel that we will get the best test possible and have great hopes of getting a well. If we get a well we all know what fifty acres with \$50,000 capital will be worth.

THIS STORE IS FOR WOMEN AS WELL AS MEN

Some women feel that they are a little out of place in a man's store. We don't want them to feel that way about us. We want them to feel at home here. A great many men depend on some woman's judgment of quality and style. And they ought to. Women are usually keener about these things than the men. That's why we like to have them come here; we sometimes think they appreciate our service even more than the men do.

HART SCHAFFNER & MARX SUITS FOR FATHER AND SON

When there's a boy in the house it's a pretty safe bet that father is kept "up to scratch" on the latest styles. He may not want the newest waist-seam suit, but he'll want all of the latest style touches.

On the other hand, father is likely to be a little more particular about quality than son; he knows

that the best is the cheapest and he'll teach the boy this lesson in economy.

We know how it is; we have everything that father and son want; styles for each and the best quality for both.

Hart Schaffner & Marx make the clothes; there are none better.

Remember this: your money doesn't belong to us until you're satisfied in every particular. In the meantime, it's only on deposit here; it's yours if you think you ought to have it back.

FLIGHT IS MADE WITH PASSENGER TO FORT WORTH

CAPT. OLTORF MAKES CONNECTION WITH TRAIN TO BEDSIDE OF FATHER.

ONE HOUR AND 35 MINUTES

B. F. Johnson is Passenger on Trip to Burk Burnett and Over Oil Fields.

Carrying Captain J. G. Oltorf, Jr. to the bedside of his dying father at Waco, the Fort Worth Aerial Transportation Co., flew its Curtiss plane from Wichita Falls to Fort Worth in one hour and thirty-five minutes yesterday afternoon. At Fort Worth, Captain Oltorf made train connections which would not have been possible had he depended upon regular passenger travel from Wichita Falls.

Captain Oltorf took the place of G. Clint Wood as a passenger on the first aerial commercial trip between Wichita Falls and Fort Worth. Mr. Wood had planned to make the trip but a message to Captain Oltorf telling of his father's condition changed the plans after the arrival of the plane here.

The airplane arrived here yesterday morning from Ardmore, Oklahoma, at about 11:20 a. m., landing at Call Field. The flight from Ardmore was made in about an hour and a half under adverse weather conditions.

In the afternoon B. F. Johnson, former secretary of the Chamber of Commerce was taken on a ride over the Burk Burnett oil fields. Mr. Johnson was delighted with the trip and is convinced that air travel is a practical means of transportation.

Afterwards the company's photographer made a series of photographs covering Wichita Falls and

THE MEN IN CLASS A1

A sound, healthy man is never a back number. A man can be as vigorous and able at seventy as at twenty. Condition, not years, puts you in the discard. A system weakened by overwork and careless living brings old age prematurely. The bodily functions are impaired and unpleasant symptoms appear. The weak spot is generally the kidneys. Keep them clean and in proper working condition and you will generally find yourself in Class A1. Take GOLD MEDAL Hairless Oil Capsules periodically and your system will always be in working order. Your spirits will be invigorated, your muscles supple, your mind active, and your body capable of hard work. Don't wait until you have been rejected. Commence to be a first-class man now. Go to your druggist at once. Get a trial box of GOLD MEDAL Hairless Oil Capsules. They are made of the pure, original, imported Haarlem Oil—the kind your great-grandfather used. Two capsules each will keep you toned up and feeling fine. Money refunded if they do not help you. Remember to ask for the imported GOLD MEDAL Brand. In three sizes, sealed packages.

PARADE FEATURES OPENING OF BIG ROUND-UP TODAY

VIRGIL KEEL, MOUNTED ON "KISMET," LEADS PROCESSION THROUGH STREETS.

HORSE DANCES TO THE MUSIC

Cowboys and Cowgirls, Outlaw Horses and Decorated Autos Included in Parade.

Wichita Falls' first annual Round-Up, fostered by the Chamber of Commerce and the Wichita Falls Park Association, began this afternoon at the new recreation park on East Seventh street. Cowboys and cowgirls, cow ponies, high school horses and outlaw "nags" "breezed" through the downtown streets this morning in a swiftly-moving parade that possessed sufficient color and "punch" to draw the attention of hundreds of men and women from even the siren calls of carburetor peddlers of oil stocks.

The stock salesmen themselves quit their blueprints to line the curb and watch a parade typical of the old West before oil and agriculture swept the cattle industry to the background.

Virgil Keel of Gainsville, Texas, led the parade, mounted on Kismet, a horse he has trained to leap a five-passenger automobile. Kismet also has been educated to dance to music, and perhaps the prettiest feature of the parade was the dancing of the white horse to the strains of the band that followed him.

Cowboys and cowgirls followed the band, with Eddie McCarty's string of outlaw horses being led by individual cowpunchers—and many of the "bad actors" showing a disposition to rebel against the public display. Several decorated automobiles also were featured, one in particular drawing attention, with a cowgirl riding a stock saddle strapped to the hood of the car. Several clowns, who will add an amusement feature to the three days of the Round-Up program, also were in line and "cut up kiddoes" during the parade.

The opening show of the Round-Up began at 3 o'clock this afternoon, and the big new grandstand began to fill early. More than 125 cowpunchers have paid their entry money to compete for the roping, riding and bull-dogging prizes, and it is expected that even more will enter before nightfall today.

WELFARE SOCIETY IS AN INDEPENDENT ORGANIZATION

The ladies of the Welfare Society have had plans drawn for the bath house in Huff-McGregor Park and have made arrangements for the employment of a matron. Work can be started on the building of the bath house as soon as the money is raised, the city council having approved the plan. In an account of the meeting of the Wichita Club the Times mentioned the Welfare Division of the Civic League. The Welfare Society is a distinct organization.

AMUSEMENTS

"THE APPEARANCE OF EVIL" AT THE PLAZA TONIGHT

A distinctly novel picture, The Appearance of Evil, featuring June Elvidge, will be shown at the Plaza air-dome tonight. This is from a story by Horace Hazeltine, the well known short story writer, and concerns the harm done an innocent couple through malicious gossip. It is an excellently composed picture, maintaining a high degree of suspense, and as the same time introducing some of the richest comedy, satire and romance ever conceived. Miss Elvidge is seen as a young widow, Mrs. Maida Brown. Seldom has this beautiful actress been awarded a more congenial role. Her thoroughly human qualities and her skill as an actress were never shown to better advantage. Frank Mayo and Clay Clement Jr., are the principals in the supporting cast.

