VOLUME XIII PART ONE WICHITA FALLS, TEXAS, SUNDAY, JULY 20, 1919 NUMBER 58

## MEXICANS MAKE ATTACK ON U. S. BOAT

### CHARGE MADE AGAINST THE COMPTROLLER

Congressman Claims John Skelton Williams Profits from U. S. Deal.

### WANTS INVESTIGATION BY HOUSE OF REPRESENTATIVES

If Not Ordered Will Prefer Charges and Ask for Williams' Imprisonment.

By Associated Press. WASHINGTON, July 19.—Charges that John Skelton Williams, comptroller of the currency, aided his brother-in-law, Louis C. Williams of Richmond, Va., in negotiating for the purchase by the Government of property in Washington valued at \$2,000,000 and received part of the commission for the sale, were made before the House Rules Committee today by Representative McFadden, Republican, Pennsylvania. Mr. McFadden asked that the committee report on his resolution providing for appointment of a special House committee to investigate the official conduct of the comptroller and announced that if the investigation was not ordered, he would prefer charges on the floor of the House and ask for Williams' imprisonment. Williams denies charges. Comptroller Williams in a statement today said the charges made by Mr. McFadden were entirely without foundation, and a "falsehood from start to finish." He declared he had no interest in the sale of the Arlington property to the Government and received no compensation in connection with it. "Evidence that the comptroller made use of his office for private gain is in my possession," Mr. McFadden said. "It is very complete. It shows that he was involved in a financial way by purchase by the Government of the Arlington property for \$4,200,000. He aided his brother-in-law in negotiating the sale and I am prepared to prove that he received part of the commission."

### DENOUNCES CHARGES AGAINST COMPTROLLER

RICHMOND, Va., July 19.—Lewis C. Williams, brother-in-law of Comptroller Williams, today denounced the charges of Representative McFadden of Pennsylvania against the Comptroller as untrue. He said the sum involved was \$1,000,000 instead of \$4,200,000 as stated by Mr. McFadden, and that the Comptroller was in no way concerned in the transaction.

### SIXTH ATTACK BY NIGHT ON WHITE WOMAN OF WASHINGTON

By Associated Press. WASHINGTON, July 19.—The sixth attack by night on white women during the last four weeks on the streets of the nation's capital was reported early today to the police. In this case the assailants were frightened away, but in four other cases, the victims were robbed or injured. Rewards totaling more than \$2,000 raised by private subscription are standing for the arrest of the culprits. Soldiers and marines on liberty in the city said to have been aroused by repeated assaults on white women by colored men during the last few days, invaded a colored residential district Sunday and were colored men were severely beaten. Several shots were fired before police and provost guardsmen got to the scene. Several other assaults, one a woman,

### SENATE STILL CONSIDERING THE TREATY

Friends of Administration Are Standing Firm for Ratification Without Change

### REPUBLICANS WORK ON PLAN FOR RESERVATIONS

Changes Suggested Involve the Monroe Doctrine and Declaration of War

By Associated Press. WASHINGTON, July 19.—Although administration leaders both in executive and Senate circles dissent on the possibility of President Wilson accepting any reservations in the ratification of the peace treaty and League of Nations covenant, some of the republican senators who have told the President in their conferences that a majority will favor interpretative reservations are discussing what middle ground may be found on which the opposing forces may unite. The administration senators continue to stand firm on their claim that they will have the votes to pass the treaty without change and say that as they will make their fight on that basis, they do not care to discuss what might happen if they failed to muster them. Meanwhile the republicans who favor the League of Nations idea, but have told the President some reservations will have to be made, are discussing what plan which they feel will be acceptable. No Effort Noted. In the meantime, it develops that if the President is making any effort to sound out the extent powers on possible reservations, as has been reported, none of the usual channels which might be outlined in Washington are being used and there is no evidence here to support that theory. The discussions among the republicans, seen at this stage, to range around a tentative set of reservations which might be outlined this way: That nothing in Article Ten shall be construed to obligate the United States to enter war without a declaration of war by congress. That nothing in the covenant shall in any way impair the Monroe Doctrine or the nation's right to determine the policy of administering it as a purely national policy, and That it shall be understood that in accepting the covenant the United States does not subtract from its sovereign right to determine purely domestic problems, such as immigration and the tariff. These and other reservations of similar character, designed to give additional guarantees of the right of independent national action without violating the fabric of the league, might satisfy, it is argued, a considerable group of republican senators who are favorable to some sort of a peace league.

### SEVERAL DROWNED WHEN A RESIDENCE IS WASHED AWAY

By Associated Press. WHEELING, W. VA., July 19.—Twelve men and thirteen persons are reported to have been drowned tonight when a residence was swept away by the waters during a heavy rain-storm at Weges Creek, on the Ohio side, ten miles south of here. The home of Steve Moxie, according to reports, was washed from its foundation and demolished against a bridge. Rescue parties have been unable to reach the scene as the roads are impassable.

### AN AVERAGE SPEED OF 103.3 MILES AN HOUR DAYTON TO WICHITA

By Associated Press. DAYTON, Ohio, July 19.—Maintaining an average speed of 103.3 miles an hour, in spite of a direct head wind all the way from St. Louis, Charles F. Kettering, inventor, today returned home from a convention at Wichita, Kansas. The big De Havilland machine, piloted by Howard Rinehart, landed this afternoon at 3:15, having covered 800 miles in seven hours and 45 minutes. Mr. Kettering said he concluded not to attempt the non-stop flight from Wichita to Mineola, L. I., because the winds were unfavorable.

### ALL ATTACKS ON "DRY" LAW AGAIN FAIL

Prohibition Forces Romp Thru the Measure Section by Section

### TAKE CONTROL AT START AND HOLD TO THE REINS

There Was Much Confusion During the Progress of Debate in House

By Associated Press. WASHINGTON, July 19.—All attacks on drastic provisions of the prohibition enforcement bill fell down again today in the House, while the dry forces, still in supreme command, romped through the measure section by section and put the lid on debate at a nod from their leader. It was a great field day for the drys. They took control at the start, refused to permit House leaders to take out five minutes for consideration of an important money measure, and kept on at work again tonight in an effort to pass the bill at one sitting. While the House was knocking down amendments after amendment designed to liberalize the measure, Representative Igoe, democrat, of Missouri, announced he would offer a substitute that could be enforced without the annual expenditure of \$50,000,000 and without a standing army. There is no provision in the Igoe bill for enforcement of war time prohibition, nor does it define intoxicating liquors and persons manufacturing, selling, importing or exporting liquor would be subject to a \$500 fine and one year's imprisonment for the first offense. Confusion at Times. There was the utmost confusion at times during the day and often half a dozen were asking recognition with so much clamor some members complained they did not know what the House was doing. Several amendments offered by Chairman Volstead of the Judiciary committee, in charge of the bill, went through. The House adopted one by which the executive Miller, republican, of Washington requiring doctors issuing whiskey prescriptions at drug store offices to have maintained such offices for a period of one year prior to passage of the bill. The attitude of the dry forces was indicated by Chairman Volstead during consideration of the section relating to liquor drinking on trains and boats. Representative Gair, democrat, Ohio, insisted that the word "publicly" should be added because as the section stood it would be a crime for a sick or dying person to be given a drink on a train. "No occasion for any person to drink liquor as a beverage or to be intoxicated," on a public conveyance. Search and Seizure. The search and seizure section described as the bill's most drastic provision, was approved with added restrictions. By a vote of 73 to 70 an amendment designed to protect from invasion a home in the same building with a store in which liquor was held, was defeated. The House also adopted, 71 to 51, an amendment which would permit search of a private dwelling used for the sale of intoxicants. Chairman Volstead, patron of the bill, declared the search and seizure section had been the "bugaboo" of the whole enforcement discussion, and that the only things that could be taken away after search were liquor and implements for its manufacture. Without completing the bill, the House adjourned at 10:30 p. m. The measure will be taken up again Monday.

### PREDICT PEOPLE OF SHANTUNG WILL NOT SUBMIT TO JAPAN

By Associated Press. WASHINGTON, July 19.—Predicting that the 36,000,000 people of Shantung will never surrender to Japan, Dr. King, anti-Japan Chinese delegate from Shantung province to the Peace Conference in a statement today, declaring the boycott on Japanese goods throughout the province was the price of Shantung's independence. "Shantung has sent tens of thousands of its citizens to Europe, to help win the war," said the statement. "Many lives were sacrificed. Now the reward for this service is to turn Shantung's economic and political rights over to Japan. The Shantung settlement has raised a new issue before the Far East. Japan is satisfied with the clause and will attempt to carry it out, but the Chinese people will never acquiesce."

### PRESIDENT SIGNS THE SUNDAY CIVIL REVISED MEASURE

By Associated Press. WASHINGTON, July 19.—The \$513,000 Sunday civil appropriation bill approved to meet his objections, was signed today by President Wilson. The new bill carried \$14,000,000 for the rehabilitation and education of disabled service men as against \$6,000,000 in the measure vetoed by the President a week ago. Included in the bill are appropriations for various government departments, some of which have been technically without funds since the beginning of the fiscal year, July 1.

### FOREST FIRES STILL RAGING IN NORTHWEST

Have Covered an Area of Several Hundred Square Miles of Territory.

### HUNDRED OF MILLIONS FEET OF TIMBER BURNED

All Available Men from Montana Points Are Being Sent to Fight Flames.

By Associated Press. SPOKANE, WASH., July 19.—Forest fires which have been burning for more than a week over an area of several hundred square miles in Northern Idaho and Western Montana, continued to spread today, although 3,000 men were fighting the flames. Hundreds of millions of feet of standing timber have been burned and at least three small towns in Montana were threatened with destruction. A report early today stated that 600,000 acres of timber in Lewis and Clark county, Montana was menaced by the flames. Another report said 100,000 acres of timber in Blaine county, Montana, was menaced by the flames. The fire near Blaine, east of the town, was reported to have covered 4,000 and 5,000 acres, is being checked, though serious fears are being entertained concerning it because of labor troubles. Will Prosecute Guilty. Forest service officials are endeavoring to locate the principal instigators of the trouble, it was said, and will arrest and prosecute them under federal statutes if successful. The Henderson fire, in Western Montana, has already covered 11,000 acres and there is said to be no prospect of stopping it, as the flames have crossed the divide into Millan Gulch and are steadily creeping northward through the brush and new forests planted a few years ago by the forest service in that region. The Gold Creek fire, which surrounds St. Regis, is said to be the most serious, covering 7,000 acres in all. The flames are raging over a two-mile front.

### PACIFIC FLEET ON ITS WAY TO WEST COAST

Vessels Weigh Anchor at 8:30 Saturday Morning at Old Point Comfort.

### TO FURNISH FIRST TEST OF THE PANAMA CANAL

Ceremony Is Reserved for the Triumphant Entrance into the Golden Gate.

By Associated Press. OLD POINT COMFORT, VA., July 19.—The Pacific fleet was weighed in its way tonight on the first leg of its voyage to the west coast. None of the pomp and ceremony which marked the departure of the world-leading Atlantic fleet from Hampton Roads in 1897, attended the sailing today of the armada under Admiral Hugh Rodman. That is being reserved for the triumphant entrance of the ships into the Golden Gate about the middle of August, where President Wilson is expected to review them. After a week in the Virginia roadstead preparing for their voyage, the grim superdreadnoughts and swift destroyers weighed anchor at 8:30 a. m., turned their bows seaward on the voyage that is to furnish the first real test of the Panama Canal and carry to the people of the Pacific seaboard the first great fleet assigned to their defense. Fleet Turns Southward. Swinging out of the capes, the fleet turned southward in cruising formation with the six superdreadnoughts, which, with two others are to form the backbone of the Pacific navy, defense, streaming within a triangular screen made by fifty destroyers. In that formation the ships will remain until the end of the first leg of the voyage at Colou. Upon its arrival at San Diego, the first stop on the Pacific Coast, the fleet will be joined by many other craft assigned to the defense of the command, and the combined armada will enter San Francisco harbor. Secretary Daniels will meet the vessels at San Diego and accompany them on their travels from port to port and finally will go to Honolulu with several of the craft. Plans for the extensive maneuvers and battle practices in which the fleet will engage after the conclusion of its "welcome home" cruise along the coast, already are being worked out and later will come "battles" with the attacking force of the six superdreadnoughts and 30 destroyers and tenders, which are leading the way for the 200 naval craft now assigned to Pacific waters. Scene of Activity. Admiral Rodman had set 8:30 for the sailing, hour and the first gun salutes saw barges, gigs and motor launchers hurrying on last minute errands. Boat after boat was hoisted to its place on deck. Stimulating farewells were hastened to their task of lashing and making all ship-shape aboard for the voyage. In a moment all was huffy again. The sun looked over the big work of the ships to set it glowing. Caught and colored strings of flags from signal arms, showed clear the sailing boards of steamships and high bridge ends, helped jockies with waving arms send jerky greetings to comrades on other ships. Daylight "Blinkers." The blinding blue flicker of the daylight "blinkers" joined in here and there. The moon of the fleet were talking now and messages crisscrossed each other all up and down the long line under the shifting smoke pall. Promptly at 8:30 a destroyer stole slowly out from its place in line behind the battleships. A double string (Continued on Page 2, Part 1.)

### STAGE INCIDENT SIMILAR TO THAT IN 1914 WHICH RESULTED IN OCCUPATION OF VERA CRUZ

(By The Associated Press.) WASHINGTON, July 19.—The most serious of the recently growing lists of attacks on Americans in Mexico came to light today. A boat load of American sailors from the U. S. S. Cheyenne were held up in the Tamest River on July 6, within nine miles of the city of Tampico, and the sailors were robbed. The American flag was flying from the boat at the time. Closely resembling the attacks on American sailors which led to the occupation of Vera Cruz in 1914, the State Department did not hesitate to regard it as a most grave affair and immediately dispatched urgent representations to the Carranza Government, and the authorities at Tampico. Although the sailors were freed, they were on official duty bringing in food for their ship, and the American flag flying from the boat denoted that it was on official business. A preliminary report of the attack, reaching the Navy Department on July 7, did not go to the State Department until today, when it promptly was given out. No explanation was made for the delay. Secretary Daniels asked for a full report, and the incident is regarded as charged, with possibilities because the Carranza forces are in charge of the Tampico district and because it comes as the climax of a series of attacks upon Americans, all of which have been made the subject of increasingly urgent representations to the Mexican Government. Since President Wilson returned from the Peace Conference, he has turned his attention a great deal to the Mexican situation. Various reports have been circulating in sources in touch with Mexican affairs that the American Government's policy had changed, but there has been no official announcement. Mave New Orders. It is known that the American troops along the border have a new set of orders which was evidenced by the manner in which they crossed into Juarez and cleaned up the fighting there. Mexican authorities at Tampico have been ordered to establish a military establishment which was prepared to meet a situation in Mexico has not fully been disclosed. It was an incident at Tampico in 1914 which brought on the occupation of Vera Cruz. A boat from one of Admiral Mayo's ships was detained, a postmaster was arrested and jailed, and at other times communications from the ships were menaced ashore. General Huerta refused to sign a peace treaty with the American flag and the occupation of Vera Cruz followed. Officials here see in the incident of July 6, the making of a more serious situation. BEARS A RESEMBLANCE TO TAMPECO INCIDENT

### TWENTY-SEVEN ARE KILLED IN A FIGHT AT POTAM, SONORA

By Associated Press. NOGALES, ARIZ., July 19.—Twenty-seven were killed during a fight Thursday morning between bandits and the garrison at Potam, Sonora, 475 kilometers south of here on the Southern Pacific De Mexico, according to American and British passengers who arrived here today. They said the attacking band was composed of "broncho" Yaqui Indians. The attacking force was reported to have numbered 500, while the town was defended by forty federal troops, composed largely of Yaqui Indians. They were reinforced by a number of Chinese and Mexican farmers living near Potam, who sought shelter in the adobe fort which protected the town. Of the total number of killed, sixteen were defenders of the town and eleven of the attacking force, according to the report. The losses among the defenders would have been heavier except for the fort and trenches. After repulsing the attack with two machine guns from behind breastworks, the town's defenders pursued the band and another engagement occurred two miles from Potam. Casualties at this fight were unknown. General Juan Torres, federal commander, arrived at Potam yesterday from La Mesa and is directing the pursuit of the band in the mountains.

### ORDER CALL FIELD SOLD AT AUCTION MONDAY, JULY 28

Special to The Times. WASHINGTON, D. C., July 19.—Congressman Patrick was advised today that the War Department will sell Call Field at public auction July 28. J. A. Kemp, who has been here several weeks, is the bidder. The Wichita Falls Chamber of Commerce, has been unable to secure an agreement with the government that will enable the Chamber of Commerce to take the property at private sale and convert the buildings at the field into a housing proposition to care for the families now in need of homes. However, Kemp expected the Chamber of Commerce will be an active bidder at the public sale. HEAD OF TELEGRAPHERS TENDERS RESIGNATION

### JEWELRY STORE AT SAN MARCOS ROBBED

By United Press. SAN MARCOS, TEX., July 19.—The Paul C. Moore jewelry store was robbed of \$300 worth of jewelry last night. The thief cut a hole in a show window, seized the loot and escaped.

### LIEUTENANT COLONEL ANSELL HANDS RESIGNATION TO BAKER

By Associated Press. WASHINGTON, July 19.—Lieutenant Colonel Samuel T. Ansell, former judge advocate general of the army and the central figure in the controversy with the War Department regarding military justice, handed his resignation to Secretary Baker today. Colonel Ansell is understood to have taken this action in the hope that he might bring more fully before the public the fight which he is making to have the rules of military trials changed. Secretary Baker would not say today what action he would take on Colonel Ansell's resignation. Colonel Ansell's letter to Secretary Baker consisted of a single sentence: "I hereby resign as an officer of the army." Colonel Ansell plans to remain in Washington to practice law.

### SAYS HOUSEWIVES Prefer Legislation to Investigations

By Associated Press. WASHINGTON, July 19.—Housewives are "fed up" with congressional investigations of the high cost of living and would prefer enactment of remedial legislation, Miss Jessie Haver, legislative representative of the National Consumers' League, wrote today to Representative Tinkham of Massachusetts. Mr. Tinkham has introduced a bill appropriating \$50,000 for a nationwide inquiry into price levels.

