FLIGHT RECORDS

Nov. 12.—Santos Dumont, at Bagatelle, France, made record flight of 240 yards. 1907. Oct. 26.—Henry Farnam, at Issy les Moulineaux, France, made record aeroplane flight of 8 1/2 yards. 1908. Jan. 13.—Henry Farnam, at Issy les Moulineaux, France, won the Deutsch-Archdeacon prize for the circular kilometer, in 1 minute 22 seconds. July 7.—Henry Farnam won the Armongaud prize for a flight of 12 miles in 20 minutes 20 seconds. Dec. 18.—Walter Wright, at Le Mans, France, flew longer, further and higher than any other man had ever done before. 1909. July 25.—Louis Bleriot made first flight across the English channel from Les Arapeux to Dover, a distance of 21 miles in less than half an hour. Aug. 18.—Walter Wright, in dirigible balloon, left Spitzbergen in unsuccessful attempt to reach north pole. 1910. April 28.—Louis Paulhan won \$50,000 prize for first flight from London to Manchester, 186 miles. June 22.—First regular airship passenger service inaugurated in Germany by Count Zeppelin with the mammoth dirigible Deutschland. Oct. 18.—Walter Wellman, in dirigible America, left Atlantic City in unsuccessful attempt to cross the Atlantic. 1914. April 22.—Garath flew 68.3 miles in France with six passengers. 1915. Nov. 19.—Ruth Law made non-stop flight of 990 miles from Chicago to Hornell, N. Y. 1917. Sept. 24.—Captain Laurami flew from Turin to London, 700 miles, with one passenger. Oct. 22.—Captain Silvio flew from Norfolk, Va., to Mineola, L. I., 330 miles, with eight passengers. 1918. May 15.—First regular airplane mail service in world inaugurated between Washington and New York. June 24.—First Canadian airplane mail service inaugurated with flight between Montreal and Toronto. Sept. 18.—Captain Schroeder established new world's altitude record, rising in aeroplane to height of 28,900 feet, at Dayton, Ohio. Sept. 27.—Captain d'Annunzio flew from Rome to Paris, crossing the Alps at high altitude.

RUTH LAW WILL ATTEMPT TRANS-ATLANTIC FLIGHT

CHICAGO, May 28.—Ruth Law, aviatrix, has announced that she plans to attempt a trans-Atlantic flight with six weeks. She will use a Curtiss land biplane, equipped with two Curtiss-Kirkham motors of 400 horsepower each, and will be accompanied by James Lamont, her mechanic. The machine is now being built for her by the Curtiss Company, she says. She expects the United States navy to give her such assistance as she may desire in making the flight. "I'm not afraid to fly across the ocean," she said. "Take my word for it, I do not intend to commit suicide. I expect to make the journey without getting my feet wet but I will wear a navy life saving suit as a precaution."

PREPARE FOR FIGHT OVER THE REPEAL OF DAYLIGHT SAVING

WASHINGTON, May 28.—Supporters and opponents of the daylight saving law were prepared today for a sharp fight on the floor of the House over proposed repeal of that act. Representatives from agricultural districts were aligned against those from manufacturing centers, the former having gained the initial advantage by getting the proposal considered as part of the \$32,800,000 agricultural appropriation bill.

SEVERAL ARE INJURED IN WRECK ON T. & P.

NEW ORLEANS, May 28.—Between twenty and twenty-five passengers were slightly injured early today when Texas & Pacific passenger train No. 25, New Orleans to Dallas, ran into an open switch at the Boyce, La., yards, according to reports received at headquarters here of the Texas & Pacific.

MAP OF THE NEW EUROPE

URGE A RAPID COMPLETION OF NAVY PROGRAM

Communication is Presented to House Committee by Secretary Daniels

ONLY SLIGHT CHANGES

Plan Sixteen First Class Battleships as a Peace Time Force

WASHINGTON, May 28.—Unanimous decision has been reached by the naval general board and the leading officers of the navy who were in command overseas during the war to continue construction of battleships and battle cruisers rather than to adopt a composite ship embodying the essentials of the two types. This was disclosed today with the presentation of the general board's report by Secretary Daniels to the House Naval Committee. The board urged that the ten battleships and six battle cruisers authorized in 1916 be completed as expeditiously as possible with changes in the plans of the battle cruisers to allow greater protection at the cost of a slight reduction in the designed speed of 3 knots an hour.

WILSON MAY RUN AGAIN IF LEAGUE FAILS

Action Depends on Developments in Dealing With This Issue

OPINION BY CUMMINGS

View is Expressed at Meeting of Democratic National Executive Committee

CHICAGO, May 28.—President Wilson's candidacy for a third term will be determined largely by the fate of the League of Nations, in the opinion of Homer S. Cummings, chairman of the democratic national committee who came to Chicago today to preside at a two days' session of the body. "While I have no opinion regarding President Wilson's being a candidate for a third term," said Chairman Cummings, "if the League of Nations is successful I don't think the pressure would be nearly as great on the President to run again would be very great. I feel certain he would be re-elected. If the League of Nations is not successful, the pressure would be nearly as great on the President to run again would be very great. In the absence of definite word from President Wilson on the subject there was little gossip among the party leaders. The names most frequently mentioned were William G. McAdoo, former secretary of treasury, and A. Mitchell Palmer, United States attorney general, who will address the convention tomorrow night. Every state was represented by either a committeeman or a proxy when Chairman Cummings called the body to order in a session which formally marks the opening of the presidential campaign of 1920. Chairman Cummings praised the record of progressive achievements of the democratic national administration and declared that the republican party again is falling under reactionary leadership as indicated by the recent organization of congress. He urged a closer co-operation between the different departments of the party organization in preparing for the next national campaign and referred to the important part women will take in future political activities. He spoke of his proposed trip through the country to meet party leaders and discuss campaign plans, and said he expected to visit every state in the Union before returning to New York in August. "This meeting today marks the opening of an active and militant campaign for 1920," said Chairman Cummings in addressing the committee. "The selection of our meeting place look forward to the campaign of 1920 with utmost confidence, not only in the righteousness of our cause, but in its triumph. The republican party again is falling under reactionary leadership. The organization of the House committees in congress came as a disappointment to those who expected progressive leadership. The selection of our meeting place for the next democratic national convention will not be decided until next winter."

CONVICTS ARE MADE SLAVES UNDER PATROL

No Record of Men Released to Individuals Twenty Five Years Ago

SOME MAY BE DEAD

Matter is to be Submitted to Forthcoming Session of Legislature

AUSTIN, TEX., May 28.—Convicts were paroled to individuals twenty-five years ago, and Governor W. P. Hobby does not know what has become of them, the chief executive told a legislative committee, which is investigating the Texas prison system. "Then they may be dead or still working as slaves," asked Senator W. D. Suter. "Yes," answered the Governor. The Governor explained that the Texas parole law is intended to operate as follows: a convict with a good prison record is paroled to an individual who agrees to pay the convict's salary and fit him to become a citizen with the idea that the convict will be given a pardon when he deserves it. The holder of the convict agrees to report to the prison commission concerning him once a month. The Governor said that he does not know whether or not these reports are made regularly. Brought Out in Testimony. The above was brought out after testimony that United States Marshal A. Herring and Gus Bartin have forty-four convicts under parole working their farm near Huntsville. Senator Paul Page then suggested that the Governor submit the parole law to the next session of the legislature for amendments, and the Governor agreed with his suggestions that he thought it would be well to make failure to make monthly reports on paroled convicts a penal offense. The Governor also suggested that it would be well to amend the pardon law so as to forbid the cancellation of fees given attorneys for securing pardons for convicts. During the discussion it was brought out that many paroled convicts are ignorant negroes and that even if they are not paid as is agreed they remain on their parole rather than be returned to the penitentiary. Senator Page said that he had been told that some lawyers were getting money allowed convicts in the prisons by promises of pardons.

GERMAN COUNTER PROPOSALS TO TERMS OF TREATY GIVEN IN SUMMARY ISSUED TODAY

Want Army Trucks To Assist in Saving West Texas Grain

By Associated Press. PORT WORTH, TEX., May 28.—Telegram were despatched to government officials, especially to Clarence Cusley of the Department of Agriculture in Washington today, by the West Texas Chamber of Commerce asking that army trucks be sent into West Texas at once to save the big grain crop. The wheat owners need men and teams; the deficiency can be partly supplied by the army trucks to haul the grain from the threshers to the railroads. The trucks will be needed for ninety days.

BURLESON URGES BROAD POLICY IN SETTLING ISSUES

WASHINGTON, May 28.—Postmaster General Burleson, in a letter today to Chairman Sims of the House commerce committee, declared that the present situation with respect to the telegraph and telephone systems required the determination at this time of a broad government policy rather than the immediate return of the lines to their owners as provided for in the resolution introduced by Chairman Stearnson of the House postoffice committee. Mr. Burleson's letter was in reply to one from Mr. Sims relative to the statement sent to members of congress by Clarence H. Mackay, president of the Postal Telegraph-Cable Co., who referred to immediate passage of the Stearnson resolution and offered to reduce telegraph rates for his company 20 per cent. The postmaster general said a casual examination of telegraph operation disclosed that this company in 1918 carried only \$14,930,896 out of a total of \$30,000,000 of the telegraph business, and that the saving to the public which would result if the company could accomplish by a 20 per cent reduction would necessarily be limited to \$2,000,000 annually instead of \$12,000,000.

GERMANS TO PRESENT CLAIMS FOR DAMAGE

PARIS, May 28.—The German peace delegation here, it was learned today, will present a counter claim of 13,500,000 marks for damage from the Allied blockade as an offset to the reparations demands of the Allied powers. The reports of pogroms in Poland were denied by the Premier. He declared that reports were purely German propaganda. With regard to the Ukrainian situation, the Premier asserted that the recent fighting was brought on by the Ukrainians, who signed the armistice May 11 and then attacked the Poles at two points May 12, forcing the Polish troops to defend themselves. Additional courses at A. & M. College. Special to The Times. COLLEGE STATION, TEX., May 28.—In order to give the students of A. & M. who are studying agriculture, a larger view of the opportunities offered in the rural communities after they have graduated and gone into their life's work, full courses in rural economics, rural sociology and farm management will be instituted with the opening of the fall term, it is announced by Dr. Bizzell, president of the college. These courses will prepare the student not only for work in more scientific and profitable agricultural and livestock production, but will prepare them for community leadership in affairs affecting every rural interest, including better homes, schools, churches, roads and every factor for the upbuilding of the rural communities.