"A MIDNIGHT ROMANCE" COMING TO THE MAJESTIC

A story written expressly for the screen, and with its chief recommendation for conversion into motion pictures, the fact that it conforms in every particular to the technical requirements of the fifth estate will be presented in "A Midnight Romance," second of the Anita Stewart special productions to be shown at the Majestic Theatre, Friday and Saturday.

The story was suggested by Marion Orth, and was produced by Lois

Weber. It gives to Miss Stewart a role she never before has attempted. Her introduction is with a boat load of refugees being hauled on the American shore from a stranded ocean liner. There she becomes an enigma in the capacity of a maid at the Sea View Hotel. Twice her charming smile and gracious manner save her from dismissal for open insubordination born of her resentment of criticism for her lack of a proper attitude of servility toward the hotel guests.

The continuity, or, in the layman's terms, the sequence of action in "A Midnight Romance" is an example of the truly superior results in production with a story written for the screen. In many adaptations of famous stories from books or plays it has been necessary for directors to ignore logic and go beyond the limits of possibility to encompass the theme or motive in the story. This has resulted in breaks which have served to detract the tenacity of situations or the smooth moving action of the picture. In the instance of Miss Stewart's second production under the management of Louis R. Mayer, the Boston film magnate, her role as Marie, the maid, requires the portrayal of a character whose experience includes three of the most difficult phases of entertainment in the realm of the screen, the first two of which combine to make the third—mystery, suspense and feasibility.

CORSICANA MAN HOPES FOR ANOTHER BIG POOL

"We hope to have another Burk Burnett pool at Corsicana," said J. S. Millerson of that place yesterday. "There are six deep tests going down in that section now," he added. "The Corsicana field, the oldest in North Texas and has been producing oil for many years from shallow sands. A thorough test for deep sands has never been made."

Watch the Little Pimples; They are Nature's Warning

Unightly and Disfiguring Signals of Bad Blood.

Don't close your eyes to the warning which nature gives, when unsightly pimples appear on your face and other parts of the body.

Not only are these pimples and spots disfiguring, but they lead to serious skin diseases that spread and cause the most discomforting irritation and pain. Sometimes they foretell Eczema, boils, blisters, scaly eruptions and other annoyances that burn like flames of fire, and make you feel that your skin is ablaze.

When these symptoms appear on any part of the body, take prompt steps to rid the blood of these disorders. And the one remedy which has no equal as a purifier is S. S. S., the purely vegetable blood medicine, which has been on the market for more than fifty years. It is sold by druggists everywhere.

If you are afflicted with any form of skin disease, do not expect to be cured by lotions, ointments, salves and other local remedies, as they can not possibly reach the source of the trouble, which is in the blood. Begin taking S. S. S. today, and write a complete history of your case to our chief medical adviser, who will give you special instructions, without charge. Write at once to Swift Specific Co., 260 Swift Laboratory, Atlanta, Ga.

SHOULD BE MADE A BIG DEMONSTRATION.

The Wichita Club, which has taken the first step toward arranging for a welcome here for the Wichita county boys in the military service, will find the whole citizenship ready to support any good plan for such a welcome.

This welcome ought to be the biggest demonstration ever made in Wichita county and it will be. Every citizen of the county is anxious to do homage to the men who took part in the war. Wichita county sent many hundreds of her young men to the army and navy. A very large proportion saw strenuous service at the front and all of us feel pride in their records.

Every organization and every citizen will gladly join in the movement for a splendid welcome to these men.

BAPTISTS PROPOSE FIVE MILLION FUND MINISTERIAL RELIEF

By Associated Press. ATLANTA, Ga., May 15.—Formal authorization for creation of a \$5,000,000 fund for ministerial relief was unanimously voted by the Southern Baptist convention in session here today. Baptist ministers on reaching the age of 65, or disabled before that age, would be provided with \$500 a year from the fund, while their widows or minor children would get three-fifths of that amount annually.

In addition to the ministerial relief fund, the plan also includes an auxiliary feature whereby each minister so desiring would pay to the fund a small yearly sum, the total of which finally would go to his relief. A year ago the Southern Baptist convention created the ministerial relief board with headquarters at Dallas, Texas, and authorized establishment of a \$1,000,000 fund for the purpose. After explanation today of the work carried out, it was decided to make the total \$5,000,000, the sum to be raised in seven years.

The lynching last night of a negro at Vicksburg, Miss., was deprecated during discussion of a plan of the white Baptists to establish a theological seminary, which it was said probably will be established at Nashville instead of at Memphis as originally proposed.

The Rev. Dr. O. L. Halley, of Dallas, Texas, in a plea for helping to educate negro preachers, said such action by the white Baptists for the South would "react in a splendid way upon us and set them forward in the right direction."

He referred to the way negroes throughout the country "are stirring today by the report from Vicksburg and urged concrete assurance from Christians in the South that they 'really want to help the negro.'"

The commission in charge of the plan was ordered to continue to carry out its work of raising funds and cooperating with the negro Baptists in establishing the seminary.

Fraternal greetings were ordered sent to the Presbyterian assemblies now meeting in New Orleans and St. Louis.

BOYS IN RAINBOW DIVISION EXPECTED HOME TOMORROW

The local boys in the Rainbow division will be discharged at Camp Bowie today and will reach here tomorrow afternoon. The boys are according to Mrs. J. W. Stone, who has a son, Jerome Stone, in the 117th Supply train and who has just returned from Dallas where she witnessed the parade and celebration given in honor of the men returned from overseas with this famous fighting unit.

Members of the supply train, Rainbow division from this city who are expected tomorrow include: Jerome Stone, Max Gardner, Cliff Tidwell, Harry Smith and Johnnie Glasscock. Among the Wichita boys who witnessed the parade was Fire Chief McClure, who went down yesterday to meet Harry Smith, a former member of the local fire department and who will return with the party.

BOND IS FIXED IN AN ALLEGED FORGERY CASE

A complaint charging forgery and attempting to pass a forged check instrument has been filed against G. W. Howington, who was arrested at Burkburnett several days ago. His bond was placed at \$500 by Justice of the Peace Arrington. T. E. Reed, alias Omer Kirk, has been arrested at Burkburnett charged with forging and attempting to pass a forged instrument.