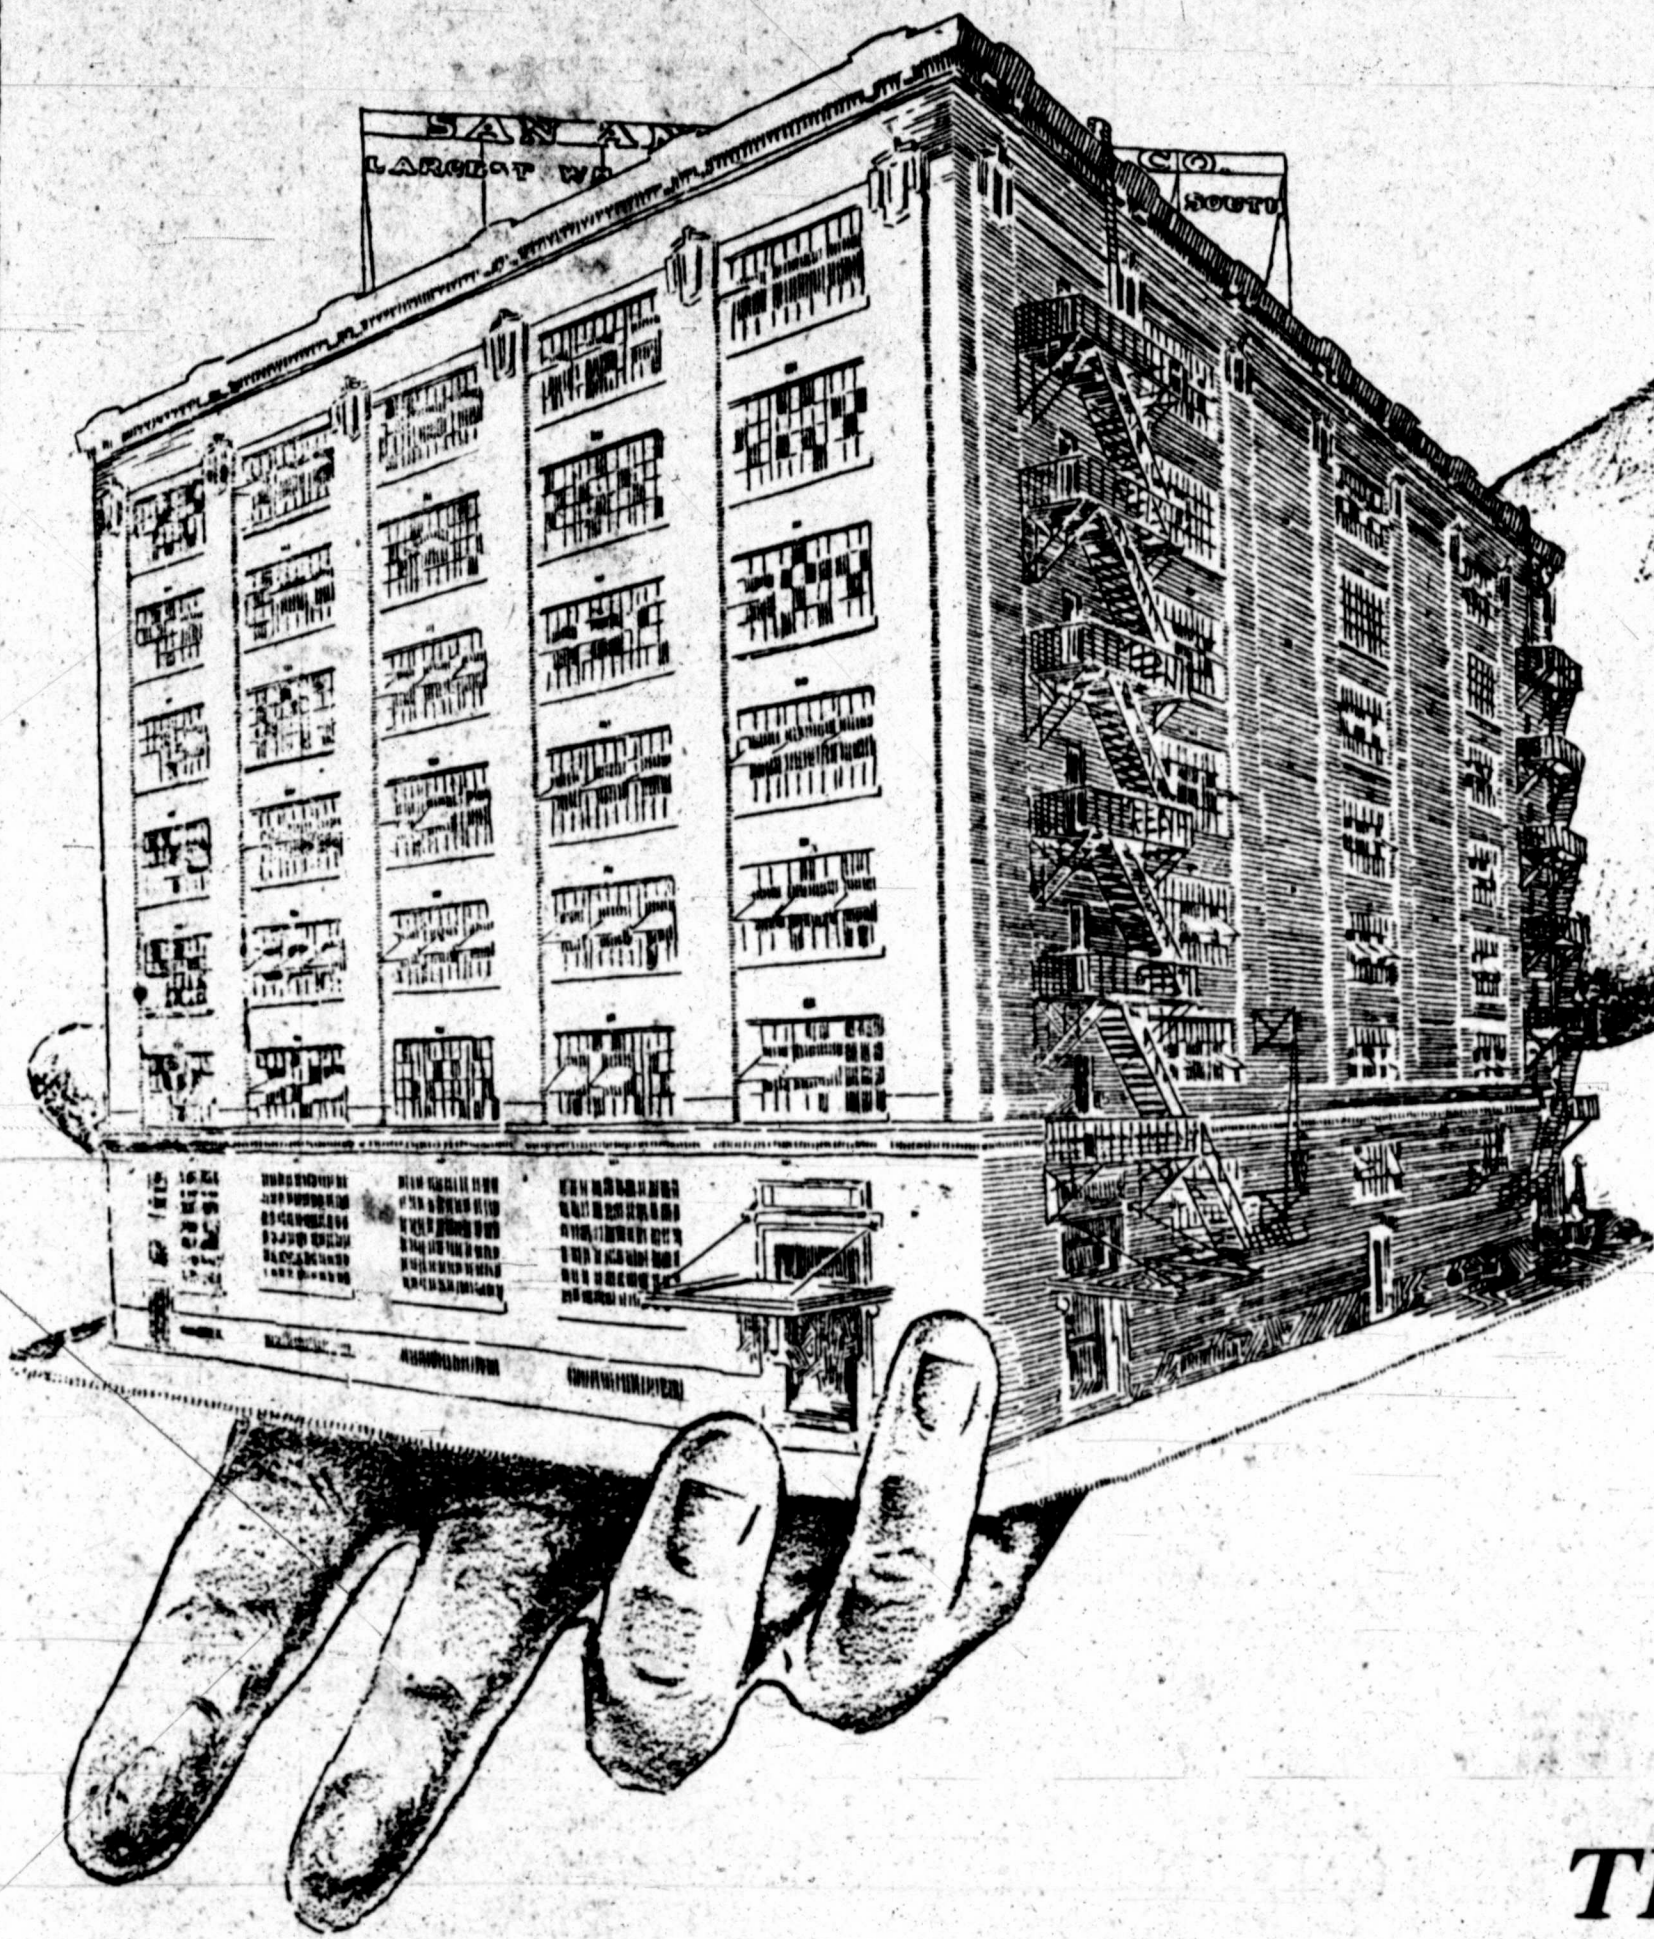

### STEAMSHIP AGROUND WITH 500 PASSENGERS

By Associated Press. YARMOUTH, N. S., July 19.—The steamship Governor Cobden, bound from Boston to Yarmouth with 500 passengers, ran aground off Green Island early this morning. Messages received here state that the vessel is in no danger and it is hoped to float her at high tide.

### MILK AND ICE FUND

The following additional contributions have been made to the Federated Misionary Society: Miss Ida Brown Mitchell, \$185; Mrs. J. G. Kigore, \$10; Mr. and Mrs. Fred (Walter) Hoffing, \$10; American Printing Co., \$16; Times composing room, \$11; Mrs. J. G. Kigore, \$10; Total, \$227.

Sixty-Five Years  
Serving Mankind

TO BE DEDICATED  
THURSDAY, JULY 24th

# To the Service of Mankind

FROM the yesterday of 1854 to the today of 1919 covers a span of years greater than the average life of man, but business builded rightly knows no passing away—its life is measured only by its service, its integrity, its consciousness of opportunity to serve mankind faithfully, honestly and well.

After sixty-five years of such service and faithfulness to our trust, it is our pride to present to the world, on Thursday, July 24th, our newly completed home, dedicated to the service of mankind.

This is your Business—your Home, because from here come the things on which depend the health and happiness of the home. We have dedicated it to mankind because we serve mankind.

It is a pleasure to look back over our years of accomplishment—a greater pleasure to look forward into the future of further growth, of further service, of further fulfillment.

In 1865—a small business of a small city.

In 1919—a mammoth institution reaching out in its business activities into the marts of trade of two hemispheres.

In 1865 the smallest—in 1919, the largest in the South, numbering its customers by the thousands and pulsating with the new energy and industry of the world.

Only a business founded on the highest ideals and built through sixty-five years of honest service could thus achieve.

As chemists and manufacturers we have set up a standard more drastic, more enduring than any law demands. Our laboratories not only create new products and formulae and make the world better through science, but test and guarantee the quality of every product to make the world safer through purity.

As jobbers and distributors of the products of others we demand the same standard of quality.

Our trade mark "FIDELITY" stands as our mark of quality, our guarantee of purity to the public and to the druggists.

In the thousands of stores selling the products of the San Antonio Drug Company this Fidelity mark is the emblem of their fidelity to trust, too. They are the connecting link between you and us.

When a dealer offers you Fidelity trade marked goods

he assures you of the quality and purity of the products. This Fidelity mark will thus always be for your protection—for the service of mankind.

### To the Trade

On Thursday, July 24th, we will dedicate our new home, the most modern in the world, built through your confidence in us, and with these enlarged facilities we will be able to offer a better service and a greater co-operation.

Our sixty-five years of service, our centralized location, the enormity and diversity of our stocks make possible a greater Fidelity to your interests—a supply unequalled anywhere, quicker shipments and the greatest economies of purchase and transport.

We invite both you and the public to be present at this dedication.

We also thank you for your co-operation, partnership and good will and assure you of the continued personal service of this house built on the highest ideals of Fidelity of products and Fidelity to you for the Service of Mankind.

**THE ONE BIG PROBLEM FOR WICHITA FALLS.**

A prominent Oklahoma publisher said the other day that he could well remember how conditions in his town were much similar to those that existed in Wichita Falls. "We had oil and a great influx of people," he said, "but we were short-sighted. We did not bring in new industries when our people had money to invest and there was no well thought out plan for the advancement of our city other than as an oil town. We still have considerable oil production thereabouts but we have never made much progress industrially. Ours is a slow town and it's mighty difficult to get the people there to put money into new industries. A good many 'have made their pile,' and have gone elsewhere. Wichita Falls ought not to repeat our mistake."

Wichita Falls certainly ought not to repeat this Oklahoma town's experience. We don't believe it will. But it is certainly making a bad start. It is not now a question of bringing new industries here. It is a question of keeping those we have. As the Times pointed out the other day the very excess of our prosperity is seriously handicapping the industries of Wichita Falls. Several of the largest plants here will be forced to close down soon or move to new locations because they cannot pay their workmen high enough wages to meet the high costs of living that are being forced upon our people through the profiteering of property owners. As the Times has repeatedly pointed out the housing problem here must give serious concern to all interested in the future prosperity of Wichita Falls. Not only must we make an earnest effort to solve this problem but we must continue active in our efforts to secure new industries. Wichita Falls must not repeat the experience of the Oklahoma town to which the publisher referred.

Prices will not come down until the supplies of goods and merchandise more nearly equals the supply of money. The supply of money has been greatly enlarged through the expansion of credits. The supplies of goods have been greatly reduced by the war and by the shortage of labor, which is now being felt not only in the agricultural sections and the West and Southwest, but is beginning to be felt in the East and North. Here in Wichita Falls we have seen the effect on prices when there is an over supply of money and a shortage of the things money will buy. Prices are going up over the whole country largely as a result of the same situation.

It has been charged that the government is with-holding canned meats and other canned foods bought by the War Department for the purpose of stabilizing prices. It is hard to believe that any stabilization of food prices is necessary in view of their tendency to soar. The government attempts at price regulation, too, have not been well received. If the war department has canned goods to offer manufacturers and packers will not be hurt and the public might be benefited by selling them without any consideration of the effect of their sale on the market.

**SECOND DEGREE VERDICT IN IOWA CASE CHARGING THE MURDER OF MOTHER**

By Associated Press.  
 MOUNT AYS, IOWA, July 19.—The jury in the case of Roy Emerson of Creston, Iowa, charged with beating his mother to death with an iron brace and throwing her body down an elevator shaft, returned a verdict of guilty of murder in the second degree. The verdict was given to the court at 10:10 a. m. today. The case went to the jury at 6 p. m. yesterday.

The National Bank of Commerce, through its commercial department, assists in Wichita county's industrial development and serves new business in the same efficient and helpful manner as its long-established concerns.

**Tabloid Sermon**  
 By the Country Pastor

**"MIRACLE LIVING."**

Text: Mark 3:5, "Stretch forth thy hand."  
 Miracle living! Let the sermon define the subject. We need no argument about miracles. We do need inspiration for living our best. He who lives on the highest level most lives most! We all want to live more, crowding into each day life that is best. We make our days and our days make such things as church, home, state and nation! For this we need Christ, who lived easily the best life every day—every way!

In six verses Mark describes life that is lame and life that is miracle living. And that covers all life. Jesus said to this man, "Stand forth!" That was an invitation to look at him. What a scene! "That's the man with the withered hand," was muttered around by the bystanders. If you were commanded of Christ to stand forth in the midst of the crowd what lameness would be seen? "That's the man with the foul mouth!" "That's the person with a mean disposition!" "That's the man with a lustful life!" "That's the woman with the sharp tongue!" But maybe you will say, "I can't help myself. I am what God made me!" Let's see how your words fare when confronted by His words.

There's the man with the withered hand. And Christ said, "Stretch forth thy hand." That was the one thing he could not do. Long had that hand been a useless in-the-way-help-me-hand! And now he is told to use it. Impossible! But he did it. "And his hand was made whole like the other." It was now a normal hand and a useful hand. That's what God wants with all of our members and our lives. When you are lame, you are abnormal and unnatural, and God can't use you to the best advantage any more than a skilled mechanic can use a dulled tool or a broken instrument.

Miracle living! That is to be the distinction of the Christian life. When Christ challenged His followers with the stinging query, "What do ye more than others?" He thereby forever precluded low-living, lame living, cheap living in His name. Get that! You and I called of Christ are called upon to beat the average. You can live in lameness if you will, but not in Christ. Your lameness is a sure sign of either your loss or lack of faith and obedience. Look! Going down the street, see the crowds, walking, talking, laughing, fussing, cursing, slandering and to you comes the challenge, "What do ye more than others?" Christ calls upon all who claim Him as Lord and Savior; who are the sons of God and joint heirs with Christ to gloriously beat the average. You are not to walk with the crowd in the way of the crowd. You are to get out in front and set the pace! That's miracle living. Anyone can go with the crowd. No energy, no inspiration, no determination, no sacrifice, no toiling early and late is necessary for lame living. As Christians we are called upon to do the impossible. Let me give you two verses just here. John 14:12, "Verily, verily, I say unto you, that he that believeth on me shall have life everlasting, though he shall die also; and greater works than these shall he do because I go unto the Father." The works that Jesus did you shall do! That's miracle living! In first Cor. 1:28 these words ring out, "The things that are not that he might bring to nought the things that are!" This is contrary to reason. Certainly! Your reason! There is no logic in this? Of course not! "The world through its wisdom knew not God!" Miracle living is based upon the logic of faith and the mathematics of obedience. When Jesus cried "Follow me!" it meant for all who dared to take Him at His word to walk straight across the bounds of the possible and to march with steadfast feet into the country of the impossible. So Paul well wrote, "We walk by faith!" Christ surprised men. He called upon them to do the very thing they thought they could not do. True then, it is true now. Every command of Christ contains the sacred pledge of accomplishment, provided we obey. That statement needs watching closely and constantly. Many a Christian com-

plains of inability and is marking time in the desert of "I can't," when he should be marching through the land of "I can!" Small wonder then that the Romans called the early Christians "a third race!" Why? Miracle living—that's why.

**FIRE DEPARTMENT ENGINEERS ON STRIKE IN CITY OF CHICAGO**

By Associated Press.  
 CHICAGO, July 19.—With 249 fire department engineers and assistants on strike tonight, Fire Chief O'Connor gave assurance that fire protection would be adequate except in case of a serious conflagration. He found it necessary today to suspend two firemen as a result of alleged threats not to return to the engine if their chief at first suspended an entire company, but later restricted the action to two men. He announced that substitute engineers would be used.

