

KNOXVILLE SCENE OF RIOT LAST NIGHT

CITIZENS STORM JAIL AFTER NEGRO ARRESTED FOR KILLING WHITE WOMAN EARLY IN DAY

KNOXVILLE, TENN., Aug. 31.—Following storming of the Knox county jail Saturday night by a mob bent on reaching Maurice Mays, a Negro arrested early in the day in connection with the murder of Mrs. Bertie Lindsey, a race riot of serious proportions began shortly after midnight Sunday morning. Sheriff Magney and Private Henderson, both of the machine gun company of the Fourth Tennessee, were killed at 12:30 a. m. It is said both were slain by mistake by bullets from their own command. All hardware stores and pawn shops have been looted for arms. Soldiers of the Fourth Tennessee National Guard turned a machine gun on a crowd of armed negroes at Vine and Central Avenue after a battle between whites and blacks in which two negroes were killed. Four negroes fell under the machine gun fire. Firing continued and it is impossible to tell how many have been killed or wounded. Seven men, all white, are wounded in local hospitals as a result of the trouble at the jail and subsequent rioting. Five motor trucks loaded with men who declared they were going to Chattanooga to attempt to get Mays left here at midnight. At that hour disorder continued around the jail, the mob turning its attention to battering the sheriff's residence. One citizen, shot through the arm, was in the city hospital and a guard who had been beaten to insensibility had been treated there and taken to camp.

Another Is Killed Result of Family Feud Over a Dog

DALLAS, Aug. 30.—A family feud, resulting from a quarrel over ownership of a dog, had resulted in the death of one man, possibly fatal wounding of another and arrest of a third here today. The victim, Joseph Gause, returned to his home, claimed he shot in self-defense. Gause, who had been arrested for the murder of H. C. Gause, was shot and killed near Dallas June 19. J. T. Vickery, a farmer, was shot by Joseph E. Gause, the murdered man's son. The shooting occurred near Reinhart, a village in Dallas county, late yesterday. Joseph Gause, returned to his home, claimed he shot in self-defense. Early tonight it became apparent that the deputies and policemen on duty at the jail were unable to cope with the situation and the call was sent for troops and the Fourth Tennessee national guard, which is holding its encampment here. Two squads were rushed to the jail in a motor truck. The disorder reached its height with their arrival and missiles of all kinds were hurled while fist fights were numerous and profuse. Shooting outside the jail began. The guardsmen were soon strengthened by the arrival of a full company and the jail corridors and yards were cleared.

CALIFORNIA STRIKE RAILWAY EMPLOYEES BROUGHT TO AN END

LOS ANGELES, CALIF., Aug. 30.—Practically all striking steam road engineers, conductors, brakemen and switchmen reported back to work this morning, following a vote to discontinue the strike which was completed last night. The Los Angeles rail strike has ended today. Action taken in Los Angeles a scant seven hours before the government's ultimatum expired made it unnecessary for the federal authorities to put into effect their threat to operate the trains, beginning at 17 a. m. today. Every preparation had been made by the railroad administration, however, to run the trains and hundreds of deputies had been sworn in to protect property. Governor Stephens of California had come to the assistance of the rail administration and had called upon all mayors, sheriffs and other peace officials to aid the government. The Los Angeles strikers voluntarily returned to their posts. The mass meeting lasted three hours and was one of the most stormy labor sessions in the history of the state. F. Whitney, international vice president of the Brotherhood of Railway Trainmen, who addressed the meeting, was hissed. At one time only the prompt action of conservative delegates prevented the radicals from sweeping Whitney off his feet. A dozen radicals with clenched fists started toward him, but were finally ejected. At the office of Wm. Sproute, district manager for the rail administration, it was said today that every effort will be made to move perishable freight. Passenger service will be normal within a few hours, it was said.

REPORT SUCCESS OF HONDURAN REBELS

SAN SALVADOR, Republic of El Salvador, Friday, Aug. 29.—News papers here assert that the Honduran rebels under General Morazan have occupied the important town of La Paz and taken many prisoners; and much war material. The car which the pair alleged to have stolen was taken from in front of a local hotel August 15, it was asserted. Mrs. Bell, 15 year old, a pretty brown-haired girl, formerly of Fort Worth, told the police when she and her 19 year old husband were charged with automobile theft here today. PERSHING DECLINES TO TESTIFY BEFORE COMMITTEE OF CONGRESS

PARIS, Aug. 30.—General Pershing has refused to testify before the subcommittee on expenditures by the War Department which has been conducting an investigation in France. The general's refusal to testify in the presence of a joint statement was issued by Representative Royal C. Johnson and Oscar E. Bland, of the subcommittee, in which regret was expressed that there should be conflict between the military and civil authorities of the government. In a separate statement, in which Representative Johnson did not join, Mr. Bland declared that the general's action was an example of the "indifference and contempt" shown during the entire war by the War Department toward the wishes of the people and their representatives.

Henry Is a Candidate For Governor on the Fort Worth Platform

DALLAS, Aug. 30.—Plans for "re-constructing" the present democratic party organization in Texas were completed here today at a meeting of the advisory committee of the party faction which, at a recent meeting in Fort Worth, laid down a new platform of principles, enunciated by former Senator Jos. W. Bailey. Dallas was designated the permanent headquarters of the faction's organization, which is to be extended to every precinct in the State with a chairman for each political subdivision. A publicity committee was named to direct this campaign in conjunction with the committee on permanent organization. One hundred thousand copies of the faction's platform, with places for signatures, will be circulated, and when these "petitions" have been returned to the headquarters, a general mass meeting of Texas democrats will be called to determine definitely the future of the movement.

MUCH DISCUSSION OF HENRY CANDIDACY

DALLAS, Aug. 30.—An advisory committee of the faction of Texas democrats which recently agreed on a campaign for party reconstruction under the leadership of former Senator J. W. Bailey, met here today to discuss plans for "effectively placing" its platform before all genuine democrats of the state. Preceding the formal session, there was much discussion among committee members as to the probable effect of the announcement last night by former Congressman R. L. Henry of Waco, that he was a candidate for governor on the principles laid down by this faction. After various recommendations for furthering the principles of the faction had been made in individual addresses at the rehearsal session, a subcommittee was appointed to map out a plan of procedure for presentation to the entire committee late today. The committee, appointed by Judge C. F. Greenwood, chairman of the recent Fort Worth meeting, is composed of Oscar Callaway of Comanche; E. C. Cardwell of Austin; Tom Hamilton of Waco; William Bacon, of Dallas, and John H. Kirby, of Houston. Upon motion, Judge Greenwood was added as executive secretary. Questions of procedure occupied the entire forenoon session. Some committee members, led by Bob Jones, of Henderson, insisted nothing is to be gained by remaining within the present democratic party, and want an absolute divorce at this time. Tom Hamilton of Waco indicated in a speech that he fears the power of the newly formed American party in Texas, as he has received information that 28,000 Texas voters have pledged fealty to that party already. Hamilton urged a vigorous campaign be waged at once in every section of Texas, and predicted that if these leaders are named now, the American party will merge with the Bailey faction.

Boys Will Not Let "Their Judge" Serve Sentence in Jail

CHICAGO, Aug. 30.—Chicago boys will not let "their judge" serve a jail sentence. "Their judge" is Ben Lindsey, of Colorado, widely known as a juvenile court judge. Recently Judge Lindsey was sentenced to serve 30 days in jail for contempt of court. The alternative was payment of a fine of \$500. Friends came to his aid but he refused their help. Members of the "boys" brotherhood republic held a meeting last night and today a campaign is under way to raise 50,000 pennies to pay the judge's fine. They wired him of their action.

MEXICAN CONGRESS FAILS TO ACT ON PROPOSED PETROLEUM BILL

MEXICO CITY, Aug. 30.—The rise in Mexico Oil company oil stocks dealt in on the local exchange has been the feature of the beatings this week. The increase in some cases has been 40 per cent. Financial writers of the Mexican city papers say that the bull movement was due in part to the public confidence in future favorable oil legislation. MEXICO CITY, Aug. 30.—The extraordinary session of the Mexican congress called the first week in May to consider urgent measures, among

IRISH PROTEST AGAINST PLAN FOR A LEAGUE

WASHINGTON, Aug. 30.—Impassioned protests against the League of Nations were presented on behalf of American Irishmen today at a hearing before the senate foreign relations committee. In a series of dramatic appeals which repeatedly drew cheers from the crowd jamming the committee room, the spokesman declared the covenant sought to pronounce a death sentence on the aspirations of the Irish people and to force forever upon Ireland what their characteristic yoke of British oppression. Among the speakers, who said they voiced the sentiments of more than 20,000,000 Americans of Irish origin, were Frank P. Walsh of Kansas City; Michael J. Ryan of Philadelphia, and Edward P. Dunne, former governor of Illinois, members of the American commission which sought to get a hearing for Ireland at Versailles. Representatives of various Greek societies also appeared before the committee during the day and made a statement of their opposition to the abuses growing out of world-wide concentrated power, praying alike on producer and consumer, and wasteful in many of its methods. "We believe the licensing system places power and responsibility for just and rational treatment in an improper hands in the government. We endorse as essential the policy of divorcing the packers from control of the stock yards. We believe that re-warding the packers with water found in the lungs was evidence that Cooper was dead when dropped into the creek."

AGREE ON UNIFORM PRICE OF \$1.50 FOR COTTON PICKERS PAY

STAMFORD, TEX., Aug. 30.—At a well attended meeting of farmers from various parts of West Texas, held in this city today, it was voted unanimously to offer imported cotton pickers a uniform rate of \$1.50 per 100 pounds, hands to board themselves. Farmers of West Texas are asked to sustain this price and the co-operation of business interests is urged. By request of the meeting, the West Texas chamber of commerce agreed to open registration bureaus under the auspices of the chambers of commerce of El Paso, San Antonio, Corpus Christi, Fort Worth and Del Rio and the young men's business leagues of Waco and Laredo for the purpose of handling Mexican labor to pick the crops. Waco and Fort Worth will also be designated as points for importation of negro labor if it is thought desirable to import the same. The cotton crop of West Texas this year is estimated to be 10,000,000 bales. Farmers here say the \$1.50 price for cotton picking here is equal to better than \$2.00 in South and East Texas.

INSISTS DISCIPLINE SHOULD BE LEFT TO THE "FIGHTING MEN"

WASHINGTON, Aug. 30.—Young men are being kept out of the army by an archaic military system, former acting Advocate General Ansell today declared before the Senate military affairs subcommittee. "Our system is not a system for war, for it has always been torn down in times of war," Ansell said. He criticized the army caste system and its effects on military justice. "Why leave matters of pure law to men just because they have shoulder straps?" he asked. "We wouldn't do it in any other institution. Why do it in the army?" Ansell attacked army officers who have opposed his suggestion for reform in military justice. "General Kernan was never at the front," Ansell said. "He was miles and miles to the rear in perfect safety. Why, General Pershing was in no more danger than you are right here, except when he went to the front to inspect an organization. Of course that was as it should have been, but it shows how impossible it is for a man to draw the line between fighting men and legal men."

CONSOLIDATION OF FOUR TRIBES OF INDIANS MAKES PAWNEE SECOND LARGEST

PAWNEE, OKLA., Aug. 30.—The consolidation of the Pawnee, Otoe, Tonkawa and Kaw Indian agencies has become effective, with J. C. Hart, for 19 years agent of the Otoe Indians in Wisconsin, as agent. This makes the Pawnee reservation the second largest in Oklahoma, with 925,933 acres, the Osage being the largest, with over one million acres.

PROHIBITION PARTY TO DETERMINE WHETHER TO ABANDON CAMPAIGN

CHICAGO, Aug. 30.—Whether the mission of the prohibition party has been accomplished with national prohibition scheduled to become effective January 15, by constitutional amendment, and the party be abandoned, or that it should continue on the issue of law-enforcement or be reorganized for world prohibition, is the question for the national committee to solve September 1. The leaders hold varying opinions and the future of the national prohibition is in doubt.

Tribal Welcome May Be Extended to the President

OKLAHOMA CITY, OKLA., Aug. 30.—Tribal welcome of Oklahoma's first inhabitants was a suggestion to be made today by the nation's chief executive on plans to greet President Wilson here September 26 on his first visit to the state. Greeting from the peoples who have maintained intact the traditions of their fathers under the "mandate" of the "great white chiefs" was pointed out would have double significance when the nation's chief executive arrives to defend his plan for world peace and protection through mandatory for less powerful peoples. Many tribes, it is believed, would be eager to participate in such a ceremony.

COERCION BY THE PACKERS IS CHARGED

WASHINGTON, Aug. 30.—While Western and Southern stock raisers, appearing before the senate agriculture committee, continued today to attack the Kenyon and Kendrick bills to license the packing industry, Chairman Kendrick, in the committee room, the spokesman declared the market committee charging that in some cases the witnesses were "coerced" and in other cases had their expenses paid by the five big packers. "The association has long realized the impossibility of proper conduct of the livestock business when subject to the entrenched monopoly of the great packer combination," said the message, which was signed by H. A. Jastro, chairman of the association market committee. "We recognize and endorse the general plan for thorough-going and federal control of the packing business which should in the future prevent the abuses growing out of world-wide concentrated power, praying alike on producer and consumer, and wasteful in many of its methods."

Wife Away From Home

Mrs. Cooper, who is a daughter of Milton Smith, president of the Louisville and Nashville railroad, has been visiting relatives in Louisville, Ky., and her absence accounts for the facts that the disappearance of her husband had not become known until today. The wife had no evidence that the Cooper home had been robbed after the murder and some doubt has been expressed that the murderer could have expected that the lawyer would have any great sum on his person. His empty pocketbook, however, was found in the bottom of the automobile.