PADEREWSKI FEARS ATTACK ON POLAND BY GERMAN TROOPS

PARIS, May 28.—Fears of a German attack upon Poland were expressed today by Ignace Jan Paderewski, the Polish Premier, who arrived in Paris from Warsaw last night. He said the Germans were active in a preparatory way and might strike in several places. The reports of pogroms in Poland were denied by the Premier. He declared that reports were purely German propaganda. With regard to the Ukrainian situation, the Premier asserted that the recent fighting was brought on by the Ukrainians, who signed the armistice May 11 and then attacked the Poles at two points May 12, forcing the Polish troops to defend themselves.

RUSSIAN WIRELESS DENIES PETROGRAD TO BE ABANDONED

LONDON, May 28.—A Russian wireless message today denies the report that the evacuation of Petrograd was due to its approaching evacuation. The dispatch declares there is no intention of abandoning the city and that reinforcements already sent to the Gatchina front, south of Petrograd, are succeeding in driving back the enemy.

Telegraph Brevities

KANSAS CITY, MO., May 28.—Unfavorable weather again delayed the jump of the Dallas to Boston squadron of army airplanes today.

PARIS, Tuesday, May 27.—Ignace Jan Paderewski, president of Poland, accompanied by Mme. Paderewski, arrived here late this evening.

WASHINGTON, May 28.—Republican committee assignments as agreed upon at the recent party conferences were presented to the senate today by Republican Leader Lodge.

PARIS, May 28.—The names of the Duke of Devonshire and General Jan C. Smuts are among those now mentioned as possible appointees as British Ambassador to Washington.

Spider Webs Are Interfering With Service of Cables

BUENOS AIRES, Tuesday, May 27.—Spider webs are working havoc with land ends of cable communication from Argentina, Brazil and parts of Chile to the United States, as well as interfering with interior telegraphic routes to South America. The ground spider spins a heavy web which the wind sometimes wraps around the wires. These masses become very damp during a humid spell and short circuits are thus caused where the wires are not protected by insulation. Large forces of linemen are following the wires across the pampas and the mountains tonight, removing the accumulations.

LATE RETURNS GIVE MAJORITY OF 5000 AGAINST SUFFRAGE

DALLAS, TEX., May 28.—Election returns late last night and today overcame a lead of more than 8,000 in favor of the woman suffrage amendment and gave a majority of more than 5,000 against the amendment. The count came chiefly from South Texas counties and there are 51 counties from which no word has yet been received. The latest count of the four amendments is: For prohibition 96,426; against prohibition 84,930. For suffrage 80,715; against suffrage 85,355. For raising governor's salary 76,794; against 188,691. For laws for home building 25,200; against 82,544. The indications are that approximately 200,000 votes were cast.

WOULD RECOGNIZE REPUBLIC OF IRELAND. WASHINGTON, May 28.—Representative Mason, republican of Illinois, has introduced a bill directing the expenditure of \$14,000 annually of State Department funds for salaries for a minister and consuls to the Republic of Ireland.

ROTARY MINSTREL AT WICHITA THEATER PLEASING SUCCESS

LARGE AUDIENCE DELIGHTED WITH PROGRAM PROVIDED BY DIRECTOR.

NEW AND NOVEL FEATURES

Performance Will Be Repeated Tonight and Again on Thursday Night.

Something new in the way of club theatrical productions was staged by the Rotarians and their friends Tuesday night, the first of their three performances of the Rotary Jubilee Minstrel, "Cats for Mice." The Wichita theater was filled to capacity, and the audience from the reception of the production was of the opinion that Dan G. Nolan had lived up to his promise, and that his production was original, attractive and entertaining. The minstrel was conceded to be one of the very best, if not the best production of the sort which has ever been put on in Wichita Falls.

It was a genuine treat to see the ponderous, dignified business men in rompers, their trousers, dusters and otherwise, bared to the breezes and the public gaze, romping through the chorus of "Mississippi" with Albert Hayes, daintily garbed in ruffled and "one-piece" straw sailor and white half hose, (distributed, of course in their proper places) singing the song which a certain little hapless ingenue made famous last season in ravedevilla circles. When I. H. Roberts, M. A. Bundy, A. A. Dickson, Jack Culbertson, Tom Smock, Ira Brown, J. M. McFall, M. M. Conner, Charles J. Johnson, Bert Benn, H. R. Voelcker, P. S. Richardson, J. R. Hlyen, Tom Bergin, T. H. Friedly and G. C. Handie, supporting "Albert," romped merrily about the stage, played leopards and performed other similarly undignified stunts, the audience simply went wild and called them back again and again, until their poor knees were all skinned up, some of them at least, in their frantic efforts to play more leopards and satisfy the audience.

LODGE DIRECTORY

Wichita Falls Lodge No. 225, A. O. U. W., meets every Friday night in each month. C. M. Crowell, W. M.; C. M. Dodgen, Sec.

the Wedding March, which concluded the Minstrel Act, with George Hodgins and R. H. Collier as the performers, but with four infantile negroes, dressed in blue and pink tulle, as the genuine attraction. Miss Margaret McMahon as soloist, and a number of young society girls and matrons, had one of the most attractive numbers on the program. The younger society folk, boys and girls, gave another extremely artistic number, "Sweet Little Buttercup" and Margaret Noble James and Ivan Murchison, assisted by a chorus, proved an attraction that was given profuse applause, singing "Wedding Bells." Two solo dance numbers, "Humoresque," by Miss Gertrude Friedly, and a Highland Fling by Miss Margaret Bray, were pleasing departures in the cabaret scene, and both young misses gave highly artistic interpretations.

Two visitors from Austin, Miss Para Byars and Cullen Massie, appeared in the cabaret scene, and in their novelty song and dance numbers, were very pleasing.

Mrs. Walter S. Robertson gave two song numbers, in her usual charming manner, and as usual was in splendid voice.

Miss Lucile Henderson, in black face, sang a negro dialect song.

And to make the program complete, Talbert and Hodgins gave an act, black face of course, but with an entirely new, though very familiar line. It was "Oll," and they were "Ollinairs," as they dubbed themselves.

More space could be given to each act, if space were a matter of telling how good they were, but this is not necessary, and to tell too much about what happened the first night might spoil the show for the second and third nights. So let's not say any more, except to say that the first part

POLICE ARREST A MEXICAN WANTED ON MURDER CHARGE

The local police department has put another feather in its cap by apprehending a Mexican wanted in Oklahoma City for killing an officer. The arrest was made by Officers Morgan and Bolcher at the railroad station just as the Mexican was attempting to leave town, and he was relieved of a Colt's 32 automatic. The arrest had been planned for several days and the suspect had been shadowed in the Mexican quarter.

In response to a message to the authorities at Oklahoma City announcing the arrest officers will be here today to take charge of the prisoner.

Marriage Licenses

The following marriage licenses have been issued: Joe Huddleston and Mrs. Elizabeth Huddleston. C. M. Yord and Miss Elva Kelly.

WICHITA CLUB TO BE IN EVIDENCE AT MINSTREL TONIGHT

The Wichita Club is expected to pull off a little stunt itself at the Rotary Club minstrel tonight. The club has reserved 50 seats down in front and promises to be there strong. Following the luncheon of the Wichita Club today the members held a conference at which the stunt was planned.

At today's luncheon eight applications for membership were favorably voted on including A. E. Murdock, C. B. Felder, W. H. Walker, B. D. Sartain, J. Lem Keevil, W. R. Duke, E. H. Eddleman and L. Mackethney. Lee Prescott the new commissioner of the Burkburnett precinct, was a guest. He told what he was trying to do to improve the roads in the Burkburnett district and was warmly applauded.

Curtis Hancock told of the progress in the campaign for the road bonds and expressed the belief that the bonds would carry if those who favored them would only vote.

Bitter or Better Baking

A letter makes a great difference in a word. A word makes a great difference in baking powders.

If the little word "alum" appears on the label it may mean *bitter* baking.

If the words "Dr. Price's" stand out bold and strong, they surely mean **BETTER** baking.

This is only one reason why it pays to use

DR. PRICE'S CREAM BAKING POWDER

Made from Cream of Tartar derived from grapes

Contains No Alum—Leaves No Bitter Taste

The Victrola makes your outing complete

Oh! the joy of these days in the open, when with the beauty of green trees and fields, and the merry swish of laughing waters you may have the voices of the world's greatest artists blend in tuneful harmony! The Victrola carries them with you wherever you go. It plays the music you like the best—opera arias, popular songs, band music, orchestra selections, ragtime—and it furnishes the latest and best music for dancing.

Drop in and let us give you a demonstration.

NINETIETH DIVISION PRAISED BY GENERALS PERSHING AND LIGGETT

The 90th Division, now out of Germany and waiting to sail, if not by now actually on the water, home-ward bound, received a special letter of commendation from the Commanding General, General John H. Pershing, on April 20, following the inspection and review of the division before General Pershing April 23. The division also received a letter of commendation on May 2 from Lieutenant General Liggett, commanding general of the army of occupation. A copy of both these letters have been received by the Times, from H. W. Feagler, of general headquarters, 90th Division. There are many Wichita Falls and Wichita county men in the 90th Division, for this reason these letters will be of much interest locally.

Gen. Pershing's Letter.
Major General Charles H. Martin,
Commanding 90th Division,
American E. F.

My Dear General Martin:

It gives me much pleasure to congratulate you and through you the officers and men of your division on the splendid appearance that it made at its inspection and review on April 24 at Wengeroch. The smart appearance of personnel and the good condition in which I found the horse transportation and artillery are signs of the high morale that permeates all ranks. This is only what one could expect of a division which has such a fine fighting record.