**CHICAGO HAS SERIOUS INDUSTRIAL SITUATION**

By Associated Press.  
 CHICAGO, July 19.—Chicago today appears to be confronted by one of the most serious industrial situations in its history because of labor strikes and lockouts. It is estimated that more than 150,000 men are idle and the number appears to be increasing. Efforts of employers to settle the disputes have thus far been unsatisfactory. In many of the disputes the only demand of the men is for a closed shop. In other instances they ask for increased pay and a 44 hour week with time and a half for overtime. Several of the strikes were unauthorized by the unions, according to labor leaders, the men walking out in groups. Labor leaders declare that members of the union have been seized by a spirit of restlessness. They demand a change but in some instances when asked to formulate their terms they either refuse or postpone a decision. Employers accuse unions of violating the wage scale of joint trade agreements and declare it is impossible to deal with their men under the conditions.

**JUDGE TURNER GILL OF KANSAS CITY IS DEAD**

By Associated Press.  
 LOS ANGELES, July 19.—Judge Turner A. Gill, for twenty years a resident in Missouri and twice mayor of Kansas City, died at his home here late last night at the age of 77 years.

**NINETEEN THOUSAND SOLDIERS MARCH IN LONDON STREETS TO CELEBRATE RETURN OF PEACE**

By Associated Press.  
 LONDON, July 19.—Allied soldiers, picked men from famous combat divisions, the names of which are written large upon the pages of history of the world war, marched through London streets today in celebration of the return of peace. The line of parade was more than six miles in length and required over an hour to pass a given point.

**"BRINGING UP FATHER"**

Magnificent reception was given the marching hosts. The streets were bright with allied colors, some shagwafers being flanked by tuccoyons, supporting allegorical figures of victory. Eager spectators jammed every coil of vantage, even the roofs being black with cheering thousands. Large numbers of people camped on the streets all night to hold places from which the parade could be witnessed. Huge grandstands accommodating thousands were erected for demobilized soldiers, an effort being made to arrange that every soldier home on leave from France should see the procession. Among those who witnessed the parade from these stands were four thousand widows, mothers and children of officers and men killed during the war.

**OF INTEREST TO SPORT FANS**

**CARPENTIER WINS OVER DICK SMITH IN EIGHTH ROUND**

By Associated Press.  
 PAID, July 19.—Georges Carpentier, the French champion, knocked out Dick Smith, former English champion, in the eighth round of a 20 round fight tonight. It was Carpentier's fight all the way.

Smith's defeat celebrates Carpentier's return to the ring after a five years' absence. He was completely outclassed and dominated throughout the situation throughout.

The Frenchman seemed anxious for an early knockout. He fought fiercely, leaving openings which might have been taken advantage of by a more clever opponent. Carpentier appeared a little short of condition, and some line was obtained on this evening's showing regarding his chances in a grueling battle.

Fred Fulton challenged the winner. The assembly was more spectacular than the fight itself, with women in gorgeous gowns and men in evening dress, some wearing hats and neckties, and the crowd went home happy and enthroned.

**PRIZE FIGHTS ARE BARRED IN FUTURE; WARNING IS GIVEN**

Promoters and participants in any prize fights staged in Wichita Falls or in this district will be subjected to prosecution to the extent of the law, according to an announcement by Fletcher S. Jones, district attorney, late Saturday afternoon.

"According to the criminal statutes of this State any person who promotes, arranges in alphabetical order, counter or boxing exhibition, for which an admission is charged, or on the result of which any money or other thing of value is wagered, or receives money or other thing of value for engaging in such contest, violates the law and will be prosecuted to the law's fullest extent," said Mr. Jones.

"The penalty is imprisonment in the State penitentiary for not less than two nor more than five years."

"I understand that there is a prize fight advertised to take place at the lake Monday night. If this fight is held, I will certainly prosecute those promoting or engaging in this fight to the limit of the law."

**GUARANTEES EXPENSES FOR POST SEASON GAMES**

By Associated Press.  
 CHICAGO, July 19.—James K. Crawford of Tulsa, Okla., has agreed to guarantee the expenses of a post season series between leading teams of the Western League for the "Murphy Cup." It was announced tonight by President Tearney of the Western League.

**MIKE GIBBONS WILL BATTLE WITH O'DOWD**

By Associated Press.  
 MINNEAPOLIS, MINN., July 19.—Mike Gibbons, St. Paul middleweight, has accepted terms for a ten round match with widdowright Champion Mike O'Dowd at the Minneapolis ball park on the night of Labor Day, September 1.

**HERBERT HOOVER WILL RETURN AFTER HARVEST**

By Associated Press.  
 NEW YORK, July 19.—Herbert Hoover will return to America as soon as the harvest abroad is completed, according to an announcement by the American Relief Administration.

The National Bank of Commerce is a progressive, helpful institution which lends its facilities, resources and advice to the development of the best interests of Wichita Falls and of her people.

Bargains, we mean bargains now; not last year, or even sixty days ago. We can sell them. Please phone us your listing. Stehlik & Baber, phone 3331.

\*ROGER PECKINPAUGH

Roger Peckinpaugh is betting like a veritable wizard. For more than twenty consecutive games he has made one or more hits every game. He is leading the American League in batting and as a swab-smith he has few equals. It is no doubt due to his prolific pile awaiting a hit that the New York Yankees have been able to keep at the front of the race all season. The number of home runs made by Peckinpaugh will total very high this year for the battin' mainstay of the Yankees.

**OFFICIAL STANDING OF NATIONAL LEAGUE TEAMS**

By Associated Press.  
 NEW YORK, July 19.—Following is the official standing of National League clubs up and including the games of Thursday, July 17, eliminating the second Cincinnati-Pittsburgh game of July 6 which was thrown out of the records by the board of directors.

Clubs	Won	Lost	Pct.
New York	47	23	.671
Cincinnati	46	23	.662
Chicago	42	34	.553
Pittsburgh	38	35	.521
Brooklyn	37	38	.507
St. Louis	29	45	.392
Boston	26	44	.371
Philadelphia	21	47	.309

**BALL GAME POSTPONED ON ACCOUNT OF RAIN**

On account of wet ground the match scheduled for today with the Lawton team by the Lipold team has been called off, according to an announcement by Manager Fallwider of the local club. As the Lawton club has the name of being a very fast aggregation, having lost only one game this season, and were expected to stage a very classy setto with the locals, it is probable that they will be brought here later on the first open Sunday date.

**NEW YORK WINS IN NINTH INNING RALLY**

By Associated Press.  
 ST. LOUIS, July 19.—After St. Louis had gained a five run lead in the third, New York rallied in the ninth, drove Schocker from the box, scored four runs and won today's game, 9 to 8, evening up the series. Score: New York ..... 110 003 004—9 12 2  
 St. Louis ..... 241 000 001—8 9 3  
 McGraw, Schneider, McGraw, Thoenen and Hannah; Schocker, Gallia and Severid.

**CLEVELAND BUNCHES HITS AND DEFEATS BOSTON**

By Associated Press.  
 CLEVELAND, July 19.—Cleveland bunched his hits in the fourth and seventh innings and defeated Boston 7 to 4. Leo Fohl, manager of the local team for the past three years, resigned today. Tris Speaker, captain and star outfielder, was appointed manager for the balance of the season. Score: Cleveland ..... 000 101 011—4 11 1  
 Boston ..... 000 500 20x—7 10 0  
 Jones and Schang; Coveleskie and O'Neill.

**Baseball Results.**

**TEXAS LEAGUE**  
 At Dallas, 1; Houston, 7.  
 At Shreveport, 2; San Antonio, 1.  
 At Fort Worth, 8; Beaumont, 2.  
 At Waco, 0; Galveston, 3.

**NATIONAL LEAGUE**

**PHILADELPHIA TAKES TWO FROM ST. LOUIS**  
 PHILADELPHIA, July 19.—Fire St. Louis pitchers failed to keep Philadelphia from winning two games today, 6 to 1, and 4 to 2, making four straight victories for the tall enders. Rain halted the first game for a time and made the field a marsh. After play resumed the Phillies knocked out the best and won in one big inning. The rain caused Umpire Rigger to call the game on account of darkness in the second game. Score:  
 First game.  
 St. Louis ..... 001 000 000—1 8 2  
 Philadelphia ..... 090 600 00x—6 7 1  
 Second game.  
 St. Louis ..... 120 000—3 7 2  
 Philadelphia ..... 200 020—4 4 2  
 Woodward, Goodwin and Dillhoefer; Rixey and Clark.

**GO ELEVEN INNINGS WITHOUT SCORING RUN**

By Associated Press.  
 BROOKLYN, July 19.—Brooklyn beat Cincinnati today, 2 to 1, in 12 innings. Cadore and Reuther had a great pitching battle, neither side scoring until the final inning. Score: Cincinnati ..... 000 000 001—1 9 1  
 Brooklyn ..... 000 000 000 002—2 9 2  
 Reuther and Wingo, Rariden; Cadore and Krueger.

**HOME RUNS A VITAL FACTOR OF THE GAME**

By Associated Press.  
 NEW YORK, July 19.—New York defeated Chicago here today in the second game of the series, 3 to 2. Home runs were the vital factors of game. Score:  
 Chicago ..... 000 000 200—2 7 0  
 New York ..... 000 011 10x—3 8 0  
 Vaughan and Killifer; Toney and McCarty.

**POWELL FEATURES IN GAME FOR THE BRAVES**

By Associated Press.  
 BOSTON, July 19.—Powell was the big factor in Boston's 2 to 1 victory over Pittsburgh today. His sacrifice fly on which Southworth made a wonderful one-hand catch, taking from Powell what looked like a triple, scored Rudolph in the third, and his home run to right field in the eighth gave Boston the needed run. Score: Pittsburgh ..... 100 000 000—1 7 1  
 Boston ..... 000 000 01x—2 1 1  
 Cooper and Schmidt; Rudolph and Gowdy.

**AMERICAN LEAGUE**

**CHICAGO EVENS UP THE SERIES WITH WASHINGTON**

By Associated Press.  
 CHICAGO, July 19.—Chicago evens up the series with Washington, winning an exciting 11-inning contest from Walter Johnson, 6 to 5. Score: Washington ..... 202 010 000 00—5 10 1  
 Chicago ..... 004 100 000 01x—6 13 2  
 Johnson and Pincineh; Sullivan, Kerr and Schalk.

**MISPLAYS LOSE GAME FOR PHILADELPHIA TEAM**

By Associated Press.  
 DETROIT, July 19.—Although Kinney outpitched Daus by a narrow margin, misplays by his teammates and opportune hitting by opposing batters gave Detroit today's game, 8 to 5, making four straight for the locals. Score:  
 Philadelphia ..... 100 200 000—3 8 4  
 Detroit ..... 030 001 20x—6 6 1  
 Kinney and Perkins; Daus and Alsimh.

**SOUTHERN LEAGUE**

 At Birmingham, 4; Nashville, 3.  
 At Memphis, 11; New Orleans, 4.  
 At Atlanta, 2; Chattanooga, 0.

**RED SOX HAVE AN ALIBI FOR POOR SHOWING MADE**

Special to The Times.  
 BOSTON, July 19.—The world champion Red Sox, now in seventh place in the American League standing, published today a statement signed by almost every member of the team, denying that the team's failure was due to dissension or mismanagement. The poor showing is attributed in the statement to a "combination of bad breaks," the failure of some of the regulars to perform up to their past standard, weak pitching and continued bad luck on the field.

The progressive spirit of the man who manages the National Bank of Commerce is evidenced in its up-to-date equipment, service and its constant readiness to co-operate with customers in the development of their business interests. Both small and large accounts are welcomed by this bank.

# ANNOUNCEMENT

## To Investors, Oil Producers, and Those Owning Wells Now Drilling

THE IMMEDIATE AND GREATEST NEED OF THE BURKBURNETT OIL FIELD TO KEEP UP THE PRICE OF OIL AND SERVE THE THOUSANDS FINANCIALLY INTERESTED, IS

## Additional Pipe Line Facilities Immediately

The company named below now has approximately 20 miles of 4-inch line pipe located and in transit in the state of Texas, billed to the field there, for use in the immediate laying of a pipe line from the congested portion of the Northwest Field

## TO IOWA PARK

At Iowa Park we shall contact the main line of the trunk line railways, be entirely removed from the congested area, and shall at the earliest possible moment construct there ADEQUATE LOADING RACKS.

And we have every reason to believe that within about thirty days we shall be in a position to carry from the field the maximum amount possible to handle through a 4-inch line, viz: 5000 to 6000 barrels of oil per day.

### EVERY ADDITIONAL PIPE LINE BUILT HELPS BY SO MUCH TO KEEP UP THE PRICE OF OIL

THE PIPE LINE BUSINESS IS ONE OF THE SAFE AND SURE ENDS OF THE OIL BUSINESS. PIPE LINING AND STORAGE OF OIL ARE ENORMOUSLY PROFITABLE. PROBABLY NO OTHER OF THE NEWER PIPE LINE ORGANIZATIONS WILL BE ABLE ACTUALLY TO ENTER THE BUSINESS AS SOON AS THIS COMPANY.

### OUR ORGANIZATION ALSO EXPECTS SPEEDILY TO CONTRACT FOR A TANK FARM SITE NEAR IOWA PARK

And for the erection of at least two 55,000-barrel steel tanks thereon. While it shall be the policy of this company to do everything in its power, by relieving congestion, to keep up the price of crude oil, it would not consist with sound business practice for the company itself, when it is buying oil for storage or shipment, to pay more than the current market price. It is therefore highly probable, in fact a practical certainty, that the company in addition to reaping the great and sure profits known by every operator and investor to accrue from pipe lining itself, that it will also make

### HUGE PROFITS FROM ITS OWN OIL PURCHASES FOR STORAGE, ETC.

Oil producers or those with wells drilling in proven territory, can purchase stock by contracting with us to deliver oil into our pipe lines.

Other investors have the opportunity, if availed of at once, to buy stock at the lowest price at which it will be sold, and in an enterprise in which we believe it will be the unanimous verdict no element of speculation exists, and yet in which, by all past experience, the profits are great enough to satisfy the utmost desires of those who do want BIG SURE PROFITS!

The organization is composed of a group of exceedingly active and capable young men of character, oil operators, oil well supply dealers, highly experienced in setting new enterprises on their feet and on a paying basis in the shortest time. The company thus provides, in the quickest possible time, facilities and relief for which the field is suffering. It will help substantially to maintain and increase the price of oil; it will be managed by men competent and expert in their several fields of activity; it will be piloted by men of splendid energy, who mean to make it a successful, big dividend-paying concern that will reflect credit upon themselves, satisfy all their stockholders and lay the firm foundation for solid confidence and eventually greatly enlarged activities.

## United Producers Pipe Line Company

(A Joint Stock Association, without personal liability on the part of individual stockholders) Invites your co-operation, either through the purchase of stock or by the sale of oil. The opportunity will remain open for a few days only, as much of the capital stock has already been placed and other very large purchasers are negotiating and in immediate prospect. Authorized Capital \$300,000, subdivided into 30,000 shares of \$10.00 each.

Make all checks payable to Raymond F. Killion, Westland Hotel, Wichita Falls, Texas.

### SUGGESTS ADDING TWO WEEKS TO THE THIRTIETH COURT

An addition of two weeks to both terms of the 30th district court here, the extra time to be taken from the term of the court in Clay county, is advocated by Judge William N. Bonner, judge of the 30th district, in order to facilitate the clearing of the dockets of the district courts here, both of which are now in a somewhat congested condition.

"I know that there has been some talk of another district court at this point, or the creation of a special district court for a limited time to help clear up the dockets at this place," says Judge Bonner in this connection. "However, I would oppose the creation of another court here, as I do not think it would be necessary, and would entail a useless expense to the taxpayers of the state."

The addition of two weeks to both the December and June terms of the 30th district court here, however, would greatly facilitate matters as far as this court is concerned. This time could easily be gained by taking the two weeks from the terms of the court in Clay county, which are of eight weeks duration each at present. We never need over five weeks to dispose of the cases filed in this court in Clay county, or over at the outside. The extra time would be a great help at this place, especially at the December term. At present the court convenes here the week before Christmas, and we are never able to get anything done until after Christmas, losing two weeks that way. Then the trial of cases during the June term is hampered somewhat by the harvest, which is on at this time. The term of court in Clay county was only six weeks before the creation of the 7th district court, and always proved ample to handle the business brought before it."

### RECOVER JEWELRY OF A WACO MERCHANT BEFORE HE HAD MISSED GOODS

WACO, TEX., July 19.—Several hundred dollars worth of stolen jewelry was recovered by detectives today and returned to a jeweler here before he had any knowledge of the theft. Valuable rings and a pin were found in the possession of a negro girl who told the officers who gave them to her. The donor proved to be a negro man who was employed by the jeweler store. He confessed and was arrested.

The National Bank of Commerce with capital and surplus of half a million dollars and resources of more than four million is big enough to serve you satisfactorily in any financial capacity, but not too big to welcome and appreciate small accounts. 58-11c

### EXAMINING TRIAL ON A CHARGE OF THE THEFT OF RAILROAD VOUCHERS

A companion case to the Jarrard-Carmichael case, except on a much smaller scale, was apparently uncovered Saturday, at an examining trial of R. D. Page, charged with stealing vouchers of the railroad administration. The case was from Montague county, and Page is charged with stealing only two vouchers, worth an aggregate sum of \$75. Page entered a plea of guilty before J. A. Lantz, United States commissioner, who bound him over in the sum of \$1,000.

### HARDWARE STORE IS TO OCCUPY NEW BUILDING

Penick-Hughes Hardware and Implement company, operating a chain of hardware and implement houses in Northwest Texas, are to be the occupants of the two-story brick, now fast approaching completion, which is being erected by J. A. Kemp, at the corner of Sixth and Ohio. This building, which will be 60 feet by 150 in dimensions, occupies the site of the old Morris Transfer and Livery barn.

### IN JAIL ON CHARGE OF TRANSPORTING YOUNG GIRL FROM COLORADO

Because he is alleged to have transported a 17 year old girl wife, not his own, from Colorado here, Julius C. Head is in jail in default of bond of \$1,000, to await the action of the Federal grand jury. He was bound over after a hearing before J. A. Lantz, United States Commissioner here.

### NEW REAL ESTATE FIRM HAS OPENED OFFICES

The Peeler Realty is among the new business firms of the city, having opened offices at 709 Ohio avenue for the sale of city property, farm lands and all leases. The firm is composed of J. D. Peeler and his two sons, Claude L. and Glen D., all of whom are well and favorably known in the city. J. D. Peeler has been making this city his headquarters for a number of years, while the young men were formerly engaged in the printing business, both entering the service after disposing of their printing plant, and being recently discharged from the respective companies to which they were assigned to the police court Saturday, the defendant getting off with a \$10 fine.

### LEAVE FOR NORTHWEST ON AN EXTENDED TRIP

Mr. and Mrs. S. L. Fowler and daughters, French and Glen, and Mrs. Gay Hammond, and Dr. and Mrs. J. C. A. Guest leave Monday night for an extensive trip to the western coast and on up into Alaska. The trip will include a visit to Yellowstone park, thence to Portland and on to Seattle. From Seattle the party will take a boat for Alaska. The return trip about the first of September, will be by way of San Francisco, and Long Beach.

