

German National Assembly Ratifies Peace Treaty

PROTOCOL AND AGREEMENTS ON MILITARY OCCUPATION OF THE RHINELAND ALSO APPROVED

By Associated Press. WEIMAR, July 9.—(Via Coblenz)—The resolution ratifying the peace treaty was adopted by the German National Assembly today by a vote of 208 to 115.

By Associated Press. PARIS, July 9.—The German National Assembly in Weimar has adopted the resolution ratifying the peace treaty, according to advices received here today. The resolution reads: "The peace treaty signed on June 28, 1919, as well as the protocol annexed and special agreements on military occupation of the Rhineland are hereby ratified. This law becomes effective from the date of its promulgation."

GERMANY IS TO QUICKLY RETURN TO PEACE-TIME FINANCIAL OPERATIONS

By Associated Press. BERLIN, Tuesday, July 8.—Germany is to quickly return to a peace-time financial system, said Martin Erzberger, vice chancellor and minister of finance, speaking at Weimar before the German National Assembly today. Among other things the payments to men who are unemployed will be reduced, it was indicated during his address. "The empire's must be divided honorably, between those who need it and those who do not," he said. "The year's expenditures confronting us will amount to about 17,500,000,000 marks. I am firmly resolved to see that no more money is taken from the taxpayer than is necessary for the maintenance of the state."

After citing the returns to the empire from taxation measures, prior and during the war and estimating the revenue to be derived from new tax bills, Herr Erzberger said: "There still remains a sum of over ten billion marks to be covered."

"The ministry of finance has almost completed the drafting of two important bills: levying a tax on turnover which I intend to submit to the house before the parliamentary recess," he continued. "These call for a large single levy on property and a large tax on business turnover but even if these bills are passed, the money for the payment of indemnities must be obtained in some other way. In the autumn new bills will be introduced in the assembly with the final object of covering this deficit."

"The burdens of taxation will reach an absolutely terrible height. A floating debt of 7,000,000,000 marks, a constant danger and the removal of this debt is one of our most urgent tasks. There are two ways in which to do it—either by conversion into a loan or by its extinction by a levy and a heavy property tax. I do not indulge the hope that these two ways will immediately yield the entire liquid amount of 7,000,000,000 marks. It is the duty of propertyed people, not only to how to a state of compulsion, but to achieve an inward conviction as to the necessity of giving up all riches and all that is superfluous."

"Changes in the system of taxation will be speedily submitted to the national assembly and this reform will revert the completion of the whole work."

BANKERS DROPS DEAD ON RECEIVING EFFECTS OF A SON KILLED IN FRANCE

By Associated Press. EAGLE PASS, TEX., July 9.—William Hauser, city commissioner and director of the First National Bank here, dropped dead today shortly after receiving the personal effects of his younger son, Lieutenant Charles Hauser, who was killed in the St. Mihiel drive in France last September 14. The senior Hauser's emotion is believed to have contributed to his death from heart failure.

HOBBY RECOMMENDS AMENDMENT TO THE MOTOR TRUCK LAW

By Associated Press. WASHINGTON, July 9.—Complaints are being received by the governor in a message to the legislature today, that diversion plants on the Pecos River in New Mexico are taking more than their share of the water of the river, which flows into Texas.

PORTUGAL TO OBSERVE JULY 14 AS HOLIDAY

By Associated Press. LISBON, July 9.—Portugal will observe July 14 as a national holiday to celebrate the signing of peace. The day will be known as Victory Day. The chamber of deputies has voted a credit for decorations and other expenses of the celebration.

His Majesty the King of England is seen reviewing his troops, who respect and revere their ruler as a brave soldier and a sovereign who has the interests of his subjects always in mind.

BRITISH DIRIGIBLE PLANS TO START ON ITS RETURN FLIGHT BEFORE DAYBREAK TOMORROW

By Associated Press. MINEOLA, N. Y., July 9.—The British dirigible R-34 will start on its return flight before daybreak tomorrow, according to an announcement made this afternoon by Major G. M. Scott, her commander. He expects to get away, he said, between 3 and 4 o'clock.

By Associated Press. MINEOLA, N. Y., July 9.—Against today unfavorable winds from the east prevented the giant dirigible from starting on her return trip to England. British officers in charge of the R-34 announced that there was no prospect that the big airship would get away before daybreak tomorrow. However, they stated that the start would be made at daybreak tomorrow or Friday, for at that hour the maximum of gas could be taken on in the bag. The airship is ready to sail in the air to the east at any time that the commander, Major G. H. Scott decides that weather reports promise a successful return voyage. In the face of reports of winds in the east, a condition unusual at this time of the year, Major Scott said his navigation officers considered it less of a hazard to remain in the open at Roosevelt Field than to risk disaster in a high wind over the Atlantic.

At a distance of some 200 yards, the limit to which the visitors to Roosevelt field are held by the military police, the dirigible presents an innumerable possibilities and many explanations of the probable internal mechanism of the monster craft have been advanced. Officers of the United States army and the navy aviation sections have been permitted to inspect the ship and Captain Samuel T. Moore of the balloon section of the army today gave to the Associated Press representative a description of the first lighter-than-air ship to cross the Atlantic.

The R-34 is 430 feet in length with four cars of gondolas suspended from the cigar-shaped envelope. The forward gondola is occupied by the navigator and pilot and from all parts of the ship are controlled by means of speaking tubes and bell signals. Here also is the mechanism for controlling the water ballast tanks. Of the two pilot wheels in this forward car, the front wheel controls the rudder, while the side wheel controls the elevator planes. This is a plotting table where the pilot charts his course here also are his navigating instruments.

In the rear of the forward gondola is the wireless room which also holds one of the ship's engines. From the wireless room the envelope, these gondolas and are only large enough for two men to work. The rear car holds two engines. While the gondolas can be seen by visitors to the field, little or nothing has been allowed to filter out concerning the inside of the big bag inside the bag is the deck of the ship. It is the greatest of the length of the bar and is only nine inches wide except at its middle where it widens out into a compartment 8 by 20 feet, used by the officers and crew as a dining room.

The hydrogen gas—the lifting power of the ship—is carried in 13 compartments inside the envelope. These compartments are at the top of the ship and each is about equal gas capacity and is equipped with an automatic hand valve for the control of the gas contained in them. Simultaneous compartments are of gold beater skin, which in common language is nothing more than the linings of intestines of calves.

When ready to start on a flight the final inflation of these gas containers is made. This operation takes place usually at the minimum temperature of the air when the greatest quantity of gas can be taken into the bag. The expansion of the bag is regulated by releasing water ballast at the rate of ten per cent of water in 20 degrees of rising temperature. Also ten per cent of water ballast is released in each degree of falling temperature. When the ballast leaves the ground it is permitted to rise to its equilibrium, or about as high as it can go. On reaching this height the engines are started and the flight begins. The fuel—gasoline and oil—is carried in 31 tanks. Sixteen of these tanks are fixed to the frame work of the basket structure and the others are known as sliding tanks and can be discarded as ballast should the occasion arise. These tanks are hung along the sides of the deck, and for all ones over each gondola for the supply of the engines.

The dining saloon contains three tables capable of being raised to the upper frame work when not in use. The saloon is large enough to permit half of the crew to eat at a time. The food is re-cooked and heated as wanted by appliances attached to the exhaust pipes of the engines. Men were served a la buffet, that is, the bigners stand at a cupboard, there he no chairs around the ship. The men of the crew sleep in light hammocks along the sides of the deck suspended out over the bag proper, and in case a sleeper falls from his

COMMISSION HEARS OIL MEN ON SITUATION

Rates and Transportation to Relieve Situation Are Discussed.

By Associated Press. AUSTIN, July 9.—Consideration of the question of rates for pipe line transportation of oil, constituted the agenda of the railroad commission at the pipe line hearing today. The proposition was advanced by the pipe line companies that they should not be required to accept petroleum and other foreign matter. This was agreed to by the producers after argument as to whether the producers could easily dispose of a surplus of water and other foreign substance.

The pipe line companies made an elaborate defense of the prices posted for the purchase of petroleum and other foreign matter. The producers and other foreign substance. The pipe line companies made an elaborate defense of the prices posted for the purchase of petroleum and other foreign matter. The producers and other foreign substance.

MEMBERS OF CREW WILL CARRY BIBLE

By Associated Press. NEW YORK, July 9.—When the R-34 starts on her return flight to England, each member of the crew will carry a Bible. It was announced here by Dr. George William Carter, general secretary of the society, who made the presentations.

PROHIBITION DOES NOT AFFECT DIRIGIBLE CREW

By Associated Press. MINEOLA, N. Y., July 9.—War-time prohibition has not prevented the Navy Department from obtaining from the dirigible crew. Twenty gallons of the liquor reached here today and is being stowed aboard the R-34. Navy officials said it came from a New York dealer.

SERGEANT MYERS IS HERE TO STIMULATE RECRUITING

Sergeant P. L. Myers is here from Dallas to stimulate recruiting until Wednesday of next week. He is authorized to recruit or to branch of service, and the applicant may choose from seven foreign countries for enlistment in the army abroad.

APPOINTMENT OF COUNCIL MEETING WITH APPROVAL

By Associated Press. PARIS, July 9.—(Havas.)—The appointment by the council of five of a committee to investigate the relations between Italian and French troops in Plume meets with the general approval of the French press. Several declare that the incidents have been exaggerated and misrepresented by a number of Italian newspapers which attempted to give them a political character.

DISCUSS PLANS TO MEET THREATENED COAL SHORTAGE

By Associated Press. KANSAS CITY, July 9.—How best to meet the threatened coal shortage during the coming winter will be one of the principal topics up for discussion by the directors of the National Coal Association, who are in session here today. The two score directors present represent the 2,365 members of the association and these coal operators are said practically to control the output of coal in the United States.

HERR WISSEL QUILTS GERMAN CABINET

By Associated Press. COPENHAGEN, Tuesday, July 8.—Herr Wissem, minister of finance, has resigned because of the opposition of other members of the cabinet to his plans which were opposed to free trade.

Over One Hundred Kidnapping Cases Filed from Bisbee

By Associated Press. DOUGLAS, ARIZ., July 9.—More than 100 criminal complaints alleging the crime of kidnaping in the Bisbee deportations of July 12, 1917, today were placed in the hands of Justice of the Peace Jarka, who has left for Bisbee to hold court and issue warrants of arrest for the persons named in the complaints.

WHEAT HARVESTING IN KANSAS WELL UNDER WAY

By Associated Press. TOPEKA, Kan., July 9.—The wheat harvesting is approaching its final stages in the eastern third of the state; from one third to two thirds of the crop is cut in the northwest portion the harvesting was begun this week; the weekly crop bulletin issued at the federal weather bureau here today says.

