

UNCLE SAM WANTS TRAINED NAVY MEN BACK IN SERVICE

GREAT LAKES, ILL., Aug. 4.—Uncle Sam wants his trained navy men back in the service to bridge an impending gap in personnel that threatens the efficiency of the fleet. Orders recently received by Rear Admiral Frederick B. Bassell, commandant of the naval training station here, have detailed the terms under which reservists who have been released can be transferred to the regular navy, "duration of war" enlistments lengthened and certain regular navy men enrolled afresh, big gratuities, increased pay and furloughs are given men taking advantage of this offer.

"The terms are the most liberal ever offered to U. S. navy men," said Admiral Bassell today. "They mean that trained sailors will get considerable hard cash, a goodly vacation and active service without necessarily being tied to long enlistment periods."

The instructions are based upon the naval appropriation bill passed by congress last month. Some 400,000 naval reservists alone are affected by the orders, of whom probably one-third are residents of the ninth, tenth and eleventh naval districts, the territory from which Great Lakes draws most of its men.

Reserves electing transfers to the regular navy, according to the language of the order, receive the following:

Pay and Privileges.
"The same pay, rights, privileges in all respects as now provided by existing law for men regularly discharged and re-enlisted within four months upon expiration of full four year enlistment. This includes one month's leave, extra pay for re-enlistment, extra pay for citizenship, and four months gratuity pay. It does not include \$50 bonus nor transportation allowances of five cents a mile to a man's home."

Officers at the station explained that the extra pay for re-enlistment is \$1.35 a month and the extra citizenship pay is \$5.50 a month. The big item, however, is the four months gratuity pay. They estimated that most of the reservists had attained ratings giving them around \$60 a month. They will therefore receive an average bonus of \$240 if they transfer back to active duty. Higher ratings would get a correspondingly increased amount. A chief machinist's mate, for example, who left active duty at \$83 a month, would be given \$332 reward for return to active duty and draw \$89.86 thereafter. Landsmen and mess attendants, third class receive the lowest war pay in the navy, \$32.60 a month, but reservists of those ratings who come back in can draw \$130.40 as a bonus and \$39.46 a month as regular pay.

Another Advantage.
Another point which the Great Lakes authorities explained is that only the unexpired portion of the enlistment or enlistment may be served to

get this extra money. The reservists, for example, enroll for four years but as most of them entered in the spring of 1917, they would average less than two years active service if they select transfers to the regular navy.

U. S. SHIP FLIES SINN FEIN FLAG BY STARS AND STRIPES

QUEENSTOWN, Aug. 4.—Flying the Sinn Fein flag below the Stars and Stripes, the American steamer Ashbourne put to sea today for repairs.

Sinn Fein's presence at British admiralty tug towed the Ashbourne to the docks.

Transport Virginia Arrives with Troops
NEW YORK, Aug. 4.—The transport Virginia arrived today from Brest with 118 officers and 2,949 men of the 23rd Infantry. The 23rd is a part of the famous Second Division made up of regular army, marine and coast artillery troops. Except for a few brief rest periods the regiment was in action from Chateau Thierry until the signing of the armistice.

Commemorate Part Played by British Navy
LONDON, Aug. 4.—The important role played by the British sea services during the great war was commemorated today by a naval pageant on the Thames, the day marking the fifth anniversary of the historic mobilization of the British fleet. Plans for the event, while giving recognition to the Allied and associated powers, laid stress on the fact that this was a purely British occasion and the Union Jack and the banners of St. George, St. Andrew, and St. David predominated in the decorations along the river side.

Couldn't Lose His Nurse.
NEW YORK, Aug. 4.—When August Walther, 72, recovered from an illness he couldn't bear to lose his nurse, Miss Barbara Gerber, 72, so he married her.

GABRIEL TERRA IS FOREIGN MINISTER OF URUGUAY REPUBLIC

MONTEVIDEO, Aug. 4.—Gabriel Terra, former minister of public instruction, labor and industry, has been named foreign minister of Uruguay.

Gabriel Terra became a member of the cabinet of President Williman in 1907, holding the portfolio of public instruction, labor and industry. In 1915 he represented Uruguay at the Pan-American financial congress which was held in Washington. More recently he was Uruguayan minister at Rome and last March he was reported he had been recalled and assigned to the Uruguayan legation at Buenos Aires. The incumbent in the ministry of foreign affairs of Uruguay has been Daniel Munoz.

Sensitive automatic temperature and humidity regulating apparatus is claimed to reduce to a minimum the losses from irregular drying in a lumber kiln.

HEADQUARTERS OF AMERICAN FORCES TO BE AT COBLENZ

COBLENZ, Saturday, Aug. 2.—(By courier to Paris.)—Coblenz will become the headquarters of the American forces in Europe when American grand headquarters in Paris are closed about August 29, it became known today when General Pershing arrived here on his final tour of the battlefields. Antwerp will be the base port for the American command that is to remain on the Rhine indefinitely.

General Pershing said he intended to sail from Brest about September 1. It was said to be probable that the composite regiment of picked men that marched in the Paris and London victory parades will sail with the American commander-in-chief.

You are hereby notified that list of notaries public appointed by special session of legislature have been received in county clerk's office and you will appear at once and qualify. W. T. Harris, county clerk. 69-3tc

Stock Brokers

I have a block of dividend paying royalty stock to be sold at par. This is an exceptional high class proposition and appeals to the big investors. Write me for full particulars, giving bank references in first letter.

You Just Try NR For That Indigestion

Get your organs of digestion, assimilation and elimination working in harmony and watch your trouble disappear. NR does it or money back.

One Day's Test Proves NR Best

The stomach only partly digests the food we eat. The process is finished in the intestines where the food is mixed with bile from the liver. It must be plain to any sensible person who realizes this, that the stomach, liver and bowels must work in harmony if digestive troubles are to be avoided or overcome. This fact also explains why sufferers from indigestion, also suffer more or less from headaches, biliousness and constipation.

If you are one of the many unfortunate persons who cannot eat without suffering afterward, if you are constipated, have bilious spells, headaches, coated tongue, bad breath, variable appetite, are nervous, losing energy and feel your health slipping away, take this advice and get a box of Nature's Remedy (NR Tablets) tonight and start taking it.

Give it a trial for a week or two and just see how much better you feel. See how quickly your sluggish bowels will become as regular as clock work, how your coat and tongue clears up and your good, old-time appetite returns. See how splendidly your food will digest and how your energy, "pep" and "ginger" revive.

Just try it.

You take no risk whatever for Nature's Remedy (NR Tablets) is only 25¢ a box enough to last twenty-five days and it must help and benefit you to your entire satisfaction, or money returned.

Five million boxes are used every year—some million NR Tablets are taken by ailing people every day—that's the best proof of its merit. Nature's Remedy is the best and safest thing you can take for biliousness, constipation, indigestion and similar complaints. It is sold, guaranteed and recommended by your druggist.

WHERE THE RESPONSIBILITY LIES.

"As long as the East Texas negro has a right to aid in the law making of this State, the people in the western portion will suffer," exclaims the Amarillo News.

The News is wrong about this. The negro may be responsible for some things, but among them is not any legislation that may adversely affect West Texas.

The people of West Texas themselves are largely responsible for the State's neglect of that section.

The thing that is needed in West Texas is a realization of our needs and a determination to get them.

DISSATISFIED ELEMENTS. A great war has been fought and won. This has cost many billions of dollars.

During the war traitors sought to raise their voices to stab our government in the back and to give aid and comfort to the enemy.

Also during the war it became necessary for the government for the better prosecution of the great enterprise to control and regulate the business of many individuals and corporations.

In many ways it became necessary for the government to offend individuals. If these dissatisfied and disgruntled elements could be gathered together in one organization they would form a powerful political force in this country.

VOICE OF THE PEOPLE. A GOOD HOSPITAL. A MEMORIAL HOSPITAL

The Editor, The Times: Our recent conflict with the central powers turned this country into a vast seething factory to take care of the ever increasing demands for military equipment of every description to facilitate the work of our splendid young men who entered the service.