REWARD IS OFFERED

Governor Roberts has offered a reward of \$500 for the arrest and conviction of the murderers of the late Colonel J. B. Cooper, father of Robin J. Cooper, was one of Patterson's closest advisers. In the fatal encounter which occurred on an uptown street of Nashville, November 9, 1908, the son fired the shot which ended Carmack's life and in the shooting was himself wounded. Father and son were pardoned by Governor Patterson in the second degree in the lower court but on the appeal of the case to the supreme court, the verdict was reversed as to the son. The verdict as to Colonel Cooper was sustained three to two, but before leaving the capitol the father was pardoned by Governor Patterson in the case against Robin J. Cooper, when it came up again at the Davidson county criminal court was dropped.

BILL PROVIDES FOR AN INCREASE IN PAY FOR SOLDIERS AND SAILORS

WASHINGTON, Aug. 30.—Increase of thirty per cent in the pay of all officers of the army, navy and marine corps, and of twenty per cent for enlisted men, are provided for in a bill drawn by Rear Admiral T. J. Cowley, former paymaster general of the navy for which Congressional authority was sought. Admiral Cowley, in a statement made public today, said the salaries of all government employees, civil and military, should be increased immediately. He suggested advances of 100 per cent in the salaries of the President, the vice president and cabinet officials, and of 50 per cent for members of Congress.

PAWNEES TO GIVE VICTORY DANCE TO HONOR SOLDIERS

PAWNEE, OKLA., Aug. 30.—The Victory dance of the Pawnees, given in honor of their members who have returned from the war, caused six other tribes to join with them on their two day dance here. Ponca, Otoe, Kaws, Tonkawa and Sac and Fox are the others. Pawnee warriors took part in the first dance, preceded by street parade. The affair closes today. SHAWNEE INDIANS TO GIVE VICTORY DANCE. SHERRY, OKLA., Aug. 30.—The Shawnee Indians will give a victory dance next week here, opening on Monday and closing on Wednesday.

HENRY LANDRU PROTESTS THAT HE IS NOT INSANE

PARIS, Aug. 30.—Henry Landru, under arrest in connection with the disappearance of twelve women, whom it is asserted he either had married or promised to marry, has made a protest against an intimation of the court that he is insane. He has requested Judge Bonon to appoint a commission to examine him, declaring that "it would be too easy, after accusing me of the most infamous crimes of connection with the disappearance of women, when proofs fail to have me interned in an insane asylum." Dr. Rubinovitch, Fursac and Vallon, have been appointed by the court to examine Landru.

PACKERS, COLD STORAGE AND COMMISSION HOUSE MEN OF INDIANAPOLIS ARE INDICTED

INDIANAPOLIS, Ind., Aug. 30.—Officials of five cold storage houses, three leading packers and five commission houses of Indianapolis were indicted today by the Marion county grand jury in its fight on high cost of living.

Approximately 100 indictments were returned alleging violation of the Indiana cold storage law and the state hoarding law, which provides that foodstuffs shall not be kept in cold storage for more than nine months and requiring a stamp on the article showing date of storage.

WASHINGTON, Aug. 30.—Suspension of exports of foodstuffs or licensing of such exports after the strictest scrutiny, would lower the cost of living within the 90 day truce period established by labor, in the opinion of Wm. B. Colver, chairman of the federal trade commission.

In an interview with the United Press today, which he explained was an expression of his personal views and not an official expression by the commission, Colver said:

"There is no single cause for the high cost of living. Therefore there is no panacea. This is the only nation on earth that permits its foodstuffs to be used as poker chips. This is the only nation where speculation is permitted in food such as canned fish, fruits and vegetables. Not only before these foods are in their cans, but before the seeds are planted, before the ice is off the river where the fish are to be caught, and before the profits of speculators in food represent no useful cost. Cutting them out can hurt no one.

"If exports of foodstuffs were suspended, prices in this country would be reduced. In the absence of total suspension of exports, the licensing of exports after the strictest scrutiny would lower prices. The American people may be long suffering and patient in sharing their food with hungry people across the sea, but they certainly would not be patient if there is foundation for a suspicion that any food of any kind is sent away, not in response to a mere

UNCERTAINTY AS TO AVAILABLE FUND IS SLOWING UP WORK

UNABLE TO IMPROVE BURKBURNETT ROAD AS PLANNED ON SUBSCRIPTION.

ONE WORKING IS COMPLETED

Marked Improvement Is Noted by Those Accustomed to Traveling Highway.

Uncertainty as to whether the subscriptions necessary for the work will be completed is slowing up the construction of the Oil Field Highway to Burkburnett and the oil field beyond, according to D. P. Talley, superintendent of construction of the road.

Although one working of the road has been completed from Wichita Falls to Burkburnett, and an immediate reworking of this stretch is planned, it is stated that unless subscriptions, which have a somewhat fallen off, come in in larger volume it is doubtful if the work can be carried on originally planned, that is a continual working of the road until the first of the year.

So far, subscriptions in the neighborhood of \$25,000 have been acknowledged by the committee directing the work. Burkburnett, it is stated, has not so far contributed a cent toward this work, but is however expected to work, although a number of subscriptions have been received from former residents of that place who are now in Wichita.

The return to the city of W. M. Priddy, chairman of the central committee, as of W. E. Norton, vice chairman, is however expected to produce a renewal of activity in the solicitation of subscriptions for this work.

"I run over the road will convince anyone that an immense improvement has already been made in the road," said Mr. Talley Saturday afternoon, after returning from a trip of inspection over the entire length of the road.

"Such a heavy traffic moves over the road, however, that a continual working of the road is necessary to keep it in passable condition. One oil operator, who has traveled this road every day for the past two weeks, stated that the road is necessary to pass over this road at 5,000 daily. Such a volume of traffic will soon wear down a road which is not continually worked.

"We have finished the shaping and stiling of the road from Wichita Falls to Burkburnett, as well as repairing bridges and securing their foundations. This road a second time, redraining, reshaping and applying another coat of oil, which should put it in a better condition than it is in at present.

"A serious crimp will be put in this work, however, unless subscriptions to the work come in more freely than has been the case in the past few days."

"STAGE IS SET" FOR BARBECUE AT GOODNIGHT RANCH MONDAY COMPLIMENTARY TO OIL MEN

All aboard for Karkule Bill's buffalo barbecue! This afternoon at 3:30 the oil men's "Millionaire Special" will leave the union station for the famous Goodnight ranch, where a long tailed and much heralded barbecue to be given by Mr. McCallister on his newly purchased ranch is going to materialize.

All day Monday the oil men and their wives who are the guests of Mr. McCallister are going to take airplane rides, eat buffalo, karkule sheep, cattle and hog meat barbecued in truly western style, watch Indian and cowboy riders and visit all parts of this historic old ranch headquarters evening the special train will go to Amarillo and after a three-hour stay in the town the barbecue party will get back on the special train and will make up Tuesday ready to go on their way rejoicing after their sojourn in the West that was.

Saturday afternoon reservations were still being received from those who had overlooked making their arrangements to go on the special and from others who had just found that they were unable to attend. Karkule Bill and his barbecue have received much attention from the press of the southwest, wherever there are any newspapers, and each has been given a special column in the newspapers. It is stated that the railroad company has allowed for the special train. Fullman reservations will be handled each member of the party as they board the train.

Mr. McCallister has evidently been getting some complaints from wives of oil men who are unable to go on the day call for them to be among those not there, for Saturday evening he reiterated his invitation to the wives to be present and urged that even if the man of the house hadn't made reservations, that his wife come along anyway.

"We have issued a special invitation all along to the wives of oil men," Mr. McCallister said, "and we have made our plans for entertainment so that the ladies would enjoy it, as well as the men. We have saved out a few lower berths, and each wife with upper berth, made arrangements for lower to go along, and the wives decide to go at the last minute. Mr. Sehnman's office will be open Sunday morning and my name for the party accommodations. Don't any of you folks miss it for we are surely going to have a big time. Colonel Goodnight and such as my name for the party to the ranch, are expecting us and are getting on their best bib and tucker. There'll be lots to eat and some things that most of you haven't seen before, and such as my name for the party to the ranch, are expecting us and are getting on their best bib and tucker.

"There'll be the free airplane rides, plenty to eat and drink, and everybody will get in the movies. Bill Norton and these other boys who borrowed my ranch and my buffalo, karkules and such as my name for the party to the ranch, are expecting us and are getting on their best bib and tucker. There'll be lots to eat and some things that most of you haven't seen before, and such as my name for the party to the ranch, are expecting us and are getting on their best bib and tucker.

ODD FELLOWS PLAN MUCH ACTIVITY FOR THE COMING MONTH

The Odd Fellows will have a big night at their new hall in Scott street tomorrow night. There will be a class of 10 or 12 candidates to receive the initiatory Degree. This is thought to be the largest class to receive the work at one time in this lodge. A class of seven or eight completed the work during August.

All applicants who have not received a notice to be in attendance are expected to inquire concerning their election, and all members of the order as well as all visiting Odd Fellows are urged to attend and see the work put on and inspect the new hall. A movement is to be put on foot at once to organize an Encampment Degree in this city, and as soon as that is in good running order, the Canton or Patriarchal Militant Degree, which is the highest degree known to Odd Fellows, will be organized, and it is planned to secure members for that degree from all the surrounding counties.

SIX SMALL TANKS OF OIL DESTROYED AT BURKBURNETT

Six 250 barrel tanks of crude oil, belonging to the Interstate Oil Company, were burned Friday night, in the northwest Burkburnett field, about three miles northwest of the town of Burkburnett. The fire originated during the electrical storm of Friday night, the tanks being struck by lightning, it is stated. A large number of the Burkburnett telephones were reported out of commission Saturday, but no other damage is reported from the place as the result of the storm.

AJAX OIL COMPANY TO DRILL IN STEPHENS

The Ajax Oil Company has derrick and rig on eight acres near Stephens, in Stephens county, and tools are being moved to the property. This tract lies within close proximity to the Hollerman tract in Cass county, in which the Hercules Petroleum company recently brought in a good well at 1,900 feet sand.

TECHNOLOGIST OF BUREAU OF MINES ARRIVES SATURDAY

A. A. Hammer, petroleum technologist from the Bureau of Mines, arrived in Wichita Falls Saturday, accompanied by three assistants, for the purpose of opening the county office from which the bureau will carry on their conservation work in the North Central Texas oil fields.

While the exact location of the office has not yet been determined, several available locations are at the disposal of the bureau, and Mr. Hammer expects to have no time in the inauguration of the work.

WAGGONER CITY INCORPORATED; WILL ELECT OFFICERS IN SEPT.

Wagoner City now really is a city. In an election there Friday 66 persons voted for incorporation, while the anti-incorporationists could muster but 10 votes. Returns from the election were received by County Judge J. P. Jones Saturday.

LIVINGSTONS HAVE COMPLETED WELL ON THIRTY ACRE LEASE

The Livingston Oil Corporation has completed well No. 1 on their 30-acre lease which was drilled July 8. The initial flow nearly filled a 500 barrel tank within three hours, and the driller is very confident that the well is good for 15,000 barrels a day, or better, from all indications since the flow was tapped.

This well is in Block 97, a short distance southwest of the Texas Chief. Of 11 other wells being drilled on this lease six of them are on the sand, and will be completed as soon as tankage is available at Devoil. One of the 5,000 barrel steel tanks will be completed next week, and material for a second is on the ground. Five in all are to be built by the Livingston Refineries Corporation at Devoil. Their pipe line and trackage is already completed and shipments will be possible within a few days.

The pipe line from Devoil to the new refinery now being built at Walters is being laid rapidly, and it is expected that it will be ready to carry oil within 15 days. A steel tank of 55,000 barrel capacity is being built at Walters. Speaking of the outlook Dave Livingston said yesterday: "With the completion of our wells now on the sand, two tanks at Devoil, the pipe line to Walters and one tank and our trackage finished there, we will have the production and be able to handle 15,000 barrels a day. If delivery of our 200 tank cars is not delayed, 400 times that number."

The population of Wagoner City is estimated to be approximately 4,000 people. This means, in fact, that the minority will rule in Wagoner City at least, or until a sufficient number of its citizens have lived there long enough to vote. As it is, the voting strength is less than 100, probably about 80, while the population is about 400 times that number.

AN OLD LANDMARK HAS BEEN REMODELED

The old Mansion Hotel at Twelfth and Ohio has been completely transformed into a real sanitary hotel. Mrs. M. B. Coleman of Petersburg, Va., having purchased the old building, has completely remodeled the entire structure. It will perhaps be gratifying to the traveling public to know that the Virginia Rooms, as this place is now called, has 10 well appointed, newly papered rooms with baths sufficient to accommodate all needs.

Mrs. Coleman states that the new dining room will be opened Tuesday, Sept. 2 at noon. She also states that in addition to operating a sanitary house, that she is also assisting in fighting profiteers by charging reasonable rates.

PUBLIC SCHOOLS TO BEGIN THE TERM ON MONDAY, SEPT. 29

Monday, September 29, has been set as the date for the opening of the Wichita Falls public schools, according to W. W. Brown, business manager of the schools. Prof. Lee Clark, the superintendent of the schools, has issued a call to the teachers to be in Wichita Falls to report for duty on September 22. A week's institute, which all teachers must attend, is to precede the opening of the schools.

Construction work on several of the schools, which remains unfinished is the cause of this late date for the beginning of the Wichita Falls schools. Additions are being built to the Austin and Alamo schools and a new four room frame is being erected in North Wichita for a ward school. Work on these additions and the new building has been considerably delayed because of lack of material. Mr. Brown states, but the contractors on Friday he added, promised Mr. Clark and himself that the buildings would be in condition for school to be commenced on date named above, Sept. 29. This is the latest date on which the Wichita Falls public schools have been opened in their history, it is believed.

BEGIN THIS WEEK TO PUT GRAVEL ON THE CHARLIE ROAD

MUCH OF ROAD BUILDING PROGRAM HELD-UP FOR LACK OF MATERIAL.