The National Bank of Commerce with capital and surplus of half a million dollars and resources of more than four million is big enough to serve you satisfactorily in any financial capacity, but not too big to welcome and appreciate small accounts. 58-11c

### FEDERAL COURT IS EXPECTED TO HOLD A SPECIAL TERM

Rumor current here is to the effect that the Federal court will probably hold a special session at this place next month. The next regular session of the court will convene here in November, but as the term is very short, and there is a press of both civil and criminal business, chiefly the former, on the docket here, it is thought that a special session will be necessary to promptly dispose of it.

### BREVITIES.

Mrs. W. G. Bralley and children are among the Wichitans in Colorado Springs. Mr. Bralley will join them there later.

M. J. Bashara and family left Saturday morning for California, where they will spend the remainder of the summer.

Mrs. L. Harvey had her mother, Mrs. C. A. Atherton, of Celeste, and her sister, Mrs. A. L. Clinkinbeard of Palestine visiting her this week.

Miss Beatrice Fairbanks, assistant secretary of the Retail Merchants association, left yesterday for Kendallville, Indiana, where she will visit relatives and friends. She will return about September 1.

Mrs. C. O. Vernon and little daughter, Eva Lucie, have gone on their vacation to visit R. S. Farmer, at Gatesville, Texas. They will spend two weeks at Galveston before they return. Mr. Vernon will join them next Wednesday at Galveston.

Miss Eugenia Staber has returned from a month's visit with friends in Dallas.

Mrs. O. M. Boger and Mr. and Mrs. A. E. Boger left today for a month's visit to New York and other Eastern points.

Mrs. H. J. Anderson and sons Ralph and H. J. Jr., left today for El Paso where she will visit relatives.

One drunk furnished all the business to come before the police court Saturday, the defendant getting off with a \$10 fine.

### CONSTRUCTION WORK DELAYED BY GENERAL STRIKE OF LABORERS

All building operations, including that of the principal office buildings in the downtown district, are tied up as the result of a sympathetic walk-out on the part of all the building trades in support of the demands of the day laborer for \$4 per day on the basis on an eight hour day. Although there have been a number of partial strikes in which only part of the building trades were concerned, or in which only one or two buildings were represented, this is the first general strike since the inauguration of the present wave of building.

Very little negotiation between the contractors and the workmen preceded the strike, the workmen presenting their demands for increased pay, which were promptly turned down by the contractors, and the walkout as promptly followed.

Contractors on some of the office buildings have expressed themselves as firm in their stand against the increase demanded by the workmen, one of them intimating that the workmen could "recess their feet" before an increase would be granted for his part of it.

### FRANK KELL RETURNS FROM TRIP TO CHICAGO

Frank Kell returned late Friday night from Chicago, where he attended the final session of the grain control section of the United States Food administration. Mr. Kell has served with this section of the food administration for the past thirty months, devoting a goodly portion of his time from the beginning of the war to this work.

While in Chicago Mr. Kell participated in the formation of a combination of grain men for the exportation of wheat, formed under the provisions of the Webb law permitting combinations for foreign trade. This organization will have no effect on domestic grain business.

The National Bank of Commerce is a progressive, helpful institution which lends its facilities, resources and advice to the development of the best interests of Wichita Falls and of her people. 58-11c

Bargains, we mean bargains now; not last year, or even sixty days ago. We can sell them. Please phone us your listing. Stehlik & Baber, phone 2321. 57-11c

### Do You Need a First Class Office Man?

Man of broad experience in clerical work wishes position, with some good concern in or near city. Capable of handling office of any size.

Address P. O. Box 225 Phone 1328.

### WOUNDED NEGRO HAS A FAIR CHANCE TO RECOVER

Earnest Westmoreland, the negro who was shot Thursday night following a quarrel over a crap game at the "Last Chance," is reported from the General hospital to have improved somewhat, and to have a fair chance of recovery. No complaint has been filed against the negro man or woman who are being held at the county jail in connection with the shooting, the officers waiting to see whether the wounded negro will recover. Statements have been made by both prisoners, but little definite information of the affair was contained in either of them.

### Forecast Increase of 100 Per Cent in Clothing for Men

NEW YORK, July 17.—An increase of 100 per cent in the cost of men's clothing was predicted for next summer at the opening here last night of the American Clothing Designers' Association's annual convention.

Some slight compensation, however, is to be granted as coats will be longer, shoulders broader and chests deeper. In addition to this gaudy linings of Alice blue, orange and similar brilliant hues will be in vogue, while vests will be cut low, and permit a greater display of dazzling shirts. It was stated that no departure in the present style of trousers would be noticed.

The National Bank of Commerce continues to grow steadily month after month, due to the fact that it has, by its conservative methods and impartial service, earned and won the unlimited confidence of the public. 58-11c

## Taking the First System in the Hindenburg Line

Special Original Drawing by F. MATANIA

### THE GREATEST WAR PICTURE OF THE CENTURY

DRAWN FOR THE HERALD BY EMATANIA (GIVEN BY THE HAYEMILD CO.)

### WICHITA FALLS LIST OF VISITORS AT COLORADO SPRINGS GROWING

Special to The Times  
**COLORADO SPRINGS, July 19.**—Manitou is to make a bid as a Western Carlsbad or Vichy next season with its new \$250,000 bathhouse, contracts for which have been signed between Manitou residents and Maj. John R. Fordey of Hot Springs, Ark., who in addition to being a bathhouse expert also constructed Camp Pike and other cantonments for the war department. W. G. Maurice, considered as one of the leading bathhouse authorities of the United States and builder of a number of institutions at Hot Springs, Ark., is interested in the project and architects now are working on the plans.

Summer visitors to the Pike's Peak region are intensely interested in the reopening of the famous Colorado Springs-Cripple Creek "Short Line" after a year's idleness caused by the burning of one of the biggest bridges on the system.

**Recent Texas Arrivals.**  
 Among the Texans who have arrived here this week in their motor cars are the following: Corpus Christi—J. E. Garratt, who is staying in Manitou this summer; Child—C. Terrell; Arlington—R. P. Nam, who is in Manitou for the summer; Marlin Falls—T. E. Hoadrich; Waco—C. N. Traub; Child—A. Langston; W. E. Milton; Electra—George Stoneking; Dallas—T. W. Newcome; Electra—J. H. Howell; Dallas—W. G. Harris; Kaufman; R. H. Carls; Dallas—S. J. Hader; M. Frisco; Waco—T. Taylor; Dallas—Anna B. Love; W. B. Lee; Waco—J. C. Kelly; Fort Worth—John B. White; Dallas—Mrs. L. R. Munger; Dallas—E. S. Burns, who is camping here this summer; Dallas—Mrs. R. W. Talbott; Fort Worth; Mrs. C. L. Mobley; McAllen—Clay Zachary; Lubbock—H. V. Edsell, who is camping at Zoo park; Houston—W. F. Crowder; Wichita Falls—Tony Lampis, who is encamped at Prospect lake; Galveston—George H. Lee; Marlin—T. A. Martin; San Antonio—N. J. Wickes, who is staying in Manitou; Wichita Falls—R. Springer; Fort Worth—J. J. Woody; Wichita Falls—Frank Collier; Sherman—Mrs. T. B. Williams; Houston—D. O. Welch; Wichita Falls—J. M. Bland.

**Registered at Hotels.**  
 The following Texans registered this week at the hotels in Colorado Springs and Manitou: Alta Vista; Wichita Falls—H. T. Taylor and family; Antlers; El Paso—Mrs. A. Mathias; Miss Mathias; Broadmoor; Dallas—Mrs. P. F. Robinson; Cliff House; Dallas—Mrs. M. F. Shibley and Mr. and Mrs. L. Price and child; Navajo; Bay City—A. S. Collins and family.

Among the recent visitors at the pavilion at the famous Soda Springs in Manitou were the following: Texans: Dallas—Mrs. C. M. McCauley; Miss Ruth Bowen; Clarksville—A. P. Denton; Tyler—Mrs. J. H. Herndon; Denton—E. C. Gray; Laredo—E. A. Roehi; Yorktown—Katie Golke; Cuero—Mrs. W. A. Drawe.

The following Texans registered this week at the Cave of the Winds in Manitou: Hartsville—Mrs. A. H. Wheeler; Fort Worth—C. C. Mooles; Lewisville—Ruth Jacobsen; Alvord—H. C.

Raney; Austin—Mr. and Mrs. C. E. Rowe; San Antonio—Helena Kolt; Fort Worth—James O'Donnell; Bryan—Mrs. E. W. Crwshaw.

Recent visitors to the summit of Pike's Peak over the famous auto highway include the following: Texans: Austin—Mr. and Mrs. A. D. Gugenheim; Dallas—Miss Mary Simpson; Marfa—Hester Britz; Abilene—Herbert Kokernot Jr.; San Antonio—H. L. Kokernot; Mrs. H. L. Kokernot; Mrs. J. G. Hardin; Mrs. Ira C. Ogden; Mrs. H. F. Stinson; H. P. Stinson; El Paso—Mr. and Mrs. J. G. Stotter; Fort Arthur—Mr. and Mrs. A. C. Brant; Mrs. C. H. Ray; Norman—Alexander Ray.

**Other Texas Visitors.**  
 Lynn Taylor of San Antonio is registered at the chamber of commerce information bureau.

Jessie Watson of El Paso is spending the summer in the Pike's Peak region.

Bertha Harrell of Austin is visiting in Colorado Springs this summer.

Hildreth Jennet and E. J. Jennet of San Antonio are recent arrivals in Colorado Springs.

Ben Lawson of Fort Worth arrived here this week.

Mr. and Mrs. S. B. Marchant of Electra are visiting in the Pike's Peak region.

Helen Whitener of Texarkana is spending her vacation in Colorado Springs.

Miss Kathryn Barrett of Bonham is a summer visitor here this month.

Mr. and Mrs. M. F. Butz of Fort Worth are here for the summer season.

Mr. and Mrs. A. E. Walker of Jefferson is visiting in Colorado Springs.

C. L. Duncan and family registered this week at the Cliff Dwellings in Manitou.

Mr. and Mrs. A. L. Nason of San Antonio are spending the summer in Colorado Springs.

D. L. Barker of Jackson is a recent arrival in the Pike's Peak region.

Dr. E. S. Gordon of Dallas is here for the season.

Ben S. Davidson of Houston arrived in Colorado Springs recently.

Adelle and M. A. Shuler of San Antonio are recent arrivals in the Pike's Peak region.

Dr. and Mrs. Guy Morgan, Dr. and Mrs. L. M. Gooch of Paris are guests of the Pike's Peak region.

Miss Joe Graves, Miss Ruth Powell and Miss Mable White of Gatesville are registered in Colorado Springs.

L. J. Nadel and W. T. Blake of Dallas are here for the summer.

George Carroll, Letu Atkinson and Joe Connel and family of Gainesville are recent arrivals in the Pike's Peak region.

**Notice.**  
 Howard & Howard have located their real estate office up stairs in the Astoria in becoming house, 714 1/2 Ninth street, room 2, phone 1044, and ask their friends to call and see them. Enough said. 56-2tp

**Notice.**  
 Call Wichita Tree Spray if your trees need spraying, as I will not hunt this work but would be glad to call and do your work in person. J. C. Wolfe, phone 1347. 54-4tc

### Watch the Little Pimples; They are Nature's Warning

Unsightly and Disgusting Signs of Bad Blood.  
 Don't close your eyes to the warning which nature gives when unsightly pimples appear on your face and other parts of the body.

Not only are these pimples and spots disfiguring, but they lead to serious skin diseases that spread and cause the most discomforting irritation and pain. Sometimes they foretell Eczema, boils, blisters, scaly eruptions and other annoyances that burn like flames of fire, and make you feel that your skin is ablaze.

When these symptoms appear on any part of the body, take prompt steps to rid the blood of these disorders. And the one remedy which has no equal as a purifier is S. S. S., the purest vegetable blood medicine, which has been on the market for more than fifty years. It is sold by druggists everywhere.

If you are afflicted with any form of skin disease, do not expect to be cured by lotions, ointments, salves and other local remedies, as they can not possibly reach the source of the trouble, which is in the blood. Begin taking S. S. S. today, and write a complete history of your case to our chief medical adviser who will give you special instructions, without charge. Write at once to Swift Specific Co., 260 Swift Laboratory, Atlanta, Ga.

# Tomorrow Marks the Beginning of An Important Clearance in the GARMENT SECTION

## A Little Trip Through the Store

Good morning.  
 Glad you visited us yesterday.  
 You must be sure to come again tomorrow.  
 Because a wonderful clearance begins in our garment section.  
 Don't expect to find everything on special sale—because merchandise is too hard to get.  
 We only reduce such lines as we wish to clean up.  
 By the way, stop at the Handkerchief counter and ask to see the new things.  
 And do you knit?  
 If you do, we can show you all the pretty yarns in a wealth of glowing colors.  
 Step back to the Dress Section and see the pretty Voile and Organdie Dresses.  
 And the new Gossard Corsets are here—don't fail to see them.  
 Our buyers are now in the Eastern markets, and we'll soon begin to get all the new Fall things.  
 Remember, we have McCall's newest patterns and periodicals at all times.  
 And our pattern department is arranged so that we can give you the very best service.  
 We shall be very glad to see you at our store tomorrow.  
 Thank you.

A Noteworthy Event which will be of Interest to Every Woman in Wichita Falls. A complete clear-away of all Tailored Suits, Coats and Capes, including many other wonderful values throughout the store.

### THOUSAND VETERAN CZECHO-SLOVAKS IN PARADE AT CAPITAL

MARCH THROUGH DRIVING RAIN  
STORM HEARD ADDRESS  
BY PRESIDENT.

### EXPLANATION IS DEMANDED

House Committee Wants to Know  
Why Troops Were Brought to  
This Country.

WASHINGTON, July 19.—While a thousand Czecho-Slovak soldiers, veterans of campaigns in Russia and Siberia, were assembling before the capital Friday preparatory to a view by President Wilson, a House war department investigating committee demanded of Secretary Baker by what authority they had been brought to this country.

The committee told the secretary they wanted to know why it was that with thousands of American soldiers in Europe, "anxious awaiting an opportunity to come," transportation facilities had been used to bring the members of another nation here.

The committee also asked how much the movement of the soldiers would cost the country, how many more were to come and who had authorized the action.

Answers in Detail.—Secretary Baker answered the questions in detail, declaring there was "not a single American soldier in Siberia" anxiously awaiting a chance to return. So far as transportation facilities were concerned, he said, they could all be returned immediately. All men there, he added, were being released with recruits from this country.

Arrangements for the transportation of the Czecho-Slovak were made in Europe, Mr. Baker said, probably by the supreme war council.

The Czecho-Slovak government had agreed, he said, to reimburse the United States for the expenses paid her out of the funds advanced by President Wilson. The war department also has agreed to return through this country 1,200 more of the Czecho-Slovak soldiers now in Siberia.

Mr. Baker said there was no doubt the President had ample authority to bring the troops here.

### WICHITA FALLS CHEF SAYS HE WAS LOSING GROUND

"I consider the money I have spent for Orzotone about the best investment I have ever made," said Billy Ballou, a well known chef for the Wichita Cafe, which is located in Wichita Falls, Texas, in a statement a few days ago.

"I have felt bad for seven years," continued Mr. Ballou. "My eyes were all run down and I didn't seem to get the proper nourishment or strength from my food. I had continuous pains through my stomach and lower bowels and there was no energy in me scarcely. I suppose close confinement and working as long as eighteen hours a day had much to do with my condition. At any rate, I was losing ground and getting weaker every day. My sleep didn't give me any rest and I would wake up in the morning feeling just as tired and no account as when I went to bed and the truth is, I hardly felt like getting up at all. I had a lagged out feeling and couldn't take the proper interest in my work. I felt that my condition was bordering on to one more serious and decided it was high time I was doing something to check my troubles.

"After reading of the good results others had derived from Orzotone, I made up my mind that it was just what I needed, and it certainly was. In just a few days I felt stronger and brighter and began to get more benefit from my sleep. My appetite improved and my food seemed to do me good and give me strength. I noticed the pains were disappearing from my stomach and bowels and I was much better in every way. I now have taken four bottles of Orzotone and I am glad to say it has done all I bought it for. I have gained seven pounds in weight and feel like a new man. I needed something to build me up and give me life and vim into me and Orzotone has done that very thing. I get the good out of my food now and my sleep gives me rest. I get up in the morning feeling refreshed and fine and can work at my business without the tired worn-out feeling I used to have. I'm glad I found out about Orzotone. I am continually hearing of the good work it is doing for others and I'm always telling some friend what it has done for me."

Orzotone is not a so-called patent or secret remedy, but a new scientific treatment absolutely free from nicotine in any form and is sold in Wichita Falls exclusively by the T. F. Young Drug Company, corner Ninth and Indiana, under the personal direction of a special Orzotone representative. Other agents are Clark Drug Company, Parkside. Look for the Orzotone sign.

AT SOCIAL AFFAIRS  
When men and women wearing eye-glasses meet, they always comment upon the charms of our lenses and the comfort they get out of them. Just like a new pair of eyes, and one of our patrons.

### CZECHO-SLOVAK VETERANS MARCH IN DRIVING RAIN

By Associated Press.  
WASHINGTON, July 18.—Lashed and soaked by a driving rainstorm, a thousand Czecho-Slovak veterans of the world war, invalided home from fighting in Siberia, paraded up Pennsylvania avenue late Friday and were reviewed from the portico of the White House by President Wilson, who delivered a short address congratulating them on their achievements.

The President expressed the hope that the veterans might keep in mind as they returned to their homeland that the laws of God, the laws of man and the laws of nature require systematic order and cool counsel for their proper application and development and for the welfare and happiness of the human race.

The parade was the largest procession of foreign fighting troops that American capital had seen and the most picturesque. All veterans of five years fighting, the eldest was a man of 70 with stooped shoulders and venerable beard, the youngest very young.

Arrive on Special Trains.  
The veterans, who came across the Pacific on their way homeward, and who will sail from Newport News Sunday on their way to Bohemia, arrived early today on special trains and were quartered at Camp Meigs.

Late in the afternoon they were taken in motor buses to the capital where the procession up Pennsylvania avenue to the white house began just as torrents of rain poured down and drenched the soldiers. But when the music band was not playing, the veterans wore singing their native songs as they marched along. Motor ambulances from Walter Reed hospital carried 300 of the veterans too badly maimed to march.

With the President on the portico as the soldiers marched by were Charles Pergler, Czecho-Slovak commissioner to the United States and several American army officers and officials. After the column had passed by the reviewing stand of officials, it turned about and the veterans lined up before the President.

"It was a great pleasure," said the President in addressing the soldiers of the new nation, "to have this opportunity to review this detachment of your patriot army and to extend to you, for officers and the brave men associated with you a most cordial welcome. Though we have been far away, we have watched your actions and

have been moved by admiration of the services you have rendered under the most adverse circumstances.

"In the midst of a disorganized people and the subject to influences which worked for ruin, you consistently maintained order within your ranks, and by your example, helped those with whom you came in contact, you re-established their lives. I cannot say too much praise of the demeanor of your brave army in those trying circumstances. Future generations will happily record the influence for good which you were privileged to exercise upon a large part of the population of the world, and will accord you."