CONTINUED IMPROVEMENT IN ITALIAN SITUATION

By Associated Press. PARIS, July 9.—(Havas.)—Dispatches from Rome indicate a continued improvement in the situation in most of the Italian cities where disorders incident to the high cost of living have been occurring. An exception is noted in the case of Bari, on the Adriatic, where a general strike has been proclaimed.

FIVE TRANSPORTS ARRIVE WITH 10,000 U. S. TROOPS

By Associated Press. NEW YORK, July 9.—Five transports, the Namewood, from Brest; the Marica and Re D'Alia, from Marseille, and the Santa Olivia and Deep-water from Bordeaux, arrived here today with 301 officers and 10,584 troops.

COMMITTEE REPORTS ON HIGHWAY DEPARTMENT

By Associated Press. AUSTIN, TEX., July 9.—Expenditures of the State Highway Commission were not unduly extravagant, cost of equipment was necessary; the number of employees was not excessive and inefficiency existing at the outset was gradually eliminated, says the report filed today of a legislative committee appointed during the regular session of the Thirty-Sixth Legislature to investigate the Texas Highway Department.

AMERICANS FOLLOW FOCH IN THE VICTORY PARADE

By Associated Press. PARIS, July 9.—General Pershing and the American regiment which will march in the victory parade, July 14, will come directly after Marshal Foch, who will lead the parade, and the French division, according to official program which was issued today. After the Americans will come Field Marshal Haig and the British contingent, which will be followed by representatives of the Belgian army.

SYNDICATE ARRANGING CZECHO-SLOVAKIA LOAN

By Associated Press. NEW YORK, July 9.—An acceptance of \$25,000,000 by the United States government is being arranged here by a syndicate comprising the Central Union Trust Company, Chase National Bank and Guaranty Trust Company, it was announced today. The loan will be applied to purchase commodities, chiefly cotton, in America.

Telegraph Brevities

By Associated Press. WASHINGTON, July 9.—Army casualty lists today reported as killed in action Corporal Thomas R. Mason, Ada, Oklahoma.

By Associated Press. CHICAGO, July 9.—Several thousand members of the Chicago candy factories went on a strike today for higher wages and better working conditions.

By Associated Press. DANVILLE, ILL., July 9.—Mrs. Gertrude Myers, bride of a few months, was shot and killed this morning when her husband mistook her for a burglar.

SEVERAL ARE KILLED IN HANOVER RIOT

By Associated Press. BERLIN, Tuesday, July 9.—(Via London)—Several persons were killed or wounded in a rioting Monday at Hanover when a mob released the prisoners in the castle and the detention prisoners. Martial law has been proclaimed there.

HAYWOOD BOND IS NOT YET APPROVED

By Associated Press. CHICAGO, July 9.—Question of approval or disapproval of the bonds of William (Big Bill) Haywood having arisen in federal official circles, was planned to refer the subject to judges of the court of appeals today.

WINTER WHEAT CROP OF 839,000,000 IS FORECAST OF TODAY

By Associated Press. WASHINGTON, July 9.—Production forecasts of the country's principal farm crops, estimated on the condition of the crops July 1, were announced today by the department of agriculture as follows: Winter wheat, 839,000,000; spring wheat, 325,000,000; all wheat, 1,164,000,000; corn, 2,815,000,000; oats, 1,403,000,000; barley, 281,000,000; rye, 102,000,000; white potatoes, 281,000,000; sweet potatoes, 122,000,000; tobacco, 1,450 (pounds); flax, 1,200,000; rice, 42,000,000; hay, 118 (tons); apples (total), 106,000,000; apples (commercial), 24,500,000 (barrels); peaches 50,000,000. Condition of the crops on July 1 and crop acreages not previously announced follow: Winter wheat, 89.9 per cent of normal. Spring wheat, 80.9. Corn, 87.7, and 102,977,000 acres. Oats, 81.0. Barley, 87.4. Rye, 85.7. White potatoes, 87.6, and 4,063,000 acres. Sweet potatoes, 90.1, and 1,023,000 acres. Tobacco, 83.8, and 1,774,300 acres. Flax, 78.8, and 1,251,000 acres. Rice, 89.5, and 1,091,300 acres. Hay, 81.1. Apples, 85.6. Peaches, 88.0. Wheat of last year's crop remaining on farms July 1, amounted to 19,644,000 bushels compared with 8,003,000 last year and 27,613,000 the previous July 1. Month for the five years, 1913-17.

Market Report

COTTON MARKET

By Associated Press. NEW YORK, July 9.—The cotton market showed renewed firmness early today on continued buying by houses with Liverpool connections, covering and scattered buying on the west. The business of the opening was firm at an advance of five to 26 points with October contracts selling up to 34.16 and January to 32.81 shortly after the call, or 50 to 60 points above last night's prices. The firmness of the opening stock market was an encouraging factor but there was some scattered Wall street selling and considerable realization. Reactions of about 40 points followed the publication of the favorable weekly report of the weather bureau but after selling off to 33.67 for October, the market firmed up again on the eastern belt rains shown in the detailed weather reports. By mid-day October was selling at 34.09 with active months generally showing net gains of 50 to 52 points. The early afternoon advance carried prices into new high ground for the day with October selling at 34.22 and December at 34.11, or about 67 points net higher. The cotton market closed firm.

New Orleans Cotton. NEW ORLEANS, July 9.—Continued rainy weather in the eastern half of the belt put the cotton market sharply higher today, prices gaining 50 points in the first half hour of business. Some what better cables than due also helped values. Reports of the heaviest rains in years in some sections of the Atlantic and the large export movement, New Orleans alone clearing 24,708 bales, kept the advance going. Toward noon the most active months were 67 to 70 points up. The market turned quiet and steady with values well sustained, in the trading up to 1:00 o'clock the advance on the most active months was widened to 69 to 75 points. The cotton market closed steady at

GRAIN AND PRODUCE

By Associated Press. CHICAGO, July 9.—All deliveries of corn rose swiftly today to the highest prices yet this season. Scarcity of offerings became so pronounced that for the first time the September option went to a premium over July. Opening quotations, ranging from 3c to 1 1/2c off with September 1 1/2c, to 1 1/2c and December 1 1/2c to 1 1/2c, were followed by a sharp ascent all around to well above yesterday's closing figures. Bullish crop advice gave independent strength to the oats market. After opening 4 1/2c to 1/2 cent higher, including September at 72 1/2c to 73 1/2c, the market continued to advance. Provisions were lifted by the action of hogs and grain.

July in which there was only a light trade, mounted to nearly \$2 a bushel, and that price in full was maintained by No. 2 white corn to arrive. Free supplies by long in September failed to affect the market to any important degree. The close was unsettled, 3c off to 3 1/2c net advance, with September \$1.55 1/2 to \$1.55 1/2 and December \$1.55 1/2 to \$1.55 1/2. September pork and all deliveries of ribs touched the best previous top level, but reacted later as a result of commission house selling.

Table with columns for various commodities like CORN, OATS, PORK, LARD, RIBS, CHICAGO PRODUCE, and KANSAS CITY CASH GRAIN. Includes prices for different grades and types of goods.

LIVESTOCK

Fort Worth Livestock. FORT WORTH, July 9.—Cattle: receipts 7,500; steady. Horses \$8.50@13.50; stockers \$8.00@9.50; cows \$5.00@9.75; heifers \$5.50@12.50; bulls \$6.00@7.25; calves \$5.00@12.50. Hogs: receipts 5,000; unchanged. Heavy \$22.00@22.25; medium \$21.75@22.00; lights \$21.50@21.75; mixed \$20.50@21.50; common \$18.50@20.50; pigs \$14.00@19.50. Sheep: receipts 1,000; steady. Lambs \$13.00@15.00; yearlings \$13.00@11.00; wethers \$8.00@8.50; ewes \$7.00@8.50; culls \$6.00@7.00; goats \$4.00@7.00. Kansas City Livestock. KANSAS CITY, July 9. (Bureau of Markets)—Hogs: \$11.00@ higher. Bulk \$21.90@22.30; heavy \$22.05@22.25; medium \$22.00@22.35; lights \$21.75@22.35; pigs \$18.00@21.35. Cattle: 4,000; steady to higher. Choice heavy steers \$14.25@15.50; medium \$12.60@14.15; common \$11.40@12.50; choice lights \$13.15@15.50; common \$9.85@13.15; butcher heifers \$7.50@13.75; cows \$6.90@12.35; canners \$5.75@6.35; calves \$14.50@16.50; feeders \$10.00@13.15; stockers \$7.25@12.40. Sheep: 3,000 steady to strong. Lambs \$13.50@16.75; culls \$9.00@13.25; yearling wethers \$9.50@12.50; ewes \$4.50@7.25; ewes, culls, \$2.50@4.25; breeding ewes \$3.00@16.00; goats \$4.50@8.00.

NEW YORK STOCKS

By Associated Press. NEW YORK, July 9.—Important stocks registered only minor changes at the opening of today's market but the upward movement was soon resumed under impetus of Canadian Pacific which rose seven points in the first 15 minutes. Other strong features included Pan-American and Mexican petroleum; White, Stutz and General motors, United States rubber, Goodrich, Midvale-steel, Great Northern ore and Pittsburgh coal and several of the low priced transportation, especially Denver & Rio Grande preferred and St. Louis & San Francisco. Although call loans held at the initial rates the trend of the market continued upward. Equipments, especially electric issues, also shipping and paper shares were in demand at gains of two to six points, but U. S. steel was under moderate pressure. Fresh buying of oil, investment rails and high grade specialties occurred in the last hour when call money declined to six per cent. The closing was strong. Liberty bond final prices today were: 3 1/2's 98.24; first 4's 94.30; second 4's 93.68; first 4 1/2's 95.14; second 4 1/2's 94.20; third 4 1/2's 95.06; fourth 4 1/2's 94.22; Victory 3 1/2's 100.04; Victory 3 1/2's 99.36. Tenth home, \$8,950, will give possession July 17. See S. E. Trevathan, Phone 99.

SECRETARY HARRISON WANTS CREDIT FOR CITY

"Wichita Falls Oil Fields," and not a dozen other alikes, is the name under which this district will hereafter appear in what Secretary Harrison, of the Chamber of Commerce, continues to get reassuring replies to the letters he has mailed, to whom it may concern. He has become weary of having the Wichita county wells located (by various publications) in the Fort Worth Dallas and numerous other oil fields. While Burk Burnett was the original point of discovery the developments in the northwest, southwest and other sections should properly be grouped under the euphonious and all embracing title—Wichita Falls. This city is business headquarters for all these operations and the big companies recognize Wichita Falls as the name of the district in which they are operating. Many of the publishers addressed have acknowledged the error, and have promised to stop no more in calling us out of our right name. CLARENCE DODGE HAS ARRIVED AT HOBOKEN. Mrs. K. H. Dodge, 1715 Twelfth street received word this morning that her son, Clarence, has landed in Hoboken, N. J., and expects to be home in a few days. He was in the Motor Supply Company, and has been in France for the past two years. Misses Helen Edmiston of Raola, Kansas, Sue Moore of Mansie, Indiana, and Francis Urban of Abilene, are the guests of Miss Pauline Richoit, 1108 Austin street.