Arriving in France towards the end of June, 1918, it underwent, until the end of August, the usual course of training behind the line. It was then placed in the Villers-sur-Sudre sector and there took part in the St. Mihiel offensive where it attacked the strong positions on the Hindenburg line immediately to the west of the Moselle River. In these operations it was entirely successful, capturing the Bois-de-Rappe, occupying the town of Vilcy-sur-Trey, the Bois-de-Prele and the Forest-de-Vencheure, and advancing to a depth of 6 1/2 kilometers. On the night of October 21 the division entered the Meuse-Argonne offensive, taking the town of Bantreville and the high ground north and northwest of that town. In the tremendous attack of November 1, it continued its splendid record, piercing the Freya Stellung, crossing the Meuse and taking 14 villages in its very rapid advance. The Carriere Bois, the Bois-de-Haux, Hill 243 (the capture of which was vital to the advance of the division on the left) and Hill 221 were the scenes of desperate fighting on the opening day of the attack. On November 2, Villers-devant-Dun was taken and the following day the Bois-de-Montigny, Bois-de-Tully, Bois-de-Mont, Bois-de-Senssey and the town of the Montigny-Sassey were taken, a very deep and rapid advance being made. On the 4th, Hales was occupied. By November 10 the infantry had crossed the Meuse and the sector of Mouzey was taken. The division was pressing the enemy hard at the time of the signing of the armistice.

As part of the Third Army the division participated in the march into Germany and the subsequent occupation of enemy territory. I am pleased to mention the excellent conduct of the men under these difficult circumstances as well as for their service in battle. They are to the credit of the American people. I wish to express to each man my own appreciation of the splendid work that has been done and the assurance of my continued interest in his welfare.

Sincerely yours,
JOHN H. PERSHING,
From General Liggett.

From General Liggett.
To: Commanding General, 90th Division.
Subject: Appreciation of Services of the Division.

The army commander takes this opportunity on their separation from the Third Army, to express to the commanding general, the officers and the men of the "Texas-Oklahoma Division" his appreciation of the excellent service rendered by them while under his command during the St. Mihiel offensive, the Meuse-Argonne operation and in the Army of German Occupation.

At St. Mihiel the division went forward with a dash and energy that carried all before it, taking those redoubtable fortresses west of the Mo-

BASEBALL TEAM OF 36TH DIVISION WILL PLAY HERE

The Thirty-Sixth division baseball team which has defeated practically every A. E. F. team in France will play in Wichita Falls soon after the division gets home, according to E. Leopold, manager for the Loeb-Leopold team now organizing here. Mr. Leopold has received a letter from Eddie Palmer, manager for the 36th team, asking for a game here. It is needless to say that Mr. Leopold is anxious for the engagement.

The Thirty-Sixth's players are practically all former professionals, recruited from the Texas and American leagues. Among the players and the teams they played with are: Catchers Harkins of Waco, Woodall of Fort Worth and Hornbuckle of Wichita Falls; Pitchers Hill of Philadelphia, Appleton of Brooklyn, Petz

of Cleveland, Zinn of Waco, Weiss of Copper League; first base, Fullwider of Western Association; second base, Palmer of Dallas; shortstop, Hughes of Sherman and Dallas; third base, White of Copper League; left field, Singleton of Three-I League; C. F. Miller of Denver and Waco; R. F. Ogden of Copper League.

This team has won 55 games and has lost but three in the two years the division has been organized. Games have already been arranged for in a number of Texas and Oklahoma cities before the players rejoin their professional teams after their return to the United States.

REV. GRAFTON TO PREACH COMMENCEMENT SERMON
Rev. and Mrs. N. F. Grafton leave tonight for Leonard, Texas, where Mr. Grafton goes to preach the commencement sermon for the High school.

PIANO DUETS TO BE PRESENTED IN RECITAL
Mrs. S. M. Foster will present a number of piano pupils Friday night at high school at 8:30, assisted by Bernice Martin reader, little One Bell, Britain and Gertrude Friedly, dancing pupils of Mrs. E. L. Fulton. The music loving public is cordially invited to attend.

The First National Bank of Burkburnett, Texas, with capital and surplus of \$150,000.00 has abundant facilities for handling pay rolls of oil operators. As indicated by our deposits we are handling the business of many companies satisfactorily. eod

WHEAT HARVEST HAS ALREADY BEEN STARTED
Wheat harvest has already begun in Wichita county. Binders are reported to have been started in the vicinity of Electra and in the Allen-dale community.

The ground is soggy and the binders frequently choke up but many farmers are rushing to get their wheat in the shock as soon as possible fearing that a beating rain and wind would knock down the straw so that it would not rise again.

BREVITIES
G. D. Anderson has remodeled his building on Hill street, to the rear of the Palace Drug store, and rooms therein are now available for office purposes.
Mr. and Mrs. O. B. Womack have returned from Dallas where Mr. Womack had gone to arrange for the removal of the Northwestern office on June 1st.

GRATIFYING TO AMERICANS.

In being the first to succeed in crossing the Atlantic ocean in an aircraft, Commander Read and his crew have attained distinction that will make them almost as famous as Columbus, Magellan, LaSalle, Peary and those other great explorers and adventurers, whose names will live as long as time endures.

To Americans their success is particularly gratifying. The trip was undertaken under the auspices of the American government, machines entirely of American manufacture were used, and Americans made up the crew. Their success attests the worth of American aircraft, the skill and resourcefulness of American aviators and the efficiency of the American navy, which conducted the flight. Machines less substantial and powerful could not have made the flight, aviators less skillful and efficient and daring could not have succeeded and a government less prepared and less interested in the progress of aviation could not and would not have undertaken this epoch-making adventure.

While Americans feel gratified over the success of the flight, they do not fall to pay tribute to those daring and gallant Britons, Hawker and Grieve, who with nothing to fall back upon, or rather into, than the sea, flew out over the Atlantic in an attempt to make the passage in a single continuous flight. They placed their sole reliance in themselves and in their airplane. No one who read of their start on their adventure but hoped they would succeed, even if their success would have meant that the honor of being the first to cross the Atlantic in an aircraft would thereby come to Britons instead of Americans. That they failed to win success does not in any way detract from the quality of their daring. All the world rejoices over their unexpected rescue from the sea.

The success of the American crew will be an incentive to others to attempt the flight. Doubtless some will fail, but many will succeed. The air will be charted, courses laid out and routes established, and within a few years it is quite possible that no more will be thought about flying across the Atlantic than is now thought about flying from Wichita Falls to Fort Worth or other nearby center.

PROVIDE SOMETHING SUBSTANTIAL.

The men of the Ninetieth and the Thirty-sixth divisions will soon be home. Most of them will find their old jobs waiting for them here. If there are any who do not find work waiting for them, this community ought to see to it that work is provided for them.

We must welcome them home with a glad demonstration, but having employment ready for them is more important than any kind of a demonstration could be.

The Plain Truth.
Three times in the past six days has our attention been called vaguely to the wearing of the United States army uniform by men who never were in the service; men who never even did what they could in an American training camp, but who now are brazenly, impudently wearing the uniform made sacred in a world war for world cleanliness; men who have lied in stating they were in the service, but who have continued in army dress after the lie has been discovered, and men, also, who with a laugh at their lips have admitted they never served

from home throughout the period of the war.
We cannot point to these men, for their identities at this time are not known to us personally. But they are contemptibly vile in what they have done; they should be singled out and a public example made of each—and the man who protects them by refusing to make an issue of the matter when it is called directly to his attention is in the same contemptible class.

The Uniform.
The uniform such a little thing
That those who have laughed and
had their fling;
Who stayed at home, although young
and strong,
Lacking the courage to, right a
wrong;
Who never enlisted and never cared,
Who, chasing excuses, brazenly
dared
To remain behind while pluckier men,
With courage beyond the slackers'
ken,
Sacrificed all, with faith to yield
Even their lives on Flanders field,
That the world might be a happier
place.
Freed from the thrall of a brutal
rascle—
That little children, and not the Hun,
Might find at home their "place in
the sun"—
Are we fair to the graves of those who
fell
Their faces fronting the Argonne
bell?
When men have suffered, have braved
ly died;
Have gone to the limit, at least have
tried,
Is the uniform such a little thing
That those who have laughed and
had their fling
Can wear it now?—Have we left no
pride
To strip the cloth from the slack-
er's hide?
Dear God above, has the spirit fled
—That we bear this insult to our
dead?

A Serious Column.
This Column primarily is for the purpose of enlightening the serious side of newspaper work; a Column created for the entertainment and amusement of The Times' readers. Perhaps it falls quite frequently in its efforts to entertain and amuse—today, we know, it will fall utterly. For it ceases for the day, without one lone attempt at levity; to combine jesting with the subject treated in today's Column would be blasphemous.

THIRTY-FOUR MILLION IN CENTENARY DRIVE

By Associated Press
NASHVILLE, TENN., May 28.—Official reports today from the Southern Methodist centenary drive show \$34,000,000 subscribed with four more conferences over their allotment including St. Louis and Little Rock.

Notice.

Any person having any claim against H. D. Mitchell or the Burk-Ta Oil Company growing out of the sale of stock in said company, will please present their claim to the undersigned, as Mr. Mitchell is out of the state and I am looking after the matter in his absence.—W. F. WEEKS, Attorney.

Why I Favor Good Roads

You now have 108 miles of grade ready for the hard surface, which will be a loss unless completed, and we need the roads.

It has been asked why the roads were not completed under the first contract. The traffic over the roads had become so heavy that the commissioners' court did not believe that this class of road would stand up under it. The business men of the county thought the same thing. Your state and national engineers were before the court, after looking over the situation, and recommended cancelling the first contract and building a heavier road, as they would not feel like recommending state and federal aid under present conditions.