LITTLE STORIES FOR BEDTIME

By HOWARD R. GARIS

Uncle Wiggily and Bunty's Party.

"My goodness me, sakes alive, Nurse Jane!" cried Uncle Wiggily Longears one morning, as he came downstairs in his hollow bungalow. "Why are you making so many cakes, pies and jam tarts? You have enough for a picnic!" "These are for Baby Bunty?" explained the muskrat lady housekeeper. "What! Is she going to eat all those?" asked Uncle Wiggily, surprised-like, not to say disconcerted. "Oh, I'm going to let her have a party in the yard," explained Miss Fuzzy Wuzzy. "Baby Bunty has been a good little girl lately, and when she asked me if she couldn't have a party with real cakes and cookies, I said yes. I hope you don't mind."

"Oh, not at all! Not at all!" quickly cried Uncle Wiggily. "If Baby Bunty has a party she won't want me to chase her, or play tag, or go off to the woods to keep young and from getting stiff. If she has a party I can have a good sleep and rest."

"You're in the yard," explained Miss Fuzzy Wuzzy. "Baby Bunty has been a good little girl lately, and when she asked me if she couldn't have a party with real cakes and cookies, I said yes. I hope you don't mind."

"Yes, but I just want to sit on a stump and watch you and the other animal children play," spoke Mr. Longears. "I'm getting too old and stiff for parties!" "We'll see about that!" spoke Baby Bunty, with a funny little laugh.

"Nurse Jane made the jam tarts, she frosted the cakes and she put fancy trimmings on the cookies and pies. 'Now everything is ready for your party!' said the muskrat lady to Baby Bunty. 'Have you invited all your friends?' "Yes, and Uncle Wiggily, too," said the little rabbit girl, who was once found asleep in a hollow stump.

The little party tables were set out under the grape vine, in the shade. Pretty soon along came Sammie and Susie Littletail, the rabbits; Jonnie and Billy Bushytail, the squirrels; Lulu, Alice and Jimmie Wibblewobble the ducks, and many other friends. "Now, everybody sit down!" invited Baby Bunty, when they had gathered around the tables, filled with good things. "Welcome to my party!" Uncle Wiggily will you sing a little song?"

Uncle Wiggily, who wore his newest red vest looked surprised. But still he sang a song about once there was a carrot with a long and slender tail, and when it went out walking it swam in the water pail.

"Now everybody begin to eat!" invited Baby Bunty. "Oh, isn't it fun to have a party! Uncle Wiggily, please pass Jackie Bow Wow a puppy cake!" Uncle Wiggily, who had picked out a nice shady corner, and was just closing his eyes, opened them again, and passed the little doggie boy a cake.

"I'll just sit here quietly," thought Uncle Wiggily to himself. "Pretty soon they'll all be so busy eating that they won't notice me. Then I can go to sleep and forget about my rheumatism."

The animal children were laughing and talking, and Uncle Wiggily's eyes were closed. He was dreaming he and Grandpa Goosey Gander were playing Scotch checkers, when all of a sudden, Baby Bunty said: "Uncle Wiggily, please pass Nannie Wartail some paste pudding."

"Eh, what's that? Oh, I guess I had my eyes shut!" said the bunny gentleman. But he passed the paste pudding to the little comb girl, and he was just going to sleep again, when Bunty said: "Oh, Uncle Wiggily! Do try some

of these turnip jam tarts! They're wonderful!" "Oh, yes, Jam tarts!" stammered the rabbit gentleman, awakening suddenly. However, he managed to eat a tart, and he was almost asleep again when Bunty suddenly said: "Oh, Uncle Wiggily, will you please pass the rose leaf ice cream to Arabella Chick!"

"Why certainly," said Uncle Wiggily, and he wondered if he would ever get a nice, quiet nap, such as he had counted on. After he had passed Lulu Wibblewobble some corn meal pudding, the rabbit gentleman dozed off again, but he was suddenly awakened when Baby Bunty cried: "Oh here they are! Here they come! Oh, look, everybody!"

"My goodness me sakes alive and some fire engines!" cried Mr. Longears, waking up so suddenly that he spilled some carrot marmalade on his red vest. "What's the matter, Baby Bunty? Is it the Pipsisewah and the Skuddlemagoon come to spoil your party?" "Oh, no," answered the little rabbit girl sweetly. "It's just the grasshoppers and the crickets, muskrats, who are coming to play for the dancing. May I have a one-step with you, Uncle Wiggily?"

"Oh, Baby Bunty!" laughed Mr. Longears, as the grasshoppers tuned their hind-leg fiddles. "No one could go to sleep at your party!" "Nor grow old or stiff, either," said Baby Bunty. Then they all had a fine time. And if the jumping Jack doesn't fall out of the salt cellar and scare the coal man when he brings the tea, I'll tell you next about Uncle Wiggily and Bunty's skipping rope.

Market Report

COTTON MARKET

NEW YORK, May 15.—The cotton market opened steady at a decline of eight points to an advance of four points. Liverpool was lower, the more favorable weather map encouraged scattered selling but offerings seemed to be well taken around 27.07 for July. This was the result of further buying by foreign and domestic trade interests with renewed support encouraged by bullish reports from the goods trade and prospects of increased exports. July rallied to 27.25 and October to 25.60, or 11 to 15 points higher.

The market remained quiet late in the afternoon but ruled steady to firm on reports that agents of foreign governments were in this country buying both raw materials and goods. July sold up to 27.39 and October to 25.75, or 23 to 30 points net higher.

Trading became more active during the early afternoon on the reports of an increasing foreign demand and all deliveries made new high records with July selling at 27.80 and October at 26.01, or 44 to 55 points net higher.

Cotton closed steady.

NEW ORLEANS Cotton.

NEW ORLEANS, May 15.—Better weather in the belt resulted in a drop of three to seven points in the price of cotton around the opening today. Support was offered at this small decline and a reaction ensued which at the end of the first half hour of trading but prices six to 11 points over yesterday's close.

The forecast of showers for the eastern belt and reports of a much better spot demand increased, the buying contracts. In the trading up to noon prices were sent to 37 points above yesterday's closing levels.

The buying movements gained fresh headway through the coverings of short contracts; at 1 o'clock prices were at a net advance of 40 to 53 points.

Cotton closed firm at an advance of 49 to 64 points.

Liverpool Cotton.

LIVERPOOL, May 15.—Cotton spot increased demand; prices lower. Good middling 18.38; fully middling 17.88; middling 15.8; low middling 15.73; good ordinary 14.08; ordinary 13.50.