BULK TAKES PLACE OF LANDING AT PARIS

By Associated Press. WASHINGTON, July 9.—Frank L. Bell, under-secretary of state, will succeed Secretary Lansing as head of the American peace delegation at Paris. It was said today in official circles. Secretary Lansing will still for some time, but the time of Mr. Bell's departure for Paris has not been announced. It is expected, however, that he will leave within a short time. Tenth home, \$8,950, will give possession July 17. See S. E. Trevathan, Phone 99.

## "AUCTION OF SOULS" AT THE MAJESTIC THURSDAY

Local theater patrons will be given the first opportunity they ever had to see an authentic reproduction of the modern slave markets and harems of Turkey during the presentation, Thursday at the Majestic theater, of "Auction of Souls," the sensational picturization of the amazing experiences of Aurora Mardiganian, sole survivor of 500,000 young Christian girls taken captive by the Turks when they ravished Armenia in 1915.

Up to the present time all film and stage versions of Eastern harem and slave market scenes—even those produced by the greatest directors—sought their inspiration from the stories of the Arabian Nights and from paintings which reproduced the harems and slave markets of a thousand years ago, and which are not true to life in the 20th century.

In "Auction of Souls," the producers have broken with tradition and in stage setting, costume and action, have reproduced not a conventional Arabian Night slave market and harem scene, but have taken as their models those places as they actually exist today or did exist before the British entered Constantinople.

Aurora Mardiganian, the beautiful 17-year-old Christian Armenian girl, around whose adventures the scenario is woven and who herself enacts the leading part in the film, was sold as a slave in one of these modern Turkish markets and was later a prisoner in a Turkish harem.

From her own personal experiences, and from the authentic reports from officials of the American and British governments who have

seen these things, the scenes have been reconstructed. The Armenian girls, like the Circassian and the Georgian, are much more refined and beautiful than the native Turkish girls, and when the Armenian massacres were renewed in 1916 the Turks made them a pretext for selling the most beautiful daughters of the Armenian families and forcing them into their harems. These whom the officials and officers did not keep for their harems they allowed to be sold in the slave markets. Thus it happened that hundreds of these unhappy girls were stood up naked and sold to the highest bidder, and in many instances there were so many of them, and human life was so cheap, that the price which a girl brought was even less than a single American dollar. Aurora Mardiganian herself was sold in one of these markets for 35 cents. "Auction of Souls" is not merely a story of slave and harem life in the East. These things are merely incidents. It is a tremendous and dramatic picture of the martyrdom of the entire Armenian nation, through which runs the thread of the personal experiences of the beautiful little 17-year-old girl who was finally rescued from her captors and brought to America.

### COOKS AND WAITERS CONTRACT IS ACCEPTED

The hotel and restaurant proprietors of Burkburnett have accepted the contracts of Burkburnett local union of cooks, waiters and waitresses which were presented yesterday and the employees are elated thereat. Fred (Whitey) Hoffing, organizer, said this morning that a local will next be formed at the new town, in the city on Block 74, which is becoming an important center for employees in the northwest pool.

Tenth home, \$8,950; will give possession July 17. See S. E. Trivathan, phone 99. 49-1tc

### "MY LITTLE SISTER"

A powerful picturization of the remarkable novel by Elizabeth Robins.

TOMORROW

You'll See Aurora Mardiganian Herself, the Armenian beauty who escaped to America after two years in the hands of Kurdish Slave Raiders and Turkish Harems.

Aurora's true story has been filmed, with herself as herself, for the purpose of showing America what unbridled license leads to—and rousing our people to the true conditions in the Near East.

Everything the 7-reel film shows happened to either Aurora herself, or to some of her country-women. The facts are substantiated by the Official Reports of the British Investigator, Viscount Bryce and American Ambassador Morgenthau.

Society People, Adults Only, Paid \$10.00

Per seat in New York, Boston, Philadelphia, Chicago, to see this remarkable motion picture. The money so collected went to Armenian Relief.

—SEE, AND YOU'LL NEVER FORGET—

## "AUCTION OF SOULS"

FROM THE BOOK "RAVISHED ARMENIA"

Children under sixteen years of age have been barred from seeing this wonderful picture in some cities, but as the film contains nothing objectionable and is a historical record of the most appalling things in the history of the world, we believe children should be permitted to see it and will not undertake to prohibit them.

SURPLUS OF MONEY AND EFFECT ON PRICES

The business men of the country do not expect any recession of prices within a number of years.

Here in Wichita Falls oil developments brought thousands of new citizens many of whom bought homes.

In older and more settled communities a good many people have not been made to realize the cheapness of the dollar.

Try, as we may, we can not get away from the fact that prices are advancing to higher levels on account of the abundance of money.

For the second time within recent weeks the city bacteriologist has reported contamination of the city water and the presence of colin bacilli.

Denton realizes the advantages that will result from the building of the Dallas-Wichita Falls interurban and the business men of Denton are leaving nothing undone to aid the project.

WILL LIVINGSTON ARRIVES FROM KANSAS CITY

Will Livingston, of the Livingston Oil Corporation arrived here today in his prize winning Packard from Fort Worth and will get busy with the other officials who preceded him.

A PRODUCER'S VIEW OF THE MEAT SITUATION

Archer City, Texas, July 7, 1919.

I noticed in yesterday's Times an editorial relating to the American Meat Packers and their regulation.

I am a producer of beef in a limited way. While the war was in progress and our nation crying for more beef, I went on the open market and bought 500 two and three year old steer steers at a high price.

You are a consumer of beef. Has most of the beef been lowered? Evidence before Congress seems to be that the retail price of beef has advanced 24 per cent during the past twelve months.

If you will read the Stock Reporters of the various cattle markets you will realize that all the paid advertisements carried by the papers during the past months have been for the sole purpose of deceiving the American people.

It is true we have no big army in Europe to feed this year as we had last but the market papers show that there has been a four hundred thousand less cattle marketed at the six big American markets than there were up to this date last year.

The Times has always stood for law and order. Why not use some of your editorial space fighting one of the most prolific trusts that ever sapped the life blood of the American people?

The losses of one cattle producer are immaterial but when an industry, as great as the cattle industry is threatened with destruction it is time for the American people to begin taking notice.

Swift & Company advertised in all leading papers yesterday that there is no overproduction of beef but that the cold storage plants of the country only had a 21 days supply ahead.

LETTER ON FACE FOR EIGHT WEEKS

In Pimples, Itched and Burned, Cuticura Heals.

"I suffered for some time with letter on my face. The trouble broke out in fine pimples and then crusted ones. They itched and burned so all the time I could hardly keep from tearing my face to pieces.

"After reading about Cuticura I decided to give it a trial. I used three cakes of Soap and two boxes of Ointment when I was healed." (Signed) Miss Lirac Pannelle, R. F. D. 2, New St. Chatham, Va.

GET RID OF CONSTIPATION

Every day you allow yourself to be troubled with constipation you lessen your physical strength, your relationship to life, and your happiness.

But you can get rid of constipation. You can be well and strong. You can be successful.

RICHE-LAX according to directions and constipation has got to go. It cannot remain, nor will it return if you follow the scientific treatment.

BANKER PREDICTS A CITY OF 100,000 IN A VERY FEW YEARS

"My prediction is that Wichita Falls is certain within a very few years to be a city of more than 100,000 people, and is based on a firm conviction formed by reason of what I have seen here on this, my first visit to Wichita Falls."

WILLIAM IS TROUBLED ABOUT HIS REAL ESTATE

Associated Press Mail Correspondent. AMERONGEN.—The former German Emperor has been discussing his financial problems for more than a week with Dr. J. Krieger, who has been in charge of the imperial estates and funds in Germany since the Hohenzollern abdication.

Bank of Rule, Texas, who with Mr. Dodson was the guest of C. W. Reid, president of the National Bank of Commerce; J. W. White and C. C. Cabiness, both of the First National bank of Burk Burnett, guests of C. W. Snider, cashier of the City National bank and Charles Smith of Fort Worth guest of Fred T. Gosper.

WILLIAM IS TROUBLED ABOUT HIS REAL ESTATE

Associated Press Mail Correspondent. AMERONGEN.—The former German Emperor has been discussing his financial problems for more than a week with Dr. J. Krieger, who has been in charge of the imperial estates and funds in Germany since the Hohenzollern abdication.

of money, as he possessed a considerable amount on deposit in Holland before the war began. This was added to appreciably while hostilities were in progress. During the few stirring weeks preceding his abdication, William and his followers transferred further large sums in ready cash.

But William is troubled as to the fate of his real estate. He possessed no fewer than fifty-five castles, hunting boxes and country seats scattered over the Empire. The revenues of these properties are for the present at least in the hands of the new government, which hitherto has paid from their proceeds all Herr Hohenzollern's bills, forwarded to Berlin for settlement. These accounts have been quite formidable, as the imperial refugee is called upon to pay for everything he consumes, as well as for his accommodation and the upkeep of his suite, besides paying the wages of the gardeners and domestics of the Beninck estate who render him services while wood-cutting or in the service.

Experimenters in Europe have found that slag from garbage incinerating plants is an excellent substitute for gravel for mixing with cement in the manufacture of concrete.

35 1/2 ACRES A Golden Opportunity Is Passing Your Way—Take Advantage of It 2 WELLS The Leader Oil Company, being managed by honest and competent oil men, offers you a limited amount of its stock, on a ground floor proposition. OUR LEASES ARE ALL WELL LOCATED, AS FOLLOWS: We have ample room for two wells, right in the heart of big production, lying west of the Texas Chief and about three hundred feet southeast of the New Pool gusher, where the only question is HOW BIG will the well be? On this acreage we will drill our first well, which will repay the entire capitalization within 60 days, if the well is even half as big as its near neighbors. Five acres near the Horseshoe Bend well, now nearing the sand, and also near the P. G. & J. S., reported on the sand and waiting for pipe line connections. The Ramming well, about two miles southwest, is today reported good for 2500 barrels. Thirty acres between Wichita and Burk Burnett, three-quarters of a mile from producing wells, and adjoining a deep test now going down. OFFICERS: V. I. PUCINI, President; H. J. GOODMAN, Vice-President; ALBERT DUEMCKE, Treasurer; E. M. STURGIS, Secretary. REFERENCES: Wichita State Bank, Wichita Falls, Texas; Exchange National Bank, Tulsa, Okla.; Texas State Bank, Fort Worth, Texas; American National Bank, Oklahoma City, Okla. CAPITAL \$100,000 PAR VALUE \$10.00 Leases worth \$50,000. Two wells to be drilled at an approximate cost of \$40,000. No Promotion. You get in on the ground floor. Mail us your check right now, while you are thinking about it, and reap the benefits of our experience. Texas Leader Oil Company 621 Ohio Street, Wichita Falls, Texas

**INCREASE SHOWN  
IN PRODUCTION OF  
NORTHWEST FIELD**

PIPE LINE RUNS SHOW A GAIN OF  
ONE THOUSAND BARRELS  
FOR WEEK.