EVERYTHING IS IN READINESS

Camp Is Established and Eleven Trucks Will Be Available to Haul Material.

Work of building a gravel road from the city limits to the county line on the Charlie road route, will be started this week by the county. County Judge J. P. Jones announced Saturday.

Until materials can be shipped, Wichita county's extensive road building program, calling for the construction of concrete highways to traverse the county cross-roads, will remain blocked.

Judge Jones said he was as much mystified as anyone as to when materials would be available. The county is in readiness to the minutest detail to begin highway construction as soon as materials can be received. The county has established a big, modern camp midway between Wichita Falls and Burkburnett, where many army tents, houses for cement and shelter for other material and equipment have been erected.

Constructing Camps.

About 28 men have already been employed and have been engaged in constructing the camp, hauling sand and doing other work incident to actual road building.

These men, with others, will be building the gravel road on the Charlie route this week, for the county can get gravel.

The government has supplied the county with two large automobile trucks to be used in road building and will furnish six additional trucks, said Judge Jones. The county has three big trucks of its own and the 11 trucks will be sufficient to haul materials for the work.

The county also has concrete mixers, rollers and other equipment needed for the construction of the roads.

Need Rock and Cement.

Rock and cement, or rather their lack, are delaying the progress. Materials will come from the North Texas Stone Co.'s quarries at Chisno and the embargo is preventing shipment.

Other counties, learning of Wichita's efforts to build roads, have written Judge Jones to learn of the methods being pursued by this county, and especially are other counties interested in the venture of this county in lending financial backing to a quarry, so that materials can be obtained. Every other county, say the letters, that is interested in road building is finding the chief difficulty in obtaining materials. Unlike Wichita county, they have no source of supply and apparently can get none, and even should they have shipping facilities they still would be unable to proceed because of the lack of materials.

The county, said Judge Jones, is utilizing every effort toward getting materials, but is powerless until the railroads act.

Some People are Born Good-Looking; Others Acquire Good Looks by Being Well Dressed.

And Mark Tapley would say that there was more credit in making one's self good looking than in being born that way.

We were never better ready than now to help our customers to good looks, good style, good taste and everything else that is good in Apparel.

The time when possession of the new things is most gratifying to one's self and most impressive to one's friends is JUST A LITTLE BEFORE EVERYBODY ELSE HAS THEM.

We've gathered many advance collections on Wear-Things, to have them ready for people who want to be first, and we are sure you'll enjoy seeing them at the earliest opportunity.

We are ready today with the First New Fall Suits for Women.....

Just one or two of a style, in the smartest and most effective of the new models from the best makers in the craft.

The moment you see them, you'll be eager to see how you look in them; for they are radiant with new beauty and becomingness.

The lines of the suits are smart and graceful; but each suit is softened with artful touches of relief and decoration—buttons, belts (sashes, slashes, platings, tassels, fur collars, braiding, drapings and many other effective and original beauty features.

New Fall Dresses

Tricolettes and Jerseys, Satins and Georgettes—what a lot to talk about! It would be a pleasure to describe them one by one, but space will not permit. We must content ourselves in quickly telling you that they are here—and that they are beautiful.

Our Millinery Department is showing lots of pretty new Hats that have just arrived.

Come in Tuesday. We'll be glad to show you

FINAL WARNING IS ISSUED TO AUTOISTS BY MR. GOODFELLOW

THIS IS THE LAST DAY IN WHICH VIOLATIONS WILL BE TOLERATED.

PLANS A GENERAL CLEAN-UP

Women of Questionable Character Are to Be Thrown in the City Jail.

This is the last day automobile owners will be allowed latitude in observing, or not observing, the state and city automobile laws, announced Assistant Police Commissioner Goodfellow yesterday.

Also, coming under the ban of the police beginning tomorrow are loafers, loungers and vagrants and women of questionable morals. War has been declared upon them all and even loiterers' trays are very apt to be frowned upon if they are kept in parks.

Boys also are coming in for their share of attention from the police. Hereafter, said the commissioner, all cars must be properly numbered; their lights, both front and tail, must be bright and in good condition; they must have no open mufflers; they must park in the right way and the speed regulations of the city must be strictly adhered to.

"The police are through warning autoists that they must obey the law," said Commissioner Goodfellow. "In the future we will see that they do obey the law."

Must Work or Move. All vagrants of the male of the species, all loungers and loafers are to be made to either work or move. This is no mere bluff for the commissioner, and there is enough work to provide every one with a job, no matter what he seeks work in.

The cells in the upper story of the city hall have been newly cleaned and renovated and fixed up especially for women and the citizens of the underworld who either have been here all the time or women who come here to ply their immoral traffic will be placed there, said Commissioner Goodfellow. If they do not leave the city they will be continuously arrested until Wichita Falls becomes too hot for them, he said.

"By the arrest of these women and the idlers around town," said Mr. Goodfellow, "we hope to reduce greatly the amount of crime committed here. Anyway, we will put a stop to petty thievery."

Asks Co-operation. "I wish to ask the citizens generally to assist the police department in enforcing the automobile regulations. If they will do this, the police can have

more time to devote to stopping crime and catching criminals. The police do not mean to be hard on the citizens, nor do we mean to be hard on the police, but henceforth there will be strict regulations to cover the police so as to make them more efficient and the police will be strict as to better enforce the laws. Commissioner Goodfellow will follow the system in vogue in the police departments of the larger cities of bringing all of the police in touch with all knowledge the department has of crime so that each police officer can assist on every mysterious case to the extent that he would at least know the persons of suspicion the law seeks.

MISSIE SIMPSON HERE FOR A MONTH'S STAY

Missie Simpson and Ruth Simpson are in Wichita Falls for a month's stay, after an absence of a year. Missie Simpson came to New York last fall to prepare for overseas nursing duty, while Miss Ruth was in school. They will spend the winter in New York, Missie Simpson to resume her musical studies, while her sister continues her school work.

NAMED COMMISSIONER FOR BAPTIST CAMPAIGN IN EIGHTEENTH DISTRICT

B. F. Johnson is to direct the campaign in this district for raising the apportionment of Texas' \$18,000,000 quota in the Baptist \$75,000,000 campaign, notice of his appointment as campaign commissioner for the 18th district having been received Saturday from F. S. Groener, State director at Dallas. In addition to the commissioner, who will act in an advisory capacity and co-operate with the other campaign officials, each district will have a district organizer to perfect the organization in each association in the district, and a publicity director to properly exploit and advertise the campaign. The campaign will actively begin Sept. 1, and will be pushed vigorously until the close at the end of "Victory Week," December 7.

Red River Plat and Survey. An accurate plat of Red River Placer Claims filed in Tillman county, Okla., has recently been completed by two local expert surveyors and engineers in order to determine the proper location and priority of their claims.

There has been several hundred claims filed on this land and in some cases several parties have filed on the same tract, not being able to judge whether it had been filed on previously. If you are a filer and wish to know whether or not you are the original claimant address Box 109, Red River Prospect and Oil Co., Wichita Falls, Texas. 93-11p

BUSINESS COLLEGE PLANS FOR OPENING FALL TERM

The National Business College will be closed during all this week in order to make proper preparations for the opening of the fall term which begins September 8.

During the past year this school has placed in good paying positions more than a hundred of its students, and Mr. Bilyeu says they could have placed many more had he had them to place. The demand for stenographers has been far greater than the supply.

The students of the past year have been mostly from Wichita Falls and vicinity, but several have come from other states, including Oklahoma, New Mexico, Arkansas, and Kansas. Some have come from the extreme southern part of Texas.

Mr. Bilyeu says they are looking for a large enrollment this fall and are making special efforts to give them the very best training possible.

NINE ARE ARRESTED FOR VIOLATING TRAFFIC LAW

Nine persons broke the automobile laws of the city Saturday, or, rather, nine of those who broke the laws were arrested.

Some of them parked their cars wrong, some left their cars standing without stopping the engines, some had open mufflers and one was a deliberate speeder. All of them deposited bonds for their appearance in police court Monday, but it is not thought any of them will appear, as it is the rule that auto law violators forfeit their cash bonds rather than appear in police court.

Every one of the directors, officers, and employees of the National Bank of Commerce stands ready to do his best to make the relations of customers with the bank thoroughly pleasant and satisfactory. Both small and large deposits are invited. 93-11c

FORDS MEET FOR THE FIRST TIME SINCE THEY LEFT DETROIT FACTORY

Bystanders and bypassers witnessed the getting together of two Fords Saturday at the noon hour at the corner of Seventh and Indiana avenue. The embrace was mutual between the two cars, as they had never had the good fortune of meeting each other since they left their home factory in Detroit, Mich., in 1917.

One car was going east on Seventh street and the other north on Indiana; both started to turn to the left and it was then they recognized each other and the warm embraces followed, much like two women at the depot platform.

The impact of the cars was not great enough to do any great amount of damage or to injure anyone, and after tarrying a few minutes they separated and rattled on their journeys.

ARREST NEGRO CHARGED WITH FORGING CHECK

Wyman Freeman, a negro, was brought back to Wichita Falls and lodged in the county jail Saturday following his arrest at Gainesville, Austin Mosler of the sheriff's office brought the negro back here. Freeman is charged with forging a check for \$150 on the Alfalfa Lumber Co. He obtained the money and then fled, the sheriff's office locating him in Gainesville.

REPORT ON CONDITION OF CLEARING BANKS

NEW YORK, Aug. 30.—The actual condition of clearing house banks and trust companies for the week shows that they hold \$33,036,470 excess reserve in excess of legal requirements. This is an increase of \$3,849,160 from last week.

ARREST THREE GIRLS CHARGED WITH THEFT OF SOME SILK SHIRTS

Three girls employed at a local laundry were arrested Saturday by City Detective Miles on a charge of stealing silk shirts sent to the establishment to be laundered. Four silk shirts were recovered. The girls will not be prosecuted. It was said they stole the shirts for "their sellers." The laundry caused their arrests and then discharged them.

Customers of the National Bank of Commerce find the transaction of their banking business a genuine pleasure because of the friendly, interested attention which the officers and employes of the bank extend to ALL depositors. 93-11c

LARGE RELIEF MAP TO BE EXHIBITED AT NEW ORLEANS SHOW

The Wichita Falls chamber of commerce is participating in an erection of a large relief map of Texas which is to be on exhibit on Canal street, New Orleans, during the convention of the Associated Advertising Clubs of the World at that place Sept. 21-25. The map is by 20 feet in dimensions. In addition to showing a relief of the surface formation of the State, it will show the zones of production of the principal products of Texas, the oil, coal, corn, cotton, fruit, lumber, cattle and wheat belts of the State. The principal cities of the State will stand out prominently, being located conspicuously on metal plates. A feature of the exhibit will be the night illumination.

As Canal street is one of the most prominent New Orleans business streets, this unique exhibit is regarded as certain to attract considerable attention, as well as effecting a wide dissemination of knowledge regarding the resources and production of the various parts of Texas.

The exhibit is made possible through the co-operation of the chambers of commerce in the principal cities of the State, and will entail a total cost of about \$3,000.

SEVERE PUNISHMENT IS TO BE INFLICTED ON PETTY THIEVES

Petty thievery is under the ban of the county court, and if heavy fines and severe jail sentences can stamp out this sort of larceny, then Judge Jones is determined to free the county of it.

Floyd Cox, a negro, found guilty Saturday of stealing \$15 from another negro with whom he roomed, was fined \$100 and sentenced to 30 days in jail, by Judge Jones.

The trial of the case created considerable interest and was hotly contested by Assistant County Attorney Martin, who brought out the fact that Cox had walked straight to the hiding place of the money after he had been arrested, although he endeavored to lay the theft upon another negro.

"There is entirely too much petty thievery going on," said Judge Jones. "It must be stopped at the next way I know of stopping it is to punish the culprits as severely as possible. It used to be that a fine of twice the amount of the value of stolen articles was assessed. Hereafter, the court will fine guilty persons to the limit."

The National Bank of Commerce serves the oil interests of Wichita County and places at the disposal of men engaged in this industry the cordial co-operation of its officers who have a comprehensive knowledge of the oil business. 93-1tc

ST. MARY ACADEMY WILL BEGIN TERM MONDAY, SEPT. 8

Additional buildings to the Academy of Mary Immaculate to accommodate the rapidly increasing number of students will soon be under construction, according to announcement from the Academy, and indications point to the coming term being the most remarkable one in the history of the school.

On Monday, September 8, the fall term will be opened, the registration of students to begin at this time.

The following announcement concerning the opening of the school, and the plans for the coming year, is made by the Academy:

The fall term will be opened at the Academy with the registration of students Monday, September 8.

The Sisters of St. Mary who have conducted the Academy with such marked success for the past fourteen years, make it a point while retaining all that is best in the past—to keep in close touch with the great educational movement of the present.

In pursuance of this principle which all true educators consider the only wise and sane one their teachers have spent part of this vacation attending the higher courses at Creighton University, Omaha, and Canisius, Buffalo. By the 8th all will have returned to resume with new ardor the all-important work of preparing citizens of our great republic.

It may be well to inform the new students of Wichita Falls, that both the Dunning system of music and the Progressive stories already productive of such satisfactory results at the Academy will be continued.

In keeping with the growth of the city an addition to the Academy buildings will soon be under construction in order to accommodate the rapidly increasing number of students.

SHERIFF DRAWING NET CLOSER ABOUT ALLEGED BURGLARS

Sheriff Bob McFall is drawing the net daily closer around the two gangs of burglars he broke a wee ago with the arrest of nine robbers.

Friday there was received here, and confiscated by the sheriff, a telescope grip containing a complete outfit for changing the number on the motor of an automobile. The grip was addressed to Coleman Butler, one of the men held in jail on a charge of burglary, and came from Kansas City by express.