CHICAGO, May 15.

—Although some weakness was shown in the corn market today, prices developed considerable strength. At first, the chief influence was the announcement that beginning May 20 the government would have moderate quantities of wheat for sale. Opinion gained ground, however, that the effect of such sales would be slight and transient. Corn prices, which opened unchanged, to 1/8c lower with July \$1.61 1/2 to \$1.62 and September \$1.54 1/2 to \$1.55, were followed by an additional 1/8c sag and then by an upturn all around to well above yesterday's finish.

Oats displayed firmness from the outset. Improved Eastern demand was the reason assigned. After opening 1/4c off to 1/2c up with July 86 1/2 to 88 1/2, caused the market to ascend. Trading in provisions was nearly at a standstill.

Offerings were light, especially in the May delivery, which touched the highest price yet this season. The market closed unsettled, 1 1/2c to 5 1/2c net higher with July \$1.64 1/2 to \$1.64 3/4 and September \$1.56 1/2 to \$1.56 3/4.

Later there was covering by shorts on account of the strength of grain, which more than offset a decline in the value of hogs.

NEW YORK STOCKS

NEW YORK, May 15.—Disregarding the prospects of higher money, today's stock market opened with a resumption of the rise in rails, steels, motors and various industrials. U. S. steel was the prominent feature in an initial transaction of 1,000 shares at 104 1/2 to 104 3/4, an overnight gain of virtually a point and its highest price of the year, while Gulf States steel made a further advance of six points. Grangers and coalers led the rails at fractions on 1 1/2 points and Studebaker and leathers rose one to two. Oils were firm.

OIL DEVELOPMENT

SAMMIES OIL CO. PAYS \$82,000 FOR LAND NORTHWEST

The Sammies Oil Company, a five million dollar concern of Oklahoma, is entering the Wichita Falls district as developers, having purchased yesterday two blocks of acreage in the new Warner pool, the amount involved being more than \$80,000. A five-acre tract in the Lanier land, east of the M. P. Burk well on the Evans, was purchased from W. T. Willis and R. W. Ramming for \$50,000, and R. E. Shepherd sold the corporation a 10-acre lease out of the George tract, southwest of the M. P. Burk well for \$32,000.

Norman M. Vaughn, vice-president of the company, acted for the company in these two deals, and stated that drilling operations would begin immediately. The Sammies is one of the largest oil corporations in Oklahoma, and has extensive holdings and is interested both in production and refining. Their entrance into the new northwest pool is regarded important and they are expected to follow their initial investments with other purchases. Their policy it is stated, is to develop their holdings as rapidly as possible.

TRANSPORTATION IS A PROBLEM IN FIELDS

A Ford with a carburetor that will not flood and equipped with a periscope would be the only means of navigating the Burkburnett oil fields at present, according to an oil man who tried to do some private scouting Wednesday. A hydroplane might be used to advantage, but there were none of these available, neither were the ferries in use, so visits to wells away from the townsite were few and far between.

Signs are up in various parts of the field stating how deep the water is, and though the figures are rather arbitrary everyone is willing to take the sign as authority and not do any investigating on their own hook.

DEFINITE REPORT ON WELL IS UNAVAILABLE

DEFINITE REPORT 456 . . . 6 6 666
Reports to set definite reports from the Gold Leaf Oil Company's No. 1 number, Block 46, were unavailable this afternoon. The well was reported flowing on Wednesday evening, but owing to the bad roads, as in other cases, it has been impossible to either confirm or refute this rumor. The last definite report from this well, several days ago, that it was drilling below 1650 feet.

DRILLING CONTRACTORS!

For well to sand—will give 1/4 of 1/4 interest in \$20,000, one well site 1/4 mile northwest Burkburnett townsite. Depth about 1700 feet with 45 feet of pay.

Site is only 500 feet from 1000-barrel well, and is considered a practically sure shot for a big producer.

Nothing Is More Precious than Your Eyesight

The old masters depicted the oval form as the highest type of the female face beautiful. But today the successful artist shows many types, each as beautiful as the other. There is one point, however, that all judges of the human face agree upon, and that is—the balancing up of its deficiencies.

In glasses, our knowledge, skill and experience enable us to "build up" a flat face or low bridged nose so it is almost worth while for one to wear glasses for appearance sake only.

Don't make the mistake, when being fitted for glasses, in insisting upon some certain style of frame or size of lens, simply because of the comely appearance of some friend to whom such a style is becoming.

Come here and be governed by our advice, for we not alone know all about the optometric needs of an eye, but we study how best to give our patients the maximum of benefit with the minimum of trouble.

HOSTESS HOUSE AT CALL FIELD TO BE SOLD AT AUCTION

The hostess house at Call Field is to be sold to the highest bidder, by the Wichita County War Board, and the proceeds will be turned over to the Wichita Falls Y. W. C. A. B. F. Johnson of the board is receiving the bids, which will be opened on Monday afternoon, May 19, and the building will be sold Monday. The house was purchased by the Wichita County War Board and given to the National Y. W. C. A. for use as a hostess house. The property has been returned to the donors, and the arrangements made to sell the property are to give the money to the local association for use in the rest room and cafeteria now being equipped, or in any way that the administrators of the Y. W. finances see fit.

OUR LAND COVERS THE MANKINS DOME
220 Acres of Land. Every acre as good an Oil Shot as any acre of the Burk-Waggoner lease that sold for \$3,333 per acre.

BURK-WAGGONER OFFICERS

The officers having charge of the business of the company are elected annually by the shareholders. The officers now in charge of the company are:

Wm. P. Harper, President,
T. S. Harper, Secretary,
A. J. Henthorn, Treasurer.

Mr. Wm. P. Harper, president of the company, has lived in Oklahoma City for more than 20 years; was probate Judge of Oklahoma County for seven years, Referee in Bankruptcy 3 years; is a Director of the Umholtz Pneumatic & Hydraulic Engineering Company of Tulsa, Oklahoma, and has had several years experience in the oil business.

Mr. T. S. Harper, the Secretary of the company, has lived in Oklahoma City for more than 15 years. He is a manufacturer.

Mr. A. J. Henthorn, Treasurer of the company, is a farmer and stockman and has lived in Oklahoma County since 1899. He is a director of the First State Bank of Oklahoma City, and Drainage Commissioner of the county.

