

## LODGE WINNER IN COMMITTEE OVER SHANTUNG

Adopt Amendment to Peace Treaty Giving Province to the Chinese.

## TO REQUEST PRESIDENT TO SUPPLY DOCUMENTS

Want Papers of Agreement Between United States and Poland.

WASHINGTON, Aug. 23.—By a vote of 9 to 8 the Senate foreign relations committee today adopted an amendment to the peace treaty by which German rights in Shantung province, China, would go to China instead of Japan.

All the democratic members and Senator McCumber, republican, North Dakota, voted against the amendment under which the word "Japan" would be stricken from the Shantung sections of the treaty and the word "China" substituted.

The committee also instructed Chairman Lodge to request President Wilson to send the Senate the treaty between the United States and Poland signed June 23 at Versailles and such information as he has regarding the treaties now under negotiation with Austria, Bulgaria and Turkey without taking up any other proposed amendments to the treaty with Germany. The committee adjourned until Monday.

Three Are Absent.  
Senator Hitchcock, Nebraska; Shields, Tennessee, and Pittman, Nevada, democratic, were not present, but their votes were recorded in the negative on the Shantung amendment.

The action was taken without extended debate shortly after the committee began its work on amendments under a plan to report the treaty to the Senate if possible within the next week.

The Shantung amendment is expected by leaders on both sides to develop greater strength than any other on the Senate floor. Democratic leaders say they have a majority to defeat it, but the republicans predict that it will be adopted.

No Opinion Expressed.  
After the meeting Chairman Lodge said he does not know to what extent the request for more information might interfere with the plans of leaders for quick action on the Versailles treaty and declined to predict when the committee would be able to report to the Senate. He said that while there was a movement in the committee for a report next week, he had never expressed an opinion as to whether action then would be possible.

The committee, the chairman said, was making every effort to reach a report as soon as practicable, but had been hampered because it had been compelled to get information here and there which should have been in its hands officially weeks ago.

The motion to ask for the additional information was made after the point had been discussed at some length by Senator Williams, democrat, Mississippi, and said to have been agreed to without objection.

## "Couldn't Stand Him Any Longer," Husband Is Dead

LANSING, MICH., Aug. 23.—The mystery of high food prices was solved here this week. It is because nobody kicks at paying higher prices and because money is plentiful.

This, in gist, was the explanation given by several witnesses called before Judge Weist, sitting as a grand jury. It was expected today something of the same excuse will be given by more witnesses when the hearing opens next Tuesday.

This reason was applied not only to food but to wearing apparel. Clifford J. Page, shoe dealer of Lansing, said shoes he bought for \$2.50 for \$12, which he said is "33 1/3 per cent profit."

"It is a 'trade custom' to reckon profit percentage on the selling price," Page told the court.

"Prices are dependent in any sense on supply and demand at present, but on the autocratic action of associations of producers," John Buehler, eating grocer said, in admitting that the consumer not only paid the expenses of every middle man, but as well, his profit.

## WILL REQUEST AUTHORITY TO SEND U. S. TROOPS TO SILESIA

PARIS, Aug. 23.—The American commission investigating the situation in Silesia, it was learned here today, will request the government at Washington for authority to send American troops to Silesia, as it is regarded here as certain that the Germans will agree to Allied occupation of the territory immediately.

## THREE ARE INJURED IN AN EXPLOSION

CHICAGO, Aug. 23.—Three persons were injured and a dozen houses partially wrecked here today by dynamite explosions in the Italian quarter.

## SOME ADVICE FROM HOBBY IN NEGRO CASE

Suggests Representatives of Organization Be Kept Out of the State.

AUSTIN, Aug. 23.—"Shillady was the only offense, in connection with the matter referred to in your telegram, and he was punished before your inquiry came," said Governor W. P. Hobby today in answer to a telegram from the chairman of the National Association for the Advancement of Colored People which asked what efforts are being made to punish those who beat John R. Shillady, secretary of the organization, and ordered him out of Austin yesterday.

"Your organization can contribute more to the advancement of both races by keeping your representatives and their propaganda out of this State than in any other way," continued the governor's message.

After stating that information of the attack upon Shillady had been received from Associated Press dispatches, the telegram from the chairman of the association said:

"Mr. Shillady is a man of great importance in New York. He is listed as a member of organizations he had served as secretary, and concluded: 'He was in Texas on the right errand of meeting members of the Austin branch of this association. We are asking you what efforts are being made at once to punish the offenders.'"

The telegram is signed by Mary White Ovington.

## GREAT RECEPTION BEING PLANNED FOR GENERAL PERSHING

WASHINGTON, Aug. 23.—General John J. Pershing when he returns to the United States will be accorded a spectacular reception if plans prepared today are carried out by congress.

The commander of the A. E. F. is scheduled to arrive in New York September 8 or 9. President Wilson may meet him there.

Chairman Kahn of the House military affairs committee has prepared a resolution asking a special joint session of congress September 18 to welcome General Pershing, and has asked the appointment of a special committee of five senators and seven representatives to make arrangements for the reception.

At that time if Chairman Kahn's plans are carried out the commander-in-chief of the expeditionary forces will be presented with a gold sword as an appreciation of his service.

The occasion will call for a great gathering of official notables, as the President's cabinet, high diplomatic officials of all countries and high military and naval men will be invited to participate.

Plans are also being considered to have the President at this time confer on General Pershing the rank of full general for life, as he has recommended. The bill authorizing the rank will be rushed through congress next week, as well as all other plans to show the country's appreciation. A formal congressional resolution of thanks will also be presented.

Another feature that is being considered is a parade down historic Pennsylvania Avenue, from the capitol to the White House with General Pershing at the head of the First Division, now on their way back to the United States.

## HOOVER TO SUPERINTEND PRODUCTION OF COAL

PARIS, Aug. 23.—Herbert Hoover was appointed by the peace conference today to superintend the establishment of the coal production in Silesia, pending the plebiscite which will decide Silesia's status with regard to the German and Polish claims.

## EAGLE PASS REPORTS THREE INCHES OF RAIN

EAGLE PASS, TEX., Aug. 23.—Three inches of rain fell here in three hours last night and today the Rio Grande was rising slowly.

## FAR-REACHING CAMPAIGN BY THE PACKERS

Charged With Flooding Congress With Telegrams That Are Forged.

## SEEK TO DEFEAT THE KENYON-KENDRICK BILL

Matter Is Brought to Attention of Congress by Senator Harris of Georgia.

By FRED S. FERGUSON.  
(United Press Staff Correspondent.)

WASHINGTON, Aug. 23.—It is regarded by officials as the most far-reaching propaganda to flood the country and congress since German activity was at its height is now being gradually revealed to Washington, it was learned today.

It is propaganda directed against the Kenyon, Kendrick and seventeen other bills to regulate packers.

According to documentary evidence, the pressure that is being brought to bear on congress in opposition to the regulating bills, takes the following form:

1.—Sending telegrams to congressmen and senators, signed with the names of residents of the legislator's districts without, it is alleged, the constituents' knowledge, in many instances.

2.—Agents appearing before commercial clubs, farmers' conventions and other organizations and persuading them to send telegrams to their national representatives opposing the proposed legislation.

Any such telegrams are repudiated by independent action of the organizations.

3.—Following by a detailed system of assembling newspaper clippings every article that mentions the packers and sending to the magazine or newspaper a statement of the packers' position.

4.—Distribution of booklets and pamphlets paid advertising mediums.

Senator Harris, Georgia, expressed all these charges today. He read into the congressional record a letter written by the manager of the Western Union at Fitzgerald, and a copy of a letter from Wilcox to one of the packing companies, brought the following statements:

"Am not in favor of federal control meat packing industry, Kendrick (S2199) Kenyon (S2202) bills."

Subsequent letters received by Senator Harris including a letter written by the manager of the Western Union at Fitzgerald, and a copy of a letter from Wilcox to one of the packing companies, brought the following statements:

"1.—That previous to the filing of the book of night letters, including that of Wilcox, the Western Union manager had 'handed' a number of books from various packing house representatives on this same bill."

"2.—That the Western Union manager could not recall the name of the man filing the messages including that of Wilcox, but that he made him out from the telegram 'giving as his excuse that he did not think it would make any difference to Wilcox if he sent them.'"

The attention of Senator Harris was called to the telegram feature of the propaganda at the time congress was flooded with messages protesting against the Kenyon and Kendrick bills.

Many Telegrams Received.  
Harris received three or four hundred telegrams from Georgia. A letter acknowledging the receipt of a letter from Wilcox was sent out by Senator Harris. Harris received a reply from Wilcox (declaring he had never sent such a telegram as the senatorial letter) and a copy of the letter which was read into the Congressional Record declared:

"I was very much surprised at the contents of your letter and did not know what telegram you referred to until I ascertained from the Western Union Telegraph Co. here just what you had referred to. After making an investigation into this matter, I find that on July 28, 1919, the following telegram was sent you, also Congressman J. Walter Wise and Senator Hoke Smith, as follows:

"Am not in favor of federal control meat packing industry, Kendrick (S2199) Kenyon (S2202) bills."

"Signed F. J. Wilcox."

It is understood from the Western Union Telegraph Co. operator here that these telegrams were sent by a representative of Armour and Co., they, or he, taking the liberty of signing my name to the telegrams without consulting me or receiving any authority from me whatsoever to do so, and to say the least of it, I do not approve of any such methods as they are using to open the defeat of any bills that might come before you.

Replies to Wilcox.  
Senator Harris replied to Wilcox, asking for any further information and received the following, purporting to be a copy of a letter from the Fitzgerald Western Union manager to Continued on Page Two, Column Two.

## WEATHER FORECAST FOR COMING WEEK.

WASHINGTON, Aug. 23.—The weather predictions for the week beginning August 25 are: Gulf States: Normal temperatures generally fair except that occasional showers and thunderstorms are probable.

## SPARTACAN RIOTS IN LARGE TOWNS.

BERLIN, Aug. 23. (Havas).—Spartacan outbreaks have occurred in several large towns, according to reports received here. The government proposes to take vigorous steps.

## SEIZE A LARGE SUPPLY GOODS AT FORT WORTH

Held by Salvage Company But Merchandise Is Unfit For Human Use.

AUSTIN, Aug. 23.—Seizure from a salvage company at Fort Worth of 1125 pounds of dried apricots, 975 pounds of dried peaches, 750 cans of salmon and 300 gallons of syrup by inspectors of the pure food department was announced today by Pure Food Commissioner R. H. Hoffmann. He added that the merchandise was unfit for human consumption.

## THOUSANDS OF POUNDS OF FOOD RELEASED

NEW YORK, Aug. 23.—Thousands of pounds of food stored in New York City have been released for consumption recently after agents of the United States attorney general's office had threatened the owners with jail sentences if they continued to hold the goods, it was learned today.

## CHICAGO PACKER IS FINED \$500 AND COSTS

CLEVELAND, O., Aug. 23.—William G. Fletcher, manager for the local branch of Swift and Company, Chicago packers, was under sentence of \$500 fine and costs here today in the right against high prices. Fletcher was found guilty of violation of the cold storage act.

## CAR LOAD OF SUGAR IN HIDING A MONTH

CHICAGO, Aug. 23.—District Attorney Clyne announced today he will sell at the government's price a car load of sugar he seized yesterday, which he alleged had been "hiding" a month while being sold and resold by speculators.

Speculation will be charged against the owners, Clyne said. Their names were kept secret.

## SAYS ALL OF POLITICAL PARTIES ARE INTERESTED

CLEVELAND, O., Aug. 23.—All political parties are expected by labor party leaders to contribute heavily to the new organization which will draft its platform at a convention in Chicago November 27.

Max Hays, temporary chairman of the executive committee, said here today the organization will draft a platform patterned after the British Labor Party platform.

Hays said that the organization will have a platform of 100 labor and fraternal organizations will attend the convention, Hays said.

He expressed the belief that the economic planks will increase the power of his party "immensely."

"The national ownership of all means of transportation and communication, the abolition of the land ownership and speculation in land and restoration of all civil liberties" will be the basic planks of the platform, Hays said.

## SOUTHERN PACIFIC LOS ANGELES SHOPMEN THROW DOWN TOOLS

LOS ANGELES, CALIF., Aug. 23.—The Southern Pacific Co. attempted to send out the "Shore Line Limited" train for San Francisco today. Strike sympathizers boarded the engine in the yards, stopped the train and took the rear brakeman from the coach.

The company officials sent automobiles out to bring the passengers back to the depot and annulled the train.

## ABLE TO RESUME PUBLICATION TODAY

The Times is being delivered to its subscribers today for the first time since Tuesday as the result of a walkout of its stereotyping and pressroom employees. We hope to be able to continue the publication of the regular issues of the paper without interruption from this time on, and are sure that this can be done if experienced counsel prevails.

The Times yet believes that some one will be found who can and will bring about a satisfactory understanding between the pressmen who left their jobs and the publishers and employing printers of Wichita Falls.

The failure of the regular issues of this paper to appear is deeply regretted by the management and we very much appreciate the forbearance of our readers. The subscriptions of all subscribers of record will be extended for the number of days the paper failed to appear.

## REVELATION OF GERMAN PLOTS WITH MEXICO

Included Proposed Invasion of United States By a German-Mexican Army.

## PLANNED FOR OCCASION OF DRIVE ON WESTERN FRONT

Warn Against a Proposed German Commercial Conquest Of Mexico.

NEW YORK, Aug. 23.—Revelation of extensive German plots in Mexico during the war which included a proposed invasion of the United States by a German-Mexican army of 45,000 men, at the same time that the Germans launched their last drive on the western front in July, 1918, was made here tonight by the National Association for the Protection of American Rights in Mexico.

That country, Dr. Altendorf, the son of a Polish banker in Cracow, Austrian Poland, abandoned a medical course in the University of Vienna at the outbreak of the war and fled to Mexico, where he was offered a position as a German spy to operate against the United States by Kurt Jahnke, of the German secret service.

"With pretended reluctance, but with secret joy, I accepted," he said, "and at once found myself in a position to render valuable service to the Allies in general and the United States in particular."

He opened communication with the border as a volunteer worker to the military intelligence department, he claims, and later was sworn in as a special agent of the military intelligence department.

The association states that it has investigated his claims and that Brigadier General Mariborough Churchill, head of the military intelligence department, "spoke in terms of highest praise of the real and trustworthy character of Dr. Altendorf, and of the great value of the services he rendered."

In addition to explaining his activities in Mexico, Dr. Altendorf warned the people of the United States against a proposed German commercial conquest of Mexico.

Within six months after the United States ratified the treaty of peace, he said, "Germany will have complete economic control of Mexico. Within a very few years, if they are permitted to carry out the plans they have formulated and are now executing as fast as they can, the Germans will have absolute economic, political and military control of Latin America, with headquarters in Mexico."

## BOLSHEVIKI CLAIM TO HAVE CAPTURED THOUSAND TROOPS

LONDON, Aug. 23.—A bolshevik wireless communication this evening says:

"We captured 1,000 prisoners including men from enemy Astrakhan regiment, together with machine guns in the fighting northeast of Lapskinskaya. Two enemy regiments were shattered. A group consisting entirely of officers was annihilated, 400 being killed and 150 captured."

"The report that two of our battleships were sunk at Kronstadt is untrue. One battleship was slightly damaged."

"Two thousand industrial establishments have been nationalized by the soviet. This is 82 per cent of the total of such establishments."

