OHIO SENATOR URGES PROMPT RATIFICATION

Replies to Criticism of Lodge and Other Leaders of Republican Party.

HELP TO KEEP ENEMIES IN STRAIGHT NARROW PATH

War-Sick World Demands Early Action and Demand Must Not Be Ignored.

WASHINGTON, July 21.—Prompt and unreserved ratification of the peace treaty with the League of Nations was urged upon the Senate today by Senator Fomrose, of Ohio, Democratic member of the Relations Committee.

In a prepared address, crowded with constitutional and legal arguments, Senator Fomrose said the League was not a preventive of war, but would tend to prevent war, and could be amended as experience required. He replied to the criticisms of Republican Leaders Lodge, Senator Knox, of Pennsylvania, former Senator Root and Chairman Hays of the Republican National Committee. Much of the opposition, Mr. Fomrose asserted, springs from partisanship.

"Surely," he said, "if the treaty is ratified after the experience through which we have just passed, it will help to keep our former enemies in the straight and narrow path until the present plan can be modified or improved so as to meet the requirements of our future experiences and our mature thoughts."

"No friend of the League has ever claimed that it would be a panacea against all future wars. But we have an abiding faith that when the nations of the world, leagued together, pledge themselves to suspend war, that international disputes can be brought either to arbitration or to investigation and publicity incident thereto, it will materially reduce the chances of war. It would not be a panacea, but it would be a most valuable and necessary reservation if they did mean delay and a consequent encouragement to revolutionary movements. It is better, therefore, that we surrender some of our own convictions in the interest of immediate peace, rather than to insist upon changes which will keep the pending treaty to be sent back to the associated powers."

World Demands Ratification. "A war-sick world," he said, "demands the early ratification of the treaty. That demand must not be ignored."

"During the war many of us voted for measures, not because of time of peace, but because we felt the exigencies of the situation required them. May we not pursue a similar course when it comes to the ratification of the peace treaty?"

"All of us recognize how extremely abnormal present conditions are, particularly in Europe. The spirit of revolution is rampant not only in eastern Europe and within the central powers, but to some extent among the peoples of our allies. Ought not our aim to be the restoration of peace and the adoption of such measures for its preservation and the protection of the new born nations as shall seem to be sufficient in the present state of the public mind?"

Attitude of Germany. "Who does not know that Germany is not looking forward to the moment when she may resume her aggression against her neighbors? Who does not know that the new governments of Poland, Czechoslovakia, Yugoslavia and other smaller nations in Europe have not been able to organize perfect and stabilized governments?"

"Who is so blind that he does not understand that it is now necessary, and will be necessary for years to come in protecting the territorial integrity and political independence for these newly formed governments against external aggression by their former masters? And further, who does not know that for some years to come at least, it will be necessary to keep Germany, Austria, Bulgaria and Turkey within the limitations of their own boundaries." PRESIDENT WANTS AMERICAN MEMBER FOR COMMISSION

WASHINGTON, July 21.—President Wilson today asked the Senate Foreign Relations Committee to approve appointment of an American member of the reparations commission provided for under the peace treaty, to act provisionally pending Senate action on the Versailles document. The committee debated the request for more than an hour without acting.

The President wrote that he made the request because he considered it of so much importance to the business interests of the country that the United States be represented on the commission. Senator Williams, Democrat, Mississippi, offered a resolution declaring the committee willing to approve such an appointment but Chairmen and other Republican members opposed it, while Senator Knox, Republican, Pennsylvania, and Harding, Republican, Ohio, offered substitutes that would declare the committee without authority in the matter. None of the proposals came to a vote.

CHICAGO MAY HAVE TO QUIT EATING ICE CREAM RESULT ICE SHORTAGE

CHICAGO, July 21.—Chicago may have to quit eating its 75,000 gallons of ice cream if it is used to every day—at least there is a probability that the city may be ice creamless for at least ten days within a few weeks.

This was the warning given today by John E. Cunningham, president of the Cunningham Ice Cream Co. The scarcity of ice is serious, he said, and such that ice cream manufacturers may be forced to close down for a brief period during the hottest part of the summer.

"The cause of the ice shortage," said Cunningham, "is the short supply of last winter. Artificial ice makers supply only about 25 per cent of the amount consumed by the city."

RIOT RESULTS FROM INTERURBAN STRIKE ON OKLAHOMA LINE

TULSA, OKLA., July 21.—Car service on the Oklahoma Union Railway is still upset as a result of a three-cornered riot on Saturday night in West Tulsa at Red Fork and at Sapulpa. Two interurban cars were operating this morning from this end, but no cars were running in or out of Sapulpa or Kiefer.

Officials of the traction company are trying to find out if any of the rioters were members of the carmen's union. If so they will have them arrested for contempt of court and violating injunction secured several weeks ago against the union men.

Deputy Sheriff Hubert Blythe and W. S. Mayfield, who were shot in the riot, are resting easily here.

BOLSHEVIKI REFUSE TO RELEASE SWEDISH OFFICERS ARRESTED

STOCKHOLM, July 21.—Bolshevik Government at Petrograd refused to release five members of the Swedish legation at Petrograd, recently arrested, it was announced today. An official of the Swedish Foreign Office said it was his belief representatives of other nations at Petrograd probably would be arrested.