In the grip was a set of number dies made of heavy steel; a blow torch for heating the motor before the dies are used upon it; a pair of paint for obliterating marks left when the change is made, paint brushes, tubes and other paraphernalia required in the gentle art of "changing brands" on man's latter-day steed.

No additional arrests have been made in the burglary cases, said the sheriff, but it is expected that other men will be arrested in connection with the theft of many automobiles and other articles of value, many of the burglaries having been traced by the sheriff's office to the two "burglary rings" recently smashed.

CHENAULT & WHEAT SELL AUTO BUSINESS TO NEW LOCAL FIRM

By a transaction closed Friday the business of Chenault & Wheat Company, automobiles and accessories, was sold to the Loco-Winton-Cole Co., newly organized for the purpose of buying the Chenault & Wheat business.

While the consideration was not made public, it is understood that Chenault & Wheat received approximately \$50,000.

The new firm is composed of C. H. Hardeman, Milo Connelly, Leon Deaton and Glen D. Peeler. Messrs. Hardeman, Deaton and Peeler will be active in the business. The new firm will handle the same cars, tires and accessories that Chenault & Wheat handled the Locomobiles, the Winton Six, the Cole Eight and the Mitchell automobiles.

W. L. and N. B. Chenault and J. O. Wheat composed the firm of Chenault & Wheat Co., which was organized about three years ago. Mr. Wheat declared that at times the company has had a stock of automobiles and accessories valued at \$150,000 or more but that the reason the stock was low now was that shipping conditions are such that goods cannot be obtained.

Neither W. L. Chenault nor J. O. Wheat have made their plans for the future, it was said. Both of them likely will remain residents of Wichita Falls, however, said Mr. Wheat.

DR. COVINGTON IS COMING TO CONFER ON HEALTH PLANS

Dr. P. W. Covington, State director of rural sanitation for the Texas health service, is to be in Wichita Falls Wednesday for a conference with Judge J. P. Jones, county judge, Mayor Miclow, members of the commissioners court, city council and chamber of commerce representatives.

In the interest of rural sanitation work in Wichita county, Dr. Covington's visit is in the interest of the establishment of the work in Wichita county through the offer of the Rockefeller Foundation to give \$5,000 to the work in the four Texas counties first to make a similar appropriation. This project has already been favorably endorsed by the directors of the chamber of commerce and by several of the county officials. The matter is also to be presented to the city council, who may be able to cooperate in the work.

The rural sanitation work is the result of disclosures by the record of physical examinations during the war of the inroads being made in rural communities by disease of a preventable nature, the work which will provide for a health officer and corps of assistants, will consist of a campaign of education on sanitation and prevention of diseases, as well as actual combat of disease in rural districts.

"THE LIFE OF QUALITY."

Quality folk are good folk. To us of 'The Quality' is to have life right. The quality life is made up of three virtues and all of us need to so study and work as to make these virtues the foundation of our quality in life.

1. The first virtue in quality living is the virtue of politeness in practice. It is evident that impoliteness is the rule of the many everywhere.

2. The second great virtue in quality living that makes for the determination of duty is the virtue of moral civility. This is conscience in action.

3. The third great virtue in quality living is the virtue of humility. Just as civilization is politeness in practice.

4. The fourth great virtue in quality living is the virtue of industry.

5. The fifth great virtue in quality living is the virtue of frugality.

6. The sixth great virtue in quality living is the virtue of cleanliness.

7. The seventh great virtue in quality living is the virtue of orderliness.

8. The eighth great virtue in quality living is the virtue of neatness.

9. The ninth great virtue in quality living is the virtue of tidiness.

10. The tenth great virtue in quality living is the virtue of respectability.

11. The eleventh great virtue in quality living is the virtue of propriety.

12. The twelfth great virtue in quality living is the virtue of decorum.

VOICE OF THE PEOPLE.

WANTS INVESTIGATION OF RENT PROFITEERS

Editor Times: I have just finished reading an article in your paper regarding the "rent profiteers."

It would seem to me this is a question that should be investigated just the same and with as much vigor as the Government is now conducting regarding the various merchant profiteers.

I personally know of one case where a property owner in this town has increased the rent on a five room cottage over one hundred per cent in

vital question than the profiteering in groceries, etc., as I do not believe the profiteering in those lines would be more than \$10.00 or \$15.00 per month, while the increase in rent is several times those figures each month.

It would seem to me to be the interest of Wichita Falls to have the profiteering stopped, as in some cases it is driving possible good citizens away from here, on account of not being able to find a home for

their family at anything like a reasonable figure. The above statement can be proved, if desired. Yours respectfully, CITIZEN. Who owns no rent houses or grocery stores.

"TOO MANY CROOKS" COMING TO THE GEM

Vitagraph screens another popular novel, published in a magazine, in "Too Many Crooks," which will be seen in the Gem theater on Wednesday. E. J. Rath is the author and the story runs in All-Story weekly under the same name. It is a most unusual romance with strong comedy element in which Miss Leslie always appears to best advantage.

The plot centers about a young society woman who is writing a cook-play and that she may get the true "atmosphere" she gives a house party for a half dozen crooks. Among them is Boston Fannie, famous confidence woman and baby vamp, which roles taken by Miss Leslie. Fannie is not satisfied with stealing all the jewels in the aristocratic neighborhood but attempts also to poison the affections of the staid and wealthy citizens.

HARRY MOREY AT THE GEM ON THURSDAY

Harry T. Morey has a supporting cast of exceptional strength made up of Vitagraph favorites in his next picture, "Beating the Odds," which will be seen in the Gem theater on Thursday. They are Betty Blythe, his regular leading woman; Eulalie Jensen, one of photoplay's best known players; Jean Paige, charming star, in many O. Henry's; George Majeroni, Robert Gaillard, Robert Mowbray and Frank Norcross, all of whom have appeared in many of Vitagraph's most successful productions.

NORMA TALMADGE IS COMING TO THE PLAZA

Norma Talmadge comes to the Plaza theater Monday and Tuesday in the title role of "De Luxe Annie," her latest Select Picture, which is still registering a distinct success as a

stage play in many of the largest cities. The picture was adapted for the screen by Paul West from the play by Edward Clark, and directed by Roland West. Surpassing even her supreme characterizations in "Ghosts of Yesterday" and "By Right of Purchase," this charming Select star has inspired her countless admirers to new enthusiasm with her portrayal of the heroine in "De Luxe Annie."

Julie Kendal, the loving wife of a devoted husband, is struck on the head and becomes an aphasia victim. While in this condition, she becomes the confederate of Jimmy Fitzpatrick in the operation of the delux-book. Ignorant of his real purpose, she variation of the old badger game. The detective whom her husband had retained to trace her, and subconsciously flees to the little town in which the summer home of the Kendals is situated. There a surprising but altogether logical chain of events brings her to the house, where

her husband and his friend, Dr. Niblo, meet her and her confederate. An operation restores her memory, and with it the happy family life which had beset the home of the Kendals before the catastrophe.

STRIKING COSTUMES SEEN IN "THE MATERNAL SPARK"

Something new in the way of a vampire gown, so daring it made the entire Triangle Culver, City studio gasp, is worn by Josie Sedgwick in the latest Triangle release, "The Maternal Spark" at the Gem theater on Tuesday. It is a handsome evening gown of black sequins, made from a single piece of material without being cut and draped on the figure. This stunning costume was designed by Peggy Hamilton, sometimes called Lucille of the West, who is now devoting her entire time and talent to the Triangle players. It has a waistline back exposing more than half of Miss Sedgwick's beautiful shoulders and has only one sleeve, the gown on the left side being held in place by a string of jet beads. The only decoration worn by Miss Sedgwick is a black and white butterfly on the left wrist. Other features of the elaborate wardrobe worn in this picture by the

PLUMB PLAN SOVIET SYSTEM SAYS LOVETT

Declares It To Be An Assault Upon American Institutions Not Understood.

SAYS PEOPLE WOULD BE THE GREATEST SUFFERERS

Characterized as Effort to Turn Industry Over For Exploitation.

NEW YORK, Aug. 30.—The Plumb plan is an effort to Russinize American railroads and apply the soviet system, according to Judge R. S. Lovett, head of the Union Pacific Railroad.

Holding that the American people rather than railroad owners or executives would suffer most if the Plumb plan were adopted in operation, Judge Lovett said:

"The Plumb plan, as I grasp it, is plainly an effort to Russinize American railroads; that is, to turn over each industry to the employees operating it for exploitation in their interest."

Will Repay Owners.

"Whether the government takes the railroads for operation by the government, as ordinarily understood for the interest of all the people, or takes them for operation in the interest of railroad employees exclusively, as proposed by the Plumb plan, is probably not very material to the railroad owners or investors as such in either case, so long as we have a constitution, the owners would be paid for the railroads."

"In that view, and in that sense, opposition to the Plumb plan is not the fight of railroad owners, as such, or of the railroad executives representing the railroads, but is a matter that concerns all the citizens of every class and occupation."

"If the government takes and pays for the railroads and then turns them over to the employees to operate in their own interest, the result is easily foreseen."

Wages Increased.

"Since the beginning of the Federal

control, the wages of railroad employees have been increased approximately one billion dollars per annum, making the total annual wages to their railroad employers about \$2,700,000,000, while the total payable by the government for the wages of the railroads is about \$892,000,000 per annum, out of which \$450,000,000 must be paid for interest on bonds leaving \$442,000,000 to the owners of the rails, or less than one-half of the additional or increased wages to labor.

"If the railroads are turned over to those operating with unlimited authority to fix their own wages and hours of work, it is obvious that transportation rates will have to be increased and again until they become unbearable."

"Human nature makes it impossible that human men should be allowed to fix their own wages and own hours of work for others to pay."

People Will Pay.

"It is the people who will pay the freight rather than the railroad owners that are most interested in the Plumb plan. The farmer, whose products are worthless without transportation, the consumer of these products, the manufacturer in every line of industry and indeed, all the people will suffer the consequences of exploitation of the railroads by the unrestrained selfishness of those engaged in the operation of them."

"If the Plumb plan should be adopted there would be the constitution to protect the owners of the railroad against the taking of their property without just compensation, but there would be no protection to the shipping and traveling public against the wasteful extravagance of the operators in fixing their own wages, or against the inefficient service that would inevitably follow from the abolition of all discipline."

Last Word in Folly.

"While, therefore, we are opposed to the Plumb plan as involving the utter ruin of the transportation of the country, and as the last word in folly for a solution of the railroad problem, yet it is the concern of all good citizens rather than the railroad owners and executives only."

"It is rather a bold move, radical leaders to take first, for Russinization of the one industry that affects all the people. It would be more reasonable to expect them to take first some minor industry, some manufacturing line, for example, and then turn it over to the employees engaged in operating it to manage it in their own interest."

"This would affect comparatively small numbers and the process could have been extended from time to time to the other industries so long as the public remained apathetic or indifferent, as is so often the case except where individual interests are directly affected."

Vital to Everybody.

"But to take the railroad industry, which is so vital to every community and everybody, and seek to apply the soviet system to it, must at once bring home to every citizen the extraordinary character of the assault upon our institutions and what it means to every individual."

"I do not believe myself that the mass of railroad employees understand the full effect and purport of this proposition. When they do I do not believe they will favor it. I am sure they are too patriotic and too astute to turn it over to favor any such policy."

"So far as Plumb's charges are concerned, the few that have any foundation in fact were merely embellished repetitions of very old stories; and as to the others, I have no doubt that complete refutations will in due time be presented to the committee by the companies against which they were made."

GRAIN AND PRODUCE.

CHICAGO, Aug. 30.—A further drop in live hog prices at the stock yards where packing animals declined from \$1 to \$1.25 a hundred pounds on the first sales, was reflected in lower corn prices. Corn opened unchanged to 2c lower with September \$1.77 to \$1.77 1/2 and December \$1.35 1/4 to \$1.35 1/4. In the first hour prices showed a tendency to steady at about opening figures for the distant months with September fractionally higher than the opening point.

The temporary embargo against shipments to Atlantic and gulf ports announced by the United States Grain Corporation affected oats more than corn. Oats started unsteady to 1/4c lower and under some liquidation dropped to about 1c below yesterday's closing point. September showing relatively greater strength than the distant deliveries. Opening prices were September .70c and December .73c to .74c.

Provisions were rather dull. Pork opened unchanged, and lard and ribs at advances of from 2 1/2c to 5 1/2c.

The close was steady 1/4c to 2 1/2c lower, distant futures showing the greatest decline. Final figures were September \$1.77 1/2 to \$1.77 1/2, and December \$1.35 1/4 to \$1.35 1/4.

At the close pork was 7 1/2c lower; lard unchanged to 10c higher and ribs unchanged to 10c lower.

NEGRO PREACHER SCORES POLICY OF SHILLADY IN STIRRING UP TROUBLE

AUSTIN, Aug. 30.—Work of the National Association for Advancement of Colored People in Texas was scored today by the Rev. L. L. Campbell, president of St. John's colored campmeeting, in calling a meeting to discuss the race question Sunday night.

"I'm sick of this scarecrow of social equality and negro domination," terms coined by cheap politicians," Campbell said, referring to alleged statement of John R. Shillady, secretary of the advancement association, who recently was beaten in Austin.

Negroes who keep their places without attempting social equality with whites are prosperous and happy, Campbell said.

FATHER IS CONVICTED ON THE TESTIMONY OF HIS 5-YEAR-OLD SON

KANSAS CITY, MO., Aug. 30.—"Yet he looked it," was the testimony of a five year old son of Wm. T. Julian, street railway track laborer, who convicted the father of one of several admitted offenses in the north side court today. Julian admitted stealing a coaster wagon from his son and selling it to another boy for \$2.

For this and charges of stealing from the home of his divorced wife Julian was fined \$100.

Market Review

GRAINS AND PROVISIONS.