We need this state and federal aid here, but we have got to come across with our part before we can get it.
Out of the first \$750,000 bond issue, we have the 108 miles of grade, part of the concrete bridges in and something like \$600,000 in the bank. This money was voted for a specific purpose and cannot be used except on the roads. The only thing to do it to vote the other bonds, and go ahead and finish your road system.

What will be the consequences if the bond issue is defeated? We will take the Burkhardt precedent, for instance. There are about 200 miles of road in that precinct; it has been getting about \$5,000 per year from the road fund—has about \$9,000 this year. How long will this last at the present prices for feed, for teams, for labor and for lumber for bridges? No doubt it will take \$1,500 or \$2,000 to replace the bridges that are now out in that precinct. So you can criticize your county commissioners until you are black in the fact, but as long as you don't furnish them anything but fifteen cents and a barlow knife with which to build roads you will need a porous plaster on your back after every trip you make over them.

There is the greatest road-building campaign this country ever has seen. It will only be a few years until you can start at the Gulf of Mexico and go to the Great Lakes over a hard-surface road, and from Florida to California over the same kind of road. Every county in this state is voting bonds to build roads. Wichita county cannot afford to be left out, as it is in greater need of good roads than any other county in the state.

From a financial standpoint the wear and tear on your cars, wagons, trucks and other vehicles will be lessened sufficiently to pay your taxes on good roads, not to mention the greater loads you can haul and the amount of time saved.

Yours for the bonds and good roads.
R. L. EMDS,
Former County Commissioner.

CALGARY BUSINESS NOT NOTICEABLY DISTURBED

By Associated Press
CALGARY, ALTA., May 28.—Business was not noticeably dislocated today by the general strike. Street cars were operating and lighting plants, theaters and hotels were conducted as normally.
Volunteers are at work in the post-office and more will be added, it was said. About 200 of the former government employees are on strike.
Conditions at Edmonton were reported as more serious. The street cars had stopped, restaurants and hotels were closed or badly crippled and the electric lighting system shut down. Police and firemen were said to be working under orders from the strike committee.
Calgary newspapers continue to publish.

FOLKS are a heap like tobacco. Thar's hot-headed, bitey folks. Thar's flat, uninterestin' folks. An' then thar's folks like Velvet—mild, but hearty an' fren'ly, too.

THE FRIENDLY TOBACCO

"Friendly" is a very good word to describe the positively pleasing quality that sets VELVET tobacco apart.

There is that indescribable something about VELVET that is associated in men's minds with the thought of a friend.

It is a satisfying smoke—never harsh; without a bite. Like a friend it "agrees" with you no matter how much you use it.

Long, patient ageing—in wooden hogsheads—does it. Friendship must ripen slowly. Good tobacco the same way. An army of men have learned this through VELVET.

Today is a good time to get a lot of comfort out of a pipeful of friendly VELVET.

Roll a VELVET Cigarette
VELVET'S nature—gentle mildness and smoothness make it just right for cigarettes.

Women's Cotton Dresses in Charming Summer Styles

This promises to be a season of high popularity for cotton fabrics in summer frocks—superinduced by the smart patterns in so many effective cotton tissues—next, because the designers have put so much more art than usual into the simple dresses.

See the dainty Cotton Dresses for wear in the mornings.

See the delightful styles for afternoon wear.

See the exquisite frocks that so many women will wear on most evening occasions.

All ready to put right on—and usually quite as distinctive as though they were made to your order.

Market Report

COTTON MARKET

NEW YORK, May 28.—The cotton market recovered a good part of yesterday's losses during today's early trading. Realizing was less active after the heavy general selling of the previous day and the opening was strong at an advance of 46 to 50 points in response to unexpectedly firm cables, further rains in the South and reports that more ocean tonnage was being allocated for cotton by the shipping board. July contracts sold up to 32.70, October to 31.70 and December to 31.20 shortly after the call, or 74 to 90 points net higher.

The weekly crop report was quite as bullish as expected but had evidently been discounted and the realizing attracted by the initial advance caused reactions of 35 or 40 points before the end of the morning. There was a good deal of buying on a scale down, however, and the market was quiet but steady around mid-day with July ruling at about 32.40 and October at 31.44, or 50 to 68 points net higher on the general list.

After selling off to 32.10 for July and 31.15 for October, or about 55 to 60 points from the early high level under another flurry of realizing, the market again steadied on covering and reports of a continued good spot demand.

Cotton closed barely steady.

NEW ORLEANS, May 28.—

Sensationally good cables caused heavy buying on contracts on the opening of the cotton market here today. In the first half hour of business prices rose 81 to 95 points, July touching 32.53.

The weekly crop reports were considered as unfavorable as expected but they appeared to have been discounted by recent advices. At noon prices were 28 to 51 points off from the top, but were still 40 to 44 points over yesterday's final quotations.

A quiet but steady market developed. At 1 o'clock the market showed net advances of 56 to 64 points.

Cotton closed steady, five points up to 15 down net.

LIVERPOOL Cotton.

LIVERPOOL, May 28.—Cotton spot in good demand; prices firm. Good middling 21.50; fully middling 21.00; middling 20.40; low middling 18.85; good ordinary 17.20; ordinary 16.67.

Sales 12,000 bales, including 8,000 American.

Receipts 12,000, none American.

Futures closed irregular: May 20.82; July 19.80; October 18.51; January 17.92; March 17.62.

GRAIN AND PRODUCE

By Associated Press.

CHICAGO, May 17.—Although May delivery of corn rose today to the highest price yet this season owing to covering by shorts, the market weakened later because of enlarged receipts. Opening quotations, which ranged from 1/4c to 1 1/4c advance, with July 1.66 1/4 to 1.67 and September 1.55 1/4 to 1.59, were followed by a decided setback all around to the same as yesterday's finish or to well below.

Oats were governed by the action of corn. After opening 1/4c down to

1 1/4c to 1 1/2c advance, including July at 1.68 1/4 to 1.69, the market underwent a material sag.

Provisions swayed with grain. Later the market rallied again because of renewed covering by shorts. Nevertheless, the close was weak. 1 1/4c to 1 1/2c net lower, with July 1.55 to 1.56 1/2 and September 1.57 to 1.57 1/2.

Subsequently packers buying of lard tended to lift prices for that article.

Poultry: alive: unchanged.

NEW YORK STOCKS

By Associated Press.

NEW YORK, May 28.—Shipping, oil and food shares were the conspicuously strong features at the opening of today's stock market, other recent favorites, especially the automobile division, being relatively backward. In the first half hour's trading Marine Preferred, American International, Mexican Petroleum and American Sugar recorded gains of 1 to 4 points. U. S. Steel made only moderate progress but related shares and equipments were firm to strong with copper and tobacco. Changes in the railway list were mostly nominal.

Price changes became more confusing during the mid-session. Marine preferred losing all its rise and other active shares falling one to three points. Food and chemical issues continued to advance, however, especially Wilson, corn products, cotton oil and linseed. Equipments and leathers also made substantial gains.

Industrials infused further activity

and strength to the list in the last hour. U. S. steel making a new high record for the year at 109 1/2, but another reaction followed quickly. The closing was irregular.

Final prices on Liberty bonds today were: 3 1/2's \$9.40; first 4's \$9.66; second 4's \$9.80; first 4 1/2's \$9.92; second 4 1/2's \$9.99; third 4 1/2's \$9.92; fourth 4 1/2's \$9.46; Victory 4 1/2's 100.

Chicago talks it over with Seattle

"Good morning, Western friend! How go those shingle mills these days? It's your good red cedar that covers so many house-tops here. And your oriental trade? Is it looking up? Smoke an Owl, won't you?"

"Thanks," replied Seattle, "for the Owl—and other things. Thanks for your fine fresh meats. Thanks for your iron, your steel. And your railroads bring my ships many a fine cargo."

Great travelers, these two cigars, Owl and White Owl. Well known and well liked all over the old U. S. A. The reasons? Mellow fragrance and new dependability. You'll find pleasure in the proving.

ARE YOU A DREAMER?

DO YOU LIE AWAKE NIGHTS, PERMITTING YOUR IMAGINATION TO RUN RIOT, picturing yourself in some wealthy man's boots, and doing the 101 things you would like to do—if you had the money.

Wake Up!

THERE IS NOTHING IN DREAMING—What are you doing to make a fortune?

No man ever accumulated wealth through his own labor and effort, regardless of whether he works for a salary, cultivates the soil, practices a profession or any other vocation.

He may accumulate a pittance and may never lack the actual necessities of life—But he'll never enjoy luxuries.

Wealth is born of investment. The successful man is the man who makes his MONEY work for him. If he has big resources he can loan his money out at good interest but the ordinary man who has reached middle age and has only a few hundred or thousand dollars to his credit must adopt a quicker method if he is ever to be on Easy Street, he must make an investment offering unusual profits.

We are offering such an investment just at present in the

BURK EXTENSION OIL CO.

Which is simply a group of men who are chipping in to DRILL FOR OIL ON A 500 ACRE LEASE IN TILLMAN COUNTY, OKLA.

We invite you to join us. If we hit oil we are all comfortably fixed for life. Our hundreds will swell to thousands, and if we don't hit oil we can still sell our holdings for practically the capitalization of our company.

WHAT MORE COULD YOU ASK?

You are assured of a square deal, a good run for your money and quick action.

Our books are being handled by the "GUARANTY REGISTRY & TRUST CO., of Wichita Falls, showing you where every dollar will be spent.

Our derrick is up and drilling to start just as quick as we can get a rig on the ground.

ARE YOU WITH US?

If not your opportunity like your life is slipping away with every hour.

You owe it to yourself, to your wife and children if you have any, and it costs you nothing to investigate. Do so now, it is good enough for some of the most successful men of Wichita Falls and when you learn the details you will be glad to join them. But you'll have to HURRY. Propositions like this don't last long.

Come in or mail that check today. Wire reservations of stock.