HUNGARIAN SOVIET DIRECTOR HAS ESCAPED FROM BUDAPEST

By United Press. BUDAPEST, July 21.—The Europa Press announced today that Bela Kun, deposed Hungarian soviet dictator, had fled from Budapest to Vienna.

VIENNA, Saturday, July 19.—It was a triumvirate of radical leaders who replaced Bela Kun at the head of the Budapest soviet government, according to dispatches to Vienna newspapers.

The three men composing the new government are: Farkas, former minister of social protection; Moses Alpari and Tibor Samuely. The new government, according to the report received here, ordered Harbach, commander of the city, known as a "moderate" to turn over the city to them. Volunteers for the "terror troops" have been called for by their leader, who formerly was Bela Kun's body guard.

The government triumvirate, it is said, is convinced the Allies are either too weak or unwilling to intervene forcibly. Bela Kun's "red army" is declared to be breaking up. Money is depreciating in value rapidly and food conditions are said to be unbearable.

STEAMSHIP "TULSA" IS TO BE CHRISTENED WITH A BOTTLE OF CRUDE OIL

TULSA, OKLA., July 21.—Naval traditions will be shattered Wednesday at Hog Island shipyard, when the U. S. S. Tulsa is launched. The vessel, named for this city, because of Tulsa's part in the Victory Liberty Loan, will be christened with crude oil by Lula Crosbie, daughter of J. E. Crosbie, banker, stockman and oil magnate.

TULSA, OKLA., July 21.—Marvin Sawyer, is held at Idabel, Okla., for shooting and killing his brother-in-law, C. M. Cobb at Idabel Friday, according to reports here today.

OKLAHOMA MAN IS CHARGED WITH KILLING HIS BROTHER-IN-LAW

HUGO, OKLA., July 21.—Marvin Sawyer, is held at Idabel, Okla., for shooting and killing his brother-in-law, C. M. Cobb at Idabel Friday, according to reports here today. The shooting is said to have followed a dispute over family troubles between Cobb and Sawyer's sister, Cobb was well known in Idabel.

SOLDIERS AND MARINES WILL BE ON PATROL

Federal Government Intervenes to Prevent Recurrence of Washington Attacks.

NEGROES GIVE EVIDENCE OF RETALIATION TODAY

Fire Four Shots at Sentry at the Naval Hospital in Potomac Park.

WASHINGTON, July 21.—The federal government intervened today to prevent a recurrence of the attacks Saturday and Sunday nights, by sailors, soldiers and marines against negroes in retaliation for assaults by negroes on white women in this city. After a conference between Secretary Baker and the local governing authorities, the army provost guard was re-organized to duty.

The police authorities announced that 250 soldiers and marines would aid the police in patrolling the streets tonight.

The attacks by the service men on negroes were so general that unformed negro policemen were detached from duty and sent home by the authorities.

Just about noon today the negroes gave the first evidence of retaliation. Four blocks in an automobile drove up to the naval hospital in Potomac Park, not far from the White House, and fired four shots at the sentry. They then whistled their machine guns and fired four more shots at inmates on the hospital grounds, all of them sick or wounded sailors and marines. The machine and its party got away. The shots all went wild.

Under the auspices of the National Race Congress, a mass meeting of negroes assembled this afternoon to act on resolutions protesting against the attacks upon them.

WASHINGTON, D. C., July 21.—Major William, head of the Washington police, was expected to confer with military authorities today and obtain reinforcements for his men to guard against possible renewal of fights between whites and negroes here.

Disturbances last night and early this morning took the form of numerous fist fights between groups of whites and negroes along Pennsylvania avenue. There was a clash in front of the district building, which corresponds to a city hall.

One negro was chased around the treasury building. Another was pursued in front of the White House. There were fights in front of some of the principal hotels. Soldiers, sailors and marines, were conspicuous among the white belligerents. About a dozen scattered arrests were made, but the rioting was so widespread the police were handicapped.

Taxicabs Are Seized. In some instances it was reported that taxicabs were seized by the whites and used in the pursuit of negroes. Street cars were boarded and negroes dragged to the street.

Although lists were for the most part the only weapons, a few clubs and bludgeons made their way into the streets. Injuries were made. Estimates of the injured varied widely, most of them being so slightly hurt they were not taken to hospitals. It was believed, however, that more than 100 were really injured, although others received black eyes and bruises.

One crowd of whites crushed for blocks on Pennsylvania avenue attacking negroes, but finally was kept at bay by a mass of colored men who assembled in a side street. Colored chauffeurs were sent home, the officers fearing they would be torn from their seats.

Feeling Runs High. Feeling here was running high here during the last two weeks because of attacks on white women by negroes. The first fighting broke out late Saturday night. One policeman was shot. The disturbances were confined to the negro quarter, but those of last night and this morning raged on streets that have become historic through presidential inaugurations and other national events. Right in the midst of the government buildings of the capitol.

The trouble originated in the arrest of a negro, while he was waiting with a patrolman for the patrol wagon a crowd took him from the officer and beat him over the head.

BODY OF SERGEANT KILLED BY GERMANS ARRIVES AT PARIS

PARIS, July 21.—The body of Sergeant Paul Mannheim, of the French army, who was murdered in Berlin July 13, arrived in Paris at 6:00 o'clock this morning.

The French government recently sent a note to Berlin demanding one million francs indemnity for the murder of Sergeant Mannheim and an additional sum to Mannheim's family. Germany, in reply, refused to pay the indemnity but pointed out that in the apology forwarded before receipt of the French note, Germany had agreed to recompense the family of the murdered soldier.