TOTAL AFFECTED BY DELAYS

Does Not Include Many Wells Brought  
In But Not Yet Connected  
UP.

Though the new production in the  
Wagoner field alone for the past  
week was around 16,000 barrels daily,  
there was an increase of only 1,000  
barrels daily in the amount of oil run  
out of the Wichita Falls district, for  
the week, compared with the runs for  
the week previous. The production out  
of the Wichita Falls district, for  
above 100,000 barrels daily, though the  
runs show almost 10,000 barrels less  
than this amount. It is not possible  
to measure accurately the potential  
production of the northwest pool at  
the present, even for the wells drilled  
in, for many of them have only pen-  
etrated the sand a few feet, while  
while others have never been turned  
loose to flow their full capacity.

Fifty thousand barrels more oil than  
is being run at present, can be cared  
for daily in about sixty days time. It  
is believed, as in this time the pipe  
lines or building will be finished to  
such a degree that they can relieve  
the situation, even though they may  
not be wholly completed. Some of the  
lines will be able to give relief before  
this time, and every effort is being  
made, both by individual operators  
and by companies buying and trans-  
porting oil, to so increase the storage  
that the minimum loss of time and  
production will be suffered until the  
pipe lines reach sufficient capacity to  
care for the entire production.

The wells in the northwest, and  
Burkburnett townsite pool, which have  
added to the production total, being  
completed this past week, and not pre-  
viously reported, follow:

**Completions Reported.**  
W. D. Cline et al, No. 2 Wagoner,

**BURK-GEORGE WELL  
SOUTH PART OF 818  
STRIKES RICH SAND**

Extension of the line of proven ter-  
ritory to the southwest by three  
quarters of a mile is indicated in  
the report that the Burk George Oil  
Company has a rich sand in the foot  
of the George farm, on the south  
line of block 18. The drill has pen-  
etrated several feet into the sand, it  
is reported, and preparations are be-  
ing made to complete the well within  
the next day or two.

A method for extracting an astring-  
ent juice from persimmons having  
been invented in the United States,  
Japan has received an order for 2,000-  
000 young persimmon trees.

**R. I. Young**

THE subject of this sketch was  
born near Austin, Texas, and  
Texas, son of Robert and Sarah J.  
(Key) Young, and educated in the  
Texas county schools and Seminary,  
Dallas, Lampasas, Texas.

After serving eight years as an  
assessor of Lampasas county Mr  
Young went to Beaumont after the  
Kaiserboom boom was over and became  
associated with the Young Oil Com-  
pany, having production at Beaumont,  
Seminole and Sour Lake, since which  
time he has been actively engaged in  
the oil industry, principally in the Gul-  
f coast fields. Becoming a resident of  
Houston in 1916, Mr. Young has been  
general manager of the Crown Oil and  
Refining Company, operating at Hum-  
ble, Goose Creek, West Columbia and  
Brownwood, with holdings in other  
districts. The Crown company recent-  
ly completed a 6,000 barrel well at  
West Columbia and now has a daily  
production of 7,500 barrels. The com-  
pany recently sold its refinery of 5,000  
barrels capacity, located on the whif-  
fhamil near Houston, to the Claven-  
don Refining Company, Clarendon, Pa.

Mr. Young is general manager of the  
Crown Oil and Refining Company  
Houston, Texas, capital \$2,000,000; a  
director of the Gulf Coast Oil Corpora-  
tion, Houston, and a director of the  
Agricultural and Mechanical College  
College Station, Texas.

In 1904 Mr. Young married Alice  
Eugene McLean at Lampasas, Texas,  
and has three daughters. Two of them  
are attending the State University,  
and Mrs. Roberts, the other, recently  
put in in the grandfather class. Mrs.  
Young is one of the foremost women  
of Texas and prominent in the woman  
suffrage movement. She was chair-  
man of the women's section of the  
four Liberty Loans for Harris county.  
Mr. Young owns a large ranch in Fort  
Bend county, Texas, which is his re-  
creation, as he is keenly interested in  
farming and stock breeding. Home  
address, 3505 Burlington Ave., Hous-  
ton, Texas.

**AUTO RECOVERED BUT  
THIEF MAKES ESCAPE**

By abandoning the car which he had  
stolen and turned upside down in a  
ditch, the second automobile thief who  
has made his escape from the sheriff's  
department by this means in the last  
few days yesterday managed a get-  
away from Sheriff Bob McFall.

The car, a Ford, was taken from T.  
H. Martin, of Fort Worth, at Iowa  
Park, and went into the ditch while  
taking a turn just beyond Holiday  
creek on the road to this place. The  
car did not go over when it went into  
the ditch, but the efforts of the thief  
to pull out resulted in its turning  
upside down.

The car, which had sustained only  
slight damage, was recovered and re-  
turned to the owner.

**MASS MEETING OF  
OIL MEN TONIGHT  
AT COURT HOUSE**

CALLED TO DISCUSS MEASURES  
FOR THE CONSERVATION  
OF PRODUCT.

SITUATION IS URGENT ONE

C. H. Clark Emphasizes the Importance  
of Prompt and Definite  
Action.

Oil men interested in the Burkburnett  
district have issued a call for a  
mass meeting at the court house at  
8:30 tonight for an expression from  
this community as to the proper meas-  
ures to be taken by the Texas rail-  
road commission to insure the conser-  
vation of oil and gas at Burkburnett  
and relieve the serious situation due  
to lack of facilities for the handling  
of production which is facing opera-  
tors in that district. Such an expres-  
sion has been asked from Wichita  
Falls by the commission which is now  
in session at Austin for the purpose of  
considering the Burkburnett situation,  
said C. H. Clark, in announcing the  
mass meeting at the noon meeting  
of the Wichita Club today.

The need for some immediate and  
effective action and the critical na-  
ture of the problem was emphasized  
by Mr. Clark in speaking of the meet-  
ing. "This is a matter of vital in-  
terest to all who are interested in  
any branch of the oil business, and  
should be attended by every inter-  
ested person," said Mr. Clark. "All  
phases of the situation will be thor-  
oughly gone into with the idea of  
working out some practical sugges-  
tions to give the railroad commission  
in the matter.

Something must be done at once to  
save the situation in the Burkburnett  
field. At present there is a material  
overproduction in the field, much  
greater than can be handled by the  
available facilities. It will be from  
60 to 70 days, I am told, before ad-  
equate pipe line facilities are avail-  
able. In the meantime, some of the small  
producers are selling crude at prices  
materially below the market. Some  
outside means of relief must be  
sought, as it is to the interest of the  
pipe line companies to keep down the  
prices paid to the producers."

The importance of the situation and  
of the attendance at the mass meet-  
ing was also touched on by W. S.  
Curlee, president of the club, in ur-  
ging a full attendance by members of  
that organization.

**TEXAS CRUDE OIL CO.  
REPORTS ON DRILLING**

Special to The Times.  
RANGER, TEX., July 9.—De-  
mona's oil output jumped a couple  
of thousand barrels Sunday morning  
with the completion of the G. N.  
Grice No. 3 of the Texas Company.  
The well went only three feet into  
the black lime at 2,575 feet and pro-  
duction for the first 24 hours was  
measured at 2,695 barrels.

Despite the shortage of pipe line  
facilities compared with the pool's  
present output, the Texas Co. will  
take care of its new well without  
trouble. No. 4 also may be expected  
to arrive soon; it is on top the lime  
at 2,660 feet.

Sun Co.'s well on the Mrs. Huler  
tract is waiting the completion of the  
emergency line from Ranger to De-  
mona. Two or three days will see  
the line finished. The well is making  
2,000, but is not drilled in.

Prairie Oil and Gas is expecting the  
arrival of E. Roper No. 3, which is  
standing 1,500 feet in oil, at 3,240 feet.  
The well is at the extreme southeast  
corner of the tract, the width of the  
tract from No. 2, which is two weeks  
old. No. 2 came in June 24, for 2,500  
barrels. No. 1, two and half months  
old, is good for around a thousand.

Five miles west and south of Ran-  
ger, in the territory around Olden,  
the Magnolia Petroleum Co.'s T. W. Con-  
nelley, has broken into three or four  
million feet of gas on top of the black  
lime.

Hard luck pursues E. H. Layne No.  
5 of the Mid-Kansas. A week ago it  
had a fishing job, at 3,350 feet. Now

**NORTHWEST FIELD  
STATE BANK TO BE  
OPENED ON FRIDAY**

The new state bank, in the north-  
west extension of the Burkburnett  
field, will be open for business Fri-  
day, greatly to the relief of the bank-  
ing community that is fast being  
built up in the northwest corner of  
block 74.

The new institution will be known  
as the Thrift-Wagoner Bank, post-  
office (temporarily) Iowa Park. The  
building is an "ironclad," and all the  
fixtures and furnishings are in place,  
including one of the Mosier Safe Co.'s  
latest manganese steel safes. Offi-  
cers are: Fred M. Jack, president; C.  
A. Seale, cashier. Mr. Jack is vice-  
president of the First State Bank of  
Iowa Park, and Mr. Seale comes from  
Tyras, Texas. Safe deposit business  
will be cared for in addition to regu-  
lar commercial banking.

Speaking of the new town that has  
neither name nor postoffice at this  
time Mr. Jack says: "There is an  
active, hustling community of about  
3,000 people now there. The business  
houses extend for half a mile on both  
sides of the main street, and there  
are groceries, dry goods, hardware and  
crag stores, restaurants, hotels, bar-  
ber shops and picture shows—a live  
town in every way. It just grew  
like Topsy, and grew so fast that  
we who are there daily cannot keep  
pace with the progress."

**LEASES**

Five acres in Knight subdivision  
near Old Glory well, at a price too low to  
publish. Two wells on sand close by.

Two or three drilling sites, each con-  
taining almost an acre, in Block 98, just  
south of New Pool well, at \$16,000 each.  
Nothing better in the field.

Have a client who wants 500 to 5000  
barrels settled production on not less  
than 10 acres.