## GLACIER NATIONAL PARK THREATENED BY FOREST FIRES

DEVILS LAKE, N. D., Aug. 23.—A report reached this city at noon that the forest fires in Montana have reached Glacier National Park and that Great Northern train No. 4 is four hours late, due to picking up tourists fleeing from the park.

## CLOSED TO TOURISTS ON ACCOUNT OF FIRES

HELENA, MONT., Aug. 23.—The Two Medicine Lake region in Glacier National Park has been closed to tourists and campers have been excluded from many Glacier locations because of fierce forest fires that are destroying in the park, according to motor tourists who reached Helena today from Glacier Park. The Two Medicine fire was set by campers, it is said.

## FRENCH AIRPLANE GOLIATH LANDS.

PARIS, Aug. 23.—The French airplane Goliath has landed north of Dakar with a broken propeller. All on board are safe.

## MORE TROOPS CROSS BORDER BUT TWO DETACHMENTS RETURN; MEXICANS CAPTURE 8 BANDITS

TROOPS FAIL TO FIND PORTO RICAN

## MEXICO CITY, Aug. 23.—

Troops sent to the Ajuco region to search for Dr. Goenaga, Porto Rican, said to be helping bandits, reported they had been unable to find him. Several detachments of soldiers were sent to join the search several days ago. The bandits were said to have demanded \$15,000 ransom.

## SAN DIEGO, CALIF., Aug. 23.—

All hope of finding Lieuts. Waterhouse and Connolly, aviators, believed lost in Mexico, has been according to statements of officers at Rockwell Field tonight. Colonel Arthur J. Hancock, commanding, said that so far as airplane search was concerned, the army had done all it could do.

## MARFA, TEXAS, Aug. 23.—

Eight bandits believed to be a part of the Jesus Renteria gang which kidnaped Aviators Peterson and Davis, have been captured by Mexican federal troops at Coyame, Chihuahua, according to a report to Col. George T. Lanier, home from Mexican Consul Cosme Benegochi at Presidio tonight.

The bandits were captured in a dance hall after the federal troops had surrounded it. The report says the troops had marched to Coyame from Chihuahua City.

The prisoners were taken to Chihuahua City by General Diquez's cavalry. Army headquarters here announce the Mexican cavalry troops had been seen by aviators marching toward Coyame. The time of the capture was not given.

## FOUR OF SEVEN BANDITS CAPTURED AND EXECUTED

LAREDO, TEX., Aug. 23.—Four of seven bandits who robbed headquarters of the Pennsylvania Oil Company near Tuxpan, Mexico, of 50,000 pesos August 15, have been captured and executed by Carranza soldiers under command of Colonel Laro Cardenas, according to a military telegram received by officials in Nuevo Laredo today.

Employees of the Pennsylvania company were highest in the ranks while the bandits looted the offices, the telegram said. Colonel Cardenas immediately took up the chase, capturing four of the robbers. General Riecke, commander of the Tuxpan district, ordered the men executed.

Detachments from Colonel Cardenas' command are in pursuit of the three remaining bandits.

## MEXICO TO PERMIT BRITISH CHARGE TO REMAIN IN COUNTRY

WASHINGTON, Aug. 23.—After having told William Cummings, the British charge d'affaires in Mexico City, that his presence in Mexico was deemed "incompatible with the state of relations between this government and Great Britain" he has stood and do now stand. The Mexican foreign office is understood to have relented and Mr. Cummings expects to remain in the Mexican capital.

## OPPORTUNITY FOR THE LEAGUE OF NATIONS

LONDON, Aug. 23.—In connection with the expulsion from Mexico of the British charge d'affaires, it is understood that the British government is co-operating with the United States in an effort to straighten out the situation.

The suggestion has been made in high government quarters here that Mexico possibly presents an opportunity for application of the principles of the League of Nations, and in this connection the belief has been expressed that the United States might welcome a settlement of the Mexican question by the league.

## CROSSES THE BORDER AFTER PACK MULES

MARFA, TEX., Aug. 23.—Captain Truman Boudnot, commanding a detachment of the Eighth Cavalry at river base, crossed to Mexico yesterday to recover six pack mules lost or the trail when the punitive expedition crossed the river and met a Carranza detachment in a canyon south of the river.

The Carranza commander stopped the detachment, which consisted of 25 American troops and asked Captain Boudnot where he was going. Captain Boudnot explained that he was searching for lost mules in the mountain canyons and continued the search. He found the mules and returned to the American side.

## EBERTS TAKES OATH OF OFFICE AS FIRST PRESIDENT GERMANY

WEIMAR, Aug. 23.—Another official step in Germany's transition to the rule of democracy was recorded yesterday when Friedrich Ebert, amid impressive ceremonies, took oath as president of the republic. President Feilenbach of the national assembly, who administered the oath, reminded Ebert of the difficulties of the office and pointed out that the old order has gone for ever. Feilenbach concluded with the hope that the president would "unite the German people, led them back to work and order, and point the way to the slow but sure rebirth of the fatherland."

## BELIEVE MEN ARE PART OF GANG WHICH KIDNAPPED THE TWO AMERICAN AVIATORS.

CONTINUE SEARCH FOR OTHER MISSING AIRMEN

## AMERICAN CAVALRYMEN ARE STILL COMBING THE MEXICAN HILLS AND PLAINS.

EL PASO, TEXAS, Aug. 23.—Of the three cavalry detachments which were on Mexican soil today in search of marauding bandit gangs, but one remained below the border tonight. Two which were sent across the border today were ordered withdrawn a few hours later.

Far below the border, south of the Big Bend and the Rio Grande, a strong force of American cavalrymen still is combing the Mexican hills and plains for the bandits that last week captured and held for ransom aviators Paul H. Davis and Harold G. Peterson.

On the California-Mexican border, American and Mexican troops are maintaining an discouraging search for Lieuts. Frederick Waterhouse and Cecil H. Connolly of the Ninth aerial squadron, who disappeared last Wednesday after they left Yuma, Ariz., on a return flight to Rockwell Field, San Diego, Cal.

EL PASO, TEXAS, Aug. 23.—The two troops of the Seventh Cavalry ordered into Mexico opposite Fabens, Texas, this morning, were ordered back on Saturday night. They were ordered late this afternoon by Brigadier General James B. Erwin, district commander. Failure to locate the trail of the bandits was given as the reason for the withdrawal.

The bandits had a start of 12 hours on the American troops and their trail was lost by the Americans near the border.

"The mission for which the troops were ordered into Mexico could not be accomplished," General Erwin said, "so I have ordered the troops to return. They probably will reach their stations tonight."

General Erwin's statement follows: "Early this morning I was informed by Major Adolphus W. Roffe, Seventh Cavalry, commanding the border patrol on the El Paso-Fort Hancock area, by telephone, that armed Mexicans had stolen and driven across the border a stock belonging to the United States. I immediately ordered the matter and had found conditions in the stock and had affidavits from reliable citizens that the facts were as reported."

"I ordered him, if absolutely certain that the stock had been stolen and driven across the border by Mexicans and the trail certain and hot, to send our troops after the bandits, recover the stock, punish bandits and return to American territory."

"I am notified by Major Roffe that two troops of cavalry crossed the border at 4 o'clock this morning to carry out the order. Colonel Glover, chief of staff of the district, is now at Fort Hancock in command and is in touch with our troops. I have not as yet received further details from him."

## AMERICAN FEDERATION TO MEET AUGUST 28

WASHINGTON, Aug. 23.—A meeting of the executive council of the American Federation of Labor, which is to be held in Washington on August 28, immediately following the return of President Samuel Gompers from Europe, was announced today.

The council will take up all pending Federation matters, including labor legislation now before congress. This includes the Plumb plan.

## Execution Date Fixed Ten Times; Man Is Pardoned

LITTLE ROCK, ARK., Aug. 23.—Neal McLaughlin, Franklin county mountaineer, dates for whose execution were fixed ten times, has been granted an unconditional pardon by Governor Brough. His death sentence had been commuted to life imprisonment by a former governor.

Two years ago McLaughlin escaped from the state penitentiary and returned to his home in Arkansas. No effort was made to return him to the penitentiary, but Governor Brough sent word to the mountaineer that he could not hope for a pardon until he surrendered to the penitentiary officers or came to the governor's office.

McLaughlin appeared before the governor and received a pardon. He was convicted of having assaulted a young girl.

RECORD BREAKING DETERIORATION IN COTTON INDICATED

PLANT IN ITS PRESENT CONDITION CANNOT STAND REVERSES.

CANNOT KEEP PRICES DOWN

Entire World is Badly in Need of the Principal Article Produced in South.

FORT WORTH, Aug. 23.—In a statement issued this morning President D. E. Lyday of the Texas Farmers Union says cotton in this State is facing serious damage from the continued rains and cool weather. Weevils are being propagated, he says, according to reports to headquarters here.

Special to The Times. ATLANTA, Ga., Aug. 23.—Watch the condition of the growing cotton crop from August 15 to September 1 and you will see record breaking deterioration, says J. Scott Wainwright, president of the American Cotton Association. The cotton plant, he declares, in its present condition cannot stand reverses, neither can we spin paper cotton, hollies or cotton which are included in published surplus figures which many bear speculators are using in their arguments and efforts to endeavor to keep prices down.

It is pointed out by Mr. Wainwright that while the bear speculators during most of this past week pounded prices down terrifically, that the recovery and upward trend of the market that developed Thursday shows that the opponents of a fair price to the producer cannot steadily continue to secure big profits at the expense of the people who grow the staple.

World Needs Cotton. This is due to many reasons, chief of which are that the entire world is badly in need of the principal article produced in the south, that its real value cannot long be denied and that actually this year's crop will be seriously short as compared to previous seasons. Weather and labor shortages are two important factors also.

There was considerable less land devoted to cotton this season and abandonment of lands so planted has been the heaviest known in years due to unusually heavy rains, grass, weeds and boll weevil.

The recent statement issued by the association executive committee urging the farmers to hold their product off a depressed market and to always sell in as slowly as possible as the new crop comes on, is declared to have brought good results and assurances in general.

Mr. Wainwright says the producers are becoming thoroughly convinced that their cotton will this year bring better prices than realized for some time, provided they market the staple cautiously and hold as much as possible for higher prices that are inevitable. The cost of production, he says, is on record, he declares, also, since the cotton growers that they must act accordingly and conservatively and declares they will generally do so.

Bring Fire to Department. TULSA, OKLA., Aug. 23.—It's rather unusual for the firemen to have a fire brought to them to be put out, but that happened today. A Frisco coal car near Dawson caught fire and the railroad rushed the car here and called out the department.

The National Bank of Commerce has capital and surplus of half a million dollars. This large fund, together with the banks experienced, conservative management provides absolute security for depositors' funds.

DRILLING OPERATIONS IN THE WAGGONER POOL STILL CONTINUE ACTIVE IN SPITE OF HANDICAPS

Drilling operations in the Waggoner pool have not slackened up in the least, and as quick as a rotary contract is finished the rig is moved to another location, without scarcely waiting for the boiler to cool. There is still the difficulty of securing materials, and the labor situation remains as acute as ever and there is the usual shortage of water but despite all drawbacks developments continue at fever heat.

That Burk Burnett townsite may stage comeback and stockholders and operators who have as yet failed to get their money back, and there are many such, may yet realize on their investment, if the 4,000 foot cable hole test of the Burk Burnett Deep Well Oil Co. proves what geologists have claimed for some time, that there is a deeper and richer sand than has yet been found in the townsite pool. This test, on block 20 of the townsite, will furnish the first real deep cable test that the entire Burk Burnett district has had, and is for that reason of unusual interest.

It is expected that Monday morning will see sufficient cement for immediate construction needs in Wichita Falls.

Immediate relief of the cement shortage, which has been handicapping building operations in Wichita Falls, is to be the first fruits of the effort to relieve the freight congestion on inbound traffic to this place following the conference with high railroad officials during the week, notice having been received by M. E. Cox of the local freight bureau that all cement loaded for Wichita Falls was in movement and would be turned over to the Denver in Fort Worth Saturday afternoon.

Prompt handling of the shipment has been promised by the Denver, and it is expected that Monday morning will see sufficient cement for immediate construction needs in Wichita Falls.

Two mules, reported to the police as lost or stolen about a month ago by a local teamster, were found a few days ago after they had wandered over a hundred miles to their old home near Coleman City. Advertisements had been run in the local papers and rewards had been offered but nothing more was heard of the missing mules till word was received from the former owner that his mules had been found there, and that he could get them by coming after them.

Savings which you deposit with the National Bank of Commerce not only earn a per cent interest for you but also help to finance the industries of Wichita Falls and Wichita county.

The Pittsburg Visible Gasoline Dispenser Vouches for your Honesty Increases Sales Saves Time and Labor Insures you against Loss Builds permanent Trade Leaves no Doubt in Customer's Mind Endures hard Service without Expense Places Your Head and Shoulders Above Your Competitors "Reputation for honesty" is the best asset of your business. A "Visible" Gasoline Dispenser in front of your place stamps you as being intentionally honest, causes favorable talk and gives your customer full confidence in you. The Pittsburg Visible is constructed with no wearing parts. Friction is, therefore, eliminated. No valves to wear, no pistons or plungers to get out of order, which causes poor compression, leading to short or over-measure. Gasoline is filtered three times from tank to car passing through the Pittsburg Visible. No testing or regulating required to see if the buyer is getting more gas than he should or if he is being "short-changed." There is no arm-breaking crank to turn, making the operator think he has rheumatism or giving him sleepless nights from a pain in the back. No electric motor to spark, making a hazard to surrounding property, to say nothing of one's safety. The construction and operation of the Pittsburg Visible is so simple that a child can operate it and it will last a lifetime. Those who are using the Pittsburg Visible Gasoline Dispenser claim their sales have increased from 25 to 50 per cent, and as a business getter for automobile supplies, it is the greatest advertisement going. The Pittsburg Visible has no dial with a turning arrow to register to your car the gallons pumped in. The glass bowl, containing five balloons by the United States Standard of Weights and Measures, indicates conclusively that you received five gallons or any part thereof that you may have ordered. We also handle Tanks, Air Compressors, Electric Motors and such Garage equipment as that applying to the dispensing of gasoline. Eagle Oil Co. Exclusive Agents Houston, Texas Edward B. Williams, North Texas Representative St. James Hotel Wichita Falls, Texas

# SOCIAL NEWS

## GARDNER ORCHESTRA HERE FOR DANCE ON WEDNESDAY

The celebrated Jack Gardner Orchestra from Dallas formed the feature of the usual mid-week dance at Lake Wichita pavilion, which is one of society's amusements. The Wednesday dance was well attended, as usual, and there were the usual quota of out-of-town guests, both girls and young men.

## DINNER TO HONOR BRIDE AND GROOM

On Monday evening the members of the Vaughan-Hill wedding party were entertained at 7:00 dinner by Misses Katherine and Lois Brothers, Miss Loumie Vaughan and Mr. Hill, the bride and groom of Wednesday.

Following the dinner a few of the intimate friends of the bride called for a pleasant evening with the bride and groom. Dancing was in order and refreshments were served.

## MRS. HAMMOND ENTERTAINS HER BROTHER AND BRIDE

Mr. and Mrs. Charles Miller, bride and groom of a week, are guests at the home of Mr. and Mrs. L. P. Hammond, 1624 Tenth street, Mr. Miller being a brother of Mrs. Hammond.