CHICAGO, Aug. 30.—Grain and provision prices on the board of trade through the week were subjected to severe depressing circumstances which were reflected in marked declines from prevailing figures a week ago. The tight, national, city and individual, against the high cost of living was a constant factor on the bear side.

While the bearish conditions and the low live hog prices continued, the end of the week saw an advance in corn, oats and meat products for future delivery, shorts having taken fright and rushing to cover forcing prices up in proportion to their desire to accumulate supplies. Compared with a week ago, however, all prices showed a distinct decrease, corn being 3/4c to 1/2c net lower; oats 1/4c to 2/4c down and provisions showing a decline of from \$1.35 to \$2.45, pork and ribs leading in the decline.

NEW YORK STOCKS.

NEW YORK, Aug. 30.—This week's stock market was again guided to an extraordinary extent by the trend of developments in the field of labor and the future extension of the living costs movement.

Higher price averages were effected in the final days of the week on the firmer stand taken by the railroad administration in the matter of the Pacific coast strike situation and the dismissal of oil land cases long pending, extreme gains of three to 12 pounds being registered. Ralls in general manifested further restraint, however, and leading industries also a few pooled or closely-held issues made sensational gains.

Ranger and Burkburnett Oil Company Number Two
NOW DRILLING

Now at Par \$1.00 a Share
WILL ADVANCE THE PRICE OF STOCK
Beginning Sept. 1st \$1.25 a Share

This company is now drilling its first well in the Lanier tract, on what is considered one of the best leases in the field; experts say it is a foregone conclusion that a big gusher will be brought in, as the lease is surrounded on all sides by large producing wells.

Well No. 1 is now almost on the sand and it is only a matter of a short time before we may be able to announce that same is in.

Stock in a producing oil company at Burkburnett is considered one of the best and safest investments that can be made; many fortunes are now being made by small investors who are receiving large monthly dividends on their stocks.

This company has hundreds of acres of desirable acreage besides the above and should be one of the largest and most profitable companies in the state of Texas.

Subscriptions for stock will be accepted up to midnight August 31st, at par \$1.00 per share. All letters must be postmarked on or before midnight August 21st, and all applications for stock by wire before midnight August 31st, any be sent collect and your check or money order may follow in the first mail.

We reserve the right to refuse all applications for stock if news of the bringing in of Well No. 1 is received before receipt of application.

Stock in producing oil companies at Burkburnett finds a ready market at from two to ten or more times its par value; here is a chance to get big returns on your money quick.

RED CROSS DOING PEACE-TIME WORK THROUGHOUT CITY

PREPARATION AGAINST RECURRENT OF THE INFLUENZA EPIDEMIC

ARE CONDUCTING CLASSES

Home Service Department of the Organization is Also Very Active.

With the winding up of its war activities, the local chapter of the Red Cross is now turning its energies into a vigorous carrying out of its peace-time program, chief among which, locally, has been a preparation against a possible recurrence of last year's disastrous influenza epidemic. This part of the work is being carried on by Miss Louise Kodadek, Red Cross nurse, who has organized and is carrying on a number of classes in various parts of the city in home-training courses, and the training of volunteer nurses whose services will be available in case of a recurrence of the epidemic and consequent shortage of nurses.

Miss Kodadek has classes going at present on the North side, in the district south of the light plant.

One Class Finishes. While the response in the city proper has not been as good as in the outlying districts, one class has finished the course of lessons held at the Kemp library, four receiving certificates, and several receiving instruction in the rudiments of home nursing. Efforts to secure a class in the factry district have not so far been as successful as in the other sections, but another attempt to organize a class there is to be made in the near future.

The classes in this work are held usually in the afternoon, and having been found that the afternoon classes average higher than those held in the morning in point of attendance. Three classes are held a week, and the course lasts five weeks.

Care of the Sick. Miss Kodadek's activities are not by any means limited to the classes conducted by her, as she has found time in the mornings to care for an average of between 15 and 20 cases of sickness in homes which would not otherwise be able to command the services of a nurse. This part of Miss Kodadek's work has been carried on in conjunction with the work of the county health officer, Dr. M. M. Walker.

Another feature of the local work of the Red Cross, a hangover from the war period, is the work of the home service department, which is being carried on under the supervision of Mrs. Minnie Gaffney, chairman. This service has proved invaluable to many discharged soldiers in straightening out their allotment accounts, securing delivery of their Liberty bonds where same have not been delivered, helping them in making payments of their insurance premiums, or in securing reinstatement of war insurance where that has been allowed to lapse. And in some cases, which investigation shows to be worthy, help of a more substantial nature is given.

Location of People. Location of people for whom relatives inquire both in person and by letter is another important feature of the home service work. This work is particularly difficult here at this time, due to the unsettled conditions and a large transient population, and is even more difficult in Burk Burnett and Waggoner City.

Owing to the great amount of attention attracted by the war activities of the Red Cross, many people have an idea that the work of the order is purely a war work," said Mrs. Gaffney, in speaking of the local work. "Nothing could be further from the truth, as there is at least an equal amount of work involved in the peace-time work of the organization. This erroneous idea has, however, hindered our work here to a certain extent, through failure of those who have subscribed to the work to pay their subscriptions, thinking that our work has come to a close."

RUMOR HOTEL MAY HAVE TEN STORIES; PLAN NOW IS EIGHT

The sixth story of the new hotel building at Scott avenue and Eighth street is taking shape, and the fact has prompted many inquiries as to the number of floors the building is to contain. A glance at the drawings yesterday showed that the building is planned for eight stories above the pavement, not taking into account the basement and sub-basement, which will house the heating, lighting and other machinery as well as the kitchen and many departments that are located on the ground floor of less pretentious hostleries.

There have been rumors that the walls may rise to 10 stories, and go all of a possible roof garden, with a rare dining service, and a splendid dance floor, but these cannot be traced to any foundation of fact. On the return of C. W. Fisher from California, more light may be shed on the conclusions of the builders, and the name that is to become famous throughout the country of one of the finest hotels in Texas may be learned.

"LOST" TRAINLOAD OF CEMENT IS LOCATED

The "lost" trainload of cement, whose arrival has been anxiously watched for by Wichita Falls builders for some weeks, has been located by M. E. Cox of the Wichita Falls freight bureau on the tracks of the Texas & Pacific and was turned over to the Denver line for shipment Saturday, according to a wire received by the chamber of commerce from Mr. Cox.

Considerable difficulty has been secured in the delivery of the train of cement, notwithstanding orders for its movement from high railway officials, the train having been reported delivered to the Denver by the Texas & Pacific, while the Denver declared that they had never received

DISPLAY OF FURS BY PERKINS-TIMBERLAKE ATTRACTS ATTENTION

For two days the windows of the Perkins-Timberlake Department Store have led a display of furs that has attracted the attention and admiration of the shopping public, a display that is the most extensive showing of furs in any city of the size in the country. All three of the big beaver late windows are used for this wonderful display, and the garments range from the tiny neckpieces of sable, squirrel and other furs that are so modish this season for wear with the cloth frocks, and tailored suits, to the luxurious coats of seal, beaver, squirrel and mink. And in between are he lovely fox skins, the seal capes, self-collared or contrasted with squirrel, and graceful wraps of mink, mole and the variety as other modes of the rich pelts fashioned in the manner approved for the season.

There is a wide range of choice and anyone, regardless of their preference could doubtless find their hearts desire. It is the whole for the favorite fur are to be had, large enough to cover the shoulders most generously, with beautiful, luxuriant brush, and silvery, grey, pointed ears of different fox pelts which are leveled on to add the beauty of the beauty of feminine apparel for winter. Or perhaps the short-skinned seal is favored. There is no end to the choice in this fur and one may have a full length coat, beautifully fashioned and colored and cut in contrasting furs, or a plain coat, without any other fur, a short jaunty coat, or a coat of cape, just as one's taste runs.

The Perkins-Timberlake fur department also gives those who desire furs for evening wear a wide selection. There are some beautiful white fox wraps, plain and combined with snowy ermine, while some of the more striking evening furs are the snowy ermine.

In buying this gorgeous lot of furs it was the idea of R. D. Kennedy, the manager of the department store, to give the feminine buyers of Wichita Falls as wide a choice in making their fur purchases, as they could find in the largest stores of much larger cities. To do this it has been necessary to put a great amount of money into this stock, but the company believes that their patrons of Wichita Falls are entitled to the best, and have acted on this belief.

The unusually attractive display in the windows, which is a fashion show in itself, is the work of the display manager of the company, T. Andrew Bradley, whose art in window dressing has made the Perkins-Timberlake windows always among the most attractive in the city.

LITTLE INTEREST IS MANIFESTED IN THE SALE AT CALL FIELD

Major Russell, commanding at Call Field, has come to the conclusion that the contractors and builders, as well as the dealers in building salvage do not appreciate the bargains in used lumber and other material offered by the government in the abandonment of the finest, equipped aviation field. He desires to again specify some of the offerings and solicit inspection of the buildings.

TWO NEW STREET CARS FOR THE SOUTHLAND LINE

Two new street cars have been received by the traction company, and as soon as the shipment can be unloaded, will be placed in service on the Southland line. The new cars are constructed of steel, equipped with rubber trucks, and have cross seats with a total seating capacity of 40 persons. They will replace the small single truck cars which have been in service on the Southland run.

Every one of the directors, officers and employees of the National Bank of Commerce stands ready to do his best to make the relations of customers with the bank thoroughly pleasant and satisfactory. Both small and large deposits are invited. 93-11c

proximately \$1,000 square feet, and of the 4 by 4 about 45,000 feet. The sale will be under sealed bids, and all persons interested are asked to communicate with the commanding officer of Call Field, who will furnish any additional information desired, and the circular blank forms on which the bids are to be submitted. The circular forms will be mailed to interested parties if it is not convenient for them to see the commanding officer in person. The bids will be opened September 15.

A Battery You Don't Have to Think About—or Talk About

If you are one of the great majority who won't even read about "electrolyte", "grids" and patent insides, you will be tickled to death to leave all that, including the care of your battery, solely to us.

About the only angle of the battery question that seriously interests most motorists is the importance of getting one they don't have to think about or talk about.

If you feel that way, you can leave it to us to produce the evidence that Prest-O-Lite is the one battery in that class.

The Prest-O-Lite Battery has excelled in every competitive test—it has more pep, power and endurance. There is a correct size for every car.

FREIGHT SITUATION RELIEVED

AND SOLID TRAINS ARE NOW MOVING TOWARD THIS CITY

A wire from M. E. Cox of the Wichita Falls Freight Bureau, sent from Fort Worth last night, states that the situation on the Fort Worth & Denver is practically all cleared up and the embargo at Wichita Falls lifted due to increasing efforts of L. C. Mahoney and R. W. Foster, sent to this district by Regional Director Hale Holden. To accomplish this in so short a period of time was made possible by every official and employee of the F. W. & D. C. putting their shoulder to the wheel and working night and day.

The Denver is now accepting cars from connecting lines and running Wichita Falls freight in solid trains and two solid trains of Wichita Falls business left Saturday. It will be necessary for consignees to unload cars promptly on arrival to prevent congestion.

Cement has heretofore been moving in small lots until Saturday when W. T. Pey on terminal manager at Fort Worth put a train of seventeen cars through Fort Worth terminals. This train should reach Wichita Falls sometime Sunday.

Mr. Peyton, the terminal manager at Fort Worth has only been in charge a short time but has the situation well under control and everything bids fair to free movement of tank cars through Fort Worth terminal from now on.

LITTLE DAUGHTER OF HOLLIDAY MAN IS KILLED FRIDAY

Word was brought to the city yesterday of a fatal accident in the streets of Holliday, the little daughter of Will Taylor being crushed to death when the wheels of an automobile on Friday in the presence of a number of people who were unable to prevent the tragedy. A car was being driven through the main street when the child suddenly rushed from behind a standing wagon in the pathway of the machine. She was struck by the fender, thrown under the wheels and instantly killed.

A gentleman who resides in Wichita Falls and was passing in his car at the time told the city representative that the driver of the machine was paying little heed to where he was going, and looking anywhere except in the path of his car. At first he drove rapidly away but returned a few minutes later to see if he could be of assistance. Onlookers are said to blame the driver for his carelessness, and consider the accident one that might have been avoided had he used ordinary precautions.

EIGHTY THOUSAND IN DEMONSTRATION AT SANTIAGO, CHILE

SANTIAGO, CHILE, Aug. 29.—Eighty thousand workers and students participated in a demonstration here today asking the government to augment production, form a food administration, stabilize money and bring about better economic conditions for working men and employees. The minister of the interior promised that measures would be taken to remedy the situation.

Meetings were held throughout the country for the same purpose, but there was no disorder anywhere.

NEARLY 1,800 OF THE FIRST DIVISION HOME

NEW YORK, Aug. 30.—Nearly 1,800 officers and men of the First Division, the first members of that outfit to return home after more than two years service overseas, arrived today from France. Major General Edward F. McGlachlin, Jr., commander of the division, his staff and detachments of the 25th Infantry and First Engineers were on the transport Orizaba, while 19 officers and 30 enlisted men comprising the advance section which is to make arrangements for the division's reception, returned on the transport Pastores.

COUPLE IS ARRESTED ON VAGRANCY CHARGE

A man and a woman, arrested in a Travis-street rooming house by Detective Miles last night, were charged with vagrancy. The woman has been arrested before.

She told the police that the reason she came to this rooming house was that her little children had been taken away from her by the court when her husband divorced her. Chief Fred Smith told her that she would lead the right sort of life she could probably get her babies back but the woman refused to say whether or not she would repent and change her mode of living.

BOY IS ARRESTED ON A CHARGE OF FORGERY

A boy, 16 or 17 years of age, was arrested by Detective Miles aboard an outgoing train last night on a charge of forgery. The boy was hiding on the train, but was pulled from his hiding place and spent the night in jail.