**JOHN P. MARRS**  
311 Kemp & Kell Bldg.

**A New Oil Field  
in Hueco Basin**

Eighteen miles from El Paso, the Golden City of sun-  
shine and flowers. Population 100,000. Altitude 3700 feet.  
Located at foot of Mt. Franklin, elevation 7000 feet. A city  
noted for its fine schools and beautiful churches, for its  
good streets and great paved driveway, extending 100 miles  
through the beautiful Rio Grande valley. This valley is  
noted for its abundant supply of water for irrigation and  
its fertile soil. Here you can grow to perfection alfalfa,  
corn, wheat, oats, all kinds of vegetables and fruits. Im-  
mense orchards of Bartlett pears that excel those grown  
in California.

**HERE IS A BARGAIN FOR YOU**

Ranch of 212 acres, all in cultivation and under the  
ditch. All fenced and cross fenced with hog wire. Six-room  
house, splendid out buildings of every kind, 100-ton silo,  
well and windmill, abundance of good water, piped into  
house, barns, lots and hog sheds, with 4500 feet one-inch  
galvanized pipe. Well equipped dairy house. All buildings  
have concrete floors, chicken houses, barns and hog sheds.  
4000 Bartlett pear trees seven years old, 150 trees in fam-  
ily orchard of peaches, plums, apples and grapes. This is  
an ideal place, located 26 miles from El Paso, on paved road.  
No mud, no dust on your drive to city. Price \$40,000.  
Pear orchard alone worth the money. Owner recently died  
and an aged widow must settle estate. Can give immediate  
possession.

Drilling for oil is in progress near El Paso and prepara-  
tions are being made to drill within a few miles of this  
property. Geologists have passed favorably upon this sec-  
tion and the purchaser will have two excellent shots at big  
profit.

Address W. F. M., care Times.

**PEACHES AND CREAM**  
A PEACH OF A HOME  
THE CREAM OF THE CITY

On Tenth street, just completed. Call us at once for  
an appointment. On the market for a few days only.

**CRANE, WILLIS & CROWELL**

### INSURANCE MEN IN CITY TO INSPECT THE FIRE HAZARD

That the insurance interests are paying much attention to the hazardous conditions of their risks in Wichita Falls was fully exemplified by the visit here Tuesday of Tom L. Monagan, of Dallas, president of the Texas Bureau of Fire Inspectors, accompanied by C. A. Woolford Jr., of the Hartford Fire Insurance Company, in company with Chief McClure. They looked through the streets and alleys of the business section, as well as many of the houses where packing material and trash is most apt to accumulate, and the criticisms made were not pleasant music for the chief's ears, though not reflecting in any way on his conduct of his department.

The parking of so many automobiles on both sides of the principal business streets was emphatically condemned by the visitors because the fire apparatus has no thoroughfare in which to make speed when called for runs.

### JUDGE HUFF URGES A FULL VOTE FOR SENATOR

Full attendance at the polls Monday when a State Senator to succeed the late Senator Bell will be selected was urged by Judge R. E. Huff today in endorsing the candidacy of W. P. Bledsoe, representative from Labbock county, for the position.

"I am not personally acquainted with Mr. Bledsoe, or the other men in the race," said Judge Huff, "but base my endorsement of his candidacy on an endorsement which I have received from J. D. Parnell, representative. The importance of selecting a good man for this office can not be over emphasized and I know that Mr. Parnell, who is well acquainted with Mr. Bledsoe, and is also thoroughly conversant with the needs of the district, can be depended on to select a good man for the place."

Judge Huff made his endorsement of Mr. Bledsoe at the noon meeting of the Wichita club, asking that no action be taken by the club. No action was taken by the organization, but the club did urge a full attendance of the voters at the Monday election.

Other candidates for the position are: E. L. Templeton, Collinsworth county, and W. E. Cooke, Childress county.

### ONE HUNDRED MEN ARE WANTED AT CALL FIELD

One hundred men are wanted at once for civilian work at Call Field, to crate and load the planes and equipment, which is to be abandoned, Sgt. Jack Bonner has been placed in charge of the work and his orders are to get the stuff out quickly.

Rooms and meals, hot and cold baths and transportation to the field will be furnished, and good wages paid. The aid of the Chamber of Commerce and the business men of the city has been invoked in order that a rush job may be made of the removal task.

No skilled labor is required, only able bodied, willing workers at comparatively light tasks. Applications should be made at the recruiting tent on the postoffice lawn at once.

Which and wait for opening, Basement Shoe Store, Saturday, July 12, 49-3tc

### Fort Worth Man Unable to Work For Over a Year

"It's an honest fact, I have gained wonderfully since I started taking this Orgatone, and my whole system has been improved until I feel like a new man," said V. C. Jones, a well known carpenter who resides at 668 Samuels avenue, Fort Worth.

"No sort of food agreed with me but seemed to almost poison my stomach for it would lay like hard lumps and ferment, making gas that would me and I often had to loosen my clothes to be able to breathe. My head would swim sometimes if I would have to stoop over to pick up my tools and this condition got so that I have been unable to work for almost over a year. I was as nervous and shaky as a leaf and when night came on, instead of going to sleep, I would sometimes lay awake for hours at a time.

"It would be hard to tell how much money I spent for medicine and treatments trying to get well but no matter what I tried I got no relief until one day, after reading an Orgatone advertisement in the paper, I bought a bottle and started taking it.

"Well, sir, I'll never see the day when I can't recommend Orgatone the way it straightened out my troubles. Right from the first bottle it began to clean up my stomach, and now, after taking the third bottle, I can just eat anything I want and digest it as easily as if I had never had indigestion in my life. I have gained in strength until I'm ready to go back to work right now and I haven't a pain of any kind. My limbs feel like they were brand new again and every part of my body has been livened and strengthened by this Orgatone. When night comes I go right off to sleep almost as full of life and energy as any man years younger.

"I have already recommended Orgatone to several of my friends, and feel like I can just talk all day long about the good it has done me, and never say too much. It certainly did for me what no other medicine could find would do, and I know it will do the same for anybody else who suffers like I did."

Orgatone is not a so-called patent or secret remedy but a new scientific treatment absolutely free from alcohol in any form and is sold in Wichita Falls exclusively by the T. F. Young Drug Company, corner 4th and Indiana under the personal direction of a special Orgatone representative. Other agents are Clark Drug Company, Burkhardt. Look for the Orgatone sign.

### Nothing Knocks But Opportunity in Wichita Falls

The slogan content has been decided by the judges, Messrs. A. H. Brittain, J. M. McFall and G. C. Wood, and the prize of \$25 goes to Sergeant Walter J. Mahoney, of Call Field, the ringing words that met the approval of the committee are:

"Nothing knocks but opportunity in Wichita Falls."

Many of the suggestions found favor in the eyes of the judges, who made first, second and third choices and then compared the ever narrowing list until sentiment crystallized to the final selection. Some of the catchy and happy thoughts are given below.

"The city at the Rainbow's end."

"The magic city of the West."

"The city that made Texas famous."

"Wichita Falls, the city that knows how."

"Grow up with the city, Wichita Falls."

"The city that made the world take notice."

"W. F. W. F.—World Famous Wichita Falls."

"Wichita Falls, the city worth while."

"Over the top in everything."

"You need—Wichita Falls—needs you."

"Where deals go through and dreams come true."

"Your friends are here; when may we expect you?"

"Oil and factories; cotton and wheat."

"Wichita Falls is hard to beat."

"The city of pep, progress and prosperity."

The total number catalogued was 133 and all showed a deep desire to inspire others with the belief that all good citizens share.

### MORTUARY

Hazel Pierce. Funeral services for Hazel Pierce, two year old daughter of Mr. and Mrs. N. W. Pierce were held from the home on the outskirts of the city Tuesday afternoon. Rev. W. H. Wallace officiated. The baby died from intestinal trouble. She was adopted by Mr. and Mrs. Pierce when left alone, a very young infant, at the general hospital two years ago.

Henry Hoizer. Henry Hoizer, the two months old baby son of Mr. and Mrs. Will Hoizer was buried in the Catholic cemetery Sunday afternoon. The baby died Sunday afternoon at the home on Adams street.

Mrs. E. L. Clark. Funeral services for Mrs. E. L. Clark who died at 3 o'clock this morning at the home of her sister, Mrs. Lathier Vernon, 1206 Indiana, were held this afternoon at 2 pm. Rev. Holt conducted the services.

Mrs. Clark was brought to Wichita Falls last week from El Paso, where she had been under treatment in the tubercular hospital for several years. She was formerly a resident of this city. She was forty-one years old. Her husband survives.

Over Woolworth's

STYLE—But Not Extravagance

### OPPOSITION TO THE MOTOR TRUCK TAX VOICED AT MEETING

Opposition to the proposed motor truck tax was voiced at today's meeting of the Wichita Club today. The club's opposition to the tax on the grounds that it is an unfair tax and one of prohibitive nature is to be communicated to the representatives of this section in the legislature, and at the same time members of the club are to use their personal influence with the representatives in opposition to the tax.

"Wichita county has more trucks of more than a ton capacity than any other county in the State with the exception of Dallas county," said C. J. Hunter of the Wichita Falls Motor Club, in speaking of the importance to Wichita Falls of the proposed measure.

"These trucks already pay a tax of \$16 to \$65 each, aside from the regular highway tax, which is in the neighborhood of \$40. Then to put on this additional tax is both unfair and unreasonable, and a serious blow to the oil industry in the county which makes such a large use of motor trucks. This tax is embodied in a joker slipped in highway bill, and it is of importance that we do everything in our power to get it stricken out."

The matter was brought to the attention of the club by Judge R. E. Huff, who termed the tax as unreasonable and unjustifiable.

### CHAS. M. CROWELL JOINS LOCAL REAL ESTATE FIRM

Charles M. Crowell, local young business man, who has been identified with banking and oil interests in Wichita Falls for some time, has joined the firm of Crane & Willis, real estate and all branches of in-

urance, and the partnership is now Crane, Willis & Crowell. The firm, which has temporary offices on the ground floor of the Masonic Temple, has enjoyed a large business since first beginning operations, and the record has been such that the addition of Mr. Crowell to the firm will have the advantage of making it possible to handle the enlarged business, as well as to bring into partnership a third energetic young man who has a wide acquaintance in the city as well as business experience that will be of value. The firm will have a suite of offices in one of the new office buildings now under construction, but for the present, as since its formation, will do business at 918 Scott, ground floor of the Masonic Temple.

### FIFTY DOLLAR REWARD FOR ESCAPED NEGRO

A reward of \$50 for information leading to the arrest of George Williams, the negro charged with robbing the window of the Halton-Pedley Jewelry company yesterday if offered by T. H. Friedly for the company. The negro is described by Mr. Friedly as a black negro of medium build, about 5 feet 4 inches in height and weighing about 175 pounds. He has a slight squint in his eyes as though from near-sightedness. When last seen he was wearing a black hat, khaki shirt, dark vest and trousers and black shoes, the latter slit across the toes to give more room for the feet.