The Mankins Dome, at Mankins Station, on the Wichita Valley road, 25 miles southwest of Wichita Falls, Texas, was located in 1912, at the same time and by the same geologist that located Burkburnett. Development of this field is just beginning. The Humble Company are putting down a deep test about one and a half miles southeast of our lease. Other are drilling near, west, north and east of us.

We expect to begin drilling about, or before June 1st. with Standard rig. Our geologist advises that we may expect to strike the big pool at about 1400 feet, but we are preparing to go 2500 feet if necessary.

The men who made the BIG MONEY in Burkburnett and the big wells west of Burkburnett, got in at the start. Those who waited until the wells came in paid the early investor profit. Get in now and get your share of the big money.

Information as to every detail concerning this company cheerfully furnished. \$100 gets 100 shares of stock. The owner of 100 shares in the Burk-Waggoner got \$3,333 for it.

A. & M. EXPERTS TO DETERMINE EXTENT OF WHEAT PESTS

Special to The Times.
COLLEGE STATION, TEX., May 15.—Surveys for the determination of the extent that smut and other cereal plant diseases are prevalent in the wheat and oat crops of Texas this season are now being conducted in the principal wheat and oat producing counties of Texas by plant pathologists of the Bureau of Plant Industry U. S. Department of Agriculture, it is announced by the extension service of A. and M. College. This work will serve as a check upon the demonstrations given in smut prevention in the majority of these counties last fall just prior to the planting season, and will lay the basis, it is believed, for a more complete eradication of this disease another year.

The experts and the counties in which they will conduct their surveys are: James Godkin, Wise, Clay Archer, Wichita, Wilbarger, Hardeman, Foard and Knox counties; F. W. Briggs, Denton, Cooke, Grayson, Collin, Hunt, Hopkins, Lamar and Fannin counties; W. W. Wood, Limestone, Navarro, Hill, McLennan, Falls, Coryell, Hamilton and Bosque counties; G. H. Gillespie, Gillespie, Kerr, Kendall, Bandera, Williamson, Bell, Lampasas and Burnet counties; W. F. Nehring, Potter, Carson, Oldham, Randall and Deaf Smith counties. These men will work with the regular county agents and will report their findings to the extension service of the college.

METHODIST CHURCH AT HOUSTON CHALLENGES ALL OTHER CHURCHES

DALLAS, TEXAS, May 15.—The First Methodist Church of Houston, Texas, has issued an unqualified challenge to every one of the 2,500 Methodist churches of Texas to raise more money for the Methodist Centenary Drive opening at twelve o'clock noon Sunday, May 18.

Rev. Dr. H. D. Knickerbocker, the pastor, issued the challenge in the name of his congregation and board of stewards. He said "Texas will raise \$6,000,000 for the centenary movement regardless of what any church's quota may be. The First Methodist Church of Houston hereby issues a challenge to any Methodist church in Texas to raise more money.

CHARGE CARRANZA WITH COLOSSAL BANK ROBBERY

Associated Press.
NEW YORK, May 15.—Venustiano Carranza, president of Mexico, was charged with a "colossal bank robbery" in a suit for injunction filed in the supreme court yesterday by William B. Mitchell, former manager of the Banco De Londres y Mexico, of Mexico City, seeking to restrain Alfredo Caturugi, counsel here for Carranza. "Commission Monetaria" from prosecuting a \$140,000 suit against the bank of Montreal.

The money claimed by the commission from the Montreal institution Mr. Mitchell alleges, belongs to the Banco De Londres y Mexico, which he claims Carranza looted of \$19,000,000 in 1916 by means of a series of illegal governmental decrees.

In 1916 Mr. Mitchell alleges, Carranza issued a decree abrogating all laws giving concessions to banks of issue, of which the Banco De Londres y Mexico was one. The decree, it is alleged, gave the banks 90 days in which to increase their metallic reserves to an amount equal to their bills of circulation. A subsequent decree, however, it is alleged, created the "commission monetaria" with authority to regulate the currency of the country in such a manner as to make it impossible for the Banco De Londres y Mexico to maintain its metallic reserves at the required point.

When Mr. Mitchell and other officials of the bank protested, the complaint continues, they were imprisoned by personal order of Carranza and were compelled by threats of death to sign papers turning over the assets of the bank to the Mexican treasury department.

When released, Mr. Mitchell alleges, he was permitted to witness the taking over of \$19,000,000 in gold and silver by the government. The government did not take any of the bank's securities, amounting to about \$4,000,000. The gold and silver seized it is alleged, with used by Carranza for his personal purposes and for maintaining his political prestige, his armies and general administration expenses.

Hearing of the suit was set for May 21.

BRAZILIAN DENIES HE PRAISED UNITED STATES

Associated Press.
RIO JANEIRO, Wednesday, May 14.—The newspaper A Noite published a statement made by Madro de Albuquerque, a widely known Brazilian journalist regarding a dispatch from Washington printed in newspapers here in which surprise was expressed in an interview by the A Noite, on Sunday, which Señor Albuquerque was quoted as attacking the United States Senator Albuquerque in the statement published today denies having even sent and dispatch from the United States praising that country for its part in the war or its interest in Pan-American affairs.

CARGO PETROLEUM BURNS AND SEVERAL MEN ARE INJURED

Associated Press.
MONTEVIDEO, Wednesday, May 14.—The new American five-masted schooner City of Mobile, which arrived here on March 28 from Port Arthur, Texas, with a cargo of petroleum, was burned here this afternoon. One member of her crew is missing and seven sailors were injured in fighting the fire. The loss is estimated at \$500,000.

The fire followed an explosion, newspaper reports saying, that faulty construction of the vessel was a contributing cause. The vessel is still burning, the heat being so great that it can be felt half a mile. Thousands went to the seashore tonight to see the sight.

The City of Mobile was a wooden vessel with a capacity of 1,776 tons. She was in the oil trade between Port Arthur and South American ports.

A Quarter of a Million Dollars

THE FIRST THOUSAND

The most important achievement of a man in business life is the saving of his first Thousand Dollars. It is not only the money he has accumulated, but it is the habit thereby formed—the character and determination he has displayed that represents the real, important benefits of his achievement.

The saving of money is not primarily dependent upon the amount of one's income, but upon one's determination to save. A systematic savings plan is the best means of developing the savings habit.

Our Savings Department will gladly co-operate with you. Small and large deposits welcomed. 4% compound interest paid.