TEN THOUSAND GO BACK TO WORK AT PACKING HOUSES

CHICAGO, July 21.—Ten thousand employees of the five big packers, who have been on a strike several days, returned to work this morning after the employers had complied with the demands of the men that all police and special guards be withdrawn from the various plants.

The men announced that they will demand an increase of 50 per cent in wages through Federal Judge Samuel Alschuler, who is acting as arbitrator between the packers and their employers. Eighty thousand stockyard employees are involved including workers at Kansas City, St. Joseph, St. Louis, Omaha, Milwaukee, St. Paul, Denver and other cities.

By United Press. PARIS, July 21.—Advices from European countries, especially the Allied nations, indicated today that the international strike planned by the protestants as a protest against intervention in Russia and Hungary, had lost its element of danger and in many places would be a complete failure.

Apparently strike leaders either had lost their control or had headed government warnings.

Only in one country—Norway—were there indications that the situation might prove serious. A general strike has been called for today, following a strike Saturday which forced Christiansia to do without light, water, tram car service and newspapers. The government issued an order closing restaurants and ordering three days prohibition of the sale of alcohol.

In France the strike had been called off officially, with its leaders issuing manifestos urging every class and profession to continue work today. Telegrams from Italy, Austria, Germany and Great Britain indicated the movement had been abandoned, either the pressure of public opinion.

Dispatches from Rome said the strike promised to be a complete failure there. Railways and tramways were being operated under normal conditions. Reports from Central and Southern Italy said those sections had not been affected.

Dispatches from Germany announced that as a result of violent protests from German agriculturists and the public, the world revolutionary idea had been weakened considerably, if not entirely abandoned.

Vienna reports indicated the strike failure there was due to public sentiment, energetic measures taken by the government and finally, to the fact that the Hungarian trades unions had openly declared their hostility to their worst enemy.

STRIKE OF TELEPHONE OPERATORS ON COAST HAS COME TO AN END

By Associated Press. SAN FRANCISCO, July 21.—Except in San Francisco, Oakland, Sacramento, and a few small towns, the strike of telephone operators and electricians which was called June 19, for increased wages and changed working conditions, came to an end today.

The strike affected all Pacific Coast states and Nevada.

LUTON, ENGLAND, SCENE OF RIOTING SATURDAY; HAVE RESTORED ORDER

LUTON, ENGL., July 21.—Military police restored order here, after rioting Saturday night which culminated in burning of the town hall. Trouble began when demobilized soldiers protested during the local peace parade against the mayor's refusal to grant the use of the public park for a meeting in which pensions grievances were to be discussed. The demonstrators burned the town hall and wrecked several shops.

Many persons were injured. The military was called out and restored order.

Luton, the seat of the straw plaiting industry in England, is about 30 miles northwest of London. Its population is 9,000.

WILLIAMS DENIES CHARGE MADE BY CONGRESSMAN

WASHINGTON, July 21.—John Skelton Williams, controller of the currency, denied today before the Senate banking committee charges by Representative McFadden of Pennsylvania, that he had received a fee in connection with the sale of the Arlington Hotel site here to the government. Mr. Williams demanded that the Pennsylvania congressman be summoned before the Senate committee, which is considering the controller's re-nomination. Chairman McLean said Mr. McFadden had been asked to appear.

SENATE DEBATE ON TREATY IS RESUMED AT CAPITAL TODAY

WASHINGTON, July 21.—Senate debate on the peace treaty and the League of Nations covenant was resumed today with a sharp controversy between Senators Williams, democrat, Mississippi, and Lodge, republican, Massachusetts, and Borah, republican, Idaho, over the Shantung settlement. Senator Williams charged that the republicans in recent addresses had submitted erroneous statistics regarding Shantung, but both Senators denied this and Mr. Lodge reiterated that while Japan obtained territorial control only over Shantung ports, the German railroad and other concessions transferred gave her practical control over the entire province.

THREATENED STRIKE OVER INTERVENTION LOSING ITS TERROR

TODAY BEGINS THE SECOND WEEK WITH FORD AS WITNESS

By Associated Press. MOUNT CLEMENS, MICH., July 21.—The second week of the appearance of Henry Ford as a witness in his \$1,000,000 libel suit against the Chicago Daily Tribune opened today with a long argument on the scope of cross-examination.

Early in the case Judge Tucker ruled that evidence on preparedness proffered for the single purpose of airing the services of the witness, constitutes a state defense, was not admissible.

Three Names in a Day. OKLAHOMA CITY, Okla., July 21.—She bore three names in 24 hours—Opal Eller; born that way; Opal Gladys Eller-Gallman, court name; Opal Gladys Eller-Gallman-Randolph, married.

Hearse Held No Terrors. BOSTON, July 21.—A crowd of girls forced to walk during the trolley strike gladly accepted an invitation to ride to town in a hearse.

Familiar Sound. CLEVELAND, O., July 21.—A bugle sounded Sunday at Hardon motor-man, slammed on the brakes and snapped to attention. "Run over somebody?" passengers asked. "Now, thought I was still in the army."

Wages No Object. CLEVELAND, O., July 21.—A labor shortage was turned into a surplus by a brewery Co. The manager spread rumors that a left over vat of beer was on tap to employes.