England declares war on Germany—Germans invade and declare war on Belgium; shell Liege and Namur—President Wilson declares neutrality of United States—French and English cruisers escort Lusitania to sea—President Wilson asks Congress for \$2,500,000 aid for Americans in Europe—North German Lloyd, Kronprinzessin Cecilie with \$30,500,000 on board, takes refuge at Bar Harbor, Me.

1915

Germans capture Warsaw—German note on sinking of U. S. ship, William P. Frye, denies breaking treaty, suggests indemnity—American ship, Bacin, captured by French; French tribunal decides the ship a fair prize—American Defense Society begins campaign for preparedness.

1916

French retake Thieumont near Verdun; again in Fleury—Whole English nation voices resolution for final victory—Russians push on near Kovell; Austrians lose near Brody.

1917

England suspends trans-Atlantic wireless during war—Elihu Root says Russia will stand—3,000,000 French troops on battle front—French push forward north of Ypres, check Germans near Verdun.

1918

Americans drive enemy from Fismes—Allies cross River Vesle at several points—Germans withdrawing from Montdidier salient—U-boats sink 3 American ships off Nova Scotia—Announcement of U. S. troops in Archangel, Russia.

both here and overseas. They all did their work nobly and well. It is now over and these young men have mostly returned to their former pursuits or gone into others; the citizen and country as a whole, has absorbed them into its busy life and there is more prosperity in our land today than ever.

Here in this immediate vicinity one can see promptly, and at even at a glance, the needs for increasing activity along all lines of growth and permanent business stability of this city, and the necessity for each and every citizen who calls Wichita Falls his home, to bend every energy to make it a bigger, better city in every way, and as a professional man I wish to state that to me, one of the most pressing needs in a hospital—a fine, large, modern, up-to-date hospital. Not that such will materially benefit me or others of the medical profession, but that if you or I, or members of my family, and the people of this city generally, and the families of these people, are suddenly taken, seriously ill, or should meet with a serious surgical complication, would it not be to the benefit of those so afflicted, to be able to go to a splendid, well equipped, and most modern hospital right here, and receive the proper care and attention with far less risks than to be transported a great many miles to other cities no better able to care for these cases than here, if we had the institution, for the physicians and surgeons are as courteous, able, and as fine a class of professional men as there are in our broad land today, only being handicapped by the lack of a larger and better place to care for their patients.

A splendid opportunity now, for a memorial—a memorial hospital—if you please, a monument to the progressiveness and public spirit of Wichita Falls and community. Not only will our own unfortunate sick be greatly benefited, but those people have relatives, friends and others who would want to come here and visit them, and their well-being and good treatment in such an institution will be spread far and wide in all directions, and others hearing of our wonderful hospital will come also to derive the benefits, as well as to see the city in which it is located and their visit will be a good word for Wichita Falls and business to the merchants, as well as to the profession.

Many sick from South Oklahoma and Northwest Texas are going to Fort Worth and Dallas, this I know to be a fact. Why? Because there is no place here for them to go; there is no room enough, in other words, to care for the sick; hospitals are full. Where will you or I go if taken ill suddenly? We don't want to leave our homes and our own splendid city to get proper care and treatment, do we?

THOS. J. STRONG, M. D.

TIMELY BUNCHING OF HITS WINS GAME FOR VISITING TEAM

Timely bunching of hits won the game for Henrietta by a score of 5 to 1 at the local park yesterday afternoon in a rather slow ball game. Seven costly errors made by Wichita Falls accounted for a number of runs made by Henrietta. By winning Sunday's game, Henrietta has won three out of the four games played with the local club.

There was no scoring until the fifth inning when Douglas, the Henrietta pitcher, made the first hit for the visiting club. He was followed by McMillan with a two base hit to right field. Douglas was thrown out at home on Brown's infield roller. He was followed by Basham who hit to left scoring McMillan and Brown. Later Basham scored on a wild throw made by Newberry of Wichita to first. During this inning four hits were made by Henrietta, and with the poor support given McDonald, three runs were scored. Later in the seventh Henrietta got two more runs. The only run made by the local club was in the seventh when Graves got a pretty three base hit to left, later scoring on a passed ball.

McDonald of Wichita Falls pitched excellent ball till the fifth when Henrietta found him for four hits. He was relieved by Smith in the eighth who held the visitors scoreless for the rest of the game.

PROMISING FIGHTER IS TO MAKE TRIP SOUTH

ANDERSON, IND., Aug. 4.—Louie Lavell, boxer, who claims the featherweight championship of Indiana and Ohio, is planning a boxing campaign through the south and as the first match of the trip he is trying to arrange for a fight with Stan Dow, the Cincinnati featherweight. In substantiation of his claim for the Indiana-Ohio featherweight championship, Lavell points to his record of 22 fights, 20 of which he claims to have won by knockouts, and one on a decision, while the other bout went to a draw.

A velocipede for two has been designed, so constructed that a smaller boy can ride safely behind a larger one, who supplies the motive power.

MISUNDERSTANDING AS TO THE PAY OF REFEREES

TOLEDO, O., Aug. 4.—A misunderstanding has arisen over who is to pay the referees and other employees who worked during the preliminaries to the Willard-Dempsey championship boxing bout here last July 4.

Ad Thatcher, the man who assisted Tex Rickard in promoting the bout, says he understood the referees were to work without compensation.

Chris F. Wall, chairman of the Toledo Boxing Commission said that he understood Rickard was to pay all bills.

Leon Bauman of Cincinnati, who handled the Malone-Ralstrom bout, was the first to present a bill. He found no money awaiting him and he will appeal to Mayor Cornell Schreiber, ex-officio member of the commission.

Oliver Percord, who refereed the Willard-Dempsey affair, has not yet settled with the promoters. Percord was to receive \$2,000, it is said. The promoters offered him \$500 and he is holding out for \$1,000, being willing to compromise for that amount.

Heretofore the commission has enforced a rule requiring promoters of boxing matches to post a deposit sufficient to cover all obligations. According to Chairman Wall the commission took Rickard's word for it this time.

Work of razing the arena at Bay View Park is progressing. The plant was sold to a firm in Chicago and the lumber is being disposed of as fast as it is removed.

PROGRAM TO PROMOTE PHYSICAL CONDITION

BLOOMINGTON, Ind., Aug. 4.—"Eat plain, wholesome food; sleep at least eight hours each night; don't use tobacco in any form; and take some form of physical exercise every day, being careful not to over-exert oneself at the start," such is the recipe for 100 per cent perfect physical condition, outlined by John W. Kyle, Indiana University football player, who recently was described as 100 per cent perfect, physically in a military medical examination. Kyle, whose home is in Gary, Ind., is the most perfectly developed man in the university, according to records in the office of the physical instructor.

To show that he believes in his own recipe, Kyle asserts he never has smoked a cigarette. For his daily exercise this summer he is swinging a sledge hammer in a Gary steel mill. He weighs 190 pounds and is five feet, eleven inches in height.

Kyle is expected to be a star on this year's varsity eleven and probably will do most of the kicking, as he putted 50 yards consistently in spring practice. He is also a basketball star, having been picked for a position on the all-state team when in high school.

SQUINT AT THE SCORE.

Yesterday's hero—Wally Pipp. The Yankee slugger appeared twice in one inning and hit a single and a home run. The Yanks trimmed the Tigers, 10 to 3.

The Giants made a belated rush at the Reds and cut down their lead by a score of 4 to 0.

The Indians took possession of second place in the American League with a 4 to 0 victory over the Senators. The Cubs bunched their hits off a Philly rookie and downed him, 7 to 1. The Cardinals managed to squeeze out a victory in the first game over Brooklyn, 2 to 1, but dropped the second, 8 to 3.

BAN JOHNSON HAS HARDEST FIGHT OF BASEBALL CAREER

NEW YORK, Aug. 4.—Ban Johnson, president of the American League, faced today what probably will be the hardest fight he ever encountered in his long reign as dictator and secretary of war of the younger major baseball organization.