The National Bank of Commerce continues to grow steadily month after month, due to the fact that it has, by its conservative methods and impartial service, earned and won the unlimited confidence of the public. 58-1c

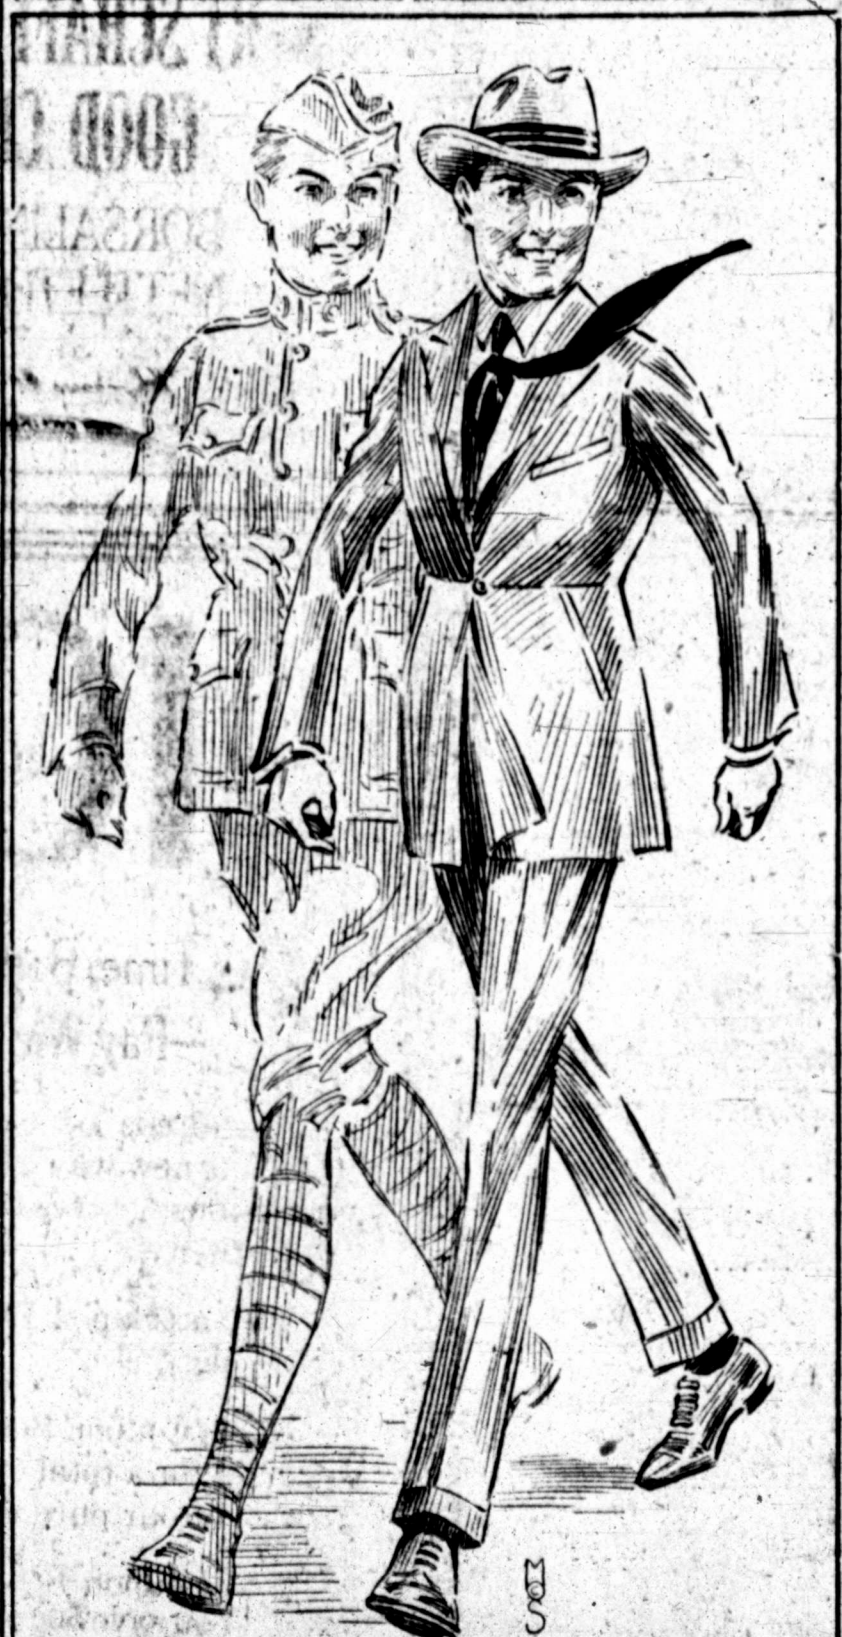

For Rent.

# Oil News

## LARGE NUMBER COMPLETIONS EXPECTED WITHIN A FEW DAYS

Restrictions imposed by the temporary shut down ordered last Saturday by the Railroad Commission resulted in making the completions for this week negligible, but with the lifting of the order and putting them into the order on Thursday preparations for drilling in wells on the sand and putting them into the ranks of products were possible and the next several days should see a large number of completions, and an attendant jump of production well above 125,000 barrels daily.

There have been no sensational features in the developments of the past week in the Waggoner pool, any extension of the present lines being lacking. The question of limiting drilling operations, and shutting down production for 30 days has occupied the center of the stage the past week, practically to the exclusion of everything, so far as discussions of the situation is concerned, and the matter has been argued pro and con, while the question of whether wells drilling a distance from present production were dry, salt water or oil. However with this matter of a shut down settled full attention will be turned again to operations in the Waggoner pool, both on blue prints, and in the field.

The drilling summary for the week follows:

Powder Farm Oil Co. No. 2, No. 1 Brannon, set casing.

Godley Oil Co., No. 2 Waggoner, drilling around 1,500 feet.

Gray Gander Oil Co., No. 1 Elsea, drilling around 1,400 feet.

Gulf Production Co., No. 1, 2 and 3 Waggoner, standardizing.

Gulf Production Co., No. 4 Waggoner, drilling around 1,100 feet.

Gulf Production Co., No. 1 Elsea, standardizing.

Gulf Production Co., No. 2 Elsea, drilling around 1,500 feet.

Howard Weber, No. 3 Brannon A, set casing at 1,700 feet.

Howard Weber et al., No. 1 Elsea, standardizing.

Howard Weber et al., No. 2 Elsea, casing set at 1,700 feet.

Howard Weber et al., No. 9 Elsea, standardizing.

## Ugh! Calomel Sickens; Salivates! Please Try Dodson's Liver Tone

I am sincere! My medicine does not upset liver and bowels so you lose a day's work.

You're bilious! your liver is sluggish! You feel lazy, dizzy and all knocked out. Your head is dull, your tongue coated, breath bad; stomach sour and bowels constipated. But don't take salivating calomel. It makes you sick; you may lose a day's work. Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or dealer sells you a bottle of Dodson's Liver Tone for a few cents under my personal

money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick. Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and your bowels regular. You will feel like working; you'll be cheerful; full of vigor and ambition.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.

### FORMATION FAVORS MONTAGUE COUNTY IS VIEW OF WRITER

Special to The Times.  
 BOWIE, TEX., July 19.—Not many years ago while working on the roads about eight miles southeast of Bowie, workmen plowed up, or rather uncovered, a part of the trunk and limbs of a petrified tree about two feet and a half over. It was removed to the nearby school house where it served as a step for some time, but later was shipped to Dallas where it was placed in the curio department of the State Fair. It is believed that further excavation would uncover a petrified forest. A somewhat similar condition exists in the vicinity of Alvord to the south and in Wise county. This would indicate that Wyoming and Arizona have nothing on Montague and Wise counties, Texas, except that in the mountain states the petrified forests are in a presentable condition and have been for ages. They are the wonder of thousands of tourists each season.

It might be said here that the petrified timbers of Wyoming, Arizona and Montague county belong to the same age, Cretaceous, and possibly the same period. It is quite probable the Cretaceous sea then engulfed the Rocky Mountain region, that part of it overlaid by the Cretaceous formation, and that petrification took place in the three regions at about the same time. The forests grew to full size when by some movement of the earth's surface, the land in these regions sank under water which carried lime in solution.

In Wyoming and the mountain regions the Cretaceous formation contains many heavy coal measures and produces most of the high grade oils found in that state. If the Wichita mountain could talk, it could tell us about many of the geological changes that have taken place all up and down the plains country, and the present Rocky Mountains, too. It looked out over the Cretaceous sea, and witnessed the building of the Red beds by the Permian sea.

It is evident that much of the surface, as originally built in the great plains region has been eroded away as the earth changed position from time to time or age to age, one part now going under water and a similar territory elsewhere rising to the surface or above. During some of these periods, it is evident that this general country had some wonderful scenery as compared with the present.

But when it comes to age, St. Francis Mountain, over in Missouri, is dean of them all. It reared its head above the waters of the deep when the Mississippian was being laid down, and saw the earth teeming with animal and vegetable life up through the Pennsylvanian. During this period the earth is supposed to have passed through tropical conditions to such an extent that the lime stones and shales are largely fossil which gives good grounds for the theory that petroleum oil takes its origin from animal and vegetable matter. The Pennsylvanian comes to the surface over a good part of Montague county, and there are plenty of fossils of various kinds to be found in different parts of the county.

### REPORT ACTIVITY IN MONTAGUE COUNTY OIL DEVELOPMENT

Special to The Times.  
 BOWIE, TEX., July 19.—Material is coming in for the 8-inch emergency oil pipe line to be built by the Sinclair Gulf Pipe Line across Red River. This is for use in event the main line should be broken by a flood or other cause. The Sinclair telegraph and telephone force will soon have the line completed from Ranger to Healdton. In fact, the steel towers now being built on either side of Red River for swinging the wires across will be the completing link.

Report has it that an effort will be made to start the test on the Millard survey about eight miles south of Bowie, yet this month.

The weekly budget brings the word that the Nocomog Oil and Gas Co. well on the Lemon's farm has drilled through the heavy sand in which the tools were lost and is now in blue shale at 1,800 feet or below.

The Beaver Valley test on the Hodges farm, block 54, Kaufman county school land, is under-reaming at about 2,500 feet.

The report is still persistent that the Wright test on the Fielding Secret Survey is soon to be under steam. Three more 8-inch off pipe lines are to connect with the pump stations over in Carter county, Oklahoma. The Empire Co., The Texas Co. and the

Seventh Street Shoe Shop, 717-A Seventh-st. Repair your shoes while you wait. Give us a trial. 57-4tp

Sinclair Gulf Pipe Line Co. each is to build an 8-inch line from their Healdton stations to Burkburnett, and from report, they will be laid along the Oklahoma side to Devol. The Empire line will connect with their present line from Gainesville to Healdton; The Texas Co. line will make connection with the main line running from Tulsa to the Gulf of Mexico, and the Sinclair Gulf line will deliver Burkburnett oil to the main line from Ranger to Healdton and on north to their refineries at Vinita, Kansas City and Chicago. All will be built as fast as such labor can be done and insure good work, and are intended especially to relieve the congested condition at Burkburnett as well as supply the refineries of these companies with high grade crude.

### DECIDE TO RESCIND CALL FOR STRIKE ON MONDAY

By Associated Press.  
 PARIS, July 19.—It was announced early this morning by the executive committee of the general federation of labor that it had been decided to rescind the call for Monday's general strike. The announcement followed a meeting of the committee which lasted until after midnight.

In a view of the vote in the chamber of deputies yesterday, the announcement said, "which showed that the chamber at length has heard the voice of the working classes and has condemned the government's economic policies and measures in regard to demobilization the general strike for Monday will not be called. Amnesty has been decided upon by the government under the threat of the projected movement."

## THE SCIENCE OF BEING USEFUL

Business is the state of being busy.

American Business is the entire American people in the business of providing itself with a living.

Only through the usefulness of all can everything be done which must be done and everyone rewarded who does it.

THE AMERICAN NATIONAL BANK, like other American institutions, interprets its mission as more than the mere science of making money.

It realizes the surest way to make money is to prove its usefulness; that the more useful a business is the more successful it must be, because it is a greater benefit to mankind.

The splendid progress the American National Bank has made since it opened for business February 10, 1919, is a measure of the quantity and quality of its usefulness—the number of people it helps and the number of ways and degrees in which it benefits them.

### OIL SITUATION IN GRAYSON COUNTY AS DEVELOPED TO DATE

**SHERMAN, TEX., July 19.**—The Humble Oil and Gas Company, one of the larger companies operating in the mid-continent fields, is seriously considering the drilling of a well on a block of acreage in the Cedar Mills neighborhood, in the north part of the county, it is learned from a reliable source.

This announcement, taken in connection with the announcement that the Sinclair Gulf Co., another of the big oil companies operating in Texas and Oklahoma fields, has taken up a block of acreage in the Cashlon neighborhood, six miles northeast of Pottsboro, and that a location will be made in the near future, may be taken as an indication that Grayson county is due for a thorough testing of her potentialities in producing oil and gas. The Sinclair people are understood to hold leases on a block of approximately 12,000 acres, and of course have ample funds to make a thorough test.

The summary of the oil development situation in Grayson county given herewith was furnished by a local business man who is in touch with all phases of the situation, and well informed regarding all of the wells in question.

The greatest interest in the county just at present centers in the Thorn well being drilled by Johnson & West over on the Thorn-Handy tract near Orlora in the northwest tip of the county. This well is now at what professional operators term its most interesting stage, and according to the informant should be either brought in as a producer or abandoned within the next 30 days. It has now reached a depth of about 2,650 feet. Ten days ago, at approximately 2,600 feet, a heavy gas pressure was encountered, which has hindered operations to some extent. At 1,200 feet an oil bearing sand was struck, which would have been good for probably 25 or 30 barrels a day. As it was desired to make a deep test, this oil was cased off, and the shaft sent deeper.

It was the intention to make of this well a 4,000-foot test. It will probably be impossible to go the full depth, as the casing now in use at the present depth is 6 1/2 inch, which is smaller than generally used in a 4,000 foot well at the depth the well has now reached. As the hole gets deeper, smaller casing must be used, the lower lengths being inserted through the upper, larger ones. This well is being watched with the greatest of interest by many outside operators, and some of the larger companies have sent scouts to look the situation over.

The good indications seen in this well have been directly responsible for the leasing of a good many acres in the northwest part of the county at prices ranging as high as \$30 an acre—unusually high for altogether unproven territory. T. A. Key of this city has leased a 300-acre tract near Whitesboro for \$30 an acre and royalties.

**Four Wells Drilling.**

Four wells are now drilling or ready to be spud in in Grayson county. Next to the Thorn well, the test being put down on the Stratia lease, a quarter of a mile south of Locust by the Viola Petroleum Co., holds the greatest interest. The location has been approved by every geologist who has ever visited Grayson county. This company owns leases on a block of approximately 12,000 acres, and has ample capital to make a thorough test. The derrick erected is 22 feet high. Full standard rig is being used.

The well of the Peter Oil and Gas Co., which is going down on the Jackson farm, three miles southeast of Denton, has reached an approximate depth of 620 feet. A standard rig is in use.

It is reported that a well on the Dunning farm, six miles northwest of Denton, which was drilled to a depth of 600 feet last year and abandoned for lack of capital, will be cleaned out and drilled deeper.

There is nothing to report regarding the block of land held by the Ethel-Collinsville Production Co. in the vicinity of Collinsville, the block held by the Grayson County Oil, Gas and Refining Co. in the Blackbridge precinct, or the block held by the Southmayl Oil Co. near Southmayd.

The National Bank of Commerce with capital and surplus of half a million dollars and resources of more than four million is big enough to serve you satisfactorily in any financial capacity, but not too big to welcome and appreciate small accounts.

### FREDERICK AFTER SITE FOR A COUNTY TEMPLE OF JUSTICE

**FREDERICK, OILA, July 19.**—Following a further discussion between members of the Frederick Chamber of Commerce, farmers and business men, at the court room, Thursday afternoon, County Commissioners Horace Webb and Mark Anthony agreed that they would purchase Block 6, of the original town of Frederick, as a site for the Tillman county courthouse, at the price asked, \$14,250, provided a sufficient number of citizens of the county did not remonstrate against their action on July 30, to make it evident to them that a majority of the taxpayers of the county were opposed to making the purchase.

Block 6 consists of 28 lots, admirably located as a site for the courthouse. It is a block north of Grand avenue, between Ninth and Tenth streets, and Floral and Gladstone avenues, and is the location which has been generally looked upon as the courthouse block for many years. The lots are owned by numerous persons, whose combined prices on them aggregate \$14,250.

It was agreed by Mayor Rogers and Councilman A. Lair, who were present, that the city would dispose of the block of ground set aside for public building purposes, west of the Frisco railroad, and that the proceeds of the sale would be applied to the purchase price of the courthouse site, which will make it necessary for the county to pay that much less for it.

Commissioner Webb contended that it would be better for the county to place the courthouse on a quarter block, because it would be expensive to take care of the grounds which would surround the building if the site consisted of a block, and he expressed doubt whether the grounds would not be unattractive, without trees and grass. Commissioner Anthony took the position that the block would be much preferable, and in this he was sustained by all the others present. It was pointed out to Mr. Webb that Bermuda grass and several species of trees grow luxuriantly in Frederick, when given a chance, and Councilman Lair ventured to say that the city would furnish the water free for keeping the parking about the courthouse green.

Webb thought that it would require \$2,000 a year to maintain the grounds, but the others declared that a janitor could take care of both the building and the grounds, and that he would require very little more pay, as there would have to be a janitor anyhow.

The argument was advanced in favor of the block proposition that if a courthouse should be built on a quarter block as Frederick developed the courthouse would be surrounded by business buildings, perhaps higher, shutting out the light and giving poor ventilation, and that the building would not be one in which the citizens of the county could take a pride like they would if it were located in the center of a well kept block.

Chairman Webb said that he wanted to do what was best for the county, and what the people wanted him to do,

and expressed a desire to arrive at some way of getting an expression of the public will. It was finally agreed between two commissioners that they would accept the block 6 proposition provided a sufficient number of citizens did not remonstrate against that action to convince them that they were acting at variance to the public will. Two o'clock on July 30, at the court room, was fixed as the time and place where such remonstrances, if any there be, shall be made.

It developed during the discussion that the commissioners believe it will require about \$180,000 to build the kind of courthouse the county will need, with the present high price of materials. The county now has about \$60,000 in its courthouse fund, and has a regular one-mill levy for courthouse purposes. This one-mill levy will raise \$20,000 a year on the county's \$20,000,000 valuation. The last legislature, however, enacted a law authorizing county commissioners to levy three mills for courthouse purposes. The commissioners by levying an additional two mills, can raise \$60,000 a year and have the \$180,000 in two years. This probably will be done.

If this site is purchased, construction work probably will begin in the near future, the funds that are available being sufficient to finance the work and expense until further funds come in from taxation.

The National Bank of Commerce, through its commercial department, assists in Wichita county's industrial development, and serves new businesses in the same efficient and helpful manner as its does long-established concerns.