Paying Potato Patch. HARRISBURG, PA., July 21.—"Most anybody can raise potatoes on potato vines," but Miles D. Fry claims to have unearthed a shiny silver quarter while digging spuds. Fry expects to be reaping dollar bills by fall, he said.

No Rough Sea There. CHICAGO, July 21.—Jay De Koker and Mathilda Greenwald hope the sea of matrimony will be as smooth as Lake Michigan was when they were married last night, soaking wet, on the beach.

"Bolshevism Gone Wild." "Never before in the discussion of a great national question, has deception been so lavishly practiced and misrepresentations so generously employed. Just criticism is always acceptable. But when opposition to international policies, such as are contained in this treaty, is founded on rank partisanship and personal diatribes of a particular individual, it is worse than Bolshevism gone wild."—Senator Harrison of Mississippi.

COMMANDER OF VESSEL SAYS ATTACK WAS MADE BY THREE MEXICANS IN CIVILIAN SUITS

WASHINGTON, D. C., July 21.—Developments in the Mexican situation today were as follows:

1.—Senators deeply interested in the Mexican situation planned a conference to discuss what congress can do to stop outrages against Americans.

2.—The House rules committee prepared to hear the testimony of Ambassador Fletcher, recently returned from Mexico City.

3.—Mexico informed the United States it would do all possible to punish authors of the "odious crime" in which John W. Correll was killed and his wife assaulted.

No further word has been received from Mexico as to the robbery of American navy sailors in the Tamesi river.

After hearing Fletcher, the committee was expected to decide its course on the Gould resolution, providing for a special Senate and House investigating committee with broad powers.

If this investigation is ordered, members of congress stated, it will be given evidence, to show among other things, that Carranza's government won recognition from the United States through bribery and deception.

One member of congress declared Carranza had been given evidence of Carranza's attempt to corrupt American officials in Mexico. This evidence, he stated, was a check for \$25,000, signed by Carranza and given to an American special agent if he would make favorable report on the Carranza government.

Senator King, Utah, who for months has been demanding "a show down" with Carranza on paid claims of Americans for damages to property, said he may ask that the foreign relations committee be discharged from consideration of a resolution calling on the state department to hasten action on the Carranza claims.

Senator Lodge explained, has been unable to consider the resolution because of the peace treaty. He said he would have no objection to calling it directly before the Senate.

Senator Smith, Arizona, said he expects to address the Senate shortly on the situation.

WASHINGTON, July 21.—While the conferences at the state department were in progress the Senate foreign relations committee unanimously reported a resolution by Senator King, democrat, Utah, asking the state department for full information as to preparations against American citizens who Mexico during recent months subjects of which the resolution would ask the state department for information include:

"What steps or measures are being taken to prosecute claims made by American citizens for damages in Mexico or what steps are contemplated."

"How many Americans have been killed in Mexico since the retirement of Porfirio Diaz, and how many are still in Mexico because of disorder."

"The amount of claims filed with the department for damages in Mexico."

"Full information as to the confiscation of American property in Mexico."

"How many Americans have been compelled to leave Mexico on account of disorders."

"The value of American property abandoned in Mexico because of disorder."

"The number of American citizens now in Mexico and the amount of their property."

CONSIDERING HOME FOR IRELAND

LONDON, July 21.—Premier Lloyd George is considering doing a million home rule for Ireland. It was rumored in parliamentary circles today.

AUSTRIANS NOW IN POSSESSION OF COMPLETE TERMS OF PEACE

PARIS, July 21.—The Austrians were in possession of the complete terms of their peace settlement today. The remainder of the document—the first section of which was handed to them June 23, was given to their representatives at St. Germain yesterday, by Paul Dutaeta, secretary of the peace conference with an utter lack of ceremony. They have 15 days in which to file additional observations. The principal terms of the treaty are:

Austria must accept responsibility for loss and damages to the allies through a war of aggression.

She must surrender all of her merchant fleet and a fifth of her river fleet within three months.

She must abolish conscription and reduce her army to thirty thousand.

OF RAINFALL BRINGS THE TOTAL OVER THREE INCHES

Another inch of rain fell here Saturday night and Sunday, bringing the total precipitation for the latter part of last week to more than three inches. Street workers are busy today repairing damaged pavement and replacing hundreds of blocks washed out on downtown streets.

DOWNPOUR AT AUSTIN DOES MUCH DAMAGE

AUSTIN, TEX., July 21.—A cloud-burst, which descended on this city early this morning, sent Shoal and Walker creeks pouring over their banks and flooded the neighboring residence section, washing away several houses. The downpour was so fast that the downtown streets were flooded from a foot to six inches with water that could not find outlet through the storm sewers. A bit of concrete bridge on Walker creek was washed away bodily. Up to eight o'clock no loss of life was reported, the flood having receded and the creeks were flowing within their banks. The total rainfall this morning was 9.37 inches.