Colonel Jacob Ruppert and Lieut. Col. F. L. Huston, owners of the New York Yankees, threatened to go into court at once with the decision of Johnson which keeps Carl Mays from pitching and have the car-enjoyed from tampering with the star pitcher recently purchased from Boston. Mays is now under suspension for jumping the Boston club after he had been fined for throwing a ball at a spectator in Chicago.

The two local club owners met Johnson last night and after a short conference said Johnson had declared five other clubs protested the sale of Mays and that, therefore he could do nothing but hand out the suspension. They said he had called a meeting of the American League for this city for tomorrow which they had declined to attend because they would be greatly outnumbered.

If a court action is granted to restrain Johnson from keeping Mays idle the owners said, Mays will work here tomorrow against the St. Louis Browns.

WIDEN THE GAP BETWEEN THE MAJORS AND MINORS

NEW YORK, Aug. 4.—The split between major and minor league organizations was made definite today when Dave Fultz, president of the new International League, declared there is no chance for a revival of the draft. The National League recently announced it would enter no agreement with the minors until the draft was restored.

Fultz, in a signed statement, declared the majors had violated a verbal agreement made here last winter by not signing a statement approving abrogation of the old National League agreement clause prohibiting drafting. It still is understood territory and player rights will be respected.

PITCHER CARL WEILMAN STAGES A COMEBACK

ST. LOUIS, MO., Aug. 4.—Carl Wellman, pitcher of the St. Louis Browns, who ranked with the best southpaws in the league in 1916, has "come back," his record indicates. After an absence from the game for two years, during which time he underwent a major operation for the removal of one of his kidneys, Wellman is showing his old time form.

RAILROAD ADMINISTRATION KEPT THE CROWDS AWAY

By J. C. HAMILTON
(United Press Staff Correspondent.)
NEW YORK, Aug. 4.—Tex Rickard is still the world's premier promoter of flaccid affairs, despite the fact that his Toledo arena failed to gather within its walls the enormous crowd that had been expected to attend the Willard-Dempsey battle.

And Tex will not for many days forget the policy that prevented the railroad administration at Washington from providing adequate transportation facilities which would have enabled many thousands of prospective patrons to journey to the scene of the big mill.

Agents of railways all over the country have wired Rickard their regret at inability to handle crowds of fight fans because the government declined to sanction running special trains and because the officials also declined to allow special coaches to be hitched to regular trains.

Practically every person who at-

tended the fight from points west of Toledo was forced to take his chances on the regular trains. Several specials were run from the east, scheduled as second sections of regular trains. Several hundred, for instance, were able to make the trip from New York and Philadelphia by this means.

"We had plenty of equipment to handle the crowds," one agent wrote, "but the cars were allowed to stand idle in the yards and are there yet. We were unable to do anything because we had to unravel several miles of red tape in getting the consent of officials at Washington."

Rickard made money on the fight—lots of it. As a matter of fact he was well repaid for his time and trouble in bringing the two heavyweights together. He is so pleased, however, over the training accorded his venture in Washington that he probably never will venture again from New York in staging a big battle.

COLORED TEAM PLAYS SNAPPY GAME OF BALL

Playing fast snappy ball the colored team from Oklahoma City defeated the Lawton club 4 to 0. This game was played at the Katy park following the game between Wichita Falls and Henrietta. Those who remained to see the colored teams play, saw an exhibition of high class errorless ball along with some amusing incidents. The pitcher from the Oklahoma club was particularly effective, holding Lawton to a few scattered hits. The crowd was interested especially in the performance of the one-armed field from Oklahoma City who played well throughout, being credited with two put-outs during the game.

GAS FROM WILBARGER WELL IGNITED BY TORCH

VERNON, TEX., Aug. 4.—Reports coming from the Wilbarger-Foard test in the Ravilind neighborhood are to the effect that gas escaping from the well was ignited last night from a torch which one of the drillers was using to inspect the casing. The flame, which lasted but a few minutes, the drillers say, shot some 20 feet in the air.

"On the job"

Certain-teed forms a complete, seamless surface that sheds rain, snow and sleet year after year with almost no attention. It is always "on the job."

The most severe weather makes no impression on Certain-teed—nor can sparks, fumes, gas, smoke or insects impair its protective strength.

Yet Certain-teed costs no more—less in fact than other types of roofs. It is easily and quickly laid by anyone who will follow the simple directions that come with the roll. Upkeep expense is too slight to consider.

Your buildings, old or new—large or small—in city or country—should have the protection of Certain-teed.

Certain-teed is made in rolls, both smooth and rough surfaced, (red or green) also in hand-made red or green asphalt shingles for residences. Certain-teed is extra quality—the name means certainty of quality and satisfaction guaranteed. It will pay you to get Certain-teed—most dealers sell it. Ask for Certain-teed and be sure to get it.

TROOPS REMAIN ON GUARD AT LIVERPOOL DURING THE NIGHT

LIVERPOOL, Aug. 4.—Troops remained on guard here during the night, as a result of disorders following the policemen's strike. They frequently charged the rioters with their bayonets. Tanks and machine guns also were employed in dealing with the mob. Two thousand troops were on patrol duty, but the rioting and looting continued. The tramway and omnibus employees have struck but declared their action had no connection with the policemen's walkout. A destroyer was anchored in the port yesterday afternoon to aid in maintaining order. More than a score of rioters were injured when mobs broke down the gates to the dock and looted the American Steamer Dorinqueen. Bacon, ham, lard, rice, sugar and tinned food were removed from the ship and scattered about the streets. The strikers did not participate in the looting and rioting.

TUNING UP FOR TENNIS NATIONAL CHAMPIONSHIP

NEW YORK, Aug. 4.—Actual tuning up for the National championships at Forest Hills late this month began here today with the start of the annual Newport invitation tournament on the historic casino courts. Notables from all sections of the American tennis world were to compete, but most interest surrounded the probable doings of the quartet of Australians—Norman E. Brooks, Gerald Patterson, R. V. Thomas and Randolph Lycett—who were expected to land at New York today. These players were to proceed at once to Newport, but of course, their entries will be late in the tournament. A number of matches have been made, however, to continue them through the matches. They drew Byes in the drawing. Among the prominent Americans who will take part are Richard Norris Williams, Maurice E. McLoughlin and William N. Johnston, all former National champions, and William T. Tilden II, Vincent Richards, Nathaniel W. Niles and Ichlya Kumagee.

BRASS BAND LEADS PROCESSION AS MAN IS MARCHED TO JAIL

MEMPHIS, TENN., Aug. 4.—Headed by a brass band and a decorated automobile bearing a banner with the words "The Shame of It All," a procession of citizens today accompanied Edward T. Leech, editor of the Memphis Press, to jail where he will serve ten days for alleged contempt of court. Leech was sentenced following the publication in his paper of an editorial "The Shame of It All," which the court held was directed at Chancellor Israel Peres. Leech contended the editorial was general in tone and was written in connection with the political situation in Memphis. It did not mention Peres.

Following the decorated cars in which Leech rode were 60 automobiles containing citizens. The procession traversed the streets of the business part of Memphis. Crowds on the curbs cheered as it passed. A large crowd of citizens gathered at the jail when the procession arrived. An attorney mounted on the jail steps, made a speech in defense of the freedom of the press and of Editor Leech's conduct. Inside the jail Leech was ushered into a cell filled with flowers. A brand new white bed, spread with clean linen, had been provided by his friends. A refrigerator filled with edibles was also provided. Plans are being made to hold a mass meeting the day Leech is released from jail at which new laws will be proposed to the Tennessee legislature guaranteeing free speech and of the press.