## A Correction

**MERELY TO KEEP THE RECORD STRAIGHT**

According to an article appearing in the Wichita Times, suit has been brought against J. D. McMahon, contractor, who started the construction of the Abner Davis Refinery and, of course, a lien was run against the material.

I have offered to pay and stand ready to pay for all material actually used in my plant when proof is furnished that the material was delivered to and used by us.

I am anxious to pay for all material actually used in our plant, but cannot afford to pay bills just because they are presented with the statement the material was ordered for our plant.

**ABNER DAVIS.**

# LIVING CONDITIONS MAY FORCE "KATY" SHOPMEN TO MOVE

COMPANY TO FURNISH TRANSPORTATION RATHER THAN RAISE WAGES.

## ROAD PROVIDING QUARTERS

Hotel and Houses to Be Built in Effort to Meet the Local Conditions.

W. E. Williams, general manager of the M. K. & T. has issued a circular to the shop employees of the road in Wichita Falls in which the road offers to provide free transportation to men and their families and their household goods to other points on the M. K. & T. if they desire to be transferred there on account of living conditions in Wichita Falls.

Mr. Williams tells the men that it will be impossible to grant their request for increased wages to meet high living costs here, but tells of the hotel and restaurant the company is building here to provide more reasonable accommodations for the men. He also says that a number of small cottages are being manufactured for shipment and erection by the company for its men.

The circular in full follows: Wichita Falls, July 17, 1919. To Mechanical Department Employees at Wichita Falls: In response to the application for an increased wage of 10 cents an hour more than the standard rates fixed by the Government, the Director General says: Concerning differential for men in Wichita Falls it would be unfair to other employees in Wichita Falls and other points who have similar conditions to contend with to grant this differential, and would be a departure from standardized wages which employees generally wish and expect. Arrangements underway to install facilities which in measure reduce excessive living cost in Wichita Falls, and whatever is reasonable in that direction will be done, but the differential requested cannot be granted. When communicating this decision to men, advise them that every man who desires it because of high cost of living at Wichita Falls will be transferred to some other point on the line with free transportation for family and household goods.

In order to afford our men better and cheaper living conditions at Wichita Falls, we are building as rapidly as possible a hotel to accommodate 100 men, and restaurant facilities for a great many more. A number of small cottages will be erected as soon as they can be manufactured and shipped here. We also expect to furnish staple groceries at cost. The sale of the buildings at the Government's aviation field is conditioned on the purchaser housing the employees of the Railroad Administration at reasonable rates. So we hope to lighten to some extent your cost of living.

We hope you will continue your present work here. If, however, because of the living conditions, you desire to remove to other shop points on the M. K. & T. system, we will be glad to transfer you there, and furnish free transportation for yourselves and families and household goods. Applications for transfer should be filed in writing with the General Foreman at the Roundhouse office, and will be acted upon promptly.

Approved: W. E. WILLIAMS, General Mgr. E. N. WHITEHEAD, Federal Mgr.

## LEMON JUICE FOR FRECKLES

Girl! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quart of the best freckle and tan lotion, and complexion beautifier, at very, very small cost. Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

## LITTLE LOSS IN THE DELIVERY OF WATER SAYS MR. SULLIVAN

Numerous questions regarding the irrigation project of the Big Wichita have arisen since the first agitation, and among them is whether or not there will be a large water loss in the canals which will traverse the irrigation district, from the central basins. The conditions which lead to a rapid absorption of rainfall, making roads and streets, in most cases dry in a short time after a rain, have naturally led to the question concerning the canals which will make up a part of the system, whether much water will be lost by soaking in, if the canals are not lined.

AN ADJUSTMENT OF VALUES We are asked a good many times, "Why the high price of coffee?" There are, of course, many contributory reasons. Among them: The frost damage in Brazil last August. The fact that Europe has had practically no coffee for four years, and the surplus in the United States is practically nil. Prohibition is also a factor. But the REAL REASON is an adjustment of values among commodities. A few years ago Rio sevens sold for 5 1/2 cents per pound, so did cotton. Now cotton sells for above 30 cents and Rio sevens for twenty-two. Wheat used to fluctuate between sixty-five cents and a dollar, and is now two-twenty. So it stands to reason the Brazilian can't take the old prices for his coffee and get by. Coffee is still the cheapest commodity of consumption—and the last to advance.

WHO CAN BEAT IT? BERT BEAN COFFEE HOUSE Telephone 35 824 Indiana Ave.

### CONSTRUCTION OF EIGHT INCH SEWER IN FLORAL HEIGHTS

WILL EXTEND SERVICE TO ENTIRE SOUTH PORTION OF THE CITY.

#### PLAN NUMEROUS LATERALS

Suggestion for Raising Fund to Provide Service to Sections Not Served.

Construction of an eight-inch sewer main which is destined to extend the sewer service to the entire southern portion of Floral Heights and probably to adjacent territory beyond, will begin within the near future, according to a statement by J. A. Donald, city engineer.

The line will begin at Avenue E on the alley between Polk and Taylor, running south three blocks in that alley to Avenue H; thence west two blocks to the first alley beyond Kemp boulevard; from that point south one block to Avenue L, which street the line will follow to the city limits, and possibly beyond. While at present the lands in the hands of the sewer commission is sufficient only to build the first three blocks of the extension, or between Polk and Taylor from Avenue E to Avenue H, it is hoped that the city will be in a position to vote bonds

for the rest of the extension by the time the work reaches that point. The part of the work project for the immediate future, will be completed within the next 20 or 30 days at the outside, according to a statement by Dr. F. Reed, president of the sewer commission, at the Thursday night meeting of the council.

The projected work is to be undertaken as soon as a 5-block extension on Clark street is completed, which, with favorable weather conditions, should be done in about two weeks.

While at present only the main of the Floral Heights extension has been projected by the engineering department, the driving of numerous laterals to extend the service to the whole section through which the main line will go is planned to follow the completion of that work.

In view of lack of funds for the completion of this work, and the pressing need of this section of the city for the sewer service, there has been some suggestion from property owners in that section that the property owners devise some means for advancing the required funds to the city, in anticipation of the voting of bonds. While there has been no official expression from any of the city officials on this subject, it is not thought unlikely that something of this nature may be done in the interest of the immediate completion of the whole work.

#### REV. AND MRS. DRAPER VISIT HISTORICAL PLACES

In a letter to The Times, written from Niagara Falls, Rev. H. F. Draper tells of some of the interesting points visited by himself and Mrs. Draper during their stay in Washington and in New York City. He writes of having visited George Washington's old home at Mt. Vernon, 16 miles from Washington, of going through the National Botanical Gardens, Museums of Natural History, the government printing house, and other places of national interest.

Rev. and Mrs. Draper were fortunate enough to be in Hoboken, N. J., at the time of the arrival of 22,000 troops from overseas.

While in New York City, Rev. Draper made arrangements for securing a series of about 500 stereoscopic pictures to be shown in Wichita Falls upon his return. He also visited a number of the most prominent churches in the city, and enjoyed an extensive sight seeing trip around the city on the Hudson.

Do you know what to do when an accident occurs? How would you treat a severe burn? How would you stop an artery from bleeding? Would you know what course to follow in any of the many accidents that might possibly occur daily? Join the Red Cross classes which begin Monday under Miss Louise Kodadek. Red Cross nurse recently returned from overseas and learn what to do in the case of an emergency. Learn how to prevent sickness, and how to care for your health. This home nursing and hygiene course will teach you this. Enrollment at the Kemp Library, where the classes will be conducted. Call Mrs. M. Gaffney for particulars. 52-6tp

### FORTY ADDITIONAL MEN ARRIVE AT CALL FIELD TO HELP MOVE PLANES

Forty additional men from Tallahassee and Everts Fields arrived at Call Field on Saturday, to assist the force already at the field in preparing the government equipment for shipping. Previous to this Major Russell had been given a force of 20 men from Love Field to assist the men at the local field in the dismantling work.

The weather has held up the delivery of planes by air to Dallas, which was started two weeks ago, the ships in question being those sold by the government to the Curtis company. A large number of ships have already been delivered, and others have been prepared for shipment, but there is still a great deal of work to be done before the government equipment is prepared to be moved out of Call Field. This work is progressing as rapidly as possible.

#### LOCAL YOUNG MEN OPEN REAL ESTATE OFFICE

Eugene F. Mathis and Harold J. Erwin have entered into a partnership for handling real estate business, and the firm, Mathis & Erwin, has opened offices at Room 2, Bean & Anderson building. Both young men have been in business in Wichita Falls for a number of years and are well known locally. Mr. Erwin has recently returned from service in France.

#### JUDGE MONTGOMERY IN THE CITY FROM AUSTIN

Judge J. T. Montgomery of Austin is here for several days looking after business matters and visiting old friends. Mrs. Montgomery and Miss Louise and Allen are in California, where Judge Montgomery will join them later. Mrs. M. M. Darnell, who came up from Austin Friday has gone to Colorado Springs to spend the remainder of the summer.

The National Bank of Commerce, through its commercial department, assists in Wichita county's industrial development, and serves new businesses in the same efficient and helpful manner as its does long-established concerns. 58-1tc

For sale, well cared for Winter Top Dodge car; used about a year. See A. R. Watland at J. C. Peaney Co.

### SHIPPERS REQUESTED TO REPORT "TIPPING" CASES

"Any local shipper who has to pay a fee to railroad employees to get his car set in the local yards, will only have to pay one such fee if he will let the matter come to my attention," said W. E. Williams, of Dallas, general manager of the Katy system in discussing an alleged situation of this nature here, which had recently come to his attention, and which caused a wholesale change in the force at one of the local yards of the company. "We are exceedingly glad to get information on this matter, where such conduct on the part of employees of the road is going on. If such conditions exist for any length of time, no one is to blame but the local shippers, for they must know that the railroad company will take immediate action on a matter like that once it is brought to their attention, as was the case in the presence instance."

### TILLMAN COUNTY OIL LEASES

## What Do You Lack?

These are days when it pays men and women to look carefully through their supplies of personal wearables and home-furnishings, to discover what is likely to be needed in the near future.

Prices on almost all kinds of goods are still going UP—some up only a little—some up and up and UP, with no top price apparently in sight.

During this clearance month of July, we have dropped many prices away down below the old low prices, and so they are now doubly below the new higher prices that will need to be paid later on for goods no better.

One way to learn what you need is to look through your supplies at home; the other way—THE BEST WAY—is to come to the store tomorrow and let the goods suggest their desirability or necessity to you, just when you can see how low the present prices are.

### Baronet Satin Sport Skirts In Smart New Models

What a joy it is to have several extra Sports Skirts to give wide variety to the wardrobe, and to be ready for all occasions. So many charming new kinds have been produced of materials that were created for exactly this purpose—so smart, so fashionable, so well made and durable—little wonder they are so popular. These prices, **\$16.50**.

### How is Your Supply of Sheets?

This is not the time to wait to buy. Present prices are lower than later prices will be, and one can never have too many Sheets and Pillow Cases. But it would be too bad to put off the buying for a month or two and then have to pay much higher prices for them. But that is just what may happen to every housekeeper who waits now, before buying the Fall and Winter needs.

### Fashionable Footwear

Featured in White Pumps, Boots and Oxfords. A new shipment of smart footwear is being shown in our Ladies' Shoe Department.

We feature Laird-Schober & Co. high grade Shoes.

### Where to Worship Today

**Christian Science Society.**  
Hall of Perkins-Snyder, building corner Eighth and Scott. Morning service 11 a. m. Sunday school 8:45 a. m. Subject, "The Public Life." Cordially invited to attend these services. All children up to the age of 20 years welcome to Sunday school.

**First Christian Church.**  
Bible School 9:30; Morning Worship 10:40; Y. P. S. C. E. 7:30; Evening Worship 8:30. A fine musical program at each service. The pastor, minister, will speak both morning and evening. All visitors in the city are invited to attend.—J. LEM KEKVIL, Pastor.

**First Methodist Episcopal Church.**  
Seventh and Lamar.  
Sunday school at 9:45, with classes for old and young. Preaching at 11 a. m. Dr. Goodell of Oklahoma City Methodist College will preach both morning and evening. Solo by Miss Frances Hepler at morning service. E. L. 7:45. Preaching at 8:45. Special music. Invite your friends to the church with a welcome.—H. F. DRAPER, Pastor.

**First Evangelical Church.**  
Fifteenth and...  
Sunday service follows: Sunday School at 10... followed by breakfast by Rev. Newman of Houston, at 4 p. m. women only. All girls over 12 years of age are invited to attend this meeting. Y. P. A. meeting at 8 p. m. followed by preaching by Rev. Newman. Revival services every night this week. Come hear Rev. Newman. You can't afford to miss hearing him.—GEO. J. TRAYNANT, Pastor.

**Central Presbyterian Church.**  
(Southern)  
Eleventh and Bluff.  
There is Sunday School at 9:45 a. m. Preaching service of the morning is at 11 a. m., and there will be special music by Mrs. Morris. In the evening at 7:30, is the meeting of the Christian Endeavor. The evening service is held at 8:30 o'clock, when the subject of the sermon is, "Healthy Discipleship." Visitors are cordially welcomed at all of these services.—L. J. SHERRILL.

**First Presbyterian Church.**  
Your last opportunity to hear Miss Veale before she goes away. She will sing at both hours. Her morning solo will be, "The Good Shepherd." We will also have a quartette entitled, "The Soft Sabbath Calm." The theme for the pastor's morning sermon will be, "The Supreme Moment," at night, "The Twelve Gates." The church will be closed with the exception of the Sabbath School during the month of August. The pastor and wife will be in Colorado Springs. Our audiences have been remarkably good in view of the fact that a large part of our congregation is away for the summer. Let's make the last two Sundays best of the season.—N. F. GRAFTON.

**Floral Height Baptist Church.**  
Tenth and Kemp Blvd.  
Regular services: Sunday School at 10 a. m. Preaching at 11 a. m. and 8:45 p. m. by this pastor, B. V. P. V. at 8 p. m. Prayer Meeting at 8:45 Wednesday. Playground open every evening to all children except Sunday, our day of worship. Bring your children to Sunday School and church on Sunday. Let parents and patrons cooperate with us. The "Famous Picture," "In The Lion's Den," will be shown at the play ground on Monday evening at 8:45 p. m. The picture-loving public are cordially invited. Bring all the deacons and stewards, elders and all the rest to see this splendid picture. It costs you nothing but the time.—R. W. McCANN, Pastor.

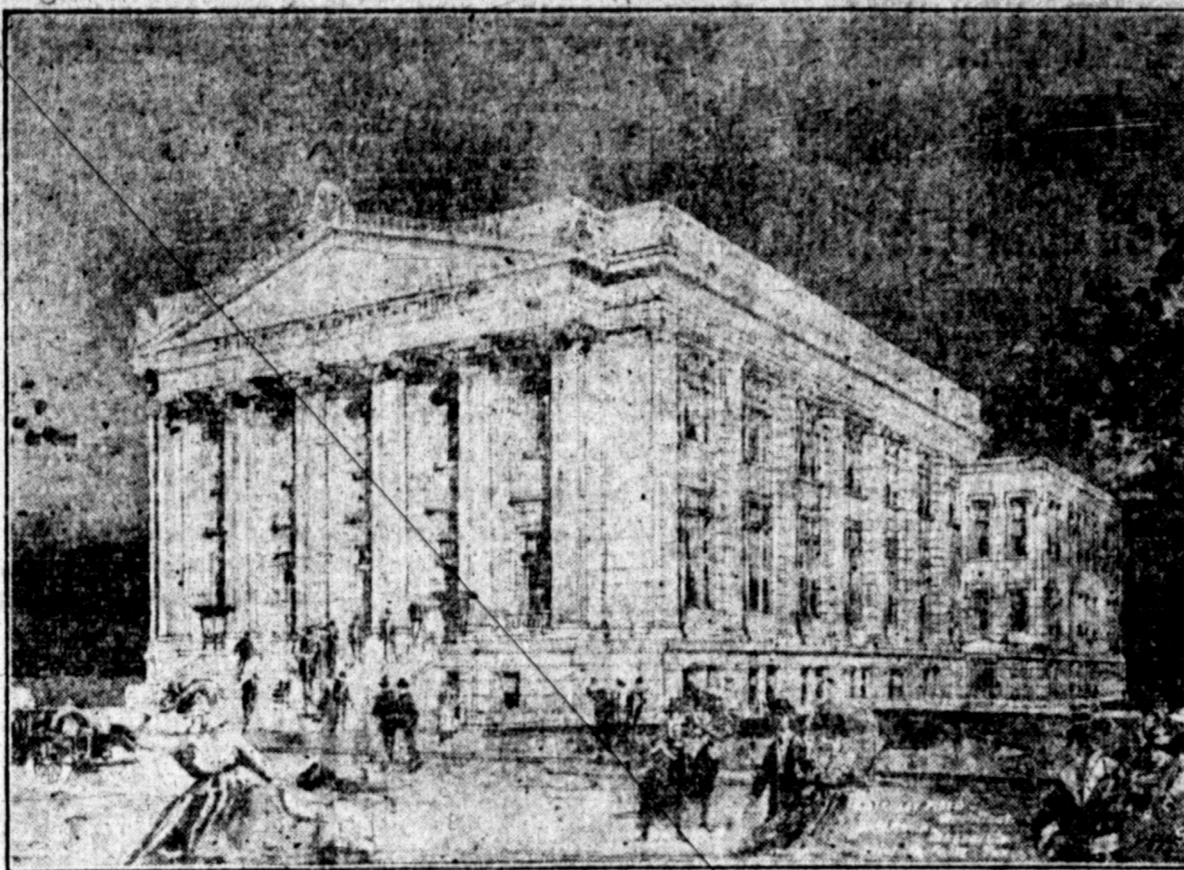

**Epworth League.**  
"Let's see, where will I be at 7:00 o'clock?" "Oh yes, Joe, meet me at the Epworth League at the corner of Tenth and Lamar. They certainly do show you a good time and have a fine devotional program and then too, it is so convenient to stay there for Church and hear Dr. Barnes preach at the evening hour. Me for the Epworth League."  
You have a welcoming hand waiting for you at the Epworth League. Come and see if we are doing things. That's all we ask. This is First Department evening and they have a splendid program on—Well, you come see. We are not telling a thing and we want the rest to come with us and see just what happens at the Epworth League service. A live wide-awake League doing business for the King. Baldwin, Hamery and Leonard Smith are going to take on new duties today. They are traffic cops and have been appointed to take care of the traffic at the Epworth League. It has become so congested that these steps had to be taken. They will pilot you.

**First Methodist Church.**  
Tenth and Lamar.  
The congregations at the First Methodist Church are growing in spite of the extremely hot weather we have been having. The pastor will preach both morning and evening and you are invited to take on new duties. You are made to feel at home, if you are a stranger, and if you are not a stranger, we would like for you to come and meet them. Morning services at 11 a. m. The Pastor will preach on the "Contentment." Evening service at 8:45. The Pastor will preach at this hour. The Sunday School meets at 9:30 a. m. W. B. Hamilton, superintendent, with a fine orchestra and a good song service. If you are a lover of music, come to the opening song service of the Sunday School and then enjoy a good class and meet the Sunday School. Junior League meets at 4:30 p. m. They are doing some fine work. Senior League is now open day and night. We are in the middle of "Committee Month." This is the evening for the First Department. The program is being carried out and the struggle will be at the League at 7:15. Next Sunday will be the Second Department and then the next the Fourth. All the young people of the city should be in the League. You have an invitation. Come on.—S. A. BARNES, Pastor.