GERMAN NOTE DEALS WITH THE ECONOMIC ASPECT OF TREATY

By Associated Press.

BERLIN, Wednesday, May 14.—Count von Brockdorff-Rantzau, head of the German peace mission at Versailles, handed to M. Clemenceau, president of the peace conference, yesterday three notes, one of which deals with the economic aspect of the peace terms and the effect they will have on Germany. It is pointed out in this note that Germany is no longer an agrarian state and cannot feed more than forty million people.

The economic terms of the peace treaty with their restrictions of trade and other factors which are involved means, the note says, that "many millions of people in Germany will perish, all the more quickly as the nation's health is already broken by the blockade."

The note points out that Germany in two generations has passed from an agrarian to an industrial state. As an agrarian state it could feed forty million persons as an industrial state it was to provide food for 67,000,000, the note declares. Before the war it is said fifteen million Germans were dependent for their living upon foreign trade, shipping and foreign raw materials. The note proceeds to indicate in detail how the peace conditions would produce economic paralysis, destroy German industry and make it impossible to provide work and food for millions of people "who would be obliged to emigrate or perish."

No relief work however large its scale or however long in duration could prevent wholesale loss of life, the note says.

"The peace terms," the note continues, "would demand of Germany several times as many victims as did the war. There have been only a million victims of the blockade."

Count von Brockdorff-Rantzau concludes by stating that he considers it his duty before presenting further details to bring these general remarks to the knowledge of the Allied and associated delegates and promises to furnish statistical evidence, if it is required.

Young Men Back From Service Will Want All the Style They Can Get

YOUNG men have done the big things. They have been face to face with stern reality. They are surer of themselves than ever before.

Before-the-war Models are Passé All of which, translated to Clothes, means that old standards will not do. Why, the very physique of Young America has been changed by the war. The old "models" are passé.

The HOUSE OF KUPPENHEIMER through its vast experience in service uniforms had a chance to study the changes at first-hand. New models have been created to meet the new conditions.

And styles, too. For Spring you will find bold, virile lines; expressing a feeling of confidence, of "get there" without being noisy or flashy.

There's just one thing old about the HOUSE OF KUPPENHEIMER and that's the fundamental policy of the business:

To set a price based on the cost of material and labor with a small profit on an enormous turnover; and to see to it that the right kind of fabrics and the right kind of tailoring go into every garment.

That Young America appreciates this fair dealing is shown by the fact that the business of this house has doubled in the last four years.

So, both in style and value, your Kuppenheimer dealer is waiting to serve you—to express for you in clothes the feeling of hope and the strength of youth that is in you.

90TH DIVISION IS TO START FOR BREST DURING THE WEEK

By Associated Press.
COBLENZ, Tuesday, May 13.—If the Germans sign the peace terms, all the American troops except the third corps and three divisions and a few headquarters units, will be out of the occupation district of Germany by June 1 or soon after that date, according to reports in circulation in Coblenz.

It is understood that the First, Second and Third Regular Divisions will be those to remain for the duties in connection with turning over the area to French control. If the Germans accept the peace conditions, it is understood preparations will begin immediately for the remaining three divisions to withdraw to France preparatory to embarking for home.

The length of time required to turn affairs over to the French has not been determined, but it is estimated that it may take perhaps a month longer. If the Germans do not accept the plans for the withdrawal of the Americans, of course, will be changed materially.

General Pershing, when asked by the correspondent on Monday what would be the part of the American army in the event the Germans do not sign the treaty, said it may be depended upon that America will do her part, whatever that may be.

In connection with the report that the Americans, except the third corps and three divisions, will be out of Germany by June 1, provided the Germans accept the conditions, it is understood the headquarters of the Third Army will remain in Coblenz with Lieut. Gen. Hunter Liggett in command.

The Fourth, Fifth, Sixth and Seventh Regular Army Divisions will be turned over to the service of supply. Various other units in the area of occupation also will be ordered to France.

The 90th Division, consisting principally of National Army men from Texas and Oklahoma, has been turned over to the service of supply and is scheduled to start marching for Brest within a week.

Plans have been prepared so that when the Germans sign the treaty, to begin moving the troops immediately. It is hoped to move eight trains loaded with troops daily. The equipment of the soldiers will be shipped out later.

NEW EXECUTIVES ARE CHOSEN TO HEAD WORK OF ARMY "Y"

Charles Kurtzhals

Fred B. Appleget

Special to The Times.
SAN ANTONIO, May 15.—Charles Kurtzhals and Fred B. Appleget, the new executives who have been chosen to head the work of the Army "Y" in the state of Texas, Oklahoma, Arkansas, Louisiana, New Mexico and Arizona, as executive secretary and associate executive respectively, have records of unusual and varied achievement before becoming associated in war work. Mr. Kurtzhals having been a missionary in British West Africa and Jamaica, as well as a city "Y" worker, and Mr. Appleget, a prominent New York writer, editor, publisher and business expert. Mr. Kurtzhals has been in charge of the Army "Y" work in two of the largest camps in the Southern military department, Camp Pike, Arkansas, and Camp Travis, Texas.

Mr. Kurtzhals served as a "Y" secretary on the Mexican border in 1916 with American troops who were stationed in the Lower Rio Grande valley from Brownsville to Fort Ringgold. On America's entrance into the war he established the work of the Army "Y" at Camp Pike, Fort Logan H. Root, the Remount and Eberhart Field, Arkansas. In August, 1918, he was transferred from the camp secretaryship of Camp Pike to take the

popular as an educational and humorous lecturer at Pike. Since February, 1919, he has been connected with the Department headquarters at San Antonio as supervisor of work for overseas men for the Southern department.

DETAILS OF FIGHT TO BE WORKED OUT THIS AFTERNOON

By Associated Press.
TOLEDO, O., May 15.—The Toledo Boxing Commission will hold a meeting this afternoon to go over with Tex Rickard details concerning the proposed heavyweight fight between Jess Willard and Jack Dempsey on July 4.

The commission is expected to thresh out the matter of a referee for the fight, going on record against employing an outside arbiter. Under the rules the commission's referee is to have charge of all bouts conducted within its jurisdiction.

It may be necessary also to amend the rule to provide for the proposed referee's decision if both men are on their feet at the end of the 12th round. The present rules drafted under the personal supervision of Mayor Cornell Schreiber make such a decision illegal.

Two 15-round bouts have been authorized by the present commission during the last year and a half, but the decision has been left to the newspapers.