TRINITY RIVER RECORDS A TWENTY-FOOT RISE

Would Hurt Him to Stoop Over or Even Bend His Back

"I had kidney trouble so bad and my back was so sore that it would hurt me terribly to stoop over or even bend my back, and my pains are all gone now after taking Orgatone," said S. A. Freeman, a well known Wichita Falls brick layer residing on Rural Route No. 1, while in Young's Drug Store a few days ago telling of his restoration to health. "Yes, sir," Mr. Freeman continued, "this kidney trouble bothered me all winter and just gave me awful agonies at times. It would have been bad enough by itself, but I also had indigestion and was bothered a lot with my stomach and my rest was broken all during the night. Sometimes I would have severe pains in the pit of my stomach too, but I think this came from the indigestion, because I often would have gas on my stomach after eating and this would make me swell and bloated and I got so I didn't have hardly any appetite and felt dizzy and lousy most of the time with a sort of a drowsy case feeling. I couldn't sleep at all well, but just sort of dragged around all day. I tried all kinds of medicines and treatments, but until I found Orgatone, nothing seemed to help me any. "I finally bought Orgatone, after reading so much about it in the papers and it turned out to be the very thing I had been looking for all along. The first bottle helped me by easing my stomach and stopping that gas that used to swell me up so, I got to feeling better in every way and my aches and pains left me. My kidneys don't bother me any more and I sleep just fine and get up in the morning rested and refreshed and have plenty of strength and energy all day long. My appetite is excellent and I relish my meals and don't have any more of those bad feelings after eating. "I received such remarkable results from Orgatone in my own case that I bought a bottle and gave it to a friend of mine and after taking the first bottle she says that it proved very wonderful in her case and she is going to take the whole treatment. I think it is the best treatment ever discovered." Orgatone is not a so-called patent or secret remedy but a new scientific treatment absolutely free from alcohol in any form and is sold in Wichita Falls exclusively by the T. F. Young Drug Company, under the personal direction of a special Orgatone representative. Other agents are Clark Drug Company, Burk Burnett. Look for the Orgatone sign.

REDUCE HIGH COST OF LIVING OR BE PREPARED FOR DEFEAT IS WARNING OF REPUBLICANS

By RAYMOND CLAPPER (United Press Staff Correspondent) WASHINGTON, D. C., July 21.—Demand that congress act to reduce the cost of living was made by Progressive Republicans senators today in statements to the United Press. "This situation is becoming so bad that the party in power must take some definite action before the next election or accept the consequences," Senator Capper, Kansas, Republican, warned. Senator Kenyon, Iowa and others echoed this opinion.

Dr. A. H. Douglas, late captain in the Veterinary corps, and an expert bacteriologist and food chemist, has been added to the city food inspection staff. It was learned today. Prior to the war Dr. Douglas was assistant city chemist at Kansas City, Mo., from which he comes very highly recommended as a chemist.

OHIO SENATOR URGES PROMPT RATIFICATION

(Continued from Page 1) Why, then, the intensity of opposition against Section 19? Under the provisions of the treaty, the United States has the power to withdraw from the league after two years notice. Are not the political and military conditions in Europe such as to convince any fair minded man that our obligations as one of the belligerents will require us to be on guard for two years or more? "We did not enter this war with the intention of turning our backs upon our friends when it would suit some selfish purpose. We entered it to fight together and in my humble judgment to keep the peace together. "I want to prevent the Monroe Doctrine in its entirety, but presume if I choose between preservation of the Monroe Doctrine and the League of Nations I shall prefer the latter. Fortunately we are not driven to choose between the two. We can have the protection of both the League of Nations and the Monroe Doctrine. "The obligations entered into are mutual in character. No member of the League surrenders any right or privilege for which he does not receive a corresponding right or privilege from every other member. "Mr. Davis came here with nothing a few years ago, and now owns a farm of 240 acres of the best land in the section," said a prominent Wichita Falls business man on whom Mr. Davis called yesterday. "He has a crop of wheat out there that few in this section can touch. To my certain knowledge he has taken every dollar of the money he has made out of the ground on his farm."

OHIO SENATOR URGES PROMPT RATIFICATION

(Continued from Page 1) Why, then, the intensity of opposition against Section 19? Under the provisions of the treaty, the United States has the power to withdraw from the league after two years notice. Are not the political and military conditions in Europe such as to convince any fair minded man that our obligations as one of the belligerents will require us to be on guard for two years or more? "We did not enter this war with the intention of turning our backs upon our friends when it would suit some selfish purpose. We entered it to fight together and in my humble judgment to keep the peace together. "I want to prevent the Monroe Doctrine in its entirety, but presume if I choose between preservation of the Monroe Doctrine and the League of Nations I shall prefer the latter. Fortunately we are not driven to choose between the two. We can have the protection of both the League of Nations and the Monroe Doctrine. "The obligations entered into are mutual in character. No member of the League surrenders any right or privilege for which he does not receive a corresponding right or privilege from every other member. "The treaties affording American protection to Panama and Cuba and the arbitration treaties with many countries were cited as arguments that America does not surrender sovereignty by membership in the League. The Senator also denied that the League involved entangling alliances saying the League was "an alliance for defensive purpose only."

PROMINENT FARMER VISITOR TO CITY TODAY

T. J. Davis, a prominent farmer from the Wichita Valley between this place and Iowa Park, was a business visitor here Monday. "Mr. Davis came here with nothing a few years ago, and now owns a farm of 240 acres of the best land in the section," said a prominent Wichita Falls business man on whom Mr. Davis called yesterday. "He has a crop of wheat out there that few in this section can touch. To my certain knowledge he has taken every dollar of the money he has made out of the ground on his farm."

Though the Trinity has risen eleven feet at Fort Worth in the last two days, due to the heavy rains, no danger of an overflow has been reached here as yet. However, small creeks in Denton county above Fort Worth, are out

of the Dallas district, and is head of a chain of 14 banks in various parts of Oklahoma. As this is the second visit Mr. McKinney has paid Wichita Falls, it is hinted by some of his friends that the visit has a more than casual significance.