The National Bank of Commerce with capital and surplus of half a million dollars and resources of more than four million is big enough to serve you satisfactorily in any financial capacity, but not too big to welcome and appreciate small accounts. 58-1tc

Bargains, we mean bargains now; not last year, or even six days ago. We can sell them. Please phone us your listing. Stehlik & Baber, phone 2321. 57-1tc

### HANDSOME NEW BUILDING TO BE ERECTED BY THE FIRST BAPTIST CHURCH OF THIS CITY

The First Baptist Church's new quarter of a million edifice now under construction, will be one of the handsomest and most imposing places of worship in the state, and will be a distinct addition to the beautiful churches of Wichita Falls. The building will be a striking monument of Greek Ionic architecture, located at the corner of Ninth and Burnett, built of Bedford stone and terra cotta. It will be finished in less than a year's time, according to plans.  
In the basement, the front portion under the auditorium will be a banquet room, with kitchen adjoining, and with ladies parlors which can be opened together. When this large room is not in use for banquets or lectures it is convertible into a gymnasium. At the rear of this combination banquet room gymnasium there is a swimming pool, which will have complete accessories such as showers, dressing rooms, diving boards, etc.  
Only two of the departments of the Sunday School are placed in this story, those of the primary and kindergarten departments.  
On the main floor is the auditorium seating 1500 people and the Senior and adult departments of the Sunday School. The auditorium will have a balcony without columns or rods; the floor will be bowed, and there will be commodious entrances at both the front and the rear. A very handsome housing is provided for the immense pipe organ, and the tabernacle is a beautiful feature placed at the rear of the choir and in easy view.  
At the rear of the gallery are the Junior and Intermediate departments of the Sunday school. Each Sunday school department has its own lecture room, as well as a number of large class-rooms. The entire Sunday school will provide for about 1500 pupils.  
In addition to these various divisions of the building there are numerous others such as offices for the pastor and his assistants, a nursery, rest rooms, etc. The building will be heated by steam and provision will be made for warming the water in the departments.  
Excavation for the building is almost completed and construction will be immediately begun on the building itself. It is hoped to complete it in less than a year.  
E. Stanley Field is the architect who drew up the plans, which combines all the modern conceptions of a church building. The construction contract was awarded the Lisle-Dunning Construction Company.

### ROTARY RIG FOR SALE

Semi Self Service

## First Anniversary Sale

One year ago we opened the Wichita Falls, Texas, store. Since that time we have enjoyed a splendid business, in fact our sales have far exceeded the estimated sales placed for this store, and to our loyal customers and friends we extend our most sincere thanks. We are going to endeavor to merit your continued patronage—and to make our values so low and our service so efficient that we will add many new customers to our large list of satisfied patrons.

For one week—in order to start our second year off with an increase—we will hold our **FIRST ANNIVERSARY SALE**, Monday July 21st, to Saturday Night, July 26th.

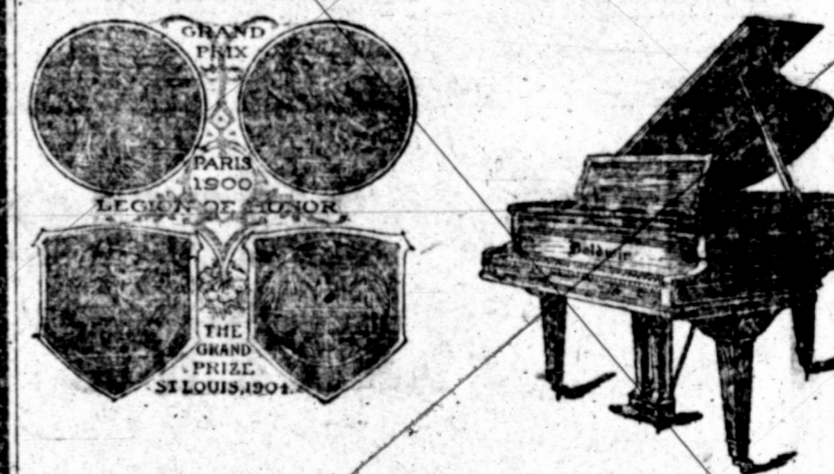

Every department will be replete with unusual values and every counter will be piled up with splendid bargains.—We cordially invite you to visit our store this week, again expressing our appreciation of the splendid year you have enabled us to enjoy.

Yours very truly,

### The Baldwin Piano Is American in Name, Ownership and Sentiment

The Piano that has the highest honors of any on the face of the earth, awarded Grand Prix, Paris, France, given the Legion of Honor by the French Government, 1900.  
The Only American Piano ever awarded Grand Prize at World's Fair in U. S. A. (Awarded Grand Prize, St. Louis World's Fair, 1904).  
The Piano that has kept pace with the world's progress, with automobiles, aeroplanes, electricity, gun boats and hobble skirts.  
The Piano that has sixteen patented features exclusively Baldwin's.  
The Piano that has not had millions spent in advertising to make it a household word, nor been given "gratis" to the crown heads of Europe for royal appointments.  
One of the three highest priced pianos in America and decidedly the best on earth.  
It is the Piano that NO ARTIST has ever deserted for another, and is the piano that will harmonize with the surroundings in the finest homes.  
We ask as loyal citizens of Wichita Falls, and in justice to yourself, Will you kindly investigate before buying from out-of-town concerns?  
We have sold a number of Grands recently, and have not lost one sale where the merits of the Baldwin were investigated.

SOCIETY

PLAYGROUND PICTURE FOR MONDAY NIGHT

The Reverend Sam Webster didn't meet with much response in his efforts to raise funds to install a boys' club in connection with his church. When he requested a big donation from Grocer Stedman, the latter so humbled the Reverend's pride with the insignificant contribution of \$25.00 that he decided to become a grocerman himself and raise the necessary sum. Stedman was too busy to inform Webster that he had no more right to tell him how to conduct his business than he (Stedman) had to tell him how to preach. This remark led the preacher to enter the Lion's Den of Commerce. So he preached in his church on Sundays and on week days would groceries to the good wives and mothers of the community. Stedman had nearly eliminated Grocer Jarvis from business due to his cut prices. And Webster became Jarvis' partner. And the business of the store revived. Stedman, furious at the success of his rival, sold at lower prices than ever, but he didn't realize that the boys would take their mother's orders and trade with the minister. His jealousy caused him to have the young preacher put out of the church. This Stedman grocery caught on fire one night and the boys, led by the clergyman saved not only the contents of the store but also the life of the proprietor. And out of gratitude he retrieved his self esteem by building the club himself. He even went further and offered Webster a partnership in his business and saw to it that the grocer-clergyman kept his church. But the latter wasn't entirely successful because his heart was conquered by Stedman's daughter.

MR. AND MRS. D. W. WALLING HAVE MOVED TO DALLAS

Mr. and Mrs. D. W. Walling and family left Thursday night for Dallas where they will make their home. Walling came to Wichita Falls as superintendent of the Russell-Brown construction company several months ago. He will continue his work with the company whose headquarters are in Dallas.

GUY BROWN AND FAMILY LEAVE FOR CALIFORNIA

Mr. and Mrs. Guy Brown and their three little daughters left Saturday for Long Beach, California, where they will spend the summer. They will visit the larger and more interesting cities in the state, going by way of Denver, Colo., and Salt Lake City.

CENTRAL PRESBYTERIAN LADIES MEET MONDAY

The Ladies Aid Society of the Central Presbyterian church will meet Monday at 3:00 o'clock at the church to continue their missionary lessons on the "Work Among the Indians."

YEOMEN TO MEET IN BUSINESS SESSION

The regular business meeting of the Brotherhood of American Yeomen will meet next Tuesday at 8:30 at the home of Mrs. E. L. Richardson, 710 1/2 Indiana.

DELIGHTFUL BREAKFAST PARTY ON THURSDAY

Thursday morning dawned upon a merry group of girls enjoying a delightful breakfast party with Misses Lillis Farmer, Thelma and Myra Hassel of Fort Worth and Nadine Handy, of Dallas, Jessie Edmonston of Kansas, and Virginia Parks as honorees, and Helen Hines as the hostess. Following a "cool dip" in the Down-

ing Pool, the party cooked and relished a delicious breakfast of fried chicken, toast and coffee. Mrs. H. B. Hines chaperoned the following: Misses Fritz, May Belle Hale, Lela Beall Anderson, Ellen Adole Robertson, Louise Montgomery, Elizabeth Patterson, Marian Maer, Louise Brown, Ruby Moore, Grace and Lucille Tapered, Lillis Farmer, Thelma and Myra Hassel of Fort Worth, Nadine Handy of Dallas, Pauline Richolt, Jessie Edmonston, Virginia Parks, Laura Hatt, Louise Hines, Adelle Marcus, Agnes and Louise Leicham, Bernice Jackson and the rest of their guest Inez Geary of Dallas, Mesdames Pond, Richardson, Haines, and the hostess, Miss Helen Hines.

ENTERTAIN WITH DANCE COMPLEMENTING GUESTS

Monday evening began a week of pleasant events for the entertainment of society's younger set when Misses Lillis Farmer, Thelma and Myra Hassel of Fort Worth, and Nadine Handy of Dallas, and the rest of their guest Inez Geary of Dallas, Mesdames Pond, Richardson, Haines, and the hostess, Miss Helen Hines. Those enjoying the hospitality of the hostesses were: Misses Helen Hines, Adelle Addicks, Ellen Adole Robertson, Marion Maer, Lela Beall, Anderson, Zola May Davis, Helen Stone, Pauline Richolt, Teddie Hall, Agnes Leicham, Louise Bryant, Anita Morrow, Louise Hines, Dell Marcus, Bernice Jackson, Carrie Belle Blair, Audrey Addicks, Louise Leicham, Sybil Kell, Virginia Parks, Mary Hernandez, Ruby Moore, Jane Parker and Louise Montgomery of Austin, Messrs. Bill Jones, Dudley Day, Neil Morfit, Harold Barnes, Jewett Bonner, C. O. Davis, Pierce Butler, Roy Nolan, Plute Robertson, Harry White, Kirby C. Davis, Joe Carrigan, Jim Walker, Charlie Dunkelburg, T. J. Noble, Oertorf, Glen Puelar, Tom Delaney, Morrow, John Hamby, Britton, John Robert, King, Jack Latore, Harold Hamlin, John Tanager, Jr., Schrader, Allday, Homer Crawford, Britton, Johnnie Johns, Twigg Borer, Sanders, Strawn Schew, Bakus, Young, and Messrs. and Mesdames Harold Haines, Richardson, Ralph Pond, Clarence Moore, Martin and John Tanager.

MISS HATTIE MCCARTY WEDS JNO. F. HUGHES

A quiet wedding was that of last Thursday evening when Miss Hattie McCarty and Mr. John F. Hughes were united in matrimony at the residence of the officiating minister, Rev. S. A. Barnes. The impressive ring ceremony was read in the presence of the relatives and a few close friends of the bride and groom.

The bride was charming in a cool white georgette gown, with hat and accessories to match. Mr. Hughes, formerly Miss Hattie McCarty, the daughter of Mr. and Mrs. E. E. McCarty, is a popular member of society's younger set, and because of her charming personality has made a large number of friends in Wichita Falls.

Mr. Hughes, who is the son of Dr. E. M. Hughes, returned with the bride from a two weeks vacation visiting relatives in Amarillo and other places in the Panhandle.

Little Miss Dottie Silver, who has been spending several months with her aunt, Mrs. E. R. Lunaford, 1926 Seventh street, has returned to her home in St. Louis. She was accompanied as far as Fort Worth by Mr. and Mrs. Wismler.

SOCIAL BREVITIES

Mr. and Mrs. Fred Gates left Friday night for Colorado. Mr. and Mrs. C. D. Shamburger and family left Thursday for an extensive tour of California. Miss Sarvetha Shultz left Saturday for a two weeks vacation visiting relatives in Amarillo and other places in the Panhandle.

AMUSEMENTS

Plaza Airdome Calendar. Monday and Tuesday: Constance Talmadge in "Good Night, Paul!" Wednesday: Constance Talmadge in "Betsy's Burglar." Thursday: Violet Palmer, Garrath Hughes and Paul Eventon in "Hitting the Bull." Friday: Carlyle Blackwell in "Hitting the Bull." Saturday: "Miss Adventure."

CONSTANCE TALMADGE AT PLAZA AIRDOME MONDAY

Constance Talmadge comes to the Plaza Theatre next Monday as the star of "Good Night, Paul!" her latest picture, in which she is presented by Lewis J. Selznick. It was adapted for the screen by Julia Crawford Ivers from the musical comedy success of the same name by Roland Oliver and Charles Dickson. This is the laugh-provoking vehicle in which Ralph Herz recently appeared in the principal feature of the Triangle-Fine Arts melodramatic comedy, "Betsy's Burglar," starring Constance Talmadge at the Plaza.

Matilda, whose role is interpreted by Constance Talmadge, is the young wife of Richard Langer (Norman Kerry); he and his partner, Paul Boudoux (Harrison Ford), are in financial straits; the plot revolves around Paul's Uncle Bastiste announces that he is coming on to visit his nephew; if he finds him married, he will settle \$10,000 on him for perpetuating the "family" name. Paul refuses to take the obvious remedy, for he is a confirmed woman-hater, and things look dark indeed; but when the uncle arrives, Matilda tells him she is Paul's wife. The old provincial is delighted—too much so, in fact, for after he gives Paul the promised donation, he decides to prolong his stay from a few hours to a month. It becomes necessary to continue the deception, of course, and Matilda's ingenuity is taxed to the limit, but she gets through the trying time successfully.

In the closing reel, Uncle Bastiste finds a helpmate, and even Paul is paired off with a charming nurse, while Matilda makes full confession as she returns to the arms of her "lawfully wedded husband." And the uncle is so wrapped up in his newfound happiness that he forgives all the young folks and joy reigns over all.

NEW ALLISON COMEDY STORY OF BOHEMIA

"The Uplifters," the latest Metro comedy drama in which May Allison is starred, and which will be shown at the Majestic theater on Monday, is adapted from the story of the same name by Wallace Irwin published in the Saturday Evening Post. This clever story tells of Hortense Trout's venture into the land of Bohemia and of her thorough disillusionment of its much vaunted allure. Listening to the lurid talk directed against society and capital by a

red-hot woman socialist, she begins to think that she, too, is one of the down-trodden. She gives up her position as stenographer and seeks the lady of oratory who sympathizes with her and persuades her to join the "unshackled free." Hortense accepts but soon finds that she has only exchanged one kind of drudgery for another and that being called "courage" by a lot of long-haired men and short-haired women does not compensate for everything the unpleasant people expect her to do. The comedy is exceptionally amusing and is filled with unusual and unexpected situations. Miss Allison is surrounded by a cast which includes such artists as Howard Gray, Ed Trenon, Alfred Hollingsworth, Kathleen Kerrigan, Caroline Rankin, and Lois Wood. The play was directed by Herbert Blanche and made under the personal supervision of Maxwell Karger, director general.

"BETSY'S BURGLAR" AT THE PLAZA ON WEDNESDAY

The blending of comedy with strong dramatic situations is one of the principal features of the Triangle-Fine Arts melodramatic comedy, "Betsy's Burglar," starring Constance Talmadge at the Plaza.

Advertisement for Belle of Wichita Flour featuring an image of a flour bag and the text: "Wonderful pasty? A meal is never complete without pastry of some kind. When you use BELLE OF WICHITA Flour in your pastry-making, success is assured. BELLE OF WICHITA, as in all years past, is absolutely uniform and dependable. Your dealer will be glad to send you a sack of this wonderful flour, for he knows you will then be a permanent user."

the Plaza Airdome, Director Paul Powell overlooked no opportunity in getting just the required shade of comedy injected into this production. In her characterization of the boarding house slaver Miss Talmadge doesn't have much excitement until she falls in love with a young boarder, then things begin to happen in earnest, and she has various thrilling adventures, ending up by being tortured to disclose the hiding place of a lot of jewels. Kenneth Harlan plays opposite to Miss Talmadge. The other principals in the cast include Monte Blue, Joseph Singleton, Josephine Crowell, Clyde Hopkins, Hal Wilson and Kate Bruce.

"DAUGHTER OF THE WOLF" COMING TO THE EMPRESS

In her latest Paramount picture, "A Daughter of the Wolf," Lila Lee comes to the Empress theater Monday and Tuesday in the role of a little motherless child of the North, whose father is a fur smuggler. Her life has been spent in the vast wilderness of the far north and she has never been to the city to which her father, known as Wolf Ainsworth, journeys every spring with his fur pelts. This time, however, she prevails upon him to take her with him. Arriving in the city, accompanied

by her father and his smuggling gang, chief among which is Ros, who is jealous of her every action, she meets and falls in love with Robert Dray, who has just been disappointed in the love of another woman. They are separated, however, by the hand of fate and Wolf, to avoid revenge, orders his men to take her to her cabin. Wolf and Ros are about to kill him when revenue officers arrive and Wolf is killed and all the smugglers captured.

At a camp a short distance from Wolf's habitations, Ros and Dray meet. Ros is generous of Dray and besides, suspects him of being a "revenuer." Under the guise of friendship, he leads him out in the wilderness and thence in a fight. Dray finds Dray and takes him to her cabin. Wolf and Ros are about to kill him when revenue officers arrive and Wolf is killed and all the smugglers captured. Irvin Willat directed and a powerful cast support the star.

Famo Stops Seborrhea The Dandruff Disease

No other hair remedy even remotely resembles FAMO. FAMO kills the dandruff germ and stops the scaly flow from the sebaceous glands. Every ingredient in FAMO is well known to physicians. But none of these ingredients were ever before applied to saving the hair. Science perfected FAMO in one of the oldest pharmaceutical houses in Detroit—famous for its laboratories which supply physicians all over the world with medical goods. FAMO not only kills the scabrous microbe but it makes the scalp and hair as clean as that of a baby. It ends all itching of the scalp. Even where itching has already appeared unless the hair roots are absolutely dead, FAMO will encourage and stimulate the growth of new hair. Many women say FAMO has caused their hair to grow from four to six inches. FAMO retards grayness and strengthens the natural color. It contains no alcohol to dry the scalp and produce gray hairs. It makes the hair luxuriant and lustrous and if there is a tendency to wavyness, FAMO straightens it. FAMO should be used by every member of the family. It can safely be used on the head of the baby as there is nothing in

# BURKBURNETT P. O. GAIN IS REMARKABLE

### Increase in Business Past Year Amounts to Nearly Two Thousand Per Cent.

### BECOMES A SECOND CLASS OFFICE BEGINNING JULY 1

### Every Possible Effort Is Being Made to Take Care of the Increasing Business.

One year ago about fifteen hundred people got their mail through the Burk Burnett post office. Today twenty-five thousand people are served by the office.