The bride was formerly Miss Eula Williams, popular Dallas girl, and the groom is a prominent Wichita Falls young man, having resided here with his parents, Mr. and Mrs. C. M. Miller, for a number of years.

## BRIDGE PARTY FOR HOUSTON VISITORS

On Monday evening, August 18, Misses Winnie Wakefield and Grace Miller entertained at their home on Tenth street with bridge for Misses Dorothy Golding and Gwendolyn Campbell of Houston. Miss Miller served a delicious punch and salad course with the aid of Miss Eula Tomlinson.

The following young ladies were present: Misses Dorothy Golding, Campbell, Eula Tomlinson, Bessie Bates, Kitty Keleher, Sallie Smith, Pauline Steinman and Artie Duffie.

## SOCIETY BRIEVES.

Mrs. E. W. Nicholson and son, Frank, and Miss Florence Jackson made up a week end party for Medicine Park, leaving Thursday by automobile.

Mrs. Clarence Moore is entertaining as her house guests her sister, Miss Hal Rominger, and Miss Hilda Staudt, both of Fort Worth.

Mr. and Mrs. L. P. Hammond and family have returned from an extended trip through Colorado and California.

Miss Georgia Lou England of Seymour is the guest of her brother and wife, Mr. and Mrs. Grady-England, 1610 Tenth street.

## VAUGHAN-HILL WEDDING SOLEMNIZED TUESDAY

One of the most attractive weddings of the season was solemnized on Wednesday at the home of Mr. and Mrs. R. M. Vaughan, when their third daughter, Loumie, became the bride of S. Chester Hill of Lebanon, Indiana. Ferns, brides roses and bands and bows of tulle made the reception suite of the attractive Vaughan home a pleasing setting for the wedding. Similar arches between dining and music room, formed a frame for the bridal party, and in the arch was hung the wedding bell, of white roses, caught in place by lovers knots of white tulle.

The numerous guests were received at the door by Mrs. Vaughan, mother of the bride, and Mrs. J. H. Zeigler, sister of the bride. In the receiving party were Misses Katherine and Maude Brothers, cousins of the bride, who served punch following the ceremony. The brides were in dainty frocks of pink and blue organdy.

Preceding the entrance of the bride, Miss Katherine Cook's lovely soprano was heard in the heart of the wedding. The chosen nuptial song, which Miss Lois Brothers, cousin of the bride, accompanied at the piano.

At the close of the song Miss Brothers began the Mendelssohn Wedding March. Preceded by little Miss Mary Zeigler, niece of the bride, who scattered rose petals from a basket of white wicker, the bride came down the stairs on the arm of her maid of honor, her youngest sister, Miss Mae Vaughan. Under the archway they were met by the groom and the minister, Dr. S. A. Barnes, officiating in the absence of Dr. N. F. Grafton, the pastor of the bride's family church. The ring service was used, the circlet being carried in the hands of a rose by Miss Zeigler. The Lohengrin Bridal Song, was played through the ceremony.

The bride's girlish charm was enhanced by the beautiful wedding gown, with all accessories mounting. The long veil, caught to the head with orange blossoms. Her sole ornament was a handsome string of pearls, the gift of the groom. Brides roses and lilies of the valley in gorgeous profusion, made the shower bouquet which the bride carried.

The maid of honor, Miss Vaughan, wore a robe of pinkorgette and carried an arm basket of bridesmaid roses.

The dainty little flower girl was gowned in white organdy and lace, with all accessories mounting.

Following the ceremony an informal reception was held and refreshments served. The handsome array of gifts of cut glass, linen and silver attested the popularity of the young people.

One of the many handsome gifts was a chest of sterling tableware, the gift of the brides family.

The wedding of Wednesday was the culmination of a college romance which began when bride and groom were students in Earlham College, Richmond, Indiana, where the bride took her B. A. Degree, following her graduation in 1911 from the Wichita Falls high school. The groom is at present physical director of the Lebanon, Indiana, high school. He was a student at the University of Wisconsin, following his studies at Earlham College, and during the war was stationed at Camp Taylor, Louisville, Ky., first lieutenant of cavalry. He has also served on the Texas border.

The third daughter of Mr. and Mrs. Vaughan, long time residents of Wichita Falls, the bride was born and reared in this city and has many warm friends and admirers, whose interested congratulations and best wishes are with her at this time.

Since her graduation from college, she has been a popular member of the Wichita Falls school faculty, and numbered as her friends her pupils and her associates in the profession as well.

Mr. and Mrs. Hill left Wednesday afternoon for their wedding trip to St. Louis and other northern points, and after September 15 will be at home in Lebanon, Ind.

Out of town guests here for the wedding were: Miss Ethel Brown of Austin, Mr. and Mrs. O. L. Woods of Vernon and Mr. and Mrs. George Brothers of Amarillo.

## RESERVATIONS FOR MILLIONAIRE'S TRAIN REACH TOTAL OF 250

Two hundred and fifty reservations have been made for the Millionaire's Special to the Buffalo barbecue which Karakule Bill McCallister is going to stage on his ranch Labor Day, according to Fred Sehman, who is in charge of the reservation lists, and 25 oil men's wives have already accepted the invitation.

"We are making every arrangement for the enjoyment and comfort of the ladies on this trip," says W. E. Norton. "And we are especially anxious that a large number attend. It will be something very different from anything ever staged before in any part of the country, and we want the wives of the oil men, just as much as the men themselves. We have put aside two pullmans for the men who are accompanied by their wives, and can arrange for more cars, if necessary; we rather hope it will be, for we won't count it a complete success unless there are lots of the ladies along."

The train will leave Wichita Falls next Sunday, August 31, about 3:30 and will arrive at Goodnight that night and be on the road for the next 24 hours, serving as headquarters for the party until Monday night, when the return trip will be made. The special train will carry a dinner for Sunday night, breakfast Monday morning, and dinner Monday night will be served on the train. The buffalo barbecue will be the feature of the day Monday, and nothing will find it necessary to patronize the chef of the diner at that time.

Reservations should be made immediately with Fred Sehman at Jack Farrar's office, second floor First National Bank building.

After twenty years in the offices and lumber yards at the corner of Ninth and Indiana, the Moore and Richolt Lumber Company has just now finished moving the offices of the company, and the lumber yard to the new plant, Thirteenth and Scott, where the company occupies the entire west half of the block. In a short time, as soon as the few bits of material now at the old place of business can be moved, the old buildings and yards will be razed, and the site, 150 feet on Ninth and 300 feet on Indiana, will be left vacant. At present there are no plans for improving this property. It is stated, it is considered one of the most valuable corners in the business district.

Here Quarter Century. Moore and Richolt, a partnership, has been doing business in Wichita Falls for almost a quarter of a century, and the business has progressed with the growth of Wichita Falls, and in the present remarkable building activity it has been one of the most active business concerns in the city.

The Wichita Falls Sash and Door Factory, a corporation in which the partnership holds the controlling stock, has also enjoyed a remarkable growth since its organization in 1909. Both members of the firm have been actively concerned in the management since the business was first started. J. A. Richolt is president of the sash and door factory and W. Lee Moore manages the lumber company.

Extensions both to meet present needs and in a number of cases in anticipation of future needs have been being made by the North Texas Gas Company, according to a letter from F. A. McManis, general manager, in reply to one from W. S. Curlee, chairman of the public utilities commission of the city council as to what the company is doing to keep pace with the growth of the city.

Prairie congestion, and the consequent inability to secure shipment of material for the mains and other equipment has been a severe handicap in the making of extensions, says the letter. Several consignments of pipe are now on order, one of them as long as 60 days. With their receipt still further extensions will be made in anticipation of the coming winter without delay, Mr. Curlee states.

Material relief to the ice shortage has been afforded by the cooler weather of this week, and the ice factories are now able to care for the needs of customers, without stint, according to manufacturers. The soda fountains, cold drink stands and similar establishments are now being given all the ice they want, it is stated, and since long continued hot spells are scarcely anticipated at this time of year, it is not believed that an ice famine, such as that of a week past, will again be experienced this summer, with the increased facilities for making ice which both plants are installing, and with the storage capacity filled during the winter, there will be no chance for an ice shortage, it is stated.

There is now sufficient ice being manufactured, with the lessened demands to supply all sections of the city, and the reduced allowance is not now necessary to the residence section, nor the business district. The North Wichita Falls district was the first to be supplied, through the Peoples Ice Co.'s retail station, and though a wagon was not put on, as was requested by committees from the civic organizations, arrangements are being made to keep an adequate supply on hand for this district, at all times.

Details for the organization of a detective bureau in the city police department are being worked out by C. Goodfellow, assistant police commissioner, according to a statement issued Saturday. While the exact number of the bureau, nor its personnel, has as yet been decided upon, Mr. Goodfellow, with this organization in view, has for the last several weeks been taking every opportunity to employ men on the local police force with experience as plain clothes men in other cities, with a view to their transfer to the detective bureau.

The third degree will be conferred on seven candidates at the regular meeting of the Odd Fellows in the Odd Fellows hall in the Swarts-Wood-bldg. Monday night, according to announcement of J. R. Ogle, past grand of the order.

The coming month will exceed the month of August in the number of members initiated by the local Odd Fellows, according to Mr. Ogle, who expects to see the largest class in the history of the local lodge initiated at the first meeting in September.

Whatever banking service you may need, you will find the National Bank of Commerce ready to serve you promptly and efficiently and with your individual requirements; always in mind. 87-11c

County officers are taking a hand in the effort to check violations of the provisions of the state highway law, a number of arrests for failure to show seals and license numbers both on the front and rear of machines having been made by members of the constable's force Friday and Saturday. The offenders were brought before Justice C. J. Arrington, and fines of \$1 and costs assessed in all cases.

As the former road bond issue is still practically intact, and there has been no occasion for the immediate sale of the second issue, these bonds have not been submitted to the attorney general's examination, although more than a year has passed since the election authorizing their issue. The decision of the commissioners to sell \$500,000 of bonds in October, however, called for their submission without delay.

Complaints against Will Clark and Walter Moore, white men, have been filed before Justice C. J. Arrington in the case of a woman, who was charged on a charge of pandering. The men are alleged to have transported a white woman from Fannin county to Wichita Falls for immoral purposes.

In addition to the charges of profiting, the number of complaints charging violation of the Mann act, and theft from interstate shipments, will be up for the consideration of the grand jury.

Evidence gathered in the local investigation of profiteering by agents of the Department of Justice is sufficient to warrant the bringing of several cases before the federal grand jury when the Federal court convenes here September 1, according to one of the local officials of the Federal court. While existing laws do not cover many of the cases, unreasonably charged, uncovered in the local investigation, it is thought that they do warrant the filing of a number of cases which have come to the notice of the officials.

Two young men are charged with pandering. Complaints against Will Clark and Walter Moore, white men, have been filed before Justice C. J. Arrington in the case of a woman, who was charged on a charge of pandering. The men are alleged to have transported a white woman from Fannin county to Wichita Falls for immoral purposes.

McClure will ask for more men for fire department.

Fire Chief J. L. McClure will appear before the city council Thursday with request that his department be increased in personnel and that more modern equipment be added.

There now are ten firemen. Chief McClure will urge the necessity of at least 15 men. The fire department has not been increased in size in several years. The city probably has doubled in population since the department was first organized.

A combination hose-chemical engine also will be asked by the chief from council.

"It has taken many years to build this city," said Chief McClure Saturday. "It could burn within a few hours."

Wichita Falls is too important, too great a risk when the expenditure of a few thousand dollars would assure protection.

It also was pointed out Saturday that this city has the smallest fire department of any city of importance in the state. Beaumont, Galveston and Austin, all smaller than Wichita Falls, have much larger fire departments in amount of equipment and numbers of men.

## TO BEGIN CAMPAIGN TO SECURE FUNDS FOR METHODIST HOSPITAL

An aggressive campaign for funds for the Southern Methodist Hospital, which was projected early in the summer by members of the M. E. Church, South, will begin shortly after the first of September, according to W. D. Hamilton, who was one of a committee of business men appointed by the church to attend to the matter of providing additional hospital facilities of the committee, is expected to return from a short vacation in a week's time, and on his return will immediately begin work, and will have the committee at work, it is stated. It is hoped to raise the quarter of a million desired in a short while, since there have already been several promises of substantial subscriptions.

"Regardless of what disposition is made of the Call Field hospital," said Mr. Hamilton Saturday, "we are going to work for a permanent establishment, for the great need of additional hospital facilities at present, is certain to grow even greater, as the city continues its growth. We are anxious to do whatever may afford temporary relief, and to work toward a permanent end also. We had hoped for some definite action long before this time, but circumstances have prevented such from being the case."

Material relief to the ice shortage has been afforded by the cooler weather of this week, and the ice factories are now able to care for the needs of customers, without stint, according to manufacturers. The soda fountains, cold drink stands and similar establishments are now being given all the ice they want, it is stated, and since long continued hot spells are scarcely anticipated at this time of year, it is not believed that an ice famine, such as that of a week past, will again be experienced this summer, with the increased facilities for making ice which both plants are installing, and with the storage capacity filled during the winter, there will be no chance for an ice shortage, it is stated.

WICHITA FALLS STYLE & QUALITY STORE

## We Announce the Completion of the Second Story To Our Store Making This One of the Largest Department Stores in All Western Texas or Oklahoma

The remodeling of our store building is now about complete and our trade can again visit our store and find well arranged stocks to select from. We wish to express our appreciation for the indulgence of our trade while our store was disturbed by remodeling and to assure you that our efforts will be directed to giving the very best service, making your trading here a pleasure.

New fixtures have been ordered for every department of our store, and when these have been received this will be one of the most beautiful, as well as one of the largest stores in this section of the state.

\$100,000 of new Fall Merchandise has just been added to the different departments of our store and we assure you that you will have Style, Quality and Values revealed to you in your visit to our store.

**Men Who Select Their Suits Now Will Make A Big Saving**

### Kuppenheimer Quality Reigns Supreme

Several hundred New Suits have been received and are now on display in our Clothing Department. These Suits represent better values and workmanship than later purchases will do, as labor troubles have reduced the quality of workmanship and advances in price of woolens and labor has increased the cost of clothing. All the very newest styles and patterns, made of the accepted materials, are now in stock.

Experienced clothing salesmen are in charge of this department to assist you in your selection as to style and material, also to see that your suit is perfectly fitted and to render the best of service customary to a dependable clothing store.

Kuppenheimer's conservative style Suits, shown in all new materials and colors. Priced ..... **\$25.00 to \$65.00**  
 Young men's Langham High and Kuppenheimer Suits, in the popular waist line effects, now in stock. Priced ..... **\$35.00 to \$65.00**

### MEN'S NEW FALL SHOES ARE HERE

Bion F. Reynolds Shoes for men who care are now in stock and every new and wanted style is shown in all desirable leathers in black and tan. We are basing our selling price on the cost of the shoes to us and not on replacement prices. This means a saving of \$1.00 to \$3.00 per pair, as our shoes were contracted for before the advance in prices that is now in effect.

Bion F. Reynolds Shoes, priced . . . **\$10.00 to \$15.00**  
 Edwin Clap Shoes are still priced . **\$13.50 to \$15.00**

Our plans are to make this a larger and better store, and to make trading here a pleasure.

To do this we realize we must be interested in the future as well as the present, to give service and values now in order to build up our trade and lay the foundation for a permanent business.

Visit this store when downtown shopping; we believe you will be pleased and that you will find here courteous salespeople, new and stylish merchandise of the best quality and prices that are very reasonable.