"I Just Kept Going Down Hill," Says J. M. Barnhill

"Orgatone has done me a world of good and I'm now feeling just fine," said J. M. Barnhill, 1415 Belzize Terrace, Ft. Worth, Tex. Mr. Barnhill is an employee for the city of Fort Worth in the street department. When talking to the Orgatone representative a few days ago he said: "My stomach and kidneys were in a bad order and both of them were a lot sicker," he continued, "and I suffered with terrible pains from the back of my head down to the small of my back. My liver did not seem to be acting right and I was tired and constipated nearly all the time. I couldn't sleep hardly any and what sleep I did get didn't seem to do me any good and I would get up in the morning without any energy and I just hated the thoughts of going to work. I didn't have any appetite and the food I did eat, didn't agree with me. It would form gas on my stomach and gave me a puffed up, uncomfortable feeling. I was just going down hill, day by day, and suffering all the time with that hurting in my back, so it looked like there wasn't anything for me in life but misery, and I guess I would have been in that fix yet if it hadn't been for this Orgatone. "I read of one doing so much good here in Fort Worth and people were always talking about it so I got a bottle and honestly, it is hard to believe what a change it has made in me. My pains began to grow less and less as I kept on taking it and now they have gone entirely and my kidneys and liver seem to be in fine shape. I have taken just two bottles and have gained over ten pounds in weight and feel ever so much better—my appetite is something enormous and everything seems to agree with me perfectly. I sleep just fine and get up in the morning refreshed and ready for the day's work just like a new man. Orgatone was just the thing I needed and I am glad to recommend it to every one who has a run-down system like I had. "Orgatone is not a so-called patent or secret remedy but a new scientific treatment absolutely free from alcohol in any form and is sold in Wichita Falls by T. F. Young Drug Company, corner Ninth and Indiana, under the personal direction of a special Orgatone representative. Other agents are Clark Drug Company, Burkburnett.

BEAUTIFUL FRENCH GIRL REACHES OKLAHOMA IN SEARCH OF HER HUSBAND

PAWHUSKA, Okla., Aug. 4.—A long trail was winding into the lands of her dreams. It led Emma Gurvie, beautiful French girl, to Wynona, Okla. She came in search of her husband, a "Yank," whose name she says is Adolphus Boyts. Wynona, rough frontier oil town, didn't match up to her dreams of the land that is America. Oil field workers learned after much difficulty—for the girl can speak hardly any English—that she was in search of Adolphus Boyts; that Boyts is supposed to be a driller or a tool dresser; that she married him in her home town, Lyons, France; that her mother's death had prevented her coming to America with him, and that she had followed him some weeks later. Oil men were kind to the newcomer in a car they took her through this section of the oil country, searching for Boyts. But they couldn't find him. And so they brought her to Pawhuska, where she is now in the care of the P. & O. The beautiful stranger is cheerful despite her disappointments. She still thinks she will find her husband. She sums up her journey in this country by the frequently repeated remark: "New York, Chicago, Wynona."

SAYS PROHIBITION ENFORCEMENT BILL IS CONSTITUTIONAL

WASHINGTON, Aug. 4.—Wayne B. Wheeler, counsel for the Anti-Saloon League of America, took issue today with the opinion by Elihu Root, William D. Guthrie and William L. Marbury, counsel for the United States Brewers' Association, that the proposed war prohibition enforcement act is unconstitutional. Mr. Wheeler also denied that the league forces intended to start an anti-tobacco campaign.

"The authority of congress to enact the war prohibition law," Mr. Wheeler said, "rests on the provisions in the constitution which gives congress power to support the army and navy. This power and obligation extends through demobilization. The courts have so held. Congress evidently intended to prohibit all beer and wines in the original act. Some of the courts hold the act does this. Others hold differently. Congress is simply trying to make clear the intention of the original act. "It is now well settled by the supreme court that if congress has power to enact a law, it also has the power to enact additional legislation to make the original act effective and enforceable, especially where courts have defeated its purpose by construction." Referring to charges of the association opposed to national prohibition that the Anti-Saloon League was actively aiding a campaign of the W. C. T. U. against tobacco, Mr. Wheeler said: "The anti-tobacco scare crowd of the Anti-Saloon League forces has no intention to start this crusade. The liquor traffic is a public nuisance. The tobacco habit may be a private or personal bad habit, but it is not in the same class as intoxicating liquor."

One-Sided Job. WASHINGTON, IND., Aug. 4.—Lightning burned George Neighbor's left side from his head to his foot, tore off both his shoes and burned a hole in one foot. He was revived just as the coroner arrived.

ORDERS ISSUED TO STOP THE SALE OF ARMS TO NEGROES

PITTSBURGH, Pa., Aug. 4.—Alarmed by the armed negro menace, police issued orders today to pawn shops and other places to stop the sale of firearms and ammunition to blacks. During the past 24 hours more than a score of negroes have been arrested for carrying firearms and acting suspiciously. The negroes declared that they were "just getting prepared." Acting Superintendent of Police Edburn has ordered plain clothes policemen and detectives to make a thorough investigation of activities in the "hill district," where thousands of negroes live.

OSCAR LAWLER MAY RECOVER FROM INJURY

Was Seriously Burned Following Bomb Explosion that Wrecked Home.

GROUP OF DYNAMITERS ARE BELIEVED RESPONSIBLE

Mrs. Lawler, Also Badly Burned, Seems Certain of an Early Recovery.

LOS ANGELES, CALIF., Aug. 4.—Mr. and Mrs. Oscar Lawler, both of whom were severely burned and otherwise injured by a fire following a bomb explosion at their home here yesterday, were both resting easily today, having had a very good night according to the management of St. Vincent's Hospital.

LOS ANGELES, CALIF., Aug. 4.—Oscar Lawler, formerly assistant United States attorney general, who was seriously burned early yesterday in a fire, following a bomb explosion which wrecked his home, has a chance of recovery, according to an announcement made today by attending physicians. They seemed certain of the recovery of Mrs. Lawler, who also was badly burned.

The explosion was said by the police to be the result of a desire for revenge by a group of dynamiters who prosecuted some years ago in the middle west.

Deep burns covered nearly half of the area of Mr. Lawler's body, the physicians said, chiefly on the upper part. Mrs. Lawler's burns were of a secondary nature, but her sufferings were increased by a fracture of the shoulder, sustained, it was believed, when her husband dropped her from the second story of their burning home.

Awakened shortly before 3:00 o'clock by a terrific explosion, immediately left the second story porch where they were sleeping and seeing the house enveloped in flames, Mr. and Mrs. Lawler attempted to reach another sleeping porch to rescue their five-year-old son, Oscar Jr., and his nurse.

They were cut off by the fire, Mrs. Lawler fainting. Her husband carried her through the flames to a window and lowered her body to an awning which covered a window on the ground floor. From the awning she fell to the ground. Mr. Lawler then jumped, striking his head on the steps.

The Lawler home was in a fashionable residential district of Los Angeles and the explosion awakened many citizens who rushed to help.

The boy and his nurse were rescued unharmed. Neighbors told of having seen a mysterious group of men near the Lawler home last Friday night, of hearing footsteps shortly before the explosion, of seeing a man stopping a number of times in front of the residence.

City, county, state and federal officials are working together in an effort to capture those responsible for the explosion.

Three explosions were heard at the Lawler house. They were believed to have been caused by a bomb and two five gallon cans of gasoline. Parts of the bomb were found great distances from the scene of the explosion.

Expensive Treatment. CHICAGO, ILL., Aug. 4.—Tony Lessing suffered from nervousness before and after. He paid Mme. Zingars \$2,000 for a promised cure. When he went next day for treatment the Oriental parlor was gone.

MEXICAN LEADERS WANT APPLICATION OF NEW PRINCIPLES

By Associated Press.

MEXICO CITY, Aug. 3.—(Delayed)—Mexican political leaders who throughout the war espoused the Allied cause, at a banquet today voiced the plea of a pro-Ally Mexican faction that in view of attempts to bring about foreign intervention in Mexican affairs, the world powers should apply the same principles regarding the rights of small nations to Mexico that they fought for during the world war.