A. O. Thatcher, matchmaker for the commission, received a telegram from Jack Dempsey's manager Wednesday afternoon saying the challenger and his party will be here some time today.

DRILLING FOUR WELLS ON TWO FIVE-ACRE TRACTS

In the choicest part of the new Northwest field—in Block 75, the same block the big Golden Cycle Gusher is in. Acreage in this block has been selling as high as \$18,000 to \$21,000 an acre. On this basis our acreage is worth more than our entire capitalization.

Four Wells Contracted

Four wells are contracted, two on each 5-acre tract, to be completed, equipped and connected to pipe line free of all cost to the company. These four wells have been contracted on a 50-50 basis, 7-16 of the production going to the stockholders of the company.

There are no salaried officers. Money from production will be paid into the treasury of the company and used to

PAY DIVIDENDS

with no drilling or equipment expenses to be deducted, as that expense is taken care of in the 50-50 drilling contract.

IT'S THE BEST PLAY OF THE ENTIRE FIELD

Take a block of stock in each of these companies—No. 1 and No. 2, Golden Rod Oil Co. By buying in both companies you participate in the profits of both leases and four wells. Each company has 5 acres in Block 75. each company is capitalized at \$80,000 with par value \$100 a share. Two wells are contracted on each 5 acres and the same conditions apply to each company. A practically sure and conservative investment.

This stock will soon be selling away above par, and you must act quick if you get it at par. We reserve the right to return checks if over-subscribed. Wire, write or call for reservation of stock, to

GENERAL ASSEMBLY OF PRESBYTERIANS MEETS AT ST. LOUIS

By Associated Press.
ST. LOUIS, May 15.—Commissioners from every section of the country were in attendance here today at the opening session of the 121st general assembly of the Presbyterian church at which a moderator for the coming year will be chosen and the world leaders considered in determining the church's policy.

Laymen, who for the first time are eligible to hold high offices, are taking a leading part in the assembly and several prominent laymen, including William Bryan, were being supported today for moderator, the highest office in the church.

Reports that Mr. Bryan would not arrive until after the election late today were declared by some commissioners to indicate that he had withdrawn from the contest. Others whose campaign were being waged were John Willis Baer, a Los Angeles banker, and Dr. S. Hall Young, an Alaskan missionary.

The Rev. Dr. J. Frank Smith, of Dallas, Texas, retiring moderator, called the assembly to order. He declared man's inordinate love for money was the cause of the suffering in the world and urged a greater democracy between employer and employee. Dr. Smith highly praised the new era movement of the church.

Speaking on brotherly love, the prelate said:

"If Jesus had dominated the peace conference, I believe he would not have wounded the Japanese by thrusting aside the question of radical equality nor coddle Italy's indifference to the rights of the slave."

A number of issues are to be fought out on the floor of the assembly, which will remain in session until May 23.

Efforts to bring about reconciliation between the Presbyterian church, U. S. A., and the Presbyterian church, U. S. S., better known as the Northern and Southern churches, respectively, also will be made.

WOMEN'S CONFERENCE FOR PERMANENT PEACE SENDS COMMUNICATION

By Associated Press.
PARIS, Wednesday, May 14.—The women's international conference for permanent peace which is meeting at Zurich, has sent the following communication to the peace conference:

"This international congress of women expresses deep regret that the terms of peace proposed at Versailles should so seriously violate the principles upon which alone a just and lasting peace can be secured and which the democracies of the world had come to expect. By guaranteeing the fruits of secret treaties to the conquerors, the terms of peace have tacitly sanctioned secret diplomacy, denied the people of self-determination, recognized the rights of the victors to the spoils and created all over Europe disorders and animosities which can only lead to future wars.

"By demanding disarmament from one set of belligerents only the principle of justice is violated and the rule of force continued. By the financial and economic proposals 100,000,000 people of this generation in the heart of Europe are condemned to poverty, disease and despair which must result in the spread of hatred and anarchy within each nation.

"With a deep sense of responsibility this congress strongly urges the Af-

PETROLEUM LAW FOR MEXICO IS COMPLETED

By Associated Press.
MEXICO CITY, Wednesday, May 14.—Deputy Jesus Rodriguez de la Fuente, chairman of the commission from the chamber of deputies which is framing the petroleum law which will develop Article XXVII of the constitution nationalizing oil land, stated today that the commission has finished its work and that the bill will be submitted to the chamber within 19 days.

According to a published interview the deputy stated that he could not divulge the provisions of the proposed law but declared that in general

it represents an attempt to conciliate all interests affected with the greatest impartiality and the greatest good faith.

BLOCK SEVENTY-FIVE LEADS IN NUMBER OF NEW LOCATIONS

Block 75 of the Red River Valley Lands, Jacob Renner tract, leads in number of locations made by various oil companies and independent operators, in the new locations that it has been possible to secure within the past two days. There are numbers of other new locations, known to have been made, the exact data on which is not available at this time because of the weather conditions that have made travel from one part of the field to the other practically impossible.

Among the new locations, not previously reported, the majority of which are derricks, and some rigs already running, are the following:

- Locations.**
- Barker-Meadors, No. 1 Renner, Block 75.
 - Burk-Eastern Oil Company, No. 1 Renner, Block 75.
 - Golden Cycle Oil Co. No. 2 Renner, Block 75.

 - Big Four Oil and Refining Co., No. 1 Hawkins.
 - Big Four Oil and Refining Co., No. 1 Schultz, Block 45.

DRILLING OPERATIONS BY EL PASO PEOPLE ARE TO BEGIN SOON

Drilling operations are to be begun as soon as weather conditions permit on the league of the El Paso-Burkburnett Oil Company and the Big Four Oil and Refining Company, in block 88, on locations about 1,000 feet from the Thrift and Burk-Waggoner wells. Officers of the companies report. These companies are composed of El Paso people, who have also made other purchases of acreage in the Burkburnett district, and are planning immediate development.

The El Paso-Burkburnett Oil Co. is a close corporation, and the other organization is a stock company. The Big Four and the El Paso-Burkburnett own acreage in block 45, Red River valley lands, and also acreage directly southwest of the Burkburnett townsite. The Big Four has other leases in Iowa Park, and the El Paso-Burkburnett people have acreage in block 52, Red River valley lands.

The drilling contract for the two organization's first wells in block 88, mentioned above, has been let to Sanford and Dublin, and the locations have already been made.