# We Want To Meet New Residents

New residents of Wichita Falls and surrounding towns are cordially invited to avail themselves of the exceptionally interesting merchandise service which this store is rendering. Grant us the privilege of showing you why we are so successful in catering to so many satisfied customers. We are now offering the new styles in Suits, Dresses, Skirts, Coats, Hats, Blouses and all that's new in Piece Goods.

While the word to open wide the gates to the Temple of Fashion has not yet been spoken, they are beginning to swing on their hinges here, revealing many interesting new features in women's dress and glimpsing authoritative modes for present and early Fall wear.

The universal cry for "something new" is answered here by constantly changing stocks.

## Newest Arrivals for Autumn in DRESSES

The fine art of dress for women finds its highest expression in the ability to create such types of apparel as are unusual, the ability to avoid the commonplace and hackneyed repetitions, to temper the tendency toward extravagances with the restraint and repression necessary to achieve elegance with refinement, dignity with youth. In short, to personalize the modes in a manner that makes true complements to one's individuality.

Surpassing in style, grace and beauty those of any previous season; beautiful fashions in lovely shades of such handsome materials as Peach Bloom, Duvetyne, Cordovan, Velour, Serge, Jersey, Charmeuse, Satins, Crepe Meteors, Crepe de Chine, Tricotelette, Georgettes and Velvets. Beautifully trimmed are these garments and the prices range from \$22.50 up to **\$135.00**

## Fashions in NEW FALL SUITS

The new Tailored Suits we are now introducing are of immediate interest to every woman. Most of them are made charming by their simplicity, and those of a more dressy nature are being equally well received.

Many express shipments have been added to our advance showing the past few days.

This week we will show Suits of Serge, of Velours, Tricotines, Tinsel Tone, Silvertone, Duvetyne, Peach Bloom, Broad Cloth and Tricotelette, also Velour Checks. Some are trimmed in buttons and braid while others are lavishly adorned with fur and embroidery. The colors are navy, mahogany, brown, taupe, gray, tan, beaver, copen, henna and black.

Priced from **\$35.00** to **\$125.**

## SILK UNDERFINERY

In the past six months we have enjoyed the largest Silk Underfinery business in the history of our business. Anticipating a large business we bought heavily, we have received large express shipments the past week, therefore have in stock a large assortment of Ladies' Silk Gowns, Pajamas, Teddies and Camisoles.

- Gowns of Wash Satin, Georgette and Crepe de Chine in flesh and pink, lace and ribbon trimmed, \$8.50 to **\$22.50**
- Teddies of Georgette, Crepe de Chine and Wash Satin in flesh and pink, rose bud, ribbon and lace trims, \$4.50 to **\$15.00**
- Pajamas of Wash Satin, beautifully trimmed, \$12.50 to **\$20.00**
- Camisoles of Wash Satin, Georgette and Crepe de Chine, Lace, Ribbon and Rosebud trimmings, \$1.50 to **\$5.00**

Let us show you our lovely assortment of Silk Petticoats.

## LADIES' NEGLIGES AND KIMONAS

During the past few days we have received large express shipments of Negligees and Kimonas. This is a beautiful assortment and will be on display Monday on the second floor.

Negligees in Crepe de Chine and Georgette, the colors are pink and blue, elaborately trimmed in lace and ribbon. Priced from \$18.75 to **\$30.00**  
A wonderful showing of Kimonas in Jap Silk, hand embroidered, priced from \$15.00 to **\$35.00**

## Distinctive New Fall MILLINERY Now on Display

Here in complete readiness is a display introducing the newest Fall modes in Millinery. These are styles new and different—styles that are suitable for all ages.

Never before such an extensive showing of Millinery in advance of any season, and the arrivals of the past few days place us in complete readiness to meet every demand. Draped Turbans, Odd Brim shapes, medium and large Dress Hats and Sailors are to be had in the new season's most desirable creations. They are fashioned of such popular materials as Duvetyne, Satin, Panne and Lyons Velvet, Taffeta, Beaver and combinations of Velvet and Taffeta and Georgette and Velvet. In all the fashionable tones for the new season.

It is pleasing to note that these are all moderately priced, ranging from **\$7.50** to **\$30.00**.

You should be among the first to wear one of the many pleasing new creations.

## New Fall COATS AND WRAPS

The wanted new fabrics are to be found in our showing in models that for smartness have no equal. Each model is a masterpiece of inspired design, fashioned in the best materials. Linings, trimmings and colors all are blended with that sense of discrimination that has placed them on an unapproachable plane of distinction.

The materials are Chamillian Cloth, Tinseltone, Velours, Broadcloth, Silvertone, Polo Cloth, Plush Fur and the mixed materials. The colors are Burgandy, brown, beaver, taupe, copen, reindeer, pekin, seal and black.

Some are long and full width belts, others loose blacks and Dolmans. Many have the cuffs and pockets trimmed in rich furs, some with buttons, etc.

The price ranges are from **\$25.00** to **\$350.**

**COATEES**—We have a wonderful assortment of Coatees in Plush and Velvet. Priced from **\$35.00** to **\$65.00.**

## NEW SHIPMENT OF LADIES' BOOTS AND PUMPS FOR EARLY FALL WEAR JUST RECEIVED

We have just received large shipments of Boots and Pumps in everything that's new for early Fall wear. While our Shoe Department has been very badly torn up on account of remodeling our store, we will be in nice shape Monday morning to handle the trade nicely and will show many new Fall Styles.

- Field Mouse Boots, full Louis heel **\$15.50**
- Mahogany Brown Boots, full Louis heel **\$15.50**
- Black Kid Boots, full Louis heel **\$12.50**
- Black Kid Boots, military heel **\$9.00**
- Grey Kid Boots, military heel **\$11.00**
- Black Satin Pumps, Louis heel **\$10.00**
- Black Suede Pump, Louis heel **\$11.50**
- Black Kid Pumps with duckkles, Louis heel **\$11.00**
- Patent Leather Pump, Louis heel **\$11.00**

We have experienced shoe men that will take pleasure in showing you through our stock whether you are ready to buy or not.

# ARE DISTURBED OVER MEXICO'S DETERMINATION

### Officials Disposed to Confiscate Oil Property in Spite of Protests.

## MEXICAN PEOPLE WANT A SETTLEMENT OF QUESTION

### Official Statement Made by the Chief of Petroleum Bureau of That Country.

WASHINGTON, Aug. 23.—Officials here are somewhat disturbed, it was learned today, by an apparent determination on the part of Carranza and his official advisers to confiscate the oil property of foreigners, including Americans, in spite of the protests lodged with the Mexican government by all the nations whose nationals have investments in Mexico.

Two public declarations by Carranza close to Carranza have expressed the President's stand on this matter which public opinion official and unofficial alike, except for the Carrancistas, have declared to be vital. The opinion of all classes in Mexico, as reported in the Mexico City newspapers and transmitted to the state department is for a prompt and correct settlement of the oil question which has been declared to be the key to relations between the United States and Mexico.

**Urges Protection.**

Newspapers and citizens, especially those of the educated class, according to reports to the state department, urge that because of the recognized danger of intervention, Mexico at least protect foreign investments even if she cannot stop the murder of foreign citizens.

Don Carlos Dufou, the eminent Mexican economist, asserts that foreign capital is absolutely necessary to the development of Mexico's resources because Mexicans have not the capital to put into the extensive enterprises and would not invest it if they had it. In the face of these demands, now made publicly and declared to be imperative, Carranza's official circle has no notion, it is said, of protecting foreign capital in Mexico. This is borne out by the following official statement recently made by Luis F. Vasquez Schiaffino, chief of the petroleum bureau of the department of industry, commerce and labor:

**Program Summarized.**

"The steps taken by the petroleum bureau have followed a program whose main points may be summarized as follows: to engage in a work of propaganda and discussion of all data relating to the petroleum industry so as to interest national capital and to invite the attention of Mexican industrialists, professional men and workmen, in order that they may play an active and important part in the development of this industry making it, in a short time, an essentially and genuinely Mexican industry."

This official statement, which it is believed here was inspired by Carranza, coupled with the advice of Luis Cabrera, secretary of the treasury, urging the supreme court to be

in no haste about considering the petroleum cases now before it, has aroused great interest in official circles here. The petroleum cases now before the Mexican supreme court are there on the advice of the American state department which asked the American oil companies to conform to all the requirements of the Mexican law step by step from the lowest courts to the highest courts in the land.

### AN IMPORTANT STEP TO PREVENT CLASHES

MEXICO CITY, Friday, Aug. 23.—An important step toward the adoption of measures tending to prevent clashes between Mexico and the United States was taken last night when Luis Cabrera, secretary of the treasury, and generally regarded as the mouthpiece of the present administration, stated in a press interview that the Mexican and American governments should sign an agreement for a reciprocal border guard service. Ygnacio Bonillas, Mexican ambassador at Washington, according to Senor Cabrera, would be "eminently fitted" for conducting negotiations with this purpose in view since he was a member of the Mexican commission, which met United States representatives at Atlantic City in 1916 to discuss this plan during the Pershing expedition into Northern Mexico. Senor Cabrera was himself chairman of the Mexican commission.

**Fail to Sign.**

According to the secretary, the difficulties which prevented the adoption of such a program at Atlantic City were due to the fact that the American delegation wanted the agreement signed immediately while the Mexican delegation held out for withdrawal of the Pershing expedition before reaching an agreement. Senor Cabrera pointed out that at present such a difficulty would not be met with, since the early withdrawal of the Eighth Cavalry now pursuing bandits in the state of Chiapas was expected.

Comment in other official quarters tended to point out that "with reciprocal border service" to eliminate further clashes; with the present government bending every energy to protect foreign property and with congress about to take up the oil question, the case of Mexico should be evolved quickly.

**OVERLAND AGENCY DRIVES TRUCKS HERE FROM DALLAS**

The Overland Agency, which handles the White truck, has been driving trucks through from Dallas in order to expedite delivery. This last week three trucks have been driven through, making the trip in about 18 hours.

No trouble was encountered although exceeding poor road conditions were reported over the larger part of the trip.

R. W. Doyle, representative of the White truck in Dallas, was a visitor at the local agency last week looking over the local situation and promised an improvement in future deliveries for Wichita Falls.

He made a statement that he believed Wichita Falls and the surrounding country presented one of the best truck territories in the United States at present and for sometime to come.

The National Bank of Commerce has capital and surplus of half a million dollars. This large fund, together with the banks experienced, conservative management provides absolute security for depositors' funds. 87-11c

### Stylish Burglars

CHICAGO, Aug. 23.—Police sought a trio of stylish burglars today. Last night they broke into a fashion shop and stole \$1,500 of lingerie.

# MORRIS MAKES REPORT ON THE RUSSIAN CRISIS

### Lack of Material Aid from Allies Has Been Handicap to Gen. Kolchak.

## BOLSHEVIKI MAKING THEIR LAST DESPERATE EFFORT

### Advices Recognition of Kolchak Government If It Survives Thirty Days.

WASHINGTON, Aug. 23.—Ambassador Morris, who was sent by the state department from Tokio to report on conditions on the Russian front, has advised the government here that the next 30 days will probably see a crisis in the affairs of the Kolchak government.

Ambassador Morris, in his report, it was learned today, asserts that Admiral Kolchak has had to devote so much attention to the military campaign against the bolsheviks that he has been unable to organize sufficient forces. The civil government and administration in Siberia to keep the people contented, but nevertheless Kolchak is the best man for the task confronting him and that it is a question of his success or the triumph of the bolsheviks.

**Tremendous Handicap.**

Lack of material aid from the Allies has been a tremendous handicap for Kolchak, the report states, and this has led to friction between the military commanders of the Kolchak forces. Admiral Kolchak has called on his officers, who mope cannot replace because of lack of other competent to lead the armies, to sink their differences for the sake of the country and is endeavoring to make a determined stand on a new line more than 100 miles west of Omsk.

Military authorities in Paris and here, however, agree that the bolsheviks are making their last desperate effort against the Kolchak troops and if they fall this time, the soviet government in Russia will collapse. Officers here say that the bolsheviks have not enough men or munitions to handle the situation on more than one front at a time and this is the reason, Kenkine finds it a simple matter to advance in the south at this time when the bolsheviks have concentrated their forces on the Omsk front.

**Urges Recognition.**

Recognition of the Kolchak government, if it succeeds in surviving the next 30 days, has been urged by Ambassador Morris. It is understood, to make this recognition effective, it is understood the ambassador has recommended that this government be ready to make loans to the Siberian government and to dispatch additional arms and munitions and later food and clothing.

The ambassador also recommended that experts be sent to Siberia at the same time the food and clothing are dispatched to aid in the distribution and to lend assistance for the establishment and maintenance of civil government in the various sections of the country.

# COMMITTEE WILL BE READY TO REPORT TREATY WITHIN WEEK

By L. C. MARTIN (United Press Staff Correspondent.)

WASHINGTON, Aug. 23.—Within a week the foreign relations committee will be ready to report the peace treaty to the Senate, Senator Lodge has assured administration leaders, among them Senator Hitchcock, it was learned today.

Hearings to be granted Greeks, Egyptians, Irish and others will be deferred until after the committee reports if that is necessary to avoid delay, according to republican committee members plan.

The committee met today in executive session to begin voting on treaty amendments. The meeting was preceded by a conference of republican members, who hoped at that time to unite on a program of committee work that will speed up as much as possible the disposition of the amendments.

They repeated that there is not enough votes for textual amendments to cause approval of a single committee amendment.

With the treaty actually before the Senate, the final phase of the fight will be on and senators predicted it will eclipse in oratorical fury and heat anything that has gone before.

# Watch for our Re-Opening It Will Please You!

We are now remodeling our entire store for the purpose of accommodating our trade. Not only will we re-open with a complete line of electric fixtures and a music department, Japanese antiques and drapery department, but also a place to meet a friend. At a big expense, we are erecting a balcony that will accommodate a sitting room with writing desks and conveniences for our patrons and the public generally. A place where you will always be welcome and where you will feel at home.

Our buyer, Mr. Phillip Witt, who is well known to our customers, has just returned from the East. He spared neither time nor money to secure for us the very best line of novelties in Japanese Curios, Silk Shades and Floor Lamps and many other attractive articles for the home.

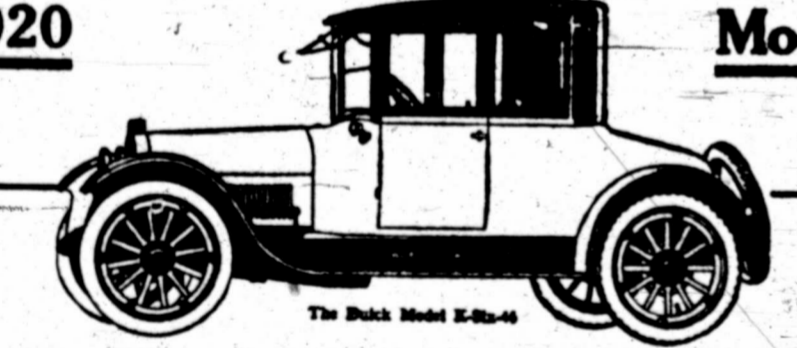

Mr. W. B. Matthews, who is a new man with us, but a man with wide experience as a drapery man and interior decorator, will soon return from his trip to the East and be present at the re-opening of the store. He will have all the latest ideas in Draperies and interior decorating and draping to demonstrate to you.

Watch for the "S" of the Southern, which means everything for the home.