Miss Tillie M. Kirk, executive secretary of the Wichita Falls Y. W. C. A., left Sunday afternoon for Canada, where she will spend her vacation with her family.

DR. REED STATES NO MONEY ON HAND FOR SEWER LINE

At present there is no money on hand in the sewer fund to make the sewer extension to Floral Heights described in the Sunday issue of The Times, according to a statement from Dr. J. F. Reed, chairman of the sewer committee of the city council.

The city treasurer's report for July 1, shows the sewer fund overdrawn \$4,762.51, a past due note for \$5,000 and expenditures to July 1, \$1,575, making a total indebtedness of sewer fund \$11,337.51.

BELIEVES SHOPMEN WILL HAVE TO GO TO DENISON

Katy shopmen will be forced to move from Wichita Falls to other points on that road by reason of the railroad declining to finance a differential in the pay to compensate for local living conditions, as announced in the Sunday Times, according to an opinion expressed by one well informed local railroad man.

The road has agreed, in lieu of a differential in pay to make up for local conditions, to transfer any of their store employees who reside in other points of the line, this official said.

"The road can probably take care of the entire number in the Katy shops at Denison, where housing conditions are better. I believe that the shopmen will have to come to this town, although the railroad is doing everything in its power to provide the minimum number of men, and the present shops and mechanics moved to Denison or other points."

FURNITURE STORE BEING MOVED TO ATTRACTIVE HOME

Saturday the Freear Furniture Company began moving to its new home, at the corner of Ninth and Indiana, in the two-story brick, seventy-five by one hundred feet, which was built by T. T. Reese, especially for the furniture house. By the middle of the week, according to Burton Sturgeon, one of the members of the firm, the process of moving from the location on Ohio will be completed, and in a short time as soon as the stock is completed by the mid-summer shipment from the northern factories, an open house will be held for the public to view the new home of the oldest furniture establishment in Wichita Falls.

"We have more room, and more advantageous arrangements in our new home," said Mr. Sturgeon Saturday. "I had our stock which is arriving daily being gotten ready for display as rapidly as possible. Ivan Marchison, who buys for the house, has spent much time in the furniture manufacturing center of the United States and has bought generously of the best furniture obtainable. We are endeavoring to get our stock up to the level of Wichita Falls, and the demands made by the citizens for the best. It has not been an easy matter to buy furniture of the type that we buy for our custom, as the factories are having difficulty in meeting the post-war demand. Labor conditions, railroad congestion and many other factors enter into this difficulty, but we have made our plans so that we will be able to offer, as far as humanly possible, the best things in the market."

The new building, the northmost corner of Ninth and Scott, has an ideal arrangement, the two sides on Scott and Ninth being almost entirely of plate glass, which is being used for a display window. The mezzanine and second floor will both be used for the display purposes, with the first floor being reserved for the office and warehouse on the railroad, near the old plant of the Wichita Mill and Elevator which it will use for storage. This new building, when completed, is now being put into use in caring for the new shipments, that are arriving daily.

The W. A. Freear Furniture Company has been in business in Wichita Falls for ten years, always holding a high place in the business life of the city. Mr. Freear came to Wichita Falls from Weatherford, buying out the Job Barnett Furniture business. He first occupied the building owned by Mr. Barnett on Ohio avenue, between Sixth and Seventh streets, and later moved to the location now occupied by the Maxwell Hardware until the building when he has now occupied for several years as his home.

Mr. Freear has now associated with him his two sons-in-law, Ivan Marchison and Burton A. Sturgeon, two young men who are exceptionally high in the estimation of the business world. Mr. Freear and Mr. Sturgeon attend to the business operations and Mr. Marchison is the buyer for the concern. They have built up a splendid establishment, one that would be a credit to a city of any proportions, one that is in keeping with the general progress of Wichita Falls.

FULFILLMENT OF A BRYAN PROPHECY.

William J. Bryan has been wrong about several things and his errors in these will never become right, but in a great number of things the "heresy" of the Commoner have proven "far-seeing prophecies." It was Bryan who proclaimed the quantitative theory of money. Today we are seeing the fulfillment of Bryan's prophetic theory. Prices are high because of the large increase in the quantity of money. When Bryan campaigned for the presidency on the "quantitative theory" an increase in prices was really a thing to be desired.

Now the quantity of money has been increased and prices have advanced when it is undesirable that they do so. The New York Herald calls attention to the situation as follows:

In 1896 the country was agitated over the danger of what was called "fifty cent dollar." It was Bryan's remedy for fifty-cent, wheat and coal, to be a straight road to the White House. But without the enjoyment of the Nebraska without a campaign, the country finds itself on a fifty-cent dollar basis in other words since about 1914, the purchasing power of the dollar has fallen to one-half of its original value. Every depositor having \$1,000 in a savings bank five years ago finds that his deposit is now actually only about \$500 in purchasing power. Every holder of a \$1,000 life insurance policy in 1914 discovers that it would be worth only \$500 in 1919.

Production of commodities the world over is the only path to a restoration of a 100-cent dollar with its 1914 purchasing power.

Those real estate agents whose signs are lost in the jungle of weeds in the Floral Heights addition might have better luck in selling the lots if they could induce the owners to cut the weeds. Some of the new houses that have lately been built in the addition are almost completely hidden by the weeds.