He will be transferred to the juvenile court. It is alleged that he forged the name of his employer, H. B. Williams, to a check for \$5.25. The boy denied his guilt.

POLICE BELIEVE THEY HAVE LOCATED THIEF

The police last night thought they had located the whereabouts of the negro man and woman suspected of stealing two diamond rings from Mrs. Givens, 213 Myland street, and reported to the police Friday night.

The ring is a cluster of diamonds, while the other has one large diamond in the center and two smaller ones on either side. The two rings are valued at \$2,000 by Mrs. Givens.

The names of E. J. Nelson of Sulphur Springs, J. K. Murray of Galveston, and J. H. Bell of Tyler, had been added to the committee, the chair announced.

Judge Greenwood announced that the purpose of the meeting was to perfect organization in every county in Texas, to make out working details and to circulate the Halley platform. He said the success of the movement depends upon good judgment and careful selection of those who are to represent the movement in the various counties.

GERMAN ARRESTED THREATENS WILSON

KANSAS CITY, Aug. 30.—A German arrested today for threatening President Wilson against the federal opinion poll and his hearing set for September 8.

SHARP STRUGGLE IS EXPECTED IN SENATE OVER PROVISIONS

By L. C. MARTIN (United Press Staff Correspondent)

WASHINGTON, Aug. 30.—A sharp struggle in the Senate foreign relations committee will come over the form of treaty reservations when the subject is taken up early next week, as forecast here today.

Republican views on reservations vary widely.

Senator Lodge, chairman of the committee, is confronted with the task of reconciling the ideas of senator McCumber with those of Senator Knox and Senator Brandegee, for instance.

Senator Lodge's own ideas do not entirely match those of Knox and there are irreconcilables—Johnson, Horan and Fall—who must be reconciled with the majority.

Democrats will take no more part in reservation making than in adoption of textual amendments, which, being powerless to vote, they merely oppose to the limit of their voting power.

With but one more amendment in sight, reservations will come up early next week and the committee hopes to complete the treaty by Wednesday or Thursday. The vital and truly important committee work is now in sight, many members feel.

The one amendment yet before the committee is that of Senator Fall, striking out the labor clauses. The committee adopted three others last Friday, thus nearly cleaning the slate of textual changes provided.

The treaty opponents met today to try to decide on plans for stopping the country in opposition to the treaty. They have been unable thus far to determine how many senators shall go, or when, or where. Senator Lodge is trying to discourage the whole idea by pointing out that they can get their message by remaining in Washington and answering the President from the Senate floor.

PRESIDENT EXTENDS HIS THANKS TO THE PAINTERS

WASHINGTON, Aug. 30.—President Wilson today wrote a letter to the Union of Painters, Paperhangers and Decorators at Hoboken, N. J., thanking them for their determination to return to work and back up his plea for an industrial truce.

The letter said:

"May I not express to you, and through you, to your fellow members of Local 78, my admiration of the patriotic spirit which they have taken in action which I am sure is in the interest of the whole country as setting an example of patriotic cooperation in relieving, not complicating a situation which must be dealt with, with as much wisdom as energy."

TOO CRAZY TO STAND TRIAL FOR ARROCITIES

SANTIAGO, CHILE, Friday, Aug. 29.—Great surprise was caused in political, diplomatic and administrative circles here today by the announcement that the United States had recognized Leguia as head of the de facto government of Peru. It was indicated that this step was not expected.

ORDER OF RAILWAY TELEGRAPHERS PLAN STRIKE CONFERENCE

ST. LOUIS, MO., Aug. 30.—Representatives of the Order of Railway Telegraphers will meet in conference here beginning Monday morning to consider new wage demands. President J. J. Manton announced today.

The order represents eighty thousand and railroad telegraphers in the United States and Canada.

President Wilson's plea for a halt in wage demands will be considered in conjunction with proposed new wage schedules. Manton said, but he refused to forecast whether it would stay at present levels or rise.

Action of the conference here affects only railroads under government control. New demands of other railroad telegraph operators probably will be based on the decision.

WAXAHACHIE MAN IS ARRESTED FOLLOWING DEATH OF HIS WIFE

WAXAHACHIE, TEX., Aug. 30.—Charles Alverson was taken into custody late yesterday in connection with the fatal poisoning of his wife, Mrs. Maude Alverson, who died suddenly Thursday afternoon. It was said an examining trial probably would be waived pending action of the grand jury which convenes Monday.

Mrs. Alverson, who was employed at the cotton mill here, was employed at the cotton mill here some medicine she had been using as a tonic. On her way back to the mill, which was only a short distance from her home, she became violently ill and died four or five minutes later. Physicians said poison caused her death.

AMERICAN SOLDIERS IN SIBERIA COMING HOME

VLADIVOSTOK, Tuesday, Aug. 19.—The American transport Thomas with 600 reinforcements troops arrived here today and will all August 22 with 40 American soldiers aboard for Manila by way of Nagasaki arriving at San Francisco in about 45 days. This is the first large detachment of the American forces in Siberia to sail for home.

WIFE OF CARRANZA IS TO VISIT UNITED STATES

EAGLE PASS, TEX., Aug. 29.—Mrs. Venustiano Carranza, wife of the President of Mexico, with two children and a military escort, arrived today at Eagle Pass, Texas, according to a dispatch received here. She has been in ill health for some time and may remain in the United States, it was said.

A SILVER LINING TO THE CLOUDS OF EUROPE

A Triumph of French Creative Genius, The Opera, Paris

Future Filled With Hope for Men of Courage, Says Irving T. Bush.

Shelves of the World's Shops Are Empty: There Is Opportunity for Those Who Are Willing to Work.

Irving T. Bush of New York, who as a boy in his teens a quarter of a century ago, inherited two hundred acres of vacant land upon which he built the giant Bush Terminal properties, has just returned from Europe where he was extending his export plans. Mr. Bush, noted as a man of broad vision, is not pessimistic over the future. As an earnest of his belief in Europe's progress, Mr. Bush has selected a site for a Bush Terminal International Sales Building in London and one in Paris. There, like the huge thirty-story Bush Terminal Sales Building, Times' Square, New York, will be the international market places for the buyers of the world.

Editorial note:

of which the people of my own country had almost escaped. Europe is binding up its wounds. The life blood of war sacrifice has just ceased to flow, and the blood of industrial national life was not yet in circulation. I resolved to get away from it all and think it out by myself, before I formed an opinion upon which to base my own judgment of the future of Europe. Today I see a new vision. I do not forget the difficulties which are all too apparent, but I am better able to measure their importance and I see a world which has been desperately ill entering the first stages of convalescence and the peoples of those countries which have borne the brunt of the great struggle preparing to face a future beset with many difficulties, but filled with hope for men of courage and determination. I cannot see with the eyes of those pessimists who do not discern the silver lining to the clouds of Europe, and I wonder if some of the leaders of thought from this country, who have painted so dark a picture of the future of Europe, had walked a clearer vision from the home shores, whether they too would not have seen a brighter future.

Before the war, there lay festering in the world's body some of its vital organs inflamed by a military autocracy which fed upon the masses of the people which are its life blood.

This appendix has been cut out. The operation has been painful and costly, but as the nations of Europe go back to work the outstanding fact is that the operation has been successful and the patient is beginning to recover. The life blood of a new hope is circulating and the masses of God's people face a future in many lands of a better hope. Convalescence may be slow, but the world has been very ill, but the period of reconstruction begins with empty shelves and a demand from every quarter for the product of the world's industry. The reopening of the ravages of war means opportunity for labor and the people who have fed and clothed themselves and their armies in the field, during a death struggle lasting more than four years, will find the coal, the food and the transportation to take care of their immediate peace needs. They will be able to repair and extend the machinery of trade to meet the demands of peace. If we were to return to pre-war conditions over night, the battered machinery of Europe could not function, but the return will be gradual. During the reconstruction of industry and the rebuilding of transportation, there must be shortages and congestions, but the facilities which have borne all the burdens of war will not pass out of existence and will be able to take care, after a fashion, of the new burdens of peace. Coal may not be plentiful and there will be less food than Europe would like, but there will be available for the uses of peace an enormous quantity of coal which has been burned by engines of war, and many acres and many hands which have been absorbed in war work will produce, even at first, some measure of additional food. The transportation which has carried munitions and supplies to the armies, and at the same time served the civil population at home, will be devoted solely to home requirements. It may be inadequate, but it is there for use and can be and will be repaired and expanded.

We have heard a great deal of the waste of war and it has been beyond description. It has seemed so ever present and uncalculated that we have sometimes forgotten that there is a wastage of peace, and that not of that wastage has been saved during the war period. Europe has tightened its belt, has patched its clothing and has come within many luxuries and comforts which seemed essential before the war. These economies have not offset the waste of war, but that part of the energy which was formerly engaged in producing unnecessary luxuries could be transferred to the production of necessities without materially changing the economic conditions of the world. It is also true that a great part of the war expenditures has been circulated among the peoples of the countries at such a high rate that wages were much of this has been saved because it could not be spent. Money would not pay additional food and luxuries upon which it might have been spent could not be secured at any price.

The nations of Europe are burdened with great national debts, but in some countries the masses of the people have a reserve buying power which did not exist before the war. There are, of course, many exceptions to this rule, but the people of England and France have more money than formerly, even though its buying power may not be as great. We also must not forget that the nations of Europe have increased in a nation, the consuming power of that nation increases, for the increased wages quickly find their way into circulation through the purchase of added comforts and luxuries.

I recently read a very gloomy description of the possible result of the increased wages in England and the probability of England's inability to compete in the export markets of the world. I will not attempt to argue this contention, for the result depends so largely on conditions which cannot be clearly foreseen at the present time. I have great confidence in the sturdy common sense of the British people and the man who prophesies that their own action will be the means of cutting off their markets is likely to be without honor as a prophet in any country. If the wages in England remain at a higher level than before the war, as I am sure every thinking man must believe they will, for it is undeniably true, that English labor has been desperately unfair for generations, the result of the higher wages will be an increased demand among British subjects for the products of their labor which will decrease the necessity for an export market. The wages in many industries in England have advanced several pounds a week. Of course all of the population of the British Isles is not engaged in productive pursuits, but if the average increase in wages should amount to only \$2.00 per week per head for all of the population of

35,000,000 people who live in the British Isles, there will still be an increase in spending power of \$700,000,000,000 per week. I give these figures merely as an illustration, to believe the wage increase will be vastly more than this amount. Much of this will go in the higher cost of food and living necessities, but if the labor of England is made more prosperous, they will consume great quantities of manufactured articles which have heretofore been forced to find a market in foreign lands, because the labor of England was so poorly paid, as to be unable to buy so large a measure as should be the case, the products of their own workshops. One of the reasons for the great buying power of the American people has been the fact that our labor has been paid so well that it has enabled it to purchase more than the necessities of life. As an illustration, I am told that one person in five in America owns an automobile, and in England one person in a hundred. As a basis for deductions, his argument cannot of course be maintained, for during the last five years the people of America have been increasing the number of their motor cars enormously, while Great Britain has been without power to manufacture or import motor cars, and with a strict regulation of gasoline. The fact remains, however, that a prosperous and well-paid people will consume a much greater percentage of the products of their own factories than a people working for low wages.

Nearly all of the observations which I have made are generalities, and do not apply to the nations of Europe, for the psychology of each is different. If one thinks of the economic structure of France, the first thought is of the thrift of the French people. The care with which they utilize what is treated as waste in this country results in a saving nearly sufficient to support the French population. The recovery of France will be largely based upon the thrift of the French people. In Germany, the saving of the money which has been spent by past generations upon its war machine will go a long way towards paying the war debt which must be met by the next generation of Germans. The patient is recovering and it is a race for courage and heartfulness. The task

"It Is Good to Be an American for This Is America's Day"

The shelves of the world's shops are empty. There is opportunity for those who are willing to work. It is a time for courage and hope and optimism, and it is good to be an American for this is America's day. We have been struggling through a hoodlum and have reached our estate. Today America takes her place in the world. —Irving T. Bush

CAPT. TRUJILLO SAYS MEN DID NOT FIND U. S. ARMY AIRMEN

SAN DIEGO, CALIF., Aug. 30.—A statement attributed to American Consul Sidney Smith, of Ensenada, Lower California, that Captain Trujillo, of the Mexican army, had denied that his men had found the American army aviators, Lieutenants Waterhouse and Connolly added today to the mystery surrounding the disappearance of the two men 10 days ago. Another squadron of airplanes is due back sometime today after flying over the country in which the men are thought to have been forced to land.

MUCH INTEREST IN THE FORTHCOMING ELECTION FOR PRESIDENT OF FRANCE

PARIS, Thursday, Aug. 28.—While debate on the ratification of the peace treaty with Germany was going on in the chamber of deputies before virtually empty benches, most of the members gathered in the lobbies discussing the coming election. President Poincare, it is declared, will not be a candidate for a second term, and it seems improbable that Premier Clemenceau will stand for the office. Some days ago when asked if he would be a candidate he is quoted as having replied: "No. Just think if I should be elected and then run afoul of another Clemenceau as premier."

DR. OTIS IS DEFENDANT IN ACTION FOR DIVORCE

CHICAGO, Aug. 30.—Dr. Dabiel Mortimer Otis of Springfield, Ill., is named defendant in a bill for divorce filed here by Mrs. Otis charging "desertion and serious violation of marital rules." Dr. Otis, the bill states, was recently discharged from the army with the rank of Lieutenant Colonel and was offered a liberal sum by the British forces to join the Royal medical forces. The bill further states "he is one of the most widely and famous physicians in America and was recommended for the Knighthood by the English general staff."