### WANTED AT ONCE

Three or four good-sized boys, 12 to 16 years old, to carry paper routes. Apply to Mr. Armstrong, at Times office.

"Hello."

"Yes, this is Mrs. Buyers speaking."

"Oh, yes, the P. B. M. Store."

"An unusual special event coming?"

"Do you mean those Shoes will be on sale at special prices?"

"Oh, that is perfectly splendid!"

"What is it?"

"A display in center window tomorrow? How grand!"

"And when does this event start, please?"

"Friday, July 11? Well, I for one certainly shall be on hand."

"Yes, I'll be watching for the advertisement."

"Well, thank you immensely."

"Good-bye."

## Thursday Specials

EXCLUSIVE STYLES

# GIVE DETAILS OF THE DEATH OF CZAR NICHOLAS OF RUSSIA

By FRANK J. TAYLOR  
(United Press Staff Correspondent.)  
NEW YORK, July 9.—The bolsheviks are naive and almost child-like in their explanation of the execution of the czar and members of the royal family. Of the czar's family the bolsheviks claim they do not know anything.

No effort is made to conceal the details of the czar's death. The United Press correspondent asked one of the men high in the bolshevik foreign office for the truth about the czar. His story was neither long nor complicated.

The czar was made prisoner by the bolsheviks at the overthrow of the tsar and was taken to a small hamlet in northwestern Siberia, said the bolshevik official. "He was kept there for some time, until an uprising occurred in the vicinity. His captors feared the reactionaries would take the czar and declare him ruler again. So he was moved southward to a small hamlet in the Ural mountains. There he was kept until the Czechs and Slovaks under Koleshak reached the proximity, and there was again danger of Nicholas being recaptured and declared czar. The bolsheviks, guarding him realized this danger.

So one night they executed him. They did it entirely without our knowledge and against our orders. The only authority they had was that of the local soviet. We learned of the execution some days after it was done.

"The local soviet sent in the orders for execution, and asked us to approve them. Since the czar was already executed, we decided that we might as well approve of the local soviet's action, so we did, and the czar's execution was given the O. K. of the national soviet congress."

The Moscow bolsheviks claim they have no information regarding the fate of the czar and the children of the czar, all of whom were taken prisoners with Nicholas. They probably were kept with him, and were executed at the same time, admit the bolsheviks.

The bolsheviks claim that the local soviet acted as a court to try the czar before its members declared themselves for his execution. His death is justified on the grounds that he was a danger to bolshevism and would always be an influence to reaction.

Some of the details of the czar's death came to light when two Russians who were present at the death scene in the Urals appeared in Berlin and told part of their stories to members of the Allied missions there.

These Russians who had escaped from the bolsheviks, had in their possession small bits of cloth, which they claimed were remnants from the clothes of the former Russian royalty. The soldiers claimed to have seen the executions, not only of Nicholas, but of his wife and children. They said it was cruel and brutal beyond description.

Granda Duke Nicholas is thought by the bolsheviks to be living in the Crimea. The bolsheviks regard him as a dangerous personality, and would like to bring him before a soviet tribunal.

Executions and imprisonments in soviet Russia have done much to rid the country of political leaders dangerous to the bolsheviks. The head revolutionists have shown rare diligence and judgment in seizing the men likely to be dangerous.

According to the bolsheviks, the executions in Russia have not reached the figures given out by their enemies. The bolsheviks testify to the statement that not more than 5,000 people have been actually killed in the entire revolution.

However, most of these were executions. The bolsheviks claim that every one executed had a trial before a tribunal. The tribunal consisted of three communists. The system of trial by tribunal is still in practice.

Most of the executions were during the Red Terror, according to the Moscow leaders. They justify the Red Terror, on the grounds that it was the only means of bringing peace to the land, when counter plots were threatening Lenin and other bolshevik leaders.

The Red Terror put the fear of disorder in the hearts of the Russian

people. It was the means by which the bolsheviks seized a strangle hold on the country. It also enabled them to either jail or execute every political opponent of any importance inside Russia.

Only recently have any of these political refugees been allowed out of prison. They are still closely watched in Petrograd the United Press correspondent had dinner one evening with a baron who had just been released. He was ravenously hungry and almost out of his mind. His spirit was wild, and he looked for death any moment, and welcomed it as a relief from the terror under which he lived.

**COLONEL FONTES MANAGER OF MEXICAN RAILROADS**  
By Associated Press.  
MEXICO CITY, Tuesday, July 8.—Colonel Faalino Fontes, general manager of Mexican railways, was today appointed by President Carranza to be general manager of the Mexican National Railways, succeeding Felipe Pescador, who has resigned. Colonel Fontes will combine his new duties with those of the position he now holds, having administrative control of various lines on the Gulf Coast, in the Isthmian region and in the neighborhood of Mexico City.

Newspapers here have recently been devoting considerable space to unconfirmed reports regarding an investigation and reorganization of the national lines.

# SLEEPER TO DENVER HAS BEEN INSTALLED BY THE FT. W. & D. C.

A Wichita Falls-Denver sleeper has been put on by the Fort Worth & Denver railway.

The sleeper is brought up from Fort Worth on northbound passenger train No. 3 arriving here at 2:00 p. m. It is parked here and goes out on No. 7 the following morning for Denver and intermediate points.

Southbound the Pullman is set out here on Train No. 8 in the morning going on down to Fort Worth at 1:30 in the afternoon.

**LOUISIANA CANE CROP FALLS SHORT THIS YEAR**  
By Associated Press.  
NEW ORLEANS, July 9.—The Louisiana cane crop deteriorated 3.1 points in June and the yield of sugar for the coming season is estimated near 100 short tons less than last year, according to a report of John S. Deane, Louisiana field agent for the government bureau of crop estimates made public here today. The condition of the cane crop July 1 was fixed at 62.9.

# MABEL LOUISE ATHERTON FOUND SHOT IN LONDON EARLY THIS MORNING

LONDON, July 9.—Mrs. Arthur Elliot, better known as Mrs. Mabe,

Louise Atherton, divorced wife of Colonel Thomas Atherton, was found shot this morning in her home in London, according to the Evening Standard this afternoon.

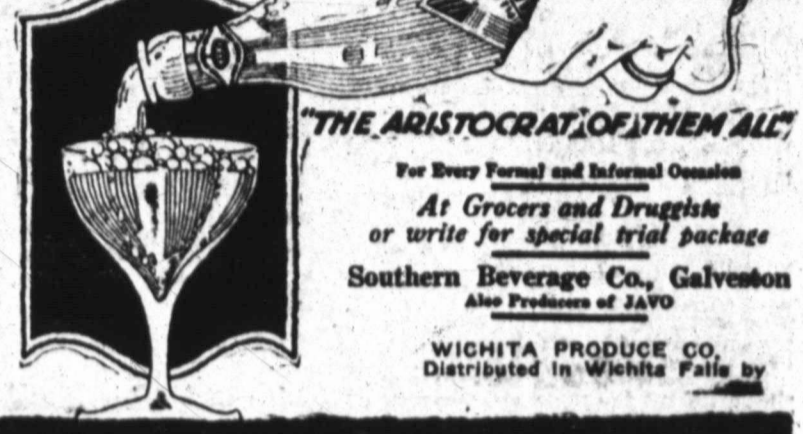

Mrs. Elliot, who was a sister of Sir Aubrey Dean-Paul, some years ago

sued Baron Churston, then John Reginald Yarde-Buller, for breach of promise. The case created a considerable sensation at the time. Last April she married Captain Arthur Elliot, a dramatist, grandson of the late Earl of St. Germans.

It is not too small to meet the banking requirements of any individual or business firm.

A man can borrow money on what he puts into a home. He can't on what he pays out for rent.

# THE LAST CALL

Three weeks ago last Friday, we first offered for sale three hundred and ninety lots in Sibley-Taylor Addition. Today we have less than ninety left and the next week or ten days should witness the sale of the last lot.

We desire to thank the many hundreds of the public who have visited Sibley-Taylor Addition for their practically unanimous endorsement of the beauty and desirability of our property for residence purposes and likewise to congratulate our buyers on the really exceptional choice they have made for a home-site, for most of our buyers are prospective home-builders, only a minority buying for speculation, just reversing the usual proportion between home-builders and speculators.

We say "exceptional choice" because we are convinced that aside from the natural beauty of the property for residence purposes, the starting of building will instantly enhance the investment feature of the purchases, and the next ten days will witness the beginning of a number of substantial residences.

# Sibley-Taylor Addition

Between Bluff and Holliday Avenue—South—At 20th Street. Take Southland car to Bluff Street—Then walk three blocks south.

# DRIVER & PROPER, Selling Agents

### TWO ARE KILLED AND MANY INJURED RESULT OF STRIKE

By Associated Press.  
CHICAGO, July 9.—Quiet reigned today at the plant of the Corn Products Refining Company at Argo, Ill., where yesterday two persons were killed and a score wounded in a fight between armed guards of the company and strikers. Sheriff Charles W. Peters today sent fifty additional deputies to the plant to preserve order which brings the number of deputies on duty there to ninety.

### MEET TO CONSIDER PLANS FOR STRIKE

By Associated Press.  
PARIS, July 9.—The executive committee of the general labor federation met today to consider plans for the demonstration at the July 21, when labor men of France, Italy and Great Britain are expected to protest against Allied intervention in Russia.

### EMPLOYEES OF PLANT AT PEKIN ON STRIKE

PEORIA, ILL., July 9.—A majority of the 1,300 employees of the Corn Products Refining Company plant at Peoria went on strike this morning when the time limit given the officials to accede to their demands for a "closed shop" expired.

### Leases and Assignments.

A. W. Culp et al to A. W. Culp et al, trustee, an interest in 10 acres out of block 76 Red River valley lands, \$10 and other considerations.

J. T. Montgomery to W. Newton Maer, 10 acres out of the Robert Evans survey, \$7000.

Watch and wait for opening. Basement Shoe Store, Saturday, July 12, 49-Stc

### HISTORY OF VOYAGE OF R-34 AN INTENSELY HUMAN STORY

By Associated Press.  
MINEOLA, N. Y., July 6.—Not in the mere record of miles covered is to be found the real romance of the R-34's aerial voyage to America. The full story of this great adventure, this gamble against the elements, is revealed only through the human incidents of the trip, chronicled in the form of a log by Brigadier General Edward M. Maitland, official observer for the British air ministry.