TEN GENERALS RETURN FROM FIGHTING ZONE

NEW YORK, July 21.—Ten generals, ranging from brigadiers to a lieutenant general, are home from the fighting zone.

On the frontiers, which ducked yesterday, were Lieut. Gen. Hunter Liggett, formerly commander of the first army; Major Gen. Dockman, who succeeded him as head of the forces in the Rhine valley; Major General Patrick and Squier, Brigadier General Dennis E. Nolan, Harold B. Fiske, W. B. Burt, H. L. Smith, Stuart Heintzelman and Joseph C. Cantner.

VERNON NEGRO HAS IDEA HE CAN WHIP 'EM ALL

Special to The Times. WYRON, TEX., July 21.—The ease with which Jack Dempsey pummeled Jess Willard in Toledo, Ohio, aroused the fighting spirit of Leo Hull, colored, residing in Vernon, and the present champion will suffer a like defeat if the aspirations of the Vernon negro are realized. Hull is an announcement last week declared that he will begin active training at once for the heavyweight championship of the world.

Hull is 26 years old and weighs 194 pounds. He was a member of Roosevelt's troop of negroes at the famous San Juan Hill drive and was wounded in that struggle. He won a "battle royal" at Waco seven years ago and has had considerable experience in amateur boxing but gave up the sport on the advice of his physician.

UNION LEADERS IN THE IRON AND STEEL INDUSTRY PLAN FOR STRIKE VOTE

By United Press. PITTSBURG, PA., July 21.—Union leaders in the iron and steel industry throughout the country today began final steps for taking a strike vote in the various local unions. This action decided upon at a meeting of 24 union representatives here yesterday will affect more than 200,000 men, it is said. Included in the demands which will be submitted to the steel corporations are increased wages, eight hour day, right of collective bargaining and double time for overtime.

BIG CANNING PLANTS OF WILSON & COMPANY SOLD

By United Press. CHICAGO, July 21.—Sale of the fish and vegetable canning plants of Wilson & Company, one of the five big Chicago packers, has been made to a new \$3,000,000 corporation in New York, according to an announcement made today in a circular letter to stockholders over the signature of Thomas E. Wilson, president. The purchasing company, Austin, Nichols & Co., also made the announcement in a letter to stockholders. It said a new company has been organized to handle the new industry. It was rumored here, but confirmation was not forthcoming, that the New York company will turn a great system of chain stores to handle the fish and vegetable canning business as well as other Wilson packing house products direct to the trade. The trade was made on a cash basis, the Wilson statement said.

"BREW YOUR OWN" OUTFITS IN CHICAGO ARE DOOMED

By United Press. CHICAGO, July 21.—"Brew your own" outfits on sale in Chicago are doomed. This edict was pronounced today by E. J. Davis, superintendent of the Illinois branch of the anti-liquor league, after he had viewed a window display in which bottles, brewer and material, all guaranteed to produce a "kick" of at least five per cent—were offered for \$2.75. "The law is very plain on that point," said Davis, referring to the new Illinois search and seizure bill, which bars private brewing outfits or the sale of material with which to make beer or near beer.

OF INTEREST TO SPORT FANS

CARL MAYS STANDS A CHANCE OF ENJOYING A PLACE IN BIG SERIES

By H. C. HAMILTON (United Press Staff Correspondent.) NEW YORK, July 21.—Carl Mays stands a chance of enjoying a unique position this year—that of winning a pennant for some likely American League club and thus catapult himself into a world's series to the intense dissatisfaction of the other members of the Red Sox. Mays is now idle, having detached himself from the Red Sox payroll, because the Reds could not win games with him in the box, he expects, of course, to be transferred to either the White Sox, Yankees, Indians or Tigers, any one of which would be pointed straight to pennantville with the submarine star on the staff. It would be heart-breaking to Mays if the Red Sox management should suddenly shut him to the Athletics or Senators. He has announced himself ready to play with any club and if either of these could offer material which would make the Red Sox into a winning outfit the deal probably would be made. The trades, it is believed, are in the making. John McGraw is not satisfied with the Giants and is trying hard to land some strengtheners. The deal involving Fred Schupp, Frank Snyder and a flock of St. Louis and Philadelphia players is not completed. The Braves, it is now intimated, are gathering together a bunch of chateaus for a dicker. The Braves and Red Sox, more than any other clubs, with the exception perhaps of the Athletics, need a change of faces most.

DALLAS FANS WANT A SEVEN-INNING GAME

By United Press. DALLAS, TEX., July 21.—Seven innings as the standard baseball game in the Texas League, was the end for which fans were working today. The plan may be adopted next season. In this day of movies and "see it quick" entertainments, people don't care to sit for two hours to see a base ball game, leaders of the movement figure. All managers and players have approved the plan, it was declared here today.

LARGE PEANUT CROP IS PREDICTED FOR SOUTH

By Associated Press. WASHINGTON, July 21.—The South's peanut crop this year promises to be a million bushels larger than last year's. Forecasts of the crop in the various states, just announced by the department of agriculture, which based its estimates on conditions existing July 1, show a total crop of 55,531,000 bushels, compared with 54,534,000 bushels last year. Alabama leads as a producing state, growing more than one-quarter of the country's output, has her crop this year shows a decrease of 1,700,000 bushels from last year's. All the other peanut growing states east of the Mississippi River, excepting Florida, also show smaller crops this year, while the states west of the Mississippi show increases. Texas, with an increase of almost 5,000,000 bushels, makes this year's total crop for the country larger than last year. The country's peanut acreage this year is 1,728,400 acres, a decrease of 32 per cent from the acreage of last year. Arkansas was the only state showing an increase in acreage. The production forecast for Texas is 12,478,000 bushels.