Among the speakers were Jesus Ureta, former secretary of foreign relations in the Carranza provisional government; Juan Sanchez Azcoia, member of the Senate and former private secretary to ex-President Madero, who tried to swing the Mexican Government into the Allied ranks; Rafael Perez Taylor, a well known orator, and Felix Palavicini, editor of El Universal. Those present included numerous legislators and editors, among them Rafael Alducin, editor of Excelsior and Antonio Mediz Bollo, editor of El Heraldo de Mexico.

NEW PETROLEUM LAW HAS BEEN NEGLECTED

Associated Press Mail Correspondent.

MEXICO CITY.—Although the Mexican congress was called into extraordinary session on May 1, for the purpose of passing, among others, a petroleum law that would carry out the provisions of Article 27 of the new constitution, which nationalizes oil lands, up to the present time the question has not been brought up for discussion in either the senate or the chamber of deputies.

El Democra states the two petroleum commissions appointed by the lower House are considering the objection raised by the foreign oil interests that Article 27 is in direct opposition to Article 14 of the constitution, which prohibits retroactive legislation.

Unofficial reports are to the effect that President Carranza has washed his hands of the matter and has put it up to congress to find a solution. If this theory is based on fact, according to a high officer of an American oil corporation here, the prolonged delay of congress in taking up the oil question would indicate that its leaders are having a difficult time to reconcile the provisions of the constitution.

Get the price on canned peaches and you will can your own. We do not grow Elbertas every year; now is your opportunity if you want fine peaches. Rigby's Orchard. 68-41c

CONTRIBUTIONS TO WAR HISTORY TOLD IN INTERESTING WAY

By HENRY WOOD

(United Press Correspondent.) PARIS.—(By Mail)—Details have just been received from Lille on what is considered without question the greatest "contribution" made to the war by any one single family.

The head of this family was Monsieur Vanhee, a farmer living at Reminghe, near Ypres. At the outbreak of the war he was the father of 36 living children, fourteen girls and twenty-two boys. Of the latter, during the course of the war, twenty fought in the French ranks. Of these twenty, thirteen were killed and three were permanently discharged as the result of wounds unfitting them for further service. Still another was wounded four times during the war.

In 1917, the widow of one of the sons, Alfred, was also killed during the bombardment of Saint Die, France. Roger is now eight years old and has only just received the war decoration, but his citation mentions a service that he performed nearly five years ago, when the Germans rushed into his little home town out on the French Alsatian border.

Little Roger flatly refused to have any dealings with the enemy. Though just a tiny tot he resisted the presumption of the Prussians who tried to make friends with him. But Roger wouldn't be won over. He refused even to say "bon jour" to the enemy and now wears the Croix de Guerre for his sternness in the face of the enemy "advances."

Travel by air routes and avoid the congesting of the already overworked railroads. That in substance is the plea now being made by aviation promoters in Germany. Time schedules of German passenger-carrying air services have been received in Paris. Extensive advertising of the air routes is being carried on, the backers of the project pointing out the advantages of aeroplane travel over that of trains, and practically begging the public to give the railroads a chance to rebuild

and to repair the wear and tear of the past four years. According to the time schedule received here, regular civilian air service has been established between Berlin and the cities of Hamburg, Hanover, Leipzig, Weimar and several of the larger cities.

Large shipments of salmon, better known to the American doughboys as "goldfish," which were destined to be consumed by the A. E. F. are now being shipped to the Italian army of occupation in the Tyrol. Great quantities of the sustaining but unpopular food were on hand at the American warehouses in Marseilles when the war ended. With the rapidly diminishing demand of the A. E. F., much of the canned salmon has been reshipped to Genoa and thence overland to the Italian front. The Italians like this second grade "goldfish," a food which long since lost its attractiveness where the doughboys were concerned.

France has found still another means of living up to the national motto, Liberty, Equality, Fraternity. A simple "pollu," a private soldier of the second grade with nothing to his particular credit other than that he represents the great mass of the "pollus" of France, has been named as a candidate for the French Academy. The "Forty immortals" had added two great soldiers—Joffre and Foch—to their numbers but it remained for the League of Pollus, an organization of French veterans during the war, to demand the democratizing of the military branch of the most famous of France's intellectual organizations. The league has nominated a certain General Granier, one of its members, as candidate for the seat now vacant in the academy.

Approximately four thousand army dentists in a combined attack on the jaws of nearly two million doughboys succeeded in capturing 67,133 teeth during one month alone. All records for tooth extractions in the A. E. F. were broken in that month when this enormous number of teeth was removed from the aching jaws of America's "over here" heroes.

Pulling teeth was not the only occupation of the heartless army dentists, for during the same month 376,655 fillings were put in.

The chief dental surgeon of the A. E. F. reports that during the course of hostilities seven army dentists were killed by shell fire and that forty were injured.

Advice to prospective bigamists. Before becoming a bigamist, it will be advisable to win honors on the field of battle if you would escape the penalties of the law. The French military court has just pardoned a soldier-bigamist. Jean Abele's home is in Commines. In 1910 he married Mile. Meurchiet and lived happily with her until August, 1914, when he was called to the colors. He was wounded three times and was twice cited for the Croix de Guerre. In 1917, while on convalescence leave he met Mile. Detroit, and soon afterwards, married her. He had passed himself as unmarried, and until the end of the war all went well. Then

MOTHER ABANDONS HER 8-MONTHS OLD BABY IN A CHICAGO PUBLIC PARK

CHICAGO, ILL., Aug. 4.—An 8-months old baby boy was held at police headquarters today waiting return of the mother who abandoned him. Police fear she committed suicide.

The baby was found in a park. A note near the child hinted that the mother might have drowned herself in the lake. There were no identification marks on the baby's clothes.

Japan will build about 700,000 tons of vessels this year of which 230,000 tons will go to the United States under agreement.

WARRIOR OIL CO. WELL IS REPORTED A GOOD PRODUCER

The Warrior Oil Company, No. 1 Evans, Meadows survey, offsetting the New Pool Oil Company's No. 1 well reported flowing with initial production around 1,800 to 2,000 barrels.

Western Oil Corporation's No. 4 Taylor, block 97, has been completed. Twelve feet of sand has been drilled, and the well is producing at the rate of 2,000 barrels. Pat Casey is interested in this well with the Western Oil Corporation.

The No. 2 Waggoner, block 86, of W. M. Priddy and the Western Oil Corporation is completed and making 1,500 barrels.

The Western Oil Corporation's No. 1 Taylor, block 96, has casing set and cemented and will complete early this week.