EL PASO CAPITALISTS COMING TO VISIT FIELD

E. More, president of the Union Bank and Trust Company of El Paso, Texas, with a party of eight prominent El Paso bankers and business men are reported on their way to Wichita Falls for the purpose of visiting the local oil fields, and making extensive investments.

EL PASO MAN ORGANIZING LARGE DRILLING COMPANY

Fred A. Elliott of El Paso, prominent steam heat and plumbing contractor of the Southwest, has formed a large drilling company to operate in the Wichita Falls district. The company is reported in process of organization, and has already begun operations.

GRAY GANDER WELL DRILLING AT 1160; SHOWING AT 840

The Gray Gander well in the south part of block 88, now drilling at 1160 feet is reported to have had a showing of oil and gas at 840 feet. The log of this well is said to be identical with the Burk-Waggoner well. The Gray Gander adjoins the Chase-McCoy Oil Association location. The Thrift No. 2 well is south of it and the Burk-Waggoner southwest.

NAVARRO OIL COMPANY DRILLING AROUND 1000

H. H. Barnett and J. S. Millerman of Corsicana, are here looking after the Navarro Oil Association's well now down about 1000 feet and the driller is making good progress. The stock went on the exchange for the first time yesterday and one share was sold at \$165. The association is capitalized at \$60,000, and has a lease of ten acres. John T. Fortson of Corsicana is president and R. A. Caldwell of Corsicana, secretary and treasurer. The stock is mainly held by Corsicana people.

VERNON PARTIES HAVE CONTRACTED DEEP TEST

Special to The Times.

VERNON, TEX., May 15.—C. L. Greene, J. D. Key, L. E. Key, C. R. Staley and other local men have purchased the contract of J. G. Hix of Wichita Falls to drill a test well in return for leases furnished by the owners. A rig will be put on the ground in the near future and drilling started by July 1, according to present plans. The holdings consist of about 2,500 acres located in the Evans community and extend to within four miles of Vernon.

FIFTY SHARES OF THE BURK-WAGGONER SOLD AT A FANCY FIGURE

The Central Stock Exchange broke the record for big sales this week when 50 shares of Burk-Waggoner was sold for a consideration of \$126,500. The stock was sold by Paul Lutz, of North Dakota, to Eastern capitalists, represented by the Central Stock Exchange, W. A. Hart, the manager of the exchange, negotiating the deal. The transaction was all cash, no trade of any kind being considered.

TWO KANSAS CITY WOMEN ARRESTED; ALLEGE SWINDLE

By Associated Press
 KANSAS CITY, MO., May 14.—Two women prominent locally were arrested here yesterday in connection with an alleged swindle amounting to \$175,000 in cash, according to estimates of the authorities. Notes given by reported victims amount to nearly \$1,000,000. It was stated by E. J. Curtain, assistant prosecutor, but they will be pronounced valueless. The women are Mrs. Samuel Train, wife of a produce merchant, and Mrs. R. E. Samis, wife of a motor car supply dealer. Both were arraigned late today on warrants charging obtaining money under false pretenses. They pleaded not guilty and their preliminary hearings were set for May 27. They were released on \$10,000 bond each.

According to the authorities, persons who invested said that they had been offered an opportunity on what was declared to be an "inside investment in some commodity for which the Government was about to enter the market. Returns of \$200 for every \$100 invested, are said to have been offered and to have been paid. A re-investment, however, was requested and in most cases notes were given.

Professional men, merchants and wealthy women are reported to have lost sums ranging as high as \$40,000, while the working girls lost their savings. It was stated at the prosecutor's office.

Most of the victims of the alleged swindle were women. Assistant Prosecutor Curtain said. One of them, 72 years old, told him that she had been threatened in case she should disclose her losses.

Mrs. Samis, according to E. J. Gellman, an attorney who filed the complaints against the women, acted as solicitor for Mrs. Train.

About three weeks ago, reports to the prosecutor's office said, Mrs. Train called many other creditors to her home where she was giving a party. Mounting a piano stool, it is declared she said:

"Your money has been stolen. Do what you please, has been stolen. Do what you please."

MUCH CONCERN OVER LATE IMMIGRATION ON PACIFIC COAST

By Associated Press
 MEXICO CITY, Wednesday, May 14.—Reports to newspapers here reflect considerable concern over the increasing number of Chinese and Japanese arriving on the Pacific coast states of Mexico. It is declared five thousand Asiatics arrived during March and that unless restrictive measures are taken the number of immigrants for the current year will total one hundred thousand. Most of the Asiatics entering the country and taking up agricultural pursuits in the states of Sonora and Sinaloa.

PRIVATE FRASIER GAINED BY TAKING ORGATONE

Chas. O. Frasier, well known private at the base hospital Camp Bowie Medical Department, Fort Worth in discussing the benefits he has derived from the use of Orgatone with the Orgatone representative in Reno's Drug Store a few days ago, said:

"I suffered from stomach trouble, nervous indigestion and disordered kidneys for nine years. I got so I could hardly sleep at night, I had no appetite and what I did eat hurt me. I was all run down and my back hurt all the time and the pain in my back bothered me constantly. I was constipated and felt like I was about half dead, just good for nothing, all the time."

"I heard about Orgatone and decided to try the medicine myself. Well, by the time I finished my second bottle I found out I can eat anything I want at any time and sleep like a log at night. My appetite is so enormous I can't eat enough to satisfy me and my nerves are steady as a clock. My headache and back ache have left me and I'm not bothered with my kidneys or anything else. I couldn't ask for a medicine or treatment to do more than Orgatone has done for me and I'm glad to recommend it."

Stomach and liver trouble and kidney derangement are often caused by catarrhal inflammation of these organs. The dull throbbing headaches, the pain in the pit of the stomach, loss of appetite, no ambition, depression of spirits and the persistent attack of hard colds are characteristic symptoms of this condition from which so many people suffer.

Orgatone was designed to bring about an astonishing improvement in your spirits, appetite and general condition. Many in this city are now testifying that the treatment reserves your strength and gives you renewed energy and in an unflinching comfort to all who suffer from such troubles.

Orgatone is not a so-called patent or secret remedy but a new scientific treatment absolutely free from alcohol in any form and is sold in Wichita Falls exclusively by Youngs Drug Co., 9th and Indiana, under the personal direction of a special Orgatone representative. Out-of-town customers are being supplied. All charges prepaid upon receipt of price.—Adv.