### Describes Feelings of Men.

In it is described the feelings of men starting on a great adventure cheerfully confident in the face of a hundred dangers. In it is described the courage of red blooded men fighting their way through an ocean of cloud and fog. In it is described the resolute daring of men calculating coolly just how much fuel, already shortened, they could expend in dodging tempests which might dash them to destruction.

### When flying at night there is always a feeling of loneliness on leaving the ground.

When flying at night there is always a feeling of loneliness on leaving the ground, reads an entry made after the airship had taken the air, but it is followed almost immediately by a description of the first breakfast in the air, which ends: "In the adjoining compartment the graphophone was entertaining the crews with the latest jazz tune. Next comes an account of sleeping in hammocks aboard a service airship with a word of caution for the unwary sleeper.

cured and more or less in the form of a dairy," as General Maitland promised at the head of his log.

### FORMAL NOTIFICATION IS NOT NECESSARY SAYS CITY SECRETARY WALKUP

Formal notification of the committee appointed to draw up a new city charter is unnecessary, according to the view of J. W. Walkup, city secretary. "One of the committee is the mayor, and two other members of the city council who were present at the council meeting at which the committee was named by the mayor," says Mr. Walkup.

### SIX FINED TODAY FOR VIOLATING TRAFFIC LAW

Three more cases against motorists running with bright lights came before Judge Ogilvie in the city court this morning, two fines of \$10 each being assessed, with a finding of not guilty in one case.

DEMPSEY IS OFFERED LARGE PURSE TO FIGHT WINNER OF PARIS BOUT

By Associated Press. CINCINNATI, O., July 9.—Jack Kearns, manager of the navy heavy-weight champion, Jack Dempsey, announced here today that he has received a cablegram from Cochran in Paris, offering Dempsey \$125,000 to fight the winner of the Georges Carpentier-John Beckett bout scheduled to take place in England this month.

GRAVATH ENTERS UPON HIS MANAGERIAL CAREER

By Associated Press. PHILADELPHIA, July 9.—"Gravath," the hard hitting outfielder of the Philadelphia Nationals, entered upon his managerial career today in the hope of building up a winning team. He said, however, he would have to get some new players in order to do so. Gravath was appointed manager of the Phillies yesterday, succeeding Jack Coombs, who resigned.

PAIR FOR EAST VS. WEST TENNIS CHAMPIONSHIP

By Associated Press. CINCINNATI, O., July 9.—The pairing for the East vs. West tennis championship to be played on the courts of the Cincinnati Lawn Tennis Club tomorrow, Friday and Saturday, were announced here today.

PITCHER HASTY AGAIN IN MOBILE LINEUP

By Associated Press. MOBILE, ALA., July 8.—Pitcher Keller Hasty, of the Mobile club, southern association, who was enjoined last Saturday at Atlanta by the superior court of Fulton county, Georgia, from playing baseball will be allowed to pitch for the local club, the injunction having been modified today.

On account of the activity in real estate it has been impossible for us to keep up with the different transfers. Also, we are having calls for property that we can't fill; the house or vacant lot may be what our customer wants.

INCREASE WEIGHT AND VITALITY WITH PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

The average person is beginning to realize more and more that the lack of physical strength and nerve exhaustion (frequently evidenced by excessive thinness) are the direct cause not only of the failure to succeed in life's struggle for the acquisition of existence, but also for the handicap in one's social aspirations.

At the seaside too, the plump well-rounded figure is most admired. The well rounded form which is usually accompanied by the bloom of health and attractiveness.

That millions of people are conscious of this handicap is evident from the continued appearance of no. nervousness, various magazines of many suggestions proposing various remedies in food or medicine or exercise, either of which might not be appropriate for a given case.

Authorities, however, agree that healthy nerve tissue is absolutely essential to a strong, robust body and mind. Weak nerves, while indicated by a multitude of different symptoms, more immediately and generally result in lack of energy, sleeplessness, irritability, depression, etc., which conditions gradually consume the healthy flesh, leaving ugly hollows, a flat chest, bony neck and scrawny arms and legs.

Our bodies need more phosphate than most of them are able to extract from the foods we eat nowadays, and many opinions affirm that there is nothing which may be taken into the human system that so effectively supplies this deficiency as the pure organic phosphate known as bitro-phosphate and sold by the Miller Drug Co., in Wichita Falls, and good druggists everywhere.

TWO PRISONERS ESCAPE CITY JAIL THIS MORNING

Prying loose two bars with a short piece of lumber and descending by means of a rope made of blankets, George Williams, a negro being held in connection with the robbery of the Halton-Friedly window Tuesday morning and another prisoner early this morning made their escape from the city jail.

The prisoner who made his escape with the negro was a white man believed to have been connected with the theft of an automobile in Oklahoma, and also to have quite a jail breaking record, having escaped from the Waco jail and others in Texas and Oklahoma.

## TEXAS INDEPENDENT PIPE LINE COMPANY BUYS TEXAS GULF

Special to The Times.  
FORT WORTH, TEX., July 9.—A merger whereby the Texas Gulf Refining and Pipe Line Company, capital stock \$500,000, was absorbed by the Texas Independent Pipe Line Co., chartered at \$5,000,000, was consummated at a meeting attended by approximately 200 Texas Gulf stockholders, held Tuesday afternoon in the Fort Worth Chamber of Commerce.

J. H. Parker, vice president of the Texas Gulf Refining and Pipe Line Company, was elected president of the Texas Independent. Other officers elected at the stockholders' meeting were E. C. Dundon, Los Angeles, Cal.; George W. Coates, Abilene; B. F. Bennett, Abilene, and Harry Byrnes of Fort Worth. These men were instrumental in obtaining the charter and completing the organization of the Texas Independent Pipe Line Company.

The stockholders of the Texas Gulf Refining and Pipe Line Company will receive two shares for one in the new company, according to the plan of the merger. The offices of the Texas Independent Company are located at Tenth and Main streets. The charter was granted at Austin last March.

An advisory board, consisting of twenty-one stockholders selected from the 200 attending the meeting, was appointed. Both men and women from all sections of the State will serve on this committee, which will confer with the officers from time to time.

Allen J. Moore of Abilene presided at the meeting. Following a resume of the financial conditions of the Texas Gulf Refining and Pipe Line Company, in which it was shown the company was in a healthy condition, having assets amounting to approximately \$800,000 and stock valued at \$15 a share, the members voted to be absorbed by the new company.

The vote for a merger was unanimous. The plans of the new company, according to President Parker, call for a number of new pipe lines in the vicinity of the Ranger and Burk Burnett oil fields. He asserts there are thousands of barrels of oil that are being delayed in shipment and that the new company expects to cover it in a thorough manner.

President Parker, who was at one time connected with the Standard Oil Company, declares this new company to be a Texas and Southern company and in no way connected with the Eastern companies. The name "Independent" was selected for this reason, he said.

**REFUSE TO RAISE THE STATE OF SIEGE**  
PARIS, Tuesday, July 9.—The chamber of deputies today rejected a bill providing for the immediate raising of the state of siege and the suppression of the censorship, the vote being 256 to 202.

The republican socialists demanded the immediate suppression of both the state of siege and the censorship but Stephen Pichon, the foreign minister, declared that this step was impossible before the treaty of peace becomes effective through its ratification by three or more powers.

Watch and wait for opening. Basement Shoe Store, Saturday, July 12, 1919.

## ANDY URBAN WELL IN TAYLOR COUNTY READY FOR A TEST

ABILENE, TEX., July 9.—The status of tests in the Athene field is as follows:  
The Andy Urban No. 1 is about ready for a production test. The work of shutting off a flow of salt water has been under way for several days and is about completed. This well according to reliable reports, is good for from 50 to 100 barrels a day. It is expected to be cleaned out in the next day or two when production will be gauged.

The Kewley & Bright test is filling up at 2,400 feet to right a crooked hole, and drilling will be resumed in a day or two.  
Allison-York-Tarkington, No. 1 Hamilton, is waiting for 10-inch casing at a depth of 1,300 feet. At 1,200 feet the drill penetrated a hard blue lime, which is regarded as one of the best signs for a good well ever discovered in this field. Drilling is expected to be resumed the latter part of this week.

The Gillespie-Remick test near View is drilling in black lime at 1,200 feet.  
The Sears well near Merkel is drilling at 1,500 feet in a hard blue shale. There is great interest in this test around Merkel.

Maitland & Son will drill the No. 1 Bland three miles west of Merkel. Material is on the ground for this test and it will be spudded in a few days.  
The Trent No. 1, on the King ranch south of Merkel, is a rig and will spud in a few days.

There is a new location on the Butman ranch, two miles southwest of Merkel, in section 22, block 5, T. & P. Material for the rig is being assembled.  
Proctor No. 1, Shackelford county, is down to 2,650 feet and waiting for drillers.

No. 1 Colbert on the Colbert ranch, Jones county, has a cave-in at 1,550 feet, but will resume drilling soon.  
Andy Urban No. 2, south of Clyde, Callahan county, has completed a fishing job and will resume drilling in a day or two. Extremely good progress has been made on this test and many oil men are watching it with interest, as it is on what has been called one of the largest formations in the country.

On account of the activity in real estate it has been impossible for us to keep up with the different transfers. Also, we are having calls for property that we can't fill; the house or vacant lot may be what our customer wants. Phone it in Stebbins & Baber 716 Tenth, Phone 2331. 44-tfc

## TEXAS COMPANY'S DESDEMONA WELL A BIG PRODUCER

Special to The Times.  
FORT WORTH, TEX., July 9.—The Texas Crude Oil Company's field report just issued from the operating offices here indicates a wide range of activity, and serves as an excellent example to show the enormous extent of the oil development work now in progress throughout the Lone Star State.

The Texas Crude report shows its No. 1 well in the Triangle lease producing an average of about 300 barrels daily of high grade oil, and the No. 2 well on this tract drilling at 1400 feet. No. 1 well in Block 2 adjoining the townsite is waiting on additional equipment before being drilled in.

No. 1 well at Block 63, Burk Burnett, has the casing set and is drilling in. A big producer is expected here to prove a new southerly extension of the field.

No. 2 in 63 is drilling at 950 feet. In Block 74, probably the most sensational area of the Burk Burnett field, Texas Crude's No. 1 well is drilling at 1370 feet and the rig is building for the No. 2 well. Two additional wells are planned for the Burk Burnett field this year.

At Ranger, their No. 1 well in the townsite will be shot within a day or two and a good well is anticipated. No. 1 Sue Lease is drilling at 470 feet and No. 1 Lightfoot is at 700 feet. Rig is building for No. 1 Hawk. The latter three wells are in the circle of the Perkins, Norwood, Harris, Connelley, Reser, Rickard-Texas, Humble-Scott, Cotton and other great wells.