DIVORCED HUSBAND MAY COME AND GO AS PLEASES

CHICAGO, Aug. 30.—John G. Johnson may now come and go as he pleases. Today Judge McGuffey granted Mrs. Johnson an absolute divorce and set aside a former order which described a circle of five miles radius with Mrs. Johnson at the center. The husband was restrained from crossing the circumference. Mrs. Johnson testified she married Johnson at Janesville, Wis., in 1912, and lived with him seven years. One day, she said, he came home drunk and after striking her, she alleged he remarked: "Now for a little murder."

SALES AND LEASES OF STATE LAND FOR MONTH AMOUNTED TO \$300,524

AUSTIN, TEX., Aug. 30.—Land sales and leases for the month of August as reported by the state treasury department amounted to \$300,524. Of this amount \$204,364 was deposited to the available school fund and \$64,264 to the permanent school fund and the remainder to the various other funds.

Receive a Letter Supposedly from the Bandit Leader

DOUGLAS, ARIZ., Aug. 30.—A letter purporting to have been written by Jesus Renteria, bandit captor of Lieutenants Harold G. Peterson and Paul H. Davis of the United States army who held them for ransom, has been received by the Douglas Daily Dispatch, claiming to have evaded the monetary force sent to effect their capture. The letter was turned over to civil and military authorities who are investigating, though they said they believed it a fake. The letter which was mailed in Douglas, August 28, told of how the writer and his friend had crossed the border to seek work and of finding three travelers in the Ojinaga district two of whom were officers of the United States army. It was decided the epistle continued, to hold the officers for ransom and they were taken to a house in the hills where one was compelled to write a note to his government asking for \$15,000 ransom for their release. The letter was signed by Jesus Renteria, Pablo Sanchez, Manuel Gonzales, Timoteo Ruiz and Juan Mendez.

MEETING AT POTSDAM INAUGURATES CAMPAIGN FOR FIGHT ON JUDAISM

BERLIN, Thursday, Aug. 28.—The Tageblatt reports a meeting of officers in peace uniform at Potsdam to discuss a re-establishment of the monarchy and means to combat Judaism, at which was founded a league to contend against the Hebrews. The officers subscribed 330,000 marks on the spot, the newspaper says. It was proposed to appeal to demobilized officers and non-commissioned officers to aid in the first task of fighting Judaism on the ground that if that was achieved everything was won.

PART TIME STRIKE AMONG OPERATORS OF COMMERCIAL CABLE

NEW YORK, Aug. 30.—The "part time strike," a new idea in labor troubles, was in force here today among operators of the Commercial Cable Company, who walked out at midnight, announcing they would return at midnight tomorrow repeating the intermittent strikes on week-ends until their demands were recognized. Company officials said the men demanded an increase in the amount of their war bonus. At least half of the 500 operators employed in New York, Nova Scotia, New Foundland and Rockport, Mass., were affected by the strike order, it was said.

GOVERNMENT PAYMASTER OF MEXICO IS ROBBED OF \$22,600 NEAR MARFA

MEXICO CITY, Aug. 30.—Moises Palma, a government paymaster in Juarez, had reported to the officials that on July 31 he was robbed of \$22,600 several miles south of Marfa, Texas. Palma said he was on his way to Ojinaga, state of Chihuahua, to pay the federal forces there and was making the trip from El Paso by way of Marfa, on the United States side of the border, when the robbery occurred.

MEXICAN LABORER IS CRUSHED TO DEATH BY A TON OF SEWER DIRT

DALLAS, TEX., Aug. 30.—Jesus Roman, 30, Mexican laborer, was crushed to death beneath a ton of black dirt when a sewer caved in here today. Two companions also were buried and serious injured, but were dug out and hurried to a hospital. They are expected to recover.

Telegraphic Briefs

Principally No Liquor. NEW YORK, Aug. 30.—"High rents and no liquor," were the reasons given by Rumanians who stood in line all day awaiting passports to take them home.

Call It Economy. OAK PARK, ILL., Aug. 30.—Flannel shirts were quoted active and higher here today. Business men voted to economize by wearing the heavies at social functions as well as at work.

Had the Passport. MILWAUKEE, WIS., Aug. 30.—"Where's the Island of Yap?" inquired a reporter of a passer-by. "I see you have the passport," was the reply. "It's the first swinging door to the left and you can get anything up to 99 per cent."

Collects the Money. BRENHAM, TEX., Aug. 30.—When Wm. Wheeler, of Hempstead, offered a dollar a pound for the first German captured by a Waller county boy Charles Hawkins joined the Marines. Hawkins returned home and just collected \$176.

Like the Dumb Man. DALLAS, Aug. 30.—"What's a blind man going to do when you put in all these automatic telephones?" a voice asked City Supervisor Milan. "Same thing a dumb man did when we had manual phones," Milan answered.

Announcement

Effective for the Week Beginning Sept. 1st, The Wichita Daily Times will issue its home edition seven days a week instead of six as heretofore. The Times will be delivered to subscribers in the city each week day afternoon and on Sunday morning.

For several weeks The Times has been issuing its One O'clock edition on Saturday afternoon. The organization for the issue of this edition on Saturday afternoons has only to be extended to make it possible to issue an edition to serve our subscribers in the city as well.

The publication of a seven day paper is another step in the growth of this newspaper which the development of the community and the splendid patronage that has been accorded the paper has made possible. Wichita Falls is a real city and The Times is a real newspaper, and the time has come when it is felt that a Saturday afternoon paper can be issued without interfering or detracting in any way from the Sunday Morning Times in which many besides those directly connected with its making have felt a pride.

The Times receives the leased wire reports of the ASSOCIATED PRESS and the UNITED PRESS, the two largest news gathering associations in the world. ACCURACY and FAIRNESS are always insisted upon in its news reports. It has four pages of comics on Sunday, a daily comic strip, publishes the oil, stock and grain markets and has many other features. More features will be added from time to time and every effort will be made to make The Times as good a paper every day in the year as is possible to do so.

It has always been the policy of the publishers of The Times to print a paper that would be welcome in any home and in this we feel that we have been successful.

Large increases in the costs of print paper, in postage rates, wages costs of materials and operating costs in general, together with the addition of another issue of the paper, make necessary a re-adjustment of our subscription rates. In this re-adjustment the rates have been made as low as it was possible to make them. Effective September 1, 1919, the rates of subscription will be as follows:

In Texas and Oklahoma—By Carrier or by Mail

The New Modes of Autumn and Winter

Andersons' Andersons'

WICHITA FALLS STYLE & QUALITY STORE

THE NEW MODES OF AUTUMN AND WINTER

Even before the first touch of Autumn weather, these Fall Fashions have arrived and ceremoniously they call attention to the newness of their styling, the richness of their fabrics, and last but not least, to the gorgeousness of the Autumnal tones. Autumn skies and coloring foliage challenge all to seek beautiful new apparel. And here are displays, plentiful in all those costume essentials which women need to look their best.

Keeping pace with the beauty in dress, come Accessories, Fabrics, Underwear and Children's Clothes for Autumn. And then there is the new Footwear which the Autumn season launches. All entreat you to come and view their charms during this initial showing.

We are pleased to state that the builders are out of the way and we are now prepared to show our new merchandise to a much better advantage than ever before this season. We want, also, to thank our many friends and customers for their patience during the remodeling of our store.

Every effort will be put forth to render the best service possible, together with the lowest prices on New Seasonable Merchandise.

The Smart Styles in Dresses Present an Irresistible Appeal

The new Fall Modes are ready and we have them in all the new materials such as Peach Bloom, Duvetyn, Velour, Serge, Jersey, Charmeuse, Satins, Crepe Meteor, Crepe de Chine, Tricolette, Georgette, Taffeta and Velvet. In buying our stock for the new season we have selected only the very highest type garments.

LADIES' SUITS

Fur blends so perfectly with the fabric in many of the smartest Suits of Autumn that one wonders at the joyous combination. Fabrics, for the most part, are of that soft texture which one instinctively associates with Duxetynes, Broadcloth, Tinseltone, Silvertone and cloth of that type, though Serge and Tricolettes are here in great numbers and are, as usual, extremely good. But they are not all fur trimmed. Some are quite plain, as far as trimming is concerned, but enchanting in the cleverness of their lines. Others are handsomely embroidered in self tone or elaborately enhanced by panels and pockets.

We have them in all the new Season's colors. Priced from \$35.00 to \$135.00.

WONDERFUL NEW SWEATERS

Each day reveals to us more and more the intense growth in popularity of the Sweater. Today the woman who would be smart includes several Sweaters in her wardrobe. Anticipating the biggest Sweater season known, we prepared early and procured our stock at a price which enables us to sell you the best that the market affords at the most reasonable prices. A wonderful collection of Silk and Wool Sweaters in all the new shades, luxurious pinks, turquoise, apricot, white, lavender, rose, navy and black, also American Beauty, brown and "new" red. The "New Ripple" in its decided popularity we feature in many new ideas. Priced from \$10.00 to \$42.50

Ladies' Coats and Wraps

Ladies Coats and Wraps in all the New Woolens, Plush and Fur. Every model a new one. Ladies Coats in materials of Silvertone, Tinseltone, Chamillian Cloth, Broadcloth and Polo Cloth, some tailored along straight lines, others are the full sweep Dolman. Some have large collars and cuffs of Hudson Seal, Beaver, Lynx and Coney and are button trimmed. Colors brown, beaver, seal, burgandy, mahogany, pekin, taupe and black. Priced from \$15.00 to \$175.00
 Coats and Coatees of Plush and Fur, a wonderful showing at from \$35.00 to \$350

FURS

A new magnificence invades the world of Furs. This season designers have outdone themselves in presenting Fur Wraps and small pieces of an elegance unmatched for many seasons. There are handsome Coats, Wraps and Scarfs, attractively lined. Make it a point to visit the Fur displays, to enjoy the beauty of the peltries and the new styles while in our store this week. You will find the prices very reasonable.

Our Advance Showing of New Fall Millinery

Another season has rolled around and finds the Millinery Department with a much more extensive collection of the leading fashions in Hats for early fall styles that are authoritative. This week we will show many additional hat creations for the new season, all from the best known makers, including rare creations of Beaver Cloth, Velvet and Morie. Very unusual and out of the ordinary are the Fall Hats of Velvet or Silk, and combinations of both, including close-fitting Turbans with rolled brims, large picturesque Hats and very classy small-brimmed modes. You should see how exquisitely these foundations reflect the designer's thought, how the finishing touches are carried out. The prices range from \$7.50 to \$35

New Silk Underwear LARGE SHIPMENTS JUST RECEIVED.

We have a wonderful assortment of Silk Underwear in Gowns, Camisoles, Teddies, Pajamas and Underskirts. The materials are Wash Satin, Crepe de Chine and Georgette. These garments are beautifully trimmed in lace and ribbon and are hand embroidered. Colors of blue, pink, orchid, flesh and white. They are very reasonably priced. Gowns from \$8.75 to \$22.50

SOCIAL NEWS

IS PRETTIEST OF AUGUST BRIDES

Mrs. Frank C. Huntoon

Miss Frances Jordan, actress and model, whose pretty face has become familiar to thousands of Americans through the medium of a calendar issued by the War Risk Insurance Board, was one of the early August brides. She was married in her home in New York to Lieutenant Commander Frank C. Huntoon, U. S. N. In the autumn she will resume her career on the stage and as inspiration for painters and illustrators. A few friends, in addition to relatives, attended the ceremony, which was performed by the Rev. Edwin Kelwin. Mrs. B. F. Jordan, of Atlanta, Ga., her mother, gave the bride away, and Miss Victoria Ober, daughter of the late Charles K. Ober, of Atlanta, was the chief bridal attendant. The Misses Helen and Marie Jordan, cousins of the bride, were bridesmaids.

for a subscription card party to take place Wednesday afternoon at 2:30 o'clock in Odd Fellows hall, which everyone who has the desire to help the stricken country overseas is urged to attend, phoning their reservations to Mrs. J. H. Weil, chairman of the local committee, at Main 2470.

Mrs. C. D. Benbow will preside at the punch bowl during the afternoon and one of the features of the occasion will be the singing of Miss Mildred Mance of Wichita Falls, Texas. Prizes will be offered for the afternoon's play and any game desired may be played, providing there are enough interested in it to make a table. —Colorado Springs Telegram.

SCHOOLS AND UNIVERSITIES: INTERESTING YOUNG FOLKS

School plans are now being discussed, particularly among those who will have their first year of college or finishing school this winter, and there are still many of the Wichita Falls young folk who are undecided in their choice. Southern Methodist University as usual will have a good representation from Wichita Falls, among those who have already made their reservations being: Misses Mary Lou and Madeline Thomas, Ethel Mae Martin, Lona Brown, Fannie Margaret Barnes, Messrs. Junius Thomas, and Walter Nelson. Misses Mary Lou Thomas and Barnes will take their academic degrees from the University this year. Misses Cecelia Adickes and Josephine Mayfield will be students at Ward Belmont in Nashville the year. Miss Goldie Maricle will be one of the Wichita Falls students in the University of Texas this year, the family having planned to make Austin their home permanently. Miss Maricle was a student in C. I. A. at Deaton this

SOCIAL BREVITIES.

Mr. and Mrs. Harry J. Naylor and children have returned from a two months stay in Colorado Springs. The trip was made by automobile. Among the recently returned Wichita Falls visitors in Colorado are Mrs. A. H. Carrigan and daughter, Elizabeth, both of 1100 Austin avenue.

DAUGHTER BORN TO MR. AND MRS. GEORGE

Announcements have been received of the birth of a daughter to Mr. and Mrs. Harris T. George, in Fort Worth. Mrs. George was formerly Miss Icie Stringer, daughter of Mr. and Mrs. J. W. Stringer of this city and the announcement is of interest to her many friends in this city. The young daughter has been named Jane Sue.