## Southern Electric Company

825 Indiana Avenue

1920 **Model K-46**

**Buick Touring Coupe**

THE BUICK Model K-Six-46 is a true Coupe model, with permanent sides and roof, an exceptionally wide body, and its graceful contour eliminates all open spaces between the body and fenders. From the outside, the appearance of the car is low, rakish and well-balanced, but there has been no sacrifice of interior head room. The rear fenders are new in design, with touring car running boards. Top, window casings and sashes, are fully metal covered, eliminating the possibility of checks and open joints.

The deeply upholstered interior is finished in a new and improved fabric, without bindings. Back of the driver's seat is a carrying space, with another in the rear deck. Electric side lamps are mounted on the cowl and a dome illuminates the interior. The double-latch doors may be locked from the outside.

### SEVENTY-EIGHTH TO TRY CRIMINAL CASES TO CLEAN OUT JAIL

OVERCROWDED CONDITION OF PRISON CAUSE FOR CHANGE IN PROGRAM.

### MAKE A CHANGE IN PLANS

Will Omit Calling Docket on Appearance Day As Has Been the Custom.

Relief of overcrowded conditions in the Wichita county jail is the reason for the transfer of a number of pending criminal cases from the 30th to the 78th district court, the first week of the latter court in September being devoted to criminal business. No criminal business has been handled in the 78th district court for several months. Owing to the unprecedented number of cases set for the September term of the 78th district court over 600 in number, a number of important changes in procedure are announced by Judge Edgar Scurry of that court. Among the important changes are the omission of the calling of the docket on appearance day, Judge Scurry feeling that the several days which would be necessary to call the 600 cases would be an unjustified waste of time.

Cases For Each Week. Instead of this, beginning Monday, Sept. 8 a number of cases will be set for each week. The cases will be set by number, the oldest case by number being set first. The first case set for a given week may be set for a later day in the week by agreement of the parties concerned, should the court deem that the exigencies of the case demand such action. Cases in which the jury fees have not been paid on or before the day set for their trial will be passed to the heel of the docket. Judge Scurry invites the co-operation and assistance of all members of the local bar in helping him to dispose of the unusually large amount of business to come before the court at the coming session. Trial of cases on the civil docket is deferred to the week beginning September 8 by reason of devoting the first week of the term to the disposition of pressing criminal business.

### SIXTY-FIVE ARRESTS MADE DURING FRIDAY BY CITY POLICEMEN

A record of many months standing in the number of arrests made in a single day was established by the city police Friday, with the result that Saturday morning police court was called on to deal with a total of cases, with a collection of fines aggregating \$375. Practically all of the arrests were for violations of the various traffic ordinances, most of them being for failure to show license numbers both on front and rear of machines.

### YOUTH IS FINED \$10 FOR RECKLESS DRIVING

Reckless driving was the charge placed in the Saturday morning police court against a boy who in demonstrating a truck on Ohio street Friday afternoon smashed into three other machines, damaging all slightly. A fine of \$10 was imposed. Evidence introduced was to the effect that the demonstrator was unfamiliar with the operation of the truck.

### PATHE COMPANY TO SHOW WICHITA FALLS IN MOVIE PICTURES

During Friday and Saturday the Pathe Movie Company from Los Angeles was in Wichita Falls and vicinity taking scenes and points of interest in the oil game which will be shown in the near future in one of their weekly news features. Both of the local stock exchanges were taken in action Friday and Saturday the company went to Burkhardt to get some pictures of the oil fields.

### VIETS AND SKIDMORE BUY SANITARY DAIRY

The Sanitary Dairy, owned for years by H. W. Skidmore, recently under different ownership, has been purchased by Mr. Skidmore and A. J. Viets and has been thoroughly remodeled and put in perfect sanitary condition. It is the intention of the new owners to conduct a dairy that will be a model for this section of the country. As usual, all arrangements can be made a down-town depot for the handling of dairy products will be opened.

### TWO MEN REPORT BEING TOUCHED FOR \$148 FRIDAY NIGHT

Two roomers in local rooming houses reported to the police Saturday morning the robbery of their clothes while they slept Friday night, one of them reporting \$108, and the other, rooming on Ohio, of \$30 in currency and two checks for \$10 each on a Dallas bank.

Dirt for Sale. Notice to property owners in and near Southland Addition. The work of grading the streets for paving is to commence immediately. Dirt for filling in low lots will be delivered by us at reasonable rates. Write or telephone and our representative will call and ascertain your wants. L. E. WHITHAM & CO., telephone 2642, 1406 Taylor street, 78-10tp

Friday: "The Way Out." CALENDAR FOR GEM. Monday: Marie Walcamp in "Red Glove"; also Big "V" comedy. Tuesday: Taylor Holmes in "Up Side Down." Wednesday: Bessie Love in "The Little Boss." Thursday: Charlotte Walker in "Every Mother's Son." Friday: Wm. Russell in big special feature. Saturday: L-Ko Comedy and 101 Bison Feature; also Hearst News.

### CONSTANCE TALMADGE AT PLAZA AIRDOME MONDAY

Amateur theatricals sometimes lead to trouble. This is demonstrated by Constance Talmadge who is presented by Lew J. Selznick in her latest Select Picture, "A Pair of Silk Stockings," shown at the Plaza air-dome Monday and Tuesday. Sam Thornhill, a young man who has recently been divorced by his wife, Mollie (Constance Talmadge) meets her at a country house where he is a guest, and she marries while a car which she has bought recently returns to her room in an attempt to make up their differences and finding her absent, hides in the closet. Meanwhile Bagdad, a former guest returns to his room, the one which is now occupied by Mollie and meets her as she enters. Sam, in his tramp make-up, having been thus cast for the theatrical, hears her tell the intruder, who had formerly been a suitor, that she still loves Sam. Regretting his fate, he goes to the bath room and explains to Bagdad's presence in Mollie's room are in order. The burglar is about to be produced when they find that he has flown, silk stockings and all. Meanwhile Sam, who has escaped through the window from Mollie's bath, enters the throng unseen, in his own clothing and Mollie's stockings. This settles the identity of the tramp and Mollie, still loving him, decides that the make-up car suggested by Sam would be best, after all, and consents to reconsider not only the other make-up car, but Sam as a husband. The vicar of the neighborhood is called in and the silk stockings, Sam inside, are returned to their former owner.

### TAYLOR HOLMES COMING TO THE GEM TUESDAY

The Swami, with his aesthetic face

glow, told Anna Lehr that the flower of our glorious womanhood was cursed and trampled upon by the cruel neglect of our mad, money-seeking husbands. "In such a case as yours, you must be utterly uti—ah, er—you get what I mean," he told her, and she believed him. So that evening when Taylor Holmes, her husband in the photograph "Upside Down," at the Gem theater Monday, came home tired out and preoccupied with business, she insisted on expostulating upon the merits of "Freedom." In fact she propounded her arguments as only a woman can. She insisted upon a reason for divorce before the argument deluged husband could get a word in edgewise. Without warning he found himself in the street, bag and baggage, destined for his favorite hotel. The whole world to him seemed topsy-turvy. After his first excitement, in which he performed a number of mental and physical gymnastics, he was meditating over the perplexing circumstances when one of the "loveliest reasons" was forced upon him. Then along came two more of the "loveliest reasons" for divorce as the plot began to thicken. Then came 20 of the loveliest reasons, and poor hubby's heart began to pulsate with enthusiasm. George Agnew Chamberlain, of lit-

erary fame, is the author of this comedy, a screen version of his Harper's Bazar story, "Lovely Reason." It has been turned into a fast-moving comedy of the Taylor Holmes variety, which means mirth-provoking amusement of refinement. And it offers Mr. Holmes even better opportunities for his unique ability as a fun-maker than the much-enjoyed moments which we so excellently blended with his talents in "It's a Breeze." "A Regular Fellow" and "Taxi." GASOLINE FIRE CALLS OUT THE DEPARTMENT. A lighted match in a tub of gasoline caused a run of the fire department to the rear of the building occupied by the Hupmobile agency on Ohio shortly before 9:00 o'clock Saturday day. The fire was extinguished with chemicals before any damage was incurred. YOUTHS ARE ARRESTED ON CHARGE OF STEALING TRUCK. Two youngsters about 12 years old were arrested Friday night on the charge of stealing a truck and were held over night in the city jail. Their case has been turned over to the juvenile court for investigation.

# Oil News

## MANY LOCATIONS IN STEPHENS COUNTY IS REPORTED FOR WEEK

RANGER, TEX., Aug. 23.—Activity in the oil fields of Stephens county is noteworthy by the increased number of locations for wells and by the greater amount of drilling. This is due to favorable developments in several sections of the county that were being tested and to the coming of the new railroad that is being built through that county by Hamon & Kell which will afford ample transportation facilities for the fields that are promising to increase the output of oil in that territory. The production report of Stephens county for the past week shows a new high record owing to new wells that have been brought in in the extreme northern part of the county the Mid-Kansas has a well on the Hill farm that is making 250 barrels a day from the top of the sand at 3,210 feet. This establishes production possibilities for a considerable new area of territory and extends the pool to the northward along the line of the Hamon & Kell Railroad. One of the new towns on this line of railroad will be established in this vicinity and the result will be to facilitate development of the extension of territory.

The new well of the Mid-Kansas is two miles northeast of a well drilled some time ago by the Texas Co. on the Black Bros. farm that got out at 322 feet and has been producing 80 barrels a day for several months.

### OIL DEVELOPMENT IN THE QUANAH TERRITORY

The T. C. man accepted an invitation from Dr. Frizzell Tuesday morning to visit to the three Erzell & Hahn wells in the northwest part of Hardeman county.

The first well visited was on the Porterfield farm in the Hooters country. Fred Turner went to work there last Thursday with a Star rig. The belt connecting the traction engine with the drilling machine was tore to pieces on Friday, and not much work had been done since. While we were looking on the men fastened a second joint to the 6 1/2 casing, complaining at the same time about the trouble quicksand was causing them. They are on a side of a hill which looks very promising, and expect to go down fast after their initial troubles have been overcome.

Next we went to the Norton well No. 1, four miles east of there. Here is erected the first rotary rig in Hardeman. The machinery is all new, and the Lucy Special, the latest rig out. No money has been spared in having a first-class outfit and a special drill crew had been ordered to build the derrick. These five men were experts in their line and cut all the lumber before driving a nail. In one day they finished the job getting \$300 for their pains.

The cost of the lumber on the ground was about \$1,800, which added to \$16,000 worth of machinery, and a whole lot of odds and ends, brings the cost of a rotary well up to \$20,000. To finish a well like that will add perhaps \$20,000 more, hence it takes a good, strong company to undertake a job like this.

While a rotary comes higher than a Standard rig, it does a great deal faster work, and instead of drilling a year or more like they have been doing at Medicine Mound, these men expect to finish the job within two or three months. They are well equipped for emergencies having six big water and oil tanks in use to prevent a shortage should the roads become impassable. A big two-ton Grafton truck is hauling the machinery and supplies, and is doing great work in saving time. Good water is pumped from the river, which is about 4,000 feet away.

Mr. Holder, the head driller, expects to spud in by next Monday, and start it with a 14-inch hole.

The third well has not been started yet though the timbers are already on the ground. It will be known as Norton No. 2, and is about three miles southeast of No. 1.

All three were located by Geologist Kessler, who pronounced them the most promising territory he ever had seen. Located in a bend of Red River, their location reminds one of the northwest field at Burk Burnett, and the hill of No. 1 is identically the same location as that of the Texas Chief. Every oil man who has seen this field grows enthusiastic over it, and predicts a wonderful oil field there.—Quannah Tribune-Chief.

### DRILLING BEGINS ON NEW MEXICO WELL

CLOVIS, N. M., Aug. 22.—The Great Western Oil and Refining Company, with headquarters at Clovis, N. M., started the drill yesterday afternoon on their location three and one quarter miles southeast of Kennel and nine miles southwest of Elda, N. M.

This location is on a block of 40,000 acres of leases owned by the Great Western, and is known as the Ranger Lake structure. There have been two distinct gas domes traced on this structure, and geologists predict that the drill will encounter a gas sand at a depth of about 1,900 feet on the south dome where the location was made.

A string of standard drop tools are being used, and the derrick and rig are of the very best built standard outfits in the state of New Mexico.

## INCREASING INTEREST IN THE DEVELOPMENTS TO THE SOUTH

RANGER, TEX., Aug. 23.—Developments during the past week in Stephens county indicate that the several developed pools in that territory are likely to be merged by drilling into one great pool. County territory intervening between the Parks and Caddo and Breckenridge pools is growing less as a result of wells that have recently proven good. Following the favorable outcome of tests in area heretofore untested in Stephens county there has come a great impetus to development work there and the record on new locations for the past week has been broken by the current week. Last week 41 new locations were made in Stephens county. This week the record shows 50.

The southern extension of the Caddo fields particularly in the vicinity of Swensendale and McCauley wells has shown the greatest measure of activity.

It is becoming more apparent that the Stephens county oil fields are to be the favorite hunting grounds of the oil men for the coming year or more. The extent of the pools is showing to be greater and the regularity of the formations is a favorable factor.

The Swensendale discovery well brought attention to a big possible extension of the pool in making about 2,500 barrels a day. The McCauley that came in some time ago with initial flow of 3,000 barrels a day is making around 2,000 barrels at this time. In a slightly different part of the extension the Harrington well of the Gulf Production Co. is making 1,800 barrels.

**Breckenridge on Boom.**  
Breckenridge, county seat of Stephens county, is on a decided boom as a result of oil field developments and because of the building that way of the Hamon & Kell Railroad. The travel to Stephens county is now greater than ever before and activity in acreage deals there is increasing daily.

Another factor in the boom of oil field developments at various points in Stephens county is the railroad that is being built north from Ranger into that county. In the past Stephens county has been without railroad facilities of any kind save for about three miles across the southeast corner of the county in the vicinity of Strawn. The Hamon & Kell Railroad now under construction will reach the developed and developing parts of the county and afford facilities for handling materials and machinery that have through their absence in the past handicapped the drillers. The lines projected and surveyed and on which work has begun reach the Caddo, Parks and Breckenridge pools and intervening areas.

Interest is being  
A close second to Stephens county in point of activity is Young county

that lies just to the north of Stephens. The Arnold well of the Texas Co. south of Newcastle and the Graham test in the same general section have stimulated drilling and led to an impetus heretofore unknown to the leasing and land end of the oil business in that county.

Archer county, also, to the north and a little east of Stephens county, is becoming more popular with the fraternity and there is considerable accession to the drilling activity in that county where it is expected that a deeper sand will be developed than that which produces in the several shallow pools of the county.

### SUSPECTED SPY IS STILL AT LARGE TODAY

SAN ANTONIO, TEX., Aug. 23.—Antonio Tumania, suspected spy and self confessed bigamist, who escaped from Camp Travis hospital yesterday morning before day light by climbing through a ventilator in the roof, is still at large today. Telegrams have been sent to all stations along the border and to nearby cities asking military and civilian officers to be on the lookout for the man.

Camp Travis officers believe Tumania had accomplices on the outside who were waiting for him in an automobile with shoes, hat and clothing. He wore only a pajama coat and a pair of white pants when he left the hospital. Friends of the man in San Antonio are being watched closely.