The wildcat in Bosque county is fishing at 530 and the deep test will be carried out as soon as this job is completed. The No. 1 Creek is waiting on oil contract. No. 1 Cogdell in Hood county is in gas at 2625 feet and a standard rig is being substituted for the star in order to drill in.

The company's report shows five wells already producing at Goose Creek, three at Humble and one at West Columbia.

Texas Crude's second quarterly dividend is now being paid.

Awnings, porch shades, window shade adjusters, metal weather strips. For particulars call R. W. CROSS, with North Texas Furniture Co., 10th and Indiana. Phone 84. 49-6tp

## EMPIRE COMPANY IS TO BUILD PIPELINE FROM BURKBURNETT

In sixty days time, barring unforeseen accidents, the Empire Pipe Line Company will have a 29,000 barrel capacity pipe line in operation from the Burk Burnett field to Headton, Okla., to connect with the main line of the Empire. This new line has just been announced and it is further stated that construction is now ready to begin.

The Empire company at present has a gathering line in Burk Burnett, and with the other lines now building, or to be built immediately, will insure adequate facilities for transporting the oil to refining and shipping centers away from Wichita county, regardless of the extension of the field.

This new line and additional storage facilities, which are promised in a comparatively short time, will go far in relieving the congestion in Burk Burnett, and with the other lines now building, or to be built immediately, will insure adequate facilities for transporting the oil to refining and shipping centers away from Wichita county, regardless of the extension of the field.

Why pay rent when you can buy from the owner? A nice 5-room east front furnished home on Taylor street, for \$4250. Owner leaving the city.

Also fine home with all kinds of shade trees and flowers, vineyard, brick cellar, two servant houses, barn, lots, chicken house, garage. A beautiful home lot 100x207 1/2 feet. This place is 1920 Eighth street. You can buy this furnished or unfurnished. No commission to pay.

## SPECIAL TO OIL MEN

Drive out southeast of town to the East Wichita Oil Co. well, now drilling, look eastward about two or three miles and you will see two new derricks, already up, and drilling will start in the next few days.

We are the owners of several hundred acres of leases beginning near the East Wichita and running east exactly between the locations.

We are going to sell a part of our acreage within the next few days. If you are going to buy a lease in this vicinity see us, first or last. We will be glad to take you out on the ground and show you that we have far the best located leases at much the lowest prices.

### NEW YORK GIVES PRESIDENT AN ENTHUSIASTIC WELCOME

By Associated Press.  
**CARNEGIE HALL, NEW YORK, July 8.**—President Wilson arrived at Carnegie hall at 5:23 p. m. Tuesday.  
 The President appeared on the stage at 5:37 while the band was playing "Over There." When Mr. Wilson came into view on the platform the audience which packed the hall rose and cheered. The President bowed his acknowledgments time and again, but the cheers continued for several minutes and were silenced only when the band swung into the strains of the national anthem.  
 While the band was playing Major G. H. Scott, commander of the British dirigible B-34 was introduced to the President who shook hands with him warmly and extended his congratulations.  
 Governor Smith was introduced by Major Hyland as the first speaker. The governor, who was repeatedly cheered, welcomed the President as the bearer of a peace "worthy of the honor, dignity and majesty of this great country."  
 The President rose to speak at 5:52. The cheering began again and continued for three minutes before it was still by the band playing "Yankee Doodle."  
 President Wilson spoke only ten minutes, saying "a few words" from "my heart." His address follows:  
 "Fellow countrymen:  
 "I am not going to try this afternoon to make you a real speech. I am a bit alarmed to find how many speeches I have in my system undelivered, but they are all speeches that come from the mind and I want to say to you this afternoon only a few words from my heart.  
 "You have made me deeply happy by the generous welcome you have extended to me but I do not believe that the welcome you extend to me is half as great as that which I extend to you. Why, Jerseyman though I am, this is the first time I ever thought that Hoboken was beautiful.  
 "I have really, though I have tried on the other side of the water to conceal it, been the most homesick man in the American expeditionary force, and it is with feelings that I would be vain for me to try to express that I find myself in this beloved country again. I do not say that because I lack in admiration of other countries.  
 "There have been many things that softened my homesickness. One of the chief things that softened it was the very generous welcome that they extended to me as your representative on the other side of the water. And it was still more softened by the pride that I had in discovering that America had at last convinced the world of her true character.  
 "I was welcome because they had seen with their own eyes what America had done for the world. They had deemed her selfish. They had deemed her devoted to material interests. And they seen her boys come across the water with a vision even more beautiful than that which they conceived when they had entertained dreams of liberty and peace.  
 "And then I had the added pride of finding out by personal observation the kind of men we had sent over. I had crossed the seas with the kind of men who had taken them over, with-

### MINE SWEEPERS OF U. S. NAVY BUSY AT A DANGEROUS TASK

By United Press.  
**LONDON, (By Mail).**—Eighty U. S. navy mine sweepers are busy today in the North Sea at a job almost as dangerous and, from the viewpoint of shipping, quite as important as hunting submarines.  
 They are clearing away the largest mine barrage in the world. This barrage, nearly 30 per cent American-made and American-laid mines, is about 200 miles long and 45 miles wide. It closes the North Sea from Scotland to Norway.  
 The task has already resulted in a casualty toll of four vessels damaged, one officer killed and others wounded. The U. S. S. Bobolink, the first victim, had her stern blown in by an exploding mine. Lieutenant Bruce was killed. Several other officers and men, knocked overboard, were rescued. The U. S. S. Patuxent was badly damaged about the stern and the U. S. S. Hall slightly damaged. All were of about 1,000 tons. The fourth was a smaller boat, Captain Sexton, U. S. Naval chief of staff in England, said the Americans are getting "hop" to the undertaking and overcoming many of its difficulties.  
 Thus far the fleet has covered an area containing 4,000 mines. Of these, 45 per cent have been accounted for. Where the remaining 45 per cent are, nobody knows. Captain Sexton estimated the mine hunt would keep the sweepers busy until October or November.

### SUICIDE AMONG THE GERMAN OFFICERS IS RAPIDLY INCREASING

By Associated Press.  
**GENEVA, July 8.**—Suicides among the German officers are increasing alarmingly, especially in Prussia where the number of suicides is 38 per cent more than before it became known that former Emperor William was to be placed on trial by the Allies, according to Munich newspapers. The wives of officers are also reported to be taken their own lives. The increase in the number of suicides is attributed not only to patriotic despair, but to the loss of the officers' past social position.  
 The mines, the map said, were sown in strings. All the sweepers had to do was to straddle the line, pass from one end to the other, and the cables, between them, would do the rest.  
 Of course, the particular mine in question wouldn't be the only one to go off. The concussion would always set off others immediately adjoining and probably still others adjoining these. These two exigencies were provided for on the map under the titles "zone of extreme danger," "zone of possible danger" and beyond that "zone of safety." In addition, there would be a few other mines free-lancing around in all three zones.  
 The first few days were rather disastrous. Captain Sexton and his staff in London began to dread opening the morning's dispatches. Gradually, with Yankee resourcefulness, the Americans seemed to be getting on top of the job, until now Captain Sexton is confident they are going to clean up the assignment with minimum losses.

### WATER SUPPLY IS SUFFICIENT FOR A LARGE TERRITORY

EVIDENCE IS FURNISHED IN RECORD OF YEARS KEPT BY J. A. KEMP.

### REPORT QUALITY EXCELLENT

Splendid Program is Being Made in Promoting the Proposed Project.

That there is an abundant supply of water in average years flowing in the Big Wichita river to irrigate a much greater acreage than is contemplated for the original project, has been demonstrated by records secured through the enterprise of J. A. Kemp, who has tabulated the measurements taken daily since 1910. During that period this region has experienced both extremes of flood and drought, and it is doubtful if a wider range has been experienced in half a century.

The daily discharge varies from nothing to 25,000 cfs. Total annual flow since 1910 is computed at 200,000,000 feet in 1911, to more than 1,000,000,000 feet in 1915. The flood season is generally in June, when an average flow of 40,000 feet is recorded; the lowest water stage is usually in November when the average is reduced to 4,432 feet.

The theory of the district promoters in fixing the average at about 100,000 in the original plan of development is to insure beyond all doubt an over abundant supply of water under the most adverse conditions. If it is decided, after practical trying out of the system during a period of years, that an extension of the ditch distribution is justified, there is no doubt that the water is available.

The quality of the water is very excellent for irrigation purposes, carrying in solution many elements of soil enrichment. The percentage of alkali will be too small to adversely affect the vast volume of water. While it is more perceptible in the low stages the harm is dissipated when it is diluted with floods.

Vernon I. Sullivan, the engineer of the project unhesitatingly pronounces the quality of water for irrigation purposes to be very good indeed, and his plans for storage contemplate an over supply in view of the experience of past years. The land owners are freely signing up their acreage as he meets them and explains the details of the plans. He assured the directors of the Chamber of Commerce on Tuesday that the required percentage would be signed within comparatively few days.

**HAS THANKSGIVING EVERY DAY.**

"Two years ago, after suffering many years with stomach trouble, I took a course of Mays' Wonderful Remedy and haven't been sick a day since. I can eat anything I want and have no pain at all. Three doctors had advised operation, but your remedy has cured me. Every day is thanksgiving for me." It is a simple, harmless preparation that removes the catarrhal impetus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Mack Taylor, and druggists everywhere.

## NATIONAL TRIBUTE OF HONOR TO MEMORY OF CAPT. FRYATT

LONDON, July 9.—A national tribute of honor was paid today to the memory of Captain Charles Fryatt, executed by the Germans in 1915 for attempting to ram a U-boat, by a national memorial service at St. Paul's cathedral.

The ceremonies were generally a repetition of those in memory of Miss Edith Cavell, who also was executed by the Germans. The clergy received the body at the west door of the edifice, an orchestra playing a funeral march as the coffin was placed in position. The burial service was read and the hymns "Eternal Father, Strong to Save," and "Abide with Me," were sung.

at the rapidity with which the sentence was executed. A marble memorial to Captain Fryatt has been erected in London.

out where the "one opportunity presentment" was to be found, asking in the language quoted above. The answer was: "Wichita Falls."

**AN ADJUSTMENT OF VALUES**

We are asked a good many times, "Why the high price of coffee?" There are, of course, many contributory reasons. Among them: The frost damage in Brazil last August. The fact that Europe has had practically no coffee for four years, and the surplus in the United States is practically nil. Prohibition is also a factor. But the REAL REASON is an adjustment of values among commodities. A few years ago Rio sevens sold for 5 1/2 cents per pound, so did cotton. Now cotton sells for above 30 cents and Rio sevens for twenty-two. Wheat used to fluctuate between sixty-five cents and a dollar, and is now twenty. So it stands to reason the Brazilian can't take the old prices for his coffee and get by. Coffee is still the cheapest commodity of consumption—and the last to advance.