Oil News

200 BARRELS AT 800 FEET IN BLOCK 10

With the drill only one foot in the sand, the Burkett Vanleave, No. 1 Ferguson, in block 10, D. N. Ferguson subdivision, has been flowing steadily since Sunday, and an estimate of 200 barrels has been put on the production when the sand is drilled. If the log is true to the log of other wells in this vicinity, according to F. D. Woodruff, this is the first production that has been found in the 800 foot sand, but another test drilled some time ago showed a 15 foot sand at this depth, though this sand was not tested, the hole being drilled with a rotary. If the test shows this amount of sand, and a production half as good as with only one foot of sand drilled, it is estimated, 500 barrels will be a conservative estimate.

LITTLE CHANGE IN PRODUCTION FOR WICHITA DISTRICT

Owing to the bad weather, the daily production of oil fields in the Wichita Falls district for the past week showed little change over the previous week, showing an average daily production of 75,125 barrels. There were several new producers added during the week, both in the new Waggoner and the Burk Burnett townsite pool, but Burk Burnett's production is around 62,000 barrels daily, a little off from the figures of the previous week. Electra's daily production for the past week was around 12,000 barrels; Iowa Park, 325 barrels; Peoria, 400 barrels, and Holiday, 200 barrels.

TEXAS CHIEF FILLS 500 BARREL TANK IN FORTY-FIVE MINUTES

Shooting a stream of oil 20 feet over the derrick, the Texas Chief, No. 1 Parker, in block 97, came in Tuesday afternoon. The well in 45 minutes filled a 500 barrel tank with the first flow, it is stated by those at the well, and from all indications it will be as good, if not better, than any yet drilled in this new pool. The well was drilled in with a rotary by Rex Cannon.

GRAY GANDER WELL DRILLING BELOW 1500 ATTRACTS ATTENTION

The Gray Gander well in block 88 is now attracting much attention. The well is down more than 1500 feet. The well is located north of Thrift No. 2 and is south and east from the new Texas Chief well. It is believed that the Gray Gander is deeper than any other well on block 88, which is soon to be the scene of intensive operations.

W. O. Williams is secretary of the Texas Chief company and Henry Hobbs, resident. Officers of the company have issued an invitation to the public to visit the well.

CHASE-MCCOY COMPANY HAS STARTED DRILLING

The Chase-McCoy Oil Association has started drilling on block 88.

BOB BREWER WELL FLOWS 1800 BBLs.

The Bob Brewer, No. 2 Waggoner, has been completing an oil well at the rate of 1,800 barrels daily. This is Mr. Brewer's second well in block 84 to be completed in about a week's time, the first one being about a 1,500 barrel well.

J. O. POLHEMUS General Contractor and Builder. He-informed concrete masonry and nice residences a specialty.

HEMSTITCHING AND BUTTONS COVERED. MRS. PAUL FOWLER, 603 Scott Avenue.

M'ELROY OIL COMPANY PAYS DIVIDEND TODAY. The McElroy Oil Company is issuing checks for a 10 per cent dividend today. This company is operating in block 1, Akers addition, Burk Burnett townsite.

The next time you buy calomel ask for

Calotabs

The purified calomel tablets that are entirely free of all sickening and salivating effects.

Medical virtues vastly improved. Guaranteed by your druggist. Sold only in sealed packages. Price 35c.

YOU FEEL LAZY WHY?

If you desire to turn ill-tempered laziness into keen ambition, you can.

You see other folks enjoying their work, while you drag wearily and by sheer force of will MAKE YOURSELF carry on your duties.

It's something that's destroying your vigor, and you will continue to have that LAZY, good-for-nothing, unaccountable feeling just so long as you allow those peevish poisons to saturate your system.

KID YOURSELF OF ENERGY-DESTROYING CONSTIPATION. You can be energetic, strong, ambitious. And it will not be necessary to take nauseating, sickening, griping medicine—take

RICH-LAX according to directions and constipation MUST GO, and without in the least disturbing the diet.

RICH-LAX cleans you out—but it does not leave you in a condition to be "come constipated again." It very gently removes the bodily poisons, and gives you that wonderful feeling of keen ambition necessary to success.

Insist on having RICH-LAX and authenticity. Large bottles 50c; small bottles 25c.

WANSBURY'S DRUG STORE.

GEORGETTE BLOUSES

NEW SKIRTS

Just received—They are beauties!

\$4.95 to \$18.50

NEW DRESSES ARRIVING DAILY

Boys' Wash Suits

\$1.49 up

Worthy of Special Mention

New **WIRTHMORE WAISTS** at \$1.50
New **WELWORTH BLOUSES** at \$2.50

As advertised in the May Issue of the Ladies Home Journal

—have just been taken from their boxes and will be placed on sale tomorrow. They are quite the prettiest and daintiest blouses at these modest prices that have ever come our way—they establish a new and higher standard of values for these two nationally favored lines.

—WIRTHMORE WAISTS and WELWORTH BLOUSES always have much to commend them, and we believe that if every woman was acquainted with their exceptional worth, their attractiveness of style, their superb workmanship, as well as with the happy and wholesome conditions under which they are made, they would purchase them repeatedly, just as the great army of admirers are now doing the nation over.

—Another very important thing to remember in regard to these Blouses is that the same new styles are placed on sale in our store on the very same day that they first make their appearance in the recognized Style Centers of the Country, and that they are ALWAYS sold at the same moderate price.

Sold in just one good store in every city, and in this city sold here only.

The name of our store will be Anderson's after the first of July.

DEMOCRATS FAIL IN PLAN TO SPLIT REPUBLICAN VOTE

By Associated Press.
WASHINGTON, May 28.—Repeated efforts of the democrats to force separate votes on senate committee chairmanships failed today in the senate by solid party alignment and the republicans finally put through their slate of committee assignments, including Senators Penrose, Pennsylvania, and Warren, Wyoming, as heads of the Finance and Appropriations committees, respectively.

The vote on the republican's assignments was 49 to 42, and was reached after three hours of sharp contest between republicans and democrats, the latter failing to secure separate votes on chairmen. After the republican slates were approved, the democratic minority assignments also were adopted.

W. J. Davis and wife to W. J. Morrison, lot 11, block 101, Wichita Falls, \$2,200.

FOOD COSTS MORE DONT WASTE IT

Make full use of your ice chest and our pure ice will save you more—will do more to help you hold down the High Cost of Living—than any thrift habit ever introduced among thoughtful people.

Food costs more. Don't waste it. How best can you save it?

By keeping your meats and milk, your vegetables and fruits in a clean, cool place of unvarying low temperature. By keeping these delicacies fresh and palatable so that if some be left over until tomorrow, they will lose none of their flavor.

Your ice chest and our pure ice save you many a dollar. They not only save food but they make all food taste better. They keep the home folks well. They are your protectors against the ills of hot, sultry weather. Get a coupon book from the driver tomorrow and take ice regularly. A coupon book good for 500 lbs. costs only \$2.75. Saves you 25c on every 500 lbs. of ice.

OF INTEREST TO SPORT FANS

SELECTING REFEREE IS OVERSHADOWING ISSUE AT TOLEDO

By Associated Press

TOLEDO, OHIO, May 28.—The big town ward politician with his checkered vest, smoldering cheek and frowning voice is a shrinking violet compared with some of the "campaign referees" of candidates for referee of the Willard-Dempsey fight July 4.

The serious question of selecting a referee for the championship battle for the time overshadows all other issues. It has brought to the city a small army of campaigners who patrol the hotel lobbies and other places where ring followers gather and loudly extol the merits of their respective candidates.

"Say, I'm representing Honest John Hossit, the world's greatest referee, and I want you boys to plug for him," is the way every conference of fight attaches is suddenly interrupted. The oration is continued until the audience fairly wilts under the verbal barrage.

Meanwhile, the conferences of experts have developed the unanimous opinion that the third man in the ring when the champion faces Dempsey in Tex Rickard's \$100,000 arena at Bayview Park should weigh at least 200 pounds. He should also be a six-footer, active on his feet. He should have years of experience in giving decisions, and after having met all physical qualifications should have the courage to give a just verdict at the end of the twelve rounds in event both men are on their feet.

Some ring experts point out that in previous battles Willard has shown that he is a past master in the art of "waiting his man out," holding back and being content with a small margin of victory. They say that the referee must be physically able to prevent this if the fight is to be made intensely interesting.

To retain the heavyweight title Willard must knock out the challenger, or show sufficient aggressiveness to win the decision, and his followers declare that he will do this by changing his "out-waiting" tactics to a flashy offensive.

The champion probably will have fifty or sixty pounds the better of Dempsey in weight. He is expected to scale about 249 ring-side, and Dempsey about 195.

The boxers themselves will agree upon a referee if possible, but in event of failure, Rickard will make the selection under authority granted by the agreement. He probably would not take such action until two weeks before the fight. While Rickard has

been silent on the subject, it is known that he favors Bill Brown, a New York ring official of years of experience. There are also several referees of Pacific Coast fame entirely satisfactory to Rickard.

Virtually every referee of prominence has been mentioned, and many "dark horses" have been placed in dim spot lights by their advance agents. The list of well known referees includes Matt Hinkel of Cleveland, who is popular with the boxing fraternity; Ollie Pecord, of Toledo; "Honest Dave" Fitzgerald, a former alderman and ring official of New Haven, Conn., and many others.

Jack Kearns, manager of the challenger, says he does not care who is chosen "so long as he knows his business and keeps the men pasting away at each other."

SOLDIERS TO SERVE AS FIGHT POLICEMEN

By Associated Press
TOLEDO, OHIO, May 28.—Eight hundred former soldiers will be deputized as special police and serve as ushers for the heavyweight championship contest between Jess Willard and Jack Dempsey in the Bayview Park arena here July 4. Tex Rickard, promoter of the contest, announced today.

These men have all seen service overseas as members of the Thirty-Second Division. They will be armed. Rickard was advised today that Willard will come directly to Toledo, instead of stopping off for a day's visit at his home in Lawrence, Kan. The champion is due here June 4 to begin training. Ad Q. Thatcher, matchmaker of the Toledo Athletic Club, has practically decided upon leasing a \$30,000 cottage on the shore of Ma-

me Bay for Willard's training camp. The proposed camp is located about two miles west of Dempsey's quarters. The deal will not be closed, however, until the arrival tomorrow of Ray O. Archer, Willard's business representative.