SPECIAL MOVIE IN A TULSA HOSPITAL FOR WIFE OF MILLIONAIRE

TULSA, OKLA., July 21.—So much of a movie fan was Mrs. Glenn Condon, wife of former state senator and Tulsa millionaire, that when she was taken to hospital for operation, Mrs. said that she would have to be amused to help her recover, so a special moving picture stage was fitted up in her room at the hospital. Twice a day now she is entertained with pictures.

Market Report

COTTON MARKET

NEW YORK, July 21.—The cotton market had a steady opening in response to further heavy rains in the South over Sunday and firm cables but shortly developed a sensational break which smashed prices from 78 to 111 points under the highest opening levels and from 65 to 95 below the closing figures of Saturday.

A renewal of Wall street selling occurred in the early afternoon and some prices made low levels for the day, January declining to 34.75 and December and January to 24.90.

NEW ORLEANS COTTON

NEW ORLEANS, July 21.—First prices in cotton today were 17 to 25 points higher on the wet weather, in the belt, but heavy selling almost immediately appeared and caused a sharp reaction of 40 to 90 points, which landed the trading months 21 to 73 points under the close of Saturday.

TOO FREE WITH THE SUSPENDED SENTENCE SAYS THE SHERIFF

NOT CALCULATED TO INSPIRE RESPECT FOR THE LAW, HE DECLARES.

RECENT CASES ARE CITED

Busy Time for Jurors is Given as One of Reasons for More Recent Results.

"Suspended sentences are and have been handed out here with entirely too much frequency to inspire any respect for the law in the minds of thieves, forgers, automobile thieves and the like, said Sheriff Bob McFall Saturday in commenting on the frequency with which cases had ended in this manner during the criminal term of the 30th district court. Just closed, Sheriff McFall cited a number of instances where recent suspended sentences had been given by the jurists in cases where the penalty of the defendant was severely doubted by himself and others.

One of these cases was a case of forgery against a young man who had been indicted for forgery and burglary two years ago, and who was there again on a forgery charge and given a suspended sentence of two years.

"And the worst of it was that there was a man on that jury who knew about the former case," said the sheriff.

Jurors Are Too Busy. "The suspended sentences are not the worst of it, either, for jurists are merely too likely to turn men loose, when there are good cases against them, and not the least room to doubt their guilt. The jurymen are too busy to stay and there is the case out when there is a division of opinion, turning the defendant loose and letting it go at that. When they can't turn him loose with an easy conscience, they let him down with a suspended sentence.

"Now I am not vindictive against a man that gets into trouble, but I do believe the laws should be enforced, and I think in respect for the law should be instilled in the minds of people who have grown the law."

"I have a habit of sleeping in the night now, all of them being charged with stealing automobiles and giving the goods to every one of them."

"I am not a vindictive man that gets into trouble, but I do believe the laws should be enforced, and I think in respect for the law should be instilled in the minds of people who have grown the law."

Would She Refuse Our Candy? CERTAINLY NOT. That is, if she really likes good candy, because our candy is the finest produced and, by the way, is put up in the most attractive packages. If she likes the outside of the box, she will love the inside more. Take her a box tonight, though they are just as appealing in the day time, of course. A box at the movies—that isn't a bad suggestion.

Afforded Little Incentive. "I tell you there is mighty little incentive to get-out-and-capture-law-breakers when I know that the jurist will either turn him loose or give him a suspended sentence. I recently got a car at Pauls Valley, Oklahoma, and believe that I could catch the man, at the expense of considerable trouble, and quite a little expense out of my own pocket. I can't make up my mind whether it is worth the trouble to do it or not. Just to get him down here and turned loose.

AN ADJUSTMENT OF VALUES. We are asked a good many times, "Why the high price of coffee?" There are, of course, many contributory reasons. Among them: The frost damage in Brazil last August. The fact that Europe has had practically no coffee for four years, and the surplus in the United States is practically nil. Prohibition is also a factor. But the REAL REASON is an adjustment of values among commodities. A few years ago Rio sevens sold for 5 1/2 cents per pound, so did cotton. Now cotton sells for above 30 cents and Rio sevens for twenty-two. Wheat used to fluctuate between sixty-five cents and a dollar, and is now two-twenty. So it stands to reason the Brazilian can't take the old prices for his coffee and get by. Coffee is still the cheapest commodity of consumption—and the last to advance.

AN ADJUSTMENT OF VALUES. We are asked a good many times, "Why the high price of coffee?" There are, of course, many contributory reasons. Among them: The frost damage in Brazil last August. The fact that Europe has had practically no coffee for four years, and the surplus in the United States is practically nil. Prohibition is also a factor. But the REAL REASON is an adjustment of values among commodities. A few years ago Rio sevens sold for 5 1/2 cents per pound, so did cotton. Now cotton sells for above 30 cents and Rio sevens for twenty-two. Wheat used to fluctuate between sixty-five cents and a dollar, and is now two-twenty. So it stands to reason the Brazilian can't take the old prices for his coffee and get by. Coffee is still the cheapest commodity of consumption—and the last to advance.