ENJOY SUMMER TRIP THROUGH THE WEST

After a summer trip through the Yellowstone region, California, the Pacific coast and Canada, Mrs. Joza Dickson and daughter, Miss Bruce are at home at Kemp Court, returning Friday morning. Miss Dickson is to be Latin instructor in the San Saba high school this year, and will leave for San Saba around September 15.

MISS GERALDINE CHAPMAN GUEST OF MRS. MOORE

Miss Geraldine Chapman of Fort Worth is added to Mrs. Clarence Moore's list of house guests, Misses Hilda Staude and Hal Rominger also of Fort Worth, who have been delightful additions to Wichita Falls younger set in the informal social diversions of the summer for the past two weeks.

MRS. GARDNER HOME FROM SHREVEPORT, LA.

Mrs. J. Alvin Gardner has returned from Shreveport, La., where she spent the summer with relatives. Mr. and Mrs. Gardner are now in their new bungalow at 1805 Elizabeth. Mr. Gardner is superintendent of the Gulf Production Company for the Wichita Falls district.

ENJOYABLE DANCE AT LAKE ON WEDNESDAY

The Wednesday night dance at Lake Wichita Pavilion on Wednesday evening was the usual pleasurable affair, with the customary representation from the ranks of the young society folk of the city on the floor. Contributing in a large measure to the success of the evening was the splendid program of dance music by the Katz Orchestra.

MR. AND MRS. LANGFORD ARE EXPECTED TODAY

Mr. and Mrs. V. Smith Langford and David, are expected to return today from Colorado Springs where they have been spending the summer. Because of the illness of Mrs. Maer, the return of W. Newton Maer and family from Colorado Springs is delayed, and Mrs. J. A. Kemp, mother of Mrs. Maer, has been called from Chicago to her daughter's bedside. On Saturday Mrs. Maer's condition was reported much improved, and it is believed that it will be only a short time before she is able to return home.

EXPECTED TO RETURN FROM COLORADO SPRINGS

Mr. and Mrs. C. W. Beavers and Mr. Odber R. Hartt are expected to leave Colorado Springs on Monday, September 1, to arrive in Wichita Falls the latter part of the week. The party motored to Colorado.

IN DALLAS PENDING COMPLETION OF HOME

Pending the completion of their new home on Alma and Huff avenues in Culford Place, Mrs. W. B. Larkin and daughter, Ivy V., are at home in Dallas. Mr. Larkin returned Friday after spending several days with his family.

WILL RETURN HOME EARLY IN SEPTEMBER

Mrs. G. D. Anderson and son and daughter, G. D. Jr., and Miss Lela Beall, will return to their home in this city early in September. Their plans calling for a trip up the Pacific coast, and a visit to Salt Lake City before returning to Wichita Falls. They are now in Long Beach, Cal.

MISS KELL IS HOME AFTER TRIP TO FRANCE

Mrs. M. M. Adickes and daughters, Misses Cecelia, Sadie and Frankie, Miss Willie May Kell and Seaton Barnes arrived Thursday night by motor from Colorado Springs. Miss Kell is in Wichita Falls for the first time since last October, when she went to France in Red Cross service. Her experiences in France were limited to after the war work with the American troops, she having arrived in Paris on November 13.

On her return in June she went directly to Colorado where her mother, Mrs. Frank Kell, and sisters, Sibyl and Mary Joe, were spending the summer. Mrs. Kell and daughters returned to Wichita Falls on Tuesday of this week.

PLANNING HOTEL AND CLUB HOUSE FOR TEXANS

Wichitans are much interested in the proposed plan to build a half million dollar club house and hotel at Manitou for the exclusive use of Texans who spend their summers in Colorado. Each year has seen an increasing number of Wichitans spending from a week or 10 days to several months in the famous resort state, and the Wichita Falls picnic has come to be an annual institution, and the plan to have an exclusive Texas club and hotel has been heartily seconded by Wichitans.

According to a dispatch from Colorado Springs the plans for this hotel are now being drawn and work will be started this fall, at the close of the tourist season. The hotel will be erected on the site now occupied by the Mansions Hotel in Manitou.

LOCAL SINGER FEATURED AT A COLORADO BENEFIT

France, in her struggle for postwar readjustment, is finding her hands to be more than full with the problems of the poverty stricken people and destroyed crops, so that America, in the form of a committee for devastated France, is making a nationwide effort to help her. Club women of Colorado Springs are taking up the matter with much interest, and as their first step in raising funds they have arranged

last year after graduating in 1913 from the local school. Miss Mary Mathilde Akin, one of the 1913 graduates of the local high school will enter Southwestern University, at Georgetown this fall.

NEWLY ORGANIZED CLUB MEETS WITH MISS MOORE

Now that war relief and Red Cross work is no longer to occupy the time of maid and matron the coming winter may be expected to hold much pleasing activity for Wichita Falls society, and one of the new clubs which promises to be an interesting factor in society is the morning bridge, as yet unnamed, which the girls, debutante and sub-deb age have recently organized. This club at present has three tables of numbers and plays weekly.

Miss Ruby Moore was hostess to this week's meeting, at the attractive new home of her parents, Mr. and Mrs. W. Lee Moore on Lucile in Southland. The three Fort Worth visitors of Mrs. Clarence Moore, Misses Hal Rominger, Geraldine Chapman and Hilda Staude, with their hostess, composed the table of great-substitutes, four of the club members being out of the city. These out of town guests were favored with dainty handkerchiefs by the hostess and the high score souvenir, a silken camisole, went to Miss Audrey Adickes. At the close of the morning's game a salad course was served to: Berenice Jackson, Grace Tanciger, Lucille Hancock, Hilda Staude, Hal Rominger, Geraldine Chapman and Mrs. Clarence Moore. Miss Berenice Jackson will be the hostess for the game Tuesday, September 2.

Music Studio to Reopen. Miss Katherine Cook has returned from Nashville, Tenn., after special study during the summer, and will open her studio on Monday, September 2.

Now is the time to take special care of the complexion if you wish to well the rest of the year. The sun's rays have a strong tendency to bring out freckles that may stay all summer unless removed. Now is the time to use Othine—double strength. This preparation for the removal of freckles is usually so successful that it is sold by druggists under guarantee to refund the money if it fails. Get an ounce of Othine—double strength, and even a few applications should show a wonderful improvement, some of the smaller freckles even vanishing entirely.—Adv.

SPECIAL TERM OF THE FEDERAL COURT BEGINS ON MONDAY

... WHICH HAS BECOME BADLY CROWDED.

JUDGE SMITH IS TO PRESIDE

Sums of Money Involved in Litigation and Many Criminal Cases.

With larger sums of money involved in litigation before it than ever before in its history and with an exceptionally large criminal docket, the United States district court will convene here this week with Federal Judge W. R. Smith, of El Paso, presiding.

Federal court will convene Monday morning but will be immediately recessed until Tuesday because of Labor Day and of the barbecue at the old Goodnight ranch, which many lawyers, court attaches and litigants want to attend.

The pending term is a special term, called with the intention of clearing the docket of some of its burdens. Because U. S. Judge Wilson, of this district, is to convene federal court in Ft. Worth this week, Judge Smith will preside here.

Big Oil Land Suit. This term of court will determine litigation involving millions of dollars in suits over oil land. The case of the Cordell Petroleum Co. vs. C. T. Taylor and approximately 50 other defendants, which is reported to be the largest suit, in point of wealth, ever filed here and possibly one of the largest in the state, involving between \$20,000,000 and \$30,000,000 worth of the Burkhardt oil fields, will not come up for trial at this term. Service has not been completed and, too, except by agreement suits are tried only at the next regular term of a court after they are filed, and this suit was filed after the last regular term of U. S. court, hence goes over until the next regular term for disposition.

Other Suits Involved. However, other big suits are to be tried by Judge Smith. The 16 suits pending against the Empire Gas and Fuel Co., which involve land in Clay county valued at probably more than a million dollars and many suits of lesser, though still of great importance from a standpoint of wealth, are on the docket and are, as far as known, ready for trial.

Deputy U. S. District Clerk Lantz estimated Saturday that at this term of court litigation involving more wealth will be at issue than ever before in this part of Texas. Literally, millions of dollars are in the balance.

To Empanel Grand Jury. From a criminal news standpoint the coming term of federal court is important. The grand jury will be empanelled Tuesday and likely will be in session a week or 10 days, having between 75 and 80 criminal charges to lay upon it. It is expected that approximately 50 indictments will result at least.

A number of these are cases in which arrests have been made for crimes against the federal statutes committed since last May, when the last regular term of the federal court took place.

There are approximately 60 cases of a criminal nature that are "hold over cases" from other terms of federal court. These, too, will be tried or acted upon in some manner. Hence, it is expected that 100 or more criminal cases will be tried, the great majority of them being on charges either of robbery or of bootlegging.

Court Officials Expected. Assistant United States District Attorney Harrell is expected to arrive here today. United States District Attorney Odell will not come until the middle of September, when the criminal trials begin.

United States Clerk Louis C. Maynard will also arrive in Wichita Falls today, but will remain but a few days. It is expected when he will depart, leaving Deputy Clerk Lantz in charge.

Judge Smith will arrive Monday, it is expected. He will be here four weeks, at least, although the term may be extended for a longer period should occasion demand.

JURORS IN 78TH COURT EXCUSED TO TUESDAY MORNING

JUDGE SCURRY WILL OBSERVE LABOR DAY DURING MONDAY.

Application of the Burkfield-Gasoline Company is dismissed by the court.

Judge Edgar Scurry will convene the 78th district court Tuesday, and he announced yesterday that because Monday is Labor Day and a holiday veniremen summoned from which to draw jurors need not report Monday.

All jurors must report Tuesday however, Judge Scurry wishes to impress.

Saturday Judge Scurry dismissed the application of the Burkfield Gasoline Co. and W. M. Williams for an injunction against J. F. Carner, J. J. Carner, J. R. Wallace and Mr. Bunc.

An order was sought restraining the firm interfering in any way with the company or with Williams' management of it. The court held that the petition was insufficient. The case was settled out of court later, it was understood.

Disabilities Removed. In the case of ex parte Ruth N. Simpson, the court granted the application for the removal of her disabilities of minority.

Judge Scurry granted an application for a new trial in the case of A. H. Brown vs. Lucy Brown. Recently the plaintiff secured a decree of divorce and custody of the couple's children. Upon application of Mrs. Brown this action may be set aside. She prays for custody of the children.

JURORS IN 78TH COURT EXCUSED TO TUESDAY MORNING

JUDGE SCURRY WILL OBSERVE LABOR DAY DURING MONDAY.

FEW CASES ARE DISPOSED OF

Application of the Burkfield-Gasoline Company is dismissed by the court.

Judge Edgar Scurry will convene the 78th district court Tuesday, and he announced yesterday that because Monday is Labor Day and a holiday veniremen summoned from which to draw jurors need not report Monday.

All jurors must report Tuesday however, Judge Scurry wishes to impress.

Saturday Judge Scurry dismissed the application of the Burkfield Gasoline Co. and W. M. Williams for an injunction against J. F. Carner, J. J. Carner, J. R. Wallace and Mr. Bunc.

An order was sought restraining the firm interfering in any way with the company or with Williams' management of it. The court held that the petition was insufficient. The case was settled out of court later, it was understood.

Disabilities Removed. In the case of ex parte Ruth N. Simpson, the court granted the application for the removal of her disabilities of minority.

Judge Scurry granted an application for a new trial in the case of A. H. Brown vs. Lucy Brown. Recently the plaintiff secured a decree of divorce and custody of the couple's children. Upon application of Mrs. Brown this action may be set aside. She prays for custody of the children.

You Never Saw Prettier Fall Suits Than These

You'll surely want one of these pretty creations when you discover what a smart appearance they present. You can wear the suit you choose now until the very coldest days arrive, because the long jackets are full lined and button up snugly about the throat. Many of our prettiest models are not duplicated—enabling you to have a style "all your own" at very moderate cost, if you choose promptly.

A Spectacular Showing of Fall Coats

Styles and materials join in proclaiming these coats most stylish and comfortable for the coming cold days. Collars, belts, trimmings are distinctively new; weaves and colors are those decreed most fashionable. Altogether, they bespeak such stylish warmth that you'll want yours right away.

Separate Skirts Make Their Formal Bow

And, indeed, when you see these splendid new models—so stylish, so becoming, so attractive—you'll not be satisfied until you have appropriated some of them for your use during the coming months. There are skirts of silk, wool or combination of both; skirts with pleats and drapes, tunics and panels; skirts with belts and sashes, fringes and tucks; in fact, it's impossible to begin to describe the many variations shown.

Fashion demands them; you'll certainly need them; we have them; come and inspect the splendid showing.

OIL FIELD "MOVIES" BEING EXHIBITED AT INDIANAPOLIS FAIR

Moving pictures of oil fields and other features of the oil industry in the Wichita Falls district are being shown at the Indiana State Fair at Indianapolis, September 1 to 6, and will later be shown at other state fairs of the Central and Middle Western states. These pictures form the Wichita Falls Chamber of Commerce participation in the exhibition tour of the West Texas Chamber of Commerce. Chester T. Crowell, of the West Texas Chamber of Commerce is in charge of the exhibits.

Furs of Autumn and Winter

While qualities maintain our same high standards, these Furs are not to be compared for a minute with offerings of past seasons. Here are interpretations of the Cape, Coat and Coatee mode utterly different from any ever shown. And, of course, all the pelts to be in special vogue during the coming months are featured at moderate prices.

More Large Shipments of New Fall Hats

There is a certain simplicity in the new Autumn Fashions which stamps them as distinctive, yet they are not in the least severe nor lacking in originality and beauty. There are many delightful models for every type of face! There seems to be equal approval of large and small shapes and there are so many different trimmings features that an almost unlimited variety of effects is offered. Let it be said that these prices are less than equally good hats will sell for later on.

Visit our store any day this week. It will repay you.