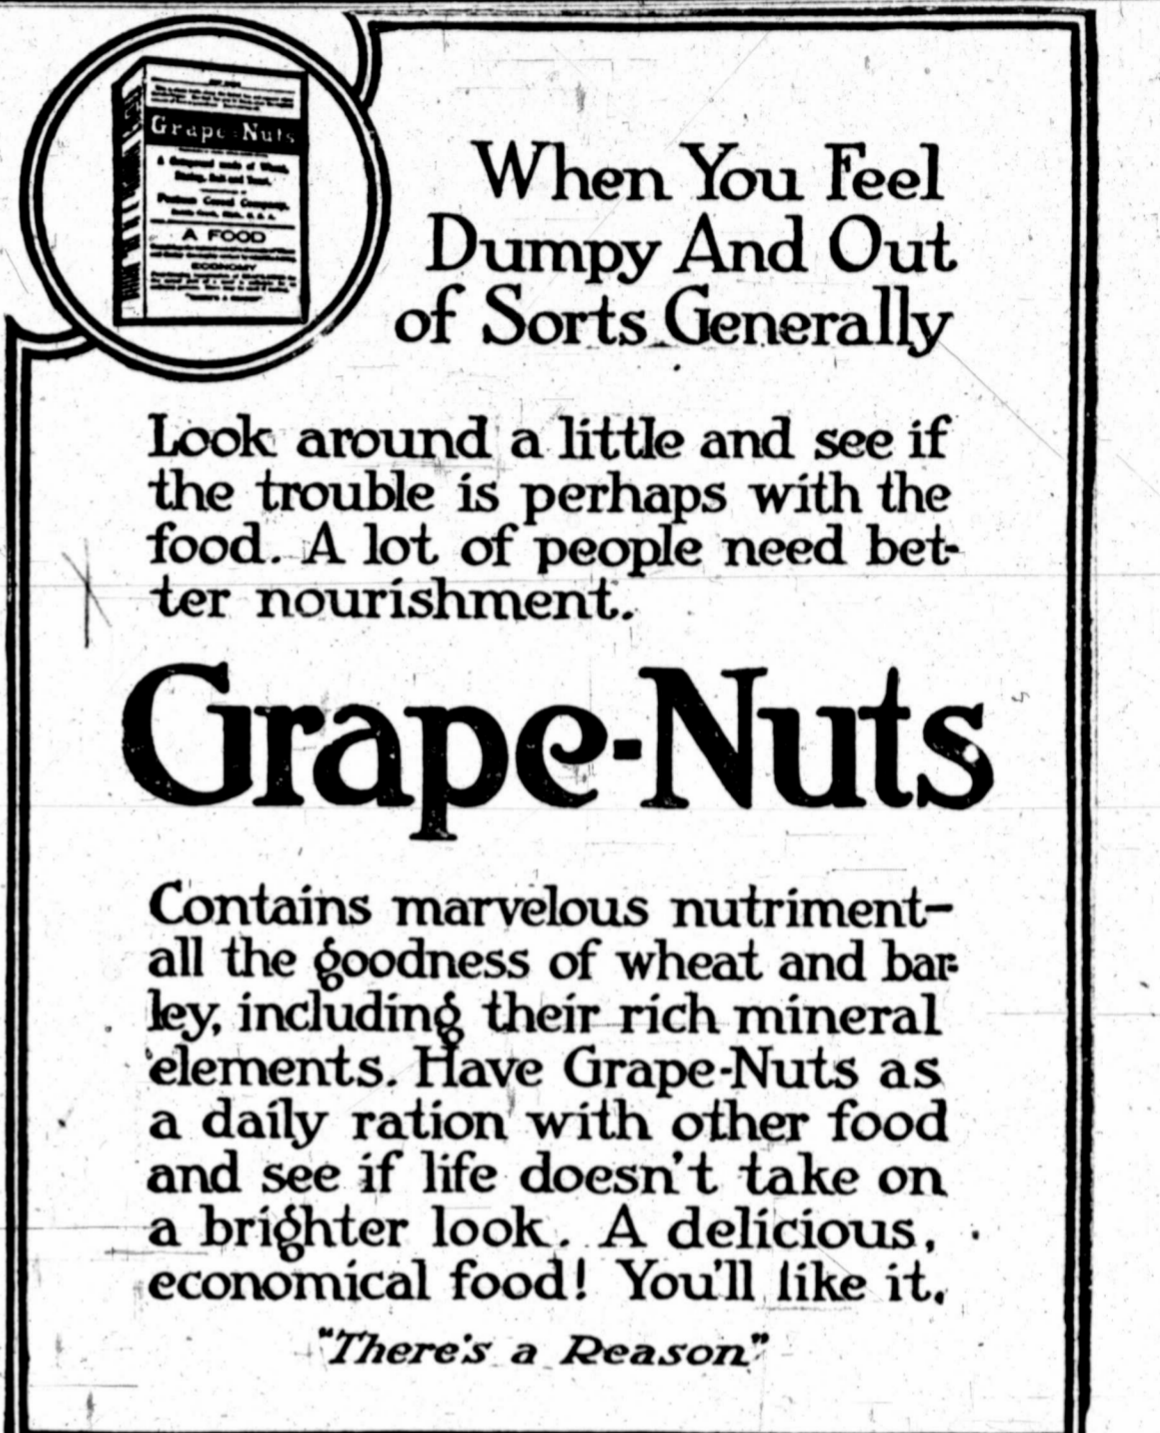

The Panhandle Refining Co. No. 1 Evans, Meadows survey, is reported cementing the casing and preparing to complete.

The Fisher-Gilliland, No. 1 Evans, drilling on one of the "outside" locations in the northwest part of the Waggoner pool, is drilling around 1,500 feet.

The Kantex Oil Co.'s No. 1 Evans, offsetting to the west the Warrior Oil Co.'s well just completed, is reported drilling around 800 feet.

Government officials in India are considering the use of submarine boats from which men can be released to gather pearl shells from the bottom of the ocean.

All kinds of real estate. See Wolfe Brothers, 2010 Kemp Blvd. We haven't all of the real estate in town, but we have lots of it and we will try and give you good service. Phone 1347. 54-4c

When You Feel Dumpy And Out of Sorts Generally

Look around a little and see if the trouble is perhaps with the food. A lot of people need better nourishment.

Grape-Nuts

Contains marvelous nutriment—all the goodness of wheat and barley, including their rich mineral elements. Have Grape-Nuts as a daily ration with other food and see if life doesn't take on a brighter look. A delicious, economical food! You'll like it.

"There's a Reason."

Schlitz

FAMO A Builder of Health

Aside from the essential compounds necessary to life that are present in Schlitz Famo—protein and carbohydrates—the organic acids, aromatic compounds of the hop content and carbonic acid gas, exert a very beneficial action.

They have a specific antiseptic property to suppress the development of harmful bacteria that may be lodged in the intestinal tract.

They stimulate—refresh—and assist digestion by replacing to a certain extent the hydrochloric acid of the stomach—cause it to flow more freely—increasing the secretion of the digestive juices.

Drink Schlitz Famo freely—it is a worth-while cereal beverage, non-intoxicating, healthful and satisfying. Good and good for you.

On sale wherever soft drinks are sold. Order a case from

TIMES DAILY MARKETS

New York Stocks, Grain and Provisions, Cotton and Livestock.

COTTON MARKET.

NEW YORK, Aug. 4.—The cotton market was extremely weak and unsettled during today's early trading. Owing to holiday there were no Liverpool cables to influence sentiment either way but confidence seemed to be disturbed by the agitation against the high cost of living and threatening labor situation, and after opening barely steady at a decline of 28 to 35 points, prices soon broke 100 to 115 points under Saturday's close. October sold off to 33.15 and January to 33.30 under heavy general selling liquidation.

The market was less active later in the morning and fluctuations were irregular. The more urgent liquidation seemed to have been absorbed on the early break but rallies of 35 to 40 points from the lowest met long cotton from one source or another and were not fully maintained. Rather more optimistic reports concerning railroad labor conditions and unfavorable private crop advices helped the rally from 33.15 to 33.55 for October and to 33.70 for January.

Bearish end-season statistics indicating a world's carry over of 6,800,000 bales against 3,068,000 last year and the weakness of the stock market led to a renewal of heavy general selling during the early afternoon. October declined to 32.55 and January to 32.80, or 180 to 175 points net lower.

GRAIN AND PRODUCE.

CHICAGO, Aug. 4.—Big breaks in the price of corn resulted today from a decided broadening out of selling pressure. Most of the selling was on the part of owners discouraged by general movements to reduce the cost of foodstuffs and other necessities, with buyers hard to find. Opening quotations which ranged from 1/2 cent higher to 1/2 cent lower with September \$1.80 1/2 to \$1.82 and December \$1.51 to \$1.54 were followed by further sharp setbacks that soon amounted to as much as eight cents in September and six cents in December.

Oats tumbled with corn. After opening 1/2 to 1 1/2 off at 23 1/2 to 24 1/2, September, the market rallied a little but then descended lower than before.

Provisions shared in the general weakness. Lard and pork were especially depressed.

Throughout the rest of the day, the market fluctuated rather wildly but showed no sign of any enduring rally. Crop news was ignored. Prices closed furried, 4 1/2 to 7 cents net lower, with September \$1.79 to \$1.79 1/4 and December \$1.45 1/4 to \$1.48 3/4. At the close, pork was off more than \$2.00 a barrel and lard about 2 cents

GRAIN MARKET GOES DOWN WITH A CRASH AT CHICAGO OPENING

CHICAGO, Aug. 4.—Grain and provisions crashed heavily downward today in value. Selling was on a large scale, influenced chiefly by the widespread agitation against the high cost of living. Within an hour corn prices dropped 5 1/2 to 8c a bushel and pork \$1.25 a barrel. December delivery of corn, the principal option, fell 1 1/2% and January pork to \$48.00.