American Officers Find Frightful Conditions in the Battle Provinces

By FRANK J. TAYLOR
(United Press Staff Correspondent.)

BERLIN, (By Mail).—The bolshevik fighting in the Baltic provinces is the most hateful of all, according to American officers returning from missions there, who tell of the ghastly almost unbelievable cruelty on the part of the bolshevik mercenaries. Neither side is showing mercy now, according to latest reports.

A number of phases are cited to account for the exceptional bitterness of the Courland and Lithuanian fighting. The bolsheviks are faced around Riga by German volunteer divisions, with whom a number of Letts are fighting. The German divisions are known as the Baltic army and is supported from German headquarters. The campaign is conducted in accordance with the armistice terms, say the officers. Part of the Germans are known as "Balts." The "Balts" are the German population of the Russian provinces north of Prussia. They are descendants of a wave of Germans which swept into the Baltic provinces of Russia in the 13th century. In the course of time the Germans, though a very minor portion of the population, came to own practically all the property. They are called the "Baltic Barons," and own everything through a feudal system which has lasted from the middle ages. The people are mostly Letts, some of whom are in favor of the "Balts" and many of whom are not. The "Balts" lean toward Germany in their sympathies and are hated especially by the bolsheviks of Russia.

When the revolution came in Russia, the "Balts" organized and began a telling campaign against the bolsheviks. During the last year they have held the bolsheviks out of most of the "Baltic Baron" territory, and since the armistice have been materially helped by the volunteers recruited in Germany. Their resistance has especially angered the Russians, who want to free the country of Germans. According to Americans who have been in the region, Trotsky has sent his best troops against the "Balts." The bolsheviks have fought like barbarians, and according to reports, have wiped out entire towns, when they were able to take them, to end the "Balt" influence. It is claimed that more than 5,000 were murdered when the bolsheviks took Riga. Entente officers have investigated many of the reports of cruelty, and verify statements that men, women and children have been victims of the bolshevik mercenaries, many of whom are Chinese. When an American food commission arrived at Libau,

it found thousands of defenseless women and children put on islands left to starve because they favored the "Balts."

The American mission officers, who are doing their best to get food to the starving population, blame the bolshevik army for the atrocities. Photographs, too horrible to look at, show the awful methods of the savage mercenaries, who are not expponents of any idealism which the bolshevik leaders may profess, but are fanatics.

The Baltic fighting is probably the most savage and barbarous in the world today, due to the bitter feeling on both sides. The "Balts" have exploited the people, thereby provoking hatred unequalled anywhere. On both sides the armies are well fed. Some of the "Balts" would prefer to exploit the land, while the population is starving.

Behind the "Balt" army, the governments have changed from time to time in localities. At present the "Barons" are largely in control, though recently a republic was in sway. The Letts for the most part prefer to belong to Russia, but hate the bolsheviks, and therefore are fighting for the "Balts," who have preserved the numbers and names of the old Russian regiments from the region for the sake of stirring up national feeling. Some of the "Balts" would prefer to adhere to Russia politically, but are afraid of the bolsheviks. Others are out and out Germans, and plans are under way for joining the provinces to Germany when an opportunity comes later.

How to distribute the food and which government to support is a puzzle to the food missions from the Entente sent to Libau and Memel to care for the populations. On both sides of the lines the populations are starving, while the military organizations of mercenaries are ravaging the lands.

Mother and Daughter Doing Well.

"Mother and myself, taking the advice of some kind friends, are taking Mayr's Wonderful Remedy for bad stomach and liver trouble and bloating. The medicine is right and well named 'wonderful' for such it is. It has certainly done wonders for us both." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

WOMEN ASK FUNDS FOR FOREIGN HOSPITAL WORK

By United Press.
NEW YORK, May 28.—With traveling medical units promised for immediate relief in Serbia and the Far East, the American women's hospitals, the official war agency of the Medical Women's National Association, is conducting the last week of a nationwide campaign for \$250,000, with committees in more than 20 cities and towns working towards the quotas assigned each state. New York and Illinois lead with quotas of \$50,000 each, Massachusetts and Pennsylvania have \$40,000, California, \$35,000, Michigan, Missouri, Ohio and Wisconsin, \$10,000 each.

LARGE LAND DEAL IS CONSUMMATED AT VERNON

Special to The Times.
VERNON, TEX., May 28.—One of the largest land deals of the past few months has been consummated here whereby a number of local men purchased the P. C. Staley farm, 19 miles northwest of Vernon, for the consideration of \$50,000. The farm contains 430 acres and royalties on 1,400 acres previously sold by Mr. Staley, are included in the deal. The Staley well, drilled last year and finally abandoned is on the land bought by the local men. It is said that good oil indications were found at a lesser depth than at which the well was abandoned.

AWARD HAWKER AND GRIEVE AIR SERVICE CROSS

Are Bestowed by King George When Aviators Are Received at Palace

ARE FIRST RECIPIENTS

Is First Time This Distinguished Honor Has Been Actually Bestowed

By Associated Press. LONDON, May 28.—Harry G. Hawker and Lieutenant Commander Mackenzie Grieve were received by King George at Buckingham Palace this morning.

King George bestowed on Hawker and Grieve the insignia of the air force cross. They are the first actual recipients of this order.

By Associated Press. LONDON, Tuesday, May 27.—The Sopwith airplane driven by Harry G. Hawker on his unsuccessful attempt to fly across the Atlantic, started from St. Johns with a gasoline supply of 340 gallons. Half this amount had been used when the airplane alighted in the sea near the Danish transoceanic steamer Mary.

In talking of the voyage, Lieut. Com. Mackenzie said today that in his opinion the future of aerial navigation lies in the perfection of wireless equipment for airplanes by which they may be guided.

By Associated Press. LONDON, Tuesday, May 27.—Describing weather conditions and how his airplane ran into strong northerly winds, Harry G. Hawker said to a representative of the Daily Mail:

"The weather was no hindrance and we should have made the flight but

for the trouble occasioned by the water boiling in our cooling system. We could have got through the worst of the weather in a couple of hours." "The wireless was not a great success," Lieutenant Commander Grieve said. "We had a new set from England, but a trial flight with it was impossible owing to the danger of rickling the machine on the limited airplane space. On starting we found the spark very feeble and only a small amperage obtainable, owing to the undersized propeller used to drive it. I sent out messages every half hour and think they should have been heard if any ship had been near but never had any reply. My chief object was to let them know we were still in the air. During the last few hours when the engine was throttled down, the speed of the machine was insufficient to drive the wireless equipment and no spark could be generated but I sent 'S. O. S.' signals every 15 minutes on an off chance of the spark operating."

Little Reliance in Wireless. "From a navigating point of view I placed no reliance in the wireless other than as a means of asking the positions of such ships as we might pass. The ships had previously been asked by wireless from St. Johns to make known their position if they saw us by day or if we fired Very Lights by night. As we saw no vessel, no light was fired. One vessel has reported having seen a light but the observers on board may have seen the red glow of the exhaust.

"We preferred to navigate chiefly by celestial observations and my position as I worked it out by the stars, was virtually correct. I found, when picked up, I used a cloud horizon instead of a sea horizon as the sea was hardly visible any of the time we were in the air. During the first four hours after leaving we passed over fog banks. The clouds below were like a sea, giving a perfect horizon. I had only to judge our distance above them and take the sun as on a sea horizon. About 7 o'clock, Greenwich time, I saw the sea for

a few seconds through a hole in the cloud bank. I obtained some idea of the drift of the machine by noting the breaking waves through the drift indicator. We were then at a height of 4,000 feet and climbing, the drift being 10 degrees to the right of our course, which I had already allowed for on starting, owing to the northerly wind that was blowing." "Took Sights Every Hour." "Up to 10:15 o'clock we steered to make a true east course, not magnetic east. During that period I took sights every hour. At 10:15 I made out that we were 400 miles from St. Johns. We then altered our course to north 73 degrees east true to keep in the track of ships which we should just have entered at that time. The clouds were badly broken up and made sights impossible until about 1:38 when I managed to get the Pole Star down to a flat piece of cloud and was surprised to find we were about 150 miles south of the course. We immediately altered our course a little to the northward to counteract this drift but from a further sight obtained half an hour later I found we were still sailing southward and realizing that a very strong northerly gale must have been blowing, made a decided alteration to the northward and worked the machine up to latitude 50 degrees north and into the track followed by ships."

MEN TAKE WARNING

BUY THIS STOCK AT PAR

We offer the greatest possibilities to be had in the famous Texas oil fields—we are surrounded by big production, of which the closest investigation will verify. Our 40-acre tract is on a direct line with the Sandridge, Carey and Swenson-Dale gushers—consider one well on this tract equal to any one of the above mentioned, your stock would be worth 50 times par. The same opportunities have been offered you before and the field all around us is proving better—leases that sold for \$50.00 an acre in this same field cannot be bought today for less than \$4,000.00 to \$5,000.00 per acre and the man or woman of foresight will grasp this opportunity before it is too late. Let us have your application now for 100 more shares.

Our 10-acre tract in the new Burkburnett field, which is also included, carries the same possibilities and the bringing in of the Burk-Sun well, which is expected at any moment, will advance the price of our stock. The value of this lease is unquestioned—the adjoining 10 acres being sold last Saturday for \$105,000.00, which we regard as a low figure. The Burkburnett field is considered throughout the world to be one of the two best oil fields ever discovered and the percentage of profits in this field are the greatest known to the oil industry, with no let-up in sight for bigger gushers. This stock is selling rapidly and will not remain at this price long. When such men as Senator O. S. Lattimore considers this the best buy in the field and buys 500 shares of this stock it is sufficient proof of what big business men think of our company and its prospects.

OFFICERS AND TRUSTEES

- H. S. Lattimore, President.
- Fred B. Foster, Secretary.
- George Arone, First Vice President.
- B. F. Baker, Treasurer.
- S. A. Gregg, Second Vice President.
- C. P. Myer.
- Senator O. S. Lattimore.