Wichita Falls has shown a percentage of gain of around 100 per cent which is considered remarkable and a record that has been made by few other Texas cities, but this gain pales into insignificance compared with Burk Burnett's gain of 1,666.23 per cent.

All of this great volume of business, mail for the biggest oilfield in the state of Texas, and the southwest, is handled by a young woman, Miss Elaine Smith, who has resided at Burk Burnett with her family for years before the oil strike. There are fifteen clerks working under Miss Smith, all but two of them girls or young women, and even this force, which is as large as can be secured because of living conditions are working all the time to keep the postal service as nearly uninterrupted as is possible.

Becomes Second Class. On July 1, the office became a second class post office. Its receipts put it in this class, and the management went under the civil service. Miss Smith, who had been acting postmaster until her examination and now postmaster.

The Burk Burnett business during the time it was a third class post office, was handled through Postmaster Ed Howard and the Wichita Falls office. Receipts for stamps and envelopes for the year at the Burk Burnett office totaled more than \$5,000, the amount required to put an office in the second class. The office will pass into the first class when the yearly receipts from these sources total \$10,000.

Much Overcrowded. Every possible effort has been made to care for the enormous increase in business. The present quarters, which have been overcrowded for twelve months, or since the boom started, will be changed the latter part of this month for more commodious offices in the First National Bank Annex. Efforts are being made, it is stated, to put on a night force and if clerks can be secured sufficient for this change, much relief will be afforded. It is impossible to secure men for the work, since the civil service salaries for this work are only around \$1,000 a year.

## Attention Operators

I will give a 50-50 drilling contract on 250 acres on an absolute proven and producing structure. I have a first class Standard derrick, pit, water tank all completed. Well must be drilled with string tools. Immediate action required.

Address: P. O. BOX 364, Wichita Falls, Texas.

## WANTED AT ONCE

Three or four good-sized boys, 12 to 16 years old, to carry paper routes.

Apply to Mr. Armstrong, at Times office.

## and oil field wages, which any able bodied man can command, make this amount appear very small.

Unusual Feature. All members of the post office force at Burk Burnett are under 25 years of age. It is stated, a very unusual condition. This is just one of the numerous features that make the Burk Burnett office different from the usual run. The majority of the clerks are transfers from other parts of the state, sometimes from other states. However, being a stranger at Burk Burnett does not offer any special disadvantage, because almost everyone else is a stranger too.

Only ten per cent of the "old timers" who were living in Burk Burnett when the Fowler well was brought in are still at Burk Burnett, according to one of the old timers. The other ninety per cent are in Wichita Falls, with but few exceptions.

Efforts for New Postoffice. An effort is being made to have a postoffice opened in the Burk Burnett section of Thrift City, as it is called. If this is secured some of the composition of the post office will be re-located, for at present the town is divided into various settlements which have been formed in the oil fields, around the big developments. The rural service to the oil fields in the old Burk Burnett district has been impossible in the new developments, and now everyone in the field must call for their mail at the post office.

## ELDORA OIL COMPANY HAS RESUMED DRILLING

After working with collapsed casing for four weeks, the Eldora Oil Company reports the difficulty overcome and drilling in progress below 1800 feet in their deep test in Block 28, east of Electric. A star machine is on the ground to develop the shallow casing which the company passed in the deep test. The shallow test is a waiting casing, and as soon as this casing is secured will begin work immediately it is stated.

## AMERICAN PETROLEUM CO. OPENS TEXAS OFFICE HERE

L. L. Lyon, president of the American Petroleum Producing Company, announced the opening of the Texas office of the company in Wichita Falls, at 714 Seventh street, and also states that the company is planning to begin extensive operations in the Wichita Falls district. The company has its central office in Oklahoma, and at present is drilling a deep test well in Boger, Miller county, Oklahoma.

Mr. Lyon states that the company believes Wichita Falls to be the coming center of North Texas, and the logical point for the direction of Texas operations, these facts determining the location of the company's offices.

## CURB BROKERS TO BE DENIED USE OF THE CITY'S STREETS

M. A. Bundy, chairman of the police committee of the city council announced Saturday afternoon that the curb brokers would not be permitted the use of the streets for the sale of stocks.

At the meeting of the city council Thursday night the question of allowing the brokers to resume their operations on the curb was referred, after considerable discussion to Mr. Bundy for investigation and decision.

"There is an ordinance prohibiting such use of the city's streets," said Mr. Bundy, "and I can see no valid reason why it should not be enforced. The streets are for traffic and not for the sale of stock or merchandise. The decision on this matter was left up to me as chairman of the police committee. After looking up the city ordinance and after conferring with other members of the committee I have decided against a suspension of the ordinance."

Notice. Notice is hereby given, that the Wichita Bank Oil Company will pay a dividend to all stockholders of record July 25, 1919.

All kinds of real estate. See Wolfe Brothers, 2014 Kemp Blvd. We haven't all of the real estate in town, but we have lots of it and we will try and give you good service. Phone 1347.

Bargains, we mean bargains now; not just next, or even sixty days ago. We can sell them. Please phone us your listing. Stehlik & Baber, phone 2521.

## FOR QUICK SALE

80 acres or any part thereof, oil land in Tillman county, Okla., and being the E 1/4 of N-E 1/4 Section 9, T. 3, R. 16.

This land is only 2 1/2 miles northeast of the Burk Extension now drilling at 1500 feet; also two more deep tests going down right near this property. Price \$150 per acre if taken within the next three days. For particulars, see

J. W. Tucker or J. B. Carter, Owners, St. James Hotel

## TILLMAN COUNTY IS BOOMING

This field has over 40 drilling wells and locations, more valuable offsets, and more speculation than any other wildcat oil field.

## THE REASON IS

The big Burk Burnett oil field has led development up to the bank of Red River, the southern boundary of Tillman county, Oklahoma. Wise men are calculating the future and buying ahead of the tide where geologists have defined the greater pool. Offer for quick profits subject to prior sale any of the following 5-year commercial leases:

100 acres 1/2 mile of location, S. E. 1/4 Sec. 8, T. 1, N. R. 16 W. \$150.00  
20 acre near 3 locations, W. 1/4 S. E. 1/4 Sec. 5, T. 2, S. R. 17 W. \$22.50  
20 acres, 1 mile Langford, 2000 feet test, Sec. 25, T. 5, S. R. 17 W. \$50.00  
20 acres, 1 mile Langford, 2000 feet test, Sec. 25, T. 5, S. R. 17 W. \$75.00  
10 acres 3/4 mile N. W. Texas Chief, S. E. 1/4 Sec. 14, T. 4, S. R. 16 W. \$200.00  
20 acres 1/2 mile N. W. Texas Chief, S. E. 1/4 Sec. 14, T. 4, S. R. 16 W. \$100.00

American Hotel, Wichita Falls, Texas.

## HOTEL PROPOSITION AT DALLAS

Do you want to be "President" of a One-Half Million Dollar "New Hotel"?

We are going to lease a new one hundred and fifty room hotel, to be built in Dallas.

Need a "president" with sixty thousand spot cash—which will give you a two-thirds (2-3) controlling interest.

The other one-third (1-3) to be owned by an "experienced" hotel manager.

Will employ about seventy-five people—so you will not only have a fine "home," but will have a position for each one of your family—if you so desire—also for a few friends.

If you want a "fine business proposition" in a regular city, get on the first train to Dallas for a personal interview with H. P. Eller, exclusive agent for hotel company, care Dallas Trust & Savings Bank.

PROMOTERS OF BURK-KEY TO EXTEND DEVELOPMENT Special to The Times.

VERNON, July 19.—L. E. and J. D. Key, promoters of the Burk-Key well near the Running Pool in Wichita county and the West Vernon well two and a half miles west of Vernon, are behind an organization proposing to develop territory in Wilbarger and Ford counties several miles south of Highland. They have leases on 5,000 acres and propose to drill a well 3,500 feet deep. No company will be organized as the acreage is obtained in consideration for a well.

Ford cars have become such a world utility that it would almost seem as if every family ought to have its Ford car. Runabout, Touring Car, Coupe, Sedan, (the two latter have enclosed bodies), and the Truck Chassis, have really become a part and parcel of human life. You want one because its service will be profitable for you. We solicit your order at once, because, while production is limited, it will be first come, first supplied.

### SENATE PASSES BILL REQUIRING PIPE LINE COMPANY REPORTS

MUST GIVE THE AMOUNT, THE LENGTH OF HAUL AND PRICE RECEIVED.

#### NUMBER OF BILLS ENACTED

Ferguson Portrait Resolution is Referred to Committee on Contingent Expenses.

**By Associated Press.**  
AUSTIN, July 19.—Pipe line companies are required to make quarterly reports to the railroad commission and also to the comptroller of all oil transported, the length of the haul, amount received for such haul and from whom, in a bill by Senator Dean of Walker, passed finally in the senate today.

There was also passed finally a bill by Senator Caldwell of Travis to require county commissioners in all counties having a precinct with a population of 25,000 or more, to furnish quarters for justices of the peace.

A resolution offered by Senator Clark of Fayette was adopted requesting the heads of all state departments to furnish a list of all employees. The purpose of the resolution, Senator Clark said, was to determine whether the spirit of the anti-neo-patrim law was being violated.

**Penalty for False Statement.**  
A bill by Senator McNealus making it a felony for a person to make a false statement in order to obtain commercial credit, was passed finally.

There was passed finally in the senate a bill by Senator Alderdice of Ellis, providing that counties may group for the purpose of employing a school superintendent; also passed finally a bill by Senator Johnston of Harris, exempting from taxation lands, hospital, endowment fund of the estate of George Hermann at Houston, donated to the city of Houston.

The senate concurred in the house amendments to the senate bill providing for the formation of fresh water districts. The Bagby house resolution providing for the hanging of the picture of former Governor Ferguson in the corridor of the capitol was referred to the senate committee on contingent expenses.

#### NEUTRAL GOVERNMENTS TO CLEAR AMERICAN SHIPS

**By Associated Press.**  
PARIS, July 19.—The American government, it is understood here, is arranging with neutral governments for their consuls to clear American ships at German ports until the United States Senate acts upon the peace treaty.

The National Bank of Commerce with capital and surplus of half a million dollars and resources of more than four million is big enough to serve you satisfactorily in any financial capacity, but not too big to welcome and appreciate small accounts.

### "BABE OF THE WOODS" LOST FOR ELEVEN DAYS IS REGAINING HEALTH

**By Associated Press.**  
CHICAGO, July 19.—Nourished by liquid foods, Harry Nutter, the six year old "babe of the woods," who was found lying under a tree, half starved, with his body stripped of clothes and covered with insects two days ago, after being lost 11 days and given up for dead, is slowly gaining the power of speech and physicians declared today he would regain his normal condition.  
Soothing medicines are being applied to the youngster's body which is covered with marks from briars and ravages of insects, there being hardly a portion of his skin untouched.  
The boy declared that he had not had anything to eat or drink during the eleven days that he wandered through the woods. He had gone for a walk with companions and lost his way in the woods near Wildwood, Fox Lake, Ill.

### BRITISH SUBJECT IS KILLED IN MEXICO

**By Associated Press.**  
LOREDO, TEX., July 19.—Private telegrams received here today stated that Theodore Patterson, mine superintendent of the Mazapil Copper Company at Concepcion Del Oro, state of Zacatecas, Mexico, was killed by bandits at his camp yesterday. Patterson was a British subject. No details were given.

### CHARGED WITH SMUGGLING MORPHINE OVER BORDER

**By Associated Press.**  
LAREDO, TEX., July 19.—Charged with smuggling seven one-ounce bottles of morphine into the United States from Nuevo Laredo, Ignacio G. Benavide, arrested yesterday, was held to the grand jury today under \$300 bond. The drug was found under the seat of Benavide's automobile.

### WOODMEN OF THE WORLD IS SOLVENT SAYS DEPARTMENT

HOUSE IS SO ADVISED BY STATE COMMISSIONER INSURANCE AND BANKING.

#### A REPORT WAS REQUESTED

Vote to Appropriate \$500 to Hang Portrait of Ferguson in the Capitol.

**By Associated Press.**  
AUSTIN, TEX., July 19.—The Texas House today concurred in Senate amendments to a bill revising the laws regulating public printing.  
The House adopted a concurrent resolution proposing to appropriate \$500 to hang a portrait of Ex-Governor James E. Ferguson in the capitol.

The House concurred in the Senate the salaries of district court reporters at \$1,800 a year.

There was passed finally the House bill amending the state depository law.

The Senate bill proposing to allow owners of soil of state land sold with mineral rights reserved one-sixteenth royalty of oil and gas production was passed by the House with slight amendments.

In a communication to the House the state commissioner of insurance and banking stated that his department holds the Woodmen of the World legally solvent. The solvency of this amendments to the House bill fixing

order was attacked by opponents of a measure proposing to allow it to insure children.

### GERMAN WAR PRISONER IS GIVEN FREEDOM FOR SAVING A PILOT'S LIFE

**By Associated Press.**  
LONDON, July 18.—The Air Ministry announced tonight that Private Bruckman, a German war prisoner at great risk to his own life saved the pilot of an airplane from the blazing wreckage of a machine after it had crashed at the Wiltshire airbase.  
As a reward for Bruckman's act it was decided to release him at once and grant him free passage home. Bruckman will also be presented with a gift.

### AERIAL MAIL CARRIER KILLED IN AN ACCIDENT

**By Associated Press.**  
BELLEFONTE, PA., July 19.—Lieutenant Charles Lamborn, 33, of Los Angeles, Cal., an aerial mail carrier flying from this city to Cleveland, was killed this afternoon when his machine, a De Havilland four, fell 6,000 feet at Dix Run, at the foot of the Alleghany Mountains near here.

### NEGRO IS ARRESTED FOR AN ATTEMPT TO ASSAULT WHITE GIRL

AUSTIN, TEX., July 19.—Fred Stewart, 16 year old negro boy, was caught by county officers and a posse this morning at three o'clock, and is lodged in jail here charged with attempted criminal assault on a 12 year old white girl in South Austin late yesterday afternoon. The girl's cries brought aid and she escaped uninjured.

The progressive spirit of the men who manage the National Bank of Commerce is evidenced in its up-to-the-moment service and its constant readiness to co-operate with customers in the development of their business interests. Both small and large accounts are welcomed by this bank.

LEGAL NOTICES.

THE STATE OF TEXAS. To the Sheriff or any Constable of Wichita County, Greeting:

You are hereby commanded to summon Charlie Wittenbach by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the 18th District Court of Wichita County, to be held at the court house thereof in Wichita Falls, on the 1st Monday in September, A. D. 1919, the same being the 1st day of September, A. D. 1919, then and there to answer a petition filed in said court No. 1059, wherein C. H. Wittenbach and wife, Eva Wittenbach, Mrs. P. Wittenbach, A. W. Wittenbach and wife, Mattie Wittenbach, P. J. Naff and wife, Mary Naff, Henry Hoppe and wife, Bertha Hoppe, Charles Mueller and wife, Minnie Mueller, Roy Chappinham and wife, Falia Chappinham, are plaintiffs, and CHARLIE WITTENBACH and unknown heirs are defendants, and said petition alleges:

That on or about the 1st day of March, 1900, plaintiffs were lawfully seized and possession of the following land and premises situated in Wichita County, Texas, and described as follows: All of the east half of subdivision No. 34 of T. 23S. R. 23E. containing 160 acres, more or less, and four-tenths (204 4/10) acres, more or less, of the Waggoner Colony land, Vol. 20, page 28, containing two hundred and four-tenths (204 4/10) acres, more or less.

That they were holding and claiming the same in fee simple, that on the day and year last aforesaid, defendant unlawfully entered upon said premises and evicted plaintiffs therefrom, and unlawfully withheld from them the title and

LEGAL NOTICE.

possession thereof, claiming said land as his heir; that said defendant has not been seen nor heard of since June 1st, 1901, and is now claiming said property and same has caused a cloud in plaintiff's title to be placed on a cloud in plaintiff's title to the sum of one thousand dollars (\$1,000.00) in reasonable annual rental value of said land is one hundred dollars (\$100.00).

Wherefore, plaintiffs pray judgment of the court that defendant be cited to appear and answer this petition and that defendant be held in contempt of court for possession of said above described land, for writ of restitution and for damages and rent in the sum of two thousand dollars (\$2,000.00), for all costs of suit and for general and special relief.

Herein fail before said court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.

Given under my hand and the seal of said court, this 28th day of June, A. D. 1919.

A. F. KERR, Clerk, District Court, Wichita County, Texas. By Jewel Jones, Deputy.

July 6-12-20-27

THE STATE OF TEXAS. To the Sheriff or any Constable of Wichita County, Greeting:

You are hereby commanded to summon Irene Van Gunten by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Wichita County, to be held at the court house thereof in Wichita Falls, on the 1st Monday in September, A. D. 1919, the same being the 1st day of September, A. D. 1919, then and there to answer a petition filed in said court on the 30th day of May, A. D. 1919, in a suit numbered on the docket of said court No. 1022, wherein Irene Van Gunten is plaintiff, and Violet Van Gunten is defendant, and said petition alleges:

That on or about the 6th day of April, 1918, plaintiff was legally married to defendant, at Denison, Grayson county, Texas, and thereafter lived with him as husband and wife, until on about the 28th day of April, 1919, which time they have not lived together. That during the time plaintiff and defendant lived together as husband and wife, she was kind and affectionate toward him and at all times exacted from him as a dutiful wife, and defendant, unkind and at all times exacted from her as a dutiful wife, and she was cruel and tyrannical toward plaintiff and at different occasions cursed, abused and whipped her, rendering their lives together a torment.

That as a result of said marriage plaintiff and defendant had three children, to-wit: Mildred Nolen, a girl 5 years of age, and Bonnie Nolen, a girl 3 years of age; that defendant is an unfit person to have the care and custody of said children; that plaintiff is the proper person to have the care and custody and maintenance of said children.

Premises considered, plaintiff prays for citation in terms of law, that upon final trial hereof, she have judgment dissolving said marriage relations, for absolute divorce, for judgment for the care, custody and control of said children, for costs of suit, for general and special legal and equitable relief.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.

Given under my hand and the seal of said court, this 2nd day of July, A. D. 1919.

A. F. KERR, Clerk, District Court, Wichita County, Texas. By Jewel Jones, Deputy.

NOTICE IN PROBATE.

The State of Texas, To the Sheriff or any Constable of Wichita County—Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Wichita county, a copy of the following notice:

The State of Texas.—To all persons interested in the welfare of George Froud, a boy 20 years old, Hannah Froud, a girl 17 years old, Ellen Froud, a girl 15 years old, minors. Know Ye: That Lettie Froud has filed an application in the county court of Wichita county, on the 18th day of July, 1919, for her appointment as guardian of the estates of said minors, which said application will be heard by said court on the 4th day of August, 1919, at the court house of said county, in

LEGAL NOTICE.

Wichita Falls, at which time all persons interested in said minors are required to appear and answer said application, should they desire to do so.

Witness my hand and official seal, at Wichita Falls, Texas, this 18th day of July, 1919.

W. T. HARRIS, Clerk County Court, Wichita County, Texas. By M. F. Yeager, Deputy.