AGITATION OVER HIGH COST LIVING AFFECTS COTTON

NEW YORK, Aug. 4.—Agitation against the high cost of living and generally disturbed labor conditions unsettled the cotton market and prices broke more than \$5 a bale during today's early trading. October contracts, which had sold at 35.50 and closed at 34.30 on Saturday, opened at 34.00 and within 15 or 20 minutes sold off to 33.15 under heavy liquidation.

STUDYING QUESTION OF ARMY COURT MARTIAL

WASHINGTON, D. C., Aug. 4.—Serious consideration is being given to reform of the army court martial regulations by Senate and House committees. Bills are pending before both houses to change the system of army trials which has remained virtually the same since the country was founded.

DARE DEVIL AVIATOR THRILLS DALLAS CROWD

DALLAS, TEXAS, Aug. 4.—Hanging by his toes from wings of a flying plane, walking over the top of the machine while at a dizzy height and plucking clouds from a wing tip, A. J. Stowell, daredevil aviator, thrilled a Dallas crowd yesterday. Roy B. Shelton piloted the plane.

NEWCASTLE OIL FIELDS \$150 An Acre

For quick acceptance twenty-acre lease, one and one-half mile from the Arnold well, now in and one-half mile from the Blair well, drilling at 2,000 feet. Wire E. P. Selz, Newcastle, Texas.

APPLICATION MADE FOR A RECEIVER FOR WILLO-BLOOM CO.

Application for the appointment of a receiver for the Willo-Bloom Oil Company has been filed in the 78th district court by F. W. Pickard. Plaintiff alleges that the defendant company sold many thousands of dollars worth of stock on the representation that they owned a five acre oil lease in block 88, when in reality they simply had a drilling contract with the owner of the land.

SUNSHINE PIPE LINE IS TO BEGIN CARRYING OIL FROM IOWA PARK FIELD

Oil will be running this week through the four inch line of the Sunshine Pipe Line Company from the shale field at Iowa Park to the plant of the Sunshine State Refining Company, northwest of the city, according to an announcement by M. A. Bandy, secretary of the pipe line company. Tank connections are being made today with a new 10,000 barrel tank on the refining company's tank farm. The line and the pumping stations on this line were completed some time since. The capacity of the line will be about 4,000 barrels per day.

ARMY SURPLUS CLOTHING MAY BE MARKETING

WASHINGTON, Aug. 4.—Army surplus clothing and equipment, including \$1,000,000 worth of underclothes and \$9,500,000 worth of blankets, may be marketed in the same way surplus food is being sold if present plans are successful, Secretary Baker stated to newspaper men today.

WANTS BOARD AND LODGING SUPPLIED FOR PET BUFFALO

Having heard that the Wichita Falls Chamber of Commerce can do anything it will undertake, and will try most anything once, W. O. Dunlap, a New Mexico rancher presented the most unique request today that the organization has ever entertained. He has interests in the Wichita oil fields and a pet buffalo, a relic of the lost tribes of the plains. He wished to kill two birds and other things with one railroad ticket, hence his visit.

FINANCIAL STATEMENT BY STATE TREASURER

AUSTIN, TEXAS, Aug. 14.—Receipts of the state treasurer during July placed to the credit of different funds were \$1,044,259 in cash and \$224,800 in bonds. Disbursements were \$1,296,437 in cash, and \$13,300 in bonds.

DALLAS PLANS TO HAVE A MUNICIPAL MARKET

DALLAS, TEXAS, Aug. 4.—Dallas was to take its initial swat at food prices today.

"BAYER CROSS" ON GENUINE ASPIRIN

Little watery blisters that appear on the skin and that break, accompanied by angry looking inflamed spots or sores that spread, with intense itching. Generally can be described as eczema.

ODD FELLOWS ARE TO INITIATE LARGE NUMBER TONIGHT

Ten or twelve candidates, the largest class in the 30 years' existence of the lodge in Wichita Falls, will be initiated Monday night at the first meeting of the Odd Fellows in their new hall in the Swarts-Wood building on Scott.

Resinol for that eczema

Little watery blisters that appear on the skin and that break, accompanied by angry looking inflamed spots or sores that spread, with intense itching. Generally can be described as eczema.

Bayer Tablets of Aspirin to be genuine must be marked with the safety "Bayer Cross." Always buy an unbroken package which contains proper directions to safely relieve Headache, Toothache, Rheumatism, Neuralgia, Colds and pain. Fancy tin boxes of 12 tablets cost but a few cents at drug stores, larger packages also. Aspirin is the trademark of Bayer Manufacturing of Monaceticacidester of Salicylicacid.

NOTICE TO OIL OPERATORS

One of the best propositions that has ever been offered, adjoining the Watkins well, south of Iowa Park. Well No. 1 now 600 feet with rig over the hole, cased. Reached the pay sand at 680 feet. If you are interested in a real good proposition, see C. A. PARKER, 721 Ohio Avenue, Booth 104, Wichita Falls, Texas

The Newcastle Will Undoubtedly Be the Greatest of All Texas Oil Fields

Sensational Arnold Well Near Our Tract No. 5

You know what the reports are concerning the Arnold Well; how it flowed 140 barrels in 26 minutes; how the oil is a 46 specific gravity oil, the highest grade found in Texas, and sells at nearly \$3.00 per barrel; how the drillers were unable to shut down the well while waiting for tankage, although they have tried every known means to check it; how at three different times the pressure became too strong and the golden fluid shot forth in great streams; how it now stands 4655 feet, the deepest oil well in Texas. Our 40-acre tract No. 5 adjoins the tract on which the Arnold well is located and lies in direct line between the Arnold and Graham wells and the Black Brothers well of the Texas Company.

This sensational deep field is certain lifetime production. We have 40 acres in the heart of it. But this is not our only important property. Our tract No. 1 in the Northwest Burkburnett Pool, consisting of 5 acres, is directly offset on one side by a 3,000-barrel well. And surrounded as it is by 1,000- to 5,000-barrel wells makes it a highly valuable property. Our 20-acre tract No. 2, less than a mile northwest of tract No. 1, is looking better all the time as big production in the Northwest Field marches closer and closer directly toward it. Our remaining five tracts, comprising 12 1/2 acres (making a total of 287 acres), were bought with the same foresight as the three above-mentioned tracts. This careful selection of highest grade, well diversified properties was an expensive undertaking. Additional money is needed now for development. You are offered the opportunity of joining with us in the ownership of a permanent company of consequence.

Our leases were secured for the sole purpose of making this a sound growing, lasting company; the kind of company which is not affected by the flurries of a highly susceptible stock market, because its stock will be so good that purchasers will hold onto it. \$100,000 from the sale of capital stock will be set aside for a drilling fund. The officers plan, after paying a 100% dividend, to set aside at least 25% of all future profits for the full development of our present holdings and the acquisition of additional properties.

In buying stock in this company you will share in all leases or wells ever owned or drilled by the company in proportion to the amount of stock held by you. All of our leases are subject to one-eighth royalty only. No fifty-fifty drilling contracts have been made and none are contemplated.

If you dabble in oil stocks with the hope of big quick returns by buying stock in one-well companies with only one holding, then do not buy stock in this company. But if you want an investment from which every possible chance for you to lose has been removed, but in which the opportunity for big gain entirely remains; which is honestly and competently handled by men of unquestioned honor and integrity, then you should buy all of the stock in this company that you can possibly carry.

Your only possible mistake regarding this company is the fatal mistake of indecision. As soon as our first well on tract No. 1 is complete, the price of this stock will advance. Buy now before it is everlasting too late. The right is reserved to reject all over-subscriptions.