BURK-STEPHENS OIL CO.

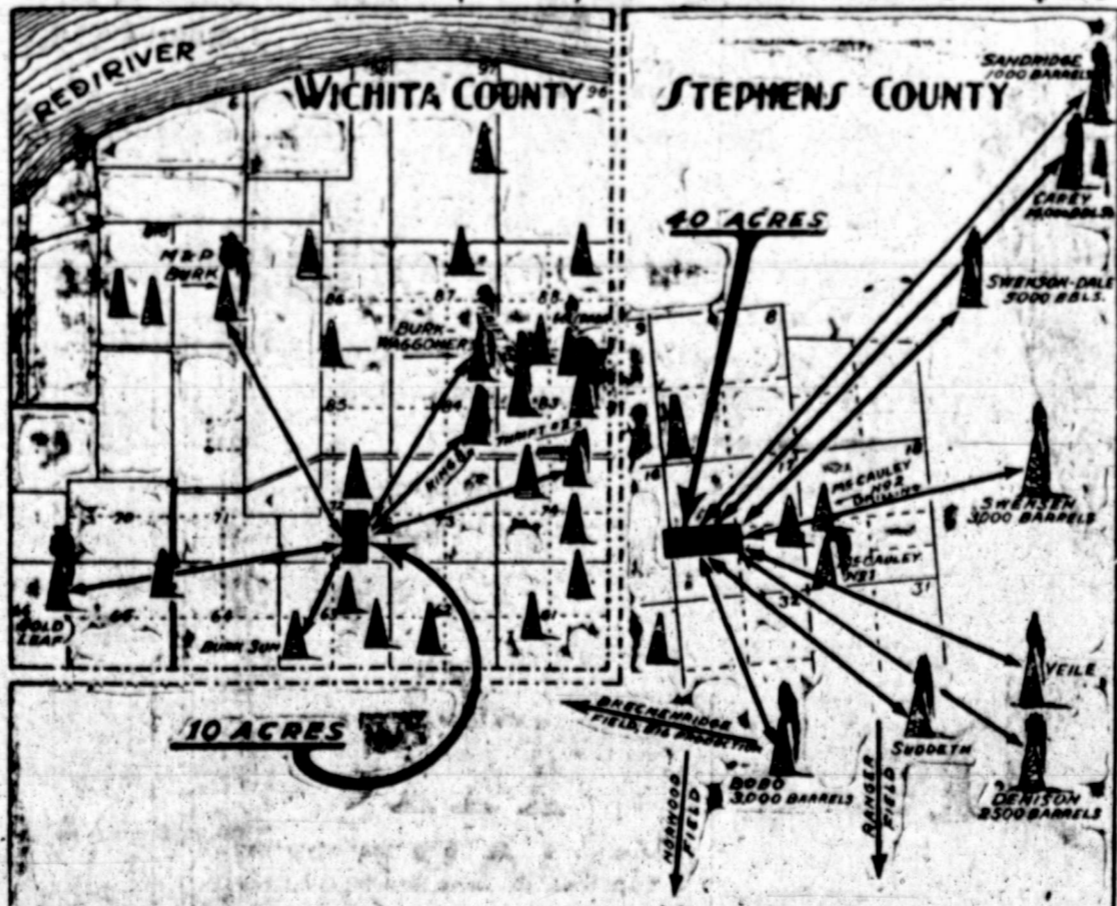

An Un-Incorporated Association.

414 MAIN STREET FORT WORTH, TEXAS
Branch Office, Kruger Bldg., Wichita Falls, Texas

OUR 50 ACRE LEASE HOLDINGS

Consist of 40 acres in Stephens County, T. & P. R. R. Co., Section 17, Block 6, approximately four and one-half miles Southwest of the Carey well, a "14,000-barrel gusher," and about two and one-fourth miles also southwest of the Swenson-Dale gusher now reported to be making from 6,000 to 11,000 barrels per day. 10 acres in the new Burkburnett field, east half of west half of the southeast one-fourth Block 72, less than three-fourths of a mile from the Burk-Waggoner well and about one-half mile from King Eight and less than one-half mile from Burk Sun, with our first drilling site about 500 feet from the Burkley. Reasonable dividends will be paid all shareholders, the balance of the net earnings will be used for further development and prorated according to production, and no money derived from production will be used to purchase additional leases. When we have finished developing our two leases all production will be paid to shareholders in dividends. Mail or send your check today or you may be too late to get in on the best proposition in the entire field.

CAPITALIZATION \$300,000 PAR VALUE \$10

You Are Offered Shares in This Company Today At Par

And this offer is a golden opportunity that demands prompt action. You may not have many days to dream over this, maybe not even one day, so DO IT NOW. Send in the coupon at once. The map shows our leases, the best locations possible to secure, and the acreage is large enough to make our company worth many millions if we get the production we have a right to expect.

The names of our board of trustees insures absolutely honest operations. GET THE SCISSORS before you forget and have to pay more.

BOUNDARY DECISION IN AUSTRIAN CASE HAS BEEN DELAYED

By Associated Press.
PARIS, Tuesday, May 27.—Although arrangements have been made to present the treaty to the Austrian delegation Friday noon, efforts by the peace conference to reach a decision relative to the southern boundaries of Austria have been delayed because of the position of the Italian delegation. The Italian are raising questions regarding Austrian boundaries and the Dalmatian coast together but the council of four hopes to have the Italian problem postponed for subsequent settlement. Both the council of four and the council of 10 had the southern boundaries in Aus-

NOTHING TO PREVENT THE MANUFACTURE OF 2 3-4 PER CENT BEER

By Associated Press.
NEW YORK, May 27.—Federal Judge Mayer has signed three injunctions. Identical in form, restraining the United States district attorney and the acting collector of internal revenue of the New York district from interfering with production of "war beer" by the Jacob Hoffman Brewing Company, the Claussen Flanagan Brewing Company and the Jacob Ruppert Brewing Company. Separate injunctions were necessary because District Attorney Caffey objected to the filing of an omnibus order. The injunctions, granted last week, and which will operate throughout the country to prevent government action against manufacturers of beer of 2 3-4 percent alcoholic content, enjoin the federal officials from enforcing against the defendants or their employes any provisions of the emergency prohibition act as it relates to the beer industry.

LEADING QUESTIONS ISSUE IN REVERSAL FROM HILL COUNTY

By Associated Press.
AUSTIN, TEX., May 28.—Holding that the trial court erred "in refusing to permit appellant to ask and the witness to answer leading questions was erroneous," the court of criminal appeals today reversed and remanded the case of Early Berrian, who was given a life term in the penitentiary on conviction of the murder of J. L. Norris. The case was appealed from Hill county. Because the indictment was "fatally defective" the court today reversed and dismissed the case of Adolph Fromme, from Victoria county. Fromme had been given a term of ten years in the penitentiary on conviction of the alleged violation of the disloyalty act of the legislature. The application for a writ of habeas corpus by ex-parte William Acker,

from Washington county was dismissed because an examining trial should have been held before a justice of the peace. Acker is charged with the violation of the disloyalty act.
HENRI LANDRU IS GIVEN PRELIMINARY HEARING
By Associated Press.
PARIS, May 28.—(Havas.)—Henri Landru, who was arrested in April in connection with the disappearance of twelve women whom he had either married or promised to marry was given a preliminary hearing yesterday. He said he did not know anything

about the whereabouts of the women. The judge told the prisoner that experts had reached the conclusion that the bones found in Landru's villa at Gambiaix were human bones. Landru replied by protesting against the authorities searching his villa without his being permitted to be present.
KING ALBERT TO VISIT WASHINGTON IN OCTOBER
By Associated Press.
PARIS, May 28.—King Albert of Belgium is expected to visit Washington to attend the initial meeting of the League of Nations next October.

WICHITA FALLS MAN GIVES OUT FACTS

"Although it has been several months since Orgatone got me over my troubles and made a new man out of me, I have been in perfect health from that time on. It is undoubtedly the grandest treatment in the world, and my mother says it has been a blessing to her as well, as she has received just as good results from the use of the treatment as I have. I never miss a chance to speak a good word for Orgatone and I keep a bottle of it handy all the time."
The above statement was made by Joe Benson, residing on South Lamar street, Wichita Falls, while in a conversation with the Orgatone representative at Young's Drug Store.
"Yes sir, it's the truth if I ever told it, that one bottle of Orgatone made me feel better and enjoy my meals more than anything that I have ever taken in years."
"I think it simply wonderful, for it is the first time in months and months I have had any appetite to speak of, but now since taking this Orgatone it just seems like I can't get enough to eat."
"I don't know just what was the matter with me, but it must have been something like indigestion. I had been going down hill for several months and my stomach finally got so weak I could hardly eat a bite of breakfast. Sometimes just the thought of eating would make me sick. I had shortness of breath and felt tired and worn out all the time. I was subject to frequent colds and my bowel action was very irregular."
"None of the medicine I ever took would do me a bit of good, until I got hold of this Orgatone a few months ago. But I'm all right now and the proudest man you can find in Texas, because this medicine has put me in fine shape to do my work and I feel just fine and dandy all the time. I don't know what it is to have a cold now and my system is in great shape."
"I heard of so many people Orgatone had helped who described my trouble, and I decided to get a bottle. I started taking it, and had confidence in the treatment and thought it would help me, but had no idea it would help me so quick. I began to feel better right from the start. It takes hold quicker than any medicine or treatment I ever saw and seems to give you an appetite that makes you feel good. I simply would not take anything for what it has done for me, and it is hard for me to figure out in dollars and cents what it has been worth in my case."
Orgatone is not a so-called patent or secret remedy but a new scientific treatment absolutely free from alcohol in any form and is sold in Wichita Falls exclusively by Young's Drug Store, successors to Shaw-Chambers, where it is being explained by a special Orgatone representative, corner Ninth and Indiana Avenues.
Other exclusive agents are Clark Drug Co., at Burkburnett. Look for the Orgatone signs.