### JAKEHANON TO HAVE MODERN TOOL SHOP

RANGER, TEX., Aug. 23.—The Jakehanon Tool Company has been formed to establish a modern tool shop for the oil fields in the vicinity of Jakehanon. The company has capital of \$100,000 and will put in its plant at once. A. E. Perry of Coalate, Okla., is president, and L. A. Far of Scranton, Pa., is vice-president and general manager of the company.

**YOUNG COUNTY WOOL GROWERS ASSOCIATION SHIPS 30,000 POUNDS**

Special to The Times.  
NEWCASTLE, Aug. 23.—The Young County Wool Growers Association made a clean-up shipment of 30,000 pounds of wool to the Boston market today. A few scattering lots, amounting to about 6,000 pounds, had already been sold by individuals. The flocks the principally Shropshires and the wool graded very satisfactorily.

The result of the first year's experiment is expected to be remunerative and to induce more farmers to engage in the industry as a side line. A representative of A. & M. College spent a day here this week and was in conference with members of the association. The shipment followed his visit.

The roads are rapidly getting into better condition than before the rains and the worst spots will immediately receive attention, drags having already been called into action.

The National Bank of Commerce has capital and surplus of half a million dollars. This large fund, together with the banks experience, conservative management provides absolute security for depositors' funds. 87-11c

### SUSPECTED SPY IS STILL AT LARGE TODAY

SAN ANTONIO, TEX., Aug. 23.—Antonio Tumania, suspected spy and self confessed bigamist, who escaped from Camp Travis hospital yesterday morning before day light by climbing through a ventilator in the roof, is still at large today. Telegrams have been sent to all stations along the border and to nearby cities asking military and civilian officers to be on the lookout for the man.

Camp Travis officers believe Tumania had accomplices on the outside who were waiting for him in an automobile with shoes, hat and clothing. He wore only a pajama coat and a pair of white pants when he left the hospital. Friends of the man in San Antonio are being watched closely.

### JAKEHANON TO HAVE MODERN TOOL SHOP

RANGER, TEX., Aug. 23.—The Jakehanon Tool Company has been formed to establish a modern tool shop for the oil fields in the vicinity of Jakehanon. The company has capital of \$100,000 and will put in its plant at once. A. E. Perry of Coalate, Okla., is president, and L. A. Far of Scranton, Pa., is vice-president and general manager of the company.

### DRILLING BEGINS ON NEW MEXICO WELL

CLOVIS, N. M., Aug. 22.—The Great Western Oil and Refining Company, with headquarters at Clovis, N. M., started the drill yesterday afternoon on their location three and one quarter miles southeast of Kennel and nine miles southwest of Elda, N. M.

This location is on a block of 40,000 acres of leases owned by the Great Western, and is known as the Ranger Lake structure. There have been two distinct gas domes traced on this structure, and geologists predict that the drill will encounter a gas sand at a depth of about 1,900 feet on the south dome where the location was made.

A string of standard drop tools are being used, and the derrick and rig are of the very best built standard outfits in the state of New Mexico.

The fact that the business of the National Bank of Commerce is growing by leaps and bounds means that this bank gives its customers satisfactory service as well as absolute security for their money. 87-11c

## YOUNG COUNTY WOOL GROWERS ASSOCIATION SHIPS 30,000 POUNDS

Special to The Times.  
NEWCASTLE, Aug. 23.—The Young County Wool Growers Association made a clean-up shipment of 30,000 pounds of wool to the Boston market today. A few scattering lots, amounting to about 6,000 pounds, had already been sold by individuals. The flocks the principally Shropshires and the wool graded very satisfactorily.

The result of the first year's experiment is expected to be remunerative and to induce more farmers to engage in the industry as a side line. A representative of A. & M. College spent a day here this week and was in conference with members of the association. The shipment followed his visit.

The roads are rapidly getting into better condition than before the rains and the worst spots will immediately receive attention, drags having already been called into action.

The National Bank of Commerce has capital and surplus of half a million dollars. This large fund, together with the banks experience, conservative management provides absolute security for depositors' funds. 87-11c

### SUSPECTED SPY IS STILL AT LARGE TODAY

SAN ANTONIO, TEX., Aug. 23.—Antonio Tumania, suspected spy and self confessed bigamist, who escaped from Camp Travis hospital yesterday morning before day light by climbing through a ventilator in the roof, is still at large today. Telegrams have been sent to all stations along the border and to nearby cities asking military and civilian officers to be on the lookout for the man.

Camp Travis officers believe Tumania had accomplices on the outside who were waiting for him in an automobile with shoes, hat and clothing. He wore only a pajama coat and a pair of white pants when he left the hospital. Friends of the man in San Antonio are being watched closely.

**Giant**

The end is near. We started as a wildcat and we're rapidly becoming the safest kind of an investment. The tremendous gas wells such as the Hugwood and Lat Masterson with 6,000,000 to 20,000,000 feet daily yield and wet with gasoline, have rooted in right beside us and have tended to prove our contention that the Panhandle of Texas is a mighty oil field. We are right on the line of the north-westward extension of the great Ranger and Burk Burnett wonder pools.

**WONDERFUL OPPORTUNITY**  
Buy Giant now. The sensational original offer is still open for a few days. You can buy at 10c a share now and get the 100 per cent stock dividend. One extra share free for every share you buy. The least you can buy is \$1 worth. We won't sell more than \$100 worth in any one name.

**WHICH WILL YOU PAY A DIME OR A QUARTER?**  
You are the chooser. Why pay a quarter flat next week for a thing you can buy this week at a dime and get 100 per cent bonus. It may be foolish. You know the millions that have been made and are being made in Texas. You're entitled to your share. Get it now.

# ANNOUNCEMENT

of the ORGANIZATION of the

## BURKBURNETT DEEP WELL COMPANY

STANDARD CABLE TOOL TEST  
4000 FEET

### Stockholders in the Townsite and the New Extension

You have no doubt arrived at the conclusion that the majority of the stocks you hold in the townsite will do well to ever pay you back all your investment, especially if you paid 3 or 4 for one.

SAVE YOURSELF by helping drill a deep well. Your stock will go up and your company will have a chance to sell and pay you out.

### Royalty Owners in Burk- burnett

ROYALTY was never very high, but we dare say you had an opportunity to sell once and now that the production is low you no doubt wish you had sold. The opportunity will knock again when DEEP WELL hits the new and better sand. Help drill the well. You will benefit as will your neighbor.

### Our Cards are on the Table "Face Up"

The capital of this company is \$150,000 and the par value \$10.00. And the object of its organization is as follows:

First—To raise a sufficient amount of money so that it will not be handicapped in carrying out its agreements.

Second—To purchase a heavy California Standard Cable Tool Rig and the necessary tools and equipment to drill a 4,000-foot well.

Third—The object in drilling the well is not a selfish one, but a well formed plan to prove the presence of deep oil and thus save the millions of dollars that will be lost, by widows, bankers, oil men, clerks farmers and people from every section of the country and station in life who invested their money in the townsite the past year.

Location—We have selected Block 20 because it is located in the center of the townsite pool and on the high part of the structure. We paid \$7,000 for the lease—no more—no less, and agreed to case off all oil down to 1700 feet. Seven-eighths of all oil found below will belong to the Burk Burnett Deep Well Co. and one-eighth to the fee owners of the block.

Fourth—The well will be started with a 22-inch hole and 20-inch, 90-lb. casing, and will be strictly a cable tool test.

Fifth—Only the very best and most experienced drillers and well men will be employed, men that you know and know their reputation.

Sixth—The affairs will be honestly and economically managed and a simple statement showing how the funds are expended will be sworn to and mailed to you every 30 days. The books will be kept right and be open to inspection.

Seventh—We firmly believe the history of Goose Creek and other well known fields will repeat itself in Burk Burnett. We have a very flattering geological report made over a year ago on the deep oil on file in our office, and will be glad for you to call and read it.

Eighth—This is our first advertisement. We have been quietly selling blocks of stock to people we knew were interested and now that success is assured, take this opportunity to invite your co-operation and support.

### Trustees of Oil Companies

You want to see your stockholders "get their money back" and doubtless would be glad to get rid of the responsibility and the "cussin's" or realize on the stocks you hold. A deep well will create a demand for the property you hold in trust. Co-operate with us and help put down the deep well.

### Leases in and Adjoining the Town

Did you buy a dry lease close to the town? Or were you unfortunate and failed to sell at the psychological moment? At any rate, a deep well in Burk Burnett will increase the speculative value of your lease. We need your help and co-operation.

# NO EXCUSES TO BE ACCEPTED BY POLICE AFTER SEPTEMBER 1

## STATE HIGHWAY LAW TO BE ENFORCED WITHOUT FEAR OR FAVOR.

### PROVISIONS ARE OUTLINED

Statement is issued by Assistant Police Commissioner R. C. Goodfellow.

After September 1 no excuse of unfamiliarity with any of the provisions of either city ordinances or State highway laws will avail to avoid fines in the city court, according to a statement issued Saturday by R. C. Goodfellow, assistant police commissioner, in which he gives a resume of the important provisions of these various acts.

During the remaining days of August members of the city police, who have in the past few days arrested and filed complaints in the police court against scores of motorists for violation of these acts, will resort to warnings, except in flagrant cases. Of the arrests made within the last few days, by far the largest number have been for failure to carry a seal, or to show numbers on both front and rear of the machines, many of those arrested pleading ignorance of the latter provisions.

**Wrongly Parked Cars.**  
Another charge upon which a large number have been booked has been for failure to comply with the city requirement that a car be parked at an angle with the curb, the right front wheel of the car being against the curb. A car left in the street without anyone at the wheel in a position to move it instantly should necessarily arise, is held to be improperly parked.

"After the beginning of September, all provisions of the law will be enforced strictly, without any apologies from any of the city authorities," said Mr. Goodfellow.

"I earnestly hope for the cooperation of the local motorists in this matter. It is no pleasure to the police officers to be continually arresting motorists for these offenses, nor do we feel that the city needs the money collected from these fines, but the laws must be enforced."

"Without co-operation from the public in the observance of the laws, a good deal of the time of the police department will be taken up in enforcement that we feel that we could better devote to the running down and prevention of other crimes."

The following is Mr. Goodfellow's outline of the principal provisions of the State Highway Law:

**Provisions of Law.**  
The State Highway Law gives to all peace officers the right to arrest for violation of any of its provisions. It is proposed to enforce rigidly, within this city, the important provisions of the highway law.

"As regards persons operating automobiles and other motor vehicles, the following are considered important provisions of the highway law:

"1. All automobiles shall have attached to and conspicuously displayed on the front thereof, the regularly prescribed seal, for the current year.

"2. Each automobile shall have displayed in a conspicuous place and manner, both upon the front and rear of such motor vehicles, a plate or marker bearing the registration number assigned such motor vehicle by the State Highway Department. Any person driving an automobile on which the registration number is not conspicuously placed both on the front and rear of same, is guilty under this section.

"3. It is also a violation to display any registration number other than that assigned for the current year, or a fictitious number.

"4. All letters, numbers and other identification marks shall be kept clear and distinct and free from grease or other blurring matter so that they shall be plainly seen at all times during daylight.

"5. Every motor vehicle shall be equipped with a horn or other device in good working order, capable of emitting and abrupt sound sufficient to give warning of the approach of such vehicle to pedestrians and to the rider or driver of animals, or of other vehicles.

"6. Every automobile, during the period of one-half hour after sunset to one-half hour before sunrise, shall carry at the front at least two lighted lamps, showing white lights, and shall carry at the back at least one red light, plainly visible.

"7. No person shall operate an automobile, at night, with a front lamp shall project forward a light of such glare and brilliancy as to seriously interfere with the sight or vision of a driver of a vehicle approaching from the opposite direction.

"8. The 'suffler cut-out' shall not be used within the limits of the city.

"9. It is unlawful to leave a motor vehicle capable of being effectively setting the brakes and stopping the motor."

### WAY OF THE SPEEDER TO BE MADE HARD ONE IN CITY OF WICHITA FALLS

The way of the speeder, the numberless auto owner and the gasoline waster who parks his car wrong continues to be hard and the police are still doing everything within their means to make it harder. More than 30 men charged with infringing upon the State's automobile laws were haled into the police station Saturday.

# FAR REACHING IS PACKERS CAMPAIGN

(Continued from Page 1)

the district commercial superintendent at Atlanta:

"Dear Sir: On the 28th of July a traveling salesman, representing — and Co., filed with me a book of night letters to senators and congressmen from this district signed by various business men in this state, protesting the passage of Kenyon Senate bill 2202.

**Handled Messages Before.**  
"As previous to this I have handled a number of books from various packing house representatives on this same bill, I did not question his authority to send these messages. It has come to my notice since then through Mr. Wilcox, of the Le Grand Hotel, this city, he having received a letter from Senator Harris, acknowledging receipt of one of these messages of which he knew nothing about; that part, if no all, of these messages were sent over forged signatures. I can not recall the name of the party filing these messages, but made him cut a statement for same against — and Co., which he paid.

"Kindly advise me what action to take in this matter."  
(Signed) "Lewis, Manager."

### TWO YOUTHS CONFESS TO VARIOUS BURGLARIES

Two boys, one of 15 years and the other slightly younger, confessed to various burglaries, including the theft of a fellow Saturday that they had perpetrated and committed, numerous burglaries.

The boys, both telegraph messengers, were arrested and spent much of the day in the city jail but last evening were transferred to the juvenile court. No final disposition of their cases had been made Saturday night.

The boys were previously known to the police, although had never been arrested before. A month or more ago, Commissioner Goodfellow caught them in the act of taking an automobile.

In the confession they made, the boys told of stealing a shotgun, a watch and articles of clothing. They said they took automobiles merely for the pleasure of riding, and not to keep the cars.

The police believe that when the act of automobile thefts finally is cleared up, it will be found that in many cases, boys were the culprits.

### FIVE CARS STOLEN ONE IS RECOVERED

Burglars or forgers again got their daily toll of automobiles here Saturday. Five cars, of as many descriptions, were reported to the police as having been stolen.

Night Police Chief Scott recovered one car, which was returned to the owner.

The fact that the business of the National Bank of Commerce is growing by leaps and bounds means that this bank gives its customers satisfactory service as well as absolute security for their money. 87-1tc

# SHOPMEN ARE WAITING REPLY FROM HINES

## Thought Possible That Director May Already Have Answer Ready.

### FREIGHT INCREASES TO FOLLOW RAISE IN WAGE

#### Thirty Days Notice Must Be Given Before Strike Can Be Called.

By RALPH F. COUCH, (United Press Staff Correspondent.)  
WASHINGTON, Aug. 23.—Leaders of 500,000 organized railway shopmen today expected an early answer from Director Hines on their demand for increases, according to Secretary of the American Federation of Labor.

Shopmen are determined to force granting of the demands, according to early returns received here in the national strike vote now being taken.

"About 95 per cent of the votes already counted are for standing pat on the original demands presented January 1 for an increase from 68 to 85 cents an hour," said Conlon today.

"The demands also include a provision that the increase be made retroactive from January 1.

"Voting to enforce the original demands means the men want a strike if Hines refuses to accede."

**Thirty Days Notice.**  
Thirty days' notice must be given before a strike begins, according to Conlon.

Conlon said the men are voting on two propositions. The first is that proposed by President Wilson who suggested the whole matter be left to the decision of a board to be created by congress.

"Less than two per cent of the votes already counted favor this," said Conlon. "The second question on the ballot was whether the men wanted to stand pat on their original demands submitted January 1. Ninety-eight per cent of the votes already counted favor this."

"All votes must be in headquarters here Monday morning. Within a few hours the result of the total vote must be announced from here."