Make all checks payable to TEXAS WONDER POOLS OIL COMPANY and send direct to its offices, 305 First National Bank Bldg., Wichita Falls, Texas, or subscribe through your own broker.

The business of and all contracts affecting the Texas Wonder Pools Oil Company is done and made subject to an executed agreement and declaration of trust under date of July 12, 1919, on file with the secretary. Liability limited to trust assets of the company.

The Texas Wonder Pool Oil Co.

A Joint Stock Association. Capital \$500,000. Par Value \$10.00 per Share Fully Paid and Non-Assessable

The citizens of Texas considered Sam Sparks honest and competent enough to elect him Treasurer of Texas; in which office he handled millions of dollars of the state's money. His friends and neighbors consider him honest and competent enough to handle tens and tens of thousands of dollars of their money as President of the Texas Trust Company of Austin. He will handle your money in this company just as honestly and competently as he always has in every trust placed upon him. If you wish to learn the kind of man he is, communicate with any bank or banker in Austin or Wichita Falls, or any state official in the state of Texas.

Mr. Sparks began active operations in the Burkburnett Field last August and is perhaps the only man who has not yet sustained one loss. His integrity, foresight and sound judgment have made such a record possible.

SAM SPARKS, President, Former State Treasurer of Texas, President Texas Trust Company, Austin, Texas.
CHAS. E. ANDERSON, JR., Vice-President, Successfully identified for years with oil contracting, operating and drilling in southwestern fields.
DAVID HINSHAW, Vice-President, Newspaper writer.
D. A. CUSTER, Vice-President, Investment Banker.
W. R. DUKE, Secy. Treas., Independent oil operator and successful pioneer in Burkburnett field.

SHOPMEN'S STRIKE IS NOT EXPECTED TO AFFECT LOCAL LINES

Officials of the Missouri Kansas & Texas railway at this city know nothing regarding the reported strike about the shopmen which is imminent at Sedalia, Mo. It is said that the strike now existing among the shopmen throughout the country should not affect the freight or passenger service in this district.

Hickey is Superintendent. Becoming effective August 1, Mr. J. F. Hickey has been appointed general superintendent of the Missouri Kansas & Texas railway in the Wichita Falls district.

He comes to this city from Sedalia, Mo., where he was superintendent. It has been only a short time since he was discharged from the army having served fourteen months in the 86th Engineers in which he served as a major, being in charge of railway and transportation duties in France.

New Katy Chief Dispatcher. Coming from Parsons, Kan., G. C. Byers has been appointed chief dispatcher of the Missouri, Kansas & Texas railway in this city, relieving G. C. Pyle, who has been assigned to other duties. Mr. Byers served for sixteen months in France with the 86th engineers as a captain in railroad work.

Superintendent of Transportation. Railroad men will be interested in knowing that R. L. May has been appointed superintendent of transportation at Fort Worth for the F. W. & D. C. and the W. V. and A. & S. railways. He was formerly chief clerk to the general superintendent at Fort Worth. He is well known in railroad circles in this city.

Mack is Named New Chief. R. F. Mack of this city has been appointed as chief clerk to the general superintendent of the F. W. & D. C. at Fort Worth. He has been chief clerk here for Superintendent Master of the Wichita Valley railway for some time.

New Oil Burning Engines. Three new oil-burning engines have just been received by the Missouri, Kansas & Texas railway and have been put on the run for the first time in the Burk Burnett district where they will be used for switching purposes. The engines were leased from the T. B. & V. railway.

MOTORISTS FEATURE MORNING SESSION OF THE CITY COURT

A total of 34 motorists were arrested by the city police Saturday night and Sunday on charges of leaving cars standing in the streets without parking in the prescribed manner. In some instances the cars were occupied when the numbers were taken, the new ruling evidently being that unless the occupants were in a position to move the car the ordinance had been violated.

Fines of \$5 each were assessed in the police court Monday morning in 17 cases, the rest going over until Tuesday. Other fines assessed included \$10 for a car without a seal, and \$10 each in seven cases of gaming.

KEEP IT SWEET

KEEP YOUR MIND

THE THINGS THAT GO IN YOUR PRESCRIPTION. The highest possible quality of drugs, chemicals and pharmaceuticals. The acquisition and exercise of scientific knowledge. The prideful exercise of care. These are the things which go into your prescriptions and all of which are guaranteed by our label on your package. One of the great assets to successful prescription compounding is EXPERIENCE. Our long experience adds to the further value of your medicine. Here there is no quality guessed at, no guess work in compounding. Everything is understood. Every drug is of the best and every care is employed. Every prescription is given you.

AND THE THINGS THAT ARE KEPT OUT. No deviation from the doctor's orders is indulged in. No "careless" moments while compounding. No substitution, imitation or duplication of drug, or drug quality. Nothing but the best in every respect and guaranteed as such. This indeed is our reputation for prescription work and this reputation is at your service at no extra cost to you. Bring your prescriptions to us.

SPECIAL AGENTS FOR RAILROADS LOOKING AFTER BRIBE TAKERS

Special agents are and have for some time past been employed in Wichita Falls in an effort to detect the payment and acceptance of bribes to secure preferential movement of freight in the local yards, according to a letter received here from C. N. Whitehead of St. Louis, federal manager for the Katy system. This offense is a penal offense both for the giver and receiver of such bribes under the federal statutes, the letter points out.

Prosecutions will follow the obtaining of evidence sufficient to convict in these transactions, says Mr. Whitehead. These bribes usually take the form of payments by consignees of inbound cars to secure their being spotted before their turn, according to current reports.

Local Brevities

M. P. Kelley returned this morning from a three weeks' combined business and pleasure trip to New York, Buffalo, Niagara Falls and other points in the north and east. He was accompanied by Mrs. Kelley. Frank Kell left Sunday for Colorado Springs where he will spend several days with his family who are spending the summer at that place.

J. A. Kemp last Saturday night for a short business trip to Chicago.

M. A. BUNDY TAKES MANAGEMENT OF THE SUNSHINE PIPE LINE

M. A. Bundy has resigned his position as secretary of the Sunshine State Refinery in order to devote his entire time to the management of the Sunshine Pipe Lines Company, effective this morning. Mr. Bundy has been acting as secretary, traffic and sales manager of the refinery company since its organization in addition to being secretary of the pipe lines company, but his duties in connection with the latter have grown to such proportions as to demand his entire time.

No appointment to the position resigned by Mr. Bundy has been made, a meeting of the directors of the refinery company having been called for Saturday to consider this matter.

THREATEN CHILD TO CARRY OUT ROBBERY

NEW YORK, Aug. 4.—A Brooklyn highwayman pointed his revolver at Louis Barber's eighteen months old child, while his partner covered Barber. "If you don't come across we'll kill the baby," they said. Barber gave them \$200.

PROPERTY OWNERS ARE INTERVIEWING CITY'S TAX BOARD

A long line of property owners greeted the city board of equalization Monday morning when they resumed their sittings for the purpose of hearing complaints on the assessments for the coming year. The board finished their valuation of city property for taxation several weeks ago.

Taxable values as fixed by the board at that time for the coming year will be in the neighborhood of \$22,000,000.

J. B. Pitts is presiding officer and his associates are J. T. Young and P. H. Leath. The board is being assisted in their work by H. J. Anderson, city tax assessor and collector.

AN ADJUSTMENT OF VALUES

We are asked a good many times, "Why the high price of coffee?" There are, of course, many contributory reasons. Among them: The frost damage in Brazil last August. The fact that Europe has had practically no coffee for four years, and the surplus in the United States is practically nil. Prohibition is also a factor. But the REAL REASON is an adjustment of values among commodities. A few years ago Rio sevens sold for 5 1/2 cents per pound, so did cotton. Now cotton sells for above 30 cents and Rio sevens for twenty-two. Wheat used to fluctuate between sixty-five cents and a dollar, and is now two-twenty. So it stands to reason the Brazilian can't take the old prices for his coffee and get by. Coffee is still the cheapest commodity of consumption—and the last to advance.