APPLICATION MUST BE MADE BY SOLDIER

By Associated Press.
WASHINGTON, May 28.—Applications for transportation for members of the immediate families of officers and men on duty in France and Germany must originate with the men and be approved by the commanding general of the A. E. F., under a ruling announced today by the War Department. It also is required that the period of duty to which the men are assigned be sufficient to justify members of their families joining them.

WANTED!**
**Holliday Creamery
Company 607 Austin**

**The New-Day
Ice Cream**
Countless homes now make ice cream in this way—a surpassing ice cream, yet quick and economical.
Use one quart milk, or milk and cream, or evaporated milk diluted. Add one package Jiffy Ice Cream Powder. Then the flavor from the bottle in the package.
No cooking required, no eggs, no sugar. Just freeze, and you have two quarts of rich and delicious ice cream. You'll adopt this new-day method when you try it once.
**Jiffy
Ice Cream
Powder**
Vanilla Strawberry
Lemon Unflavored
10 Cents. All Grocers.

NOTICE
One acre drilling sites for \$2500, where a company wants a sure shot for oil terms to suit. Our lease is situated about fifteen hundred feet north of the famous Anderson well where the Magnolia Oil Co. is drilling between our lease and this well. You can't beat it. Also the great Peter Ramming well at Clara is just west of our holdings. See me quick or wire room 40, Eldora Hotel, Wichita Falls.

**"My dealer was right
—they do satisfy!"**

There's more to a cigarette than "pleasing the taste." Other cigarettes, besides Chesterfields, can do that.
But Chesterfields do more — they begin where the rest of 'em stop! Because Chesterfields "touch the smoke-spot," they let you know you are smoking—they do SATISFY!

There you have it — SATISFY. It's all in the blend—a blend of fine selected TURKISH and DOMESTIC tobaccos. And the blend can't be copied.
That's why it's Chesterfields or nothing: if you want this new thing in cigarette enjoyment!

Lightly and justly tobaccos

**Chesterfield
CIGARETTES**
—of Turkish and Domestic tobaccos—blended.
They SATISFY!

TALK TO FITS. 188-18

PATTERSON, REESE & PROTHRO (Successors to Anderson & Patterson) Insurance, real estate. Phone 371. 618 Eighth-st. Business established more than 20 years.

Let us show you two nice new homes on Huff-ave. Everything complete including window shades; nothing to do but move in; already paved; have many built-in features, oak floors, sun parlor, large living room, nice light fixtures, servant room, garage, cement runners to street. Good workmanship in these homes and they are worth the money.

On Huff-ave, we have well located lot on pavement, lot 55x115 feet. This is an ideal lot and will sell quick at \$1,900. Don't miss it.

We have a good list of close-in business property, improved and unimproved. You are sure to win if you buy now.

On Buchanan-st., just off of Tenth, fronting east, we have a corner 100x150 feet that is a sure enough good buy at \$1,750.

Fifteenth-st. between Broad and Holliday; 5-room house with garage, south front; well worth the money at \$4,400; \$1,200 cash; balance on 6 months.

Lucile-st. above Brook, on 60-foot lot, an extra well constructed 5-room; new home; has lots of built-in features, breakfast room, good quality paper, nice light fixtures. This home is just finished and ready for you. Price \$7,500.

North front on Lucile, new 6-room house, modern in every respect, nicely finished, good hardware, and very convenient that one would want. We can sell this home for \$3,900 cash, balance \$100 per month. The price is \$2,900.

\$5,000 cash buys a new 5-room modern home on Eighth-st. Has garage, 5-room servant house, driveway, sidewalks, French doors, well built, north front, roof terms. Price \$4,200.

Corner lot on Tilden, just off Tenth, lot 100x150 and one of the best corners on the street. Price \$4,200.

We have several homes well located, ranging in price from \$2,900 to \$4,500. See us for business property.

We especially cater to buyers of high class residence property and business property. It is in every way a sure buy and invite consultation from any one interested.

On Tenth-st. we offer a north front lot, 65x150 feet, and we consider this well worth the money at \$1,150.

Lucile at Brook—New 5-room house, hardwood floors, extra, breakfast room, breakfast room, built-in features, French doors, well built, north front, roof terms. Price \$4,200.

Marshall-st. near Huff-ave. — New 5-room cottage, modern in every respect, garage, walks, driveway. Price \$7,000.

We have two lots on Tenth-st., 100x150. This is a dandy site for a fine home and the lots will sell quickly at \$1,500.

\$12,000 buys an exceptionally well built attractive home on Lucile at Brook. This home has seven large rooms, with breakfast room, every built-in feature that one would want, hardwood floors throughout. You will have to see this home to appreciate its value.

Buy this Ninth-st. home. It fronts north on a lot 100x150 feet in one of the best blocks on Ninth-st. Six rooms, modern in every respect. The lots are valuable, as this is a dandy location for a fine home. You can use this home now as it has the location when you want to build a finer one. A well located lot, 100x150 feet, just off of Tenth on Buchanan, we have a corner, 100x150 feet that is a bargain at \$1,150.

IMPROVED CITY PROPERTY.

NOTED CHINESE CASE ENDS WITH EXECUTION OF HUNG CHI-TSU

Associated Press Staff Correspondent. SHANGHAI, April.—One of the most remarkable murder cases in the history of China, an outgrowth of the political conflict over the presidency of China in 1918, has just been concluded with the execution at Peking of Hung Chi-tsu for the killing of Sung Chiao-jen.

The extraordinary phase of the case was the fact that Hung was first sentenced to life imprisonment but appealed to the Supreme Court of China with the result that death sentence was imposed instead of life imprisonment.

The new garrotting machine for the execution of murderers was used for the first time in Hung's case. Its work was effective but done in so ghastly a fashion that the executioners left the room without ceremony.

The murder of Sung Chiao-jen was considered a political crime. Sung formerly was minister of agriculture and commerce and, when he was assassinated on the platform of a railway station at Shanghai in 1918, was a candidate for the premiership. He was one of the leaders of the southern party opposed to Yuan Shi-kai, who then was provisional president of China and a candidate for election of president of the permanent government soon to be established. The party of which Sung was a leader was headed by Sun Yat-sen and was strong in the southern provinces. Leaders of the southern party alleged there was a political plot to keep them out of office and that President Yuan Shi-kai (since deceased) knew and approved of the activities of some of the plotters.

The premier of Yuan's government, Chao Ping-chun, was alleged to have been one of the instigators of Sung's murder but he died with tragic suddenness. Two others alleged to have actually killed Sung were arrested but died mysteriously before being placed on trial.

This left Hung alone to solve the mystery. For several years he kept away from Shanghai but during the war returned here disguised as a monk and even appeared in court in disguise over some property. He was recognized by the son of Sung, was arrested and, six years after the crime, has been executed for it.

Nothing Is More Precious than Your Eyesight
The old masters depicted the oval form as the highest type of the female face beautiful. But today the successful artist shows many types, each as beautiful as the other. There is one point, however, that all judges of the human face agree upon, and that is—the balancing up of its deficiencies.
In glass, our knowledge, skill and experience enable us to "build up" a flat face or low bridged nose so it is almost worth while for one to wear glasses for appearance sake only.
Don't make the mistake, when being fitted for glasses, in insisting upon some certain style of frame or size of lens, simply because of the comely appearance of some friend to whom such a style is becoming.
Come here and be governed by our advice, for we not alone know all about the optometric needs of an eye, but we study how best to give our patients the maximum of benefit with the minimum of trouble.

GERMANS PREVENT DANES FROM SHIPPING FOOD TO SCHLESWIG
Associated Press Staff Correspondent. LONDON, April.—While the attention of the Allies is concentrated on the Germans along the western front, German government officials in Schleswig are preventing the Danes, who have the consent of the Entente, from shipping food to their own needy countrymen in Schleswig. This information from here received here by Edmund Gosse, well-known English literary critic.
"I learn," he said in a letter to the Morning Post, "that the burgomaster of Flensburg declares that the hungry inhabitants of that town, the largest in Schleswig, have no need of Danish food."
The same German official, according to Mr. Gosse's information, has refused passports to any families in the town and district of Flensburg to cross over into Denmark to accept an offer of Jutland and Funen to receive several thousand Danish-speaking Schleswig children. "If Danes in Flensburg dislike German rule," he puts it, "they may starve."
Mr. Gosse terms as "scandalous" the treatment of Schleswig soldiers repatriated through Denmark. "These unhappy men," he said, "are arrested as they cross the frontier, are prevented from even visiting their relatives, and are immediately conveyed to the Polish frontiers to swell the German army there. North Schleswig is at the present moment more severely persecuted than it was even through the war. There is proceeding a commandeering of cattle and horses which is paralyzing the population, and this is emphasized by the indulgence with which South (or German) Schleswig is being treated."
Schleswig, he understands, is now closed to all persons coming from Denmark.

AUTOISTS FEATURE MORNING SESSION OF POLICE COURT
An autoist who thought he was getting off light but soon realized different was in police court this morning. It seems that he had gone to police court early and told the desk sergeant of being notified to appear for parking his car wrong and left \$5, the customary fine. But when his case was looked into it was found he was charged with reckless driving, and he was called back. He was fined \$15. Another autoist, drunk and driving a car, was fined \$15.

NEW SUITS FILED IN THE THIRTIETH COURT
The following new cases have been filed for trial at the June term of the 30th district court:
Annie Hurst against N. S. Hurst, divorce; J. M. Evans against George L. Pace et al, commission; Lucille McGee against the Westland Hotel Co., damages; Ben Lee against Lennie Lee, divorce; Anton C. Flusche et al against George W. Stough, to cancel lease; L. Haft and George Thomas against Sam Kruger et al, commission; E. L. Fowler et al against R. W. Davis, contract; R. S. Allen et al against Robert M. Hamilton et al, trespass to try title; C. J. Shumake against W. L. Wallitt et al, trespass to try title; W. P. Shaw against T. B. Yarbrough, specific performance of contract; J. M. Evans against E. L. Crooks, debt.