Whatever banking service you may need, you will find the National Bank of Commerce ready to serve you promptly and efficiently and with your individual requirements always in mind.

Savings which you deposit with the National Bank of Commerce not only earn 4 per cent interest for you but also help to finance the industries of Wichita Falls and Wichita county.

# A Presentation of New Modes For Autumn

Assembled into very beautiful displays are the new modes for autumn now ready for your inspection at this store. These models represent the newest creations of master designers and are attractive beyond expression.

### SILK AND WOOLEN FROCKS

Each Fur Garment has a charm all its own. Style individuality shows no partiality, but finds elegant expression in the simpler types of Coats, Coatees, Capes and Seals, as well as in the modes cleverly draped. Straight Scarfs—there are any number of them in this display—adhere to no particular length or width, but proclaim themselves admirable companions to the Serge or Tricotine Frocks of Autumn. Muffs in barrel form are in favor. The short Coats of Fur are most alluring. Hudson Seal, Moleskin, Mink and Squirrel are much in evidence.

### FURS

Paulettes, Tricotines and Tricolettes seem the favorite materials in smart Frocks and the colorings are new and fascinating. Taffeta Frocks with tight-fitting bodices and quaint tunics, are features that will impress the observer. The last word in artistry and modishness is the Paulette Frock, which takes rich Persian lamb embroidery in self tone. Its simple lines but serve to accent the loveliness of its fabric. In blue, brown and taupe.

### Fall-Time Chapeaux

The face that peers serenely at the world from beneath one of these irresistible modes may well wear a satisfied smile, for from a standpoint of style, becomingness and beauty they are unsurpassed. Beaver Cloths, Hatters' Plush, Duvetyns, Velvets—plain and brocaded and Argonne Plush, have yielded to Fashion's every whim and fancy, and as a result not one of milady's Fall requirements need be neglected. Most appetizing are the woolen fruits which adorn many models.

### Long and Short Gloves

Since it is an obvious fact that one must be prepared for every occasion as well as for the varying lengths of sleeves, one's Fall wardrobe must include long and short gloves. In this display are gloves which may be adapted to many cases, for the woman who must reckon costs, and here are also these assortments which will especially please the woman on whose purse strings there is no restrictions. French Kid Gloves are favorites for early wear.

THIRTY MILES OF GULF PIPE LINE IS NOW COMPLETED

BEING LAID FROM FORT WORTH TO BURKFOXTON BY GULF COMPANY.

HALF OF LINE IS STRUNG

When Completed Will Materially Aid in Relieving the Congested Conditions.

Thirty miles of the 114-mile pipeline the Gulf Pipe Line Company is building from Fort Worth to Burkfoxton has been laid, according to J. A. Gardner, the superintendent in charge of the Wichita Falls district.

Electric Line About Complete. The Gulf's electric line from the Waggoner pool at Burkfoxton to the new power plant at Electra is practically finished.

Other lines are suffering similarly, though those shipping to Oklahoma find less difficulty in getting their oil tank cars handled, it is stated.

BURK-FOX BAILING READY TO COMPLETE

The Burk-Fox, No. 1 Taylor, block 56, has the star rig completed, and was reported bailing Saturday preparatory to drilling further in.

BREWERS ARE JUBILANT OVER DECISION ON BEER

MILWAUKEE, Wis., Aug. 23.—Milwaukee brewers were jubilant today over the decision of Federal Judge Sanborn in dismissing the case of six Chicago saloons.

ARE NOW READY TO COMPLETE ARNOLD WELL AT NEWCASTLE

NEWCASTLE, AUG. 23.—The Arnold well, as it has come to be known throughout the oil field of Texas, is in the pay sand, to all intents and practical purposes completed.

CLINT WOOD IS INTERESTED IN BAYLOR COUNTY TEST

Staff Special to The Times. SEYMOUR, TEX., Aug. 23.—We are pleased this week to make announcement of a new location for Baylor county. Mitchell and associates have been working on this proposition for a number of months.

Harry Van Ness-Snyder for the past week has been excavating for cellar at drill site for the purpose of handling casing to be advanced.

Kelley Green Oil Co.-W. H. Portwood, after being delayed for some time for casing, has resumed drilling operations at near 500 feet.

Kansas and Gulf Producing and Refining Co.-J. W. Stevens is drilling in shale at about 600 feet.

DeLeon Petroleum Co.-Ward has completed rigging up and has spudded in its 500-foot test.

Market Review

GRAIN AND PROVISIONS.

CHICAGO, Aug. 23.—New low record figures on foreign exchange, and absence of seaboard demand coupled with developments in the national movement against the high cost of living were factors which through the week worked against advances in grain and provision prices.

NEW YORK STOCKS.

NEW YORK, Aug. 23.—Further downward readjustment of quoted values occurred in the stock market this week.

The spread of adverse labor conditions, including the strike vote of the steel workers in the middle west and the serious complications which threaten to follow the strike of the further slump in foreign exchange alarmed holders of long stock and encouraged an extension of bearish aggression.

TIMES DAILY MARKETS

New York Stocks, Grain and Provisions, Cotton and Livestock.

COTTON MARKET.

NEW YORK, Aug. 23.—The cotton market showed a generally steady tone this morning on reports of a better business in goods at first hands and continued nervousness over insect damage to the crop.

The market opened steady at an advance. Realizing for over the week-end after a further rise caused reactions of several points but the market firmed up again later.

Kansas City Cash Grain. KANSAS CITY, Aug. 23.—Cash wheat: unchanged to lower; No. 1 hard \$2.20@2.25; No. 2 \$2.17@2.18.

Chicago Produce. CHICAGO, Aug. 23.—Butter: steady; creamery 48@53 1/2.

LIVESTOCK.

FORT WORTH Livestock. FORT WORTH, Aug. 23.—Cattle: receipts 750; strong and unchanged.

Cotton Seed Oil. NEW YORK, Aug. 23.—The cotton seed oil market opened steady with cotton but later weakened on the drop in lard and a lack of outside support.

GRAIN AND PRODUCE.

CHICAGO, Aug. 23.—Liquidation was a constant factor in the corn market today. A decline in cash corn prices, rather larger, country offerings and belief that purchase of Texas corn in large quantities might greatly depress the cash market.

NEW YORK STOCKS.

NEW YORK, Aug. 23.—Trading in stocks today was narrow and restricted, dealings dwindling to the smallest total of any week-end session since the early part of the year.

OPEN-HIGH LOW CLOSE

Table with columns for Corn, Oats, Pork, Lard, Ribs, and Kansas City Cash Grain, listing prices for various grades.

Chicago Produce.

Table listing prices for Butter, Eggs, and Poultry.

Fort Worth Livestock.

Table listing prices for Cattle, Hogs, and Pigs.

Kansas City Livestock.

Table listing prices for Hogs and Pigs.

SHARP DECLINE IN THE PRICE OF SUGAR.

DALLAS, Aug. 23.—Reports that the government had reduced control of sugar caused a sharp decline in wholesale prices here today.

United industrial alcohol was again the one weak feature, extending yesterday's severe decline by almost two points. Sales amounted to 325,000 shares.

A Rare Opportunity

To buy an established, profitable business. We have for sale if bought in the next few days, one of the best established businesses, also that can show as good dividend as any business in town.

If you would be interested in buying such a business at really less than it is worth, we would be glad to have you call.

N. O. MONROE

Phone 2454 Room 220, First Natl. Bank Bldg.

The Price of Advice

Have you ever figured out what advice has cost you? Large sums are paid for the expert opinion of doctors, lawyers and other professional men; this advice is not necessarily expensive; on the other hand, it often saves us many times its cost in sickness, law suits and the like.

But there is a vast difference in advice; there is the kind you get free, and that is the expensive kind. Perhaps many times you have heard a conversation like the following: "Well, Bill, I have decided to invest \$100 in oil stock. It looks mighty good to me."

Bill has never lost a cent in his life, nor has he ever made a cent, and yet, perhaps, his advice is taken seriously; the company in which Ed could have obtained stock makes good; his chance for a fortune is gone forever unless he decides to do his own thinking in the future and ignore Bill's good(?) advice.

Perhaps you're Ed and have just missed such an opportunity; perhaps you failed to purchase RANGER AND BURKBURNETT OIL COMPANY stock before that company struck it so rich and when the big dividends begin to roll in you'll deplore your luck and wish you had not listened to Bill.

But, cheer up, you have a chance to share in an enterprise that has every indication of being as big a success as Ranger and Burk Burnett Oil Company, and that is the RANGER AND BURKBURNETT OIL COMPANY No. 2, now drilling on a lease in Northwest Field that is a sure winner if there ever was one; this lease is not just north, south, east or west of production, but RIGHT IN THE HEART OF IT, surrounded by gushers; how can we miss it?

Things are looking so good that we are forced to raise the price of stock to at least \$1.25 a share after September 1; at the rate drilling is being rushed well No. 1 should be in before that time, and it may be necessary to raise it to several times that price.

Remember also that the man who is the guiding spirit of this enterprise is Henry H. Hoffman, the man who has never lost a penny for any of his stockholders. More than one and one-half million dollars have been paid out in profits and dividends to stockholders in his companies. Clip the coupon and mail it today.

P. S.—The second quarterly dividend of the Ranger and Burk Burnett Oil Company is now being mailed. If you have not received your check, it will arrive soon.

UNION TRUST CO.

Hoffman Building Houston, Texas

Form with two columns: CASH COUPON and INFORMATION COUPON, containing fields for name, address, and city.

CAN USE ONE MORE BIG OIL WELL AT A FAIR PRICE

And Pay You at Guaranteed Rate of at Least \$2700 PER DAY NET TO YOU

And possibly—if your well is really a big producer—as much as \$6,000 or more per day, until the full agreed price is paid.

Can make pipeline connections and begin taking oil in 24 to 72 hours. 300 cars available to carry it to refinery. Must be in Northwest Field.

In these congested oil fields, the wells that help draw off the flush oil are the only ones that pay.

The oil will NOT "stay in the ground." It is ONE POOL—well likened to a big lemonade glass, and every day over 100,000 barrels are being taken out.

Don't you think you'd better begin getting your money out, and make a good profit WHILE YOU CAN? From long experience we consider it certain that no profit will ever be made on hundreds of good wells.

Hundreds of wells have no pipeline connections, and while they ever get them until it gets down to a small pumping proposition.

Don't delude yourself with the "prorating" idea—so far as we know no legal power exists anywhere to compel such, and oil producers everywhere have without exception preferred to "go it alone."

The oil and the money will surely go to the men who can and who are wise enough to get it out quickly.

It was the late Henry Ruyers who truly said that "Modern business is war—and war is all that General Shiegan said it was."

Be stupid and impractical if you must, Mr. Oil Well Owner, but you will be happier and wealthier if you conclude to TAKE THE MONEY, and so

"Be Wise in Your Generation"

Do you know of anybody who is holding back production waiting for you. Isn't every producer doing the best he can FOR HIMSELF?

LATEST NEWS AND VIEWS OF INTEREST TO SPORT FANS

## NATIONAL LEAGUE.

### CINCINNATI WINS TWO FROM PHILLIES.

Philadelphia, Aug. 23.—The largest crowd ever inside the old National League park, even at a world's series game, today saw Cincinnati win two games from Philadelphia, 8 to 2 and 6 to 4.

First game: Cincinnati.....000 000 008—8 9 2 Philadelphia.....000 012 000—3 8 1 Rine, Luque, Reuther and Wingo, Hardesty, Landows and Truesener.

Second game: Cincinnati.....000 400 200—6 15 1 Philadelphia.....000 000 100—1 9 3 Salles and Reid; Cheney, Gaultwell and Adams.

### CHICAGO WINS PAIR FROM BOSTON TEAM

Boston, Aug. 23.—Chicago, with Vaughan and Martin pitching, took both games from Boston today, 6 to 0 and 7 to 6. Causey and McQuillen were hit hard in the opener. Score: First game: Chicago.....010 300 200—6 15 0 Boston.....000 000 000—0 7 2 Vaughn and Killefer; Causey, McQuillen and Wilson.

Second game: Chicago.....001 500 100—7 9 2 Boston.....330 000 012—6 21 2 Martin, Carter and Daly; Fillingim and Gowdy.

### NEW YORK'S WINNING STREAK IS BROKEN

NEW YORK, Aug. 23.—Pittsburgh broke New York's winning streak today, defeating the Giants in the first game of a four-game series, 6 to 1. New York scored its lone run in the sixth on Young's home run. Score: Pittsburgh.....021 000 020—6 19 1 New York.....000 001 000—1 6 3 Cooper and Schmidt; Barnes, Winters and Snyder.

### BROOKLYN DEFEATS THE ST. LOUIS CARDINALS

BROOKLYN, Aug. 23.—Brooklyn batted Schupp hard today and beat St. Louis 7 to 2. Cadore pitched almost all night until the eighth, when four outs and a "bone" by Ward were good for three runs. Score: Brooklyn.....000 000 030—3 9 0 St. Louis.....110 019 40X—7 10 1 Jacobs, Schupp and Clemons; Cadore and Krueger.

## AMERICAN LEAGUE.

### HARPER LOSES CONTROL AND ST. LOUIS WINS

ST. LOUIS, Aug. 23.—Harper lost control in the fifth and St. Louis batted around, scoring seven runs, winning the first game of the series with Washington today, 11 to 4. Score: St. Louis.....000 100 000—4 8 1 St. Louis.....000 073 01X—11 11 1 Harper, Erickson and Picinich; Gallia and Severid.

### NEW YORK YANKEES EASY FOR CHICAGO

CHICAGO, Aug. 23.—Chicago made two vicious attacks against Shawkey today and easily defeated New York, 10 to 1, in the first game of the series. Score: Chicago.....000 000 200—2 6 2 Chicago.....400 041 10X—10 11 1 Shawkey, Deal and Hannah; Cletto and Schalk.

### CLEVELAND WINS BY BUNCHING HITS

CLEVELAND, Aug. 23.—By bunching hits off Johnson in the first two innings, Cleveland scored enough to win 6 to 2. Score: Cleveland.....000 101 000—2 8 1 Philadelphia.....000 010 000—4 11 0 Johnson, Naves and Perkins; Coveleskie and O'Neill.

### DETROIT TAKES FIRST OF THE BOSTON SERIES

DETROIT, Aug. 23.—Detroit took the first of the series from Boston today, 8 to 4. Score: Detroit.....004 000 000—4 9 2 Boston.....025 000 000—8 14 1 Hart and Walters; Daus and Alsmith.

## LOCAL TEAM WINS FROM FORT SILL IN SATURDAY'S GAME

In a slow game of ball Saturday afternoon at the Katy Park, Leopold's Leopards won from the Ninth Field Artillery of Fort Sill by a score of 10 to 5. Many costly errors were made by the visitors and their teamwork and base running was far from good. Although the pitchers from both sides were hit freely, the local team was more fortunate in bunching their hits at times when hits were most needed.

In the first inning, the army team made one run when Kosmo hit safely, advancing to second on a steal and later scoring on Wright's two-bagger to center.

When the Leopards had finished their part of the first inning the game had been cinched, the army pitcher had been knocked out of the box and five men had crossed the plate.

A second game will be played this afternoon. R. H. E. Wichita Falls.....10 10 4 Ninth Artillery.....5 10 8 Umpire—Alton Batteries: Wichita Falls—Hewett, Lowry and Thompson; Ninth Artillery—Carrio, Wright and Kosmo.

## RIGHT HOOK STOPS MURPHY IN THIRD

MILWAUKEE, Wis., Aug. 23.—A right hook traveling only about six inches, but propelled by all of Bob Moh's 160 pounds of muscle, stopped Tommy Murphy of Chicago in the third round of the windup of a bout here Friday night. Murphy had the edge on the veteran gladiator for the first two rounds.

## TEXAS LEAGUE.

At Beaumont 6, Galveston 1. At Waco 9, Shreveport 1. At San Antonio 2, Houston 1. At Fort Worth 1, Dallas 0. (Twelve innings.)

## WESTERN LEAGUE.

Joplin 4, Tulsa 4. Called in ninth to catch train. Oklahoma City 6, Wichita 1. Dea Moines 5, Omaha 3. Sioux City 4, St. Joseph 9.16.

## SOUTHERN LEAGUE.

Mobile 3, New Orleans 2. Called end ninth; rain. Birmingham 12, Atlanta 5. Memphis 24, Chattanooga 3-0. Nashville-Little Rock, rain.

Whatever banking service you may need, you will find the National Bank of Commerce ready to serve you promptly and efficiently and with your individual requirements always in mind. \$7-11c

## MILTON WINS ELGIN AUTOMOBILE RACE AT 73.5 MILES AN HOUR

Drivers Making Start. Cliff Durant, Chevrolet Special. Paul Harvey, Peugeot. Ira Vail, Philoria Special. Ed Schillo, Mercer. Joe Thomas, Mercer. Roscoe Searles, Roamer Special. Tom Milton, Duesenberg Eight. Ralph Mulford, Duesenberg Eight. Ralph Hite, Roamer Special. Tom Alley, Bender Special. Waldo Stein, Oldfield Special. Arthur Klein, Peugeot. Al Cotey, Ogren Special.

ELGIN, ILL., Aug. 23.—Tommy Milton won the 300-mile Elgin automobile race today. Milton's average speed was 73.5 miles per hour. After leading at the thirtieth lap—about 250 miles—Arthur Klein was forced out of the race by a burned out bearing. Tommy Milton, who was second, shot into the lead at that distance. Mulford definitely withdrew from the event after working frantically with his car for a half hour. At the thirty-third lap—about 275 miles—Milton was leading his closest rivals by two laps. His time was 3:43:29. Mulford got back into the race, taking Ira Vail's place. Milton's time was 4:05:17. Roscoe Searles was second, finishing nearly twenty-five miles behind Milton. His time was 4:29:57. His average was 72.1 miles per hour.

ART KLEIN FORMERLY STATIONED AT CALL FIELD Art Klein, one of the drivers in the

Elgin race Saturday, last spring and summer was stationed at Call Field and was one of the most popular of fliers at the field. He was commissioned on his arrival at Call Field, and went from this place to England, and got to flying in France before the armistice was signed, though he failed to get into any combats. The famous racer had with Eddie Rickenbacker offered to organize an air squadron, to be self equipped, but the government turned the offer down. Both got into the service, but Klein was less fortunate than Rickenbacker, as he was commissioned an engineer officer and against his vigorous protests was retained as an engineer until he finally got across.

## BRITTON FAILS TO ANNEX THE MIDDLEWEIGHT TITLE

NEWARK, N. J., Aug. 23.—Jack Britton, welterweight champion, failed to annex the middleweight title in his bout with Mike O'Dowd, custodian of that honor, here last night, but he outpointed the bigger man in almost every round of the eight. Had a decision been rendered Britton would have been named winner, according to the views of the battalion of New York newspaper critics who sat at the ringside.

## CHARLIE WHITE WINS A ONE-SIDED BATTLE

DENVER, COLO., Aug. 23.—Charlie White chopped Stanley Yoakum in twelve rounds of one-sided fighting here last night. The Denver "cave-man" managed to stay the limit but took a severe beating from the Chicago lightweight.

The fact that the business of the National Bank of Commerce is growing by leaps and bounds means that this bank gives its customers a satisfactory service as well as absolute security for their money. \$7-11c

## HERRON WINNER OF GOLF CHAMPIONSHIP OVER ROBT. JONES

PITTSBURGH, Aug. 23.—S. Davidson Herron of the home club won the national amateur golf championship of the United States today by defeating Robert T. Jones II of Atlanta by five to four.

Herron shot a brand of golf that was impossible for the Georgia youth to follow and he finally cracked. The break came at the 29th and 30th holes. Herron was leading three up as they came to the 29th and he trapped his second and nervously overplayed his third and lost the hole. They were both safe off the 30th hole. Jones was forced to play the odd and he topped his shot into a bunker. After playing three shots, he was still in the bunker and conceded the hole.

They walked to the 31st tee with Herron leading by four holes. Herron stuck his iron to the green, 164 yards away and Jones was in a trap. Bobby played his second over the green another trap, got in three and was down in four but he lost the hole when Herron's approach putt was dead and he was out of sight in three.

The match was then dormant and the players halved the next hole in perfectly played fours. This gave Herron the championship by a 5 and 4. This tournament is the first which Herron has ever figured prominently. He is the second member of the Oakmont club and the third Pittsburgh golfer to win the title. When he sank his last putt the Oakmont club members awar'd a round him and lifted him up on their shoulders.

# Announcing the Opening of Wichita Falls Newest Store

# E. F. RILEY FURNITURE CO.

816-818 OHIO  
(Building formerly occupied by the Freear Furniture Co.)

Although we have been considerably handicapped in obtaining merchandise, due to the embargo that has been placed on shipments to this city, we wish to announce that we are now prepared to meet most of your requirements in medium and high grade Home Furnishings, at as low a price as is possible, and on terms so easy that it is not necessary for a person of moderate means to do without the things needed to make that Home comfortable. This store will be the "House of Courtesy" and you are Always Welcome, whether you are ready to buy or merely looking around. We want you to feel that we are here to please you, that this is "your store." In fact, it is "The Store for All the People." Come in. Let's get acquainted.

### SERVICE

OUR SALESMEN are men with years of experience in the Home Furnishing business. If you do not have confidence in your own judgment, we will help you to decide what to buy. What we know and what our salesmen know is at your service. You will find it particularly easy to buy here, and every transaction will be a satisfactory one.

### OUR POLICY

SATISFACTION AND ACCOMMODATION, with the intention of winning and holding the patronage of every person entering our store. That we live up to this you will agree if you come to trade with us.

### OUR CREDIT SYSTEM

TERMS ARRANGED on any size purchase. The furnishings you select will be delivered to your home, upon the payment of a reasonable amount cash, the balance to be made in weekly or monthly payments, to suit your convenience. Come in and talk it over.

As Pure as the Voice of a Child is the Tone of the "STARR" PHONOGRAPH.

"Starr" Phonographs \$65.00 to \$225.00 Easy Payments

### LIVING ROOM SUITES

We have just received a carload of Living Room Suites. Brown chequer, upholstered in Cheney Silk, Hiredged Velours and Tapstry, Silk Trimmed, Odd Rockers and Chairs to match, also Wing Rockers with cane seat and back. These suites won't last long. Make your selection now; we will store them for you if you are not ready for them to be delivered. Three-Piece Suites, consisting of Davenport, Chair and Rocker—  
\$265.00 to \$525.00

### "The Steinway of the Kitchen"

## McDougall Kitchen Cabinets

Are not ordinary Cabinets; their construction, workmanship and finish is superior to any other make of cabinet, and can only be compared with the better grade of dining room furniture. The McDougall is not merely nailed or screwed together, but every joint is tenoned and glued, the solid oak corner posts are reinforced with eight steel corner plates. This makes the base absolutely rigid.

The McDougall Cabinet is a thing of beauty, quality, strength and service. It is finished with the highest grade waterproof spar varnish, and is not affected by steam or water. The McDougall is the most modern and sanitary cabinet on the market, containing the improvements to be found on other cabinets with many conveniences to be found on the McDougall only. Step in and examine the McDougall, see the removable tilting flour bin, the auto front that quickly disappears, leaving no cracks for dirt to catch in, the sanitary base that permits sweeping under the cabinet without moving it from its position, and the many other exclusive features.

\$47.50 to \$87.50

The STARR has a throat made of Silver Grain Spruce, the only wood that produces a true "singing throat" for either vocal or instrumental compositions.

And in every other feature as well, the STARR carries out the maxim of its makers, observed for fifty years continuously, to make "Nothing But the Best."

This is why those who have heard the STARR regard it as the unequalled phonograph.

GENNETT Records have won the favor of those who have heard them, for the same reason—the exquisite workmanship that goes into them.

GenNETT Records are recorded in New York, from the latest dance selections and song hits born on Broadway. Come in and hear the new GENNETT Records. They are played on any make of phonograph and improve the tone of any phonograph.

Get acquainted with the STARR Phonograph and GENNETT Records!

### STANDING AND TABLE LAMPS

Telegraphic Briefs

Married, Then Arrested. DALLAS, TEX., Aug. 23.—Twenty minutes after her marriage here, Mrs. Blanche Upshaw Smith was arrested for forgery and is in jail.

Unleashed on the Judge. TERRELL, TEX., Aug. 23.—Arrested for speeding, James Phillips paid with a bucket of pennies. The judge counted all 950 of them.

Workhouse Is Empty. KANSAS CITY, KANS., Aug. 23.—Workhouse guards are guarding four bare walls. For the first time in its history, there are no prisoners.

Fifteen Days Rest. ST. PAUL, MINN., Aug. 23.—Lewis Smith, ebony hued, admits he is the "blacklist poison" in St. Paul. He won't work, can eat and will sleep. Detective Quarrels advised the court. A fifteen days rest was recommended by the court.

Too Small to Hurt. MILWAUKEE, WIS., Aug. 23.—"It's the size of the shoe that counts," says Mrs. Margaret Panitoe in defending her divorce suit. She admits she threw a shoe at her husband, but says it was too small to hurt.

Some Egg Was This. SPRINGFIELD, ILL., Aug. 23.—At least one local hen is trying to beat the high cost of living. She laid one egg nine and one-half inches long, eight inches in circumference and weighing one ounce less than a pound.

Accommodating Bandits. BOSTON, MASS., Aug. 23.—After locking Frank H. Turgeon in the refrigerator of his creamery and then robbing his safe of \$250, five masked bandits called up the police and asked if they would be so kind as to release him.

Little of Leaveings. NEW YORK, Aug. 23.—Evidently affected by the high cost of living and consequent scant leaveings, a rat in a Park Row "beanery" attacked and bit the leg of one of the patrons.

Full Grown "Swamp Bird." JERSEY CITY, N. J., Aug. 23.—Police Lieutenant Frenner is recovering from a self-inflicted blow in an attempt to kill a mosquito on his neck. He got the "swamp bird," more than an inch in length.

Bakers Economizing. NEW YORK, Aug. 23.—A new reason for the high cost of living was literally unearthed when the health commissioner declared bakers are using petroleum jelly instead of lard or butter in their pies.

Beauty in Brooklyn. NEW YORK, Aug. 23.—Beauty in Brooklyn is a necessity. Therefore it's cost is to be probed. The district attorney has been asked to look into the high prices charged by beauty parlors.

Another Disappointment. FAIR HAVEN, MASS., Aug. 23.—"Twas kind of chilly, so the committee decided to call it off. A parade of girl bathers in "modest" bathing suits was to be held here but weather conditions prevented.

Money Didn't Satisfy. CHICAGO, Aug. 23.—Police say Mrs. Sophie Brzcyki has her own ideas about punishment. Court had ordered the husband to pay her \$16 a week. Yesterday police arrested her. They said she drenched Brzcyki with scalding water while he slept.

Robbing the Movies. CHICAGO, Aug. 23.—Police today robbed the movies of two bright stars. Sophie Schiff and Sarah Schmutz, 23

Remember

In our advertising we announce features which tend to make our prescription SERVICE POPULAR. These statements are not mere claims, but actual conditions which are applied regularly in this important department of our business. When prescriptions are brought to us they receive the kind of attention your doctor would wish. Experienced pharmacists only do compounding and they have at their disposal drugs of standard potency and every scientific aid for facilitating their work. Prompt service and accuracy are also features which you'll appreciate, especially when medicines are needed in a hurry.

Special Attention Given Our Prescription Dept. Palace Drug Store First Attention For the Sick to All Orders

each were taken home when found three miles from home, hair matted and all. Devil's Opportunity. LAKE FOREST, ILL., Aug. 23.—The devil may run rampant in this town for a few weeks. Every one of the three pastors here have gone on vacations.

DALLAS, Aug. 23.—When an ammonia pipe was broken in a large office building here, G. T. Gregory borrowed an army gas mask and repaired the leak. KANSAS CITY, MO., Aug. 23.—Married five days a certain negro sought the free legal bureau because of domestic trouble. "What's your wife's name?" he was asked. "Layla, boss, I don't know, I never called her nothing but Sislah," he replied.

WHOLESALE GROCERY TO HAVE TRUCK SYSTEM TO SERVE THE OIL FIELDS. VERNON, Aug. 23.—A wholesale grocery company for Vernon is the plan of local parties who are interested in the organization of the Merchants Supply Company. P. E. Phillips is president and general manager of the project; W. R. Williams is vice president and assistant manager. J. O. Rouse is secretary.

WIFE IS ANXIOUS ABOUT W. D. SADLER OF TULSA. TULSA, OKLA., Aug. 23.—Where is W. D. Sadler, of Kansas City, Mo. On July 23, last he came to Tulsa and opened an office but soon disappeared. When last heard of he had \$350 in cash and Liberty bonds on his person.

FIVE YEAR SENTENCE FOR VIOLATING VENEREAL LAW. TULSA, OKLA., Aug. 23.—Five years in the state penitentiary for communicating a social disease was the sentence given to Carl Smith of Collinsville, in district court by Judge Owen. This is the first instance where the new state venereal law has been invoked successfully.

LEASES AND ASSIGNMENTS. Tom Teterman to I. Ruby, 10 acres in block 96 of Red River Valley lands, \$1,000 and other considerations. Paul A. Motes to Tom Teterman, 1 acre in block 98 Red River Valley lands, \$1,000 and other considerations.

WOMAN IS ARRESTED CHARGE INTOXICATION. One woman was arrested Friday night by city police on the charge of intoxication and was fined \$20 in the police court Saturday morning. Her case was turned over to the Federal authorities for investigation regarding the place where the liquor was obtained.

ORGANIZE TO SUPPLY GAS FROM HOG CREEK TO ADJACENT POINTS. RANGER, TEX., Aug. 23.—The Oil Fields Gas Company with a capitalization of \$500,000 has been formed to supply natural gas from the Hog Creek fields to towns and cities in the vicinity of that field.

"Life Was Hardly Worth Living Until I Found Orgatone". "If you had seen me before I began taking Orgatone, you'd hardly believe that it was the same person talking to you now," said Mrs. M. Temple, who operates the well known barber shop at 211 West Weatherford street, Fort Worth, Texas.

AN ADJUSTMENT OF VALUES. We are asked a good many times, "Why the high price of coffee?" There are, of course, many contributory reasons. Among them: The frost damage in Brazil last August. The fact that Europe has had practically no coffee for four years, and the surplus in the United States is practically nil.

AT OUR FOUNTAIN FLAVORING EXTRACTS. POPULAR DRINKS AT POPULAR PRICES. And served at the most popular place in the city— THE MILLER DRUG STORE. Phone 193. Eighth and Ohio. Free Delivery.
